The project consists of the rehabilitation of 2 apartment buildings located at 1620 Gladstone and 1960 Blaine.

Honorable City Council:

Re: Heritage Place at Magnolia — Payment in Lieu of Taxes.

The Sterling Development, LLC is constructing an 88-unit apartment complex at 3701 15th Street. This project will consist of one and two bedroom units and will be occupied by seniors 55 years and older. The project site consists of a full city block and provides for a large garden/recreation area with walking paths and a gazebo in the southeast corner of the site. The project will also include recreational space on every floor in addition to a large community room on the first floor. SunAmerica and Low Income Housing Tax Credits are providing funding for the development.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

Of the 88 units, 10 one-bedroom and 4 two-bedroom units will be occupied by households having incomes no greater than 30% of the area median income adjusted for family size; 10 1-bedroom and 4 2-bedroom units will be occupied by households with incomes no greater than 35% of the area median income adjusted for family size; 31 1-bedroom and 14 2-bedroom units will be occupied by households with incomes no greater than 40% of the area median incomes adjusted for family size. The remaining 15 units (10 1-bedroom and 5 2-bedroom) will be occupied by households having incomes no greater than 60% of the area median income adjusted for family size. These income restrictions will be in effect for the time required under the Low Income Housing Tax Credit Program.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of 4% on the net shelter rent.

Respectfully submitted,
FREDERICK W. MORGAN

The owner has paid the current taxes due as of October 25, 2004.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:

Re: Address: 2586 Chalmers 101 Rear. Name: Robert Davis. Date ordered removed: September 22, 2004 (J.C.C. pg.).

In response to the request for a deferral of the demolition order on the property

noted above, we submit the following information:

A special inspection on November 18, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of October 12, 2004.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we will proceed with demolition without further hearings. Pursuant to the Property Maintenance Code our Municipal Civil Infractions (MCI) Unit will issue the appropriate violations/tickets.

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for 4106 Aretha in the Woodbridge Estates NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office an application from Scripps Park Associates, LLC for a Neighborhood Enterprise Zone (NEZ) certificate for 4106 Aretha within the Woodbridge Estates NEZ. Your Honorable Body approved the Woodbridge Estates NEZ designation on September 19, 2001. City Planning Commission staff has reviewed the application and recommends approval.

The property involved is confirmed as being within the boundaries of the NEZ

and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. Scripps Park Associates, LLC has applied for the certificate, prior to the issuance of building permits, on behalf of the future owner who will occupy the property. It is appropriate for them to apply for a certificate at this time, even if a buyer has not yet been identified. The State Tax Commission, however, will not issue a certificate until an owner is identified. When an owner is identified, he or she can then apply for the certificate. At that time, it would not be necessary for City Council to pass another resolution.

The petitioner proposes to build a single-family home. The site has been cleared and construction is anticipated to begin soon. The developer will need to submit to the State Tax Commission the parcel that is to receive the certificates with a map showing the parcels.

Please let us know if you have any questions.

Honorable City Council:

Re: Establishment of the College Park Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the College Park Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on November 18, 2004 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing is January 20, 2005 and we therefore recommend that you approve the resolution at your regular formal session.

Respectfully submitted,
HENRY B. HAGOOD

Director of Development Activities

By Council Member Tinsley-Talabi:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the College Park NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZ; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local government unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the College Park NEZ was conducted before the Detroit City Council on November 18, 2004, with notice of the

public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the College Park NEZ are known:

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the College Park NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

 Re: Property For Sale By Development.
 Development: 1234 Library.
 We are in receipt of an offer from the City of Detroit Downtown Development

Authority, a Michigan Public Body Corporate, to purchase the above-captioned property. This vacant land measures approximately 181' x 100' and is zoned B-5 (Major Business District).
 This parcel is part of the Compuware parking facility but was inadvertently lost to Wayne County for non-payment of taxes. Wayne County has since deeded the property to the City of Detroit in order for it to be reclaimed by the City of Detroit Downtown Development Authority.
 The City of Detroit Downtown Development Authority has requested that, upon

City Council approval, this property be transferred to them in order to restore the chain of title.

We, therefore, request that your Honorable Body authorize the Planning and Development Department Director of Development Activities to issue a quit claim deed to the City of Detroit Downtown Development Authority, a Michigan Public Body Corporate, for the amount of \$1.00.

Honorable City Council:

Re: Ford Freeway (I-94) Replacement of Structures which carries N/B & S/B Moross Road over Hwy. I-94. State Agreement #03-5079. CPO #2611264.

On June 4, 2003 (J.C.C. Page 1619) your Honorable Body approved Contract Purchase Order #2611264 with the Michigan Department of Transportation which provided for an estimated amount of \$114,200 for the City's share for the project described below:

Replacement of structure S 16-1 of 82025 which carries northbound Moross Road over Hwy. I-94 and replacement of structure S 16-2 of 82025 which carries southbound Moross Road over Hwy. I-94 including approach work; together with necessary related work, located within the corporate limits of City.

Based on the bid price and best available information from the Michigan Department of Transportation, the project is anticipated to cost \$4,407,825. The estimated City's share of the revised cost would now be \$116,000, an increase of

\$1,800 from the originally estimated City's share of \$114,200.

We therefore recommend adoption of the attached resolution, which authorizes the Finance Director to increase the amount of Contract Purchase Order #2611264 from \$114,200 to \$116,000. The increase will come from Appropriation No. 4189, Major Street Fund — Traffic Control Improvement — State

STATEMENT BY COUNCIL MEMBER
SHEILA M. COCKREL IN SUPPORT OF
RESOLUTION FOR FILLING RAD
DIRECTOR POSITION

On Wednesday, January 5, 2005, I voted in full support of the resolution above. From the outset of this entire process, I have advocated complete adherence to the requirements of the Open Meetings Act. Up to this point in time, the events leading up to this resolution can be simply termed a debacle.

On September 15, 2003, certain members of the Council voted to terminate the employment of then director of Research and Analysis Division, Kathie Dones-Carson after fourteen years of dedicated service. That was a decision that I opposed over a year ago and still oppose today.

Between then and now, the same members of Council voted to pass, what was in my opinion, an unlawful job description and an unlawful resolution setting the interviews for the RAD director. In this regard, I reference my statements dated September 15, 2003, November 17, 2003, and May 6, 2004. In substance, it is my belief that the selection process used for the candidates for RAD director violated the requirements of the Open Meetings Act, the 1997 Detroit City Charter and the 1984 Detroit City Code.

This contentious issue was the subject of a lawsuit filed by the Detroit News. The Detroit News alleged that the process for selecting the RAD director violated the Open Meetings Act. The case was dismissed by the judge on or about November 15, 2004. Shortly thereafter, Council Member Sharon McPhail provided a memorandum to colleagues dated November 17, 2004. This unsolicited memorandum provided faulty legal reasoning to assert that there was no violation of the Open Meetings Act because the court dismissed the case. What this memorandum utterly failed to do, was to actually examine the findings of the judge. The case was dismissed because the judge believed that the Council had abandoned its search, not because she found that there was no OMA violation. In fact, the judge specifically stated, "once they do it — if they do it again, and they proceed in this manner, then you may very well have a very valid claim under the Open Meetings Act, but not today." Transcript, pg. 5, line 6.

The judge's statements in the Detroit News Case sends a signal to me that the Council needs to be careful in how it proceeds in that we need to ensure compliance with the Open Meetings Act. In this regard, I applaud the leadership to President Pro Tem. Kenneth V. Cockrel, Jr. in being cognizant of the Act's requirements and bringing forth this resolution.

The resolution provides for a process that allows for applications to be reviewed and for determinations for interviews to be made in an open meeting. It further provides that all interviews must be conducted in an open session. Upon reviewing this resolution, it is my considered opinion that this resolution finally establishes a process that conforms to the requirements of the Open Meetings Act and for all these reasons, I voted yeas.

Re: Elroy Moore vs. City of Detroit and Maniel V. Patel. WCCC Case No. 98-839992 NO.

This matter is scheduled for jury trial on January 18, 2005 following remand from appeal. The parties have negotiated a settlement in the amount of \$47,500.00. The matter originally mediated for \$300,000.00.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in the memorandum. From this review, it is our considered opinion

that settlement in the amount of \$47,500.00 is in the best interest of the City of Detroit. The amount is fair and reasonable and an eventual settlement of this matter in this amount is prudent.

We, therefore, request you authorize settlement and to direct the Finance Director to issue his draft in the amount of Forty Seven Thousand Five Hundred Dollars (\$47,500.00) payable to Elroy Moore and his attorneys, David A. Re: Tenika L. Jackson vs. City of Detroit.
 WCCC Case No.: 03-339212 CL.

On November 15, 2004, this matter mediated for \$10,000.00 as to the defendant. The parties had until December 13, 2004 to accept or reject the mediation

award. The failure to file a written acceptance or rejection within this period constitutes a rejection. If all parties accept the mediation panel's evaluation judgment will be entered in that amount, which includes all fees, costs, and interest to the date of the judgment. If a party rejects the evaluation, the case proceeds to trial, however, the party rejecting the evaluation must pay additional sanctions if the trial results are not favorable.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in the memorandum. From this review, it is our considered opinion that settlement in the amount of \$10,000.00 is in the best interest of the City of Detroit. The amount is fair and reasonable and an eventual settlement of this matter in this amount is prudent. Therefore, a Limited Acceptance conditioned upon Council approval was submitted on November 18, 2004.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we will proceed with demolition without further hearings. Honorable City Council:

Re: Address: 5127-29 Trumbull. Name: Tosan Fregene. Date ordered removed: November 5, 2003 (J.C.C. p. 3250-51).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on November 23, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of October 25, 2004.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we will proceed with demolition without further hearings. Pursuant to the Property Maintenance Code our Municipal Civil Infractions (MCI) Unit will issue the appropriate violations/tickets.

Re: Address: 5786 Addison. Name: Atif Naem. Date ordered removed: September 29, 2004 (J.C.C. p. 3196).

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

December 28, 2004

Honorable City Council:

Re: Historic Designation Advisory Board submitting its final report on the proposed People's Community Church Historic District.

At the direction of the Historic Designation Advisory Board at its meeting of November 18, 2004, I am pleased to submit to your Honorable Body the board's final report on the proposed People's Community Church Historic District. The recommendation of the Advisory Board is for designation and, therefore, a draft ordinance of designation is attached. The ordinance has been approved as to form by the Law Department.

This designation was requested by the church pastor, Rev. Dr. Martin E. Bolton, who was appointed to an ad hoc membership with the Advisory Board representing the ownership interest. Janet Burch, a member of the church congregation, was also appointed as an ad hoc representative to the Advisory Board.

Also attached is a copy of the minutes of the public hearing held by the Advisory Board on this matter. The Historic District Commission report and comment and its Master Plan Review as it relates to the proposed historic district is also attached, along with copies of all correspondence received regarding this matter.

If you should have any question, I may be reached at 224-3487.

Respectfully submitted,
WILLIAM M. WORDEN
Director

By Council Member Bates:

AN ORDINANCE to amend Chapter 25, Article II of the 1984 Detroit City Code by adding Section 25-2-154 to establish the People's Community Church Historic District and to define the elements of design for the district.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. Chapter 25, Article II of the 1984 Detroit City Code be amended by adding Section 25-2-154 to read as follows:

Sec. 25-2-154. People's Community Church Historic District.

(A) A historic district to be known as the People's Community Church Historic District is hereby established in accordance with the provisions of this article.

(B) This historic district designation is hereby certified as being consistent with the Detroit Master Plan.

(C) The boundaries of the People's Community Church Historic District are as shown on the map on file in the office of the City Clerk, and shall be as follows: on the east, the centerline of Woodward Avenue; on the north, the northern boundary of Lot 1 of Anderson & McRay's Subdivision, (L. 13 P 91 Plats, WCR); on the west, the centerline of the north-south alley lying between Woodward Avenue and Second Avenue; on the south, the centerline of Pingree Avenue. The district contains part or all of the following described parcel(s), which are included here for reference and recording purposes only and do not alter the boundaries of the district as set forth in the previous sentence: Lot 1 of Anderson & McRay's Subdivision, (L. 13 P 91 Plats, WCR).

(D) The defined elements of design, as provided for in section 25-2-2 of this code, shall be as follows:

(1) Height. The People's Community Church is two tall stories high; the sanctuary space is a very tall single story. The building stands on a high basement.

(2) Proportion of Building's Front Facade. The People's Community Church is wider than tall, but the emphatic vertical elements create a visual impression of a structure that is taller than wide.

(3) Proportion of Openings Within the Facade. All openings are taller than wide: in two-story portions of the building, windows are arranged with even horizontal spacing and above one another. The main entrance opening in the tower is nearly as wide as tall, but its Tudor arch adds verticality. Openings amount to approximately eighteen per cent (18%) of the front facade.

(4) Rhythm of Solids to Voids in The Front Facade. Within each of the four segments of the front facade, openings are centered and regularly spaced.

(5) Rhythm of Spacing of Buildings on Streets. Not applicable due to single building district.

(6) Rhythm of Entrance and/or Porch Projections. Not applicable due to single building district.

(7) Relationship of Materials. The major relationship of materials is limestone to wood window and door elements and the glazing. The roof is now covered in asphalt shingles.

(8) Relationship of Textures. The major textural relationship is that of rough-faced limestone with a very limited quantity of smooth stone and the smooth surfaces of glazing, wooden elements, and asphalt shingles.

(9) Relationship of Colors. The grey limestone contrasts with light-painted wood trim and dark asphalt shingles.

(10) Relationship of Architectural

Details. Architectural detail is almost completely in stone, including voussiors, lintels, water courses, and buttresses. The large windows display simple perpendicular tracery. Several doors have been replaced with aluminum and glass; the doors of the elevator addition at the rear facing Pingree are paneled oak. Details are generally those to be found in the "modern Gothic" style.

(11) Relationship of Roof Shapes. The building has gabled and hip roofs over the main sanctuary space, and flat roofs on the two-story elements on the south side.

(12) Walls of Continuity. Not applicable due to single building district.

(13) Relationship of Significant Landscape Features and Surface Treatments. A lawn of grass turf lies in front of the building and extends along the Pingree Avenue side. Simple foundation plantings are located against the walls of the Woodward facade, which has a concrete walk with steps leading from the tower to the public sidewalk, and another concrete walk serving the entry door to the north side of the main facade. There are also concrete walks serving the Pingree Avenue entrances. On the west is a paved alley with paved parking against the building to its east. There is a large paved parking area to the west of the alley, outside the district.

(14) Relationship of Open Space to Structures. Open space consists of grass turf lawns to the east and south; there are similar open spaces near but outside the district.

(15) Scale of Facades and Facade Elements. The facade is large in scale and made of elements themselves large in scale. Details are generally moderate to large in scale.

(16) Directional Expression of Front Elevation. The directional expression of the front facade is vertical.

(17) Rhythm of Building Setbacks. Not applicable due to single building district.

(18) Relationship of Lot Coverages. The People's Community Church occupies approximately seventeen per cent (17%) of its parcel.

(19) Degree of Complexity Within the Facade. The front facade of the People's Community Church is generally simple in its arrangement of openings, elements, and details, the most complexity being provided by the four main elements at differing setbacks.

(20) Orientation, Vistas, Overviews. The People's Community Church is oriented toward Woodward Avenue and secondarily to Pingree Avenue. Overviews from the district are of a portion of Woodward Avenue rich in buildings of public character, especially churches.

(21) Symmetric or Asymmetric Appearance. The People's Community Church is asymmetrical in appearance.

(22) General Environmental Character. The People's Community Church stands on a portion of Detroit's "main street," Woodward Avenue, sometimes called "Piety Hill" for its rich collection of churches. In the next block to the north the St. John C.M.E. Church Historic District is on the west side of Woodward, while the former Utley branch library is on the east side of Woodward.

Section 2. All ordinances or parts of ordinances, or resolutions, in conflict herewith be the same are herewith repealed.

Section 3. This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

Section 4. If this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter; otherwise, it shall become effective in accordance with Section 4-115 of the 1997 Detroit City Charter.

AN ORDINANCE to amend Chapter 25, Article II of the 1984 Detroit City Code by adding Section 25-2-152 to establish the Moross House Historic District and to define the elements of design for the district.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. That Chapter 25, Article II of the 1984 Detroit City Code be amended by adding Section 25-2-152 to read as follows:

Sec. 25-2-152. Moross House Historic District.

(A) A historic district to be known as the Moross House Historic District is hereby established in accordance with the provisions of this article.

(B) This historic district designation is hereby certified as being consistent with the Detroit Master Plan.

(C) The boundaries of the Moross House Historic District are as shown on the map on file in the office of the City Clerk, and shall be as follows: On the north, the centerline of East Jefferson Avenue (120 feet wide); on the west, a line drawn 33.33 feet west of and parallel to the east boundary of Lot 35 of the Plat of the Guoin Farm (L 11 P 596 Deeds, WCR), said line to be extended north and south to the northern and southern boundaries; on the south, the centerline of Woodbridge Street (50 feet wide); on the east, a line drawn eleven (11) feet east of and parallel to the western boundaries of lots 45 and 46 of the Subdivision

of the Riopelle Farm. (L 15 P 394-5 City Records, WCR) . said line to be extended north and south to the northern and southern boundaries. (Legal description: The easterly 33.33 feet of Lot 35, south of Jefferson Avenue, Plat of the Guoin Farm L 11 P 596 Deeds, WCR; and the westerly 11 feet of Lots 45 and 46 of the Subdivision of the Riopelle Farm south of Jefferson Avenue, L 15 P 394-395 City Records, WCR).

(D) The defined elements of design, as provided for in section 25-2-2 of this code, shall be as follows:

(1) *Height.* The Moross House is two and one-half stories tall, having two full stories and an attic within the roof. A lower two-story wing extends to the rear and a single-story addition is attached at the west side of the building.

(2) *Proportion of Building's Front Facade.* The Moross House is taller than wide.

(3) *Proportion of Openings Within the Facade.* The front facade displays three equally-spaced openings on each of the two stories: that on the east on the first floor is the entrance door. All openings are taller than wide, the entrance opening with its vertical entrance door flanked by sidelights and topped by a transom is somewhat wider in proportion than the windows. Openings amount to approximately eighteen per cent (18%) of the front facade.

(4) *Rhythm of Solids to Voids in The Front Facade.* The facade is composed of three bays, each containing one opening per story, creating a regular rhythm of solids to voids.

(5) *Rhythm of Spacing of Buildings on Streets.* Not applicable due to single building district.

(6) *Rhythm of Entrance and/or Porch Projections.* Not applicable due to single building district.

(7) *Relationship of Materials.* The major relationship of materials is common brick with stone lintels and sills. The foundations are stone. Doors, windows and trim are painted wood; the roof is standing-seam sheet metal.

(8) *Relationship of Textures.* The major textural relationship is that of flush common bond brick juxtaposed with stone foundation, wood trim, and the smooth metal roof with regularly spaced standing seams. In general, the building exhibits subtle textural relationships.

(9) *Relationship of Colors.* The orange brick wall surface contrasts with white-painted wood trim. The foundations are a natural stone color, and the roof is green.

(10) *Relationship of Architectural Details.* Architectural detail is applied sparingly, and is generally of wood except for the stone lintels. A classical cornice tops the front facade; other wood trim is typical for a vernacular building with

strong influence from the late Greek Revival style.

(11) *Relationship of Roof Shapes.* The roofs of the main block and the rear wing are gable roofs of medium slope with parapets. Two chimneys rise from side parapets of the main block, those on the east being false and present for symmetry. The one-story addition on the west has a flat roof.

(12) *Walls of Continuity.* Not applicable due to single building district.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* A shallow lawn of grass turf lies in front of the building and extends along the wing addition on the west. An unpainted wood fence in period style stands at the property line in the front. A stone-paved walk leads to the rear of the property on the east. The rear yard is developed as a period garden with a pergola. At the rear, the sloping land has been excavated to create a flat space approximately twenty (20) feet deep which serves as on-site parking.

(14) *Relationship of Open Space to Structures.* There is little open space on the south side of East Jefferson in the area surrounding the Moross House: a public park creates considerable open space outside the district but directly across East Jefferson Avenue.

(15) *Scale of Facade and Facade Elements.* Details are generally moderate in scale and are repetitive: the stone lintels are not large in scale but are weighty in appearance.

(16) *Directional Expression of Front Elevation.* The directional expression of the front facade is vertical.

(17) *Rhythm of Building Setbacks.* Not applicable due to single building district.

(18) *Relationship of Lot Coverages.* The Moross House occupies approximately seventeen per cent (17%) of its parcel.

(19) *Degree of Complexity Within the Facade.* The front facade of the Moross House is simple in its arrangement of openings, elements, and details.

(20) *Orientation, Vistas, Overviews.* The Moross House is oriented toward East Jefferson Avenue, a heavily trafficked major thoroughfare. The presence of the public park opposite opens vistas into the Lafayette Park area. The Moross House stands on a portion of East Jefferson Avenue typified by the presence of diverse development of many periods and presence of a number of historic resources.

(21) *Symmetric or Asymmetric Appearance.* The Moross House is symmetrical in appearance, the large entrance opening providing the only variation from obsolete symmetry.

(22) *General Environmental Character.* The Moross House stands on a portion of

East Jefferson Avenue typified by the presence of diverse development of many periods and the presence of a number of historic resources. The house represents an example, rare in Detroit, of a middle-class dwelling of the mid-19th century and its location on a main thoroughfare makes it familiar to the public.

Section 2. All ordinances or parts of ordinances, or resolutions, in conflict herewith be the same are herewith repealed.

Section 3. This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

Section 4. If this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter; otherwise, it shall become effective in accordance with Section 4-115 of the 1997 Detroit City Charter.

December 16, 2004

Honorable City Council:

Re: Petition No. 3205, Regency Tower Apartments, request to vacate public right-of-way located in the Elmwood Park Rehabilitation Project No. 1 area and corresponding land sale (Recommend Approval).

On Monday, November 22, 2004 the above-captioned matter appeared as line item #70 on the City Council Calendar. Due to a lack of information, you elected to hold the matter and refer it to the staff of the City Planning Commission (CPC) for review.

The attached report and resolution from

the City Engineering Division are in response to petition #3205, which requests the vacation of a certain portion of public right of way located within Elwood Park Rehabilitation Project No. 1. The subject property sits in the area of Chene Court and the vacated Maple. It is currently used in conjunction with adjacent land as a parking lot serving the Regency Tower Apartments. It appears that the requested vacation was not performed previously when the apartment building was developed or when the new right-of-way plan was effectuated in the 1960's.

The petitioner would like to vacate this portion of right-of-way in order to purchase the land from the City and unify it with the parcel containing the apartment complex. The land sale authorization request (attached) is being submitted under separate cover from the Planning and Development Department. CPC staff recommends approval of both the vacation and the land sale.

Re: Petition No. 3205 — Regency Tower Apartments, request to vacate certain right-of-way located in Elmwood Park Urban Renewal Plat No. 1.

Petition No. 3205 of "Regency Tower Apartments", at 1935 Chene Court, Detroit, Michigan 48207, request the conversion of a portion of public right-of-way platted within the "Elmwood Park Urban Renewal Plat No. 1", in the area of Chene Court and (vacated) Maple Street into a private easement for public utilities.

The requested right-of-way to be vacated is currently being used by tenants for parking. In order for the land to be further improved and renovated as a surface parking lot, the petitioner has requested that your Honorable Body adopt the attached resolution.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report:

All City departments and privately owned utility companies have reported no objections to the conversion of public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
 WILLIAM TALLEY
 Head Engineer

Detroit Housing Commission

August 3, 2004

Honorable City Council:

Re: Approval for sale of 1611 Longfellow, a Scattered Site House, to Mary Griffin-Glimpse, a Detroit public housing resident.

The Detroit Housing Commission (DHC) requests a resolution of approval from your Honorable Body for the sale of

the below Scattered Site (Neighborhood Family Housing) property to an eligible DHC resident. However, the cost to the resident is 70% of the appraised amount. DHC will hold a silent second mortgage for the remaining 30% which will be incrementally forgiven over five years. The Detroit Housing Commission has obtained a Buildings and Safety Engineering inspection for the house and all City Code violations have been corrected. Additionally, DHC will provide for a title insurance policy, a termite inspection and a mortgage survey.

Honorable City Council:

Re: Establishment of the "Expanded" East Village Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the "Expanded" East Village Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on November 4, 2004 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the

public hearing is September 27, 2004 and we therefore recommend that you approve the resolution at your next regular formal session.

Respectfully submitted,
HENRY B. HAGOOD

Director of Development Activities
By Council Member S. Cockrel:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zones Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the "Expanded" East Village NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the "Expanded" East Village NEZ was conducted before the Detroit City Council on November 4, 2004, with notice of the public hearing having been given to the general public and by certified mail to every taxing

authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the "Expanded" East Village NEZ are known:

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the "Expanded" East Village NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

City Planning Commission

November 19, 2004

Honorable City Council:

Re: Resolution authorizing the sale of 4132 Bagley in the Hubbard Farms

Historic District for \$13,365 to Delores Sanchez (Recommend Approval).

On June 28, 2004 City Planning Commission (CPC) staff was requested to review the zoning and proposed usage of the City-owned property proposed for sale at 4132 Bagley. Ms. Delores Sanchez is the owner of El Central newspaper located on Vernor, across the street from the subject property. Ms. Sanchez proposes that the land be used for parking, as there is a current need for parking in the area for customers of local businesses along the commercial strip of Vernor.

The property is zoned R2 (Two-Family Residential District). On July 13, 2004, the Board of Zoning Appeals approved Ms. Delores Sanchez' request for a zoning variance with conditions. The Historic District Commission previously indicated that they would prefer that infill housing go on the site.

CPC staff believes that the parking lot will service a number of businesses along the commercial corridor and is, therefore, the best use for the land. CPC staff recommends approval of the sale of 4132 Bagley for a parking lot. However, the parking lot design must be in compliance with the Historic District Commission's standards and meet its approval.

Please let us know if any further information is desired regarding this matter.

January 5, 2005

Honorable City Council:

Re: Petition No. 1964 and 2846 — Detroit Catholic Pastoral Alliance, requesting for the vacation and conversion to easement of the alley in the area of Gratiot, Belvidere and McClellan.

Petition No. 1964 and 2846 of "Detroit Catholic Pastoral Alliance" at 5807 McClellan Avenue, Detroit, Michigan 48213, request conversion of the Southerly portion of the North-South public alley, 20 feet wide, in the block bounded by Gratiot Avenue, 120 feet wide, Cairney Avenue, 60 feet wide, Belvidere Avenue, 60 feet wide, and McClellan Avenue, 66 feet wide into a private easement for utilities.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report:

If the petitioner at any time plans to discontinue use of the paved alley entrance (into Belvidere Avenue), the petitioner shall pay all incidental removal cost.

All other city departments and private utility companies have reported no objection to the conversion of the public right-of-way into a private easement for utilities. Provisions protecting utility installations are part of this resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
WILLIAM TALLEY
Head Engineer
City Engineering Division — DPW

By Council Member S. Cockrel:

Resolved, All that part of the North-South public alley, 20 feet wide, lying Westerly of and abutting the West line(s) of Lot 159, and lying Easterly of and abutting the East line of Lots 11 through 13, both inclusive, and a portion of Lot 14;

also lying southerly of a line described as the North line of said Lot 159, extended Westerly to a point on the East line of said Lot 14 all in the "Gratiot Avenue Subdivision" of part of P.C. 10 South of Gratiot Avenue, City of Detroit, Wayne County, Michigan as recorded in Liber 18 Page 84, Plats, Wayne County Records;

Be and the same is hereby vacated as a public alley and is hereby converted into a private easement for public utilities of the full width of the alley, which easement shall be subject to the following covenants and agreements, uses, reservations and regulations, which shall be observed by the owners of the lots abutting on said alley and by their heirs, executors, administrators and assigns, forever to wit:

First, Said owners hereby grant to and for the use of the public an easement or right-of-way over said vacated public alley herein above described for the purposes of maintaining, installing, repairing, removing, or replacing public utilities such as water mains, sewers, gas lines or mains, telephone, electric light conduits or poles or things usually placed or installed in a public alley in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth,

Second, Said utility easement or right-of-way in and over said vacated alley herein above described shall be forever accessible to the maintenance and inspection forces of the utility companies, or those specifically authorized by them, for the purpose of inspecting, installing, maintaining, repairing, removing, or replacing any sewer, conduit, water main, gas line or main, telephone or light pole or any utility facility placed or installed in the utility easement or right-of-way. The utility companies shall have the right to cross or use the driveways and yards of the adjoining properties for ingress and egress at any time to and over said utility easement with any necessary equipment to perform

the above mentioned task, with the understanding that the utility companies shall use due care in such crossing or use, and that any property damaged by the utility companies, other than that specifically prohibited by this resolution, shall be restored to a satisfactory condition,

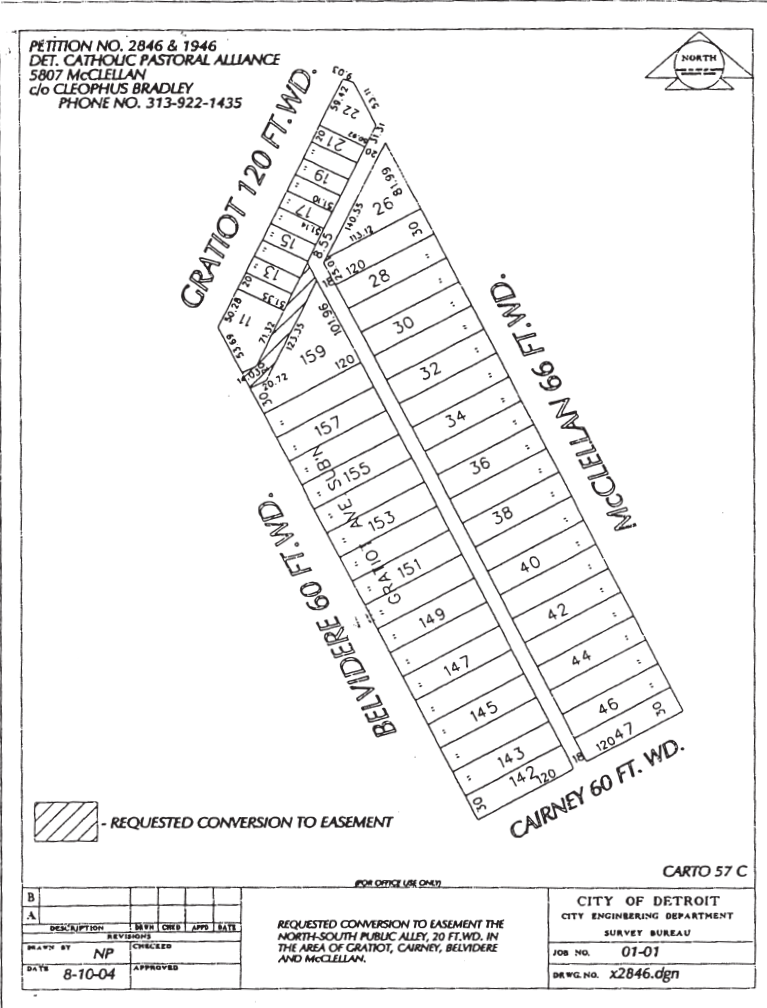

Third, Said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including, but not limited to, retaining or partition walls, shall be built or placed upon said easement, nor change of surface grade made, without prior approval of the City Engineering Division — DPW,

Fourth, That if the owners of any lots abutting on said vacated alley shall request the removal and/or relocation of any existing poles or other utilities in said easement, such owners shall pay all costs incidental to such removal and/or relocation, unless such charges are waived by the utility owners,

Fifth, That if any utility located in said property shall break or be damaged as a result of any action on the part of said owners or assigns (by way of illustration but not limitation) such as storage of excessive weights of materials or construction not in accordance with Section 3, mentioned above, then in such event said owners or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility; and further

Provided, That if it becomes necessary to remove the paved return at the entrance (into Belvidere Avenue), such removal and construction of new curb and sidewalk shall be done under city permit and inspection according to the City Engineering Division — DPW specifications with all costs borne by the abutting owner(s), their heir or assigns; and be it further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

Description of Procurement: Repair of Mistersky Power Station Switch House Exterior Walls & Roof. Basis for the emergency: The brick facade of the switch-house at Mistersky Power Station has developed a wide crack and a collapse of the wall appears imminent. If a collapse should occur, falling bricks would probably destroy the nearby reactor cages where three of the five cages would be a considerable expense. City outages are likely to occur, disabling more than half of the City's capacity for receiving purchased power. Basis for selection of contractor: Harvard Engineering & Construction Consultants, Inc. was the Highest Ranked proposer selected by PLD's evaluation committee for negotiation of this contract. **Department of Public Works
City Engineering Division**

January 3, 2005

Honorable City Council:

Re: Petition No. 1234 — Perfecting Church New Campus, for vacation of streets and alleys in the area of Woodward, Bauman, Larchwood, Bryson and Carmel Avenues.

