Honorable City Council:

Re: Address: 8180 Dobel. Name: Raford Jackson. Date ordered removed: November 1, 2004 (J.C.C. p.).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on February 1, 2005 revealed the building is secured and appears to be sound and repairable.

The owner will pay the current taxes at the closing.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we will proceed with demolition without further hearings. Pursuant to the Property Maintenance Code our Municipal Civil Infractions (MCI) Unit will issue the appropriate violations/tickets.

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for seven (7) units of housing to be rehabilitated at 476 Prentis in the Midtown NEZ (Recommend Approval).

The office of the City Planning Commission (CPC) received seven (7) applications for Neighborhood Enterprise Zone (NEZ) certificates from the City Clerk's Office. The Midtown NEZ is generally bounded by Hancock, Cass, Selden and the Lodge Freeway. The Midtown NEZ was adopted by the City Council on March 10, 1999. The City Planning Commission has reviewed the applications and recommends approval.

The certificates are being requested for 476 Prentis Unit #1, 476 Prentis Unit #2, 476 Prentis Unit #3, 476 Prentis Unit #4, 476 Prentis Unit #5, 476 Prentis Unit #6, and 476 Prentis Unit #7. This property lies within the boundaries of the Midtown NEZ and should be eligible for NEZ certificates under Michigan Public Act 147 of 1992 as currently written.

According to the developer, the units are 850 square feet in size. The units are for-sale units and will be priced at about \$120,000.

The Midtown Development Group has applied for certificates prior to the issuance of building permits on behalf of the future owners who would eventually

occupy the property. The State Tax Commission, however, will not issue certificate until owners are identified. Once owners are identified, they can apply for the certificates. At that time, it would not be necessary for the City Council to pass another resolution.

The CPC staff, after a review of the above NEZ applications, recommends that the NEZ applications for the above-referenced property be approved as submitted.

Honorable City Council:

Re: Request of the Economic Development Corporation concerning the reconstitution and reconvening of the Waterfront Reclamation and Casino Development Project Citizens' District Council (Departmental Report; Recommend Approval).

On January 10, 2005, the staff of the City Planning Commission informed the City Council, via our report and presentation on the Brownfield Plan for the expansion of Bob Maxey Ford, of forthcoming changes to the Economic Development Corporation's (EDC) Waterfront Reclamation and Casino Development Project Plan (Project Plan). As your Honorable Body may recall, the EDC Project Plan is the remaining mechanism yet to be amended or repealed that was to facilitate casino development on the near east riverfront. The Project Plan is to be amended to reflect the waterfront public access plans of the Detroit Riverfront Conservancy, Tricentennial State Park and the Dequindre Cut as well as the District Plan prepared by the EDC and its consultant. However, before this amendment can be presented to your Honorable Body, it must first be reviewed and approved by the Waterfront Reclamation and Casino Development Project Citizens' District Council (CDC).

The original CDC that acted upon the current Project Plan can no longer be convened as the majority of the membership has relocated outside of the project area. Therefore, it is necessary to reconstitute the CDC in order to obtain enough members to conduct the required review and act on the amendment. The CDC composition established by your Honorable Body in June of 1998 called for twenty-one (21) voting members and six (6) nonvoting alternates. It is required that 11 of the 21 voting members live within project area, while the remaining ten (10) would be drawn from representatives of project area businesses and representatives of interested parties from the larger surrounding district.

The staff of the EDC has solicited the project and district areas for membership on this reconvened CDC. As a result, enough interested persons have come forth to fill out the membership of the CDC, in a manner that meets composition category requirements of the 1998 resolu-

tion. Attached you will find a packet prepared by the EDC that includes the letter soliciting membership on the CDC, a resolution effecting the reconstitution of the CDC and a brief biographical sketch of each CDC nominee. You will also find a map depicting the project area and district area boundaries. The EDC respectfully requests your approval.

The requested action is consistent with provision of Act 338 under which the EDC Project was established and with previous actions of your Honorable Body relative to this matter. It appears that four of the individuals nominated were members of the original CDC. CPC staff recommends your passage of the attached resolution in order to reconvene the CDC and begin the process of amending the Project Plan.

Please let us know if there are any questions.

Honorable City Council:

Re: Citizens District Council (CDC) for Waterfront Reclamation and Casino Development Project to be renamed the Waterfront East Development Project.

Per our conversation, I offer the following information and supporting documentation in connection with the CDC which must be reconvened to review proposed amendments to the Waterfront Reclamation and Casino Development Project Plan (Plan). As you may know, the Plan amendments being prepared do not call for any relocation of residents or condemnation of properties.

The original CDC was established by City Council resolution on June 1, 1998. At that time, City Council also appointed 21 members to the CDC with 6 additional non-voting members. Because many of the original members have relocated outside of the Project District Area, the EDC staff has been working to locate candidates that meet the membership criteria and organization structure established in 1998 to insure that all resident, business and institutional interests are represented.

Under the EDC Act, the CDC must be representative of the Project Area giving particular attention to those persons who reside, own real property, or maintain an establishment located in the Project Area. As with the original CDC, a majority of the candidates proposed are residents of the Project Area. EDC staff contacted previous CDC members appointed by City Council, and distributed information letters (see attached) and survey forms to residents of the two remaining apartment buildings in the Project Area. All of those

residents responding are being proposed as members. In addition, businesses, churches and schools were contacted to achieve the representation as originally proposed in 1998 (See attached). Attached is a brief biographical sketch of the nominees.

The EDC is respectfully requesting that the City Planning Commission forward the nominee information and the attached resolution to Detroit City Council so that it can be a line item on the February 7, 2005, City Council Agenda and considered for adoption at the February 9, 2005, City Council meeting.

If you have any questions, please feel free to contact me at 237-4601. Thank you for assisting the EDC in this process.

SCOTT VELDHIJS

Whereas, On April 23, 1998 the Detroit City Council approved the establishment of the Project Area and the Project District Area for the Economic Development Corporation (EDC) Waterfront Reclamation and Casino Development Project; and

Re: Implementation of Wage Adjustments and Certain Fringe Benefit Changes for Employees Represented by the Detroit Association of Professional and Technical Employees.

Honorable City Council:

Re: Anti-Illegal Dumping Initiative. New Memorial Area — Oakman Boulevard Community Association.

We are in receipt of a request from the Oakman Boulevard Community Association to create a pocket memorial area on city owned property. The Oakman Boulevard Community Association proposes to install a plaque, benches and landscaping on the site. This memorial is in honor of several distinguished individuals who made very meaningful contributions to the City of Detroit and their neighborhood.

The property is a small, irregularly shaped vacant remainder area located in the Oakman Boulevard Community Association area, formed by the intersection of Oakman Court and Lawton Avenues. The parcel is shown on the attached drawing (Exhibit A). It is currently maintained by the Recreation Department as part of its Boulevard maintenance program.

For many years, this residual parcel has been a subject of illegal dumping. Oakman Boulevard Community Association (OBCA) has been working successfully to combat this dumping, and has, as a way of making its efforts permanent, applied for and obtained funding from the County of Wayne to create a pocket memorial area on this parcel, to be named in honor of several distinguished persons who have been connected in various ways with O.B.C.A. The plaque will include but is not limited to the following persons:

- Richard Austin (Secretary of State, 1970-1994, former OBCA resident)
- Betty Chambers (Detroit Public School Teacher for 30 years and Secretary of OBCA for 10 years)
- Francis Kornegay (Past President, Detroit Urban League, and former resident of Oakman Court)
- Carl Lamar (owner, historic Tip Hamburgers on Hastings and W. Warren, former resident of Oakman Court)

All of these individuals made very meaningful contributions to the City of Detroit and their neighborhood and no funding is required by the City in order to implement this concept. The parcel will continue to be maintained both by the Department of Recreation, and by individual members of O.B.C.A. who have been instrumental in developing this idea.

Your Honorable Body's approval is hereby requested to allow Oakman Boulevard Community Association to install, on City-Owned property as described in the attached Exhibit A, a plaque, benches and landscaping.

Re: City of Detroit City-wide Cancellation of Land Contracts.

Your Honorable Body authorized the sale or reacquisition of the attached list of properties (Exhibit 'A') on a land contact basis. Monthly payments were not made. We, hereby request that your Honorable Body rescind the authority to sell each of the properties and authorize the Planning & Development Department to cancel the sale of each of the land contracts as described in attached Exhibit 'A'.

Honorable City Council:

Re: Amendment to Sales Resolution.
Development: Parcel 78A.

On September 26, 2002 (Detroit Legal News, October 16, 2002, Pg. 9), your Honorable Body authorized the sale of the above-captioned property to Jefferson Avenue Housing Development Corporation, a Michigan Non-Profit Corporation, to construct seventeen (17) scattered site single-family homes.

Jefferson Avenue Housing Development Corporation has informed the Planning & Development Department that due to unavoidable circumstances, they were not able to complete the construction of the project within the time allotted in the present Development Agreement. The delay stemmed from financial constraints experienced by Jefferson Avenue Housing Development Corporation, which led to the creation of East Village, LLC, a Michigan Limited Liability Company.

Jefferson Avenue Housing Development Corporation is now requesting that the Development Agreement be amended to extend the development period to June 30, 2006, and an Assignment of the Development Agreement from Jefferson Avenue Housing Development Corporation, a Michigan Non-Profit Corporation to East Village, LLC, a Michigan Limited Liability Company.

Under the terms of an Assignment, Assumption and Consent Agreement, East Village, LLC will complete the development of approximately seventeen (17) single-family homes.

The Planning & Development Department has reviewed the request of Jefferson Avenue Housing Development Corporation and has determined it to be reasonable and consistent with the terms and conditions set forth in the Development Agreement. East Village, LLC, possesses the qualifications and has indicated potential financial resources necessary to develop the land in accordance with the Development Plan. The disposal of this land by negotiation is an appropriate method for making the land available for redevelopment and the proposed Assignment, Assumption and Consent Agreement is in satisfactory form.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing an amendment to the Development Agreement to extend the completion period of the development.

We, further, request that your

Honorable Body adopt the attached resolution authorizing and approving an Assignment, Assumption and Consent Agreement between Jefferson Avenue Housing Development Corporation, a Michigan Non-Profit Corporation, East Village, LLC, a Michigan Limited Liability Company and the City of Detroit, a Michigan Public Body Corporate.

Respectfully submitted,

Honorable City Council:

Re: Petition Number 2976 — Request from SRC Companies, Inc. to Transfer Ownership of 2004 Class 'C' Liquor License with Dance Permit and Request for a New Entertainment Permit for a Proposed Group 'A' Cabaret at 2281 W. Fort.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice (Req. ID: 233875) to the Detroit City Council, which has been designated by the City Clerk as Petition Number 2976. This petition requests City Council approval or disapproval of the transfer of an MLCC Class 'C' liquor license with dance permit, in escrow at 211 W. Congress and 541 Shelby, and the issuance of a new entertainment permit to SRC Companies, Inc. for 2281 W. Fort in Detroit. SRC Companies, Inc. has proposed to re-establish a standard restaurant, with a Class 'C' liquor license and nightclub, office and storage accessory use, with four (4) loft apartments and indoor parking at the four (4) story industrial building at the location.

Buildings and Safety Engineering Department ("B&SE") records indicate that 2281 W. Fort is located in an M-4 zoning district (intensive industrial). Pursuant to the Detroit Zoning Ordinance, a Group 'A' cabaret is a permissible land use in such a district as a matter of right, subject to the applicable regulated use provisions of Section 66.000 of the Zoning Ordinance. B&SE Case No. 32-04, effective July 16, 2004, indicates that the owner of SRC Companies, Inc., Patrick J. Riley, has been approved, with specified conditions, to re-establish the proposed uses at the location. The aforementioned B&SE case decision authorizes the consumption of alcohol beverages on the premises only and specifically excludes the establishment of a Group 'D' adult cabaret at the location. Pursuant to Section 5-7-1 of the 1984 Detroit City Code, a Group 'A' cabaret business license is required for an establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or

without dancing. Further, Section 5-7-13 of the 1984 Detroit City Code prohibits adult entertainment in an establishment licensed as a Group 'A' cabaret.

After investigation and review, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the transfer of the Class 'C' liquor license with dance permit and the issuance of a new entertainment permit to SRC Companies, Inc. for 2281 W. Fort. Further, the Liquor License Unit reports that a review of available records did not reveal any MLCC violations for the owner of SRC Companies, Inc., or for the location, nor any serious crimes within the premises for the preceding twelve (12) months.

Upon this Body's approval of the transfer of the dance permit and the issuance of a new entertainment permit for 2281 W. Fort, SRC Companies, Inc. will be required to complete its application for a Group 'A' cabaret business license with the Consumer Affairs Business License Center and obtain all of the required approvals from City departments as required by the 1984 Detroit City Code. Upon the issuance of a Group 'A' cabaret license by the Consumer Affairs Business License Center for 2281 W. Fort, SRC Companies, Inc. will be required to obtain final MLCC approval for the transfer of the subject Class 'C' liquor license and the issuance of a dance-entertainment for the location.

Pursuant to this Body's August 1, 2003 and July 7, 2004 resolutions on the procedures and criteria for the approval or disapproval of the issuance of MLCC dance and entertainment permits, the Law Department recommends that this matter be placed on City Council's agenda for review and consideration of the transfer of the MLCC Class 'C' liquor license with dance permit and the issuance of a new entertainment permit to SRC Companies, Inc. for 2281 W. Fort. Attached is a proposed resolution approving the issuance of the dance-entertainment permit in conjunction with the transfer of the MLCC Class 'C' liquor license to 2281 W. Fort.

Honorable City Council:

Re: Petition Number 2488 — Request for City Council Approval for the Issuance of new Dance-Entertainment Permit by the Michigan Liquor Control Commission to SWV Investments, LLC for a Group 'A' Cabaret at 6570 E. Davison.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or enter-

tainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice (Req. ID: 239309) to the Detroit City Council, which has been designated by the City Clerk as Petition Number 2488. The petition requests City Council approval or disapproval of the transfer of ownership of an MLCC Class 'C' liquor license with dance-entertainment permit, in escrow at 18814-18816 Conant, Detroit, to SWV Investments, LLC at 6570 E. Davison.

The Buildings and Safety Engineering Department ("B&SE") reports that 6570 E. Davison is in an M-4 (Intensive Industrial) zoning district and the current legal use of the property is "Restaurant, Class 'C' Bar and Night Club" per building permit number 76085, dated July 22, 2004. B&SE reports that the continued use of the property for this purpose is permitted pursuant to Section 104.0100 of the Detroit Zoning Ordinance, subject to compliance with all grant conditions, relevant codes, and ordinances. A Certificate of Acceptance for the location was issued for the location on September 14, 2004.

Pursuant to Section 5-7-1 of the 1984 Detroit City Code, a Group 'A' cabaret business license is required for an establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without dancing. Further, Section 5-7-13 of the 1984 Detroit City Code prohibits adult entertainment in an establishment licensed as a Group 'A' cabaret.

After investigation and review, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the transfer of the MLCC Class 'C' liquor license with dance-entertainment permit to SWV Investments, LLC for 6570 E. Davison. Further, the Liquor License Unit reports that a review of available records did not reveal any MLCC violations for the owner of SWV Investments, LLC, Stancy Ann Vaunado, or for the location, nor any serious crimes within the premises for the preceding twelve (12) months.

The Consumer Affairs Business License Center reports that the SWV Investments, LLC and the location are in compliance with all of the applicable provisions of the 1984 Detroit City Code for the issuance of a Group 'A' cabaret business license.

Upon this Body's approval of the request for the issuance of a dance-entertainment permit and the issuance of a Group 'A' cabaret license by Consumer Affairs Business License Center to SWV Investments, LLC, the location will be approved for dancing by patrons and entertainment.

Pursuant to this Body's August 1, 2003 and July 7, 2004 resolutions on the procedures and criteria for the approval or disapproval of the issuance of MLCC dance and entertainment permits, the Law Department recommends that this matter be placed on City Council's agenda for consideration of the transfer of the MLCC Class 'C' liquor license with dance-entertainment permit to SWV Investments, LLC for 6570 E. Davison. Attached is a proposed resolution approving the transfer of the subject liquor license with dance-entertainment permit.

The above-referenced seven (7) petitions were presented by the Planning and Development Department (P&DD) for consideration at a public hearing before your Honorable Body on September 24, 2004. Ten (10) petitions were presented at this public hearing. Following public comments, two (2) (Petitions No. 382 and No. 1774) were not supported by the City Council and one (1) (Petition No. 607) was put on hold for report by the Department of Public Works and the Water & Sewerage Department. P&DD will respond back to the City Council on these petitions under separate cover. The balance of seven (7) petitions are those referenced above for which the City Council supported the recommendation of the Planning and Development. Attached herewith, is the resolution that will enable the City Council to take formal action causing the vacation of the seven referenced petitions.

The above-referenced petitions have been processed in compliance with the Detroit Code, Article VI, Section 50-6-1. Our investigation of each of these petitions discloses the following:

- 1. The public utilities located in the alley can be properly served if this alley is converted into an easement.

TESTIMONIAL RESOLUTION

FOR HONORING THE RANCE ALLEN GROUP

By COUNCIL MEMBER BATES:

WHEREAS, The Rance Allen Group is one of the most successful Gospel groups in history. The Group is comprised of three brothers (Rance, Thomas and Steve Allen) from a church-active family of twelve children from Monroe, Michigan. Both grandparents were pastors and their mother played piano and guitar. Rance began singing and preaching at age five and learned to play the piano at age seven. Thomas, inspired by Rance's talent, began playing the drums and Steve soon joined them. At age 12 Rance began playing the guitar, which became his formal instrument; and

WHEREAS, The Group played live on WCHB radio for a year and in mid 1970 they won a Detroit talent show with a performance that "brought down the house."

After recording their first single, "*Let's Get Together and Love*," the Group set out to make their presence known. They went to Memphis and met with Al Bell, then head of Stax Records, who was so impressed that he started a new label, *Gospel Truth*, just for them. The Group recorded four albums on Stax and performed secular gigs with Isaac Hayes, Johnny Taylor and others; and

WHEREAS, In 1972 the Group appeared in the motion picture *Wattstax* and has since appeared on the Bobby Jones Gospel television show, the former Arsenio Hall Show and performed at The Appollo Theatre in New York City, among others. In 1975 they had a number one cross over hit, "*Ain't No Need of Crying*," that sold a quarter million copies. In 1977 the group went to Capitol Records and later went to Fantasy Records and recorded three albums. One of those releases, "*Feel Like Going On*," earned them their first Grammy nomination for Best Contemporary Gosepl Group. In 1983 they joined Word Records and recorded two albums which are still selling; and

WHEREAS, The Group's CD "*Phenomenon*" released in 1991 earned them nominations for a Grammy, a Stellar Award and the Soul Train Music Award, as well as the Minnesota Black Music Award and National Academy of Gospel Music Award. Now with Tyscot Records, their 2002 release, "*All The Way*," received three Stellar Award nominations for 2004 and their latest project, "*The Live Experience*," received a Grammy nomination for Best Traditional Soul Gospel Album for 2004. The Rance Allen Group has received numerous other awards which include the Golden Circle Lifetime Achievement Award and was inducted into the Gospel Music Hall of Fame and Museum in November, 1998. They received the Trailblazers of Gospel Music Award from publishing giant BMI in 2005; and

WHEREAS, Dr. Rance Allen was ordained an Elder in the Church of God In Christ in 1978 and currently serves as Senior Pastor of New Bethel COGIC in Toledo, Ohio. He is also an International Evangelist and has appeared in several gospel musicals. Oldest brother Thomas Allen works for the State of Michigan Department of Transportation, and Steve Allen is Licensed in Physical Medicine. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby recognizes The Rance Allen Group for its ministry as they share their talents through easy and fun-to-listen-to soulful Gospel R&B (Rhythm & Bible) with state-of-the-art sound and modern instrumentation. They appeal to mature audiences with music reminiscent to the best of the glory days of Stax,

Motown and Philadelphia-International, and new audiences and young people also enjoy them. We wish The Rance Allen Group much success as they continue to spread the Gospel and bless countless souls through their God-given talents.

**Father, Unselfish Friend, World
Traveler, Loyal Detroitier**

By COUNCIL MEMBER COLLINS.:

WHEREAS, Our beloved, "Big" Reg was born Hartzell Reginald Gibbs, October 30, 1938 in Detroit, Michigan where he attended Detroit public schools in his North-End neighborhood. He graduated from the city's prestigious Cass Tech High school but while still a freshman student at nearby Northern High, he participated in a co-op program with Michigan

It was also during this time that the globe-trotters became parents to Reginald, Jr., Kevin Rene, and Pamela Lynn — all picking up languages and an appreciation for cultures and customs along the way. In fact, several years after returning to the States, Reg could still order a meal with perfect regional dialect at a French restaurant or give directions to a German tourist; and

WHEREAS, He was one of the founders of Ten Gentleman (a well-respected Detroit social organization for Black men); an active supporter of voter issues; a member of the Kiwanis Club; a Group Leader and organizer for Junior Achievement, the Kiwanis Club, the Cub Scouts, and Explorers; a Mason; a spokesperson at youth oriented community meetings, schools, and organizations; a member and the bus driver for People's Community Churches Couples' Club; and a volunteer for both the Huron-Clinton Department of Parks and Recreations and Detroit's Wigle Recreation Center. He and the band's founders performed standards and jazz favorites during Detroit's Freedom Festivals and at large civic events; and

Finance Department

February 9, 2005

Honorable City Council:

Re: Request to adopt the Resolution authorizing an Installment Purchase under the existing GE Capital Master Lease Agreement dated February 27, 1998 between the City of Detroit and GE Capital.

We are prepared to proceed with financing the acquisition and installation of copier equipment to be utilized by Human Services, Workforce Development and Water departments. The financing will allow the City to raise approximately \$170,000 for the equipment. While various financing alternatives were considered, we have determined that the most cost-effective option for financing the equipment is through GE Capital Corporation.

The attached Resolution will authorize the City to execute Equipment Schedule No. 020 under the existing Master Lease Agreement dated February 27, 1998 between the City and GE Capital.

Adoption is respectfully requested with waiver of reconsideration at your next scheduled formal session.

