Law Department

March 21, 2005

Honorable City Council:

Re: Petition Number 3461 — Request for

City Council Approval for the Issuance of a New Dance-Entertainment Permit by the Michigan Liquor Control Commission to Delux Cocktail Lounge, LLC for a Group 'A' Cabaret at 340-350 Monroe.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice (Req. ID: 265389) to the Detroit City Council, which has been designated by the City Clerk as Petition Number 3461. The petition requests City Council approval or disapproval of the issuance of a new dance-entertainment permit in conjunction with the transfer of ownership of a 2000 Class 'C' liquor license from Guadalupe S. Portillo Estate at 2122-2130 Michigan to Delux Cocktail Lounge, LLC at 340-350 Monroe.

The Buildings and Safety Engineering Department ("B&SE") reports that 340-350 Monroe (a/k/a 1001 Brush) is in a B-4 (General business) zoning district and that the current legal, permitted with approval, use of the property is 'Standard Restaurant, Class "C" Bar and Night Club pursuant to B&SE Case number 36-04, dated May 28, 2004. Further, B&SE reports that the continued use of the property for this purpose is permitted pursuant to Sections 94.0179A, 94.0320, and 94.0360 of the Detroit Zoning Ordinance, subject to compliance with all grant conditions, relevant codes, and ordinances. Pursuant to this land use grant, B&SE has issued building permit number 76657, dated February 3, 2005, for a restaurant, bar, and night club at 340-50 Monroe.

Pursuant to Section 5-7-1 of the 1984 Detroit City Code, a Group 'A' cabaret business license is required for an establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without dancing. The Consumer Affairs Business License Center reports that the Delux Cocktail Lounge, LLC and the business location are in compliance with all of the applicable provisions of the 1984 Detroit City Code for the issuance of a Group 'A' cabaret business license.

After investigation and review, the Detroit Police Department, Liquor License

Unit, on behalf of the Chief of Police, has recommended the transfer of the MLCC Class 'C' liquor license to Delux Cocktail Lounge, LLC and the issuance of a dance-entertainment permit for 340-350 Monroe. The Police Department investigation did not reveal any MLCC violations for Mitchell Angelos, Randall Gregory, or Daniel Helka, the owners of Delux Cocktail Lounge, LLC, for the preceding twelve (12) months. Further, since 340-350 Monroe is a new location for the sale of alcoholic beverages, there have not been any MLCC violations at the premises for the preceding twelve (12) months.

Upon this Body's approval of the request for the issuance of a dance-entertainment permit and the issuance of a Group 'A' cabaret license by Consumer Affairs Business License Center to Delux Cocktail Lounge, LLC, the location will be approved for dancing by patrons and entertainment. Section 5-7-13 of the 1984 Detroit City Code prohibits adult entertainment in an establishment licensed as a Group 'A' cabaret.

Pursuant to this Body's August 1, 2003 and July 7, 2004 resolutions on the procedures and criteria for the approval or disapproval of the issuance of MLCC dance and entertainment permits, the Law Department recommends that this matter be placed on City Council's agenda for consideration of the issuance of a dance-entertainment permit to Delux Cocktail Lounge, LLC, in conjunction with the transfer of the MLCC liquor license to 340-350 Monroe. Attached is a proposed resolution approving the issuance of the requested dance-entertainment permit to Delux Cocktail Lounge, LLC.

If there are any questions or concerns, please do not hesitate to contact us.

Respectfully submitted,
 BRENDA E. BRACEFUL
 Deputy Corporation Counsel

Recreation Department

March 8, 2004

Honorable City Council:
Re: Authorization to submit a grant to the Michigan Department of Natural Resources for the Butzel Playfield Improvements Project.

The Detroit Recreation Department is hereby requesting the authorization of your Honorable Body to submit a grant application to the Michigan Department of Natural Resources, for funding under the 2005 Recreation Grants Program. Funding would be requested from the Michigan Natural Resources Trust Fund.

The amount being sought from the Trust Fund is \$500,000. To that amount, the Recreation Department would be adding \$175,000 in matching funds from its Capital dollars, for a total project cost of \$675,000.

The Trust Fund grant would enable the Department to do the following:

- Create a family fitness and fun area at Butzel Playfield, within the Adams/Butzel Complex at 10500 Lyndon, at Meyers, in Northwest Detroit;
- Add a new walking/jogging track, surrounding the football field that was constructed last year;
- Apply rubber safety surfacing to the track;
- Remove the existing outdated and potentially unsafe play equipment, replacing it with a new playscape and swings — all to be installed on poured-in-place rubber surfacing;
- Make repairs to the parking lot on Meyers which services the project site.

With your authorization, the Department will submit a grant request to the Michigan Department of Natural Resources Trust Fund in the amount of \$500,000. The City match of \$175,000 will come from the Department's 2005-06 Capital Budget. It will be available in Appropriation #00905.

We respectfully request your approval to apply for this grant by adopting the following resolution, with a Waiver of Reconsideration.

STATEMENT BY SHEILA M. COCKREL IN SUPPORT OF RESOLUTION AUTHORIZING CONTRACT NO. 2668663 TO PROVIDE ADMINISTRATIVE AND CONSULTING SERVICES WITH RESPECT TO THE CITY OF DETROIT PAS SUPPLEMENTING RETIREMENT PLAN

On Thursday, March 24, 2005, I voted in support of the resolution referenced above. This professional services contract is between the City of Detroit and Phase II Systems, Inc. doing business as Public Agency Retirement Services (PARS). The purpose of the contract is to analyze and develop a Supplemental Retirement Plan (SRP). The goal of the SRP is to offer an early retirement package in order to accelerate attrition of the workforce to generate savings instead of simply laying employees off.

There are two components to the contract. The first component is for PARS to conduct an evaluation of the plan prior to implementation which would include mailing early retirement packets to employees, conducting orientations and workshops, and completing the initial and post incentive fiscal analysis. This portion of the contract would cost the City \$80,000.00.

The second component of the contract would only be effective should the City elect to implement the SRP in which case, SARS would be entitled to a percentage of the contributions made by the City in addition to other various administrative fees.

In sum, by approving this contract, the City is only committing to finalizing the study of an SRP. In a memorandum dated March 24, 2005, the Deputy Mayor indicated that "the results of the offer and the fiscal analysis will return to the City Council...[to] formally approve the plan's implementation in the form of a Resolution adopting the PARS Trust and Plan Document." The Deputy Mayor indicated that should the City elect not to implement the plan, its cost would be limited to the amount of \$80,000.00.

In this unprecedented age of fiscal crisis, it makes sense to examine all reasonable cost savings measures. In this case, the hope is to develop an SRP that would generate savings and eliminate the need to layoff additional workers. Based on my due diligence, the contractor appears to be qualified to conduct this study and perform the requirements. Unlike the report produced by the Strategy Advisory Group (SAG report), it is my opinion that this \$80,000.00 is worth spending. For these reasons, I voted yes.

**STATEMENT BY COUNCIL
PRESIDENT MARYANN MAHAFFEY
IN OPPOSITION TO THE
RESOLUTION APPROVING
THE PUBLIC AGENCY RETIREMENT
SERVICES (PARS) SUPPLEMENTAL
RETIREMENT PLAN CONTRACT**

On Thursday, March 24, 2005, I voted in opposition to the resolution authorizing the Finance Department/Purchasing Division Contract #2671892 (Phase II Systems, Inc. (PARS). The Administration has proposed that an early retirement incentive be implemented as a means to address the projected \$230 million budget shortfall for the upcoming year. Our Fiscal Analysis Division, in its March 22, 2005 memorandum does not recommend approval of this contract. Their view is that it would be, in effect, a waste to send money to review an early retirement plan that would do nothing more than cost the City more money in the end and adversely impact services. It states

“... the expenditure of \$80,000 for the services of Public Agency Retirement Services will result in the additional layoff of 1-1/2 additional employees, whether or not the plan is implemented. This contract will provide analysis of a plan that, no matter how it is configured, will increase the City's expenditures.

The citizens of Detroit would be much

better served by using the \$80,000 to fund services rather than be used for something that will result in additional service reductions at a time when services are going to be drastically reduced.”

The memorandum goes on to state that now is not a good time to consider this proposal when the forecasted shortfall is so astronomically high. A proposal such as this one would have made more sense prior to the Administration's ascending deficits. Furthermore, there are questions as to the unjust enrichment of those eligible to retire early at the expense of those workers who are not eligible to participate in the plan; and most importantly, questions as to any benefit this proposal has on reducing the number of layoffs:

“The only time this type of proposal should have been given consideration would have been before the administration had run up deficits of \$69 million, \$93 million and whatever the current year's deficit will be. And even then it would have had to pass the test that the additional costs could be managed, and justified as meeting a true public purpose, not simply to enrich the pockets of employees leaving the service of the City.

A plan that costs additional funds cannot logically reduce layoffs, but when the process is followed to the end, actually increases the number of layoffs.”

Our Fiscal Analysis Division points out too many problems with the proposal and raises awareness of important areas of peril and concern. I am against approving a contract for services which are, in both the short run and the long run, more of a burden than a benefit. The Administration tends to present plans to deal with the budget crisis that have much sizzle, but no steak. This contract rings of another myopic plan that fails to fully appreciate risk. For these reasons, I voted no.

AUTHORIZING CONTRACT NO.
2597028 REPAIR SERVICE FOR

RELATED WORK AND CONTRACT
NO. 2671192 COACH BODY REPAIR
SERVICES WITH BLEC
MANUFACTURING AND SERVICE CO.**

On Thursday, March 24, 2005, I voted in support of the resolutions referenced above. The first contract appeared in the list of contracts submitted for approval on March 23, 2005 and was held by member McPhail through a memorandum dated March 23, 2005. Attached to the memorandum was a letter from Michigan AFSCME Council 25 requesting that the Council hold this contract because of its belief that the contract represented privatization of services. The other contract was between the Transportation Department and Blec Manufacturing and Service, Co., which was held by President Mahaffey on March 16, 2005 indicating that she would submit questions in writing at a later date.

Earlier this month, there were state-

ments made at the table indicating that this company was a good Detroit-based and minority-owned business and that these contracts should be released. On Thursday, March 24, 2005, before member McPhail's questions about the contract had even been asked, it was indicated that these contracts should be released without any further explanation given. At that point the Blec contracts were released and approved by the Council. It should be noted that while the Blec contracts were released and passed, there are still two other contracts for identical coach body repair services that are being held without adequate reasons for the continuing holds.

These contracts represent perfect examples of the high level of gamesmanship and personal politics that has dominated the thirteenth floor of the Coleman A. Young Municipal Center this term. There have been a large number of contracts that have been indefinitely held by various Council members without any inquiries to be answered or any reasons given.

This contract is not a good example of how the City should conduct its business. As I have stated numerous times in the past, if a Councilmember has concerns about a contract, those questions need to be answered. If the Councilmember simply disagrees with the answer or dislikes the contract in general, it should be placed on the agenda to be voted up or down. In this case, the fact that there was no legitimate reason for holding this contract was obviated by how quickly and easily it was released when there were never any concerns raised to begin with. Given that there is pending litigation pertaining to the Department of Transportation's compliance with the American's with Disabilities Act and the fact that the United States of America, through the Department of Justice, has now joined that suit, it is my belief that these contracts are critical and for these reasons, I voted yes.

**TESTIMONIAL RESOLUTION
 IN MEMORIAM, 1935-1996**

FOR

**BISHOP DAVID L. ELLIS
 'The Dreamer Sleeps,
 But The Vision Lives On'**

By COUNCIL MEMBER K. COCKREL, JR.:

WHEREAS, As the members of Greater Grace Temple host the Fifth Annual Bishop David L. Ellis Scholarship Breakfast on March 19, 2005, it is appropriate to honor the man whose name graces the event. On behalf of the people of Detroit, we laud the achievements, character, and faith of the late Bishop David L. Ellis, and

WHEREAS, Bishop Ellis was a fiery, passionate preacher who came to Detroit from Chicago in 1962 at 26 to lead a church. At the time, the church was in debt and expected a foreclosure on its church building at any time. Over the next 31 years of pastoral leadership, Bishop Ellis guided the former New Bethel Temple from insolvency to becoming — as Greater Grace Temple of the Apostolic Faith — one of the pillars of the Pentecostal denomination in Detroit, and

WHEREAS, Under the guidance of Bishop Ellis, Greater Grace Temple established schools, a credit union, a travel agency, low-income housing, a car wash, and other activities and programs to serve the community. Bishop Ellis had a fervent desire to lay the groundwork for positive changes in Detroit, and

WHEREAS, Bishop Ellis actually foresaw a comprehensive, \$35-million church complex — the City of David — to serve both temporal and spiritual needs. Tragically, Bishop Ellis died in 1996, before he could see much of it come to fruition. However, he shared his vision with his son, Bishop Charles H. Ellis, III, and February 2002 saw the grand opening of the City of David. NOW, THEREFORE, BE IT

RESOLVED, That the Detroit City Council hereby salutes the determination and dedication of the late Bishop David L. Ellis, as well as the goal of the annual David L. Ellis Scholarship Breakfast — to help raise funds for youth with the desire to attend college. May the event make it possible for many young people to realize their dreams.

WHEREAS, Establishing a blue ribbon panel to investigate the issues surrounding insurance industry practices in the City of Detroit, including insurance rates

WHEREAS, The Friends of the Belle Isle Aquarium have committed to work with the City of Detroit to identify alternate resources and the establishment of an endowment. NOW, THEREFORE BE IT

RESOLVED, That the City Administration be advised that the Detroit City Council desires the Belle Isle Aquarium to remain open until July 1, 2005, to help give adequate time to raise funds, and to compile a strategy that may ensure the continued operation of the Belle Isle Aquarium.

STATEMENT BY SHEILA M. COCKREL IN OPPOSITION TO RESOLUTION RELATIVE TO FUNDRAISING EFFORTS FOR THE BELLE ISLE AQUARIUM

On Thursday, March 24, 2005, I voted in opposition to the resolution referenced above. It is unclear why this resolution was necessary at this point in time. As it stands, the Belle Isle Aquarium is set to close on April 3, 2005. On February 23, 2005, the Detroit City Council passed a resolution urging that the Administration keep the aquarium open for two (2) months while options are explored. The Mayor vetoed that resolution and the Council overrode the veto on March 9, 2005.

The Council has already made a clear record of supporting the Belle Isle Aquarium and supporting efforts to keep it funded. My statement on the original resolution is attached for reference. The Administration made an equally clear statement of its position on the aquarium by vetoing that resolution. In this regard, it is fruitless effort to pass yet another resolution on the very same subject. It only serves to raise false hope that the Council is in any position to stop the closure. For these reasons, I voted no.

**STATEMENT BY SHEILA M. COCKREL
IN SUPPORT OF TWO-MONTH
EXPLORATORY PERIOD FOR THE
BELLE ISLE AQUARIUM**

I voted yes on the above-referenced resolution because I do believe that it is imperative, particularly in this era of fiscal crisis, that the Kilpatrick Administration improves its communication and outreach strategy when making difficult policy decisions. Stakeholders should be advised and an opportunity for alternative considerations would help ease the impact of these necessary tough decisions. In this case, the Friends of Belle Isle organization should have been sought out for advice.

It would also be very helpful if the Administration would provide written analysis and background information on the policy rationale for this proposed closure to the Council and the Community at the time of the closure announcement.

I urge the Administration to meet with and to share information with the Friends of Belle Isle and the Friends of the Belle Isle Aquarium leadership regarding the condition of the Aquarium, the status of its infrastructure, its operating expenses and the critical issue of Americans with Disabilities Act (ADA) compliance. This two month exploratory time period urged by this Council resolution will give all concerned the time to review all the options and make a reasoned decision for the future of the Belle Isle Aquarium.

Invocation

Lord, we thank You for this day, for this is the day that You have made. We give honor and reverence for our Lord and Saviour, who has given us Salvation. We thank You for life, health and strength, and for this opportunity to come boldly to Your throne to obtain more of Your Grace, Love, and Understanding in these perilous times. Lord, we are insufficient of ourselves, all of our sufficiency's lie within You. We are nothing of ourselves, but we are all things in You. Father, we ask that You pour special blessings upon the City of Detroit, and the great men and women

in the various positions of our City Council. Father, continue to place Your angels of protection around our Detroit Police Department, especially the men and women that represent on the Streets of Detroit, with authority against crime, who wear their badge with integrity and honor. Strengthen our Chief of Police, Ella Bully-Cummings and continue to speak into her life words of wisdom, and knowledge with understanding. Bless our Mayor, Kwame Kilpatrick and his family. You have put a heavy load upon his shoulders, and he needs Your direction, for You have said in Your word, "The steps of a good man are ordered by the Lord". Let Your Holy Spirit rein in his presence, leading and guiding him in all truth, as he leads this great City. Now Lord, we ask that You be with this City Council in their session today, as the council members assemble together in their meeting; guiding them, to continue in Your love as they reason one with another, for the sake of the people of Detroit. Let them all be on one accord, being unified for one cause, and understanding true love is without dissimulation.

In the name of our Lord and Saviour, Amen.

Honorable City Council:

Re: Petition from Southwest Non Profit Housing Corporation for Establishment of an Obsolete Property Rehabilitation District at 3564 West Vernor Highway under Public Act 146 of 2000 (Petition #3433)(SM).

Southwest Non Profit Housing Corporation proposes to rehabilitate the above-referenced property into a 12,500 square foot two-story building with first floor retail, a second floor ballroom, and two (2) small apartments and a full basement. The Developer has petitioned for tax abatement on this project to make it financially feasible.

The Planning & Development and Finance Departments have reviewed the petition and find it meets the criteria for tax abatement as set forth in the Act. We recommend that the Obsolete Property Rehabilitation District be established.

The Act requires that, prior to your Honorable Body's passage of a resolution establishing the District, a Public Hearing must first be conducted. We request that a date and time for such a Public Hearing be established, in accordance with the attached resolution and legal description, for the purpose of considering the establishment of the requested District.

Respectfully submitted,

HENRY B. HAGOOD

Director of Development Activities

By Council Member Bates:

at which Public Hearing representatives of any taxing authority levying ad valorem taxes within the City, or any owner of real property within the proposed District, or any other resident or taxpayer of the City of Detroit may appear and be heard on the matter; and

Honorable City Council:

Re: Establishment of the Farrington Estates Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the Farrington Estates Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on March 24, 2005 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall the Original New Grace Missionary Baptist Church proposes to invest \$4.8 million to construct 30 single-family dwellings and an additional 60 units dedicated to senior citizen market. The purchase price for the single-family dwelling will start at \$159,000 each.

The Act requires that at least 60 days must pass from the date of the notice of

the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing is February 9, 2005 and we therefore recommend that you approve the resolution at your regular formal session.

Respectfully submitted,

HENRY B. HAGOOD

Director of Development Activities

By Council Member Bates:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zones Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Farrington Estates NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Farrington Estates NEZ was conducted before the Detroit City Council on March 24, 2005, with notice of the public hearing having been given to the general public and by certi-

fied mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Farrington Estates NEZ are known:

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Farrington Estates NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Your Honorable Body authorized the sale or reacquisition of the attached list of properties (Exhibit 'A') on a land contract basis.

Taken from the Table

STATEMENT BY SHEILA M. COCKREL IN SUPPORT OF ORDINANCE AND RESOLUTION TO EFFECTUATE TEN PERCENT (10%) REDUCTION IN PAY FOR ALL NON-UNION CITY EMPLOYEES AND APPOINTEES

On Monday, April 11, 2005, the Detroit City Council unanimously voted in favor of an ordinance and a resolution designed to effectuate a 10% reduction in pay. The ordinance was enabling legislation designed to authorize the executive branch by executive order, and the legislative branch by resolution, to reduce the pay of all non-union employees and appointees by 10%. The resolution authorized the same reduction in pay for all legislative branch appointees and contractual and non-union employees.

We are living in an era of unprecedented and permanent fiscal crisis. As the population and tax base of the City continues to dwindle, the costs of providing employee benefits continues to rise. When the Administration presented its Deficit Reduction Plan Summary dated January 21, 2005, there was a projected shortfall of \$63.5 million for FY 2004-2005 alone. As part of the plan to reduce this deficit, the Administration proposed a reduction in pay of 10% for non-union employees and Mayoral appointees. This cut was anticipated to save \$3-4 million if implemented by March 7, 2005.

Every day that this cut was delayed translated directly into reduced savings. There were multiple discussions pertaining to the 10% cut. Among the issues presented was the possibility of using a staggered pay cut as opposed to a straight 10% cut for all affected employees. There were several models presented to instituting a staggered pay cut. For example, one of the proposals was to institute a 15% pay cut for employees earning more than \$100,000.00, a 10% pay cut for those earning between \$100,000.00 and \$50,000.00, a 5% pay cut for those earning between \$50,000.00 and \$25,000.00 and no pay cut for those employees earning under \$25,000.00.

In response to this proposal, the

Budget Department reported in a letter dated February 2, 2005, that the City would experience a reduction in savings of \$800,000.00 for the fiscal year and of \$2.2 million for FY 2005-2006. With each and every proposal for a staggered pay cut, it was discovered that the resultant loss of savings would not make their implementation feasible.

I recognize that a 10% reduction in pay will force many to make some difficult decisions and will necessitate lifestyles changes for all. However, this cut is crucial to restoring the financial stability of this City and it is for these reasons that with a heavy heart, I voted in favor of the ordinance and resolution.

**STATEMENT BY COUNCIL PRESIDENT
PRO TEM. K. COCKREL, JR. ON
10% SALARY REDUCTION**

Today the Detroit City Council unanimously voted to approve a 10% salary reduction for all of the city's non-union employees. Along with this council also unanimously backed a 10% salary cut for its own division employees and individual council staffs. Lastly, council members are also beginning to reduce their own salaries.

These moves have been made as part of our ongoing attempt to work with the Mayor to resolve our city's budget crisis. Their combined impact will save the city millions of dollars in payroll costs.

After several months of haggling and debate over whether or not a 10% cut across the board was too harsh. Some council members argued that such a cut would have a disproportionately negative impact on workers at the lower end of the pay scale. Graduated pay cuts based on income were suggested as an alternative.

In the end, however both the city's budget Director and City Council's own Fiscal Analyst concluded that only a 10% cut or higher would produce the required level of savings.

While this decision was not an easy one to make, it was necessary to help our city get back on solid financial footing.

**STATEMENT BY COUNCIL MEMBER
SHARON MCPHAIL ON THE
ADOPTION OF AN ORDINANCE TO
REDUCE EMPLOYEE COMPENSATION
FOR ALL NON-UNION EMPLOYEES**

I reluctantly voted for the Mayor's request to reduce compensation to non-union city employees not covered by collective bargaining including the Legislative and Executive Branches. This reduction was presented as part of an incomplete budget saving plan to balance the current 2004-2005 budget. It is the assumption of the Mayor that all city employees will accept a 10% compensation reduction in order to avoid additional layoffs and reduction of services to our

citizens. In addition, he believes that all contractors and vendors providing supplies and services will reduce their charges to the City by 10%. Early responses from vendors and contractors have been less than encouraging and have failed to meet the savings goal.

If all city employees agree to the wage and salary reductions and all the other budget saving plan assumptions are not achieved, the City of Detroit still will carry a budget deficit into the 2005-2006 budget year beginning July 1, 2005. This will mean further reducing services to citizens.

The Mayor's belated official acknowledgement of the current year budget deficit some six months in the budget year limited the options of the Mayor and the City Council to avoid the layoffs and service reductions.

It is not fair for City employees to bear the entire burden creating of financial solvency for the City of Detroit.

**STATEMENT BY COUNCIL
PRESIDENT MARYANN MAHAFFEY
ACCOMPANYING THE AMENDMENT
TO THE ORDINANCE AUTHORIZING
REDUCTION IN COMPENSATION FOR
ALL NON-UNION CITY EMPLOYEES,
WHICH WAS PASSED
MONDAY, APRIL 11, 2005**

At the Adjourned Session on Monday, April 11, 2005 I voted in favor of an ordinance to amend Chapter 13, Article II, of the 1984 Detroit City Code, Hours of Work and Method of Payment by amending Section 13-2-18. This amendment will authorize and implement "a reduction in pay for all City employees not covered by a collective bargaining agreement in the event of fiscal difficulties occasioned by a projected or actual shortfall in revenue."

I want the people in this City to know that I have advocated for a graduated salary reduction, which would in effect, allocate cuts based on what people earn and their ability to pay. It is my position that those employees who earn more should pay more. Those non-union employees who make less than \$50,000 per year should not receive the same salary decreases as those non-union employees who earn more. Although we are facing serious budget and fiscal crisis, we must maintain absolute concern and regard for those citizens who are at the lower end of the pay scale.

Taken from the Table

Council Member Bates, moved to take from the table an ordinance to amend Chapter 2, Article XLVIII, of the 1964 Detroit City Code, which was saved from repeal by Ordinance No. 593-H and Section 1-1-7(13) of the 1984 Detroit City Code, by amending Section 2-48-2 and adding Section 2-48-9 to adopt the Third Modified Development Plan for the

Hubbard-Richard Rehabilitation Project and provide for the filing and recoding of same by the City Clerk. Laid on the table October 20, 2004 which motion prevailed.

The Ordinance was then placed on the order of third reading.

THIRD READING OF ORDINANCE.

**STATEMENT BY COUNCIL MEMBER
SHEILA M. COCKREL IN SUPPORT OF
CONTRACTS NOS. 2673179 AND
2668233 FOR BRAKE BLOCK, SHOES,
BONDING AND FASTENING
SERVICES AND FOR COACH BODY
REPAIR SERVICES RESPECTIVELY**

On Monday, April 11, 2005, I voted in favor of resolutions that would authorize the contracts referenced above. The gamesmanship surrounding various Department of Transportation contracts continued that day when the Council failed to approve these resolutions. I have attached three (3) previous statements addressing this issue for reference.

Initially, various members of the Council held these and related contracts for indefinite periods of time even though, in my opinion, all of the relevant questions and concerns had been addressed. Thereafter, contracts with Blec Manufacturing and Service Co. were released and approved. The only real rationale that was given was that this is a Detroit-based minority-owned business and that the contracts should be released. Be that as it may, there were a number of other con-

tracts for the same services that were not released in a remarkable display of perplexing inconsistency.

The contracts that were finally released and placed for a vote on April 11, 2005 were just as inexplicably not approved. It is my view that these contracts are necessary to the effective delivery of services by the Department of Transportation. The relevant inquiries have been addressed and I voted in favor of the resolutions.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF RESOLUTION AUTHORIZING CONTRACT NOS. 2661651, 83303, 2657687, 2663756

It is each Council Member's prerogative to hold contracts as they come to the Table from the Mayor's Office; lately this process of holding contracts has escalated beyond what the process is really intended to accomplish. Contracts are supposed to be held to make inquiries and to receive information regarding concerns that members of the Council may have. Generally these holds used to last a week or two in order to receive this information. However, there must come a time when the contracts are placed on the Formal Agenda so that they may be voted on in order to let the order of business in the City continue.

If a Member does not want to approve a certain contract, he or she should vote against it — not avoid the vote. Lately, contracts have been held for inordinate amounts of time and without any justification. The holding of contracts in this manner acts as a de facto pocket veto, a function that the process was never intended to become. Many of these contracts are time-sensitive, and delays in this process interfere with providing service to the City's residents and stakeholders.

This practice thwarts the fundamental premise of a democratic society, that elected leadership votes on issues. This current situation permits individual Council Members to become "mini dictators" controlling when the Council votes on contracts. It is a travesty of the most basic principle of "one person, one vote."