Petition No. 1234 of "Perfecting Church", 7616 E. Nevada St., Detroit, Michigan 48234 requests the outright vacation of certain streets and alleys in the area of Woodward Avenue, 204 feet wide, Bauman Avenue, 50 feet wide, Larchwood Avenue, 50 feet wide, Bryson Avenue, 50 feet wide and Carmel Avenue, 60 feet wide, in order to facilitate the construction and assemble land required for the proposed new church campus.

The request was approved by the

Planning and Development Department, the Solid Waste Division — DPW and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report:

The Detroit Water and Sewerage Department (DWSD) has reviewed the requested changes in public rights-of-way. DWSD reports the following:

Requested Out-right Vacation Bryson between Alley east of Troy Place to Carmel Street. There is an existing 8-inch DWSD water main in Bryson St. The DWSD has no objection to the request for out-right-vacation provided that the water main is cut and capped or relocated in accordance with plans approved by DWSD.

Requested Out-right Vacation east-west Alleys in the area bounded by Troy Place Carmel, Bauman, Wildwood and Bryson. There are existing DWSD sewers in the alleys. The DWSD has no objection to the request for out-right vacation of the alleys, provided that the sewers are relocated in accordance with plans approved by DWSD.

Requested Out-right Vacation of Wildwood Avenue between Bryson and Bauman. There is an existing 6-inch DWSD water main in Wildwood. The DWSD has no objection to the request for out-right-vacation of the street and the discontinuance of the water main.

Requested Out-right Vacation east-west Alley in the area bounded by Bryson, Wildwood, Bauman and Penrose. There are existing DWSD sewers in the alley. The DWSD has no objection to the request for out-right-vacation of the alley, provided that the sewers are relocated in accordance with plans approved by DWSD.

Requested Out-right Vacation of Penrose between Bryson and Bauman. There is an existing 7'-6" Cylindrical Sewer in Penrose Ave. and an existing 6-inch DWSD water main. DWSD cannot allow out-right vacation.

However, DWSD can agree to a conversion to easement of the full width of the Street; Penrose between Bryson and Bauman. The provisions for conversion to easement are a part of this resolution. In addition the petitioner must obtain an easement encroachment permit from DWSD for any encroachment into or above the easement.

Requested Out-right Vacation east-west Alley in the area bounded by Woodward, Penrose, Bryson, Bauman and Balmoral. There are existing DWSD sewers in the alley. The DWSD has no objection to the request for out-right vacation of the alley, provided that an easement is retained in the portion of the alley adjacent to the south line of lots 5 and 6 of the Forest Park Sub'n and adjacent to the north line of the north-south alley lying

west of lot 58 of Smith and Matthew's Sub'n.

Requested Out-right Vacation of Balmoral between Woodward and Bauman. There is an existing 6-inch water main and an existing 15-inch Sewer in Balmoral. There is also an existing 15-inch crossing Balmoral from the alley on the north side of Balmoral to the alley on the south side of Balmoral, both east of Woodward. The DWSD has no objection to the request for out-right-vacation of the street, provided that a 20-foot wide sewer easement is retained for the sewer crossing Balmoral. The center of the easement is to extend from the center of the alley on the north side of Balmoral to the center of the alley on the south side of Balmoral.

Requested Out-right Vacation east-west Alley in the area bounded by Woodward, Balmoral, Bauman and Larchwood. There is an existing DWSD sewers in the alley. The DWSD has no objection to the request for out-right-vacation of the alley, provided that an easement is retained in the portion of the alley adjacent to the north line of lot 1 and the north line of the north-south alley lying west of lot 5 of Ivanhoe addition Sub'n.

Requested Out-right Vacation of north-south alleys in the area bounded by Woodward, Bryson, Penrose, Bauman and Larchwood. There are existing sewers in the alleys that are to remain in service. Therefore DWSD cannot allow out-right vacation. However, DWSD has no objection to conversion to easement provided that an easement of the full width of the alley(s) is reserved. Also, the petitioner must comply with the provisions and requirements of the attached resolution.

The Public Lighting Department (PLD) has no objection to the proposed outright vacation(s). However, the PLD has overhead fed street lighting circuits running through the alleys feeding the lights in the areas bounded by Woodward, Larchwood, Bauman and Bryson. The PLD will remove the lighting circuits and its facilities at the expense of the petitioner, after adoption of the attached resolution.

Michigan Consolidated Gas Company (MichCon) reports gas mains in the area of Woodward, Bauman, Larchwood, Bryson and Carmel Avenues are to be cut capped and abandoned. Also, the petitioner is required to install approximately 91 feet of plastic gas main within Troy Place, at an estimated costs of \$17,383.00.

The Detroit Edison Company reports an estimated costs of \$188,000.00 for the removal and/or rerouting of its facilities.

SBC reports that the petitioner must contact the SBC Customer Growth Group for any costs for the removal, rerouting or relocation of their facilities within the project area.

The petitioner has made arrangements with the Michigan Consolidated Gas Company, The Detroit Edison Company and the SBC Customer Growth Group.

Because the petitioner was unable acquire all of the land within the proposed project area, it is necessary to leave portions of public rights-of-way open so that the property owners at 908 Balmoral Avenue and 938 Penrose Avenue will continue to have access to the front and rear of the properties. It will be also necessary for the petitioner to deed land to the City of Detroit, in order to provide to a cul-de-sac within Penrose Avenue. If at any time the petitioner should receive control over said properties on Balmoral and Penrose Avenues, the petitioner may then petition City Council to vacate the remaining portions as requested in this petition.

All other city departments and privately owned utility companies have reported no objections to the changes in public rights-of-way or that satisfactory arrangements have been made. Provisions protecting utility installations (if necessary) are part of the resolution.

An appropriate resolution containing the necessary conditions is attached for consideration by your Honorable Body.

Respectfully submitted,

WILLIAM TALLEY
Head Engineer

City Engineering Division — DPW
By Council Member S. Cockrel:

Invocation

Almighty God maker and creator of all mankind we acknowledge that it is You who have made us and not we ourselves. We thank You for this day, this day that You have made and we will rejoice and be glad in it. Thank You for waking us up this morning, while someone die last night and they were our age. But, Your grace caused us to live on. We pray for the President of these United States, Our Governor, the Mayor and every member of this Council. Father, we stop right now and lift up to You in prayer every member of the Council. I ask that You will give them wisdom like You did for Solomon, Courage like David, Purpose like Daniel, Prosperity like You gave to Abraham and love like You are. I pray that every member of this Council will walk in Love and integrity and I bind the spirit of compromise from their lives and that they would not walk after their flesh. I pray that each every decision that this Council make, will be one that You are pleasing with and that they understanding... that it takes less time to do a thing right than it does not explain why they did it wrong. Father, I pray the You will help us the people to understand that these are the people that we have chosen, but You must empower them, therefore, cause us to work with them and not fight against them. Cause us all to come on one accord for the advancement of this City. Oh God help us, teach us, guide us, lead us, for we've come to far to

turn around. And in the words of the Negro spiritual "We aint going to let nobody turn us around." I thank You that the City of Detroit, she will, she must continue to Keep Walking!... Walk on Detroit and don't settle for less than you destiny. Oh God! We pray for the wealth of the City of Detroit and we are thankful for this day and this moment and we are appreciative for all that You have done for this City. Help us not to spend our time worrying about things that MIGHT happen. But, if we take care of today wisely, we are making a contribution to tomorrow. Besides, worry is nothing but a down payment on trouble that never comes. God, I ask that You will continue to breathe on us and empower us in Your word and show us that You want a divine kinship with us, a covenant relationship and a continual friendship, this we pray in Jesus name, IN the name of the Father, Son and Holy Ghost. Amen.

God Bless Your Heart!

Honorable City Council:

Re: Petition Number 1178 — Request from Detroit Entertainment Network, Inc. to Transfer Ownership of a Class 'C' Liquor License with MLCC Dance-Entertainment Permit for a Proposed Group 'A' Cabaret at 19344-50 Livernois.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement

officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice (Req. ID: 193865) to the Detroit City Council, which has been designated by the City Clerk as Petition Number 1178. The petition requests City Council approval or disapproval of the transfer of ownership of an MLCC Class 'C' liquor license with dance-entertainment permit, in escrow at 12601-09 Gratiot, Detroit, to Detroit Entertainment Network, Inc. at 19344-50 Livernois.

Buildings and Safety Engineering Department ("B&SE") reports that 19344-50 Livernois is zoned B-3 (shopping district). Pursuant to the Detroit Zoning Ordinance, a Group 'A' cabaret is a permissible land use in such a district as a matter of right, subject to the applicable regulated use provisions of Section 66.000 of the Zoning Ordinance. Pursuant to Section 5-7-1 of the 1984 Detroit City Code, an establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without dancing must have a Group 'A' cabaret business license.

B&SE Case No. 166-03, effective March 31, 2004, indicates that Detroit Entertainment Network, Inc. has been conditionally approved to establish a standard restaurant with Class 'C' liquor license and nightclub accessory use at 19344-50 Livernois, subject to thirty-four (34) specified conditions. In particular, the B&SE case specifically excludes any activity that requires a Group 'D' adult cabaret license and prohibits any outdoor entertainment such as music, live acts, performances, or entertaining at the location. B&SE records indicate that a building permit was issued to William Hunter, owner of Detroit Entertainment Network, Inc., on January 5, 2005 to establish a restaurant with nightclub accessory use per the aforementioned B&SE case.

Accordingly, Detroit Entertainment Network, Inc. has submitted applications for a City Group 'A' cabaret business license, with dance-entertainment, and a City restaurant business license to the Consumer Affairs Business License Center for the location. Therefore, upon this Body's approval of the transfer of the dance-entertainment permit for 19344-50 Livernois, Detroit Entertainment Network, Inc. will be required to obtain all of the required approvals from City departments prior to the issuance of the Group 'A' cabaret business license and the restaurant business license by the Consumer Affairs Business License Center.

After investigation and review, the

Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the transfer of ownership of the MLCC Class 'C' liquor license with dance-entertainment permit to Detroit Entertainment Network, Inc. for 19344-50 Livernois. Further, the Liquor License Unit reports that a review of available records did not reveal any MLCC violations for the owner of Detroit Entertainment Network, Inc., or for the location, for the preceding twelve (12) months.

Pursuant to this Body's August 1, 2003 and July 7, 2004 resolutions on the procedures and criteria for the approval or disapproval of the issuance of MLCC dance-entertainment permits, the Law Department recommends that this matter be placed on City Council's agenda for approval or disapproval of the transfer of the Class 'C' liquor license with a dance-entertainment permit to Detroit Entertainment Network, Inc. for 19344-50 Livernois. Attached is a proposed resolution approving the issuance of the dance-entertainment permit in conjunction with the transfer of the MLCC Class 'C' liquor license to the subject location.

If there are any questions or concerns, please do not hesitate to contact us.

Respectfully submitted,
BRENDA E. BRACEFUL

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on December 20, 2004 revealed the building is secured and appears to be sound and repairable.

The owner will pay the current taxes due at the closing.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

- 1. The building shall be maintained

securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

The owner has paid the current taxes due as of December 6, 2004.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we will proceed with demolition without further hearings. Pursuant to the Property Maintenance Code our Municipal Civil Infractions (MCI) Unit will issue the appropriate violations/tickets.

STATEMENT BY COUNCIL PRESIDENT PRO TEM. KENNETH V. COCKREL, JR., ON PROPOSAL TO CUT BUS SERVICE

Today City Council voted on a resolution addressing the Mayor's recent proposal to eliminate late night/early morning bus service.

The Mayor has proposed this as a cost-cutting measure in response to Detroit's mounting fiscal problems. In response, Council Member Joann Watson offered today's resolution which called on City Council to vote against any deficit reduction plan that includes reductions in bus service. This resolution failed when Council dead-locked four to four.

I voted against the resolution. For the record, I do not support a whole elimination of late night/early morning bus service. The reality is many of our residents work late night or early morning shifts and rely on these buses to get to work.

However, I also do not feel that it makes sense to operate bus lines that serve a small number of riders during this period. Consider that a driver servicing a route at 3 a.m. in the morning that picks up only five people during his shift period still has to be paid. Gas for that bus still must be

bought and maintenance work still must be done.

I believe each bus line should be studied on a case by case basis and the ridership levels should be determined and shared with City Council and the public. At that point, the Mayor and Council can make informed decisions that may allow us to keep heavily used lines in service for 24 hours while going to a "peak hours only" schedule for low ridership lines.

Detroit and residents will not be well-served by snap judgements either way in this case.

RESOLUTION REGARDING THE COMMUNITY REINVESTMENT ACT

By COUNCIL MEMBER TINSLEY-TALABI:

WHEREAS, The Community Reinvestment Act (CRA) has helped individuals in low-income communities receive bank loans for housing, small business and consumer products, and

WHEREAS, By requiring banks to serve low-income communities within their geographic market, CRA increased homeownership, small business development, and neighborhood revitalization in traditionally under-served communities, and

WHEREAS, Prior to CRA, many banks redlined communities by refusing to extend credit or services in certain poor and predominantly minority urban neighborhoods, and

WHEREAS, The Federal Deposit Insurance Corporation (FDIC) and the Federal Office of Thrift Supervision (OTS) along with strong support from banks and savings and loan associations, are proposing to water down the application of CRA, and

WHEREAS, Under the current law, banks with assets of more than \$250 million undergo a comprehensive and complete CRA examination of their lending, investments, and services in low income communities, and

WHEREAS, The new proposal would raise the asset size requirement for a complete CRA examination from \$250 million to \$1 billion which would make significantly fewer banks fully accountable to the communities in which they reside, and

WHEREAS, This change would weaken the enforcement of CRA for almost 1000 banks, A similar proposal is underway for savings and loans institutions. and therefore be it

RESOLVED, The Detroit City Council strongly encourages the United States Congress to maintain the current asset size requirement of \$250 million for a complete CRA examination. AND BE IT FINALLY

RESOLVED, That a copy of this resolution be forwarded to both houses of U.S. Congress, OTS, FDIC and the Detroit Alliance for Fair Banking.

Finance Department

October 22, 2004

Honorable City Council:

Re: An Ordinance Providing for an Alternative Funding Mechanism for Funding Unfunded Actuarial Accrued Liability of the General Retirement System; An Ordinance Providing for an Alternative Funding Mechanism for Funding Unfunded Actuarial Accrued Liability of the Policemen and Firemen Retirement System; and An Ordinance Authorizing the Creation of Two Nonprofit Corporations, Authorizing the Form of a Service Contract and Authorizing Hedges under the Service Contract which Enable the City to Utilize the Alternative Funding Mechanisms.

Attached are three Ordinances and the form of a Service Contract, which together enable the City to realize benefits from funding the existing Unfunded Actuarial Accrued Liability (UAAL) of its two Retirement Systems through an Alternative Funding Mechanism. The UAAL is a current obligation of the City that must be paid-down over a period of 15 years. The Alternative Funding Mechanism is a part of the 2004-05 Budget approved by Council and provides a cost-effective alternative for the City to pay-down this obligation.

The two Ordinances that amend the sections of the Code relating to the two Retirement Systems establish the Alternative Funding Mechanism for each of the Systems. In order to take advantage of the Alternative Funding Mechanism, the City will create one non-profit corporation for each System — the sole purpose of each will be to assist the City in maintaining the actuarial integrity of the respective System by funding its UAAL.

If the Ordinances are approved by the Council, the Corporations will be promptly formed through the filing of Articles of Incorporation and the Finance Director will be authorized to enter into a separate Service Contract with each Corporation to fund all or a portion of each System's UAAL. The Board of Directors of each Corporation will proceed to perform under the Service Contract by funding the UAAL with a Funding Trust that will sell Certificates of Participation to investors.

Also included herein for *informational*

purposes are copies of the proposed Articles of Incorporation and By-laws for each of the two Corporations and a preliminary draft of the form of Trust Agreement establishing each Funding Trust.

Corporation Counsel has approved these Ordinances as to form. I request that all three Ordinances be introduced and a public hearing take place at the earliest possible date. I recommend the adoption by your Honorable Body, with WAIVER OF RECONSIDERATION at your formal session on Wednesday, November 3, 2004.

Respectfully submitted,
SEAN K. WERDLOW
Chief Financial Officer

By Council Member Tinsley-Talabi:

AN ORDINANCE to authorize the formation by the City, pursuant to the Home Rule City Act, 1909 PA 279, as amended, of two non-profit corporations under the Nonprofit Corporation Act, 1982 PA 162, as amended, namely, the Detroit General Retirement System Service Corporation, and the Detroit Police and Fire Retirement System Service Corporation, by amending Chapter 18 of the 1984 Detroit City Code by adding Division 9, entitled "the Detroit Retirement System Service Corporation," consisting of Sections 18-5-120 through 18-5-144 to assist the City in meeting its pension obligations; to approve the form of a Standard Service Contract to provide pension funding services to the City by reducing the burden of Unfunded Actuarial Accrued Liabilities (UAAL) and to authorize the City to enter into two Service Contracts for 2004 and to authorize Hedges in connection with the funding of the UAAL of the pension systems.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. Chapter 18 of the 1984 Detroit City Code, be amended by adding Division 9 to Article 5 as follows:

DIVISION 9. DETROIT RETIREMENT SYSTEM SERVICE CORPORATION
Sec. 18-5-120. Legislative Findings.

The Detroit City Council expressly finds and determines that:

(A) The *Home Rule City Act, 1909 PA 279*, at MCL 117.40(1), authorizes cities such as the City of Detroit (the *City*) to authorize the formation of a nonprofit corporation under the *Nonprofit Corporation Act, 1982 PA 162*, at MCL 450.2101, *et seq.*, as amended for valid public purposes of the authorizing city.

(B) Article 9, Section 24 of the 1963 Michigan Constitution obligates the City to maintain the actuarial integrity of its

General Retirement System (the *GRS*) and its *Police and Fire Retirement System* (the *PFRS*), together, the *Retirement System*.

(C) Maintaining the actuarial integrity of the Pension System is both a constitutional obligation and an important public purpose of the City.

(D) By Ordinances No. and No. (the *Alternative Funding Mechanism Ordinances*), the City has provided an alternative funding mechanism for each, respectively, of the GRS and PFRS (each, an *Alternative Funding Mechanism*) to provide for funding unfunded actuarial accrued liability (UAAL) of the GRS (*GRS UAAL*) and the UAAL of the PFRS (*PFRS UAAL*) and either the GRS UAAL or the PFRS UAAL, as the context may require, the *Retirement System UAAL*).

(E) The *Alternative Funding Mechanism Ordinances* are separate and distinct from this Ordinance, and this Ordinance provides only a means of funding particular Retirement System UAAL and thereby reducing the financial burden to the City of such Retirement System UAAL.

(F) This Ordinance shall not be deemed to affect any benefits under either the GRS or the DPFS or other subjects of collective bargaining or Act 312 Arbitration Awards, and shall be so interpreted.

(G) The respective Retirement System's actuaries (the *Actuaries* of the respective Retirement System) estimate that GRS UAAL is \$732,958,801 and that PFRS UAAL is \$516,076,553, with additional unrecognized market losses of, respectively, \$213,844,162 and \$327,251,711, as of their respective reports (each, an *Actuary Report*) as of June 30, 2003, with UAAL of each Retirement System expected to increase in the future.

(H) The City desires to act pursuant to *Home Rule City Act* and authorize the formation of a nonprofit corporation with respect to each Retirement System, to be known respectively as the "*Detroit General Retirement System Service Corporation*" and the "*Detroit Police and Fire Retirement System Service Corporation*" (each, a *Corporation*), to assist the City in maintaining the actuarial integrity of the respective Retirement System through the respective *Alternative Funding Mechanism* by funding the particular Retirement System UAAL and thereby achieving financial benefits for the City.

(I) Each Corporation will be acting as an instrumentality and enterprise of the City and performing an important public purpose by assisting the City to meet its constitutional obligations with respect to the particular Retirement System and thereby is an integral part of the City for federal income tax purposes and it is

intended that the income of each Corporation will not be subject to federal income taxation or any taxation under the laws of the State of Michigan to the extent the same applies to the City.

(J) Each Corporation shall be separate and distinct from the City, and the City shall not be responsible for any debts or other obligations of either Corporation, and no such debt or obligation shall constitute "indebtedness" within the meaning of *The Home Rule City Act*.

(K) It is in the best interest of the City to obtain the services of each Corporation in connection with the Alternative Funding Mechanism for the respective GRS and PFRS by approving the form of service contracts between each of the Corporations and the City (each, a **Service Contract**) to be funded by means of a funding trust for the respective Retirement System (each, a **Funding Trust**) in connection therewith.

(L) It is further in the best interest of the City that it enter into two specific Service Contracts to fund, respectively, not more than (i) the GRS UAAL in an amount not in excess of the UAAL in the Actuary Report as of June 30, 2003, or in the Actuary Report as of June 30, 2004, whichever is greater (**Maximum GRS UAAL**) and (ii) the PFRS UAAL in an amount not in excess of the UAAL in the Actuary Report as of June 30, 2003, or in the Actuary Report as of June 30, 2004, whichever is greater (**Maximum PFRS UAAL**).

Upon such resignation or removal, such director shall not longer serve as a director of the Corporation; *provided*, however, that such director may continue as a director until a successor is selected as provided herein, if specifically authorized in writing to remain as a director by the party entitled to fill such director's position notwithstanding such resignation or removal.

(8) Upon dissolution of the Corporation, all assets of the Corporation remaining after the payment of its obligations and liabilities shall be distributed to and shall become the property of the City.

(9) No amendment of any provision required by this Ordinance to be contained in the articles of incorporation shall

become effective unless approved by ordinance or resolution of the City.

(B) The original articles of incorporation as filed by the incorporator may otherwise contain such provisions as the incorporator deems necessary or desirable.

Sec. 18-5-127. Nonprofit Corporation; Dissolution by Finance Director.

When a Corporation has existed for fifteen (15) years, the Finance Director shall take appropriate action to dissolve the Corporation when it has no obligations outstanding and no COPS are outstanding *if* dissolution is then permitted under the *Nonprofit Corporation Act*.

Sec. 18-5-128. Nonprofit Corporation; Corporate actions requiring approval by Ordinance.

(A) Additional Provisions Required in the Articles of Incorporation.

In addition to the other provisions required by this Ordinance to appear in the original articles of incorporation of each Corporation, the original articles of incorporation as filed by the incorporator shall contain provisions to the effect set forth in this Section.

(B) Corporate Existence; Disposition of Assets.

(1) Any dissolution of the Corporation other than as provided in its articles of incorporation.

(2) The liquidation of the Corporation.

(3) The merger or consolidation of the Corporation with or into any other entity, *unless*:

(i) the resulting or surviving entity (if other than the Corporation) is organized as an instrumentality and enterprise of the City under the *Nonprofit Corporation Act*; expressly assumes all outstanding obligations of the Corporation; and is subject to limitations to the same effect as the Corporation is subject under this Ordinance; and

(ii) Immediately after giving effect to the transaction, no default or event of default has occurred and is continuing under any agreement of the Corporation or to which its property is subject.

(4) The Corporation shall not sell all, or substantially all, of its assets in a single transaction or series of transactions; *provided* that, this limitation shall not apply to sales, transfers or grants of security interests in assets to obtain funding for any Retirement System UAAL.

(C) Bankruptcy.

(1) The Corporation shall not:

(i) Commence any case, proceeding or other action or file a petition under any existing or future bankruptcy, insolvency or similar law seeking (a) to adjudicate the Corporation a bankrupt or insolvent, (b) to

have an order for relief entered with respect to the Corporation, or (c) reorganization, arrangement, adjustment, wind-up, liquidation, dissolution, composition or other relief with respect to the Corporation or its obligation.

(ii) Consent to the institution of bankruptcy or insolvency proceedings against the Corporation;

(iii) Seek or consent to the appointment of a receiver, custodian, liquidator, assignee, trustee, sequestrator (or other similar official) of the Corporation or a substantial part of its assets;

(vii) Authorize, take any action in furtherance of, consent to or acquiesce in any of the foregoing or any similar action or other proceedings under any United States or state bankruptcy, insolvency or similar law.

(2) If a court of competent jurisdiction determines that the Corporation may, notwithstanding the prohibition set forth in **paragraph (1)**, above, take an action otherwise, the Corporation shall not take any such action without it being approved by ordinance of the City.

Sec. 18-5-129. Nonprofit Corporation; Funding Trusts Established.

(A) No Funding Trust itself shall create any debt, indebtedness or other obligation of the City, whether "indebtedness" within the meaning of *The Home Rule City Act* or otherwise under Michigan law.

(B) Each Funding Trust and all Certificates of Participation issued thereunder shall contain a statement to that effect set forth in subsection (A) above, but it shall not be a violation thereof if a Funding Trust grants participation in the subject Service Contract or Service Payments to be made thereunder, or grants a security interest in any such Service Contract or such Service Payments.

Sec. 18-5-130. Nonprofit Corporation; Service Contracts; Service Contract 2004; General Authorization.

The Finance Director is authorized to enter into Service Contracts, in the name of and on behalf of the City, with the respective Corporation to fund all or a portion of GRS UAAL (the *GRS Service Contract 2004*) and to fund all or a portion of PFRS UAAL (the *PFRS Service Contract 2004*).

Sec. 18-5-131. Nonprofit Corporation; Service Contract 2004.

(A) The General Terms and Conditions

for Retirement System Service Contracts of the City of Detroit (the *Service Contract General Terms*) shall be in substantially the form submitted with this Ordinance with such changes as may be approved by the Finance Director.

(B) Service Contract 2004 shall incorporate the Service Contract General Terms by reference, and the particular terms of Service Contract 2004 shall be in substantially the form submitted with this Ordinance with such changes or additions as may be approved by the Finance Director.

Sec. 18-5-132. Nonprofit Corporation; Service Contract 2004; Changes and Additions.

The authority of the Finance Director to make changes or additions to the form of Service Contract 2004 is subject to the limitations contained in this Section and other Sections of this Ordinance.

(1) The UAAL that may be funded pursuant to the respective Service Contract 2004 (*Subject UAAL*) shall not exceed.

(i) In the case of the GRS Service Contract 2004, the amount of GRS UAAL as determined by the Finance Director not in excess of the Maximum GRS UAAL; and

(ii) In the case of the PFRS Service Contract 2004, the amount of PFRS UAAL as determined by the Finance Director not in excess of the Maximum PFRS UAAL.

(2) Each Service Contract 2004 shall provide for payments to be made by the City for the services of the respective Corporation in reducing the present and future costs of the respective Subject UAAL. These payments (**Contract Payments**) consist of (i) Service Payments (described in **paragraph 3 below**) and (ii) Additional Service Payments (described in **Sec. 18-5-134**).

(3) Service Payments (**Service Payments**) consist of the following:

(i) amounts to be paid in installments (**Scheduled Payments**) representing in the aggregate the amount of the Subject UAAL and any additional amounts permitted by **Sec. 18-5-133(a)(1)** subject to the limitations contained in **Sec. 18-5-133(a)(2)** through (5);

(ii) amounts payable periodically (**Service Charges**) sufficient to pay periodic expenses (**Funding Costs**), incurred by the respective Funding Trust in funding the Subject UAAL and the additional amounts referred to in clause (i) above and calculated in the same manner as interest (a **Funding Rate**) on the outstanding Scheduled Payments, subject to the limitations contained in **Sec. 18-5-133(b)**; and

(iii) such periodic amounts (**Hedge Periodic Payables**) and termination payments (**Hedge Termination Payables**) as may become payable by the Corporation

in accordance with any Authorized Hedge.

(4) Each Service Contract 2004 shall permit the sale of participation interests under the respective Funding Trust in such Service Contract 2004 and in the Service Payments of the City to be made thereunder in the form of Certificates of Participation.

Sec. 18-5-133. Nonprofit Corporation; Service Contract 2004; Limitations on Service Payments.

(A) Scheduled Payments

(1) In addition to the amount of the Subject UAAL, the aggregate amount of Scheduled Payments may include amounts, not in excess of seven percent (7%) of Subject UAAL acceptable to the Finance Director, in connection with the Corporation funding its obligations under the Service Contract through the issuance of COPs, including: Costs of Issuance, prefunded Service Charges, a reserve against delinquent Service Payments, Underwriters' Discount *plus* accretions in connection with any Capital Appreciation COPs *so long* as the Accreted Value of Capital Appreciation COPs does not result in such COPs having a yield-to-maturity (computed in accordance with customary municipal finance practice) that exceeds the Maximum Funding Rate.

(2) Scheduled Payments shall be paid over a period of not more than fifteen (15) years, as determined by the Finance Director, *provided* that, such period may be extended to not in excess of any extension authorized by the Board of the particular Retirement System amortizing period.

(3) Scheduled Payments may be prepaid in accordance with a schedule of mandatory prepayment installments (**Sinking Fund Installments**) as determined by the Finance Director.

(4) Provider Scheduled Payments may be subject to such mandatory prepayment as may be required by the respective Provider (**Provider Prepayments**).

(5) Except for Sinking Fund Installments and Provider Prepayments, no Scheduled Payment shall be subject to mandatory prepayment or acceleration; *provided* that, nothing in this prohibition shall prohibit the payment of amounts necessary to purchase COPs with a mandatory or optional tender option feature.

(B) Service Charges

(1) No Service Charge shall be based on a Funding Rate (expressed as an annual percentage) rate in excess of the maximum rate permitted by law (the **Maximum Funding Rate**).

(2) Funding Rates may be fixed or variable (or any combination of fixed or variable) and if variable may be determined by Dutch auction, index (such as the

London Interbank Offered Rate or "LIBOR") or by remarketing or any other means customarily used to determine variable rates in municipal finance (**Funding Rate Methodology**).

(3) It is not required that Service Charges for all installments of Scheduled Payments under a Service Contract 2004 be computed on the basis of one Funding Rate or under one Funding Rate Methodology. Service Charges with respect to different installments of Scheduled Payments under a Service Contract 2004 may be computed under a different Funding Rate or Funding Rate Methodology *subject* in all cases to **paragraph B(1)** above.