Respectfully submitted,

SEAN K. WERDLOW
Chief Financial Officer

By Council Member S. Cockrel:

Whereas, The City of Detroit (the "City") proposes to enter into agreements with Xerox Corporation and Commercial Business Services (the "Agreements"), providing for the acquisition and installation of 7 leased copiers to be located in the offices of the Human Services, Workforce Development and Water departments at various locations within the city (the "Property"); and

Whereas, It is determined to be necessary and desirable and in the best interest of the City that the acquisition and installation of the Property be financed by an installment contract authorized under the provisions of Act No. 99, Public Acts of

Michigan, 1933 as amended, and more specifically by the acquisition and installation of the Property pursuant to an installment contract identified as a Master Lease Agreement (the "Lease"), dated as of February 27, 1998, between the City and GE Capital Public Finance, Inc. (the "Lessor"), and Equipment Schedule No. 020 to be attached thereto relating to the Property, in the aggregate principal amount not to exceed \$170,000 (the "Schedule" and together with the Lease, collectively the "Contract"); and

Whereas, The aggregate outstanding balance, exclusive of interest, of all purchases made by the City pursuant to Act 99, including the Contract, does not exceed 1-1/4% of the taxable value of the real and personal property of the City.

Now, Therefore, Be It Resolved, That

1. It is hereby found to be necessary and desirable for the City to finance the cost of the acquisition and installation of the Property in the aggregate principal amount not to exceed \$170,000 pursuant to the terms and conditions of the Contract.

2. (a) The Lease is hereby ratified and confirmed. The Schedule shall be dated the date of delivery thereof. The interest rate on the interest portion of the rental payments to be made by the City under the Contract shall not exceed 4.50% per annum as shall be determined by the Finance Director at the time of the execution and delivery thereof. The Contract shall be payable in rental payments, consisting of both a principal portion and an interest portion, on such dates and in such years and amounts as shall be determined by the Finance Director and set forth in the Schedule at the time of the execution and delivery thereof; shall be in the aggregate principal amount not to exceed \$170,000 as shall be determined by the Finance Director and set forth in the Schedule at the time of the execution and delivery thereof; and may be prepaid on such dates and in such years and upon the payment of a prepayment fee, if any, as shall be determined by the Finance Director and set forth in the Schedule at the time of the execution and delivery thereof. Notice of any such prepayment shall be given as provided in the Contract.

(b) In making the determinations set forth in (a) above, the Finance Director shall be limited as follows:

(1) The first rental payment under the Schedule that contains a principal portion shall be due not later than April 1, 2005, and the final rental payment under the Schedule shall be due not later than March 1, 2008.

(2) The amount of the principal portion of the rental payments due under the Schedule in any one-year shall not exceed \$60,000.

2. The Mayor and the Finance Director are hereby authorized to enter into the Schedule in substantially the form presented to the City Council (upon which form the City Clerk shall indicate the date of adoption of this resolution), with such changes thereto as are approved by the Finance Director, consistent with the terms of this resolution and not materially adverse to the City. The Schedule shall be executed with the facsimile signature of the Mayor and the manual signature of the Finance Director and shall have the seal of the City impressed or imprinted thereon. The approval of such changes by the Finance Director shall be conclusively evidenced by his signature on the Schedule. The Schedule may be executed in counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

3. Except as provided in Section 4.2 of the Lease, the obligation of the City to make rental payments to the Lessor as provided in the Contract shall be absolute and unconditional in all events; provided, however, nothing contained herein or in the Contract shall limit the rights or remedies of the City under the Agreement.

4. The City covenants to comply with all provisions of the Internal Revenue Code of 1986, as amended (the "Code"), necessary to maintain the exclusion of the interest portion of the rental payments due on the Contract from gross income for federal income tax purpose.

5. The Mayor, the City Clerk, the Finance Director and other officers of the City as may be necessary are each hereby authorized to execute and deliver such documents, instruments and certificates as are necessary or desirable to consummate the described transaction and to maintain the exclusion of the interest portion of the rental payments due on the Contract from gross income for federal income tax purposes.

6. The useful life of the property is determined to be five (5) years and upwards.

7. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution are rescinded.

The owner has paid the current taxes due as of January 21, 2005.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if condi-

tions of the deferral are not maintained, we will proceed with demolition without further hearings. Pursuant to the Property Maintenance Code our Municipal Civil Infractions (MCI) Unit will issue the appropriate violations/tickets.

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for a total 271 units of housing rehabilitation, 170 units at 250 East Harbortown and 101 units at 3320 Spinnaker in the Harbortown NEZ (Recommend Approval).

The office of the City Planning Commission (CPC) has received 271 applications for Neighborhood Enterprise Zone Certificates from the office of City Clerk. Having reviewed these applications, CPC staff recommends approval of the NEZ certificates.

The properties at 250 East Harbortown and 3320 Spinnaker have been confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. The year 2005 tax record for 250 East Harbortown shows a true cash value of \$5,570,120 for the entire property, which translates into \$32,765.41 per unit. This is well below the maximum eligible true cash value of \$80,000 per unit.

The owner and applicant, SMU L.L.C., intends to conduct the necessary repairs and improvements in order to rehab these existing rental units and convert them to condominiums. The NEZ certificate applications appear to have been submitted prior to the issuance or application for building permits to do the work presently proposed by the developer.

Honorable City Council:

Re: Detroit Entertainment LLC's (d/b/a MotorCity Casino) request to rezone land to SD5 (Special Development District for Casinos) for the construction of a casino complex (Submitting Resolution to Extend the Period for Council Consideration of the Petition).

On Wednesday, October 20, 2004, your Honorable Body passed a resolution granting the fourth extension of the period of consideration for the above captioned rezoning request of MotorCity Casino. This was necessitated by the pending expiration of the previous extensions and the original 120-day time period for the Council to take action on the rezoning request, as set forth in Section 64.0700 of the Official Zoning Ordinance.

The extension granted by the October 20 resolution will expire after February 21, 2005 unless another extension is granted. Previously, you directed the CPC staff to monitor and inform your Honorable Body of the status of this petition in order to maintain it as viable for your consideration.

This fifth extension, unlike the previous four, will have to address a new factor. Shortly, your Honorable Body is expected to introduce the new revised Zoning Ordinance and the repeal of the current Zoning Ordinance, Ordinance 390-G. The ordinance effectuating MotorCity Casino's requested rezoning to SD5 (Special Development District for Casinos), makes specific reference to, and would amend, Ordinance 390-G. Therefore, the rezoning ordinance in its current form is good only as long as Ordinance 390-G remains in effect. CPC staff, therefore, recommends extending the period for consideration of MotorCity Casino's SD5 rezoning request through May 27, 2005, the last effective date presently projected for the current Zoning Ordinance, Ordinance 390-G. CPC staff is consulting with the Law Department to determine how the rezoning ordinance will have to be altered in order to effectuate the same amendment at such time that the new Zoning Ordinance becomes effective. Please find attached a resolution for extensions of the rezoning request through May 27, 2005.

Should there be a change in dates with regard to the repeal of Ordinance 390-G and the adoption of the new Zoning Ordinance, we will prepare a report and the appropriate resolution. We will also report to your Honorable Body the results of our consultation with the Law Department relative to action on this rezoning request after the new Zoning Ordinance takes effect.

Whereas, Section 64.0700 of the Official Zoning Ordinance of the City of Detroit establishes that upon the expiration of a 120 day period following the date that the City Council formally receives the City Planning Commission's report and recommendation on any petition to amend the Zoning Ordinance, such petitions will be deemed denied unless the time period is extended by resolution of the City Council; and

Whereas, Detroit Entertainment LLC (d/b/a MotorCity Casino) has petitioned the City Council for a rezoning of certain property in the City of Detroit from R2 and PD zoning district classifications to SD5; and

Whereas, The City Planning Commission report and recommendation on this rezoning request was received by the City Council on October 15, 2003; and

Whereas, The original 120 day period pertaining to this request was to expire on February 11, 2004, and since then this City Council has granted three 90 day extensions, and a 120 day extension,

which will expire on February 21, 2005; and

Whereas, This City Council has expressed the desire to extend the period of consideration for this petition;

Now, Therefore, Be It Resolved, That pursuant to Section 64.0700 of the City of Detroit Zoning Ordinance, the Detroit City Council hereby extends the time period for consideration of the petition of Detroit Entertainment LLC to rezone property generally bounded by Grand River, Elm, Trumbull, Spruce, Brooklyn and the John C. Lodge Freeway from R2 (Two-Family Residential District) and PD (Planned Development District) to SD5 (Special Development District for Casinos) through May 27, 2005.

Historic Designation Advisory Board

February 15, 2005

Honorable City Council:

Re: Appointment of ad hoc members to the Historic Designation Advisory Board in connection with its study of the Vinton Building at 600 Woodward for possible local historic designation.

Pursuant to its February 2, 2005 resolution for study, City Council should appoint two persons to serve as ad hoc members of the Advisory Board in connection with its study of the proposed Vinton Building Historic District.

The building is presently owned by the City, but transfer to the development entity is anticipated during the study of the proposed historic district. As the ordinance requires that your Honorable Body appoint someone to represent the ownership, we are recommending a representative of the city and a representative of Vinton Building L.L.C., so that when ownership changes there will still be the required representation. Thus, this staff is happy to provide the following two names for your consideration: Henry Hagood, Director of Development Activities for the City of Detroit, or his representative, to represent the current ownership interest in the property; and R. Scott Martin, to represent Vinton Building L.L.C.

A resolution of appointment is attached for your consideration.

Staff is available to answer any questions you may have.

Whereas, The City Council has adopted a resolution for study of the Vinton Building as a proposed Historic District, and

Honorable City Council:

Re: Petition No. 2543 — Detroit Community Initiative/Seven Maddelein LLC, request for vacation of Maddelein Avenue west of Gratiot.

Petition No. 2543 of "Detroit Community Initiative/Seven Maddelein LLC" whose address is P.O. Box 05730, Detroit, MI 48205, request for the outright vacation of Maddelein Avenue, 60 feet wide, and the East-West public alley, 18 feet wide, (vacated and converted to easement on May 26, 1999 — J.C.C. Pgs. 1577-1580) in the block bounded by East Seven Mile Road, 66 feet wide, Lappin Avenue, 60 feet wide, Gratiot Avenue, 129 feet wide, and Hoyt Avenue, 60 feet wide for the construction of Faith Christian Outreach Center and the expansion of the Strip Mall Shopping Center.

The request was approved by the Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report:

Detroit Edison Company (DTE — Lighting and Gas) reports cost for the removing and/or rerouting such services.

The Detroit Water and Sewerage Department (DWSD) reports no objection to the proposed outright vacation of the eight inch (8-inch) watermain in Maddelein Avenue and the twelve inch (12-inch) sewer in the East-West public alley (vacated and converted into easement) provided that the petitioner owns all of the abutting property.

All other city departments and private utility companies have reported no objections to the changes of the public rights-of-way. Provisions protecting utility installations are part of this resolution (if necessary).

I am recommending adoption of the attached resolution.

Respectfully submitted,
WILLIAM TALLEY

Head Engineer

City Engineering Division — DPW
By Council Member S. Cockrel:

Resolved, Land in the City of Detroit, in the area bounded by Holt Avenue, 60 feet wide, Gratiot Avenue, 129 feet wide, East Seven Mile Road, 66 feet wide, and Lappin Avenue, 60 feet wide, being all that part of Maddelein Avenue, 60 feet wide, lying Northerly of and abutting the North line of a public right-of-way, 30 feet wide, (vacated and converted to easement on May 26, 1999, J.C.C. Pgs. 1577-1580) and Lots 1 through 8, both inclusive as platted in the "Juif Estate Subdivision" of part of S.W. 1/4 of Section 1, T. 1 S., R.

Water and Sewerage Department
 June 15, 2004

Honorable City Council:
 Re: Transfer Of Fire Hydrants From Detroit Fire Department To Detroit Water And Sewerage Department.

We request that your Honorable Body adopt a resolution transferring ownership of and jurisdiction over the fire hydrants in the City of Detroit from the Detroit Fire Department to the Detroit Water and Sewerage Department (DWSD). This transfer will lead to a more rational allocation of City resources.

Currently, the Fire Department owns the hydrants and is responsible for

inspecting them. When the Fire Department identifies a defective hydrant, it notifies DWSD, which does any necessary repairs and bills the cost to the Fire Department. Once the transfer occurs, DWSD will be responsible for the inspection program, as well as the repairs. The cost of the inspection and repair program would become a cost of the Detroit water system instead of the General Fund. The transfer will lead to a more efficient utilization of City resources. We believe that eliminating the current division of responsibilities will lead to a more efficient inspection and repair program, which will be a benefit to the people of the City of Detroit.

By Council Member K. Cockrel, Jr.:

Whereas, The Detroit Fire Department currently owns the fire hydrants in the City of Detroit and is responsible for inspecting, operating and maintaining them, and

Whereas, The Detroit Water and Sewerage Department currently is responsible for maintaining and repairing the hydrants for the Fire Department, and

Whereas, The Council finds that this division of resources and responsibility may produce inefficiencies that could be eliminated by placing the hydrants under the full ownership and control of one department,

Therefore, Be It Resolved, That ownership of and jurisdiction over the fire hydrants in the City of Detroit shall be transferred from the Detroit Fire Department to the Detroit Water and Sewerage Department. The transfer shall take effect on July 1, 2004.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF ORDINANCE TO AMEND CHAPTER 56, ARTICLE III, DIVISION 3 OF THE 1984 DETROIT CITY CODE, TITLED, "WASTEWATER DISCHARGE CONTROL"

On Wednesday, February 23, 2005, I voted in support of the proposed ordinance reference above. The passage of this ordinance was required in order to bring the Detroit Water and Sewerage Department (DWSD) into compliance with its National Pollutant Discharge Elimination System permit in that DWSD was required to implement technically-based limits for the discharge of a variety of pollutants.

A public hearing and discussion was first held on this proposed ordinance on October 15, 2004. At that time, various stakeholders appeared to vocalize their concerns over the method chosen to allocate pollutant discharge and to indicate that the method chosen by DWSD could potentially drive many companies in the City of Detroit out of business.

DWSD was requested to meet with the stakeholders in order to address those concerns with an eye towards making further amendments. A meeting occurred on November 16, 2004 and DWSD submitted additional amendments to the proposed ordinance that was introduced on November 22, 2004. At that time, I expressed my reservations over the ordinance because I had received additional correspondence from stakeholders relating to additional concerns they had. It was my understanding that DWSD would continue to meet with the stakeholders prior to a continued public hearing on the ordinance in January in an effort to address the remaining concerns.

An important factor that all parties needed to be aware of throughout this process was that DWSD was already found not to be in compliance by the Michigan Department of Environmental Quality. As such, this Body was placed under great pressure to pass this ordi-

nance quickly. Nonetheless, it was my position that if at all possible, DWSD should seek an extension from the MDEQ in order to give the Council adequate opportunity to evaluate the ordinance. This was especially true in light of the fact that the Board of Water Commissioners had passed on the ordinance in February of 2004, that DWSD was required to have the ordinance revision in place by June 1, 2004 and the Council did not receive the first version of the ordinance until September of 2004.

Be that as it may, a request for an extension was made to the MDEQ, which to my knowledge, was never formally responded to, except with another notice of noncompliance. A continued public hearing was held on February 10, 2005. At that time, stakeholders including the Detroit Regional Chamber, the Michigan Association of Metal Finishers and Centralized Waste Treaters, through counsel, appeared with alternative proposed discharge limits. Additionally, DTE energy also placed on the record some of their proposed changes.

I reviewed the proposal extensively and requested that DWSD provide a response as to why the alternative proposal could not be incorporated. Additional meetings were held between DWSD and the stakeholders on February 10, 2005, and February 11, 2005.

As a direct result, DWSD, through the Law proposed further changes to the discharge limits in addition to some other minor changes through a letter dated February 18, 2005. These changes finally took into consideration and addressed the concerns of those stakeholders we heard from. The stakeholders had reviewed the limits and were agreeable with them. DWSD was able to enact an ordinance to provide for technically-based limits as required by the MDEQ. I applaud DWSD for considering the needs of our community and balancing the needs of our natural environment. For these reasons, I was pleased to vote in favor of this ordinance.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF CONTRACT NUMBERS 2665911, 2665916, 2665917 AND 2665803 FOR DESIGN, INSTALLATION AND MAINTENANCE OF VOICE AND DATA WIRING FOR CITY OF DETROIT

It is inherent that in order for a unit of government to operate effectively and efficiently, that unit of government must strive

for the best communications technology in the most cost-effective manner possible. These contracts were held and many questions were asked and answered. Based on the responses that the Council received, I was satisfied that these contracts are the most cost-effective means of providing a high level of technology to the City of Detroit and I accordingly voted in favor of them.

Specifically, these contracts are blanket purchase orders that have a maximum value of \$250,000 for four (4) Detroit-based businesses to provide wiring and cabling services on a city-wide basis. It has been indicated to the Council that there is no guarantee of purchasing on these contracts. These contracts were drafted to provide flexibility to the City and to cut costs. This is made possible because whenever there is a need for these types of services, each of the contractors are to provide bids from which one can be picked. If there were only one contractor selected, the City would be forced to pay that contractor's prices. If the contract values were reduced from the \$250,000 maximum, it would be likely that the actual cost would exceed any such reduced amount, and the City would thus lose money in additional RFP and advertising costs. In sum, these contracts represent a well-crafted manner of providing the ability to quickly procure wiring and cabling needs in a predictable manner that saves money for necessary technology. For these reasons, I voted yes.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL RE: FAILURE TO APPROVE VARIOUS CITY CONTRACTS ON FEBRUARY 23, 2005

The irresponsible action by four Council Members is reminiscent of the "gridlock" created in Washington, D.C. when the "activist" Republican leader Newt Gingrich brought the Federal government to a halt in the mid-1990s by ideologically driven voting by his right-wing conservative Republican base in the U.S. House of Representatives.

One can only wonder if the motivation for this gridlock is fueled by the frustration of some that their political aspirations will not be realized.

To vote down all City contracts with no discussion in the Committee of the Whole does the following:

- (1) Jeopardize the delivery of service throughout City government
- (2) Leave various departments with-

out the goods and supplies they need to deliver service

(3) Put Detroit-based businesses under additional financial stress by withholding payment for services already provided

Here is a listing of some of the contracts that were voted down by Sharon McPhail, Maryann Mahaffey, Barbara-Rose Collins, and Joann Watson without explanation:

— A Detroit Police Department contract for the maintenance of the software that is needed to enable police officers to generate reports while in the field, a requirement of the Consent Decree between the City and the U.S. Department of Justice — I ask why?

— A Detroit Police Department contract for an Administrative Assistant for DPD Investigative Operations Division who assists in processing grant-funded operations — I ask why?

— Four contracts funded by Federal and State grant funds for community-based organizations providing services through CBDG/NOF and the Detroit Workforce Development Department fund, including:

- A contract to assist with funding the Open Arms Project, which offers support for grieving children (ages 2 through 18) and their families, as well as providing education on grief and school-based workshops (100% Federal funding).

- A contract which provides occupational skills training and remedial education as well as life management skills, work readiness skills, and career and leadership development skills, for 19 to 21 year-olds (100% State funding).

- A contract to provide basic entry-level automotive manufacturing training as well as counseling and referrals (100% State funding) — I ask why?

The actions that the above-mentioned Members have taken can be described at best as cavalier and reckless and at worst as bordering on the malicious abuse of power. These actions can only harm service to our citizens.

The necessity to increase cost is due in major part to market conditions that could not have been reasonably predicted at time of bid solicitation for steel products pricing. In addition a Marketing survey was conducted by the Purchasing Division to verify market conditions in the steel industry and we are satisfied that price increase is justified based on overall price increase in steel markets. The new prices will begin February 15, 2005 and continue through contract period ending April 30, 2005. In the event market conditions reverse itself the vendor is willing to lower his prices to better reflect actual market conditions. 8 Items, unit prices range from \$10.03/Each to \$43.35/Each. STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF RESOLUTION AUTHORIZING FINANCE DEPARTMENT/PURCHASING DIVISION CONTRACT NO. 2662724 TO PROVIDE SOLE SOURCE AGREEMENT FOR HP SERVER MAINTENANCE SUPPORT

On Wednesday, February 23, 2005 I voted in support of the resolution referenced above. It has been the practice of this Body that members may hold contracts in order to ask questions and have specific concerns addressed in order to make informed votes. There appears to have been some miscommunication as it relates to this resolution however.

Earlier that day, prior to the formal session, Member McPhail submitted a memorandum holding this contract indicating that she would be submitting questions later on in the day. At the formal session, the committee clerk indicated that this

agenda item was pulled from consideration, presumably in light of Member McPhail's request to hold it. However, Member McPhail verbally indicated that this item was to be put on for a vote with a roll call.

Member McPhail voted no on the contract which was somewhat predictable given that she had previously indicated a desire to hold the contract. Members Collins, Watson and President Mahaffey also voted no even though they had not raised any concerns or questions about the contract.

Whatever the case may be, I voted in favor of this sole source contract. This contract was for necessary maintenance support for servers that are the backbone of information technology services in this City, and after some additional gamesmanship, was put on for a vote again on Monday, February 28, 2004 to be passed.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF RESOLUTION AUTHORIZING FINANCE DEPARTMENT/PURCHASING DIVISION CONTRACT NUMBER 2648979— COMPENSATION FOR ANNUAL MAINTENANCE FEES FOR LEGAL EDGE SOFTWARE SYSTEM

On Monday, February 23, 2005, I voted in support of the resolution referenced above. This contract is for annual maintenance fees for the Legal Edge software

system used by the Law Department for case management. I am familiar with the system and recognize the role it plays in the work of the Department. The sheer volume of lawsuits that the Corporation Counsel must contend with legitimizes the need for software capable of maintaining meticulous records of those cases. The software is capable of maintaining managing cases by department which allows the Law Department to keep accurate track of interfund liabilities for legal services performed. The same software is what allows for generation of multiple reports that Council asks for on a regular basis.

In this regard, a contract that has already been reduced from the original invoice that serves to provide maintenance for this important piece of software is a justified expenditure. In this regard, I utterly fail to see what policy rationale could provide enough impetus to interfere with this type of contract. It is a \$25,404.75 contract for software maintenance. It is for maintenance for software fulfills the crucial function of providing case management for our Law Department. There is nothing about this contract that seems extraneous, unnecessary or wasteful. There is every indication that the Law Department has done its due diligence in negotiating the terms of the contract and has made reductions where possible. For all of these reasons, I voted yes.

