Re: Correction of Legal Entity. Development: 1544-1556 E. Lafayette; located at the southwest corner of E. Lafayette Blvd. at Orleans St.

On November 22, 2004, (Detroit Legal News, Page , Wednesday, December 17, 2004), your Honorable Body authorized the sale of the above captioned property to Du Charme Place Partners, LLC, a Michigan Limited Liability Company, for the purpose of constructing approximately sixty-six (66) townhouse units with attached garages.

This developer possesses the qualifications and has indicated potential financial resources necessary to acquire and develop the land in accordance with the Development Plan.

We, therefore request that your Honorable Body adopt the attached resolution authorizing an amendment to the sales resolution to reflect a name change in the purchaser from Du Charme Place Partners, LLC, a Michigan Limited Liability Company to Du Charme Place, LLC, a Michigan Limited Liability Company.

Respectfully submitted,

Honorable City Council:

Re: Amendment of Sales Resolution. Development: Parcel 271.

On January 28, 2004, (Detroit Legal News, Page 7), your Honorable Body authorized the sale of the above-captioned property to S & S Builders, a Michigan Corporation, for the purpose of constructing one hundred fifty (150) townhomes.

It has come to our attention that due to circumstances beyond their control, the Developer now desires to modify their original proposed development and construct ninety-four (94) townhomes and two (2) single-family homes. Accordingly, the size of the property has been adjusted from 354,100 square feet to 280,104 square feet and the sales price has been adjusted from \$74,400 to \$58,800.

The Planning and Development Department has determined the request of S & S Builders, a Michigan Corporation, to be reasonable and consistent with the terms and conditions set forth in the Development Agreement.

We, therefore, request that your Honorable Body adopt the attached resolution and authorize an amendment to the sales resolution to reflect an adjustment in the size of the property from 354,100 square feet to 280,104 square feet and the sales price from \$74,400 to \$58,800.

We, also, request that your Honorable Body adopt the attached resolution, authorizing and approving an amendment to the sales resolution to reflect a modification of the Agreement to Purchase and Develop Land between S & S Builders, a Michigan Corporation and the City of Detroit, a Michigan Public Body Corporate.

Honorable City Council:

Re: Petition No. 3309 — Joseph Brophy/Covington Apartments, L.L.C. requesting for the closure of an alley in the area of Covington and Third Avenue.

Petition No. 3309 of "Joseph Brophy/Covington Apartments, L.L.C." at 1344 Bennaville Street, Birmingham, Michigan 48009, request conversion to easement of a portion of the East-West public alley 20 feet wide and dedication of land for a new alley outlet all in the block bounded by Covington Avenue, 45 feet wide, Manderson Avenue, 60 feet wide, Whitmore Avenue, 60 feet wide, and Third Avenue, 60 feet wide.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The petitioner (Joseph Brophy/Covington Apartments, L.L.C." at 1344 Bennaville Street, Birmingham, Michigan 48009), must build a new public alley at no expense to the City of Detroit. The petitioner intends to acquire land and set-aside funding to build the new alley. The alley shall be built by private contract with-in property to be owned or controlled by the petitioner under City Engineering Division — DPW inspection and permits. When the alley is completed to city specifications, the petitioner shall deed the property to the city. City Council is requested to declare the city's 'intent' to accept the executable warranty deed to the city. City Council is requested to declare the city's 'intent' to accept the executable warranty deed and alley for public purposes; provided said property complies with the requirements of Detroit codes and ordinances, also know as the 'Environmental Review Guidelines' and provided the Law Department concludes that the grantor possess the appropriate rights, title, and interest in properties to convey said land to the city for alley and other public purposes. The dedication and construction of

the 20 feet wide north-south strip of land for public alley purposes must be completed before the vacations to avoid the creation of a dead-end alley.

If the petitioner at any time plans to discontinue use of the paved alley entrance (into Manderson Avenue), the petitioner shall pay all incidental removal cost.

All other city departments and private utility companies have reported no objection to the conversion of public rights-of-way into a private easement for utilities. Provisions protecting utility installations are part of this resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
WILLIAM TALLEY

City Engineering Division — DPW
By Council Member S. Cockrel:

Planning & Development Department

December 7, 2004

Honorable City Council:

Re: A resolution to amend the Detroit Master Plan of Policies to facilitate the construction of residential development along the east riverfront.

Pursuant to the City of Detroit's City Charter (Section 8-102), the Planning and Development Department's Planning Division has submitted for your consideration and action a proposed Amendment to the Detroit Master Plan of Policies. Adoption by your Honorable Body of this resolution would accommodate changes in the Master Plan of Policies that would change the future general land use of the subject area from RH, High-Density Residential; MP, Major Park; LT IND, Light Industrial; and SRC, Special Residential Commercial to RL, Low-Density Residential.

Location: Southeast of the intersection of St. Jean and Freud

The area bounded by Freud to the north, Lycaste to the east, the Detroit River to the south and St. Jean to the west.

Existing Site Information

Future general land use: RH, High-Density Residential; MP, Major Park; LT IND, Light Industrial; SRC, Special Residential Commercial

Existing land and/or building use: vacant land, marina, small building

Existing zoning: M4, Intensive Industrial

The majority of the area is vacant land. There is a canal that bisects the southern half of the site. A portion of the site contains existing businesses that should not be affected by the proposed residential project. In particular, there is a marina and a single story office building.

Surrounding Site Information

Future general land use:

North: IND, Industrial; LT IND

East: MP, Major Park; IND; LT IND

South: Detroit River

West: SRC/MP

Existing land and/or building use:

The site is located along the Detroit River between the Harbor Hill Marina to the west and a Detroit Edison Plant to the east. A public boat launch is directly west of the site, along the river. There are industrial facilities north of the area.

Existing zoning:

North: M4, Intensive Industrial

East: M4, Intensive Industrial

South: Detroit River

West: M4, Intensive Industrial

Project Proposal

Future general land use: RL, Low-Density Residential

Proposed land and/or building use: Approximately 233 new housing units

Proposed Zoning: PD, Planned Development

The developer proposes to construct a new residential development along the Detroit River. There are three phases to the project. Phase 1 entails building 92 condos (1,325-1,811 sq. ft.) in 12 buildings on the northwestern portion of the site. Phase 2 entails building 43 single-family detached homes (2,800-5,150 sq. ft.) on the eastern half of the site. Phase 3 entails building a 193 unit (1,900-3,200 sq. ft.), 23-story condominium tower with an attached parking garage (400 spaces).

The entire site encompasses approximately 44.4 acres. The overall density of the project is 7.5 residential units per acre. All of the dwellings will be priced at market rates.

Interpretation

Impact on Surrounding Land Use

It is not anticipated that the project will have a negative impact on the surrounding land uses. The site is located within the heart of a formerly heavy industrial district. Many industries have gone out of business, resulting in a prevalence of vacant land. The area is currently undergoing a transition to residential uses. To the west, there are plans to construct residences adjacent to Harbor Hill Marina. The Jefferson Village project is northwest of the site.

There is a small marina in poor condition adjacent to the canal that bisects the southern portion of the site. The site can be configured for residential uses in a

manner that will not conflict with the operations of the marina.

Recommended Master Plan Amendment

The proposed development site has not been productively used for many years. It is unreasonable and undesirable to reserve riverfront land for future industrial purposes. Facilitating residential development on the site will contribute to the creation of the Detroit riverfront as a residential district. Designating the area as RL will allow for a variety of residential types while also preserving sufficient riverfront greenspace.

The Planning Division of the Planning and Development Department therefore recommends that the future general land use in the Master Plan of Polices be changed from RH, High-Density Residential; MP, Major Park; LT IND, Light Industrial; and SRC, Special Residential Commercial to RL, Low-Density Residential.

AN ORDINANCE to amend Chapter 24 of the 1984 Detroit City Code, *Health and Sanitation*, Article XI entitled *Environmental Control*, by repealing sections 24-11-1 through 24-11-7 entitled the *Smoking Pollution Control Ordinance*, and adding new

sections 24-11-1 through 24-11-19, entitled *Detroit Clean Indoor Air Ordinance*, providing for the regulation of indoor air quality in the City of Detroit by prohibiting smoking and eliminating secondhand smoke in public and private workplaces and public places, not including restaurants, bars and casinos.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Chapter 24, Article XI, of the 1984 Detroit City Code, entitled *Health and Sanitation, Environmental Control*, be amended by repealing sections 24-11-1 through 24-11-7 entitled the *Smoking Pollution Control Ordinance*, and adding new sections 24-11-1 through 24-11-17, entitled *Detroit Clean Indoor Air Ordinance* to read as follows:

ARTICLE XI. ENVIRONMENTAL CONTROL

~~Sec. 24-11-1. Ordinance title.~~

~~This ordinance shall be known as the Smoking Pollution Control Ordinance. REPEALED.~~

Sec. 24-11-1. Ordinance Title.

This ordinance shall be known as the *Detroit Clean Indoor Air Ordinance.*

~~Sec. 24-11-2. Purpose.~~

~~Because the smoking of tobacco or any other wood or plant is a cause of material annoyance and discomfort to those who are present in confined places and is a proven danger to their health, the city hereby declares that the purposes of this article are (1) to protect the public health and welfare by regulating smoking in the workplace and (2) to minimize the toxic effects of smoking in a workplace by requiring an employer to adopt a policy that will prohibit smoking in a workplace and accommodate, insofar as possible, the preferences of nonsmokers and smokers.~~

~~This article is not intended to create any rights to smoke or to impair or alter an employer's prerogative to prohibit smoking in the workplace. Rather, if an employer allows employees to smoke in the workplace, this article requires (1) that the employer make accommodations for the preferences of both nonsmoking and smoking employees, and (2) if a satisfactory accommodation to all affected nonsmoking employees cannot be reached, that the employer prohibit smoking in the workplace. REPEALED.~~

Sec. 24-11-2. Authority.

This Ordinance is adopted pursuant to authority conferred upon the City of Detroit by the Michigan Public Health Code, 1978 P.A. 368, as amended.

(iv) ~~Person: Any individual person, firm, partnership, association, corporation, company, organization, or legal entity of any kind.~~

(v) ~~Smoking: The term "smoking" means lighting, inhaling, exhaling or burning any pipe, cigar, cigarette, wood, or plant, or carrying any lighted pipe, lighted cigar, lighted cigarette, lighted wood, lighted plant, or other ignited combustible substance in any manner or in any form.~~

(b) ~~Utilized as a conference room, auditorium, library, office machine station, lunchroom, vending area, locker room, lounge, restroom, cafeteria, training room, classroom, lecture room, hallway, or stairwell used primarily for the benefit of employees.~~

~~Notwithstanding the provisions of this definition, a private residence including either an attached or detached garage shall not constitute a workplace, except when the residence serves as a licensed day care facility for children; nor shall motor vehicles which are used to transport employees during the course of their employment constitute a workplace except when the vehicles are owned and maintained by the employer. REPEALED.~~

Sec. 24-11-3. Jurisdiction and Administration.

(A) The Director of the City of Detroit Department of Health and Wellness Promotion ("health department"), hereafter referred to as the health officer, shall have responsibility for administering and enforcing this ordinance, including all amendments hereafter adopted unless otherwise specifically stated.

(B) This ordinance shall have effect throughout the City of Detroit, which has established its own local health department pursuant to MCL 333.2422.

Sec. 24-11-4. Regulation of smoking in the workplace.

(a) Within ninety (90) days of the effective date of this chapter, or within ninety (90) days of having first engaged the services of a second employee, any employer of two (2) or more employees shall adopt, implement, and maintain a written smoking policy which shall contain at a minimum the following:

(1) Prohibition of smoking in workplace, except where smoking is designated, including employer conference and meeting rooms, classrooms, auditoriums, restrooms, medical facilities, hallway;

(2) Provision and maintenance of a contiguous smoking area of not more than one half of the seating capacity and floor space in cafeterias, lunchrooms and employee lounges;

(3) Any employee in the workplace shall be given the right to designate his or her immediate work area as a nonsmoking area and to post it with appropriate signs or sign. The policy adopted by the employer shall include a definition of the term "immediate work area" which gives preferential consideration to nonsmokers.

(b) If any nonsmoking employee occupying a shared workplace objects to the employer about smoke in the employee's workplace, the employer, using already available means of ventilation or separation or partition of office space, shall attempt to reach a reasonable accommodation, insofar as possible, between the preferences of nonsmoking and smoking employees; provided that an employer is not required by this chapter to make any expenditures or structural changes to accommodate the preferences of nonsmoking or smoking employees.

(c) In any dispute arising under the smoking policy, the rights of the nonsmoker shall be given precedence.

(d) Except where other signs are required, whenever smoking is prohibited, conspicuous signs shall be posted stating, containing all capital lettering not less than one inch in height on a contrasting background.

(e) Notwithstanding the provisions of subsection (a) of this section all employers shall have the right to designate any workplace as a nonsmoking area.

~~(4) Any workplace where smoking is regulated by other law, ordinance or other authority and any workplace exempted from regulation by other law, ordinance or other authority.~~

~~(h) Any employer who develops and implements a reasonable policy regarding smoking and nonsmoking in the workplace shall be deemed to be in compliance with this section provided that a policy which knowingly omits the elements required in subsection (a) or which designates an entire workplace as a smoking area shall not be deemed a reasonable policy. REPEALED.~~

Sec. 24-11-4. Purpose.

(A) The City of Detroit hereby finds and declares that:

(1) The U.S. Surgeon General, National Research Council, and National Academy of Sciences, report that secondhand smoke causes lung cancer in healthy adult nonsmokers, and can cause lung function and structure alteration to the fetus of pregnant nonsmoking women, and further, in utero exposure is known to predispose children to long term pulmonary risks. Separating smokers and nonsmokers within the same air space may reduce, but does not eliminate, a nonsmoker's exposure to secondhand smoke.

(2) The U.S. Environmental Protection Agency (EPA) classifies secondhand smoke as a Group A carcinogen — a category reserved for known cancer-causing agents in humans.

(3) The National Institute for Occupational Safety and Health (NIOSH)

(a) Finds that secondhand smoke poses an increased risk of lung cancer and possibly heart disease to people exposed in the worksite;

(b) Recommends that nonsmokers should not be exposed to secondhand smoke; and

(c) Indicates that simple separation of smokers and nonsmokers within the same airspace may reduce, but does not eliminate, the exposure of nonsmokers to secondhand tobacco smoke.

(B) These studies find that tobacco

smoke is a major contributor to indoor air pollution and that breathing secondhand smoke is a cause of disease, including cancer, heart disease and stroke in nonsmokers. At special risk are infants, children, teens, pregnant women, elderly people, nonsmokers with long term exposure to secondhand smoke and individuals with impaired respiratory function. Also harmed are those with health conditions induced by breathing secondhand smoke, including asthma, lung cancer, respiratory infection, and decreased respiratory function, including bronchoconstriction and broncho-spasm.

(C) Accordingly, the City of Detroit declares that the purpose of this ordinance is to protect the public health and welfare by regulating smoking in public places and places of employment and recreation.

Sec. 24-11-5. Compliance.

~~Each employer and other person in charge of any nonsmoking area designated by this article shall take steps to cause all persons using the premises to comply with this article. Such steps may include, but are not limited to, directing any person who is smoking to cease smoking, directing any person failing to cease smoking to leave the nonsmoking area, and in the case of smoking employees, taking appropriate disciplinary action for repeated willful violations. REPEALED.~~

A reasonable distance shall be a distance sufficient to insure that persons entering or leaving the building or facility shall not be subjected to breathing tobacco smoke and to insure that tobacco smoke does not enter the building or facility through entrances, windows, ventilation systems or any other means. In the manner prescribed by MCL 333.2441 and 333.2442, the health officer shall promulgate rules and regulations for carrying out the purpose and intent of this article within ninety (90) days of the effective date of this ordinance. The regulations shall be approved or disapproved by the city council and shall be at least as stringent as the standard established by state law. The health officer shall enforce the rules and regulations to effectuate the purpose of this article.

Sec. 24-11-14. Violations and penalties.

(B) A person aggrieved by a decision of the health officer may petition the circuit court for review. The petition shall be filed not later than 60 days following receipt of the final decision.

(C) A civil penalty becomes final if a petition for an administrative hearing is not received within the time specified in this section. A civil penalty imposed under this part is payable to the health department for deposit with the general funds of the City of Detroit.

Sec. 24-11-16. Public education.

The health department shall engage in a continuing program to explain and clarify the purposes and requirements of this ordinance to citizens affected by it, and to guide owners, operators and managers in their compliance with it. If any provision, clause, sentence or paragraph of this ordinance or the application thereof to any person or circumstances shall be held invalid such invalidity shall not affect the other provisions of this ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this ordinance are declared to be severable.

Sec. 24-11-19. Effective date.

(A) This ordinance is hereby declared necessary to preserve the public peace, health, safety, and welfare of the People of the City of Detroit.

(B) All ordinances, or parts of ordinances, that conflict with this ordinance are repealed.

**COMMUNICATIONS FROM:
Budget Department**

June 27, 2005

Honorable City Council:

Re: Budget Amendment Letter Restoring Police and Fire.

Subsequent to working with City Council Working Group, we are requesting to further consideration to amend the FY 2005-06 Budget by restoring the 10% salary reduction to Police and Fire and restore funding for the Department of Homeland Security. Since public safety is the most important priority any city can have this amendment would restore additional uniform personnel.

The adopted 2005-06 budget includes a \$23.4 million reduction in Police and Fire assuming a 10% wage reduction for uniform personnel effective July 1st. Due to Act 312 Arbitration process that the city must do with uniform personnel it is illegal to enforce this reduction by July 1st and could not be achieved during the fiscal year. To realize this funding reduction Police would have to layoff 182 officers and Fire would layoff 73 firefighters. This amendment restores this funding.

The Department of Homeland Security was also eliminated. This department was created last year through the efforts of the Strategic Management Center to coordinate our efforts in Homeland Security and has enhanced the city's ability to obtain more grant dollars available for Homeland Security. Attached is the impact statement if funding for this Department is not approved. This amendment restores \$540,000 to fund this department. These items total \$23.4 million.

To keep the budget in balance these items were funded by reducing the Risk Management Fund by \$12.5 million. We believe that the improvements made in monitoring our claims and a stepped up effort during the course of the fiscal year will significantly reduce our claims. Utility User Tax revenue is being increased by \$6.3 million. A bill is currently in Lansing to remove the staffing requirement for Police and not require a reduction in our rate.

The subsidy to the Airport is being eliminated [\$2.57 million]. The Administration has reviewed several alternative methods to operate the Airport. The propose method for next fiscal year is to have the City manage all aspects of the operation and maintenance activities. To facilitate this approach the number of lay-offs will be reduced by eight. The Administration will continue to look for cost savings while maintaining a customer friendly Airport operation.

36th District Court is being reduced by \$2 million. Based on the Department of Administrative Hearings lessening the workload for the Court, this cut is manageable.

We respectfully request that your Honorable Body approve this Budget Amendment Letter with a waiver of reconsideration.

Respectfully submitted,
ROGER SHORT

Impact Statement

The Office of Homeland Security and Emergency Management (HSEM) is specifically responsible for executive leadership in developing, planning, coordinating, administering, managing, staffing and supervising Homeland Security and emergency preparedness operations related to city-wide programs implementing the Mayor’s Homeland Security Initiative.

HSEM advises policy makers at the highest levels of city government, including the Mayor and the heads of departments and agencies, of the status and effectiveness of security policies, and of the effectiveness of their implementation by city departments.