(4) Service Charges may provide for a rate or rate methodology required by a Provider (a **Provider Rate**) to compensate it for any unrepaid disbursements in respect of its Financial Facility. A Provider Rate shall not exceed the maximum rate permitted by law.

(5) Each Service Contract 2004 may provide that Funding Costs of the Corporation shall be the Provider Rate with respect to Service Payments representing unrepaid amounts in respect of the Financial Facility and that the relevant Service Charges shall be adjusted accordingly.

Sec. 18-5-134. Nonprofit Corporation; Service Contract 2004; Additional Service Payments.

Each Service Contract 2004 may provide for the following in addition to the Service Payments (**Additional Service Payments**):

(1) Periodic amounts equal to customary trustee fees and expenses to compensate each Trustee of a Funding Trust;

(2) Periodic amounts equal to customary fees of remarketing agents, auction agents and broker-dealers if the Finance Director determines that it is in the best interest of the City that some or all of the COPs are of the variable rate type.

(3) Periodic amounts equal to customary fees and expenses of a Provider or Providers if the Finance Director determines that it is in the best interest of the City that some or all of the COPs have the benefit of a Financial Facility provided by any such Provider;

(4) Periodic amounts for the general administration of the Corporation.

Sec. 18-5-135. Nonprofit Corporation; Service Contract 2004; Hedge Provisions.

(A) No Service Contract shall provide for Service Payments based on payments in respect of a Hedge other than an Authorized Hedge.

(B) A Service Contract 2004 shall contain provisions to the following effect if such Service Contract 2004 provides for Service Payments in respect of an Authorized Hedge:

(1) Any amount due the respective Corporation as a periodic payment of Service Charges shall be offset by any amount (a **Hedge Periodic Receipt**) received by the Trustee on behalf of such Corporation as a correlative periodic payment from the counterparty to the Hedge (the **Hedge Counterparty**) to the extent the City is otherwise current in making Service Payments.

(2) Payments of Hedge Periodic Payables and Hedge Termination Payables shall be made by the City to the Trustee on behalf of the respective Corporation in the amounts and on the due dates thereof.

(3) Any amount received by the Trustee on behalf of the Corporation as a Termination Payment from the Hedge Counterparty (a **Hedge Termination Receipt**) shall be paid to the City to the extent the City is current in making Service Payments.

Sec. 18-5-136. Nonprofit Corporation; Service Contract 2004; Financial Facilities.

If the Finance Director determines that one or more Financial Facilities will result in more favorable terms to the City, the Finance Director is authorized to sign a Service Contract on behalf of the City containing provisions with respect to any such Financial Facility.

Sec. 18-5-137. Nonprofit Corporation; Service Contract 2004; Hedges; Express Approval.

Such instruments as are acceptable to the Finance Director as being in accordance with **Sec. 18-5-139** shall constitute a Hedge (an **Authorized Hedge**) for which the City may make Service Payments under a Service Contract 2004. One or more Authorized Hedges are permitted for each Service Contract 2004 with Hedge Counterparties selected by the Finance Director.

Sec. 18-5-138. Nonprofit Corporation; Service Contract 2004; Hedges; References to Act 34 and Swap Management Plan.

(A) The City Council recognized that neither the *Revised Municipal Finance Act*, being 2001 PA 34, as amended (**Act 34**), nor the *City of Detroit, Michigan, Swap Management Plan* as adopted on November 26, 2002, as the same may be thereafter amended (the **Swap Management Plan**), is applicable to the Corporation; however, since a Service Contract 2004 will obligate the City to make payments correlative to payments made by the Corporation under an Authorized Hedge, the City has determined to generally apply criteria of Act 34 and the Swap Management Plan as a prudential matter as they relate to Authorized Hedges.

(B) The use of Act 34 and the Swap Management Plan as prudential criteria shall not make or be interpreted to make Act 34 or the Swap Management Plan applicable to the Corporation or its transactions as a matter of law.

Sec. 18-5-139. Nonprofit Corporation; Service Contract 2004; Hedges; Requirements.

(A) **Counterparty.** The counterparty shall meet the applicable requirements of Act 34.

(B) **Term.** The term of the Hedge shall not extend beyond the due date of the last Scheduled Payment installment.

(C) **Notional Amount.** The notional amount shall not exceed the aggregate amount of the Scheduled Payments.

(D) **Corporation Rate.** The rate payable by the Corporation shall not exceed the Maximum Funding Rate.

(E) **Counterparty Rate.** The rate payable by the counterparty shall not unduly expose the Corporation to material basis risk in the opinion of the Finance Director.

(F) **Termination.** The termination events shall be customary for interest rate swaps of the nature of the Hedge and shall comply with the Swap Management Plan.

(G) **Compliance.** The Hedge shall conform to the requirements of Act 34 and comply with the Swap Management Plan in all material respects.

Sec. 18-5-140. Nonprofit Corporation; Service Contract 2004; Hedges; Risk Acknowledgment.

(A) Hedges have inherent risks. Inherent risk that are generally recognized and reasonably foreseen are set forth in the Swap Management Plan as previously approved by the City Council. Any evaluation of risks necessarily involves expectations and assumptions about future events, which by their nature are uncertain and may not occur as anticipated. Furthermore, unforeseen events may occur which may have material adverse effects on present expectations and assumptions. Hence, there can be no assurance that all risks, regardless of remoteness or other unforeseeability, have been evaluated.

(B) Subject to the limitations in any risk evaluation, the City Council expressly acknowledges the risks associated with each Authorized Hedge.

(C) The City Council understands that in order to prudently manage Service Charges and reduce Funding Cost volatility, a Service Contract 2004 may obligate the City to make Service Payments in respect of Hedge Periodic Payables and Hedge Termination Payables even though, due to events beyond the control of the City or the Corporation, the Subject UAAL is not funded.

Sec. 18-5-141. Nonprofit Corporation; Service Contract 2004; Public Offering of Certificates of Participation; Underwriting Agreement.

(A) Since the public offering of the COPs is for the benefit of the City, the Finance Director shall make the City a party to the Underwriting Agreement by executing it in the name and on behalf of the City.

(B) The City shall not be a party to the Underwriting Agreement if it provides for compensation to underwriters in excess of one percent (1%) of the aggregate amount of Scheduled Payments (*Underwriters' Discount*) or if the original issue discount in connection with the initial public offering of any COP is greater than ten percent (10%) except in the case of Deep Discount COPs.

(C) The original issue discount for any Deep Discount COPs shall not result in such Deep Discount COPs having a yield-to-maturity (computed in accordance with customary municipal finance practice) that exceeds the Maximum Funding Rate.

(D) An Underwriting Agreement may provide for liquidated damages payable by the City in the event the closing conditions required to be satisfied by either the City or the Corporation are not satisfied. If a good faith check in the amount of the liquidated damages payable by the Underwriters is required to be provided by the Representative, then such good faith check shall be payable to the order of the City.

Sec. 18-5-142. Disclosure Information.

(A) The Finance Director is authorized to prepare or cause the preparation of information relating to the City (the *City Information*) for inclusion in the Disclosure Document; to deem the City Information "final" for purposes of Rule 15c2-12 promulgated by the Securities and Exchange Commission under the *Securities and Exchange Act of 1934*, as amended (the *Rule*); and to sign the City Information in the name of and on behalf of the City.

(B) The Finance Director may authorize the distribution of the City Information by the Underwriters in connection with the initial public offering of the COPs.

Sec. 18-5-143. Continuing Disclosure.

The Finance Director may enter into a Continuing Disclosure Agreement in the name of and on behalf of the City and respect to the City Information in customary form in order to permit the Underwriters and other Persons subject to the Rule to comply therewith in connection with the purchase and sale of COPs.

Sec. 18-5-144. Actions on Behalf of the City.

In addition to the authority herein expressly granted to the Finance Director, the Finance Director is hereby authorized

and directed to do all things and take all actions necessary or desirable to consummate the other transactions contemplated by this Ordinance.

Section 2. If any word, clause, sentence, paragraph, provision, or section of this ordinance is invalidated by any Court of competent jurisdiction, the remaining words, clauses, provisions, paragraphs, and sections shall not be affected and shall continue in full force and effect.

Section 3. All ordinances, or parts of ordinances, in conflict with this ordinance are repealed.

Section 4. This ordinance is declared necessary to preserve the public peace, health, safety, and welfare of the People of the City of Detroit.

Section 5. In the event that this ordinance is approved by a two-thirds (2/3) majority of City Council Members serving, this ordinance shall be given immediate effect and shall become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter.

'See Sec. 18-5-122 for other terms defined elsewhere in this Ordinance.

By Council Member Tinsley-Talabi:

Resolved, That a public hearing will be held by this body in the Committee Room, 13th Floor of the Coleman A. Young Municipal Center on MONDAY, JANUARY 31, 2005 at 4:10 P.M., for the purpose of considering the advisability of adopting the foregoing proposed ordinance to authorize the formation by the City, pursuant to the *Home Rule City Act*, 1909 PA 279, as amended, of two non-profit corporations under the *Nonprofit Corporation Act*, 1982 PA 162, as amended, namely, the *Detroit General Retirement System Service Corporation*, and the *Detroit Police and Fire Retirement System Service Corporation*, by amending Chapter 18 of the 1984 Detroit City Code by adding Division 9, entitled "the *Detroit Retirement System Service Corporation*," consisting of Sections 18-5-120 through 18-5-144 to assist the City in meeting its pension obligations; to approve the form of a Standard Service Contract to provide pension funding services to the City by reducing the burden of Unfunded Actuarial Accrued Liabilities (UAAL) and to authorize the City to enter into two Service Contracts for 2004 and to authorize Hedges in connection with the funding of the UAAL of the pension systems.

City Planning Commission

January 19, 2005

Honorable City Council:

Re: 2005-06 through 2009-10 Proposed Five Year Capital Agenda (Requesting Public Hearing on Wednesday, February 9, 2005).

The 2005-06 through 2009-10 Proposed Five Year Capital Agenda is before the City Council for action by March 1, 2005. City Planning Commission (CPC) staff is requesting that the Council's hearing on the Proposed Five Year Capital Agenda be scheduled for Wednesday, February 9, 2005.

At the January 19, 2005 Committee of the Whole meeting, Council concurred with a January 26, 2005 public hearing date. However, Section 8-202 (3B) of the City Charter requires that the public hearing be not less than two weeks after publication of the public hearing notice. The February 9 date is the earliest that the hearing can be held.

The Charter also gives the planning director (Planning and Development Department) up to 30 days in which to respond to any City Council recommendations for changes to the Proposed Five Year Capital Agenda. The requirements for the public hearing and the department's response make it impossible this year to allow the maximum 30-day response period prior to Council's required action by March 1, 2005. However, to facilitate matters, CPC staff will forward the Commission's recommendations to the Planning and Development Department immediately following the Commission's anticipated action on the Proposed Five Year Capital Agenda on January 20, 2005. Although this may not meet the specific Charter requirements, it is the best we can do this year to fulfill the Charter's intent.

Respectfully submitted,
MARSHA S. BRUHN,
Director

By Council Member Watson:

Whereas, The Mayor submitted to the City Council a Proposed Capital Agenda for 2005-06 through 2009-10 on December 1, 2004; and

Whereas, The City Charter mandates that the City Council hold a public hearing on the Proposed Capital Agenda, and is further required to publish a notice in one (1) or more daily newspapers of general circulation in the city and which shall include a summary of the proposed Capital Agenda; and

Whereas, the notice should state the

time and place, not less than two (2) weeks after the publication, for a public hearing on the proposed Capital Agency; and

Whereas, The City Charter requires that any changes proposed by the City Council must be submitted to the Planning and Development Department, which shall have up to 30 days to respond to proposed changes;

Whereas, The proposed Capital Agenda will be approved as presented unless the City Council takes action by March 1, 2005; and

Now, Therefore, Be It Resolved,

(1) That a Public Hearing relative to the proposed Capital Agenda for 2005-06 through 2009-10 be scheduled on February 9, 2005 at 10:00 A.M. in the City Council Committee of the Whole Room, 13th Floor, Coleman A. Young Municipal Center; and

(2) That the City Council request that the Planning and Development Department, Budget Department, Fiscal Analysis Division, City Planning Commission, and the Research and Analysis Division be present at the public hearing.

Adopted as follows:

Yeas — Council Members Bates, S. Cockrel, Collins, Tinsley-Talabi, Watson, and President Pro Tem. K. Cockrel, Jr. — 6.

By Council Member Tinsley-Talabi:

AN ORDINANCE to amend Chapter 47 of the 1984 Detroit City Code by amending Section 47-2-18, Method of financing, and Section 47-2-20, Management of Funds, to provide for an alternative funding mechanism with respect to the City's obligation to make annual contributions to fund the benefits available under the General Retirement System in accordance with Article 9, Section 23 of the 1963 Michigan Constitution and Section 1140m of the Public Employee Retirement System Investment Act, MCL 38.1140m. This Ordinance does not rescind any substantive rights, entitlements or obligations with respect to benefits earned or accrued by members, retirees or beneficiaries of the System. This Ordinance does not supersede any conflicting provision of any collective bargaining agreements.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. Chapter 47 of the 1984 Detroit City Code, be amended by amending Section 47-2-18 and 47-2-20, to read as follows:

Sec. 47-2-18. Method of financing.

(a) *Annuity Savings Fund of the 1973 Defined Contribution Plan.*

(1) The *Annuity Savings Fund of the 1973 Defined Contribution Plan* shall be the fund in which shall be accumulated at regular interest, the contributions of Members to provide their annuities. At the election of the Member, the amount of the basic contribution of a Member to the Retirement System may be zero percent (0%), three percent (3%), five percent (5%), or seven percent (7%) of annual compensation. If a Member elects three percent (3%), his or her contribution shall be that amount which is subject to taxation under the provisions of the *Federal Insurance Contribution Act, 26 USC 3101 et seq.* (Act), plus five percent (5%) of the portion of annual compensation, if any, which exceeds the amount subject to taxation under that Act.

(2) The contribution rate elected by the Member under Section 47-2-18(a)(1) of this Code shall be deducted from the Members' compensation notwithstanding that the minimum compensation provided by law for any Member shall be reduced thereby. Payment of compensation, less said deductions, shall be a complete discharge of all claims and demands whatsoever for the services rendered by the said Member during the period covered by such payment, except as to benefits provided under this Article.

(3) Upon retirement of a Member with a *Retirement Allowance*, the Member's accumulated contributions shall be transferred from the *Annuity Savings Fund* to the *Annuity Reserve Fund*, refunded to the Member, or a combination thereof.

(b) *Annuity Reserve Fund.*

The *Annuity Reserve Fund* shall be the fund from which all annuities and benefits in lieu of annuities payable as provided in this Article, shall be paid. If a disability retiree is reinstated to active City service, the retiree's *Annuity Reserve* at that time shall be transferred from the *Annuity Reserve Fund* to the *Annuity Savings Fund* and credited to his or her individual account therein.

(c) *Pension Accumulation Fund.*

The *Pension Accumulation Fund* shall be the fund in which shall be accumulated reserves for the pensions and other benefits payable from the contributions made by the City, and from which shall be paid pensions and other benefits on account of Members with prior service credit, and transfers as provided in this Section, Contributions to and payments from the *Pension Accumulation Fund* shall be made as follows:

(1) Upon the basis of such mortality and other tables of experience and regular interest, as the Board shall adopt from time to time, the Actuary shall annually compute the amount of contribu-

tions, which, when paid made annually by the City during the entire prospective City service of Members without prior service credit, will be sufficient to provide the pension reserves required at the time the Members leave City employment, to cover the pensions to which they might be entitled or which might be payable because of their City employment. Upon the retirement of a Member without prior service credit, or upon a Member's death in the performance of duty, the *Pension Reserve Fund* for the pension or pensions to be paid on the Member's account shall be transferred from the *Pension Accumulation Fund* to the *Pension Reserve Fund*.

(2) Upon the basis of such mortality and other tables of experience and regular interest as the Board shall adopt from time to time, the Actuary shall compute annually the pension reserve liabilities for pensions being paid to Retirees and Beneficiaries.

(3) On an annual basis, the Board shall ascertain and report to the Mayor and the Council the amount of City contributions due to the System. The Council shall appropriate and the City shall pay such contributions during the ensuing Fiscal year. When paid, such contributions shall be credited to the *Pension Accumulation Fund*.

(4) If the amount appropriated by the City and paid to the System for any Fiscal year is insufficient to make the transfers and pay the pensions from the *Pension Accumulation Fund* as provided in this Section, the amount of such insufficiency shall be provided by the appropriating authorities of the City.

~~(d) *Pension Reserve Fund.*~~

~~The *Pension Reserve Fund* shall be the fund from which pensions shall be paid to beneficiaries. Should a Disability Retiree be reinstated to active service, the Retiree's pension reserve at that time, shall be transferred from the *Pension Reserve Fund* to the *Pension Accumulation Fund*.~~

(d) *Accrued Liability Fund.* Pursuant to Ordinance No. _____, which authorizes the creation of the *Detroit General Retirement Service Corporation*, the City has entered into a transaction (the "Pension Funding Transaction") to obtain funds as an alternative to those available through the traditional funding mechanism described above in Subsection (c). The proceeds generated by the *Pension Funding Transaction* (or any *Additional Pension Funding Transactions*, as described below) that will be deposited into the System will be termed the "Funding Proceeds." The Funding Proceeds will be deposited into a new fund in the System to be called the *Accrued Liability Fund*. The purpose of the Funding Proceeds will be to fund all or part of the heretofore unfund-

ed actuarial accrued liability ("UAAL") of the System, as determined as of a date certain, *i.e.*, the "Determination Date," pursuant to the System's actuarial valuation as of that date. The Funding Proceeds will be assets of the System and will be applied, together with all other assets of the System, to fund the System's obligation to pay accrued benefits.

This *Accrued Liability Fund* shall contain only the Funding Proceeds of this Pension Funding Transaction, and any earnings thereon. Should the City, by future ordinance, choose to raise additional moneys by additional pension funding transactions ("Additional Pension Funding Transactions") in order to fund the then existing UAAL of the System as of a future date certain, a new and separate *Accrued Liability Fund* shall be created within the System to contain the proceeds, and any earnings thereon, of any Additional Pension Funding Transactions, and a new *Accrued Liability Fund* will be created for each successive Additional Pension Funding Transaction undertaken by the City, if any. The treatment of any Additional *Accrued Liability Fund* shall be the same as described below:

(1) The Funding Proceeds deposited in the *Accrued Liability Fund* will be subject to the oversight and investment direction of the Board of Trustees of the General Retirement System, consistent with the Board's obligations under Section 47-2-20 (Management of Funds). The Board will invest the Funding Proceeds as part of the System's overall assets, and will not differentiate the Funding Proceeds from other System assets for investment purposes.

(2) All interest, dividends and other income derived from the investment of the Funding Proceeds shall be credited annually to the applicable *Accrued Liability Fund* on a total System rate of return basis determined by crediting the applicable *Accrued Liability Fund* with the investment return experienced by the System in total for all of its investments for the year. This shall be done by first determining the rate of return for the total assets in the System for the fiscal year, and then crediting back to each *Accrued Liability Fund* an amount that is determined by multiplying that rate of return times the balance in the *Accrued Liability Fund* as of the beginning of the fiscal year, less an amount obtained by multiplying one-half of the System's rate of return times the amount transferred to the *Pension Accumulation Fund* for that year.

As provided in Section 47-2-18(g), the interest, dividends and other income derived from the investment of the Funding Proceeds deposited in any *Accrued Liability Fund* are "other moneys" the disposition of which is specifically provided for in this Article, and these moneys

will not be credited to the *Income Fund*. The interest, dividends and other income derived from the investment of the Funding Proceeds deposited in any *Accrued Liability Fund* will not be credited to any Funds other than the *Pension Accumulation Fund*.

(3) Upon the creation of the *Accrued Liability Fund* and the deposit of the Funding Proceeds into the applicable *Accrued Liability Fund*, there shall be established a schedule for transferring assets of the *Accrued Liability Fund* by crediting them to the *Pension Accumulation Fund* on a regular basis over the period required to fully amortize that portion of the System's UAAL determined as of the applicable Determination Date.

The System's UAAL determined as of the applicable Determination Date shall be the "Determined Accrued Liability." The period over which the Determined Accrued Liability is to be fully amortized, as specified in the System's actuarial valuation as of the applicable Determination Date, is the "Amortizing Period." The amount to be transferred each fiscal year (or monthly portion thereof) to the *Pension Accumulation Fund* from the *Accrued Liability Fund* is the "Scheduled Amortizing Amount."

With respect to the Pension Funding Transaction and any Additional Pension Funding Transactions, the Scheduled Amortizing Amount will equal a level percentage of the City's monthly payroll during the fiscal year, as determined by the City's weekly payroll reports made available to the Board. The level percentage of the City's monthly payroll that will be used to determine the Scheduled Amortizing Amount will be a level percentage that is equal to the level percentage that is specified in the actuarial valuation as of the applicable Determination Date as being the percentage of the City's monthly payroll required to amortize the Determined Accrued Liability over the Amortizing Period multiplied by a fraction. The numerator of the fraction shall be the amount of the applicable Funding Proceeds up to the full amount of the Determined Accrued Liability as of the Determination Date. The denominator of the fraction shall be the System's Determined Accrued Liability on that date.

Commentary: By way of example only, the Scheduled Amortizing Amount would be determined as follows: (1) the Determination Date is June 30, 2004, (2) the Funding Proceeds are deposited into the System during the 2004-2005 Fiscal Year, (3) the June 30, 2004 actuarial valuation produced a UAAL of \$800 million, (4) the City's contribution required to amortize that UAAL is 16% of the City's payroll, and (5) the Funding Proceeds are \$600 million, then the Scheduled Amortizing

Amount for Fiscal Year 2005-06 would be 16% times (\$600 million/\$800 million) times the City's payroll for 2005-2006. This would be 12% times the City's payroll for that fiscal year.

With respect to the Pension Funding Transaction, or any Additional Pension Funding Transactions, where the applicable Determination Date occurs after the date of the actuarial valuation that determines the City's contribution for the fiscal year during which the applicable Funding Proceeds are deposited into the System, for such fiscal year, there will be transferred from the applicable *Accrued Liability Fund* to the *Pension Accumulation Fund* an amount that is specified in such actuarial valuation as being the City's required contribution needed to amortize the System's UAAL as of the date of such actuarial valuation, multiplied by a fraction. The numerator of the fraction shall be the amount of the applicable Funding Proceeds up to the full amount of the UAAL specified in such actuarial valuation, and the denominator of the fraction shall be the System's total UAAL as set forth in that same actuarial valuation.

Commentary: By way of example only, the Scheduled Amortizing Amount in this case would be determined as follows: (1) the Determination Date is June 30, 2004, (2) the Funding Proceeds had been deposited into the System during the 2004-2005 Fiscal Year, (3) the June 30, 2003 actuarial valuation produced a UAAL of \$733 million, (4) the City's contribution required to amortize that UAAL is 13.9% of the City's payroll, and (5) the Funding Proceeds are \$600 million, then the Scheduled Amortizing Amount for Fiscal Year 2004-05 would be 13.9% times (\$600 million/\$733 million) times the City's payroll for 2004-2005. This would be 11.4% times the City's payroll for that fiscal year.

Should the Board at some future time adopt a different period for amortizing the System's UAAL (a "Revised Amortizing Period"), the Scheduled Amortizing Amount for ensuring years may change. If the Revised Amortizing Period provides for a longer period during which to amortize the System's UAAL (*i.e.*, an "Extended Amortizing Period"), then the Amortizing Period initially used to amortize the applicable Determined Accrued Liability will also be revised. There will then be established a new schedule for amortizing the Determined Accrued Liability, and the Scheduled Amortizing Amount will be based on the level percentage of the City's monthly payroll being equal to what it would be if the then unamortized balance of the Determined Accrued Liability were re-amortized over the Extended Amortizing Period. If the Revised Amortizing Period is changed so

that the System's UAAL is to be amortized over a shorter period than the one initially used to amortize the applicable Determined Accrued Liability, then that Scheduled Amortizing Amount will not be changed.

(4) Each year (or monthly portion thereof), when the City is required to make its regular contribution to the System — the amount of which is to be determined pursuant to Subsection (c) and the timing of which is set forth in Section 47-2-19(b) — the Board will transfer the Scheduled Amortizing Amount from the *Accrued Liability Fund* and credit it to the *Pension Accumulation Fund*; provided, however, that this transfer cannot occur unless and until the Board has been notified pursuant to the Pension Funding Transaction, or any Additional Pension Funding Transaction, if applicable, that the City is current on the service payments required under the applicable Pension Funding Transaction.

(5) Should the Scheduled Amortizing Amount not be available for transfer because of the City's failure to make a timely service payment pursuant to the applicable Pension Funding Transaction, the Board is authorized to file a civil action against the City, as contemplated in Section 47-4-3(3), to effectuate the transfer of the Scheduled Amortizing Amount.

Should the City's Finance Director certify to the Board by a duly attested notice that the City has no available funds to make the service payments required by the applicable Pension Funding Transaction, in that specific circumstance, the Board shall be authorized to transfer the Scheduled Amortizing Amount for that fiscal year (or monthly portion thereof) to the *Pension Accumulation Fund*, absent the notice requirement set forth in Section 47-2-18(d)(4).

(6) Since the Funding Proceeds are to be considered assets of the System and are intended to fund the applicable Determined Accrued Liability, the City shall be required to make only a proportional contribution for any fiscal year (or monthly portion thereof) ending after the date the Funding Proceeds are deposited into the applicable *Accrued Liability Fund*, but prior to a fiscal year whose corresponding actuarial valuation includes the Funding Proceeds in the System's total assets. The proportional contribution to fund the System's then existing UAAL, if any, shall be the level percentage of the City's payroll specified in the actuarial valuation for the applicable fiscal year as the City's required contribution needed to amortize the System's then existing UAAL, multiplied by a fraction. The numerator of the fraction shall be the amount of the System's total UAAL as determined in such actuarial valuation minus the amount of the applicable Funding

Proceeds, but not less than zero. The denominator of the fraction shall be the amount of the System's total UAAL in such valuation. Actuarial valuations following the deposit of the applicable Funding Proceeds into the System shall include the Funding Proceeds in the total assets of the System to determine any ensuing UAAL of the System, and the Funding Proceeds shall offset any such actuarial liability accordingly.

Commentary: By way of example only, the following indicates how the procedure described above would operate. Assume the following facts — (1) the Determination Date is June 30, 2004; (2) the June 30, 2004 actuarial valuation produced a UAAL of \$800 million and a contribution toward the UAAL of 16% of the City's payroll; (3) the Funding Proceeds were \$600 million and were deposited in the System during the 2004-2005 Fiscal Year; (4) the first actuarial valuation which included the Funding Proceeds in the System's assets was as of June 30, 2005 and (5) the June 30, 2003 valuation which determines the City's required contribution for fiscal 2004-05 produced a total UAAL of \$733 million and a contribution toward that UAAL of 13.9% of the City's payroll. Then:

- The fiscal year ending after the date of deposit would be the year ending June 30, 2005, or the 2004-2005 Fiscal Year.

- The first fiscal year whose corresponding valuation reflected the Funding Proceeds in its assets would be the 2006-2007 year.

- Thus, the City's required UAAL contribution for fiscal 2004-2005 would be 13.9% of the City's payroll times (\$733 million — \$600 million) divided by \$733 million, or 2.5% of payroll. The City's required UAAL contribution for fiscal 2005-06 would be 16% of the City's payroll times (\$800 million — \$600 million) divided by \$800 million, or 4% of the City's payroll.

- Beginning with the Fiscal Year 2006-2007, whose contribution is determined by the June 30, 2005 actuarial valuation, the City's required UAAL contribution would be the percentage of its payroll developed in the corresponding actuarial valuation that included the Funding Proceeds as being part of the System's assets.

Any contribution the City has made to the System for any fiscal year during which the Funding Proceeds from any applicable Pension Funding Transaction have become assets of the System. Where the amount of the contribution is equal to or less than the normal cost of that fiscal year, the City's contribution shall be deemed to have been made in satisfaction of its obligation to contribute an amount equal to the System's normal cost for that fiscal year, and not as pay-

ment towards any portion of its obligation to pay an amortized portion of the System's UAAL due in that fiscal year. The term "normal cost" as used in this Section 47-2-18(d)(6), shall be given its generally accepted actuarial meaning.

To the extent the City's contribution for that fiscal year exceeds its required contribution for normal cost owed in that fiscal year, its excess contributions shall be deemed as having been made for the immediately following fiscal year, and shall offset the City's normal cost contribution obligation for the immediately following fiscal year.

Commentary: By way of example only, the following indicates how the procedure described in the preceding paragraphs would operate. Assuming the same facts as in the prior *Commentary*, and the City contributed \$40 million for the 2004-2005 Fiscal Year and the total normal cost for that year was \$40 million:

- The entire \$40 million would be deemed as payment of the required normal cost for 2004-2005, and

- No part of the \$40 million contribution would be deemed payment toward UAAL.

Now assume that the facts remain the same, but that the City had contributed a total of \$45 million for 2004-2005:

- The City's total required contribution for 2004-2005 would be deemed paid in full, and

- \$5 million, *i.e.*, \$45 million minus \$40 million, would be deemed prepayment of the City's required normal cost for 2005-2006 and its required normal cost contribution for 2005-2006 would be reduced accordingly.

(7) The System's auditor shall verify (a) the assets credited to the *Pension Accumulation Fund* and any *Accrued Liability Fund* at the beginning and end of each fiscal year, (b) that each Fund had been properly credited, and (c) that transfers from the *Accrued Liability Fund(s)* to the *Pension Accumulation Fund* had occurred as intended under this Section 47-2-18(d).

(8) Should the System's auditor certify that the total assets then existing in the System, not including the assets in any *Accrued Liability Fund*, together are insufficient to pay the benefits then due under the System, the System's auditor will then determine and certify the minimum amount needed to fund the benefits then due and owing (the "Minimum Necessary Amount"). In this limited circumstance, the Board is authorized to transfer the Minimum Necessary Amount from the *Accrued Liability Fund* to the *Pension Accumulation Fund* absent the notification required pursuant to Section 47-2-18(d)(4).

(9) At the end of the Amortizing Period, or the end of the Extended Amortizing Period, if applicable, should there be any

moneys that remain credited to the *Accrued Liability Fund*, the Board may transfer, at its discretion, any such remaining moneys, in whole or in part, by crediting them to the *Pension Accumulation Fund*. The *Pension Accumulation Fund* is the only Fund into which the remaining moneys credited to any *Accrued Liability Fund* may be transferred.

(e) *Pension Reserve Fund*.

The *Pension Reserve Fund* shall be the fund from which pensions shall be paid to beneficiaries. Should a Disability Retiree be reinstated to active service, the Retiree's pension reserve at that time, shall be transferred from the *Pension Reserve Fund* to the *Pension Accumulation Fund*.

(f) *Expense Fund*.

The *Expense Fund* shall be the fund to which shall be credited all money provided by the City to pay the administrative expenses of the Retirement System, and from which shall be paid all the expenses necessary in connection with the administration and operation of the System.

(g) *Income Fund*.