Honorable City Council:

Re: Address: 14520 Coram. Name: Daryl Pierson. Date ordered removed: September 26, 2001 (J.C.C. p. 2664).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on January 26, 2005 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of January 11, 2005.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we will proceed with demolition without further hearings. Pursuant to the Property Maintenance Code our Municipal Civil Infractions (MCI) Unit will issue the appropriate violations/tickets.

Brownfield Redevelopment Authority

February 18, 2005

Honorable City Council:

Re: Eddystone Project Brownfield Plan.

The enclosed Brownfield Plan for Eddystone (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on January 31, 2005 to solicit public comments. At its January 19, 2005 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On February 2, 2005, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

Eddystone Development, L.L.C. is the project developer. The Eddystone Hotel will be refurbished and converted into 60 condominium/rental residences with two commercial and retail spaces on the ground floor. Units will range from 850 to 2,000 square feet and expected to be priced between \$140,000.00 and \$220,000.00. Total investment for the project is estimated at \$7,500,000.

Purpose of the Proposed Plan

The proposed plan is intended to accomplish the following purposes: First, upon approval of this Plan by City Council, Eddystone Development, LLC, will be entitled under State Law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in their project. Second, the Detroit Brownfield Redevelopment Authority will be authorized to capture tax increment revenues produced from the development of properties subject to this Plan to offset the cost to Eddystone Development, LLC for the environmental, infrastructure and site preparation work performed on the property subject to the Plan.

Property Subject to the Proposed Plan

The parcels comprising the eligible property included in this Brownfield Plan are situated on the west side of Detroit at Park and Sproat, which is located just outside of Detroit's downtown. The structure is historically significant to the City of Detroit and much of the surrounding property is comprised of vacant or under-utilized buildings and land.

Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for a commercial and/or residential purposes; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be "functionally obsolete" by the Detroit City Assessor. The primary structure included in this Brownfield Plan was historically utilized for short-term housing. The Eddystone served as a hotel for visitors to Detroit beginning in 1924. The Eddystone hotel has been vacant for over 6 years. The building is no longer served by utilities and has experienced substantial structural decline due to its exposure to external elements and misuse. The physical configuration of the building, in addition to being unsafe, no longer meets current standards. Even with improvements, considerable renovations would be necessary in order to operate the structure as a hotel.

Eligible Activities and Projected Costs

The "eligible activities" planned for the Property are identified by Act 381 at the property include site preparation, public infrastructure improvements, asbestos abatement, and demolition. The DBRA is not responsible for any cost of eligible activities and will incur no debt. City Planning Commission

February 17, 2005

Honorable City Council:

Re: Request of Neumann, Smith & Associates, on behalf of Blue Cross Blue Shield of Michigan, for modification of plans in an existing PD (Planned Development District) generally bounded by Beaubien, E. Lafayette, I-375, and E. Congress to allow for a new parking deck and renovation of an outdoor plaza (Recommend Approval with Condition).

Neumann, Smith & Associates (NSA) is petitioning on behalf of its client, Blue Cross Blue Shield (BCBS) of Michigan, to modify the approved plans for the existing PD (Planned Development District) in the area bounded by Beaubien, E. Lafayette, I-375, and E. Congress (excluding the Detroit People Mover station and the Holy Family Church), 13.15 acres in size. BCBS is proposing to eliminate the 142 space surface parking lot at the northwest corner of E. Congress St. and I-375 and to construct in its place a 9-story, 1,825 space parking deck. The existing plaza in the center of the site will be improved, and the existing 1,259 space parking deck at the northeast corner of Beaubien and E. Congress will be removed and, perhaps, replaced with a smaller deck in the future.

The new parking deck will be constructed of precast concrete. As initially proposed, it was to have a brick face on roughly half of the south and all of the west sides. The stairwells at the northeast and southeast corners and the west side will be enclosed in bronze tinted glass in bronze anodized aluminum window walls. The roof will be green, meaning that sedum (a groundcover) will be grown in a container system. There will also be an exercise track on the roof.

A pedestrian link will be created between the proposed parking deck and the existing office building on Lafayette. This link will run along the western edge of the large office building, immediately to the north of the proposed deck.

The deck's entrances/egresses will be from E. Congress and the I-375 service drive. The Traffic Engineering Division of the Department of Public Works has received the proposed design and given it preliminary approval. The Michigan Department of Transportation has also

received the design and has given preliminary approval.

The current landscaped plaza in the middle of the site will be improved with the addition of an amphitheatre and additional plantings. NSA has indicated that this plaza will be accessible to the public.

Several of the elements described above have been changed as a result of discussions between the petitioner and various parties during and subsequent to the Commission's public hearing. See the "Revisions to the Proposal" portion of this memo below for a description of these changes.

SURROUNDING ZONING AND LAND USE

To the north: Greektown Casino and existing church — PD and B4

To the south: Utility substation and University of Detroit-Mercy parking lot — B6 and PCA

To the east: Holy Family Parish — B4 (and R6 across I-375)

To the west: Mixed use commercial, office and parking lot — B6

MASTER PLAN AND DEVELOPMENT PLAN CONFORMANCE

The subject site is in the Central Business District sector of the Master Plan. The Master Plan shows SC (Special Commercial) as the Future Land use of the site. As the use of the site will not change, conformance with the Master Plan does not change. A portion of the site is in the Central Business District Project No. 3 Urban Renewal Plan (the "Plan") area. Map C-1 in the Plan shows a twenty-foot minimum building setback requirement from the I-375 service drive, and the proposed site plan shows considerably less (six feet at the narrowest). A provision does exist in the Plan for reduced setbacks "if for every square foot of the building beyond the building control line there is one square foot of surface within the buildings control line which is landscaped or used for walkways, and which is accessible to the public and open to view from any one or more adjacent streets." It appears that the petitioner has created at least that much landscaped area. The Planning and Development Department (P&DD) is reviewing the proposed development's conformance with the Plan; a determination is expected by the time of the discussion or hearing before your Honorable Body.

PUBLIC HEARING RESULTS

At the Commission's January 6, 2005 public hearing, no members of the public spoke. One letter in support was received from an adjacent property owner. The Commissioners raised several questions.

One question concerned the impact of the increased traffic on the area. The Traffic Engineering Division has reviewed and approved the traffic study submitted by the petitioner. The traffic patterns for

accessing the proposed site from I-375 were reviewed in more detail.

The need for a new parking deck was questioned. The petitioner explained that the parking deck at the southwest corner of the BCBS campus is 35 years old and had reached the end of its useful life and will need to be replaced. Even with the proposed deck, the petitioner stated that there still is a shortage of 400 parking spaces overall.

The question of whether the future parking deck at the southwest corner of the BCBS campus will have retail on the first floor was asked, and the petitioner answered that this was being considered.

The appearance of the eastern facade was questioned. The petitioner reviewed the history of physically blending the properties of BCBS with surrounding buildings and efforts to provide cohesiveness with disparate structures. He also agreed to review adding brick to the southern and eastern facades of the parking structure.

A representative from the Planning and Development Department (P&DD) raised several issues regarding the appearance of the structure, the access into the site and plaza from Congress, and the creation of a "gateway" at the intersection of Congress and I-375. These issues and the petitioner's response to them are discussed in the next section.

At the Commission's February 3, 2005 meeting at which it took action, a member of the Holy Family Church was allowed to speak. That person raised issues similar to those raised at the Downtown CDC meeting on the proposal. Two Commissioners raised concerns regarding the scale and proximity to the church of the proposed structure.

REVISIONS TO THE PROPOSAL

Subsequent to the CPC public hearing, the Downtown Citizens' District Council (CDC) held a public hearing to review the proposal. This was necessary because a portion of the site is within the boundaries of the Central Business District Project #3 boundaries. At that hearing, several members of the Holy Family Church, located immediately to the north of the proposed parking deck, spoke. They had concerns about several aspects of the proposal. They were:

- the scale of the deck (concerned that the church will be "buried" or "dwarfed");
- the setback from the church (40 feet from the property line, about 70 feet from the rectory);
- the possibility of deck construction structurally disturbing the church;
- the blocking of views of and from the church;
- light and air to the church courtyard being blocked by the new deck; and
- aesthetics (the facade looks "stark" and the design hasn't considered the church).

The petitioner has made several revisions to the plans that address all but one of those concerns. Regarding the **scale of the deck**, a 4-story high, 60 foot wide brick "arch" is now proposed over and around the entrance of the service drive. This approximately matches the scale of the church and breaks up the long concrete facade. This also partially addresses the church's concerns about **aesthetics**. The other major aesthetic modification is to the north facade, which is now being proposed as being all brick-clad with rectangular punched openings.

Regarding **setback**, the current proposal shifts the deck 16 feet to the south, further away from the church. This also helps to address the light and air concerns, as now the height of the deck is only 20 feet greater than the setback from the church, so the sun will reach the church anytime it is higher than roughly 45° above the horizon. The additional space between the deck and church will also contain additional landscaping with relocated mature trees and other plantings.

BCBS indicates that because its data center is located next to the church, it will have to be very careful regarding **vibrations** during construction. Caissons will be drilled (as opposed to driving them in) and construction trucks will be told not to drive on the service drive in front of the church.

To address the concerns raised by CPC and P&DD staff regarding **access** to the site and the improved plaza at its center, the sidewalk along (vacated) St. Antoine is now proposed to be widened to 12 feet, and will be decoratively paved. This should serve to draw people into the site.

To address the concerns raised by CPC and P&DD staff regarding the creation of a "**gateway**" at the intersection of Congress and I-375, the petitioner now plans to plant a cluster of trees and construct a "kneewall" that can be used for seating, as well as use some decorative paving.

The Downtown CDC did recommend approval of the revised design at its January 27, 2005 meeting. Details of these improvements were presented to the Commission at its meeting of February 3, 2005. To staff's knowledge, the revised designs have not yet been presented to the Holy Family Church. That is anticipated to occur before your consideration of this matter.

RECOMMENDATION

Given the modifications to the proposed elevations and site plan, it appears that the petitioner has made significant efforts to fit its parking structure into the downtown and with its neighbors.

The Commission recommended at its February 3, 2005 meeting that the requested plan modification as revised be approved, with the condition that final site

plans, landscaping, and elevations be approved by staff prior to the issuance of building permits. A resolution for your consideration is attached.

Honorable City Council:

Re: Proposed Ordinance to Amend Chapter 61 of the 1984 Detroit City Code, 1) To Repeal Ordinance No. 390-G, as Amended, Known as "The Official Zoning Ordinance of the City of Detroit," Which Is Incorporated By Reference Through Section 1-1-7(12) of the 1984 Detroit City Code and 2) To Add a New Zoning Ordinance, to be Known as the Detroit Zoning Ordinance (Recommend Introduction and Scheduling of Public Hearing).

On Thursday, January 13, 2005, your Honorable Body held its fourth interdepartmental discussion with regard to the comprehensive revision of the text of the Detroit Zoning Ordinance. At that time, City Planning Commission (CPC) staff, Don Elliott of Clarion Associates, the lead consultant on the project, and the Law Department provided an overview of the changes to Council.

Your decision at that time was to introduce the ordinance as soon as it is approved as to form by the Law Department. We are pleased to report that both ordinances, the first, to repeal the current Zoning Ordinance, Ordinance No. 390-G, as amended, and the second, to amend Chapter 61, by adding a new Zoning Ordinance, have now been approved as to form. The proposed new ordinance provides definitions, procedures, regulations, standards, and other text provisions along with zoning maps, which remain unaltered from those in Ordinance No. 390-G, as amended.

BACKGROUND

In 1968, the Common Council of the City of Detroit passed Ordinance No. 390-G, the Official Zoning Ordinance of the City of Detroit. This was the first major revision of the original 1940 zoning Ordinance. Thirty-six years later, a multi-lateral effort has produced a new Zoning Ordinance for consideration by your Honorable Body.

PARTICIPATION

Since 1998, staff from five City offices have worked steadily to apply their collective wisdom and institutional memory to "fixing what's broken" in the current Zoning Ordinance. Those departments and agencies that formed the Interdepartmental Working Group are the Buildings and Safety Engineering Department, Planning and Development Department, Board of Zoning Appeals, Law Department, and City Planning Commission. In recent years, the new Department of Environmental Affairs has also become a key participant.

In order to learn from other cities' experience, the Zoning Ordinance Revision

Project contracted with a team of consultants with national reputations:

- Clarion Associates of Denver served as “general contractor” and principal consultant.
- Duncan Associates of Chicago wrote many of the new provisions and finalized format.
- The Planning and Zoning Center of Lansing reviewed the text in light of Michigan law.
- JJR of Detroit provided graphics and illustrations.
- Community Development Services of Detroit (the recently deceased Lillian Randolph) added environmental provisions.

Citizen participation has been part of the project since its inception. A ten member Zoning Advisory Group was assembled by the CPC, reflecting a diversity of interests and backgrounds and expertise. Each of the ten was already well-seasoned in zoning issues; numerous members had previously worked on policies and recommendations for Detroit’s ten cluster areas:

- Russell Baltimore (architect)
- Robert Brown (Cluster 6)
- Reba Hawkins (Cluster 7)
- Jay Juergensen (developer; Cluster 3)
- Sandy Kanakis (real estate appraiser; Cluster 8)
- Ann Kerwin (Task Force on Zoning and Land Use)
- Marilyn Drake Thompson (12th Precinct neighborhood coalition)
- Gloria Rocha (Southwest Detroit)
- Dan Reeves (Associated Food Dealers)
- Mary Steffy (University Cultural Center Association)

CPC members David Cason and Robert Glenn also sat as members of the ZAG and liaison to the rest of the Planning Commissioners. The ZAG and IWG met jointly each of the 15 times that the outside consultants were present to conduct the Zoning Ordinance audits or to present drafts and revisions of text.

MAIN FEATURES OF THE NEW ZONING ORDINANCE

Although the detailed summary of the proposed new Zoning Ordinance (see *Attachment*) recites 231 separate changes, or groupings of changes, from the current Zoning Ordinance, nineteen can be highlighted as particularly noteworthy:

1. Organization of the ordinance is more user-friendly with many tables, lists, illustrations, and flow charts; there is more organization by topic rather than scattered provisions; there is profuse cross-referencing; and the ordinance is designed for on-line accessibility and ease of navigation.

2. The provisions of this ordinance utilizes the same numbering scheme as Chapter 1 through 61 of the 1984 Detroit City Code.

3. A New format ensures greater predictability of outcomes for applicants; less pressure on departmental staffs to interpret the Ordinance should create a more level playing field.

4. Greater clarity of meaning is provided through more than 200 new definitions.

5. Notices of all location-specific zoning-related hearings will be posted, not just printed and mailed; development plan areas are more clearly referenced; the role of Citizens’ District Councils is acknowledged.

6. Many, but not all, permit applications will be subject to site plan review, affording the City more meaningful control over development.

7. Administrative adjustments of 10% of quantifiable standards are authorized without need for a Board of Zoning Appeals hearing.

8. A wider array of enforcement tools is available to the Buildings and Safety Engineering Department.

9. Use variances are replaced by hardship relief petitions to more accurately reflect case law and to prevent *de facto* rezonings without Council action.

10. Better buffering between residential and non-residential uses is mandated.

11. Architectural and site design standards are specified for residential and non-residential uses.

12. Landscaping, screening, and design provisions are cited to ensure more greenery and better buffering and appearance for surface parking lots.

13. Greater protection of the environment and natural resources and better protection from environmental hazards are reflected in new standards and procedures.

14. Greater flexibility in dimensional and intensity standards for infill housing is provided.

15. The permissibility of home occupations is broadly expanded and governed by performance standards; however, home occupations in the R1 and R2 Districts are limited more than in other districts where dwellings are permitted.

16. Clearer provisions are stated for the parking and storage of vehicles on residential property.

17. Greater design control is authorized within new overlay areas.

18. The SD2 district, Special Development — Commercial/Residential, is re-characterized as more of an “entertainment” district.

19. Thirty-six (36) uses in the SD4 district, Special Development — Riverfront Mixed Use, that had been permitted with approval are now permitted by right.

MEETINGS, HEARINGS, AND DISCUSSIONS

As new drafts of the Zoning Ordinance were prepared over recent years, CPC staff convened nine (9) public meetings in the community to highlight proposed provisions and to receive public comment on the work in progress. Additionally, numerous meetings with stakeholder groups and individuals were arranged as was possible; their comments were incorporated in subsequent drafts whenever appropriate. Public hearings at the CPC were held on October 26, 2000 and October 17, 2002.

At its May 2003 meeting, the City Planning Commission voted to recommend repeal of the current Zoning Ordinance and adoption of sixteen articles of new text. Results of the CPC public hearings were summarized in the CPC report dated August 29, 2003. Your Honorable Body has held discussions as preliminary drafts of the ordinance on October 9, 2003, January 23, 2004, and March 12, 2004. Issues that were raised as part of those discussions, such as "home occupations" and "functional family" status, were all addressed to Council's satisfaction on March 26, 2004. On May 27, 2004, Council directed the final version to be prepared for introduction and public hearing.

NEXT STEPS AND FURTHER AMENDMENTS

Your Honorable Body's fourth discussion on January 13, 2005 provided the occasion to review the final substance of the text. Because the January 13th discussion did not allow sufficient time for each of the departments to present comments, CPC staff has met with them to compile the list of items to be addressed in the forthcoming first amendment to the Zoning Ordinance.

The attached new Zoning Ordinance, which consists of 719 pages and has been approved as to form, contains the same substance as the version reviewed on January 13th. However prior to approval as to form, the Law Department Property and Environmental Division and Governmental Affairs Division reviewed the proposed ordinance for substance and internal consistency as well as format.

You will note that the effective date of the two ordinances is May 28, 2005, which is the Saturday of Memorial Day weekend. This is done to allow for an adequate training and orientation period after the ordinance is passed by your Honorable Body and approved by the Mayor.

Since Council froze the text of the proposed ordinance in May 2004, several substantive areas of regulation have emerged for inclusion in the ordinance involving, but not limited to, design criteria

for traditional Main Street overlay areas. CPC staff and the Law Department recommend that the attached ordinances be introduced at your next formal session, that a public hearing be scheduled, and that any substantive revisions or additions, such as the Main Street design standards, be incorporated into a first amendment of this ordinance.

Given the length of the new Zoning Ordinance, which is final revision of the 7th draft, it is possible that the implementing departments and other readers will find provisions to be added or clarifications to be made. All such amendments could be included in the aforementioned "first amendment," whose proposed effective date would be established as Sunday, May 29, 2005.

CONCLUSION

City Planning Commission staff conveys this document with great pleasure, as it represents the culmination of seven years of careful and thorough collaboration between this office and the Buildings and Safety Engineering Department, Planning and Development Department, Board of Zoning Appeals, Law Department, Department of Environmental Affairs, and the 10-citizen Zoning Advisory Group. The ordinance also reflects the wisdom of the many citizens and organizations that attended and commented at the nine (9) public meetings and two (2) public hearings of the City Planning Commission.

Consistent with Section 117.03(k) of the Michigan Home Rules Cities Act, being MCL 117.3(k), and Section 4-115(2) of the 1997 Detroit City Charter, a summary has been prepared for both proposed ordinances, which will be used, in lieu of the full text of the two proposed ordinances, for publication in *The Detroit Legal News* to notify the public of these proposed ordinances. The two summaries are attached.

We respectfully recommend that the public hearing be scheduled as soon as possible to allow enough time after passage and approval of both ordinances for the needed orientation and training of the affected City personnel prior to the effective date of May 28, 2005. Given the size and scope of the proposed ordinance, it may be wise to consider scheduling an evening public hearing.

Respectfully submitted,

Article XII — Use Regulations

This article presents the heart of the zoning ordinance in a comprehensive table of uses, districts, and cross-refer-

ences to regulations. Many of the use regulations that had been adopted piecemeal for certain uses in Ordinance No. 390-G, as amended, are newly applied to other, similar uses. Conditions and limitations that had customarily been imposed by the Buildings and Safety Engineering Department or Board of Zoning Appeals as part of zoning grants have been codified as specific use regulations. Use regulations that had been scattered throughout Articles III, IV, VIII, IX, X, XI, and XII of Ordinance No. 390-G, as amended, are organized into this one article. Provisions that differ from Ordinance No. 390-G, as amended, include:

1. Obtaining and maintaining licenses or permits for a given use that are required by other governmental agencies is deemed to be a use regulations of the Zoning Ordinance for the use in question. (*Sec. 61-12-8*)

2. A use table has been created, identifying two hundred thirty-six (236) land uses, grouped by use category, to indicate their permissibility in the twenty-nine (29) zoning districts and to cross-reference applicable standards. Thirty-five (35) use categories have been identified under the five (5) major land use headings: residential uses; public, civic and institutional uses; retail, service and commercial uses; manufacturing and industrial uses; and other uses. (*Article XII, Division 1*)

(*Article XII, Division 3*)

6. “Household living” residential uses occupied by functional families are regulated in the same manner as residential uses occupied by families; members of a functional family share a bond identified and protected by the Fair Housing Amendments Act, Americans with Disabilities Act, or the Religious Land Uses and Institutionalized Persons Act. Honorable City Council:

Re: Master Development Agreement. Far East Side Area; generally bounded by Jefferson Avenue to the south, Alter Road to the east, Warren Avenue to the north and Conner Street to the west.

The Planning and Development Department (P&DD) and the New Far East Side Development Co., L.L.C. (Master Developer) operating under a Pre-Development agreement (PDA) as approved by your Honorable Body on June 29, 2004 have conducted detailed studies of the vacant land, physical condition of structures, land usages, environmental influences, social, cultural and economic conditions of the area known as the Far East Side Area (See Attached Exhibit A). These studies have determined that the area is severely blighted due to the obsolescence and deterioration of structures.

Per the PDA, the Master Developer has determined that the project is feasible. The Far East side Area consists of approximately 1,200 acres of City and privately owned parcels, public streets and rights of way. The Detroit Master Plan of Policies recommends this portion of the East Sector for major rehabilitation, as well as substantial in-fill housing. Lots vary in size but are generally 30' x 100'. The City of Detroit Zoning Ordinance identifies the site as R-2 (Two-Family Residential District) and B-2 (Local Business and Residential District) and the Master Plan of Policies designates the area as Medium Density Residential (RM) and General Commercial (GC).

