REPRESENTING THE CHIEF OF POLICE'S OFFICE:  
ASSISTANT CHIEF STEVEN DOLUNT

1 Detroit, Michigan

2 August 6, 2015

3 About 3:00 p.m.

4

5 COMMISSIONER CARTER: Good afternoon.  
6 Welcome to the weekly Board of Police Commissioner's  
7 meeting. My name is Lisa Carter, chair for the  
8 commission, and to my immediate right Vice Chair Willie  
9 Bell. At this time I'm going to ask that Bishop Vann,  
10 would you do the invocation, please.

11 COMMISSIONER VANN: May we pray.

12 (Invocation was given.)

13 COMMISSIONER CARTER: Thank you, sir. At  
14 this time Mr. Anthony, would you do the rollcall.

15 COMMISSIONER ANTHONY: Thank you, Madam  
16 Chair. For the record George Anthony, secretary to the  
17 board. Commissioner Elizabeth Brooks has asked to be  
18 excused.

19 Commissioner Willie E. Burton. He is  
20 upstairs so I'm sure he'll be down. Commissioner  
21 Reginald Crawford.

22 COMMISSIONER CRAWFORD: Present.

23 ASSISTANT CHIEF DOLUNT: Commissioner Eva  
24 Garza Dewaelsche.

25 COMMISSIONER DEWAELSCHE: Present.

1 COMMISSIONER ANTHONY: Commissioner Conrad  
2 Mallett. Commissioner Ricardo R. Moore.

3 COMMISSIONER MOORE: Present.

4 COMMISSIONER ANTHONY: Commissioner Richard  
5 Shelby.

6 COMMISSIONER SHELBY: Present.

7 COMMISSIONER ANTHONY: Commissioner Bishop  
8 Edgar Vann.

9 COMMISSIONER VANN: Present.

10 COMMISSIONER ANTHONY: Commissioner Donnell  
11 R. White has asked to be excused. Madam Chair, you do  
12 have a quorum and for the record Commissioner Mallett  
13 has just walked in.

14 COMMISSIONER MALLETT: As is Commissioner  
15 Burton.

16 COMMISSIONER ANTHONY: As is Commissioner  
17 Burton.

18 COMMISSIONER MALLETT: We got held up, Madam  
19 Chair, down at the security, and I would like some  
20 clarification as a member of the Board of Police  
21 Commissioners once I sign in, present my identification,  
22 and show my badge, am I then required to walk through  
23 the metal detector?

24 COMMISSIONER CARTER: Actually I just scan  
25 all the time, and then I just walk through around. So

1 no.

2 COMMISSIONER MALLETT: Commissioner Burton  
3 and I were both very patient with the young man who was  
4 there. He did not know but if we could get some clarity  
5 around that because he asked for the clarity and Madam  
6 Chairperson, he was very polite; he was very  
7 professional but he is in need of clarification, which I  
8 want to make sure he gets.

9 COMMISSIONER CARTER: Absolutely.

10 COMMISSIONER BELL: Madam Chair, it varies  
11 to what individual's on that desk. And we have  
12 encountered that before, and I thought we had cleared  
13 that up. But we will really need to really address that  
14 because I came through a couple weeks ago, and I had the  
15 same type out of scrutiny and I thought we had cleared  
16 that issue up, but seem like we keep revisiting it in  
17 terms of the different personnel, so.

18 COMMISSIONER MALLETT: Just for the record,  
19 you know, we, by example we acceded to the request that  
20 was made. No histrionics or anything like that, but to  
21 the degree that we could get some clarity, it would be  
22 helpful.

23 COMMISSIONER CARTER: Okay.

24 COMMISSIONER BURTON: Through the chair, I  
25 agree with vice chair Bell, and Commissioner Mallett.

1 It would be nice if we could all have some clarity. But  
2 also in addition to that, you know, the security around  
3 here is doing an outstanding job, and so they doing an  
4 outstanding job. I mean, they, I look at them as our  
5 first line of defense here, but they doing a great job  
6 checking everyone at the door, and that's why they here,  
7 so, you know, we do want to acknowledge those that does  
8 their job, and does it well.

9 So I don't have no complaints. I think they  
10 doing a good job, but if we can also get some clarity on  
11 that, that would be awesome. Thank you.

12 COMMISSIONER CARTER: We will get clarity  
13 and we'd like to have that clarity, Mr. George, I mean,  
14 Mr. Anthony by next week, next meeting. Thank you.

15 At this time I'd like to introduce Assistant  
16 Chief Dolunt.

17 ASSISTANT CHIEF DOLUNT: Hi.

18 COMMISSIONER CARTER: Hi. How are you?

19 CHIEF CRAIG: I'm good. How are you?

20 COMMISSIONER CARTER: Good. And Mr. Anthony  
21 would you please introduce the rest of the staff.

22 COMMISSIONER ANTHONY: Thank you, ma'am. We  
23 have present Ms. Pamela Davis Drake, our chief  
24 investigator. Ms. Linda Bernard who is our attorney to  
25 the board. Mr. Robert Brown, our administrative

1 assistant is in the back taking -- recording the  
2 proceedings, and Ms. Caitlyn Mancini from Hanson Court  
3 Reporting Services taking the transcript. That  
4 completes the introduction, ma'am.

5 COMMISSIONER CARTER: Thank you. At this  
6 time, commissioners, you have before you the agenda. I  
7 entertain a motion for approval.

8 COMMISSIONER BELL: So moved.

9 COMMISSIONER CRAWFORD: Supported.

10 COMMISSIONER CARTER: Moved and supported  
11 for such agenda. Those in favor?

12 ALL: Aye.

13 COMMISSIONER CARTER: Those opposed? Motion  
14 carries. At this time I'll entertain a motion to  
15 approve the minutes from Thursday, July 30th.

16 COMMISSIONER CRAWFORD: So moved.

17 COMMISSIONER BELL: Second.

18 COMMISSIONER CARTER: It's been moved and  
19 supported that the minutes be accepted from Thursday,  
20 July 30th. Those in favor?

21 ALL: Aye.

22 COMMISSIONER CARTER: Those opposed? The  
23 motion carries. At this time I have no report. So  
24 we'll move on to the presentation from the police  
25 department. Is there a presentation?

1 ASSISTANT CHIEF DOLUNT: I have a report. I don't know  
2 if it's a presentation.

3 COMMISSIONER CARTER: Okay. Report.

4 ASSISTANT CHIEF DOLUNT: Couple things. We have two  
5 officers right now that are in the hospital. One had a  
6 stroke, and one suffering MRSA, and they were both taken  
7 to the hospital yesterday. One that had the stroke  
8 unfortunately he's in intensive care, and has kidney  
9 failure. He works at number 9, and he was the partner  
10 of Officer Huff killed five years ago.

11 So in your prayers tonight, if you could say  
12 a prayer for Officer Jackson, I'd appreciate it. Also,  
13 obviously everyone knows what happened Monday. A three  
14 year old was killed. It was tragic for the officers as  
15 well as the family, and we put out that any officers  
16 upon seeing that need any kind of counseling, it's open  
17 for them because, you know, the young man was charged  
18 with manslaughter. Apparently, and it looks like he did  
19 it on purpose.

20 I did get an e-mail, and I'm not sure who  
21 this is from but for your own information it's called I  
22 believe it's Asking -- Asking Saves Lives, and it's an  
23 organization that simply says they request that when  
24 your kids say I want to go to my buddy's house to play,  
25 friends, you ask for the parents' phone number. You

1 call that parent and say, do you have any guns in the  
2 home?

3 Yes or no. If you do, do you have gun  
4 locks?

5 They say they don't, say, would it be okay  
6 then if your child came over here because either I have  
7 guns with gun locks or don't have guns.

8 And it's a proven fact that kids die when  
9 there's no gun locks on guns. So it's a really good  
10 website. I gave it to Commander Beddison to try to role  
11 this into the community. I think more parents need to  
12 be more in tune. And you can't always blame the  
13 parents. Kids are going to go play.

14 However, the parents that keep these guns  
15 that don't have gun locks. We've had several this year  
16 I believe. I had one Christmas time. We had one last  
17 year. We've had a couple where these young, young kids,  
18 it's senseless, and what bothers me even more than a 3  
19 year old being killed is an 11 year old doing it, and it  
20 looks like according to the prosecutor that was his  
21 intent. I find that disturbing. I have a problem --  
22 anyway.

23 So, and then last night a police officer was  
24 killed in Louisiana. I believe it was Shreveport. I  
25 don't know all the circumstances. Tuesday was National

1 Night Out. I thought it was a very good laid out. We  
2 had three of them on eastern. Commissioner Bell was  
3 there.

4 COMISSIONER BURTON: Commissioner Burton.

5 ASSISTANT CHIEF DOLUNT: Oh, you were there.

6 COMMISSIONER BURTON: I was there a little  
7 before you arrived. I was at 9. I was at 5 and --

8 ASSISTANT CHIEF DOLUNT: Well, you couldn't miss  
9 Mr. Bell --

10 COMISSIONER BURTON: -- I was at 11.

11 ASSISTANT CHIEF DOLUNT: He was blinding me  
12 with that shirt, but he was there. I went to Patton  
13 Park and I went to 6th and 8th, and I'm told that all  
14 the districts did a really good job. It was pretty  
15 good.

16 And the last thing I wanted to say in  
17 September we are doing this thing called, it's called  
18 JCTA. It's an acronym. Joint Counter Terrorism  
19 Awareness. It's a workshop, and it's basically they've  
20 done it in 6 cities around the country. We're in the  
21 next group of 6. It's basically an apocalypse. There's  
22 no way that you can be prepared, but they throw  
23 everything at you and it's become a tri-county thing.  
24 And we bring people from Washington in to do this, and  
25 it doesn't cost us anything, and we're trying to get

1 like 200 people.

2 So if you guys want to sit in, it's going to  
3 be at the Federal Reserve Bank. It's a two day  
4 exercise. I'll need your e-mails because they have to  
5 do clearances on you to get you into the Federal Reserve  
6 Bank, you know, federal clearance, but it's really an  
7 intense counter terrorism thing where tens of people  
8 well, close to 50 people die and close to 300 are  
9 injured.

