Re: Public Hearing on the Establishment of the 1001 Covington Neighborhood Enterprise Zone as Requested by the Greater Corktown Development Corporation in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that the establishment of the 1001 Covington Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to convert 16 residential into condominium units at an approximate cost of \$500,000.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration, please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,

Now Therefore Be It

Resolved, That on SEPTEMBER 23, 2005 AT 11:00 a.m. in the City Council Committee Room, 13th floor, Coleman A. July 28, 2005

Honorable City Council:

Re: Resolution Requesting Approval to Accept an Offer to Purchase Property along the Eastern Shore Line of Conner Creek (#STA: 211) — DWSD #05-12.

The Bayview Yacht Club (BYC) has asked the Detroit Water and Sewerage Department (DWSD) to sell to it a strip of land along the Eastern Shore of Conner Creek. The land is of variable width (approximately 10' to 20') and approximately 1,800' long. The BYC, a portion of which lies adjacent to the property, intends to improve the shoreline of Conner Creek and expand its member's facilities with the land acquisition.

BYC will pay a purchase price of \$275,000.00 to DWSD. The price includes the appraised fair market value of the land (\$55,000.00), and purchase price improvements (\$220,000.00).

The Board of Water Commissioners finds that the property is not needed (except for a maintenance easement) to continue the operation of DWSD.

At its meeting of July 27, 2005, the Board of Water Commissioners approved entering into this agreement. It is respectfully requested that your Honorable Body adopt the attached Resolution accepting the Agreement of Purchase and Sale as agreed to by the Board of Water Commissioners.

Planning & Development Department

July 15, 2005

Honorable City Council:

Re: Transfer of Jurisdiction and Sale of Surplus Property. Development: 1460 E. Jefferson (Formerly the Moross House).

The Detroit Historical Department has declared the above-captioned property

surplus to its needs and requests that the Planning and Development Department assume jurisdictional control over the property which consists of a two-story residential brick structure located on an area of land measuring approximately 44' x 200' feet and is zoned SD-4 (Special Development District-Riverfront Mixed use).

We are now in receipt of an offer to purchase the captioned property from Barbara Scott, for the amount of \$200,000. Ninety percent of the sales proceeds are to be deposited in the Detroit Historical Department's revolving account for acquisition and development with the remaining ten percent to be retained by the Planning and Development Department.

The purchaser plans to live on the second floor of the house and her husband Mr. Scott will operate his law practice from the main floor. They have lived in downtown Detroit for many years and are excited to possibly own the Moross house, which is the oldest brick home in the City of Detroit. They will restore the Moross House to its former distinction as a jewel in Detroit's cultural fabric and insure that it will remain as a significant piece of Detroit's history. At their regular meeting on July 13, 2005, the Detroit Historical District Commission reviewed the project and determined that the proposed property will have an effect on the Moross House Historic District but the effect will be beneficial.

We, therefore, request that your Honorable Body approve the attached resolution authorizing the Detroit Historical Department to transfer jurisdiction of the above-captioned property to the Planning & Development Department.

We, also, request that your Honorable Body adopt the sale and authorize the Planning and Development Department Director of Development Activities, or his authorized designee to execute a Quit Claim Deed to Barbara Scott and such other documents as may be necessary to effect the sale for the amount of \$200,000.

We, further, request that ninety percent of the sales proceeds be deposited in the Detroit Historical Department's revolving account for acquisition and development with the remaining ten percent to be retained by the Planning and Development Department.

Respectfully submitted,
O'NEAL EDWARDS
 Executive Manager
 Real Estate

By Council Member Bates:

Resolved, That in accordance with the foregoing communication the Detroit Historical Department is authorized to transfer jurisdictional control of the follow-

ing described property to the Planning and Development Department:

Land in the City of Detroit, County of Wayne and State of Michigan being, the West 11 feet of Lots 45 and 46; "Plat of the Subdivision of the Dominique Riopelle Farm Being the Front of Private Claim 13 by A. E. Hathon City Surveyor" said Plat recorded first as Liber 15 pages 394 & 395 in City of Records, thence corrected and re-recorded in Liber 25, Pages 405 & 406, Deeds W.C.R., and the East 33.33 feet of Lot 35, Plat of Guoin Farm. L. 11, P. 596 Deeds, W.C.R. 713.

Be It Further Resolved, That the Planning and Development Department Director of Development Activities or is authorized designee is hereby authorized to execute a Quit Claim Deed to the property and such other documents as may be necessary to effect the sale with Barbara Scott for the amount of \$200,000.

Be It Further Resolved, That the approval of this resolution by the City Council is conditioned upon the retention by the City of Detroit of a right of first refusal should the purchasers offer the property for sale in the future;

Be It Further Resolved, That the approval of this resolution by the City Council is conditioned upon the retention by the City of Detroit, or the donation to the City of Detroit by the purchasers, of a "Preservation Easement" to run with the land in perpetuity. Said easement is to give the City of Detroit, by and through its Historic District Commission, the right to review and approve any alterations to the exterior of the property and any alterations to the interior spaces known as the double parlor and stair hall on the first floor, and any portion of the stair hall on the second floor visible from the first floor, the language of said easement to be approved by the Director of Historic Designation and the Law Department.

Be It Further Resolved, That ninety percent of the sales proceeds are to be deposited in the Detroit Historical Department's revolving account for acquisition and development with the remaining ten percent to be retained by the Planning & Development Department.

STATEMENT BY COUNCILMEMBER
ALBERTA TINSLEY-TALABI
REGARDING THE RESOLUTION TO
DIRECT DEVELOPMENT OF
ORDINANCE TO CREATE PILOT
PROGRAM FOR BUILDING WRAPS

Currently, downtown Detroit is undergoing a renaissance. However, even with this new development, large abandoned and vacant buildings remain a huge prob-

lem. For that reason, I voted in favor of the resolution to initiate the development of a pilot program for building wraps. The building wraps may be the answer to these eyesores.

Although I support the concept of the building wraps, to ultimately receive my affirmative vote on the amended ordinance, it must address the issue of addictive behaviors. Addictions are destroying the health and wealth of our communities. So, the advertising of casinos, alcohol and tobacco products must be prohibited.

The City is working hard on the redevelopment of downtown. While we work to address the problem of abandoned buildings, we must make sure that we do not undo the progress attained. The spirit of the ordinances that currently address signs and billboards must be sustained.

I think that use of building wraps is a novel and innovative idea to address a longstanding concern. However, I reiterate my concern with the advertising of addictive products. We must make sure that these uses do not have an adverse impact on downtown or our citizens, in particular our children.

Inasmuch as no impediments to the approval of Obsolete Property Rehabilitation Exemption Certificates were presented at the public hearing, we request that you approve the resolution at your next formal session.

Respectfully submitted,

**OBSELETE PROPERTY
REHABILITATION EXEMPTION
CERTIFICATE AGREEMENT**

THIS AGREEMENT, made this _____ day of _____, 2005 by and between the City of Detroit, acting by and through its Planning and Development Department ("the City") and Midway Corporate Plaza LLC ("Applicant").

WITNESSETH:

WHEREAS, The Applicant has submitted an Application ("Application"), a copy of which is attached hereto as Exhibit "A," to the City for adoption of a resolution giving the City's approval of several Obsolete Property Rehabilitation Exemption Certificate ("OPRECs") pursuant to Public Act 146 of 2000, as amended, being Section 125.2781 et seq. of the Michigan Compiled Laws (the "Act") for real property located or to be located at 465-485 W. Milwaukee; and

WHEREAS, It is the policy of the Detroit City Council to use tax abatements allowed by the Act to encourage rehabilitation of obsolete property that will facilitate redevelopment, remove blighting conditions and expand the tax base for the City of Detroit; and

WHEREAS, This policy supports the City of Detroit's Economic Development strategy to identify and facilitate opportunities for clean up and redevelopment of residential, commercial and industrial sites; and

WHEREAS, The Applicant is making real property improvements for the purpose of redeveloping new residential condominiums and retail/office condominium space at the site; and

WHEREAS, As part of its applications for OPRECs, the Applicant has submitted an employment plan to the City of Detroit Human Rights Department (a copy of the employment plan is attached hereto as Exhibit "B") wherein it has represented that during the term of the OPRECs it shall not discriminate in its employment practices because of an individual's age, sex, race, color, creed, religion, marital status, national origin, political orientation, sexual orientation, or handicap, and that it will take affirmative action to recruit and hire minority persons and women in accordance with specified targets; and

WHEREAS, To encourage approval of an OPREC and in recognition of the investments the City will make toward the

economic growth of the Applicant, which in turn will benefit the City, the Applicant agrees as follows:

1. General.

a. The Applicant will make real property improvements, approximately as set forth in the Application.

b. The Applicant will submit to the City a proposed full-time employee Job Retention Plan ("Job Retention Plan") once a site plan and related development plans have been completed but no later than January 1, 2007. The Job Retention Plan shall set forth the future job retention goals of the Applicant at the Facility, and the means by which the Applicant intends to effectuate those goals. The City acknowledges that the Applicant is not able to identify a relevant number of jobs to be retained until the site/development plan is completed because the mix and marketable capacity of uses at the site is unknown at this time.

For purposes of this Agreement, a "full-time employee" shall include a person 1) who is employed by the Applicant on a salary, wage, commission, or other basis, for a minimum period of forty (40) hours a week; and 2) from whose compensation the Applicant is required by law to withhold for City income taxes.

2. Annual Affirmative Action Report by Applicant

On or before July 1, 2005 and each year thereafter, throughout the term of the OPREC, the Applicant shall submit to the Human Rights Department of the City of Detroit a current Contract Compliance Report (Form EEO-1) and a current Employer Information Report (Form EEO-2). If requested in writing by the Human Rights Department of the City, the Applicant shall also submit to the Human Rights Department of the City an Affirmative Action Plan which sets forth the future affirmative action goals of the Applicant at the Facility, and the means by which the Applicant intends to effectuate those goals. The provisions of the Affirmative Action Plan must be approved by the Director of the City Human Rights Department.

3. Annual Status Report by the Applicant.

On or before July 1, 2005, and each year thereafter, throughout the term of the OPREC, the Applicant shall submit to the Planning and Development Department of the City a certified status report ("Status Report") signed by an authorized officer of the Applicant. The Status Report shall set forth the affirmative action accomplishments, the average number of full-time employees at the Facility during the calendar year preceding the date of the Status Report, and the Facility costs as of December 31st preceding the Status Report. For purposes of this agreement, the average full-time employees

shall be computed as the average of the number of full-time employees at the Facility on March 31st, June 30th, September 30th, and December 31st of the calendar year preceding the date of the Status Report. The information contained in the Status Report shall be in substantially the same form as is attached hereto as Exhibit "C".

4. Review and Audit of Applicant Employment Information.

The Applicant agrees to provide the City with sufficient information, and the City may review and audit the information provided by the applicant, in order to determine compliance with this agreement. In the event the Applicant fails to provide the City with any information required to be provided to the City under this Section, the Applicant agrees to reimburse the City for all costs, including attorney's fees, incurred by the City to verify the information that was withheld.

5. Revocation or Reduction of Term of OPREC for Affirmative Action or Non-Compliance with Prevailing Wage Requirements.

The City may, in its sole discretion, request that the Michigan State Tax Commission reduce the remaining term of the OPREC or revoke the OPREC if: 1) the Applicant fails to provide the City with the information or Affirmative Action Plan required to be provided to the City under Section 2 above, within thirty days of having received a written request for such information from the City; 2) the affirmative action accomplishments at the Facility are less than those to which the Applicant committed itself in the most recent affirmative action plan approved by the City Human Rights Department, due to the failure of the Applicant to use its best efforts to effectuate the Affirmative Action Plan; or 3) the Applicant failed to pay the prevailing wages for construction work on the project for which it is seeking an OPREC. Prior to taking any action to request reduction of the term of the OPREC or revocation of the OPREC, the City will give the Applicant an opportunity to meet with the Human Rights Department and/or Planning & Development Department to discuss the basis of any proposed reduction or revocation, identify and agree upon, where possible, appropriate corrective measures to address the basis of any proposed reduction in term or revocation and provide the Applicant a reasonable period, as determined by the Human Rights Department and/or the Planning & Development Department to address or correct the conditions prompting the proposed reduction or revocation. If, however, after a reasonable time as set forth by the Human Rights Department and/or the Planning & Development Department, the applicant fails to "cure"

any such conditions, the applicant must be given the opportunity to present at a public hearing reasons why the proposed reduction or revocation should not take place.

6. Reimbursement of City Costs upon Abandonment.

The Applicant agrees that if during the term of the OPREC it shall decide to abandon the Facility, the Applicant shall send written notification to the Director of the City Planning and Development Department within thirty (30) days of such decision. The Applicant further agrees that, within thirty (30) days of the actual abandonment, the Applicant shall send written notification of the actual termination to the Director of the City Planning and Development Department. Applicant agrees to reimburse to the City those reasonable costs (if any) incurred by the City to purchase real estate and construct physical improvements in support of the redevelopment plan prior to the date of the Applicant's written notice of abandonment.