Upon completion of the Pre-Development activities, the Master Developer will indicate its willingness to proceed with the Implementation Plan and enter into the MDA with the City. We are in receipt of an offer from Far East Side Development Co., L.L.C., a Michigan Limited Liability Company, to serve as the Master Developer in the development of in-fill housing and new housing communities within the project area. New Far East Side Development

Co., proposes to provide a comprehensive plan for the revitalization of the area. Said plan shall unify the Far East Side Area by providing variety and a diversity of units consisting of townhouses, multi-family dwellings, single-family dwellings, commercial and retail. This will serve to accelerate the development and rehabilitation of vacant and blighted properties within the development area.

As the Master Developer, New Far East Side Development Co., L.L.C., shall purchase City and public sites, and pursue the acquisition of any privately held sites necessary to implement its Master Development Plan for the Far East Side Area. To facilitate the development, New Far East Development Co., L.L.C., shall enter into partnerships, joint ventures and assignments of a portion of the project to non-profit housing organizations, small builders, minority and/or female builders capable of constructing units on a smaller scale.

To implement these activities we, therefore, request that your Honorable Body adopt the attached resolution, authorizing the Planning and Development Department Director of Development Activities to enter into Master Development Agreement between New Far East Side Development Co., L.L.C., a Michigan Limited Liability Company and the City of Detroit, a Michigan Public Body Corporate.

Respectfully submitted,

HENRY B. HAGOOD

Director of Development Activities

By Council Member K. Cockrel Jr.:

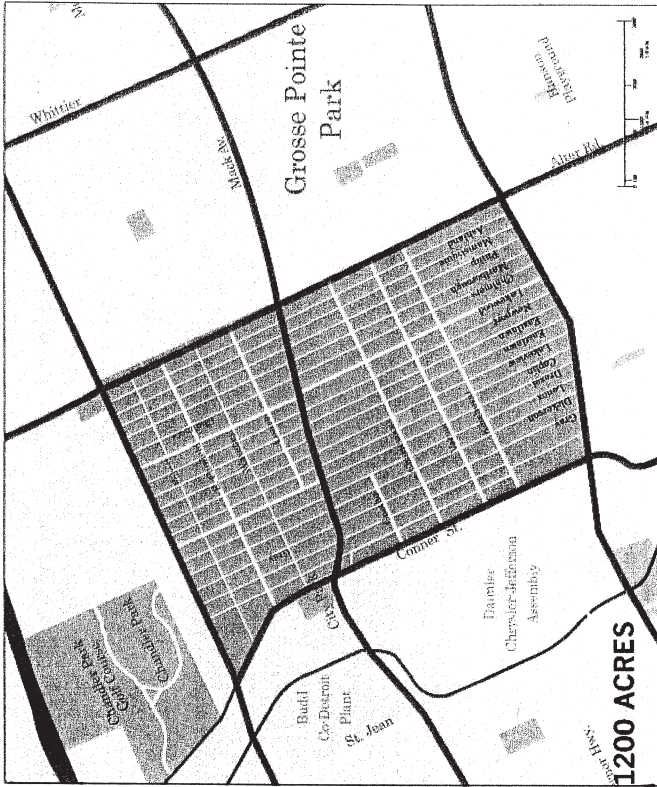

Resolved, That in accordance with the foregoing communication, the Planning and Development Department Director of Development Activities be and is hereby authorized to execute a Master Development Agreement for the Far East Side Area, generally bounded by Jefferson Avenue to the south, Alter Road to the east, Warren Avenue to the north and Conner Street to the west and more particularly described in the attached Exhibit A, between New Far East Side Development Co., L.L.C., a Michigan Limited Liability Company and the City of Detroit, a Michigan Public Body Corporate.

And be it further,

Resolved, That the Master Development Agreement be considered confirmed when executed by the Planning and Development Department Director of Development Activities and approved by the Corporation Council as to form.

Honorable City Council:

Re: Formal Request for Transfer of Funds. HUD Lead Reduction Demonstration Grant Matching Fund Grant Requirement Follow Up Activities/Grant Status Update.

This correspondence serves as a follow up from the November 15, 2004, City Council discussion, pursuant to the City of Detroit, Planning and Development Department's (P&DD) receipt of the \$4 Million Dollar, HUD Lead Reduction Demonstration Grant Award. At that session, prior to this Honorable Body's winter recess, the Department committed to providing this Body with regular updates on the progress of the grant related planning activities and to formally report back to this Body, prior to the official launch of the Lead Grant program activities. In addition, the Department also requested that this Body support and approve the transfer of the remaining \$1,343,541.00 that was designated in City Council's budget in 2002-2003, for the lead hazard reduction activities, targeted for rental properties.

The Department successfully spent and provided lead abatement services and other repair related work item support with the initial \$500,000.00 that was transferred from City Council budget in February, 2003. The \$1,343,541.00 dollars remaining balance will be utilized to support the HUD Lead Grant program match requirement, and to also provide financial support for those home repair work items that are not covered by the Grant Award. Specifically, the Grant Award funding only supports actual lead affected surfaces. It does not address needed health and safety repair items that are frequently prevalent in our older properties. Given that Detroit is presently number four (4) in the country for potential households and families at risk for lead paint poisoning, the funding request will provide the needed program gap dollars that will enable the Department to address the full scope of the repairs needed that exceed the program scope limitations of the Grant Award.

The Department has been working closely with the City Planning Commission staff, relative to also keeping them abreast of our progress and performance, in anticipation of HUD's formal approval of the Department's HUD Lead Grant Work Plan. To date the following activities have occurred, or are in the planning stages, in preparation of program implementation:

- Submitted to HUD on December 1, 2004, a revised Lead Grant Program Work Plan. Presently awaiting formal written approval of Work Plan.
- Completed and Published the Environmental Assessment Review, December, 2004.
- Received HUD's approval for the "Release of Funds", January 6, 2005.
- Developed program policies and procedures for the Lead Based Paint Hazard Reduction Demonstration Grant Program, January, 2005.
- Developed program eligibility guidelines for both rental and owner-occupied families.
- Developed program application and informational brochures describing program application process.
- Coordinating client referral process with Department of Health and Wellness Promotions Department in conjunction with both the City's and the State's Strategic Lead Elimination Plan by 2010.
- Coordinating proposed new case management process with Detroit based entities, i.e., Detroiters for Environmental Justice.
- Proposed coordination of the interim control process and case referral with CLEARCorps, Detroit LEAP, and Lead Busters, as well as other local Detroit based lead advocates and health care professionals.

- Proposed coordination of lead educational outreach and program marketing in order to promote lead awareness and lead prevention strategies.

- Working with lead professionals to support recent bills and legislation to combat lead poisoning and promote lead testing and awareness.

- Continued coordination and leveraging of resources with the Detroit Housing Commission and Detroit LEAP, both entities also have lead grant awards from HUD's Office of Healthy Homes.

It is the City's goal to formally launch this program in late January, 2005, subject to formal receipt and approval from HUD to begin to incur program costs and to process new applicants as part of the grant award. The Department currently has approximately forty (40) applications presently on hold, awaiting formal authorization to begin program implementation.

The Department is hopeful that the \$1,343,541.00 dollars transfer of funds to support this grant award can be expedited. These funds are critical as matching funding support for the program recipients in need of both lead remediation and other health and safety related repair work.

In closing, subject to your Honorable Body's approval of the transfer of funds, we are prepared to move forward with the final program coordination and preparation for the program launch.

Attached for your Honorable Body's review and approval is a formal resolution that will facilitate this transfer of funds needed to support the HUD Lead Hazard Demonstration Grant award.

Re: 2004-05: Act 51 Michigan Transportation Fund.

Each year the City of Detroit receives a distribution of Michigan Transportation fund in accordance with ACT 51, Public

Past experience has indicated that the level of expenditure required to maintain the Local Streets has been somewhat greater than the amount of funds received for this purpose

Section 13 (6) of ACT 51, P. A. 1951 as amended, however, allows a city to use on the local street system up to 25 percent per annum of funds returned to the City for its major street system.

To take advantage of this allowable transfer of funds to more accurately reflect expenditures of the street system, we respectfully request that your Honorable Body adopt the attached reso-

**STATEMENT BY COUNCIL MEMBER
SHEILA M. COCKREL IN SUPPORT OF
WATER AND SEWERAGE**

**DEPARTMENT 2005-2006 RATE
INCREASES**

In one of the most blatant examples of political grandstanding of this term, four Members of the Council voted "no" on the proposed Water and Sewerage Department 2005-2006 Rate Increases. Members McPhail, Maryann Mahaffey, Barbara-Rose Collins, and Joann Watson have taken an irresponsible action that could threaten the City's continued management of the Detroit Water and Sewerage Department.

The City's long-term strategy to keep the water system in compliance with the NPDES has been jeopardized by this action, as the City will be unable to sell revenue bonds scheduled for issuance in March. The proposed revenue bond issuance is based on revenue projections in the proposed rate increases. Capital

projects identified in the NPDES permit will be postponed without the sales of these bonds, possible subjecting the Department to non-compliance.

This irresponsible action plays into the hands of those interests that seek to take control of the water system from the City of Detroit.

**STATEMENT BY CITY COUNCIL
PRESIDENT MARYANN MAHAFFEY
ON DETROIT WATER AND
SEWERAGE DEPARTMENT
2005-2006 RATES SCHEDULE**

I voted against the approval of City of Detroit Water and Sewerage Department's (DWSD) proposed increase in its Rates Schedule for fiscal year 2005-2006. The plan presented to the City Council asks the citizens of Detroit to pay an increased price for an essential service at a time while many cannot afford the rate they currently pay.

DWSD has done little to address the burden that the current rates place on its customers. In recent years as many as 40,000 DWSD customers in the City of Detroit have had their water service shut off. That means that far too many households in our city are being forced to go without water, and an increase in rates would only increase the number of citizens without running water in their homes.

Roger D. Colton, a national expert on utilities, presented DWSD with a Water Affordability Program that addresses the specific needs of Detroit, and would assist low-income customers by restructuring their rates and encouraging them to conserve water. This program if implemented could decrease the number of citizens who received shutoff notices by 50% and those whose service was shutoff by 75%. Mr. Colton's program would also decrease customer disputes and collection costs, letting the Department focus its collection efforts on those with the ability to pay. DWSD had received Mr. Colton's plan before it presented City Council with its proposed rate increase, but made no indication that it would implement Mr. Colton's program.

Lastly, for the last two years DWSD has had an operating budget of \$346 Million while never spending more than \$335 Million. Given the fiscal situation that the City of Detroit and the Citizens of Detroit face it is unfair to increase DWSD's operating budget on the backs of the citizens while other departments and employees across the city are asked to take cuts. DWSD has failed to give proper justification of why it intended to raise rates and clearly DWSD has failed to recognize the consequences that those rates would have on the Citizens of Detroit.

STATEMENT BY COUNCIL MEMBER
SHARON McPHAIL ON THE
FEBRUARY 23, 2005 VOTE ON
DETROIT WATER AND SEWERAGE
DEPARTMENT (DWSD) 2005/2006
RATES SCHEDULE

I voted no on the Detroit Water and Sewerage Department (DWSD) 2005/2006 Rates Schedule for the following reasons:

- The rate schedule as presented to City Council offers no relief or effective program to deal with the growing number of Detroit residential customers unable to pay for services. City Council has received public testimony that due to economic conditions, Detroit customers have been increasingly delinquent in their payments and have had their service terminated, and/or unable to restore their service after a shutoff due to continued DWSD inflexible payment and negotiated payment requirements.

- For the past two years, I have asked that DWSD management and the Board

of Water Commissioners investigate and consider a low volume water rate and/or a Senior Citizen, and a Disabled discount rate for individuals living below or at the federal poverty line in the City of Detroit. A number of Municipal Water and Sewerage Departments in other states have demonstrated that such discounts and customer specific rates are legal and effective. Again, DWSD has failed to seriously investigate or offer any alternative proposal to assist Detroit low-income customers.

- Recently, City Council was presented with a Water Affordability Program prepared by Roger D. Colton of Fisher, Sheehan & Colton Center of Public Finance and General Economics, specifically for the City of Detroit detailing how DWSD could assist low-income and elderly Detroit customers through the creation of a new rate structure, water conservation program and the modification of existing billing practices. The implementation of similar programs in other municipalities has resulted in reduced delinquent accounts, customer disputes, collection costs, broken payment plans, shutoff notices, and disconnections for non-payment. DWSD has provided no indication that they would consider such a Water Affordability program or offer any alternative Water Affordability program.

- While DWSD has made progress toward the establishment and operation of a modest WAVE Program that will provide limited payment assistance to income eligible customers, the program lacks a critical component for success. This missing component is an actual program to correct the WAVE recipient's leaks and faulty pumping that leads to the high consumption problems and the unaffordable bills that they cannot possibly pay. A program operated by the Cleveland Water System has been successful in reducing water shutoffs and providing actual savings to residents through their Survey, Repair, and Conversation Program. No such program exists in the current WAVE program and there is no indication that such a necessary process is being considered.

**STATEMENT BY COUNCIL MEMBER
SHEILA M. COCKREL IN OPPOSITION
TO RESOLUTION ON AUTHORITY OF
THE ZOO DIRECTOR**

Over the last 12 years, one of the core battles led by the Detroit City Council has been to ensure that ample resources are dedicated to the city's public parks and recreation opportunities, including the Detroit Zoological Institute.

That work has also included ensuring that the Detroit Zoological Institute, through its director, has the proper authority to manage the facility. Toward that end, the Council in a resolution passed on May 14, 2003 authorized the Zoo director to, "purchase, exchange and sell Zoo specimens on a direct negotiation basis for a period not to exceed December 31, 2008."

The Council resolution also complied with the Accreditation standards as set by the American Zoo and Aquarium Association. The AZA states that the director must, "be responsible for the day-to-day management of the institution, including animal acquisition/dispositions, staff and programs."

The AZA based its standard on a simple premise: Those with the knowledge of how to run a zoo should be left to do it. That is why I voted against Councilwoman Sharon McPhail's February 23, 2005 resolution, which would engage the City Council and the City's finance director in the decision-making process about the sale of animals. The resolution is ill conceived, bureaucratic and runs directly counter to the AZA standards.

In fact, bridling the zoo director in such decision-making is listed among the AZA's "areas of primary focus" for accreditation consideration. Unresolved governance issues are also cited among the AZA's commonly found, major concerns. In short, this new resolution could jeopardize the Detroit's Zoo's AZA accreditation.

Without those credentials, as the AZA notes, the Detroit Zoo could lose its access to certain types of corporate and federal funding, be forced to submit to additional state scrutiny and requirements; impact its ability to attract a professional and quality staff and its ability to be distinguished from so-called, "roadside zoos." The zoo would not be able to re-apply for accreditation for a period of one year after the date of the denial.

The superficial analysis and inadequate policy guidance provided by Ms. McPhail on this issue again speaks to her ulterior, political motivations. The appar-

ent disregard for the AZA guidelines regarding disposition of zoo assets shows that she is willing to "interpret" AZA rules to at the expense of one of the city's jewels.

This council has suffered enough criticism for attempting to override the city charter, which gives administrative authority to the administration. This is a perfect example of that excessive zeal, and it is for that and the aforementioned reasons that I voted no.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO RESOLUTION RESCINDING APPROVAL OF VARIOUS BUILDING LEASES AND SETTING CRITERIA FOR INFORMATION TO BE PROVIDED BY THE FINANCE DEPARTMENT/PURCHASING DIVISION FOR FUTURE DEPARTMENT BUILDING LEASES

On Wednesday, February 23, 2005 I voted in opposition to the resolution referenced above. The resolution essentially has two components. The first component would rescind Council approval of two leases. The second component would require the Finance Department to provide certain information to the Council as it may relate to any future proposed lease agreements.

The second component of the resolution has merit and it is called due diligence. This type of information is always

available to the Council. I routinely request this type of information and I always review it thoroughly prior to casting my vote. Accordingly, I question the necessity of having this type of provision in a resolution.

Be that as it may, the Council is unequivocally given the authority to approve contracts and leases that the City enters into. It is my understanding that should any contractor begin work on a contract prior to Council approval, that contractor assumes the risk of not getting paid should the Council fail to approve the contract. However, once the contract is approved, the situation fundamentally changes. Upon approval, the contracting party will have the ability to rely on that contract and should the City fail to live up to its requirements under the contract, the City would be in breach.

In this instance, this resolution speaks to the lease of buildings that have already been approved by the City Council. Council approved the leases at its formal session on Wednesday, January 12, 2005. The time to reconsider the Council's vote has long since past. At this point, the leasor has the legal right to expect the City will live up to its contractual obligations under its lease. Should the City fail to adhere to its lease, liability would surely follow. For that reason, the resolution proposed by Councilmember McPhail is legally unsound and would only serve to expose the City to unnecessary liability which is something that I am fundamentally opposed to supporting.

Further, passage of this type of resolution would set a terrible precedent for those who do business with the City. This resolution would send a message that at any point during the contract the Council may decide to unilaterally try to revoke it. This type of policy is unacceptable to the legitimate expectations of those who do business with the City and it makes no business sense. For these reasons, I voted no.

**RESOLUTION TO PROTECT AND
SAFE GUARD THE
BELLE ISLE AQUARIUM**

By COUNCIL MEMBER WATSON:

WHEREAS, The Belle Isle Aquarium has been slated to close by the City's administration, and

WHEREAS, The Friends of the Belle Isle Aquarium has launched an impressive campaign to halt the closure, and

WHEREAS, The Friends of Belle Isle Aquarium have committed to work with the City of Detroit to identify alternate resources and the establishment of an endowment, THEN

THEREFORE BE IT

RESOLVED, That the Detroit City Council urges the City's Administration not to close the Belle Isle Aquarium while

options are studied and the findings reported to the Council within two months.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 8.

Nays — None.

**STATEMENT BY COUNCIL MEMBER
SHEILA M. COCKREL IN SUPPORT OF
TWO-MONTH EXPLORATORY PERIOD
FOR THE BELLE ISLE AQUARIUM**

I voted yes on the above-referenced resolution because I do believe that it is imperative, particularly in this era of fiscal crisis, that the Kilpatrick Administration improves its communication and outreach strategy when making difficult policy decisions. Stakeholders should be advised and an opportunity for alternative considerations would help ease the impact of these necessary tough decisions. In this case, the Friends of Belle Isle organization should have been sought out for advice.

It would also be very helpful if the Administration would provide written analysis and background information on the policy rationale for this proposed closure to the Council and the Community at the time of the closure announcement.

I urge the Administration to meet with and to share information with the Friends of Belle Isle and the Friends of the Belle Isle Aquarium leadership regarding the condition of the Aquarium, the status of its infrastructure, its operating expenses and the critical issue of Americans with Disabilities Act (ADA) compliance. This two month exploratory time period urged by this Council resolution will give all concerned the time to review all the options and make a reasoned decision for the future of the Belle Isle Aquarium.

**RESOLUTION PROPOSING ADVISORY
GROUP TO STUDY AND PROPOSE
RECOMMENDATIONS FOR TRANSIT
OPTIONS IN DETROIT & REGION**

By COUNCIL MEMBER WATSON:

WHEREAS, Residents of the City of Detroit deserve world class transportation, and every other major City in the nation offers its citizens rapid transit options, which support the economic engines of their municipalities, and

WHEREAS, A coalition of labor, government and business leaders, including the Big Three automakers have invested significant resources into a rapid bus study for the region, and

WHEREAS, The Metropolitan Affairs Coalition's landmark study: "Speedlink...a Train on Tires" offers recommendations that warrant response and input from Detroit citizens, Detroit legislators and surrounding communities, and

WHEREAS, Community groups like MOSES have organized neighborhoods and organizations in order to prioritize transportation reform in Southeastern Michigan, and

WHEREAS, The Legislative Branch, the Executive Branch, the State of Michigan, Federal representatives, the business community, the citizens and the community based organizations are in need of a structured environment to review transportation proposals that will benefit our community, and

WHEREAS, An Advisory Group which includes transportation experts and transportation service providers, legislators, executives, transportation consumers and policy analysts can be convened by the Detroit City Council to facilitate improvements in public transit to upgrade the quality of life, reduce traffic congestion and related toxins, and strengthen the economic competitiveness and economic growth of Detroit and to halt the population exodus, while attracting businesses and residents to Southeastern Michigan, THEN THEREFORE BE IT

RESOLVED, That the Detroit City Council invite key stakeholders, including SEMCOG officials, Metropolitan Affairs Coalition officials, transportation providers, MOSES, Federal representatives, advocates of rapid busses, light rail and other transit advocates to participate as members of this advisory group, AND BE IT FINALLY

RESOLVED, That Michigan, as the nation's eighth most populated state no longer 'settle' for receiving only 1% of the \$2.6 billion available in federal funding for bus & rail because the state has no current plan to launch a train system, and that the City of Detroit no longer 'settle' for only a fraction of the \$2 billion dollars allocated by the State of Michigan's transit budget to local transit agencies, and that Michigan be poised to submit a proposal for the New Starts Federal Transit Administration program in 2006.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., Collins, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 7.

Nays — Council Member S. Cockrel — 1.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO RESOLUTION PROPOSING ADVISORY GROUP TO STUDY AND PROPOSE RECOMMENDATIONS FOR TRANSIT OPTIONS IN DETROIT AND REGION

On Wednesday, February 23, 2005 I voted in opposition to the resolution referenced above for two major reasons. First, the language of the last resolved clause appears to direct the State to "no longer

'settle' for receiving only 1% of the \$2.6 billion available in federal funding..." The City Council has no authority to direct the State of Michigan to do anything. The Council can request the State to take certain actions, but this resolution is not worded in the form of a request and for that reason, is inappropriate and has no effect.

Secondly and more importantly, the Detroit Area Regional Transportation Authority (DARTA) has already been put in place to explore the transportation needs of this region. As one member of this Council, it is clear to me that the problems we face with respect to public transportation cannot be met by the City alone. We need to have regional cooperation and DARTA is the place to start. As I understand it, the Regional Transit Coordinating Council (RTCC) is still involved in litigation over its authority to transfer its powers to DARTA. I implore the parties to the lawsuit to work together to come to a speedy resolution. In this regard, I would suggest alternative dispute resolution as one alternative. Whatever the case may be, once that litigation is complete, DARTA will be the body that will be most empowered to deal with the transportation needs of our community. For that reason, the creation of this Advisory Group seems premature and expensively redundant. For these reasons, I voted no.