Act 390 of 1976 (Emergency Management Act) provides that a “municipality with a population of 25,000 or more shall either appoint an emergency management coordinator or appoint the coordinator of the county as the municipal emergency management coordinator pursuant to subsection (7)”. “The coordinator of a municipality with a population of 25,000 or more shall act for and at the direction of the chief elected official of the municipality or the official designated in the municipal charter in the coordination of all matters pertaining to emergency management, disaster preparedness, and recovery assistance within the community.

Elimination of Detroit’s Office of Homeland Security and Emergency Management will severely inhibit or prohibit the following activities:

1. Facilitation of all Homeland Security and Emergency Management grants. Over \$16 million in grant funds that are only eligible to Act 390 programs. Grant funding will be allocated to the county if a local program is not in place.
2. Provision of homeland security and emergency management specific training to first responders, general city employees, private sector organizations and community groups.
3. Planning, developing and implementation of tabletop, functional and full-scale exercises.
4. Maintaining the city’s Emergency Action Guidelines as required by the Federal Emergency Management Agency.
5. Managing the city’s Emergency Operations Center.
6. Administrative control of the Detroit Local Emergency Planning Committee.
7. Continued implementation of the Community Emergency Response Team Program.
8. Development of emergency plans including, citywide evacuation, pre-mitigation disaster, cross-border contingency, SARA Title III, etc.
9. Managing the Metropolitan Medical Response System (MMRS) program.
10. Maintaining Detroit’s Urban Area Strategy in compliance with DHS Office for Domestic Preparedness guidelines.
11. Regional coordination activities with local, state, federal and private sector organizations.
12. Maintaining a current threat assessment that identifies critical infrastructure and key assets making Detroit one of the top 26 cities in risk level.

These are areas that police and fire personnel do not have the training or expertise to administer proficiently, resulting in the loss of federal grant funding.

Invocation

With the name of God, Most Gracious, Most Compassionate, all praise is due to God, the Lord of all the worlds. Most Gracious and Most Compassionate Master of the Day of Judgment. Thee alone do we worship and thine aid we seek. Show us the Straight way (the clear path); the way of those on whom Thou hast bestowed grace. Those whose portion is not wrath, and those who go not astray.

Our Lord, grant this Honorable Council with the sensitivity and understanding to

serve the best interests of the citizens of our great city, Detroit; and to uphold the excellent principles upon which our blessed nation is founded; the cornerstone of those principles being "all men are created equal and endowed by their Creator with certain inalienable rights."

Bless our city with peace and reconciliation amongst its residents and visitors, and help us to realize that true peace and contentment lies in the recognition and upliftment of the true human spirit that resides in all of us. One God, one humanity under God.

We beseech this of you, Almighty, and also your richest blessings upon us.
Amen.

June 21, 2005

Honorable City Council:

Re: Andrew Paymond (dec'd) vs. City of Detroit, Public Works Department. File No.: 13578 (PSB).

On May 1, 2002, your Honorable Body approved a settlement in the amount of Twenty-Five Thousand Dollars (\$25,000.00), payable to Andrew Paymond. However because of a change in circumstances, which arose after such approval, the exposure to the City decreased, and the value of the claim decreased to Fifteen Thousand Dollars (\$15,000.00). The changes in circumstances are set forth in a confidential, attorney-client privileged memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a settlement in the amount of Fifteen Thousand Dollars (\$15,000.00) is in the best interests of the City of Detroit.

We, therefore, request that you rescind the original resolution, and approve authorization to settle this matter in the amount of Fifteen Thousand Dollars (\$15,000.00), and that your Honorable Body authorize and direct the Finance

Director to issue a draft in that amount payable to Bobbie Paymond, the surviving spouse of Andrew Paymond, and her attorney Peter Woll to be delivered upon receipt of properly executed releases and order of dismissal in Workers Compensation Claim #13578, approved by the Law Department.

Honorable City Council:
 Re: Petition Number 1907 — Request for City Council Approval of the Issuance of a Dance-Entertainment Permit to Michigan Holdings, LLC, d/b/a State Theater and State Bar, in Conjunction with the Transfer of Ownership of a Class "C" Liquor License at 2101-2111-2115 Woodward Avenue for a Group "A" Cabaret.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice (Request ID: 219113) to the Detroit City Council, which has been designated by the City Clerk as Petition Number 1907. This petition requests City Council approval or disapproval of the issuance of a dance-entertainment permit in conjunction with the transfer of ownership of a Class "C" liquor license from 2115 Woodward Incorporated to Michigan Holdings, LLC, d/b/a State Theater and State Bar, at 2101-2111-2115 Woodward.

The Buildings and Safety Engineering Department records indicate that 2101-2111-2115 Woodward is zoned B-5 (Major Business) and within the Central Business District. Therefore, the use of this property for a bar, restaurant or nightclub is permitted by-right in accordance with the Detroit Zoning Ordinance.

Pursuant to Section 5-7-1 of the 1984 Detroit City Code, a Group "A" cabaret business license is required for an establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without dancing. The records of the Consumer Affairs Business License Center indicate that Michigan Holdings, LLC, has applied for a Group "A" cabaret license and has met the requirements of the applicable provisions of the 1984 Detroit City Code for the issuance of the requested business license.

The Detroit Police Department ("DPD") investigation did not reveal any MLCC violations or serious crimes at 2101-2111-2115 Woodward for the preceding twelve (12) months. Michigan Holdings, LLC, also owns and operates Saint Andrews Hall, a licensed establishment at 431 E. Congress. A review of MLCC records did not reveal any violations at this location in the preceding twelve (12) months. After investigation and review, the DPD, Liquor License Unit, on behalf of the Chief of Police, has recommended the approval of the transfer of the liquor license and the issuance of a dance-entertainment permit to Michigan Holdings, LLC, for 2101-2111-2115 Woodward.

Upon this Body's approval of the request for the issuance of a dance-entertainment permit and the issuance of a Group "A" cabaret license by Consumer Affairs Business License Center to Michigan Holdings, LLC, the location will be approved for dancing by customers only and entertainment on the premises. Pursuant to Section 916(1) of the Liquor Control Code, being MCL 436.1916(6)(1), the issuance of an entertainment permit does not allow topless activity on the licensed premises. Further, Section 5-7-13 of the 1984 Detroit City Code prohibits adult entertainment in an establishment licensed as a Group "A" cabaret.

Pursuant to this Body's August 1, 2003 and July 7, 2004 resolutions on the procedures and criteria for the approval or disapproval of the issuance of MLCC dance, entertainment, and topless activity permits issuance to licensed locations, the Law Department recommends that this matter be placed on City Council's agenda for consideration of the issuance of a dance-entertainment permit to Michigan Holdings, LLC, for 2101-2111-2115 Woodward. Attached is a proposed resolution approving the issuance of the requested dance-entertainment permit.

If there are any questions or concerns, please do not hesitate to contact us.

Respectfully submitted,

BRENDA E. BRACEFUL

Deputy Corporation Counsel

Honorable City Council:

Re: Address: 5075-7 Chatsworth. Name:

Fred Andary. Date ordered removed: September 19, 2001 (J.C.C. p. 2639).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on June 15, 2005 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of June 15, 2005.

The proposed use of the property is rehabilitation and rental.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection.
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Historic Designation Advisory Board
June 27, 2005

Honorable City Council:

Re: Petition #2924 (2004) Historic Designation Advisory Board submitting its final report on the proposed Broadway Avenue Historic District; and Petition #3934 in opposition.

At the direction of the Historic Designation Advisory Board at its meeting of May 12, 2005, I am pleased to submit to your Honorable Body the board's final report on the proposed Broadway Avenue Historic District. The recommendation of the Advisory Board is for designation and, therefore, a draft ordinance of designation is attached. The ordinance has been approved as to form by the Law Department.

The local designation of the district was requested by Milestone Development in order to seek historic tax credits for its renovation of the Lafer Building, which it owns. Christopher Jaszczak, a resident owner in the proposed district, was appointed to an ad hoc membership with the Advisory Board to represent the ownership interest. Marco Frattarelli, chairman of the Downtown CDC, was appointed to represent the community interest.

A copy of the minutes of the public hearing held by the Advisory Board on this matter is on file in the City Clerk's office, along with the Historic District Commission report and Master Plan Review as it relates to the proposed historic district. Copies of all correspondence received regarding this matter are also attached.

We have also received the clerk's referral of Petition 3934 from Michael Simmons of Simmons & Clark Jewelers, requesting an opportunity to appear before City Council to express his opposition to inclusion within the proposed district. I indicated to Mr. Simmons at our public hearing that he would certainly have an opportunity to do so at your Honorable Body's public hearing if Council introduces the ordinance.

If you should have any questions, I may be reached at 4-3487.

Respectfully submitted,
WILLIAM M. WORDEN

(D) The defined elements of design, as provided for in section 25-2-2 of this code, shall be as follows:

(1) *Height.* Buildings in the district range from two (2) to fourteen (14) stories; taller buildings are generally located on the corner parcels while smaller-scaled buildings occupy parcels in the middle of the block. Where exceptions occur, the silhouette of the streetscape fluctuates greatly.

(2) *Proportion of Building's Front Facades.* Most individual buildings are taller than wide, with the exception of two-story buildings that are either slightly wider than tall or square, depending on their ratios of height to width. Where buildings are situated on corner lots, their visible side elevations are wider than tall.

(3) *Proportion of Openings Within the Facades.* Storefront windows on the ground floor are generally composed of large panes of glass atop a low apron and below a row of transoms. Entrance openings occupy a variety of positions among the storefronts; a few older buildings feature a single doorway recessed between the angled faces of the flanking display windows while others have two doorways flanking the central display window. The building at 1301 Broadway/229 Gratiot (Cary Building) features a recessed, corner entrance, while the main entrance of the building at 206 East Grand River (Merchants Building) is through a double door between the storefronts of the Grand River elevation. Individual window units above the ground floor are often horizontally arranged by floor in a regular fashion, frequently in groups. Double-hung sash windows are twice as tall as wide and are sometimes arranged in pairs at corners of buildings and/or clustered in horizontal rows within a single opening. Single-sash windows with transoms above are also in rows, as are the Chicago-style windows with a large central sash flanked by two narrower sashes. Arched or rectangular openings below transoms broaden the variety of window shapes and sizes; transoms are sometimes subdivided, as are upper sashes. Storefront and window openings are frequent targets of alter-

ations and boarding, but most in the Broadway Avenue Local Historic District retain their original configuration. Percentage of openings ranges from thirty-five (35) percent to sixty (60) percent for the front facade areas of contributing buildings.

(4) *Rhythm of Solids to Voids in The Front Facades.* Openings within the facades are generally regularly arranged, horizontally by floor and vertically by bay, due to the classical stylistic derivation of most of the buildings and/or their steel frame and curtain wall construction. Where buildings with similar arrangements abut, the horizontal flow extends to the next building. A rhythm of storefronts at ground level also adds to the flow of the buildings on the street level.

(5) *Rhythm of Spacing of Buildings on Streets.* The buildings comprising the three groupings of buildings that exist in the Broadway Avenue Local Historic District abut each other on narrow lots, creating a continuous rhythm of storefronts. Where gaps exist because of building demolition, that rhythm is broken.

(6) *Rhythm of Entrance and/or Porch Projections.* Where entrances are recessed between two display windows, a rhythm is created. The placement of original entrances is not consistent, but is dependent on the number of retail spaces entered from the street. Some of the larger buildings have or once had marquees projecting over their entrances; many buildings still have awnings. Some ground floor display windows have rolling metal security covers with winding mechanisms at one side of the shaft above. Signs on buildings in the northern portion of the district are hung perpendicular to the buildings, thus hanging over the sidewalk.

(7) *Relationship of Materials.* The major materials in the district are architectural terra cotta and brick. Other materials used on some buildings are limestone, stucco, marble and structural glass. Apron walls beneath storefront windows are of wood, metal, granite, and/or tile. Window frames, sash and mullions are wood or metal. Metal spandrels also exist.

(8) *Relationship of Textures.* A variety of textural relationships are apparent in the Broadway Avenue Local Historic District. Glazed terra cotta, glazed brick, Vitrolite, and large glass surfaces result in smooth surfaces often contrasting with mortar joints, a profusion of molded decorative terra cotta detail, and carved and/or molded repetitive metal, stone or wood ornament. Subdivided windows and transoms, patterned spandrels, and cornices with repetitive detail, where they exist, contribute to textural effect.

(9) *Relationship of Colors.* White terra cotta and natural orange-brown, red and buff brick are the major contributors of color in the district. Beige and buff brick

and light gray limestone provide contrast to darker materials. Color applied to window frames, sash, and mullions range from green, brown, gray, putty and black to salmon and magenta. The first story of the Simmons Clark building features black structural glass contrasted with silver aluminum. Where the upper part of the brick side elevation of a building is visible, an old painted advertising sign may still be extant.

(10) *Relationship of Architectural Details.* The district features buildings dating from the first three (3) decades of the twentieth century. Characteristics of this period of American architecture are references to classical or medieval styles, such as Georgian Revival, Renaissance Revival and Italian Romanesque, and to Arts and Crafts and Prairie style precedents. The taller buildings are often divided horizontally into a base, shaft and capital, with architectural features marking the transitions. Architectural details are also sometimes used to outline the buildings, such as with rope moldings and quoins, and/or demarcate bays and floors, with decorative belt courses and spandrels. Window arrangements are also frequently emphasized with architectural detail. Cornices, where they still exist, usually bear architectural detail, such as brackets or modillions. A remodeling of the storefront at 1535 Broadway transformed the first floor into an art deco showcase, with structural glass, geometric shapes, and stylized period signage. Many buildings throughout the district bear a nameplate, with either the name or initial of the building, integrated in with the architectural design of the building.

(11) *Relationship of Roof Shapes.* Roofs are not visible from the street, with the exception of a portion of a tiled side-gabled roof visible above the parapet of 1307-09 Broadway.

(12) *Walls of Continuity.* Walls of continuity are created by the continuous flow of abutting buildings along the front lot lines. This continuity is broken where buildings have been demolished.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* Newly laid wide sidewalks in front and along the sides of corner buildings are concrete. Stretches of the sidewalk on the east side of Broadway in the southern noncontiguous portion of the district are narrowed to provide for parallel parking. A newly built, narrow, concrete island with trees planted in soil extends from the northern half of the southern noncontiguous portion through the block not included in the district between East Grand River and John R. Likewise, on the sidewalk in front of the buildings on the west side of Broadway Avenue in the non-contiguous southern section is a curbed feature paved in brick with planted trees. In the

center of the roadway of the northern non-contiguous portion is the concrete island that acts as the base for the Detroit People Mover tracks which pass overhead. Street features are under construction: permanent lighting and street furniture are not yet installed.

(14) *Relationship of Open Space to Structures.* Open space exists to the front of buildings and one side when the building is on a corner lot in the form of a public right-of-way, such as sidewalk and street. Where an adjacent building is no longer extant, the vacant lot is used for parking. Fencing of the black metal picket variety exists along the building line of a vacant parcel north of 1323-25 Broadway (Lafer Building).

(15) *Scale of Facade and Facade Elements.* The scale of facade elements is appropriate to the style and size of the building and ranges greatly from building to building. Large elements, such as pilasters, embellished cornices, and window units, are often balanced with ornamental, repetitive small scaled detail.

(16) *Directional Expression of Front Elevation.* Most front elevations express verticality, an impression reinforced by the repetition of tall, vertical architectural elements that define bays. Where a few two (2) and three (3) -story structures with continuous horizontal bands of windows exist, the emphasis is horizontal. The buildings, when taken in sections, form short but unbroken horizontal streetscapes.

(17) *Rhythm of Building Setbacks.* A consistency of building setback is created, except where demolition has occurred, due to the siting of all buildings on the front lot lines throughout the district.

(18) *Relationship of Lot Coverages.* Buildings occupy their entire parcels.

(19) *Degree of Complexity Within the Facades.* The degree of complexity ranges from the simple to moderately complex. Arrangements of windows, elements and details within the facades are regular and repetitive in nature.

(20) *Orientation, Vistas, Overviews.* The primary orientation is towards Broadway Avenue, except when buildings are located on corner lots in the southern noncontiguous portion of the district, where two (2) buildings have primary and secondary entrances on the side streets. The vista to the north is interrupted by the People Mover track structure. Broadway Avenue is one of the spokes radiating from Grand Circus Park; to the northwest from Broadway is a view into the park and, looking from the park southeast into Broadway, the narrow canyon of buildings. To the south of the district is the complex intersection of Gratiot, Broadway and Randolph, known as Pingree Square.

(21) *Symmetric or Asymmetric Ap-*

pearance. While most building facades above the first story are symmetrical, the district as a whole is asymmetrical in appearance due to the differences in architectural treatments and diversity of building heights.

(22) *General Environmental Character.* The Broadway Avenue Local Historic District consists of an eclectic mix of commercial architecture built in the first quarter of the twentieth century. The district, consisting of two (2) non-contiguous portions, retains an intimate pedestrian scale due to the size of the buildings, street-level display windows and the newly created medians in the center of the street, where they exist. The Broadway Avenue Local Historic District is surrounded by existing historic districts and is an important component of the original Woodward Plan for downtown Detroit. Broadway Avenue provides a link between Grand Circus Park to the north and the Randolph Street Commercial District to the south. Adjacent to the east is Harmonie Park and to the West are Lower Woodward Avenue and the historic buildings on Library Street.

Section 2. All ordinances or parts of ordinances, or resolutions, in conflict herewith be the same are herewith repealed.

Section 3. This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

Section 4. If this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter; otherwise, it shall become effective in accordance with Section 4-115 of the 1997 Detroit City Charter.

Re: Neighborhood Enterprise Zone (NEZ) Certificate Application for 255 Winder in the Crosswinds Communities/Brush Park NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office an application from Crosswinds Communities, Inc. for Neighborhood Enterprise Zone (NEZ) certificate for 255 Winder, within the Crosswinds Communities/Brush Park NEZ. The Crosswinds Communities/Brush Park NEZ was approved by City Council on July 17, 1996. The developer is proposing to rehabilitate a single-family home and construct a new garage.

The subject property is confirmed as being within the boundaries of the NEZ and should be eligible for a NEZ certificate under State Act 147 of 1992 as currently written.

The City Planning Commission staff, therefore, recommends approval of the requested certificate in the Crosswinds Communities/Brush Park NEZ.

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for 21 properties in the Crosswinds Communities/Brush Park NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office 21 applications from Crosswinds Communities Inc. for Neighborhood Enterprise Zone (NEZ) certificates within the Crosswinds Communities/Brush Park NEZ. Your Honorable Body approved the Crosswinds Communities/Brush Park NEZ designation on July 17, 1996.

Certificates are being requested for the following addresses on Winder Street: 21, 25, 29, 33, 37, 41, 45, 55, 57, 59, 61, 63, 65, 67, 69, 71, 73, 75, 77, 79, and 81.

The properties involved are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. The developer has applied for the certificates, prior to the issuance of building permits, on behalf of future owners who will occupy the property. It is appropriate for the developer to apply for certificates at this time even if buyers have not yet been identified. The State Tax Commission, however, will not issue a certificate until an owner is identified. When an owner is identified, he or she can then apply for the certificate. At that time, it would not be necessary for City Council to pass another resolution.

The petitioner proposes to construct 21 attached condominiums on these lots. They will need to submit to the State Tax Commission a list of the parcels that are to receive the certificates with a map showing the parcels.

The City Planning Commission staff recommends approval of the requested certificates in the Crosswinds Communities/Brush Park NEZ. Please contact Mr. Gregory Moots of my staff at 224-2110 with any questions.

