(NEZ) Certificates for three (3) units
in the Oakland/Clay area. (Recom-
mend Approval).

The City Clerk's Office forwarded to this
office three (3) applications for NEZ cer-
tificates in the Oakland/Clay area. The
NEZ designation for the area generally
bounded by Caniff on the north, Owen on
the south, the Walter P. Chrysler Freeway
(I-75) and Greeley on the east, and
Oakland on the west was approved by the
City Council on April 16, 2003. The City
Planning Commission staff has reviewed
these three applications and recommends
approval.

Certificates are being requested for the
following addresses: 9502 Goodwin, 9504
Goodwin, and 9506 Goodwin. the proper-
ties are located within the NEZ bound-
aries described above and should be eli-
gible for NEZ certificates as stipulated

Commission has informed us that applications have already been filed for the remaining units. The homes would be priced at \$156,000 per unit. The aforementioned company has applied for the certificates at this time, although buyers of the units have not been identified. When an owner is known, he or she can apply for the certificate. At that time, it would not be necessary for the City Council to pass another resolution.

The CPC staff recommends that the three (3) NEZ certificates for the properties indicated above be approved as submitted.

Preservation is declared to be
of public use, and the city may regu-
late the construction, reconstruction, addi-
tion, repair, moving, excava-
tion, demolition of historic and archi-
tectural resources
within the limits of the
districts defined in this article. The pur-
poses of this article are to:

1. Preserve the heritage of the city
in the historic areas in the city which

pride;

(4) Strengthen the local economy; and
(5) Promote the use of historic districts
for the education, pleasure, and welfare
of the citizens of the city, the state, and of
the United States of America.

Section 25-2-2. Definitions.

The following words and phrases,
when used in this article, shall have the
meanings respectively ascribed to them:

(1) Demolition means the razing or
destruction, whether entirely or in part, of
a resource and shall include, but not be
limited to, "demolition by neglect".

(2) Demolition by Neglect which shall
mean neglect in the maintenance, repair
or security of a site, building or structure,
resource resulting in deterioration of an
exterior feature of the resource, the loss
of structural integrity of the resource, or
any of the following conditions:

(1) (a) The deterioration of exterior
walls or other vertical supports;

(2) (b) The deterioration of roofs or
other horizontal members;

(3) (c) The deterioration of exterior
chimneys;

(4) (d) The deterioration of exterior

determination of appropriateness of pro-
posed "work" within an historic district.

described in Section 25-2-40. The design
treatment levels are as follows:

former or unimpaired state or condition
which existed at a date prescribed by the
ordinance establishing the district.
Authenticity of a restoration would require
the removal of incompatible exterior ele-
ments and the replacement of all dam-

at the time of designation. A permit applicant shall be responsible for documenting the authenticity of proposed "work" to the satisfaction of the historic district Commission.

~~(2) Rehabilitation. Putting back in good condition. This would not require the removal of all nonoriginal materials, but would encourage the removal of nonoriginal materials which are incompatible with the defined elements of design for the particular structure and district. The design of new construction or alteration would not require a duplication of the original design and construction, but must be compatible with the existing structures and the district's defined elements of design. The use of original materials or construction techniques would be encouraged but contemporary methods and materials would also be acceptable when compatible with the defined elements of design for the district.~~

~~(3)(c) Conservation. Giving new life and making vital by cleaning, repairing or replacing of worn, cracked, or broken parts with compatible materials or protecting from blight or deterioration through normal maintenance. The use of contemporary building methods or materials would be acceptable if they are compatible with the defined elements of design for the district.~~

(4) Elements of design are the characteristic relationships of the various features within an historic district which are significant to the appearance of the district; elements of design to be defined for each historic district are:

- (1) (a) Height;
- (2) (b) Proportion of buildings' front facades;
- (3) (c) Proportion of openings within the facades;
- (4) (d) Rhythm of solids to voids in front facades;

ity of the historical, architectural, archeo-
logical, engineering, social or cultural

trict or may qualify the property for desig-
nation as an historic district. Generally,
adverse effects occur under conditions
which include:

(1) (a) Destruction or alteration of all or
part of a property resource;

(2) (b) Isolation from or alteration of ~~the~~
the surrounding environment of a
resource;

(3) (c) Introduction of visual, audible,
or atmospheric elements that are out of
character with the property resource and
its setting;

(4) (d) Transfer or sale of a city-owned
property resource without adequate con-
ditions or restrictions regarding preserva-

(5) (e) Neglect of property a resource
resulting in its deterioration or destruction.

Sec. 25-2-8. Withdrawal of Designation.

When an area is designated an historic

(1) Provisions held invalid by a court of competent jurisdiction and any other provisions of this article invalid or ineffective in whole or in part, the effect of such invalidity shall be limited to that provision and shall not be expressly stated in the declaration of invalidity, and all other provisions of this chapter shall continue in full force and effect separately and fully effective.

The standards and guidelines for special design characteristics of historic districts administered by the Commission may be followed if they are consistent in guidance to the standards of the Interior's standards and approved or approved by the Commission shall also consider the historical or architectural value

Section 25-2-22. ~~Conditions required to perform work affecting exterior appearance.~~ Issuance of Notice to Proceed.

Pursuant to Michigan Public Act No. 169 of 1970, as amended, also known as The Michigan Local Historic Districts Act (MCL 399.201 et seq., MSA 5.3407(1) et seq.), an application for inappropriate work adversely affecting the exterior appearance of an historic structure a resource, which work cannot be granted a certificate of appropriateness, shall be approved permitted by the Historic District Commission through the issuance of a notice to proceed if any of the following conditions prevail and if, in the opinion of the Commission finds that the work will materially is necessary to substantially improve or correct any of these conditions:

(1) The structure resource constitutes a hazard to the safety of the public or the occupants;

(2) The structure resource is a deterrent to a major improvement program which will be of substantial benefit to the community. Substantial benefit shall be found only if the applicant proposing the work has obtained all necessary planning and zoning approvals, financing, and environmental clearances, and the improvement program includes adequate funding commitments and is otherwise feasible;

(3) Retention of the structure resource would cause undue financial hardship to the owner. Undue financial hardship shall be found only when a governmental action, an act of God, or other events beyond the owner's control created the hardship, and all feasible alternatives to eliminate the financial hardship, which may include offering the resource for sale at its fair market value or moving the resource to an appropriate vacant site

(4) Retention of the structure resource would not be in the interest of the majority of the community.

Sec. 25-2-23. Public Hearing.

The Commission may also conduct a public hearing on other historic preservation matters for informational purposes. (1) Whether the proposed work will be appropriate according to the ~~design treatment levels and~~ defined elements of design of the historic district and the Secretary of the Interior's standards for rehabilitation and guidelines for rehabilitating historic buildings (36 C.F.R. Part 67), in which case the Commission will issue a certificate of appropriateness; or

RESOLUTION SETTING HEARING

By Council Member Tinsley-Talabi:

Resolved, That a public hearing will be held by this body on the 13th Floor of the Coleman A. Young Municipal Center, on FRIDAY, FEBRUARY 20, 2004 AT 10:00 A.M., for the purpose of considering the advisability of adopting the foregoing proposed ordinance to amend Chapter 25, Article II, of the 1984 Detroit City Code to revise certain language to make these Articles commensurate with the Michigan Local Historic Districts Act (MCL 399.201 et seq.; MSA 5.3407 (1) et seq.) and also to provide for certain minor changes in the procedures for establishment and administration of historic districts in the City of Detroit.