RESOLUTION

By COUNCIL MEMBER WATSON:

WHEREAS, The City of Detroit is in the midst of a serious financial crisis that will likely require the comprehensive overhaul of the City's budget and departmental structures; and

WHEREAS, The residents of the City of Detroit are at great risk because of the current crisis; and

WHEREAS, The City is otherwise faced with large budget deficits; and

WHEREAS, Sean K. Werdlow, the Chief Financial Officer/Finance Director for the City of Detroit has requested that all suppliers of services and goods to the City voluntarily accept a 10% reduction in the amount to be paid on the balance of their contracts; and

WHEREAS, Banks, bondholders, beneficiaries of City economic development assistance and other corporate entities to whom the City is indebted are the City's primary creditors who continue to profit greatly from the City's ever-declining revenues; and

WHEREAS, Fairness demands that if contractors are requested to voluntarily reduce the amounts owed to them by the City, then the request should likewise be directed to the City's largest creditors;

NOW, THEREFORE, BE IT

RESOLVED, That the City Council for

the City of Detroit calls upon Sean K. Werdlow, Chief Financial Officer/Finance Director for the City of Detroit, to report to the City Council about the status of the City's largest debts, and to request that banks, bondholders and other corporate entities to whom the City is indebted, voluntarily reduce the amounts owed by the City by 10% across the board.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., Collins, McPhail, Watson, and President Mahaffey — 6.

Nays — Council Members S. Cockrel, and Tinsley-Talabi — 2.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO RESOLUTION THAT THE CITY COUNCIL FOR THE CITY OF DETROIT CALL UPON SEAN K. WERDLOW, CHIEF FINANCIAL OFFICER FOR THE CITY OF DETROIT TO REPORT TO THE CITY COUNCIL ABOUT THE STATUS OF THE CITY'S LARGEST DEBTS, AND TO REQUEST THAT BANKS, BONDHOLDERS AND OTHER CORPORATE ENTITIES TO WHOM THE CITY IS INDEBTED, VOLUNTARILY REDUCE THE AMOUNTS OWED BY THE CITY BY 10% ACROSS THE BOARD

On Wednesday, February 23, 2005 I voted no on this resolution. This resolution is a misplacement of good intentions at best, or a profound misunderstanding of the principles of credit at worst.

It is undoubtedly true that the City is facing a great financial crisis. It is also true that the City is contemplating laying off employees and reducing wages and salaries in addition to reducing its contracts by 10%. However none of those things are akin to asking your creditors to absolve you of 10% of your debt.

With respect to this proposed resolution, the Council is requesting that the CFO ask our creditors to forgive 10% of our debt. This could have a number of profound results both philosophically and practically. On an ideological level, the forgiveness of debt is not really negotiable in this context given that there is no quid pro quo. The City already borrowed the money and it is already owed. The government is an entity that to some extent subsidizes costs for those things that are needed by people who sometimes cannot afford them. However, the government itself has to be held accountable for those things it is supposed to pay for. This is not a situation in which the City would attempt to renegotiate interest rates or service fees. A 10% cut would necessitate a wholesale forgiveness on principal.

On a practical level, requesting a 10% debt forgiveness would be tantamount to declaring bankruptcy. Debt reorganization and cancellation should only occur when

the debtor is no longer solvent. In this case, I do not believe that the City is prepared to go so far as to say that it cannot pay its own debts. Doing so could very negatively impact the City's bond ratings which would only serve to steepen the downward spiral into the financial morass that we are apparently headed. It is unclear whether we can even obtain debt forgiveness from our bondholders. This is a measure that has not even begun to be adequately explored. It is a knee-jerk reaction that has unforeseen consequences precisely because the necessary due diligence was not done. I requested that this resolution by reviewed by the Research and Analysis Division, the Law Department and the Finance Department. I had not received any response or input prior to this resolution being put to a vote. Based on the information I have reviewed, I am not prepared to take this drastic step and for these reasons, I voted no.

TESTIMONIAL RESOLUTION FOR COUNCIL PRESIDENT EMERITUS ERMA HENDERSON

By COUNCIL MEMBER COLLINS:

WHEREAS, Council President Emeritus Erma Henderson was born in 1917, and her life has been committed to social activism, racial and cultural inclusion, democratic ideals and spiritual principles.

She has spoken nationally and internationally on these topics. Since her illustrious life has been so filled with social and political works, this Testimonial Resolution will impart some personal revelations about this memorable woman; and

WHEREAS, She served on the Detroit City Council from 1973 through 1989, filling the vacant seat left open by the death of Robert Tindal. She became the first African American woman to serve on Detroit's City Council, with her victory in the run-off election of 1972; and

WHEREAS, Mrs. Henderson won her seat again in the 1973 election, then followed with overwhelming victories in 1977, 1981, and 1985. She became the first African American to be elected Detroit City Council President, and the only person to have held that position for an unprecedented three consecutive terms; and

WHEREAS, As long ago as 1938, Erma Henderson, and members of the young Republicans Club Lela Wilcox, Geneva McNeal, and Onslow Parish discussed the possibility of attending the Michigan Republican Convention, which was to be held at the Pantland Hotel in Grand Rapids. TESTIMONIAL RESOLUTION FOR

REV. DR. NICHOLAS HOOD, SR.

By COUNCIL MEMBER COLLINS:

WHEREAS, Reverend Doctor Nicholas Hood II was born on June 21, 1923 in Terre Haute, Indiana, the youngest of eight children born to Daisy Ernestine Eslick and Orestes Hood. All eight of the children received college educations. Nicholas Hood graduated from Wiley High School in Terre Haute. At the age of 17, he was hospitalized for a year to correct a birth defect. The hardship of his illness gave him a more spiritual outlook and he changed his focus from medical school to divinity training. He attended Yale University Divinity School and graduated in 1949. That same year he married Elizabeth Louis Flemister and they became the parents of four children; Nicholas III, Stephen, Emory and Sarah Cyprian; and

WHEREAS, Reverend Hood's first clerical position was in 1949 as pastor of Central Congregational Church in New Orleans. During his tenure at Central Congregational, over 400 members were added to the congregation. In 1957, Nicholas Hood was a Founding Member of Southern Christian Leadership Conference (SCLC) before relocating his family to Detroit, Michigan. In Detroit, Rev. Hood became pastor of Plymouth United Church of Christ (Congregational). He also founded the Plymouth Day Care Center and Plymouth Day School. In 1974, the new church building was completed for Plymouth United Church of Christ and it was the cornerstone of a new housing development in the area. The Plymouth Housing Ministry developed 26 acres of land that produced the Medical Center Village and Courts, the Cyprian Center, which was named for Reverend Hood's daughter Sarah Cyprian, and provided adult day care facilities for the mentally retarded; and

WHEREAS, Nick Hood was the second African American elected to the Detroit City Council. He remained there from 1965 to 1989 and later served as President Pro Tem of the Council. The original urban renewal plans of the City of Detroit during the late 1960s and early 1970s were forcing African American institutions within the inner city to leave the area. Reverend Hood influenced other local ministers and congregations to remain in the area and fight against removal. He promoted projects that focused on rebuilding within the historically African American area. In the 1970s he founded the Medical Center Courts, the first low-to-moderate income housing built in Detroit since World War II. NOW THEREFORE BE IT

RESOLVED, That Reverend Dr. Nicholas Hood, Sr., who has received more plaques and awards during his professional career than can be mentioned in

this Testimonial Resolution, including Honorary Doctoral Degrees from Chicago Theological Seminary, North Central College, Olivet College, Purdue University, and the University of Chicago, be presented with this acknowledgement of his outstanding endeavors and brilliant achievements on this 25th day of February 2005 on the occasion of Council Woman Barbara-Rose Collins Living Legacy Black History Month program.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF RESOLUTION AUTHORIZING FINANCE DEPARTMENT/ PURCHASING DIVISION CONTRACT NO. 2662724 TO PROVIDE SOLE SOURCE AGREEMENT FOR HP SERVER MAINTENANCE SUPPORT

On Wednesday, February 23, 2005 I voted in support of the resolution referenced above. It has been the practice of this Body that members may hold contracts in order to ask questions and have specific concerns addressed in order to make informed votes. There appears to have been some miscommunication as it relates to this resolution however.

Earlier that day, prior to the formal session, Member McPhail submitted a memorandum holding this contract indicating that she would be submitting questions later on in the day. At the formal session, the committee clerk indicated that this agenda item was pulled from consideration, presumably in light of Member McPhail's request to hold it. However, Member McPhail verbally indicated that this item was to be put on for a vote with a roll call.

Member McPhail voted no on the contract which was somewhat predictable given that she had previously indicated a desire to hold the contract. Members Collins, Watson and President Mahaffey also voted no even though they had not raised any concerns or questions about the contract.

Whatever the case may be, I voted in favor of this sole source contract. This contract was for necessary maintenance support for servers that are the backbone of information technology services in this City, and after some additional gamesmanship, was put on for a vote again on Monday, February 28, 2004 to be passed.

STATEMENT BY COUNCIL PRESIDENT MARYANN MAHAFFEY ON "NO" VOTE OF HEWLETT-PACKARD CONTRACT #2662724

Today, I voted "no" when asked to renew a contract for Hewlett-Packard to provide maintenance and support services to Internet servers within the City. Initially, this contract effectively displaced City employees in the Law Department by allowing Hewlett-Packard to provide duplication and delivery services, jobs that had been performed by City employees. Over the years, this contract has continued to displace City employees.

I continue to be in opposition to outsourcing of work that can be done by City employees. I also oppose contracting with companies that are not located in the City of Detroit when we know that there are employees, or qualified companies in the City that can perform the task.

Furthermore, I have failed to see any

significant improvement in the quality of services provided to the City since Hewlett-Packard took over compared to when City employees performed the same service.

I will continue to work to protect the jobs of Detroit City employees, and to prevent outsourcing of jobs that can, and should be, done in-house.

**STATEMENT BY COUNCIL MEMBER
SHEILA M. COCKREL IN SUPPORT OF
RESOLUTION AUTHORIZING
CONTRACT NOS. 2661651, 83303,
2657687, 2663756**

It is each Council Member's prerogative to hold contracts as they come to the Table from the Mayor's Office; lately this process of holding contracts has escalated beyond what the process is really intended to accomplish. Contracts are supposed to be held to make inquiries and to receive information regarding concerns that members of the Council may have. Generally these holds used to last a week or two in order to receive this information. However, there must come a time when the contracts are placed on the Formal Agenda so that they may be voted on in order to let the order of business in the City continue.

If a Member does not want to approve a certain contract, he or she should vote against it — not avoid the vote. Lately, contracts have been held for inordinate amounts of time and without any justification. The holding of contracts in this manner acts as a de facto pocket veto, a function that the process was never intended to become. Many of these contracts are time-sensitive, and delays in this process interfere with providing service to the City's residents and stakeholders.

This practice thwarts the fundamental premise of a democratic society, that elected leadership votes on issues. This current situation permits individual Council Members to become "mini dictators" controlling when the Council votes on contracts. It is a travesty of the most basic principle of "one person, one vote."

City Planning Commission

Honorable City Council:

Re: Capital Agenda for 2005-06 through 2009-10 — Revised Resolution.

Attached is the resolution adopting the Capital Agenda for 2005-06 through 2009-10, as discussed at the February 28, 2005 Committee of the Whole meeting. Four 'whereas' clauses were added in accordance with City Council's direction, noting the following:

- City Council's submittal of amendments, deletions and additions to the Planning and Development Department (P&DD);
- City Council's receipt of a response from P&DD to the recommendations;
- Confirmation by the Law Department that Council can take action as it wishes;
- Desire of the Council for inclusion of maps, boundaries, goals, etc. in the next Capital Agenda.

Respectfully submitted,
MARSHA S. BRUHN
Director

By Council Member S. Cockrel:

Whereas, The Mayor has submitted to the Detroit City Council a proposed Capital Agenda for the Fiscal Year 2005-06 through 2009-10; and

Whereas, It is the desire of the City Council that the next Capital Agenda include maps and boundaries of the urban renewal areas served by Citizens District Councils, the goals for each area, and how those goals are being met;

Now, Therefore, Be It Resolved, That the Detroit City Council hereby adopts the Capital Agenda for 2005-06 through 2009-10 with the following amendments, deletions and additions:

That the Modernization of Traffic Signals project under the Traffic Signals and Signing Capital Program in Department of Public Works (DPW) — Street Capital include pedestrian signals to meet the requirements of the Americans with Disabilities Act (ADA); and

That a new project, Ford Auditorium Renovation, be added, for the renovation of the building into a mixed-use theater with seating and parking for 5,000 people; and

Be It Finally Resolved, That the Budget Department reproduce the City Council-adopted Capital Agenda, after Council's action on the document.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO THE PROPOSED CAPITAL AGENDA FOR 2005-06 THROUGH 2009-10 AS AMENDED

On Monday, February 28, 2005, I voted in opposition to the Proposed Capital Agenda. The Capital Agenda is required by Section 8-202 of the 1997 Detroit City Charter (Charter). The Capital Agenda is a planning document that is designed to outline the goals and plans of government for its capital projects for a five-year period of time. The Charter also sets forth the process by which the proposed Capital Agenda is to be considered and

possibly amended by the legislative body. The Capital Agenda is not a document that sets priorities for capital projects in stone. It is not a document that guarantees any sort of capital spending. Its sole purpose is to set capital project planning policy in a way that shows a broad picture of what the City hopes and needs to accomplish in the future.

The haphazard process that was used this year to arrive at the version of the Capital Agenda that the Council ultimately passed lacked the benefit of full and meaningful analyses and discussion of the various amendments that were proposed. There were three sets of amendments proposed by Members Collins, Watson and myself. Additionally, representatives from the Citizen District Councils appeared at the public hearing suggesting additional amendments.

It was my understanding that the various proposals would be more thoroughly analyzed and discussed before they were inserted in to the Capital Agenda. Unfortunately, they were not. Instead, the Council engaged in disjointed conversations about what various amendments were desired without ever really addressing the efficacies and ramifications specific to each proposal. The matter of doing the due diligence was especially important to me given the fact that I had some concerns about the proposed amendments. For instance, one of the proposals was to add a new project for the renovation of the Ford Auditorium to create a 5,000 seat mixed-use theater. I fail to understand how the City could plan on completing such a project when there has been no feasibility study done on such a tremendous undertaking. To propose the development of a 5,000-seat theater with parking for 5,000 cars on the Riverfront with no input from planning experts or the agencies charged with managing economic development is a prescription for extremely bad land use decisions.

As a matter of policy, I will not support proposals that have not been fully addressed. For these reasons, I voted no.

STATEMENT BY COUNCIL PRESIDENT MARYANN MAHAFFEY ON DETROIT WATER AND SEWERAGE DEPARTMENT 2005-2006 RATES SCHEDULE

Until recently, I have always voted for water rate increases based on the argument that if the City Council did not do so, the City's bond rating would be at risk, which would hurt job creation within the department. However, Detroit Water and Sewerage Department (DWSD) continues to increase privatization of its services and cut City of Detroit jobs.

In addition, for the past few years, I quietly have been asking questions and presenting plans to DWSD regarding whether the City of Detroit could establish special rates for seniors and low income families. Two years ago I chaired an Emergency Utility Task Force meeting where research was presented showing that other municipalities, such as Seattle and Cleveland, have instituted such programs. The plans to ease the burden that water bills put on our low-income citizens have been rejected time after time by DWSD. Last month, a similar plan was presented to DWSD and the Board of Water Commissioners. Designed by Roger D. Colton, an expert in municipal utility rates, the proposal could decrease shutoffs in Detroit by as much as 75%. DWSD has made no indication that they will adopt this program or any other changes that would help ease the burden placed on low-income residents in the City of Detroit.

I can no longer in good conscience go along with the claims of DWSD that we are powerless to create a program of rate affordability while an increasing number of municipalities institute similar policies.

For these reasons, I voted against the approval of the proposed increase in the Rates Schedule for DWSD. Not only has the department failed to provide justification for raising its rates, it has also failed to recognize the harmful effects that those rates will have on our citizens.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF WATER AND SEWERAGE DEPARTMENT 2005-2006 RATE INCREASES

In one of the most blatant examples of political grandstanding of this term, four Members of the Council voted "no" on the proposed Water and Sewerage Department 2005-2006 Rates Increases.

Members McPhail, Maryann Mahaffey, Barbara-Rose Collins, and Joann Watson had taken an irresponsible action that could have threatened the City's continued management of the Detroit Water and Sewerage Department.

The City's long-term strategy to keep the water system in compliance with the NPDES had been jeopardized by this action, as the City would have been unable to sell revenue bonds scheduled for issuance in March. The proposed revenue bond issuance is based on revenue projections in the proposed rate increases. Capital projects identified in the NPDES permit would have been postponed without the sale of these bonds, possibly subjecting the Department to non-compliance.

This irresponsible action played into the hands of those interests that seek to take control of the water system from the City of Detroit when the initial vote on the rates on February 23, 2005 resulted in a 4-4 deadlock. After additional political posturing, the rates were approved by the Body on Monday, February 28, 2005.

RESOLUTION

By COUNCIL MEMBER WATSON,
Joined By PRESIDENT MAHAFFEY:

WHEREAS, The Detroit City Council has had several discussion regarding the Administration's proposal to reduce the Detroit Department of Transportation (D-DOT) bus service and to eliminate passenger routes from 12 midnight to 5:00 a.m.; and

WHEREAS, The Administration has also proposed a reduction in the D-DOT workforce; and

WHEREAS, A significant percentage of Detroit residents utilize the D-DOT bus service as their only source of transportation to and from work which allows them to earn a living to support themselves and their families, and to contribute to the stability of this City by maintaining a residence in the City and paying taxes; and

WHEREAS, The proposed reduction in bus service would pose a serious threat to the welfare of the residents in the City of Detroit, particularly those who depend upon the D-DOT buses as their primary source of transportation; and

WHEREAS, To date, the Administration has failed to present an alternative plan to provide transportation for those City residents who travel to and from work during the hours of bus service targeted for elimination or reduction; and

WHEREAS, Pursuant to its legislative role and responsibilities, the Detroit City Council must ensure the health, safety and welfare of the City residents who travel by bus; and NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council strongly recommends that the Administration conduct a detailed review of the current transportation service, routes, and ridership; and BE IT FINALLY

RESOLVED, That in the event the current D-DOT transportation services cannot be maintained, the City Council recommends that the Administration provide an alternative means of transportation either through van services or a partnership with the Suburban Mobility Authority for Regional Transportation (SMART) to those residents who would be affected by the proposed reduction in D-DOT transportation services.

Adopted as follows:

Yeas — Council Members K. Cockrel, Jr., McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 5.

Nays — Council Members Bates, and S. Cockrel — 2.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO RESOLUTION STRONGLY RECOMMENDING THAT ADMINISTRATION CONDUCT DETAILED REVIEW OF CURRENT TRANSPORTATION SERVICES, ROUTES AND RIDERSHIP OR TO

PROVIDE FOR ALTERNATIVE MEANS OF TRANSPORTATION

On Monday, February 28, 2005, I voted in opposition to the resolution referenced above. The first resolved clause of the resolution recommends that the Administration "conduct a detailed review of the current transportation service, routes and ridership." Based on testimony received at multiple discussions and hearings pertaining to proposed cuts to the Detroit Department of Transportation (DDOT) it has been made clear that DDOT has already undertaken the ridership study that this resolution is recommending. For this reason, this portion of the resolution amounts to pure puffery and grandstanding.

The second resolved clause would recommend that the Administration provide alternative means of transportation either through the use of vans, or through a partnership with SMART. I think that this particular proposal may have merit, however, I am not prepared to support such a recommendation because the recommendation itself has not been studied. There has been no feasibility or cost study done on using vans or working with SMART on such an endeavor. In this regard, I feel it is a bit disingenuous for the Council to request that the Administration study an issue prior to taking an action, only to recommend that another action be taken before it is studied itself.

For these reasons, I voted no.

Honorable City Council:
 Re: Dianna Medley vs. City of Detroit.
 Case No.: 04-41429 NO. File No.: A19000.002841(SH).

On February 8, 2005, a case evaluation panel evaluated the above-captioned lawsuit and awarded Seven Thousand Five Hundred Dollars (\$7,500.00) in favor of Plaintiff. The parties have until March 8, 2005, to either accept or reject the case evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the case evaluation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Seven Thousand Five Hundred Dollars (\$7,500.00) payable to Robert S. Drazin & Associates, P.L.L.C., attorneys, and Dianna Medley, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 04-41429 NO, approved by the Law Department.

Honorable City Council:

Re: Establishment of the Park Shelton Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the Park Shelton Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on November 1, 2004 as required by the Act. Further discussions were held concerning the establishment of the NEZ.

As you may recall the Park Shelton, LLC proposes to invest \$15 million to convert occupied rental units to condominiums. The units will be marketed upward of \$72,000 to \$315,000.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing is September 24, 2004 and

we therefore recommend that you approve the resolution at your next regular formal session of Wednesday.

Respectfully submitted,

HENRY B. HAGOOD

Director of Development Activities

By Council Member Collins:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Park Shelton NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by

a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Park Shelton NEZ was conducted before the Detroit City Council on November 1, 2004, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Park Shelton NEZ are known:

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Park Shelton NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO RESOLUTION CALLING FOR THE INVESTIGATION OF THE DETROIT WATER AND SEWERAGE DEPARTMENT (DWSD) AND PUBLIC LIGHTING DEPARTMENT (PLD) CONTRACTS OF THE INFRASTRUCTURE MANAGEMENT GROUP (IMG)

On Wednesday, March 2, 2005, I voted in opposition to the resolution reference above. The title of the resolution purports to call for an investigation of IMG contracts. However, not only does this resolution request such an investigation, it requests that all IMG contracts be rescinded. I voted against this resolution because I believe that it is not sound policy to attempt to unilaterally rescind a contract after the Council has already approved it and after the time for reconsideration has expired. As I explained in my statement pertaining to Councilmember McPhail's resolution to extend building leases, once the Council has approved a valid contract, it is a legally binding agreement.

Both the contractor and the City have the right to rely on the terms of the contract. So long as the bargained-for services are being performed and absent some sort of fraud, misrepresentation, or other legal grounds for termination of the contract, the City is bound by its agreements. In this particular situation there have been multiple discussions and inquiries made and answered with respect to this contract. Council approved the contract with respect to the Public Lighting Department on March 11, 2004. The contract with DWSD was entered into by the Mayor in his role as Special Administrator as ordered by the Honorable John Feikens, Judge of the United States District Court for the Eastern District of Michigan.