The *Income Fund* shall be the Fund to which shall be credited all interest, dividends, and other income derived from the investments of the System (other than those derived from the investments credited to any *Accrued Liability Fund*), all gifts and bequests received by the System, and all other moneys the disposition of which is not specifically provided for in this Article. There shall be paid or transferred from the *Income Fund*, all amounts required to credit Regular interest to the various Funds of the Retirement System, except for the *Accrued Liability Fund* which is to be credited with interest, dividends and other earnings pursuant to Section 47-2-18(d)(2). Whenever the balance of the *Income Fund* is more than sufficient to cover current charges to the fund, such excess amount may be used for contingency reserves or may be transferred to any of the other Charter-created funds of the Retirement System within this *Article II* except the *Expense Fund*, to cover special needs of the Funds as the Board shall determine; provided, however, that in determining whether the balance of the *Income Fund* is more than sufficient to cover current charges to the Fund, the balance credited to any *Accrued Liability Fund* shall not be taken into account. In the event the balance in the *Income Fund* is insufficient to cover the charges to the Fund, the amount of the insufficiency shall be transferred from the *Pension Accumulation Fund* to the *Income Fund*.

(h) *Maintenance of Reserves*.

(1) The maintenance of proper reserves in the various Charter-based funds of the Retirement System within

this *Article II* except the *Expense Fund* are hereby made obligations of the *Pension Accumulation Fund*.

(2) City contributions to the Retirement System to the extent necessary to provide pensions on account of members who are employees of a revenue-supported division of the City shall be made from the revenues of the said division. Any City contribution to the Retirement System from any Fund by law with a certain and definite purpose shall at the direction of the Finance Director, be accounted for separately.

Sec. 47-2-20. Management of Funds.

(a) *Board Named Trustee for Various Funds*.

The Board shall be the Trustee of the funds of the *1973 Defined Benefit/Defined Contribution (Annuity) Plan* of the Retirement System. The Board shall have the full power to invest and reinvest such funds subject to all terms, conditions, limitations, fiduciary duties, and restrictions imposed by *The Public Employee Retirement System Investment Act*, as amended, provided, that notes, bonds, or obligations of the City shall not be subject to said restrictions or limitations. The Board shall have the power to purchase notes, bonds, or obligations of the City before or after the same are offered to the public and with or without advertising for bids.

(b) *Purchase, sale, etc., of securities and investments*.

The Board shall have full power to hold, purchase, sell, assign, transfer, and dispose of any of the securities and investments of the Retirement System, as well as the proceeds of said investments and any moneys belonging to the System.

(c) *Annual interest*.

The Board annually shall allow Regular interest on the mean balance in each of the Funds of the Retirement System, except the *Income Fund* and the *Expense Fund*. The amounts so allowed shall be due and payable to said Funds, and shall be annually credited thereto from interest and other earnings on the moneys and investments of the System; provided, however, that moneys, including all investment earnings, credited to any *Accrued Liability Fund* shall not be credited to other Funds in the System, unless and until such moneys have been transferred from the applicable *Accrued Liability Fund* to the *Pension Accumulation Fund*.

(d) *Custodian of Funds*.

The City Treasurer or other person or entity designated by the Board of Trustees of the General Retirement System shall be the custodian of the Funds of the Retirement System. All payments from such Funds shall be made by the Treasurer or other designated custodian. Payments made by the *General*

Retirement System shall be based upon vouchers signed by two persons designated by the Board. A duly attested copy of a resolution of the Board designating such persons and bearing upon its face specimen signatures of such persons, shall be filed with the Finance Director and the custodian of the Funds as their authority for making payments upon such vouchers. No voucher shall be drawn unless it shall have been previously authorized by a specific or continuing resolution adopted by the Board.

(e) *Available Funds shall be kept upon deposit.*

Available funds shall be kept on deposit for the purpose of meeting disbursements for pensions, annuities, and other payments.

Section 2. All ordinances, or parts of ordinances, in conflict with this ordinance are repealed.

Section 3. This ordinance is declared necessary to preserve the public peace, health, safety, and welfare of the People of the City of Detroit.

Section 4. In the event that this ordinance is approved by a two-thirds (2/3) majority of City Council Members serving, this ordinance shall be given immediate effect and shall become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter.

By Council Member Tinsley-Talabi:

Resolved, That a public hearing will be held by this body in the Committee Room, 13th Floor of the Coleman A. Young Municipal Center on MONDAY, JANUARY 31, 2005 at 4:00 P.M., for the purpose of considering the advisability of adopting the foregoing Proposed Ordinance to amend Chapter 47 of the 1984 Detroit City Code, by amending Section 47-2-18, *Method of Financing*, and Section 47-2-20, *Management of Funds*, to provide for an alternative funding mechanism with respect to the City's obligation to make annual contributions to fund the benefits available under the *General Retirement System* in accordance with Article 9, Section 23 of the 1963 Michigan Constitution and Section 1140m of the *Public Employee Retirement System Investment Act*, MCL 38.1140m. This Ordinance does not rescind any substantive rights, entitlements or obligations with respect to benefits earned or accrued by members, retirees or beneficiaries of the System. This Ordinance does not supersede any conflicting provision of any collective bargaining agreements.

All interested persons are invited to be present to be heard as to their views.

Adopted as follows:

Yeas — Council Members Bates, S. Cockrel, Tinsley-Talabi, and President Pro Tem. K. Cockrel, Jr. — 4.

Nays — Council Members Collins, and Watson — 2.

By Council Member Tinsley-Talabi:

AN ORDINANCE to amend certain provisions of Chapter 54 of the 1964 Detroit City Code and certain sections of Title 9, Chapter 7, Article I-IX of the 1918 Detroit City Charter, which pursuant to Section 11-102 of the 1997 Detroit City Charter and Section 47-1-1 of the 1984 Detroit City Code, as amended; incorporates by reference and saves from repeal certain ordinances contained in the 1964 Detroit City Code and certain provisions contained in the 1918 Detroit City Charter regarding the *Policemen and Firemen Retirement System* of the City of Detroit, by amending Title 9, Chapter 7, Article VII, Sections 6 and 7 and Title 9, Chapter 7, Article VIII, Section 3 of the 1918 City Charter; by adding Sections 54-43-1 to establish and rename the *Policemen and Firemen Retirement System*, by amending Section 54-43-4; by renumbering the current Section 54-43-4 as Section 54-43-5, and the current Section 54-43-5 as 54-43-6 of the 1964 City Code; and by adding new Sections 54-43-4 and 54-43-7 to the 1964 City Code to provide for an alternative funding mechanism with respect to the City's obligations to make annual contributions to fund the benefits available under the *Policemen and Firemen Retirement System* in accordance with Article 9, Section 23 of the 1963 Michigan Constitution and Section 1140m of the *Public Employee Retirement System Investment Act*, MCL 38.1140m. This Ordinance does not intend to and does not rescind any substantive rights, entitlements or obligations with respect to benefits earned or accrued of members, retirees or beneficiaries of the System. This Ordinance does not supersede any conflicting provision of any collective bargaining agreements, or Act 312 Arbitration Awards.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. Chapter 54, Chapter II, of the 1964 Detroit City Code, which was saved from repeal by Section 11-102 of the 1997 Detroit City Charter and Section 47-1-1 of the 1984 Detroit City Code, be amended by adding Section 54-43-1 to

establish and rename the *Policemen and Firemen Retirement System*; by amending Section 54-43-4; by renumbering the current Section 54-43-4 as Section 54-43-5, and the current Section 54-43-5 as 54-43-6 of the 1964 City Code; and by adding new Sections 54-43-4 and 54-43-7, to read as follows:

Sec. 54-43-1. Police and Fire Retirement System established;¹ Renamed.

A Pension System for employees of the City of Detroit Police and Fire Departments is hereby established for the purpose of providing retirement allowances, death and survivor benefits for eligible police and fire employees and their beneficiaries. The effective date of this System is July 1, 1941. Upon the effective date of this Ordinance, the former *Policemen and Firemen Retirement System* shall be called the *Police and Fire Retirement System*.

Sec. 54-43-4. Contributions to ~~any payments from pension accumulation fund.~~² Alternative Financing Method.

Except as provided regarding the *Survivors Benefit Fund*, the *Pension Accumulation Fund* shall be the Fund in which shall be accumulated reserves for the pensions and other benefits payable from contributions made by the City, and from which transfers shall be made as provided in this section. ~~Contributions to and payments from the pension accumulation fund shall be made as follows:~~

(a) ~~Upon the basis of such assumptions as to future financial experience as the board of trustees shall from time to time adopt, the actuary shall annually compute the city's contribution, expressed as a percent of active member contributions, to provide the pension reserves covering the pensions of other city financed benefits to which members might be entitled or which might be payable at the time of their discontinuance of city employment; provided, such contribution percents shall not be less than amounts which, expressed as percents of active member compensations, will remain level from generation to generation of Detroit citizens. Upon the retirement or death of a member, the pension reserve for any benefits payable on his behalf shall be transferred from the pension accumulation fund to the pension reserve fund, to the extent of there being assets in the pension accumulation fund.~~

(a) *Accrued Liability Fund.* Pursuant to Ordinance No. _____, which authorizes the creation of the *Detroit Police and Fire Retirement System Service Corporation*, the City has entered into a transaction ("the Pension Funding Transaction") to obtain funds as an alternative to those available through the traditional funding mechanism described in Section 54-43-5. The proceeds generated by the Pension Funding Transaction (or any Additional

Pending Funding Transaction, as described below) that will be deposited into the System will be termed the "Funding Proceeds." The Funding Proceeds will be deposited into a new Fund in the System to be called the *Accrued Liability Fund*. The purpose of the Funding Proceeds will be to fund all or part of the heretofore unfunded accrued liabilities ("UAAL") of the System, as determined as of a date certain, i.e., the "Determination Date," pursuant to the System's actuarial valuation as of that date. The Funding Proceeds will be assets of the System and will be applied, together with all other assets of the System, to fund the System's obligation to pay accrued benefits.

This *Accrued Liability Fund* shall contain only the Funding Proceeds of the Pension Funding Transaction, and any earnings thereon. Should the City, by future ordinance, choose to raise additional monies by additional pension funding transactions ("Additional Pension Funding Transactions") in order to fund the then existing UAAL of the System as of a future date certain, a new and separate *Accrued Liability Fund* shall be created within the System to contain the proceeds, and any earnings thereon, of any Additional Pension Funding Transactions, and a new *Accrued Liability Fund* will be created for each successive Additional Pension Funding Transaction entered into by the City, if any. The treatment of any *Additional Accrued Liability Funds* shall be the same as described below.

(b) The board of trustees shall annually ascertain and report to the mayor and the council the amount of contributions due to the retirement system by the city, and the council shall appropriate and the city shall pay such contributions to the retirement system during the ensuing fiscal year. When paid, such contributions shall be credited to the pension accumulation fund.

(b) The Funding Proceeds deposited in the applicable *Accrued Liability Fund* will be subject to the oversight and investment direction of the Board of Trustees of the *Police and Fire Retirement System*, consistent with the Board's obligations under Article VIII³ (Management of Funds). The Board will invest the Funding Proceeds as part of the System's overall assets, and will not differentiate the Funding Proceeds from other System assets for investment purposes.

(c) All interest, dividends and other income derived from the investment of the Funding Proceeds shall be credited annually to the *Accrued Liability Fund* on a total System rate of return basis, determined by crediting the applicable *Accrued Liability Fund* with the investment return experienced by the System in total for all of its investments for the year. This shall be

done by first determining the rate of return for the total assets of the System for the fiscal year, and then crediting back to each *Accrued Liability Fund* an amount that is determined by multiplying that rate of return times the balance in the *Accrued Liability Fund* as of the beginning of the fiscal year.

The interest, dividends and other income derived from the investment of the Funding Proceeds deposited in any *Accrued Liability Fund* will not be credited to any Funds other than the *Pension Accumulation Fund*. Morever, because the *Accrued Liability Fund* has been impressed with a certain and definite purpose, it shall be accounted for separately as provided for in Section 54-43-8, *Maintenance of Reserves*.⁴

(d) Upon the creation of an *Accrued Liability Fund* and the deposit of the Funding Proceeds into the applicable *Accrued Liability Fund*, there shall be established a schedule for transferring assets of the applicable *Accrued Liability Fund* by crediting them to the *Pension Accumulation Fund* on an annual basis over the period required to fully amortize the System's UAAL determined as of the applicable Determination Date.

The System's UAAL determined as of the Determination Date shall be the "Determined Accrued Liability." The period over which the Determined Accrued Liability is to be fully amortized, as specified in the System's actuarial valuation as of the applicable Determination Date, is the "Amortizing Period." The amount to be transferred each fiscal year to the *Pension Accumulation Fund* from the *Accrued Liability Fund* is the "Scheduled Amortizing Amount."

With respect to the Pension Funding Transaction and any Additional Pension Funding Transactions, the Scheduled Amortizing Amount will equal a level percentage of the City's payroll for each fiscal year. The level percentage of the City payroll that will be used to determine the Scheduled Amortizing Amount be a level percentage that is equal to the percentage that is specified in the actuarial valuation as of the applicable Determination Date as being the percentage of City's annual payroll required to amortize the Determined Accrued Liability over the Amortizing Period, multiplied by a fraction. The numerator of the fraction shall be the amount of the applicable Funding Proceeds up to the full amount of the Determined Accrued Liability as of the Determination Date. The denominator of the fraction shall be the System's Determined Accrued Liability on that date.

Commentary: By way of example only, the Scheduled Amortizing Amount would be determined as follows: (1) the Determination Date is June 30, 2004, (2) the Funding Proceeds are deposited into the

System during the 2004-2005 Fiscal Year, (3) the June 30, 2004 actuarial valuation produced a UAAL of \$600 million, (4) the City's contribution required to amortize that UAAL is 21% of the City's payroll, and (5) the Funding Proceeds are \$400 million, then the Scheduled Amortizing Amount for Fiscal Year 2005-06 would be 21% times (\$400 million/\$600 million) times the City's payroll for 2005-2006. This would be 14% times the City's payroll for that fiscal year.

With respect to the Pension Funding Transaction or any Additional Pension Funding Transactions, where the applicable Determination Date occurs after the date of the actuarial valuation that determines the City's contribution for the fiscal year during which the applicable Funding Proceeds are deposited into the System, for each fiscal year, there will be transferred from the applicable *Accrued Liability Fund* to the *Pension Accumulation Fund*, an amount that is specified in such actuarial valuation as being the City's required contribution needed to amortize the System's UAAL as of the date of such actuarial valuation, multiplied by a fraction. The numerator of the fraction shall be the amount of the applicable Funding Proceeds up to the full amount of the UAAL specified in such actuarial valuation, and the denominator of the fraction shall be the System's total UAAL as set forth in that same actuarial valuation.

Commentary: By way of example only, the Scheduled Amortizing Amount in this case would be determined as follows: (1) the Determination Date is June 30, 2004, (2) the Funding Proceeds had been deposited into the System during the 2004-2005 Fiscal Year, (3) the June 30, 2003 actuarial valuation produced a UAAL of \$516 million, (4) the City's contribution required to amortize that UAAL is 19.07% of the City's payroll and (5) the Funding Proceeds are \$400 million, then the Scheduled Amortizing Amount for Fiscal Year 2004-2005 would be 19.07% times (\$400 million/\$516 million) times the City's payroll for 2004-2005. This would be 14.77% times the City's payroll for that fiscal year.

Should the Board at some future time adopt a different period for amortizing the System's UAAL (a "Revised Amortizing Period"), the Scheduled Amortizing Amount for ensuing years may change. If the Revised Amortizing Period provides for a longer period during which to amortize the System's UAAL (*i.e.*, an "Extended Amortizing Period"), then the Amortizing Period initially used to amortize the applicable Determined Accrued Liability will also be revised. There will then be established a new schedule for amortizing the Determined Accrued Liability and the Scheduled Amortizing Amount will be based on the level per-

centage of the City's payroll being equal to what it would be if the then unamortized balance of the Determined Accrued Liability were re-amortized over the Extended Amortizing Period. If the Revised Amortizing Period is changed so that the System's UAAL is to be amortized over a shorter period than the one initially used to amortize the applicable Determined Accrued Liability, then that Scheduled Amortizing Amount will not be changed.

(e) Each year, when the City is required to make its annual contribution to the System — the amount of which is to be determined pursuant to Section 54-43-5 and the timing of which is set forth in Section 54-43-5(b) — the Board will transfer the Scheduled Amortizing Amount from the *Accrued Liability Fund* and credit it to the *Pension Accumulation Fund*; provided, however, that this transfer cannot occur unless and until the Board has been notified pursuant to the Pension Funding Transaction, or any Additional Pension Funding Transaction, that the City is current on the service payments required under the applicable Pension Funding Transaction.

(f) Should the Scheduled Amortizing Amount not be available for transfer because of the City's failure to make a timely service payment as required by the applicable Pension Funding Transaction, the Board is authorized to file a civil action against the City, as contemplated in Section 54-43-10, to effectuate the transfer of the Scheduled Amortizing Amount.

Should the City's Finance Director certify to the Board by a duly attested notice that the City has no available funds to make the service payments required by the applicable Pension Funding Transaction, in that specific circumstance, the Board shall be authorized to transfer the Scheduled Amortizing Amount for that fiscal year to the *Pension Accumulation Fund*, absent the notice requirement set forth in Section 54-43-4(e).

(g) Since the Funding Proceeds are to be considered assets of the System and are intended to fund the applicable Determined Accrued Liability, the City shall be required to make only a proportional contribution for any fiscal year ending after the date the Funding Proceeds are deposited into the applicable *Accrued Liability Fund*, but prior to a fiscal year whose corresponding actuarial valuation includes the Funding Proceeds in the System's total assets. The proportional contribution to fund the System's then existing UAAL, if any, shall be the level percentage of the City's payroll specified in the actuarial valuation for the applicable fiscal year as the City's required contribution needed to amortize the System's then existing UAAL, multiplied by a fraction. The numerator of the fraction shall be the

amount of the System's total UAAL as determined in such actuarial valuation minus the amount of the applicable Funding Proceeds, but not less than zero. The denominator of the fraction shall be the amount of the System's total UAAL in such valuation. Actuarial valuations following the deposit of the applicable Funding Proceeds into the System shall include the Funding Proceeds in the total assets of the System to determine any ensuing UAAL of the System, and the Funding Proceeds shall offset any such actuarial liability accordingly.

Commentary: By way of example, the following indicates how the procedure describe above would operate. Assume the following facts — (1) the Determination Date was June 30, 2004, (2) the June 30, 2004 actuarial valuation produced a UAAL of \$600 million and a contribution toward the UAAL of 21% of the City's payroll, (3) the Funding Proceeds were \$400 million and were deposited in the System during the 2004-2005 Fiscal Year, (4) the first actuarial valuation which included the Funding Proceeds in the System's assets was as of June 30, 2005 and (5) the June 30, 2003 valuation which determines the City's required contribution for fiscal 2004-05 produced a total UAAL of \$516 million and a contribution toward that UAAL of 19.07% of the City's payroll. Then:

- The fiscal year ending after the date of deposit would be the year ending June 30, 2005, or the 2004-2005 Fiscal Year.

- The first fiscal year whose corresponding valuation reflected the Funding Proceeds in its assets would be the 2006-2007 year.

- Thus, the City's required UAAL contribution for fiscal 2004-2005 would be 19.07% of the payroll times (\$516 million — \$400 million) divided by \$516 million, or 4.3% of payroll. The City's required UAAL contribution for fiscal 2005-06 would be 21% of payroll times (\$800 million — \$400 million) divided by \$600 million, or 7% of the City's payroll.

- Beginning with the Fiscal Year 2006-2007, whose contribution is determined by the June 30, 2005 actuarial valuation, the City's required UAAL contribution would be the percentage of payroll developed in the corresponding actuarial valuation that included the Funding Proceeds as being part of the System's assets.

Any contribution the City has made to the System for any fiscal year prior to the date the Funding Proceeds from any applicable Pension Funding Transaction have become assets of the System. Where the amount of the contribution is equal to or less than the normal cost of that fiscal year it shall be deemed to have been made in satisfaction of the City's obligation to contribute an amount equal to the System's normal cost for that fiscal

year, and not as payment towards any portion of its obligation to pay an amortized portion of the System's UAAL due in that fiscal year. The term "normal cost" as used in this Section 54-43-4(g), shall be given its generally accepted actuarial meaning.

To the extent the City's contribution for that fiscal year exceeds its required contribution for the normal cost owed in that fiscal year, its excess contributions shall be deemed as having been made for that immediately following fiscal year, and shall offset the City's normal cost contribution obligation for that immediately following fiscal year.

Commentary: By way of example, the following indicates how the procedure described in the preceding paragraphs would operate. Assuming the same facts as in the prior *Commentary*, and the City contributed \$40 million for the 2004-2005 Fiscal Year and the total normal cost for that year was \$40 million:

- The entire \$40 million would be deemed as payment of the required normal cost for 2004-2005, and
- No part of the \$40 million contribution would be deemed payment toward UAAL, as no UAAL contribution is required for that year.

Now assume that the facts remain the same, but that the City had contributed a total of \$45 million for 2004-2005:

- The City's total required contribution for 2004-2005 would be deemed paid in full, and
- \$5 million, *i.e.*, \$45 million minus \$40 million, would be deemed prepayment of the City's required normal cost for 2005-2006 and its required normal cost contribution for 2005-2006 would be reduced accordingly.

(h) The System's auditor shall verify (a) the assets credited to the Pension Accumulation Fund and any *Accrued Liability Fund* at the beginning and end of each fiscal year, (b) that each Fund had been properly credited, and (c) that transfers from the *Accrued Liability Fund(s)* to the *Pension Accumulation Fund* had occurred as intended, under this Section 54-43-4.

(i) Should the System's auditor certify that the total assets then remaining in the System, not including the assets of any *Accrued Liability Fund*, together are insufficient to pay the benefits then currently due under the System, the System's auditor will then determine and certify the minimum amount needed to fund the benefits then due and owing (the "Minimum Necessary Amount"). In this limited circumstance, the Board is authorized to transfer the Minimum Necessary Amount from the *Accrued Liability Fund* to the *Pension Accumulation Fund* absent the notification required pursuant to Section 54-43-4(4)(e).

At the end of the Amortizing Period, or the end of the Extended Amortizing Period, if applicable, should there be any moneys that remain credited to the *Accrued Liability Fund*, the Board may transfer, at its discretion, any such remaining funds, in whole or in part, by crediting them to the *Pension Accumulation Fund*. The *Pension Accumulation Fund* is the only Fund into which the remaining moneys credited to any *Accrued Liability Fund* may be transferred.

~~Sec. 54-43-5. Retireants paid from pension reserve fund; reinstatement of retireants to active service.~~

~~Except as to the survivor's benefit fund, the pension reserve fund shall be the fund from which shall be paid pensions on account of members. Should a disability retireant be reinstated to active service, his pension reserve, at that time, shall be transferred from the pension reserve fund to the pension accumulation fund. Repealed.~~

Sec. 54-43-45. Contributions to any payments from Pension Accumulation Fund.⁵

Contributions to and payments from the *Pension Accumulation Fund* shall be made as follows:

(a) Upon the basis of such assumptions as to future financial experiences as the Board of Trustees shall from time to time adopt, the Actuary shall annually compute the City's contribution, expressed as a percent of active member contributions, to provide the pension reserves covering the pensions or other City-financed benefits to which members might be entitled or which might be payable at the time City employment is terminated; provided, such contribution percentages shall not be less than amounts which, expressed as percentages of active member compensations, will remain level from generation to generation of Detroit citizens. Upon the retirement or death of a member, the pension reserve for any benefits payable on the member's behalf shall be transferred from the *Pension Accumulation Fund* to the *Pension Reserve Fund*, to the extent assets are available in the *Pension Accumulation Fund*.

(b) The Board of Trustees shall annually ascertain and report to the Mayor and the Council the amount of contributions due the Retirement System by the City, and the Council shall appropriate and the City shall pay such contributions to the Retirement System during the ensuing Fiscal Year. When paid, such contributions shall be credited to the *Pension Accumulation Fund*.

Sec. 54-43-6. Retiree payments from Pension Reserve Fund; Reinstatement of Disability Retirees to active service.⁶

Except as to the *Survivor's Benefit Fund*, the *Pension Reserve Fund* shall be the fund from which shall be paid pensions on account of members. Should a Disability Retiree be reinstated to active service, the member's pension reserve, at that time, shall be transferred from the *Pension Reserve Fund* to the *Pension Accumulation Fund*.

Sec. 54-43-7. Appropriations.⁷

(a) The Board shall certify the amount of the appropriations necessary to pay the various Funds of the System the amounts payable by the City as enumerated in this Article, according to legal budget procedures.

(b) To cover the requirements of the System temporarily, such amounts as shall be necessary to cover the needs of the System shall be paid into the *Pension Accumulation Fund* and the *Expense Fund* by special appropriations or transfers to the System; provided, however that no transfers can be made from the *Accrued Liability Fund* other than the annual transfer of the Scheduled Amortizing Amount, or transfers under special circumstances pursuant to Sections 54-43-4(f) and (i).

Sec. 54-43-8. Maintenance of Reserves.⁸

The maintenance of the annuity reserves in the *Annuity Reserve Fund* and the pension reserves in the *Pension Reserve Fund* are hereby made obligations of the *Pension Accumulation Fund*. All income, interest, and dividends derived from deposits and investments authorized by this ordinance, excluding any amounts credited to the *Accrued Liability Fund*, which are not required for the allowance of interest to the funds of the System as provided herein, shall be credited to the *Pension Accumulation Fund*. The moneys credited to the *Accrued Liability Fund* shall be credited to the *Pension Accumulation Fund* only to the extent of the annual transfer of the Scheduled Amortizing Amount or the special circumstance transfers authorized pursuant to Sections 54-43-4(f) and (i). Any contributions by the City to the System from any Fund impressed by law with a certain and definite purpose shall be accounted for separately.

Sec. 54-43-9. Management of Funds.

(a) *Board Named Trustee for Various Funds.*¹⁰

The Board shall be the Trustee of the several funds provided for in this Article, and shall have full power to invest and reinvest such funds subject to all terms, conditions, limitations, fiduciary duties, and restrictions imposed by *The Public Employee Retirement System Investment Act*, as amended,¹¹ provided, that notes, bonds, or obligations of the City shall not be subject to said restrictions or limitations. The Board shall have the power to

purchase notes, bonds, or obligations of the City before or after the same are offered to the public and with or without advertising for bids.

(b) *Purchase, sale, etc., of securities and investments.*¹²

The Board shall have full power to hold, purchase, sell, assign, transfer, and dispose of any of the securities and investments of the Retirement System, as well as the proceeds of said investments and any moneys belonging to the System.

(c) *Annual interest.*¹³

The Board annually shall allow Regular Interest on the mean amount of assets in each of the Funds for the preceding year. The amounts so allowed shall be due and payable to said Funds, and shall be annually credited thereto by the Board from interest and other earnings on the moneys of the System; provided, however, that the balance in any *Accrued Liability Fund* shall not be included in determining the mean amount of assets of the System when the Board makes this determination, and no Regular Interest on the mean amount of assets in the *Accrued Liability Fund* shall be credited to other Funds in the System until transferred to the *Pension Accumulation Fund* pursuant to Section 54-43-4(e) or under special circumstances pursuant to Sections 54-43-4(f) and (i). Any additional amount, required to meet the Regular Interest on the Funds of the System, shall be paid by the City and any excess of earnings, over such amount required, shall be a portion of the amounts to be contributed by the City.

(d) *Custodian of Funds.*¹⁴

The City Treasurer or other person or entity designated by the Board shall be the custodian of the Funds of the *Police and Fire Retirement System*. All payments from such Funds shall be made by the Treasurer or other designated custodian. Payments made by the System shall be based upon vouchers signed by two persons designated by the Board. A duly attested copy of a resolution of the Board designating such persons and bearing upon its face specimen signatures of such persons, shall be filed with the Finance Director and the custodian of the Funds as their authority for making payments upon such vouchers. No voucher shall be drawn unless it shall have been previously authorized by a specific or continuing resolution adopted by the Board.

(e) *Available Funds shall be kept upon deposit.*¹⁵

Available funds shall be kept on deposit for the purpose of meeting disbursements for pensions, annuities, and other payments.

Sec. 54-43-10. Enforcement; Civil Action.

A civil action for relief against any act or practice which violates the state law, the

1997 Detroit City Charter, the 1984 Detroit City Code or the terms of the System, may be brought by:

(a) A member or retiree who is or may become eligible to receive a benefit under the System;

(b) A beneficiary who is or may become eligible to receive a benefit under the System;

(c) A Plan fiduciary, including a Trustee; or

(d) The Finance Director, on behalf of the City as sponsor of the System.

RESOLUTION SETTING HEARING

By Council Member Watson:

Resolved, That a public hearing will be held by this body in the Committee Room, 13th Floor of the Coleman A. STATEMENT BY COUNCIL MEMBER S. COCKREL IN SUPPORT OF THE INTRODUCTION OF A PROPOSED ORDINANCE TO AMEND CHAPTER 13 OF THE 1984 DETROIT CITY CODE, CIVIL SERVICE AND PERSONNEL REGULATIONS ARTICLE I, IN GENERAL, CONSISTING OF ADDING SECTION 13-1-6 AND 13-1-7, TO SET FORTH DOMICILE CREDITS AND PROOF OF DOMICILE FOR CITY OF DETROIT

EMPLOYMENT APPLICATIONS
On Friday, January 21, 2005, I voted in support of the introduction of the ordinance referenced above.

This proposed ordinance was a direct response to a recognized need to increase the recruitment and hiring of Detroit residents for the Detroit Fire Department. Prior to 2000, the City of Detroit had a residency requirement for employment by the City. In March of 2000, the residency requirement was statutorily abrogated by the passage of the Michigan Residency of Public Employees Act (Act). The Act prohibited a public employer such as the City of Detroit from requiring resi-

dency as a condition of employment or promotion.

This proposed ordinance would not require residency in the City of Detroit as a condition of employment. Instead, it has been crafted to provide that an individual applying for a position in the classified service would receive credit for being a resident of the City of Detroit. Based on my preliminary review, and upon the recommendation of the City Council Research and Analysis Division, it is my understanding that this ordinance is legally permissible.

On November 19, 2004, I requested that the Law Department review this proposed ordinance for approval as to form as well as provide an opinion on whether this ordinance complies with the requirements of the Act, collective bargaining agreements provisions and other constitutional and legal considerations. To date, the Council has been awaiting a response to that request.

It is my general policy not to support introducing an ordinance until it has received approval as to form from the Law Department. However, in this case, the Law Department had indicated that a response would be forthcoming in the very near future. That information, coupled with the fact that the Council is merely introducing the ordinance, leaves room for a public hearing and additional discussion.

For the reasons stated above, I voted yes.

***ON WAIVERS OF RECONSIDERATION**
Council Member Collins moved to waive the right to reconsider the vote by which each resolution designated for "Waiver of Reconsideration" was adopted.

Council Member S. Cockrel moved to suspend Rule 23 for the purpose of indefinitely postponing the motion to waive reconsideration, which motion prevailed.

Council Member Tinsley-Talabi then moved that the motion to waive reconsideration be indefinitely postponed, which motion prevailed.

The regular order was resumed.

Almighty God, we ask your blessing on this Council and all who serve in the governing of this city.

Father God, you have revealed to us that those who govern us are a blessing from you. Forgive us for the many times we fail to respect the divine dignity of public service. We ask Lord, that having given to those gathered here the gift of authority; You would also give them gift of wisdom.

For these are challenging times. We have heard so often that desperate times call for desperate measures that our hearts are filled with desperation. Yet, it need not be. Renaissance may lie in the power of mankind, but redemption and renewal belonging to God. Jesus, you came and brought redemption to the world; bring renewal to this city. You who healed the blind remove from our eyes the scales of what is that we may see what can yet be.

The great movements in history have begun not in the seats of power, but in the

hearts of common people. Pour your Spirit into our hearts that the wind of your power may blow across the landscape of this city. That together we may find hope and healing, understanding and unity, peace and power.