All interested persons are invited to be present to be heard as to their views.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 9.

**STATEMENT BY SHEILA M. COCKREL
IN SUPPORT OF INTRODUCTION OF
ORDINANCE TO AMEND CHAPTER 25,
ARTICLE II OF THE 1984 DETROIT
CITY CODE TO REVISE CERTAIN
LANGUAGE TO MAKE THESE
ARTICLES COMMENSURATE
WITH MICHIGAN LOCAL
HISTORIC DISTRICTS ACT**

On Wednesday, February 11, 2004, I voted in support of the introduction of the ordinance referenced above. Rule 27 of the Rules and Order of Business of the City Council requires that prior to introduction, every ordinance must be approved as to form by the Corporation Counsel for the City of Detroit. The City Council voted to suspend the application of Rule 27 for the introduction of this ordinance.

It is my position that absent extraordinary circumstances, approval as to form by the Corporation Counsel should not be waived. This particular ordinance was an example of an extraordinary circumstance that justified waiver of Rule 27. Specifically, the proposed ordinance provides for minor changes to Chapter 25 to make Article II commensurate with the Michigan Local Historic Districts Act.

Further, the proposed ordinance was sent to the Corporation Counsel for approval as to form and has been in the

nance.

For these reasons, this instance for waiving Rule 27 in support of the introduction of the ordinance is warranted.

Economic Development

February

Honorable City Council:

Re: Detroit Downtown Transit

Amended and Restated

The Downtown Transit Center (the "Project") is being undertaken by the Economic Development Corporation of the City of Detroit (the "EDC") to involve the development of a downtown transit center that will include a downtown terminal for the Department of Transportation's bus routes, interface with the Mover system and provide commercial services appropriate to the needs of transit users and the downtown area.

DDOT has requested that I amend the Project Plan for the EDC participation in the development of the Downtown Transit Project. The EDC Board of Directors has approved and requested your Honorable Body approve and Restated Project Plan in response to the request of DDOT.

Background Information

On September 11, 2002, the Board of Directors adopted a resolution requesting your Honorable Body approve and Restate the Project District Area for the Project pursuant to Public Acts of Michigan, 1994 (Act 338). Moreover, Section 4(2) and 4(3) of Act 338 requested the Mayor to appoint additional Directors to the EDC Board who shall serve for the duration of the Project and who will be representative of neighborhood residents and interests likely to be affected by the Project. Subsequently, on October 23, 2002, your Honorable Body approved the establishment of the Project District Area and the Project Area and the Mayor's appointment of the additional Directors to the EDC Board.

Pursuant to Act 228, the EDC Board approved a Project Plan. The Project Plan was approved by the EDC Board on October 23, 2002, by the Commission with recommendations and amendments on November 1, 2002, by your Honorable Body with amendments on December 1, 2002.

During the ensuing month

analysis by Parsons and DDOT, DDOT has determined the Transit Center can be a smaller site than original. DDOT has, therefore, asked the EDC to amend the Project to a reduced size for the site, a smaller site and Project parcels of property to be a lower cost for the Project. As revised in the Amended Project Plan, is located in an area bounded by W. Grand on the north, Park Avenue on the east, Michigan Avenue on the south and Time Square Street on the west. Two blocks are deleted from the Project Area. The two blocks bounded by Cass, Bagley, W. Grand and Time Square Street con-

by Bagley, W. Grand River and Cass containing surface parking lots. The Project District Area including properties in the neighborhood surrounding the Project remains unchanged.

Attachment 1 to this letter shows the amended Project Area boundary and the original-to-remain Project District Area boundary.

Attachment 2 to this letter shows the original Project Area and Project District Area boundaries.

Pursuant to Act 338, the EDC has prepared an Amended and Restated Project Plan that sets forth the requisite information including but not limited to the location of the proposed Project, the description of the existing and proposed site improvements, the estimated time of completion and the proposed method of financing. Honorable City Council:

Re: Petition No. 3833 — Burton-Katzman Development Co., request to vacate and convert to easement the north-south public alley, in the block bounded by 17th, 16th, Howard and Porter.

Petition No. 3833 of "Burton-Katzman

feet wide, Howard Street, and Porter Street, 50 feet wide private easement for public use.

The request was approved by the Waste Division — DPW, and the Engineering Division — DPW. The matter was referred to the City Engineering Division — DPW for investigation (including field review) and report. This is a preliminary report.

The Petitioner has requested that the Public Lighting Department remove and/or relocate overhead wires and transformers. The City has completed its investigation of the Petitioners request and both the City and the Petitioner have reached a satisfactory compromise. The PLD will also require 24-hour heavy vehicle access for the duration of the easement and physical damage done to existing Public Lighting facilities within the easement. The City will repair the damage done to existing Public Lighting facilities within the easement at project cost.

The Detroit Water and Sewerage Department (DWSD) has no objections to the requested easement, provided that at least the full width of the alley is maintained.

All City departments and the privately owned utility companies have no objections to the conversion of the rights-of-way into a private easement for public utilities. Provisions for public utility installations are part of the easement.

I am recommending approval of the attached resolution.

COMMUNICATIONS Mayor's Office

February 16, 2004

Honorable City Council:

Re: Moratorium on Water Shut Offs.

This Honorable Body adopted a Resolution stating that the Detroit Water and Sewerage Department ("DWSD") must agree to more appropriate shut off and back bill payment policies. This Resolution also included a moratorium on water shut offs from November to March. I share this Honorable Body's concern for citizens who are unable to meet the financial obligations necessary to maintain public services. However, the measures proposed by this Honorable Body are contrary to state law as well as the Home Rule Charter.

The proposed Resolution is preempted by state law. When a water bill is unpaid, DWSD has the right to shut off water service to the affected property. DWSD's power to shut off service to customers that do not pay the bills for their water service is authorized by a statute which provides:

A municipality may discontinue water service or sewerage system service from the premises against which the lien created by this act has accrued if a person fails to pay the rates, assessments, charges, or rentals for the respective service, or may institute an action for the collection of the same in any court of competent jurisdiction. However, a municipality's attempt to collect these sewerage system or water

unpaid. A legislative body is prohibited from adopting a resolution which is contrary to what state law expressly provides.

The Detroit City Charter is based on the legal principle of separation of powers. Under this well known principle, it is unlawful for the legislative branch to exercise executive powers. Pursuant to the Detroit City Charter Section 4-113, the management of DWSD is purely an executive branch function. Furthermore, the Detroit City Charter Section 4-113 prohibits the City Council from giving or delegating management directors. The proposed Resolution which states that Council Members "must agree" to more appropriate shut off and back bill payment policies which calls for a moratorium on water shut offs is in direct contradiction of the legal principle of separation of powers.

Finally, DWSD currently has outstanding revenue bonds held by bondholders. These bonds are sold to finance Detroit's water improvement program. The issuance of these bonds is authorized by the Michigan Public Finance Act, MCL 141.101 *et seq.* Any moratorium on water shut offs would violate the covenants between the City and its bondholders.

For the reasons stated above, I hereby veto this Resolution.