In this regard, it is my considered opinion that due diligence was done with respect to these contracts. For this reason, I again reiterate my position that it

sets horrible precedent to try to rescind a contract in that has been lawfully entered into and derogation of the legitimate expectations of the parties to the agreement. For these reasons, I voted no.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO RECONSIDERATION OF RESOLUTION AUTHORIZING CONTRACT NO. 2668233 FOR COACH BODY REPAIR SERVICES

On Wednesday, March 9, 2005, I voted in opposition to reconsideration of the resolution referenced above. This contract was originally held on February 14, 2005 by President Maryann Mahaffey in order to have some concerns addressed. The Department of Transportation (DDOT) responded to her questions on February 28, 2005.

This is a contract for necessary repairs to DDOT coaches. This appears to be another instance of a recent trend of certain members of this Body holding contracts indefinitely even though questions have been answered by the requesting departments. As I have stated numerous times in the past, the purpose for holding contracts is to have questions and concerns addressed. Once that has occurred, the contract should be released in order to be voted up or down. The oftentimes nebulous reasons given for holding contracts up for an unknown period of time serves only to inexplicably grind the business of the City to a halt. Those who do business with the City deserve a Council that will not unnecessarily add to the multiple levels of bureaucracy that are already difficult to cut through.

In this instance, it is my opinion that DDOT already fully answered the questions that President Mahaffey posed. It was clear to me that the contract was necessary for much-needed repairs to DDOT coaches. Similar contracts were held by Councilmembers last year. DDOT requested that those contracts be released because it was greatly affecting service delivery. Specifically, with respect to body contract 2647164 and brake contract 2648941, DDOT indicated that those contracts being held represented 42 coaches being taken out of service daily which translated into lost daily revenue of \$12,096. It seems disingenuous to put forth resolutions requesting a halt to

DDOT cuts one day, then to turn around and indefinitely hold up contracts that maintain coaches and keep them on the street. For these reasons, I voted no.

Council Member K. Cockrel, Jr. then moved to refer the matter back to the Committee of the Whole, which motion prevailed.

RECONSIDERATION

The Clerk notified the chair that Council Member McPhail had filed notice that she would move to reconsider the vote by which the resolution authorizing the establishment of the Park Shelton Neighborhood Enterprise Zone, which was adopted at the last formal session on March 2, 2005.

Council Member McPhail then moved to reconsider the vote by which the above specified matter was adopted which motion prevailed as follows:

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., Collins, McPhail, Watson, and President Mahaffey — 6.

Nays — Council Members S. Cockrel, Tinsley-Talabi — 2.

Council Member McPhail then moved for adoption of the above specified matter, which motion did not prevail as follows:

Not Adopted as follows:

Yeas — Council Members Collins, McPhail, Watson, and President Mahaffey — 4.

Nays — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Tinsley-Talabi — 4.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO RECONSIDERATION OF RESOLUTION AUTHORIZING THE ESTABLISHMENT OF THE PARK SHELTON NEIGHBORHOOD ENTERPRIZE ZONE, WHICH WAS ADOPTED AT THE LAST FORMAL SESSION ON MARCH 2, 2005

On Wednesday, March 9, 2005, I voted in opposition to reconsideration of the resolution referenced above. This resolution pertained to a request for the establishment of the Park Shelton Neighborhood Enterprise Zone (NEZ). One of the issues related to the Council's decision to grant the NEZ was a concern about resident displacement.

In this regard Council received a report from its Research and Analysis Division dated February 11, 2005, which clearly showed valid grounds for the unfortunate eviction of one of the Park Shelton residents. In addition, the developers of the project, Park Shelton Associates made good faith efforts to compromise with and meet the varied needs of some concerned tenants at the site. An agreement

was reached between the tenants and the Developer and the Council subsequently voted in favor of establishing the NEZ on Wednesday, March 2, 2005.

On the very same day as the vote, after all of the concerns had been addressed, Council President Mahaffey walked on a memorandum requesting that still additional language be added to the resolution establishing the NEZ. President *Pro Tem* Kenneth V. Cockrel, Jr., suggested that the additions raised by the President could be considered for future NEZ applications. At that time, Council voted in favor of granting the NEZ. Shortly thereafter, Councilmember Sharon McPhail issued a memorandum dated March 3, 2005 with respect to a notification of reconsideration of her vote on this resolution.

As with so many votes on various agenda items this term, this motion is another instance of political grandstanding. The developer and tenants had already reached an agreement after months of negotiations and discussions. The issues raised in President Mahaffey's memorandum were raised for the first time just prior to the vote. This maneuver constitutes bad public policy because it firstly does not allow for proper analysis and due diligence. It is akin to the practice of some Councilmembers who constantly walkon resolutions at the last minute and request that they be passed before they can even be properly considered. What is more, it seems fundamentally unfair for the Council to make demands for commitments from developers after the developer is already under the impression that it has made all the good-faith efforts necessary in order to secure a good development deal. The recent practice of using holds as pocket vetoes and using parliamentary motions to otherwise hold up fully analyzed issues instead of just voting one's conscience has, in my opinion, done much to erode public confidence in this institution. For these reasons, I voted no.

Taken From The Table

Council Member Collins moved to take from the table an Ordinance to amend Chapter 25, Article II of the 1984 Detroit City Code by adding Section 25-2-154 to establish the People's Community Church Historic District and to define the elements of design for the district, laid on the table January 12, 2005, which motion prevailed.

The Ordinance was then placed on the order of third reading.

THIRD READING OF ORDINANCE.

The title to the Ordinance was read a third time.

The ordinance was then read.

The question being "Shall this Ordinance Now Pass?"

The Ordinance was passed, a majority of the Council Members present voting therefore as follows:

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 8.

Nays — None.

Title to the Ordinance was confirmed.

Honorable City Council:
Re: Resolution on Belle Isle Aquarium.

On February 23, 2005 your Honorable Body adopted a resolution urging my administration to keep Belle Isle Aquarium open for two (2) months while options are explored. Although I recognize your desire to identify a way to keep Belle Isle Aquarium open, it has been this administration's experience that the costs of running the facility are far greater than the revenue generated. More than \$840,000 is required to operate the aquarium annually; yet, despite many creative marketing efforts it brings in approximately \$105,000 a year.

After careful review and consideration, I must include the closure of the Belle Isle Aquarium in the City's Deficit Elimination Plan and respectfully *veto* the aforementioned resolution. The effective date is April 3, 2005.

Thank you in advance for your leadership as we continue to work together to solve the City's fiscal challenges.

Honorable City Council:

Re: Resolution Clarifying the Authority of the Director of Detroit Zoological Institute.

The City Clerk has forwarded to me for my approval your Honorable Body's resolution (approved 6-2) of February 23, 2005, which purports to clarify the authority of the Director of the Detroit Zoological Institute.

The language in the resolution that provides "With regard to exchange, and sales of specimens which any lead to closure or the removal of zoological collections on a permanent basis, these shall be presented to City Council for approval in advance of any actual exchange and/or sale" violates § 5-102 of the 1997 Detroit City Charter which places exclusive responsibility in the Executive Branch for the implementation of the programs, services, and activities of City government. The resolution also interferes with the administrative functions of the Executive Branch, contrary to the provisions of § 4-113 of the Charter.

The function of the Detroit Zoological Institute, like any modern zoo, is to acquire, preserve, reproduce and exhibit native and exotic animals for the education and recreational enjoyment of the community and for the preservation of wildlife. The Detroit Zoological Institute performs important conservation, education and research roles and is an accredited member of the American Zoo and Aquarium Association (AZAA). This Body's resolution threatens the accreditation of the Detroit Zoological Institute by taking control of many of the day to day activities from the Director and placing them in the hands of a legislative body in contravention of the standards for accreditation by the AZAA. Loss of accreditation would be a severe blow to the Detroit Zoological Institute.

Therefore, I must respectfully *veto* this resolution.

Sincerely,

KWAME M. KILPATRICK

Mayor

Council Member Bates moved to reconsider the vote by which the resolution clarifying the authority of the Director of the Detroit Zoological Institute was adopted, which motion prevailed as follows:

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO MOTION TO OVERRIDE MAYORAL VETO OF RESOLUTION CLARIFYING THE AUTHORITY OF THE DIRECTOR OF THE DETROIT ZOOLOGICAL INSTITUTE

On Wednesday, March 9, 2005, I voted in opposition to the motion referenced above. In this regard, I have attached my previous statement on this issue dated February 23, 2005. The mayor vetoed the resolution for substantially the same reasons I voted against it. Chief among those reasons was the fact that the resolution could have potentially lead to the loss of American Zoo and Aquarium Association (AZAA) accreditation which would have in turn lead to loss of funding and burdensome scrutiny by the State.

Additionally, the Charter of the City of Detroit is unequivocally clear in its mandate that the Mayor is responsible for the administration of the City. The disposition of animals is clearly an administrative function which especially in light of the AZAA standards should rest in the executive branch of government. For these reasons, I voted no when this resolution first came up and I voted no again.

Council Member Bates then moved to adopt the resolution of February 23, 2005, notwithstanding the veto of the Mayor, which motion did not prevail as follows:

Adopted as follows:

Yeas — Council Members K. Cockrel, Jr., Collins, McPhail, Watson, and President Mahaffey — 5.

Nays — Council Members Bates, S. Cockrel, and Tinsley-Talabi — 3.

The Mayor's veto was sustained.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO RESOLUTION ON AUTHORITY OF THE ZOO DIRECTOR

Over the last 12 years, one of the core battles led by the Detroit City Council has been to ensure that ample resources are dedicated to the city's public parks and recreation opportunities, including the Detroit Zoological Institute.

That work has also included ensuring that the Detroit Zoological Institute, through its director, has the proper authority to manage the facility. Toward that end, the Council in a resolution passed on May 14, 2003 authorized the Zoo director to, "purchase, exchange and sell Zoo specimens on a direct negotiation basis for a period not to exceed December 31, 2008."

The Council resolution also complied with the Accreditation standards as set by the American Zoo and Aquarium Association. The AZA states that the director must, "be responsible for the day-to-day management of the institution,

including animal acquisitions/dispositions, staff and programs."

The AZA based its standard on a simple premise: Those with the knowledge of how to run a zoo should be left to do it. That is why I voted against Councilwoman Sharon McPhail's February 23, 2005 resolution, which would engage the City Council and the City's finance director in the decision-making process about the sale of animals. The resolution is ill conceived, bureaucratic and runs directly counter to the AZA standards.

In fact, bridling the zoo director in such decision-making is listed among the AZA'S "areas of primary focus" for accreditation consideration. Unresolved governance issues are also cited among the AZA'S commonly found, major concerns. In short, this new resolution could jeopardize the Detroit's Zoo's AZA accreditation.

Without those credentials, as the AZA notes, the Detroit Zoo could lose its access to certain types of corporate and federal funding, be forced to submit to additional state scrutiny and requirements; impact its ability to attract a professional and quality staff and its ability to be distinguished from so-called, "roadside zoos." The zoo would not be able to reapply for accreditation for a period of one year after the date of the denial.

The superficial analysis and inadequate policy guidance provided by Ms. McPhail on this issue again speaks to her ulterior, political motivations. The apparent disregard for the AZA guidelines regarding disposition of zoo assets shows that she is willing to "interpret" AZA rules to at the expense of one of the city's jewels.

This Council has suffered enough criticism for attempting to override the city charter, which gives administrative authority to the administration. This is a perfect example of that excessive zeal, and it is for that and the aforementioned reasons that I voted no.

Honorable City Council:

Re: City Council Resolution on the Proposed Capital Agenda for 2005-06 Through 2009-10.

The City Clerk has forwarded to me for approval your Honorable Body's resolution of February 28, 2005, approved 6-2, which adopted the Capital Agenda for 2005-06 through 2009-10 including the recommendations of the City Planning Commission. For the reasons more fully stated below, I **veto** the resolution.

The input of the Planning Director was not sought until February 24, 2005, in apparent disregard of, or indifference to, the requirements of Section 8-202(D) of the City Charter. The Planning Director nonetheless responded to the Body's rec-

ommendations in a letter dated February 25, 2005, and I concur in the substance of her response. However, the response time provided was not only insufficient to permit meaningful consideration of input from the affected departments concerning the impact of the proposed deletions and amendments, and the short timeframe involved did not meet the spirit and intent of the Charter.

Since the entire resolution must be viewed as a whole, and is flawed in the manner described above, I hereby *veto* this resolution.

Sincerely,
KWAME M. KILPATRICK
Mayor

STATEMENT BY COUNCIL MEMBER
SHEILA M. COCKREL IN OPPOSITION
TO MOTION TO OVERRIDE MAYORAL
VETO OF RESOLUTION ON THE
PROPOSED CAPITAL AGENDA FOR
2005-06 THROUGH 2009-10

On Wednesday, March 9, 2005, I voted in opposition to the motion referenced above for the same reasons I voted against the underlying motion on February 28, 2005 on which my statement is attached. To summarize, the version that the Council ultimately voted on had too many last-minute additions from members of the Council and the public that were not properly analyzed. Even though the Capital Agenda is a non-binding planning tool, it is still an important document in that it states the policy objectives of the City. For that reason it is important to examine the document in detail. It has always been my policy to vote against items that have not been properly examined. For that reason and those I noted in my previous statement on this issue, I vote no.

Council Member Bates then moved to adopt the resolution of February 28, 2005, notwithstanding the veto of the Mayor, which motion prevailed as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 7.

Nays — Council Member S. Cockrel — 1.

The Mayor's veto was not sustained.

STATEMENT BY COUNCIL MEMBER
SHEILA M. COCKREL IN OPPOSITION
TO THE PROPOSED CAPITAL AGENDA
FOR 2005-06 THROUGH 2009-10
AS AMENDED

On Monday, February 28, 2005, I voted in opposition to the Proposed Capital Agenda. The Capital Agenda is required by Section 8-202 of the 1997 Detroit City Charter (Charter). The Capital Agenda is a planning document that is designed to outline the goals and plans of government for its capital projects for a five-year period of time. The Charter also sets forth the process by which the proposed Capital Agenda is to be considered and possibly amended by the legislative body. The Capital Agenda is not a document that sets priorities for capital projects in stone. It is not a document that guarantees any sort of capital spending. Its sole purpose is to set capital project planning policy in a way that shows a broad picture of what the City hopes and needs to accomplish in the future.

The haphazard process that was used this year to arrive at the version of the Capital Agenda that the Council ultimately passed lacked the benefit of full and meaningful analyses and discussion of the various amendments that were proposed. There were three sets of amendments proposed by Members Collins, Watson and myself. Additionally, representatives from the Citizen District Councils appeared at the public hearing suggesting additional amendments.

It was my understanding that the various proposals would be more thoroughly analyzed and discussed before they were inserted into the Capital Agenda. Unfortunately, they were not. Instead, the Council engaged in disjointed conversations about what various amendments were desired without ever really addressing the efficacies and ramifications specific to each proposal. The matter of doing the due diligence was especially important to me given the fact that I had some concerns about the proposed amendments. For instance, one of the proposals was to add a new project for the renovation of the Ford Auditorium to create a 5,000 seat mixed-use theater. I fail to understand how the City could plan on completing such a project when there has been no feasibility study done on such a tremendous undertaking. To propose the development of a 5000-seat theater with parking for 5000 cars on the Riverfront with no input from planning experts or the agencies charged with managing economic development is a prescription for extremely bad land use decisions.

As a matter of policy, I will not support proposals that have not been fully addressed. For these reasons, I voted no.

Honorable City Council:

Re: Resolution on Reduction of Transportation Services

On February 28, 2005 your Honorable Body adopted a resolution recommending that my administration conduct a detailed ridership, route and service study as well as identify ways to coordinate with regional transportation systems. Public transportation is critical to all of our citizens and any reduction in service requires much deliberation.

As you are aware the City's General fund subsidizes the Department of Transportation, an *enterprise agency*, at a rate of \$80 million annually. The system over the years has been inefficient and in need of reorganization. My administration has completed a series of public hearings, the ridership study and developed a plan that will result in a more reliable and lean system. In the coming days we will present to your Honorable Body this component of the Deficit Elimination Plan.

Although the referenced resolution acknowledges the approach my administration has undertaken, the component of the final resolve that recommends the usage of vans, as an alternate means of transportation appears cost prohibitive. As I examine the merits of the entire resolution I am encouraged by the fact that we are in agreement with many issues relative to transportation. It is the final resolve that gives me reason to pause, therefore I will **neither approve nor veto** the referenced resolution.

Sincerely,
KWAME M. KILPATRICK
Mayor

The Purchasing Division of the Finance Department recommends a Contract with the following firms or persons:

Finance Department/Purchasing Division Contract No. 2608464—(CCR: February 12, 2003) — Requesting 70% price increase for supplier to cover additional cost incurred in providing Pipe, Ductile Iron with Tyton Joints that are required to continue servicing to the Water Department for Water Pipe Repairs. The necessity to increase cost is due in major part to market conditions that could not have been reasonable predicted at time of bid solicitation for steel products pricing. In addition a Marketing survey was conducted by the Purchasing Division to verify market conditions in the steel industry and we are satisfied that price increase is justified based on overall

price increase in steel markets. The new prices will begin February 15, 2005 and continue through contract period ending April 30, 2005. In the event market conditions reverse itself the vendor is willing to lower his prices to better reflect actual market conditions. 8 Items, unit prices range from \$10.03/Each to \$43.35/Each. On January 20, 2005, a case evaluation panel evaluated the above-captioned lawsuit and awarded Three Thousand Six Hundred Dollars (\$3,600.00) in favor of Plaintiff. Post Electric Co. v Walbridge Aldinger v City of Detroit v CCJM/ Metco Services, Inc. Wayne County Circuit Court Case No.: 02-225196 CK. File No.: A41000.000904 (EVK).

DWSD Contract PC-735 (CPO 2509923), Change Order No. 2; General Contractor — Walbridge Aldinger Co., Chlorination Facility at Wastewater Treatment Plant.

DWSD Contract PC-693 (CPO 2500941), Change Order No. 2; General Contractor — Walbridge Aldinger Co., Dechlorination Facility at Wastewater Treatment Plant.

We have reviewed the above-captioned consolidated lawsuits ("Consolidated Civil Action"), the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a settlement in the amount of Two Million Seven Hundred Twelve Thousand Nine Hundred Seven Dollars and Eighty Five Cents (\$2,712,907.85) to Walbridge Aldinger Company and Walton and Donnelly, P.C., its attorneys, in full payment for any and all claims which Walbridge Aldinger Company ever had, now has, or may have against the City of Detroit, or any of its employees or representatives, relating to Contracts PC 693 or PC 735, which were or could have been alleged in the Consolidated Civil Action, is in the best interest of the City of Detroit.

It is our further considered opinion that a settlement in the amount of Six Hundred Thousand Dollars and No Cents (\$600,000.00) to be paid by CCJM/Metco Services, Inc. ("CCJM") or its designee for a release of all claims the City has against CCJM relating to Contracts PC 693 or PC 735, which were or could have been alleged in the Consolidated Civil Action, is in the best interest of the City of Detroit.

We, therefore, request authorization to settle Walbridge Aldinger Company's claims against the City in this matter in the amount of Two Million Seven Hundred Twelve Thousand Nine Hundred Seven Dollars and Eighty Five Cents (\$2,712,907.85), and that your Honorable Body direct the Finance Director to issue a draft in that amount payable to Walbridge Aldinger Company and Walton and Donnelly, P.C., its attorneys, to be delivered upon receipt of properly executed Releases and a Stipulation and Order of Dismissal to be entered in the Consolidated Civil Action, approved by the Law Department.

These settlements were approved by the Board of Water Commissioners on February 23, 2005.

The amount of the settlements will be added to the two contracts between the City of Detroit and Walbridge Aldinger by change orders. The settlements will be paid as final contract payments by DWSD. Included in this settlement package are Change Order No. 2 to DWSD Contract PC-735 and Change Order No. 2 to

DWSD Contract PC-693. The Change Order to PC-735 increases the contract price by One Million Five Hundred Seventeen Thousand Sixty Five and 68/100 Dollars (\$1,517,065.68). The Change Order to PC-693 increases the contract price by One Million One Hundred Ninety-Five Thousand Eight Hundred Forty-Eight and 25/100 Dollars (\$1,195,848.25). The sum total of these two change orders is Two Million Seven Hundred Twelve Thousand Nine Hundred Seven Dollars and Eighty Five Cents (\$2,712,907.85), the total lawsuit settlement for which approval is sought. Both change orders establish a final completion date of March 21, 2005 for the contracts. We request that these two change orders be approved with this settlement. These two change orders have been approved by the Board of Water Commissioners.

We further request authorization to settle the City of Detroit's claims against CCJM in this matter in the amount of Six Hundred Thousand Dollars and No Cents (\$600,000.00), and that your Honorable Body direct the Finance Director to accept a draft in that amount payable to Board of Water Commissioners, City of Detroit, and that upon receipt of that amount to authorize the Law Department to execute the necessary Releases and a Stipulation and Order of Dismissal to be entered in the Consolidated Civil Action.

Honorable City Council:

Re: Address: 14601 Braile. Name: Mashel Bruner-Michaels & Michaels. Date ordered removed: July 24, 2002 (J.C.C. pg. 2296).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on February 10, 2005 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of August 30, 2004.

The proposed use of the property is rehabilitation and rental.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we will proceed with demolition without further hearings. Pursuant to the Property Maintenance Code our Municipal Civil Infractions (MCI) Unit will issue the appropriate violations/tickets.

Honorable City Council:

Re: Amendment of Detroit Code Section 9.5-2-5, Cable Communications Citizen Advisory Committees. (Revised)

On March 2, 2005, your Honorable Body requested that the Detroit Cable Communications Commission ("Commission") confer with the Research & Analysis Division ("RAD") of the City Council to revise the proposed ordinance amendment of Chapter 9-5 of the 1984 Detroit City Code, by amending Section 9.5-2-5, Cable communications citizen

advisory committees, to read "Cable Commission Citizens Advisory Committees." The revised amendment reflects the comments of your Honorable Body and RAD. See attached.

This amendment would serve to reduce the number of individuals on each advisory committee from twenty (20) members and one (1) chairperson to eight (8) members and one (1) chairperson. The Commission is still seeking to delete certain responsibilities included in the 1984 Ordinance, which are more appropriate for or are currently being carried out by the Commission staff.