STATEMENT BY SHEILA M. COCKREL IN OPPOSITION TO RECONSIDERATION OF RESOLUTIONS AUTHORIZING CONTRACT NO. 2668233 FOR COACH BODY REPAIR SERVICES

On Wednesday, March 9, 2005, I voted in opposition to reconsideration of the resolution referenced above. This contract was originally held on February 14, 2005 by President Maryann Mahaffey in order to have some concerns addressed. The Department of Transportation (DDOT) responded to her questions on February 28, 2005.

This is a contract for necessary repairs to DDOT coaches. This appears to be another instance of a recent trend of certain members of this Body holding contracts indefinitely even though questions have been answered by the requesting departments. As I have stated numerous times in the past, the purpose for holding contracts is to have questions and concerns addressed. Once that has occurred, the contract should be released in order to be voted up or down. The oftentimes nebulous reasons given for holding contracts up for an unknown period of time serves only to inexplicably grind the business of the City to a halt. Those who do business with the City deserve a Council that will not unnecessarily add to the multiple levels of bureaucracy that are already difficult to cut through.

In this instance, it is my opinion that DDOT already fully answered the questions that President Mahaffey posed. It was clear to me that the contract was necessary for much-needed repairs to DDOT coaches. Similar contracts were held by Councilmembers last year. DDOT requested that those contracts be released because it was greatly affecting service delivery. Specifically, with respect to body contract 2647164 and brake contract 2648941, DDOT indicated that those contracts being held represented 42 coaches being taken out of service daily which translated into lost daily revenue of \$12,096. It seems disingenuous to put forth resolutions requesting a halt to DDOT cuts one day, then to turn around and indefinitely hold up contracts that maintain coaches and keep them on the street. For these reasons, I voted no.

STATEMENT BY SHEILA M. COCKREL IN SUPPORT OF RESOLUTIONS AUTHORIZING CONTRACT NO. 2597028 REPAIR SERVICE FOR HEAVY DUTY TRUCKS BODIES RELATED WORK AND CONTRACT NO. 2671192 COACH BODY REPAIR SERVICES WITH BLEC MANUFACTURING AND SERVICE CO.

On Thursday, March 24, 2005, I voted in support of the resolutions referenced above. The first contract appeared in the list of contracts submitted for approval on March 23, 2005 and was held by member McPhail through a memorandum dated March 23, 2005. Attached to the memorandum was a letter from Michigan AFSCME Council 25 requesting that the Council hold this contract because of its belief that the contract represented privatization of services. The other contract was between the Transportation Department and Blec Manufacturing and Service, Co., which was held by President Mahaffey on March 16, 2005 indicating that she would submit questions in writing at a later date.

Earlier this month, there were statements made at the table indicating that this company was a good Detroit-based and minority-owned business and that these contracts should be released. On Thursday, March 24, 2005, before member McPhail's questions about the contract had even been asked, it was indicated that these contracts should be released without any further explanation given. At that point the Blec contracts were released and approved by the Council. It should be noted that while the Blec contracts were released and passed, there are still two other contracts for identical coach body repair services that are being held without adequate reasons for the continuing holds.

These contracts represent perfect examples of the high level of gamesmanship and personal politics that has dominated the thirteenth floor of the Coleman A. Young Municipal Center this term. There have been a large number of contracts that have been indefinitely held by various Council members without any inquiries to be answered or any reasons given.

This contract is not a good example of how the City should conduct its business. As I have stated numerous times in the past, if a Councilmember has concerns about a contract, those questions need to be answered. If the Councilmember simply disagrees with the answer or dislikes the contract in general, it should be placed on the agenda to be voted up or down. In this case, the fact that there was no legitimate reason for holding this contract was obviated by how quickly and easily it was released when there were never any concerns raised to begin with. Given that there is pending litigation pertaining to the Department of Transportation's compliance with the American's with Disabilities Act and the fact that the United States of America, through the Department of Justice, has now joined that suit, it is my belief that these contracts are critical and for these reasons, I voted yes.

STATEMENT BY COUNCIL MEMBER SHARON MCPHAIL ON THE HOLDING OF VARIOUS FINANCE DEPARTMENT CONTRACTS FROM APRIL 11, 2005 ADJOURNED SESSION

My office has a personal service contract being held by the Finance Director based on the following:

1. That the 10% reduction being requested from all vendors applies to all

personal service contracts on both Executive and Legislative Branches of Government.

2. That all personal service contracts both renewals and new contracts should be submitted with a 10% reduction in the compensation rate and/or reduction in the number of hours worked.

3. That the Finance Department will be sending notification to all personal service contractors requesting a voluntary reduction in their existing contracts including personal service contracts.

Based on this aforementioned policy I requested at the April 11, 2005 Adjourned Session that all Contract Renewals and Change Orders be held until I was able to determine that these contracts were being submitted to City Council by the administration and are indeed reduced by 10%.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF RESOLUTION AUTHORIZING ESTABLISHMENT OF APPROPRIATE REVOLVING ACCOUNTS FOR THE RECREATION DEPARTMENT TO RECEIVE ALL MONETARY GIFTS FROM COUNCIL MEMBER SHEILA M. COCKREL OF TEN PERCENT (10%) OF HER SALARY

On Monday, April 11, 2005, the Detroit City Council unanimously voted in favor of the resolution referenced above. This resolution was designed to accept my gift to the City of 10% of my salary. My office prepared and put forth this resolution on the same day that the Council considered the ordinance and resolution to effectuate a 10% reduction in pay for all non-union employees.

In a letter dated April 7, 2005 from the Deputy Finance Director/Interim Treasurer, it was indicated to me that as an elected official, my salary was established by the Elected Official Compensation Commission and that the City was legally obligated to pay me as an elected official. As a result, it was not possible to reduce my salary through the City's payroll system.

Since I could not receive an automatic payroll reduction, I instead chose to return

10% of my salary as a gift to the City to be used exclusively in the Recreation Department. Section 2-2-12 of the 1984 Detroit City Code requires that the City Council approve the acceptance of any gift to the City.

The Council voted in favor of authorizing a 10% reduction in pay for all non-union employees and appointees. Given my firm conviction that we must all share the pain, I took the affirmative action of preparing the resolution to accept my gift and voted unhesitatingly in favor of it.

Mayor's Office

April 12, 2005

Honorable City Council:

I am here today to present to you the budget for the 2005-2006 fiscal year.

The budget I present today is the result of months of in-depth review of both the services performed by every city department and the revenue sources that provide the funds to pay for those services.

I want to acknowledge at the start that I realize this is a political year. But this budget is not about politics. This is about the future of Detroit. As we deliberate on this budget, I want to express to you my commitment to leave the politics at the door and work cooperatively for what is best for Detroit. I urge you to join me in that effort.

When we started to prepare this budget plan for the city, we faced a projected revenue shortfall of more than \$300 million for the coming fiscal year.

There are two primary reasons for that. The first is the economy, particularly our state economy which continues to rank at the bottom nationally in performance. Two of our primary revenue sources—income taxes and state revenue sharing funds—are directly connected to the health of the economy. The record gasoline prices we see at the pumps these days do not bode well for our immediate future, with their potential impact on the auto industry.

The second involves structural costs that all of us at this table have inherited. These costs were built in during earlier years when times were better and the costs represented a much smaller part of the overall budget. But they have become suffocating in their effect on this city and its ability to provide basic services to our residents.

The primary built-in cost that we must address this year is health care. We are

not alone in having to face reality in this area. Employers of all sizes, including the big three, have been coping with this reality for a number of years now.

But while others have been making changes in their health care coverage to recognize this new reality, we in the City of Detroit have not. We are saddled with a 1985 health care plan in the midst of a 2005 economy. We must make some changes.

Our health care costs have gone up \$78 million, or 46 percent in the last three years alone—at a time when we can least afford that. Just last week, as we were preparing this budget, Blue Cross called us to tell us our bill will be going up another \$40 million in the coming year.

Rising City pension costs also have had a crippling effect on our treasury. During the 1990s when the stock market was at its peak, there were a number of years that the city did not have to pay anything into the General Retirement and Police and Fire pension funds because their investments were doing so well. But that has changed. This year we had to pay \$177 million to these two funds out of our general fund because the City has to make up the loss of our pension funds. That is \$120 million more than just three years ago.

That means rising health care costs and pension costs alone cost us \$200 million more than they did just three years ago. That is two-thirds of the shortfall we faced when we started preparing this budget.

As part of our comprehensive effort to address the looming shortfall in a structured way, in early January we convened the Detroit Economic Forum. Experts from around the country examined our financial situation, and the steps we must take to restructure government in the 21st Century.

The two-day forum provided a very sobering look at where we are and what will be required for us to work our way out of this situation. Out of it came a comprehensive report, Detroit Fiscal Challenges and Options. Copies were sent to each of you and I'm sure you've all read it from cover to cover.

The report included a set of recommendations for changing the structure of government as well as a number of options for additional revenue. Two of those options are included in this budget. A number of others are still under consideration. The only one that I have completely ruled out at the moment is a city sales tax increase.

The report also helped put our current situation in context. Fifty years ago the City of Detroit was America's fourth largest City, home to nearly two million people . . . but today we are under one mil-

lion. That exodus has continued in good times and bad. Even in the midst of the most sustained period of economic growth in the nation's history and the most robust budget years the city has ever seen, from 1995 to 2000, nearly 90,000 people left Detroit.

When Mayor Coleman A. Young took office in 1974, this City had about 1.5 million residents . . . and the City of Detroit employed almost 30-thousand workers.

As the City's population declined and a series of economic downturns cut into City revenues, Mayor Young made a continuing series of cuts in the workforce.

When he left office at the end of 1993, the number of City employees was down to about 17-thousand.

In the next few years, Detroit benefited greatly from the unprecedented period of national prosperity that this country experienced under President Clinton. Detroit was relatively flush with cash. But instead of holding the line and spending the money on infrastructure, reengineering and smart technology, the City added to its employment levels.

As a result, even as the City's population continued to decline, the number of City employees grew 17 percent, government spending jumped 22 percent, and overtime doubled.

Then, as the national economy started cooling off in 2001, the flow of money into our city treasury slowed. When I took office in 2002, we were handed a growing deficit of \$75 million dollars. We were able to close that gap, but each year we have been forced to close the ever-growing gap between the revenues that are available and the demands built into our budget.

Each year, we have reduced the size of government and worked to balance the budget by doing more with less.

We've saved millions by streamlining and improving City services. One example is in the area of trash collection. We overhauled the entire trash collection system, for the first time collecting trash in zones, saving money and increasing performance. We've been cutting the grass in our parks on a 7 to 10 day rotation. We've repaired and paved more city streets than ever. We are doing more with less.

We're saving millions by slashing and—for the first time in recent history—aggressively managing overtime. We have cut overtime 43 percent for non public safety employees from where it was in 2001. We also have cut more than 3,000 positions from city government. But even with all these savings and cuts, the problem continues to confront us.

In recent months we've heard some sniping in the media about how this tough budget should have been done years ago. The question is, how many years ago? One? Two? Five? Ten? Hindsight, as the

saying goes, is always 20-20. The fact is we all need to move forward from this day on. We have oncoming traffic ahead of us and it's coming fast. The City of Detroit, Wayne County, the Detroit Public Schools, the big three, the State of Michigan, all are facing financial challenges. Looking in the rearview mirror wastes time and is, quite frankly, dangerous when we need to keep our eye on the road ahead to respond to that oncoming traffic.

A careful review of the facts shows we have been balancing and re-balancing our budget since we took office. We have done it in a way that attempts to preserve as many services, and as many employee jobs, as we possibly can.

We didn't come in with a meat ax and just start cutting departments indiscriminately. We've reviewed each operation and achieved efficiencies on a department-by-department basis. Even as we have done that, however, we've had to make some hard decisions.

This year we must again make the hard choices to live within our means. There are some very tough decisions in this budget, decisions many of us will not be happy with. But in order for us to grow as a City, we have to start now.

Under the budget I am presenting to you, our City will be managed in a new way. This budget involves a fundamental restructuring and reengineering of City government to be fully implemented and completed in the new budget year.

This budget was not done overnight, or in a few weeks or even months. Rather, it incorporates more than 18 months of work coordinated by the Strategic Management Center (SMC), which has conducted aggressive research and strategically looked at the City's structure both vertically and horizontally.

They have identified what works, what does not and have made recommendations that are in line with my administrations strategic priorities—improving financial health, improving public safety, improving city services, and accelerating economic and business development. Fiscal management decisions are based on sound research, examining what our peers are doing across the county, and listening to our citizens. This budget that I present to you involved months of hard work that resulted in making tough and smart decisions that will put us on the path to building a new Detroit.

It is a different budget than has ever been presented to our city council.

Every budget is based on a series of assumptions, based on our experience and our goals. This budget is no exception. It contains a number of measured assumptions.

These assumptions include a belief that if we are to start Detroit back toward

solid financial ground it will demand participation from everyone . . . from the Mayor's Office to your Honorable Body, to city employees, to labor groups, to contractors, to vendors, to others who do business with the City of Detroit. We cannot conduct ourselves as if it is still 1970 or 1985 or even 1995. We must conduct ourselves in a way that deals with the realities of 2005.

The first of these assumptions involves a renegotiation of our health care contracts with City employees. As I said earlier, we are saddles today with 1985 health care agreements in a 2005 health care economy. For example, our prescription co-pays of \$2 and \$5 are co-pays that disappeared years ago in the private sector. They are a luxury we simply cannot afford. This budget assumes that we will achieve savings of some \$47 million in the coming year through renegotiation of our health care coverages. That savings, by the way, would only hold our health care spending to its current level because we just had an increase of \$40 million from Blue Cross and \$7 million from our HMOs.

This budget also assumes we will be able to reach agreement with our employee bargaining units to achieve a 10 percent pay cut through a total of 26 days without pay, or as they are commonly known, DOWOPs.

The idea is not a new one. Those who have been around for a while will remember that the original concept for DOWOPs came from the late Mayor Coleman A. Young in the early 1990s during our last economic downturn. It took a while for Mayor Young to achieve his goal, with the last bargaining units signing on nearly three years after the idea was surfaced. We cannot afford to wait that long.

I recognize some of our unions already have indicated they aren't interested in DOWOPs. We plan to engage in further discussions with them to attempt to find a common ground. If we cannot reach an agreement with our employees, then the cuts will have to come in other, more painful ways that will mean a reduction in city services.

One other option we considered earlier is not possible at the moment. Earlier we had indicated to our employee unions that we were considering an early buyout option for long-term employees. After a careful analysis by a nationally respected public agency retirement services corporation, it is clear that early retirement incentives are not possible at this time. The determining factor was a change in IRS guidelines that prohibited a payout of sick leave and accrued vacation over a five-year period. However, we are not giving up! We will continue to explore every opportunity to pursue this option for our employees.

This budget continues the day-to-day services people expect from city government. It continues Courville trash collection on its current schedule, it continues the cutting of grass in all of our parks in seven to 10 days, it continues the resurfacing of our streets at a record pace. But if we cannot reach an agreement with our employees on shared benefit reductions, then the cuts will have to come in other more painful ways that will mean a reduction in city services.

We cannot spend money we do not have.

This budget also assumes that we will adopt two new sources of revenue in Detroit, a fast food tax and a property transfer tax. Both will require approval of city voters. The fast food tax would apply only to fast food restaurants. We're asking for a 2 percent tax. That means if a Happy Meal costs \$2.99, the total cost will be \$3.05, with the six cents coming to the City. If you buy a medium fry for \$1.05, the total cost will be \$1.07, with the two cents going to the city. It's a small amount for the individual customer, but it adds up to a meaningful amount to preserve essential city services.

The property transfer tax will apply to the sale of property in the city and will be assessed as part of the closing costs. Together, they will raise roughly \$15 million in the coming fiscal year.

Our city services rely on the diligence and hard work of many thousands of dedicated City employees. I have not chosen a fiscal management strategy that cuts for the sake of cuts because that would be a short-term solution to a long term problem, it would cripple critical city services and it would negatively impact the lives of many City employees and our residents.

While reductions are inevitable, we must make smart decisions that will maintain our core services, reduce costs and place our city on the track of financial health and prosperity. To do its means changing the way we conduct business—operationally and structurally and enduring sacrifices in order to ensure a future for Detroit.

This budget creates a new form of city government that will dramatically reduce costs and improve the quality of services for all citizens through four types of cost savings strategies including business process reengineering, consolidation of existing departments, spin-off operations, and divestiture or discontinuation of services.

While this plan is a radical departure from the City's current structure, we believe that it is a very necessary move at this point in time in order to assure financial independence and stability both now and in the future.

This budget divides City services into seven categories, each of which would be headed by a cabinet-level appointee. By consolidating a number of departments, it would have a net effect of eliminating several appointee positions, including department heads.

The seven categories are: Public Safety, Economic Development, Health and Human Services, Municipal and Environmental Services, General Services, Administrative Services and Financial Services.

The Public Safety category will include Police, Fire, Homeland Security. In addition to its current duties, the Office of Homeland Security also would supervise internal security services for city departments who now contract separately for their security services. By consolidating these security services under this umbrella, we can realize substantial savings by standardizing contracts and security standards.

The Economic Development category will be coordinated under the Chief Development Officer and has the primary purpose of strengthening and revitalizing the City of Detroit's neighborhoods and communities and to stabilize and transform the physical, social, and economic environment. It is a consolidation of Planning and Development, the Office of Neighborhood Commercial Revitalization, and the Department of Workforce Development.

The category of Health and Human Services will consist of activities now performed by the Health and Wellness Promotion and Human Services Departments. Consolidation of both the funding and facilities that support these activities will reduce administrative and overhead costs and improve the quality of health and social services for Detroit's citizens through coordination across two very similar systems.

Our extensive review found that in many cases the services currently offered by these two departments were contracted to the same organizations. In some cases they actually contracted with each other. By coordinating these two departments, they can work in synergy to create more efficiencies in the services they provide to residents.

Also in that group will be the new Department of Community Services, which will combine the Recreation and Senior Citizen Departments, along with the at-risk programming in the Human Services Department.

The new Municipal and Environmental Services Department will consolidate the current departments of Environmental Affairs, Public Lighting and Public Works, and some functions of the Health Department. By focusing on core ser-

VICES, departments can realize operational efficiencies, reduce administrative overhead currently sustained by individual departments and create a single support shared services unit for the entire department.

The General Services Department will be an asset management for the entire City, concentrating on providing support services such as fleet management, asset management, 311 Call Center, and facilities and equipment management. It will maintain all city-owned facilities, grounds and parks. It will purchase and/or lease vehicles for City departments. It will procure and manage office space for City staff and facilities. And it will provide customer service excellence and accountability to City residents.

This consolidation in Municipal and Environmental Services and in the General Services Department will reduce layers of management throughout the city of Detroit by merging three distinct departments into one cross functional but mutually beneficial department. In doing this the city of Detroit will realize a reduction in administrative and overhead costs and also enhance the quality of service provided to the citizens by focusing less on administration and more on core service delivery.

The Administrative Services category will consolidate Human Resources, Law, Informational Technology Services and the new Communications Services Department, which will consolidate the Cable Commission and CCSD under one umbrella.

The Financial Services category will consolidate the operations of Finance and Budget.

In addition, this budget envisions a change in status for several other departments that would maintain city ownership of the assets but would involve agreements to transfer day-to-day operation to another entity, much the same as the DIA is now operated by the Founders Society but still remains a city asset. Both the Detroit Zoological Park and the Historical Museum would be transferred to their respective societies following the negotiation of a management agreement.

In addition, the budget envisions creation of a regional authority to manage Cobo Center and an agreement transferring the management of the Detroit Department of Transportation to the Detroit Area Regional Transit Authority (DARTA). For too long, this has been the only major urban area in America without a fully functioning regional transit authority. This budget would put an end to that situation.

The Department of Culture, Arts and Tourism will be completely eliminated from the current budget but some func-

tions, such as the arts grants program and the Film Office, will be transferred to other city divisions.

I propose this plan knowing that change automatically meets with resistance from some. Resistance to change is not a new phenomenon. 500 years ago Machiavelli wrote, "There is nothing more difficult to plan, nor more doubtful of success, nor more dangerous to manage, that the creation of a new system. For the initiator has the enmity of all who would profit by the preservation of the old institutions and merely lukewarm defenders in those who would gain by the new."

In more recent years, Eleanor Roosevelt told us, "You must do the thing you think you cannot do."

If we want our City to grow and prosper, we must try a new way. We must do the things we think we cannot do.

Even with the savings we are working to achieve, this budget anticipates an additional 754 layoffs will be needed in the coming year. There will be cuts in every part of our General Fund, both uniform and civilian departments.

In the Police Department, we are suspending the existing classes at the academy and will reduce the number of commanders and inspectors. But let me assure you that not one police officer who is out there patrolling the streets today will be laid off.

These men and women have been doing their job and driving down crime. Major crimes in our city last year were at their lowest level since 1963—Jerry Cavanagh's second year as Mayor. The chief has put together an excellent leadership team. The men and women of the department are on the street and are doing their job. Their investigations are getting better. We want to keep that team intact.

I must add one word of caution, however. We won't be able to sustain this no-lay-off approach in the Police Department for those police officers on the street if their union doesn't come to the table and renegotiate their benefits with us along with our other unions.

This budget also calls for 61 layoffs in the Fire Department, but the commissioner has assured me he can absorb this cut without having to close any fire stations.

And it lays off 47 EMS personnel, which will result in closing down the four Echo units that the department operates to augment services offered by transport units.

We also will be making some cuts in our bulk trash pickup. Bulk trash pickup is a relatively new service in Detroit that was instituted when the Courville containers became standard. Other cities do not provide the same level of bulk pickup service. For instance, Chicago only does it twice a year.

A review of the past several years shows that the busiest months for bulk pickup are May, June, July and January. The four lightest months are November, December, February and March. So we will be eliminating bulk service in those months. That means that this budget will provide bulk pickup from April through October and then in the month of January. We are planning a strong education program to assure that our citizens are aware of this new schedule.

As I said at the beginning of my remarks, this budget is not about politics. This is about the future of Detroit.

I know there are some difficult decisions in this budget and that difficult decisions lie ahead for your Honorable Body. But we cannot spend money we do not have. And we must be realistic in setting our spending plans for the coming year.

If we put our heads in the sand, if we pretend that by ignoring our problems they will just go away, they won't. They will get worse.

The budget I present to you today is about the future of Detroit, not politics.

If we can put our differences aside and work together for the common good, we can make things better.

Thank You,

Sincerely,

KWAME M. KILPATRICK,
Mayor

Honorable City Council:

Re: Request for Closed Session of Detroit City Council to discuss an opinion of the Corporation Counsel addressed to the City Council dated February 21, 2005 concerning the Claim of Advanced Systems Resources.

The Law Department hereby requests the opportunity to meet with your Honorable Body in closed session to discuss the opinion dated February 21, 2005 concerning the claim of Advanced Systems Resources.

To consider material exempt from discussion or disclosure by state or federal law.

It is the opinion of the Law Department that under this provision a closed meeting to discuss the referenced opinion is justified and in the interest of the City.

During the closed session I would anticipate being accompanied by one other attorney from the Law Department. I have attached a proposed resolution for your approval.

Honorable City Council:

Re: Establishment of the Research Lofts (on Trumbull Avenue) Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the Research Lofts (on Trumbull Avenue) Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on April 8, 2005 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing is January 15, 2005 and we therefore recommend that you approve the resolution at your next regular formal session.

Respectfully submitted,
HENRY B. HAGOOD

Director of Development Activities

By Council Member Watson:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Research Lofts (on Trumbull Avenue) NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives

and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZ; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Research Lofts NEZ was conducted before the Detroit City Council on April 8, 2005, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the research Lofts NEZ are known:

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Research Lofts NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

RESOLUTION REGARDING DETROIT RIVERFRONT CONSERVANCY

By Council Member Watson:

RECITALS:

A. On September 4, 2002, the Mayor of the City of Detroit announced the appointment of a blue ribbon task force ("Task Force"), comprised of representatives of the City, Wayne County, the State of Michigan, and other stakeholders to develop a plan for the revival of the Detroit riverfront generally between Joe Louis Arena and the MacArthur (Belle Isle) Bridge and a strategy for the implementation and realization of this plan.

B. The Task Force developed a vision plan entitled "Detroit's Riverfront Vision" and dated December 2002 which was presented at a press conference on December 12, 2002 (the "Vision Plan")

C. The Detroit Riverfront Conservancy, Inc. (the "Conservancy") has been formed as a non-profit corporation exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code with corporate purposes to undertake the design, construction, development, establishment, operation, programming, maintenance and security of parks, promenades and other green spaces along the Detroit River.

D. The Conservancy is undertaking the first phase of planned improvements to the Detroit riverfront, consisting of a continuous walkway of promenade including landscape, walkways and special features and furnishings along the Detroit River between Hart Plaza and Gabriel Richard Park to the east of the MacArthur (Belle Isle) Bridge (the "RiverWalk").

E. The RiverWalk is intended to provide a place of recreation, a scenic panorama of the Detroit River, relief from urban closeness, prominent visibility and access to the Detroit riverfront, and preservation of natural habitat for fish, wildlife, plants and the ecosystems which support them.

F. The City is the owner of certain parcels of land along or in close proximity to the Detroit River identified on Exhibit A attached to this Resolution (the "Property") over which a portion of the RiverWalk has been planned.

G. The Conservancy, in fulfillment of its mission, has requested from the City leasehold rights in portions of the Property (the "RiverWalk Area") for the purposes of the construction, development, establishment, operation, programming, and maintenance of the RiverWalk.

H. The City, in recognition of the benefits to accrue to the City, its residents, and visitors as a result of the fulfillment of the conservancy's mission, desires to lease the RiverWalk Area to the Conservancy in accordance with the terms and conditions of a Lease Agreement providing for a

lease for a term of 30 years, with two 30 year renewal options, for purposes of construction, development, establishment, operation, programming, and maintenance of the RiverWalk.

I. The City Council has received a copy of the proposed Lease Agreement and has had several opportunities to receive comments and information about the Conservancy's plans for the RiverWalk generally and pursuant to the Lease Agreement, including the Vision Plan, a discussion and presentation by the Conservancy to the City Council on April 6, 2005, and a public hearing held by the City Council on April 15, 2005.

J. The City Council has determined that leasing the RiverWalk Area to the Conservancy for the RiverWalk pursuant to the Lease Agreement is in the best interests of the City and its residents and visitors, will serve a valid public purpose, and will benefit the public by enhancing access to the Detroit River, providing increased recreational opportunities, enhancing amenities within the City, preserving and improving the aesthetic quality and economic health of the City.

NOW, THEREFORE, BE IT

RESOLVED, By the City of Detroit City Council, as follows:

1. That the Chief Development Officer of the City of Detroit is hereby authorized to execute the Lease Agreement with the Detroit Riverfront Conservancy, Inc., a Michigan nonprofit corporation, in substantially the form submitted to the Detroit City Council.

2. That the property to be leased pursuant to the Lease Agreement (the RiverWalk Area) is identified in Exhibit I and Exhibit 1.07 to the Lease Agreement, comprising portions of the Property identified in the attached Exhibit A by tax parcel, and is subject to confirmation of the legal descriptions by the City's Engineer of Surveys.

3. That the Chief Development Officer is hereby authorized to execute and deliver documents necessary or convenient for the consummation of the transaction described above pursuant to and in accordance with the Lease Agreement.

4. That the Chief Development Officer is authorized to execute any required instruments to make and incorporate technical amendments or changes to the Lease Agreement (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise during the term of the Lease Agreement, provided that the changes do not materially alter the substance or terms of the Lease Agreement.

5. That the Lease Agreement and other

documents referred to in the preceding paragraphs be considered confirmed when executed by the Chief Development Officer and approved by the City of Detroit Corporation Counsel as to form.