Respectfully,
KWAME M. KILPATRICK

Received and placed on file

Council Member Watson requested that the Council reconsider the vote by which the Resolution relative to Moratorium on Water Shut Offs was adopted, which motion was denied as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 8.

Nays — Council Member Watson — 1.

Council Member Watson requested that the resolution be passed over the veto of the President. The motion prevailed as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., Collins, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 7.

Nays — Council Members Watson and Everett — 2.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF RESOLUTION NO. 2004-001 MORATORIUM ON DWSD WATER SHUT OFFS
This resolution was originally adopted by the City Council on February 16, 2004.

As a directive or a request to fully support present initiatives that provide services to those who are unable to pay.

One of the resolved clauses is, "that the Detroit City Council must agree to more appropriate and back bill payment policies (emphasis added). From this it is clear that the City Council must agree to take certain actions before appears to be a directive from the City Council to the DWSD. The City Council would most like violate the intent of the 1997 Detroit City Council Ordinance titled, "Prohibition on the City Administration." This secondment of the principle of the City Council's Powers, and I believe that this resolution potentially violates that

the intent of the programs and initiatives that provide funding to individuals who are sometimes unable to pay utility bills. For example, the Water Access Program, a Michigan non-profit organization, has as the objective of using federal funding to provide water and sewer service providers on behalf of grant recipients. Such programs are being continuously developed in order to provide for the needs of the citizens that are experiencing financial difficulties.

It is my opinion that the resolution may constitute an impermissible encroachment on the executive functions and in support of many programs in existence that provide assistance, I voted

Honorable City Council:

Re: Petition Number 1732 — Request for City Council Approval for the Issuance of new Dance-Entertainment and Topless Activity Permits by the Michigan Liquor Control Commission to Coliseum Bar & Grill, Inc., at 11300 E. Eight Mile.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control

license, the chief law enforcement officer of the legislative body of the City of Detroit shall cause to be filed with the chief law enforcement officer of the legislative body of the City of Detroit within which the premises are located.

Pursuant to this request, the MLCC has forwarded a License Application Notice (Req. ID: 198371) to the City Council, which has been approved by the City Clerk as Petition Number 1732. The petition requests that the City Council consider and approve the issuance of new dance-entertainment and topless activity permits to Coliseum Bar & Grill, Inc. ("Coliseum"), at 11300 E. Eight Mile Road, in conjunction with the transfer of ownership of a Class C license (in escrow at 170 Bagley and Fred J. Owens Estate, Fred J. Owens, Trustee. Upon the approval of the City Council of ownership of the Class C license, the issuance of a City "Grocery Store" license by the City to Coliseum, the issuance by the MLCC of a new dance-entertainment and topless activity permits to Coliseum, the owner will offer dancing by patrons, and topless activity on the premises.

Upon investigation, review of the application in conjunction with other City departments, the Detroit Police Department, 11th Precinct Unit, on behalf of the Chief of Police, has recommended approval of the issuance of the Class C license (in escrow at 170 Bagley and Fred J. Owens Estate, Fred J. Owens, Trustee) and the new dance-entertainment and topless activity permits by the MLCC to Coliseum Bar & Grill, Inc. at 11300 E. Eight Mile Road. The Consumer Affairs Business Unit reports that Coliseum Bar & Grill, Inc. location are in compliance with the applicable provisions of the City Code for the issuance of a new cabaret business license.

The Buildings and Safety Department ("B&SE") reports that the location is in an M-4 (Intensive Business) zoning district and the current use is 'Restaurant, Class C Bar and Cabaret' pursuant to B&SE Ordinance 148-00, building permit number 56820, dated October 2, 2001, and building permit number 56820, dated January 1, 2002.

Therefore, The Law Department recommends that this matter be placed on the City Council's agenda for consideration and approval or disapproval of the issuance of new dance-entertainment and topless activity permits to Coliseum Bar & Grill, Inc. at 11300 E. Eight Mile Road. The proposed resolutions: A) approving the issuance of the dance-entertainment and topless activity permits to Coliseum Bar & Grill, Inc. B) disapproving the issuance of the dance-entertainment and topless activity permits to Coliseum Bar & Grill, Inc.

RESOLUTION

Section 916(6)(b) of the Michigan Liquor Control Code of 1998, MCL 436.1916(6)(b), requires that the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, a combination dance-entertainment permit, or a topless dance permit, at an establishment licensed for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the city within which the premises

STATEMENT BY COUNCIL PRESIDENT MARYANN MAHAFFEY REGARDING VOTE TO APPROVE THE ISSUANCE OF A DANCE PERMIT TO THE COLISSEUM BAR AND GRILL

After great consideration and research, I voted in favor of granting the Colisseum Bar and Grill approval to allow for the issuance of a dance/entertainment permit by the Michigan Liquor Control Commission because they meet all legal business and zoning requirements.

The Colisseum Bar and Grill is located in a remote industrially zoned area, more than five hundred feet from any other bar, regulated use or neighborhood. They are located in just the kind of area that is permissible according to the city's zoning ordinance. Our City Planning Commission reports that they are the only strip club that is in full compliance with laws regulating these types of businesses. The owners have met every legal requirement and obtained every legal permit. The Colisseum Bar is a conforming use.

I continue to oppose siting strip clubs in

The Coliseum Bar and Grill conforms to our stated criteria and procedures. If we disregard our own criteria in this case, then we will not be in a legally defensible position when and if any proposed *non*-conforming uses request licenses for their topless dance clubs.

In the final analysis, there is no sound reason to obstruct the granting of a license to a business that has respected and followed all city laws and regulations. In fact, not to grant them their license after they have complied with all laws may create liability for the city.

STATEMENT BY COUNCIL MEMBER
SHEILA M. COCKREL IN SUPPORT OF
RESOLUTION APPROVING ISSUANCE
OF DANCE-ENTERTAINMENT AND
TOPLESS ACTIVITY PERMITS TO
COLISEUM AT 11300 EAST EIGHT
MILE ROAD

On Wednesday, January 28, 2004, I voted in support of the resolution referenced above. I again voted in support of the resolution on Wednesday, February 18, 2004. In principle, I am against the expansion of those establishments providing topless entertainment that are not in conformity with the master plan and zoning ordinance for the City of Detroit, and that also cause negative secondary effects within the community. At the same time, I fully support the right of individuals to engage in legal occupations, and I fiercely believe in protecting the individuals' right to engage in constitutionally protected free speech. In that regard, I am faced with the difficult task of balancing which are too often, two competing interests.

Michigan courts recognize the broad powers of municipalities to regulate alcoholic beverages and zoning. However, this power has its limits. Municipalities must establish and **follow** its procedures, criteria and standards for regulating establishments that sell liquor. A municipality cannot act arbitrarily and capriciously. *Bundo vs. City of Walled Lake*, 395 Mich 679 (1976). Where ordinances allow officials to grant or refuse permits without the guidance of any standard, but according to their own ideas, it does not afford equal protection. *Osius vs. City of St. Clair Shores*, 344 Mich 693 (1956) citing *Taylor vs. Moore*, 303 Pa 469 (1931). Thus it has been longstanding principle that officials are bound to follow standards in a fair and even-handed manner when dealing with issuance of permits.