7. Applicant Representations

In compliance with the Operating Procedure for Obsolete Property Tax Abatements Under Public Act 146 of 2000 adopted by the City Council on November 6, 2002 and intending to induce the City to grant an OPREC to the applicant, the applicant represents that:

- a) The applicant is the owner of the obsolete property at the time of the application.
- b) The obsolete facility to be rehabilitated will not include property to be used as a professional sports stadium.
- c) The obsolete facility to be rehabilitated will not include property to be used, owned or operated by a casino or affiliated company as defined in the Obsolete Property Rehabilitation Act.
- d) The project would not have been considered without an exemption certificate.
- e) The rehabilitation project was not started prior to establishment of the district by the City of Detroit.
- f) There are no delinquent taxes on the facility or the structure being renovated.
- g) The project is in compliance with the zoning ordinance and Master Plan or steps will be taken prior to implementation of the proposed redevelopment to establish compliance with zoning and master plan requirements.
- h) If the investment to be made by the Applicant in the rehabilitation of the obsolete facility will be \$250,000 or greater, the applicant will demonstrate a commitment to meet all requirements of Executive Order 22, Executive Order No. 4 and Executive Order No. 14 during the rehabilitation of the obsolete facility by presenting an annual plan approved by

the Human Rights Department, if a written request for such plan is provided to the Applicant.

i) The Applicant will submit to the Human Rights Department a Contract Compliance Report (Form EEO-1) and a current Employer Information Report (Form EEO-2), and if requested in writing, will also submit an Affirmative Action Plan, to set forth future affirmative action goals of the applicant at the proposed obsolete property site and the means by which the applicant intends to effectuate those goals to demonstrate the Applicant's commitment to diversity in their employment.

j) The Applicant has agreed to make a good faith effort to engage subcontractors for this project that include Detroit-based businesses that are minority business enterprises and woman-owned business enterprises, and the Applicant must agree to Fair Housing Practices that meet guidelines set forth by the U.S. Fair Housing Act (42 U.S.C. 3601 through 3619).

8. Living Wage Ordinance.

The Applicant acknowledges receipt of a copy of the Detroit Living Wage Ordinance ("Ordinance") which copy is attached as Exhibit "D" and made a part hereof, and the applicant affirms that it will comply with this Ordinance unless specifically exempted by the language of the Ordinance. In the event the Applicant violates the Ordinance, the Applicant shall pay to each employee affected the amount of the deficiency for each day the violation continues. Willful or repeated violation of the Ordinance shall constitute a material breach of this Agreement and will entitle the City to revoke, or seek revocation, of the Certificate. Willful violation of the Ordinance will result in a penalty paid to the City in the amount of \$50.00 per violation for each day the violation continues. In the event the Applicant is assessed the \$50.00 penalty based on more than three (3) incidents within a two (2) year period, the Applicant shall be barred from entering into any contracts with the City for a period of ten (10) years from the last violation.

9. Prevailing Wage Requirements

The Applicant agrees that Detroit Ordinance ch 18, art 5 div 4 is made applicable to this Agreement by section 18-5-65 thereof and agrees that wage and fringe benefit rates paid to each class of building trades workers performing construction work for which an OPREC is requested shall not be less than the rate prevailing in the City. See Exhibit E for a copy of the applicable Ordinance and the rates.

10. Reservation of Remedies.

The City and the Applicant agree that each of the rights and remedies provided by this Agreement may be exercised sep-

arately or cumulatively, and shall not be exclusive of any other rights and remedies provided by law. Invalidation of any of the provisions contained in this Agreement by operation of law, judgment, court order, or otherwise shall not invalidate any of the other provisions of this Agreement.

11. Effective Date.

This Agreement shall become effective upon issuance by the Michigan State Tax Commission of an OPREC covering the facility, and shall be null and void and of no force or effect whatsoever unless the Michigan State Tax Commission issues an OPREC to the Applicant covering the Facility. This Agreement shall terminate thirty (30) days after the due date of the Status Report required by Section 3 above pertaining to the final year the OPREC is in force, or thirty (30) days after the actual filing of said Status Report, whichever is later.

12. Transfer

This Applicant agrees that this Agreement will be made a part of any transfer of the property which is the subject of the Application (the "Property"), in such a manner that the obligations of this agreement are made binding on the transferee, to the extent the transfer includes or requires continuation of the OPREC on the Property or portion of the Property transferred. The applicant agrees that any tax abatement applicable to the Property which is the subject of the application may only be transferred with the approval of the City and the Michigan State Tax Commission and that transfer of the obligations of this Agreement shall be a precondition to City approval of any transfer of the obligations of this Agreement shall be precondition to City approval of any transfer of the tax abatement. For purposes of this section, a "transfer of the property" shall include any sale of the Property or any lease of more than fifty per cent of the total usable space for a period longer than five years.

a.) It is acknowledged and understood that any portion of the Property sold or leased to individual renters or homeowners is not subject to this provision.

b.) The obligation to transfer these obligations only applies to commercial or office portions of the Property if sold to a new owner or if the entire Property is sold to a new owner.

c.) No obligations under this Agreement shall be imposed on any individual residential tenant or condominium owner.

13. Coordination with Neighborhood Enterprise Zone ("NEZ") Benefits.

Attached is a Memorandum of Understanding signed by the Applicant and the City of Detroit Assessor's office describing the procedures intended to be used to allow coordination of the OPRA

and NEZ benefits for the proposed redevelopment project.

14. Headings

The headings contained in this Agreement are for descriptive purposes only, and do not alter or govern the substantive content of the provisions of this agreement.

IN WITNESS WHEREOF, the City and the Applicant, by and through their authorized officers and representatives, have executed this Agreement as of the date first above written.

**TO OPRA CERTIFICATE AGREEMENT
PROPOSED ARGONAUT
REDEVELOPMENT PROJECT
SUMMARY OF PROCEDURES FOR
ADMINISTERING NEZ AND OPRA
INCENTIVES FOR THE PROPOSED
ARGONAUT REDEVELOPMENT
PROJECT
MIDWAY CORPORATE PLAZA, LLC**

The following materials describe the

process for administering the implementation of and potential future modifications to the Neighborhood Enterprise Zone ("NEZ") Certificates or OPRA Certificate(s) for the proposed Argonaut Building redevelopment project. It is necessary to overlay the OPRA and NEZ incentives because the proposed redevelopment includes both residential and commercial/office anticipated reuses. Because OPRA applies to the commercial/office uses but generally not residential uses, and the NEZ applies to owner-occupied residential units and generally not to commercial/office uses, it is necessary to integrate the application of both incentives within the total Argonaut Building redevelopment concept.

Section 1 Summary of procedures for establishing base taxable value for NEZ Certificates

Section 2 Summary of OPRA Certificate process and potential future modifications

Section 3 Summary of NEZ Certificate process and potential future modifications

Section 4 Purpose

Section 1

**ESTABLISHMENT OF BASE TAXABLE
VALUE — NEIGHBORHOOD
ENTERPRISE ZONE CERTIFICATES**

The Argonaut Building contains approximately 874,300 square feet. It is proposed that as many as 264 residential condominium units (and additional retail/office space condominiums) will be incorporated into the redevelopment of the Argonaut Building. Because it is difficult to predict with sufficient accuracy the actual market demand for residential condominium units, it is almost certain that the floor plan will be modified going forward, notwithstanding the initial condominiums unit floor plan layout, as market demand dictates the most desirable condominium units for sale purposes.

Therefore, the required financial incentives must have sufficient flexibility to accommodate those adjustments. In the context of the NEZ Certificates, it is essential to provide the ability to modify the size of the condominium units after the initial applications are approved (or after the certificates are issued), so that the NEZ Certificate incentives are not compromised as a result of those market-dictated changes. This summary describes the process for originally determining and later modifying the base taxable value.

After approval by the State Tax Commission, and before the NEZ Certificate is issued to the taxpayer, the initial base taxable value for each NEZ Certificate will be established by the City of Detroit Assessor's office using the following protocol: (actual number of condominium units will be substituted when the Condominium Master Deed is filed).

1. The base square footage of the Argonaut Building to be converted to condominium usable space is approximately 464,056 square feet. The total building is approximately 874,300 square feet. The difference of approximately 410,244 square feet will be general common areas (including parking) that will be taxed in general in relation to each of the condominium units. Therefore, the base square footage for assigning the base taxable value shall be 464,056 (subject to modification when the Master Deed is filed or amended).

2. The current taxable value of the building (following the settlement of the tax appeal) is \$125,000. For NEZ purposes, the taxable value is allocated against 464,056 square feet, at a resulting value of \$0.2694 dollars per square foot.

3. Therefore, assuming a base taxable value of \$0.2694 per square foot, a 1,200 square foot condominium would be assigned a net base taxable value of \$323.28 (1,200 x \$0.2694). The total base square footage will remain at 464,056 square feet regardless of any subsequent building modifications. It is understood that as portions of the building leave the OPRA or NEZ programs, that property will be subject to new updated assessments. A summary of the proposed initial assignment of taxable value by proposed condominium unit is attached as Exhibit B.

By assigning the base taxable value using this method, the City will be assured that the base taxable value of \$125,000 dollars will be secured through whatever total square footage is ultimately sold or marketed in the building.

The developer's/owner's engineer will maintain a spreadsheet of all the units in the building and the allocation of the total taxable value to each unit. Any adjustments in the future will be reflected in the spreadsheet, which will be submitted along with any requests for changes that are submitted to the Assessor's office, so that any changes can be tracked to confirm that the base taxable value is not reduced.

Section 2
SUMMARY OF OPRA CERTIFICATE
APPLICATION, APPROVAL AND
MODIFICATION PROCESS

In applying for and obtaining OPRA Certificates and NEZ Certificates, it is essential that these certificates be issued and administered with the understanding and expectation that the condominium floor plan and uses for the units will be modified before final project implementation is completed. Moreover, it is very possible that this will occur over an extended period of time because it may take four or more years to build out, complete and sell all the units. With those objectives in mind, the following procedures are proposed and agreed upon:

1. Number of OPRA Certificates

It is expected that a portion of the building will remain in a commercial/retail or office use, but the bulk of the building will be converted to residential condominiums. The OPRA Certificate application(s), once approved by the City of Detroit, will be submitted to and approved by the State Tax Commission. It is expected that the OPRA certificate(s) will be issued by the State Tax Commission in the summer of 2005. It is recognized that, regardless of the number of OPRA Certificates issued, some changes in the development plan and modifications of the OPRA Certificate(s) are inevitable.

For purpose of this discussion it is assumed that 7 OPRA certificate applications will be filed covering together the entire Argonaut building.

2. Changes to OPRA Certificates

It is expected over time that there will be changes in the planned use of the property, including converting property covered by OPRA (commercial use) into NEZ property (residential use) or vice-versa. It is our understanding from the State of Michigan that once an OPRA Certificate is issued any subsequent changes related to that certificate would be managed by the local Assessor's office and would not require any subsequent approval by the State of Michigan. In other words, the State of Michigan has taken the position that once it issues an OPRA Certificate, the State is not required to be involved in reviewing or approving any subsequent changes, and that later modifications of the project would not be problematic from the State's perspective.

Example illustrations of various scenarios are listed below as means of explaining how this process will be implemented.

A. Residential Units (NEZ)

Assume that Unit 5 of the proposed condominium is covered by an NEZ Certificate, and its pre-rehabilitation taxable value (TV) is \$348.33. Assume further that \$10,000 (TV) in improvements are made to that unit. The Unit 5 owner does not pay any additional taxes (other than some portion of increased land value — which the Assessor may determine and distinguish on the assessment rolls) on that unit despite the increase in TV. This continues for the term of the NEZ Certificate. The Assessor maintains records of Unit 5 as a discrete property subject to an NEZ Certificate, notwithstanding the fact that the OPRA Certificate literally includes the same property. In other words, it is agreed that the NEZ Certificate governs where there is an overlap between the OPRA certificate and an NEZ certificate.

B. Office Unit (OPRA)

The office space is governed by OPRA because that property is included in the

OPRA Certificate and no NEZ Certificate covers the condominium unit (this assumes that it is a single condominium unit, which may change depending on market demand). Further assume that \$100,000 (TV) in improvements are made to this unit. In accordance with OPRA, an "Obsolete Property Tax" (see MCL 125.2790) is calculated with the unit owner required to pay additional taxes consisting of the school millages applied to the increased TV¹. The Assessor's office again maintains separate records for this unit placing it on the OPRA tax roll. This process remains in effect for the duration of the OPRA Certificate.

C. Conversion from Residential (NEZ) to Office (OPRA)

All of the building will be covered by OPRA certificates. Therefore, if a portion of the building which is also covered by an NEZ Certificate is subsequently converted to a non-residential use, it is agreed that upon revocation of the NEZ Certificate, the OPRA Certificate would apply to that part of the building. The tax owed by the owner going forward would be determined based on the initial TV from the date of the OPRA application plus whatever increase in assessment has been established for that unit by the Assessor's office since the OPRA application was filed. In other words the Obsolete Property Tax owed subsequent to the revocation of the NEZ certificate would be the same as if the NEZ had never existed. The Assessor would remove the property covered by the NEZ certificate from the NEZ tax roll and add it to the OPRA tax roll.

D. Conversion from Office (OPRA) to Residential (NEZ)

If it was proposed to convert a portion of the building subject to OPRA (and not covered by an NEZ certificate) to residential use it would be necessary to redefine the limits of an existing NEZ certificate to incorporate that portion of the building. A request to expand an existing NEZ Certificate would be filed with the State Tax Commission which would, upon determining that the proposed residential property was included in the original OPRA application, issue an expanded NEZ Certificate extending NEZ coverage to the additional property. The owner would have been paying the Obsolete Property Tax on that unit up to the date it is converted to residential use subject to an NEZ. Because this action would be based on the enlargement of an existing NEZ the base taxable value for the new unit would relate back to the time when the base taxable value was determined for the initial NEZ certificate. The owner would pay the NEZ tax based on the original TV as of the date of the OPRA application. The Assessor's office would adjust the tax rolls to reflect new property

descriptions for the OPRA and NEZ tax rolls.

E. Tax Roll Listings and Taxpayer Notifications

In the event that any changes to the condominium subdivision plans are required, such changes will be filed in the normal course of practice. Any changes to the square footage per unit would be processed by the Assessor's office adjusting as needed the base TV using the square footage basis previously established. Because the Assessor's office will maintain records for each condo unit, any changes can be tracked by the Assessor's office using normal practices. This includes giving notice to each taxpayer of their annual tax liability and status.

Once the Assessor's office has received and assigned various assessments to the revised property, the Assessor's office would then send a notification to the property owners indicating the revised scope of the OPRA Certificate, for example, OPRA does not apply to that property anymore and that the NEZ Certificate would now apply to that property. Alternatively if an NEZ certificate is revoked and the property is transferred to the OPRA tax roll, likewise the Assessor's office would provide the relevant notices to the tax payers. According to the State of Michigan, if the Assessor's office carries out those procedures, the State of Michigan has no objection to that process with respect to OPRA-related issues and, in fact, expects the local Assessor to handle it in this manner without requiring approval of the State.