**City of Detroit
Downtown Development Authority**

June 10, 2005

Honorable City Council:

Re: Downtown Development Authority FY 2005-2006 Budget.

Pursuant to Article 28, Act 197, as amended, we have prepared the attached FY 2005-2006 Downtown Development Authority's General Fund Budget. This budget is submitted to your Honorable Body for review and approval, prior to its adoption by the Authority.

The amount of funds available from the one mill tax for FY 2005-2006 has been estimated at \$810,000, net of collection delinquencies and reserves for tax settlements, reflecting no change from the actual receipts for Fiscal Year 2004-2005. Transfer from the DDA's Tax Increment Fund of an amount of \$500,000 will remain level at the 2004-2005 allocation. The FY 2005-2006 budget reflects revenues of \$200,000 to be generated from the parking operations, representing a substantial decrease from FY 2004-2005 attributable to the interruption of operations of the Kennedy Garage during construction of the office building above it. Transfer for the Lower Woodward Initiative administration of \$500,000 will remain level at the 2004-2005 allocation. Transfer from Fund Balance has been estimated at \$340,000, which is needed to offset the anticipated shortfall in revenue for FY 2005-2006. This amount represents an increase from FY 2004-2005 of \$255,000, contributable to the decreased revenues from parking operations.

On the appropriations side, contractual services of \$1,520,000, reflecting a \$100,000 increase from last year attributable to increased project activity in the Lower Woodward Initiative Project. The budgeted amount of \$365,000 for professional services and fees, inclusive of a \$10,000 expense for Computer Support, reflects a \$10,000 increase from the 2004-2005 Fiscal Year primarily due to an increase in anticipated insurance expenses. The FY 2005-2006 budgeted expenses of \$50,000 related to parking operations shows a substantial decrease of \$300,000 from last year's expenses as parking operations declined with the temporary closing of the Kennedy Garage. Finally, \$500,000 of allocated funds for Special Projects and Contingencies for FY 2005-2006 indicates no increase from last year.

We respectfully request City Council's approval of the attached budget at its June 15, 2005 formal meeting. A waiver of reconsideration is requested.

Should any member of the Council have any questions, please contact me at 237-4638.

RESOLUTION TO URGE FUNDING FOR SMOKING CESSATION PROGRAM

By COUNCIL MEMBER WATSON:

WHEREAS, The United States filed a lawsuit in the U.S. District Court for the District of Columbia against America's six largest tobacco companies on September 22, 1999 (*United States of America vs. Phillip Morris Inc., et al.*); and

WHEREAS, This was a landmark civil racketeering trial wherein the government contended that the tobacco industry engaged in a 50-year conspiracy to defraud the public about the dangers and powerful addictive qualities of tobacco and nicotine; and

WHEREAS, The Justice Department's expert witness testified that a \$130 billion penalty against the tobacco industry was needed for the purpose of smoking cessation programs for 45 million addicted smokers prevention programs to end the cycle of tobacco addiction; and

WHEREAS, On the final day of trial in June, 2005, the Justice Department asked for \$10 billion which is to be spent over a five year period and used only for future smokers who may become addicted in the first year after the trial concludes; and

WHEREAS, The Justice Department's penalty request will fail to address the actual needs of those harmed by the tobacco industry and falls far short of the government's expert witness testimony concerning the scope of a significant smoking cessation program; and

WHEREAS, The Justice Department's request would make it very difficult to determine who and how many future smokers would be eligible for the proposed reduced smoking cessation program; and

WHEREAS, A program of such limited scope and duration will fail to address the needs of the very people harmed by the tobacco industry; and

WHEREAS, When assessing any penalties, the court is not bound by the recommendation from the Justice Department; and

WHEREAS, The after-effects of smoking are a burden that will be born by smokers and non-smokers alike in the form of higher medical costs and lost productivity;

NOW THEREFORE BE IT RESOLVED THAT WE, THE MEMBERS OF THE DETROIT CITY COUNCIL, do hereby urge the Honorable U.S. District Court Judge Gladys Kessler to enter a ruling with penalties sufficient to fund a smoking cessation program commensurate with the needs of the approximately 45 million tobacco addicted smokers who have been harmed by the tobacco industry; and

BE IT ALSO RESOLVED, That the Detroit City Council urges the City's Washington lobbyist, Ms. Anita Estell of Van Scoyoc Associates, to present a copy of this resolution to U.S. Congressional leaders, including the Michigan delegation, and to seek their support in this effort; and

BE IT FINALLY RESOLVED, That this resolution be forwarded to Michigan Governor Jennifer Granholm for her assistance and support.

Finance Department

May 20, 2005

Honorable City Council:

Re: Request to adopt the Resolution authorizing an Installment Purchase under the existing GE Capital Master Lease Agreement dated February 27, 1998 between the City of Detroit and GE Capital.

We are prepared to proceed with financing the acquisition and installation of new computer equipment. The financing will allow the City to raise approximately \$26 million for costs related to Oracle-based Human Resources Payroll Module to replace a payroll system that's over 25 years old and \$9 million for the Sysys Network/Mainframe equipment upgrade. While various financing alternatives were considered, we have determined that the most cost-effective option for financing the equipment is through GE Capital Corporation.

The attached Resolution will authorize the City to execute Equipment Schedule No. 027 under the existing Master Lease Agreement dated February 27, 1998 between the City and GE Capital.

Adoption is respectfully requested with waiver of reconsideration at your next scheduled formal session.

Respectfully submitted,

Re: Uriah Fluckes vs. Anthony Johnson and Antonio Carlisi. Case No.: 04

416805 NO. File No.: A37000.004898 (PGR).

On June 21, 2005, a case evaluation panel evaluated the above-captioned lawsuit and awarded Nine Thousand Five Hundred Dollars (\$9,500.00) in favor of Plaintiff. The parties have until July 19, 2005, to either accept or reject the case evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the case evaluation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Nine Thousand Five Hundred Dollars (\$9,500.00) payable to Jeffrey L. Honorable City Council:

Re: Establishment of the Du Charme Place Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the Du Charme Place

Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on June 20, 2005 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall the Du Charme Place, LLC proposes to invest \$13.5 million to construct 66 new residential dwellings. The units will be marketed from \$189,900 to \$249,000.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. We request that you approve the resolution at your next regular formal session.

Respectfully submitted,

HENRY B. HAGOOD

Director of Development Activities

By Council Member K. Cockrel, Jr.:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zones Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Du Charme Place NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by

a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Du Charme Place NEZ was conducted before the Detroit City Council on June 20, 2005, with notice of the public hearing having been given to

the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Du Charme Place NEZ where cited:

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Du Charme Place NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Honorable City Council:

Re: Amendment to Sales Resolution Development: Parcel 96; generally bounded by E. Forest, McClellan, Mack & Iroquois.

On June 10, 2005, (Detroit Legal News, Page 11), your Honorable Body authorized the sale of the above-captioned property to East Village Limited Dividend Housing Association Limited Partnership, a Michigan Limited Dividend Housing Association Limited Partnership, to construct approximately fifty (50) two-story three (3) and four (4) bedroom single-family homes with garages on scattered sites.

It has come to our attention that the name of the legal entity and the legal description were issued in error. Accordingly, the sale to East Village Limited Dividend Housing Association Limited Partnership, a Michigan Limited Dividend Housing Association Limited Partnership has been amended to show East Village Limited Dividend Housing Association Limited Partnership, a Michigan Limited Partnership, as the buyer. This developer possesses the qualifications and has indicated potential financial resources necessary to acquire and develop the land in accordance with the Development Plan.

We, therefore, request that your

Honorable Body adopt the attached resolution authorizing an amendment to the sales resolution to reflect a correction of the legal description and the name of the purchaser from East Village Limited Dividend Housing Association Limited Partnership, a Michigan Limited Dividend Housing Association Limited Partnership to East Village Limited Dividend Housing Association Limited Partnership, a Michigan Limited Partnership.

Honorable City Council:

Re: Establishment of the Morgan Waterfront Estates Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the Morgan Waterfront Estates Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on June 20, 2005 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall the Morgan Development, LLC proposes to invest \$75 million to construct 333 new residential dwellings. The units will be marketed from \$185,000 to \$1.5 million.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. We request that you approve the resolution at your next regular formal session.

Respectfully submitted,

HENRY B. HAGOOD

Director of Development Activities

By Council Member K. Cockrel, Jr.:

Whereas, Michigan's Public Act 147 of

1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Morgan Waterfront Estate NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Morgan Waterfront Estates NEZ was conducted before the Detroit City Council on June 20, 2005, with notice of the public hearing having

been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Morgan Waterfront Estates NEZ where cited:

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Morgan Waterfront Estates NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Finance Department

May 20, 2005

Honorable City Council:

Re: Request to adopt the Resolution authorizing an Installment Purchase under the existing GE Capital Master Lease Agreement dated February 27, 1998 between the City of Detroit and GE Capital.

We are prepared to proceed with financing the acquisition and installation of new computer equipment. The financing will allow the City to raise approximately \$26 million for costs related to Oracle-based Human Resources Payroll Module to replace a payroll system that over 25 years old and \$9 million for Unisys Network/Mainframe equipment upgrade. While various financing alternatives were considered, we have determined that the most cost-effective option for financing the equipment is through GE Capital Corporation.

The attached Resolution will authorize the City to execute Equipment Schedule No. 027 under the existing Master Lease Agreement dated February 27, 1998 between the City and GE Capital.

Adoption is respectfully requested with waiver of reconsideration at your next scheduled formal session.

Respectfully submitted,
SEAN WERDLOW
Chief Financial Officer

INSTALLMENT CONTRACT FOR THE
ACQUISITION OF COMPUTER
HARDWARE AND SOFTWARE**

By Council Member S. Cockrel:

Whereas, The City of Detroit (the "City")

has entered into agreements with Compuware and Unisys Corporation (the "Agreements"), providing for the acquisition and installation of computer hardware and software to be located in the offices of the Human Resources and Information Technology departments at various locations within the city (the "Property"); and

Whereas, It is anticipated that the City will advance a portion of the costs of the Human Resources and/or Information Technology projects prior to the issuance of an installment purchase contract (the "Lease"), such advances to be repaid from the proceeds of upon the issuance thereof; and

Whereas, Section 1.150-2 of the Treasury Regulations on Income Tax (the "Reimbursement Regulations") specifies conditions under which a reimbursement allocation may be treated as an expenditure of the proceeds of tax-exempt obligations, and the City intends by this resolution to qualify amounts advanced by the City to either the Human Resources and/or Information Technology projects for reimbursement from proceeds of the Lease in accordance with the requirements of the Reimbursement Regulations; and

Whereas, It is determined to be necessary and desirable and in the best interest of the City that the acquisition and installation of the Property be financed by an installment contract authorized under the provisions of Act No. 99, Public Acts of Michigan, 1933 as amended, and more specifically by the acquisition and installation of the Property pursuant to an installment contract identified as a Master Lease Agreement, dated as of February 27, 1998, between the City and GE Capital Public Finance, Inc. (the "Lessor"), and Equipment Schedule No. 027 to be attached thereto relating to the property, in the aggregate principal amount not to exceed \$35,000,000 (the "Schedule" and together with the Lease, collectively the "Contract"); and

Whereas, The aggregate outstanding balance, exclusive of interest, of all purchases made by the City pursuant to Act 99, including the Contract, does not exceed 1-1/4% of the taxable value of the real and personal property of the City.

Now, Therefore, Be It Resolved That:

1. It is hereby found to be necessary and desirable for the City to finance the cost of the acquisition and installation of the Property in the aggregate principal amount not to exceed \$35,000,000 pursuant to the terms and conditions of the Contract.

2. The City hereby declares its official intent to issue the Lease to finance all or a part of the costs of the Human Resources and Information Technology Projects, and hereby declares that it reasonably expects to reimburse the City's

advances to the Human Resources and Information Technology Projects as anticipated by this resolution.

3. (a) The Lease is hereby ratified and confirmed. The Schedule shall be dated the date of delivery thereof. The interest rate on the interest portion of the rental payments to be made by the City under the Contract shall not exceed 5.50% per annum as shall be determined by the Finance Director at the time of the execution and delivery thereof. The Contract shall be payable in rental payments, consisting of both a principal portion and an interest portion, on such dates and in such years and amounts as shall be determined by the Finance Director and set forth in the Schedule at the time of the execution and delivery thereof; shall be in the aggregate principal amount not to exceed \$35,000,000 as shall be determined by the Finance Director and set forth in the Schedule at the time of the execution and delivery thereof; and may be prepaid on such dates and in such years and upon the payment of a prepayment fee, if any, as shall be determined by the Finance Director and set forth in the Schedule at the time of the execution and delivery thereof. Notice of any such prepayment shall be given as provided in the Contract.

(b) In making the determinations set forth in (a) above, the Finance Director shall be limited as follows:

The Schedule shall be executed with the facsimile signature of the Mayor and the manual signature of the Finance Director and shall have the seal of the City impressed or imprinted thereon. The approval of such changes by the Finance Director shall be conclusively evidenced by his signature on the Schedule. The Schedule may be executed in counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

3. Except as provided in Section 4.2 of the Lease, the obligation of the City to make rental payments to the Lessor as provided in the Contract shall be absolute and unconditional in all events; provided, however, nothing contained herein or in the Contract shall limit the rights or remedies of the City under the Agreement.

4. The City covenants to comply with all provisions of the Internal Revenue Code of 1986, as amended (the "Code"), necessary to maintain the exclusion of the interest portion of the rental payments due on the Contract from gross income for federal income tax purpose.

5. The Mayor, the City Clerk, the Finance Director and other officers of the City as may be necessary are each hereby authorized to execute and deliver such documents, instruments and certificates as are necessary or desirable to consummate the described transaction and to maintain the exclusion of the interest portion of the rental payments due on the Contract from gross income for federal income tax purposes.

Honorable City Council:

Re: Resolution authorizing the issuance and sale of not to exceed \$254,000,000 General Obligation Bonds (Unlimited Tax) and General Obligation Refunding Bonds (Unlimited Tax), Series 2005.

The attached Resolution authorizes the issuance and sale of the subject Bonds for the purpose of providing approximately \$54 million in new money to pay the costs associated with certain public capital improvement projects, as delineated in the 2005-06 budgets. This resolution replaces an earlier version submitted to your Honorable Body and reflects additional financing for the Paradise Valley Park. Additionally because of a continued decline in interest rates, up to \$200 million of previously issued Bonds may be refinanced, thereby producing interest savings. The actual amount of Bonds issued will likely be reduced, depending on which Bonds may be economically refunded at the time of the actual sale.

It is anticipated that the sale will occur late July. The attached Resolution has been prepared by Bond Counsel and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session.

Respectfully submitted,

The Bonds shall be dated and issued in such denominations all as determined by the Finance Director and confirmed by the Finance Director in the Sale Order.

(b) The Bonds shall mature on such dates and shall bear interest at such rates on a fixed and/or variable and tax-exempt or taxable basis not exceeding the Maximum Interest Rate, payable on such dates as shall be determined by the Finance Director and confirmed by the Finance Director in the Sale Order. Unless otherwise provided by the Finance Director in the Sale Order, interest on the Bonds shall be calculated on the basis of a 360 day year consisting of twelve, 30 day months. Notwithstanding the foregoing, the Finance Director is authorized to determine and confirm in the Sale Order whether all or any portion of the Bonds shall be issuable as capital appreciation bonds.

(c) Unless otherwise provided by the Finance Director in the Sale Order, interest on the Bonds shall be payable on the first day of each April and October (such first day of April or October or such other day or days of any month or months as the Finance Director shall determine in the Sale Order on which interest shall be scheduled to be paid on Bonds, an "Interest Payment Date"), commencing on October 1, 2005 or such other Interest Payment Date or dates as shall be determined by the Finance Director in the Sale Order.

(d) The Bonds shall be payable, as to principal and interest, in lawful money of the United States of America. Except as may be otherwise determined by the Finance Director in the Sale Order, interest on Bonds shall be payable to the Registered Owner as of the 15th day of the month, whether or not a Business Day (a "Regular Record Date"), prior to each Interest Payment Date. Interest on Bonds shall be payable to such Registered Owners by check or draft drawn on the Paying Agent on each Interest Payment Date and mailed by first class mail or, upon the written request of the Owner of \$1,000,000 or more in aggregate principal amount of Bonds (with complete wiring instructions no later than the Regular Record Date for such Interest Payment Date), by wire transfer by the Paying

Agent to such Owner. Such a request may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked at any time prior to a Regular Record Date by subsequent written notice to the Paying Agent.

(e) Interest on Bonds not punctually paid or duly provided for on an Interest Payment Date shall forthwith cease to be payable to the Registered Owners on the Regular Record Date established for such Interest Payment Date, and may be paid to the Registered Owners as of the close of business on a date fixed by the Paying Agent (a "Special Record Date") with respect to the payment of such defaulted interest to be fixed by the Paying Agent, or may be paid at any time in any other lawful manner. The Paying Agent shall give notice to the Registered Owners at least seven days before any such Special Record Date.

(f) The principal of the Bonds shall be payable to the Owners of the Bonds upon the presentation of the Bonds to the Paying Agent at the principal corporate trust office of the Paying Agent.

(g) The Bonds shall be subject to redemption and/or tender for purchase prior to maturity or shall not be subject thereto, upon such terms and conditions as shall be determined by the Finance Director and confirmed in the Sale Order, provided that any premium payable in connection with the optional redemption of the Bonds shall not exceed 3%.

Unless waived by any registered owner of Bonds to be redeemed, official notice of redemption shall be given by the Bond Registrar and Paying Agent on behalf of the City. Such notice shall be dated and shall contain at a minimum the following information: original issue date; maturity dates; interest rates, CUSIP numbers, if any; certificate numbers, and in the case of partial redemption, the called amounts of each certificate; the redemption date; the redemption price or premium; the place where Bonds called for redemption are to be surrendered for payment; and that interest on Bonds or portions thereof called for redemption shall cease to accrue from and after the redemption date.

In addition, further notice shall be given by the Bond Registrar and Paying Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

(h) In making the determinations set forth in this Resolution with respect to the Sale Order for the issuance and sale of the Bonds, the Finance Director shall be limited to the parameters as follows:

(1) The first maturity date or mandatory sinking fund redemption date for the Bonds shall not be later than five (5) years from the date of issuance (except for Bonds issued in more than one series, which shall have first maturity dates not later than five (5) years from the date of issuance as determined by the Finance Director at the time of sale thereof), and the final maturity dates for the Bonds shall not be later than the earlier of (i) the last year of the weighted average estimated period of usefulness of the improvements being financed or (ii) 30 years from their dated date.

(2) The compensation to be paid to the Underwriters of the Bonds shall not exceed 2% of the original principal amount of the related series of Bonds.

(3) Unless the Finance Director determines to issue all or a part of the Bonds as capital appreciation bonds, the amount of any original issue discount with respect to the Bonds shall not exceed 10% of the original principal amount of the related series of Bonds.

(4) To the extent permitted by applicable law, each series of the Bonds may be sold with an original issue premium in an amount as determined by the Finance Director; provided that the aggregate principal amount of the Bonds plus the net original issue premium shall not exceed the Maximum Aggregate Principal Amount of Bonds authorized under this resolution.

(5) The net present value of the principal and interest to be paid on the Series 2005-C Bonds, including the cost of issuance, shall be less than the net present value of the principal and interest to be paid on the Refunded Bonds.