In the instant case, I have reviewed all of the relevant information pertaining to this particular proposed establishment. It

establishment would be a within the master plan and the City of Detroit. According to my opinion, when balancing interests involved, I could think of no justification for denying approval.

For these reasons, I voted in support of the resolution.

Division of Research & Analysis
February 5, 2004

Honorable City Council:
Re: Petition of the Phoenix of the Detroit Fire Department for Charitable solicitations through City-Wide Payroll Deductions.

The Honorable City Council requested the Research and Analysis Division to draft a resolution with respect to the Petition of The Phoenix of the Detroit Fire Department to begin the process of charitable solicitations through authorized payroll deductions on a city-wide basis.

The Phoenix of the Detroit Fire Department has petitioned the City for authorization to make charitable solicitations from city employees on a city-wide basis through payroll deductions. They wish to make the solicitations outside of the combined campaign

tions." The 2003 resolution established a procedure to follow for organizations that wish to solicit for charitable causes from city employees. The 2003 resolution is attached as Exhibit A. Based on this language of the 2003 ordinance, it appears that The Phoenix of the Detroit Fire Department is required to solicit funds by participating in the combined campaign. The 2003 resolution states:

That the appeal *shall be a part of* any combined or united appeal for the solicitation of funds from city employees, managed by or on behalf of the City of Detroit annually. (emphasis added).

A draft resolution adding The Phoenix of the Detroit Fire Department to the combined campaign is attached as Exhibit B. The draft resolution also contains language to repeal a 1987 resolution which also set standards for solicitations through payroll deductions.

A resolution adopted by City Council on February 18, 1987 established procedures to be followed when a group wishes to make charitable solicitations from city employees on a city-wide basis through payroll deductions. The 1987 resolution is attached as Exhibit C. No information was located showing that this resolution was repealed or otherwise amended.

The July 9, 2003 resolution states an intention to establish a new method for charitable solicitations through payroll deductions. The resolution explicitly repeals a 1977 resolution that had established procedures for such solicitations. The 2003 resolution states:

WHEREAS, The Detroit City Council adopted a resolution "Setting standards that would apply to any cause wishing to solicit city employees via payroll deductions" on April 27, 1977;

WHEREAS, It is the intention of the Detroit City Council to repeal the April 27, 1977 resolution with the resolution contained herein, establishing a new mechanism for charitable solicitations through payroll deductions;

It seems clear that Council's intent in adopting the July 9, 2003 was to repeal previous resolutions setting the proce-

ductions. Since the 1987 resolution has not been explicitly repealed by the 2003 resolution, the attached resolution seeks to cure this oversight.

Respectfully submitted,
DAVID W. WILSON
Interim City Clerk

By All Council Members:

Whereas, The Phoenix of the Detroit Fire Department is presently participating in the combined campaign to solicit charitable contributions from city employees through payroll deductions from employees of the City of Detroit Fire Department;

Whereas, The Phoenix of the Detroit Fire Department requests that the City of Detroit establish a mechanism for soliciting charitable contributions from City of Detroit employees on a city-wide basis;

Whereas, A February 18, 1987 resolution of the City Council established procedures for causes to solicit charitable contributions from City of Detroit employees on a city-wide basis; and

Whereas, A July 9, 2003 resolution of the City Council sought to establish a mechanism for charitable solicitations from city employees through payroll deductions; and the intent of the July 9, 2003 resolution was to repeal all previous resolutions regarding mechanisms for soliciting charitable contributions of city employees through payroll deductions; Now, Therefore,

Resolved, That the February 18, 1987 resolution regarding the procedures for charitable solicitations of city employees through payroll deductions be repealed; and be it also

Resolved, That the July 9, 2003 resolution establishes the mechanism for charitable solicitations of city employees through payroll deductions be repealed; and be it further

Resolved, That The Phoenix of the Detroit Fire Department be authorized to participate in the combined campaign subsequent combined campaigns directed to the employees of the City of Detroit; and be it further

Resolved, That the Director of Finance Department and the Director of Resources Department are authorized to take all appropriate steps to implement the requirements of this resolution;

y Council:
ion to amend the Detroit

Attached for your consideration and action is a proposed Amendment to the Detroit Master Plan of Policies for the area generally bounded by Livernois Avenue, the alley north of Puritan Avenue, the alley east of Livernois, Midland Avenue, Linwood Avenue, and the John C. Lodge Freeway. Adoption by your Honorable Body of this resolution would accommodate changes in the Master Plan of Policies to allow for the designation of a Neighborhood Enterprise Zone (NEZ) and facilitate residential development that would reinforce the revitalization of the surrounding

residential developments and housing rehabilitation in this area.

PROPOSED MODIFICATIONS

The subject area to be changed, which covers approximately 24 acres, is shown on the Master Plan of Policies Maps 307-11B, McNichols Subsector, Northwest Sector "Generalized Proposed Land Use Map". It is recommended that the proposed future land use in the Master Plan of Policies for the frontage along Livernois and Puritan Avenues be changed from "GC", General Commercial to "RLC", Residential Local Commercial. It is also recommended that the portion of the subject area between Midland Avenue and the John C. Lodge Freeway be changed from "RC/INST", Recreation/Institutional to "RLM", Low-Medium Density Residential. Also proposed to be changed is the attached Northwest Sector "Generalized Rezoning Concept" map. On this map, the frontage on both the northeast and southeast corners of the Livernois-Puritan intersection is recommended to be changed from a B4 (General Business District) zoning classification to a B2 (Local Business and Residential District) zoning classification.

BACKGROUND AND DEVELOPMENT ACTIVITY

The Planning & Development Department is requesting that the proposed Master Plan Amendment be adopted to accommodate a proposed NEZ for the general area containing 83.9 acres bounded by Petoskey Avenue, the alley north of Puritan Avenue, Parkside Avenue, and the Lodge Freeway. This NEZ would accommodate new residential development that would spinoff from similar projects already completed in the surrounding Martin Park neighborhood. Two new developments of this sort proposed by the NorthStar Community Development Corporation are a scattered site, single-family infill project in the nearby Pilgrim Village neighborhood and a condominium project on Puritan. These projects are among several that NorthStar has been involved with that have done much to contribute to the stabilization of this section of northwest Detroit. The portion of the subject area adjacent to the Lodge Freeway that is designated "RC/INST" is presently developed as residential, a significant portion of which, is blighted. The possibility exists that it can be revitalized with a strong rehabilitation program along with infill development in targeted areas.

In summary, the Planning & Development Department believes that

that the proposed future land use in the subject area be changed from "GC", Residential Local Commercial to "RLC", Residential Local Commercial. It is also recommended that the portion of the subject area between Midland Avenue and the John C. Lodge Freeway be changed from "RC/INST", Recreation/Institutional to "RLM", Low-Medium Density Residential. Also proposed to be changed is the attached Northwest Sector "Generalized Rezoning Concept" map. On this map, the frontage on both the northeast and southeast corners of the Livernois-Puritan intersection is recommended to be changed from a B4 (General Business District) zoning classification to a B2 (Local Business and Residential District) zoning classification.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF AN ORDINANCE TO AMEND

ARTICLE I OF THE 1984 DETROIT CITY CODE, THE DETROIT PROPERTY MAINTENANCE

On Wednesday, February 11, 2004, I voted in support of the ordinance referenced above. This ordinance requires owners and operators of properties to provide sufficient maintenance to maintain a temperature of 68° between the hours of 7:00 p.m. and 7:00 a.m.