3. Summary

The underlying goal is to be assured in writing that, no matter how modifications of the floor layout/condominium documents are processed, the OPRA and/or NEZ Certificates and the associated benefits are not at risk due to a change in the floor plan layout or a change in use of any portion of the building. That would be an outcome that would seriously undermine financing plans for the redevelopment. Moreover, it is agreed that a change in a portion of the property, making that portion ineligible for an OPRA Certificate, does not undermine the applicability of the OPRA Certificate to the other portions of the property.

Section 3 FUTURE MODIFICATION OF NEZ CERTIFICATES

As the condominium floor plans are adjusted to meet market demand, which may require the revocation, split or consolidation of NEZ Certificates, such changes will be submitted to the State Tax Commission ("STC") for approval.

The following protocol will be used for the approval, issuance and modification of NEZ Certificates:

1. The Developer files the initial applications based on the proposed floor plan. One application will be filed for each individual unit (which is common practice for residential condominium projects) before a building permit is issued for rehabilitation. The City and STC will approve the applications within the time allowed by statute, but the STC will not issue any certificates at that time.

2. After each unit is completed, the Developer files a written request with the STC, with copy to the City Assessor, asking for the issuance of a certificate pertaining to that unit. The request will be in letter format that rather than requiring a new application form. For administrative convenience, where multiple units are involved, a separate request will not be filed for each affected unit, but instead, the requests will be consolidated and presented together to the extent possible (the Developer will attempt to file as few of those requests as possible by waiting until the floor plans are reasonably final, but last minute changes may require additional requests). The request will list the area and per square foot value of each unit covered by the request, and will include any documentation, such as Certificates of Occupancy, that may be statutorily required for effectiveness of the certificates.

3. The STC issues the certificates as requested and provides notice of such action to the City. Because the requested modifications will cover the same or less than the area that was covered under the original applications, this process will be considered to be an amendment of the original certificate applications rather than the filing of new certificate applications. The STC will issue the certificates to the developer.

4. The City adjusts its tax rolls to reflect the new unit valuations, on a per square foot value basis. Because the modified units will be a change in layout only, this modification by the City will simply involve reallocating the overall \$125,000 building value between the various units, and will not entail any detailed re-valuation of the units.

**Section 4
PURPOSE**

1. It is understood that the purpose of this summary is merely to establish certain administrative procedures for processing OPRA and NEZ applications and determine property tax valuations and assessments on properties with OPRA and NEZ Certificates located in the proposed Argonaut Building redevelopment project and not to induce Midway Corporate Plaza LLC to proceed with the proposed Argonaut Building redevelopment project.

2. The City of Detroit does not warrant or guaranty any interpretation of the

applicable law contained herein only that it is the City's intention to follow the procedures established by this document unless they are later declared or determined to be invalid or unenforceable. Any risks or assumptions derived from reliance on the validity or enforceability of the procedures established by this document are the sole responsibility of Midway Corporate Plaza LLC, its heirs, assigns or grantees.

3. If any court, tribunal or the State Tax Commission determines that the City has inappropriately or improperly processed or calculated an NEZ or OPRA benefit because the City of Detroit followed the procedures established under this agreement or any taxing jurisdiction obtains a ruling that any taxes abated or captured from such jurisdiction must be repaid by the City of Detroit as a result of complying with this agreement, then Midway Corporate Plaza LLC, on behalf of itself, its heirs and/or assigns shall make whole the City of Detroit from and against all costs and expense (including but not limited to, actual reasonable attorney fees and costs incurred in the investigation, defense and settlement of such claims) related to the processing or calculation of NEZ or OPRA benefits under this agreement.

RESOLUTION IN SUPPORT OF THE MICHIGAN HISTORIC REHABILITATION TAX CREDIT

By COUNCIL MEMBER K. COCKREL, JR.:

WHEREAS, The Detroit City Council has been informed that the Michigan Legislature is considering reducing or eliminating the Michigan Historic Rehabilitation Tax Credit as a budget-balancing measure, and

WHEREAS, The Michigan Historic Rehabilitation Tax Credit has been a valuable tool in places large and small all across Michigan in encouraging development and protection of historic resources, and

WHEREAS, The preservation and rehabilitation of historic resources has enormous value in encouraging the health

WHEREAS, The Michigan Historic Rehabilitation Tax Credit gives Michigan a competitive advantage in attracting quality development to the state, and

WHEREAS, All evidence supports the fact that the loss to the Michigan Treasury derived from the Michigan Historic Rehabilitation Tax Credit is more than offset by increased income taxes, business taxes, and sales taxes from the projects thus enabled, and

WHEREAS, The City of Detroit has long been a leader in this state in protecting its historic resources through local designation, and, as a result, has provided the opportunity to developers and homeowners to benefit from the Michigan Historic Rehabilitation Tax Credit;

NOW, THEREFORE, BE IT RESOLVED, That the Detroit City Council hereby expresses its support for the continuation of the Michigan Historic Rehabilitation Tax Credit and urges the State Legislature to recognize that the credit provides a win-win situation for the entire state, including the state treasury, and

BE IT FURTHER RESOLVED, That the City Clerk is hereby requested to convey this resolution to the Governor of Michigan, to the leadership of the Michigan Legislature, to the Detroit delegation to the Michigan Legislature, and to members of any committee of the Michigan Legislature which would consider proposals relating to the Michigan Historic Rehabilitation Tax Credit.

**Invocation Given By
Rev. Richard E. Robinson
Epiphany Lutheran Church
933 West Seven Mile Road
Detroit, Michigan 48203**

Dear God,

As we begin this session of city work, help us to be thankful for the positions we have as leaders that we may understand the depth of responsibility, yet not be overwhelmed by it. Keep before us the nature of this beast we call leadership, the danger of allowing ourselves to be put on pedestals, and the fine line we walk between effectiveness and self-promotion. Remind us why we began this work, the passion we had when we first came, and the promises we made to ourselves to make a difference. Help us accept the boat in which we find ourselves, the role we have in the boat, and the fact that no matter what color we see the boat as, we are all in the same one.

As we look to the immediate future, open our minds to see the possibilities within the impossible. Open our hands to connect with those we touch each day, realizing that each touch changes us, and them. Open our hearts to identify and feel the pain of those who suffer, before we begin the hunt for solutions. Open our ears to hear words of those who speak through anger and frustration and learn what they are saying to us. Then open our

mouths to speak the message of hope, not just in our words, but through our whole body.

And as we finish this day, help us to look back on it and see problems squarely faced, failures honestly accepted, and successes deeply appreciated.

In Jesus name, AMEN.

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for 4340 and 4154 Aretha Avenue in the Woodbridge Estates NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office an application from Scripps Park Associates, LLC for a Neighborhood Enterprise Zone (NEZ) certificate within the Woodbridge Estates NEZ. Your Honorable Body approved the Woodbridge Estates NEZ designation on September 19, 2001. City Planning Commission staff has reviewed the application and recommends approval.

A certificate is being requested for 4340 and 4154 Aretha Avenue, which are confirmed to be within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. Scripps Park Associates, LLC, has applied for the certificates, prior to the issuance of building permits, on behalf of the future owners who will occupy the properties. It is appropriate for them to apply for certificates at this time, even if buyers have not yet been identified. The State Tax Commission, however, will not issue a certificate until an owner is identified. When an owner is identified, he or she can then apply for the certificate. At that time, it would not be necessary for City Council to pass another resolution.

The petitioner proposes to build single-family homes. The sites have been cleared and construction is anticipated to begin soon. The developer will need to submit to the State Tax Commission the parcels that are to receive the certificates with a map showing the parcels.

Please let us know if you have any questions.

 Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for 2562 and 2572 John R in the Crosswinds Communities/Brush Park NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office 2 applications from Crosswinds Communities Inc. for Neighborhood Enterprise Zone (NEZ) certificates within the Crosswinds Communities/Brush Park NEZ. Your Honorable Body approved the Crosswinds Communities/Brush Park NEZ designation on July 17, 1996. Certificates are being requested for 2562 and 2572 John R.

The properties involved are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. The developer has applied for the certificates, prior to the issuance of building permits, on behalf of future owners who will occupy the property. The State Tax Commission, however, will not issue a certificate until an owner is identified. When an owner is identified, he or she can then apply for the certificate. At that time, it would not be necessary for City Council to pass another resolution.

The petitioner proposes to construct two single family attached homes on these lots. They will need to submit to the State Tax Commission a list of the parcels that are to receive the certificates with a map showing the parcels.

The City Planning Commission staff recommends approval of the requested certificates in the Crosswinds Communities/Brush Park NEZ. Please contact Mr. Gregory Moots of my staff at 224-2110 with any questions.

City Planning Commission

Honorable City Council:

Re: Neighborhood Enterprise Zone Certificate Applications for designated units in 465-485 W. Milwaukee within the Orton Development (aka Argonaut Building) Neighborhood Enterprise Zone (Recommend Approval).

The office of the City Planning Commission (CPC) has received 264 applications for Neighborhood Enterprise Zone (NEZ) certificates for 465-485 W. Milwaukee, Units 1 through 264 in the Argonaut Building NEZ listed on Attachment A, forwarded from the Office of the City Clerk. CPC staff has reviewed the applications and recommends approval of the certificates.

The subject properties have been confirmed as being within the boundaries of the NEZ. The Master Plan designation for this area is Major Commercial. The 264 certificates for the units located in the subject property involve the conversion of a former commercial space into residential lofts.

It should be noted that the developer is requesting 17 year abatements. Recent amendments to the Neighborhood Enterprise Zone Act (Public Act 147 of 1992 as amended) allow for a certificate to remain in effect for up to 17 years for a "qualified historic building". §207.782 Sec. 12 (4) Duration of certificate states, in part: "...a neighborhood enterprise zone certificate in effect for a rehabilitated facility constituting all or a portion of a qualified historic building shall remain in effect for 11 to 17 years from the effective date of the certificate as determined by the governing body of the local governmental unit..."

A "qualified historic building" is one that is listed on the national register of historic places of the state register of historic sites, as per §206.266 of the Income Tax Act (Public Act 281 of 1967 as amended). Attached is a letter concerning the status of the listing of the Argonaut Building on the National Register of Historic Places. The Historic Designation Advisory Board staff has also confirmed that the building has been nominated by the State Historic Designation Officer and is pending national designation.

Honorable City Council:

Re: Petition #1196 (2003), Daniel Baxter requesting historic designation for the Ossian Sweet House at 2905 Garland.

Some time ago, your Honorable Body adopted a resolution directing this board to study the subject property for historic designation.

Unfortunately, in spite of efforts working with interested parties, we were not able to identify a person to serve as one of the required *ad hoc* members of the Advisory Board within the statutory twenty-one day period. As that process thus failed to meet the requirements of law, we believe that Council's original resolution should be regarded as void.

With the assistance from Ms. Tinsley-Talabi's staff, we have now identified a person to serve as the second *ad hoc* member. Therefore, we are submitting a new resolution for study and a resolution appointing Ruby Baxter of 2905 Garland as the *ad hoc* member representing the ownership and Damon Terrell of 4434 Grayton as the *ad hoc* representing the community interest. Mr. Terrell is associated with Mack Alive.

Respectfully submitted,

WHEREAS, The Proposed Ossian Sweet House Historic District is a single property located at 2905 Garland Avenue; and

there are reasonable grounds for such a request,

NOW, THEREFORE, BE IT

RESOLVED, That the City Council hereby directs the Historic Designation Advisory Board to conduct studies to determine whether the proposed Ossian Sweet House Historic District meets the criteria for historic designation and to issue appropriate reports in accordance with the Michigan Local Historic Districts Act and Chapter 25-2 of the Detroit City Code.

Honorable City Council:
 Re: Tax Cancellations.

The City of Detroit, through the Planning and Development Department, acquired the attached lists of properties. The properties were acquired by State Tax Reversions, Judicial Tax Foreclosure proceedings, County Deeds and under the Condemnation process. Under the City Charter and MCL 211.67a, City of Detroit property tax liens and special assessments are cancelled effective the date of the applicable legal documents.

Therefore, the attached items are cancelled by operation of Law. Please submit the attached report to the next Assessor's Board of Review for tax-exempt status including 2003 and subsequent years. This memo is for informational purposes only.

Respectfully submitted,
 FREDERICK M. ROTTACH

Honorable City Council:

Re: Request to accept the "Detroit Operation Take-Back Narcotics Enforcement" grant as earmarked in the 2005 appropriations bill from the United States Department of Justice (USDOJ).

The United States Department of Justice has awarded the Detroit Police Department's narcotics Section a grant in the amount of \$98,664, with **no cash match**, as part of the Detroit Earmarks in the 2005 Omnibus Appropriations Bill. The grant is entitled "*Detroit Operation Take Back Narcotics Enforcement*".

The Detroit Police Department will increase enforcement of illegal narcotic violations in high crime areas, the execution of search warrants at known drug houses, and provide training and equipment to narcotic enforcement officers.

Under the "Operation Take Back" grant, the Detroit Police Department will exhibit "zero tolerance" for narcotics violations within the City of Detroit. The Narcotics Section has projected a 50% increase of search warrants executed, a reduction in drug related shootings and critical injuries by 25%, and a reduction of narcotics activities by 50%, within the Third, Fifth, Tenth, Eleventh and Twelfth Precincts. If approved, Lieutenant Ricky Brown, Commanding Officer of the Narcotics Section, will be the Project Director for the grant.

Participation requires the approval of Your Honorable Body, via adoption of the attached resolution. The Board of Police Commissioners has been notified of the grant and approved participation.

If you have any additional questions or concerns regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

Recreation Department

July 20, 2005

Honorable City Council:

Re: Authorization to accept a grant from the Michigan Department of Natural Resources to create an In-Town Youth Camp at Rouge Park.