As discussed, the Commission is attempting to re-establish the citizens advisory committees to encourage and maximize the use of the public, educational and government access channels. The Commission believes that reducing the number of members to a more reasonable number will allow for better management and operation.

The Commission respectfully request that your Honorable Body introduce the amendment at the next formal session of Council and set a date for the public hearing. Do not hesitate to contact me at 313.224.0364 if there are any questions. Thank you.

Respectfully submitted,
PAULA GENTIUS-HARRIS, ESQ.

Re: Public Hearing on the Establishment of the Green Acres Enterprise Zone as Requested by the Griggs Group in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the Green Acres Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to construct 1 single detached residential unit and 15 attached 3-story brick brownstones at a cost of \$3.2m

We request that a Public Hearing be

scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,

Now Therefore Be It

Resolved, That on Thursday, the 21st day of April, 2005 @ 9:15 a.m. in the City Council Committee Room, 13th floor, Coleman A. Young Municipal Center, a Public Hearing be held on the above described application for establishment of an NEZ within the boundaries described in Exhibit A (legal description) as illustrated in the map attached hereto; and be it finally

Resolved, That the City Clerk shall give notice of the Public Hearing to the general public and shall give written notice of the Public Hearing by certified mail to all taxing authorities levying an *ad valorem* tax within the City of Detroit, such notices to be provided no earlier than sixty (60) days prior to the public hearing.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF AN ORDINANCE TO REPLACE ORDINANCE 390-G, AS AMENDED, WITH A NEW ZONING ORDINANCE, TO BE KNOWN AS THE DETROIT ZONING ORDINANCE

On Wednesday, March 16, 2005, I voted in support of the ordinance referenced above. I gratefully acknowledge all of the fine work done by the Interdepartmental Working Group (IWG) in crafting this ordinance. The IWG was composed of the Buildings and Safety Engineering Department, the Planning and Development Department, the Board of Zoning Appeals, the Law Department and the City Planning Commission. The recently-created Department of Environmental Affairs has also played a key part in the creation of the ordinance. This massive effort began in 1998 when the IWG worked in conjunction with a team of consultants as well as a ten-member Zoning Advisory Group to represent the myriad diverse interests in the City on this project.

I would also like to thank the public for its active participation in the creation of this ordinance and for providing vigilant review and comment on all of its aspects. Through nine (9) public meetings convened by the City Planning Commission and numerous other stakeholder meetings and public hearings before the City Council, the collective voice of the people had been incorporated into this document.

My staff and I have carefully reviewed this ordinance from its first draft and I have been pleased with the progress that

had been made to reach this version that Council has passed. This ordinance is much more user-friendly in that it is better organized by topic, provides greater clarity of meaning and has an extensive section of definitions. Of particular note, Article XII of the ordinance is composed of a "Use Table" which is a simplified presentation of the permissibility of various uses within a given zone. In short, this ordinance takes a complicated subject and makes it much easier to understand and to use.

Based on information received from the City Planning Commission and at the various public hearings, there are additional issues that need to be resolved with this ordinance. However, it has been indicated to the Council that an additional amendment will be forthcoming after more input has been received and analyses completed on that amendment. It is important to recognize that the Zoning Code is truly an organic ordinance that needs to grow and change with the changing needs of the people of this City. In this respect there must be constant review and periodic changes to this ordinance in order to meet those needs. Be that as it may, this ordinance represents a wonderful start to this process and I was pleased to join my colleagues, Barbara Rose Collins, Alberta Tinsley-Talabi and President *Pro Tempore* Kenneth V. Cockrel, Jr. in voting in support of the new Zoning Ordinance for the City of Detroit.

Re: Kym Johnson vs. City of Detroit and Donald Chalmers. WCCC Case No. 04-400822 CL.

After court-ordered facilitative mediation on February 10, 2004, the parties negotiated a settlement in the amount of \$180,000.00 in this matter.

Re: 6304 Hazlett.

The building at the location listed above was ordered demolished by your Honorable Body on March 26, 2001 and the order was deferred under the conditions of the Ordinance.

A complaint inspection on January 28, 2005 revealed this building to be in violation of the conditions that a deferral needs to be maintained.

A recent deferral inspection on March 3, 2005 revealed this one story commercial block structure to be vacant and secured, however, not maintained. A review of our records further reveals that this building has been in our Dangerous Building System since 1985. During that time there have been numerous complaints on this property. Our records also reveal no improvements have been made to this building nor any permits requested for repairs or improvements.

Therefore, we do not feel it is in the best interest of the community to recommend another deferral of your Honorable Body's original demolition order and will proceed with that demolition order with the cost of demolition assessed against the property.

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for ten (10) properties in the Crosswinds Communities/Brush Park NEZ (Recommend Approval).

The City Clerk's Office forwarded 10 applications from Platinum Building and Development LLC for Neighborhood Enterprise Zone (NEZ) certificates within the Crosswinds Communities/Brush Park NEZ. Your Honorable Body approved the Crosswinds Communities/Brush Park NEZ designation on July 17, 1996.

Certificates are being requested for Units A-J of 104 Edmund Place.

The properties involved are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. Platinum Building and Development LLC has applied for the certificates, prior to the issuance of building permits, on behalf of future owners who will occupy the property. It is appropriate for Platinum Building and Development LLC to apply for certificates at this time even if buyers have not yet been identified. The State Tax Commission, however, will not issue a certificate until an owner is identified. When an owner is identified, he or she can then apply for the certificate. At that time, it would not be necessary for City Council to pass another resolution.

The petitioner proposes to rehabilitate a single-family historic home into six condominium units (Units A-F). Additionally, construction of four single-family homes is proposed (Units G-J). The developer will need to submit to the State Tax Commission a list of the parcels that are to receive the certificates with a map showing the parcels.

Honorable City Council:

Re: Public Hearing on Establishment of the Vinton Building Loft Condominiums Neighborhood Enterprise Zone as Requested by the Vinton Building, LLC in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the Vinton Building Lofts Condominiums Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones". Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to construct 11 condominium units at a cost of \$5 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,
HENRY B. HAGOOD

By Council Member Collins:

Whereas, Pursuant to Public Act No. 147 of the Public Acts of 1992 ("the Act") this City Council has the authority to establish "Neighborhood Enterprise Zones (NEZs)" within the boundaries of the City of Detroit; and

Whereas, The Vinton Building, LLC has requested establishment of the "Vinton Building Lofts Condominiums" NEZ whose boundaries are particularly described in Exhibit A (legal description) and illustrated in the map attached hereto; and

Whereas, The Act requires that, prior to establishing an NEZ, the City Council shall provide an opportunity for a Public Hearing on such establishment, at which Public Hearing representatives of any taxing authority levying *ad valorem* taxes within the City, or any other resident or taxpayer of the City of Detroit may appear and be heard on the matter;

Now Therefore Be It

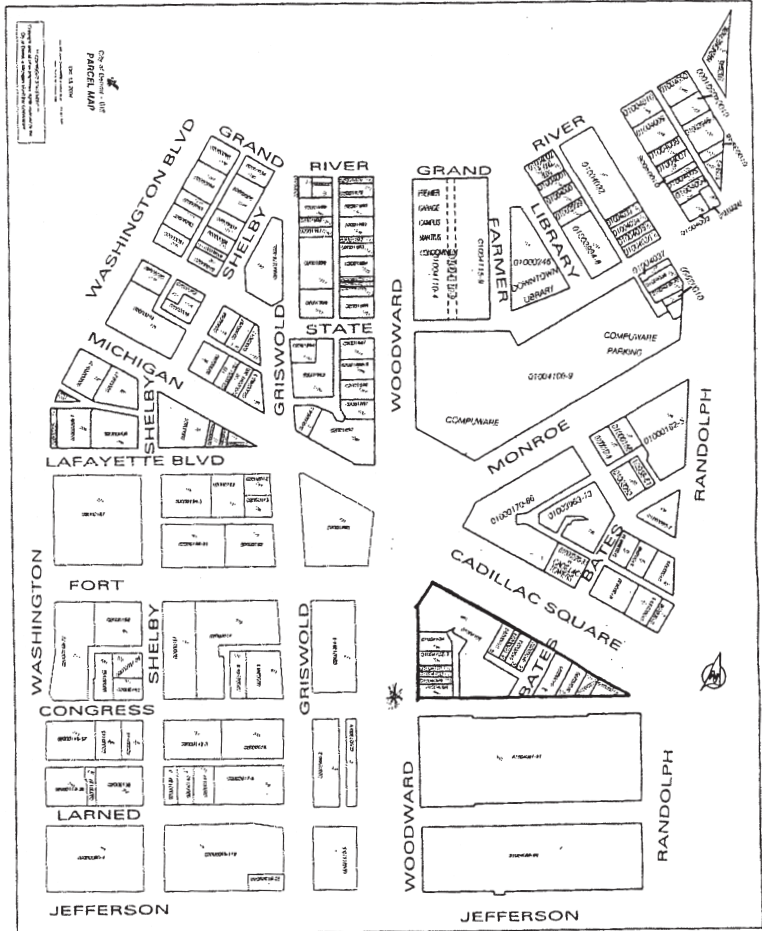

Resolved, That on the 8th day of April, 2005 at 11:30 a.m. in the City Council Committee Room, 13th floor, Coleman A. Young Municipal Center, a Public Hearing be held on the above described application for establishment of an NEZ within the boundaries described in Exhibit A (legal description) and illustrated in the map attached hereto; and be it finally

Mayor's Office

March 15, 2005

Honorable City Council:

Re: Resolution Calling For The Investigation Of The Detroit Water and Sewerage Department And Public Lighting Department Contracts Of The Infrastructure Management Group.

On February 28, 2005, this Honorable Body adopted a Resolution requesting the Administration to rescind all Infrastructure Management Group (IMG) contracts. The Resolution also referred the matter to the Administration, the Office of Auditor General and the Human Rights Department for further investigation of unsubstantiated allegations raised by Local 207 against IMG.

This Administration is committed to providing a non-discriminatory work environment and we take seriously the allegations of Local 207. However, this Body's desire for this Administration to rescind the IMG contracts is ill-conceived. I executed the IMG contract pertaining to the Detroit Water and Sewerage Department (DWSD) in my capacity as Special Administrator pursuant to the long-standing federal decree covering the DWSD. Given the decree, this contract cannot be changed unilaterally by the City, but only with the consent of Judge Feikens.

Additionally, the Public Lighting Department's contract with IMG will expire on March 31, 2005. Therefore, this Resolution is essentially moot. Finally, the time for Council to seek rescission of the contracts has long expired.

For the foregoing reasons, I must *veto* this Resolution.

Sincerely,
KWAME M. KILPATRICK
Mayor

Received and placed on file.

Council Member Watson moved to reconsider the vote by which the resolu-

tion calling for the investigation of the Detroit Water and Sewerage Department and Public Lighting Department contracts of the Infrastructure Management Group was adopted, which motion prevailed as follows:

Yeas — Council Members K. Cockrel, Jr., S. Cockrel, Collins, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 7.

Nays — None.

Council Member Watson then moved to adopt the resolution of March 2, 2005, notwithstanding the veto of the Mayor, which motion did not prevail as follows:

Adopted as follows:

Yeas — Council Members K. Cockrel, Jr., Collins, McPhail, Watson, and President Mahaffey — 5.

Nays — Council Members S. Cockrel, and Tinsley-Talabi. — 2.

The Mayor's veto was sustained.

TO MOTION TO OVERRIDE MAYORAL
VETO OF RESOLUTION CALLING
FOR THE INVESTIGATION OF THE
DETROIT WATER AND SEWERAGE
DEPARTMENT AND PUBLIC LIGHTING
DEPARTMENT CONTRACTS OF THE
INFRASTRUCTURE MANAGEMENT
GROUP**

On Wednesday, March 16, 2005, I voted in opposition to the motion referenced above. In this regard, I have attached my previous statement on this issue dated March 2, 2005. The Mayor vetoed the resolution for substantially the same reasons I voted against it in the first instance. The resolution requests the rescission of all Infrastructure Management Group (IMG) contracts. The City Council does not have the ability to unilaterally rescind contracts and it is unreasonable to request that the Administration rescind a contract for which there is no valid reason to do so. Additionally, given that the IMG contract

with DWSD was entered into by the Mayor in his role as Special Administrator, the City cannot unilaterally rescind this contract. For these reasons, I voted no when this resolution first came up and I voted no again.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO RESOLUTION CALLING FOR THE INVESTIGATION OF THE DETROIT WATER AND SEWERAGE DEPARTMENT (DWSD) AND PUBLIC LIGHTING DEPARTMENT (PLD) CONTRACTS OF THE INFRASTRUCTURE MANAGEMENT GROUP (IMG)

On Wednesday, March 2, 2005, I voted in opposition to the resolution referenced above. The title of the resolution purports to call for an investigation of IMG contracts. However, not only does this resolution request such an investigation, it requests that all IMG contracts be rescinded. I voted against this resolution because I believe that it is not sound policy to attempt to unilaterally rescind a contract after the Council has already approved it and after the time for reconsideration has expired. As I explained in my statement pertaining to Councilmember McPhail's resolution to extend building leases, once the Council has approved a valid contract, it is a legally binding agreement.

Both the contractor and the City have the right to rely on the terms of the contract. So long as the bargained-for services are being performed and absent some sort of fraud, misrepresentation, or other legal grounds for termination of the contract, the City is bound by its agreement. In this particular situation there have been multiple discussions and inquiries made and answered with respect to this contract. Council approved the contract with respect to the Public Lighting Department on March 11, 2004. The contract with DWSD was entered into by the Mayor in his role as Special Administrator as ordered by the Honorable John Feikens, Judge of the United States District Court for the Eastern District of Michigan.

In this regard, it is my considered opinion that due diligence was done with respect to these contracts. For this reason, I again reiterate my position that it sets horrible precedent to try to rescind a contract in that has been lawfully entered into and derogation of the legitimate expectations of the parties to the agreement. For these reasons, I voted no.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF RESOLUTION AUTHORIZING CONTRACT NO. 2648774 TO CONDUCT AN AUDIT FOR SURVEY OF CITY'S GAS, ELECTRIC, TELECOMMUNICATIONS, CABLE TELEVISION FRANCHISE FEE COMPLIANCE AND WATER/ SEWERAGE UTILITY SERVICE ACCOUNTS FOR THE PURPOSE OF VERIFYING THE ACCURACY OF THE FRANCHISE FEES PAID OR DUE TO THE CITY FINANCE DEPARTMENT

On Wednesday, March 16, 2005, I voted in support of the resolution referenced above. The purpose of this contract was to engage Troy & Banks, Inc., to audit the referenced items in order to locate fee discrepancies and to identify future cost reductions. The nature of the audit makes it such that it cannot be done "in-house". The fee arrangement is structured such that the contractor gets paid a portion of fees owed to the City that it may find and a portion of discrete future cost reductions. In other words, this contract costs the City nothing out of pocket.

On August 24, 2004, the Finance Department responded to an initial set of inquiries made about this contract from Councilmembers McPhail and Watson. On October 11, 2004, Member McPhail made additional inquiries to the Finance Department and to the Law Department. The Law Department responded via a Privileged and Confidential Memorandum dated December 10, 2004. A discussion on this subject was scheduled for February 7, 2005. At that time, it was requested that the discussion be rescheduled.

On Wednesday, March 16, 2005, Councilmember McPhail indicated that she was releasing her hold on this contract stating that she was doing so, "although [her] second set of questions of Monday, October 11, 2004, have never been answered." This is only partially true in that the Law Department did respond to her inquiries. It is also true that the Council was still awaiting a response from the Finance Department. With respect to this issue, it is my opinion that whenever a member of this Council has inquiries that are outstanding, it is incumbent on that member's office to follow-up with the Administration in order to get those inquiries addressed. My office regularly contacts departments in order to verify the status of my answers to questions.

Be that as it may, having done due diligence on this contract, I believe it is in the best interests of the City of Detroit to engage Troy & Banks, Inc. in order to conduct the audit that is contemplated by the scope of services in an effort to generate some additional revenue from previously untapped sources. For all of the reasons stated above, I voted yes.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF RESOLUTION TO APPROVE SETTLEMENT IN THE CASE OF LAROQUE V GOREE

On Wednesday, March 16, 2005, I voted in support of the resolution referenced above. The event that culminated in this lawsuit transpired on September 13, 1998, under the watch of then-Chief of Police Benny N. Napoleon, J.D., who approved the representation of Officer Anthony Goree on December 4, 1998. The Corporation Counsel of the City of Detroit, Phyllis A. James, also approved the representation request on January 14, 1999. The case, on which the Law Department recommended settlement on January 10, 2005, involved allegations of a shooting by an off-duty police officer. The City Council held closed session on this matter on Wednesday, March 9, 2005.

With respect to the issue of representation, Section 13-11-2 of the 1984 Detroit City Code provides,

At the discretion of and only upon approval by the city council, the city may pay, on behalf of any city officer or employee, all or part of any sum of which such officer or employee might become legally obligated to pay as damages. . .

Concurrently, Section 13-11-3 provides, in pertinent part,

(1) Whenever an officer or employee of the city has cause to believe that he may be sued by reason of, or as the result of, the performance in good faith of his official duties, such officer or employee shall file with the corporation counsel a written notice of the act performed or the occurrence which gives rise to such belief. . .

(2) In addition thereto, such officer or employee shall promptly file a written request that he be represented by the corporation counsel's office in the matter. Such request shall first be submitted to the head of the department in which such officer or employee is working. It shall then be the duty of the department head to transmit the request for representation to the corporation counsel, along with the department head's recommendation as to whether or not the officer or employee should be represented (Emphasis added)

In 1999, the City Council received the written representation request along with a recommendation from the Chief of Police and the Corporation Counsel that the representation be granted because it was found that the officer involved the performance in good faith of his official duties. The City Council concurred in this determination and approved the representation in a resolution published on February 10, 1999. Several years later, a verdict was reached and a settlement was negotiated for the Council to consider which was up for a vote before the Council today.

Article 28 of the Master Agreement Between the City of Detroit and the Detroit Police Officers Association (Collective Bargaining Agreement) provides in pertinent part that,

The City of Detroit will continue to defend and indemnify employees in accordance with Section 13-11-3 of the 1984 Detroit City Code and all practices and procedures related thereto in effect July 1, 1977, except that such defense and indemnification is mandatory upon a finding that the claim, demand or suit against the employee arises out of or involved the performance in good faith of the official duties of the employee. A contrary determination by the City Council is not final and binding as provided by the Code but is subject to review by an arbitration panel under Article 8 of this Agreement.¹

(Emphasis added) It is axiomatic that the government is obligated to live up to its agreements. In 1999, the City of Detroit agreed to represent and indemnify Police Officer Anthony Goree. It does not take a law degree to understand that the City is now in a position where it must honor its prior commitment. This is based on the fact that the Collective Bargaining Agreement provides that defense and indemnification is mandatory upon the finding of good faith performance of official duties. Chief Benny Napoleon and Corporation Counsel Phyllis James recommended to the Council that Anthony Goree acted in the good faith performance of his official duties.

The Council concurred and passed a resolution approving the representation. This constitutes the finding of good faith performance of official duties that would trigger the provisions of Article 8 of the Collective Bargaining Agreement. For that reason, it is my opinion that we are now mandated to indemnify Officer Goree.

Councilwoman McPhail noted in her statement that in 1999, "there were nine members on Council at the time but no lawyers sitting on Council." The last time there was a real attorney on the City Council was between 1978-81 when the late Kenneth V. Cockrel, Sr., Esq., served on this Body. Ms. McPhail's repeated attempt to act as an attorney while performing her legislative duties bespeaks a fundamental misunderstanding of the Charter and her role as a member of the City Council.

Secondarily, a cursory review of Article 28 of the Collective Bargaining Agreement in conjunction with Chapter 13, Article 11 of the 1984 Detroit City Code and the General Orders of the Detroit Police Department makes it crystal clear that this irresponsible vote by members McPhail, Collins, Watson and President Mahaffey has materially increased the City's financial exposure in this matter.

The sole remaining question is how much the City will be obligated to pay: either the \$5,000,000.00 settlement amount, or the amount the court will ultimately decide should the litigation continue, keeping in mind that the jury returned a verdict of \$6,000,000 exclusive of costs and interest. The Law Department skillfully handled this lawsuit and presented a well-negotiated settlement amount. Given that the Council rejected the settlement today, it remains to be seen how much more the City will have to pay in the future in interest and costs alone. It is perplexing that a Council that champions the cause of the people would refuse to authorize the settlement of a case that both makes restitution for an injury in which a jury found liability and at the same time limits that restitution to a more reasonable amount.

For the reasons set forth above, I voted yes.

¹It is noteworthy that among the provisions contained in the Collective Bargaining Agreement is on that provides that the finding of the Council with respect to good faith performance of official duties is not final and is subject to the arbitration process,

**STATEMENT BY COUNCIL MEMBER
SHARON MCPHAIL ON HER VOTE TO
REJECT THE FIVE MILLION DOLLAR
PROPOSED SETTLEMENT IN THE
CASE OF LAROQUE VS. GOREE**

Mayor Kilpatrick proposed today that the City Council approve a settlement in the Case of Laroque vs. Goree, of five million dollars. This case involves the defen-

dant, an off-duty police officer who killed a neighbor during a personal argument in his neighborhood.

In 1999, the City's Law Department requested that the City Council approve the representation of the officer but the resolution did not provide for indemnification. There were nine members on Council at the time but no lawyers sitting on the Council the Council approved the resolution to represent the defendant.

The City was named as a defendant initially but dismissed, in that there was no basis for liability on the part of the City.

Now, in the midst of a massive fiscal crisis on his own making, Mayor Kilpatrick asks the City to pay Five Million Dollars to the plaintiff in this case. While I have great sympathy for this plaintiff, who lost a family member, I do not see a legal basis to pay this settlement.

The only basis to pay this settlement would be legal authority that would suggest that we must, absent a written agreement to do so. Although I asked for that authority, the Law Department provided none. Whether the City has paid for judgments in other cases is not dispositive of this issue.

If the City of Detroit must pay a Five Million Dollar judgment in a case in which the facts amount to no liability on the part of the City, then there is no factual scenario that I can imagine in which we will be able to avoid paying for any employee's personal litigation. This cannot be allowed. The public demands more of us.

The irresponsible wasting of public funds is seen once again in this matter, where the bad judgment of this Mayor is once again evident.