As the member who brought this ordinance to the table in October of 2003, I know that there was an error in the version that was passed by the Council on Wednesday, February 11, 2004. The version required a minimum temperature of 65°. It was the clear legislative intent of this body to require a minimum temperature of 68°. Having brought this ordinance to the attention of my colleagues, I am pleased that an amendment was introduced and passed with your support.

Honorable City Council:

Re: Petition Number 2165 — Request for
City Council Approval for the
Issuance of a New Michigan Liquor
Control Commission Dance Permit to
Entertainment Concepts, LLC, at
2548 Grand River.

Section 916(6) of the Michigan Liquor
Control Code of 1998, being MCL 436-
1916(6), requires that prior to the
issuance of a Michigan Liquor Control
Commission (“MLCC”) dance or enter-
tainment permit, or a dance-entertain-
ment permit, a location licensed by the
MLCC for the sale of alcoholic beverages
on the premises shall obtain the approval
of (1) the chief law enforcement officer,
and (2) the legislative body of the munici-
pality within which the premises are locat-
ed.

Pursuant to this requirement, the
MLCC has forwarded a Local Approval
Notice (Request ID number 235825) to
the Detroit City Council. The notice, des-
ignated by the City Clerk as Petition
Number 2165, requests City Council con-
sideration and approval of a request from
Entertainment Concepts, LLC, for the
issuance of a new dance permit to be held
in conjunction with a Class C licensed
business at 2548 Grand River. The
approval and issuance of a dance permit
to Entertainment Concepts, LLC, for this
location would allow for dancing by
patrons, only.

Upon investigation, review, and consul-
tation with other City departments, the
Detroit Police Department, Liquor License
Unit, on behalf of the Chief of Police, has
recommended approval of the issuance
of a dance permit for the subject location.

The Consumer Affairs Business
License Center reports that Entertainment
Concepts, LLC, and the location are in
compliance with all of the applicable pro-
visions of the 1984 Detroit City Code for
the issuance of a “Group A” cabaret busi-
ness license for the location.

The Law Department recommends that
this matter be placed on the City Council’s
agenda for consideration and approval of
the issuance of the MLCC dance permit to
Entertainment Concepts, LLC, in accor-
dance with this Body’s established proced-
ures. Attached is a proposed resolution

properties in the area surrounding the intersection of Michigan and Livernois Avenues (Recommend Approval).

BACKGROUND

In December, 2000, the community group, the Michigan-Livernois Zion Core Team (now referred to as the Michigan-Livernois Neighborhood Council), requested that several properties near the intersection of Michigan and Livernois Avenues be rezoned. Soon thereafter, the Planning & Development Department (P&DD), based on input from City Planning Commission (CPC) staff and community, decided itself to request that numerous parcels in this area be rezoned. P&DD made the request, in part, to make the area's zoning more consistent with the City's Master Plan of Policies, make the zoning better reflect existing development, and to limit the undesirable influence of intensive commercial and industrial uses on adjacent residential areas.

In August, 2001, the CPC held a public hearing and in June, 2002 submitted a report and ordinance to City Council. In October, 2002, City Council held a public hearing. Unfortunately, because City Council had not acted on the proposed ordinance within 120 days of receiving the CPC's report, the amendment was deemed to have been denied. The P&DD and CPC decided, based on feedback at the various public hearings and further analysis, to make some changes to the proposed rezoning and resubmit the request to the Council for consideration.

PROPOSED REZONING

The following list summarizes the proposed rezonings (note: please see Attachment A for a map depicting the rezonings; changes recommended since the initial rezoning request are shown in italics):

- The east and west sides of Livernois Ave. between I-94 and John Kronk Ave. from B4 to B2,
- The south side of Clayton Ave. just west of Livernois Ave. from R6 (High Density Residential District) to R2 and B2,
- The northeast and northwest corners of the intersection of Livernois Ave. and John Kronk Ave. from M4 to B2 and R2,
- *The west side of Military Ave. between the Zion Lutheran Church complex and the alley first north of Michigan Ave. from R5 (Medium Density Residential District) to R2,*
- The northeast corner of the intersection of Military Ave. and Cook St. from M4 to R2,

from M4 to M2,

- The northwest corner of the intersection of Hammond Ave. and Buchanan St. from M4 to M2,

- *The railroad property just east of Hammond Ave. from Buchanan St. to I-94 from M4 to M2,*

- *The northwest corner of the intersection of Buchanan St. and Wesson Ave. from M4 to R5,*

- The west side of Wesson Ave. from Vigo St. to the alley second north of Buchanan Ave. from M4 to R2,

- The north and south sides of Buchanan St. from Wesson Ave. to Scotten Ave. from B4 to R2,

- The north and south sides of Michigan Ave. from Military to Wesson from M4 to B4,

- The Malish Playground from B4 to B2 and St. Hedwig Playfield from M4 to PR (Parks and Recreation), and

- The abandoned rail line just east of Hammond Ave. between Dennis St. and John Kronk Ave. from M4 to R2.

One change recommended by P&DD since the initial request involves rezoning the southeast corner of the intersection of Military Ave. and Cook St. from M4 to B4 rather than R2; upon further analysis it was thought it unlikely the land would be redeveloped with residential uses. The Michigan-Livernois Neighborhood Council had requested the abandoned rail line from Buchanan to I-94 be rezoned to R2, but this was not included on the initial ordinance; upon further review, staff recommended this area be included, but rezoned to M2 which serves as a buffer between residential and industrial areas.

Originally, it was recommended that the Zion Lutheran Church complex and the adjacent 3 houses on the west side of Military Ave. south of Buchanan St. be rezoned from R5 to R2, and that part of the St. Frances church complex at the northwest corner of Buchanan and Wesson Ave. be rezoned from M4 to R2. Churches are matter of right in R5, but permitted with approval in R2. Upon further review, the Commissioners, before making a recommendation, decided that R5 is a more appropriate zoning category for these church complexes.

PUBLIC HEARING RESULTS AND FOLLOW-UP

On June 5, 2003, the CPC held its most recent public hearing on this proposal. At the hearing, 7 persons spoke with the following comments: 2 persons asked questions about the proposal and development in the area, 2 persons spoke in support, 1 person complained about nui-

requested that a community meeting be held.

The one person in opposition to the proposal stated that the area is fine, the area leans toward residential, and there is very little commercial development on Livernois. The person representing the Michigan-Livernois Business Association, requested a postponement of the Commission's decision until there had been adequate staff review and input.

At the previous hearing, the Commission opposed, in general, stated that the Commission would prohibit them from establishing new existing businesses and that the Commission would encourage commercial development along Livernois Avenue. The person stated the City needed to help protect residential neighborhoods from the interests and the rezoning would be detrimental to existing commercial businesses; they would be grand-fathered in.

On June 30, 2003, CPC staff presented the proposal at a community meeting at the Hope Evangelical Ministry on Livernois Ave. About 6 people attended. The ministers present stated that if the Commission would come together to beautify the area and reduce crime, the land might not be rezoned. One man stated that the neighborhood group wanted to move an auto repair shop out of the area and asked what impact the proposal would have on property values.