The Detroit Recreation Department is hereby requesting the authorization of your Honorable Body to accept and expend \$407,000 from the Michigan Department of Natural Resources Trust Fund for the creation of an **In-Town Youth Camp at Rouge Park**. The Recreation Department is further requesting your authorization to expend \$143,000 from its Capital dollars, as our matching contribution, for a total project cost of \$550,000.

The Trust Fund grant will enable the Department to create an in-town camp and family picnicking area by adding a

restroom, small play area, nature observation areas, hiking trail, camp activity/family picknicking stations and other camp amenities in the area of Rouge Park, where W. Chicago and W. Parkway meet.

With your authorization, the Department will set up Appropriation No. 11909 for this grant project. Within that Appropriation, the grant of \$407,000 will be received in Cost Center 398437. The matching funds of \$143,000 will be drawn from the Department's 2005-06 Capital Budget, from Cost Center 398438.

We respectfully request your approval to accept and expend these funds by adopting the following resolution, with a Waiver of Reconsideration.

Sincerely,
CHARLES BECKHAM

RESOLUTION

By ALL COUNCIL MEMBERS:

WHEREAS, Hurricane Katrina, the tropical storm that devastated Louisiana, Mississippi, and Alabama on August 29, 2005, is one of the worst national disasters of record to strike the United States; and

WHEREAS, This hurricane is believed to have cost the lives of an estimated 10,000 people, caused more than \$30 billion in property damage and loss, and displaced more than 500,000 American citizens; and

WHEREAS, The failure of the United States government to consider and plan for the possibility of the occurrence of a storm of Hurricane Katrina's magnitude has only served to exacerbate the devastation in the area due to the lack of adequate federal funding for improvements and repairs to Lake Pontchartrain's levees and pump stations; and

WHEREAS, The United States government has further failed to operate in the best interest of the residents of New Orleans and others in the Gulf Coast in a timely manner by 1) not anticipating the number of residents who simply did not have the means to evacuate the area without assistance; 2) not providing food, water, and medical assistance to those unable to evacuate; 3) not providing food, water, and medical assistance to those who heeded the government's request to abandon their homes; and 4) impeding the emergency relief efforts offered by local agencies and voluntary organizations, while blatantly allowing the television and news media unrestricted access to the areas claimed to be most hazardous; and

WHEREAS, The United States government's failures to respond in a timely and appropriate manner to the devastated victims of Hurricane Katrina stands in stark contrast to the coordinated and competent relief efforts and assistance provided to victims of other recent hurricanes and natural disasters; and

WHEREAS, The United States government, through its agents, has further

encouraged the belittlement and inhumane treatment of the displaced victims of Hurricane Katrina by repeatedly referring to these American citizens as "refugees" instead of the term "evacuees" which properly classifies their survival and need for food, shelter, and medical care; and

WHEREAS, Though it is estimated that the cost to rebuild the City of New Orleans and other areas of the Gulf Coast is in excess of \$150 billion, temporary and permanent housing, food, clothing, and other basic essentials is immediately needed for the more than 500,000 displaced victims; and

WHEREAS, As the legislative branch of the City, the Detroit City Council cannot follow the example set by the United States Government in its lackadaisical approach to this national tragedy; and NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council publicly encourages the provision of all feasible aid to the restoration of the affected areas of the Gulf Region as well as supporting those displaced persons who relocate to the City of Detroit by: finding buildings and habitable homes suitable for transitory housing; providing medical and mental health assistance; as well as coordinating with the State, other local agencies, and organizations in the collection of donations.

Yeas — Council Members K. Cockrel, Jr., S. Cockrel, Collins, Watson, and President Mahaffey — 5.

Honorable City Council:

Re: Petition Number 2433 — Request for City Council Approval for the Issuance of a Michigan Liquor Control Commission Dance-Entertainment Permit to 673 Franklin, LLC, for a Group 'A' Cabaret.

Section 916(6)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the

MLCC has forwarded to the Detroit City Council a Local Approval Notice (Request ID Number 257519), which has been designated by the City Clerk as Petition Number 2433. The Local Approval Notice requests City Council approval or disapproval of a request for a dance-entertainment permit in conjunction with the transfer of ownership of a Class "C" liquor license, in escrow at 673 Franklin, from Raavi Enterprise, Inc., to 673 Franklin, LLC.

Buildings and Safety Engineering Department ("B&SE") records indicate that 673 Franklin is located in a SD-4 (Special Development District-Riverfront Mixed Use) zoning district and the current legal conditional use of this property is "Standard Restaurant, Class "C" Bar and Cabaret (nightclub) per building permit number 84584, dated July 13, 2005, by virtue of B&SE Case Number 80-05. Pursuant to the Detroit Zoning Ordinance, the continued use of this property for a Group 'A' cabaret is permitted subject to compliance with all of the grant conditions of approval and all relevant codes and City ordinances.

Pursuant to Section 5-7-1 of the 1984 Detroit City Code, a Group 'A' cabaret business license is required for an establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without dancing. Consumer Affairs Business License Center records indicate that 673 Franklin, LLC, by owner Lisa Diponio, has applied for a Group 'A' cabaret license and a restaurant license for the location. A representative of 673 Franklin, LLC, has stated that the premises at the subject location are in the process of being renovated and that final City inspections will be obtained when the work is completed. Further, 673 Franklin, LLC, will have to meet the other applicable requirements of the 1984 Detroit City Code prior to the issuance of a Group 'A' cabaret for the location.

After investigation and review, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended the approval of the transfer of the liquor license and the issuance of a dance-entertainment permit to 673 Franklin, LLC, for the location. 673 Franklin, LLC, and Lisa Diponio do not operate any other MLCC licensed premises within the City and there have not been any MLCC violations or serious crimes at the location for the preceding twelve (12) months.

Therefore, upon this Body's approval of the request for the issuance of a dance-entertainment permit and the issuance of a Group 'A' cabaret license by the Consumer Affairs Business License

Center to 673 Franklin, LLC, the location will be approved for dance-entertainment on the premises. Pursuant to Section 916(1) of the Liquor Control Code, being MCL 436.1916(6)(1), the issuance of a dance-entertainment permit does not allow topless activity on the premises. Further, Section 5-7-13 of the 1984 Detroit City Code prohibits adult entertainment in an establishment licensed as a Group 'A' cabaret.

The Law Department recommends that this matter be placed on the City Council's agenda for the approval or disapproval of the requested dance-entertainment permit in accordance with this Body's August 1, 2003 and July 7, 2004 resolutions on the procedures and criteria for the approval or disapproval of such permits. Attached is a proposed resolution approving the issuance of the dance-entertainment permit to 673 Franklin, LLC.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,
BRENDA E. BRACEFUL

Deputy Corporation Counsel

By Council Member McPhail:

Whereas, Section 916(6)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located;

vated and will operate as a restaurant and a Group 'A' cabaret subject to final City inspections and compliance with all of the grant conditions contained in B&SE Case Number 80-05 and all relevant codes and City ordinances;

Whereas, Upon this Body's approval of the request for the issuance of a dance-entertainment permit and the issuance of a Group 'A' cabaret license by the Consumer Affairs Business License Center to 673 Franklin, LLC, the location will be approved for dance-entertainment on the premises;

Whereas, Pursuant to Section 916(1) of the Liquor Control Code, being MCL 436.1916(6)(1), the issuance of a dance-entertainment permit does not allow topless activity on the premises and Section 5-7-13 of the 1984 Detroit City Code prohibits adult entertainment at a location licensed as a Group 'A' cabaret; and

Whereas, The Detroit City Council has considered the Local Approval Notice for the approval of the issuance of a dance-entertainment permit to 673 Franklin, LLC, for the location in accordance with this Body's August 1, 2003 and July 7, 2004 resolutions on the procedures and criteria for the approval or disapproval of the issuance of MLCC dance, entertainment, or topless activity permits to licensed locations.

Now Therefore It Is Resolved, Pursuant to Section 916(6)(b) of the Michigan Liquor Control Code, being MCL 436.1916(6)(b), that the Detroit City Council, approves the issuance of a dance-entertainment permit to 673 Franklin, LLC, for the location; and

It Is Further Resolved, That copies of this Resolution, and the City Clerk's certi-

fication of this approval of MLCC Request ID Number 257519, be forwarded to the Michigan Department of Consumer and Industry Services, Liquor Control Commission, 7150 Harris Drive, P.O. Re: Address: 8511 Dexter. Name: Rose B. Jones. Date ordered removed: January 3, 2001 (J.C.C. p. 29).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

The owner has paid the current taxes due as of July 25, 2005.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation

is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Honorable City Council:

Re: Address: 11400 Camden. Name: Christian Gary. Date ordered removed: March 28, 2005 (J.C.C. p.).

In response to the request for a deferral of the demolition order on the property

noted above, we submit the following information:

A special inspection on August 11, 2005 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of August 4, 2005.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Respectfully submitted,

Director

Budget Department

September 1, 2005

Honorable City Council:

Re: Amendment to FY 2005-06 Budget for Board of Ethics.

An independent Board of Ethics was established pursuant to the 1997 Detroit City Charter. Section 2-106 of the Charter and City Code Sec. 2-6-94 provides for annual appropriations of funds sufficient to enable the Board to perform its duties. With the adoption of the FY 2005-06 Budget, funding for the Board of Ethics Agency was eliminated and its support services relegated to the Law Department. This action is inconsistent with charter and ordinance provisions.

Therefore, the Budget Department requests this amendment to the FY 2005-06 Budget to provide the necessary funds for the operations of the Board of Ethics.

The attached resolution authorizes an increase in Revenue Appropriation No. 04739, 462250 Rental Fees and increase to Appropriation No. 10397, 350165 Board of Ethics.

A waiver of reconsideration is requested.

Respectfully submitted,
ROGER SHORT
Budget Director

By Council Member McPhail:

requesting the authorization of your Honorable Body to expend the funds from the National Historic Preservation Fund is attached, with a waiver of reconsideration.

Questions may be directed to Ms. Goldstein or myself.

City Planning Commission
September 13, 2005

Honorable City Council:

Re: Recommendations for Horse-Drawn Carriage Rates.

In an effort to establish a fee schedule for horse-drawn carriage operators that is competitive but will provide a reasonable income to the operators, City Planning Commission (CPC) staff has conferred further with Mr. Speed Miller of Sunset Carriage. Based on our discussion, we propose the following fee schedule to replace the fee schedule approved by the City Council on July 29, 2005:

- Maximum rate of \$40.00 for the first 20 minutes
- Rate of \$10.00 for an additional 10 minutes

By setting a maximum rate, any horse-drawn carriage operator would have the flexibility to lower the price based on market demand, consideration for senior citizens, etc.

We have been unable to confer with Mr. Al Fields, Director of the Consumer Affairs Department, to ascertain his position on the revised rates. Hopefully, we can get Mr. Fields' concurrence prior to the Council's formal session on September 14, 2005, so that Mr. Miller can move forward with his horse-drawn carriage service.

In the interest of helping to move this matter along, CPC staff has prepared the attached resolution for your consideration. It would need Mr. Fields' authorization prior to adoption.

WHEREAS, A portion of the Project Area and a portion of the Project District Area for the Project are within areas addressed in the East Riverfront District Plan. It is appropriate to amend and restate the Original Plan as the Amended and Restated Project Plan to bring the Project within the scope of the East Riverfront District Plan, and

Department of Environmental Affairs
July 19, 2005

Honorable City Council:
Re: MDEQ Site Reclamation Program Resolution to Establish An Appropriation.

The Department of Environmental Affairs (DEA) is seeking your Honorable Body's approval to establish an Environmental Response Program appropriation to utilize \$518,803.61 received through cost recovery actions taken by the City pursuant to the Rockwell/Fort and Clark Site Reclamation Grant Agreement with the Michigan Department of Environmental Quality (MDEQ). Under the Agreement the City was obligated to seek recovery of funds spent on the Rockwell/Fort and Clark site from the responsible parties. Any revenue received from cost recovery actions must be used for environmental response activities approved by the State and must be deposited, in a segregated interest bearing account. Four Hundred Fifty Five Thousand and 00/100 Dollars, (\$455,000.00), was recovered by the City, deposited into Fund 3606 and will be expended through the new appropriation.

The Agreement also provided that City seek reimbursement of eligible expenses under the Michigan Underground Storage Tank Financial Assurance (MUSTFA) Program. Any revenue received as a MUSTFA reimbursement also must be used for environmental response activities approved by the State and to be deposited, in a segregated interest bearing account. Sixty Three Thousand Eight Hundred Three and 61/100 Dollars (63,803.61) have been reimbursed under this program and will be expended through the Environmental Response Program. These funds are currently on deposit at the Planning and Development Department in the Urban Land Reclamation Account.

For accounting and audit purposes, we have determined that it would be appropriate to establish a separate appropriation, number 11916, and move the \$518,803.61 detailed above into the new appropriation for use under the Environmental Response Program.

We respectfully request your Honorable Body's approval of the attached resolution authorizing the City of Detroit, through the Director of the Department of Environmental Affairs, establish an Environmental Response appropriation, and, to authorize the Finance Director to establish appropriation number 11916, transfer funds, honor vouchers and payrolls when submitted in accordance with

Human Resources Department Administration

June 1, 2005

Honorable City Council:

Re: Request to amend the 2004-2005 Official Compensation Schedule to implement a new rate for Supervising Housing Rehabilitation Specialist (19-80-41).

To improve the efficiency of operations and to eliminate the need to contract out the lead abatement function, the City of Detroit negotiated additional compensation for Housing Rehabilitation Specialists who acquire State of Michigan Lead Inspector/Risk Assessor certification. The negotiated rate created parity with other certified inspector classifications.

The Planning and Development Department has required that all Supervising Housing Rehabilitation Specialists attain State of Michigan Lead Inspector/Risk Assessor certification. This request increases the salary for that class to the level of other State certified supervising inspector classifications. All employees holding this title have attained certification.

The Department concurs with this recommendation.

Planning & Development Department

July 15, 2005

Honorable City Council:

Re: Waterfront East Development Project Request for Approval to Transfer Land from City to EDC.