**TESTIMONIAL RESOLUTION
FOR**

**COLLEGE OF URBAN LABOR AND
METROPOLITAN AFFAIRS (CULMA)
Opposition to the Closing of (CULMA)**

By COUNCIL MEMBER K. COCKREL, JR.

WHEREAS, Wayne State University established the College of Urban, Labor & Management Affairs (CULMA) in 1985 to coordinate and strengthen programming that advances the University urban mission; and

WHEREAS, CULMA maintains a special commitment to address the social, economic and political issues facing urban areas generally—and Detroit particularly. CULMA serves as the university's center for research, teaching, community engagement and policy analysis in urban affairs and workplace issues; and

WHEREAS, The college houses fourteen departments, centers and programs that produce significant studies for the surrounding community. CULMA makes intentional outreach efforts for the non-traditional student. CULMA is an interdisciplinary setting that exists as an urban lighthouse for education agendas within the City of Detroit; and

WHEREAS, The far reaching consequences for the closure have not been addressed—consequences for employees, students, faculty and supporters. Prospective CULMA students want to secure degrees within CULMA—that is why they intentionally selected Detroit and the college of Urban, Labor and Metropolitan Affairs—not Liberal Arts, Social Work, Education, etc. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council recognizes the significant academic contributions of CULMA and the dis-

advantageous effects that would result if CULMA were dissolved. If CULMA closes, Detroit will loose a strong foundation from its edifice. NOW, THEREFORE BE IT FINALLY

RESOLVED, That the Detroit City Council hereby opposes the closing of the College of Urban Labor and Metropolitan Affairs (CULMA). We urge President Reid, the Provost and the Board of Governors to examine any and all alternatives that would prevent the closure of CULMA.

**RESOLUTION
IN MEMORIAM
FOR**

**BISHOP DAVID L. ELLIS
1935-1996**

**“The Dreamer Sleeps,
But the Vision Lives On”**

By COUNCIL MEMBER K. COCKREL, JR.

WHEREAS, As the members of Greater Grace Temple host the Fifth Annual Bishop David L. Ellis Scholarship Breakfast on March 19, 2005, it is appropriate to honor the man whose name graces the event. On behalf of the people of Detroit, we laud the achievements, character, and faith of the late Bishop David L. Ellis, and

WHEREAS, Bishop Ellis was a fiery, passionate preacher who came to Detroit from Chicago in 1962 at 26 to lead a church. At the time, the church was in debt and expected a foreclosure on its church building at any time. Over the next 31 years of pastoral leadership, Bishop Ellis guided the former New Bethel Temple from insolvency to becoming—as Greater Grace Temple of the Apostolic Faith—one of the pillars of the Pentecostal denomination in Detroit, and

WHEREAS, Under the guidance of Bishop Ellis, Greater Grace Temple established schools, a credit union, a travel agency, low-income housing, a car wash, and other activities and programs to serve the community. Bishop Ellis had a fervent desire to lay the groundwork for positive changes in Detroit, and

WHEREAS, Bishop Ellis actually foresaw a comprehensive, \$35-million church complex—the City of David—to serve both temporal and spiritual needs. Tragically, Bishop Ellis died in 1996, before he could see much of it come to fruition. However, he shared his vision with his son, Bishop Charles H. Ellis, III, and February 2002 saw the grand opening of the City of David. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby salutes the determination and dedication of the late Bishop David L.

Ellis, as well as the goal of the annual David L. Ellis Scholarship Breakfast—to help raise funds for youth with the desire to attend college. May the event make it possible for many young people to realize their dreams.

Invocation

Dear God of the Universe,

We come before your throne giving you the honor, glory, and praise you so richly deserve.

We come thanking you for the blessings of life, and for the opportunity to serve God and man.

We come seeking forgiveness of our sins which we from time to time most grievously commit by thought word and deed against thy divine majesty.

Have mercy upon us and forgive us our transgressions.

We come now in petition seeking your blessings. We sincerely come before you in behalf of our troubled world, our confused nation and our challenged city.

We ask, now for a special blessing upon our council members and their staffs.

These servants are indeed flesh and sometimes prone to error. Please Lord, give them the grace to overcome.

Give understanding to the people of Detroit and please bless and protect our children.

Now, God, bless these Council proceedings, today and grant this Council courage for the facing of this hour and the living of these days.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. Re: Valencia Lundy-Jackson vs. City of

Detroit. Case No.: 04-419750 NO. File No.: A19000.02885 (SH).

On March 22, 2005, a case evaluation panel evaluated the above-captioned lawsuit and awarded Fifteen Thousand Dollars (\$15,000.00) in favor of Plaintiff. We, therefore, request Your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Fifteen Thousand Dollars (\$15,000.00) payable to Martin Gary Deutch, P.C., attorneys, and Valencia Lundy-Jackson, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 04-419750 NO, approved by the Law Department.

Honorable City Council:

Re: Petition Number 3347 — Request for City Council Approval of the Issuance of a Dance-Entertainment Permit to Vicente III, LLC in Conjunction with the Transfer of Ownership of a Liquor License to 1250 Library for a Group 'A' Cabaret.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice (Req. ID: 278372) to the Detroit City Council, which has been designated by the City Clerk as Petition Number 3347. The petition requests City Council approval or disapproval of the issuance of a dance-entertainment permit in conjunction with the transfer of ownership of a 1999 Class 'C' liquor license, in escrow at 4080 W. Jefferson, from Rakk Enterprises, Inc. to Vicente III, LLC at 1250 Library for a Group 'A' cabaret.

The Buildings and Safety Engineering Department ("B&SE") reports that 1250 Library is in a B-5 (Major business) zoning district and use of the property for a standard restaurant with Class 'C' bar and night club is a matter of right. In accordance with the Detroit Zoning Ordinance, these regulated uses were approved by B&SE in Case Number 132-04, effective October 29, 2004. Pursuant to this decision, building permit number 79439, dated November 24, 2004, was issued to Vicente Vazquez to establish a restaurant and night club at 1250 Library. Further, B&SE reports that the continued use of the property for this purpose is permitted pursuant to Section 95.0100 of the Detroit Zoning Ordinance, subject to compliance with all grant conditions, relevant codes, and ordinances.

Pursuant to Section 5-7-1 of the 1984 Detroit City Code, a Group 'A' cabaret business license is required for an establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without dancing. The Consumer Affairs Business License Center reports that the Vicente III, LLC has applied for a Group 'A' cabaret license and must comply with all of the applicable

provisions of the 1984 Detroit City Code prior to the issuance of requested City business license.

After investigation and review, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended the transfer of the MLCC Class 'C' liquor license to Vicente III, LLC and the issuance of a dance-entertainment permit for 1250 Library. The Police Department investigation did not reveal any MLCC violations for the owner, Vicente Vazquez, for the preceding twelve (12) months. Further, since 1250 Library is a new location for the sale of alcoholic beverages, there have not been any MLCC violations at the premises for the preceding twelve (12) months.

Upon this Body's approval of the request for the issuance of a dance-entertainment permit and the issuance of a Group 'A' cabaret license by Consumer Affairs Business License Center to Vicente III, LLC, the location will be approved for dancing by patrons and entertainment. Section 5-7-13 of the 1984 Detroit City Code prohibits adult entertainment in an establishment licensed as a Group 'A' cabaret.

Pursuant to this Body's August 1, 2003 and July 7, 2004 resolutions on the procedures and criteria for the approval or disapproval of the issuance of MLCC dance and entertainment permits, the Law Department recommends that this matter be placed on City Council's agenda for consideration of the issuance of a dance-entertainment permit to Vicente III, LLC in conjunction with the transfer of a Class 'C' liquor license to 1250 Library. Attached is a proposed resolution approving the issuance of the requested dance-entertainment permit to Vicente III, LLC.

If there are any questions or concerns, please do not hesitate to contact us.

Respectfully submitted,

BRENDA E. BRACEFUL

Deputy Corporation Counsel

By Council Member S. Cockrel:

Brownfield Redevelopment Authority

April 8, 2005

Honorable City Council:

Re: Park Shelton Brownfield Plan.

The Brownfield Plan (Exhibit A) for the Park Shelton Redevelopment Project (the "Plan"), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), on October 20, 2004, has been considered and reviewed by the Committee and a joint public hearing was held by the Authority and the Committee on November 8, 2004 to solicit public comments. On November 11, 2004 the Committee did not adopt the resolution recommending approval of the Plan by the DBRA in the form presented.

On November 17, 2004, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

The Park Shelton Project, a development of Park Shelton Associates (the "Developer") consists of rehabilitation of the existing building and conversion of the apartments into approximately 220 condominium units. The adjacent parking garage will also be rehabilitated into a modern, approximately 300 space parking facility. Eligible investment is estimated at \$17,000,000.

Eligible Property

The eligible property for the Park Shelton Project is located on the north-

east corner of East Kirby Street and Woodward Avenue at 15 East Kirby Street and 5440 Woodward Avenue. The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously and is utilized for a commercial and residential purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be functionally obsolete as defined by Act 381 with the following:

- The unit configuration does not meet current housing demand. Many of the building's smaller units are relatively unmarketable and must be combined to meet modern demand for living space. The building will go from 264 units to approximately 220 units.
- The building's electrical, plumbing and life safety systems need substantial rehabilitation and upgrades.
- The commercial space will be rehabilitated.
- The parking garage requires substantial rehabilitation in order to adequately service The Park Shelton.

Eligible Activities

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include site preparation. The following eligible activities and budgeted costs are intended as part of the development of the Property and are to be financed solely by the Developer:

<u>Description of Eligible Activity</u>	<u>Budgeted Cost</u>
MEGA Work Plan	
Preparation	\$ 5,000
Demolition	\$ 500,000
Site Preparation	\$ 500,000
Total Eligible Activity Costs	\$1,005,000

The Authority is not responsible for any cost of eligible activities and will incur no debt. No TIF reimbursement is requested for this project. It is currently anticipated construction will begin in the Spring of 2005 and eligible activities and investment will be completed within three (3) years.

Purpose of the Plan

The proposed plan is intended to accomplish the following purpose: upon approval of this plan by City Council, the Developer, Park Shelton Associates will be entitled under State Law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in the project.

Tax Increment Financing (TIF) Capture

This Plan will not capture tax increment revenues for financing costs of eligible

activities under this Plan. The eligible activities are to be financed solely by the Developer. The DBRA is not responsible for any costs of eligible activities and will incur no debt.

Other Development Incentives

The property included in this Plan has requested additional project support through the Neighborhood Enterprise Zone abatement that will be granted for 12 years.

Public Comments Received

The public hearing on the Park Shelton Plan was held on November 8, 2004 at the College for Creative Studies in Detroit. There were forty-seven people who attended the public hearing. Fourteen members of the public spoke in opposition to the project and three people spoke in support of the project.

Re: Lithuanian Hall Brownfield Plan.

The Brownfield Plan for the Lithuanian Hall (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on February 24, 2005 to solicit public comments. At its February 16, 2005 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On April 6, 2005, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

There are two small loft apartments within the building that may remain residential or could be converted to office depending on demand. The project will entail extensive systems replacement including heat, plumbing and electrical, and constructon of an elevator. The lot at 3562 W. Vernor will be improved for shared parking. It is estimated that the total eligible investment will exceed \$1.905 million.

- The Lithuanian Hall roof, heating, plumbing and electrical systems are in need of significant rehabilitation and replacement. The building does not have modern telecommunication capability such as broadband internet.
- The Lithuanian Hall lacks required life-safety systems.

Eligible Activities

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include lead and asbestos abatement. The following eligible activities and budgeted costs are intended as part of the development of the Property and are to be financed solely by the Developer:

Description of Eligible Activity	Budgeted Cost
Lead Abatement	\$ 50,000
Asbestos Abatement	\$100,000

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

If the building becomes open to trespass or if conditions of the deferral are not maintained, we will proceed with demolition without further hearings. Planning & Development Department

April 8, 2005

Honorable City Council:

Re: Acceptance of Grant of Public Use Easement for Plaza and Parking Portions of the Mexicantown International Welcome Center and Mercado Project.

By resolutions adopted August 4, 1995 and November 27, 2002, your Honorable Body approved application for the accep-

tion of Section 108 loan funds from the U.S. Department of Housing and Urban Development to assist with financing the above referenced Project. Your Honorable Body subsequently approved sale of surplus tax reverted properties located within the Project boundaries to Mexicantown Community Development Corporation for incorporation into the Project. In addition, by resolution adopted November 30, 2001, City Council approved a brownfield plan (the "Plan") for the Property, pursuant to which the Project owners would receive reimbursement from Tax Increment Revenues for certain costs for Eligible Activities as described in the Plan, approved by the Michigan Economic Growth Authority ("MEGA") and undertaken by the Owner in connection with the Project.

Among the Project related costs proposed as eligible for reimbursement are infrastructure costs to be incurred in connection with construction of the public Plaza and parking lots intended to serve the Mercado and Welcome Center facilities. State statute, specifically MCL 125.2652(r), requires that, for purposes of eligibility, such infrastructure improvements must be located on property owned or used by a public agency or designed and dedicated to use by or for the benefit of the public generally. MEGA has determined that the appropriate way to dedicate the Plaza and parking lot portions of the Project for such public use and benefit is by way of a Public Use Easement, pursuant to which the Project owners would grant to the City of Detroit for the benefit of the public generally an unrestricted right to use, access and enjoy the Plaza and parking lot portions of the Project. MEGA has deemed an easement term of not less than thirty (30) years as sufficient duration to justify a determination of infrastructure cost eligibility for reimbursement.

A legal description for the Plaza and parking lot public use easement areas of the Mercado portion of the Project north of Bagley Street and a drawing showing the location of the proposed easement areas in relation to the Mercado building being constructed on the property are attached hereto as Exhibits A and B. A legal description for the International Welcome Center parking lot public use easement area south of Bagley Street and a drawing showing the location of the proposed easement area in relation to the Welcome Center building being constructed on the property are attached hereto as Exhibits C and D. The Grantor/property owner of the Mercado portion of the Project is Mexicantown Commercial Properties, Inc. The Grantor/property owner of the Welcome Center portion of the Project is Plaza del Norte, Inc. The intent of public use easements is to create

and preserve an unrestricted public right to use and access the areas covered by the easement, and, further, with respect to these specific Plaza and parking lot easements, it has been agreed that any and all construction, maintenance, repair, insurance and security costs related to the easement areas and infrastructure improvements constructed thereon shall be at the sole cost and expense of the owner entities that are granting the public use easements to the City.

We, therefore, request that your Honorable Body adopt the attached resolution that authorizes acceptance of the proposed Plaza and parking lot public use easements in connection with the Mexicantown International Welcome Center and Mercado Project and, further, authorizes and directs the Director of Development Activities to negotiate and enter into appropriate Easement Agreements that provide for public use and access over and across the designated easement areas for a term of not less than thirty (30) years at no cost or expense to the City of Detroit.

Respectfully submitted,
HENRY B. HAGOOD
Director of Development Operations

By Council Member Bates:

Resolved, That the offers by Mexicantown Commercial Properties, Inc. and Plaza del Norte, Inc. to grant Public Use Easements to the City of Detroit over the Plaza and parking lot portions of the Mexicantown International Welcome Center and Mercado Project, the locations of which easements are described with specificity on Exhibits A and C and shown on Exhibits B and D attached to the foregoing communication, shall be and are hereby accepted with the intent that said easements shall guarantee rights of access and use by the public generally to those portions of the Project encompassed by the easements.

Be It Further Resolved, That the Planning and Development Department Director of Development Activities be and is hereby authorized and directed to negotiate and enter into Public Use Easement Agreements to convey the aforesaid easement rights to the City for a term of not less than thirty (30) years at no added cost or expense to the City for construction, maintenance, repair, insurance, security or otherwise as a consequence for the duration of the easement term.

Honorable City Council:

Re: Departmental Recommendation on Residential Alley Vacation for Petition No. 2081 by Scott Lowell, located in the block bounded by Second, W. Hancock, Third and W. Forest.

The above-referenced petition, along with six other residential alley vacation petitions, were presented before your Honorable Body at a Public Hearing conducted on September 24, 2004. Following the public hearing, the Planning and Development Department (P&DD) proceeded with presenting a resolution for the action of the City Council approving the seven(7) petitions. However, before action was taken, the Department of Public Works (DPW) requested that we hold up on Petition 2081 because they felt the granting of this petition may have a deleterious impact upon the usage of the subject alley. Consequently, the subject petition was pulled from the P&DD recommendation to the City Council in order to facilitate further investigation.

Mr. James Foster of DPW City Engineering Division met with the petitioner, Mr. Scott Lowell, to review the proposed alley use. Mr. Lowell assured DPW that each property owner expressed support for the alley vacation and understood the ramifications of the alley conversion to easement. A letter is attached which confirms this understanding. As a result, the DPW has removed its objection to the subject alley vacation and supports the attached resolution for alley conversion to easement.

Herewith, is a resolution that will enable the City Council to take formal action causing the vacation of Petition No. 2081.

Petition No. 2081 has been processed in compliance with the City of Detroit Code, Article VI, Section 50-6-1. Our investigation of this petition discloses the following:

- 1. The public utilities located in the alley can be properly served if this portion of the alley is converted into an easement.

2. That this portion of the alley does not serve as the sole means of ingress/egress to abutting and non-abutting properties.

3. No objections to this portion of the alley vacation have been received from any private utility Companies or City Departments involved (including the Detroit Historic District Commission).

Therefore, it is the recommendation of the Planning and Development Department that the attached resolution be approved.

Respectfully submitted,
HENRY B. HAGOOD

Director of Development Activities
By Council Member Bates:

Whereas, This petition has been filed with the Detroit City Council, as herein described pursuant to ordinance for the purpose of determining the advisability of this alley vacation; and

Whereas, A Public Hearing was held by the City Council of Detroit, Michigan, in the Committee of the Whole Room, 13th Floor of the Coleman A. Young Municipal Center, Friday, September 24, 2004 at 10:30 a.m., in compliance to Section 50-6-1 of the Detroit City Code for each Residential Alley Conversion to Easement; and

Whereas, Views and comments from concerned abutting property owners was heard and deliberated upon by the Honorable Body; NOW THEREFORE, BE IT

PETITION No. 2081 (2003)
CONVERSION TO EASEMENT OF THE SOUTH PORTION OF THE NORTH/SOUTH ALLEY, (130 FEET WEST OF SECOND AVENUE), LOCATED IN THE BLOCK BOUNDED BY THIRD, SECOND, WEST FOREST AND WEST HANCOCK;

RESOLVED, All that South portion of the North-South public alley, parallel to Second Avenue, 18 feet wide, lying East of and abutting the East line of Lot 52, inclusive; also lying West of and abutting the West line of Lots 48 thru 51, including the West line of the South 5 feet of Lot 47, all in WM. A. BUTLER'S SUBDIVISION of Out Lots 102, 104 and 106 and that part of Out Lot 108 lying South of the South line of Putnum Avenue of the Subdivision of Cass Farm, Detroit, Wayne County, Michigan as recorded in Liber 11, Page 89 of Plats, Wayne County Records.

Whereas, The subject portion of the alley proposed for vacation and conversion to easement is part of an "H-shaped" alley, platted in the block bounded by Third Avenue, Second Avenue, West Forest, and West Hancock.

Whereas, This neighborhood block is within the Warren Prentis Historic District Area;

Whereas, The Warren Prentis Historic District is regulated by provisions set by the Detroit Historic District Commission; and

Whereas, The Detroit Historic District Commission has no objection to the proposed alley vacation provided that any proposed physical changes to the vacated alley area (including gate installation) will be reviewed and approved by the Detroit Historic District Commission prior to the implementation of the proposed changes;

Whereas, All other City Departments and privately owned Utility Companies have reported no objections to the proposal, provided they have the right to ingress and egress at all times to their facilities; and THEREFORE

Resolved, That the Petitioner is directed to comply to such provision due to the historical significance of the block as a whole;

Resolved, That the Petitioner for said alley portion, its heirs, executors, administrators, assigns or any subsequent purchaser of property owned by the petitioner that abuts said vacated alley, adheres to above provision in time as well.

Resolved, That this portion of the alley described above is vacated subject to the following permanent conditions:

1. The City reserves an easement of full width for the purposes of maintaining, installing, repairing, removing or replacing public utility lines with the right to ingress/egress at any time to and over said easement for the purpose above set forth.

2. No building, structures, improvements or encroachments of any kind may be placed in the easement area without prior written consent by the DPW City Engineering Division and the Detroit Historic District Commission.

Resolved, That in accordance with MCL Section 560.256 and City Code Section 50-7-4, the City Clerk is directed to record a certified copy of this resolution with the Wayne County Register of Deeds within 30 days after the effective date of this resolution; and be it further

Mr. Foster,
As per our meeting and subsequent conversation on March 22nd, I have spo-

ken to the property owners about our plans to close the portion of the northern alleyway between Forest Avenue and Hancock closest to Forest. They have each expressed that it would be beneficial to limit access to that area. They are also as excited as we are to see that portion of alleyway preserved as a kind of cobblestone courtyard. They each have said that

they understand the ramifications of conversion to an easement. With your permission we would like to begin immediately. Thank you for your time and meeting me on site. As always, please feel free to contact me at 313-610-8086 if you have any questions.

Sincerely,

Re: Extension of Development Agreement.
Development: 431, 437, 439 & 441 Continental.

On May 7, 2003 (Detroit Legal News, Pg. 10), your Honorable Body authorized the sale of the above-captioned property to Leonard Maurice Davis and Brenda A. Davis, his wife, for the purpose of constructing a brick single-family home with an attached two-car garage.

Re: Correction of Sale Resolution.
Development: 3502, 3508, 3514-16, 3520-22 & 3526 McKinley.

On November 22, 2004, your Honorable Body authorized the sale of the above-captioned property to New Starlight Missionary Baptist Church, a Michigan Ecclesiastical Corporation, to landscape and create greenspace with a playscape to enhance their adjacent church facility.

It has come to our attention that although the legal description was stated correctly, the size of the property and the sales price were stated incorrectly. Our review has indicated that the size of the property should be adjusted from 20,220 square feet to 16,808 square feet. Accordingly, the sales price should be adjusted from \$12,000 to \$10,100.

We, therefore request that your Honorable Body adopt the attached resolution, authorizing an amendment to the sales resolution to reflect an adjustment in the size of the property from 20,200

square feet to 16,808 square feet and the sales price from \$12,000 to \$10,100.

City Planning Commission

April 21, 2005

Honorable City Council:

Re: Proposed amendment to the Master Plan of Policies, in the general area of the southeast corner of Woodward Ave. and Eight Mile Rd. in support of proposed Gateway Park Mall Project (RECOMMEND APPROVAL).

REQUEST

The Planning and Development Department (P&DD) has prepared an amendment to the Detroit Master Plan of Policies (Master Plan) in support of the proposed Gateway Park Mall Project at Woodward and Eight Mile Rd. The proposed amendment affects the North Sector, State Fair Subsector, Recommended Future Land Use map and the North Sector Rezoning Concept map. This amendment is consistent with the Master Plan interpretation prepared by

the department, when the rezoning for the project was under consideration. (Please see the attached proposed amendment from the department.)

PROPOSED AMENDMENT

The subject area is located in the State Fair Subsector of the North Sector of the Master Plan of Policies. The site is bounded by Woodward Avenue, Eight Mile Road, Ralston Avenue and the alley south of Winchester extended to Woodward. The current Recommended Future Land Use map calls for RLM (Low-Medium Density Residential) for the interior portion of the site and GC (General Commercial) along the Eight Mile Road and Woodward Avenue frontages. The proposed amendment would place a CC (Comparison Commercial) land use designation on the entire site. The corresponding change to the North Sector Rezoning Concept map would replace the current R2 (Two Family Residential District) and B4 (General Business District) zoning classifications with a B3 (Shopping District) zoning classification, consistent with the rezoning that was approved by your Honorable Body in July of last year.

PUBLIC HEARING AND NOTIFICATION

As the Council is aware, the State Coordinated Planning Act requires 40 day and 55 to 75-day notification and response periods for adjacent cities and the County, respectively, prior to the holding of a public hearing on any Master Plan amendment. Notifications were sent and one communication was received from the City of Ferndale (attached). The Ferndale letter pointed out an error in the notice regarding an address in the description of the subject property and raised a couple of issues for which they needed clarification. Staff responded to the Ferndale letter and no additional follow-up was required.

GPC held the public hearing on this matter on November 18, 2004. No public comment was received and the Commission took action the same day. Since the Commission held the required public hearing, there is no need for the Council to hold another hearing on the matter.

GATEWAY PARK MALL

Dumas Concepts In Building, representing Avenue Investors/Detroit Gateway Park Outlet Mall L.L.C., intends to construct a moderate to upscale retail center built in a "main street" style. The subject area contains approximately 36 acres and is largely vacant and owned by the developer with the exception of several existing commercial uses and one residential use along both Woodward Ave. and Eight Mile Road. The rezoning was approved this past July and construction should begin in the spring or summer of this year.

CONCLUSIONS AND RECOMMENDATION

The proposed Master Plan amendment, while not required by the rezoning, is an appropriate and proactive move by P&DD. It is consistent with the department's previous interpretation of the Master Plan related to this area as provided when rezoning was being considered. The amendment will not only support the proposed mall project, but also supports the majority of the uses that are anticipated to remain, and will encourage the continued evolution of the area toward a shopping district. Therefore, the City Planning Commission recommends approval of the requested Master Plan amendment. A resolution to effectuate the amendment is attached.

Honorable City Council:

Re: A Resolution to Amend the City of Detroit Master Plan of Policies for the Gateway Park Mall Project.

Pursuant to the City of Detroit Charter, Section 8-102, the Planning and Development Department, Planning Division, submits for your consideration and action a proposed Amendment to the City of Detroit Master Plan of Policies. Adoption of this resolution by your Honorable Body would accommodate the proposed Gateway Park Mall project through a change in the future general land use for the proposed development site.

Location

Southeast corner of Woodward Avenue and Eight Mile Road.

The project site is located entirely within the North Sector, State Fair Subsector, and covers 36.61 acres. The project site is generally bounded by Eight Mile Road to the north, Ralston Avenue to the east, the southern property line of 20266 Woodward Avenue and the alley south of West Winchester Avenue to the south, and Woodward Avenue to the west.

Previous Interpretation

This Resolution for the proposed Amendment follows a Master Plan interpretation dated April 15, 2004 for the rezoning of the development site from B4, General Business District, and R2, Two-Family Residential District, to B3, Shopping District. That interpretation concluded that the proposed development does not conform with the future general land use of the site as outlined in the Master Plan of Policies and therefore necessitates an amendment.

Existing Site InformationFuture General Land Use

GC (General Commercial) — along Eight Mile Road and Woodward Avenue

RLM (Low-Medium Density Residential) — the remainder of the site east of Woodward Avenue and south of Eight Mile Road

Existing Land and/or Building Use

Commercial uses exist along Woodward Avenue and Eight Mile Road. The remaining acreage is clear for development.

Existing Zoning

B4 (General Business District) — along Eight Mile Road and Woodward Avenue

R2 (Two-Family Residential District) — the remainder of the site east of Woodward Avenue and south of Eight Mile Road

Surrounding Site InformationFuture General Land Use

City of Ferndale — across Eight Mile Road to the north

State Fairgrounds — to the east and south

RL (Low Density Residential) — across Woodward Avenue to the west

CEM (Cemetery) — across Woodward to the west

Existing Land and/or Building Use

The State Fairgrounds surround the project site to the south and to the east. Commercial uses exist along the north side of Eight Mile Road, and single-family residences and a cemetery exist along the west side of Woodward Avenue.