10 So it's intense and the idea is just when  
11 you think you got this, something else goes wrong, but I  
12 think you might enjoy, excuse me, not enjoy it. Find it  
13 interesting. I would not enjoy it. You know what I'm  
14 saying. I think it's an educational thing that we all  
15 need. So I think that's it. Yes, ma'am. Oh. Are  
16 there any questions?

17 COMMISSIONER BELL: Madam Chair, I just want  
18 to speak to the National Night Out as Assistant Chief  
19 mentioned. We were at the water park together. That's  
20 the 5th precinct, and I think they had over 400 plus  
21 people there, and they were there only an hour. It was  
22 tremendous. It's a different concept because that water  
23 park is underutilized, and I thought that was really  
24 meaningful Captain Bliss and the team of officers to  
25 have at the water park, so it was really a great in

1 terms of the outing there. It was a perfect day, and I  
2 moved on over to the boys and girls club in 9th  
3 precinct. They had a helicopter. They had an outdoor  
4 activity. They had tremendous effort too, and they  
5 passed out gun locks too.

6 COMMISSIONER BURTON: Absolutely.

7 COMMISSIONER BELL: So I just want to  
8 commend, I can't speak for the rest of the precinct, but  
9 I'm pretty sure what I saw on TV and read about they all  
10 did a bang up in terms of police community relations.  
11 And that go a long way, because both of these outings  
12 with families. People bringing their families, that  
13 type of, and the police were interacting from cooking to  
14 passing out, and just interactions.

15 So I think they come a long way since I was  
16 a police officer that type approach. So the resource  
17 they put together, the business recourse and the  
18 community resource is just really, I just want to  
19 commend Assistant Chief Dolunt and Chief Craig in  
20 reference to, and the captains and NPOs who went the  
21 extra mile, and the police community relations  
22 organization within those precincts. They totally  
23 committed. So the National Night Out was a success in  
24 my opinion and hopefully we can build on that day to  
25 day, week to week, and month to month. Thank you.

1 ASSISTANT CHIEF DOLUNT: I forgot something. Last time  
2 I was here you had asked about or assistant came to  
3 inquire as to what the regulations on the motorized  
4 scooter, and I don't know if anyone ever gave it to you,  
5 but it's here.

6 COMMISSIONER CARTER: It's right here.

7 ASSISTANT CHIEF DOLUNT: Oh, you've got  
8 copies? You have it. But they are allowed access to  
9 the road, in the right lane. They don't have to stay on  
10 the sidewalk. The officer was wrong, and I didn't know  
11 that was the law but it is. So I just want everyone to  
12 get a copy of that. So she's going to talk about the  
13 employment, and, well, she just walked out, she advised  
14 that if you come to the meetings a little early, you can  
15 park in the garage and you don't have to go through all  
16 that security, but because it's not our building  
17 apparently, whoever goes through the front has to be,  
18 you know.

19 So you can probably talk to Mr. Davis in  
20 charge of the building, but according to what they just  
21 told me if you get here a little early, you can park in  
22 the garage and walk through, no problem. They have  
23 badges.

24 MS. BERNARD: This thing.

25 COMMISSIONER CARTER: And just go around.

1 So. It depends on who's at the desk so we need  
2 clarification.

3 CHIEF CRAIG: And then Cecilia's going to  
4 talk to you about the employment. There was a question  
5 last week apparently.

6 MS. WASHINGTON: Yes, sir. Thank you, A.C.,  
7 Cecilia Washington legal advisor. A couple things,  
8 first I want to thank the board for allowing us the  
9 opportunity last week in closed session to talk about  
10 some of the concerns with regards to the recruit  
11 process. I have sent a text. We were prepared last  
12 week. I'm trying to make sure that we're responsive to  
13 all your questions. We were prepared last week to talk  
14 or to speak to body cams, Commissioner Moore. I've text  
15 A.C. White and he's available to come down again this  
16 week to address your concerns.

17 COMMISSIONER MOORE: Okay.

18 MS. WASHINGTON: With regard to numbers,  
19 there was a discussion about numbers in terms of  
20 employment. Obviously for operational and strategic  
21 concerns, we can't be specific as to how many people are  
22 in a precinct at any given time, but we were able to  
23 pull together some stats for you. The total number of  
24 police, and this is all effective for today, there are  
25 2,281 officers; there are sixteen ten, 1,610 police

1 officers. There are 345 sergeants. 149 detectives.  
2 There are 79 lieutenants. And there are 28  
3 investigators.

4 To date there are 34 police assistants. We  
5 are still working through the details in terms of MPOETC  
6 certification for all 34. It's a little difficult to  
7 track FMLA, obviously, because it's based on need but I  
8 can give you numbers as of today. So there are 150  
9 individuals that are currently viewed to be restricted  
10 duty officers of the numbers I gave you above. 18  
11 continue with sick, and 69 that are as of today on FMLA.

12 With regard to how many can be out or be out  
13 of the precinct on any given command or any given shift,  
14 no more than 10 percent of the dedicated man power for a  
15 shift can be out on furlough, because I think you asked  
16 about furlough also. So if it's 10 percent or greater,  
17 that person's furlough will be denied.

18 With regard to supervision on each one of  
19 those shifts or commands, no more than 20 percent of the  
20 supervisory staff. And if there's anything more that  
21 you need just let us know and submit it in writing.

22 ASSISTANT CHIEF DOLUNT: We have 150  
23 restricted?

24 ranks. MS. WASHINGTON: Yes, sir. Goes across

25 a Commissioner CARTER: Questions?

1 Commissioner.

2 COMMISSIONER BELL: Madam Chair, you know  
3 when Mayor Archer came on board as mayor there was a  
4 significant number of officers who was off duty, and  
5 they did a scrutiny of that whole process, and whether  
6 they were either retired or come back to work, whatever  
7 that is. So how did that stats bear out in terms of  
8 today? You think there's any abuse of that or  
9 something? How do we scrutinize that?

10 MS. WASHINGTON: Well, let me tell you that  
11 question's right on point. First, Assistant Chief Stair  
12 and Director Oxendine were working with the labor group,  
13 and I need to introduce him in a moment, working with  
14 the city labor to push that envelope. And we have had a  
15 number of officers who have recovered. So we are in the  
16 midst of that and it's a very aggressive move, and from  
17 what I hear, I haven't been here the 20 years or  
18 whatever 18 that they have, they said that this is the  
19 most aggressive move in that direction that they've  
20 seen. There have been many attempts, but a lot of  
21 people are healing.

22 COMMISSIONER BELL: Okay. Thank you.

23 COMMISSIONER VANN: Madam Chair, I raised  
24 this a few meetings ago because, you know, I was trying  
25 to figure out what is the acceptable number for us to

1 have actually in force on any given day to provide  
2 adequate safety for our citizens. I mean, you know,  
3 I've been here when we had 5,000 officers. Then we had  
4 4,000, then we had 3,000. Now with the numbers that  
5 you've just given us it looks like the troop strength on  
6 any given day would be about 1,300 or so. A little more  
7 than 1,300.

8 So I'm just wondering is that enough to  
9 actually cover the city? I mean, given that a person,  
10 there may be others with a sick day or somebody's out  
11 for this or that or the other, are we adequately  
12 covered? Is there a number that, I'm sure you have one,  
13 but you may not want to give it to us today, but there  
14 has to be a number that is considered adequate  
15 protection for the city, and are there any federal  
16 mandates to that per population?

17 MS. WASHINGTON: I'm not aware of any  
18 federal mandates. Is there a magic number? Based on  
19 the limited resources, I mean, and I tell everybody that  
20 there's the real police. Is there a magic number? I  
21 don't know that there is, but we only have what we can,  
22 well, we only have what we have. The 2,281 and I'm not  
23 sure how you got to the 1,300, maybe you backed out some  
24 of the other numbers.

25 COMMISSIONER VANN: I thought that you said

1 there was 1,610 officers.

2 MS. WASHINGTON: Police officers.

3 COMMISSIONER VANN: That's what I'm talking  
4 about.

5 MS. WASHINGTON: But the whole complement is  
6 2,281 and that includes sergeants, lieutenants,  
7 investigators, detectives, but of that 2,281 there's  
8 1610 officers.

9 COMMISSIONER VANN: So you gave us a figure  
10 before 1,588 officers now you're saying there's 2,281.

11 MS. WASHINGTON: As of today.

12 ASSISTANT CHIEF DOLUNT: No. Members in the department.  
13 The chief on down.

14 MS. WASHINGTON: The complete police  
15 department.

16 COMMISSIONER BURTON: Through the chair, do  
17 anyone know on this board or anyone in the audience know  
18 how many reserve officers do we have, and what are we  
19 doing to grow the reserve? According to these numbers  
20 here as far as officers that we working with?

21 ASSISTANT CHIEF DOLUNT: Commander Bettison.

22 COMMANDER BETTISON: I don't have the  
23 different reserves in front of me, but we have about  
24 300, and I will be able to go back and pull it and get  
25 you the exact number of reserves that we do have, but

1 last time I looked it was like 300 reserves.

2 They all dedicate a mandated schedule at  
3 least 12 hours per month to the department, which if you  
4 look at a lot of events you do see them out. So they  
5 help secure the auto show. They're in the neighborhoods  
6 working as well. At the block parties we're deploying  
7 our reserves so they are very, very active.

8 As far as growing the program we're  
9 constantly recruiting. We do have a candidate list and  
10 we're in the process of getting a recruit class of new  
11 reserves so that we can continue to grow the numbers,  
12 because we know that Commissioner Bell you were there  
13 when we just had a recent retirement celebration for  
14 some of our reserve members. So we do have to get some  
15 more classes going.

16 And then we also have a program that the  
17 chief implemented called specialist reserve. And just  
18 recently had 9 members graduate from that, and what that  
19 is is it's not the typical reserve, but we recruit  
20 members from the community who have professional skills  
21 such as they may be an accountant, they may be a lawyer,  
22 and they come in, receive some training from us, but  
23 they dedicate and give back to the police department  
24 with that special skills set.

25 COMMISSIONER BURTON: Thank you very much,

1 Commander. I appreciate your update.

2 COMMANDER BETTISON: No problem.

3 COMMISSIONER CARTER: Any other questions?

4 COMMISSIONER BELL: Madam Chair, I just  
5 wanted -- those numbers, we have to keep in mind when we  
6 had 5,000 police officers we had a million plus  
7 population. Now we under, what, 700,000, something like  
8 that. I know the square mile is still there but  
9 basically those numbers would never be addressing those  
10 numbers, but we do need more police officers.