The Planning and Development Department previously recommended to your Honorable Body approval of the amendment proposed by the Economic Development Corporation of the City of Detroit (the "EDC") for the Waterfront Reclamation and Casino Development Project Plan. The Planning and Development Department is with this letter requesting approval of your Honorable Body for transfer, subject to a land transfer agreement, to the EDC of City owned land designated for mixed use residential, infrastructure and future state park development, as provided in the Amended and Restated Waterfront East Development Project Plan. The EDC will be required to solicit proposals for development of the properties designated for mixed use residential development and, upon completion of various improvements, to return to the City land developed for public infrastructure and public open space or, in the case of the state park site, to lease the land to the state or to return the land to the City for lease to the state.

A resolution is attached hereto for consideration by your Honorable Body.

WHEREAS, The City of Detroit Council on ___, 2005 (J.C.C. ___-___) approved Economic Development Corporation of the City of Detroit ("**EDC**") Project Plan for the Waterfront East Development Project (the "**Project Plan**"); and

WHEREAS, Pursuant to the Project Plan, the City has agreed to transfer certain property to the EDC for use in accordance with the Project Plan (hereinafter referred to as the "**Property**") and described in Exhibit A, which Exhibit A is attached hereto and made a part hereof by this reference, for development in accordance with the terms and conditions of this Transfer Agreement; and

WHEREAS, The City has agreed to transfer the Property in accordance herewith; and

WHEREAS, The City and the EDC have determined that the transfer of the Property by the City to the EDC is in the best interests of the City of Detroit and will promote economic growth in the City of Detroit.

NOW, THEREFORE, In consideration of the foregoing premises and of the

covenants and agreements hereinafter contained, it is mutually agreed as follows:

ARTICLE I

1.01 Sale. Subject to the terms, covenants and conditions of this Transfer Agreement, the EDC agrees to purchase and the City agrees to convey the Property for the price of One Dollar (\$1.00).

1.02 Title Commitment and Insurance. Within forty-five (45) days after the Effective Date, the City will obtain and provide to the EDC a commitment for title insurance insuring marketable title to a fee simple interest in the Property. The City's rights under this Article shall run with the land and shall be set forth in the quitclaim deeds to be delivered by the City to the EDC in accordance with Section 1.03 hereof and in each subsequent instrument of conveyance by the EDC or its successors in interest. Attachments A-4(a) and A-4(b) to the Project Plan do not reflect the final utilization of the Property. Honorable City Council:

Re: Property For Sale By Development Agreement. Development: 8051 thru 8087 Dobel.

On July 31, 2001 (Detroit Legal News, Pg. 12), your Honorable Body authorized

the sale of the above-captioned property via a Development Agreement to St. James Missionary Baptist Church, a Michigan Ecclesiastical Corporation, for the purpose of constructing a parking lot. This property measures approximately 21,000 square feet and is zoned by R-1 (Single-Family Residential District). This use was granted by the Board of Zoning Appeals (BZA) on June 26, 2001 and extended on August 17, 2005.

Due to unanticipated repairs needed to their worship facility and other circumstances beyond their control, the Developer was unable to proceed and your Honorable Body rescinded the sale on May 6, 2002 (Detroit Legal News, Pg. 9). All financial and other related concerns have now been addressed and the Developer again wishes to purchase the property.

We, therefore, request that your Honorable Body adopt the sale and authorize the Planning and Development Department Chief Development Officer to execute an agreement to purchase and develop this property with St. James Missionary Baptist Church, a Michigan Ecclesiastical Corporation, together with a deed to the property and such other documents as may be necessary to effect the sale.

Respectfully submitted,

WALTER C. WATKINS, JR.

Re: Establishment of the Art Center
Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description, which will establish the Art Center Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on July 27, 2005, as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall, the Petit Bateau, LLC proposes to invest \$6 million to construct 34 residential dwellings. The average unit price will be \$239,000.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing was July 7, 2005 and we therefore recommend that you approve the resolution at your next regular formal session.

Respectfully submitted,
WALTER C. WATKINS, JR.
Chief Development Officer

By Council Member Collins:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Art Center NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Art Center NEZ was conducted before the Detroit City Council on July 29, 2005, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Art Center NEZ are known:

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Art Center NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Honorable City Council:

Re: Surplus Property Land Sale/2332 Fifth Street.

By resolution adopted April 17, 2003, subsequently corrected by resolution adopted May 21, 2003, City Council authorized the sale of Development Parcel 262 consisting of properties located at 2231 Third Street, 2221 and 2301 Fourth Street, together with Elton Park, to MGM Grand Detroit, LLC ("MGM") for a sale price of \$2,225,500.00. Those properties are within a larger parcel on which MGM proposes to construct its permanent gaming facility, with hotel and associated parking, to comply with its Casino Development Agreement obligations to the City of Detroit.

It has come to our attention that a fifth parcel, identified by street address as 2332 Fifth Street, was inadvertently omitted from the list of properties for which Council's land sale approval was sought. That property was acquired by the City by deed from the State of Michigan, which acquired an interest in the property by way of a 1993 tax sale, subject to the former property owner's right to redeem the property upon payment of delinquent taxes plus accrued penalties and interest in accordance with MCL 211.131e. MGM has acquired the former owner's redemption right. In lieu of redeeming the property from the tax sale, it has offered to pay the redemption price amount (calculated as Five Thousand Two Hundred Forty Six and 46/100 Dollars (\$5,246.46), including penalties and interest through September, 2005) in exchange for a quit claim deed from the City. Acquisition of the parcel is required in order for it to complete the land assemblage that is a precondition of its performance of its obligation to construct a permanent Casino Complex. Selling the parcel under these terms accomplishes the same results as a tax redemption, without the delay and expense of the redemption process.

We therefore request that your Honorable Body adopt the attached resolution to approve the land sale and authorize the City's Chief Development Officer or his designee to execute any and all such documents as may be necessary to complete the transaction.

Waiver of reconsideration is requested.
Respectfully submitted,
WALTER C. WATKINS, JR.
Chief Development Officer

By Council Member McPhail:

Resolved, That the City of Detroit's Chief Development Officer or his designee be and is hereby authorized to execute and deliver a quit claim deed and such other documents as may be necessary to effect the land sale transaction described in the foregoing communication for the following described parcel:

A triangular portion of Lots 8 and 3, Block 9, Crane and Wesson's Section of the Forsyth Farm, part of Private Claim 23, as recorded in Liber 44 of Deeds, Pages 10 and 11, Wayne County Records, described as being the East 21.43 feet on the South line and the South 15 feet on the East line of Lot 8 and being the South 15 feet on the West line and the South 33.86 feet on the East line of Block 3.

a/k/a 2332 Fifth Street, Tax id #: Ward 4, Item 4143

upon payment to the City of a purchase price equal to the redemption price for the parcel calculated to include unpaid taxes and accrued penalties and interest.

Honorable City Council:

Re: Amendment of Sales Resolution. Development: Parcel 247B; generally bounded by Oakland, Hague, E. Grand Blvd. & Walter P. Chrysler Freeway.

On March 16, 2005, your Honorable Body authorized the sale of the above captioned property to Vanguard Community Development Corporation, a Michigan Non-Profit Corporation, for the purpose of constructing twenty-four (24) single-family homes in Phase I of their development.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing an amendment to the sales resolution to reflect a correction of the legal description and the name of the purchaser from Vanguard Community Development Corporation, a Michigan Non-Profit Corporation to Melrose Square Homes, LDHALP, a Michigan Limited Partnership.

Respectfully submitted,

Honorable City Council:

Re: Uniroyal Site Request For Approval To Transfer Land From The City To The DBRA.

The Planning and Development Department has been working closely with the Economic Development Corporation of the City of Detroit (the "EDC") and the Detroit Brownfield Redevelopment Authority (the "DBRA") in connection with selecting the developer to remediate and develop the former Uniroyal site on the East Riverfront. These negotiations have resulted in the execution of a Development Agreement between the DBRA and a developer, Bettis/Bettors Development, LLC ("Bettis/Bettors"). Pursuant to the terms of the Development Agreement, Bettis/Bettors is obligated to oversee the remediation of the site, install infrastructure improvements, and build \$25 million dollars of additional improvements on the site. The developer will invest several tens of millions of dollars in the site as a result of the Development Agreement. The Agreement calls for the transfer of the property to Bettis/Bettors for the sum of \$400,000.00. That sum will be used by the DBRA to pay obligations the City incurred in connection with the demolition of buildings previously located on the site and to pay administrative costs associated with the development.

The Planning and Development Department is, with this letter, requesting approval of your Honorable Body for transfer, subject to a land transfer agreement, to the DBRA of the City-owned Uniroyal site for further transfer to the Developer as provided in the Development Agreement.

A resolution is attached hereto for consideration by your Honorable Body.

Respectfully submitted,
WALTER C. WATKINS, JR.

Director of Development
By Council Member McPhail:

Whereas, The Detroit Brownfield Redevelopment Authority ("DBRA") has entered into an agreement to purchase and develop land with Bettis/Bettors Development, L.L.C. ("Bettis/Bettors") ("Development Agreement") for the purposes of inducing Bettis/Bettors to develop an environmentally distressed property, commonly known as the Uniroyal site ("the Property"); and

Whereas, The Development Agreement contemplates the transfer of the Property (as more particularly described in Exhibit A attached hereto) from the City of Detroit to the DBRA; and

Whereas, The Detroit City Council has determined that transferring of the Property to the DBRA for reconveyance to Bettis/Bettors in a manner consistent with the Development Agreement will serve a valid public purpose and will benefit the public by increasing employment opportunities within the City, promoting the location, relocation, expansion, and retention of commercial enterprises within the East

Riverfront District of the City, preserve and improve the aesthetic quality and economic health of the City, help provide housing for the citizens of the City of Detroit, increase taxes and other revenues for the City, and remediate a long, unused parcel of property within the City; and

Whereas, The Detroit City Council has determined that transferring the Property to the DBRA for one dollar (\$1.00), for reconveyance to Bettis/Bettors in a manner consistent with the Development Agreement is in the best interest of the City, will serve a valid public purpose and will benefit the public by increasing employment opportunities within the City, promoting the location, relocation, expansion and retention of commercial enterprises within the East Riverfront District of the City, preserve and improve the aesthetic quality and economic health of the City, help provide housing for the citizens of the City of Detroit, increase taxes and other revenues for the City, and remediate a long, unused parcel of property within the City;

Now, Therefore, Be It Resolved, That the Director of the Planning & Development Department of the City of Detroit is hereby authorized to execute a Belleview Project Land Transfer Agreement in a form substantially consistent with Exhibit B attached hereto (the "Transfer Agreement") for the transfer to the DBRA of the property described in Exhibit A for the consideration of one dollar (\$1.00), pursuant to the terms of the Development Agreement; and

Be It Further Resolved, That the Transfer Agreement be considered confirmed when executed by the Director of the Planning and Development Department, and approved by the Corporation Counsel as to form; and

Be It Further Resolved, That the Director of the Planning & Development Department is hereby authorized to execute and deliver deeds and all other documents necessary or convenient for the consummation of the transactions described above pursuant to and in accordance with the Development Agreement and the Transfer Agreement.

WHEREAS, P&DD has collaborated with the DBRA for the purpose of creating

a development plan for the property commonly known as the Uniroyal site (the "Property" which is more particularly described in Exhibit A attached hereto), located in the East Riverfront District that is consistent with District Plan; and

WHEREAS, Pursuant to Act 381, one of the purposes of the DBRA is to promote the revitalization of environmentally distressed areas and to acquire and dispose of certain properties which are environmentally impacted; and

WHEREAS, The Property is an environmentally distressed property; and

WHEREAS, The DBRA has entered into an Agreement to Purchase and Develop Land by and between the Detroit Brownfield Redevelopment Authority and Bettis/Bettters Development, L.L.C. (the "Development Agreement"); and

WHEREAS, On June 28, 2005 the Board of Directors of the DBRA approved a resolution authorizing the execution, delivery, and performance of the Development Agreement; and

WHEREAS, Pursuant to the terms of the Development Agreement, upon the satisfaction of the conditions contained in the Development Agreement, the DBRA is obligated to transfer the Property to the Developer; and

WHEREAS, The City currently holds title to the Property and is desirous of furthering the development of the Property and completing its rehabilitation pursuant to the terms of the Development Agreement; and

WHEREAS, The City and DBRA have determined that the transfer of the Property by the City to the DBRA is in the best interest of the City of Detroit and will promote economic growth in the City of Detroit.

NOW, THEREFORE, In consideration of the foregoing premises and of the covenants and agreements hereinafter contained, it is mutually agreed as follows:

ARTICLE I

1.01 Sale. Subject to the terms, covenants and conditions of this Transfer Agreement, the DBRA agrees to purchase and the City agrees to convey the Property for the price of One Dollar (\$1.00).

1.02 Title Commitment and Insurance. Within forty-five (45) days after the Effective Date, the City will obtain and provide to the DBRA a commitment for title insurance insuring marketable title to a fee simple interest in the Property. Upon delivery of the deeds to the Property in accordance with Section 1.03 hereof, the City will cause to be issued one or more title insurance policies consistent with the commitments and insuring marketable title to a fee simple interest in the Property, with an effective date of not earlier than the Effective Date. The DBRA

may waive its right to receive a title commitment and/or a title insurance policy for any part or parts of the Property.

1.03 Quitclaim Deed. Within ten (10) days after the later of the Effective Date or the date upon which the City shall have delivered the title commitment(s) in accordance with Section 1.02 hereof, the City shall convey the Property as described in Exhibit A to the DBRA by one or more quitclaim deeds.

1.04 Payment of Miscellaneous Expenses. The DBRA shall be responsible for recording and paying any fees for recording the quitclaim deed(s) and any other documents that the City determines must be recorded in connection with the transfer and development of the Property.

1.05 Condition of the Property. The DBRA shall accept the Property "AS IS," without any representation by or warranty from the City as to the condition of the Property.