Existing Zoning

City of Ferndale — across Eight Mile Road to the north

State Fairgrounds — surrounding the project site to the south and to the east

B4 (General Business District) — along Eight Mile Road and Woodward Avenue

R1 (Single Family Residential) — across Woodward Avenue to the west

R5 (Medium Density Residential) — across Woodward Avenue to the west

Project ProposalFuture General Land Use

CC (Comparison Commercial)

Proposed Land and/or Building Use

The site will contain a retail outlet mall consisting of 12 retail buildings and space for a minimum of 8 outlot buildings.

Proposed Rezoning

B3 (Shopping District)

InterpretationImpact on Surrounding Land Use

The proposed development could have a tremendous impact upon the immediate area. Existing retail in the Woodward-Eight Mile vicinity is moribund and the proposed development could improve the viability of retail establishments on both

sides of Eight Mile Road. Negative impacts (i.e. noise, traffic, etc.) upon neighboring residential areas should be negligible because the State Fairgrounds and the Woodlawn Cemetery shield the surrounding neighborhoods from these nuisances.

Impact on Transportation

The proposed development could significantly increase traffic volume in the vicinity of the Eight Mile-Woodward intersection. Adequate signage, vehicular access and parking around the proposed development are necessary to ease traffic flow throughout the area. Additionally, the proposed development could increase ridership on regional and local transit systems at points along Eight Mile Road and Woodward Avenue thereby increasing the importance of the DDOT transit station on Woodward Avenue immediately south of the State Fairgrounds.

Recommended Master Plan Amendment

The Amendment is necessary to accommodate the development of the Gateway Park Mall. The Gateway Park Mall project fulfills the mandates of the community as outlined in the Master Plan of Policies. These mandates include the establishment of "appropriate commercial uses along Woodward, Eight Mile Road, and the Chrysler Freeway entry points to take advantage of heavy automobile traffic" (Article 305, Policy 305-3, p. III-81). The Gateway Park Mall development represents a higher and better use for this site by establishing a concentrated commercial center and, along with other developments surrounding the State Fairgrounds, stimulating investment in the community.

The Planning Division of the Planning and Development Department therefore recommends that the future general use of the Master Plan of Policies change from GC, General Commercial, and RLM, Low-Medium Density Residential, to CC, Comparison Commercial Shopping Center.

A RESOLUTION TO AMEND THE DETROIT MASTER PLAN OF POLICIES TO ACCOMMODATE THE CONSTRUCTION OF A COMPARISON COMMERCIAL SHOPPING CENTER**
By Council Member K. Cockrel, Jr.:

WHEREAS, The City of Detroit Master Plan of Policies, adopted August 5, 1992, consists of policies and methods for improving the City of Detroit as a place for people to live and work based upon their needs and desires; and

WHEREAS, The proposed Amendment would allow a change in the future general land use of the Master Plan of Policies to accommodate the development of the Gateway Park Mall, thereby encouraging investment in blighted areas of the City along the Eight Mile Road and Woodward Avenue corridors, as well as the surrounding neighborhoods;

City Planning Commission

April 26, 2005

Honorable City Council:

Re: Civic Center replacement of Hart Plaza sign and message board at Woodward and Jefferson Ave. (Recommend Approval).

On Wednesday April 20, 2005 the staff of the City Planning Commission (CPC) received a sign permit application for a new sign message board to replace the existing sign at the entrance to Hart Plaza at the foot of Woodward. The PC (Public Center District) zoning classification in which Hart Plaza is located calls for City Council approval of alterations such as this following the review and recommendation of both the Planning and

Development Department (P&DD) and CPC. CPC staff has reviewed the application in conjunction with P&DD staff and submits this report and recommendation.

PROPOSED SIGN

The proposed sign would bring both a new look and new technology to Hart Plaza. The current sign is two-sided including a letter board, whereon messages are placed a letter at a time by hand. The space is limited, letters are often blown away and the sign only addresses traffic moving along Jefferson Ave. The new sign can display a full range of colored text, graphics, photos and video and would be operated remotely by computer. The new sign is four-sided with signs facings on the east, north and west facades. The fourth side, facing south to Hart Plaza, would be blank and painted blue on white. Each sign face would include a full color matrix LED screen in a blue casement, measuring 13 feet 8 inches by 4 feet 1 inch and would be topped with a 2 foot by 13 foot 8 inch light box bearing white text that reads, "Hart Plaza" against a black background. A steel frame, enclosed by aluminum panels with a white baked enamel finish would support the sign (see attached graphic).

The proposed sign would be placed along the centerline of Woodward Ave. in the same spot occupied by the current sign. This would place it directly south of the Joe Louis "Fist" and just north of the Noguchi Pylon. In this locale the sign is less likely to be a distraction to south-bound traffic along Woodward Ave., as it would be partially obscured by sculpture.

REVIEW

In accordance with the PC provisions of the Zoning Ordinance (Section 112.0000) reviews are conducted in circumstances such as this in order to, "ensure a completely harmonious, pleasing, and functional public center". The sign proposal before our Honorable Body at this time is the result of a quickly coordinated review with the staff of the P&DD, Mr. Blanton, Director of the Civic Center, and the sign provider. The color scheme was modified in order to be more harmonious with the Civic Center setting than what was originally proposed.

We are also concerned about the operation of the sign, particularly given the display capacity. Section 112.0000 expressly prohibits the placement of advertising signs within a PC zoning district. This means that no off-premise advertisements may be placed on the sign and related structure or displayed on the screen. Off-premise advertising signs are further prohibited by Ordinance 22-99, which disallows such signs within the Boulevard. As a result, only messages of a public or civic nature may be displayed. This of course, would include the promo-

tion of Civic Center events, but would not allow for unrelated off-site advertisement of a commercial nature. If such advertising is desired, a variance would have to be granted from the Board of Zoning Appeals.

RECOMMENDATION

CPC staff, working in conjunction with the Planning and Development Department, has completed its review of the proposed sign and message board. Staff finds that the sign, as modified and operated in accordance with current regulations, would be in keeping with the spirit and intent of the PC zoning district. Therefore, staff recommends approval. Please find attached the appropriate resolution to effectuate your approval.

Honorable City Council:

Re: Petition No. 3170—Detroit Building Group, L.L.C., for encroachment into public rights-of-way in the area of E. Ferry and Woodward.

Petition No. 3170 of the "Detroit Building Group, L.L.C.," at 672 Woodbridge, Ste. 110, Detroit, Michigan 48226, on behalf of "Kirby Parking Structure, L.L.C.," request to install and maintain caisson encroachments within a portion of the easterly right-of-way of Woodward Avenue, 120 feet wide, and a portion of the southerly right-of-way of East Ferry Avenue, 80 feet wide, being at the southeast corner of said Woodward and E. Ferry Avenue(s), for the proposed construction of a new 5 level, approximately 330 car parking structure to be attached to the north of the existing Park Shelton condominiums.

The "Kirby Parking Structure, L.L.C.," intends to install and maintain caissons, that will encroach 2'-0" x 4'-0" into the south line of E. Ferry and 2'-0" x 170'-0" into the east line of Woodward Avenue.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report:

The Traffic Engineering Division — DPW reports no objections with the requested encroachments provided that the grade and surface shall be maintained in its original condition after the completion of the caisson installation and a minimum clearance of 8 feet shall be maintained between road surface and caisson top surface.

The Public Lighting Department (PLD) reports having underground fed street lighting circuit and hand holes, in the proposed area of encroachments. The conduit bank contains high voltage cables giving power to the streetlights. The PLD needs 24-hour unrestricted easement rights with heavy vehicle access to its installations. Any construction activities in the encroachment area, shall be done by protecting PLD installations, per PLD specifications. Any proposed structures shall maintain a clearance acceptable to the PLD. The property owner and its contractor will be liable for any damage to PLD installations.

The Detroit Water and Sewerage Department (DWSD) reports an existing 18" x 24" sewer main in the vicinity of the caisson encroachments.

The DWSD has no objection to the proposed encroachment provided that the provisions of the attached resolution are followed.

All other involved City departments and privately owned utility companies have

reported no objections or that satisfactory arrangements have been made.

Respectfully submitted,

WILLIAM TALLEY

Honorable City Council:

Re: Nancy LaRoque, Personal Representative for the Estate of Theodore Nelson LaRoque III vs Anthony Goree. Case No.: 98-833427-NO. File No.: A37000-001921.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a settlement in the amount of Five Million Dollars and No Cents (\$5,000,000.00) is in the best interest of the City of Detroit.

We, therefore, request authorization to settle this matter in the amount of Five

Million Dollars and No Cents (\$5,000,000.00 and that your Honorable Body direct the Finance Director to issue a draft payable to Geoffrey Fieger and Steven D. Liddle, Attys and Nancy LaRoque, P/R of the Estate of Theodore Nelson LaRoque III, in the amount of Three Million Two Hundred Thousand Dollars and No Cents (\$3,200,000.00), a draft payable to Allstate Life Insurance Company in the amount of One Million Four Hundred Thousand Dollars and No Cents (\$1,400,000.00), a draft payable to PASSCorp in the amount of One Hundred Seventy Five Thousand Eight Hundred Dollars and No Cents (\$175,800.00) and a draft payable to Aviva London Assignment Corporation in the amount of Two Hundred Twenty Four Thousand Two Hundred Dollars and No Cents (\$224,200.00), to be delivered upon receipt of properly executed Release and appropriate settlement documents as a Lawsuit Court of Appeals No. 249084; Wayne County Circuit Court No. 98-833427-NO, approved by the Law Department.

*WAIVER OF RECONSIDERATION (No. 1), per Motions before Adjournment.

STATEMENT OF COUNCIL MEMBER
SHARON McPHAIL REGARDING HER
VOTE IN OPPOSITION TO THE
SETTLEMENT IN THE CASE OF
LAROQUE VS. GOREE ET AL

For several weeks, I held the settlement of the above-referenced matter, for the purpose of obtaining information critical to my decision as to whether to vote for or against this over 5 million dollar expenditure of City funds.

In a period of fiscal crisis, it is important that we not expend funds to settle a case where we do not have liability. It does not surprise me that one of my colleagues has a misunderstanding of the legal issues: in typical form, Ms. Sheila Cockrel's memo rails at my decision to challenge this process ostensibly because of increased "interest" which "continues" to mount every day. As one who has no legal training, she fails to understand the very complex issues in this matter. It is my hope that this statement will clarify these issues for her.

The *Laroque* case involves an off-duty officer who killed his neighbor during a personal argument. A prior City Council (1999) approved representation for the officer (a mistake, but it was done at the recommendation of the Law Department) but never approved indemnity. Further, the City was dismissed as a party and there appeared to be no basis to believe the City had any reason, legal or otherwise, to pay for this officer's conduct.

I discontinued my hold on the case, but voted no on the settlement, because I discovered that the Law Department had agreed, on the record in Court, to pay the judgment. I continue to believe that an appeal would be fruitful in this matter but it is clear to me that our Law Department is either unable or unwilling to provide the legal expertise to win an appeal.

This case should never have been allowed to go to trial on a 42USC 1983 (Civil Rights) theory: There is no end to

the City's liability if we are required to pay judgments for every city employee who causes harm to another person when the City employee is not acting in the normal course of his/her duties, as was the case here. After the City was dismissed as a party, the City should have withdrawn its representation: Then the defendant would have been required to obtain counsel and we would not be discussing the City paying for his mistake.

Another place where our Law Department erred was in the decision to agree to pay the judgment, even after the Court dismissed the City as a party. The Court correctly found that the City had no liability in this case: The Law Department then offered to pay the judgment. While I do not believe, as an attorney experienced in trial work, that a lawyer's promise to pay can re-instate liability after a ruling that there is no liability, I must release my hold on the case and allow it to be voted up or down: My reason includes my view that it is the same City lawyers who would be required to champion these issues on appeal, something they would be ill-equipped to do.

Moreover, as I studied the transcript, I found another basis for appeal, the qualified immunity defense. Assuming, as Law does, that the officer was acting in an "on duty" capacity, he is entitled to the qualified immunity defense. The facts in evidence appear to be favorable to the officer.

I do not agree with the Law Department's reluctance to fight for the City in this case but I do recognize that reluctance. Accordingly, as there is no reason to believe that their reluctance will dissipate with the passage of time, I now have released my hold on the matter. I voted no because I do not believe that this settlement is in the best interest of the City.

Finally, this is yet another time that the Law Department has taken advantage of some members of Council. The recommendation to settle this case included no analysis of the legal weakness and failed to mention that it was the Law Department that created the problem by stipulating that the City would pay this judgment. This is both dishonest and irresponsible.

**RESOLUTION
HONORING THE NATIONAL NEGRO
LABOR COUNCIL**

By ALL COUNCIL MEMBERS:

WHEREAS, The National Negro Labor Council (NNLC) was founded in 1951 in Cincinnati, Ohio, dedicating itself to the two basic goals of attaining jobs for blacks in places where they had previously been excluded, such as banks, airlines, and department stores; and winning executive positions for blacks within labor and trade unions, in brief, Economic Liberation. Detroiters William Hood and Coleman Young were its president and executive secretary; and its headquarters were set up on Grand River in the City of Detroit; other Detroit members included David Moore, Quil Pettway, Lasker Smith

WHEREAS, The NNLC was based on the principle the day had ended when white trade union leaders or white leaders of ANY organization could presume to tell Negroes on what basis they would come together to fight for their rights, asking cooperation of whites, but not asking for their permission, and

WHEREAS, The National Negro Labor Council, NNLC was an organization dedicated to winning first class citizenship for every Black man, woman and child in America in unity with that soulful multitude of democratic minded white workers who recognized in the struggle for Negro rights prerequisites of their own aspirations for a full life;

WHEREAS, The NNLC saw the oppression of Black people as three-fold: racial, class and national. Because Black people had historically shared common culture, common economy, common history, they were a people and united by more than skin color; within this nation there were all classes; although most Blacks were workers. As a nation, Black people had a right to determine for themselves whether they would remain a part of the oppressor nation or separate from it. They had the right to come together to decide matters of policy within the liberation struggle. But as workers, the NNLC saw their oppression closely linked with that of all other workers in the country. Even though all classes in the Black nation were oppressed, they yet struggled among themselves for the leadership of the nation. The Black workers must therefore begin to put their imprint on the Black liberation struggle, as well as join with other workers to fight the bosses.

WHEREAS, Furthermore, the NNLC believed that Negroes in our country at

that time were sick and tired of second-class citizenship, of getting the crumbs from the table. For, they were the last to be hired and the first to be fired, and worked the lowest paying, dirtiest jobs. Negro workers stood before the shop-gates all across the nation, only to be told that there are jobs for whites only. In a country that proposes to export democracy all over the world, 15,000,000 Negro citizens were jimcrowded, segregated, lynched and otherwise denied the basic minimum of democratic treatment.

WHEREAS, In this context, the NNLC had the specific objective of bringing together Negro workers, organized and unorganized, in a variety of industry, to develop programs for economic equality, to provide leadership from their ranks, and to encourage Negro workers to play a fuller role within their unions and other aspects of community life. However, it did welcome and seek membership of white workers who accepted and supported its program.

WHEREAS, NNLC carried out numerous actions, pickets, boycotts, and campaigns to fight and end racist and sexist discrimination in hiring and work, introducing union methods to the pursuit of social equality.

WHEREAS, The "Negro" in "National Negro Labor Council" is to what Coleman Young was referring when he told the racist, redbaiting Congressman "That word is "Negro" not "_____", in Young's legendary rebuff of the House UnAmerican Activities Committee.

WHEREAS, The NNLC's program and work were influences and precursors to FEPC, Civil Rights movement including recruiting and protest methods that were later adopted by Martin Luther King, Jr., as part of the formula for the civil rights movement.

WHEREAS, The Detroit Negro Labor Council branch of the NNLC had such illustrious African American historical figures as Coleman Young, David Moore, William R. Hood, all leading figures of the national organization. THEREFORE, BE IT

RESOLVED, That the Detroit City Council declares the National Negro Labor Council and its Detroit Chapter as a Great Detroit Historic organization whose legacy provides significant substance to our Charter duties to take aggressive action to advance, conserve, maintain and protect the integrity of Detroit's human resources, provide for decent housing, job opportunities, and transportation and to secure equal protection and oppose discrimination. AND BE IT FURTHER

RESOLVED, That the Detroit City Council in conjunction with the surviving members of the National Negro Labor Council shall initiate an investigation and hold a number of public hearings on the

problems of employment, unemployment, labor and discrimination in Detroit today with the aim of improving the public health, education, safety and welfare. BE IT FINALLY

RESOLVED, That the Detroit City Council will seek to have _Hardstuff_ designated as required reading in all Detroit high schools

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 8.

Nays — None.

**RESOLUTION
URGING THE MICHIGAN BOARD OF
CANVASSERS TO REMOVE THE
MICHIGAN CIVIL RIGHTS INITIATIVE
FROM THE BALLOT**

By ALL COUNCIL MEMBERS:

WHEREAS, A Legal challenge was being filed with the Michigan Board of Canvassers on April 18th by the civil rights campaign Operation King's Dream (OKD) and By Any Means Necessary (BAMN), demanding that the Michigan Civil Rights Initiative (MCRI) be disqualified, and

WHEREAS, The MCRI, an initiative backed by Ward Connerly, used a pattern of pervasive deception and fraud targeted specifically at Michigan's African-American voters. The petition aimed to end or limit affirmative action throughout the state, but represented itself in a contrary light, claiming that it was designed to protect affirmative action. Of the 500 petition signatures selected by the State to verify the validity of the petition, only 37 signers could be found who knew what they were signing and meant to sign it, and

WHEREAS, Voters included in the sample of 500 testified to having been told the petition was to "keep affirmative action going." In addition to these mis-truths, the petition language was so vague that two circuit court judges were tricked into signing, and

WHEREAS, Five affidavits have been signed by petition circulators who testified that they were misled as to the character of the petition and therefore passed that misinformation on to the people that they asked to sign, and

WHEREAS, Other frauds permeate the petition filed by the MCRI, including forged signatures and, invalid dates and non-existent addresses. This was a conscious and deliberate attempt to defraud the citizens of Michigan by Ward Connerly. NOW, THEREFORE, BE IT

RESOLVED, That the Detroit City Council strongly urges the Michigan Board of Canvassers to remove the Michigan Civil Rights Initiative from this ballot this year.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 8.

Nays — None.

**RESOLUTION IN OPPOSITION OF
HOUSE BILL 4546 AND
SENATE BILL 372**

By COUNCIL MEMBER COLLINS and
Joined By ALL COUNCIL MEMBERS:

WHEREAS, The Detroit Water and Sewerage Department (DWSD), the third largest water and sewer utility in the United States, has a rich history in public utility service dating back to the early 1800s beginning with a water system of wooden logs and the "Grand Sewer" made up of brick and stone; and

WHEREAS, Today, DWSD provides water service to approximately one million people in Detroit and three million people in neighboring southeastern Michigan communities throughout Wayne, Oakland, Macomb, St. Clair, Lapeer, Genesee, Washtenaw and Monroe counties. The 1,071-square mile water service area, which includes Detroit and 125 suburban communities, makes up approximately 43 percent of the state's population. The Department also provides wastewater service to approximately one million Detroit residents and two million suburban residents in neighboring communities. Wastewater service is provided to a 946-square-mile area that encompasses 35 percent of Michigan's population and includes the City of Detroit and 76 neighboring communities; and

WHEREAS, The Detroit Water and Sewerage Department is a branch of the City of Detroit government. The Department is governed by a seven-member Board of Water Commissioners whose members are appointed by the Mayor. Four commissioners, by City Charter requirements, represent Detroit residents. Three remaining commissioners represent suburban wholesale customers with appointees from Wayne, Oakland and Macomb counties; and

WHEREAS, DWSD's water supply system is one of the largest in the nation both in terms of water produced and population served. The water system draws fresh water from the Great Lakes System, with Lake Huron to the north and the Detroit River to the south. DWSD's water network consists of 3,400 miles of transmission and distribution mains within the City of Detroit, and 402 miles of distribution mains in the remaining service area. DWSD's five water treatment plants pump an average of 659 million gallons of clean drinking water each day; and

WHEREAS, DWSD's sewer system originated in 1836, and today consists of 14 pump stations, three storm water

detention basins and a total of 3,400 miles of sewer lines that carry rainwater and wastewater to the Wastewater Treatment Plant, the largest single-site wastewater treatment facility in the country. This facility treats an average of 660 million gallons of flow per day; and

WHEREAS, Based on the rates adopted for Fiscal Year 2004/2005, DWSD began billing customers in the City of Detroit an average of \$44.67 per month in August, 2004 — which includes all costs of providing safe drinking water and sewer service to their homes, including the cost of water and wastewater treatment, pumping, delivery, billing, etc. and more; and

WHEREAS, Suburban customers receive the same high quality drinking water and wastewater treatment provided to Detroit customers. However, their municipalities operate additional facilities to bring these services to their residents' homes, so DWSD's current charges of \$20.42 per month for the average suburban customer, represent only a portion of the final bill for residents outside the city; and

WHEREAS, DWSD's current Capital Improvement Program totals \$2.4 billion over the next five years with \$534 million budgeted for water and sewer projects for FY 2004/2005. The program focuses on maintaining the excellent quality of water provided to all consumers; improving water system reliability by replacing aging infrastructure to reduce the growing incidence of main breaks; ensuring environmental protection for all Metropolitan Detroit residents through upgraded treatment facilities; improving employee safety through system modifications; and increasing efficiency of services to all customers by taking advantage of new technology; and

RESOLUTION ENCOURAGING THE MAYOR TO FILE AN AMICUS BRIEF IN THE MATTER OF INSURANCE INSTITUTE OF MICHIGAN ET AL VS. STATE OF MICHIGAN INSURANCE COMMISSIONER

By COUNCIL MEMBER MCPHAIL:

WHEREAS, The Insurance Institute of Michigan, Hasting Mutual Insurance Company, Farm Bureau General Insurance Company, of Michigan, Frankenth Casualty Insurance Company, Progressive Michigan Insurance Company, and Walter Stafford, Jr. and Michigan Insurance Coalition and Citizens Insurance Company of America have filed a lawsuit seeking to enjoin the Commissioner of the Office of Financial and Insurance Services, Department of Labor and Economic Growth, State of Michigan, from eliminating credit scoring in rate setting, and

WHEREAS, The Insurance Commissioner of the State of Michigan determined May of 2003 the following findings:

- Credit scores are grounded in credit histories that are compiled by credit reporting agencies. According to a study by Consumer Reports, there are serious errors in approximately 30 percent of those files.

- There are three main credit-reporting agencies. They do not all receive information from the same sources. Due to this, according to a recent study, an individual's insurance credit score may vary by as much as 40 points depending on the credit-reporting agency from which an insurer obtains the score.

- Even where the credit history is the same, there may be substantial differences in an individual's insurance credit score depending upon which insurance credit scoring company is used.

- Insurers determine an individual's discount by seeing where the credit score falls in its discount tiers. Some insurers have only two or three tiers: One has 46. Some insurers have maximum discounts of 10%. Three insurers have maximum discounts of 70% or more.

- The discounts drive up base rates. All policyholders are subject to these fundamental increases. This has the appearance of a surcharge on persons with low insurance credit scores, which is not allowed for automobile and home insurance sold on an individual basis.

- Discount plans on insurance sold to persons on an individual basis are only allowed where they reflect reasonably anticipated reductions in losses or expenses. Insurers have not demonstrated such reductions.

- The connection between a credit history and insurance losses is not understood. Consumers are justifiably wary of a system where a large amount of the premium they pay is determined by seeming-

ly unrelated factors, such as whether they use department store credit cards.

- Some responsible credit management conduct, such as changing from a high interest credit card to a low interest credit card, may lead to lower insurance credit scores. This is because some systems treat frequent changes in accounts negatively.

- Despite the crucial importance of an insurance credit score to the determination of discounts, almost universally insurers do not disclose the credit score to an applicant or policyholder.

- Despite having access to key factors that led to a lower score, almost universally insurers do not disclose these factors to an applicant or policyholder.

- Many insurers fail to comply with requirements in federal law for giving applicants and policyholders notices of adverse actions based upon credit histories. As a result consumers do not know why their premiums are high and that they may obtain a free copy of their credit reports so that they may find and correct errors.

- Some studies indicate that the use of insurance credit scoring has a disproportionate, negative impact on young, old, and low-income persons and minorities, and

WHEREAS, On July 14, 2004, The Michigan Department of Labor & Economic Growth Office of Financial and Insurance Services issued proposed rules in the Administrative Code to clarify a reasonable classification system under the State of Michigan Insurance Act, and

The key component of the proposed rules reads as follows:

R 500.2153 Use prohibited.

Rule 3.

(1) For new or renewal policies effective on and after July 1, 2005, an insurer in the conduct of its business or activities shall not use an insurance score as a rating factor.

(2) For new and renewal policies effective on and after July 1, 2005, an insurer in the conduct of its business or activities shall not use an insurance score as a basis to refuse to insure, refuse to continue to insure, or limit coverage available.

R 500.2154 Filing requirements.

Rule 4.

(1) For new or renewal policies effective on or after July 1, 2005, an insurer shall adjust base rates in the following manner:

(a) Calculate the sum of earned premium at current rate level for the period January 1, 2004 through December 31, 2004.

(b) Calculate the sum of earned premium at current rate level with all insurance score discounts eliminated for the period January 1, 2004 through December 31, 2004.

(c) Reduce base rates by the factor created from the difference of the number 1 and the ratio of the amount of subdivision (a) to the amount of subdivision (b).

(2) The insurer shall file with the commissioner a certification that it has made the base rate adjustment and documentation describing the calculation of the base rates adjustment. The insurer shall file the certificate and documentation not later than May 1, 2005, and

WHEREAS, The adoption of the proposed rules has the potential to provide economic relief to homeowners and drivers in the City of Detroit, and

WHEREAS, The Insurance Commissioner completed an analysis of insurance underwriters data that had not been conducted in twenty years, and

WHEREAS, The Insurance Commissioner released a report titled "The Competitiveness and Premium Excessiveness of the Home and Auto Insurance Industry in Michigan" that found that the City of Detroit and City of Flint experience unaffordable rates for Homeowners and Automotive Insurance even though a competitive environment exist, and

WHEREAS, The Insurance Commissioner "called current law woefully inadequate as a tool for either ensuring affordable rates or going after those companies found to be charging excessive rates". It is outrageous that we cannot take action to bring down rates in places like Detroit and Flint, and

WHEREAS, The OFIS should be provided the authority to develop, promote and spend agency funds on educational materials focused on and disseminated to local units of government that identify specific steps that community leaders could take to reduce insurance rates in their communities. This information would be comprehensive in nature, addressing law enforcement, traffic flow, public transportation, and ongoing community education efforts, and

WHEREAS, Numerous studies have shown Detroit ranks number one in the cost of automotive insurance and home insurance. Homeowners are increasingly faced with expensive insurance renewals with many homeowners only having the Michigan Basic Insurance coverage resulting in the citizens of Detroit suffering unfair and excessive rates, NOW THERE BE IT

RESOLVED, That Detroit City Council urges the Mayor to have the Law Department to file an Amicus Brief on behalf the citizens of Detroit in the matter of *Insurance Institute of Michigan et al vs. State of Michigan and Insurance Commissioner* on the proposed administrative rules to limit the use of credit scoring filed in Barry County Circuit Court Case No. 05-156, and BE IT FURTHER

RESOLVED, That the Research and

Analysis Division, which has been provided a copy of the litigation, is directed to analyze the legal issues as it relates to whether the City Council shall submit an Amicus Brief on behalf the citizens of Detroit should the Mayor and Law Department decline to intervene, and BE IT FURTHER

RESOLVED, That the Detroit City Council requests that the Mayor respond to this adopted resolution after consultation with the State, and BE IT FINALLY

Honorable City Council:

Re: Resolution Authorizing the Issuance and Sale of Water Supply System Revenue Bonds to the Michigan Municipal Bond Authority, of Junior Standing to the City's Water Supply System Revenue and Revenue Refunding Bonds now outstanding.