In your name we pray.
Amen.

Taken From The Table

Council Member McPhail moved to take from the Table an Ordinance to amend Chapter 5 of the 1984 Detroit City Code, titled 'Amusements' by amending Article II, titled "Adult Cabarets", by repealing Sections 5-2-12 and 5-2-13 and adding substitute Section 5-2-12, and by amending Sections 5-2-1, 5-2-2, 5-2-3, 5-2-4, 5-2-5, 5-2-6, 5-2-7, 5-2-10, 5-2-11 in Division 1, titled 'In General'; by amending Sections 5-2-25 and 5-2-26 in Division 2, titled "License", by amending Sections 5-2-32, 5-2-33, 5-2-34, 5-2-37, 5-2-38, 5-2-40, and 5-2-42 in Division 3, titled 'Adult Entertainer Identification Card'; by amending Article VII, titled 'Cabarets', by amending Section 5-7-4 in Division 1, titled 'In General'; by amending Article XIII, titled 'Public Dance Halls', by amending Section 5-13-2 in Division 1; by amending Article XV, titled 'Taxi-Dance Hall', by amending Section 5-15-6 in Division 1 titled 'In General' to make these provisions commensurate with federal and state law, laid on the table November 22, 2004, which motion prevailed.

The Ordinance was then placed on the order of third reading.

THIRD READING OF ORDINANCE.

The title to the ordinance was read a third time.

The Ordinance was then read.

The question being "Shall this ordinance Now Pass"?

The ordinance was passed, a majority of the Council Members present voting therefore as follows:

Yeas — Council Members Bates, S. Cockrel, Collins, McPhail, Tinsley-Talabi, Watson, and President Pro Tem. K. Cockrel, Jr. — 7.

Nays — None.

Title to the Ordinance was confirmed.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF AN ORDINANCE TO AMEND CHAPTER 5 OF THE 1984 DETROIT CITY CODE, TITLED "AMUSEMENTS" BY AMENDING ARTICLE II, TITLED "ADULT CABARETS" BY REPEALING SECTION 5-2-12, ET AL.

On January 26, 2005, I voted in favor of the ordinance referenced above. On November 24, 2004, I issued a statement with respect to the introduction of this very

ordinance that I have attached. In that statement, I recounted the history of this ordinance and I noted my many concerns as to its constitutionality. I further indicated that I would be diligently reviewing this newest set of proposed amendments in anticipation of the discussion and public hearing on it.

Upon my review of the proposed amendments, I am satisfied that it contains enough constitutional safeguards to allow me to vote in favor of it. All of the concerns that I had previously raised have been addressed. Of particular note was the fact that many of the amendments contained within the ordinance were included in order to make the ordinance conform to the rules and regulations of the Michigan Liquor Control Commission. Taken as a whole, I feel that this is a good ordinance that strikes the proper balance between regulating adult uses while providing for constitutionally protected freedoms. Additionally, it was indicated to the Council that the lawsuit that had been filed over the previously passed ordinance would be dismissed with the passage of this ordinance. For these reasons, I voted in favor of these further revisions.

It does need to be stated that this whole process would never have been necessary had certain members of the Council not pushed prematurely for the passage of the original set of amendments. During the discussion and public hearing for this ordinance, there was an attempt to revise history. I opposed the original amendments and requested that the Council hold off voting on them until further work could be done. Over my objection and my no vote, the ordinance was passed. That is what led to the lawsuit, and ultimately to this newest set of amendments that have now been passed.

2657246—Notification of Emergency Procurement as provided by Ordinance No. 31-99, Chapter 18, Article 5. Please be advised of an emergency procurement as follows: P.O. #2657246, Req. #172988. Description of Procurement: Repair of Mistersky Power Station Switch House

Exterior Walls & Roof. Basis for the emergency: The brick facade of the switch-house at Mistersky Power Station has developed a wide crack and a collapse of the wall appears imminent. If a collapse should occur, falling bricks would probably destroy the nearby reactor cages where three of the five cages would be a considerable expense. City outages are likely to occur, disabling more than half of the City's capacity for receiving purchased power. Basis for selection of contractor: Harvard Engineering & Construction Consultants, Inc. was the Highest Ranked proposer selected by PLD's evaluation committee for negotiation of this contract. Contractor: Harvard Engineering & Construction Consultants, Inc. Amount: \$262,200.00. PLD — Mistersky Power Station.

**STATEMENT BY COUNCIL MEMBER
SHEILA M. COCKREL IN OPPOSITION
TO RESOLUTION AUTHORIZING
FINANCE DEPARTMENT/PURCHASING
DIVISION CONTRACT NUMBER
2657246**

On Wednesday, January 26, 2005 I voted in opposition to the resolution referenced above. Contract No. 2657246 is an emergency contract to repair the exterior walls and roof of the Mistersky Power Station Switch House. This contract was awarded to Harvard Engineering & Construction Consultants, Inc. (Harvard).

The contract was reviewed by the Auditor General and was not recommended for passage. In a report dated January 10, 2005, the Auditor General indicated that there were two contractors equally ranked for this contract. One was Harvard and the other was Structural Preservation Systems (Structural). Structural offered a more cost effective bid for the contract. However, Harvard received a 6% equalization factor to its bid by virtue of being Detroit-based business. Even though Harvard's bid was \$57,468 higher than Structural's bid, it was ranked evenly as a result of the DBB equalization.

As a result, of the lower bid and equal

ranking, the Auditor General ultimately recommended acceptance of the bid proposal from Structural. Given the current financial status of the City, I would have been in favor of following the Auditor General's advice. For these reasons, I voted no on the contract with Harvard.

**STATEMENT BY COUNCIL MEMBER
ALBERTA TINSLEY-TALABI
REGARDING THE CONTRACT FOR
HARVARD ENGINEERING COMPANY**

The majority of the Detroit City Council voted to approve a Public Lighting Department contract for Harvard Engineering. After considering all of the facts and particulars surrounding this issue, I joined my Colleagues in supporting the award of this contract.

This contract is funded with capital improvement funds and does not impact the General Fund or the pending departmental lay-offs. (The General Fund is projected to have operating deficits for the current fiscal year and FY 2005-06). Moreover, the work to be done under this contract is of an emergency nature and is currently underway in order to protect the safety of PLD's employees and to ensure that PLD continues to be able to provide services to its customers which generates much needed revenue for department. Finally, even though Harvard's bid was higher than the other vendor, PLD's overall evaluation of this company was higher than other bids. The City of Detroit does not solely base contract awards on the lowest price but looks at the company's ability to perform the work in a timely and effective manner. Harvard Engineering is a well respected firm in the City of Detroit.

For the reasons above, I voted in favor of awarding the contract to Harvard Engineering.

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for 27 properties (1748 Sheridan, 1744 Sheridan, 1504 Field, et al.) within the Islandview Village NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office applications from Residential Detroit, Inc. for Neighborhood Enterprise Zone (NEZ) certificates for 1748 Sheridan, 1744 Sheridan, 1504 Field, 1500 Field, 7241 St. Paul, 7265 St. Paul, 7261 St. Paul, 7257 St. Paul, 7253 St. Paul, 7249 St. Paul, 7245 St. Paul, 1469 Townsend, 1433 Townsend, 1437 Townsend, 1445 Townsend, 1449 Townsend, 1459 Townsend, 1463 Townsend, 1485 Townsend, 1473 Townsend, 1489 Townsend, 1495 Townsend, 1499 Townsend, 1701 Townsend, 1703 Townsend, 1705 Townsend and 1709 Townsend, within the Islandview Village NEZ. Your Honorable Body approved the Islandview Village NEZ designation on May 1, 1996.

The properties involved are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. Residential Detroit, Inc. has applied for the certificates, prior to the issuance of building permits, on behalf of future owners who will occupy the property. It is appropriate for Residential Detroit, Inc. to apply for certificates at this time even if buyers have not yet been identified. The State Tax Commission, however, will not issue a certificate until an owner is identified. When an owner is identified, he or she can then apply for the certificate. At that time, it would not be necessary for City Council to pass another resolution.

Residential Detroit, Inc. proposes to construct 97 owner-occupied townhouse condominiums. They anticipate that the cost of the units will be approximately \$200,000. The developer will need to submit to the State Tax Commission a list of the parcels that are to receive the certificates with a map showing the parcels.

The City Planning Commission staff, therefore, recommends approval of the requested certificate in the Islandview Village NEZ. Please contact Mr. Gregory Moots of my staff at 224-2110 with any questions.

City Planning Commission

January 14, 2005

Honorable City Council:

Re: Planning and Development Department submitting resolution authorizing amending the HUD Consolidated Plan to reflect an increase in Community Development Block Grant (CDBG) funds to Appropriation No. 10409, Lead Based Paint Home Repair, by \$451,012 received from the Detroit Housing Commission (Recommend Approval).

During Committee of the Whole on November 22, 2004, City Council requested that City Planning Commission (CPC) staff review the above captioned matter before taking official action. CPC staff has reviewed this matter and recommends City Council approval.

The funds paid by the Detroit Housing Commission to the Planning and Development Department (P&DD) are for work completed under a Joint Operating and Implementation Agreement between P&DD and the Detroit Housing Commission (please find copy attached). This funding was used for lead based paint risk assessment, remediation, and clearances performed by P&DD as part of the CDBG — funded Citywide Lead Remediation Program. Fifty-one (51) properties benefited from the services

provided by P&DD for the \$451,012 paid by the Detroit Housing Commission.

This collaborative arrangement is an efficient arrangement because it enables both the Detroit Housing Commission Lead Grant and P&DD's Citywide Lead Program to provide more repairs and lead remediation in each property served as well as to serve a greater number of properties overall.

CPC staff understands that P&DD is expecting at least two more reimbursements from the Detroit Housing Commission under the Joint Operating and Implementation Agreement. These will be submitted to City Council for approval in the near future.

City Planning Commission

January 20, 2005

Honorable City Council:

Re: Greektown Casino, LLC's request to rezone land to SD5 (Special Development District for Casinos) for the construction of a casino complex (Submitting Resolution to Extend the Period for Council Consideration of the Petition).

On Wednesday, March 3, 2004 your Honorable Body passed a resolution extending the period of consideration for the above-captioned rezoning request of Greektown Casino LLC. This was necessitated by the pending expiration of the 120-day time period for the Council to take action on the rezoning request, as set forth in Section 64.0700 of the Official Zoning Ordinance.

The extension granted by the March 3rd resolution was followed by two subsequent 120-day extensions. The current extension, granted on September 29, 2004, will expire on January 27, 2005, unless another extension is granted. Previously, you directed the City Planning Commission staff to monitor and inform your Honorable Body of the status of this petition in order to maintain it as viable for your consideration.

This fourth extension, unlike the previous three, will have to address a new factor. On January 26, 2005 your Honorable body is expected to introduce the new revised Zoning Ordinance and the repeal of the current Zoning Ordinance, Ordinance 390-G. The ordinance effectuating Greektown Casino, LLC's requested rezoning to SD5 (Special Development District) for Casinos, makes specific reference to, and would amend, Ordinance 390-G. Therefore, the rezoning ordinance in its current form is only good as long as Ordinance 390-G remains in effect. CPC staff, therefore, recommends extending the period for consideration of Greektown Casino's SD5 rezoning request through May 27, 2005, the last effective date presently projected for the current Zoning

Ordinance, Ordinance 390-G. CPC staff is consulting with the Law Department to determine how the rezoning ordinance will have to be altered in order to effectuate the same amendment at such time that the new Zoning Ordinance becomes effective. Please find attached a resolution for extension of the rezoning request through May 27, 2005.

Should there be a change in dates with regard to the repeal of ordinance 390-G and the adoption of the new Zoning Ordinance, we will prepare a report and the appropriate resolution. We will also report to your Honorable Body the results of our consultation with the Law Department relative to action on this rezoning request after the new Zoning Ordinance takes effect.

Respectfully submitted,
MARSHA D. LOPER
Deputy Director

By Council Member S. Cockrel:

Whereas, Section 64.0700 of the Official Zoning Ordinance of the City of Detroit establishes that upon the expiration of a 120 day period following the date that the City Council formally receives the City Planning Commission's report and recommendation on any petition to amend the Zoning Ordinance, such petitions will be deemed denied unless the time period is extended by resolution of the City Council; and

Whereas, Greektown Casino LLC has petitioned the City Council for a rezoning of certain property in the City of Detroit from B4 and PD zoning district classifications to SD5; and

Whereas, The City Planning Commission report and recommendation on this rezoning request was received by the City Council at the public hearing on this matter held November 17, 2003; and

Whereas, The 120 day period pertaining to this request was to expire on March 15, 2004, and on March 3, 2004 this City Council granted a 90 day extension, which was to expire on June 1, 2004; and

Whereas, Two subsequent 120 day extensions have been granted, and the current extension will expire on January 29, 2005; and

Whereas, This City Council has expressed the desire to extend the period of consideration for this petition;

Now, Therefore, Be It Resolved, That pursuant to Section 64.0700 of the City of Detroit Zoning Ordinance, the Detroit City Council hereby extends the time period for consideration of the petition of Greektown Casino LLC to rezone property generally bounded by Gratiot, the I-375 Service Drive, Clinton and St. Antoine from B4 (General Commercial District) and PD (Planned Development District) to SD5 (Special Development District for Casinos) through May 27, 2005.

Honorable City Council:

Re: Acceptance of Donated Item.

The Department of Homeland Security/Office for Domestic Preparedness wishes to bestow upon the Detroit Fire Department \$95,000 for Fire Prevention activities under their Assistance to Firefighters Grant Program. These funds will be used to purchase 8,000 smoke detectors to be distributed to the public through our smoke detector program. This funding will also allow us to purchase 20,000 copies of Fire Prevention brochures to be distributed to citizens.

A condition of the total grant of \$95,000 is a 30% hard match in the amount of \$28,500 from the City of Detroit. The funds for this match are in the Fire Department's Budget Cost Center 240010, Object 622200.

The purpose of these grants is to assist State, regional, national or local organizations to address fire prevention and safety. The primary goal is to reach high-risk target groups including children, seniors and firefighters. Under their authorizing statute the emphasis for these grants is the prevention of fire related injuries to children. Therefore, in compliance with grant guidelines, the Detroit Fire Department will provide smoke detectors for families with children and seniors who meet certain criteria determined by our Community Relations Division.

I respectfully ask you approval to accept the grant in accordance with the attached resolution.

Honorable City Council:

Re: Public Hearing on Establishment of the Blake Estate Enterprise Zone as Requested by the Blake Estate LLC in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the Blake Estate Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to construct 17 attached residential units with attached garages. The configurations will consist of 2 bedrooms @ 1525 square feet. The estimated project cost is \$2.7 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,
HENRY B. HAGOOD

(1) *First Day of Fiscal Year.* Principal of and interest on Securities coming due on the first day of a Fiscal Year shall be calculated as being due on the last day of the immediately preceding Fiscal Year.

(2) *Assumed Paid.* Principal of and interest on any Securities due in a Fiscal Year prior to the Fiscal Year for which the calculation is made shall be assumed to have been paid when due.

(3) *Due Dates.* The due dates for any principal, interest or Redemption Requirements are the stated dates for the payment thereof and not in advance of such stated dates by reason of acceleration.

(4) Term Securities.

(i) Mandatory Redemption Requirements shall be treated as principal maturing on the respective dates that such Mandatory Redemption Requirements are due.

(ii) The principal amount of a Term Security maturing in a Fiscal Year shall be reduced by the total of the Mandatory Redemption Requirements due in each Fiscal Year before the Fiscal Year of such maturity.

(5) *Tender Securities.* Except for Excluded Tender Securities, each date on which Holders of such Tender Securities may tender or may be mandated to tender such Tender Securities shall constitute a

maturity of the principal amount of such Tender Securities that could be tendered on such date with the giving of notice or the passage of time, or both.

(6) Interest.

(i) Interest due in any Fiscal Year shall be offset by the amount of capitalized interest or interest received by the City as "accrued interest" available for the payment thereof.

(ii) Separate provision is made in this Section for determining the interest rate on:

(a) Variable Rate Securities as provided in subsection (C) below; and

(b) Fixed Rate Securities converting to Variable Rate Securities as provided in subsection (D) below.

(C) Variable Rate Securities.

(1) If Variable Rate Securities have been Outstanding for less than a full Fiscal Year on the date of calculation, then the interest rate on such Variable Rate Securities shall be calculated as 125% of the average of the BMA Municipal Index (as hereinafter defined) for the five year period ending not more than one week before the date of such calculation.

(2) If Variable Rate Securities have been Outstanding for one or more full Fiscal Years on the date of calculation, then the interest rate on such Variable Rate Securities shall be calculated as 125% of the annualized average daily rate borne by such Variable Rate Securities for the 12 calendar month period ending immediately before the month of calculation.

(3) Notwithstanding paragraphs (1) and (2), for the purpose of determining the Reserve Requirement for Securities of the same Priority of Lien, the interest rate on Variable Rate Securities shall be not adjusted after the date of initial issuance.

(D) Fixed Rate Securities Convertible to Variable Rate Securities.

If Securities are issued as Fixed Rate Securities but are intended to convert by their terms to Variable Rate Securities during a future Fiscal Year and a calculation is made for such future Fiscal Year or any Fiscal Year thereafter, then the Fiscal Year of conversion shall be the First Year that such Securities are Outstanding for the purpose of calculating interest at a variable rate.

(E) Capital Appreciation Securities.

For the Capital Appreciation Securities, the Accreted Value per \$5,000 due at maturity shall be as determined semiannually to maturity on such dates as specified in a Supplemental Action. For purposes of the rate covenants in Section 9, the Additional Securities requirements of Section 20, and for all other purposes of this Ordinance, the Accreted Value of Capital Appreciation Securities shall be deemed to be due and payable in the Fiscal Years in which such Accreted Value shall actually be due and payable by the

City into the Senior Lien Bond and Interest Redemption Fund or the Second Lien Bond Interest and Redemption Fund, as applicable, or assumed paid under (B)(2) above, as applicable.

Sec. 3. Authorization and Issuance of Securities; Related Matters.

(B) **Issuing Securities.** The Finance Director may, by Supplemental Action, take such actions as are necessary or appropriate to give effect to the transactions contemplated by an Act of Council authorizing the issuance of Securities or as are incidental thereto.

(C) **Liability Limited.** All covenants, agreements and obligations of the City contained in this Ordinance or in any Secured Obligations are those of the City and not of any member, officer or employee of the City in his or her individual capacity, and no recourse shall be had for the payment of any Secured Obligations or for any claims based thereon or hereunder against any member, officer or employee of the City or any natural Person executing or attesting any Secured Obligations.

(D) **Execution, Authentication and Delivery of Securities.**

(1) Securities shall be executed in the name of the City by the facsimile signatures of the Mayor and the Finance Director and shall have a facsimile of the City's seal impressed, imprinted or otherwise reproduced thereon.

Securities shall be delivered by the City to the Transfer Agent for authentication and be delivered to the Transfer Agent by the Finance Director or designee for delivery to the purchaser(s) in accordance with instructions from the Finance Director upon payment of the purchase price therefor in accordance with the bid or purchase contract. Executed blank Securities for registration and issuance to transferees shall, from time to time as necessary, be delivered to the Transfer Agent for safekeeping.

(E) **Reserve Account Requirement.** Concurrently with the issuance of Securities of a Priority for which a Reserve Account has been or is being established, there shall be credited to such Reserve Account the amount that, added to the amount on deposit therein or credited thereto, equals the Reserve Requirement for Securities then to be issued and all Securities of such Priority then Outstanding. Such amount may be provided from any source or may be provided by a Financial Facility meeting the requirements of Section 4.

(F) **Disposition of Proceeds.** The proceeds of the sale of an issue of Securities shall be applied as follows:

(1) An amount equal to the accrued interest shall be credited to the Interest and Redemption Fund for such Securities to be applied to next maturing interest thereon.

(2) If a Reserve Account has been or is being established for Securities of the same Priority of Lien as such Securities, the amount necessary to comply with subsection (E), above, unless such compliance will be obtained with amounts from a different source, or by the deposit of a Financial Facility meeting the requirements of Section 4.

(3) The balance of the proceeds, including premium, if any, shall be applied as provided in the Supplemental Action providing for the issuance of such Securities.

(G) **Transfer of Registration of Securities.**

(1) **Maintenance of Books.** Each Transfer Agent shall keep or cause to be kept, at its principal office, sufficient books for the registration and transfer of registration of Securities for which it is Transfer Agent, which shall at all times be open to inspection by the City.

(2) **Privilege of Transfer.** Under such reasonable regulations as the Transfer Agent may prescribe, the registration of Securities for which it is the Transfer Agent may be transferred upon its Registry by the Person in whose name such Securities are registered, in person or by his or her duly authorized attorney, upon surrender of such Securities for cancellation, accompanied by delivery of a duly executed written instrument of transfer in a form approved by the Transfer Agent for such Securities.

(3) **Surrender for Transfer; Receipt of New Securities.** Whenever any Security is surrendered for transfer, the City shall execute and the Transfer Agent for such Security shall authenticate and deliver a new Security or Securities, in the same aggregate principal amount, of the same maturity, and bearing the same rate or rates of interest and otherwise of the same tenor as the Security surrendered for transfer.

(4) **Transfer Taxes and Governmental Charges.** The Transfer Agent shall require payment by the Holder requesting the transfer of any Security for which it is the Transfer Agent, any tax or other governmental charge required to be paid with respect to such transfer.

(5) **Limitations.** Except as otherwise provided by Supplemental Action, a Transfer Agent shall not be required (i) to issue, register the transfer of or exchange Securities for which it is the Transfer Agent during a period beginning at the opening of business fifteen (15) days

before the day of the giving of a notice of redemption or mandatory tender of such Securities selected for redemption or mandatory tender and ending at the close of business on the day of giving of that notice, or (ii) to register the transfer of or exchange of any such Security so selected for redemption or tender in whole or in part, except the unredeemed or untendered portion of such Security being redeemed or tendered in part.

(H) Mutilated, Lost or Stolen Securities.

(1) If any Security is mutilated, the City, at the expense of the Holder of the Security, shall execute, and the Transfer Agent for such Security shall authenticate and deliver, a new Security of like tenor in exchange and substitution for the mutilated Security, upon surrender to such Transfer Agent of the mutilated Security.

(2) If any Security is lost, destroyed or stolen, evidence of ownership of the Security and of the loss, destruction or theft may be submitted to the Transfer Agent for such Security and, if this evidence is satisfactory to the City and the Transfer Agent, and, indemnity satisfactory to such Transfer Agent and the City shall be given, and if all requirements of any applicable law, including Act 354, Public Acts of Michigan, 1972, as amended, have been met, then, at the expense of the Holder requesting the substitute Security, the City shall execute, and such Transfer Agent shall thereupon authenticate and deliver, a new Security of like tenor and bearing the statement required by Act 354, or any applicable law hereafter enacted, in lieu of and in substitution for the Security so lost, destroyed or stolen. If any such Security shall have matured or shall be about to mature, the Transfer Agent may pay the same without surrender thereof as authorized by Act 354 instead of issuing a substitute Security.

Section 4. Financial Facilities; Hedges.

(A) The Finance Director may, from time to time and at any time, obtain a Financial Facility in respect of all or some Securities if the Finance Director determines such to be in the best financial interests of the City.

(B) The Finance Director may at any time acquire a Credit Enhancement to fulfill the City's obligation to fund any Reserve Account or substitute a Credit Enhancement for amounts in a Reserve Account. The Credit Enhancement shall be deposited with and payable to the Transfer Agent in its capacity as paying agent for the related Securities. Before or concurrently with the acquisition of such Credit Enhancement, the Finance Director shall receive:

(1) an opinion of nationally recognized bond counsel to the effect that such substitution will not adversely affect the tax-

(2) evidence that such Credit Enhancement is provided by a provider rated in the highest rating category of each Rating Agency then rating the Securities having the benefit of such Reserve Account;

(3) a copy of the Credit Enhancement; and

(4) an opinion of counsel satisfactory to said nationally recognized bond counsel to the effect that the Credit Enhancement is valid and enforceable in accordance with its terms.

(C) The Finance Director may, subject to the requirements of Act 34 or in accordance with any other applicable law, from time to time enter into such Hedges as the Finance Director determines to be in the best financial interests of the City.

(D) The Finance Director may grant to the provider of any Financial Facility, or to any counterparty to any Hedge authorized by this Section, such rights as may be necessary or appropriate that are not inconsistent with this Ordinance, Act 34 or any other applicable law.

Section 5. Security for Payment.

(A) The payment of Secured Obligations is secured by a statutory lien, which is hereby created, upon the whole of the Pledged Assets *subject* to the use and application thereof in accordance with this Ordinance.

(B) The lien securing Hedge Obligations is valid only to the extent permitted by law.

(C) Except for Bond Insurance, a statement of the Priority of Lien of an Ancillary Obligation shall be contained in the instrument evidencing or providing for such Ancillary Obligation.

(1) An Ancillary Obligation in respect of Securities of the same Priority of Lien:

(i) may be secured at a lower Priority of Lien, but

(ii) may *not* be secured at a higher Priority of Lien.

(2) Ancillary Obligations may have a Priority of Lien lower than that of the Securities in respect of which such Ancillary Obligations have been entered into and may be Parity Ancillary Obligations to Securities to which they are otherwise unrelated; provided, that any lien securing Ancillary Obligations in respect of Senior Lien Bonds shall be subject to the rights of the holders of the City's outstanding Water Supply System Revenue Second Lien Bonds, Series 1995-A, except to the extent that such Ancillary Obligations arise in connection with a Financial Facility acquired to fund any portion of the Reserve Account or to be substituted for cash therein.

(D) The lien securing the payment of a Secured Obligation is subject to the following Priorities:

(1) The lien securing Senior Obligations shall be a first lien, senior to all other liens created hereunder except the lien securing Ancillary Obligations Fees and Expenses which are further subject to the qualification of subsection (C)(2) above.

(2) The lien securing Junior Obligations shall be junior only to the lien securing Senior Obligations whenever issued. Among Junior Obligations:

(i) the lien securing Second Lien Bonds and Parity Ancillary Obligations thereto shall be senior to the liens securing all other Junior Obligations; and

(ii) the lien of each other Priority of Junior Obligations of the same Priority of Lien shall be senior to the lien of all lower Priorities of Junior Obligations.

(iii) the SRF Junior Lien Bonds shall be the lowest Priority of Junior Lien Bonds, and the lien securing SRF Junior Lien Bonds and related Ancillary Secured Obligations shall be junior to the liens securing all other Junior Obligations, whenever issued.

(E) Each lien securing a Secured Obligation shall continue until either payment in full of such Secured Obligation or, in the case of Securities, is defeased as provided in Section 21 of this Ordinance. Ancillary Obligations shall be defeased in the manner provided in the agreement with the obligee of such Ancillary Obligations.

(F) In accordance with this subsection, the City may provide for the accession of Junior Lien Bonds to the status of complete parity with Senior Obligations when there shall have been filed with the Commissioners a certificate satisfying the requirements of Section 20(C) from a national consulting firm or a national firm of certified public accountants, and further reciting the opinion:

(1) that the Reserve Account contains an amount equal to the Reserve Requirement computed on a basis which includes all Securities then outstanding and such Junior Lien Bonds;

(2) that all payments into the various funds and accounts hereinabove required to be held under this Ordinance are current as of the date of accession; and

(3) that the Interest and Redemption Fund contains the amounts which would have been required to be accumulated therein on the date of accession if such Junior Lien Bonds had originally been issued as a Senior Lien Bonds; such amounts shall be shown in said certificate.

The accession of such Junior Lien Bonds shall be conclusively evidenced by notice from the City to the Trustee and each Holder of such Junior Lien Bonds.

Section 6. Payment of secured obligation; subordination.

(A) **Generally.** Secured Obligations are not general obligations of the City and

shall be payable solely from Pledged Assets as provided in this Section:

(1) Ancillary Obligation Fees and Expenses are payable from Revenues and, to the extent of any insufficiency, Pledged Assets.

(2) All Securities and Ancillary Obligations are payable from Pledged Assets.

(B) **Subordination.**

(1) Whenever any principal (and premium, if any) of and interest on Securities of the same Priority of Lien or any payment on the Parity Ancillary Obligations thereto is due and is not made when due, then until such payment is made or provision made for the payment thereof to the satisfaction of the Holders of such Securities and the obligees of such Parity Ancillary Obligations, no such payment shall be made directly or indirectly on or in respect of any Securities of a lower Priority of Lien or any Ancillary Obligations which are Parity Ancillary Obligations to such Securities of lower Priorities of Lien (such Securities and Ancillary Obligations collectively, the "*Subordinated Obligations*" and the Holders and obligees thereof, the "*Subordinated Obligees*"), except as provided below with respect to defeased Securities.

(2) Subject to the payment in full of all Securities and Ancillary Obligations of every higher Priority of Lien (collectively, the "*Superior Obligations*" and the Holders and obligees thereof, the "*Superior Obligees*"), the Subordinated Obligees shall be subrogated to the rights of the Superior Obligees to receive payment in full of the respective Obligations until all amounts owing on the Subordinated Obligations shall be paid in full.

(3) Except as otherwise provided in a Supplemental Action, the City may agree with the Holders of Securities of any Priority of Lien and the obligee of any Parity Ancillary Obligations thereto to extend, renew, modify or amend the terms of such Securities or such Parity Ancillary Obligations thereto or any security therefor, and any such Holders or obligees may release, sell, exchange such security and otherwise deal freely with the City, and the City with any of them, all without notice to or consent of the Holders of any Securities of any lower Priority or the obligees under any Parity Ancillary Obligations thereto without affecting the liabilities of the City to such Holders or obligees.

(4) Nothing in this subsection shall impair the right of the Holders of any defeased Securities to be paid from the escrow effecting such defeasance.

(C) **Financial Facilities.** Except as otherwise provided in a Supplemental Action:

(1) Nothing in this Section shall affect the payment of Securities from any Financial Facility obtained for the benefit of such Securities.

(2) No payment of an amount made by a drawing or disbursement under a Financial Facility to Holders of Securities which would otherwise have been made by the City shall be deemed to be a payment by the City on account of such Securities for the purpose of discharging the City's obligation on such Securities.

Section 7. Securityholders' Rights; Receiver.

(A) The Holder or Holders of the Securities representing in the aggregate not less than 20% of the entire principal amount thereof then Outstanding, may, by suit, action, mandamus or other proceedings, protect and enforce the statutory lien upon Pledged Assets, and may, by suit, action, mandamus or other proceedings, enforce and compel performance of all duties of the officers of the City, including the fixing of sufficient rates, the collection of Revenues, the proper segregation of the Revenues of the System and the proper application thereof. The statutory lien upon Pledged Assets, however, shall not be construed to give the Holders of the Securities the authority to compel the sale of the System or any part thereof.

(B) If there is a default in the payment of the principal (and premium, if any) of and interest on any Securities, any court having jurisdiction in any proper action may appoint a receiver to administer and operate the System on behalf of the City and, under the direction of the court, perform all of the duties of the officers of the City more particularly set forth herein, in Act 94 and in such orders of the court.

(C) The Holder or Holders of the Securities shall have all other rights and remedies given by Act 94 and by law for the payment and enforcement of the Securities and the security therefor.

Section 8. Management.

The operation, repair and management of the System, including all projects financed by the issuance of Securities, shall remain under the supervision and control of the Commissioners in the manner provided in Article 7, Chapter 15 of the Charter of the City subject to the rights, powers and duties in respect thereto which are reserved by law and the City Charter to the Council.