ARTICLE II

2.01 Developer. The DBRA shall transfer the Property to the developer in accordance with the terms of the Development Agreement and subject to the conditions contained therein. The DBRA shall obtain the written consent of the Director of the City's Planning and Development Department prior to amending or consenting to any modification of the Development Agreement or the "Development Plan" as defined in Section 1.11 of the Development Agreement or extending the period of time for the performance or satisfaction of any of the Developer's obligations under the Development Agreement.

2.02 Proceeds of Sale. The DBRA shall be entitled to retain the proceeds of sale and shall expend them for the purposes of administration in connection with this transaction including payment of expert, legal, engineering, and other associated fees, and to reimburse Detroit Renaissance for costs incurred by Detroit Renaissance in connection with the demolition of buildings on the Property and which costs are secured by a note. In the event, and, to the extent there are any net proceeds over and above the costs stated in the previous sentence, the DBRA shall transmit said surplus within sixty (60) days of the DBRA's receipt thereof to the City, unless otherwise agreed by the parties hereto.

2.03 Riverwalk Parcel. Notwithstanding any thing otherwise contained herein, should the Riverwalk Parcel (as that term is defined in the Development Agreement) not be transferred to the Developer pursuant to Section 4.02(a) of the Development Agreement:

a) if the Property has been conveyed to the DBRA, the DBRA shall within thirty (30) days after receipt of written notice from the City, convey the Riverwalk Parcel

back to the City by quitclaim deed and assign to the City the DBRA's interest in the Riverwalk Parcel, including any mortgage, security interest, promissory note or other instrument pertaining to the Property that was executed pursuant hereto. In the event that the DBRA fails to convey the Riverwalk Parcel and assign its interest in the Riverwalk Parcel in accordance with this Section 2.03, the DBRA hereby appoints the City its attorney-in-fact, with full power and authority to execute any and all documents necessary or convenient to convey the Riverwalk Parcel by quitclaim deed from the DBRA to the City and otherwise assign the DBRA's interest in the Riverwalk Parcel to the City.

b) if the Property has not been conveyed to the DBRA, the City shall not be obligated to transfer the Riverwalk Parcel to the DBRA.

ARTICLE III

3.01 Default. If (a) the DBRA fails to comply with any material terms of this Transfer Agreement, or (b) if the Development Agreement is canceled or terminated for any reason, or (c) if the Developer's rights under the Development Agreement are extinguished, terminated or canceled by the DBRA or otherwise, then the DBRA shall within thirty (30) days after receipt of written notice from the City, convey the Property back to the City by quitclaim deed and assign to the City the DBRA's interest in the Property, including any mortgage, security interest, promissory note or other instrument pertaining to the Property that was executed pursuant hereto. In the event that the DBRA fails to convey the Property and assign its interest in the Property in accordance with this Section 3.01, the DBRA hereby appoints the City its attorney-in-fact, with full power and authority to execute any and all documents necessary or convenient to convey the Property by quitclaim deed from the DBRA to the City and otherwise assign the DBRA's interest in the Property to the City.

Honorable City Council: Re: Request permission to apply for the grant award from State Farm Insurance Company for the Detroit Police Auto Theft Unit.

The State Farm Insurance Company has offered the Detroit Police Department's Auto Theft Team an opportunity for the "Safe Neighbors and Strong Neighborhoods" grant program. The grant program is designed to reduce auto theft in targeted neighborhoods.

The program involves first identifying areas of high vehicle theft in the City of Detroit utilizing crime mapping. Within those areas, vehicles most likely to be targeted for theft will be identified. The owners will then be offered an auto theft deterrent device known as "The Club" at no cost. If the vehicle is stolen, a study will be done to ascertain if "The Club" was defeated. If defeated, the insurance

deductible will be paid on any vehicle enrolled in the program.

After 90 days the program will be re-evaluated based on the number of clubs issued, versus the number of stolen vehicles equipped with club and VIN etching. If successful, the City of Detroit should reap a measurable reduction in the number of stolen vehicle reports as well as a renewed interest toward involving the community in auto theft prevention programs. The grant amount is \$5,000 with **no cash match**. There is no application deadline.

If approved, Lieutenant Robert Ennis of the Twelfth Precinct Investigative Operations Unit will be the Project Director for the grant.

Participation requires the approval of your Honorable Body, via adoption of the attached resolution. The Board of Police Commissioners has been notified of the grant and approved participation.

Should you have any additional concerns or questions regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

It also is intended to spark a renewed interest toward involving the community in auto theft prevention programs.

Resolved, That the Finance Director be and is hereby authorized to establish the necessary partnerships, cost centers, appropriations transfer funds, and honor payroll and vouchers when presented as necessary, for the operation of the program as outlined in the foregoing communication.

RESOLUTION SUPPORTING REMAINING LAID OFF SCHOOL SOCIAL WORKERS WITH THE DETROIT PUBLIC SCHOOLS

By COUNCIL PRESIDENT MAHAFFEY:

WHEREAS, On August 4, 2005 Detroit City Council passed a resolution supporting the layoffs of 57 critically needed Detroit Board of Education School Social Workers. While 28 have returned to work, 29 still remain unable to return to assist a great number of sorely needing Detroit public school children; and

WHEREAS, Detroit School Social Workers significantly further the true purpose of all schools by providing a setting for teaching, learning, and for the attainment of competence and confidence; and

WHEREAS, Public Schools School Social Workers are experts in approaching a significant array of social ills with all Detroit Public students. Those include providing treatment interventions to autistic children, services in Head Start, homelessness and disaster relief, truancy, conflict resolution, behavioral specialization, child victims of physical and sexual abuse, grief and loss counseling and other extreme crisis issues that plague students throughout the entire district; and

WHEREAS, All of these issues often directly inhibit the ability of students to be physically present in the classroom and emotionally ready to learn; and

WHEREAS, DPS School Social Workers are required to cover, monitor and service multiple schools sometimes managing as many as three schools at a time. Also, many people are not aware that DPS School Social Workers are also required to work with students in private schools in the City of Detroit; and

WHEREAS, Chief Executive Officer of the Detroit Public School William F. Coleman III has communicated an understanding of a fundamental need for School Social Work expertise in child learning in a concisely worded statement. In it, he explains, "given the myriad needs of our students, we believe, and the research supports, that classroom support positions such as social workers are critical to our students' success"; and

WHEREAS, Board of Education School Social Workers are increasingly at risk of being disposed of given the Board of Education's continual inclination of DPS to trim Social Work positions at a higher rate than other DPS professionals whenever there is a financial crisis; and

WHEREAS, For example in May, 2005 the Board stated intentions of laying off 10% of positions across the board, while School Social Workers were cut at approximately 20%; and

WHEREAS, The Detroit Board of Education has deemed certain departments critical shortage areas which gives some the ability to escape layoffs in budget crunches, while many of those critical shortage areas provide substantially less direct services to children and families than do Detroit Public School Social Workers, THEREFORE BE IT

RESOLVED, That the Detroit City Council strongly supports Detroit citizens, Detroit children, and as a natural progression of that all laid off Detroit School Social Workers who are critical to healthy Detroit citizen, child and family development.

Planning & Development Department

February 21, 2005

Honorable City Council:

Re: A Resolution to amend the Detroit Master Plan of Policies for the Eye on Detroit Seven Mile Crossings proposed retail expansion.

Pursuant to the City of Detroit's City Charter (Section 8-102), the Planning and Development Department's (P&DD) Planning Division has submitted for your consideration and action a proposed Amendment to the Detroit Master Plan of Policies. Adoptions by your Honorable Body on this resolution would accommodate changes in the Master Plan of Policies that would establish a "GC", General Commercial recommended future land use where an "RL", Low Density Residential land use classification currently exists; and would allow for the expansion of the Eye on Detroit Seven Mile Crossings retail development.

Master Plan Amendment #51 (adopted November 22, 2004) changed the land use designation of an adjacent area bounded by Frisbee Avenue, Telegraph Road, an east/west line approximately 780 feet north of W. Seven Mile Road, and Lenore Avenue to "GC" General Commercial to accommodate the proposed retail development.

Since the subject site would be connected to this proposed commercial development P&DD recommends that the Master Plan land use designation also be amended from "RL" Low Density Residential to "GC" General Commercial. P&DD also recommends that the property directly east of the proposal, the north-

west corner of Frisbee and Telegraph, be included in the Master Plan amendment from "RL" to "GC" to accommodate potential expansion to the east.

Location

North and south sides of Frisbee Avenue between Lenore Avenue and Telegraph Road.

The proposed expansion is on property generally located on the north and south sides of Frisbee Avenue between Lenore Avenue and Telegraph Road. The entire site falls into the Redford Subsector of the West Sector of the Master Plan of Policies.

Existing Site Information

Future general land use:

"RL" Low density residential

Existing land and/or building use:

Single-family dwellings

Existing zoning:

R1 Single-family residential district

Size: Approximately 5.3 acres

Surrounding Site Information

Future general land use:

North, east and west: "RL" Low density residential;

South: "GC" General Commercial (Master Plan Amendment #51 adopted November 22, 2004) to accommodate the proposed commercial development.

Existing land and/or building use:

North, east, south, west: single-family dwellings; "RL" Low density residential

Existing zoning:

North and west: R1 (Single-family residential district

East: PD Planned Development District at northeast quadrant of Telegraph and Frisbee

South: PD Planned development district at northwest quadrant of Seven Mile and Telegraph

Project Proposal

Future general land use: "GC" General commercial

Proposed land and/or building use: Large-scale retail uses, parking

Proposed zoning: PD Planned Development district

The petitioner seeks a "PD" Planned Development zoning classification and a Master Plan "GC", General Commercial future general land use classification for the proposed development to accommodate commercial uses consisting of two big-box retailers, four mid-size retailers and three outlets for bank and restaurant tenants. P&DD is also proposing to amend the land use designation of the northwest corner of Frisbee and Telegraph from "RL" to "GC" to accommodate potential expansion to the east of the proposed area.

Interpretation

Impact on Surrounding Land Use

The entire development has visibility along a high volume stretch of Telegraph Road, making it desirable to retailers. The entire project will remove several dozen homes from a stable neighborhood, as will the expansion to the north. However, the neighborhood will benefit from the convenience of nearby shopping, as well as the potential of increased housing values. The proposed development will be screened from the surrounding neighborhood by opaque masonry walls, as well as landscaping setbacks.

Impact on Transportation

An increase in traffic patterns will exist along Telegraph Road once the project is developed, however according to the Master Plan, Telegraph Road is a major thoroughfare and is capable of handling high volumes of traffic. There will be no vehicular access to the site from the residential streets to the north and west, minimizing conflicts with neighborhood traffic. The City Engineering Division of the Public Works Department Petition #3227 indicates Frisbee Avenue will be vacated between Lenore Avenue and Telegraph Road, which will also prohibit vehicular access to the development.

Recommended Master Plan Amendment

The amendment of the Master Plan of Policies to permit this expansion will allow for the construction of needed retail uses in the City of Detroit. It will bring a number of new jobs to the area and strengthen the Seven Mile/Telegraph area as a commercial destination. The Planning Division of the Planning and Development Department therefore recommends that the future general land use in the Master Plan of Policies be changed from an "RL". Low density residential land use classification to a "GC", General commercial land use classification.

Re: Address: 4101 Clements. Name: Adebayo Gregory Ayanwale. Date ordered removed: February 13, 2002 (J.C.C. p. 436-437).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on August 30, 2005 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of August 23, 2005.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. Honorable City Council:

Re: Establishment of the Eddystone Lofts Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description, which will establish the Eddystone Lofts Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on July 22, 2005 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall the Eddystone Development, LLC proposes to invest \$7.5 million to rehabilitate 195 residential dwellings and to construct a number of single-family units. The average sale unit price will be \$170,000.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing is July 7, 2005 and we therefore recommend that you approve the resolution at your next regular formal session.

Respectfully submitted,
WALTER C. WATKINS, JR.

Chief Development Officer

By Council Member Watson:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zones Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has

found the establishment of the Eddystone Lofts NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Eddystone Lofts NEZ was conducted before the Detroit City Council on July 22, 2005, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Eddystone Lofts NEZ are known:

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Eddystone Lofts NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Department of Public Works
City Engineering Division

Honorable City Council:

Re: Petition No. 2668 — Zeimet Wozniak & Associates, Inc. — "Oakman Village", for vacation of public alley, in the area of Kendall, Lincoln, LaBelle and Woodrow Wilson.

Petition No. 2668 of "Zeimet Wozniak & Associates, Inc." acting as agents for Presbyterian Villages of Michigan, on behalf of "Oakman Village Manor Senior Housing Development Corporation", (the petitioner) a Michigan non-profit corporation, whose address is 25300 West Six Mile Road, Redford, Michigan 48240, requests to vacate (outright) all of the north-south public alley, 18.00 feet wide, and a portion of the east-west, public alley, 18.00 feet wide. Also, the petitioner request that the city accept the dedication of land for a new public alley outlet and other municipal purposes, all in the block bounded by Woodrow Wilson Avenue, 75 feet wide, Lincoln Avenue, 60 feet wide, LaBelle Avenue, 50 feet wide and Kendall Avenue 50 feet wide.

The Solid Waste Division — DPW and the Traffic Engineering Division — DPW approved the request. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The petitioner plans to remove or alter the existing paved alley entrances into LaBelle and Kendall Avenue(s). The petitioner shall pay all incidental removal costs whenever discontinuance of use makes removal necessary.

The Public Lighting Department (PLD) has no objections to the requested outright vacation and dedication. PLD has converted all streetlights to Detroit Edison (DTE) in the proposed vacation area. PLD will remove the arc circuit and fixtures at no costs to the petitioner.

The petitioner has agreed to grant easements to Detroit Edison (DTE) for its facilities.

City Council is requested to accept the deed and alley opening for public purposes; provided said property complies with the requirements of Detroit codes and ordinance No. 29-94, Detroit Code Sections 2-1-11 through 2-1-15 also known as the "Environmental Review Guidelines", and that the fee owner submit a properly executed "warranty" deed (copy attached); proof of lien-free ownership; proof of paid Wayne County taxes and proof of paid Detroit property taxes. The new public alley must be constructed to City Engineering Division — DPW specifications.