ANALYSIS

Land Use Considerations

The east and west sides of Buchanan Avenue from I-94 to John Kronk Ave. contain about 85 houses and numerous small apartments. Currently, there are approximately 33 commercial or industrial buildings along Livernois. It, however, has been over the years at least 50 buildings along Livernois Avenue have been demolished due to neglect or to accommodate commercial business development. There are a number of some houses being redeveloped and businesses being built or redeveloped.

A north/south rail line uses the area just east of Livernois Avenue. Along this line, several industrial buildings developed, including Lafayette (formerly Kelsey Hayes) and the Chrysler Plant, now a junkyard. In the past few years, most of the industrial buildings have been removed. Along Buchanan Avenue running from Wesson Avenue to the intersection of Avenue the land is zoned residential. In the past few years, most of the businesses along this street have been demolished. Currently, there are about 100 vacant parcels, 20 occupied

commercial businesses, and commercial buildings. Currently, the planning agency is constructing housing complexes near the intersection of Buchanan and Wesson Ave.

Considerations

The proposed zoning district, allowed to be designated as either “matter of right” or “permitted with approval” if the land is rezoned, sometimes the permissibility is changed. For each rezoning, each existing use would fall into one of five categories as categorized in the following table: The following conclusions can be drawn from the above table:

1. The table above shows that the majority of uses would remain in the same category of permissibility. Uses in Column B. would go from PWA to MOR.

2. The table indicates that 25 houses would go from PWA to MOR. These houses are located primarily along Buchanan Street. The proposed zoning change would allow the housing owners to convert their houses, if desired, without a rezoning required.

3. The table shows 16 uses that would go from not allowed to MOR or PWA. The proposed zoning change would allow these housing units from legal nonconforming uses to legal conforming uses.

4. The table lists 14 uses that would go from legal nonconforming to legal conforming, but these already are allowed to continue as legal nonconforming uses. If the owners wanted to expand in the future, they would have to follow the rules for the expansion, alteration, or removal of nonconforming uses.

The B2 zoning classification, allows more intensive retail uses than B4. The B2 zoning classification was created to provide day-to-day consumer goods and services required to serve a small residential area, and to limit traffic oriented uses, because of their obvious undesirable influence on adjacent residential areas. There are 48 uses that are allowed in B4 as MOR or PWA, but not allowed in B2. Most of these uses involve auto-related activities, such as gas stations, auto repair, auto sales, and car washes. Some of the other uses that aren't allowed in B2 include bars, emergency shelters, tattoo parlors, and towing service storage yards.

Difference between the M4 and M2 Zoning Classification

The M4 zoning classification, in general, allows more intensive industrial uses than M2. The M2 zoning classification was created for industrial uses that provide a buffer between residential districts and intensive industrial districts. For example, M2 allows less intensive industrial uses, such as assembly of small parts, clock or watch manufacture, and mattress manufacture, while M4 allows uses such as bolt and nut manufacture and engine manufacture.

Master Plan Consistency

Regarding the Master Plan, land west of Livernois Avenue is within the Chadsey Subsector and land east of Livernois Avenue is within the Condon Subsector of the Southwest Sector.

On the recommended future land use map, properties on the east side of Livernois from Buchanan Street to I-94 and on the north side of Buchanan just east of Livernois Avenue are shown on Residential/Local Commercial (RLC) — the rest of Livernois and Michigan

of Buchanan Street and on the north side of Buchanan Street just east of Livernois Avenue as B2. Property on the east side of Livernois Avenue south of Buchanan Street and the north side of Michigan Avenue is shown as B4.

The recommended future land use map shows Light Industrial (LI) to the northeast of the abandoned rail line and Buchanan and designates the land to the southwest as Low-Medium Density Residential (RLM). Therefore, the Master Plan favors eliminating some industrial areas and making some less intense. The Rezoning Concept map for the land northeast of the intersection of Buchanan and the abandoned rail line is shown as M4, and the remainder of the area is shown as R2.

For the area southeast of the intersection of Michigan and Livernois Avenues, those properties facing Livernois Avenue are shown on the recommended future land use map as RLC. Therefore, the Master Plan supports a mixture of commercial and residential along this section of Livernois. The south side of Michigan Ave. shows GC on the recommended future general land use map. The St. Hedwig Playfield is indicated as PR, and the St. Hedwig Playfield as Open Space. The Rezoning Concept map shows property on the east side of Livernois Avenue as B2, but the property at the intersection of Michigan and Livernois Avenues as B4. Land on the south side of Michigan Avenue is shown B4, except the Lafayette Steel site, which is M4.

Those properties on the west side of Livernois Avenue are shown on the recommended future general land use map as RLC. Therefore, the Master Plan favors a mixture of residential and commercial uses along this section of Livernois. The Rezoning Concept shows property on the west side of Livernois Avenue from I-94 to the alley first north of Michigan Avenue and between Edward Street and John Kronk as B2.

Community Reinvestment Strategy

The subject area is located within Cluster 5 of the Detroit's Community Reinvestment Strategy (CRS). The CRS land use plan recommends commercial/retail along Michigan Avenue and greenway/open space linkage (from the Detroit River heading north) along Livernois Avenue.

RECOMMENDATION

The City Planning Commission recommends APPROVAL of P&DD's request to rezone selected parcels near the intersection of Michigan and Livernois with the following two changes from the revised

the south, and by the north side of the first west of Military Ave. would be rezoned from (Intensive Industrial Density Residential) to R2 (Medium Density Residential). *The Zion Lutheran complex at 4265 Military would rather than be rezoned to R2.*

2. On District Map No. 43, bounded by Vigo St. on the north, Wesson Ave. on the east, Michigan St. on the south, and by the alley first west of Wesson Ave. on the west would be rezoned from (Intensive Industrial) to R5. *This was proposed for the Zion Lutheran complex.*

The appropriate ordinance implementing this recommendation is attached for consideration.

Honorable City Council:

Re: Closed Session regarding *Detroit-Wayne County Community Mental Health Services*

Michael Grundy, Vice President of Local 1659, ASFCME Local 25 appeared. Mr. Grundy expressed several concerns about the Detroit-Wayne County Community Mental Health Board. However, because this Honorable Body has filed pleadings in the underlying suit, *DWCCMHAB vs. Ficano*, members of City Council could only receive the concerns expressed by Mr. Grundy but not comment.

The Research & Analysis Division was directed to prepare the attached resolution, which calls for a closed session to address the concerns raised by Mr. Grundy, as that his comments may impact City Council's position in the pending litigation.

**STATEMENT BY COUNCIL MEMBER
SHEILA M. COCKREL IN SUPPORT OF
RESOLUTION TO WITHDRAW
OBJECTIONS TO THE LVD, MOTOR
CITY AND GREEK TOWN
SETTLEMENT AGREEMENT**

On Friday, February 27, 2004, I voted
in support of the resolution referenced

After having had many discussions relating to this matter in both open and closed sessions of Council and after receiving advice and opinion from legal counsel, it is my considered opinion that this arrangement serves the best interest of the City.

In my opinion, the Administration acted under the erroneous belief that these documents were not subject to City Council approval. For the reason that the Settlement Agreement would not be made effective without covenants being executed by the City, I believe that this arrangement constitutes a change in the terms of the Restated and Amended Development Agreements, and is a settlement of litigation. Accordingly, the purpose of this resolution is to ensure the legality of the execution of these documents.