Section 303. Execution, Authentication and Delivery of Bonds. The Bonds shall be executed in the name of the City by the manual or facsimile signatures of the Mayor and the Finance Director and authenticated by the manual signature of the Finance Director or an authorized representative of the Bond Registrar and Paying Agent, as the case may be, and the seal of the City (or a facsimile thereof) shall be impressed or imprinted on the Bonds. After the Bonds have been executed and authenticated for delivery to the original purchaser thereof, they shall be delivered by the Finance Director to the purchasers thereof upon receipt of the purchase price. Additional Bonds bearing the manual or facsimile signatures of the Mayor and the Finance Director and upon which the seal of the City (or a facsimile thereof) is impressed or imprinted may be delivered to the Bond Registrar and Paying Agent for authentication and delivery in connection with the exchange or transfer of Bonds. The Bond Registrar and Paying Agent shall indicate on each Bond the date of its authentication.

Section 304. Authentication of the Bonds. (b) For every exchange or transfer of Bonds, the City or the Paying Agent may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and, except as otherwise provided in this Resolution, may charge a sum sufficient to pay the costs of preparing each new Bond issued

upon such exchange or transfer, which shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer.

(c) Neither the City nor the Paying Agent shall be required to exchange or transfer any Bond during the period commencing on a Regular Record Date and ending on the related Interest Payment Date.

Section 308. Registration. The City and the Paying Agent may treat and consider the Bondowner of any Bond as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal (and premium, if any) thereof and interest thereon and for all other purposes whatsoever, and all such payments so made to such Bondowner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

Section 309. Mutilated, Destroyed, Stolen or Lost Bonds. (a) Subject to the provisions of Act 354, Public Acts of Michigan, 1972, as amended and any other applicable law, if (i) any mutilated Bond is surrendered to the Paying Agent or the City and the Paying Agent and the City receive evidence to their satisfaction of the destruction, loss or theft of any Bond and (ii) there is delivered to the City and the Paying Agent such security or indemnity as may be required by them to save each of them harmless, then, in the absence of notice to the City or the Paying Agent that such Bond has been acquired by a bona fide purchaser, the City shall execute and the Paying Agent shall authenticate and deliver in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Bond, a new Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding.

(b) If any such mutilated, destroyed, lost or stolen Bond has become or is about to become due and payable, the City in its discretion may, instead of issuing a new Bond, pay such Bond.

(c) Any new Bond issued pursuant to this Section in substitution for a Bond alleged to be mutilated, destroyed, stolen or lost shall constitute an original additional contractual obligation on the part of the City, and shall be equally secured by and entitled to equal proportionate benefits with all other Bonds issued under this Resolution.

Section 310. Book-Entry Only System Permitted. (a) If determined by the Finance Director in the Sale Order, the Bonds shall be issued to a securities depository selected by the Finance Director (the "Security Depository") to be held pursuant to the book-entry-only system maintained by the Security Depository and registered in the name of the Security Depository or its nominee. Ownership interests in Bonds held under such book-entry-only system shall be

determined pursuant to the procedures of the Security Depository and Article 8 of the applicable Uniform Commercial Code (such persons having such interests, "Beneficial Owners").

(b) If (i) the City and the Paying Agent receive written notice from the Security Depository to the effect that the Security Depository is unable or unwilling to discharge its responsibilities with respect to the Bonds under the book-entry-only system maintained by it or (ii) the Finance Director determines that it is in the best interests of the Beneficial Owners that they be able to obtain Bonds in certificated form, then the City may so notify the Security Depository and the Paying Agent, and, in either event, the City and the Paying Agent shall take appropriate steps to provide the Beneficial Owners with Bonds in certificated form to evidence their respective ownership interests in the Bonds. Whenever the Security Depository requests the City and the Paying Agent to do so, the Finance Director on behalf of the City and the Paying Agent will cooperate with the Security Depository in taking appropriate action after reasonable notice to make available Bonds registered in whatever name or names the Beneficial Owners transferring or exchanging Bonds shall designate.

(c) Notwithstanding any other provision of this Resolution or the Sale Order to the contrary, so long as the Bonds are held pursuant to the book-entry-only system maintained by the Security Depository.

(i) all payments with respect to the principal and interest on such Bonds and all notices with respect to such Bonds shall be made and given, respectively, to the Security Depository as provided in the representation letter from the City and the Paying Agent to the Security Depository with respect to such Bonds; and

(ii) all payments with respect to principal of the Bonds and interest on the Bonds shall be made in such manner as shall be prescribed by the Security Depository.

ARTICLE IV SPECIAL COVENANTS

Section 401. Tax Exemption Covenant. The City covenants that it will not take any action, or fail to take any action required to be taken, if taking such action or failing to take such action would adversely affect the general exclusion from gross income of interest on the Bonds (determined by the Finance Director to be issued on a tax-exempt basis), from federal income taxation under the Code.

Section 402. Arbitrage Covenant. (a) The City will not directly or indirectly (1) use or permit the use of any proceeds of the Bonds (determined by the Finance Director to be issued on a tax-exempt

basis) or other funds of the City or (2) take or omit to take any action required by Section 148(a) of the Code in order to maintain the exclusion from gross income of the interest on the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) for federal income tax purposes. To that end, the City will comply with all requirements of Section 148 of the Code to the extent applicable to the Bonds and the requirements set forth in the Non-Arbitrage and Tax Compliance Certificate of the City.

(b) Without limiting the generality of subsection (a), above, the City agrees that there shall be paid by the City from time to time all amounts, if any, required to be rebated to the United States pursuant to Section 148(f) of the Code. This covenant shall survive payment in full or defeasance of the Bonds.

(c) Notwithstanding any provision of this Section, if the City obtains an opinion of Bond Counsel to the effect that any action required under this Section is no longer required, or that some further action is required, to maintain the exclusion from gross income of the interest of the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) for federal income tax purposes pursuant to Section 103 of the Code, the City may conclusively rely on such opinion in complying with the provisions hereof.

**ARTICLE V
FUNDS AND ACCOUNTS;
DISPOSITION OF BOND PROCEEDS**

Section 501. Establishment of Accounts and Funds. The City hereby establishes and creates the following special, separate and segregated accounts and funds which shall be held for and on behalf of the City by a bank or banks or other financial institution which the Finance Director or Treasurer of the City designates as depository of the City:

- A. Debt Retirement Fund;
- B. Bond Issuance Fund;
- C. Construction Fund; and
- D. Escrow Fund.

The Finance Director is hereby authorized to establish such accounts, sub-accounts or funds as shall be required for the Bonds, if any, to accommodate the requirements of such series of Bonds, including, but not limited to, such accounts, subaccounts or funds necessary to facilitate the allocation and use of bond proceeds to finance the Projects or the purchase and payment of variable rate bonds.

Section 502. Debt Retirement Fund. From the proceeds of the sale of the Bonds there shall be set aside in the Debt Retirement Fund the accrued interest, capitalized interest and premium, if any, received from the purchasers of the Bonds at the time of delivery of the

Bonds. General funds of the City, proceeds of all taxes levied pursuant to Section 301 hereof and any amounts transferred from the Construction Fund under Section 505 hereof shall be used to pay the principal of and interest on the Bonds when due. The foregoing amounts shall be placed in the Debt Retirement Fund and held in trust by the Paying Agent, and so long as the principal of or interest on the Bonds shall remain unpaid, no moneys shall be withdrawn from the Debt Retirement Fund except to pay such principal and interest. Any amounts remaining in the Debt Retirement Fund after payment in full of the Bonds and the fees and expenses of the Paying Agent shall be retained by the City to be used for any lawful purpose.

Section 503. Bond Issuance Fund. From the proceeds of the Bonds there shall be set aside in the Bond Issuance Fund a sum sufficient to pay the costs of issuance of the Bonds. Moneys in the Bond Issuance Fund shall be used solely to pay expenses of issuance of the related series Bonds. Any amounts remaining in the Bond Issuance Fund after payment of issuance expenses shall be transferred to the Construction Fund.

Section 504. Escrow Fund. After making the deposits required by Sections 502 and 503, there shall be deposited from the remainder of the proceeds of the sale of the Series 2005-C Bonds and any moneys transferred by the City at the time of delivery of the Series 2005-C Bonds from the debt retirement fund for the Refunded Bonds, into the Escrow Fund (which shall be maintained in cash or invested in direct obligations of or obligations guaranteed by the United States of America, not redeemable at the option of the issuer), an amount, as hereinafter described, sufficient to pay the principal of and interest on the Refunded Bonds as they become due and, except as otherwise herein provided, shall be used only for such purposes. The Escrow Fund shall be irrevocably held by U.S. Bank National Association, Detroit, Michigan as escrow trustee (the "Escrow Trustee") in trust pursuant to an escrow deposit agreement between the City and the Escrow Trustee (the "Escrow Agreement"), which Escrow Agreement shall irrevocably direct the Escrow Trustee to take all necessary steps to pay the principal of and interest on the Refunded Bonds when due and to call for redemption the Refunded Bonds in whole or in part, as and when specified in the Escrow Agreement. The amounts, including the investments thereof, held in the Escrow Fund shall be such that the cash and investments and income received thereon will be sufficient, without any reinvestment, to pay the principal of and interest on the Refunded Bonds when due at maturity or by redemption as

required by this Section. Any balance remaining in the Escrow Fund after payment in full of principal and interest on the Refunded Bonds shall be applied as provided in the Escrow Agreement.

The Escrow Trustee means and includes any company into which the Escrow Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Escrow Trustee may sell or transfer all or substantially all of its corporate trust business, provided such company shall be a trust company or bank which is qualified to be a successor to the Escrow Trustee as determined by the Finance Director, shall be authorized by law to perform all the duties imposed upon it by this Resolution, shall be the successor to the Escrow Trustee without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding.

The Council hereby authorizes the Finance Director to approve the form of and to execute the Escrow Agreement with the Escrow Trustee for and on behalf of the City.

Section 505. Construction Fund. (a) After making the deposits required by Sections 502 and 503 the remainder of the proceeds of the sale of the Series 2005-B Bonds shall be deposited in the Construction Fund. Except for investment pending disbursement and as hereinafter provided, moneys in the Construction Fund shall be used by the City solely and only to pay the costs of the Projects as such costs become due and payable and, if necessary, to rebate arbitrage earnings, if any, to the United States Department of Treasury as required by the Code.

(b) The Finance Director is hereby authorized and directed to expend money from the Construction Fund for costs of the Projects, including reimbursement to the City for moneys previously expended in anticipation of issuance of the Series 2005-B Bonds, to the extent reimbursement for such Project expenditures has been properly induced by resolution of the City Council in accordance with the Code, if required, except for such Series 2005-B Bonds not issued on a tax-exempt basis.

(c) Gross proceeds or disposition proceeds, as defined in the regulations under Code Sections 141 and 148, respectively, resulting from any sale of any portion of the Projects shall be deposited in separate accounts established in the Construction Fund and used in the discretion of the Finance Director to pay additional costs of the Projects or transferred to the Debt Retirement Fund and used to pay the principal of or interest on the Bonds. The Finance Director shall

assure that such gross proceeds or disposition proceeds are invested and expended in accordance with the requirements specified in Section 506 hereof and in the Non-Arbitrage and Tax Compliance Certificate.

(d) Upon payment of all costs of the Projects, any balance in the Construction Fund shall be transferred to the Debt Retirement Fund or used in any other manner which in the opinion of nationally recognized bond counsel is permitted by law and which will not cause the interest on the Bonds (issued on a tax exempt basis) to become includible in gross income for federal income tax purposes.

Section 506. Investment of Monies in the Funds and Accounts. (a) The Finance Director shall direct the investment of monies on deposit in the Funds and Accounts established hereunder, and the Paying Agent, upon written direction or upon oral direction promptly confirmed in writing by the Finance Director, shall use its best efforts to invest monies on deposit in the Funds and Accounts in accordance with such direction.

(b) Monies on deposit in the Funds and Accounts may be invested in such investments and to the extent permitted by applicable law.

ARTICLE VI

THE PAYING AGENT

Section 601. Paying Agent. The Paying Agent for the Bonds shall act as bond registrar, transfer agent and paying agent for the Bonds and shall be initially U.S. Bank National Association, Detroit, Michigan, or such other bank or trust company located in the State which is qualified to act in such capacity under the laws of the United States of America or the State. The Paying Agent means and includes any company into which the Paying Agent may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be party or any company to which the Paying Agent may sell or transfer all or substantially all of its corporate trust business, provided, that such company shall be a trust company or bank which is qualified to be a successor to the Paying Agent as determined by the Finance Director, shall be authorized by law to perform all the duties imposed upon it by this Resolution, and shall be the successor to the Paying Agent without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding. The Finance Director is authorized to enter into an agreement with such a bank or trust company, and from time to time as required, may designate a similarly qualified successor Paying Agent and enter into an agreement therewith for such services.

**ARTICLE VII
SUPPLEMENTAL RESOLUTIONS**

Section 701. Supplemental Resolutions Not Requiring Consent of Holders of the Bonds. The City may without the consent of any Bondowner adopt resolutions supplemental to this Resolution for any one or more of the following purposes:

(i) to confirm or further assure the security hereof or to grant or pledge to the holders of the Bonds any additional security;

(ii) to add additional covenants and agreements of the City for the purposes of further securing the payment of the Bonds;

(iii) to cure any ambiguity or formal defect or omission in this Resolution;

(iv) to amend provisions in the Resolution relating to rebate to the United States Government or otherwise, which in the opinion of Bond Counsel are required in order to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes; and

(v) such other action not materially, adversely and directly affecting the security of the Bonds;

provided that (A) no supplemental resolution amending or modifying the rights or obligations of the Paying Agent shall become effective without the consent of the Paying Agent and (B) the effectiveness of any supplemental resolution is subject to Section 702 to the extent applicable.

Section 702. Opinion and Filing Under Act 34. Before any supplemental resolution under this Article shall become effective, a copy thereof shall be filed with the Paying Agent and as provided in Act 34, if applicable, together with an opinion of Bond Counsel that such supplemental resolution is authorized or permitted by this Article; provided that, Bond Counsel in rendering any such opinion shall be entitled to rely upon certificates of the Finance Director or other City official, and opinions or reports of consultants, experts and other professionals retained by the City to advise it, with respect to the presence or absence of facts relative to such opinion and the consequences of such facts.

**ARTICLE VIII
DEFEASANCE**

Section 801. Defeasance. Bonds shall be deemed to be paid in full upon the deposit in trust of cash or direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America, or any combination thereof, not redeemable at the option of the issuer thereof, the principal and interest payments upon which, without reinvestment thereof, will come due at such times and in such amounts, as to be fully sufficient to pay when due, the principal of such Bonds and interest to accrue thereon, as

confirmed by a verification report prepared by an independent certified public accountant; provided, that if any of such Bonds are to be called for redemption prior to maturity, irrevocable instructions to call such Bonds for redemption shall be given to the Paying Agent. Such cash and securities representing such obligations shall be deposited with a bank or trust company and held for the exclusive benefit of the Owners of such Bonds. After such deposit, such Bonds shall no longer be entitled to the benefits of this Resolution (except for any rights of transfer or exchange of Bonds as therein or herein provided for) and shall be payable solely from the funds deposited for such purpose and investment earnings, if any, thereon, and the lien of this Resolution for the benefit of such Bonds shall be discharged.

**ARTICLE IX
REIMBURSEMENT PROVISIONS**

Section 901. Advancement of Costs of the Projects. At the direction of the Finance Director, the City may advance certain costs of the Projects from the City's general fund prior to the issuance of the Series 2005-B Bonds. The City intends to reimburse itself for any costs of the Projects paid or incurred by the City prior to the issuance of the Series 2005-B Bonds with proceeds of the Series 2005-B Bonds. The Internal Revenue Service has issued Treasury Regulation Section 1.150-2 pursuant to the Code, governing proceeds of tax-exempt bonds used for reimbursement, pursuant to which the City must declare official intent to reimburse expenditures with bond proceeds as provided in Section 902 below. The reimbursement provisions in Section 902 are not intended to supersede the initial declarations made by the City Council in the Note Resolution with respect to the Forensic Laboratory Facility Project, but are included herein to clarify the total amount of costs subject to reimbursement with respect to the Series 2005-B Bonds.

Section 902. Reimbursement Declarations. The City makes the following declarations for the purpose of complying with the reimbursement rules of Treas. Reg. Section 1.150-2 pursuant to the Code:

(a) As of the date hereof, the City reasonably expects to be reimbursed for the expenditures described in (b) below with proceeds of the Series 2005-B Bonds, as debt to be incurred by the City.

(b) The expenditures described in this paragraph (b) are for the costs of acquiring, constructing and equipping the Projects, together with the sites therefor and all necessary appurtenances and attachments thereto which were or will be paid subsequent to sixty (60) days prior to the date of adoption hereof from the general funds of the City.

(c) The maximum principal amount of debt expected to be issued for the

Projects, including issuance costs, is \$54,000,000.

(d) A reimbursement allocation of the expenditures described in (b) above with the proceeds of the borrowing described herein will occur not later than 18 months after the later of (i) the date on which the expenditure is paid, or (ii) the date the Projects are placed in service or abandoned, but in no event more than three (3) years after the original expenditure is paid. A reimbursement allocation is an allocation in writing that evidences the City's use of the proceeds of the debt to be issued for the Projects to reimburse the City for a capital expenditure made pursuant to this Resolution.

(e) The expenditures described in (b) above are "capital expenditures" as defined in Treas. Reg. §1.150-1(b), *i.e.*, any costs of a type which are properly chargeable to a capital account (or would be so chargeable with a proper election or with the application of the definition of placed in service under Treas. Reg. §1.150-2(c)) under general Federal income tax principles (as determined at the time the expenditure is paid).

(f) No proceeds of the borrowing paid to the City in reimbursement pursuant to this Resolution will be used in a manner described in Treas. Reg. §1.150-2(h) with respect to abusive uses of such proceeds, including but not limited to using funds corresponding to the proceeds of the borrowing in a manner that results in the creation of replacement proceeds (within Treas. Reg. §1.148-1) within one year of the reimbursement allocation described in (d) above.

(g) Expenditures for the Projects to be reimbursed from the proceeds of the borrowing that are subject to the limitations set forth in this Resolution do not include (i) costs for the issuance of the debt, (ii) an amount not in excess of the lesser of \$100,000 or five percent (5%) of the proceeds of the borrowing, or (iii) preliminary expenditures not exceeding twenty percent (20%) of the issue price of the borrowing within the meaning of Treas. Reg. §1.150-2(f) (such preliminary expenditures include architectural, engineering, surveying, soil testing and similar costs incurred prior to construction of the Projects, but do not include land acquisition, site preparation, and similar costs incident to commencement of construction).

ARTICLE X OTHER PROVISIONS OF GENERAL APPLICATION

Section 1001. Credit Enhancement; Remarketing Agreement; and Interest Rate Exchange Agreements. (a) There is hereby authorized to be obtained municipal bond insurance or other credit enhancement or a combination thereof to secure the payment of all or part of the

Bonds, if, and provided that, it shall be determined by the Finance Director that such cost of such Municipal Bond Insurance Policy or other credit enhancement or a combination thereof is less than the interest rate savings therefrom or otherwise that it is in the best interest of the City. Such municipal bond insurance or other credit enhancement providers may be afforded certain rights and remedies to direct the proceeding with respect to the enforcement of payment of the Bonds as shall be provided in the documents relating thereto. In the event a commitment for a Municipal Bond Insurance Policy is obtained or a commitment for other credit enhancement is obtained, the Finance Director is hereby authorized, to approve the terms, perform such acts and execute such instruments that shall be required, necessary or desirable to effectuate the terms of such commitment and the transactions described therein and in this Resolution and the Sale Order provided that such terms are not materially adverse to the City.