All other involved city departments and privately owned utility companies have no objections to the requested outright vacations and new public alley right-of-way.

An appropriate resolution is attached for consideration by your Honorable Body.

Respectfully submitted,

WILLIAM TALLEY

WHEREAS, Pastors for Peace is a project of the Interreligious Foundation for Community Organization, and ecumenical agency based in Harlem, New York which has been working for social, racial and economic justice since 1967. They have organized its "Friendship Caravans" since 1992; and

WHEREAS, These caravans have delivered 2500 tons of aid, collected by volunteers in communities and congregations across the U.S. to Cuba. All the aid has been delivered to Cuba without requesting or accepting license from the U.S. government; and

WHEREAS, The purpose of the project is to educate the U.S. public about the realities of U.S./Cuban policy that they might participate in direct hands-on solidarity, and work toward an end to the U.S. blockade and normalization of relations with Cuba; and

WHEREAS, Reverend Lucius Walker Jr., Executive Director of IFCO/Pastors for Peace has described this organization as wanting to simply, "offer a cup of cold water to our neighbors in need, refusing to be complicit with the brutal economic blockade that seeks to starve our neighbors into submission and has used food and water as a weapon of war"; and

WHEREAS, On July 21st of this year, when the 16th caravan arrived at the Hidalgo/Reynosa border, they learned that enforcement responsibility concerning the goods they customarily deliver had been shifted from OFAC to the Department of Commerce; and

WHEREAS, Acting on "instructions from the Commerce Department," 50 U.S. Customs officers in Hidalgo searched the first two buses which came to the border, opened all the boxes marked "Educational Supplies" and confiscated 43 boxes including toner cartridges, cables, modems, printers, two scanners, scientific calculators, and a dozen used donated personal computers; and

WHEREAS, The remaining 118 boxes with computers are still being held at the border. **TESTIMONIAL RESOLUTION
FOR
BROADSIDE PRESS**

By COUNCIL MEMBER WATSON:

WHEREAS, Dudley Randal created Broadside Press in Detroit as a solitary project while continuing to work his full-time profession as a reference librarian, he was asked by Pulitzer prize-winning poet Gwendolyn Brooks, what was his organizational title within Broadside Press? He replied: "Since I, in my spare time and in my spare bedroom, do all the work, from sweeping the floors, washing windows, licking stamps and envelopes, and packing books, reading manuscripts, writing ads, planning and designing

books, just say that Dudley Randall equals BroadSides Press," and

WHEREAS, In 1985, friends of Randall, Businessman Don Vest and Hilda his poet/activist wife purchased the press and moved it to Lafayette St. in downtown Detroit, where they continued Randall's Broadside Poet's Theater and created a Poet-in-Residence Program in collaboration with the Detroit Public Libraries. **TESTIMONIAL RESOLUTION
FOR
THE ORGANIZATION OF BLACK
AIRLINE PILOTS**

By COUNCIL MEMBER BATES:

WHEREAS, Benjamin Thomas, a young black pilot with Eastern Airlines, evaluated the state of the U.S. airline industry. By way of the landmark 1936 U.S. Supreme Court Case, Marlon Green succeeded in smashing the "Color Barrier" by becoming the first black hired by a major U.S. Passenger Airline (Continental). However, the number of black pilots employed in 1976 was appallingly small. Ben took it upon himself to spearhead an effort to form a permanent body to address this issue; and

WHEREAS, Ben Thomas' idea was to simply establish a representative group dedicated to advancing and enhancing the participation of blacks and other minorities in the aviation industry, especially as pilots. In September, 1976, thirty-seven of the industry's approximately 80 black pilots convened at the O'Hare Hilton Hotel in Chicago. As a result of that meeting, The Organization of Black Airline Pilots (OBAP) was born; and

WHEREAS, OBAP has focused its greatest emphasis on preparing young people to realize a successful future and highlight the exciting potential available in aviation. To be certain of an aviation oriented group representing African-American and Minority concerns was neither new nor unique. Years earlier the Tuskegee Airmen Inc. (TAI) and Black Wings in Aviation had been formed with similar goals and both continue to be very active today; and

WHEREAS, In 1986, United Airlines had fewer than 35 black pilots. Today they employ over 260, including eight African-American females. In an effort to augment the dwindling military supply of pilots, OBAP President Mr. Perry Jones played a key role during 1992-93 in encouraging the U.S. Congress to fund a study to evaluate the nation's supply, demand, and production capacity for airline pilots beyond the year 2000, and the possible advantages of establishing a national aviation training facility at a historically black institution. The result of this effort was approval of a two-year study by the National Academy of Sciences and an appointed panel; and

WHEREAS, In 1976, approximatey 80 black pilots were employed by the nation's major and commuter passenger airlines and freight carriers. By 1986 that number had risen to nearly 400, and today the total is estimated to be 674, including at least 14 black female pilots (thanks to Bessie Coleman). While the total increase is impressive on the surface, one must realize that there is a total of over 71,000 pilots working for these airlines. The

struggle to expand African-American Pilot presence in the faces of unfair hiring/retention practices continues to be an uphill effort. NOW, THEREFORE BE IT RESOLVED, That the Detroit City Council applauds the efforts of The Organization of Black Airline Pilots in the struggle that dates back to the time when black aviators were categorically denied the right to be certified as pilots in the United States. We honor and recognize the contributions made by black pioneers such as Bessie Coleman, Eugene Bullard (the Black Swallow of Death), Cornelius Coffey, Alfred "Chief" Anderson, the famed Tuskegee Airmen, the 332nd Fighter Group and the 99th Pursuit Squadron, the Negro Airmen International (NAI), Guion Bluford, Marlon Greene, Carl Burhanan CW4, and thousands of others. Black American Aviation history was first made in the early 1900's and continues to be made each and every day.

In addition to the original scope of services provided by the Contractor under the Contract, the following Additional Services shall also be provided pursuant

to this Amendment No. 1. The Contract Time of Completion is extended by mutual agreement through October 14, 2007.

PROJECT 1: CUSTOMER QUALITY AUDIT

The Contractor shall design and implement an Operational and Quality Control Audit Program for the Detroit Department of Transportation's (DDOT) revenue service operations. The objective of this program will be to assess DDOT's current operational quality of service performance. The information collected during the audits will assist DDOT in making an objective determination of the need for departmental policy/program refinements or remedial training.

The Contractor shall review current DDOT information relative to the development and design of an Operational and Quality Control Audit Program and conduct site visits to gather data. Information will include policies and procedures, performance statistics and reports, training programs, prior audits, Federal Transit Administration (FTA) Triennial Reviews, and other information related to:

- 1) Schedule adherence/on-time performance
- 2) Revenue collection
- 3) Passenger Relations
- 4) Safety
- 5) ADA Compliance
- 6) Vehicle Appearance
- 7) DDOT Policy Adherence

The other components of this task shall include the selection of the subcontractor, review data and summary reports and address any comments from any external agencies, including the FTA.

The total anticipated cost to undertake this project is \$200,000.00.

PROJECT 2: FEASIBILITY STUDY FOR THE DDOT ADMINISTRATION BUILDING

The Contractor shall provide site assessment, environmental review, program development, development of conceptual and schematic designs and their finalization, and overall program management through the implementation/construction phase as DDOT's representative.

The key work elements of the feasibility study will encompass a complete facility and site assessment of the proposed new location for the DDOT Administration Building. The six (6) key components of this task include a complete DDOT program needs assessment, both current and future; an analysis of the proposed building site, including field inspection and data collection; environmental review; a complete structural and design assessment of the proposed building; evaluation of options, including demolition/new construction, major rehabilitation and partial renovation/construction options, along

with a detailed cost estimate for each of the options.

Task 1: Program Analysis and Development

This task focuses on analyzing the DDOT Administration program, both current and future needs. The analysis shall be followed with an analysis of the existing Administration Building, its size, functions, and use of space, assets and deficiencies as they relate to the required DDOT program.

Subtask 1: Programmatic Needs

- Current Needs
- Future Needs

Subtask 2: Current Building Use Assessment

- Facility
- Traffic and Parking

Task 2: Prospective New Building Sites Analysis

This task focuses on analyzing the proposed new site location and how it satisfies (or does not satisfy) the programmatic needs of DDOT.

Subtask 1: Data Collections (Plats, Sanborns, and Existing Building Drawings)

Subtask 2: Zoning

Subtask 3: Traffic and Parking

Task 3: Environmental Review and Permitting

This task focuses on identifying any environmental concerns that may exist at the prospective new building and/or site.

Subtask 3: Regulatory Compliance

Task 4: Proposed New Building Analysis

This task focuses on the proposed building. Included are a full inspection of the proposed new facility and an assessment of its structural integrity, after the City of Detroit takes possession. A design assessment shall include analysis of all existing architectural components to determine compatibility with DDOT's programs, the size of the proposed building, and opportunities for future expansion.

Task 5: Development and Evaluation of Alternatives

In this task, the Contractor shall review and detail the respective options available to DDOT as they relate to the proposed new building and site. This review shall include the options of building a new structure or restoration of the existing building, as well as parking options.

Subtask 1: Restoration/Major Rehabilitation Options

Subtask 2: Evaluation of Design Options

The total anticipated cost to undertake the feasibility study is \$350,000.00.

PROJECT 3: DESIGN DEVELOPMENT FOR THE ADMINISTRATION BUILDING

The follow-up tasks are not programmed in this memorandum but shall be developed further in discussions with DDOT during the course of the project. It is DDOT's desire for the Contractor to provide design development and construction management as the DDOT's representative.

Although task orders will be developed based on directions from DDOT, an anticipated cost of \$850,000.00 is included for the design development and preparation of the bid package.

PROJECT 4: MID-LIFE OVERHAUL OF DDOT BUSES — PHASE II

DDOT has recognized a need to improve the reliability, performance and aesthetics of the buses it operates. DDOT is planning to initiate a program whereas a qualified firm that specializes in this type of work will remanufacture selected buses. The remanufacturing program will not only improve the aesthetics, reliability and performance, but it is also expected that this effort will extend the useful life of these buses to another six (6) years.

The Contractor shall develop a technical specification that can be incorporated into a solicitation for a qualified firm that can perform the remanufacturing requirements. The specification for remanufacturing shall be based on the requirements necessary to improve the aesthetics, reliability and performance of DDOT's Nova transit buses. The Contractor shall assist in writing a specification that is tailored to DDOT's requirements and specific to a DDOT sub-fleet of 120 NOVA buses.

PB has completed the fleet assessment and review of major components required in Phase I. Phase II shall complete the detailed specification package needed to serve as the scope work for a bid document. The Contractor may be requested to provide assistance during the procurement process and oversight/management of the mid-life overhauls performed by the successful remanufacturer. Assistance during the procurement process shall include providing advice on procurement issues such as a negotiated procurement versus a low bid, pre-qualification process; attending the pre-bid meeting; answering technical questions of potential contractors; reviewing bids/proposals; negotiating the contract and making the award recommendation.

Oversight/management of the remanufacturing process may include design review, process review, on-site inspections, testing supervision, on-site coordination, acceptance testing, and warranty administration.

The Contractor shall submit a fundamental technical update and progress report to the DDOT Project Manager on a

weekly basis. A monthly report, which addresses all pertinent issues as described above, shall be submitted to the DDOT Project Manager.

The anticipated cost for the entire Mid-life Overhaul process is \$1,100,000.00.

PROJECT 5: ON-CALL SERVICES

It is anticipated that additional projects will emerge that are not currently anticipated. This contract amendment sets aside funds that will allow DDOT to engage the planning and engineering services of the Contractor as other needs arise.

A total of \$1,600,000.00 has been included in this contract amendment for additional projects that may emerge for additional on-call services.

Participation of Minority Owned Enterprise/Women Owned Enterprise (MBE/DBE)

Parsons Brinckerhoff (PB), founded in 1885, is one of the oldest continually operating engineering consulting firms in the United States. PB is committed to using Minority Owned Business (MBE), Women Owned Business (WBE), Disadvantaged Business Enterprise (DBE), and Detroit Based Businesses in its projects.

It is a commitment of Parsons Brinckerhoff to follow the DBE participation goal as a key guiding principle in delivering our projects and not to treat it simply as a requirement or the letter of the law.

In this contract, the WBE/MBE/DBE participation exceeded the requirements (15% required; 26% accomplished). PB proposes utilizing more than the base requirements for the DBE participation in this project. The following is a list of WBE/DBE/MBE firms that have previously or are currently working on DDOT project tasks.

- Somat Engineering
- Femi Talabi and Associates
- Madison and Madison International

Honorable City Council:

Re: Address: 16210 Indiana. Name: Deborah McGill. Date ordered removed: July 25, 2005 (J.C.C. p.).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on September 7, 2005 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of August 23, 2005.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at

which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications in the Gratiot Woods Area (Recommend Approval).

The City Clerk's Office forwarded to this office eight (8) applications from the Detroit Catholic Pastoral Alliance for Neighborhood Enterprise Zone (NEZ) certificates for 5775, 5997, 6003, and 6009 McClellan and 9330, 9336, 9342, and 9348 Felch, within the Gratiot Woods NEZ.

The Gratiot Woods NEZ was approved by City Council on February 18, 2004. The petitioners are proposing to construct new single-family homes.

The subject properties are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. It appears that the requests for certificates have been filed prior to construction, as the State Act requires. Detroit Catholic Pastoral Alliance has applied for the certificates, prior to the issuance of building permits, on behalf of future owners who will occupy the property. It is appropriate for Detroit Catholic Pastoral Alliance to apply for certificates at this time even if buyers have not yet been identified. The State Tax Commission, however, will not issue a certificate until an owner is identified.

When an owner is identified, he or she can then apply for the certificate. At that time, it would not be necessary for City Council to pass another resolution.

The City Planning Commission staff, therefore, recommends approval of the requested certificates in the Gratiot Woods NEZ. Please contact Mr. Gregory Moots of my staff at 224-2110 with any questions.