For the reasons, I voted in support of the resolutions.

Invocation

Heavenly Father,

We bring to You our offering and sacrifices of praise, worship, and thanksgiving for all the wonderful things that You have done. For it is not of any goodness of our own, but because of Your love, mercy, and grace that You so richly shower upon us.

God, we ask You to incline Your ears to the humble prayers and supplications of Your people. Give us Your wisdom and understanding. Give us the courage and strength to stand for all that is good, true, and righteous. Work in us the will to do Your will. Go before us preparing our way. Walk beside us being our guide and friend. Stand behind us ready to catch us should we fall. Bless us all according to Your riches in glory.

In Jesus name, Amen

On November 7, 2001, your Honorable
Body authorized the sale of the above-
captioned property to Brimar Corporation,
a Michigan Corporation, for the purpose
of constructing a paved surface parking
lot. The Brimar Corporation has failed to
proceed with the closing on the sale of the
property after numerous attempts have
been made to schedule a closing. The
Planning & Development Department
therefore wishes to withdraw its Offer to
Purchase and cancel the sale.

We are now in receipt of an offer from
United Metals Holdings, LLC, a Michigan
Limited Liability Company, to purchase
the above-captioned property for the
amount of \$22,200 and to develop such
property. United Metals Holdings, LLC, is
operating a wholesale metals warehouse
and shipping business adjacent to the
property and proposes to construct a
paved surface parking lot to accommo-
date their employees and customers to
be used in conjunction with their adjacent
business.

United Metals Holdings, LLC, has sub-
mitted satisfactory evidence that they
possess the necessary financial
resources required to develop the land in
accordance with the Development Plan
for the project. This vacant land contains
approximately 25,094 square feet and is
zoned M-4 (Intensive Industrial District).
This use was granted by the Board of
Zoning Appeals (BZA) on September 12,
2000 and August 30, 2001.

We, therefore, request that your
Honorable Body rescind the sale to
Brimar Corporation, a Michigan Corpora-
tion, and that your Honorable Body adopt
the sale and authorize the Planning &
Development Department Director of

agreement to purchase and develop this
property with United Metals Holdings,

COMMUNICATIONS Finance Department

March 9, 2004

Honorable City Council:
Re: Appropriation of LDFA Refinancing Funds.

In July 1997, the Administration presented to your Honorable Body a refinancing plan for the Chrysler LDFA. Under this plan, \$11.5 million of "cash capital" projects were identified, which enabled the City to redirect General Fund dollars to fund new or expanded initiatives. Inadvertently, only \$11 million was redirected at that time. As a result, \$500,000.00 is still available, plus \$410,000.00 of accumulated investment earnings.

The Finance Department is proposing that \$813,159 of these funds be allocated

performances, and develop an updated rate schedule to recoup these costs. This project is an investment, which will generate future revenues far in excess of the amount required for this study. Development of new or increased sources of revenue for the City is critical for Detroit's future. In order to continue to deliver services to the citizens, we must augment our revenue sources.

Respectfully submitted,
SEAN K. WERDLOW

Case No.: 03-313-961-NO.
A19000.002612 (LB).

On February 26, 2004, a mediation panel evaluated the above-captioned lawsuit and awarded Twenty-Two Thousand Five Hundred Dollars (\$22,500.00) in favor of Plaintiff. The panel's decision was made on March 26, 2004 to either accept or reject the mediation evaluation. The City Clerk's Office forwarded to this

research indicates that the properties at 4364 Alter and 4378 Alter are within the boundaries of the U-SNAP-BAC NEZ area and the properties at 4393 Alter and 4399 Alter are within the boundaries of the Chalmers Heights NEZ. However, CPC staff research shows that 5203 Barham and 13039 Alma are not within any NEZ.

It appears each of the eligible 4 units has a true cash value of less than \$80,000 and should be eligible for NEZ certificates under the NEZ State Act. All certificates involve the restoration of existing owner-occupied single-family residences with estimated costs ranging from \$30,000 to \$37,000 per unit. All of the units will have major renovations, including, in part, new roofs, siding, and windows. It is anticipated that it will take about 3 months to repair each unit.

Based on the above analysis, CPC staff recommends approval of the NEZ certificates for 4364 Alter and 4378 Alter within the boundaries of the U-SNAP-BAC NEZ area and properties at 4393 Alter and 4399 Alter within the boundaries of the Chalmers Heights NEZ. Re: Implementation of Wage Adjust- ments and Certain Fringe Benefit Changes for Employees Repre- sented by the Supervisors' Chapter of the DOT Foreman's Association.

The Labor Relations Division has recently reached agreement with the Supervisors' Chapter of the DOT Foreman's Association. Given the exten- sive time it will take to type and process the entire contract, it would cause an unreasonably long delay to withhold implementation until the formal contract has been prepared and presented to your Honorable Body for approval.

Therefore, in accordance with standard City procedure, this Office is recommend- ing that your Honorable Body pass a res- olution amending the 2003-2004 Official Compensation Schedule by granting a 2% general wage increase for the subject represented employees effective July 1, 2003. We are also requesting authoriza- tion to implement the following new con- tract provisions:

1) Special Adjustments for certain classifications based on recruitment and retention difficulties and special skills upgrading as outlined in the attached Schedule A.

2) Fringe benefit changes as set forth in the attached Schedule B.

We further respectfully request that your Honorable Body adopt the following resolution with a Waiver of Recon- sideration.

The Teen Court/Kid and Bike Program is housed in the Detroit Police Station located in the Dexter Elmhurst Community Services Center, Dexter, Detroit.

In April, 1999, the Tenth Circuit Court of Appeals dismissed an application for a writ of mandamus for a lack of funding and was granted a stay for two years and one extension.

The Office of Delinquency Services requested to amend the grant to continue the Teen Court/Kid Court program funding. The extension of the grant is from August 31, 2003 to February 29, 2004.

seed that would rise in both his sons Jai-
Lee and Bert III to get involved in the polit-
ical process. After not winning a seat on
the County Commission, Mr. Dearing took
the skills he had learned and applied
them to what would become his legacy. In
1968 on Gratiot Avenue Bert Dearing
opened "Bert's Black Horse Saloon." This
would be the first of over 20 restaurants
owned by Mr. Dearing from 1968 to the
present; and

WHEREAS, The legacy of Bert
Dearing, Jr. began with those who came
before him. Joe Cox, Bert's great, great
grandfather (who lived to be 113 years
old), owned 40 acres in what is presently
known as Downtown Atlanta today and
boarding houses and hotels in Jasper
County, Florida. Josephine Henry, Bert's
great grandmother, sold pots, pans and
other family necessities out of a covered
wagon in Jasper County, Florida. It was
those roots that established the man we
have today. During his 36 years of busi-
ness in the City of Detroit Mr. Dearing has
employed over 2,000 people. His biggest
thrill in being an entrepreneur in his abili-
ty to give back to this city. NOW,
THEREFORE BE IT

RESOLVED, That on March 4, 2004
Detroit City Council honors the legacy of
a living legend who has shown his com-
mitment and his love to Detroit in those he
has served and helped along the way. As
we honor Bert W. Dearing, Jr. we also
honor the City of Detroit, because it is the
spirit of men like Bert Dearing that makes
Detroit what it is today.