11 We need police officers in terms of salary  
12 increase. We know there's a very competitive market for  
13 police officers not only in Detroit but across this  
14 country. So we not the only city facing losing police  
15 officers to other different departments. It's a  
16 competitive business now.

17 So, but I think overall our officers do a  
18 good job of coming to work and serving the community,  
19 and that's the feedback I have received in both  
20 precincts in my area and other areas that they are  
21 thankful for that type of quality service they are  
22 giving. So I just want to highlight those numbers, you  
23 know, in some way. We're going to get to that 5,000  
24 again but we are hoping, I think the mayor and everybody  
25 else aware that we need more police officers. Thank

1 you.

2 COMMISSIONER DEWAELSCHE: Madam Chair, I  
3 have a question.

4 COMMISSIONER CARTER: Yes, ma'am.

5 COMMISSIONER DEWAELSCHE: With regard to the  
6 numbers, again, the 2,281 includes all of the POs and  
7 all of the officer positions, correct?

8 MS. WASHINGTON: Yes, ma'am.

9 COMMISSIONER DEWAELSCHE: Does it include  
10 the PAs?

11 MS. WASHINGTON: It does not. The PAs, the  
12 34 PAs are not included in the 2,281.

13 COMMISSIONER DEWAELSCHE: Okay. And then  
14 does it include those that are on restrictive duty, sick  
15 and FMLA?

16 MS. WASHINGTON: Yes, ma'am.

17 COMMISSIONER DEWAELSCHE: Okay. Thank you.

18 COMMISSIONER CARTER: Any other questions,  
19 commissioners?

20 COMMISSIONER CRAWFORD: Well, yes, I just  
21 want to make a statement. The numbers that were given  
22 to us, these are the same numbers that are reflected in  
23 the packet that we get every week. I mean, I don't have  
24 the packet from last weekend, and unfortunately they're  
25 not in the packet this week in terms of the attrition,

1 et cetera, what the budget is.

2 And I'm looking, these are I recall from  
3 memory are the same numbers so just 1,610 for what it  
4 shows what the budget is, and it also shows the negative  
5 in terms of maybe 1,610 budgeted but we only have 15  
6 something. So we might have a minus, I'm just throwing  
7 a number out here 127 or something to that effect in  
8 terms of police officers.

9 So these are, and I do recall, reflective of  
10 the same numbers we get in the packet. Thank you.

11 COMMISSIONER CARTER: Thank you. Moving on  
12 to the agenda, are there any standing committee reports?  
13 Under new business we have a resolution for retired  
14 Lieutenant Gary Posluszny. Is he here? Thank you.  
15 Commissioner Bell is going to read the resolve.

16 COMMISSIONER BELL: Now therefore be it  
17 resolved the Detroit Board of Police Commissioners  
18 speaking on behalf the of the citizens of the great city  
19 of Detroit recognizing in honor the lifelong composition  
20 and commitment to excellence and public service,  
21 Lieutenant Gary Posluszny. His display of courage and  
22 unwavering community spirit has improved the quality of  
23 life for the citizens of Detroit. We wish you all the  
24 best in your future endeavors. We thank you and  
25 congratulate you, Lieutenant Posluszny.

1                   On behalf of the Board of Police  
2 Commissioners and all the commissioners sign off on  
3 this, this resolution, and Lieutenant served how many  
4 years? 30 years. So that's a valuable number in terms  
5 of service so we appreciate his commitment, and wish him  
6 the best, and God bless him in the future. I so move a  
7 motion to receive this resolution.

8                   COMMISSIONER DEWAELSCHE: Support.

9                   COMMISSIONER CARTER: It's been moved and  
10 supported that we accept the resolution honoring retired  
11 Lieutenant Gary Posluszny.

12                  ASSISTANT CHIEF DOLUNT: Posluszny.

13                  COMMISSIONER CARTER: Those in favor?

14                  ALL: Aye.

15                  COMMISSIONER CARTER: Those opposed? Motion  
16 carries. The resolution will be placed in the permanent  
17 archives. At this time is there any other new business?  
18 Other new business? Old business.

19                  COMMISSIONER DEWAELSCHE: Madam Chair, I  
20 just wanted to make a comment. Last week we were given  
21 some numbers and I know a lot of the meetings I do ask  
22 for the numbers of recruits and what their diversity is,  
23 and at our closed session we were given a chart of the  
24 new or the class, the next class that will be  
25 graduating, and I want to commend all those involved.

1 The director's not here but everybody who was involved  
2 on the recruitment effort, and the fact that this class  
3 is very, very diverse. Half of the recruits from what I  
4 recall are African American, which I'm very, very  
5 pleased about, and we have some Hispanics, which I'm  
6 also pleased about. So females as well.

7 So it was very diverse and I know how  
8 difficult it is. We read it in the newspaper. It's a  
9 national problem at every police department so whatever  
10 you're doing, you know, I commend you. Great job on  
11 this new class. Thank you.

12 COMMISSIONER CARTER: Thank you.  
13 Unfortunately I didn't get the chart but I'm glad.

14 COMMISSIONER DEWAELSCHÉ: They e-mailed, too  
15 and I meant to bring it but I forgot so. Yeah.

16 COMMISSIONER CARTER: Thank you.

17 COMMISSIONER CRAWFORD: Okay. I'm sorry  
18 through the chair, Assistant Chief a couple weeks ago  
19 you were at our meeting, and I asked about the number of  
20 CSCs.

21 CHIEF CRAIG: Yes, I've got that. I've got  
22 that. Yep, I've got it.

23 COMMISSIONER CRAWFORD: Thank you.

24 CHIEF CRAIG: Not a problem. Okay. I think  
25 the discrepancy was that this year we're doing still all

1 CSCs, but we're reporting to the federal government CSCs  
2 1 through 3. Those are through the federal guidelines.  
3 We still handle all CSCs but again report just 1 through  
4 3 to the federal guidelines.

5 A couple of years ago, and I don't agree  
6 with this, we were just doing sexual assault cases  
7 assigned by unknown perpetrators. The assistant chief  
8 at the time felt that was important because a  
9 non-perpetrator you'd think for whatever reason it would  
10 be that bad. We don't agree with that. I think all sex  
11 assaults are poor. So back in 2013, for instance, in  
12 the year we had 351 sexual assaults as opposed --  
13 compared to the end of 2014, which was 321, and those  
14 were just unknown, which I don't agree with that. Now  
15 we changed it.

16 As it stands right now, the actual number  
17 CSCs 1 through 3 in 2014, this is through August 5th,  
18 was 557. This year it is 441. Now with that being said  
19 of the 441, 301 are known perpetrators 140 unknown, and  
20 that's a decrease from the 2014, where we had 381 known  
21 perps and 176 unknown perps. That probably, and you can  
22 have this if you want, the discrepancy in the other CSC  
23 reports.

24 COMMISSIONER CRAWFORD: Okay. Excuse me.  
25 So we're only counting 1, 2 and 3?

1 CHIEF CRAIG: Yes. That's the federal  
2 guidelines, yes.

3 COMMISSIONER CRAWFORD: The federal  
4 guidelines?

5 CHIEF CRAIG: Yes, sir. Well, we  
6 investigate 1 through 5, however for reporting purposes  
7 it's 1 through 3, yes. And if you don't understand I  
8 can show it to you.

9 COMMISSIONER CRAWFORD: I'm fine, but did  
10 we -- we had a number for 4?

11 CHIEF CRAIG: Probably in there. I mean,  
12 we're doing all of them. Yes. So in 2014 we had a  
13 total amount of cases of total cases assigned 1,827, and  
14 there were 1,264 known offenders, and that was all 1  
15 through 4. Okay.

16 COMMISSIONER CRAWFORD: Okay. So that's the  
17 total?

18 CHIEF CRAIG: That was the total, and that's  
19 1 through 4. Again, we already reported 1 through 3,  
20 but yes, so you can see that. We had 557, 1 through 3,  
21 but a total 1 through 4 of 1,827. Because CSC 4 is when  
22 you're touching.

23 COMMISSIONER CRAWFORD: Yes, sir. Okay.  
24 Because, well, there was some report of underreporting  
25 prior.

1 CHIEF CRAIG: I understand.

2 COMMISSIONER CRAWFORD: And I remember that  
3 issue came up before to tell you about 4 not being  
4 counted due to, well, 1, 2, and 3 was because of the  
5 federal reporting. Okay. Thank you, sir.

6 CHIEF CRAIG: Thank you, sir.

7 COMMISSIONER CARTER: A.C. White is on his  
8 way down. He's going to give us a brief update on body  
9 cams. So he's on his way. As soon as he gets here  
10 we'll ask him come to the podium. Also, in your packets  
11 there's an article that Investigator Drake, Chief  
12 Investigator Drake sent, well, brought to my attention,  
13 brought to our attention, and I'd like for you all to  
14 review it. She'd like to work with the police  
15 department to come up with a response or a rebuttal  
16 response to this news article that actually put out a  
17 lot of false information. So it's in your packet if you  
18 want to take a look at it.

19 Moving on to announcements. The next  
20 meeting will be next Thursday, August 13th at 6:30 p.m.  
21 at the 5th precinct. The meeting will be held at the  
22 Mount Pleasant Missionary Baptist Church 21150 Moross  
23 and that is zip code 48224. The next Board of Police  
24 Commissioners community meeting will be 3rd precinct at  
25 the Detroit Toyota scout shop located at 1776 West

1 Warren at Rosa Parks Boulevard, September 10th at 6:30  
2 p.m., and at this time, yes.

3 MS. DRAKE: Thank you Madam Chair, and I do  
4 apologize, for the record Pamela Davis Drake, chief  
5 investigator, probably should have come under old  
6 business but I did want to let the board know I believe  
7 Commissioner Crawford, excuse me, brought it to the  
8 attention of the board once again last month or last  
9 week that the number of unknown officers, had a question  
10 about that. We are doing another comprehensive report.  
11 We're putting together something for the board so that  
12 you can see the reasons for those.

13 Once again, we did that about a year ago  
14 last year, well, in the spring I believe it was in  
15 March, but we're putting together another comprehensive  
16 report. Also this time I am calling some of the other  
17 cities that are across the nation that have, that  
18 regularly review citizen complaints to determine whether  
19 or not they're receiving some of the same, you know,  
20 same numbers we are at the same percentages.