The attached Resolution authorizes the issuance and sale of approximately \$35 million of Water Supply System Revenue Bonds for the purpose of defraying part of the cost of acquiring and constructing repairs, extension and improvements to the City's Water Supply System Capital Program.

This financing is for participation in the Michigan Municipal Bond Authority's Drinking Water Revolving Fund 3rd Quarter Financing, to take advantage of the Authority's lower cost of borrowing.

It is anticipated that the sale will occur in late June. Bond Counsel has prepared the attached Resolution and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session.

Respectfully submitted,
SEAN K. WERDLow
Chief Finance Officer

A Resolution Authorizing the Issuance and Sale to the Michigan Municipal Bond Authority of Water Supply System Revenue Bonds of the City of Detroit of Junior Standing to the City's Water Supply System Revenue Bonds and Water Supply System Revenue Refunding Bonds Now Outstanding, for the Purpose of Defraying Part of the Cost of Acquiring and Constructing Repairs, Extensions and Improvements to the City's Water Supply System Under the Provisions of Act 94, Public Acts Of Michigan, 1933, as Amended, Ordinance No. 01-05, effective January 26, 2005; Prescribing the Form of the Bonds; Providing for the Rights of the Owner of the Bonds and Enforcement Thereof; and Determining Other Matters Relating to the Bonds and the System.

By Council Member Watson:

Whereas, Ordinance No. 01-05, effective January 26, 2005 (the "Bond Ordinance"), provides for the issuance of Securities (as therein defined) by the City of Detroit, Michigan (the "City"), to finance acquisition and construction of repairs, extensions and improvements to the Water Supply System of the City (the "System") and to refund Securities issued for such purpose; and

Whereas, The Bond Ordinance provides for a category of Securities called "SRF Junior Lien Bonds," which are issued for the purpose of providing improvements to the System under the Michigan Drinking Water Revolving Fund Program (the "State Revolving Fund Program") and which have a priority of lien on Net Revenues of the System which is junior to that of Senior Obligations and all other Junior Obligations which may be issued under the Bond Ordinance with a higher priority of lien on Net Revenues than that granted the SRF Junior Lien Bonds; and

Whereas, It is deemed necessary for the public health, benefit and welfare of the City to acquire and construct certain additional repairs, extensions and improvements to the System as described in Appendix B attached hereto as "Project A" and "Project B" (each, a "Project," and collectively, the "Projects"); and

Whereas, The cost of the Project A has been estimated by the City's Water and Sewerage Department (the "DWSD") to be at least \$20,000,000, which includes engineering fees and contingencies and the cost of the Project B has been estimated by the DWSD to be at least \$15,000,000, which includes engineering fees and contingencies (the estimated cost of each Project is the "DWSD Estimated Cost"); and

Whereas, To finance all or a portion of the costs of the Projects, including costs of issuance of the Series 2005-SRF1 Bond and the Series 2005-SRF2 Bond, here-

inafter defined (the Series 2005-SRF1 Bond and the Series 2005-SRF2 Bond are each a "Series Bond" and collectively the "Bonds"), the DWSD has recommended that the Bonds be issued in accordance with Act 94, Public Acts of Michigan, 1933, as amended ("Act 94"), in the stated principal amount of up to the amount of the respective DWSD Estimated Cost and sold to the Michigan Municipal Bond Authority (the "Authority") as part of the State Revolving Fund Program; and

Whereas, A notice of intent to issue Water Supply System Revenue Bonds in an amount not to exceed \$500,000,000 was duly published in the Michigan Chronicle on September 25, 2002 and in The Detroit Legal News on September 24, 2002, in accordance with the requirements of Section 33 of Act 94 (collectively, the "2002 Notice of Intent"), and no petition for referendum was filed with respect thereto; and

Whereas, The City has heretofore issued \$253,305,000 aggregate principal amount of Water Supply System Revenue Bonds under the 2002 Notice of Intent, leaving an unissued balance of \$246,695,000 under the 2002 Notice of Intent; and

Whereas, The City will issue the Series 2005 Project Securities on the basis of the authorization under the 2002 Notices of Intent, and reserves the right to issue Water Supply System Revenue Bonds pursuant to the Bond Ordinance from time to time to the extent of the then remaining authorization under the 2002 Notice of Intent; and

Whereas, All things necessary to the authorization and issuance of the Bonds under the Constitution and laws of the State of Michigan, including Act 94 and the Bond Ordinance, have been or will be done prior to the issuance and delivery of the Bonds, and the City Council of the City (the "Council") is now empowered and desires to authorize the issuance of the Bonds and the sale thereof to the Authority by supplementing the Bond Ordinance as herein provided; and

Whereas, The Finance Director of the City has determined to sell the Bonds to the Authority pursuant to the terms of the Purchase Contract between the City and the Authority; and

Whereas, In connection with the sale of the Bonds to the Authority, the City shall be required to enter into a Supplemental Agreement among the City, the Authority, and the State of Michigan acting by and through its Department of Environmental Quality, and to deliver an Issuer's Certificate to the Authority; and

Whereas, The Council desires to authorize and direct the Mayor and the Finance Director, each acting alone, to do all such things, take all such actions and make all such applications and filings with the

Michigan Department of Treasury as may be necessary or appropriate to comply with Act 34, Public Acts of Michigan, 2001, as amended, or otherwise precedent to or in connection with the issuance, sale and delivery of the Bonds to the extent not inconsistent with the Bond Ordinance and this Resolution.

(a) To pay all or a part of the costs of each Project, including payment of legal, financial, printing and other expenses incident thereto and incident to the issuance and sale of the Bonds, payment of capitalized interest, if necessary and permitted by the State Revolving Fund Program, the City shall borrow a sum of not to exceed the Maximum Bond Amount for each Series Bond and issue the Series Bond therefor pursuant to Act 94 and the Bond Ordinance. (b) The Bonds shall be issued as SRF Junior Lien Bonds under the Bond Ordinance, and shall be of junior standing and priority of lien and secured on a sub-ordinance basis to Senior Obligations and all Junior Obligations which may be issued under the Bond Ordinance with a higher priority of lien on Net Revenues than that granted the SRF Junior Lien Bonds. Notwithstanding the foregoing, in the event that the City is unable to meet the Authority's requirement that the Bonds receive an investment grade rating if they are issued as SRF Junior Lien Bonds, then the Bonds shall be issued as Second Lien Bonds or, if necessary to achieve an investment grade rating, as Senior Lien Bonds, and all references herein to the lien priority of the Bonds, whether in the

caption of the Bonds, in reference to funds or accounts related to the Bonds under the Bond Ordinance, or otherwise, shall be changed to reflect the applicable lien priority.

(c) The proceeds of each Series Bond shall be used for the purpose of acquiring and constructing the respective Project, for capitalized interest, if necessary and permitted by the State Revolving Fund Program, and to pay issuance costs described above. The balance of the costs of the Projects and the other costs, expenses, and deposits shall be paid from the proceeds of additional Securities issued under the Bond Ordinance, if any, and moneys of the System now on hand and legally available therefor and such moneys are hereby appropriated therefor.

(d) Except as otherwise provided in this Resolution, all of the provisions of the Bond Ordinance shall apply to the Bonds, the same as though set forth in full in this Resolution, the purpose of this Resolution being to supplement the Bond Ordinance to authorize the issuance of SRF Junior Lien Bonds as herein provided for the purpose herein set forth, such purpose being authorized by the Bond Ordinance, upon the conditions therein stated, which conditions have been fully met or will be fully met prior to the issuance of the Bonds.

Section 5. Bond Details, Issuance in Series Registration, Execution and Transfer of Bond.

(a) The Bonds for Project A shall be designated WATER SUPPLY SYSTEM SRF JUNIOR LIEN REVENUE BONDS, SERIES 2005-SRF1; and the Bonds for Project B shall be designated WATER SUPPLY SYSTEM SRF JUNIOR LIEN REVENUE BONDS, SERIES 2005-SRF2. The Bonds shall bear such additional or alternative designation as may be determined by the Finance Director of the City, subject to the Bond Ordinance.

(b) The Bonds for each Project shall be issued in the Maximum Bond Amount for that Project, or such lesser amounts as shall be set forth in the DEQ Orders or Purchase Contracts, and shall be payable as to principal on such dates as are set forth in the related DEQ Orders or Purchase Contracts for the Bonds, provided, however, that the maximum aggregate amount of interest and principal becoming due in any Fiscal Year (whether at maturity or by reason of Mandatory Redemption Requirements) on all securities outstanding under the Bond Ordinance, including Bonds, shall not exceed the amount permitted by the Bond Ordinance. Principal of the Bonds shall be payable in the same manner as interest thereon on the annual payment date set forth above.

(c) The Bonds shall bear interest at a rate of 2.125% per annum, or such other interest rate as shall be set forth in the related DEQ Orders or Purchase

Contracts, payable, except as hereinafter provided, on each Interest Payment Date by check made by the Transfer Agent, and mailed, or sent by other means, to the registered owner at the registered address, as shown on the registration books maintained by the Transfer Agent; provided, however, that at the written request of the Authority or other registered owner of at least \$1,000,000 principal amount of the Bonds (which request may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked at any time prior to an Interest Payment Date by subsequent written notice to the Transfer Agent), interest shall be paid by wire transfer or other immediately available funds acceptable to the Transfer Agent and the City. Except as hereinafter provided, interest on the Bonds shall be payable to the registered owner of record of the Bonds as of the 15th day of the month immediately preceding any Interest Payment Date. The date of determination of registered ownership for purposes of payment of interest as provided in this paragraph may be changed by the City to conform to market practice in the future.

(d) Notwithstanding any other provision of this Bond, so long as the Authority is the owner of this Bond, (a) this Bond is payable as to principal, premium, if any, and interest at J.P. Morgan Trust Company, National Association or at such other place as shall be designated in writing to the Issuer by the Authority (the "Authority's Depository"); (b) the Issuer agrees that it will deposit with the Authority's Depository payments of the principal of, premium, if any, and interest on this Bond in immediately available funds by 12:00 noon at least five business days prior to the date on which any such payment is due whether by maturity, redemption or otherwise; in the event that the Authority's Depository has not received the Issuer's deposit by 12:00 noon on the scheduled day, the Issuer shall immediately pay to the Authority, as invoiced by the Authority, an amount to recover the Authority's administrative costs and lost investment earnings attributable to that late payment; and (c) written notice of any redemption of this Bond shall be given by the Issuer and received by the Authority's Depository at least 40 days prior to the date on which such redemption is to be made.

(e) The Bonds shall be dated June 23, 2005, or such other dates as provided in the related DEQ Orders or Purchase Contracts. The Series Bond for each Project shall be issued as a single, fully registered bond.

(f) This Bond may be subject to redemption prior to maturity by the City only with the prior written consent of the

Authority and on such terms as may be required by the Authority.

(g) Unless waived by any registered owner of a Bond to be redeemed, official notice of redemption of such Bond shall be given by the Transfer Agent on behalf of the City. Such notice shall be dated and shall contain at a minimum the following information: complete official name of the issue, including series; original issue date; payment dates; interest rate; the date of redemption notice; the redemption date; the redemption price; the place where the Bonds, or portions thereof called for redemption, are to be surrendered for payment; the Transfer Agent's name and address with contact person and phone number; and a statement that interest on the Bond or portions thereof called for redemption shall cease to accrue from and after the redemption date if moneys are on hand with the Transfer Agent to redeem Bonds or portions thereof called for redemption.

In addition, further notice shall be given by the Transfer Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner affect the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

Section 6. Payment of Bonds. The Bonds and the interest thereon shall be payable solely from Net Revenues, and to secure such payment, the statutory lien upon the whole of the Net Revenues created in the Bond Ordinance, subject to the prior lien thereon of Senior Obligations and any other Junior Obligations which may be issued under the Bond Ordinance with a higher priority of lien on Net Revenues than that granted the SRF Junior Lien Bonds, is hereby confirmed in favor of the Bonds.

The obligation of the City to pay the principal of and interest on the Bonds shall continue until such payment in full has been made or until sufficient cash or sufficient Government Obligations shall have been deposited in trust for payment in full of the principal of and the interest on the Bonds to be defeased to its maturity, or, if called for redemption, to the date fixed for redemption, together with the amount of the redemption premium, if any. Upon deposit of cash or sufficient Government Obligations, as provided in the previous sentence, the statutory lien herein referred to shall be terminated with respect to the Bonds for which such deposit was made, and, the holders of such Bonds shall have no further rights under this Resolution except for payment from the deposited funds and registration and replacement of bonds, and such Bonds shall no longer be considered to be

outstanding under the Bond Ordinance and this Resolution.

Section 7. Funds and Accounts; Flow of Funds. Except as otherwise provided in this Resolution, all of the provisions relative to funds and accounts, their maintenance, the flow of funds and other details relative thereto, shall remain as specifically set forth in the Bond Ordinance.

Section 8. Bond Proceeds.

(a) The portion of the proceeds of the sale of each Series Bond representing capitalized interest, if any, as received, shall be deposited in the SRF Junior Lien Bond Interest and Redemption Fund established by the Bond Ordinance, and the City may take a credit for the amount so deposited against the amount required to be deposited in such fund for payment of the next maturing interest payment on the related Series Bond.

(b) The balance of the proceeds of the sale of each Series Bonds, as received, shall be deposited in the respective Construction Sub-Account. These sub-accounts shall be established and maintained as separate depository accounts in accordance with the Bond Ordinance. Moneys in each Construction Sub-Account shall be applied solely in payment of the costs of the related Project, and any engineering, legal, financial or printing costs, and other expenses incident thereto and to the financing thereof. Payments for construction, either on account or otherwise, shall not be made unless the registered engineer in charge of such work shall file a signed statement with the Commissioners to the effect that the work has been completed in accordance with the plans and specifications therefor, that it was done pursuant to and in accordance with the contract therefor, that such work is satisfactory, and that such work has not been previously paid for. Payment of the costs of engineering, legal, financial, printing, and other costs of issuance with respect to the Bonds as provided in this section shall be made upon submission of appropriate documentation to the Finance Director of the City.

(c) Any unexpended balance remaining in any Construction Sub-Account after completion of the related Project may, with the prior approval of the Authority and at the discretion of DWSD, be used for further improvements, enlargements, and extensions to the System if, at the time of such expenditure, such use is approved by the Michigan Department of Treasury, Municipal Finance Division, if such permission is then required by law, and if such use will not, in the opinion of nationally recognized bond counsel, impair the exclusion of interest on the Bonds from gross income for federal income tax purposes. Any remaining balance after such expenditure shall, with the

prior approval of the Authority, be paid into the SRF Junior Lien Bond Interest and Redemption Fund for the purpose of redemption or purchase, at not more than the fair market value, of the outstanding Bonds or portions thereof. Bonds acquired by purchase shall be canceled and shall not be reissued.

Section 9. Bond Form. Each Series Bond shall be in substantially the form set forth in Appendix A hereto, with additions appropriate for the respective Series Bond and with such changes and additions as shall be determined appropriate by the Finance Director.

Section 10. Covenants Regarding Exclusion of Interest on the Bonds for Federal Tax Purposes. The City hereby covenants with and represents to the Authority and any other registered owners of the Bonds that so long as any portion thereof remains outstanding and unpaid as to either principal or interest, the City shall, to the extent permitted by law, take all actions within its control to maintain, and will refrain from taking any action which would impair, the exclusion of the interest on the Bonds from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as amended (the "Code"), including, but not limited to, actions relating to any required rebate of arbitrage earnings and the expenditure and investment of Bond proceeds and moneys deemed to be proceeds of the related Series Bond, and to prevent the Bond from being or becoming a "private activity bond" as that term is used in Section 141 of the Code.

Section 11. Act 34 Compliance; Sale of Bonds. The Mayor and the Finance Director, each acting alone, is authorized and directed to do all such things, take all such actions and make all such applications and filings with the Michigan Department of Treasury as may be necessary or appropriate to comply with Act 34, Public Acts of 2001, as amended, or otherwise precedent to or in connection with the issuance, sale and delivery of the Bonds.

Section 12. Finance Director and Deputy Finance Director Authorizations. During the Finance Director's absence or disability, or while the Finance Director's position is vacant, the Deputy Finance Director shall exercise all the powers, perform all the duties, and make all the determinations herein required or permitted with respect to the Bonds.

Section 13. Execution of Bonds. The Mayor and the Finance Director are hereby authorized and directed to execute each Series Bond by manual or facsimile signature for and on behalf of the City and in its name, to impress or imprint thereon the official seal of the City or a facsimile thereof, and to deliver each Series Bond to the Authority upon the terms and con-

ditions set forth in the respective Purchase Contract.

Section 14. Sale of Bonds; Execution of Authority's Documents. Each Series Bond shall be sold to the Authority pursuant to the related Purchase Contract. The Purchase Contract, Supplemental Agreement, and the Issuer's Certificate for each Series Bond, in the forms on file with the Finance Director, are hereby approved; and the Mayor, the Finance Director, and the Director of DWSD or their deputies are each hereby authorized to execute and deliver, for and on behalf of the City, such Purchase Contracts, Supplemental Agreements, and Issuer's Certificates to the Authority in the forms hereby approved with such changes thereto and insertions therein as the Finance Director shall determine are necessary or desirable. The executed forms of the Purchase Contracts, the Supplemental Agreements, and the Issuer's Certificates shall be deemed to be the final forms thereof.

Section 15. Authorization of Other Officials. The Mayor, City Clerk, Finance Director, Treasurer, Corporation Counsel, Director of DWSD, other officials of the City, their deputies and staff, or any of them, are hereby authorized to execute and deliver such certificates, documents, instruments, opinions, and other papers as may be deemed necessary or appropriate to complete the sale, execution, and delivery of the Bonds as determined by such officials executing and delivering the foregoing items. Any actions heretofore taken by such persons in furtherance of the foregoing are hereby ratified and confirmed.

Section 16. Declaration of Official Intent. The City makes the following declarations for the purpose of complying with the reimbursement rules of Treas. Reg. §1.150-2 pursuant to the Code:

(a) The City plans to finance each Project through the issuance of the related Series Bond in an amount not to exceed the Maximum Bond Amount.

(b) The City Council of the City hereby declares its intent to reimburse itself from the proceeds of each Series Bond for expenditures made or to be made for the related Project.

(c) The maximum aggregate principal amount of each Series Bond expected to be issued for the related Project is the Maximum Bond Amount for that Series Bond.

(d) Advances to be made for any Project will be borrowed from the Improvement and Extension Fund of the City's Water Supply System Fund, which shall be reimbursed upon the issuance of each series of Bonds.

Series 17. Resolution Constitutes a Contract Interpretation; Modification. The provisions of this Resolution shall

constitute a contract between the City and each registered owner of a Bond. The provisions of this Resolution shall be construed and interpreted liberally in order to effectuate the purposes of the Bond Ordinance, Act 94, the Shared Credit Rating Act, Act 227, Public Acts of Michigan, 1985, as amended, which creates the Authority, and the Natural Resources and Environmental Protection Act, Act 451, Public Acts of Michigan, 1994, as amended. The provisions of this Resolution, including, but not limited to, provisions with respect to disbursements of bond proceeds, disbursements, and payments of capitalized interest on the Bonds and payments by the City to the Authority in amortization of the Bonds, may be modified by agreement of the City and the Authority without the consent of the holders of Securities outstanding under the Bond Ordinance, so long as such modifications do not prejudice such holders of Securities of higher priorities.

Section 18. Repeal, Savings Clause. All other ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed.

Section 19. Severability; Paragraph Headings; Conflict. The bond is payable as to principal, premium, if any, and interest at the corporate trust office of J.P. Morgan Trust Company, National Association, or to such other place as shall be designated in writing to the Issuer by the Authority (the "Authority's Depository").

This Bond may be subject to redemption prior to maturity by the Issuer only with the prior written consent of the Authority and on such terms as may be required by the Authority.

Notwithstanding any other provision of this Bond, so long as the Authority is the owner of this Bond, (a) this Bond is payable as to principal, premium, if any, and interest at J.P. Such additional interest shall be payable on the interest payment date following demand of the Authority. In the event that (for reasons other than the default in the payment of any municipal obligation purchased by the Authority) the investment of amounts in the reserve account established by the Authority for the bonds of the Authority issued to provide funds to purchase this bond fails to provide sufficient available funds (together with any other funds which may be made available for such purpose) to pay the interest on outstanding bonds of the Authority issued to fund such account, the Issuer shall and hereby agrees to pay on demand only the Issuer's pro rata share (as determined by the Authority) of such deficiency as additional interest on this bond.

During the time funds are being drawn down by the Issuer under this bond, the Authority will periodically provide the Issuer a statement showing the amount of principal that has been advanced and the date of each advance, which statement shall constitute prima facie evidence of the reported information; provided that no failure on the part of the Authority to provide such a statement or to reflect a disbursement or the correct amount of a disbursement shall relieve the Issuer of its obligation to repay the outstanding principal amount actually advanced, all accrued interest thereon, and any other amount payable with respect thereto in accordance with the terms of this bond. Capitalized terms not defined herein and defined in the hereinafter defined Bond Ordinances are used herein as therein defined.

For the prompt payment of the principal of and interest on this bond, the revenues of the Water Supply System of the Issuer (the "System"); including all appurtenances, extensions, and improvements

thereto, after provision has been made for reasonable and necessary expenses of operation, maintenance, and administration (the "Net Revenues"), are irrevocably pledged, and a statutory lien thereon is recognized and created. The bonds of this series are of equal standing and priority of lien on Net Revenues as all other SRF Junior Lien Bonds issued under and in accordance with the Bond Ordinance and are of junior standing and priority of lien as to Net Revenues, and secured on a subordinate basis, to all Senior Obligations heretofore and hereafter issued under and in accordance with the Bond Ordinance and Junior Obligation heretofore and hereafter issued under and in accordance with the Bond Ordinance with a higher lien than that granted SRF Junior Lien Bonds.

This bond is issued pursuant to Ordinance No. 01-05, effective January 26, 2005 (the "Bond Ordinance"), and under and in full compliance with the Constitution and statutes of the State of Michigan, including specifically Act 94, Public Acts of Michigan, 1933, as amended, for the purpose of paying all or part of the cost of acquiring and constructing replacements, repairs, extensions and improvements to the System and paying the costs of issuing this bond.

This bond is a self-liquidating bond which is not a general obligation of the Issuer and does not constitute an indebtedness of the Issuer within any constitutional, statutory, or charter limitation, but is payable, both as to principal and interest, solely from the Net Revenues of the System. The principal of and interest on this bond are secured by the statutory lien hereinbefore mentioned.

For a complete statement of the revenues from which and the conditions under which this bond is payable, a statement of the conditions under which additional bonds of equal standing may hereafter be issued, and the general covenants and provisions pursuant to which this bond is issued, reference is made to the Bond Ordinance.

The Issuer has covenanted and agreed, and does hereby covenant and agree, to fix and maintain at all times while any bonds payable from the Net Revenues of the System shall be outstanding, such rates for service furnished by the System as shall be sufficient to provide for payment of the interest on and the principal of this bond and any other bonds of superior and equal standing payable from the Net Revenues as and when the same shall become due and payable, and to create and maintain a bond redemption fund therefor, to provide for the payment of expenses of administration and operation and such expenses for maintenance of the System as are necessary to preserve the same in good

repair and working order, and to provide for such other expenditures and funds for the System as are required by the Bond Ordinance.

It is hereby certified and recited that all acts, conditions and things required by law precedent to and in the issuance of this bond and the series of bonds of which this is one have been done and performed in regular and due time and form as required by law.

IN WITNESS WHEREOF, the City of Detroit, Wayne County, Michigan, by its City Council has caused this bond to be signed by the manual or facsimile signatures of its Mayor and its Finance Director and its corporate seal or a facsimile thereof impressed or imprinted on this bond, all as of _____, 2005.

Re: Request for Public Hearing. Residential Alley Vacation and Conversion to Easement for Petitions No, 317, 1924, 2094, 2147, 2385, 2630, 2868, 3010, 3127, 3424 and 3603.

The Planning and Development Department (P&DD), in accordance with the Detroit Code, Article VI, Section 50-6-1, has reviewed requests for residential alley conversion to easement for the above-referenced petitions which were previously filed with the Office of the City Clerk. An attached listing provides specific information for each petition. Our investigation of the subject petitions discloses the following:

1. The submitted petitions for residential alley vacation received no objections from impacted utility companies or city departments.
2. The alley does not serve as the sole means of ingress/egress to abutting properties.
3. The alley is not required for municipal services (trash collection).
4. The public utilities located in the alley can be properly serviced if this alley is converted to an easement. The conversion to easement will have covenants and agreements, uses and regulations to be observed by the abutting property owners.

The P&DD finds that these requests for residential alley vacation would be beneficial to both the City and abutting property owners. It is requested that your Honorable Body hold the required public hearing for each petition as provided in the Detroit Code. The above referenced eleven (11) petitions are simple residential alley vacations for which we do not anticipate extensive public discussion.

Therefore, we estimate the duration of time required for this public hearing to take one hour (1 hour).

Respectfully submitted,
HENRY B. HAGOOD
Director of Development Activities

April 22, 2005

Honorable City Council:

Re: Petition No. 1916 (revision) — Sherwood Food Distributors, request to close Hildale Ave. between Sherwood and Filer Ave.

Petition No. 1916 of "Sherwood Food Distributors", 18615 Sherwood Ave., Detroit, Michigan 48235, was previously denied by your Honorable Body, March 7, 2001; J.C.C. Pg. 681. During the past four (4) years the City of Detroit through the Detroit Economic Development Department (DEGC) and the Mayors Office has had continued dialog with Sherwood Food Distributors, as well as the other adjacent property owners, Central Screw Product, Voss Lantz Steel Company and REO Hydro-Pierce, Inc.

As a result of the conversations between the City of Detroit, Sherwood Food Distributors and the other adjacent businesses to remain a this site, we now come before you with a revised request to vacate (outright) the portion of Hildale Avenue between the Railroad right-of-way and Sherwood Avenue, and the Temporary Closing of the remaining portion of Hildale between the Railroad right-of-way and Filer Street, in order that Sherwood Food Distributors may expand its existing facilities, over the easterly portion of Hildale and the westerly end would be gated, so as to, secure the area and prevent illegal dumping.

The expansion project that is currently being considered is an approximate capital investment of \$6 million dollars with an additional \$2 million dollars of new equipment. By Sherwood Food Distributors expanding their warehousing facility by 40,000 square feet, this will allow the company to consolidate its inventory at one location, to expand its product line to meet the needs of its customers, and to add dock space. The company is currently utilizing costly storage trailers and outside storage facilities to help manage its day-to-day needs.

Sherwood Food Distributors has been in the Detroit community for more than 46 years. Established in 1959 as Regal Packing near the Eastern Market district, the company moved to its present location at 18615 Sherwood Avenue, Detroit in 1985. This facility supplies fresh and frozen food products to a vast array of customers including grocery retailers, institutional suppliers, meat markets and fast food restaurants. Some of their many customers include Kmart, Farmer Jack, Meijer, Sysco, Kentucky Fried Chicken, and numerous independent grocery stores serving Detroit and the outlying communities.

The company employs approximately 300 employees out of its Detroit facility, of

which more than 1/3 are Detroit residents. Sherwood Food Distributors is a viable and growing Detroit based business with aggressive plans to expand their current facility. The company's revenues topped \$1 billion dollars last year. It is their plan to retain the existing jobs with the possibility of creating new jobs in the future. The company has always provided excellent wages and benefits, and employs a very diverse staff. Sherwood paid approximately \$100,000 last year in City real property and personal property taxes. In addition, city income tax paid was approximately \$200,000.