Attached for your Honorable Body's consideration and approval, please find a proposed Resolution (Exhibit B) approving the establishment of the Project District Area and Project Area and confirming the Mayor's appointment of two additional Directors to the EDC Board who shall serve as communicated to your Honorable Body with the letter from the Mayor dated February 6, 2004.

Honorable City Council:
Re: Establishment of the
Parkside/Petoskey
Enterprise Zone as
NorthStar Community
Corporation.

Attached for your consideration is a resolution and legal opinion which will establish the above-mentioned Neighborhood Enterprise Zone in accordance with Public Act 107 of 2002 ("the Act").

The goal of this NEZ is to encourage the construction of the Titan Pointe town-home-style community to be located on Puritan Avenue between Holmur and Petoskey Streets. The construction of single family detached scattered sites located throughout the proposed NEZ area.

Your Honorable Body conducted a public hearing on this matter in August 2002, as required by the Act. The hearing revealed that the Community Development Department desired to revise the site plan for the condominiums, a fact which necessitated a conditional review by P&D Division. The passage of the Act resulted from NorthStar's review of the Titan Pointe plans, review of the plans, preparation of an amendment to the Master Plan, a public hearing on the amendment, and, finally, your approval of the amendment. The Act authorizes your Honorable Body to establish an NEZ which is in conflict with the Master Plan.

We recommend that you approve this resolution at your next meeting or adjourned formal session.

STATEMENT BY COUNCIL MEMBER BATES FOR NO VOTE

CHAPTER 5 OF THE 1997 DETROIT CITY CODE TITLED "AMUSEMENTS AND ENTERTAINMENT"

I would like to start by saying that I am twenty-five (25) plus years old and I have never seen a professional arena, I have never seen a professional grandstanding as I have seen in the last (3) years on the Detroit City Code. It appears that the issue of adult entertainment has been presented to the Council to deliberately confuse the Council. Nothing in the ordinance will prohibit the proliferation of adult entertainment facilities. There is nothing in this ordinance that would prohibit the flow of adult entertainment into the community. This ordinance would prohibit (7) new regulations that would have a direct effect on what goes into an adult entertainment facility. I would like to close or stop any additional adult entertainment opening.

My position is that the issue of adult entertainment should be compromised by the Department, Research Division and members of the adult entertainment industry so we can pass an ordinance that would be able to withstand any challenges or lawsuits. One more week to the issues would allow us to pass something everyone can support. At the public hearing held on March 22, 2004, my colleague Council Member Sheila Cockrel asked that

domestic partnership" issue agenda until she returned was granted. Why the difference was not governed by the Council? Are members' requests honored or not, or is the Council a "political playground" for certain members?

The issue is that we do not represent a group of Detroit citizens. I do not serve all citizens regarding their occupation. As long as they are not doing anything illegal, my commitment is to represent them. The regulations, as they have passed, will hinder dramatically those citizens who work in the adult entertainment business to earn a living. People might not agree with the regulations but they have the right to earn a decent wage as a taxi driver, a bus driver, a Reverend, or a Councilperson. If this right is taken away by the adult entertainment regulations, they are forced to go underground and will have to deal with unregulated adult entertainment opening right next door to

adult "sex" is a major part of our lives. There is nothing the Detroit City Council can do or say to change that. The regulations are needed and the Council should be pushing for regulations that are fair to all parties and regulations that will benefit the community members and end up cost-effective. The adult entertainment business brings over 2.5 million dollars annually to the City of Detroit through taxes and licensing. With a looming recession, I can't believe we are in a position to lose those dollars away. I'll say it again in support of regulating the adult entertainment industry in support of fair regulations that are not hurting the city in the long

STATEMENT BY COUNCIL MEMBER
KAY EVERETT ON THE AMENDMENT
TO CHAPTER 5 OF THE 1984
DETROIT CITY CODE TITLED
"AMUSEMENTS"

I do think that it is important to clear up one misconception about the ordinance — mainly that it will prevent new strip clubs from opening. The Council is currently conducting the research needed for us to prepare an ordinance that will allow us to do that.

STATEMENT BY COUNCIL MEMBER
KAY EVERETT ON THE AMENDMENT
TO CHAPTER 5 OF THE 1984
DETROIT CITY CODE TITLED
"AMUSEMENTS"

On Wednesday, March 24, 2004, this Honorable Body was requested to vote on amendments to Chapter 5 of the 1984 City Code titled "Amusements." I voted "Yes" to support the amendments, which provides rules and regulations to business owners of adult entertainment venues.

This ordinance has flaws, which could potentially place the City of Detroit in multi-million dollars of lawsuits. As an elected official, it is my position to provide oversight on any fiscal implications as it relates to the City of Detroit. Therefore, I adamantly requested that members from ACE (Adult Club Executives) meet with representatives from the Law Department, Research Analysis Division (RAD), City Planning Commission (CPC) and City Council Staff to properly identify the potential flaws of this ordinance.

Although, I do not condone the behavior that goes on in most of these adult entertainment venues, it is not my place to legislate morals. I am aware some adult entertainment venues provide secondary affects in our community and these concerns need to be addressed. However, in a democratic process, everyone should be heard and I must balance the quality of life of citizens and businesses in Detroit.

Therefore, I supported the amendments to provide rules and regulations to business owners of adult entertainment venues. I recognized there are loopholes in the various laws that govern the adult entertainment industry that need immediate attention for the safety of employees, patrons, and community. However, it was not my intent to potentially place the City of Detroit in any lawsuits that would financially impact the city. I am strongly encouraging members of ACE, Law Department, RAD and CPC to work together to present proposed amendments to Chapter 5 of the 1984 City Code that would alleviate any potential lawsuits.

generated tremendous support from the adult entertainment industry in Detroit. Some of the concerns expressed in the ordinance should be changed because many are in their opinion. Some concerns are valid.

I voted for the ordinance because many of our citizens have made

zens of Detroit. These changes include increasing the insurance requirements for various amusements around the City and regulation of all adult entertainment.

While the law recognizes freedom of speech, it also recognizes a municipality's right to preserve the welfare of its citizens. Among those is the right to regulate adult entertainment establishments. It is my job to balance the rights of all citizens. The City of Detroit is not attempting to regulate the message of the adult entertainment industry, but to regulate the manner in which these establishments are run.

All establishments that hold a cabaret license within the City of Detroit are regulated through the Detroit City Code. Those regulations prohibit totally nude dancing. However, a loophole in the old ordinance allowed total nudity if alcohol is not served. A Cabaret E classification was created to close this loophole. Now all adult entertainment establishments are regulated and all prohibit totally nude dancing regardless of whether they own a liquor license.

Although much of the discussion surrounding the ordinance focused on the adult entertainment provisions, seventeen additional uses are affected by these amendments such as bowling alleys, carnivals, and coffee houses to name a few. The insurance requirements for the various uses have now been updated to amounts that would better protect citizens in the event of an accident.

No law that is created is perfect. City Council routinely amends ordinances to make them better reflect the needs of the community. This ordinance is no different. Although I recognize that this ordinance will need additional amendments, a number of the provisions could not wait any longer to be enacted. These changes were suggested over two years ago and I did not think it prudent to allow these necessary changes to sit any longer; thus my favorable vote to approve the amusement ordinance.