21 So it's going to take some time because we  
22 have to actually pull those reports by hand and review  
23 them. We're going to do the first 6 months of this year  
24 from January to June, so we'll have something for you  
25 probably next month when I do my full report, but I just

1 wanted you to be aware of that, that that is coming.

2 COMMISSIONER CRAWFORD: Yes, ma'am. Thank  
3 you very much.

4 MS. DRAKE: Sure.

5 COMMISSIONER MOORE: Through the chair,  
6 there was an announcement that was in our packet. I  
7 just want to read it for the audience.

8 The Detroit chapter of the Hispanic Police  
9 Officer's Association is having a third annual  
10 scholarship fundraiser, and it's taking place on  
11 Thursday, August 13th, which is our community meeting  
12 but it's from 5 to 8 so you still got a chance to get  
13 there between 5 and 6:30. It's going to be at  
14 Giovanna's Lounge, which is located at 3537 West Vernor  
15 Highway. 3537 West Vernor Highway between 24th and 25th  
16 streets and it's a \$20 donation.

17 COMMISSIONER CARTER: Thank you. At this  
18 time we're going to go ahead and proceed with oral  
19 communications if there's nothing else from the  
20 audience. Please give your name and limit -- oh, I'm  
21 sorry. Right on time. A.C. White, you can go right to  
22 the podium. We're waiting. Thank you.

23 ASSISTANT CHIEF WHITE: Good afternoon,  
24 board.

25 COMMISSIONER CARTER: Good afternoon. Do I

1 understand you're going to do an update on the body  
2 cams.

3 ASSISTANT CHIEF WHITE: Yes. We completed  
4 our pilot project June, and I apologize I don't have any  
5 notes with me on it so I'm going to be kind of be  
6 staying on the surface, but we completed our pilot  
7 project with two precincts. The officers participated  
8 in the survey about usability, how the equipment worked.  
9 We are encouraged by some of the information we received  
10 in regards to one particular vendor, but there has been  
11 some new developments as recent as this week as it  
12 relates to integration.

13 One of the things that we want to do is be  
14 able to not have the officers do too much thinking as it  
15 relates to switching from one button to another button.  
16 So you've got them wearing the body mics now for the  
17 in-car video. So when they engage the citizens with the  
18 body camera, you know, you may have to push another  
19 button. So we were looking for a system that will allow  
20 us to smoothly transition from the microphone in the car  
21 to the microphone in the body camera. We want officers  
22 engaged in the citizens or with the citizens. We want  
23 to keep safety in mind. We don't want them pushing a  
24 bunch of buttons on their uniform.

25 So we've received some information earlier

1 this week that there has been some technology or  
2 potentially some technology advancement that we need to  
3 take a look at before we make a selection, and that's  
4 where we are now in the process, looking to see if this  
5 new integration will accommodate what we're trying to  
6 accomplish.

7 So I don't have a lot more information right  
8 now. We haven't seen the product work. We're  
9 encouraged by what we've heard thus far that it could  
10 meet our standards. Once we look at the product next  
11 couple weeks, we'll be ready to make a recommendation to  
12 city council to this board and some other groups.

13 COMMISSIONER CARTER: Thank you.

14 COMMISSIONER BURTON: Through the chair,  
15 through assistant chief, what was the feedback from the  
16 officers that wore the cameras during their patrol; what  
17 was some of their feedback? I'd like to hear that.

18 ASSISTANT CHIEF WHITE: It was, you know,  
19 very positive actually. You know, I don't know --

20 COMMISSIONER BURTON: The police officers  
21 thought it was positive?

22 ASSISTANT CHIEF WHITE: I mean, there were  
23 varying responses but overwhelmingly, thank you, it was  
24 very positive. One thing in particular that is unique  
25 with DPD that a lot of agencies didn't experience is our

1 officers brought the recommendation to us for body  
2 cameras. So we didn't impose body cameras on our  
3 officers. They actually said, hey, this is something we  
4 want you to take a look at.

5 So with that we engaged the 2nd and 11th  
6 precincts and two separate pilot projects, and I think  
7 they both were successful. I think the 11th precinct  
8 pilot project was probably the most comprehensive,  
9 because we studied everything that happened with their  
10 pilot, and most of the officers liked them. You know,  
11 there was a couple that said, eh, you know, I don't  
12 necessarily care for the clumsiness of the system, you  
13 know, the wearing a block on me and that type of thing.  
14 So you're going to get that, but overwhelmingly it was  
15 positive.

16 COMMISSIONER BURTON: And how was the night  
17 vision as far as like when you was looking at the images  
18 at night or the audio, was there any distortion or  
19 anything? Because when we was in training in Kansas  
20 City we saw some of that with some of their the body  
21 cams. Did we hear with this department, did we  
22 experience any of that with the 2nd or 11th precinct  
23 when officers was wearing them?

24 ASSISTANT CHIEF WHITE: Very good question.  
25 Yes, we found some problems with a couple of the groups

1 that we tested. One group in particular, and I don't  
2 want get into the name right now, but out of the 3 pilot  
3 groups one group performed exceptionally well. Some  
4 groups or one of the groups performed very poorly  
5 particularly in audio, and my impression was in the  
6 audio.

7 The officers complained about some night  
8 vision issues and things like that. Now I personally  
9 have not assessed the night vision, and I'm going to  
10 make myself a note to do just that. I relied on some  
11 other folks to tell me what they thought about the night  
12 vision, but that's something we do need to consider.

13 I will tell you with one group that operates  
14 our, well, I can tell because we already have a contract  
15 with them, Data 911 in the in-car video, I don't see any  
16 real problem with the night vision as it relates to  
17 that, but I'm not a techie. I'm hoping that, you know,  
18 whatever group we decide will at least have at minimal  
19 what we're experiencing with the in-car video.

20 COMMISSIONER BURTON: Okay. Great. And,  
21 you know, I just know that with strong wind and strong  
22 precipitation, you know, the images, you know, may not  
23 always hold up as clear especially from our training  
24 that we received on that, but in addition I would like  
25 to note to you when an officer was in pursuit, maybe you

1 have the answer. If you don't, fine. You know, we can  
2 get it later, but when an officer in pursuit and the  
3 camera's jumping as he's running in pursuit, how did  
4 that look on the opposite end as far as looking at the  
5 footage?

6 ASSISTANT CHIEF WHITE: Well, we saw some of  
7 that and each group performed different, and that may be  
8 why you see in the recommendation that we were going  
9 with a group that may be a little bit more expensive as  
10 opposed to the lowest bidder. It may be because of  
11 those very issues, and we'll isolate those issues, and  
12 identify them in our recommendation, but those were some  
13 of the considerations. You know, you may have a cheaper  
14 product, but when they're running, you know, it's moving  
15 too much or you may have a situation where you can't  
16 hear as well. So we're going to assess literally every  
17 component, and as I indicated earlier I'll go back and  
18 look at the night vision piece as well as.

19 COMMISSIONER BURTON: Thank you, Assistant  
20 Chief White. Appreciate your report and your update.

21 COMMISSIONER VANN: I was just going to ask  
22 formulation of policy with regard to body cameras after  
23 they're installed, tested, due diligence, et cetera.  
24 For example, domestic violence situation, what are the  
25 legal ramifications of, you know, those kinds of issues

1 when you have body cameras on you and a personal, you're  
2 in a person's private home, et cetera, et cetera, will  
3 there be reasons for exclusionary policies with body  
4 cameras, various kinds of things, and who will be  
5 developing that policy?

6 ASSISTANT CHIEF WHITE: We have a  
7 preliminary policy that already has been developed. I  
8 was a part of that team. The law department was a part  
9 of that team. Deputy Chief Washington helped drive that  
10 process, and we looked at best policy around the  
11 country, looked at IACP, International Association of  
12 Chief of Police, look at what policies they had out  
13 there, and we tried to put a lot of common sense in the  
14 policy.

15 For example, criminal sexual conduct  
16 certainly would be one that you would not want to  
17 interview someone with your body camera on. We also put  
18 in the policy that when I knock on your door, you know,  
19 and providing that this is not one of those emergency  
20 situations that require immediate action. So if I knock  
21 on the door and all things are reasonable, I will tell  
22 you that I'm wearing a body camera, and you have at that  
23 time the option of asking me to turn it off. I have to  
24 get that on tape you asking me to turn it off, and that  
25 may cause a couple chuckles, but I'll tell you why we

1 put that in there.

2 I want to make sure that the officers are  
3 recording when they should be, and I trust all my  
4 officers to do that. I want to state that, but what I  
5 don't want is someone to say later that they didn't get  
6 my incident on video because they turned off the camera.  
7 I want you telling me to turn off the camera. So the  
8 last thing I should see is you saying turn off the  
9 camera, and honestly that will be kept confidential, but  
10 on the criminal sexual conduct cases, the child abuse  
11 cases where we have minors that are victims, we will not  
12 use the body cameras for those.

13 Now what we still have to work out in policy  
14 is the officer may have to say I'm arriving at a CSC  
15 case, I'll be shutting off my body camera, that kind of  
16 thing.

17 COMMISSIONER VANN: And so, just to follow  
18 up, those all of the footage that you do is public  
19 record or public information? How is it regarded  
20 because again with the Internet, you know, the obvious  
21 takes place. We're seeing that every day with, you  
22 know, telephone videos, cell phone video.

23 ASSISTANT CHIEF WHITE: Absolutely.

24 COMMISSIONER VANN: So there just seems to  
25 be a lot of legal glitches there if we're not careful.

1 ASSISTANT CHIEF WHITE: Well, we're going to  
2 be careful, sir. And certainly we'll learn things as we  
3 go along. We'll learn things that we don't know we  
4 don't know. But we're going to follow best practices  
5 around the country, because it's just kind of new  
6 process. We're going to treat it like a police report.  
7 So certain police reports are public record, but we  
8 don't post police reports for anyone to read.

9 So they'll be items have to be FOIA. We're  
10 still talking about redactions and what will be  
11 eliminated from the video, but in cases of civil  
12 litigation and things like that they will obviously FOIA  
13 those. I mean, criminal cases will be FOIA, but we will  
14 not be posting videos to the Internet and Facebook where  
15 people look at, that type of thing.