Section 9. Fixing and Revising Rates; Rate Covenants.

(A) The coverage requirements for determining the Required Combined Coverage under this Section are the following percentages:

<u>Priority of Indebtedness</u>	<u>Percentage</u>
Senior Lien Indebtedness	120%
Second Lien Indebtedness	110%

SRF Junior Lien Bonds

Prior to or concurrently with the issuance of Securities of a Priority of Lien not enumerated above, this subsection shall be amended to provide for the coverage percentage for Indebtedness in respect of such Securities, but in no case shall the coverage percentage be less than 100. Such amendment shall not require the consent of Holders of any Securities.

(B) The rates for water service and the regulations shall be the rates and regulations required to be established by Act 94. Such rates shall be fixed and revised from time to time as may be expected to be necessary to produce the greater of:

- (1) the amounts required:
- (i) to provide for the payment of the expenses for maintenance of the System as are necessary to preserve the same in good repair and working order; and
- (ii) to provide for the payment of Indebtedness coming due for the Fiscal Year of calculation; and
- (iii) to provide for the creation and maintenance of reserves therefor as required by the Ordinance or any ordinance or resolution adopted in accordance with the terms thereof and hereof; and
- (iv) to provide for such other expenditures and funds for the System as this Ordinance may require; and

(2) The Required Combined Coverage where the numerator is the Net Revenues projected for the Fiscal Year of calculation and the denominator is the Indebtedness coming due for such Fiscal Year.

(C) The City hereby covenants and agrees at all times to maintain such rates for services furnished by the System as shall be sufficient to provide for the foregoing and to repay any transfer from the Extraordinary Repair and Replacement Reserve Fund.

(D) Without taking into account any transfers from the Rate Stabilization Fund, the City shall at all times observe and comply with the covenant contained in subsection (B)(2) above as if the Rate Coverage Percentage were 100%.

(E) The charges for water service which are under the provisions of Section 21 of Act 94 are made a lien on all premises served thereby, unless notice (accompanied by a copy of the lease of the affected premises, if any,) is given to the Council that a tenant is responsible, are hereby recognized to constitute such lien and whenever any such charge against any piece of property shall be delinquent for six months, the City official or officials in charge of the collection thereof may certify to the tax assessing officer of the City not later than April 1 of each year the fact of such delinquency, whereupon such charge shall be entered upon the next tax roll as a charge against such premises

and the lien thereof enforced in the same manner as general City taxes against such premises are collected and the lien thereof enforced; *provided, however*, where notice is given that a tenant is responsible for such charges and service as provided by said Section 21, no further service shall be rendered to such premises until a cash deposit equal to the estimated amount of the next ensuing bill shall have been made as security for payment of such charges and services.

(F) In addition to other remedies provided, the City shall have the right to shut off and discontinue the supply of water to any premises for the nonpayment of water rates when due.

Section 10. No Free Service or Use; Metered Service.

No free service or use of the System, or service or use of the System at less than cost, shall be furnished by the System to any person, firm or corporation, public or private, or to any public agency or instrumentality, including the City and any other municipality. All service provided to customers of the System, with the exception of temporary connections and certain public service uses of the City which are billed on an estimated basis, shall be metered.

(B) Flow of Funds.

First: to the Operation and Maintenance Fund, a sum sufficient to provide for the payment of the next month's expenses of administration and operation of the System (including Ancillary Obligation Fees and Expenses) and such current expenses for the maintenance thereof as may be necessary to preserve the same in good repair and working order;

Sixth: to the Improvement and

Extension Fund, such amount, if any, that the Commissioners may deem advisable; provided that no amount shall be deposited therein or credited thereto for so long as a borrowing from the Extraordinary Repair and Replacement Reserve Fund remains unpaid.

Section 13. Use and Application of Amounts in Funds.

(1) Amounts in the Receiving Fund shall be applied as received as provided in Section 12. Amounts not transferred to any other fund or account shall remain in the Receiving Fund until the last day of each Fiscal Year.

(2) Amounts remaining in the Receiving Fund as of the last day of each Fiscal Year shall be transferred to the Surplus Fund.

(B) Operation and Maintenance Fund.

Amounts in the Operation and Maintenance Fund shall be used to pay the expenses of administration and operation of the System (including Ancillary Obligation Fees and Expenses and any rebates to the United States government that may be required by the Code) and such current expenses for the maintenance thereof as may be necessary to preserve the same in good repair and working order.

(C) Interest and Redemption Funds.

(1) *Generally.* Amounts in the Interest and Redemption Fund established for Securities and for Ancillary Obligations of the same Priority of Lien shall be applied to pay principal (and redemption premium, if any) of and interest on such Securities and amounts due on such Ancillary Obligations.

(2) Mandatory Redemption Requirements.

(i) A Mandatory Redemption Requirement for a maturity of Term Securities may be satisfied in whole or in part by the redemption of Term Securities of such maturity or by the purchase and surrender to the Transfer Agent of such Term Securities from amounts credited to the Interest and Redemption Fund established for such Securities of Priority of Lien or purchased with other funds legally available therefor. The Finance Director shall elect the manner in which he/she intends to satisfy all or a portion of a Mandatory Redemption Requirement for particular Term Securities not less than 40 days prior to the due date of such Mandatory Redemption Requirement unless otherwise provided in the Supplemental Action providing for the issuance of such Term Securities.

(ii) Unless otherwise provided in a Supplemental Action providing for the issuance of Term Securities, the City will receive a credit against the Mandatory Redemption Requirement for Term

Securities for which such Mandatory Redemption Requirement was established that have been redeemed (other than by application of Mandatory Redemption Requirements) or otherwise acquired by the City prior to the giving of the notice of redemption and that have not been applied as a credit against any other Mandatory Redemption Requirements.

(a) Not less than 40 days prior to any mandatory redemption date for Term Securities, the Finance Director shall give notice to the Transfer Agent that such Term Securities are to be so credited.

(b) Each such Term Security shall be credited by the Transfer Agent at 100% of the principal amount thereof against the Mandatory Redemption Requirement, and the principal amount of Term Securities to be redeemed on such mandatory redemption date shall be reduced accordingly and any excess over such amount shall be credited to future Mandatory Redemption Requirements in such order as the Finance Director shall direct; *provided, however,* that any excess resulting from the purchase, at less than par, of such Term Securities shall be credited to the Receiving Fund.

(3) Reserve Accounts.

(i) Except as otherwise provided herein, amounts in a Reserve Account shall be used solely for the payment of the principal (and premium, if any) of and interest on Securities and Ancillary Obligations of the same Priority of Lien for which such Reserve Account was established, as to which there would otherwise be default.

(ii) If at any time the amount on deposit in or credited to a Reserve Account exceeds the Reserve Requirement for such Reserve Account, the amount of such excess may be transferred therefrom and credited to the Receiving Fund.

(iii) No further payments need be made into an Interest and Redemption Fund in respect of principal and interest after enough of the Securities for which such Fund was established have been retired so that the amount then held in such Fund, including the Reserve Account therein, if any, is equal to the entire amount of principal and interest which will be payable at the time of maturity of all the then Outstanding Securities of such Priority of Lien.

(iv) A separate Reserve Account may be established for an issue of Securities by the Supplemental Action providing for the issuance of such Securities.

(a) Securities having the benefit of such Reserve Account may be issued but only if such separate Reserve Account is fully equal to the Reserve Requirement for such Securities concurrently with the issuance of such Securities.

(b) The amounts to be paid into any separate Reserve Account to restore it to its Reserve Requirement shall be made

on a parity with payments into all other Reserve Accounts established for Securities of the same Priority of Lien and shall not exceed, in any Fiscal Year, its proportionate deficit payment. "Proportionate Deficit Payment" means for a separate Reserve Account the same proportion that the amount available to remedy deficits in each Reserve Account for such Priority bears to the aggregate deficit in all Reserve Accounts for such Priority.

(D) Extraordinary Repair and Replacement Reserve Fund.

(1) Amounts in the Extraordinary Repair and Replacement Reserve Fund may be used to pay the costs of making major unanticipated repairs and replacements to the System which individually have cost or are reasonably expected to cost in excess of \$1,000,000 as determined by the Commissioners.

(2) On and after the first day of each Fiscal Year, the Finance Director may, by Supplemental Action, transfer to the Improvement and Extension Fund not more than 50% in aggregate of the balance in this Fund on the first day of such Fiscal Year *if, but only if* (i) in the month of such transfer the full amount of the Extraordinary Repair and Replacement Minimum Requirement for each prior month in the current Fiscal Year has been credited to this Fund and (ii) the amounts of all prior transfers from this Fund to the Improvement and Extension Fund have been restored in full.

(3) The City shall fix rates and charges for the services supplied by the System sufficient to permit it to meet its obligations under Section 13D.

(E) Improvement and Extension Fund.

The Improvement and Extension Fund shall be used for improvements, enlargements, extensions or betterment to the System.

(F) Surplus Fund.

Amounts from time to time on hand in the Surplus Fund may, at the option of the Commissioners, be used and applied for any purposes related to the System for which the funds and accounts were established hereunder or for any other lawful purpose of the System; *provided, however*, that if and whenever there should be any deficit in the Operation and Maintenance Fund or in any Interest and Redemption Fund (including any Reserve Account therein) then transfers shall be made from the Surplus Fund to such funds in the priority and order named in Section 12 to the extent of any such deficit.

(G) Rate Stabilization Fund.

(1) As used in this Section, "Prior Revenue" means any amounts that constitute Revenues or Net Revenues and held under this Ordinance *but only* to the extent that such amounts may be applied to any

lawful purpose of the System. "Prior Revenue" does not include any amounts held under this Ordinance that at the time are restricted in application to a specific purposes, such as, by way of illustration, the application of amounts in the Surplus Fund in the event of a deficit as provided in the provision to Section 13(F).

(2) The Commissioners may create a fund designated Water Supply System Rate Stabilization Fund (the "Rate Stabilization Fund"). No amounts shall be deposited therein or credited thereto *except* Prior Revenues and then *only if*:

(i) such Prior Revenue is credited to the Rate Stabilization Fund in the Fiscal Year in which it was recognized by the City as Net Revenue or within 90 days after the end of such Fiscal Year;

(ii) the amount of such Prior Revenue is deducted from the amount of Net Revenue recognized in such Fiscal Year for all purposes of this Ordinance; and

(iii) the amount of Net Revenue recognized in such Fiscal Year at least meets the minimum applicable coverage requirements of this Ordinance for such Fiscal Year *after* (i) such dedication and (ii) all prior deductions in respect of such Fiscal Year pursuant to this clause.

(3) Amounts on deposit in the Rate Stabilization Fund may be taken into account with respect to any Coverage Determination.

(4) Whenever any Reserved Amount is taken into account for any Coverage Determination, then such Reserved Amount shall be credited to the Receiving Fund for the Fiscal Year for which such Coverage Determination is made.

(5) Prior to the transfer of any Reserved Amount to the Receiving Fund, such Reserved Amount shall not be used or applied to any purpose *except* pursuant to Section 16 and then only after all other amounts then in the Rate Stabilization Fund have been applied pursuant to Section 16.

(6) Amounts on deposit in the Rate Stabilization Fund other than Reserved Amounts may be applied to any lawful purpose of the System.

Section 14. Construction Fund.

(A) There shall be established and maintained a separate depository fund designated the Construction Fund. The City may designate separate accounts in the Construction Fund for different series of Securities for administrative purposes and to better enable the City to comply with its tax covenants in Supplemental Actions regarding the exclusion from federal income taxation of interest on Securities.

(B) Amounts in the Construction Fund shall be applied solely in payment of the cost of repairs, extensions, enlargements, and improvements to the System and any costs of engineering, legal, bond insur-

ance premiums, if any, and other expenses incident thereto, to the financing thereof.

(1) Payments of the cost of repairs, extensions, enlargements and improvements to the System, either on account or otherwise, shall not be made unless the registered engineer in charge of such work shall file with the Commissioners a signed statement to the effect that the work has been completed in accordance with the plans and specifications therefor; that it was done pursuant to and in accordance with the contract therefor; that such work is satisfactory; and that such work has not been previously paid for.

(2) Payment of the cost of engineering, legal, financial, bond insurance premium, etc., as provided in this Section shall be made under such procedures as established by and upon submission of appropriate documentation to the Finance Director.

(C) Any unexpended balance remaining in the Construction Fund may in the discretion of the Commissioners be used for meeting any Reserve Requirement or for further improvements, enlargements and extensions to the System if, at the time of such expenditure, such use is approved by the Michigan Department of Treasury, if such permission is then required by law. Any remaining balance after such expenditure shall be paid into the Interest and Redemption Fund established for the Securities of the Priority of Lien giving rise to such balance for the purpose of purchasing Securities of such Priority at not more than the fair market value thereof but not more than the price at which such Securities may next be called for redemption or used for the purpose of calling such Securities for redemption. The City may provide additional or different lawful uses for such unexpended balance or remaining balance by Supplemental Action of the Finance Director which shall, nonetheless, be subject to receipt of a Bond Counsel's Opinion that such use is permitted by applicable law and will not adversely affect the tax exempt status of Outstanding Securities.

Section 15. Depositaries.

(A) Amounts in the several funds, accounts and subaccounts established pursuant to this Ordinance shall be kept in one or more accounts separate and apart from all other accounts of the City, and if kept in only one account shall be allocated on the books and records of the City in the manner and at the times provided in this Ordinance.

(B) Amounts in the Interest and Redemption Fund for Securities of the same Priority of Lien shall be kept on deposit with one of the banks or trust companies where the principal of and interest on such Securities are payable.

(C) The depository of all funds and accounts, except as otherwise specifically provided for herein, shall be those banks or trust companies designated from time to time as such by the Finance Director.

Section 16. Priority of Funds.

(A) If amounts in the Receiving Fund are insufficient to provide for the current requirements of the Operation and Maintenance Fund and each Interest and Redemption Fund (including the Reserve Account, if any, therein), *then* any amounts or securities held in the Surplus Fund, the Improvement and Extension Fund and the Extraordinary Repair and Replacement Reserve Fund shall be credited or transferred, first, to the Operation and Maintenance Fund and second, to the particular Interest and Redemption Fund, to the extent of the insufficiency therein from the aforesaid funds in the order listed.

(B) If any principal (and redemption premium, if any) of or interest on Securities of the same Priority of Lien or any related Ancillary Obligations become due (whether on a stated or scheduled date, by reason of call for redemption or otherwise), *and* there are insufficient amounts for the payment thereof in the Interest and Redemption Fund established for such Securities and Ancillary Obligations after applying payments in the Reserve Account, if any, established for such Securities, *then* there shall be applied to such payment amounts in each Interest and Redemption Account established for Securities of each lower Priority of Lien, beginning with the lowest Priority of Lien and proceeding *seriatim* in ascending order of Priority of Lien, until such payments are made in full.

Section 17. Investments.

(A) **Permitted Investments.** The Permitted Investments for amounts held under this Ordinance are the Legal Investments for such amounts subject to the following:

(1) Investment of amounts in any Reserve Account shall be limited to obligations bearing maturity dates or subject to redemption, at the option of the Holder thereof, not later than ten years from the date of the investment.

(2) Except as otherwise herein provided, investments shall mature at such times as it is estimated the funds therefrom will be required, but shall be limited to obligations bearing maturity dates or subject to redemption, at the option of the Holder thereof, not later than five years from the date of investments.

(3) A Supplemental Action may provide for limitations in addition to or in lieu of the above limitations on Legal Investments or may eliminate any of such limitations.

(4) Notwithstanding paragraph (3), no Permitted Investments for the defeasance

of particular Securities may be changed without confirmation from each Rating Agency that such change will not reduce the rating of such Securities.

(B) **Where Held.** To the extent required by Act 94, securities representing investments made under this Ordinance shall be kept on deposit with the bank or trust company having on deposit the fund or funds or accounts from which the purchase was made.

(C) **Disposition of Profit and Gain.**

(1) Profit realized or interest income earned on investment of amounts in the Receiving Fund, Operation and Maintenance Fund, any Interest and Redemption Fund (including the Reserve Account, if any, therein), the Extraordinary Repair and Replacement Reserve Fund, and Improvement and Extension Fund shall be credited to the Receiving Fund.

(2) Profit realized or interest earned on investments of funds in the Construction Fund relating to any series of Securities and any Redemption Account (including any Reserve Account or Subaccount established for any Securities) shall be credited as received to the funds from which such investments were made; *provided, however,* that profit realized or interest earned on the Construction Fund relating to any series of Securities may, if permitted by law, be credited to the Receiving Fund at the option of the Commissioners.

(D) **Valuation.**

(1) Investments credited to any Reserve Account shall be valued at least annually on each January 1, unless otherwise specified in the Supplemental Action providing for the issuance of such Securities, at the market value thereof, and the City shall withdraw any excess immediately and, in the event of a deficit, budget such additional deposits at the beginning of the next succeeding Fiscal Year in an amount necessary to maintain each Reserve Account at its Reserve Requirement.

(2) Investments in the Extraordinary Repair and Replacement Reserve Fund shall be valued at least annually on each July 1 at the cost thereof.

Section 18. Covenants.

The City covenants and represents with the Holders of all Securities from time to time Outstanding that so long as any Securities remain Outstanding, as follows:

(A) **Ownership and Authority.** The City is the lawful owner of the System; the System is free from any and all liens and encumbrances; and the City has good right and lawful authority to encumber and pledge and Pledged Assets as herein encumbered and pledged.

(B) **Maintenance and Operation of System.**

(1) The City will, through its Commis-

sioners, or such successor board or body as may hereafter be legally charged with the duty of the operation of the System, maintain the System in good repair and working order and will operate it efficiently and will faithfully and punctually perform all duties with reference to the System required by the Constitution and laws of the State, including the making and collecting of sufficient rates for services rendered by the System and the segregation and application of the revenues of the System in the manner provided in this Ordinance.

(2) The City will from time to time make all needed and proper repairs, replacements, additions, and betterments to the System so that the System may at all times be operated properly and advantageously, and whenever any portion of the System shall have been worn out, destroyed or become obsolete, inefficient or otherwise unfit for use, the City will procure and install substitutes of at least equal utility and efficiency so that the value and efficiency of the System shall at all times be fully maintained.

(C) **Books and Records.** The City will maintain and keep proper books of record and account separate from all other records and accounts in which shall be made full and correct entries of all transactions relating to the System, and the City will also cause an annual audit of such books and records for the preceding Fiscal Year to be made by an accountant who shall comment on the manner in which the City has complied with the requirements of this Ordinance. The City will make such audit available to the Holder of any Security upon request.

(D) **Disposition of System.** The City will not sell, lease or dispose of the System or any substantial part thereof until all Outstanding Securities have been paid in full as to both principal and interest.

(1) This covenant shall not be construed to prohibit the disposition or lease of any property comprising part of the System which is no longer necessary, appropriate, required for the use of, or profitable to the System, or which is no longer necessary to the proper operation and maintenance thereof, or which may be sold and leased back to the extent such arrangement is permitted by law.

(2) Paragraph (1) shall not be construed to authorize or permit the sale, lease or disposition of any substantial part of the System.

(3) The City may at all times in its discretion alter, repair or replace any buildings or structures, make any change in the location of its water mains, pipes, water supply tunnels, aqueducts, pumping stations, and appurtenances thereto, and any buildings or structures therefor as

the Commissioners determine necessary for the System.

(4) The City will acquire and construct all extensions, enlargements, and improvements to the System promptly in accordance with the plans therefor.

(E) **No Competition.** The City will not, and will not to the extent permitted by law, permit others to operate a water supply system that will compete with the System.

(F) **Tax Exemption of Securities.** The City will take all action and refrain from any action as is necessary, including paying any rebates to the United States government that may be required by the Code so as not to impair the tax exemption of the interest on Securities issued as tax-exempt Securities from general federal and State of Michigan income taxation.

Section 19. Trustee.

(A) **Requirement to Maintain.** The City shall at all times maintain a Trustee in order to further assure prompt compliance with all of the requirements, duties and obligations of the City with respect to the System and the Securities and to perform such other duties as may be provided in a Supplemental Action; *provided that* no such additional duties shall be imposed on an existing Trustee without its consent. U.S. Bank National Association is hereby appointed as Trustee. The Financial Director is authorized to select and appoint any successor bank or trust company to perform the duties of the Trustee.

(B) **Resignation of Trustee.** The Trustee may resign by giving not less than 60 days' written notice to the City specifying the date when such resignation shall take effect, and such resignation shall take effect upon the date specified in such notice provided a successor trustee has been appointed, unless previously a successor shall have been appointed, as provided in subsection (D) below, in which event such resignation shall take effect immediately on the appointment and acceptance of such successor, provided further that if a successor trustee shall not have been appointed the Trustee may petition a court of competent jurisdiction to appoint a successor trustee.

(C) **Removal of Trustee.** The Trustee shall be removed at any time by an instrument or concurrent instruments in writing, filed with the Trustee and the City, and signed by the Holders of a majority in principal amount of the outstanding Securities. In addition, as long as no event of default exists under the Ordinance, the City, upon 60 days notice to the Trustee, shall have the right to remove the Trustee by an instrument in writing filed with the Trustee.

(D) **Appointment of and Transfer to Successor Trustee.** If the Trustee shall resign or shall be removed, or shall become incapable of acting, or shall be

adjudged bankrupt or insolvent, or if a receiver, liquidator or conservator of the Trustee, or of its property, shall be appointed, or if any public officer shall take charge or control of the Trustee, or of its property or affairs, a successor may be appointed by the holders of a majority of aggregate principal amount of Securities then outstanding, in the case of removal by the Holders, or by the City, in the case of removal by the City, by an instrument or concurrent instruments in writing of such Holders; provided, however, that in a case of such vacancy the Finance Director shall forthwith appoint a Trustee, provided no event of default exists under the Ordinance, to fill such vacancy unless and until a successor Trustee shall be appointed by the Bondholders. At any time, the Trustee may substitute any affiliate, subsidiary, or successor in interest after a merger or consolidation in any and all capacities to which it is appointed hereunder as long as the entity so substituted is qualified to accept such appointment pursuant to all applicable statutory and regulatory requirements, and any requirements contained in this Ordinance. The rights, duties and substitution of the Trustee shall be governed by and construed in accordance with the laws of the State. If the Trustee substitutes an affiliate or subsidiary as Trustee or consolidates, merges or converts into, or transfers all or substantially all of its corporate trust business to, another corporation or other entity entitled to conduct said trustee business under applicable law, the successor without any further act shall be the successor of the Trustee hereunder, without the execution or filing of any paper or any further act on the part of any of the parties hereto, anything to the contrary contained herein notwithstanding.

Any successor Trustee shall be a trust company or bank in good standing, within the State, acceptable to the Finance Director, provided no event of default exists, and having total reported capital funds of not less than \$40,000,000 if there be such an institution willing, qualified and able to accept the trust upon reasonable and customary terms.

Any successor Trustee appointed hereunder shall execute and deliver to its predecessor and the City an instrument in writing accepting such appointment and thereupon shall become fully vested with all the powers and duties under this Ordinance. The Trustee, if it ceases to act as Trustee, shall execute, acknowledge and deliver such instruments of conveyance and further assurance and to such other things as may reasonably be required for more fully and certainly vesting and confirming in such successor Trustee all the trusts, powers and duties under this Ordinance and any property held by it under this Ordinance, and shall,

after all amounts owing to the Trustee have been paid in full, pay over, assign and deliver to the successor Trustee any money or other property subject to the trusts and conditions herein set forth.

(E) **Fees, Costs and Expenses.** All fees, costs, and expenses of any legal proceedings that may be brought by the Trustee to enforce the duties and obligations of the City hereunder or under any Securities and any amounts advanced by Securityholders to the Trustee for such costs and expenses shall be paid by the City to the Trustee or such Securityholders, or both, as the case may be, in the first instance from the Net Revenues remaining, in the north of payment, after making the transfers and deposits required by Section 12 to all Interest and Redemption Funds (including the Reserve Account, if any, therein), and, to the extent that sufficient amounts are not available from the Revenues therefor, from general funds of the City.

(F) **Advancement of Costs and Expenses.** In the event that general funds of the City are used to pay any such costs and expense, the City shall be reimbursed therefor with interest at the rate of 7% per annum from the first Net Revenues remaining, in the month of reimbursement, after (i) making the transfers and deposits required by Section 12 to all Interest and Redemption Funds (including the Reserve Account, if any, therein) and (ii) paying the Trustee or Securityholders as provided in subsection (b).

(G) **Reliance of Trustee; Standard of Care.** The Trustee is authorized to act in reliance upon the sufficiencies, correctness, genuineness or validity of any instrument or document or other writing submitted to it hereunder and shall have no liability with respect to said matters. The Trustee shall not be liable for any error in judgment or any act done or omitted by it in good faith. In the event of any dispute or question arising hereunder the Trustee shall not be liable if it acts or takes no action in accordance with the opinion of its legal counsel.

(H) **Indemnification of Trustee.** In the event the required percentage of Securityholders shall direct the Trustee in writing to exercise one or more of the remedies specified in this Ordinance or in Act 94, the Trustee shall be under no obligation to proceed to enforce or compel the performance of the duties and obligations of the City under this Ordinance unless and until the Holders shall have reasonably indemnified the Trustee for all estimated costs and expenses in the exercise of said remedies, including necessary attorneys' fees.

Section 20. Additional Securities.

(A) Limitations on Indebtedness.

The City shall not incur any obligations payable from Pledged Assets except for

Secured Obligations, and no obligations of the City shall be secured by a lien on Pledged Assets except as provided in this Ordinance.

(B) Issuance of Securities.

(1) Limitations on Issuance.

(a) The City shall not issue any Securities except in accordance with Section 20. Ancillary Obligations and related Ancillary Obligation Fees and Expenses may be incurred in respect of such Securities and shall be secured and payable as elsewhere provided in this Ordinance.

(b) Other limitations on the issuance of Securities may be added by Supplemental Action.

(2) **Coverage Requirements.** The coverage requirements for determining the Required Combined Coverage under this Section are the following percentages:

Priority of Securities	Percentage
Senior Lien Bonds	120%
Second Lien Bonds.....	110%

SRF Junior Lien Bonds

Prior to or concurrently with the issuance of a Priority of Securities not enumerated above, this subsection shall be amended to provide for the coverage percentage for such Priority of Securities, but in no case shall such coverage percentage be less than 100. Such amendment shall not require the consent of Holders of any Securities.

(3) **Refunding Securities.** If any Refunding Securities are to be issued to refund Securities to be Refunded, the Annual Debt Service to be used for determining the Required Combined Coverage shall be the Annual Debt Service on the Refunding Securities and not the Annual Debt Service on the Securities to be Refunded.

(C) "New Money" and Refunding.

(1) **General Authority.** The City may issue Additional Securities of any Priority of Lien for repairs, extensions, enlargements, and improvements to the System (including repaying amounts withdrawn from the Extraordinary Repair and Replacement Reserve Fund), refunding all or a part of any Outstanding Securities and paying the costs of issuing such Additional Securities, including deposits, if any, to be made to any Reserve Account established or to be established for such Additional Securities or any other Securities, *if, but only if,* there is Required Combined Coverage under either the Project Net Revenues Test contained in subsection C(2) below or the Historical Net Revenues Test contained in subsection C(3) below. The determination in a Supplemental Action that there will be Required Combined Coverage upon the issuance of such Additional Securities shall be conclusive.

(2) *Projected Net Revenues Test.* For purposes of determining the Required Coverage Requirement, the numerator is the projected Net Revenues of the System for the then current or the next succeeding Fiscal Year and the denominator is the maximum composite Annual Debt Service in any Fiscal Year on Outstanding Securities and the Additional Securities to be issued.

(i) Projected Net Revenues may include 100% of the estimated increase in Net Revenues to accrue as a result of the acquisition of the repairs, extensions, enlargements and improvements to the System to be paid for in whole or in part from the proceeds of the Additional Securities.

(ii) In projecting Net Revenues, the City shall engage the services of and be guided by a consultant of national reputation for advising municipalities with respect to setting rates and charging for the use of water supply systems.

(3) *Historical Net Revenues Test.* For purposes of determining the Required Coverage Requirement, the numerator is the actual Net Revenues of the System for the immediately preceding audited Fiscal Year and the denominator is the maximum composite Annual Debt Service in any future Fiscal Year on Outstanding Securities and the Additional Securities to be issued.

(i) Instead of the immediately preceding audited Fiscal Year, the City may use any audited Fiscal Year ending not more than sixteen months prior to the date of delivery of such Additional Securities.

(ii) If any change in the rates, fees and charges of the System has been authorized at or prior to the date of sale of such Additional Securities, the Net Revenues for the particular preceding Fiscal Year shall be augmented by an amount reflecting the effect of such change had the System's billings during such Fiscal Year been at the increased rates.

(iii) Net Revenues for the particular preceding audited Fiscal Year also may be augmented by 100% of the estimated increase in Net Revenues to accrue as a result of the acquisition of the repairs, extensions, enlargements and improvements to the System to be paid for in whole or in part from the proceeds of such Additional Securities and 100% of any acquisition, extension or connection which was made subsequent to the end of the particular preceding audited Fiscal Year.

(iv) With respect to augmentation of Net Revenues, the City shall engage the services of and receiving the certificate of a consultant of national reputation for advising municipalities with respect to setting rates and charges for the use of water supply systems regarding the existence of such conditions.

(v) Audited financial statements may be relied upon if no augmentation of Net Revenues is required.

(D) Debt Service Reduction — An Additional Means of Refunding.

The City may issue Additional Securities of any Priority of Lien without regard to Section 20C for refunding all or part of Securities then Outstanding and paying costs of issuing the Refunding Securities, including deposits which may be made to any Reserve Account established or to be established for such Additional Securities or any other Securities *if, but only if:*

(1) the combined Annual Debt Service coming due in the current Fiscal Year and each Fiscal Year thereafter until maturity on (A) the Additional Securities and (B) giving effect to the refunding, all Outstanding unrefunded Securities of equal and higher Priority of Lien *is less than*

(2) the combined Annual Debt Service coming due in the current Fiscal Year and each Fiscal Year thereafter until maturity on all securities of an equal and higher Priority of Lien, without giving effect to the refunding.

Section 21. Defeasance.

(A) A Security is "defeased" for purposes of this Ordinance if:

(1) there has been deposited in trust sufficient cash and Permitted Investments constituting Government Obligations, not callable by the issuer, the principal of and interest on which mature at the times and in the amounts, without the reinvestment thereof, necessary to pay principal of and interest on such Security to its maturity, or, if called for redemption, to the date fixed for redemption, together with the amount of the redemption premium, if any; provided, however, that the sufficiency of the deposit to effectuate the defeasance of a Security shall have been verified by a nationally recognized accounting firm.

(2) if such Security is to be redeemed prior to maturity, irrevocable instructions have been given to the Transfer Agent to call such Security for redemption; and

(3) Nothing in this subsection (A) shall affect any lien securing Ancillary Obligations except as provided in the agreement with the obligee of such Ancillary Obligations.

(B) A Supplemental Action providing for the issuance of Securities may:

(1) provide different means of defeasing such Securities, and such means may be in addition to or in lieu of the means set forth in subsection (A);

(2) provide for the Legal Investments that are Permitted Investments for the defeasance of such Securities, but no such Permitted Investments may thereafter be changed except as provided in Section 18; and

(3) provide for the consequences of such Securities being defeased.