The DEGC has worked diligently with this company over the past nine years to assist them with workforce development training and P.A. 198 Tax Abatement status. They are again providing technical assistance for this project. The DEGC believes the closure of Hildale is critical to the expansion of Sherwood's warehouse and overall development. We also believe that this company represents a significant employer to the residents of Detroit and the potential loss of 300+ jobs that might result if the street closure is not achieved will be devastating to the business community at large.

The Central Screw Product and the Voss Lantz Steel Company has expressed concerns that the permanent street closing would hinder truck ingress and egress to their property, and attract illegal dumping. To address these concerns, modifications will be made at certain intersections and elements to deter illegal dumping will be included in this project. Sherwood Food Distributors must include in the design of its proposed expansion, satisfactory illumination for the westerly portion of Hildale Avenue, to be closed, and install a 24-hour video surveillance camera system, that monitors the area of concern.

The Traffic Engineering Division/DPW (TED/DPW) is currently investigating traffic counts and volumes potentially affected by the closing of Hildale. However, TED/DPW has investigated the issue of trucks making right turns from southbound Mt. Elliot to E. Seven Mile. Since E. Seven Mile's pavement is only 40 feet wide, it is difficult for trucks to make the southbound right turn without hitting the eastbound Seven Mile traffic queued at the present stop bar. Therefore TED/DPW has no objection in moving the stop bar further back (10 feet back from cross walk) to facilitate the southbound to westbound right turn for trucks. This change will be implemented in the field as soon as the weather permits.

Sherwood Food Distributors has agreed to make satisfactory arrangements (if necessary) with all involved city departments and privately owned utility companies, for the cost of removal, abandonment or rerouting of their services.

An appropriate resolution is attached for consideration.

Respectfully submitted,

Water and Sewerage Department
 November 29, 2004

Honorable City Council:
 Re: Approval and Authorization to Enter into Lease Agreement #04-19. St. Clair County Parks and Recreation Commission (SCPRC).

The Detroit Water and Sewerage Department (DWSD) and St. Clair County Parks and Recreation Commission (SCPRC) have negotiated a lease agreement to allow for the development of Department property as a county park located along the Lake Huron shoreline in Fort Gratiot Township. The lease agreement period is for a ten (10) year period beginning January 1, 2005 through December 31, 2014.

The 15.8-acre site will be combined with sixteen (16) acres SCPRC is acquir-

ing from DTE Energy to constitute the park area. The current plan calls for park development that will include beach access, restrooms, children's playground and spray area, picnic areas and walking trails. In addition, the proposed memorial to the workers killed during the construction of the raw water intake tunnel for the Lake Huron Plant will be constructed in the park.

This lease agreement is designated for "public benefit" therefore no fees will be charged. However, SCPRC will be required to maintain liability insurance to fully protect the City of Detroit and DWSD from any and all liability as a result of construction and operation of the park throughout the life of the lease. The park will partially be developed using State of Michigan funds thus making the park accessible to State residents.

By entering into this lease agreement, DWSD will generate good public relations between Detroit and the residents of St. Clair County. It will also afford the City of Detroit protection from trespassers on the property along an isolated and restricted shoreline. The area will be protected by local law enforcement (a protection the City currently does not have). Another and most important benefit will be the location of the memorial to the workers killed during the tunnel construction. The memorial will be constructed near the actual site of the accident the feeling that a more reverent and personal acknowledgement by the Department will exist for the individuals who lost their lives. The initial site of the memorial was near the Lake Huron Treatment Plant.

The Board of Water Commissioners authorized this transaction at their October 27, 2004, Board meeting. DWSD respectfully requests your Honorable Body's approval to consummate this lease agreement and the Director be given authorization to execute all documents related to this matter.

Respectfully submitted,
VICTOR M. MERCADO
Director

By Council Member Watson:

Resolved, That the Detroit Water and Sewerage Department is authorized to enter into a Mutual Interest Lease Agreement designated for "public benefit" with St. Clair County acting by and through St. Clair County Parks and Recreation Commission as described in the attached lease agreement, for use of the following described property.

That part of Fractional Section 4 lying East of US-25 and South of a line beginning North 24 degrees 4 minutes West 699.68 feet from intersection of East line US-25 and North line Lake Huron Manor; thence North 85 degrees 39 minutes East 808.06 feet; thence South 89 degrees 31 minutes East 720 feet to Lake except that

part lying South and East of a line; beginning North 24 degrees 4 minutes West 164.9 feet from intersection of North line Lake Huron Manor and East line US-25; thence South 89 degrees 31 minutes East 710 feet; thence North 0 degrees 29 minutes East Fractional Section 4 Town 7 North Range 17 East 15.08 acres.

Honorable City Council:

Re: Address: 518 Schroeder. Name: Eulalia Pina. Date ordered removed: February 23, 2005 (J.C.C. pg.).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on April 4, 2005 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of February 28, 2005.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is

complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the property Maintenance Code we will issue a blight Violation Notice.

 Re: Establishment of the Farrington Estates Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the Farrington Estates Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on March 24, 2005 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall the Original New Grace Missionary Baptist Church proposes to invest \$4.8 million to construct 30 single-family dwellings and an additional 60 units dedicated to senior citizen market. The purchase price for the single-family dwelling will start at \$159,000 each.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing is February 9, 2005 and we therefore recommend that you approve the resolution at your regular formal session.

Respectfully submitted,
 HENRY B. HAGOOD

By Council Member S. Cockrel:
 Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvements and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that, before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, The Detroit City Council has found the establishment of the Farrington Estates NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, A public hearing on the issue of establishing the Farrington Estates NEZ was conducted before the Detroit City Council on March 24, 2005, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, The Detroit City Council, on April 6, 2005, at the request of the Planning and Development Department, adopted a resolution establishing the Farrington Estates NEZ; and

Whereas, This action of the Detroit City Council was taken prior to expiration of

the required 60-day time period between the date of the notice of the public hearing, which was February 9, 2005, and the City Council's formal approval of the NEZ; and

Whereas, The 60-day time period has passed and there are no further impediments to the establishment of the Farrington Estates NEZ;

Now, Therefore, Be It Resolved, That the resolution adopted on April 6, 2005 approving the establishmnt of the Farrington Estates NEZ is rescinded; and

Be It Further Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Farrington Estates NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Honorable City Council:
 Re: Traffic Signal Removal at Three (3) Locations

The following three (3) signalized intersections are currently operating on full time "stop control" mode in compliance with the Michigan Manual of Uniform Traffic Control Devices (MUTCD) scheduled for removal due to the changes in traffic conditions as described below:

1. Fisher Freeway Service Drives and John R.

As part of the Tiger Stadium Development, John R Street is vacated south of Montcalm. Due to this the traffic volume has dropped significantly on John R at Fisher Freeway Service Drives. During game days, the police is directing the traffic disregarding the traffic control. The traffic count taken on April 6th 2005 indicated that traffic volumes could not justify the continued operation of the traffic signal at this location. The intersection is operating on "Four way Stop" sign control for more than two years without any problems/complaints.

2. Forest-Moran.

The signal at Forest and Moran has been considered for removal due to low traffic volume. A traffic volume count taken on November 4, 2004 indicated that there are 6,327 vehicles on Forest and 1,193 vehicles on Moran in 24 hours, which is well below the minimum requirements for a traffic signal control.

Therefore, the signal has been put on 24-hour flashing operation (Red flashing for Moran and Yellow flashing for Forest) since November 4, 2004. At the end of November 2004, DPW were informed that Traffic Controller was damaged due to vandalism and signal became non-operational. The intersection is operating on "Two Way Stop" sign control for northbound & southbound Moran at Forest since November 30, 2004.

As such, the Department of Public Works respectfully request the adoption of the attached resolution for the removal of the traffic signals at the above mentioned two (2) locations.

Respectfully submitted,
 JAMES A. JACKSON
 Director

By Council Member Watson:

Resolved, that, in accordance with the forgoing communication, removal of traffic signals at the following two (2) locations are hereby approved.

1. Fisher Freeway Service Drives-John R
2. Forest-Moran

Honorable City Council:

Re: Petition No. 3341 — Taktix Solution, LLC, for vacation (outright) and conversion to easement of certain public rights-of-way in the area of Fourth, Forsyth and Holden.

Petition No. 3341 of "Taktix Solution, LLC," 211 W. Fort St., Ste. 1620, Detroit, Michigan 48226, request to vacate (outright) a portion of a public alley, 20 feet wide, in the block bounded by Forsyth Avenue, variable width, Fourth Avenue, 50 feet wide, Edsel Ford Freeway and Holden Avenue, 66 feet wide, and request the conversion of Forsyth Avenue south of Holden Avenue, into a private easement for public utilities.

The request was approved by the Planning and Development Department, the Solid Waste Division-DPW, and the Traffic Engineering Division-DPW. The petition was referred to the City Engineering Division-DPW for investigation (utility review) and report. This is our report.

The Public Lighting Department (PLD) reports having manholes and underground fed street lighting circuits running in the area of the requested easement. PLD needs 24 hour unrestricted easement rights, with heavy vehicle access, to its installations. Any construction activities in the area shall be done protecting PLD installations per PLD specifications. Any structure, if proposed, shall maintain clearances acceptable to the PLD. Any damage to PLD installations will be the liability of the contractor.

The Detroit Water and Sewerage Department (DWSD) reports no objections the area of the requested outright vacation. There is an existing 8-inch water main within the area to be reserved as an easement.

Arrangements have been made with Detroit Edison for the reported costs of removing and/or rerouting its facilities.

All City departments and privately owned utility companies have reported no objections to the changes in public rights-of-ways, or that satisfactory arrangements have been made. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

WILLIAM TALLEY

Head Engineer

Mayor's Office

April 21, 2005

Honorable City Council:

Re: Detroit Port Development Corporation/Detroit Marine Terminals Site.

Attached for your consideration is an Assignment Agreement pursuant to which the City would direct the Detroit Port Development Corporation (the "Corporation") to transfer the Detroit Marine Terminals site to the Detroit/Wayne County Port Authority (the "Authority"). As is more fully explained in the Assignment Agreement, the Authority intends to bring in a new operator, return the site to normal operations, improve it and expand it.

As you are aware, Detroit Marine Terminals ("DMT") ceased operations at the site last year, defaulted on its obligations under its lease with the Corporation, causing a corresponding default under certain bonds issued by the Corporation. The matter is now the subject of litigation by the trustee for the bondholders against DMT and the Corporation. The City is not a party to the litigation because it is not responsible for repayment of the bonds, but the City does have the right to obtain title to the site once the bonds are paid off. Since the City is not in the business of

running a port, we are proposing that title be conveyed to the Authority subject to the condition that if the site should ever cease to be used as a public port facility as that term is used in the Port Authority Act, then title to the site would vest in the City or such other public entity as the City may designate, without cost to the City or its taxpayers, and free and clear of any debts, liens or encumbrances or other liabilities.

We believe that the public interest is served by putting the site in the hands of the public agency charged with port development so the property can be returned to productive use, creating jobs and spurring economic development. We would therefore urge that you adopt the attached resolution approving the Assignment Agreement and authorizing the transactions contemplated by it.

Respectfully submitted,
 ANTHONY ADAMS, ESQ.
 Deputy Mayor

By Council Member Tinsley-Talabi:

Whereas, This City Council, by resolution dated March 1, 1966, authorized the formation of the Detroit Port Development Corporation, a Michigan non-profit corporation (the "Corporation"), as a non-profit corporation organized and operating under Act No. 327 of the Michigan Public Acts of 1931, as amended, for the purposes of (a) acquiring certain port and terminal facilities located at 4461 West Jefferson Avenue along the Detroit River in the City of Detroit, Michigan, on land more particularly described in Exhibit A attached hereto (the "Leased Premises"), (b) improving and expanding such port and terminal facilities, (c) financing the acquisition of such port and terminal facilities and the improvement and expansion thereof, and (d) vesting the ownership of such port and terminal facilities, as improved and expanded, in the City, without cost to the City or its taxpayers, and free and clear of any debts, liens or encumbrances or other liabilities, upon payment of the bonds issued for financing the acquisition of the existing facilities and the improvements thereto; and

Whereas, Pursuant to its articles of incorporation and the resolution of this City Council, the Corporation (a) in 1966 acquired title to, and now is the owner of, the Leased Premises and the port and terminal facilities located thereon, (b) has improved and expanded such port and terminal facilities, and (c) has financed the acquisition of the Leased Premises and the improvement and expansion of the port and terminal facilities through the issuance of its revenue bonds (the "Bonds") pursuant to that certain Trust Agreement dated as of April 1, 1966, between the Corporation and Bank of the Commonwealth, as trustee, as supplemented by the Supplemental Trust

Agreement dated as of October 1, 1977 (the "Trust Agreement"); and

Whereas, Pursuant to the Order of the United States District Court for the Eastern District of Michigan, Southern Division, as part of the Corporation's plan of reorganization under Chapter X of the Bankruptcy Act, the Corporation as lessor and Detroit Marine Terminals, Inc., a Michigan corporation ("DMT"), as lessee entered into a Lease of the Leased Premises dated as of July 1, 1977, as amended by an Addendum made March 28, 1978 (the "Lease"), for the operation of port and terminal facilities and for other port and terminal oriented activities; and

Whereas, DMT has ceased operations at the Leased Premises and has defaulted under the Lease by, among other things, failing to make payments to the Corporation under the Lease; and

Whereas, The Corporation has likewise defaulted under the Trust Agreement by, among other things, failing to pay debt service on the Bonds; and

Whereas, U.S. Bank, N.A. ("Trustee"), successor in interest to Bank of the Commonwealth as trustee under the Trust Agreement, acting on behalf of the holders of the Bonds, has filed suit in United States District Court for the Eastern District of Michigan (the "Trustee Lawsuit") seeking, among other things, appointment of a receiver for the Leased Premises, and has threatened to foreclose on the Leased Premises; and

Whereas, The Detroit/Wayne County Port Authority, a public body corporate and politic (the "Authority") organized and existing under Act No. 639 of the Public Act of Michigan of 1978, as amended (the "Port Authority Act"), was established for the purpose of developing and operating a port facility as defined in the Port Authority Act; and

Whereas, In order to assure the continued and effective operation of the Leased Premises, the Authority desires to acquire the Leased Premises and the real and personal property associated therewith (together, the "Port Facility") and to grant a concession to operate the Port Facility to a master concessionaire for the purpose of assisting the Authority with the operation of the Port Facility (the "Project"); and

Whereas, In order to facilitate the acquisition of the Leased Premises by the Authority, the Authority has arranged that the master concessionaire pay off the Bonds, but if and only if title to the Leased Premises is transferred to the Authority and the Authority executes and delivers a master concession agreement; and

Whereas, It is in the public interest that the operation of the Leased Premises be restructured and the agreements implementing said restructuring be executed in order to ensure the effective and continued operation of the Leased Premises; and

Whereas, In furtherance of the foregoing, an Assignment Agreement has been presented to this City Council for approval, pursuant to which the City will assign to the Authority its right to obtain title to the Leased Premises upon payment of the bonds without cost to the City or its taxpayers, and direct that the Corporation convey to the Authority title to the Leased Premises upon payment of the bonds, subject to the condition that if the Leased Premises should ever cease to be used as a public port facility as that term is used in the Port Authority Act, then title to the Leased Premises shall vest in the City or such other public entity as the City may designate, without cost to the City or its taxpayers, and free and clear of any debts, liens or encumbrances or other liabilities;

Now, Therefore, Be It Resolved by the City of Detroit City Council, as follows:

1. That the Assignment Agreement, by and among the Corporation, the City and the Authority attached hereto as Exhibit B (the "Assignment Agreement") is hereby approved.
2. That the Chief Financial Officer is hereby authorized to execute and deliver documents necessary or convenient for the consummation of the transactions described above, pursuant to and in accordance with the Assignment Agreement.
3. That the Assignment Agreement and other documents referred to in the preceding paragraph be considered confirmed when executed by the Chief Financial Officer and approved by the City of Detroit Corporation Counsel as to form.

EXHIBIT B

ASSIGNMENT AGREEMENT

This Assignment Agreement is dated this ___ day of April, 2005, by and among the Detroit Port Development Corporation, a Michigan non-profit corporation (the "Corporation"), the City of Detroit, a Michigan municipal corporation (the "City"), and the Detroit/Wayne County Port Authority, a public body corporate and politic (the "Authority").

Whereas, The City Council, by resolution dated March 1, 1966, authorized the formation of the Corporation as a non-profit corporation organized and operating under Act No. 327 of the Michigan Public Acts of 1931, as amended, for the purposes of (a) acquiring certain port and terminal facilities located at 4461 West Jefferson Avenue along the Detroit River in the City of Detroit, Michigan, on land more particularly described in Exhibit A attached hereto (the "Leased Premises"), (b) improving and expanding such port and terminal facilities, (c) financing the acquisition of such port and terminal facilities and the improvement and expansion thereof, and (d) vesting the ownership of such port and terminal facilities, as improved and expanded, in the City, without cost to the City or its taxpayers, and

free and clear of any debts, liens or encumbrances or other liabilities, upon payment of the bonds issued for financing the acquisition of the existing facilities and the improvements thereto; and

Whereas, Pursuant to its articles of incorporation and the resolution of the City Council, the Corporation (a) in 1966 acquired title to, and now is the owner of, the Leased Premises and the port and terminal facilities located thereon, (b) has improved and expanded such port and terminal facilities, and (c) has financed the acquisition of the Leased Premises and the improvement and expansion of the port and terminal facilities through the issuance of its revenue bonds (the "Bonds") pursuant to that certain Trust Agreement dated as of April 1, 1966, between the Corporation and Bank of Commonwealth, as trustee, as supplemented by the Supplemental Trust Agreement dated as of October 1, 1977 (the "Trust Agreement"); and

Whereas, Pursuant to the Order of the United States District Court for the Eastern District of Michigan, Southern Division, as part of the Corporation's plan of reorganization under Chapter X of the Bankruptcy Act, the Corporation as lessor and Detroit Marine Terminals, Inc., a Michigan corporation ("DMT"), as lessee entered into a Lease of the Leased Premises dated as of July 1, 1977, as amended by an Addendum made March 28, 1978 (the "Lease"), for the operation of port and terminal facilities and for other port and terminal oriented activities; and

Whereas, DMT has ceased operations at the Leased Premises and has defaulted under the Lease by, among other things, failing to make payments to the Corporation under the Lease; and

Whereas, The Corporation has likewise defaulted under the Trust Agreement by, among other things, failing to pay debt service on the Bonds; and

Whereas, U.S. Bank, N.A. ("Trustee"), successor in interest to Bank of the Commonwealth as trustee under the Trust Agreement, acting on behalf of the holders of the Bonds, has filed suit in United States District Court for the Eastern District of Michigan (the "Trustee Lawsuit") seeking, among other things, appointment of a receiver for the Leased Premises, and has threatened to foreclose on the Leased Premises; and

Whereas, The Authority, a Michigan public body corporate and politic organized and existing under Act No. 639 of the Public Acts of Michigan of 1978, as amended (the "Port Authority Act"), was established for the purpose of developing and operating a port facility as defined in the Port Authority Act; and

Whereas, In order to assure the continued and effective operation of the Leased Premises, the Authority desires to acquire

the Leased Premises and the real and personal property associated therewith (together, the "Port Facility") and to grant a concession to operate the Port Facility to a master concessionaire for the purpose of assisting the Authority with the operation of the Port Facility (the "Project"); and

Whereas, In order to facilitate the acquisition of the Leased Premises by the Authority, the Authority has arranged that the master concessionaire pay off the Bonds, but if and only if title to the Leased Premises is transferred to the Authority and the Authority executes and delivers a master concession agreement; and

Whereas, It is in the public interest that the operation of the Leased Premises be restructured and the agreements implementing said restructuring be executed in order to ensure the effective and continued operation of the Leased Premises upon the terms and conditions herein set forth;

Now Therefore, the Corporation, the City and the Authority agree as follows:

1. Upon payment of the Bonds and if so directed by the City, the Corporation hereby agrees to transfer all its right, title and interest in the Leased Premises to the Authority by quit-claim deed, subject to the condition that if the Leased Premises should ever cease to be used as a public port facility as that term is used in the Port Authority Act, then title to the Leased Premises shall vest in the City or such other public entity as the City may designate, without cost to the City or its taxpayers, and free and clear of any debts, liens or encumbrances or other liabilities.

2. Subject to review and acceptance of the state of title and dismissal of the Trustee Lawsuit, the Authority agrees to accept the quit-claim deed to the Leased Premises from the Corporation and shall at its expense finance and implement the Project. The Authority further agrees as follows:

A. As consideration for this Assignment Agreement, the Authority agrees to pay to the City forty percent (40%) of all net revenues it shall receive from the operation of the Leased Premises and shall execute and deliver at closing such further documents or instruments as may be required to give effect to this provision.

B. All closing costs incurred by the Corporation or the City in connection with the conveyance of the Leased Premises to the Authority, including but not limited to any commissions, survey and title expenses, appraisal fees, and recording fees, shall upon prior advice and approval be paid or caused to be paid by the Authority.

C. After transfer of the Leased Premises to the Authority, the Authority will be solely responsible for all costs incurred after such transfer associated with the development, maintenance, insur-

ance, and operation of the Port Facility.

D. The Authority shall take the property as is. The Authority shall obtain its own baseline environmental assessment (BEA) in accordance with Section 20126(c) of Act 451, Public Acts of Michigan, 1994, as amended, commonly known as the Natural Resources and Environmental Protection Act.

3. Subject to City Council approval, the City shall assign to the Authority its right to receive title to the Leased Premises upon payment of the Bonds, and shall direct the Corporation to convey the Leased Premises to the Authority as described in Section 1 above.

4. The parties shall proceed expeditiously to effect the transfer of the Leased Premises pursuant to the terms of this Assignment Agreement and shall execute and deliver such further documents or instruments as may be necessary to give effect to this Assignment Agreement. The transactions envisioned by this Assignment Agreement shall be consummated at a closing to be held at a time and place mutually agreed by the parties, and all instruments shall be conditioned upon and effective simultaneous with the Authority's entering into a binding concession agreement, the pay-off of the Bonds, the delivery of the quit-claim deed, and the execution and delivery of such other associated documents necessary to effectuate this Assignment Agreement.

5. The parties acknowledge that this Assignment Agreement is not and is not intended to be binding upon the City until the City Council has approved this Assignment Agreement and has authorized the execution and delivery of those documents and instruments envisioned by this Assignment Agreement to which the City is a party.

*WAIVER OF RECONSIDERATION (No. 1) per motions before adjournment.

STATEMENT BY COUNCIL PRESIDENT MARYANN MAHAFFEY IN OPPOSITION TO THE RESOLUTION AUTHORIZING THE DETROIT PORT DEVELOPMENT CORPORATION TO TRANSFER THE DETROIT MARINE TERMINALS SITE TO THE DETROIT/WAYNE COUNTY PORT AUTHORITY

On May 6, 2005, I voted against the resolution authorizing the Detroit Port Development Corporation to transfer the Detroit Marine Terminals site to the Detroit/Wayne County Port Authority.

I am very much in support of the reopening of the Detroit Marine Terminals site as a port in the City of Detroit. The City of Detroit needs a fully operating port so that it can take advantage of the economic development possibilities achievable through shipping on the Detroit River.

As much as I am in support of reopening the port, I have concerns about the agreement that the Detroit/Wayne County Port Authority has negotiated to operate the port and the process by which this agreement was reached. Upon approval of the aforementioned resolution by the City Council and the Mayor, the Detroit/Wayne County Port Authority will enter into an agreement with a master concessionaire that will give to the concessionaire a 15 year concession to operate the port with 3 consecutive 25 year options that the concessionaire may elect to renew. It is my opinion that allowing a private business entity to operate a public facility for 90 years is too long. By approving this transfer, the City of Detroit is very limited its authority over the port and there is little opportunity to renegotiate the agreement prior to 2097.

Secondly, I am concerned that Detroit-based businesses and/or minority-owned businesses were not invited to be considered as an operator of the port. As the deal is currently structured, the master concessionaire acts as an investor and broker for the port by contracting with an entity whose core business in shipping. It seems that there may have been Detroit-based businesses and/or minority-owned businesses that may have been able to fulfill this position.

Thirdly, I am concerned that the Detroit/Wayne County Port Authority may now sell public land to a private entity without the input of City of Detroit residents and that the master concessionaire, instead of the City of Detroit, has the first right of refusal for any potential sale. It is my sin-

cere hope that the Detroit/Wayne County Port Authority will seek input from City of Detroit residents and businesses in any further actions it takes related to this port.

Because a court case has been filed with respect to the default on the bonds for the port facility, City Council needed to act quickly to prevent the foreclosure on the port due to the default on the bonds. Unfortunately, because City Council was not presented with the details of the master concessionaire agreement until just prior to the vote although it had been approved earlier, a full investigation of this document was not possible.

Lastly, I would like to commend my colleague Council Member Barbara-Rose Collins for negotiating a direct economic benefit for the City of Detroit where none was presented previously. Her initiative has resulted in the City of Detroit receiving 40% of revenues received by the Detroit/Wayne County Port Authority for the Detroit Marine Terminals site. It is important that whenever the City of Detroit is engaged in a transfer of public assets that will lead directly to the generation of revenues in for-profit activity that the City of Detroit seek a direct financial benefit.

Finance Department

April 14, 2005

Honorable City Council:

Re: Amended and Restated Resolution authorizing publication of Notice of Intent, filing an application with the Michigan Department of Treasury, authorizing issuance and sale of Capital Improvement Bonds, refunding of currently outstanding Capital Improvement Bonds, and authorizing interests rate exchange agreements.

The resolution authorizes the issuance of capital improvement bonds to finance the costs of an 800 MHz Radio Communication System.

Given the City's current financial condition, it is desirous of issuing bonds to finance the project and refinancing of previously issued capital improvement bonds. While various financing alternatives were considered, it is determined that the most cost effective option for financing is through the issuance of Capital Improvement Bonds.

The attached resolution has been prepared by bond counsel and its adoption is requested, with a waiver of reconsideration, at your next formal session.

Respectfully submitted,

SEAN K. WERDLOW

Financial Director

Anything in this Resolution to the contrary notwithstanding, in no event shall the proceeds of the Bonds be used to finance the Project in amounts which have not been appropriated by the Council.

(c) Unless issued in more than one series as determined by the Finance Director in the Sale Order for such series and designated as provided in Section 302(a) hereof, the new money Bonds shall be designated "GENERAL OBLIGATION CAPITAL IMPROVEMENT BONDS (LIMITED TAX), SERIES 2005-A" (the "Series 2005-A Bonds").

(d) Bonds of the City aggregating the principal amount of not to exceed Thirteen Million Five Hundred Thousand Dollars (\$13,500,000) shall be issued in the discretion of the Finance Director for the purpose of refunding all or a portion of the Refunded Bonds and paying the costs of issuance of such series of Bonds in such amounts and maturities as shall be determined by the Finance Director and confirmed in the Sale Order.

(e) Unless issued in more than one series and designated as provided in Section 302(a) hereof, the refunding Bonds shall be designated "GENERAL OBLIGATION CAPITAL IMPROVEMENT REFUNDING BONDS (LIMITED TAX), SERIES 2005-B" (the "Series 2005-B Bonds", collectively with the Series 2005-A Bonds, the "Bonds").

Section 302. Designation, Dates, Interest Rates, Maturities, Redemption and Other Terms of the Bonds.