16 MS. WASHINGTON: Just as a follow up, and I  
17 know A.C.'s got a meeting, Cecilia Washington, there's  
18 actually legislation pending right now that's actually  
19 redefining FOIA as it relates to body cams.

20 COMMISSIONER VANN: State or federal?

21 MS. WASHINGTON: State.

22 COMMISSIONER MALLETT: Madam Chairperson,  
23 but along those lines, we're going to get a chance to  
24 see that policy I'm sure, number one. Number two, this  
25 goes directly to the issue around transparency, which I

1 think that we have a responsibility policy wise to  
2 address. We need some vehicle where there is a  
3 discussion between the Board of Police Commissioners and  
4 the department executive leadership on this particular  
5 issue. We need to confront it and we need to in a  
6 systematic way determine how we are going to manage this  
7 issue so that we are certain that we're doing the job  
8 the citizens expect, but within the frame work that the  
9 department is comfortable.

10 So we -- I do think that we need to take a  
11 look at what we're going to do, and I think perhaps  
12 Madam Chairperson that the body camera policy actually  
13 will give us the occasion where you could name people to  
14 work with persons selected by the chief to actually then  
15 do a comprehensive review of how we want to manage this  
16 information in a way that the citizens are comfortable  
17 and the police department has determined to be  
18 effective.

19 COMMISSIONER CRAWFORD: Madam Chair?

20 COMMISSIONER CARTER: Yes.

21 COMMISSIONER CRAWFORD: Good afternoon,  
22 chief. Last year, and I still have a copy of the  
23 preliminary. As a fact matter of fact for those who  
24 were here last month on the board, no disrespect to  
25 anyone, when you gave us a copy of the draft of the

1 preliminary policy for body cams. Has it been updated  
2 or revised since then? This is your second pilot  
3 program.

4 ASSISTANT CHIEF WHITE: That's correct. In  
5 regards to the second pilot program. I don't want to  
6 say that it hasn't or has been. I have to know the date  
7 that I gave it to you. And I'll have to check back in  
8 my notes.

9 COMMISSIONER CRAWFORD: It was last year  
10 when we had asked you about body cams before. And at  
11 that time I thought we were kind of taking a lead across  
12 the country and trying to push this forward in terms of  
13 getting body cams and implementation of it. Seems like  
14 we've kind of fallen behind. Now I understand that  
15 council has approved the money; is that correct?

16 ASSISTANT CHIEF WHITE: That is incorrect.  
17 At this stage we approached this board approximately a  
18 year ago, and we asked or we advised you that we were  
19 interesting in conducting a pilot, which was supported.  
20 We presented the policy. We went over the policy. We  
21 did the pilot, and we've identified a couple of grant  
22 opportunities but we have not had the dollars approved  
23 yet through city council.

24 COMMISSIONER CRAWFORD: Well, I said it last  
25 year and I'll say it again, I think it's one of the most

1 important things that we can have in terms of incident  
2 transparency.

3 ASSISTANT CHIEF WHITE: I agree.

4 COMMISSIONER CRAWFORD: And every, I mean,  
5 virtually every day or every other day on the Internet  
6 you're seeing more and more body cam footage  
7 particularly about incidents especially what happened  
8 with the girl in Cleveland a few weeks ago with a  
9 traffic stop. So just certainly hope we can get it done  
10 but I agree with you it needs to be done right, and as  
11 soon as possible, but and thank you for all the work  
12 that's going on on this particular project. Could we  
13 get a copy of the draft again?

14 ASSISTANT CHIEF WHITE: Yes.

15 COMMISSIONER CRAWFORD: Of the body cam for  
16 the preliminary policy that you have?

17 ASSISTANT CHIEF WHITE: Yes, no problem.

18 COMMISSIONER CRAWFORD: Thank you, sir.

19 COMMISSIONER BURTON: And through the chair,  
20 in addition to that, I mean in the past I think I  
21 mentioned -- in fact I know for a fact I mentioned about  
22 do we have a idea of what the data storage, what's this  
23 going to cost the city of Detroit as far as what this, I  
24 don't know if you have the information yet or have you  
25 all looked into it, but it was something I definitely

1 raised at one of our previous meetings some time back  
2 about data storage.

3 If you don't have it, you know, if you all  
4 can get a idea what that will cost the city of Detroit  
5 that will be good to look at on our end.

6 ASSISTANT CHIEF WHITE: Yes, sir,  
7 Commissioner. If I may, not to belabor this, but I just  
8 want you to have a clear understanding. It's difficult  
9 to provide those raw numbers until we identify the  
10 vendor. Each vendor has a different product. And I  
11 liken it to if you buy printers. You can buy a printer  
12 now for 20 bucks. Remember they used to be 500 bucks?  
13 But the cartridges now are, you know, \$75. So every  
14 time you buy a new printer, you can buy a new printer  
15 and not have a cartridge, you know. The prices have  
16 changed.

17 So with this technology we might be able to  
18 get a camera for 150 bucks but the data storage is where  
19 they're making, you know, their financial impact on the  
20 city. So once we identify the vendor, we'll have a  
21 comprehensive report to the board as to what the numbers  
22 look like. We're leaning towards more storage than we  
23 initially considered because, you know, these are going  
24 to be here forever and, you know, we thought at first we  
25 were going to need one amount.

1           So one of the things we're looking at now,  
2 you know, what are the options with unlimited storage?  
3 But then that opens other gates, well, does every vendor  
4 offer unlimited storage? So there's just a lot of  
5 pieces to this. But I assure you once we figure them  
6 all out and before any decisions are made, we'll have a  
7 comprehensive presentation for the board.

8           COMMISSIONER BURTON: Thank you, chief.

9           COMMISSIONER DEWAELSCHÉ: Madam Chair if I  
10 May. You had mentioned also that we're looking at more  
11 advanced cams, because you've learned that there are  
12 some advancements. Are there any other cities like of  
13 our size that are using them that we can also take a  
14 look at or, and also when you do decide on the cameras,  
15 are we looking at other cities who may be using those  
16 cameras already?

17           ASSISTANT CHIEF WHITE: Yes. We have looked  
18 at other cities' camera usage, other major cities.  
19 There are a lot of major cities that are in the testing  
20 phase like we were. We have still have an opportunity  
21 to be one of the first major cities to go full body  
22 camera for a police department. As it relates to the  
23 new innovation I spoke of, I have not found any city,  
24 and I've talked to a lot, that has that component.

25           So if we're able to pull this off, we could

1 be the first major city with an integration that allows  
2 the in-car video to talk to the body cams.

3 COMMISSIONER DEWAELESCHE: Okay. Great.  
4 Thank you.

5 COMMISSIONER MALLETT: Madam Chair, but the  
6 other thing is I would ask the executive leadership  
7 through the chief to everybody is sharing cloud storage  
8 capability. With the relationships that we have across  
9 the both federal and state legal community, I just  
10 wonder as you're looking at that question of data  
11 storage, is there a possibility in cooperation with  
12 other entities who are already buying storage space? Is  
13 there a way for the citizens to benefit from a  
14 cooperative acquisition of data storage space that would  
15 give you exclusivity security so on and so on, but  
16 nevertheless not have to reinvent the wheel and keep the  
17 costs manageable.

18 One of the things in my business that we  
19 constantly have to work our way through is everyone's  
20 desire to have their own as if ownership implies  
21 excellence; as if ownership is going to reduce some  
22 product that's sharing the resources otherwise would not  
23 provide. It is an impulse, A.C., that just simply has  
24 to be managed. It has to be overcome. It has to be set  
25 aside. It has to at least be looked at in terms of is

1 there a way for us to share a resource with some other  
2 entity similarly situated so that we get the security  
3 that we need but at a cost that might be differentially  
4 less than we're currently paying?

5 And I just think that it doesn't necessarily  
6 have to be a cloud storage opportunity, doesn't  
7 necessarily have to be DPD exclusive in order for it to  
8 meet the demands of the DPD's security requirements, and  
9 I think that it would be worth having a conversation.

10 ASSISTANT CHIEF WHITE: Thank you,  
11 Commissioner. I will make sure that our very small but  
12 dynamic IT team takes a look at that.

13 COMMISSIONER MOORE: Through the chair, just  
14 a quick question. Was there an after action report  
15 generated for this?

16 ASSISTANT CHIEF WHITE: Yes, there was.

17 COMMISSIONER MOORE: Okay. Thank you.

18 COMMISSIONER CARTER: Any other questions?

19 COMMISSIONER BELL: I just want to say Madam  
20 Chair and Assistant Chief we talking about the cost,  
21 this is a big ticket item for the U.S. government. The  
22 President has weighed in on it and justice department.  
23 I think this going to be funded in that way hopefully  
24 because this going to be a tremendous cost factor for a  
25 city. So my understanding that the justice department

1 is going to weigh in on this in terms of body cameras.  
2 So this is a big ticket item.

3 I don't know the time frame, but I assume  
4 that all this going to materialize hopefully because  
5 there's a great deal of interest across this country.

6 COMMISSIONER BURTON: And through the chair,  
7 I do want to raise something else, too, I mean since we  
8 talking about body cameras here. Have any of us have  
9 thought about looking at UAV technology, those aerial  
10 surveillance where you can 20 yards, I mean, 20 miles  
11 away, fly above, what, 400 hundred and something feet?

12 Have we ever thought about looking at  
13 investment in something like that or I don't know if the  
14 chief or assistant chief want to answer that?

15 ASSISTANT CHIEF WHITE: There are a lot of  
16 issues with that type of technology that we have to  
17 resolve.

18 COMMISSIONER BURTON: Because, not to cut  
19 you off, chief, you know, but I look at that situation  
20 took place here a few years ago dealing with the Wayne  
21 County jail, you know, that person could have been  
22 apprehended within minutes if we would had that  
23 capability, that technology. Is it possible that DPD,  
24 homeland security, Wayne County sheriff, 2, 3, 4  
25 different agencies can come together and share the data

1 or something from UAV technology or anything? I think  
2 that would be very beneficial to this department. Along  
3 with tasers on our officers. Commissioners? Anyone  
4 want to weigh in?

5 COMMISSIONER CRAWFORD: Well, I just want to  
6 say the FBI is already doing a surveillance in Dearborn  
7 as we sit here. We're doing that kind of surveillance  
8 in Dearborn right now.