(b) In the event that any of the Bonds are issued bearing interest on a variable rate basis and are subject to tender for purchase from time to time by the holders thereof as determined in the Sale Order, the Finance Director is authorized in his discretion to enter into a Remarketing Agreement for tendered bonds with a qualified firm, chosen by the Finance Director, as remarketing agent. The Finance Director is also authorized to negotiate and enter into an auction agent agreement, broker-dealer agreement or such other agreements with such qualified firms chosen by the Finance Director as may be necessary to accomplish the sale and delivery of the Bonds as determined by the Finance Director within the parameters of this Resolution and confirmed in the Sale Order.

(c) For the purpose of more effectively managing the debt service with respect to all or any portion of the Bonds, of either series or the Other Outstanding Bonds, the Finance Director is authorized in his discretion and in accordance with the requirements of Act 34, to negotiate the terms of an Interest Rate Exchange Agreement with respect to such Bonds or the Other Outstanding Bonds with Interest Rate Exchange Agreement providers, all as determined by the Finance Director and confirmed by the Council by resolution.

(d) In connection with the execution of any of the agreements authorized by this Section, the Finance Director is authorized to include therein such covenants as shall be appropriate.

Section 1002. Approval of Other Documents and Actions; Treasury Approval. The Mayor, the Finance Director, the Treasurer and the City Clerk

are hereby authorized and directed on behalf of the City to take any and all other actions, perform any and all acts and execute any and all documents that shall be required, necessary or desirable to implement this Resolution.

The Finance Director is authorized to file applications with and to pay the related fees, if any, to the Michigan Department of Treasury at his discretion under Act 34 for an Order or Orders of Approval to issue all or a portion of the Bonds, and to enter into one or more Interest Rate Exchange Agreements, remarketing agreements, letters of credit and reimbursement agreements, and such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the Bonds, and as required by the Michigan Department of Treasury and Act 34. The Finance Director is authorized and directed to pay any post closing filing fees required by Act 34 to the Michigan Department of Treasury or other specified agency, as a cost of issuance or from other legally available funds.

Section 1003. Continuing Disclosure Undertaking. The City shall enter into a continuing disclosure undertaking pursuant to Rule 15c2-12 promulgated by the Securities and Exchange Commission (the "Rule") for the benefit of the holders and beneficial owners of the Bonds as to which the Rule is applicable, as more specifically set forth in Exhibit A hereto (the "Undertaking"); provided, however, that the terms of the Undertaking are subject to completion and modification prior to delivery of the Bonds by the Finance Director to such extent as the Finance Director shall deem necessary to comply with law or market requirements of the Underwriters. The Finance Director is authorized to execute and deliver the Undertaking after completion and modification as provided in this Resolution and the Sale Order.

Section 1004. Delegation of City to, and Authorization of Actions of the Mayor and the Finance Director. (a) Prior to the sale date for the Bonds, the Mayor and/or the Finance Director may cause the preparation and approve the form and distribution of a Preliminary Official Statement and an Official Statement and other offering materials to be used in conjunction with the sale or offering of the Bonds, and the Mayor or Finance Director shall deem the Preliminary Official Statement "final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission.

(b) The Finance Director is hereby authorized and directed to do and perform any and all acts and things with respect to the Bonds which are necessary and appropriate to carry into effect, consistent with this Resolution, the authorizations

therein and herein contained, including without limitation, the securing of ratings by bond rating agencies, if cost effective, the negotiation for and acquisition of bond insurance and/or other credit enhancement, if any, to further secure the Bonds or any portions thereof, the acquisition of an irrevocable surety bond to fulfill the City's obligation to fund any reserve account, the printing of the Bonds and the incurring and paying of reasonable fees, costs and expenses incidental to the foregoing and other costs of issuance of the Bonds including, by not limited to fees and expenses of bond counsel, financial advisors, accountants and others, from Bond proceeds or other available funds, for and on behalf of the City.

(c) Except as otherwise provided herein, all determinations and decisions of the Finance Director with respect to the issuance and sale of the Bonds or the negotiation, execution or delivery of Interest Rate Exchange Agreements as permitted or required by this Resolution shall be confirmed by this Finance Director in a Sale Order or Sale Orders, and such confirmations shall constitute determinations that any conditions precedent to such determinations and decisions of the Finance Director have been fulfilled.

Section 1005. Act 34 Approval of the Bonds. The Bonds shall neither be sold nor issued unless and only so long as the issuance of the Bonds as provided herein shall have been authorized and approved in accordance with the applicable provisions of Act 34.

Section 1006. Approving Legal Opinions with Respect to the Bonds. Sale of the Bonds shall be conditioned upon receiving, at the time of delivery, the approving opinion of Bond Counsel, approving legality of the Bonds and, with respect to Bonds determined by the Finance Director to be issued on a tax-exempt basis, the exclusion from gross income of the interest paid thereon from federal and State income taxation only.

Section 1007. Sale of Bonds/Good Faith Check. (a) Pursuant to Section 309(1) of Act 34 the Council determines to sell the Bonds at a negotiated sale. The Bonds shall be sold by negotiated sale to the Underwriters as represented by the Representative, all as determined by the Finance Director in the Bond Purchase Agreement, at prices and on terms and conditions provided in the Bond Purchase Agreement approved by the Finance Director within the parameters established hereby, and confirmed by this Finance Director in the Sale Order. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of Council based on recommendation of the Finance Director and the City's Financial Advisor that a negotiated sale

will allow the Bonds to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs for the City. Sale may be on a forward delivery basis if determined by the Finance Director to be beneficial to the City, on the terms and conditions contained in the Bond Purchase Agreement.

(b) Subject to the foregoing, the Bond Purchase Agreement shall be dated the date of the sale of the Bonds. The Finance Director is hereby authorized and directed to execute the Bond Purchase Agreement for and on behalf of the City.

(c) The Finance Director is authorized to determine whether to require a good faith check from the Underwriters or in lieu thereof or not whether to require the Underwriters to pay liquidated damages to the City for the failure (other than as permitted by the Bond Purchase Agreement) to accept delivery of and pay for the Bonds.

Section 1008. Delivery of Bonds. Subject to the approval of the Sale Order, the Finance Director is hereby authorized to deliver the Bonds to the Underwriters upon receiving the purchase price therefor in lawful money of the United States.

Section 1009. Escrow Deposit Agreement and Verification Agent. The Finance Director is hereby authorized and directed to negotiate with the Escrow Trustee the terms of the Escrow Agreement and, if necessary, to select and retain a verification agent to verify the mathematical sufficiency of the securities and cash amounts to be deposited in the Escrow Fund.

Section 1010. Official Statement. The Finance Director is hereby authorized to execute the Official Statement or other offering materials with respect to the Bonds in the form approved by him with such changes as the Finance Director may authorize. Such Official Statement or other offering materials to be used in conjunction with the sale or offering of the Bonds are hereby authorized to be printed and used by the Underwriters in connection with the sale of the Bonds to the public. Circulation of the Preliminary Official Statement, if any, or other preliminary offering materials by the Underwriters is hereby approved.

Section 1011. Appointment of Bond Counsel; Engagement of Other Parties. The appointment by the Finance Director of the law firm of Miller, Canfield, Paddock and Stone, P.L.C. of Detroit, Michigan, as Bond Counsel for the Bonds is hereby ratified and confirmed, notwithstanding the periodic representation by Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters of other parties and potential parties to the issuance of the

Bonds. The fees and expenses of Miller, Canfield, Paddock and Stone, P.L.C. as Bond Counsel and other accumulated bond related fees and expenses shall be payable as a cost of issuance from proceeds of the Bonds or other available funds in accordance with the letter of such firm on file with the Finance Director.

The Finance Director is authorized to engage other consultants, financial advisors, or other parties as he deems necessary and appropriate in connection with the sale, issuance and delivery of the Bonds and to pay the fees and expenses thereof from the proceeds of the Bonds or other available funds.

Section 1012. Preservation of Records. So long as any Bond remains Outstanding, all documents received by the Paying Agent under the provisions of this Resolution shall be retained in its possession and shall be subject at all reasonable times to the inspection of the City, and the Bondowners, and their agents and representatives, any of whom may make copies thereof.

Section 1013. Parties in Interest. Nothing in this Resolution, expressed or implied, is intended or shall be construed to confer upon, or to give to, any person or entity, other than the City, the Paying Agent and the Owners of the Bonds, any right, remedy or claim under or by reason of this Resolution or any covenant, condition or stipulation hereof, and all covenants, stipulations, promises and agreements in this Resolution contained by and on behalf of the City or Paying Agent shall be for the sole and exclusive benefit of the City, the Paying Agent and the Bondowners.

Section 1014. No Recourse Under Resolution. All covenants, agreements and obligations of the City contained in this Resolution shall be deemed to be the covenants, agreements and obligations of the City and not of any councilperson, member, officer or employee of the City in his or her individual capacity, and no recourse shall be had for the payment of the principal of or interest on the Bonds or for any claim based thereon or on this Resolution against any councilperson, member, officer or employee of the City or any person executing the Bonds in his or her official individual capacity.

Section 1015. Severability. If any one or more sections, clauses or provisions of this Resolution shall be determined by a court of competent jurisdiction to be invalid or ineffective for any reason, such determination shall in no way affect the validity and effectiveness of the remaining sections, clauses and provisions hereof.

Section 1016. Cover Page, Table of Contents and Article and Section Headings. The cover page, table of contents and Article and Section headings hereof are solely for convenience of refer-

ence and do not constitute a part of this Resolution, and none of them shall affect its meaning, construction or effect.

Section 1017. Conflict. All resolutions or parts of resolutions or other proceedings of the City in conflict herewith shall be and the same hereby are repealed insofar as such conflict exists. Except as otherwise modified or superseded hereby to provide for the financing of the Forensic Laboratory Facility with a portion of the proceeds or the Series 2005-B Bonds instead of the Bond Anticipation Notes, the provisions of the Note Resolution related to the acquisition, construction and equipping of the Forensic Laboratory Facility and the disbursement of funds therefor shall remain in full force and effect.

Section 1018. Governing Law and Jurisdiction. This Resolution shall be governed by and construed in accordance with the laws of the State.

Section 1019. Resolution and Sale Order are a Contract. The provisions of this Resolution and the Sale Order shall constitute a contract between the City, the Paying Agent, the Bond Insurer, if any, and the Bondowners.

Section 1020. Effective Date. This Resolution shall take effect immediately upon its adoption by the Council.

Section 1021. Notices. All notices and other communications hereunder shall be in writing and given by United States certified or registered mail, expedited courier overnight delivery service or by other means (including facsimile transmission) that provides a written record of such notice and its receipt. Budget Department

June 15, 2005

Honorable City Council:

Re: Resolution to amend the Official Compensation Schedule for FY2004-2005 and FY2005-2006.

In early February 2005, the Law Department submitted to this Honorable Body, a resolution to amend FY 2004-05 Official Compensation Schedule to reduce all minimum pay levels by ten percent (10%). This resolution, along with amendments to the Detroit City Code (Section 13-2-18), authorizes the Mayor and City Council to implement a ten percent (10%) reduction for all City employees not covered by a collective bargaining agreement. We believe the revision to the City Code was subsequently approved; however, no action was taken on the resolution. This action will allow the City to effectively implement the ten percent pay reduction, which is an integral part of the City's Deficit Elimination Plan.

In addition, on Friday, May 20, 2005 your Honorable Body received the 2005-06 White Book. Since distribution, questions have been raised concerning how the 10% salary reduction would affect the pension calculation of appointees and non-union employees on the administrative roster. While Ordinance 14-05 speaks for itself on this issue, the attached Preface in the 2005-06 White Book has been revised to clarify this point.

We respectfully submit the attached resolution for your Honorable Body's consideration to amend the FY 2004-05 Official Compensation Schedule and to officially adopt the 2005-06 White Book with the revised Preface.

Respectfully submitted,
ROGER SHORT
Budget Director

By Council Member S. Cockrel:

Whereas, The City of Detroit faces fiscal difficulties in the nature of a budget deficit, which must be addressed, in part, through pay reductions for City employees for the current fiscal year; and

Whereas, Wage and hourly concessions are being pursued through the collective bargaining process for unionized City employees; and

Whereas, Reductions in pay, pay rate, or hours to be worked or furlough days shall be required for all non-union City employees in order to accomplish the necessary budgetary savings during the current fiscal year; and

Whereas, Section 13-2-18, of the 1984 Detroit City Code, *Reduction in compensation; authorization and implementation*, will be amended to authorize the Mayor and the City Council to implement a ten percent (10%) reduction in pay for all City employees not covered by a collective bargaining agreement; and

Whereas, the 2004-05 Official Compensation Schedule is amended to reduce all minimum pay levels by ten percent (10%); and

Now, Therefore, Be it Resolved That the 2005-06 White Book is hereby adopted with the revised Preface.

City Planning Commission

June 28, 2005

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificates for 1001 Woodward Avenue (Recommend Approval).

The City Planning Commission staff has received applications for the above-captioned Neighborhood Enterprise Zone (NEZ) certificates. The Woodward/Michigan NEZ that includes the address stipulated above was approved by the City Council on September 15, 2004.

Certificates are being requested for seventy-two addresses within 1001 Woodward, Unit 1 through Unit 72. The properties are located within the NEZ boundaries and should be eligible for NEZ certificates as stipulated under State Public Act 147 of 1992 as currently written.

The property involved in the above-referenced NEZ certificate applications would be developed into seventy-two (72) for-sale residential condominiums. The size of the condominiums would range from 997 to 1668 square feet. The estimated pre-construction pricing averages \$356,630 per unit.

1001 Woodward Office LLC has applied for certificates prior to the issuance of building permits on behalf of future occupants. It should be noted, however, that the State Tax Commission would not issue certificates until owners are identified. Once owners are identified, they would apply for the certificates. At that juncture, the Council would have to take no further action on this matter.

Based on our review, the CPC staff recommends that the seventy-two (72) NEZ applications for 1001 Woodward, Units 1 through 72, be approved as submitted.

Honorable City Council:

Re: Resolution to Approve the 2005-2006 Official Compensation Schedule.

The Administration will be bringing the Official Compensation Schedule back to Council this morning with the request that Council approve it at today's formal session.

While we have not seen the revised "White Book", we were told by Labor Relations that only the preface was modified to reiterate what was already written in the 10% salary reduction ordinance authorized by City Council in April, 2005 — that pension calculations will not be affected by the 10% reduction. Pensions will continue to be calculated as if the employee was still receiving 100% of their regular salary.

We will review the White Book prior to Council's formal session today to ensure that this is the only change.

Attached is a resolution to authorize the White Book and it includes a few amendments that Council had discussed during budget deliberations, but then were not included in the closing budget resolutions because the White Book was pulled back by the Administration.

First, Council had asked that all non-union titles be reduced by 10% and the only one that has not as of yet is the Director of Water and Sewerage.

Second, Council had agreed that while the vehicle stipend should not be eliminated, the value of the stipend should no longer be included in the pension calculation.

Third, Council agreed that titles unique to departments or divisions that were not funded in the 2005-2006 Budget should be eliminated from the White Book. We believe we have captured those titles in the resolution.

Please advise us of any additional concerns.

Respectfully submitted,

Honorable City Council:

Re: Resolution Applauding the Leadership of the ACLU of Michigan.

Attached is the resolution requested by

Council Member JoAnn Watson applauding the leadership of the American Civil Liberties Union of Michigan relative to the "bicycling while black" case arising out of incidents in Eastpointe, Michigan.

Respectfully submitted,

DAVID WHITAKER

Interim Director

By Council Member Watson:

Whereas, The American Civil Liberties Union (ACLU) has been a staunch defender of the right to equal protection and equal treatment under the law — regardless of race, sex, religion or national origin; and

Whereas, The ACLU has grown to almost 400,000 members and supporters since its founding in 1920, and handles nearly 6,000 court cases annually in nearly every state of the Union; and

Whereas, Racial profiling is one of the most grievous offenses against African-Americans; and

Whereas, The ACLU filed a lawsuit in 2001 on behalf of 21 African-American boys stopped in Eastpoint, MI for "bicycling while black" without any indication of criminal activity; and

Whereas, These incidents were just some of over 100 similar incidents between 1995 and 1998 where African-American children, 11-18 years old, were stopped, searched, hand-cuffed, detained in the back of a police car, and had their bicycles seized; and

Whereas, The Sixth Circuit Court of Appeals has said that such actions by the Eastpointe Police Department are unreasonable and unconstitutional and reversed the district court decisions in favor of the officers thus sending the case to a jury; and

Whereas, The ACLU, as co-counsel in the suit, continues its tradition of defending and preserving the individual rights and liberties guaranteed to every person by the Constitution and laws of the United States, Now therefore be it

Resolved, That the Detroit City Council applauds and congratulates the American Civil Liberties Union for this victory and stands with it and the Sixth Circuit Court of Appeals in condemning the Eastpointe Police Department for its continued pattern of racial profiling and its blatant disregard of Fourth Amendment rights for African-Americans in their city.

The City of Detroit Workforce Development Department has received an additional amount of \$2,976,516 for the Job Access Reverse Commute grant from the Federal Transit Administration and Michigan Department of Transportation. First Third, LLC, has determined not to proceed with the sale of this development project due to the presence of a public nuisance in the area. The Planning & Development Department wishes to withdraw its Offer to Purchase and cancel the sale.

We are now in receipt of an offer from Ness-Boris, Inc., a Michigan Corporation, to purchase the captioned property for the amount of \$37,000, and to develop such property. This property contains approximately 20,400 square feet and is zoned B-4 (General Business District). Ness-Boris, Inc., proposes to construct a one-story grocery store with a paved surface parking lot for the storage of licensed operable vehicles for vehicular traffic on the site. Any area not paved will be appropriately lighted and landscaped to

enhance the overall site. This use is permitted as a matter of right in a B-4 zone.

The proposed redeveloper has submitted satisfactory evidence that they possess the necessary financial resources required to develop land in accordance with the Development Plan for the project.

We, therefore, request that your Honorable Body rescind the sale to First Third, LLC, a Michigan Limited Liability Company, and that your Honorable Body adopt the sale and authorize the Planning and Development Department Director of Development Activities to execute an agreement to purchase and develop this property with Ness-Boris, Inc., a Michigan Corporation, together with a deed to the property and such other documents as may be necessary to effect the sale.

Planning & Development Department
 July 6, 2005

Honorable City Council:

Re: Establishment of the Sacred Heart/St Elizabeth Neighborhood Enterprise Zone as Requested by the Sacred Heart/St Elizabeth Community Development Corporation in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the Sacred Heart/St Elizabeth Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than

60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to construct 30 new and rehabilitate 2 single-family homes in the proposed NEZ at a cost of \$5 million.

A Public Hearing was held July 6, 2005 on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration, please find a resolution establishing the NEZ together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,
 HENRY B. HAGOOD
 Director of Development Activities

By Council Member S. Cockrel:

Whereas, Michigan's Public Act No. 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Sacred Heart/St. Elizabeth NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or

representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Sacred Heart/St. Elizabeth NEZ was conducted before the Detroit City Council on July 6, 2005, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Sacred Heart/St. Elizabeth NEZ are known;

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Sacred Heart/St. Elizabeth NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

For your review and consideration, attached is the resolution approving the *Intergovernmental Agreement between the City of Detroit, the County of Wayne, and the Wayne County Prosecutor's Office* relative to a collaborative project to target and prevent lead-based paint poisoning in minor children residing in Wayne County.