(a) The Bonds of each series shall be designated as provided in Section 301(c) and may bear such earlier or later dates and additional or alternative designations as the Finance Director may determine in the Sale Order. The Bonds shall be issued in fully registered form and shall be consecutively numbered from "RA-1 and "RB-1" upwards, respectively, unless otherwise provided by the Finance Director in the Sale Order. In the event that Bonds to finance any of the Project or to refund the Refunded Bonds can not be issued simultaneously, the Finance Director is authorized to create and designate additional series of Bonds in a Sale Order. The Bonds shall be dated and issued in such denominations, all as determined and confirmed by the Finance Director in the Sale Order.

(b) The Bonds of each series shall mature on such dates and shall bear interest at such rates on a fixed and/or variable and tax-exempt or taxable basis not exceeding the Maximum Interest Rate, payable on such dates as shall be determined and confirmed by the Finance Director in the Sale Order. Unless otherwise provided by the Finance Director in the Sale Order, interest on the Bonds shall be calculated on the basis of a 360 day year consisting of twelve, 30 day months. Notwithstanding the foregoing, the Finance Director is authorized to determine and confirm in the Sale Order whether all or any portion of the Bonds shall be issuable as capital appreciation bonds.

(c) Unless otherwise provided by the Finance Director in the Sale Order, interest on the Bonds of each series shall be payable on the first day of each April and October (such first day of April or October or such other day or days of any month or months as the Finance Director shall determine in the Sale Order on which interest shall be scheduled to be paid on Bonds, an "Interest Payment Date"), commencing on October 1, 2005 or such other Interest Payment Date or dates as shall be determined by the Finance Director in the Sale Order.

(d) The Bonds shall be payable, as to principal and interest, in lawful money of the United States of America. Except as may be otherwise determined by the Finance Director in the Sale Order, interest on Bonds shall be payable to the Registered Owner as of the 15th day of the month, whether or not a Business Day (a "Regular Record Date"), prior to each Interest Payment Date. Interest on Bonds shall be payable to such Registered Owners by check or draft drawn on the Paying Agent on each Interest Payment Date and mailed by first class mail or, upon the written request of the Owner of \$1,000,000 or more in aggregate principal amount of Bonds (with complete wiring instructions no later than the Regular Record Date for such Interest Payment Date), by wire transfer by the Paying Agent to such Owner. Such a request may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked at any time prior to a Regular Record Date by subsequent written notice to the Paying Agent.

(e) Interest on Bonds not punctually paid or duly provided for on an Interest Payment Date shall forthwith cease to be payable to the Registered Owners on the Regular Record Date established for such Interest Payment Date, and may be paid to the Registered Owners as of the close of business on a date fixed by the Paying Agent (a "Special Record Date") with respect to the payment of such defaulted

interest to be fixed by the Paying Agent, or may be paid at any time in any other lawful manner. The Paying Agent shall give notice to the Registered Owners at least seven days before any such Special Record Date.

(f) The principal of the Bonds shall be payable to the Owners of the Bonds upon the presentation of the Bonds to the Paying Agent at the principal corporate trust office of the Paying Agent.

(g) The Bonds shall be subject to redemption and/or tender for purchase prior to maturity or shall not be subject thereto, upon such terms and conditions as shall be determined by the Finance Director and confirmed in the Sale Order, provided that any premium payable in connection with the optional redemption of the Bonds shall not exceed 3%.

Unless waived by any registered owner of Bonds to be redeemed, official notice of redemption shall be given by the Bond Registrar and Paying Agent on behalf of the City. Such notice shall be dated and shall contain at a minimum the following information: original issue date; maturity dates; interest rates, CUSIP numbers, if any; certificate numbers, and in the case of partial redemption, the called amounts of each certificate; the redemption date; the redemption price or premium; the place where Bonds called for redemption are to be surrendered for payment; and that interest on Bonds or portions thereof called for redemption shall cease to accrue from and after the redemption date.

In addition, further notice shall be given by the Bond Registrar and Paying Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

(h) In making the determinations set forth in this Resolution with respect to the Sale Order for the issuance and sale of the Bonds, the Finance Director shall be limited to the parameters as follows:

(1) The first maturity date or mandatory sinking fund redemption date for the Bonds shall not be later than five (5) years from the date of issuance (except for Bonds issued in more than one series, which shall have first maturity dates not later than five (5) years from the date of issuance of each series as determined by the Finance Director at the time of sale thereof), and the final maturity dates for the Bonds shall not be later than the earlier of (i) the last year of the weighted average estimated period of usefulness of the improvements being financed or (ii) 30 years from their dated date.

(2) The compensation to be paid to the

Underwriters of each series of the Bonds shall not exceed 2% of the original principal amount of the related series of Bonds.

(3) Unless the Finance Director determines to issue all or a part of the Bonds as capital appreciation bonds the amount of any original issue discount with respect to each series of the Bonds shall not exceed 10% of the original principal amount of the related series of Bonds.

(4) To the extent permitted by applicable law, each series of the Bonds may be sold with an original issue premium in an amount as determined by the Finance Director, provided that the principal amount of each series of the Bonds plus the net original issue premium shall not exceed the Maximum Aggregate Principal Amount of Bonds authorized under this Resolution.

(5) To the extent permitted by the Code, the Finance Director is authorized to allocate costs of issuance among the series of Bonds in a manner which is in the best economic interest of the City.

(6) The net present value of the principal and interest to be paid on the Series 2005-B Bonds, including the cost of issuance, shall be less than the net present value of the principal and interest to be paid on the Refunded Bonds.

Section 303. Execution, Authentication and Delivery of Bonds. The Bonds shall be executed in the name of the City by the manual or facsimile signatures of the Mayor and the Finance Director and authenticated by the manual signature of the Finance Director or an authorized representative of the Bond Registrar and Paying Agent, as the case may be, and the seal of the City (or a facsimile thereof) shall be impressed or imprinted on the Bonds. After the Bonds have been executed and authenticated for delivery to the original purchaser thereof, they shall be delivered by the Finance Director to the purchasers thereof upon receipt of the purchase price. Additional Bonds bearing the manual or facsimile signatures of the Mayor and the Finance Director and upon which the seal of the City (or a facsimile thereof) is impressed or imprinted may be delivered to the Bond Registrar and Paying Agent for authentication and delivery in connection with the exchange or transfer of Bonds. The Bond Registrar and Paying Agent shall indicate on each Bond the date of its authentication.

Section 304. Authentication of the Bonds. (a) No Bond shall be entitled to any benefit under this Resolution or be valid or obligatory for any purpose unless there appears on such Bond a Certificate of Authentication substantially in the form provided for in Section 307 of this Resolution, executed by the manual or facsimile signature of the Finance Director or by an authorized signatory of the Paying Agent by manual signature,

and such certificate upon any Bond shall be conclusive evidence, and the only evidence, that such Bond has been duly authenticated and delivered hereunder.

(b) The Paying Agent shall manually execute the Certificate of Authentication on each Bond upon receipt of a written direction of the Finance Director of the City to authenticate such Bond.

Section 305. Transfer of Registration and Exchanges. (a) The registration of the Bonds is transferable only upon the Bond Registry by the Registered Owner thereof, or by his attorney duly authorized in writing, upon the presentation and surrender thereof at the designated corporate trust office of the Paying Agent together with a written instrument of transfer satisfactory to the Paying Agent, duly executed by the Registered Owner thereof or his attorney duly authorized in writing, and thereupon one or more fully executed and authenticated Bonds in any authorized denominations of like maturity and tenor, in equal aggregate principal amount shall be issued to the transferee in exchange therefor.

(b) Each Bond may be exchanged for one or more Bonds in equal aggregate principal amount of like maturity and tenor in one or more authorized denominations, upon the presentation and surrender thereof at the principal corporate trust office of the Paying Agent together with a written instrument of transfer satisfactory to the Paying Agent, duly executed by the Registered Owner hereof or his attorney duly authorized in writing.

Section 306. Regulations with Respect to Exchanges and Transfers. (a) In all cases in which the privilege of exchanging Bonds or transferring the registration of Bonds is exercised, the City shall execute and the Paying Agent shall authenticate and deliver Bonds in accordance with the provisions of this Resolution. All Bonds surrendered in any such exchanges or transfers shall be forthwith canceled by the Paying Agent.

(b) For every exchange or transfer of Bonds, the City or the Paying Agent may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and, except as otherwise provided in this Resolution, may charge a sum sufficient to pay the costs of preparing each new Bond issued upon such exchange or transfer, which shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer.

(c) Neither the City nor the Paying Agent shall be required to exchange or transfer any Bond during the period commencing on a Regular Record Date and ending on the related Interest Payment Date.

Section 307. Form of the Bonds. The Bonds shall be in substantially the following form with such insertions, omissions, substitutions and other variations as shall not be inconsistent with this Resolution or required or permitted by the Sale Order or as approved by the Finance Director:

Any such interest not so punctually paid or duly provided for shall herewith cease to be payable to the Registered Owner on such Regular Record Date, and may be paid to the person in whose name this Bond is registered at the close of business on a Special Record Date for the payment of such defaulted interest to be fixed by the Paying Agent, notice of which shall be given to Registered Owners at least seven days before such Special Record Date, or may be paid at any time in any other lawful manner.

The principal of this Bond is payable in lawful money of the United States of America upon presentation and surrender of this Bond at the designated corporate trust office of U.S. Bank National Association, Detroit, Michigan, as registrar, transfer agent and paying agent under the Resolution (such bank and any successor as paying agent, the "Paying Agent"). Interest on this Bond is payable in like money by check or draft drawn on the Paying Agent and mailed to the Registered Owner entitled thereto, as provided above, by first class mail or, upon the written request of a Registered Owner of at least \$1,000,000 in aggregate principal amount of Bonds (with complete wiring instructions no later than the Regular Record Date for such Interest Payment Date), by wire transfer by the Paying Agent to such Registered Owner, and such request may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked at any time prior to a Regular Record Date by subsequent written notice to the Paying Agent. Interest shall be computed on the basis of a 360-day year consisting of twelve 30 day months. For prompt payment of this Bond, both principal and interest, the full faith, credit and resources of the City are hereby irrevocably pledged.

[Variable Interest Rate Provisions]
This Bond is one of a series of bonds of even Date of Original Issue aggregating the principal amount of \$_____ (the "Bonds"), issued pursuant to and in accordance with Act 34, Public Acts of Michigan, 2001, as amended, and Act 279, Public Acts of Michigan, 1909, as amended, and pursuant to and in accordance with a Resolution duly adopted by the City Council of the City on _____, 2005 and a Sale Order of the Finance Director of the City issued on _____, 2005 (collectively, the "Resolution"). The Bonds are issued for the purpose of [financing certain capital improvement Projects in the City] [refunding \$_____ outstanding principal amount of the City's _____ Bonds (Limited Tax) Series _____] and paying costs of issuance of the Bonds.

The Bonds of this series shall be subject to redemption prior to maturity as follows:

[Redemption Provisions]
This bond is payable as a first budget obligation from the general funds of the City and in case of insufficiency thereof, the City is obligated to levy annually sufficient taxes to provide for the payment of the principal of and interest on the bonds of this issue as they mature on all taxable property in the City, subject to applicable constitutional, statutory and charter limitations.

Reference is hereby made to the Resolution for the provisions with respect to the nature and extent of the security for the Bonds, the manner and enforcement of such security, the rights, duties and obligations of the City, and the rights of the Paying Agent and the Registered Owners of the Bonds. As therein provided, the Resolution may be amended in certain respects without the consent of the Registered Owners of the Bonds. Copies of the Resolution are on file and available for inspection at the office of the Finance Director and at the principal corporate trust office of the Paying Agent.

The City and the Paying Agent may treat and consider the person in whose name this Bond is registered on the Bond Registry as the absolute owner hereof, whether this Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal hereof and interest hereon and for all other purposes whatsoever, and all such payments so made to such person or upon his order shall be valid and effectual to satisfy and discharge the liability hereon to the extent of the sum or sums so paid.

The registration of this Bond is transferable only upon the Bond Registry by the Registered Owner hereof or by his attorney duly authorized in writing upon the presentation and surrender hereof at the designated corporate trust office of the Paying Agent together with a written instrument of transfer satisfactory to the Paying Agent, duly executed by the Registered Owner hereof or his attorney duly authorized in writing, and thereupon one or more fully executed and authenticated Bonds in any authorized denominations of like maturity and tenor, in equal aggregate principal amount shall be issued to the transferee in exchange therefor as provided in the Resolution upon the payment of the charges, if any, therein prescribed.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and to be performed, precedent to and in the issuance of the Bonds and the Bonds of this issue do exist, have happened and have been performed in due time, form and manner as required by the Constitution and statutes of the State of Michigan, and that the total indebtedness of the City, including this Bond and the Bonds of this issue does not exceed any constitutional, statutory or charter limitation.

Section 308. Registration. The City and the Paying Agent may treat and consider the Bondowner of any Bond as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal (and premium, if any) thereof and interest thereon and for all other purposes whatsoever, and all such payments so made to such Bondowner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

Section 309. Mutilated, Destroyed, Stolen or Lost Bonds. (a) Subject to the provisions of Act 354, Public Acts of Michigan, 1972, as amended and any other applicable law, if (i) any mutilated Bond is surrendered to the Paying Agent or the City and the Paying Agent and the City receive evidence to their satisfaction of the destruction, loss or theft of any Bond and (ii) there is delivered to the City and the Paying Agent such security or indemnity as may be required by them to save each of them harmless, then, in the absence of notice to the City or the Paying Agent that such Bond has been acquired by a bona fide purchaser, the City shall execute and the Paying Agent shall authenticate and deliver in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Bond, a new Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding.

(b) If any such mutilated, destroyed, lost or stolen Bond has become or is about to become due and payable, the City in its discretion may, instead of issuing a new Bond, pay such Bond.

(c) Any new Bond issued pursuant to this Section in substitution for a Bond alleged to be mutilated, destroyed, stolen or lost shall constitute an original additional contractual obligation on the part of the City, and shall be equally secured by and entitled to equal proportionate benefits with all other Bonds issued under this Resolution.

Section 310. Book-Entry Only System Permitted. (a) If determined by the Finance Director in the Sale Order, the Bonds shall be issued to a securities depository selected by the Finance Director (the "Security Depository") to be held pursuant to the book-entry-only system maintained by the Security Depository and registered in the name of the Security Depository or its nominee. Ownership interests in Bonds held under such book-entry-only system shall be determined pursuant to the procedures of the Security Depository and Article 8 of the applicable Uniform Commercial Code (such persons having such interests, "Beneficial Owners").

(b) If (i) the City and the Paying Agent receive written notice from the Security Depository to the effect that the Security Depository is unable or unwilling to discharge its responsibilities with respect to the Bonds under the book-entry-only system maintained by it or (ii) the Finance Director determines that it is in the best interests of the Beneficial Owners that they be able to obtain Bonds in certificated form, then the City may so notify the Security Depository and the Paying Agent, and, in either event, the City and the Paying Agent shall take appropriate steps to provide the Beneficial Owners with Bonds in certificated form to evidence their respective ownership interests in the Bonds. Whenever the Security Depository requests the City and the Paying Agent to do so, the Finance Director on behalf of the City and Paying Agent will cooperate with the Security Depository in taking appropriate action after reasonable notice to make available Bonds registered in whatever name or names the Beneficial Owners transferring or exchanging Bonds shall designate.

(c) Notwithstanding any other provision of this Resolution or the Sale Order to the contrary, so long as the Bonds are held pursuant to the book-entry-only system maintained by the Security Depository:

(i) all payments with respect to the principal and interest on such Bonds and all notices with respect to such Bonds shall be made and given, respectively, to the Security Depository as provided in the representation letter from the City and the Paying Agent to the Security Depository with respect to such Bonds; and

(ii) all payments with respect to principal of the Bonds and interest on the Bonds shall be made in such manner as shall be prescribed by the Security Depository.

ARTICLE IV SPECIAL COVENANTS

Section 401. Tax Exemption Covenant. The City covenants that it will not take any action, or fail to take any action required to be taken, if taking such action or failing to take such action would adversely affect the general exclusion from gross income of interest on the Bonds (determined by the Finance Director to be issued on a tax-exempt basis), from federal income taxation under the Code.

Section 402. Arbitrage Covenant. (a) The City will not directly or indirectly (1) use or permit the use of any proceeds of the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) or other funds of the City or (2) take or omit to take any action required by Section 148(a) of the Code in order to maintain the exclusion from gross income of the interest on the Bonds (determined by the Finance Director to be issued on a

tax-exempt basis) for federal income tax purposes. To that end, the City will comply with all requirements of Section 148 of the Code to the extent applicable to the Bonds and the requirements set forth in the Non-Arbitrage and Tax Compliance Certificate of the City.

(b) Without limiting the generality of subsection (a), above, the City agrees that there shall be paid by the City from time to time all amounts, if any, required to be rebated to the United States pursuant to Section 148(f) of the Code. This covenant shall survive payment in full or defeasance of the Bonds.

(c) Notwithstanding any provision of this Section, if the City obtains an opinion of Bond Counsel to the effect that any action required under this Section is no longer required, or that some further action is required, to maintain the exclusion from gross income of the interest of the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) for federal income tax purposes pursuant to Section 103 of the Code, the City may conclusively rely on such opinion in complying with the provisions hereof.

**ARTICLE V
FUNDS AND ACCOUNTS;
DISPOSITION OF BOND PROCEEDS**

Section 501. Establishment of Accounts and Funds. The City hereby establishes and creates the following special, separate and segregated accounts and funds which shall be held for and on behalf of the City by a bank or banks or other financial institution which the Finance Director or Treasurer of the City designates as depository of the City:

- A. Debt Retirement Fund;
- B. Bond Issuance Fund;
- C. Acquisition Fund; and
- D. Escrow Fund.

The Finance Director is hereby authorized to establish such accounts, sub-accounts or funds as shall be required for each series of the Bonds, if any, to accommodate the requirements of such series of Bonds, including, but not limited to, such accounts, subaccounts or funds necessary to facilitate the allocation and use of bond proceeds to finance the Project or the purchase and payment of variable rate bonds. The Finance Director is authorized to allocate any net original issue premium received upon the sale of the Bonds to such accounts and in such amounts as permitted by applicable law and the Code.

Section 502. Debt Retirement Fund. From the proceeds of the sale of the Bonds there shall be set aside in the Debt Retirement Fund the accrued interest and capitalized interest, if any, received from the purchasers of the Bonds at the time of delivery of the Bonds. General funds of the City, proceeds of all taxes levied pur-

suant to Section 301 hereof and any amounts transferred from the Acquisition Fund under Section 505 hereof shall be used to pay the principal of and interest on the Bonds when due. The foregoing amounts shall be placed in the Debt Retirement Fund and held in trust by the Paying Agent, and so long as the principal of or interest on the Bonds shall remain unpaid, no moneys shall be withdrawn from the Debt Retirement Fund except to pay such principal and interest. Any amounts remaining in the Debt Retirement Fund after payment in full of the Bonds and the fees and expenses of the Paying Agent shall be retained by the City to be used for any lawful purpose.

Section 503. Bond Issuance Fund. From the proceeds of the Bonds there shall be set aside in the Bond Issuance Fund a sum sufficient to pay the costs of issuance of the Bonds. Moneys in the Bond Issuance Fund shall be used solely to pay expenses of issuance of the related series Bonds. Any amounts remaining in the Bond Issuance Fund after payment of issuance expenses shall be transferred to the Acquisition Fund.

Section 504. Escrow Fund. After making the deposits required by Sections 502 and 503, there shall be deposited from the remainder of the proceeds of the sale of the Series 2005-B Bonds and any moneys transferred by the City at the time of delivery of the Series 2005-B Bonds from the debt retirement fund for the Refunded Bonds, into the Escrow Fund (which shall be maintained in cash or invested in direct obligations of or obligations guaranteed by the United States of America, not redeemable at the option of the issuer), an amount, as hereinafter described, sufficient to pay the principal of and interest on the Refunded Bonds as they become due and, except as otherwise herein provided, shall be used only for such purposes. The Escrow Fund shall be irrevocably held by U.S. Bank National Association, Detroit, Michigan as escrow trustee (the "Escrow Trustee") in trust pursuant to an escrow deposit agreement between the City and the Escrow Trustee (the "Escrow Agreement"), which Escrow Agreement shall irrevocably direct the Escrow Trustee to take all necessary steps to pay the principal of and interest on the Refunded Bonds when due and to call for redemption the Refunded Bonds in whole or in part, as and when specified in the Escrow Agreement. The amounts, including the investments thereof, held in the Escrow Fund shall be such that the cash and investments and income received thereon will be sufficient, without any reinvestment, to pay the principal of and interest on the Refunded Bonds when due at maturity or by redemption as required by this Section. Any balance remaining in the Escrow Fund after pay-

ment in full of principal and interest on the Refunded Bonds shall be applied as provided in the Escrow Agreement.

The Escrow Trustee means and includes any company into which the Escrow Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Escrow Trustee may sell or transfer all or substantially all of its corporate trust business, provided such company shall be a trust company or bank which is qualified to be a successor to the Escrow Trustee as determined by the Finance Director, shall be authorized by law to perform all the duties imposed upon it by this Resolution, shall be the successor to the Escrow Trustee without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding.

The Council hereby authorizes the Finance Director to approve the form of and to execute the Escrow Agreement with the Escrow Trustee for and on behalf of the City.

Section 505. Acquisition Fund. (a) After making the deposits required by Sections 502 and 503 the remainder of the proceeds of the sale of the Series 2005-A Bonds or other series of new money bonds, if any, shall be deposited in the Acquisition Fund. Except for investment pending disbursement and as hereinafter provided, moneys in the Acquisition Fund shall be used by the City solely and only to pay the costs of the Project as such costs become due and payable and, if necessary, to rebate arbitrage earnings, if any, to the United States Department of Treasury as required by the Code.

(b) The Finance Director is hereby authorized and directed to expend money from the Acquisition Fund for costs of the Project, including legal and consulting fees and expenses and for reimbursement to the City for moneys previously expended in anticipation of issuance of the Series 2005-A Bonds, to the extent reimbursement for such Project expenditures has been properly induced by resolution of the City Council in accordance with the Code, if required, or is subject to the reimbursement provisions of Article IX of this Resolution for Series 2005-A Bonds issued on a tax exempt basis.

(c) Gross proceeds or disposition proceeds, as defined in the regulations under Code Sections 141 and 148, respectively, resulting from any sale of any portion of the Project shall be deposited in separate accounts established in the Acquisition Fund and used in the discretion of the Finance Director to pay additional costs of the Project or transferred to the Debt Retirement Fund and used to pay the principal of or interest on the Bonds. The

Finance Director shall assure that such gross proceeds or disposition proceeds are invested and expended in accordance with the requirements specified in Section 506 hereof and in the Non-Arbitrage and Tax Compliance Certificate.

(d) Upon payment of all costs of the Project, any balance in the Acquisition Fund shall be transferred to the Debt Retirement Fund or used in any other manner which in the opinion of nationally recognized bond counsel is permitted by law and which will not cause the interest on the Bonds (issued on a tax exempt basis) to become includible in gross income for federal income tax purposes.

Section 506. Investment of Monies in the Funds and Accounts. (a) The Finance Director shall direct the investment of monies on deposit in the Funds and Accounts established hereunder, and the Paying Agent, upon written direction or upon oral direction promptly confirmed in writing by the Finance Director, shall use its best efforts to invest monies on deposit in the Funds and Accounts in accordance with such direction.

(b) Monies on deposit in the Funds and Accounts may be invested in such investments and to the extent permitted by applicable law.

ARTICLE VI THE PAYING AGENT

Section 601. Paying Agent. The Paying Agent for the Bonds shall act as bond registrar, transfer agent and paying agent for the Bonds and shall be initially U.S. Bank National Association, Detroit, Michigan, or such other bank or trust company located in the State of Michigan which is qualified to act in such capacity under the laws of the United States of America or the State of Michigan. The Paying Agent means and includes any company into which the Paying Agent may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be party or any company to which the Paying Agent may sell or transfer all or substantially all of its corporate trust business, provided, that such company shall be a trust company or bank which is qualified to be a successor to the Paying Agent as determined by the Finance Director, shall be authorized by law to perform all the duties imposed upon it by this Resolution, and shall be the successor to the Paying Agent without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding. The Finance Director is authorized to enter into an agreement with such a bank or trust company, and from time to time as required, may designate a similarly qualified successor Paying Agent and enter into an agreement therewith for such services.

ARTICLE VII

SUPPLEMENTAL RESOLUTIONS

Section 701. Supplemental Resolutions Not Requiring Consent of Holders of the Bonds. The City may without the consent of any Bondowner adopt resolutions supplemental to this Resolution for any one or more of the following purposes:

(i) to confirm or further assure the security hereof or to grant or pledge to the holders of the Bonds any additional security;

(ii) to add additional covenants and agreements of the City for the purposes of further securing the payment of the Bonds;

(iii) to cure any ambiguity or formal defect or omission in this Resolution;

(iv) to amend provisions in the Resolution relating to rebate to the United States Government or otherwise, which in the opinion of Bond Counsel are required in order to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes; and

(v) such other action not materially, adversely and directly affecting the security of the Bonds;

provided that (A) no supplemental resolution amending or modifying the rights or obligations of the Paying Agent shall become effective without the consent of the Paying Agent and (B) the effectiveness of any supplemental resolution is subject to Section 702 to the extent applicable.

Section 702. Opinion and Filing Under Act 34. At the direction of the Finance Director, the City may advance certain costs of the Projects from the City's general fund prior to the issuance of the Series 2005-A Bonds and the Additional Bonds. The City intends to reimburse itself for any costs of the Project paid or incurred by the City prior to the issuance of the Series 2005-A Bonds and the Additional Bonds with proceeds of the Series 2005-A Bonds and the Additional Bonds. (c) The maximum principal amount of debt expected to be issued for the Project, including issuance costs, is \$87,500,000.

(d) A reimbursement allocation of the expenditures described in (b) above with the proceeds of the borrowing described herein will occur not later than 18 months after the later of (i) the date on which the expenditure is paid, or (ii) the date the Project is placed in service or abandoned, but in no event more than three (3) years after the original expenditure is paid. A reimbursement allocation is an allocation in writing that evidences the City's use of the proceeds of the debt to be issued for the Project to reimburse the City for a capital expenditure made pursuant to this Resolution.

(e) The expenditures described in (b) above are "capital expenditures" as defined in Treas. Reg. §1.150-1(b), *i.e.*, any costs of a type which are properly chargeable to a capital account (or would be so chargeable with a proper election or with the application of the definition of placed in service under Treas. Reg. §1.150-2(c)) under general Federal income tax principles (as determined at the time the expenditure is paid).

(f) No proceeds of the borrowing paid to the City in reimbursement pursuant to this Resolution will be used in a manner described in Treas. Reg. §1.150-2(h) with respect to abusive uses of such proceeds, including but not limited to using funds corresponding to the proceeds of the borrowing in a manner that results in the creation of replacement proceeds (within Treas. Reg. §1.148-1) within one year of the reimbursement allocation described in (d) above.

(g) Expenditures for the Project to be reimbursed from the proceeds of the borrowing that are subject to the limitations set forth in this Resolution do not include (i) costs for the issuance of the debt, (ii) an amount not in excess of the lesser of \$100,000 or five percent (5%) of the proceeds of the borrowing, or (iii) preliminary expenditures not exceeding twenty percent (20%) of the issue price of the borrowing within the meaning of Treas. **ARTICLE XI
OTHER PROVISIONS OF GENERAL APPLICATION**

Section 1101. Credit Enhancement; Remarketing Agreement; and Interest Rate Exchange Agreements. (a) There is hereby authorized to be obtained municipal bond insurance or other credit enhancement or a combination thereof to secure the payment of all or part of the Bonds, if, and provided that, it shall be determined by the Finance Director that such cost of such Municipal Bond Insurance Policy or other credit enhancement or a combination thereof is less than the interest rate savings therefrom or otherwise that it is in the best interest of the City. Such municipal bond insurance or other credit enhancement providers

may be afforded certain rights and remedies to direct the proceedings with respect to the enforcement of payment of the Bonds as shall be provided in the documents relating thereto. In the event a commitment for a Municipal Bond Insurance Policy is obtained or a commitment for other credit enhancement is obtained, the Finance Director is hereby authorized, to approve the terms, perform such acts and execute such instruments that shall be required, necessary or desirable to effectuate the terms of such commitment and the transactions described therein and in this Resolution and the Sale Order provided that such terms are not materially adverse to the City.