9 COMMISSIONER BURTON: Okay, well that's  
10 Dearborn. This is Detroit, but do anyone see the -- how  
11 this can impact this department if we did have UAV  
12 technology or capability? Which is aerial surveillance.

13 MS. WASHINGTON: Through the chair, I can,  
14 because A.C. White's got to go to his meeting. Cecilia  
15 Washington. We appreciate your comment, sir. We are  
16 like waist deep in working through an unmanned, a drone,  
17 as it's more commonly...so we're already there. But  
18 there's so many steps and there's so many FAA  
19 requirements. There's so much criteria and policy has  
20 to be drafted in connection with the FAA. So those  
21 conversations are --

22 COMMISSIONER BURTON: But to have a officer  
23 patrolling that, you know, patrolling or sending a car  
24 out there to patrol, with this technology that served  
25 the purpose of that gather information so when officer

1 goes out into the community, then you know exactly where  
2 that officer is going. You know, and they have a little  
3 bit more direction on where they, you know, where they  
4 going and who they going for with that technology as  
5 opposed to having -- knowing that we are shortage of  
6 officers, you know.

7 MS. WASHINGTON: You're preaching to the  
8 choir, Commissioner, because you're right on point. So  
9 we are working through drafting the policy and applying  
10 with the FAA.

11 COMMISSIONER BURTON: I just want the best  
12 for this department, you know, and I'm pushing for the  
13 best for this department. Because we have, I believe we  
14 have the best officers here, and to seeing we losing  
15 good officers to other cities and now we find out that  
16 Southfield is hiring officers at \$21 an hour. I want  
17 the best for this department. I want the best for our  
18 officers that's out there. I want them to be proper  
19 prepared when they out there in the fields as well. I  
20 don't want them out there just going on a wild chase  
21 when we can UAV technology and capability that can help  
22 assist those officers when they out in the field.

23 COMMISSIONER CARTER: Thank you,  
24 Commissioner Burton.

25 COMMISSIONER CRAWFORD: I just want to add

1 about the cost because there was a cost analysis last  
2 year, and it was brought to the table for body cams was  
3 one million dollars or just a little over a million  
4 dollars.

5 And in terms of are the federal monies  
6 coming, Commissioner Bell, there will be some available  
7 but it won't be a lot, because they talking about that I  
8 don't know several hundred million that was going to be  
9 spread across departments across the country.

10 COMMISSIONER CARTER: Thank you. We're  
11 going to -- oh.

12 ASSISTANT CHIEF WHITE: I just want to add  
13 one quick thing before I get out of here that the board  
14 should be aware of. I don't know if you had an  
15 opportunity to take a look at the article out of  
16 Cleveland regarding the forms. I'm going to prepare a  
17 response to this. It's irresponsible journalism to put  
18 it politely. The officers in this department have  
19 worked extremely hard to get us out of this consent  
20 judgment. With regards to the reforms, the reforms did  
21 work; they do work as evidenced by the number of citizen  
22 complaints, the number of officers that we have trained  
23 in this department, numbers that we've never seen, not  
24 in my 20 years in the Detroit Police Department in terms  
25 of officer being trained, 40 hour training.

1 Consistently Chief Drake has indicated a  
2 decline in citizens' complaints, which is a direct  
3 correlation to the training and the officers'  
4 responsiveness to the community. So I take exception to  
5 this document.

6 COMMISSIONER CARTER: We all do.

7 ASSISTANT CHIEF WHITE: Particularly when  
8 you look at what our officers have gone through, you  
9 know. They have not wavered on their commitment to  
10 doing this job regardless of the pay cut and the  
11 assignments and 12 hour shift. One thing that remains  
12 consistent is their dedication to the community, and we  
13 as a management team have held the officers accountable.

14 One of the things that was cited, that is  
15 cited in this report is a concern about accountability,  
16 which I find outrageous. A lot of the matrix we use to  
17 assess officer's behavior are founded on accountability.  
18 By way of example, use of force reports in their summary  
19 has to provide a reaction to the officer's conduct; has  
20 to provide a reaction to the officer's tactic. So if  
21 we're nothing, we're all about accountability. So I  
22 need the board's support.

23 COMMISSIONER CARTER: You have our support.

24 ASSISTANT CHIEF WHITE: And I will be  
25 preparing a very impassioned response to this. I'll try

1 to keep the emotion out of it, but it's way off base.

2 COMMISSIONER CARTER: Thank you. I think  
3 Investigator, Chief Investigator Drake wanted to work  
4 with you as well, but if you want to take the lead,  
5 that's fine.

6 ASSISTANT CHIEF WHITE: Okay. Thank you.

7 COMMISSIONER BURTON: Thank you, Assistant  
8 Chief for coming before us today.

9 COMMISSIONER CARTER: Thank you. At this  
10 time we'll have oral communication from the audience.  
11 Please give your name for the record and limit your  
12 comments to two minutes, please.

13 MS. FARMER: Good afternoon, board. Alexis  
14 Farmer. So earlier this week I sent Mr. Anthony some  
15 links to data sets across the country. Hopefully he  
16 forwarded that to you all. Just to give you an example  
17 or visual of exactly what I'm trying to achieve here  
18 with the police data initiative in Detroit.

19 One thing I didn't report, Seattle, since we  
20 were talking about body cams, I think Seattle is pretty  
21 progressive on their body cam stance. They actually do  
22 have some of their body cam video on their open data  
23 portal, not that you can actually see the video. You  
24 would just have a link to know that it's there. I'm  
25 sure that could be useful to maybe a lawyer per se who

1 could access it for a case. On something like that you  
2 have to report it but at least it's visual for people.  
3 So that's something they're doing.

4 I think a few weeks ago or earlier last  
5 month they actually had a hackathon to figure out how  
6 you redact video like faces, how you kind of muffle  
7 noises from like mics and stuff like that just to  
8 protect the privacy concerns for certain cases. That  
9 said I know I also sent along a report from the White  
10 House when they had a webinar about the police data  
11 initiative, which you all have received.

12 So in it, it just talks about what PDI is,  
13 who all has been involved, kind of what are the types of  
14 data sets that different cities have released before,  
15 kind of like what open data is. So open data is not  
16 just being a PDF. So something that people can actually  
17 look at online and see it being updated automatically.  
18 So that's just something that we are, well, hopefully  
19 the police department would be very receptive to.

20 And so currently now with PDI there's 24  
21 cities that are involved, Tuson, Orlando, and Columbia,  
22 South Carolina are new cities to the initiative.  
23 Hopefully Detroit can be another one. That's all.

24 COMMISSIONER CARTER: Any questions?

25 COMMISSIONER MALLET: No, not to, but to

1 Madam Chair, can we expect at the next meeting or in two  
2 weeks or three, Madam Chairperson, some direction from  
3 you as to what we're going to do as it relates to the  
4 establishment of the transparency tax force between us  
5 and the department?

6 I do think that, I know for instance I've  
7 asked several times and not gotten a response back from  
8 the department as it relates to an examination of the --  
9 our participation in police task forces that don't meet  
10 the same participation requirements as we. I respect  
11 the fact that it hasn't gotten done because it's not  
12 very high on the last list, fine. So what I'd like to  
13 do then is push past that and establish a joint task  
14 force that the commissioners and the executive  
15 leadership to look at these issues as identified by the  
16 department, because I believe that if they're not  
17 important, I wouldn't have raised them.

18 So I'd like to put it on a schedule, because  
19 I want the transparency task force at some point to  
20 meet. I'd like to be on it. I'd like the task force  
21 examination report to meet, because I'd like to be on  
22 it. These meetings don't need to take long. We don't  
23 need to take very long. If it is not appropriate or  
24 possible to do, reasonable minds will agree, and we'll  
25 move on. But I do think that we need to set a schedule

1 for ourselves as to when the work is going to be done,  
2 because that's the important work that needs to occur,  
3 and that's the kind of work, quite frankly, Madam  
4 Chairperson, that I'm prepared to participate on so that  
5 we actually can move this process forward.

6 As I said in the e-mails that I wrote, the,  
7 as best we can within the frame work again that the  
8 police department is comfortable operating in,  
9 transparency is going to be good for everybody.  
10 Government functions best in the light of day. So the,  
11 I know we can't do it today but at a point when you've  
12 had an opportunity to look at some kind of cadence as to  
13 when we're going to get some of this done.

14 MS. DRAKE: Thank you, Madam Chair. In  
15 response to your question as to the type of information  
16 that we're looking at from the office of the chief  
17 investigator, I've provided Ms. Farmer with several data  
18 sets to take a look at with regard to citizen  
19 complaints, and how we process them and so forth, and  
20 we're pulling together the data that she needs to put on  
21 the website.

22 That information, obviously, has to come to  
23 the board before it is specific and decided on before it  
24 goes live, but that will include the types of reports,  
25 the, obviously, the BPC and the CCR numbers, the number

1 of cases received, dates of reports, the types of  
2 allegations, units involved, the close date, the  
3 findings, and the type of closure whether it was  
4 administrative closure or some other type of closure  
5 other than a complete investigation in the findings.

6 So that's what we've come up thus far. So  
7 when we provide that information to you, we do want your  
8 feedback. There may be more information that you want  
9 to provide to them.

10 COMMISSIONER MALLET: Well, in general,  
11 with all due respect, what I'm looking at is something a  
12 little bit more comprehensive. We had a discussion with  
13 a closed door about, for instance, what we would, again,  
14 within a framework that the department is comfortable in  
15 talk about in terms what are the qualifications to be a  
16 member of the Detroit Police Department.

17 So the, there is information that we have  
18 maybe appropriately or inappropriately shielded from the  
19 public that we need to review. I don't want to do  
20 anything that would jeopardize the operation of the  
21 department. I do think that there is a tendency for all  
22 organizations particularly ones like this, and  
23 particularly like the ones that I'm involved in, health  
24 care organization.

25 First thing we say is, well, everything is

1 private. Is everything private? We can't tell nobody  
2 nothing about nothing? We can't tell people what the  
3 cafeteria coffee costs? Is our price in the cafeteria  
4 private? Can't we share anything, and once you begin to  
5 go through the process, you begin to say, well, you know  
6 what there is a framework that we can operate in. There  
7 are within the confines of the rules, the expectations,  
8 and the culture of the organization information that we  
9 can comfortably make public which will increase the  
10 public confidence in what we do.