We respectfully request that your Honorable Body approve this resolution with a waiver of reconsideration.

Respectfully submitted,

Mayor

Deputy Mayor

INTERGOVERNMENTAL AGREEMENT BETWEEN THE CITY OF DETROIT, THE COUNTY OF WAYNE, AND THE WAYNE COUNTY PROSECUTOR'S OFFICE

This Intergovernmental Agreement ("IGA") is hereby agreed to between the City of Detroit ("City"), including its Department of Health and Wellness Promotion ("DHWP"), the County of Wayne ("County"), including the Wayne County Health Department ("WCHD"), and the Wayne County Prosecutor's Office ("WCPO"). The terms of the IGA shall be in effect beginning May 1, 2005.

The City, the DHWP, the County, the WCHD, and the WCPO will engage in a collaborative project to target and prevent lead-based paint poisoning in minor children residing in Wayne County. The parties recognize that lead poisoning in children dramatically increases the risk for

brain damage, severe developmental disabilities, and adjudication within the juvenile justice system.

The WCPO agrees to review and consider for prosecution all cases involving lead poisoning in minor children where the poisoning is the result of exposure to lead-based paint and a landlord has knowingly rented premises that pose a lead-based paint hazard, as set forth in Section 5475a of the Michigan Lead Abatement Act, codified at MCL § 333.5475a.

The City, the DHWP, the County, and the WCHD agree to refer all known cases of lead poisoning resulting from exposure to lead-based paint to the WCPO for review and determination of whether criminal charges are appropriate.

The City, the County, and the WCPO, by and through their duly authorized representatives, have executed this Intergovernmental Agreement as of the dates of their respective signatures:

CITY OF DETROIT:

KWAME M. KILPATRICK Date
Mayor
City of Detroit

COUNTY OF WAYNE:

ROBERT A. FICANO Date
County Executive
Wayne County

WAYNE COUNTY PROSECUTOR'S OFFICE

KYM L. WORTHY Date
County Prosecutor
Wayne County

This Intergovernmental Agreement is not valid or authorized until approved by resolution of the Detroit City Council and the Wayne County Commission.

Appendix A

Scope of Services

The City, the DHWP, the County, the WCHD, and the WCPO agree to operate the collaborative effort to eliminate lead-paint poisoning as specified below:

1. Upon identification by the WCHD or DHWP that a minor child has an elevated lead level (10 micrograms or more per deciliter of venous blood) resulting from exposure to lead-based paint in the minor child's residence, the WCHD or DHWP will notify the WCPO.

2. The WCPO will immediately issue a warning letter to the landlord, property manager, housing commission, or owner of the rental unit. The landlord, property manager, housing commission or owner of the rental unit will have 90 days in which to abate the lead-paint hazard. The letter will be sent by certified mail, return receipt requested, or will be personally served.

3. After ninety (90) days has elapsed, the WCPO will notify the WCHD or the DHWP to re-inspect the premises to determine whether the lead paint hazard has been properly abated. If the hazard has not been abated, the WCHD or the DHWP will immediately notify the WCPO for review of and/or initiation of criminal charges.

By Council Member Tinsley-Talabi:

Whereas, The City of Detroit, the County of Wayne, and the Wayne County Prosecutor's Office wish to enter into the *Intergovernmental Agreement Between the City of Detroit, the County of Wayne, and the Wayne County Prosecutor's Office* pursuant to which the parties will engage in a collaborative project to target and prevent lead-based paint poisoning in minor children residing in Wayne County; and

Whereas, Said Agreement is expected to benefit the City by improving the effectiveness of the parties' efforts to protect children from lead poisoning; and

Whereas, City Council approval of said Agreement is required.

Now, Therefore:

Be It Resolved, That the Detroit City Council approves the *Intergovernmental Agreement Between the City of Detroit, the County of Wayne, and the Wayne County Prosecutor's Office*.

Finance Department

May 20, 2005

Honorable City Council:

Re: Request to adopt the Resolution authorizing an Installment Purchase under the existing GE Capital Master Lease Agreement dated February 27, 1998 between the City of Detroit and GE Capital.

We are prepared to proceed with financing the acquisition and installation of new computer equipment. The financing will allow the City to raise approximately \$26 million for costs related to Oracle-based Human Resources Payroll Module to replace a payroll system that over 25 years old and \$9 million for Unisys Network/Mainframe equipment upgrade. While various financing alternatives were considered, we have determined that the most cost-effective option for financing the equipment is through GE Capital Corporation.

The attached Resolution will authorize the City to execute Equipment Schedule No. 027 under the existing Master Lease Agreement dated February 27, 1998 between the City and GE Capital.

Adoption is respectfully requested with waiver of reconsideration at your next scheduled formal session.

Respectfully submitted,
SEAN WERDLLOW
Chief Financial Officer

6. The useful life of the property is determined to be five (5) years and upwards.

**STATEMENT BY COUNCIL PRESIDENT
 MARYANN MAHAFFEY ON THE VOTE
 AGAINST APPROVAL OF THE
 RESOLUTIONS RELATED TO THE
 IMPLEMENTATION AND FINANCING
 OF A NEW PAYROLL SYSTEM**

On July 8, 2005, I voted against approval of the resolutions authorizing the contract for the implementation of Oracle HRMS Software by Compuware and the installment purchase under the existing GE Capital Master Lease Agreement which would finance the implementation of the Oracle HRMS Software.

I voted in opposition to approving these resolutions because I feel that high level benchmarks are needed to further safeguard the City against cost overruns. For example, benchmarks could be put in place that would further limit the amount of funding that would be spent during each phase of the project to further limit potential cost overruns by the contractor and ensure that the project is completed within the necessary timeframe. In addition, approval of these resolutions should not occur without the approval of the contract for the implementation of the time capture module, a necessary component of the new payroll system.

Copies of all correspondence received regarding this matter are attached as well.

By Council Member Tinsley-Talabi:

AN ORDINANCE to amend Chapter 25, Article II of the 1984 Detroit City Code by adding Section 25-2-155 to establish the Herman Kiefer Hospital Historic District and to define the elements of design for the district.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. That Chapter 25, Article II of the 1984 Detroit City Code be amended by adding Section 25-2-155 to read as follows:

Sec. 25-2-155. Herman Kiefer Hospital Historic District.

(A) A historic district to be known as the Herman Kiefer Hospital Historic District is hereby established in accordance with the provisions of this article.

(B) This historic district designation is hereby certified as being consistent with the Detroit Master Plan.

(C) The boundaries of the Herman Kiefer Hospital Historic District are as shown on the map on file in the office of the City Clerk, and shall be as follows: Beginning at a point, that point being the intersection of the centerline of Byron Avenue with the centerline of Taylor Avenue; thence easterly along the centerline of Taylor Avenue to its intersection with the centerline of John C. Lodge Drive (being the western service drive of the John C. Lodge Freeway); thence southerly along the centerline of John C. Lodge Drive to its intersection with a line drawn seventy-five (75) feet south of and parallel to the northern line of Lot 4 of Quarter Section 46, Ten Thousand Acre Tract (L6 P352, 353 and 354, Deeds WCR); thence westerly along said line to its intersection with a line drawn parallel to and four hundred (400) feet west of the east line of said Lot 4 of Quarter Section 46; thence northerly along said line to its intersection with a line drawn parallel to and 75 feet north of the said northern line of Lot 4 of Quarter Section 46; thence westerly along said line to its intersection with the centerline of Byron Avenue; thence northerly along the centerline of Byron

Avenue to the point of beginning. (Legal Description: West 396.90 feet Lot 50 and East 397.40 Feet Lot 49 of Blacks Addition to Highland Park Village L14 P78 Plats, WCR 6/118, that part of Lots 8 through 5 lying between Hamilton 100 feet wide & Byron 66 feet wide except south 35.30 feet of east 415.42 feet and except south 118.12 feet of west 379.43 feet thereof Plat of 1/4 Section 46, Ten Thousand Acre Tract L6 P353 Plats, WCR 6/110 17.904AC.)

(D) The defined elements of design, as provided for in section 25-2-2 of this code, shall be as follows:

(1) *Height.* Buildings in the district range from two (2) stories tall on high basements to six (6) stories tall; several buildings have substantial rooftop pent-houses, resulting in an additional set-back story. The power house is a tall single story building articulated as two (2) stories; its chimney is 109 feet tall.

(2) *Proportion of Building's Front Facades.* Front facades of all buildings are wider than tall to the eaves of their roofs, with the exception of the west facade of the power house, which is taller than wide.

(3) *Proportion of Openings Within the Facades.* The buildings in the Herman Kiefer Hospital Historic District have approximately thirty (30) to forty (40) percent of their facades as openings. The older buildings have unsubdivided double-hung sash windows two (2) times taller than wide. The power house has a lower proportion of openings due to its function. Its windows are multi-pane industrial sash. The facades of the main hospital building at 1151 Taylor have approximately thirty-five (35) to forty (40) percent openings; its penthouse floor is substantially more highly fenestrated due to its open air nature. Most of its pairs of double hung sash windows feature two (2) panes in each sash. The western facade of the addition to the west has a greater percentage of opening due to its broad bands of windows. Basement windows exist throughout the complex.

(4) *Rhythm of Solids to Voids in The Front Facade.* A regular rhythm of solids to voids exists on the front facades of individual buildings, with the exception of the power house, which because of its utilitarian nature does not observe the usual rhythm.

(5) *Rhythm of Spacing of Buildings on Streets.* The three (3) earliest buildings are sited flanking a circular drive entered from John C. Lodge Service Drive. Subsequent buildings originally extended symmetrically and axially from this campus plan. The buildings to the north and northwest of the Administration Building are sited according to that arrangement; those to the south and southwest are no longer extant. The entrance projection

and wings of the main hospital building and its addition provide a regular rhythm extending along Taylor Avenue.

(6) *Rhythm of Entrance and/or Porch Projections.* Entrances are generally centered on the front facades, often recessed, with porches projecting outward. The wooden porte-cochere on Pavilion 1, originally identical to that of Pavilion 2, has been removed. Handicapped access ramps are sometimes situated at side entrances. The boiler house has three (3) pedestrian entrances on its north elevation and large garage door-type entrances on its west elevation reached by a driveway beneath the overhang of the second story reached from Byron Avenue. The main entrance of the main hospital faces Taylor Avenue and is a large, prominent, single-story projecting vestibule on a high basement, entered by an external stair sheltered by an awning. The building has a secondary public entrance facing John C. Lodge Service Drive and another secondary entrance in a lobby space added to the west side of the later wing.

(7) *Relationship of Materials.* Brick and mortar are the major building materials in the district, and it is frequently contrasted with masonry, wood and tile trim, and/or detail. Stone is used for corner blocks, some foundations, coping, belt courses and door surrounds. Visible roof slopes are covered with asphalt shingles, replacing original slate or, on the penthouses of the main hospital building, tile. Window frames are generally wood but those of the boiler house and western wing addition of the main hospital unit are metal. The secondary entrance structure added to the west wing addition is concrete and glass.

(8) *Relationship of Textures.* Brick laid in regular courses contrasts with the smoother texture of stone and painted wood. Brick detail, such as quoins, arcading, voussoirs or panels of headers beneath windows, create textural interest. Repetitive detail, frequently found beneath the eaves in the form of decorative tile or brackets, create textural patterns. Where windows are subdivided, textural interest also exists. Original visible roof slopes of Pavilions 1, 2, and 4 and the Administration Building were of slate and the visible slopes of the penthouses of the main hospital building were tile; then have since been replaced with asphalt shingles, which generally do not contribute to textural interest. The district as a whole is rich in textural relationships.

(9) *Relationship of Colors.* Reddish brown and orange brick contrasts with beige or light gray stone and pale yellow-painted wooden elements, such as window frames, modillion cornices, and window spandrel panels. Some doors are painted red, and porch canopies are painted maroon.

(10) *Relationship of Architectural Details.* All of the buildings in the district except for the main hospital building and the boiler house are derived from similar classical architectural precedents and are bound together visually by siting and similar treatment of brick, watercourses, quoins, corner blocks, and/or cornices. Arts and Crafts influences are reflected in the decorative detail and tile work, where it exists, at the eaves. The boiler house is composed of plaster-defined bays with narrower pilasters between windows within the bays. It also features masonry foundations, coping, and banding at the tops of the pilasters, and a multi-faceted chimney with similar banding and coping. The Neo-Romanesque Revival main hospital building is largely composed of pairs of windows with half-rounded arches on the first and sixth floors, alternating stone and brick voussoirs on its first floor, arcading beneath the eaves with decorative tile, and shallow gables at the ends of the wings. Its single-story entrance projection features tall triple-arched windows with columns in between, and a rectangular pediment bearing the name "Herman Kiefer Hospital." Its penthouse story features brick columns between windows.

(11) *Relationship of Roof Shapes.* The main roofs on Pavilions 1, 2, and 4 and the Administration Building are hipped; the latter has a pedimental gable centered over the projecting central entrance section. Pavilions 1, 2, and 4 feature an eyebrow dormer in the roof slope over their central bays; small shed dormers project from the adjacent hip roofs. Recessed penthouses on Pavilions 6 and 7, as well as on the main hospital building, allow use of roof space for open porches. The main roofs of Pavilions 6, 7, and main hospital building and the power house are not visible from ground level.

(12) *Walls of Continuity.* Due to the siting of the buildings in the district, no wall of continuity is created.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* Original landscape features and surface treatments have been changed over the years. The circular courtyard in front of the oldest pavilion is now a paved parking lot, as are other areas within the complex that were once grassy open spaces. A paved parking lot exists in the front of the main entrance to the main hospital building on Taylor Avenue; to its east and west are grass lawns with planted trees. The parking lot is enclosed by a high chain link fence with barbed wire along the Taylor and Byron Avenue frontages. A high black metal picket fence closes off the grass-covered courtyards between the wings of the building from the parking lot in front. The lawn in front of the main hospital building's secondary facade facing the

Lodge Freeway is open to foot traffic along concrete walks from the public right-of-way; a parking lot exists adjacent to the western addition. Chain link fencing encloses some parking areas and other areas of the property. Where grass lawns abut buildings, they are sometimes planted with bushes around the perimeter of the buildings. Lighting in the public right-of-way is of the modern two-stem variety.

(14) *Relationship of Open Space to Structures.* Designed as a campus, buildings were sited to relate to each other and the spaces between them were designed for repose and utility. Earlier buildings are sometimes connected above-ground by enclosed above-ground hallways, sometimes called tunnels. Parking lots and paved areas for vehicular usage are now the primary function of the ample open space around and within the complex.

(15) *Scale of Facade and Facade Elements.* Buildings are generally large in scale with large to moderately scaled elements.

(16) *Directional Expression of Front Elevation.* Buildings are horizontal in directional expression. Verticality is emphasized by the smokestack of the Power House and shallow gable ends of the wings of the main hospital building.

(17) *Rhythm of Building Setbacks.* The power house is sited close to Byron Avenue; all other buildings are substantially set back from the street. Rhythm is created by the common setbacks of Pavilion 1 and 2 and the conscious alignment of other buildings within the complex. The common set back of the three wings of the main building creates a rhythm along Taylor Avenue.

(18) *Relationship of Lot Coverages.* Occupying an entire city block except for a parcel in the southwest corner, the eight (8) buildings within the historic district occupy only approximately twelve (12) percent of the land area.

(19) *Degree of Complexity Within the Facade.* In general, the facades are not complex. They are straightforward in their arrangements of openings and architectural elements and details.

(20) *Orientation, Vistas, Overviews.* The Herman Kiefer Hospital Historic District is oriented towards Taylor Avenue on the north, where its main hospital building is located, and John C. Lodge Service Drive on its east, where the earliest buildings of the complex were situated in a formal campus-like setting. The complex can be seen from the John C. Lodge Freeway south of the Chicago Boulevard exit.

(21) *Symmetric or Asymmetric Appearance.* The appearance of the Herman Kiefer Hospital campus has been altered over the years through new construction and demolition, changing it from an origi-

nally symmetrical arrangement to one that grew north-northwest. The three earliest buildings form a symmetrical grouping. Most individual buildings appear symmetrical or almost symmetrical, the main exception being the power house. The main hospital building was originally symmetrical; the addition to the west altered the symmetry of the building as a whole while leaving the symmetry of the original portion unchanged.

(22) *General Environmental Character.* The Herman Kiefer Hospital Historic District is a substantial public institution occupying almost an entire block at the edge of a residential neighborhood, separated from the area to the east by the John C. Lodge Freeway. Its monumentality and architectural quality make it a landmark in that community and in the city as a whole.

Section 2. All ordinances or parts of ordinances, or resolutions, in conflict herewith be the same are herewith repealed.

Section 3. This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

Honorable City Council:
Re: "An Important Election Safeguard"
Resolution.

Attached is the resolution requested by Council Member JoAnn Watson in support of United States House of Representatives Bill 550 which would require voter-verified paper ballots for electronic voting, random audits of the machines, and ban the use of undisclosed software.

Respectfully submitted,
DAVID WHITAKER
Interim Director
ANALINE POWERS

RESOLUTION

By COUNCIL MEMBER TINSLEY-TALABI:

WHEREAS, Paperless electronic voting, also known as direct recording electronic voting (DRE), is rapidly becoming the norm for elections throughout the United States; and

WHEREAS, About 50 million people or about one-third of the voters, used touch-screen terminals to electronically vote during the November 2004 election; and

WHEREAS, Fully electronic voting systems are subject to programming errors, either intentional or unintentional, technical glitches, malfunctioning machines, and hacking; and

WHEREAS, Direct recording electronic voting machines (DRE) record votes within the system itself and do not provide a paper print-out receipt thus preventing each voter from verifying her/his choices and making it impossible for an independent audit and/or recount in a challenged election; and

WHEREAS, Public confidence in elections is based on the belief that voting results are accurate and verifiable due to the transparency of the traditional paper voting method while paperless electronic voting is almost totally opaque, because the critical processes occur invisibly in the electronic circuits; and

WHEREAS, To solve these paperless electronic voting problems nineteen states have enacted legislation requiring paper receipts/ballots, two states have legislation awaiting Governor's signature, sixteen states have proposed but not yet enacted legislation and only twelve states are without any proposed legislation for voter-verified paper ballots for electronic voting; and

WHEREAS, The need for accurate and verifiable electronic voting is nationwide not state specific; and

WHEREAS, United States House of Representative Bill 550, sponsored by Rush Holt, Democrat, New Jersey would require not only paper ballots/receipts, but also random audits of the machines and ban the use of undisclosed software; and

WHEREAS, While HR 550 has 135 co-sponsors, it still needs more support amongst both Democrats and Republicans in Congress to become law; NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council is in full and strong support of House of Representatives Bill 550 and urges each and every member of Congress to support and pass this much needed legislation, and BE IT FURTHER

RESOLVED, That the Detroit City Council directs the City Clerk to send copies of this resolution to the Michigan delegation in the U.S. House and Senate.

Honorable City Council:
 Re: Request for Cancellation of Real Property Taxes in Part for Vacant Property Erroneously Assessed as Improved: 2548 Oakdale; Ward 20 Item 8047.

This office has reviewed the above matter, the facts and particulars of which are set forth in the attached confidential memorandum. From this review, it is our considered opinion that waiver of real property tax assessments above the value of a vacant unimproved lot in this matter is in the best interest of the City of Detroit.