(C) Except as otherwise provided in a Supplemental Action:

(1) the Legal Investments for the defeasance of such Securities are the Permitted Investments therefor; and

(2) the statutory lien herein referred to in Section 5 shall be terminated with respect to defeased Securities, the Holders of such defeased Securities shall have no further rights under this Ordinance except for payment from the deposited funds and registration and replacement of such Securities, and such Securities shall no longer be considered to be Outstanding under this Ordinance.

Section 22. Amendments; Consent of Securityholders.

(A) Amendment without Consent.

(1) This Ordinance may be amended or supplemented from time to time by Act of Council or Supplemental Action without consent of the Holders of Securities;

(a) To issue Securities of any Priority;

(b) To add to the covenants and agreements of the City in this Ordinance contained, other covenants and agreements thereafter to be observed or to surrender, restrict or limit any right or power reserved to or conferred upon the City (including but not limited to the right to issue Securities or incur other Secured Obligations of, in either case, any Priority);

(c) To make such provisions for the purpose of curing any ambiguity, or curing, correcting or supplementing any defective provisions contained in this Ordinance, or in regard to matters or questions arising under this Ordinance, as the City may deem necessary or desirable;

(d) To increase the size or scope of the System; and

(e) To amend or supplement this Ordinance in any respect with regard to Securities of one or more Priorities of Lien so long as such amendment does not materially adversely affect the Holders of Outstanding Securities.

(2) No Holders of Securities of a Priority of Lien shall be "materially adversely affected" for the purposes of this Ordinance by the change of any coverage percentage established for Securities of any other Priority of Lien, and no amendment of or supplement to this Ordinance that provides for or facilitates the issuance of Securities or incurs other Secured Obligations of, in either case, of any Priority of Lien shall "materially adversely affect" the Holders of Securities of any other Priority of Lien for the purposes of this Ordinance so long as such amendment does not change any coverage percentage established for such Priority of Lien or is not an amendment that requires the consent of the Holder of such Security under Section 22B(i) or (ii).

(B) Amendments With Consent.

(1) With the consent of the Holders of not less than 51% in principal amount of Securities then Outstanding affected thereby, the City may from time to time and at any time amend this Ordinance in any manner by Act of Council; *provided*, that no such amendment shall:

(i) reduce the aforesaid percentage of Holders of Securities required to consent to an amendment to this Ordinance without the consent of the Holders of all Securities then Outstanding, or

(ii) without the consent of the Holder of each Security affected thereby:

(a) extend the fixed maturity of such Security or reduce the rate of interest thereon or extend the time of payment of interest, or reduce the amount of the principal or redemption premium thereof, or reduce or extend the time for payment of any premium payable on the redemption thereof, or

(b) change the Priority of Lien of such Security or deprive such Holder of the right to payment of such Security from Pledged Assets.

(2) It shall not be necessary for the consent of the Securityholders under this Section to approve the particular form of any proposed Act of Council but it shall be sufficient if such consent shall approve the substance thereof. The consent of the Holder of a Security shall bind all Holders of any Security for which such Security was the predecessor.

(3) For the purpose of acquiring consent for the purposes of this Section, the consent of a Securityholder acquiring a Security in an offering remarketing in which the offering or remarketing circular or other disclosure document fully disclosed the terms of such amendment or supplement shall be considered obtained as if such consents were being solicited under this Section, but no actual consent shall be required, and no more than one such disclosure shall be required.

(4) Promptly after an Act of Council amending this Ordinance pursuant to this Section has obtained the requisite consent, the Finance Director shall cause the Transfer Agent to notify, by mail at their addresses shown in the Registry, or by publication, Holders of all Outstanding Securities affected by such amendment, of the general terms of the substance of such Act of Council. Filing notice pursuant to the continuing disclosure agreement in respect of such Securities shall constitute sufficient notice for the purposes of this subsection.

(5) No amendment may be made under this Section 22(B) which affects the rights of the insurer or obligee of a Financial Facility or counterparty to a Hedge without its consent.

Section 23. Severability and Captions.

(4) The balance of the proceeds from the sale of the Series 2005 Second Lien Project Bonds shall be deposited in the Construction Fund Series 2005.

(d) Series 2005 Second Lien Refunding Bonds.

(1) From the proceeds of the sale of Series 2005 Second Lien Refunding Bonds there shall be immediately deposited in the Second Lien Bond and Interest Redemption Fund, an amount equal to any accrued interest received on the delivery of the Series 2005 Second Lien Bonds, and the City may take credit for the amount so deposited against the amount required to be deposited in the Second Lien Bond and Interest Redemption Fund for payment of the next maturing interest payment on the Series 2005 Second Lien Refunding Bonds.

(2) From the proceeds of the Series 2005 Second Lien Refunding Bonds there shall next be applied an amount sufficient to acquire a Credit Facility in an amount at least equal to the Series 2005 Second Lien Refunding Bond Reserve Requirement or an amount shall be deposited in the Second Lien Bond Reserve Account at least equal to the Series 2005 Second Lien Refunding Bond Reserve Requirement, or a combination thereof.

(4) The balance of the proceeds from the sale of the Series 2005 Second Lien Refunding Bonds shall be used to acquire Government Obligations, which together with any remaining balance of such proceeds in the form of cash, shall constitute all or part of the Escrow Deposit to be held in the Escrow Fund.

(e) Construction Fund.

A subaccount of the Construction Fund established by the Ordinance shall be designated the "Construction Fund Series 2005," and shall be established and maintained as a separate depository account with a depository qualified to be a depository of moneys under Michigan law as designated by the Finance Director.

(1) Moneys in the Construction Fund Series 2005 shall be applied solely in payment of:

(i) the Issuance Costs of the Series 2005 Project Securities and

(ii) the costs of the Project, including engineering, legal and other expenses incident thereto and to the financing thereof.

(2) Payments for construction, either on account or otherwise, shall not be made unless the registered engineer in charge of such work shall file with the Commissioners a signed statement to the effect that the work has been completed in accordance with the plans and specifications therefor, that it was done pursuant to and in accordance with the contract therefor, that such work is satisfactory and that such work has not been previously paid for.

(3) Payment of the costs of engineering, legal, financial, printing, escrow verification, bond insurance premium, credit enhancement, etc., as provided in this Section shall be made upon submission of appropriate documentation to the Finance Director.

(4) Any unexpended balance remaining in the Construction Fund Series 2005 after completion of the Project may in the discretion of the Commissioners be used for meeting the Reserve Requirement of the Senior Lien Bond Reserve Account and, to the extent such monies are not needed to meet the Reserve Requirement of the Second Lien Bond Reserve Account, for meeting the Reserve Requirement of the Second Lien Bond Reserve Account or for further improvements, replacements, enlargements and extensions to the System if, at the time of such expenditure, such use is approved by the Michigan Department of Treasury, Municipal Finance Division, if such permission is then required by law, and if such use will not, in the opinion of nationally recognized bond counsel, impair the exclusion of interest on Series 2005 Securities from gross income for federal income tax purposes.

(5) Any remaining balance after all expenditures made pursuant to paragraph (4), if any, have been made shall be paid into the Senior Lien Bond and Interest Redemption Fund or the Second Lien Bond Interest and Redemption Fund, as the Commissioners shall determine, for the purpose of redemption or purchase at not more than the fair market value, plus

accrued interest, of outstanding Series 2005 Securities. Series 2005 Securities accrued by purchase shall be canceled.

(f) Escrow Fund.

(1) The Escrow Deposit shall be held in or credited to an account designated as the "City of Detroit Water Supply System Revenue Bonds Series 2005 Senior Lien Refunding Bonds Escrow Fund" or the "City of Detroit Water Supply System Revenue Bonds Series 2005 Second Lien Refunding Bonds Escrow Fund" pursuant to one or more escrow agreements (the "Escrow Agreement").

(2) The Finance Director is authorized to enter into the Escrow Agreement on behalf of the City with U.S. Bank National Association as "Escrow Trustee."

(3) The Escrow Agreement:

(i) shall be in the form and substance customary for refunding escrow agreements;

(ii) may permit any balance after paying the principal (and premium, if any) and interest on the Bonds to be Refunded to be applied to any lawful purpose of the System if such use will not, in the opinion of nationally recognized bond counsel, impair the exclusion of interest on the Series 2005 Refunding Securities from gross income for federal income tax purposes; and

(iii) shall otherwise be in the best interests of the City.

(4) In the event all Bonds to be Refunded will be paid or redeemed within 90 days of the date of issuance of the Series 2005 Refunding Securities, then in lieu of the establishment of an Escrow Fund and the execution of an Escrow Agreement as described above, the Finance Director is authorized to transfer the Escrow Deposit (or cash sufficient to acquire the securities making up all or a portion of the Escrow Deposit) to the paying agent for the Bonds to be Refunded together with irrevocable instructions to (i) call the Bonds to be Refunded on the applicable call date and (ii) use the Escrow Deposit to pay principal of and interest and redemption premiums, if any, on the Bonds to be Refunded to and including the scheduled call date. The proceeds described in this subsection (4) shall be employed only if, in the opinion of Bond Counsel, after use of such procedures the Bonds to be Refunded will no longer be Outstanding under the Ordinance.

(g) Morgan Stanley Hedge Swap Termination Payment.

Any termination payment received by the City pursuant to the Morgan Stanley Hedge Swap and allocated in the Sale Order to the Series 2005 Securities shall be deposited in the Receiving Fund.

Section 12. Tax Covenant.

The City hereby covenants and represents with the registered owners of the

Series 2005 Securities that so long as any of the Series 2005 Securities remain outstanding and unpaid as to either principal or interest, the City shall, to the extent permitted by law, take all actions within its control to maintain and will refrain from taking any action which would impair the exclusion of the interest on the Series 2005 Securities from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as currently amended, including, but not limited to, actions relating to any required rebate or arbitrage earnings and the expenditure and investment of Series 2005 Bond proceeds and moneys deemed to be Series 2005 Bond proceeds, and to prevent the Series 2005 Securities from being or becoming "private activity bonds" as that term is used in Section 141 of the Internal Revenue Code of 1986, as currently amended.

Section 13. Preliminary and Final Official Statements.

(a) The Finance Director shall cause the preparation of a preliminary official statement and other offering materials in a form satisfactory to him to be used in conjunction with the offering of the Series 2005 Securities and is authorized to deem the preliminary official statement "final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission (the "Rule").

(b) The preliminary official statement with such changes and additions as the Finance Director shall approve shall constitute the final Official Statement, and the Finance Director is authorized to execute the final Official Statement on behalf of the City approved by him with such changes as the Finance Director may authorize.

(c) Such final preliminary official statement and final Official Statement and other offering materials satisfactory to the Finance Director are authorized to be distributed by the Underwriters in conjunction with the offering and sale of the Series 2005 Securities.

Section 14. Continuing Disclosure.

Unless otherwise set forth in the Sale Order because of an exemption from the Rule, the Series 2005 Securities are hereby made subject to the Continuing Disclosure Agreement, and if so subject the City hereby agrees to abide by the provisions thereof so long as any Series 2005 Securities are outstanding.

Section 15. Sale of Series 2005 Securities.

The Series 2005 Securities shall be sold by negotiated sale to the Underwriters pursuant to a Purchase Agreement in customary form with such changes thereto as the Finance Director shall determine are in the best interests of the City, within the parameters established hereby. Such determination shall

be conclusively established by the Finance Director's execution and delivery of the Purchase Agreement to the Representative. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of the Council, based upon the recommendation of the Finance Director and the City's Financial Advisor, that a negotiated sale will allow the Series 2005 Securities to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs to the City.

(a) The Finance Director is authorized to accept, on behalf of the City, an offer from the Representative to purchase the Series 2005 Securities wherein the aggregate compensation to be paid to the Underwriters in such capacity shall not be more than 1% of the original principal amount of the Series 2005 Securities.

(b) The Finance Director is authorized to determine whether the Purchase Agreement shall provide for liquidated damages and if so, the amount thereof, and whether the Representative shall be required to provide a good faith check in the amount of the liquidated damages.

Section 16. Cash Defeasance of Outstanding Securities.

(a) The Finance Director is hereby authorized to defease outstanding Securities pursuant to the Ordinance from funds of the System available thereof other than from proceeds of Series 2005 Securities.

(b) The series, maturities (or portions thereof) and principal amounts of the Securities to be defeased shall be determined by the Finance Director and set forth in the Sale Order.

(c) An Escrow Deposit for the Securities to be defeased shall be (i) held in or credited to an account designated as the "City of Detroit Water Supply System Revenue Bonds [Designation appropriate to the cash defeased Securities] Escrow Fund" pursuant to an escrow agreement entered into pursuant to and complying with Section 11(f)(2) and (3) hereof and shall be transferred to the paying agent for the Securities to be defeased subject to the same conditions and requirements set forth in Section 11(f)(4) hereof.

(d) Such defeasance shall occur on or prior to the issuance of the Series 2005 Refunding Securities.

Section 17. Delegation of Authority to, and Authorization of Actions of, Finance Director.

(a) The Finance Director shall make all determinations herein provided to be made in the Sale Order and shall make all such determinations in accordance with the best interests of the City and within the parameters of this Resolution.

(b) In addition to determinations authorized elsewhere in this Resolution, the Finance Director shall determine the aggregate principal amount of Series 2005 Securities to be issued, but not in excess of the aggregate principal amount authorized by this Resolution, on the basis of his evaluation of the maximum amount of Series 2005 Securities which can be sold, given anticipated interest rates and the revenue coverage requirements with respect to the Series 2005 Securities and for any other reasons the Finance Director deems appropriate.

(1) Such determination shall also include the type or types of Series 2005 Securities to be issued and if in one or more series and whether to issue Series 2005 Securities as Senior Lien Bonds or Second Lien Bonds or a combination thereof and the redemption provisions for Series 2005 Securities.

(2) The Finance Director shall also determine and establish, in accordance with this Resolution, the maturities of Series 2005 Securities, whether such maturities shall be serial or term maturities and the Mandatory Redemption Requirements for any term maturities.

(3) The Finance Director shall also determine whether to issue the Series 2005 Refunding Securities and, if so, the Bonds to be Refunded.

(c) In accordance with the Morgan Stanley Hedge Swap Resolution, the Finance Director is hereby authorized designate all or a portion of the notional amount of the Morgan Stanley Hedge Swap to the Series 2005 Project Securities, and to designate the Series 2005 Project Securities as Future Related Securities, as defined in the Morgan Stanley Hedge Swap Resolution; provided, however, if less than all of the notional amount of the Morgan Stanley Hedge Swap is designated to the Series 2005 Project Securities, then the proportion of the termination payment on the Morgan Stanley Hedge Swap payable as Morgan Stanley Hedge Swap Capitalized Interest shall be no greater than the proportion of the notional amount of the Morgan Stanley Hedge Swap which is designated to the Series 2005 Project Securities.

(d) For the purpose of more effectively managing debt service requirements of outstanding Securities and the Series 2005 Securities the Finance Director is hereby authorized in his discretion to enter into one or more Interest Rate Agreements with such counterparties and containing such provisions as shall meet the requirements of Act 34, the Swap Management Plan, and the Debt Management Plan. Any such Interest Rate Agreement may be obtained on a forward starting or delayed delivery basis if determined by the Finance Director to be in the best interests of the City. To the

extent, if any, provided in the Sale Order, the Morgan Stanley Hedge Swap may be related to the Series 2005 Securities.

(1) The Council acknowledges the potential risks associated with the Interest Rate Agreements including, counterparty risk, termination risk, rollover risk, basis risk, tax event risk, and amortization risk, as set forth in the Swap Management Plan.

(2) The Finance Director is authorized to negotiate the terms of the Interest Rate Agreements, provided, that such terms are consistent with Act 34, the Swap Management Plan, the Debt Management Plan, the Ordinance and this Resolution and are not materially adverse to the City.

(3) The Finance Director is further authorized to enter into such ancillary agreements, including, without limitation, agreements to obtain insurance on some or all of the payments due under Interest Rate Agreements, in connection with the Interest Rate Agreements, as may be necessary or appropriate and are consistent with Act 34 and the terms of the Swap Management Plan, the Debt Management Plan, the Ordinance and this Resolution.

(4) The determinations made by the Finance Director in connection with the Interest Rate Agreements shall be confirmed in the Sale Order.

(e) The Finance Director is authorized to enter into such Financial Facility Agreements as provided in Section 8 hereof on behalf of the City as the Finance Director determines to be cost effective, make such ancillary agreements and do such other things and take such other actions in connection therewith as may be necessary or appropriate and not otherwise inconsistent with the Ordinance or the parameters hereof.

(f) The Mayor or, if permitted by law, the Finance Director, is authorized to file applications and to pay the related fees, if any, to the Michigan Department of Treasury at his discretion under Act 34 for one or more Orders of Approval to issue all or a portion of the Series 2005 Securities, and such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the Series 2005 Securities as authorized herein, and as required by the Michigan Department of Treasury or Act 34.

(g) The Finance Director is hereby authorized and directed to do and perform any and all other acts and things with respect to the Series 2005 Securities which are necessary or appropriate to carry into effect, consistent with the Ordinance and this Resolution, the authorizations therein and herein contained including without limitation the securing of ratings by bond rating agencies, and the incurring of reasonable fees costs and

expenses incidental to the foregoing, for and on behalf of the City.

(h) All determinations and decisions of the Finance Director with respect to the issuance and sale of the Series 2005 Securities as permitted or required by this Resolution shall be confirmed and approved by the Finance Director in the Sale Order.

(i) During the Finance Director's absence or disability, or while the Finance Director's position is vacant, the Deputy Finance Director shall exercise all the powers, perform all the duties and make all the determinations herein required or permitted by the Finance Director.

Section 18. Advancement of Costs of the Project.

At the direction of the Finance Director, the City may advance certain costs of the Project from the City's funds prior to the issuance of the Bonds. The City intends to reimburse itself for any costs of the Projects paid or incurred by the City prior to the issuance of the Series 2005 Project Securities with proceeds of the Series 2005 Project Securities. The Internal Revenue Service has issued Treas. (d) A reimbursement allocation of the expenditures described in (b) above with the proceeds of the borrowing described herein will occur not later than 18 months after the later of (i) the date on which the expenditure is paid, or (ii) the date the Project is placed in service or abandoned, but in no event more than three (3) years after the original expenditure is paid. A reimbursement allocation is an allocation in writing that evidences the City's use of

the proceeds of the debt to be issued for the project to reimburse the City for a capital expenditure made pursuant to this Resolution.

(e) The expenditures described in (b) above are "capital expenditures" as defined in Treas. (f) No proceeds of the borrowing paid to the City in reimbursement pursuant to this Resolution will be used in a manner described in Treas. Reg. §1.150-2(h) with respect to abusive use of such proceeds, including but not limited to using funds corresponding to the proceeds of the borrowing in a manner that results in the creation of replacement proceeds (within Treas. Reg. §1.148-1) within one year of the reimbursement allocation described in (d) above.

(g) Expenditures of the Project to be reimbursed from the proceeds of the borrowing that are subject to the limitations set forth in this Resolution do not include (i) costs for the issuance of the debt, (ii) an amount not in excess of the lesser of \$100,000 or five percent (5%) of the proceeds of the borrowing, or (iii) preliminary expenditures not exceeding twenty percent (20%) of the issue price of the borrowing within the meaning of Treas. Reg. §1.150-2(f) (such preliminary expenditures include architectural, engineering, surveying, soil testing and similar costs incurred prior to construction of the Project, but do not include land acquisition, site preparation, and similar costs incident to commencement of construction).

Section 20. Ratification.

All determinations and decisions of the Finance Director and of the Deputy Finance Director of the City with respect to the issuance and sale of the Series 2005 Securities as permitted or required by the Ordinance or law are hereby ratified, confirmed and approved.

The appointment by the Finance Director of the law firms of Lewis & Munday, A Professional Corporation and Miller, Canfield, Paddock and Stone, P.L.C., as Co-Bond Counsel for the Series 2005 Securities is hereby ratified and confirmed, notwithstanding the periodic representation by Lewis & Munday, A Professional Corporation or Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters of other parties and potential parties to the issuance of the Series 2005 Securities. The fees and expenses of Lewis & Munday, A Professional Corporation and Miller, Canfield, Paddock and Stone, P.L.C., shall be payable as an Issuance Cost from the proceeds of the Series 2005 Securities or other available funds in accordance with the letters of such firms on file with the Finance Director.

The Finance Director is authorized to engage other consultants, including, without limitation, a verification agent to verify the mathematical sufficiency of the Escrow Deposit, financial advisors, or other parties as he deems necessary or appropriate in connection with the sale, issuance and delivery of the Series 2005 Securities and to pay the fees and expenses thereof from the proceeds of the Series 2005 Securities or other available funds.

Finance Department

January 25, 2005

Honorable City Council:

Re: Request to adopt the Resolution authorizing an Installment Purchase under the existing GE Capital Master Lease Agreement dated February 27, 1998 between the City of Detroit and GE Capital.

On December 28, 2004 a resolution was submitted for the acquisition of 121 buses to be utilized by the Department of Transportation, allowing the City to raise approximately \$38 million for the equipment. The attached resolution has been amended to omit references to a proposed agreement with New Flyer. The amended resolution authorizes the City to execute Equipment Schedule Nos. 016-019 (also attached) under the existing Master Lease Agreement dated February 27, 1998 between the City and GE Capital.

Adoption is respectfully requested with waiver of reconsideration at your next scheduled formal session.

Respectfully submitted,

SEAN K. WERDLOW

Finance Director

Resolution Authorizing Installment Contract for the Acquisition of Buses

By Council Member S. Cockrel:

Whereas, The City of Detroit (the "City") proposes the acquisition of 121 urban transit buses to be located at Detroit Department of Transportation locations within the city (the "Property"); and

Whereas, It is determined to be necessary and desirable and in the best interest of the City that the acquisition and installation of the Property be financed by an installment contract authorized under the provisions of Act No. 99, Public Acts of Michigan, 1933 as amended, and more specifically by the acquisition and installation of the Property pursuant to an installment contract identified as a Master Lease Agreement (the "Lease"), dated February 27, 1998, between the City and GE Capital Public Finance, Inc. (the "Lessor"), and Equipment Schedule No. 016 thru 019 to be attached thereto relating to the Property, in the aggregate prin-

cipal amount not to exceed \$38,500,000 (the "Schedule" and together with the Lease, collectively the "Contract"); and

Whereas, The aggregate outstanding balance, exclusive of interest, of all purchases made by the City pursuant to Act 99, including the Contract, does not exceed 1-1/4% of the taxable value of the real and personal property of the City.

Now, Therefore, Be It Resolved, That

1. It is hereby found to be necessary and desirable for the City to finance the cost of the acquisition and installation of the Property in the aggregate principal amount not to exceed \$38,500,000 pursuant to the terms and conditions of the Contract.

2. (a) The Lease is hereby ratified and confirmed. The Schedule shall be dated the date of delivery thereof. The interest rate on the interest portion of the rental payments to be made by the City under the Contract shall not exceed 4.50% per annum as shall be determined by the Finance Director at the time of the execution and delivery thereof. The Contract shall be payable in rental payments, consisting of both a principal portion and an interest portion, on such dates and in such years and amounts as shall be determined by the Finance Director and set forth in the Schedule at the time of the execution and delivery thereof; shall be in the aggregate principal amount not to exceed \$38,500,000 as shall be determined by the Finance Director and set forth in the Schedule at the time of the execution and delivery thereof; and may be prepaid on such dates and in such years and upon the payment of a prepayment fee, if any, as shall be determined by the Finance Director and set forth in the Schedule at the time of the execution and delivery thereof. Notice of any such prepayment shall be given as provided in the Contract.

(b) In making the determinations set forth in (a) above, the Finance Director shall be limited as follows:

(1) The first rental payment under the Schedules that contains a principal portion shall be due not later than September 1, 2005, and the final rental payment under the Schedule shall be due not later than March 1, 2015.

(2) The amount of the principal portion of the rental payments due under the Schedules in any one year shall not exceed \$2,315,000.

2. The Mayor and the Finance Director are hereby authorized to enter into the Schedule in substantially the form presented to the City Council (upon which form the City Clerk shall indicate the date of adoption of this resolution), with such changes thereto as are approved by the Finance Director, consistent with the terms of this resolution and not materially adverse to the City. The Schedule shall be

executed with the facsimile signature of the Mayor and the manual signature of the Finance Director and shall have the seal of the City impressed or imprinted thereon. The approval of such changes by the Finance Director shall be conclusively evidenced by his signature on the Schedule. The Schedule may be executed in counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

3. Except as provided in Section 4.2 of the Lease, the obligation of the City to make rental payments to the Lessor as provided in the Contract shall be absolute and unconditional in all events; provided, however, nothing contained herein or in the Contract shall limit the rights or remedies of the City under the Agreement.

4. The City covenants to comply with all provisions of the Internal Revenue Code of 1986, as amended (the "Code"),

necessary to maintain the exclusion of the interest portion of the rental payments due on the Contract from gross income for federal income tax purpose.

5. The Mayor, the City Clerk, the Finance Director and other officers of the City as may be necessary are each hereby authorized to execute and deliver such documents, instruments and certificates as are necessary or desirable to consummate the described transaction and to maintain the exclusion of the interest portion of the rental payments due on the Contract from gross income for federal income tax purposes.

6. The useful life of the property is determined to be five (5) years and upwards.

7. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution are rescinded.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO RESOLUTION TO AUTHORIZE SUBPOENA DIRECTED TO MAYOR KWAME KILPATRICK FOR THE PRODUCTION OF DOCUMENTS

On January 26, 2005 I voted in opposition to the resolution referenced above. In this regard, I have attached a previous statement I issued on September 20, 2004 on a resolution to set a closed hearing on the same subject. As I stated previously, there has already been a full investigation into this matter by multiple governmental agencies. There have been findings of wrongdoing and lack of controls. Most of the requested information has already been made available.

The purpose of this subpoena is to order the production of those documents that have not yet been provided. I see no reason for issuing this subpoena given that professional investigations have already been concluded. The issuance of this subpoena constitutes an exercise in futility and it is a waste of precious City resources. For this reason, I voted no.

STATEMENT BY COUNCIL MEMBER S. COCKREL IN SUPPORT OF ORDINANCE AMENDMENTS TO THE 1984 DETROIT CITY CODE TO PROVIDE FOR AN ALTERNATIVE FUNDING MECHANISM TO MAKE REQUIRED CONTRIBUTIONS TO THE RETIREMENT SYSTEMS

On Wednesday, February 2, 2005, I voted in support of the aforementioned ordinance amendments. I did so because of multiple reports, analysis, and advice that show that by not supporting this ordinance, our city would face immediate, wide scale fiscal crises.

As the Council was told in 2004 during the 2004-05 fiscal year budget discussions, the budget contains an \$80 million gap. It has been the Administration's position that the planned approach to filling that gap would be through refinancing constitutionally required pension payments through the issuance of pension obligation certificates.

This refinancing, as explained by Fiscal Analyst Irvin Corley, Auditor General Joseph Harris, and the Detroit Chief Financial Officer Sean Werdlow, creates no greater liability to the city and in fact saves the city money. Similar to a home loan, this refinancing reduces the rate of interest that the city pays on money it owes from 7.8 percent to approximately 5.8 percent.

Additionally, advisers from the city's bond rating agencies, Fitch's and Standard & Poor's, while refraining from making a formal recommendation, advised the Council on January 31, 2005 that such restructurings by cities can be a prudent way to address a city's fiscal woes.

Concurrently, Mr. Harris, Mr. Corley, and Mr. Werdlow have advised that because of the timing and the grave need, not taking this approach would force the layoffs of an estimated 2,000 to 3,000 workers, a workforce reduction that would be imminent and devastating. These layoffs would be in addition to more than 600 positions already proposed by the Mayor.

Because of the Council's delays on this issue, the city has already sacrificed savings that would have been yielded had a vote been taken sooner. The interest rate the city would have gotten in December was 5.8 percent. Now, the current estimate is about 5.9 to 6 percent.

Finally, this new fiscal dilemma comes at the same time that the city grapples with a minimum combined budget shortfall and deficit estimated at approximately \$387 million dollars for FY 03-04, 04-05 and 05-06. This amount does not include the additional \$80 million hole created today by not passing this ordinance.

I noted that to date, despite repeated references by colleagues who opposed this measure, no substantive, alternative proposals have been provided to this Council to address the \$80 million hole or to avoid the layoffs. Additionally, with respect to submissions by various Council Members pertaining to potential budget savings, we have been advised that there is no time to implement such alternatives and that they are more geared towards solving the structural budget problems for FY 05-06.

I also believe that some members of this council, Councilwoman Sharon McPhail in particular, have decided to gamble the city's future, its reputation, its ability to deliver services, and lastly its credibility by opposing this measure for the sake of political gain, rather than making a decision based on good public policy or in the interest of the city's residents. Her reference to this issue as a "game" is outrageous at best.

I watched in horror as residents left the council chambers in tears following this measure's failure to pass. As a financial transaction designed to create savings through refinancing an existing debt, there is an element of risk involved. However, doing nothing is a guarantee of leaving a gaping hole in the budget and of unnecessarily laying off more city workers. Given that the choice is between taking a reasonable chance at savings jobs versus laying people off and cutting services for certain, I choose to take a chance. It is for all the above reasons that I supported these amendments.

STATEMENT BY COUNCIL PRESIDENT MAHAFFEY, COUNCIL MEMBER MCPHAIL, COUNCIL MEMBER COLLINS AND COUNCIL MEMBER WATSON ON PROPOSED PENSION OBLIGATION CERTIFICATES OF PARTICIPATION

Today we noted "no" on utilizing proposed Pension Obligation Certificates (POC's) to fund the city's existing unfunded accrued actuarial liability because it contains elements of risk the city is in no position today to assume.

The Administration included \$80 million

of savings from the proposed POC plan as the *only* solution for funding the 2004-2005 year's pension obligation. The Administration states that to deal with budget woes, it had "no options other than reducing expenditures". Yet no other budget funding alternatives were then or have been presented. Despite repeated requests for information, there has been no detailed analysis of our structural budget problem, no analysis or prioritizing of what services are essential and how to feasibly provide those services through the kind of budget restructuring actions that are needed.

The Administration has stated that if the POC proposal doesn't go through, then there will be automatic layoffs. To the contrary, a more rigorous analysis of our budget situation can yield alternative solutions to preserve jobs that do not depend upon this deficit financing tool.

At a time when we face an uncertain future because of a volatile stock market, a federal deficit estimated in the trillions of dollars, and a protracted costly, disastrous war, we should not gamble on a fifteen year financing plan that is predicated upon promises of a stable stock market.

At a time we face a precarious economic future, it may not be prudent to lose the flexibility we currently have in our pension systems to respond to changing markets and economic conditions. The POC transaction is a hard and fixed debt service payment. It has to be paid in full every year. If gains from investments do not offset the costs of the unfunded liability, we will then have two payments to make, to cover both the new UAAL and normal current year pension obligations. The Administration has not weighed the impact of what to do if there are two or three bad years of earnings.

Although the Administration has stated that the POC transaction would not have any effect on future pension benefit increases, it would nevertheless have a chilling effect on any benefit requests. As our Fiscal Analyst stated the pension systems would have to think twice before considering any benefit increases.

Our budget is already suffering from, among many other things, MBIA's inability to collect property taxes as promised, untimely filing of payroll taxes, millions paid out to professional services contractors for services that could be done more efficiently in-house, and an estimated \$200 million given away in tax abatements with questionable benefits to the city.

When there is a meaningful, comprehensive deficit financing plan presented that extends through 2007-2008, based on detailed analysis of problems, which has been fully and publicly discussed, with alternatives of how to consolidate resources while minimizing the impact of

employee layoffs, then we would reconsider whether or not the POC transaction makes sense.