11 So I'm excited about the progress that  
12 you're making. I'm wondering if it is now appropriate  
13 for us to do something perhaps more comprehensive, and  
14 that's all I'm saying, and in that process, I expect to  
15 participate. I don't want the finished product brought  
16 to me. I'm uncomfortable with that. I am willing to do  
17 the work. You hear me? I'm willing to do the work.  
18 And so I'm saying I want to participate in the process.

19 MS. DRAKE: Well, sir, you certainly have  
20 that opportunity to do that. What I'm providing to you  
21 today is information that comes from the office of the  
22 chief investigator.

23 COMMISSIONER MALLETT: I get it. I  
24 appreciate that.

25 MS. DRAKE: Obviously there are other

1 sources of information that have to come from the police  
2 department. So I think, well, I'm sure you want to be a  
3 part of the entire process. You're certainly able to do  
4 that. You can meet with Alexis and I any time and we  
5 can sit down and tell you what we're doing, but it's  
6 information that we're providing that we've already  
7 provided basically to the public. Maybe not as  
8 comprehensive, but it's information that we share at  
9 every meeting, that we share at, with the board members  
10 on a regular basis.

11 The only thing that we aren't sharing right  
12 now are some of the things that there are additional  
13 things that they're asking for as far as race of the  
14 individuals, the citizens, the race of the police  
15 officers, and that we're trying to pull together, but we  
16 may not be able to do that this year. But as far as the  
17 other information that you're talking about, we don't  
18 have access to that.

19 COMMISSIONER MALLETT: I get that.

20 MS. DRAKE: That information will have to  
21 come from the police department. So as passionate as  
22 you are about this, and I can see that you are, I think  
23 you're speaking perhaps to the wrong entity.

24 COMMISSIONER MALLETT: I'm not speaking --  
25 I'm speaking in general. It was rhetorical. I wasn't

1 addressing --

2 MS. DRAKE: Okay.

3 COMMISSIONER MALLETT: Yeah, I guess you  
4 know what this is a necessity obviously, Commissioners  
5 where you should speak through the chair. That way  
6 everybody understands you ain't talking to them. You  
7 talking in general.

8 MS. DRAKE: That might be helpful. Thank  
9 you.

10 COMMISSIONER MALLETT: I'm going to say that  
11 from now on. Through the chair I'm talking to everybody  
12 in the building.

13 MS. WASHINGTON: So through the chair.

14 COMMISSIONER MALLETT: Now she talking to  
15 everybody. So everybody pay attention.

16 MS. WASHINGTON: Actually, through the chair  
17 but to Commissioner Mallett.

18 COMMISSIONER MALLETT: Oh, okay.

19 MS. WASHINGTON: I do recall that  
20 conversation that we did have about the task force. And  
21 I apologize certainly if it didn't appear --

22 COMMISSIONER MALLETT: No. No. I'm just  
23 saying deputy chief just put it on a cadence, you know,  
24 so put some dates to it.

25 MS. WASHINGTON: Absolutely.

1                   COMMISSIONER MALLETT: I know in my business  
2 if we don't put a date on it, it don't get done.

3                   MS. WASHINGTON: But I did have  
4 conversations, and I believe you raised in may be May or  
5 June about the task force and our participation in the  
6 task force and disclosure, and if the members of that  
7 task force, what was the criteria to be on the task  
8 force, and it was something less than what DPD's  
9 criteria is.

10                  COMMISSIONER MALLETT: Right.

11                  MS. WASHINGTON: I remember that  
12 conversation. I spoke with the chief about it, and he  
13 did not have a problem with evaluating the criteria.  
14 The problem is, I just shared with A.C. Dolunt is on  
15 task forces that are not DPD initiatives we can't  
16 control the criteria, but we can certainly be made aware  
17 of what that criteria is.

18                  And so I will through the chair work with  
19 Mr. Anthony to come together so that if nothing else we  
20 can review some of those relevant MOUs for those task  
21 forces to find out what the criteria is, because that's  
22 what I think you want. What you need to see what the  
23 criteria is of these task forces.

24                  COMMISSIONER MALLETT: Exactly. And the  
25 other thing the point was though was that we were going

1 to, again, because I'm not a police tactician and don't  
2 want to do anything to compromise our ability to do, DPD  
3 to do its job, but whether or not then in the mind of  
4 the chief could we say, listen, the standards of the  
5 Detroit Police Department is X. We believe that in  
6 furtherance of the goal of delivering a superior product  
7 to the citizens that we serve, everybody's participation  
8 on the task force should be asked, and they may say  
9 well, we're not doing that. Well, then we should know  
10 that.

11 I think we should know that, and then we  
12 perhaps we could send a letter or perhaps the mayor  
13 could send a letter and say, in the city of Detroit our  
14 citizens have a significantly high value to us. The  
15 relationship between us and the citizens is such that we  
16 set this standard that benefits your citizens who can  
17 participate on the task force and who can't.

18 And so my board of police commissioners, and  
19 I support them, want to know why. Why would you have  
20 somebody on the task force who does not meet the  
21 criteria the same as DPD developed in cooperation with  
22 the federal government based on our experience in terms  
23 of this consent decree that we just got out of, which we  
24 don't want to be dragged back into.

25 And, therefore, what I'd like to have you

1 look with some degree of intellectual honesty at that  
2 standards. I just think, Deputy Chief, that there is a  
3 way for us to set a standard in the community of which  
4 we are a part where we provide leadership and not just  
5 fellowship, that's all.

6 MS. WASHINGTON: No, I appreciate that and  
7 that is the conversation I did have with chief and in  
8 many of those many of those task forces, they're not our  
9 task force, they're a federal task force. Task forces.  
10 And we can certainly write that letter or get involved  
11 in that process but, again, on those that are not DPD  
12 initiatives, I'm not sure how far we can go in making a  
13 difference.

14 And I think you even actually mentioned that  
15 if they were unwilling in some cases to recognize our  
16 standards, that we opt out and there actually have been,  
17 if I'm not speaking out of term, where the conduct or  
18 something in that happens in the task force or something  
19 that we've learned, if the chief sees that it doesn't  
20 follow our missions, that we have pulled out of those  
21 task forces. So you're right on point. And we'll make  
22 that happen. We'll get a date together.

23 COMMISSIONER MALLETT: Thank you.

24 COMMISSIONER CRAWFORD: Through the chair  
25 and thank you Commissioner Mallett.

1 COMMISSIONER CARTER: In the next couple  
2 weeks.

3 MS. WASHINGTON: Yes, ma'am.

4 COMMISSIONER CRAWFORD: Madam Attorney,  
5 because this issue came up before of memorandum of  
6 understanding.

7 MS. WASHINGTON: Sir.

8 COMMISSIONER CRAWFORD: Could we get copy  
9 memorandum of understanding for the 2010, 2011, 2012,  
10 2014, 2013. It says grant the east side action task  
11 force, which is the one we asked for, the memorandum of  
12 understanding back in February. The Oakland County auto  
13 theft task force the southeast auto theft task force,  
14 and the preventing auto theft combined. I don't know  
15 what that is.

16 MS. WASHINGTON: Yes, sir. So.

17 COMMISSIONER CRAWFORD: Those task force  
18 could we just?

19 MS. WASHINGTON: So I believe A.C. Dolunt.

20 ACDOLUNT: I think we have one member in  
21 Wayne County, action teams 2, and you said Oakland  
22 County?

23 COMMISSIONER CRAWFORD: I was just talking  
24 about any task force. This issue came up.

25 ACDOLUNT: Yeah I remember that.

1                   COMMISSIONER CRAWFORD: A few months ago  
2 about memorandum of understanding, that we have any  
3 officer, because we're supposed to have memorandum. We  
4 did get one from you on the federal task force. That  
5 was back several months. We did get that memorandum of  
6 understanding.

7                   MS. WASHINGTON: If I may, through the  
8 chair, in this discussion, this comprehensive review  
9 that Commissioner Mallett suggested that right now that  
10 binder of MOUs is in my office. And I've asked to  
11 collect it. Grants and contracts are the official house  
12 as you saw last week of those MOUs, but what I envision  
13 is in this discussion that we can take a look at the  
14 MOUs, and then because there's no magic, there's no  
15 secret to those. And then those questions and then that  
16 discussion could happen at that time during a  
17 comprehensive, because I've got all those that you just  
18 mentioned I think pretty much.

19                   So we can go through them. You can have  
20 them. You can have copies, and we can talk about who's  
21 on them, and how many DPD members, and the second part  
22 of that would be what is the criteria to be on the task  
23 force. We can reach out to those agencies and find out.

24                   COMMISSIONER CRAWFORD: Yes, ma'am. Thank  
25 you.

1                   COMMISSIONER MALLETT: Madam Chairperson, to  
2 the deputy chief's point, I mean, I think that, you  
3 know, to the degree, Commissioner Crawford and you're  
4 more astute at this than me having been a police  
5 officer, but the point I'm making is is that we may want  
6 to review those in closed session. We may because they  
7 may have tactical data in them that is not appropriate  
8 for public disclosure in terms of protection of our  
9 officers. If you want to see them, you should be able  
10 to see them.

11                   Perhaps what we would want to do though is  
12 see them and then recollect them so that you can look at  
13 the contents to be sure they meet the expectation, and  
14 not necessarily compromise the operation. But that's  
15 what I mean by kind of going through a comprehensive  
16 view of these things, and, again, within the confines of  
17 a framework, Madam Chairperson, that the department is  
18 comfortable. So that we don't do anything to compromise  
19 with them, but that we do the best job we can for the  
20 public.

21                   COMMISSIONER CARTER: Okay.

22                   COMMISSIONER CRAWFORD: I'm in agreement,  
23 sir, and the most important thing is these MOUs, we're  
24 supposed to have one for every task force.

25                   COMMISSIONER MALLETT: Yes, sir.

1 COMMISSIONER CRAWFORD: And we have, as you  
2 stated earlier in reference to the consent decree and  
3 being operational under all the correct guidelines.

4 MS. FARMER: If I may add something quickly.

5 COMMISSIONER MALLETT: Be careful. Through  
6 the chair.

7 MS. FARMER: Alexis Farmer. Through the  
8 chair. Just add to your point as far as the impact of  
9 transparency. I just think through the process that  
10 I've gone through, and even just learning kind of the  
11 data that is collected and what's shared with the public  
12 and comparing it to other people, the citizens asking  
13 questions like why don't we publish the race, age, and,  
14 you know, sex of our officers or our Defendants, like if  
15 they're, you know, there's definitely a gap between what  
16 the public understands and what the police Department  
17 knows, and being able to see that information is really  
18 what's really powerful and valuable.