City Planning Commission

March 14, 2005

Honorable City Council:

Re: The request of Landmark Healthcare Facilities to modify the plans for the existing PD (Planned Development District) zoning classification for property located at 7733 E. Jefferson Ave. and to rezone property generally bounded by E. Lafayette Ave., vacated Sheridan Ave., Congress St., and the alley first east of Field Ave. from R5 (Medium Density Residential District) to PD (Planned Development District) (Recommend Approval).

Landmark Healthcare Facilities is requesting to modify the plans for the existing PD (Planned Development District) zoning classification for property generally bounded by E. Jefferson Ave., Sheridan Ave., E. Lafayette Ave., and Seyburn Ave., more commonly referred to as 7733 E. Jefferson Ave., and which is currently developed as St. John Detroit Riverview Hospital.

In addition, the petitioner is requesting to amend Detroit's Official Zoning Ordinance to show PD (Planned Development District) where an R5 (Medium Density Residential District) is currently shown on property generally bounded by E. Lafayette Ave., vacated Sheridan Ave., Congress St., and the alley first east of Field Ave. The subject property is indicated on the accompanying map.

PROPOSED DEVELOPMENT

The proposed modification to the existing PD zoning classification is being requested in order to construct a new three-story, 63,921 square foot medical office building that would be attached to the northwest section of the hospital by a connector link. The three floors of the building will be used for physician office space. A portion of the basement will be used for laboratory outpatient services, and the remainder of the basement will be used for medical records, a library, graduate education, and laboratory support services.

Moreover, the petitioner is requesting the rezoning of property generally referred to as 603 through 725 Sheridan in order to expand the existing parking area for the hospital campus to provide for 391 new parking spaces to replace 93 spaces displaced by the proposed medical office building as well as to accommodate the new medical office. While the existing R5 zoning classification would allow the proposed use, the petitioner is proposing the rezoning of this area in order for the entire hospital campus to have the same zoning classification.

Size

The proposed medical office building would be three stories and approximately 38 feet in height. (Site plans and elevations are enclosed for your review.) The proposed connector link would be two stories and approximately 27 feet 8 inches in height.

Exterior Design and Materials

The exterior design of the proposed medical office building, including the materials to be used, would be complementary to the exterior design of the hospital. Highlights of the exterior materials to be used include red face brick with some lighter-color accent banding and lighter color renaissance stone at the base, aluminum windows with insulated glazing, metal canopy with glass roof system, and a metal panel mechanical equipment screen wall.

Parking

As a result of constructing the proposed medical office building, 93 parking spaces would be lost. The proposed expansion of parking, however, will provide 391 additional parking spaces, resulting in a net gain of 298 parking spaces. This is 39 more spaces than the 259 required under the current Zoning Ordinance and proposed revised Zoning Ordinance for proposed new use; however, the existing campus is 37 spaces short of what would be required by both the Zoning Ordinance and the proposed revision. Therefore, there would be 2 more spaces provided than required for the entire campus if the parking lot expansion occurs.

Vehicular Access and Circulation

The hospital campus currently has two vehicular access points from E. Jefferson, one at Seyburn and one at Baldwin. Within the campus, Baldwin and Seyburn connect to form an internal ring road encircling the hospital, which provides access to the Riverview Medical Office and associated parking, the hospital building, and all of the surrounding parking lots.

This vehicular circulation will not be significantly altered. The new medical office building as well as the expanded parking area will be accessed from an internal ring road; however, the existing internal ring road would be moved slightly to the north of where it is currently located. The entrance to the new medical office building would be located on the north side of the building off of the ring road, where a circular driveway would be incorporated.

Lighting, Fencing & Screen Landscaping

The proposed site plan adds new light poles, to match existing light poles, in the expanded parking area and around the entrance to the medical office entrance. In addition, the existing fence and screen landscaping along Sheridan would be relocated to the lot line first east of Field.

BACKGROUND

In 1971, the City Council rezoned a large portion of the subject property and approved plans for a PD (Planned Development) zoning district to allow (then) Jennings Hospital to construct a new hospital building and for off-street parking. However, new construction did not take place at that time.

In 1984, the City Council approved plans to allow for the construction of a 315 bed general hospital and trauma center, the continued use of the existing Jennings building, and surface parking.

In 1987, a request was approved to rezone property generally located at the southeast corner of Lafayette and Sheridan from R5 (Medium Density Residential District) to PD to allow for the area to be developed with additional parking for the new hospital.

In 1999, City Council approved a request to modify the plans for the PD zoning classification to allow for the expansion of the hospital's emergency department and construction of a 14-foot wall screening the HVAC system.

ZONING AND LAND USE

The subject area where the medical office is proposed to be built is currently used by the hospital as a parking lot. The subject area along Sheridan where parking is proposed to be expanded is currently comprised of vacant lots and three residential structures. Also, Sheridan between Lafayette and Congress was officially vacated by the City for this project in November, 2004.

The zoning classification and land uses surrounding the subject property are as follows:

North: R2 (Two-Family Residential District); single family homes, vacant lots, and the Moses Field Elementary School

South: PD (Planned Development District); Sheridan Place Apartments, and R6 (High Density Residential District) across E. Jefferson; River Place Apartments and the U.S. Marine Corps Reserve Armory

East: R1-H (Single-Family Residential-Historic) and R2-H (Two-Family Residential-Historic); single family houses and PD; Riverview Medical Offices

West: R5 (Medium Density Residential); vacant

MASTER PLAN INTERPRETATION

The subject area is located within the Butzel Subsector of the East Sector of the Detroit Master Plan of Policies. The Master Plan Proposed Land Use map designates the existing hospital campus as Open Space-Institutional and the proposed parking expansion area along Sheridan as High Density Residential. The Generalized Rezoning Concept map shows the existing hospital campus as PD (Planned Development District) and the proposed parking expansion area along Sheridan as R5 (Medium Density Residential District).

The Planning and Development Department (P&DD) submitted its official interpretation of the Master Plan (attached) and concluded that the proposed rezoning of the proposed expanded parking area from R5 to PD is not consistent with the City's Master Plan of Policies.

A Master Plan amendment was submitted to City Council by P&DD in order to change the Future General Land Use from Medium and High Density Residential to Institutional for the proposed expanded parking area. A public hearing on the Master Plan amendment is tentatively planned for the May 5, 2005 City Planning Commission meeting. The P&DD report notes, however, that the construction of the medical office building is consistent with the Master Plan and, therefore, an amendment is not required to begin its construction.

PUBLIC HEARING RESULTS

The City Planning Commission held a public hearing on this matter on Thursday, February 3, 2005. At the public hearing, three individuals spoke in favor of the project, five spoke in opposition to the project, and one had general questions. Prior to the public hearing, the community provided its comments at three meetings that were held in the community between November, 2004 and January, 2005.

Issues & Concerns

The main issues raised by the community throughout the process included the following:

- Concerns that the closure of Sheridan Ave. will restrict vehicular access to and from E. Jefferson for the surrounding community, especially for the community north of Lafayette;

- Concerns that residential streets, in particular Van Dyke Ave., Lafayette, and E. Grand Blvd., will experience an increase in traffic volumes because of the closure of Sheridan;

- Concerns that the Department of Public Works (DPW), Traffic Engineering Division did not require a traffic impact study prior to their recommendation to close Sheridan;

- Concerns about the amount of space proposed for parking and whether the City is requiring too many parking spaces, as well as a stated preference for a parking deck;

- Continued concerns about the alley first north of Jefferson between Seyburn and Van Dyke Ave. being improperly used as a cut-through for hospital traffic and the wear and tear resulting from the excessive alley traffic; and

- Related concerns about the lack of vehicular access from Jefferson Ave. to the parking lot behind the old Jennings Hospital and how this contributes to increased traffic on the alley first north of Jefferson between Seyburn and Van Dyke Ave.

Other miscellaneous issues raised included the following:

- The need for the electrical substation located within the area proposed for rezoning at 716 Townsend to be reflected in the site plans. (Note, this substation cannot be relocated and there must be 24-hour truck access);

- Concerns about the status of vacant properties on Sheridan, which are now owned by the hospital, and where there have been some reports of illegal activity; and

- Concerns about construction-related noise and truck traffic on residential streets.

- Unresolved issues in the 1999 Memorandum of Understanding between the hospital and the community.

ANALYSIS

City Planning Commission staff had on-going communications with DPW Traffic Engineering Division in order to understand the rationale for and possible implications of the closure of Sheridan, as well as to explore options for controlling traffic on the Seyburn-Van Dyke Ave. alley and other residential streets, physically improving the alley, and facilitating north-south vehicular to E. Jefferson.

To address the traffic issues, the City Planning Commission is recommending that DPW-Traffic Engineering Division install a "No Left Turn" sign at the Van Dyke Ave. exit from the alley first north of Jefferson between Seyburn and Van Dyke

Ave. This will reduce the amount of hospital traffic using the alley and then traveling north on Van Dyke Ave., a narrow, residential street with on-street parking along both sides. In addition, the Commission is recommending that a "Do Not Enter" sign be installed at the Van Dyke Ave. entrance to the alley, provided that all of the adjacent property owners agree. This will reduce the amount of traffic using the alley as a cut-through to access the old Jennings parking lot and/or the hospital campus.

To respond to the residents' concerns about the condition of the alley, the Commission is also recommending that the alley first north of E. Jefferson between Seyburn and Van Dyke Ave. be physically improved; beyond just patching, and at the expense of the developer.

In order to break up the parking lot and improve its walkability for pedestrians, the Commission is recommending that the final site plans include an additional 1,500 to 2,000 square feet in green space and landscaping. In addition, the City Planning Commission is recommending that the final site plans designate a pedestrian pathway through the parking lot with appropriate lighting and signage.

The West Village Association submitted a letter in support of the proposal with the conditions as recommended by the Commission. The hospital has agreed to all of the conditions.

All of the miscellaneous issues have been addressed. The electrical substation is reflected in the site plans; the hospital reported at the February 3rd public hearing that it is working for a demolition permit but that it is awaiting the proper utility shut-offs, and the hospital has assured the community that construction will be contained within the hospital campus.

RECOMMENDATION

On March 10, 2005 the City Planning Commission voted to recommend that the request to modify the plans for the existing PD (Planned Development District) zoning classification for property generally bounded by E. Jefferson Ave., Sheridan Ave., E. Lafayette Ave., and Seyburn Ave., more commonly referred to as 7733 E. Jefferson Ave., as well as the request to amend Detroit's Official Zoning Ordinance to show PD (Planned Development District) where an R5 (Medium Density Residential District) is currently shown on property generally bounded by E. Lafayette Ave., vacated Sheridan Ave., Congress St., and the alley first east of Field Ave. be approved subject to the following conditions:

1. That the Department of Public Works (DPW) Traffic Engineering Division install a "No left turn" sign at the Van Dyke Ave. exit from the alley first north of E. Jefferson between Seyburn and Van Dyke Ave. to prevent left turns onto Van Dyke Ave.;

2. That a "Do not enter" sign be installed at the Van Dyke Ave. entrance to the alley first north of E. Jefferson between Seyburn and Van Dyke Ave., provided that all of the adjacent property owners concur as required by the DPW Traffic Engineering Division;

3. That the alley first north of Jefferson between Seyburn and Van Dyke Ave. be physically improved (i.e., more than patching) at the expense of the developer;

4. That the final site plans include an additional 1,500 to 2,000 square feet in green space and landscaping in order to visually break up the expanded parking lot;

5. That the final site plans designate a pedestrian pathway through the parking lot with appropriate lighting and signage; and

6. That the final site plan, elevations and landscaping plan be submitted to CPC staff for review and approval prior to the issuance of applicable building permits.

**RESOLUTION
OPPOSITION TO THE PRIVATIZATION
OF AMERICA'S SOCIAL SECURITY
PROGRAM**

By COUNCIL MEMBERS COLLINS,
Joined By WATSON and MAHAFFEY:

WHEREAS, Social Security is America's greatest insured social program and now provides the sole income for one-third of Michigan's 1.7 million retirees, as well as to 202,770 disabled and 256,000 survivors, and

WHEREAS, Social Security is a safe, honest, trusted program that is financially secure, able to pay full benefits for the next 35 years and thereafter with only minor adjustments, and

WHEREAS, The proposal to privatize Social Security by diverting funds from the program into the stock market is an uncertain retirement risk, and

WHEREAS, The diversion of funds will require benefits to retirees to be reduced and the retirement age raised, and

WHEREAS, The estimated cost of such a transition would cause our nation's already alarming debt to be increased by more than \$2 trillion, and

WHEREAS, Thousands of citizens in Detroit — our seniors, our disabled, our

widowed children — will suffer a reduction or loss of benefits and make even more difficult their struggle to exist, placing an undue impact on our resources, THEREFORE, BE IT

RESOLVED, That the Detroit City Council declares its opposition to the privatization of America's Social Security program.

RESOLUTION SUPPORTING DETROIT YOUNG PEOPLE IN THEIR THOUGHTFUL, DELIBERATE DECISION TO CONSCIENTIOUSLY OBJECT TO SERVING IN THE IRAQ WAR

By COUNCIL PRESIDENT MAHAFFEY:

WHEREAS, Detroit City Council has passed several resolutions opposing the war in Iraq including the one quoted herein from 2002. In that resolution, the Council asserted that the military attack on Iraq was out of proportion to other existing threats of war and violence.

WHEREAS, City Council resolved that President Bush's assertion that Iraq was a threat to justify the war was false and that 80% of Iraq's military capacity was destroyed in 1991 according to the Pentagon. We stated that 90% of materials and equipment required to manufacture weapons of mass destruction were destroyed by United Nations inspectors during over 8 years of inspections and that 1 infant out of 4 born alive in Iraq weighed less than 2 pounds.

WHEREAS, Council resolved in 2002 that a United States war on Iraq would only further compound the suffering of innocent people already under the silent siege of economics sanctions and weekly bombings. We said that such a war would make Americans less, not more safe; and

WHEREAS, Council resolved to join with other cities and organizations in the U.S. in both opposing the war and urging negotiations between the United Nations, the U.S. and Iraq; and

WHEREAS, The Detroit Free Press reported this week that many young African Americans in Detroit are making a decision not to sign up for the armed forces and fight for a war that they do not believe in — suggesting fear was an impetus for their decision; and

WHEREAS, 86% (eighty-six percent) of the population of the City of Detroit is African American; and

WHEREAS, African Americans have served courageously and brilliantly in various wars including the Civil War, World War II, the Korean, Vietnam and the first Iraqi War, oftentimes with no sound recognition for their amazing bravery; and

WHEREAS, The Council sees the collective decision of many of its young people as a thoughtful, conscious one that supports a deliberate unwillingness to potentially be forced to kill or maim thousands of innocent people; THEREFORE BE IT

RESOLVED, That the Detroit City Council strongly supports soldiers who are presently serving in the armed forces coming home as soon as possible, and strongly supports Detroit young citizens who choose to conscientiously object to serving in the war in Iraq.

RESOLUTION SUPPORTING RECOMMENDATION BY MICHIGAN OFFICE OF THE CHILDREN'S OMBUDSMAN ON SECOND PARENT ADOPTIONS

By COUNCIL PRESIDENT MAHAFFEY:

WHEREAS, The issue of second-parent adoptions made headlines around the State of Michigan in the summer of 2002 when Chief Justice of the State Supreme Court, Maura Corrigan ordered Washtenaw County judges to stop performing them; and

WHEREAS, The move was particularly disconcerting because judges are not routinely permitted to order other judges to change policy or procedure without an actual case before them; and

WHEREAS, All decisions regarding who should be given consent to legally adopt a child should be based on parental fitness, not on marital status; and

WHEREAS, Currently, two unrelated adults residing in the same household may both be licensed by the state to foster a child, however current requirements in the Adoption Code dictate an adoptive parent be either a single person or a married couple; and

WHEREAS, The Office of the Children's Ombudsman is an independent government agency that works to assure the safety of children in Michigan's child welfare system; and

WHEREAS, That office investigates complaints regarding foster care placements, advocates for children, and recommends changes to improve law, policy and practice regarding child welfare; and

WHEREAS, In its 2003 Annual Report, just published in January 2005, the Office of Children's Ombudsman recommended the Michigan Adoption Code be amended to, "...permit adoption of a child by two adults who are not married if the court determines it is in the child's best interest"; and

WHEREAS, This change provides legal

grounds for either parent to provide consent to medical care and to make educational, health care and other important decisions on behalf of the child; and

WHEREAS, This recommendation creates a basis for financial and psychic well being for a child and his or her surviving parent in the event of the death of the other parent by ensuring eligibility for all appropriate entitlements, such as Social Security survivor benefits; and

WHEREAS, This change would guarantee a child's rights to legal relationships with both parents should the parents separate, or should one parent die or become incapacitated and establishes required child support from parents in the event of separation; and

WHEREAS, There are thousands of children who cannot have permanent legal relationships with both of their parents because of inequities in Michigan's adoption code.

WHEREAS, According to the Children's Defense Fund, Michigan has 7,839 children in Michigan's foster care system whose parents' rights were terminated, adding more pressure to the already overburdened foster care system. THEREFORE, BE IT

RESOLVED, That the Detroit City Council lends its support to the Children's Ombudsman's office in its courageous advocacy for Michigan and Detroit children and all parents, caretakers and loved ones; and BE IT FURTHER

RESOLVED, That the Detroit City Clerk forward a copy of this resolution to Governor Jennifer M. Granholm, the Michigan State Legislature, and The Children's Ombudsman, Lynne Martinez for their review.

Adopted as follows:

Yeas — Council Members K. Cockrel, Jr., S. Cockrel, Collins, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 7.

Invocation

God of all things under the sun, the moon, the clouds and the sky, we come again before you today to thank you for what you have already done. You have woken us up to a new day to celebrate the beauty in which you have made us. By your own amusement did you create each one of us, purely for your own joy. You are worthy of being praised for your wondrous creation. Now God we ask your persistent presence in this place today. Move the hearts and minds of your people that those gathered at this table, and around every table in this city may have the concerns of your people in mind, in heart and in soul. Bless our mayor, every council member, and every city worker as they seek to do your will for the sake of the least of these. Make us all instruments of your peace to shelter the homeless, feed the hungry, clothe the naked and care for the sick of mind, body and spirit. Most of all, we give this day to you. By your loving will we pray. Let those gathered here say, AMEN.

Whereas, A dangerous structure on the following described premises within the City of Detroit, County of Wayne, State of Michigan, was ordered demolished, to wit:

Lot 102, Morgan Park Sub Liber 43, Page 64 WCR (commonly known as 19310 St. Louis) Ward 13; Item 11337.

Whereas, The premises will be subject to a special assessment, currently in the amount of \$9,638.52, for the dismantling of a structure; and

Whereas, Detroit Ordinance No. 290-H, ch 12, art 11, sec 12-11-28.4 provides that "If any tax assessment pursuant to this section is found to be unjust or erroneous, or where the owner of the property would suffer an undue hardship through no fault of his own, the City Council may waive the assessment." and

Whereas, A building on the subject premises was demolished in May, 2002 but the assessment has not yet appeared on the tax bill for 19310 St. Louis; and

Whereas, A demolition special assess-

ment will eventually appear on the tax bill for 19310 St. Louis; and

Whereas, 19310 St. Louis was a vacant lot when the current owner purchased it in 2004 and

Whereas, This Council has determined that collection of demolition costs related to 19310 St. Louis in this circumstance would be unfair because the current owner will keep the property clear of debris, and she would not have purchased 19310 St. Louis had she known of the demolition costs associated with the property; and

Now Therefore Be It:

Resolved, That the demolition costs related to 19310 St. Louis are hereby waived when they become a demolition special assessment; and

Further Resolved, That the officer charged with keeping the special assessment roll shall correct or cause the special assessment roll to be corrected in accordance with the above waiver should demolition costs related to 19310 St. Louis be referred to the Assessor's Office for addition to the tax rolls; and

Finally Resolved, That this resolution is adopted with a waiver of reconsideration.

Honorable City Council:

Re: Proposed Ordinance to Amend Chapter 13, Article II, of the 1984 Detroit City Code, *Hours of Work and Method of Payment*.

On January 27, 2005, the Deputy Mayor transmitted the above-referenced ordinance to your Honorable Body for consideration. Subsequently, the Research and Analysis Division reviewed the proposed ordinance and suggested certain changes, which have been made. The updated version of the proposed ordinance, which has been approved as to form, is attached.

The proposed ordinance amends Chapter 13, Article II of the 1984 Detroit City Code, *Hours of Work and Method of Payment*, by amending Section 13-2-18, *Reduction in compensation; authorization and implementation*, to authorize the Mayor to implement a reduction in pay for all Executive Branch appointees and non-union employees, while providing City Council the comparable authority with respect to appointees and non-union employees in the Legislative Branch of the City government.

With respect to Executive Branch appointees and non-union employees, the Mayor's goal is to implement, by means of an Executive Order, a reduction in pay effective with the first full pay periods in March 2005, for payrolls B and C. Accordingly, we respectfully request that the ordinance be introduced at your next formal session, and that your Honorable Body schedule a public hearing for the proposed ordinance at the earliest available date, so that the ordinance may be passed no later than February 16, 2005.

We are available to answer any questions that you may have concerning this proposed ordinance. Thank you for your consideration.

Respectfully submitted,

Re: Address: 20000 Moenart. Name: Jean Erwin. Date ordered removed: July 16, 2003 (J.C.C. p. 2234).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on March 8, 2005 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of March 4, 2005.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits

- Certificate of Approval as a result of a Housing Inspection

- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we will proceed with demolition without further hearings. Re: Acceptance of US Department of Justice — Office of Community Oriented Policing Services (COPS) Grant Totaling \$296,843.00.

Your approval and acceptance of this grant is requested. The grant will be used to install wireless kiosks in four regions of the downtown area. The four regions targeted for this technology are Hart Plaza, Campus Martius, Grand Circus Park, and COBO Hall. This initiative, combined with the city's plan to implement customer service programs in the non-emergency police call center and city services call center, will provide the opportunity to generate increased information from the community by establishing trusted relationships with residents and community organizations.

The system will:

- Act as manned or unmanned (dependent upon time of year and usage) portals for people to access non-emergency services and report suspicious or criminal activity.
- Provide video capability to critical areas within the downtown region.

Wireless cameras will be placed at points to allow surveillance of kiosk activity which will be recorded with digital video recorders procured specifically for this purpose.

Also, for your review on file in the City Clerk's Office is the COPS Technology Grant Award Letter and grant application details.

This technology will be a significant benefit to the entire city.