It is critically important to understand the importance of a comprehensive deficit reduction plan that outlines alternatives for how the city will meet the needs of our citizens. Every decision that involves layoffs of city employees has immediate impact that can be felt by every citizen. Each budget choice we make to lay off city employees directly affects our ability to generate property and income tax revenues and our ability to provide basic services to residents. It affects whether people have health care and the stability of our neighborhoods. These are reasons why we need to have all the information available in order to make the best, informed choices possible to preserve and maintain a quality of life for taxpaying residents.

STATEMENT BY BARBARA-ROSE
COLLINS ON PENSION OBLIGATION
CERTIFICATE

I voted "No" on the City of Detroit financing \$1.2 billion of debt owed to the pension fund as a Pension Obligation Certificate. Throughout all of my research on the matter of Pension Obligations Bond or Certificates, everyone concurs that this type of venture is risky and it should be implemented as the very last option. I believe we should clean our house first and began the task of eliminating waste and restructure government. The Kilpatrick Administration has known of the problems that we face today for three years. The only solutions that were proposed are one-time fixes. It is time to work together with City Council and restructure government.

I understand that the Kilpatrick administration has threatened 2000 layoffs if the Pension Obligation Certificate Proposal is not approved. I regard this as a threat and I believe it is an easy way to solve a problem rather than to develop a comprehensive plan to eliminate our debt.

I understand the proposed Pension Obligation Certificate is a viable option. Once we begin restructuring and we still have a shortfall, then we should consider Pension Obligation Certificates. If there is not a change in the mindset of this Administration on how we look at our financial situation, receivership is on the horizon.

STATEMENT BY COUNCIL MEMBER
ALBERTA TINSLEY-TALABI
REGARDING THE DETROIT CITY
COUNCIL VOTE ON THE PENSION
OBLIGATION CERTIFICATES

After several months of deliberations on the merits of issuing Pension Obligation Certificates (POCs) to refinance the city's pension costs, I voted in favor of the pro-

posal which would have saved the city over \$227 million in pension costs (\$80 million in the current fiscal year), prevented thousands of additional lay-offs of employees, protected the city's credit rating and begin to correct the structural budget problems facing the city. Unfortunately none of these benefits will materialize because the City Council's vote resulted in a 4-4 tie which means the proposal did not pass.

The City of Detroit currently owes \$1.2 billion to the two city retirement systems. Pension costs continues to increase every year and by 2007 pension and healthcare benefits will total more than the city's annual payroll for 18,000 employees. The POCs would have allowed the city to pay this \$1.2 billion at a 5.9% interest rate rather than the current 7.9% rate. This reduction in interest would save \$227 million dollars. Even though the POCs were supported by the city's Auditor General, City Council's Fiscal Analyst and the General Retirement Board, Council Members McPhail, Watson, Collins and Mahaffey did not support the proposal.

As a direct result of not passing the proposal, the city must continue to pay a higher interest rate and we lose the opportunity for saving \$227 million. Moreover, the city will have to lay-off at least 2000 employees to make up for the \$80 million shortfall in this year's budget created by not approving the POCs. Additionally, the city's credit rating is now in jeopardy of being downgraded adding millions in fees and interest to the cost of future bond sales.

Approving the issuance of the POCs would have aided the city in addressing the structural budget problems. The credit rating agencies clearly indicated to the City Council that issuing POCs was the prudent course of action. In fact, the credit rating agencies said that there are four options available to the city to address our pension costs: 1) cut benefits — this option would harm current retirees which I could not support; 2) increase contribution — the goal is to cut costs, not increase costs; 3) ignore the problem; or 4) issue POCs. Today's vote clearly indicates that the four Members who voted for the POCs wanted to take the prudent course of action while the four who did not support the POCs preferred to ignore the problem at the city's peril.

Re: Property at 2660 Taylor.

Carnel Rucker and his wife, Diane Rucker, executed a land contract with the City of Detroit on August 26, 1986 for property at 2660 Taylor, but failed to pay the land contract balance of Four Thousand Nine Hundred Forty-Seven Dollars (\$4,947.00). This land contract was not recorded with the Wayne County Register of Deeds. Carnel Rucker acquired all of Diane Rucker's interests in 2660 Taylor pursuant to a default judgment of divorce entered February 1, 1991 and recorded with the Wayne County Register of Deeds on May 27, 1991. Frederick Perry and Christopher Watson acquired the land contract interests of Carnel Rucker on March 15, 2001 by quit claim deed recorded in the Wayne County Register of Deeds Office on March 22, 2001. Mr. Watson quit claimed his interests in the property to Mr. Perry on February 4, 2002 and the quit claim deed was recorded with the Wayne County Register of Deeds on February 6, 2002.

Mr. Perry approached City Council asking for its assistance in negotiating a sale with the Planning and Development Department for \$4,947.00. Subsequent to this request, in June 2004, City Council authored a resolution encouraging the Planning and Development Department to sell the property to Mr. Perry for \$6,598.97.

Since Mr. Perry's March 15, 2001 acquisition of Mr. Rucker's land contract interests, interest payments in the amount of \$1,432.33 (calculated to 10/26/2004) have accrued. Also, since March 15, 2001 City tax payments of \$7,872.93 and County tax payments of \$1,123.50 have accrued. The total of principal, interest and taxes is \$15,375.76.

The Planning and Development made an offer to Mr. Perry to sell the property to him for this amount and Mr. Perry has accepted the offer and tendered this amount to the Planning and Development Department.

The Planning and Development Department asks the Honorable City Council to approve the sale of 2660 Taylor, Detroit, Michigan to Frederick Perry for \$15,375.76.

Honorable City Council:

Re: Derrick Walker vs. City of Detroit and Dawn Humphrey. Case No. 03-317775-NI. File No.: A20000-002004 (KDP).

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that the City should agree to the entry of an Order of Dismissal and enter into an Agreement to Arbitrate on the terms and conditions set forth in the following resolution.

We, therefore, request authorization to agree to entry of an Order of Dismissal and to enter into an Agreement to Arbitrate on the terms and conditions set forth in the following resolution and, upon certification by the Law Department that the arbitrators have announced a decision requiring the City to pay a designated sum to the Plaintiff, that your Honorable

Body direct the Finance Director to issue a draft payable to Derrick Walker and his attorneys, The Thurswell Law Firm, P.L.L.C., in the amount the City is to pay the Plaintiff pursuant to the arbitrators' decision, but said draft shall not exceed Thirty Thousand Dollars (\$30,000.00).

Resolved, That:

The Law Department is authorized to agree to entry of an Order of Dismissal and to enter into an Agreement to Arbitrate in the case of Derrick Walker vs. City of Detroit and Dawn Humphrey, Wayne County Circuit Court Case No. 03-317775- NI, on the following terms and conditions:

A. 1. The parties shall submit to arbitration all matters in controversy raised in the above-named lawsuit.

2. The maximum amount of any award to the Plaintiff shall not exceed the amount of Thirty Thousand Dollars (\$30,000.00).

3. Any award in excess of \$30,000.00 shall be interpreted to be in the amount of \$30,000.00.

There shall be no costs, fees, attorney fees or interest taxable with respect to the award rendered by the arbitrators.

The award of the arbitrators shall represent a full and final settlement of any amounts due and owing to Plaintiff for any and all claims arising out of the incident which occurred on or about July 18, 2002 at or near Woodward Avenue and Stimson; however, limited judicial review may be obtained in a Michigan Federal District Court or Michigan Circuit Court of competent jurisdiction (a) in accordance with the standards for review of arbitration awards as established by law; or (b) on the ground that the arbitrators committed an error of law.

B. Promptly after the arbitrators announce their decision, the Law Department shall inform City Council in writing of that decision.

C. Upon certification by the Law Department that the arbitrators have announced a decision requiring the City to pay part or all \$30,000.00 to the Plaintiff, the Finance Director is authorized to issue a draft drawn upon the proper account in favor of Derrick Walker and his attorneys, The Thurswell Law Firm, P.L.L.C., in the amount of the arbitrators' award; but said draft shall not exceed Thirty Thousand Dollars (\$30,000.00).

Honorable City Council:

Re: Request of Courtyard by Marriott to erect a business sign at 333 E. Jefferson in a PCA (Restricted Central Business District) zoning district (Recommend Approval).

Courtyard by Marriott is requesting a permit to erect a business sign at 333 E. Jefferson (The Millender Center). This property is located in a PCA (Restricted Central Business District) zoning district. PCA zoning districts are located in close proximity to the Public Center District and the controls of the PCA district are designed to prevent uses and structures from having a deleterious effect on the public center of the city. Section 113.0200 of the Zoning Ordinance requires City Council approval of the location and design of any sign proposed in a PCA district after receiving a report and recommendation from the City Planning Commission.

The proposed sign would be placed at the fifth level of the east facade of the atrium near Randolph and Jefferson. The sign would be 5 feet 7 inches high and 9

feet wide. The sign would be made of plastic, have fluorescent illumination, and contain the wording "COURTYARD" "Marriott" and the Marriott logo. The background colors of the sign would be green and red with white lettering.

City Planning Commission staff has reviewed the proposal and illustration related to the proposed sign and finds that it is appropriate for the PCA district. The sign is relatively small and would on a portion of the building that currently has no signage. We further find that the location and design of the proposed sign would be consistent with the spirit, purpose and intent of the PCA district. We therefore recommend approval of the location and design of the sign and submit the attached resolution for your consideration.

Re: Public Hearing on the Establishment of the Farrington Estate Enterprise Zone as Requested by the Original New Grace Missionary Baptist Church in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the Farrington Estates Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones". Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map attached. The developer proposes to construct 30 single-family homes and a 60 unit senior living facility. Each single-family home configuration will consist of three bedrooms with a minimum of 1525 square feet. The estimated project costs is \$4.77 million.

We request that a Public Hearing be

scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration, please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Petition No. 2665 of "SVA/Stucky — Vitale Architects", at 27172 Woodward Avenue, Royal Oak, Michigan 48067 on behalf of "1001 Woodward Parking, L.L.C.," a Michigan limited liability company, whose address is 30078 Schoenherr, Suite 300, Warren Michigan 48088, request to install and maintain encroachments within the westerly right-of-way of Woodward Avenue, 120 feet wide, between Michigan Avenue and State Street: the southerly right-of-way line of State Street, 60 feet wide, west of said Woodward Avenue; and the north-south public alley, 20 feet wide, in the block bounded by Griswold Avenue, 90 feet wide, Woodward Avenue, 120 feet

wide, Michigan Avenue, 100 feet wide and State Street, 60 feet wide, for the proposed 12 floor parking structure.

The "1001 Woodward Parking, L.L.C." intends to install and maintain the following encroachments: 1) Seven (7) caissons 3 feet into the north-south public alley, 20 feet wide; b) Building to cantilever 10.00 feet within said public alley, beginning at a elevation 16.00 feet above the existing grade of the alley, to a total height of approximately 141.00 feet; c) Canopy encroaching 8.00 feet into the west line of Woodward Ave., 120 feet wide, and the south line of State St., 50 feet wide; d) The installation of a 8.00 ft. x 1.00 ft. sign at the south/west corner of said Woodward Ave. and State St.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The Traffic Engineering Division — DPW reports no objections with the requested encroachments provided that the bottom of the proposed sign at the south/west corner of Woodward Ave. and State St., shall be at least 8.00 ft. above the sidewalk and shall have a minimum clearance of 3.00 ft. between the edge of the pavement and the outer face of the sign. Also, the requested canopy shall be at least 8.00 ft. above the sidewalk and shall have a minimum clearance of 3.00 ft. between the edge of the pavement and the outer face of the canopy. The canopy shall be fully cantilevered (no support permitted from the ground). The grade and surface shall be maintained in original condition after the completion of caisson installation and a minimum clearance of 8.00 ft. shall be maintained between the road surface and caisson top surface. Also, the requested building cantilever within the public alley shall be 16.00 ft. above the alley surface as proposed, and shall be fully cantilevered (no support permitted from the ground).

The Public Lighting Department (PLD) reports having manholes, underground street lighting, traffic signal and communication circuits running in the proposed area requested for encroachment. The petitioner will be liable for any damages to any PLD installations. Also, the PLD will require underground and overhead easement rights 24 hours for heavy vehicles for maintenance of PLD installations.

The Detroit Water and Sewerage Department (DWSD) reports existing facilities in the rights-of-way of Woodward Avenue and State Street that would not interfere with the 8-foot encroachment for canopy or the permanent encroachment for sign. However, there is an existing 8-inch DWSD water main and a 15" x 20" sewer main in the alley where the request is for a 5-foot permanent encroachment for caissons.

The DWSD has no objection to the pro-

posed encroachment provided that a horizontal clearance of 5-feet is maintained between the pipes and the caissons.

Satisfactory arrangements are being made with Detroit Edison (DTE) to insure that DTE manholes in the area are not disturbed.

All other City departments and privately owned utility companies have reported no objections or that satisfactory arrangements have been made.

Respectfully submitted,

WILLIAM TALLEY

Head Engineer

STATEMENT OF COUNCIL MEMBER
S. COCKREL IN SUPPORT OF VOTE
ON FEBRUARY 4, 2005 ON
ORDINANCE AMENDMENTS TO
THE CITY CODE TO CONTRIBUTE
TO THE POLICE AND FIRE
RETIREMENT SYSTEMS

On Wednesday, February 2, 2005, and again on Friday, February 4, 2005, I voted in support of the aforementioned ordinance amendments. I would like to thank Mayor Kwame Kilpatrick for calling a special session and appearing before the Council in order to personally make the case for these amendments. The Mayor spent in excess of four and one half hours addressing the inquiries of various members of City Council.

I am delighted that four (4) of my colleagues, President Mahaffey, Ms. Collins, Ms. McPhail and Ms. Watson, who had painted themselves into a corner by following the "policy" leadership of member McPhail finally accepted the fact that Mayor Kilpatrick was not playing a "game" as alleged by Ms. McPhail. Two thousand employees would have been laid off if the Council did not approve this POC transaction. After over four (4) hours of dialogue, a contrived face-saving "negotiation" was undertaken on behalf of the group to ask the Mayor to "agree" to two statements that are already Administration policy.

This city faces a fiscal crisis that will require that all the City's leadership to work together in a new paradigm. Four (4) Council Members dragged this matter out for months and in some cases, claimed that their questions were not answered, when in fact, the documents had been provided by the Administration. The political theater that has characterized this term is rooted in a cynical and cavalier disregard for the consequences of an ongoing pattern of grandstanding.

The City Council has had many months to evaluate this proposal and to do its due diligence. Throughout the process of introducing, reviewing and voting on this set of ordinances, I have issued three (3) separate statements on this subject and I attach them for purposes of providing the factual background on which I based my yes vote.

That being said, I believe that there is still some factual misinformation and lack of clarity as to this whole transaction that needs to be cleared up. This transaction is not one designed to borrow money for the City's general needs. Simply stated, it is a method designed to restructure by refinancing already existing financial obligations.

As it has been stated numerous times, the City already owes its pension systems \$1.2 billion dollars. Instead of paying it off over the next fourteen (14) years from the general fund at a rate of 7.8%, the City is issuing pension obligation certificates (POC) for \$1.2 billion. This amount is to be placed into an account within the pension systems to be invested. The City pays the amount owing on those certificates at a rate of 5.8% thereby realizing a savings of 2% per year on \$1.2 billion over the next fourteen (14) years. This amounts to an aggregate savings of approximately \$277 million over that same time period. As is the case with any financial transaction dependent on interest rates, there is a certain element of risk. However, when analyzing the average rates of return over long periods of time, the City has typically done well. This fact serves to help negate the risk that is involved with this transaction.

Perhaps more importantly, I have not seen any sensible alternative proposal that would fill the \$80 million dollar hole that would have been created in this year's budget had these ordinances not been passed. The only alternative that I am aware of is one that would issue bonds to cover only one year or a few years' worth of pension liability. This arrangement would be very problematic. The POC transaction as proposed as a refinancing tool that would be viewed by investors as a prudent long-term financial solution designed to take advantage of the currently low interest rates. Alternatively, refinancing one year, or a few years' worth of liability would be more akin to issuing bonds purely to pay for debt. In fact, this type of transaction would be issuance of additional fiscal stabilization bonds. This is truly a situation of borrowing money because we cannot pay, which could negatively affect the City's bond rating.

To illustrate the difference in the two proposals, the POC transaction is like refinancing the mortgage on your home in order to save money on interest when a lower interest rate is available. The alternative of issuing bonds to pay for one year would be like taking a bank loan to pay for one year's worth of your mortgage because you can't make the payment. The material difference is that in the first situation, the assumption is you can pay your obligation, you are merely paying for it in a cheaper way. With the second situ-

ation, the assumption is that you are borrowing money because you cannot pay.

In addition to the proposal to issue bonds for only a portion of the total outstanding liability, there were a slew of suggestions by Council Members to make reductions and cuts in various places in the budget. As the Mayor and the Budget Director stated during the February 4, 2005 Council meeting, those cuts that were suggested would be very beneficial in discussing during Council's budget deliberations for FY 2005-06 looking forward, however, they would not produce enough savings to fill the \$80 million gap.

In conclusion, The City of Detroit has spent a great deal of time and effort examining and reexamining the Pension Obligation Certificates. I, through my office, and personally have spent countless hours researching this issue and doing my due diligence. The Finance Department, the City Council Fiscal Analysis Division and the Auditor General of the City of Detroit all unequivocally support this transaction. Even bond rating agencies indicated that the issuance of these types of instruments would be seen to be prudent financial measures taken in time of fiscal crises. For all these reasons, I chose this and I chose it now.

STATEMENT OF COUNCIL MEMBER
S. COCKREL IN SUPPORT OF
ORDINANCE AMENDMENTS TO
THE 1984 DETROIT CITY CODE TO
PROVIDE FOR AN ALTERNATIVE
FUNDING MECHANISM TO MAKE
REQUIRED CONTRIBUTIONS TO
THE RETIREMENT SYSTEMS

On Wednesday, February 2, 2005, I voted in support of the aforementioned ordinance amendments. I did so because of multiple reports, analysis, and advice that show that by not supporting this ordinance, our city would face immediate, wide scale fiscal crises.

As the Council was told in 2004 during the 2004-05 fiscal year budget discussions, the budget contains an \$80 million gap. It has been the Administration's position that the planned approach to filling that gap would be through refinancing constitutionally required pension payments through the issuance of pension obligation certificates.

This refinancing, as explained by fiscal Analyst Irvin Corley, Auditor General Joseph Harris, and the Detroit Chief Financial Officer Sean Werdlow, creates no greater liability to the city and in fact saves the city money. Similar to a home loan, this refinancing reduces the rate of interest that the city pays on money it owes from 7.8 percent to approximately 5.8 percent.

Additionally, advisers from the city's bond rating agencies, Fitch's and

Standard & Poors, while refraining from making a formal recommendation, advised the Council on January 31, 2005 that such restructurings by cities can be a prudent way to address a city's fiscal woes.

Concurrently, Mr. Harris, Mr. Corley, and Mr. Werdlow have advised that because of the timing and the grave need, not taking this approach would force the layoffs of an estimate 2,000 to 3,000 workers, a workforce reduction that would be imminent and devastating. These layoffs would be in addition to more than 600 positions already proposed by the Mayor.

Because of the Council's delays on this issue, the city has already sacrificed savings that would have been yielded had a vote been taken sooner. The interest rate the city would have gotten in December was 5.8 percent. Now, the current estimate is about 5.9 to 6 percent.

Finally, this new fiscal dilemma comes at the same time that the city grapples with a minimum combined budget shortfall and deficit estimated at approximately \$387 million dollars for FY 03-04, 04-05 and 05-06. This amount does not include the additional \$80 million hole created today by not passing this ordinance.

I note that to date, despite repeated references by colleagues who oppose this measure, no substantive, alternative proposals have been provided to this Council to address the \$80 million hole or to avoid the layoffs. Additionally, with respect to submissions by various Council Members pertaining to potential budget savings, we have been advised that there is no time to implement such alternatives and that they are more geared towards solving the structural budget problems for FY 05-06.

I also believe that some members of this council, Councilwoman Sharon McPhail in particular, have decided to gamble the city's future, its reputation, its ability to deliver services, and lastly its credibility by opposing this measure for the sake of political gain, rather than making a decision based on good public policy or in the interest of the city's residents. Her reference to this issue as a "game" is outrageous at best.

I watched in horror as residents left the council chambers in tears following this measure's failure to pass. As a financial transaction designed to create savings through refinancing an existing debt, there is an element of risk involved. However, doing nothing is a guarantee of leaving a gaping hole in the budget and of unnecessarily laying off more city workers. Given that the choice is between taking a reasonable chance at savings jobs versus laying people off and cutting service for certain, I choose to take a chance. It is for all the above reasons that I supported these amendments.

STATEMENT OF COUNCIL MEMBER
S. COCKREL IN SUPPORT OF
THE INTRODUCTION OF THREE
PROPOSED ORDINANCES TO
PROVIDE FOR AN ALTERNATIVE
FUNDING MECHANISM FOR THE
FUNDING OF UNFUNDED ACTUARIAL
ACCRUED LIABILITY OF THE
RETIREMENT SYSTEMS

On Tuesday, November 16, 2004, I voted in support of introducing the three (3) ordinances referenced above. Combined, the ordinances would establish an alternative system of issuing Pension Obligation Certificates (POC) in order to address the unfunded actuarial accrued liability (UAAL) of the retirement systems.

The City of Detroit has an obligation imposed by the Michigan Constitution to fully fund the pensions of its retirees. In order to meet this obligation, money is put into the retirement system funds. This money accrues interest and checks are issued to the City's retirees in order to pay for the pensions. Currently, in order to meet the pension requirements, the retirement systems have an assumed rate of return on its investment of 7.8-7.9%. If the actual rate of return falls below the assumed rate of return, the retirement system funds have a shortfall. Additionally, whenever improvements are made to retiree benefits, this may also create a shortfall. Once these shortfalls become actuarially recognized, the City is required to make up the difference typically from the general fund. This amount is what is called UAAL.

The current UAAL is approximately \$1.2 billion. It is likely that in the very near future, if it has not happened already, another \$541 million of prior losses will be recognized by the Systems' actuary which would add that amount to the UAAL to bring the total UAAL to approximately \$1.7 billion. Be that as it may, the current \$1.2 billion UAAL amounts to total amortized payments by the City of \$2.2 billion over the next 14-15 years. This is because these payments would come from the general fund in monthly or annual payments at a rate of 7.8-7.9%.

The Administration has presented an alternative funding mechanism for this current liability to the City of Detroit. Instead of making payments at 7.8-7.9% over the next 14-15 years on the \$1.2 billion dollar liability, the City could issue POCs for the full \$1.2 billion dollars. The POCs would require interest payments of only approximately 5.8%. The money received from the POC issuance would be placed into a segregated trust within the retirement system and the UAAL would be paid on an annual or monthly basis from that fund. The key point of this transaction would be that the City would only have to make payments to the trust (via a

separately created nonprofit corporation) at a rate of 5.8% instead of making payments directly to the retirement systems at a rate of 7.8-7.9%. This difference in interest rates is known as an arbitrage and could provide very significant savings to the City of Detroit.

This financial transaction does provide certain financial risks. However, the risk of losing money on this transaction would only materialize should the return on the retirement system investment fall below the anticipated 5.8% rate. In other words, if the retirement systems realize a return on their investments of 7.8-7.9%, then the City will realize the expected savings of about \$277 million. If the systems realize a rate of return greater than 7.8-7.9%, then the City will realize even greater savings. If the retirement systems realize a return of less than 7.8-7.9%, then the City's expected savings would be reduced. Only at the point that the systems realize a return of less than 5.8% would the City be faced with total loss of savings, and perhaps even increased aggregate cost. Given that the systems have a reported annual rate of return of over 10% over the past ten years, and of 8.8% and 9.8% over the past five years, it appears unlikely that the systems would experience returns of less than 5.8% over the next 14-15 years. Assuming the unlikely event that the rate of return does fall below 5.8%, at that point in time, the City will be faced with the most dire of circumstances that nearly nothing could alleviate anyway.

With respect to this issue, there are several misconceptions about this funding alternative that need to be addressed. First, this transaction would have no effect on creating any new UAAL. Secondly, this transaction has no bearing on potential future increases to retiree benefits. This proposed transaction is designed to only deal with the current UAAL. The method that the City chooses to fund its current liability does not affect any future UAAL nor does it effect the City's ability to choose to provide additional benefits. UAAL results when the systems' investments fail to meet the assumed rates of return and when improvements are made to retiree benefits that were not originally factored into the financial formulas that provide for retiree benefits. The mere fact that the City chooses to pay for its contribution in another way has no corresponding effect on the systems financial performance nor does it by itself prohibit the City from providing improvements to benefit improvements.

It is my opinion that all necessary due diligence has been done with respect to this proposal. There have been adequate discussions and reports on all of the various risks and benefits associated with this transaction. The Finance Department,

through the City's Chief Financial Officer, the City Council's Fiscal Analyst and the Auditor General, all recommend approval of this transaction. The City is placed in a position where we can choose to take a risk on being in financial trouble, or being in financial trouble for certain. The bond rating agencies do not appear to look negatively on this transaction. We have received a legal opinion on this financial transaction. In sum, the ordinances that would provide for the issuance of POCs are ready for introduction, public hearing and are finally ready to be either voted up or down. For all of the reasons stated above, I am ready to cast my vote in favor of this transaction, and I vote in support of the introduction of these ordinances.

STATEMENT BY COUNCIL MEMBER
COLLINS ON THE PENSION
OBLIGATION CERTIFICATE
"YES" VOTE

On Friday, February 4, 2005, I voted for the City to refinance \$1.2 billion of debt owed to the General and Police and Fire Pension Fund Systems using Pension Obligation Certificates. I continue to feel this method of debt reduction is unwise. I reconsidered my position to end the stalemate established by the earlier 4 to 4 vote. I also wanted to ensure that the jobs of our City workers were preserved.

The Kilpatrick Administration has agreed to work jointly with the City Council in restructuring government and not to layoff any additional City workers for the remainder of this fiscal year. I voted "Yes" because of this gesture.

I sincerely look forward to working with Mayor Kilpatrick and anticipate great success in resolving the City's fiscal problems.

STATEMENT BY
COUNCIL PRESIDENT MAHAFFEY ON
PENSION OBLIGATION CERTIFICATES
OF PARTICIPATION

I voted "yes" today to approve the Mayor's proposal to fund the city's unfunded accrued actuarial liability with pension obligation certificates of participation with great reluctance. As stated before, the city is not yet in solid enough shape to assume the kind of risk posed by this transaction.

It was only after the Mayor publicly agreed to these conditions that I could vote for the deal in good conscience: no layoffs beyond the 700 already announced, for the rest of this year, and; a freeze on the purchase of non essential items and real estate leases beyond those that are pending and/or related to compliance with the Department of Justice decree.

The Mayor originally presented his 2004-2005 budget with only one plan to address an \$80 million obligation to the

pension fund. At that time, it was clearly expressed that the plan to sell pension obligation bonds was not acceptable.

The Administration has continually failed to provide responses to City Council questions or provide any thorough analysis of budget savings proposals that could minimize layoffs of city workers. For at least three years, the City Council's Fiscal Analyst has pointed to a ballooning budget shortfall. Yet the Administration has failed to provide any comprehensive budget deficit plan to City Council.

We *still* need a long term, comprehensive budget deficit reduction strategy. It is time to publicly discuss, analyze and weigh all impacts of any budget decisions that are made. *Everyone* — the City Council, the Mayor, labor, clergy, business and residents — need to be involved in finding solutions.

I look forward to genuine consideration — not lip service — by the Administration to alternative proposals put forth by the City Council and others for ways to address our budget problems. This includes no privatization of city jobs, cuts in managerial levels and those departments/functions that do not directly affect **essential** services to Detroit residents.

STATEMENT BY COUNCIL MEMBER
McPHAIL ON PENSION
OBLIGATION CERTIFICATES

I vote today with much unreadiness:

The Mayor has offered an incomplete strategy for solving the current and future City fiscal crisis.

The pension obligation certificates will only address those fiscal issues that are created by the UAAL for the pension system. Although this is a significant matter, it is not the fiscally sound way to proceed.

I predict that this action will lead to additional problems. However, the threat to our citizens of a more debilitated bus system, and fewer employees to serve then is substantial. This Mayor's willingness to burden the employees at the lowest level with the consequences of his mismanagement is shameful.

The stated need to pass these bonds today holds no relevance to either the UAAL or the broader issue here of the fiscal health of the City. Again it is important to note that pension obligation certificates are a risky business practice, given the fact that several cities have already created a worse fiscal situation for themselves as a result of using them. The use of pension obligation certificates should be a last choice.

With this in mind, I would consider an approach that could include pension obligation certificates as a part of a larger fiscal stability package. It is imprudent to proceed in this manner, without a more detailed fiscal stability plan that will responsibly balance the City's budget.

Clearly, Mayor Kwame Kilpatrick has demonstrated his commitment to immediate gratification right here and right now. The consequences of his failure to plan ahead await us.

**STATEMENT OF COUNCIL MEMBER
TINSLEY-TALABI REGARDING
THE SECOND CITY COUNCIL
VOTE ON THE PENSION
OBLIGATION CERTIFICATES**

On Wednesday, February 2, 2005, the Detroit City Council's vote on the Pension Obligation Certificates failed as a result of a split vote. Today, a second vote was taken on the same proposal and, fortunately for the future of the City of Detroit, our employees and residents, the measure passed. I voted in favor of the proposal on both occasions.

The proposal to sell Pension Obligation Certificates is designed to restructure existing pension costs of \$1.2 billion to save \$227 million (\$80 million will be saved in the current fiscal year). We have to pay it — period. The only question was whether we pay it at a interest rate of 5.9% or continue to pay it at a rate of 7.9%. It is very clear, straight forward financing plan.

While I am pleased that the measure passed, it should have passed two days ago. Thousands of city employees were forced to worry about the future of their jobs and the ability to take care of their families without cause. Financial experts around the country pondered about the delay in taking obvious steps to help the city's financial crisis. City residents worried about further decreases in city services. Games were being played by some City Council Members with the lives of our employees, their families and residents.

Residents, employees and their families scored a victory today, but the process and gamesmanship of some Council Members has made it an ugly victory that does not speak well for the entire Detroit City Council. The proposal passed today does not differ at all from the one voted down two days ago; it was the right thing to do then as it was today.

***ON WAIVERS OF RECONSIDERATION**

Council Member Tinsley-Talabi moved to waive the right to reconsider the vote by which each resolution designated for "Waiver of Reconsideration" and numbered 1 to 3 incl., was adopted.

Council Member Watson moved to suspend Rule 23 for the purpose of indefinitely postponing the motion to waive reconsideration, which motion prevailed.

Council Member Bates then moved that the motion to waive reconsideration be indefinitely postponed, which motion prevailed.

The regular order was resumed.

Honorable City Council:

The Purchasing Division of the Finance Department recommends Contracts with the following firms or persons.

Renewal of existing contract.

2601786—(CCR: February 13, 2005) — Requesting 12% price increase for supplier to cover additional cost incurred in providing Stainless Steel Repair Clamps that are required to continue servicing to the water department. The necessity to increase cost is due in mayor part to market conditions that could not have been reasonably predicted at time of bid solicitation for steel products pricing. Please refer to attached articles showing global market conditions for steel products which justify this request for price increase. The new price will begin February, 2005 and continue through contract period. In the event market conditions reverse itself the vendor is willing to lower his prices to better reflect market conditions. 25 items unit prices range from \$30.51/each to \$159.89/each.