19 I mean, I think something that even that  
20 Detroit is thinking is doing in happening in New  
21 Orleans, but doing somewhat of a state of the  
22 neighborhoods, and in the state of neighborhoods a  
23 public safety component, and being able to evaluate  
24 citizens and how they feel, the confidence they have in  
25 their police departments, if they feel safe in their

1 neighborhoods, you know, how satisfied are they with  
2 their local precincts.

3 And I think especially having this, it  
4 definitely takes a great rate to that, being able to  
5 name and label to see, like I can see the use of force  
6 in my neighborhood and they're low or I know my police  
7 officer's name. I'm able to see the race. I'm able to  
8 follow this case of complaints that I made. I think it  
9 would just really make a difference.

10 So having a body that can definitely hold a  
11 permanent convo (sic) for that long-term sustaining, I  
12 hope will be helpful. And even just having these things  
13 reported. Like I said currently right now the race,  
14 age, and sex isn't published. How can we get that  
15 published and what policy should be in place for that?

16 Because it's not unique. There are  
17 definitely cities that have it. It's open and it's  
18 accessible. People can see it, and people are holding  
19 the departments accountable for it, and they have  
20 definitely improved citizen-police reactions. So of  
21 course we all want to see the best for our city, and I  
22 hope that the board could configure that for the  
23 long-term.

24 COMMISSIONER MALLETT: Madam Chair to her  
25 point, for instance, we collect hospital data, and

1 the -- when I was the present of Sinai Grace Hospital I  
2 just tell you, I was very, very reluctant to report the  
3 race and sex of the patients that came in the hospital.  
4 When everybody in this room knows 99.9 percent of the  
5 people coming to Sinai Grace are African American. What  
6 was I afraid of?

7 But I'm just telling you that I understand  
8 the bureaucratic desire sometimes to simply control the  
9 information because you don't know how it's going to be  
10 used. Why would somebody want to know that? And it's  
11 hard. It's very difficult I get it. I'm very  
12 sympathetic, but I also know that we have a  
13 responsibility to work past it.

14 COMMISSIONER CARTER: We do and we will.  
15 With your help.

16 COMMISSIONER BELL: I just want to say this  
17 is a huge issue, but the race question is significant in  
18 terms of policing specifically in the north community,  
19 the black community. Whether it be black or white or  
20 Hispanic officers, those issues are being raised by the  
21 justice department even in the White House in reference  
22 to how we approach. That's why there's a need in terms  
23 of recruitment. As Commissioner Dewaelshel mentioned,  
24 she's happy to see Hispanic officers. We happy to see  
25 black officers, especially impacting predominant black

1 cities across this country.

2 So those issues that, you correct, we have  
3 to move to that point that we have in those task force  
4 that we don't have any control. So I'm hoping that  
5 maybe in 3 to 4 weeks we have that closed door session  
6 to flush these issues out and bring it to here. Bring  
7 it to here, because I think that issue came up at the  
8 mayor's forum in one of the district meetings too in  
9 reference to issues like that.

10 As you well know people are still waiting on  
11 the prosecutor response to what happened with ICE, you  
12 know, and you hear the pro and cons of dealing with that  
13 issue. So this issue's before us so I think we have to  
14 weigh in. I'm glad that we raised those issues but we  
15 have to really deal with it in the proper manner.

16 COMMISSIONER MALLETT: I agree.

17 COMMISSIONER CARTER: Are there any other  
18 oral communications?

19 MR. MONGO: Yes. Good afternoon. My name  
20 is Adolph Mongo. I lived downtown 30 years, and I'm  
21 just asking a question. Are they trying to run black  
22 folks out of downtown? And I've never seen it this bad  
23 with police officers disrespecting black folks.  
24 Yesterday I was called a thief, a drug dealer. I got  
25 stopped for a traffic violation. I left the restaurant

1 and left my wallet there. I had my registration, had my  
2 insurance, and the police officer said my insurance was  
3 a fraud, probably bought the car in cash. It was a  
4 brand new car. And he threatened me.

5 Only after I had to call someone and ask for  
6 a supervisor, and he didn't want to do that. That that  
7 was 8 police cars for one traffic stop. They could have  
8 been in the neighborhoods. Unbelievable.  
9 Unprofessional. I've never seen that. As a former  
10 newspaper reporter I've covered police departments in  
11 Colorado, Kalamazoo, Washington D.C., and be called a  
12 criminal? I don't think so.

13 And this was a black cop. I don't think he  
14 know what the history of Detroit is. We have people  
15 fight for 20, 30, 40, 50 years to get black police  
16 officers. He was very, very nasty, impounded my car,  
17 and he enjoyed it. Said, and, so I'm here. I'm the  
18 good guy. You going to deal with the bad guys. We had  
19 two race rights because of police brutality. And we  
20 haven't had a situation today where I see young black  
21 men downtown and they get harassed by the police  
22 department, but yet I see young white guys with beer  
23 drinking, smoking, doing everything; they don't touch  
24 them.

25 So we got a problem. There's two Detroits.

1 Nobody wants to talk about it. I saw the other Detroit  
2 last night. And when we got all these cops come, I know  
3 why we get killed for jaywalking, for not putting a turn  
4 signal on, plant in the park, and I suppose I ran a red  
5 light. Give me a ticket. You don't have to get me out  
6 the car and tell me get, get. That's what I used to  
7 experience when I was a kid, but they used to stop us  
8 and put us on the ground.

9 This guy was unprofessional. He was rude.  
10 He was incompetent, and he enjoyed what he did last  
11 night. Lucky I was a good guy, and I wasn't someone  
12 carrying a gun, because one of us would have been dead,  
13 and we need to deal with that. And we need to deal with  
14 what the issues that's happening downtown, and people  
15 don't want to talk about it. It's a different  
16 situation. And the brothers and the sisters we don't  
17 feel welcome. I lived down there 30 years, and I've  
18 never seen it this worse. And I worked for the city for  
19 8 years so I know what the police department is all  
20 about, and I was here when there was 5,000 cops, and I  
21 respect the police department, and I respect the men and  
22 woman that put their lives on the line every day.

23 But like any military organization, I was in  
24 the Marine Corps, you got some bad apples, and you got  
25 some real bad apples, and they give a black eye to this

1 department.

2 COMMISSIONER CARTER: Mr. Mongo, Chief  
3 Investigator Drake is going to speak with you. I hear  
4 your frustration, and Chief Investigator Drake is going  
5 to take your complaint.

6 MR. MONGO: Thank you.

7 ACDOLUNT: Mr. Mongo, can I ask you a  
8 couple?

9 MR. MONGO: Yeah.

10 ACDOLUNT: Do you know the officer's  
11 name?

12 MR. MONGO: He's on the ticket. I got his  
13 badge number. I got two tickets, one for having  
14 insurance that was bogus. I had to get my wife to get  
15 my license. He said my license was bogus. You know,  
16 I'm like, did I have takers outside?

17 ACDOLUNT: Okay. Okay.

18 MR. MONGO: And then he said he had a  
19 warrant for my arrest in Flint. I haven't been to Flint  
20 in 25 years. I said, it's like, yeah, I can arrest you  
21 now.

22 I said, arrest me. If got a warrant out for  
23 my arrest.

24 Oh, well, somebody with your name.

25 I said, I think there's only one Adolph

1 Mongo around. So he played me, and then what, at the  
2 end when they said my car was going to be on Lynch Road,  
3 and I had to go to Lynch Road, no, it was on Dix. So  
4 they played me. So I had to drive there, drive there,  
5 so they played these little shell games with me.

6 ACDOLUNT: Okay.

7 MR. MONGO: And till I called someone. I  
8 had to call someone. The average citizen can't call  
9 anybody. He has to stand out there and get humiliated.  
10 I had to use a favor. I had to call someone.

11 ACDOLUNT: Okay. So my question to you  
12 is, you said he pulled you over for, he said --

13 MR. MONGO: Well, he said I ran a red light.  
14 That's fine. You know what, give me a ticket.

15 COMMISSIONER CARTER: A.C., can you just  
16 talk to him outside?

17 ASSISTANT CHIEF DOLUNT: I will.

18 COMMISSIONER CARTER: Thank you.

19 COMMISSIONER MOORE: I do have a question  
20 for Mr. Mungo before he steps away. Do you recall the  
21 uniform that that officer was wearing?

22 MR. MONGO: He was in a white car, traffic.

23 COMMISSIONER MOORE: So a typical Detroit  
24 officer?

25 MR. MONGO: Yes. I've been stopped before,

1 yes. I've gotten traffic tickets. I respect the police  
2 department. I had relatives that's been police  
3 officers. So, you know, I'm not one of those people  
4 that, well, I didn't do it. Look, give me a ticket. I  
5 just happened to leave my wallet, but I had my  
6 registration, I had my insurance, and I said, I made a  
7 call, said my wife is coming with my license.

8 To be called thief. To be called someone,  
9 oh, you probably paid cash for your car. And you don't  
10 have insurance. This is unbelievable. In this day and  
11 age that I got to deal with it, it just took me back to  
12 the 70s. I hated to come downtown Detroit because you  
13 get stopped every 10 minutes. So I'm living down here  
14 and I got to deal with this?

15 Somebody that's incompetent and fat. They  
16 need to get him on a weight training program. So here  
17 we are, we are arguing out on the street. This is  
18 unprofessional on my part and his part.

19 COMMISSIONER CARTER: Okay. Mr. Mungo,  
20 she's going to take your complaint, sir. Thank you.  
21 Thank you for coming down.

22 MR. MONGO: Thank you.

23 COMMISSIONER CARTER: Any other oral  
24 communications? Any other oral communications? Any  
25 other oral communications? I'll entertain a motion for

1 adjournment.

2 COMMISSIONER BELL: So moved Madam Chair.

3 COMMISSIONER MOORE: Second.

4 COMMISSIONER CARTER: Been moved and  
5 seconded for this to be adjourned. All those in favor?

6 ALL: Aye.

7 COMMISSIONER CARTER: Those opposed?  
8 Meeting adjourned. Thank you. Thank you all for coming  
9 out.