This request is to have the 1999 real property tax assessment at 2548 Oakdale, ward 20 item 8047 be partially cancelled. By a 2/3 vote, City Council may vacate and waive the associated assess-

ments in whole or in part if it finds the assessment unjust or placed upon any property not owned by the person to whom it is assessed or if the assessment is illegal. Ordinance §18-9-8, §18-9-9.

Upon information and belief, the subject property was unjustly assessed. On tax day, the property was assessed as improved rather than as an unimproved vacant lot.

We hereby request and recommend that the real property tax assessment, in accord with the attached resolution, be corrected as stated and that the excess 1999 real property tax assessment be stricken from the City of Detroit tax rolls and cancelled.

By Council Member Tinsley-Talabi:

Whereas, The City of Detroit assessed 1999 real property taxes located at 2548 Oakdale, Ward 20 Item 8047 in the City of Detroit to Paula Rogers; and

Whereas, Paula Rogers has petitioned this Council for correction, cancellation or partial waiver of her 1999 real property tax assessment for the reason that the real property is being assessed as an improved parcel rather than as a vacant unimproved lot for tax year 1999; and

Whereas, Pursuant to City Ordinance, Section 18-9-8 and Section 18-9-9, this Council is authorized to vacate the assessment, in whole or in part, where it finds to its satisfaction the assessment is unjust, illegal or placed upon any property not owned by the person to whom it is assessed; and

Whereas, This Council finds the excess tax assessment is unjust or illegal as the property should have been valued as a vacant unimproved lot.

Now, Therefore Be It:

Resolved, That the real property tax assessments, true cash value, taxable value and stated equalized value, as follows, are hereby corrected to properly reflect its status as vacant unimproved property for the tax year 1999 as indicated.

Further Resolved, That the City of Detroit real property taxes on the assessment above its value as vacant unimproved property is hereby waived for tax year 1999; and

Further Resolved, That the officer charged with keeping the assessment roll shall correct or cause the assessment roll to be corrected in accordance with the above waiver and remove the excess assessed taxes from said rolls; and

Budget Department

July 1, 2005

Honorable City Council:

Re: Amendment to FY 2005-06 City of Detroit Tax Statement.

The Budget Department is requesting authorization to amend the FY 2005-06 statement of the amounts to be raised by taxation, known as the Tax Statement. Also, to be amended is the 2% limitation statement based upon 2004 equalized valuations (based on December 1 valuations). The Tax Statement adopted by City Council on June 15, 2005, in accordance with Section 18-2-24 of the City Code, requires that the Budget Director submit this statement one week after adoption of the budget. The Budget Department submitted the Tax Statement on June 6, 2005; however, it contained incorrect tax rates due to a millage reduction fraction (Headlee rollback) applied to the City of Detroit. This reduction fraction was certified by the County of Wayne on June 14, 2005, after the deadline per city ordinance for City Council approval of the Tax Statement. The Budget Department was notified of the reduction after City Council's approval of the Tax Statement.

The attached resolution authorizes the approval and adoption of the Amended

FY 2005-06 Tax Statement. A waiver of reconsideration is requested.

Respectfully submitted,

ROGER SHORT
Budget Director

By Council Member Bates:

Whereas, The 1997 Detroit City Code §18-2-24 mandates that the City of Detroit Budget Director make an itemized statement of amounts to be raised by taxation for approval by this Honorable Body; and

Whereas, This statement is known as the City of Detroit Tax Statement; and

Whereas, The 1997 Detroit City Code §18-2-24 further mandates preparation of the City of Detroit Tax Statement and subsequent approval by this body is to be completed within one week following the maximum final approval date of the City of Detroit's budget; and

Whereas, In compliance with the aforementioned provision of the 1997 City of Detroit Code the City of Detroit Tax Statement for the fiscal year beginning July 1, 2005 and ending June 31, 2006 was submitted to this body on June 6, 2005 and approved on June 15, 2005; and

Whereas, It has since been brought to the attention of this body that the *ad valorem* tax rates utilized in calculating the budgeted tax levy on the City of Detroit Tax Statement was incorrect due to the application of a millage reduction fraction — Headlee provision; and

Whereas, Pursuant to this Headlee reduction, the total amount to be raised by taxation provided on the City of Detroit Tax Statement was incorrect; and

Whereas, A proposed Amended City of Detroit Tax Statement has been prepared by the City of Detroit Budget Director utilizing, for computational purposes, the true and accurate *ad valorem* tax rates; and

Whereas, This proposed Amended City of Detroit Tax Statement has been presented to this body for review and approval.

Now Therefore Be It:

Resolved, That the proposed Amended City of Detroit Tax Statement is approved and adopted; and

Further Resolved, That the City of Detroit budget be hereinafter corrected in accordance with the above; and

Finally Resolved, That this resolution is adopted with a waiver of reconsideration.

Re: Neighborhood Enterprise Zone (NEZ) Certificate Application for 5724 Cooper in the Gratiot Woods Area (Recommend Denial).

The City Clerk's Office forwarded to this office an application for a Neighborhood Enterprise Zone (NEZ) certificate for 5724 Cooper, within the Gratiot Woods NEZ.

The Gratiot Woods NEZ was approved by City Council on February 18, 2004. The petitioner is proposing to rehabilitate a single-family home.

The City Planning Commission staff, therefore, recommends denial of the requested certificate, due to the certificate being applied for after the issuance of the applicable building permit. Please contact Mr. Gregory Moots of my staff at 224-2110 with any questions.

Honorable City Council:

Re: Theresa Hall, et al, requesting a drinking fountain and port-a-johns for Hawthorne Park (Departmental Report).

Per City Council's request, the City Planning Commission (CPC) staff has reviewed the request of Theresa Hall, President, 11th Precinct Community Relations, for installation of a drinking fountain and port-a-johns at Hawthorne Park. Ms. Hall's request is on behalf of the Hawthorne Park Advisory Council. Hawthorne Park is one of several parks awarded a \$25,000 Wayne County grants to be received by the City of Detroit Recreation Department.

The Hawthorne Park Advisory Council

requested that the grant money be used, in part, for the leasing of port-a-johns, a water fountain, repair and maintenance of the horseshoe pits and striping and maintenance of the basketball court. The Hawthorne Park Advisory Council has devised a plan for security and maintenance for the port-a-thons, but was denied the port-a-johns and water fountain by the cluster manager of the Recreation Department based on the manager's assessment that the community would damage these facilities.

As directed by City Council, CPC staff has drafted a resolution requesting the Recreation Department to work with the Hawthorne Park Advisory Council to develop a feasible way to provide for port-a-johns, a water fountain, repair and maintenance of the horseshoe pits and the striping and maintenance of the basketball court. The Advisory Council wants to be guaranteed that the entire \$25,000 granted to Hawthorne Park from Wayne County will be used only for Hawthorne Park and not programmed elsewhere.

If City Council wishes, CPC staff will continue to monitor the interaction between the Hawthorne Park Advisory Council and Recreation Department.

By Council Member Watson:

Whereas, The newly renovated Hawthorne Park was designed through a community-based process under the auspices of the Youth Sports and Recreation Commission and the City of Detroit Recreation Department; and

Whereas, The Hawthorne Park Advisory Council was formed to plan for, promote, act as liaison to the City and advocate for the users of Hawthorne Park; and

Whereas, The Hawthorne Park Advisory Council received a Community Pride Award for promotion and maintenance of the park from the Youth Sports and Recreation Commission in 2003, after the park had only been operational for one year; and

Whereas, The amenities of Hawthorne Park include four regulation horseshoe pits, play area and equipment for young children, a picnic shed, a full basketball court, walking path and open space; and

Whereas, The amenities are heavily used by the community daily including community day care centers and the REACH youth program, as well as a basketball league tournament on the weekends, birthday parties and other celebrations at the picnic shed and competitions at the horseshoe pits; and

Whereas, There are no public facilities in the area, causing a problem of residential yards and alleys being used in place of public facilities; and

Whereas, Hawthorne Park was one of several parks awarded a \$25,000 Wayne County grant secured through the Office of Commissioner Moe Blackwell to be received by the City of Detroit Recreation Department; and

Whereas, The Hawthorne Park Advisory Council requested that the grant money be used, in part, for leasing of port-a-johns, a water fountain, repair and maintenance of the horseshoe pits and striping and maintenance of the basketball court;

Therefore, Be It Resolved, That the Detroit City Council hereby request the City of Detroit Recreation Department work immediately with the Hawthorne Park Advisory Council to develop feasible ways to provide for port-a-johns, a water fountain, repair and maintenance of the horseshoe pits and the striping and maintenance of the basketball court at Hawthorne Park; and

Be It Further Resolved, That the City of Detroit Recreation Department is hereby urged to guarantee that the \$25,000 granted from Wayne County for use at Hawthorne Park be exclusively for use at Hawthorne Park.

 Re: Correction of Legal Entity. Development: 15470-15478 Schaefer.
 On June 22, 2005, your Honorable

Body authorized the sale of the above-captioned property to Rosedale Park Baptist Church, a Michigan Ecclesiastical Corporation, for the purpose of constructing a paved surface parking lot.

It has come to our attention that the name of the legal entity was issued in error. Accordingly, the sale to Rosedale Park Baptist Church, a Michigan Ecclesiastical Corporation, has been amended to show Danny D. Brown, as the buyer. This developer possesses the

qualifications and has indicated potential financial resources necessary to acquire and develop the land in accordance with the Development Plan.

We, therefore request your Honorable Body adopt the attached resolution authorizing an amendment to the sales resolution to reflect a name change in the purchaser from Rosedale Park Baptist Church, a Michigan Ecclesiastical Corporation to Danny D. Brown.

Re: Address: 2118 Liddesdale. Name: Phillip Van Buren. Date ordered removed: January 29, 2003 (J.C.C. p. 320).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on July 8, 2005 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of July 7, 2005.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on July 5, 2005 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of June 20, 2005.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Re: Neighborhood Enterprise Zone (NEZ) Certificates for eight (8) units at 624 W. Alexandrine in the Midtown NEZ area (Recommend Approval).

The City Planning Commission (CPC) staff has received eight (8) applications for the above-referenced NEZ certificates. The NEZ designation for the Midtown area generally bounded by Hancock, Cass, Selden and the Lodge Freeway was approved by the City Council on March 10, 1999. The CPC staff has reviewed the eight applications and recommends approval.

Certificates are being sought for 624 West Alexandrine, units 1 thru 8.

The property at 624 W. Alexandrine, units 1 thru 8, is confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. FastTrac Investments, LLC has applied for these certificates at this time, although buyers of the units are not yet identified. The State Tax Commission, however, will not issue a certificate until each owner is identified. Once owners are identified they would apply for the certificates. At that

juncture, the Council would have to take no further action on this matter.

Re: Designation of Eight Mile Road as a "Michigan Heritage Route".

Attached for City Council review and approval is a proposed resolution in support of the nomination of Eight Mile Road as a Michigan Heritage Route. The Eight Mile Boulevard Association (8MBA) will be applying to the Michigan Department of Transportation (MDOT) for the designation.

The following communities have submitted a resolution in support to date, in addition to several businesses along Eight Mile Road:

- Charter Twp. of Redford
- Charter Twp. of Royal Oak
- City of Eastpointe
- City of Farmington
- City of Farmington Hills
- City of Ferndale
- City of Harper Woods

- City of Hazel Park
- City of Oak Park
- City of Southfield
- Oakland County

Respectfully submitted,
MARSHA S. BRUHN
Director

By Council Member Bates:

Whereas, Eight Mile Road, also known as M-102 or Baseline Road, was the first east-west line drawn in the State of Michigan; following the method set forth in the Federal Land Ordinance Act of 1785, it served as the model for modern surveying in the United States and was the basis for determining property boundaries in the State of Michigan; and

Whereas, Eight Mile Road/Baseline serves as the State's east-west surveying line, forming the boundaries between southern Michigan counties and Illinois and Winsconsin; and

Whereas, The first state fair in the United States of America, the Michigan State Fair, is located along Eight Mile at the intersection of one of the City of Detroit's most prominent roadways, Woodward Avenue; and

Whereas, Eight Mile Road derived its name by being located at a point directly eight miles north of the Detroit River and today serves as an east-west thoroughfare for communities in the southeastern Michigan region, and as a connector for intra-state travel; and

Whereas, Eight Mile also serves as the connecting corridor for the City of Detroit — the first city established in the Midwest — and its suburbs; and

Whereas, The City of Detroit recognizes the relationship between its growth and well-being and its location along this important highway;

Now, Therefore, Be It Resolved, That the City Council of the City of Detroit strongly supports the nomination of Eight Mile Road as a "Michigan Heritage Route" and encourages the Michigan Department of Transportation to recognize Eight Mile Road as an important corridor to the State of Michigan and its continued growth; and

Be It Further Resolved, That the Detroit City Council requests that a copy of this resolution be sent to the following communities that adjoin Eight Mile Road: the Charter Townships of Redford and Royal Oak; the cities of Eastpointe, Farmington, Farmington Hills, Ferndale, Harper Woods, Hazel Park, Oak Park, Livonia, Southfield, and Warren; and the three counties of Macomb, Oakland and Wayne through which Eight Mile Road crosses, and encourages their nomination of Eight Mile Road as a "Michigan Heritage Route".

Whereas, Mr. Donnie R. Pittman petitioned the City Council to operate a horse-drawn carriage transportation service in the Central Business District (CBD) of Detroit on March 18, 2002; and

Whereas, The Mayor's Downtown

Development/Project Management Team created a sub-committee to evaluate and select a route for horse-drawn carriage services in the CBD; and

Whereas, That sub-committee met several times since 2004 to evaluate and select a suitable route and approved a route for horse-drawn carriage services as depicted on the attached map; and

Whereas, The Police Department (Mounted Police Division) has examined and approved Mr. Pittman's carriage, horses and other equipment as mandated by the City Code; and

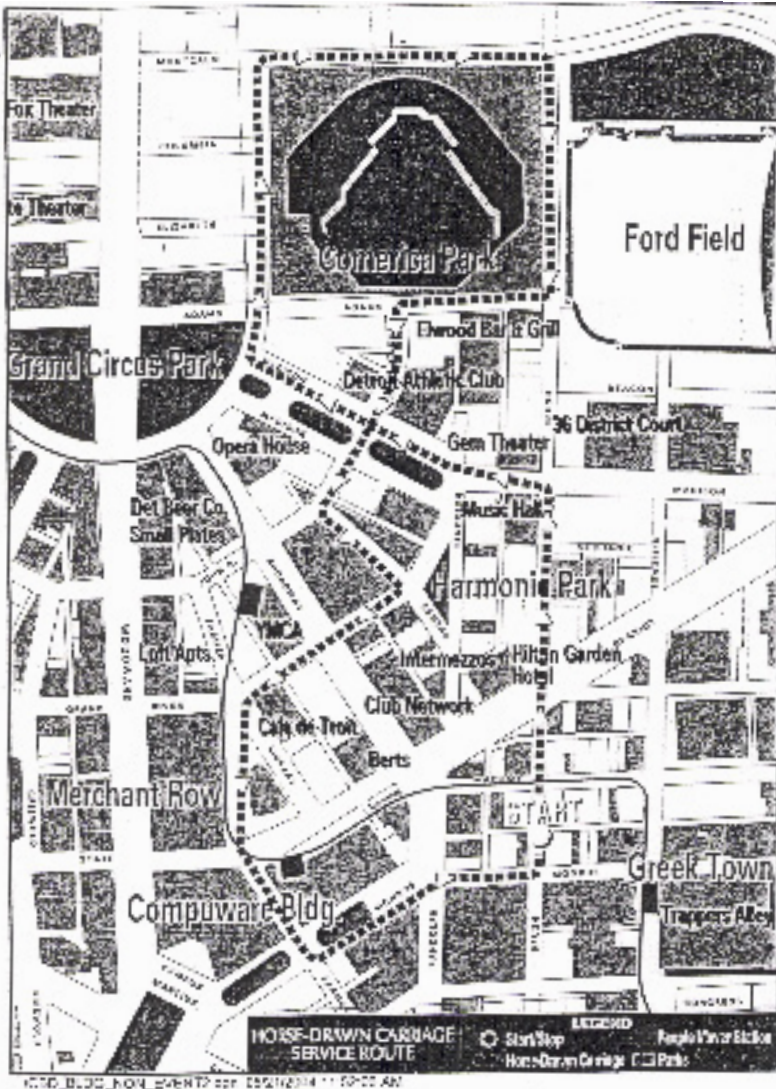

Whereas, The Consumer Affairs Department, as one of the requirements for obtaining a City license for his horse-drawn carriage service, has requested Mr. Pittman to provide a copy of City Council's approval of his horse-drawn carriage service; and

Whereas, Mr. Pittman has met all the other requirements stipulated for obtaining a horse-drawn carriage license;

Now, Therefore, Be It Resolved,

1) That the Detroit City Council hereby approves Mr. Donnie R. Pittman's operation of a horse-drawn carriage service in the CBD of Detroit on the route approved by the above-mentioned subcommittee; and

2) That the Consumer Affairs Department is requested to expedite the licensing of Mr. Pittman's horse-drawn carriage service in accordance with City Code Chapter 58, Sec. 58-3-1 through 58-3-49.

Honorable City Council:

Re: Petition of Ogunyinka Y. Ogunleye (#3914) regarding the property located at 1100 West Baltimore.

At the Honorable City Council's request, the Research & Analysis Division (RAD) submits the following report regarding the petition of Ogunyinka Y. Ogunleye (#3914) regarding the property located at 1100 West Baltimore.

There are two issues related to this petition. The first is the pending demolition order. The second issue is the denial of the proposed use. Both issues are within the parameters of the Department of Buildings and Safety Engineering.

A hearing on the petition was held earlier today during the Internal Operations Standing Committee. Representatives from the Department of Buildings and Safety Engineering (B&SE), the City Planning Commission (CPC), and the Petitioner were present.

CPC submitted a departmental report dated July 18, 2005, which provided extensive background information on the property and the Petitioner's proposed use. RAD supports CPC's recommendation that the demolition order be deferred an additional six (6) months.

RAD conducted an independent analysis of the property after the hearing and met with the Petitioner. It was found to be both clear and secure with obvious improvements. New windows and doors were present. The grounds were free of debris and the building painted.

RAD also reviewed the B&SE files¹ on the property and met with the Department's Administration regarding the site. In examining the BS&E land use file, the department received two (2) letters of opposition to the proposed use². The Petitioner did not appeal the denial. The Petitioner cannot re-apply for the same permit for one-year from the date of denial. However, the Petitioner may re-submit the proposed land use request within the one-year period if new evidence is obtained or proof of changed conditions can be presented for evaluation. The petitioner could research the ownership of vacant lot across the street for possible purchase or lease to provide the required parking for the original land-use request. The Petitioner could also explore other uses for the B4 district. the revised code lists business and commercial uses that are permitted. By-right uses for retail and commercial ventures are listed in Sec. 61-9-76³. Conditional retail and commercial uses are specified in Sec. 61-9-82⁴.

The proposed resolution is attached for our consideration.

¹Separate B&SE file on land use and demolition.

²From White Construction, the adjacent property owner and New Center Council, Inc., a non-profit business association that operates in the New Center area.

³By-right uses include: dry cleaning, laundromat, automobile sales lot, business office, parking structure, pet shop, restaurant, and retail stores.

⁴Conditional uses include: arcade, fire-arms dealership, miniature golf course, and food stamp distribution centers.