(b) In the event that any of the Bonds are issued bearing interest on a variable rate basis and are subject to tender for purchase from time to time by the holders thereof as determined in the Sale Order, the Finance Director is authorized in his discretion to enter into a Remarketing Agreement for tendered bonds with a qualified firm, chosen by the Finance Director, as remarketing agent. The Finance Director is also authorized to negotiate and enter into an auction agent agreement, broker-dealer agreement or such other agreements with such qualified firms chosen by the Finance Director as may be necessary to accomplish the sale and delivery of the Bonds as determined by the Finance Director within the parameters of this Resolution and confirmed in the Sale Order.

(c) For the purpose of more effectively managing the debt service with respect to all or any portion of the Bonds, of any series or the Other Outstanding Bonds, the Finance Director is authorized in his discretion and in accordance with the requirements of Act 34, to negotiate the terms of an Interest Rate Exchange Agreement with respect to such Bonds or the Other Outstanding Bonds with Interest Rate Exchange Agreement providers, all as determined by the Finance Director and confirmed by the Council by resolution.

(d) In connection with the execution of any of the agreements authorized by this Section, the Finance Director is authorized to include therein such covenants as shall be appropriate.

Section 1102. Approval of Other Documents and Actions; Treasury Approval. The Mayor, the Finance Director, the Treasurer and the City Clerk are hereby authorized and directed on behalf of the City to take any and all other actions, perform any and all acts and execute any and all documents that shall be required, necessary or desirable to implement this Resolution.

The Finance Director is authorized to file applications with and to pay the related fees, if any, to the Michigan Depart-

ment of Treasury at his discretion under Act 34 for an Order or Orders of Approval to issue all or a portion of the Bonds, and to enter into one or more Interest Rate Exchange Agreements, remarketing agreements, letters of credit and reimbursement agreements, and such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the Bonds, and as required by the Michigan Department of Treasury and Act 34. The Finance Director is authorized and directed to pay any post closing filing fees required by Act 34 to the Michigan Department of Treasury or other specified agency, as a cost of issuance or from other legally available funds.

Section 1103. Continuing Disclosure Undertaking. The City shall enter into a continuing disclosure undertaking pursuant to Rule 15c2-12 promulgated by the Securities and Exchange Commission (the "Rule") for the benefit of the holders and beneficial owners of the Bonds as to which the Rule is applicable, as more specifically set forth in Exhibit A hereto (the "Undertaking"); provided, however, that the terms of the Undertaking are subject to completion and modification prior to delivery of the Bonds by the Finance Director to such extent as the Finance Director shall deem necessary to comply with law or market requirements of the Underwriters. The Finance Director is authorized to execute and deliver the Undertaking after completion and modification as provided in this Resolution and the Sale Order.

Section 1104. Delegation of City to, and Authorization of Actions of the Mayor and the Finance Director. (a) Prior to the sale date for the Bonds, the Mayor and/or the Finance Director may cause the preparation and approve the form and distribution of a Preliminary Official Statement and an Official Statement and other offering materials to be used in conjunction with the sale or offering of the Bonds, and the Mayor or Finance Director shall deem the Preliminary Official Statement "final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission.

(b) The Finance Director is hereby authorized and directed to do and perform any and all acts and things with respect to the Bonds and the Project which are necessary and appropriate to carry into effect, consistent with this Resolution, the authorizations therein and herein contained, including without limitation, the securing of ratings by bond rating agencies, if cost effective, the negotiation for and acquisition of bond insurance and/or other credit enhancement, if any, to further secure the Bonds or any portions thereof, the acquisition of an irrevocable surety bond to fulfill the City's obligation to

fund any reserve account, the printing of the Bonds and the incurring and paying of reasonable fees, costs and expenses incidental to the foregoing and other costs of issuance of the Bonds including, but not limited to fees and expenses of bond counsel, financial advisors, accountants and others, from Bond proceeds or other available funds, for and on behalf of the City.

(c) Except as otherwise provided herein, all determinations and decisions of the Finance Director with respect to the issuance and sale of the Bonds or the negotiation, execution or delivery of Interest Rate Exchange Agreements as permitted or required by this Resolution shall be confirmed by this Finance Director in a Sale Order or Sale Orders, and such confirmations shall constitute determinations that any conditions precedent to such determinations and decisions of the Finance Director have been fulfilled.

Section 1105. Act 34 Approval of the Bonds. The Bonds shall neither be sold nor issued unless and only so long as the issuance of the Bonds as provided herein shall have been authorized and approved in accordance with the applicable provisions of Act 34.

Section 1106. Approving Legal Opinions with Respect to the Bonds. Sale of the Bonds shall be conditioned upon receiving, at the time of delivery, the approving opinion of Bond Counsel, approving legality of the Bonds and, with respect to Bonds determined by the Finance Director to be issued on a tax-exempt basis, the exclusion from gross income of the interest paid thereon from federal and State income taxation only.

Section 1107. Sale of Bonds/Good Faith Check. (a) Pursuant to Section 309(1) of Act 34 the Council determines to sell the Bonds at a negotiated sale. The Bonds shall be sold by negotiated sale to the Underwriters as represented by the Representative, all as determined by the Finance Director in the Bond Purchase Agreement, at prices and on terms and conditions provided in the Bond Purchase Agreement approved by the Finance Director within the parameters established hereby, and confirmed by this Finance Director in the Sale Order. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of Council based on recommendation of the Finance Director and the City's Financial Advisor that a negotiated sale will allow the Bonds to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs for the City. Sale may be on a forward delivery basis if determined by the Finance

Director to be beneficial to the City, on the terms and conditions contained in the Bond Purchase Agreement.

(b) Subject to the foregoing, the Bond Purchase Agreement shall be dated the date of the sale of the Bonds. The Finance Director is hereby authorized and directed to execute the Bond Purchase Agreement for and on behalf of the City.

(c) The Finance Director is authorized to determine whether to require a good faith check from the Underwriters or in lieu thereof or not whether to require the Underwriters to pay liquidated damages to the City for the failure (other than as permitted by the Bond Purchase Agreement) to accept delivery of and pay for the Bonds.

Section 1108. Delivery of Bonds. Subject to the approval of the Sale Order, the Finance Director is hereby authorized to deliver the Bonds to the Underwriters upon receiving the purchase price therefor in lawful money of the United States.

Section 1109. Official Statement. The Finance Director is hereby authorized to execute the Official Statement or other offering materials with respect to the Bonds in the form approved by him with such changes as the Finance Director may authorize. Such Official Statement or other offering materials to be used in conjunction with the sale or offering of the Bonds are hereby authorized to be printed and used by the Underwriters in connection with the sale of the Bonds to the public. Circulation of the Preliminary Official Statement, if any, or other preliminary offering materials by the Underwriters is hereby approved.

Section 1110. Escrow Deposit Agreement and Verification Agent. The Finance Director is hereby authorized and directed to negotiate with the Escrow Trustee the terms of the Escrow Agreement and, if necessary, to select and retain a verification agent to verify the mathematical sufficiency of the securities and cash amounts to be deposited in the Escrow Fund.

Section 1111. Appointment of Bond Counsel; Engagement of Other Parties. The appointment by the Finance Director of the law firm of Miller, Canfield, Paddock and Stone, P.L.C. of Detroit, Michigan, as Bond Counsel for the Bonds is hereby ratified and confirmed, notwithstanding the periodic representation by Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters of other parties and potential parties to the issuance of the Bonds. The fees and expenses of Miller, Canfield, Paddock and Stone, P.L.C. as Bond Counsel and other accumulated bond and preliminary project related fees and expenses shall be payable as a cost of issuance from proceeds of the Bonds or other available funds in accordance with the letter of such firm on file with the Finance Director.

The Finance Director is authorized to engage other consultants, financial advisors, or other parties as he deems necessary and appropriate in connection with the sale, issuance and delivery of the Bonds and the disbursement of the Acquisition Fund to finance the Project, and to pay the fees and expenses thereof from the proceeds of the Bonds or other available funds.

Section 1112. Preservation of Records. So long as any Bond remains Outstanding, all documents received by the Paying Agent under the provisions of this Resolution shall be retained in its possession and shall be subject at all reasonable times to the inspection of the City, and the Bondowners, and their agents and representatives, any of whom may make copies thereof.

Section 1113. Parties in Interest. Section 1114. No Recourse Under Resolution. All covenants, agreements and obligations of the City contained in this Resolution shall be deemed to be the covenants, agreements and obligations of the City and not of any councilperson, member, officer or employee of the City in his or her individual capacity, and no recourse shall be had for the payment of the principal of or interest on the Bonds or for any claim based thereon or on this Resolution against any councilperson, member, officer or employee of the City or any person executing the Bonds in his or her official individual capacity.

Section 1115. Notice of Limited Tax Full Faith and Credit Pledge. The City Council hereby expressly acknowledges and confirms that the Notice of the meeting at which this Resolution was considered for adoption contained the statement that the proposed Bonds will contain a limited tax full faith and credit pledge of the City as required by Section 308 of Act 34. The form of such notice is attached hereto as Exhibit B.

Section 1116. Severability. If any one or more sections, clauses or provisions of this Resolution shall be determined by a court of competent jurisdiction to be invalid or ineffective for any reason, such determination shall in no way affect the validity and effectiveness of the remaining sections, clauses and provisions hereof.

Section 1117. Cover Page, Table of Contents and Article and Section Headings. Honorable City Council:

Re: Springwells Partners III Project — Payment in Lieu of Taxes (PILOT) 2439 Carson

Southwest Non-Profit Housing Corporation, the sponsor, has formed Springwells Partners III Limited Dividend Housing Association Limited Partnership. Springwells Partners III Project-(2439 Carson) housing project is financed \$200,000, CBDG — City of Detroit; \$300,000 — Michigan Housing Trust at 6.0% for 20 years; \$280,000 — National City Bank-FHLBI-AHP at 5.25% for 15 years; General Partner Capital Contribution of \$205,723 and Low Income Housing of \$2,715,920 for a total development cost of \$3,701,643. A total of 22 units will be rehabilitated at this location.

In order to make the development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

Twenty-seven percent (27%) or 6 of the units will be occupied by households having incomes of no greater than 30% of the area median income, adjusted for family size; nine-percent (9%) or 2 of the units will be occupied by households having incomes no greater than (35%) of the area median income, adjusted for family size; fifty-percent (50%) or 11 of the units will be occupied by households with incomes no greater than (40%) of the area median income, adjusted for family size; thirteen-percent (13%) or 3 of the units will be occupied by households with incomes no greater than (50%) of the area median income, adjusted for family size. These income restrictions will be in effect for the time required under the Low Income Tax Credit Program.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge; the lesser of the tax on the property for the year before rehabilitation commenced or 10% of the annual shelter rents obtained from the project.

Respectfully submitted,
 FREDERICK W. MORGAN
 Assessor

By Council Member Tinsley-Talabi:

Whereas, Pursuant to the provisions of Act 346 of the Public Acts of 1996, as amended, a request for exemption from taxes by Southwest Non-Profit Housing Corporation on behalf of Springwells partners III has been filed, and it has been determined that said sponsors have formed a Limited Dividend Housing Association Limited Partnership; and

Whereas, The purpose of the project is to serve low to moderate-income persons, the description of the property is as Exhibit "A".

Now, Therefore Be It

Resolved, That the said described premises are henceforth entitled to be exempt from taxation but subject to the provisions of a service charge for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1996, as amended, being MCLS §125.1401, *et seq.*; and,

Further Resolved, That said described

premises shall be allowed a payment in lieu of taxes (PILOT) or service charge of: the lesser of the tax on the property for the year before rehabilitation commenced or, 10% of the annual net shelter rent obtained from the project pursuant to City Ordinance 9-90 as amended, having taken effect, and be it further; and,

Further Resolved, That arrangements to have collections of a payment in lieu of taxes from Springwells Partners III Limited Dividend Housing Association Limited Partnership be established upon occupancy for future years with respect to the described property and that all necessary journal entries with respect to the same be prepared by the Chief Financial Officer, and be it further, and,

Further Resolved, That the City Clerk furnish the Finance Department-Assessments Division two certified copies of this resolution; and,

Re: Address: 10156 Aurora. Name: Christopher Bruce. Date ordered removed: February 6, 2002 (J.C.C. p. 372).

In response to the request for a deferral

of the demolition order on the property noted above, we submit the following information:

The owner has paid the current taxes due as of March 15, 2005.

The proposed use of the property is rehabilitation and rental.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:
 - Certificate of Acceptance related to building permits

 - Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for 4229 Aretha Avenue in the Woodbridge Estates NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office an application from Scripps Park Associates, LLC for a Neighborhood Enterprise Zone (NEZ) certificate within the Woodbridge Estates NEZ. your Honorable Body approved the Woodbridge Estates NEZ designation on September 19, 2001. City Planning Commission staff has reviewed the application and recommends approval.

A certificate is being requested for 4229 Aretha Avenue, which is confirmed to be within the boundaries of the NEZ and should be eligible for an NEZ certificate under State Act 147 of 1992 as currently written. Scripps Park Associates, LLC. has applied for the certificate, prior to the issuance of building permits, on behalf of the future owner who will occupy the property. It is appropriate for them to

apply for a certificate at this time, even if the buyer has not yet been identified. The State Tax Commission, however, will not issue a certificate until an owner is identified. When an owner is identified, he or she can then apply for the certificate. At that time, it would not be necessary for City Council to pass another resolution.

The petitioner proposes to build a single-family home. The site has been cleared and construction is anticipated to begin soon. The developer will need to submit to the State Tax Commission the parcel that is to receive the certificate with a map showing the parcel.

Please let us know if you have any questions.

The Labor Relations Division has recently reached agreement with the bargaining unit which represents most of the City's attorneys, UAW Local 2211 - Public Attorneys Association. Re: Request for Public Hearing on the Michigan Box Company Petition #3394; Application for Exemption of "New Personal Property".

The Planning & Development Department and the Finance Department have reviewed the application of the Michigan Box Company for Exemption of Tax for "New Personal Property", and find that it satisfies the criteria set forth by P.A. 328 of 1998 and would be consistent with development and economic goals of the Master Plan.

Public Act 328 of 1998 states, "the governing body of an eligible local assessing district may adopt a resolution which provides for exemption of all "new personal property of an eligible business located in an eligible district designated in the resolution". Prior to acting upon the resolution, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the eligible district, said notice to be made not less than 60 days prior to your Honorable Body's adoption of said resolution.

We request that a Public Hearing be scheduled on the issue of adopting "new" personal property exemption resolution. Attached for your consideration, please find a resolution establishing a date and time for the public hearing.

Respectfully submitted,

HENRY HAGOOD

Director of Development Activities

By Council Member Tinsley-Talabi:

Whereas, pursuant to Public Act No. 328 of 1998 ("the Act") this City Council may adopt resolution which provides exemption of "new personal property" tax within the boundaries of the City of Detroit; and

Whereas, the Michigan Box Company has made application for exemption of

"new personal property" tax whose boundaries are particularly described in Exhibit A (legal description) and illustrated in the map attached hereto; and

Whereas, prior to such adoption, the City Council shall provide an opportunity for a Public Hearing, at which Public Hearing on such adoption of a resolution providing such tax exemption, at which Public Hearing representatives of any taxing authority levying *ad valorem* taxes within the City, or any other resident or taxpayer of the City of Detroit may appear and be heard on the matter.

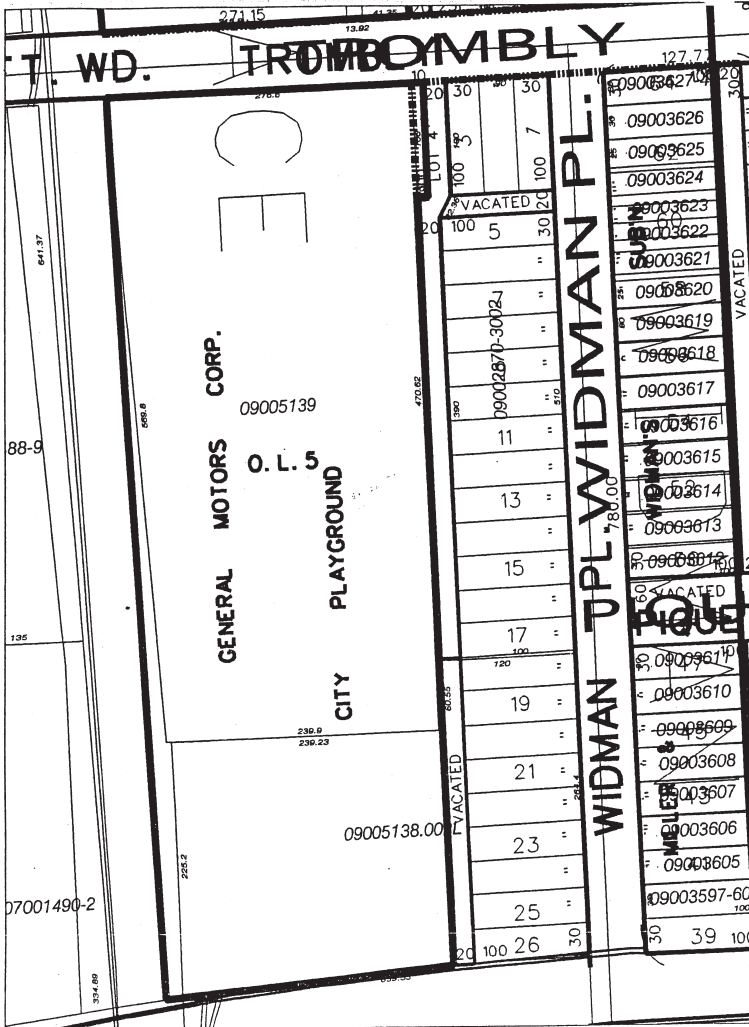

Now, Therefore, Be It

Resolved, that on the 24th day of June, 2005 at 10:15 a.m., in the City Council Committee Room, 13th floor, Coleman A. Young Municipal Center, a Public Hearing be held on the above described application, and be it finally

Resolved, that the City Clerk shall give notice of the Public Hearing to the general public and shall give written notice of the Public Hearing by certified mail to all taxing authorities levying an ad valorem tax within the City of Detroit, such notices to be provided no earlier than sixty (60) days prior to the public hearing.

City Planning Commission

May 9, 2005

Honorable City Council:

Re: Planning and Development Department's request to amend the Detroit Master Plan of Policies in the area generally bounded by E. Lafayette Ave., vacated Sheridan Ave., Congress Street, and the alley first east of Field Ave. to allow for expansion of parking at St. John Riverview Hospital (RECOMMEND APPROVAL).

Background

The Planning and Development Department (P&DD) submitted a request to amend the *Detroit Master Plan of Policies* (please find P&DD report attached). The Generalized Proposed Land Use Map for the Butzel Subsector is proposed to be amended to show an OSI (Open Space-Institutional) designation where RH (High-Density Residential) and RM (Medium-Density Residential) designations exist for the area generally bounded by E. Lafayette Ave., vacated Sheridan Ave., Congress Street, and the alley first east of Field Ave. The amendment is being proposed to allow for the expansion of the parking lot at St. John Riverview Hospital, which is required due to the construction of a new medical office building.

On March 10, 2005, the City Planning Commission recommended approval of, and the City Council approved on March 23, 2005, a related petition from Landmark Healthcare Facilities, Inc. to modify the plans for the existing PD (Planned Development District) zoning classification for property generally bounded by E. Jefferson Ave., Sheridan Ave., E. Lafayette Ave., and Seyburn Ave., more commonly referred to as 7733 E. Jefferson. This PD modification was requested to allow for the construction of a new, 63,921 square foot medical office building to be attached to the northwest section of the St. John Riverview Hospital by a connector link.

The petition also included a request to amend *Detroit's Official Zoning Ordinance* to show a PD (Planned Development District) where an R5 (Medium Density Residential District) classification is currently shown on property generally bounded by E. Lafayette Ave., vacated Sheridan Ave., Congress St., and the alley first east of Field Ave. This rezoning was requested for the expansion of the parking area in order to offset the 93 spaces displaced by the new medical office building as well as to meet the parking requirements for the hospital campus.

Public Hearing Results

At the May 5, 2005 City Planning Commission meeting, a public hearing on this matter was held. There were three speakers. All of them supported the project proposed by St. John Riverview Hospital, and two of the three had some additional questions and concerns. One resident had questions about construction-related traffic and whether it would utilize residential streets. A representative of the development team assured the resident that construction-related truck traffic would be required to access the site from E. Jefferson.

Another resident expressed concerns about the closure and vacation of Sheridan between Congress and Lafayette, which City Council approved in November, 2004. City Planning Commission staff responded by providing some additional information about DPW-Traffic Engineering Division traffic counts, alternative routes that the community can use, and alternatives that were explored during the rezoning phase of the project. The third speaker was a board member of the Islandview Development Corporation who provided some history about collaboration of community stakeholders, including the hospital, in the surrounding area.

Analysis

The subject area in the Butzel Subsector is comprised of vacant lots and vacant houses. The hospital is awaiting demolition permits for the vacant houses. As a result of City Council approval of the rezoning, current zoning of the subject area is PD. The rationale for the Master Plan amendment proposed by P&DD is that it is required in order to make the zoning change consistent with the Master Plan.

Recommendation

At the May 5, 2005 meeting, the City Planning Commission voted to recommend that City Council approve the Master Plan amendment proposed by P&DD. Please find attached the P&DD report on this matter as well as a resolution for your consideration. Because a groundbreaking is scheduled on this project for Thursday, May 12, 2005, CPC staff suggests that you may wish to consider

voting on the resolution at your next formal session scheduled for Wednesday, May 11, 2005.

Honorable City Council:

Re: A resolution to amend the Detroit Master Plan of Policies to facilitate the expansion of the St. John Riverview Hospital campus.

Pursuant to the City of Detroit's City Charter (Section 8-102), the Planning and Development Department's Planning Division has submitted for your consideration and action a proposed Amendment to the Detroit Master Plan of Policies. Adoption by your Honorable Body of this resolution would accommodate changes in the Master Plan of Policies that would change the future general land use of the subject area from RH (High-Density Residential) and RM (Medium-Density Residential) to OSI (Open Space — Institutional).

Location: North of the intersection of Congress and Sheridan

The site occupies the area bounded by E. Lafayette Avenue to the north, Sheridan Avenue to the east, Congress Street to the south, and the first alley east of Field Avenue to the west.

Existing Site Information

Future general land use: RM and RH

Existing land and/or building use: Four occupied dwellings, vacant land, and Sheridan Avenue between E. Lafayette Avenue and Congress Street

Existing zoning: R5 (Medium-density residential)

Surrounding Site Information

Future general land use: RM to the north; RM, RH, and OSI (Open Space — Institutional) to the east; RH to the south; and RM, RH, and OSI to the west

Existing land and/or building use: Single-family homes and vacant land to the north; St. John Riverview Hospital and two high rise residential towers to the east; single-family, multi-family, and vacant land to the south; single-family, multi-family, group homes, and vacant land to the west

Existing zoning: R2 (Two-family residential) to the north, PD (Planned Development) to the east, R5 to the south and west

Project Proposal

Future general land use: OSI

Proposed land and/or building use: Parking lot

Proposed zoning: PD

Landmark Healthcare facilities has proposed the construction of a medical office building on a portion of the St. John Riverview Hospital site that is currently being use for parking. To offset the anticipated loss of 93 parking spaces, the petitioner has proposed extending the existing parking lot across Sheridan Avenue onto an approximately 1.8 acre site that is partially occupied by four residential structures. The existing residences will be vacated and demolished, Sheridan Avenue will be vacated, and 385 new parking spaces will be added. As a result, the western boundary of the St. John Riverview Hospital site will be extended to the alley immediately west of Sheridan Avenue.

Interpretation

Impact on Surrounding Land Use

The most direct impact is the demolition of four occupied residential dwellings. In addition, the extension of the western boundary of the hospital will result in the new parking lot being adjacent to residential dwellings. It is important to include appropriate fencing and landscaping as a buffer between the parking lot and the residential area.

Impact on Transportation

The vacation of Sheridan Avenue will have a direct impact upon traffic patterns. However, Field Avenue and Congress Avenue should provide sufficient access around the new western boundary of the complex.

Additional Analysis

The PD designation will allow close oversight of the design process to ensure that the project conforms to the character of the surrounding community. The preliminary site drawings and elevation indicate that the design of the proposed office building is consistent with the architecture of the existing hospital buildings.

Recommended Master Plan

Amendment

The St. John Riverview Hospital intends to expand their facilities and needs additional parking spaces to compensate for the loss of current parking spaces as well as to accommodate additional traffic resulting from the expansion. The creation of additional medical facilities poses potential benefits to the city and its residents. It is not likely that the parking lot expansion will have a detrimental impact upon the surrounding neighborhood.

Therefore, the Planning Division of the Planning and Development Department recommends that the future general land use in the Master Plan of Policies be changed from RH (High-Density Residential) and RM (Medium-Density Residential) to OSI (Open Space — Institutional).

Note: The future general land use in the

revised map indicates the proposed change. In addition, the future general land use in the revised map has been modified to indicate a change in land use from a previous amendment. The previous amendment extended the boundary of the OSI area to E. Lafayette between Sheridan and Baldwin. However, the map was not accurately modified to indicate the change in land use arising from the amendment.

Honorable City Council:

Re: Louwana Bostic vs. City of Detroit.
Case No.: 04-414994 NO. CLIS No.: A19000.002845.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a partial settlement in the amount of Twenty-Five Thousand Dollars and No Cents (\$25,000.00) is in the best interest of the City of Detroit.

We, therefore, request authorization to settle this matter in the amount of Twenty-Five Thousand Dollars and No Cents (\$25,000.00) and that your Honorable Body direct the Finance Director to issue a draft in that amount payable to Louwana Bostic and her attorney, Gerald H. Acker, P.C., to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal Without Prejudice entered in Lawsuit No. 04-414 994 NO, approved by the Law Department.

Respectfully submitted,

City Planning Commission

May 12, 2005

Honorable City Council:

Re: First amendment to Chapter 61 (Submitting Ordinance for Introduction).

At your Honorable Body's discussion of May 9, 2005, City Planning Commission (CPC) staff indicated that the Planning Commission has recommended approval of the anticipated first amendment to the new Zoning Ordinance (Chapter 61).

The background and scope of the proposed amendment, as well as a discussion of the results of the public hearing, are detailed in the CPC staff report of April 28, 2005.

The proposed amendment has been approved by the Law Department (see attachment), and is scheduled for introduction at the adjourned formal session of Friday, May 13, 2005. Council has already agreed that a public hearing be scheduled for 10:10 A.M., WEDNESDAY, MAY, 25, 2005.

WEDNESDAY, MAY 25TH is the latest possible date that would still allow for approval by the Mayor and publication of a notice of enactment in *The Detroit Legal News* prior to the proposed effective date. Although the proposed first amendment would not take immediate effect, six (6) votes would still be needed for it to take

effect earlier than the customary 30-day waiting period.

Respectfully submitted,
MARSHA S. BRUHN
Director