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for 4118 Aretha Avenue and 4131 Miracles in the Woodbridge Estates NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office applications from Scripps Park Associates, LLC for two (2) Neighborhood Enterprise Zone (NEZ) certificates within the Woodbridge Estates NEZ. Your Honorable Body approved the Woodbridge Estates NEZ designation on September 19, 2001. City Planning Commission staff has reviewed the applications and recommends approval.

Certificates are being requested for 4118 Aretha Avenue and 4131 Miracles, which are confirmed to be within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. Scripps Park Associates, LLC, has applied for the certificates, prior to the issuance of building permits, on behalf of the future owners who will occupy the properties. The petitioner proposes to build single-family homes. The sites have been cleared and construction is anticipated to begin soon. The developer will need to submit to the State Tax Commission the parcels that are to receive the certificates with a map showing the parcels.

Please let us know if you have any questions.

Human Resources Department Administration

Honorable City Council:
Re: Request to amend the 2005-2006 Official Compensation Schedule.

Human Resources Department recently changed the title of the classification Housing Rehabilitation Coordinator (19-80-51) to Chief of Housing Rehabilitation and expanded the scope of its duties and requirements. The new title reflects the classification's responsibility for direction and oversight of all technical operations of the Housing Services Division of the Planning and Development Department.

Use of this classification will enable the Department to identify individuals with the necessary trades background and certification to assume this critical function.

Pursuant to review of rates for classifications performing work of similar scope and complexity recommendation is to amend the 2005-2006 Official Compensation Schedule by approving the following salary range.

Step Code Range

Municipal Parking Department

September 23, 2005

Honorable City Council:
Re: Disposition of the First and Bagley Parking Structure.

The Municipal Parking Department (MPD) requests this Honorable Body to approve the attached Resolution for the sale of the First and Bagley Parking Garage.

The City has experienced significant operating losses from this garage since 1999. Due to needed repairs and declining parking demand, MPD closed the facility on October 31, 2004. The cost of repair was estimated to be in excess of \$15,000,000.

In accordance with the MPD Auto Parking System's Contract of Lease, MPD retained an independent consulting expert, Rich and Associates (Rich), to confirm that the First and Bagley Garage can be removed from the System. Rich concluded that removing the garage from the System would not adversely impact the annual parking system revenue.

Through the Detroit Building Authority (DBA), an RFP for the sale of the Garage was issued on February 1, 2005. There were no proposals that met the bid requirements. On May 5, 2005, DTE Energy submitted a development proposal to MPD/DBA for purchase of the Garage.

Your prompt approval of this proposal will enhance the City's ability to meet its financial obligations.

Thank you for your immediate attention to this request.

Respectfully submitted,
RONALD RUFFIN
Director

By Council Member S. Cockrel:
Whereas, The City of Detroit Building Authority (the "DBA") owns the parking facility known as the "First and Bagley Parking Garage" (the "Garage") as part of the parking system leased to and operated by the City of Detroit pursuant to a Contract of Lease; and

Whereas, The City of Detroit Municipal Parking Department (the "Department") informed the DBA that the Garage needs substantial repair, that the Garage is greatly underutilized, and that repairing the Garage is not economical and would not return the Garage to financial self-sufficiency; and

Whereas, In light of the foregoing, the Department has determined that it is not in the best interest of the City to retain the Garage as part of the parking system; and

Whereas, Following a bid process, the Department has determined that a proposal of DTE Energy to purchase the Garage for the price of \$1,500,000 is acceptable for presentation to City Council for its approval; and

Whereas, It is a requirement of the

Contract of Lease that any such sale be approved by City Council; and

Whereas, The resolution adopted by the DBA at its meeting on July 21, 2005, approving such sale also includes a requirement that the sale be approved by City Council;

Now, Therefore, Be It Resolved, That the DBA is hereby authorized to sell the Garage to DTE Energy at the purchase price of \$1,500,000 on terms and conditions satisfactory to the Finance Director of the City and to the Department; and

Be It Further Resolved, That the sale authorized by this Resolution is subject to full compliance with the terms of the Contract of Lease, including the receipt by the City of the report of a Consulting Expert required by the Contract of Lease.

Re: Public Hearing on Establishment of the Garfield Condominium Neighborhood Enterprise Zone as Requested by the Garfield Development Group, LLC in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the Garfield Condominium Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an *ad valorem* tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also

attached. The developer proposes to construct 79 condominium units at an approximate cost of \$20.5 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,

Re: Request permission to apply for the grant award from State Farm Insurance Company for the Detroit Police Auto Theft Unit.

The State Farm Insurance Company has offered the Detroit Police Department's Auto Theft Team an opportunity to apply for the "Safe Neighbors and Strong Neighborhoods" grant program. The grant program is designed to reduce auto theft in targeted neighborhoods.

The program involves first identifying areas of high vehicle theft in the City of Detroit utilizing crime mapping. Within those areas, vehicles most likely to be targeted for theft will be identified. The own-

ers will then be offered an auto theft deterrent device known as "The Club" at no cost. If the vehicle is stolen, a study will be done to ascertain if "The Club" was defeated. If defeated, the insurance deductible will be paid on any vehicle enrolled in the program.

After 90 days the program will be re-evaluated based on the number of clubs issued, versus the number of stolen vehicles equipped with club and VIN etching. If successful, the City of Detroit should reap a measurable reduction in the number of stolen vehicle reports as well as a renewed interest toward involving the community in auto theft prevention programs. The grant amount is \$5,000 with **no cash match**. There is no application deadline.

If approved, Lieutenant Robert Ennis of the Twelfth Precinct Investigative Operations Unit will be the Project Director for the grant.

Participation requires the approval of your Honorable Body, via adoption of the attached resolution. The Board of Police Commissioners has been notified of the grant and approved participation.

Should you have any additional concerns or questions regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

Joined By ALL COUNCIL MEMBERS:

WHEREAS, During an emergency the ability of the City of Detroit to have all public safety personnel and first responders report for deployment is hampered by the distance away from the city at which those off-duty public safety employees live, and

WHEREAS, Based on current shift requirements and/or work schedules, a majority of Detroit's public safety employees would need significant travel time to reach the City in the case of emergency under normal circumstances and during a major emergency travel times would be increased dramatically, and

WHEREAS, Public Safety Employees

could face huge traffic congestion in the communities in which they live and in their attempt to respond to their Detroit police districts or fire company stations, delays in their arrivals would create a serious problem in providing first responder services, and

WHEREAS, The reduction in the ranks of Public Safety Employees due to the current fiscal crisis in the City of Detroit further reduces the City's Homeland Security readiness and capacity to respond to unforeseen natural emergencies and possible terrorist attacks, and

WHEREAS, Public Act 212 of 1999 enacted by state legislation, preempted local municipal governments labor agreements by eliminating long standing residency requirements; and that this law was enacted prior to the events of September 11, 2001, and

WHEREAS, The State Legislature enacted Public Act 212 of 1999 at a time when local and state entities had budget surpluses and where none of the current realities of Homeland Security threats were a concern, including security requirements to protect the public at major cultural, sporting events and public on transit systems, and

WHEREAS, The Senate Bill 198 analysis of the effects of the residency elimination for municipal employees was grossly underestimated for Detroit. The analysis stated that "Depending on the degree to which city income tax collections changed, revenue sharing payments also could minimally change", (emphasis provided) and

WHEREAS, Five (5) years later, the City of Detroit has suffered a significant impact as almost half of its public safety personnel live outside of the city limits creating a continuing loss of \$21 million in local revenues each and every year. The loss is documented in a Revised September 19, 2000 Report entitled "Economic and Financial Impact Assessment of a Change in Residency Requirements in the City of Detroit, Michigan. Authored by Patrick I. Anderson, Managing Director Anderson Economic Group", and

WHEREAS, Increasing numbers of Public Safety employees living outside of the City of Detroit (many far beyond the allowable twenty-mile legislative limitation from the corporate city limits) poses a clear public safety challenge in responding to a Homeland Security Emergency, NOW THEREFORE BE IT

RESOLVED, Based on the current national threat levels and Detroit's public safety needs and requirements, the Detroit City Council requests that the Michigan State Legislature repeal or amend Public Act 212 of 1999 eliminating local municipal Residency ordinances and, BE IT FURTHER

RESOLVED, That copies of this adopted resolution be sent to the Governor, to the Mayor of Detroit, Detroit Legislative Representatives and the City of Detroit Lansing Lobbyist, BE IT FURTHER

RESOLVED, That Council, the Research and Analysis Division (RAD) and the City's Law Department are directed to provide the City Council with a privileged and confidential report regarding the legal basis for challenging Public Act 212 of 1999 as a violation of Home Rule Act, as an uncompensated state action resulting in reduction in city revenues, the homeland security response readiness and public safety, in general, said legal report will be reviewed in a closed session with RAD, the Law Department and the City Council.

RESOLVED, That, after the closed session, the Law Department shall obtain Special Counsel to bring suit against the State of Michigan and State Legislature to challenge Public Act 212 of 1999.

Lord our God, this is a most significant and historical time in the life of our City of Detroit. Through many decades we have experienced prosperous and glorious days, while on the other hand, we have also experienced some difficult and even devastating times.

We are now experiencing some turbulent days, but at the same time we are filled with a great sense of hope for a bright, exciting and even exuberant future.

My prayer today O Lord, is that You will instill in our City Council a sense of fervor, renewed dedication, strength, and good health that they may successfully meet and deal with the challenges that lie ahead.

You are our heavenly King, You come to us in the Spirit of Truth. You are in all places and fill all things. You are the Treasury of all good things, and the Giver of Life. We look to Your supreme guidance, and we pray that You will dwell within our hearts and our minds and that You will cleanse us from every stain and save our souls O Gracious Lord. Amen.

September 27, 2005

Honorable City Council:

Re: Address: 1670 Glendale. Name: Wanda R. Powell. Date ordered removed: March 5, 2003 (J.C.C. pg. 717).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on September 16, 2005 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of September 16, 2005.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Honorable City Council:

Re: Address: 14822 Pierson. Name: Charles Hahn/Trott & Trott. Date ordered removed: September 3, 2003 (J.C.C. p. 2665).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on September 7, 2005 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of September 6, 2005.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for 10

units of new housing to be constructed within the East Ferry NEZ (Recommend Approval).

The office of the City Planning Commission (CPC) has received copies of 10 applications for Neighborhood Enterprise Zone certificates from the office of the City Clerk. Having reviewed these applications, CPC staff recommends approval of the NEZ certificates, noting the need for correction for correction of each application as described below.

The properties at 500 E. Ferry, 504 E. Ferry, 510 E. Ferry, 514 E. Ferry, 520 E. Ferry, 524 E. Ferry, 5440 Beaubien, 5448 Beaubien, 5456 Beaubien and 5464 Beaubien have been confirmed as being within the boundaries of the East Ferry NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. The applicant, Centurion on Ferry L.L.C., intends to construct 10 units of new housing on the land corresponding to these addresses. Line 15 of the application contains a type, incorrectly reflecting a \$600,000,000 investment by the owner. The actual estimated investment by the owner is \$3,000,000. The applications should be revised to reflect the correct information. It appears that these certificate applications were submitted prior to the issuance or application for building permits to do the work presently proposed by the developer, as is required.

October 3, 2005

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for ten units in the Vinton Building Neighborhood Enterprise Zone (Recommend Approval).

The City Clerk's Office forwarded to this office ten (10) applications from Vinton Building LLC for Neighborhood Enterprise Zone (NEZ) certificates for the 3rd through 12th floors (each floor being a unit) of the Vinton Building at 600 Woodward, within the Vinton Building NEZ.

The Vinton Building NEZ was approved by City Council on June 1, 2005. The petitioners are proposing to rehabilitate the 3rd through 12th floors in loft condominiums.

The subject properties are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates

under State Act 147 of 1992 as currently written. It appears that the requests for certificates have been filed prior to construction, as the State Act requires. Vinton Building LLC has applied for the certificates, prior to the issuance of building permits, on behalf of future owners who will occupy the property. It is appropriate for Vinton Building LLC to apply for certificates at this time even if buyers have not yet been identified. The State Tax Commission, however, will not issue a certificate until an owner is identified. When an owner is identified, he or she can then apply for the certificate. At that time, it would not be necessary for City Council to pass another resolution.

The City Planning Commission staff, therefore, recommends approval of the requested certificates in the Vinton Building NEZ. Please contact Mr. Gregory Moots of my staff at 224-2110 with any questions.

Invocation

O Creating and Sustaining Spirit, O God who is called by many names, God, who is worshipped by the great diversity of human kind in religious life it is to You that we turn this day and it is from You that we seek wisdom and guidance for the deliberations of this Detroit City Council.

The challenges of modern city life and government are many. Great are the needs; scarce are the resources. The gift to get more from less is in much demand.

It is in this season of the year, with leaves falling that we need our spirits to rise to the demands before us. It is to You, May Your wisdom and Your guidance fill this chamber and inform the thoughts of these governing leaders.

May personal agendas decrease that the common good of the people may increase and may the service these leaders seek to bring find fulfillment in the strengthening of the life of the people.

May Your own sense of justice and compassion be elements of all that transpires here today. May the love You have for all people kindle the creative imagination of these officials to higher service.

Look with favor upon them and grant them Your blessings that they may truly be a blessing to others.

May the work they do, the hopes they engender, the causes they serve all help shape a blessed and fair future for the citizens of this great city, so rich in history and so hopeful for tomorrow.

Amen.

Re: Neina Obgurn vs. City of Detroit, Edward Daniels and Patricia Daniels. Case No.: 04-438527-NF. File No.: A20000.002286 (LDBG).

On September 20, 2005, a case evaluation panel evaluated the above-captioned lawsuit and awarded Eighteen Thousand Five Hundred Dollars (\$18,500.00) in favor of Plaintiff. We, therefore, request your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Eighteen Thousand Five Hundred Dollars (\$18,500.00) payable to Kaufman, Payton and Chapa, attorneys, and Neina Obgurn, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 04-438527-NF, approved by the Law Department.