Respectfully submitted,
DAVID D. WHITAKER
 Interim Director

By All Council Members:

Whereas, Ogunyinka Y. Ogunleye (#3914) petitioned this Honorable Body regarding the property located at 1100 West Baltimore; and

Whereas, The Department of Buildings and Safety Engineering placed the structure located at 1100 West Baltimore on the demolition list on June 11, 2003; and

Whereas, This Honorable Body has the authority to reject the recommendation of the Department of Buildings and Safety Engineering and grant deferrals of the demolition order; and

Whereas, The petitioner has requested that this Honorable Body deny the demolition order pending on 1100 West Baltimore so that he may obtain an additional six (6) month deferral and the City Council has found this request to be well-founded;

Now Therefore Be It

Resolved, That the Department of buildings and Safety Engineering recommendation that 1100 West Baltimore be demolished is denied so that Ogunyinka Y. Ogunleye (#3914) has the opportunity to secure an additional deferral.

Department of Health and Wellness Promotion

May 6, 2005

Honorable City Council:

Re: Co-Pay for Pharmacy Services.

The Department of Health and Wellness Promotion (DHWP) has provided medications and pharmaceutical services to the citizens of Detroit for more than 30 years. Each year more than 200,000 prescriptions are filled for clients of all ages seeking care at Grace Ross, Herman Kiefer, Northeast Health Centers, CHASS and Advantage Care. These are the primary care facilities serving largely, individuals who are uninsured or under-insured.

The costs or purchasing drugs, dispensing these medications, and insuring adequate treatment protocols for individuals with chronic diseases continues to rise. Even with bulk purchasing strategies and the City's eligibility to obtain some drugs at discount or, in some cases, free of cost, our current resources are not sufficient to maintain either an adequate pharmaceutical inventory cache or staffing to meet the growing need. Last year, we spent more than 1.9 million dollars to purchase drugs for the uninsured. It costs on average an additional \$8.89 for dispensing and processing. To defray part of this cost, we are requesting to implement a \$5.00 dispensing fee for prescriptions, using this fee to off-set the costs associated with the purchase and dispensing of medications. It would be our suggestion that this fee should be reduced to \$1.50 per prescription for Medicare eligible seniors. Such a fee structure would support the pharmacy service in the range of \$500,000-\$750,000 annually.

Re: Correction of Legal Entity. Development: 15470-15478 Schaefer.

On June 22, 2005, your Honorable Body authorized the sale of the above-captioned property to Rosedale Park Baptist Church, a Michigan Ecclesiastical Corporation, for the purpose of constructing a paved surface parking lot.

It has come to our attention that the name of the legal entity was issued in error. Accordingly, the sale to Rosedale Park Baptist Church, a Michigan Ecclesiastical Corporation, has been amended to show Danny D. Brown, as the buyer. This developer possesses the qualifications and has indicated potential financial resources necessary to acquire and develop the land in accordance with the Development Plan.

We, therefore request that your Honorable Body adopt the attached reso-

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that amendment of the West Corktown Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." City Planning Commission

July 14, 2005

Honorable City Council:

Re: Request of Detroit Entertainment, LLC (d/b/a MotorCity Casino) for step two review and approval of the development proposal for the casino complex associated with the SD5 (Special Development District for Casinos) designation for land generally described as the area bounded by Grand River, Elm, Trumbull, Spruce, Brooklyn and the Lodge Freeway (Recommending Approval with Conditions).

NATURE OF REQUEST

The City Planning Commission has considered and taken action upon the request of Detroit Entertainment, L.L.C. (d/b/a MotorCity Casino) for review and approval of the design proposal for its permanent casino complex. This request is pursuant to the provisions the SD5 (Special Development District for Casinos) zoning classification, which allow for zoning approval to be granted in two steps: the first being the rezoning, the second being design proposal approval. The rezoning to SD5 of the casino site, which is property generally described as the area bounded by Grand River, Elm, Trumbull, Spruce, Brooklyn and the Lodge Freeway, was granted by your Honorable

Body on April 29, 2005. According to the provisions of the SD4 zoning classification no public hearing is required at this stage. The Council may choose to hold a discussion or take action if the information provided is satisfactory. The developer desires your approval prior to Council recess in order to begin construction this fall.

PROJECT PROPOSAL

The site plan and design proposal for MotorCity Casino has been modified somewhat from that presented during the rezoning process. The proposal still calls for a casino complex utilizing both new and existing construction, but there is far less new construction than previously proposed. The casino complex would contain approximately 100,000 square feet of gaming area as mandated by the development agreement between the City and MotorCity Casino, an 18-story 400 room hotel, approximately 67,000 square feet of convention/event space including an 1,200 seat multi-use theater space, and related uses (restaurants, bars, other entertainment, conference space, administrative offices, etc.). On-site parking facilities would include an existing and a new 4-story parking structure providing a total of approximately 4,140 spaces, and approximately 300 spaces in the form of surface parking.

The proposed building envelope is basically the same as before. The building would utilize a variety of building materials. The existing precast parking structure would be painted to match the new construction. The Wagner Building (the former Wonder Bread Bakery), which currently houses the temporary casino, would be re-clad with a glass and metal wall system around the base (to a height of about 16 feet) with precast concrete, natural and/or man-made stone and possible EIFS in limited amounts (Exterior Insulation Finish System, Dryvit being a commonly known brand name of this material) to complete the facade. The new construction would be clad similarly, including the hotel tower. The overall character of the building would be set by the use of large scale graphics which have decreased slightly in size and number. However, the developer still proposes the use of super graphics depicting images of lifestyles, entertainment and casino specific activities (please see attached drawings).

ANALYSIS

When the Commission took action on the rezoning request on this matter in 2003 there were a number of concerns with the conceptual design and operation of the casino. While the proposed exterior character of the casino is generally the same, the layout and circulation have changed. Previously, the casino design was driven in part by a desire to provide

all or at least the majority of the casino gaming floor on one level. Having concluded that this was not a core necessity to casino operation, the casino designer began to modify the proposal, building upon the current layout and operation of the temporary facility.

The new design reopens all but one segment of the streets that would have been closed by the previous proposal, and covers far less land. Temple and Brooklyn are retained as the primary access ways to the casino rather than employing the Lodge Service Drive and Spruce to the south. The hotel and the additional parking structure would be built at the southwest corner of the Brooklyn and Temple directly south of the existing valet building and parking deck. An addition would be made to the second floor of the Wagner Building at the north end for additional gaming area. A two story addition to the Continental Bakery Building at the southeast corner of Brooklyn and Temple would be made to add the theater and convention facilities to the restaurants and food service facilities currently housed in that existing structure. This addition would result in the only street vacation, the segment of Perry between Brooklyn and the Lodge Service Drive. These features would all be connected by existing and new skywalks bridging over Temple and Brooklyn.

The proposed second floor expansion will top the single story portion of the building along Brooklyn and extend east of the Grand River frontage leaving the load dock open below. This will provide for a more dramatic and wider expanse of gaming area at the primary entry point to the casino floor. The Brooklyn façade itself will also move westerly encroaching upon the Brooklyn right-of-way and narrowing this one-way, northbound street. This encroachment will be needed in order to replace the existing emergency exit stairs in the loading area that would be lost as a result of the second floor expansion.

The hotel would provide the required 400 rooms in the proposed tower and provision is made for an additional 400 rooms in a complementing tower that would be constructed along Brooklyn. It includes a spa on the third level and an upscale restaurant atop the tower. The other supportive components of the hotel would be housed on the ground floor and in the food service building.

The hotel would be accessed via the proposed skywalk connecting it to the existing valet building, through which the casino is currently accessed and a second skywalk that would connect with the food service building. The three existing skywalks in place today function like hallways without giving the user the impression that they are actually on a pedestrian bridge. This condition would be replicated

with the new skywalks.

The proposed additional parking deck would enclose the base of the hotel along the western and southern facades. The casino believes the new deck will provide more efficiency for the casino operation if it can be used for casino employees as well as patrons. The proposal calls for the first and second levels of the deck being used exclusively by employees. The third and fourth levels of the new deck would be for patrons and would be accessed via connecting bridges at both levels spanning Temple from the existing parking deck to the north. Additionally, the third and fourth levels of the new deck would span the hotel loading area at Temple and Brooklyn creating an enclosure to further screen and buffer the area.

The Continental Bakery building at the southeast corner of Temple and Brooklyn currently houses the food service aspects of the operation. It will be expanded and tripled in size to handle additional food service facilities, the event space, employ accommodations, storage and other back of house activities. It will also include a separate ground flood access point to the theater and convention space along Brooklyn. The entrance would include a canopy over the sidewalk that would be another encroachment into the Brooklyn right-of-way. At the southern end of the proposed building, the façade is recessed to enclose the loading, similar to the hotel loading area. The abutting parking lot would be reduced in size in order to accommodate vehicle access to the loading dock. The area would be landscaped to provide additional screening and beautification.

The final selection of exterior building materials and the detailing and articulation of the facades will be coordinated with CPC and Planning & Development Department (P&DD) staff. The Commission and the casino share a concern for the manner by which existing building facades are re-clad or otherwise altered, particularly on the Grand River façade of the Wagner Building. For this reason, the casino eliminated EIFS as a primary material. Buildings are to be re-clad using glass, metal sandwich panel, precast concrete, stone or similar man-made products. Some surfaces may be painted and EIFS may be used in small applications. These materials will be employed in some combination throughout the complex to achieve the general appearance depicted in the submitted drawings. That appearance is to be further augmented with features, details and articulation to reduce the occurrence of blank walls and generally provide visual interest and character unique to the district created by the casino complex. The graphics and signage components (excluding the video board) are generally acceptable, but, consistent with

the conditions of the Commission's rezoning recommendation, should remain part of a separate review. In light of this, special consideration is to be given the Grand River facade, giving particular attention to the ground level treatment and creation of a gateway entry at Temple.

The casino representatives have been working diligently to identify issues and challenges and otherwise further enhance the modified design of the proposed casino complex. With the selection of the new architect, Giffels Inc., a new approach and more creative thinking have been brought to bear on the project. A review of applicable codes, a reassessment of the potential limitations of the existing structures and continued attempts to address some of the previously raised concerns resulted in the modified design presented to the Council at this time.

PUBLIC COMMENTARY

On June 16th the Commission held a public discussion on the modified design, inviting residents and property owners to provide public comment. Three persons elected to speak following the presentation. The first owned property on the south side of Spruce across from the existing surface parking lot, which is proposed to remain. She was concerned about the overall impact of the casino and her ability to develop the property she recently inherited. CPC pointed out that the three homes neighboring her property to the west were recently renovated and are occupied. Brinks also operates a facility just to the east, which they are currently expanding. CPC concluded that the land still has viability. The second speaker was a student requesting additional information. She was provided a copy of the plans to her satisfaction.

The third and final speaker raised concern for the lack of interaction between the casino and other adjacent properties, particularly across Grand River. When the casino originally opened, it provided active ingress and egress on Grand River and Brooklyn. However, as a result of minors being found on the casino floor, robberies and an automobile crashing through the Grand River entrance, it was determined that these access points presented too great a risk, and were closed, allowing emergency egress only. It is staff's understanding that the Michigan Gaming Control Board required that these measures be taken.

CONCLUSIONS

CPC and P&DD have been quite impressed with the responses to the concerns previously raised by City agencies prior to approval of the rezoning and with regard to the new direction this project has since taken. The casino representatives have shown a greater sensitivity to the issues raised and a commitment to an

even higher quality product. This is further borne out in the refinements being made to the project on an almost daily basis.

Since the casino would utilize the same approaches and virtually the same traffic patterns as it does today under temporary operation, increased traffic volume appears to be the primary traffic concern. The Traffic Engineering Division (TED) may complete its review of the revised traffic study prior to this matter being acted upon by your Honorable Body. TED does not have any major concerns at this time. Should anything major arise, the matter may require that the project be returned to the Commission.

CPC is satisfied with the revised design of the proposed facility and the improvements that been incorporated. The final configuration of some of the new revisions described above will be subject to the detailed review requirements of the TED, the City Engineering Division of the Department of Public Works and the Fire Marshal. Likewise, signage and graphics will remain subject to subsequent staff level review and approval in order to maintain consistency with the process used with the other casino projects. As the project evolves through the remaining phases of the design process, we are confident that this design concept can be realized, meeting or even exceeding our expectations.

RECOMMENDATION

The City Planning Commission has completed its review of the proposed design of the permanent casino complex for the Detroit Entertainment, LLC (d/b/a MotorCity Casino), and on July 7, 2005, took action to recommend approval of this request with the following conditions:

1. that the developer continue to work with City Planning Commission staff, the Planning and Development Department and other agencies as appropriate toward the refinement and finalization of the design of the casino complex;
2. that the surface parking and bus parking areas be fenced and landscaped utilizing high quality materials to create a unified casino campus distinguished from adjacent non-casino properties;
3. that on-site lighting features be designed and oriented in such a way as to eliminate intrusive spillover of light onto adjacent properties;
4. that some additional modification to design layout may be required upon completion of the Traffic Engineering Division's review of the traffic impact analysis; and
5. that signage and graphics will be subject to subsequent staff level review approval; and that final site plans and elevations, landscaping, lighting and signage plans be submitted to the City Planning Commission staff and Planning and Development Department for review and

approval prior to the issuance of applicable required permits.

Department of Health and Wellness Promotion

June 13, 2005

Honorable City Council:

Re: Resolution Authorizing Participation by the City of Detroit in a Disproportionate Share Transaction and Agreement with the Detroit Medical Center and the State of Michigan.

The Disproportionate Share Hospital Program (DSH) is a federal initiative providing resources to local hospitals for the delivery and purchase of health related services for the medically under-served. Through a partnership agreement with the Detroit Medical Center (DMC) and the State of Michigan, the Department of Health and Wellness Promotion (DHWP) seeks to provide and improve services to individuals (infants, children, youth and adults) needing health care and prevention services in Detroit.

Through its primary care/specialty clinics, dental clinics and supportive services, DHWP provides a comprehensive array of services to well over 100,000 individuals each year. Although some of these services are covered by third-party resources (e.g. Medicaid); there are a range of services such as transportation, social work, nutritional counseling, adult dental, health screening and health education that are not covered.

A major challenge in managing care for the clients we serve at DHWP, is our antiquated patient and client management systems. The department's primary data system is nearly 30 years old, and has limited accessibility to the front-line users. As a result, the ability to manage and support clients care over time is limited. In addition, the technology and medical equipment in all of our facilities are outdated and in need of upgrading for improved efficiency and efficacy.

DHWP respectfully requests City Council to approve the attached resolution, which will enable the department to provide a range of "safety net" and public health services not covered by the Medicaid program. Additionally, these resources will enable DHWP to implement much needed developments in the clinical and client support programs.

RESOLUTION AUTHORIZING PARTICIPATION BY THE CITY OF DETROIT IN A DISPROPORTIONATE SHARE TRANSACTION AND AGREEMENT WITH THE DETROIT MEDICAL CENTER AND THE STATE OF MICHIGAN

By Council Member S. Cockrel:

Whereas, Federal legislation enacted in 1980 and 1981 included authorization which allowed for the development of the Medicaid Disappropriate Share Hospital Program (DSH), and

Whereas, Federal law currently requires that state Medicaid programs give special consideration and support to hospitals serving a disappropriate number of low-income clients, and

Whereas, Federal resources are provided in support of this mandate through matching dollars provided to the State on behalf of local entities serving the low-income population, and

Whereas, Over the years, local hospitals in Detroit have used this federal benefit to deliver and purchase prevention and treatment services for low-income residents living in the City, and

Whereas, The configuration used for securing this federal benefit typically involves at least three entities: The State's Medicaid Program, a local hospital that provides care to the uninsured, and one or more local organizations with whom the hospital will purchase services. A local source (e.g. Government/municipality, foundation, private donor) submits an initial dollar match to the State agency. The State agency is able to draw down the matching dollars from the Federal resources for the DSH program. The local dollars and the Federal match are then forwarded to the local hospital, which expends the funds for the delivery and/or purchase of services for low-income clients. The transactions are typically done through wire transfer resulting in an almost immediate return of the local funds along with the federal match, and

Whereas, Discussions among the Detroit Department of Health and Wellness Promotion ("DHWP"), the Detroit Medical Center ("DMC") and the State of Michigan Medicaid Program Office ("State") have resulted in an agreement which would permit DHWP to use 2.1 million of its current budget allotment to submit the initial dollar match for this program. This amount would be wire transferred to the State of Michigan's Medicaid Program to draw down a federal match of 2.9 million. The State of Michigan will issue the Disappropriate Share Hospital payment totaling 5.0 mil-

lion to the Detroit Medical Center (DMC) via a lump sum payment, The DMC has in turn agreed to purchase services from the DHWP. This will allow for the return of the initial 2.1 million from the budget, and add an additional 2.9 million to off-set current expenses and upgrade services provided to uninsured and low-income families in Detroit. This benefit will enable DHWP to provide a range of public health services not covered by the Medicaid program.

Now, Therefore, Be It Resolved That:

1. It is hereby found to be necessary and desirable for the City to participate in a Disproportionate Share Agreement as outlined above and for that purpose the Director of the Department of Health and Wellness Promotion ("Director") is authorized to expend \$2.1 million of funds budgeted for the use of DHWP for the purpose of providing the necessary local funds in order to secure the federal match, and

2. The Finance Director is authorized to accept and appropriate \$2.9 million of the federal match, and

3. The director is authorized to execute an agreement with DMC, in form substantially similar to that attached to this Resolution as Exhibit A, pursuant to which DMC will purchase medical services for uninsured patients from DHWP and pay for these services with funds received from the State of Michigan pursuant to the Disproportionate Share Program, and

4. The Mayor, the City Clerk, the Finance Director and other officers of the City as may be necessary are each hereby authorized to execute and deliver such documents, instruments and certificates as are necessary or desirable to consummate the described transactions.

By COUNCIL MEMBER WATSON, Joined By COUNCIL PRESIDENT MAHAFFEY:

WHEREAS, The City of Detroit is undergoing a significant economic transformation, with various individuals, organizations and corporations offering opinions grounded in diverse economic development philosophies; and

WHEREAS, At least one economic development philosophy suggests that large retail department stores should not be part of a plan for the economic growth of a community; and

WHEREAS, It is suggested that large retail department stores (sometimes called "big box stores") frustrate the potential for the success of small, local entrepreneurs; and

WHEREAS, The City of Detroit needs more self-sustaining, income-generating, local entrepreneurs to expand and strengthen the local tax base; and

WHEREAS, At least one chain of big box stores (Wal-Mart) has been charged by employee advocates with paying unacceptably low wages, and providing health care coverage that is so inadequate, employees must resort to the use of publicly funded health care; and

WHEREAS, The economic needs of the City of Detroit cannot be effectively addressed if residents are employed, but nevertheless still in need of public assistance; and

WHEREAS, It is unacceptable for Detroit taxpayers to bear the burden of health care costs for privately employed workers when that responsibility should rest with the employer; and

Re: Neighborhood Enterprise Zone (NEZ) Certificate for 710 West Canfield in the Midtown NEZ area (Recommend Approval).

The City Planning Commission (CPC) staff has received one (1) application for the above-referenced NEZ certificate. The NEZ designation for the Midtown area generally bounded by Hancock, Cass, Selden and the Lodge Freeway was approved by the City Council on March 10, 1999. The CPC staff has reviewed the application and recommends approval.

The property at 710 West Canfield is confirmed as being within the boundaries of the NEZ and should be eligible for an NEZ certificate under State Act 147 of 1992 as currently written. 710 West Canfield, LLC has applied for the certificate at this time, although the buyer of the property is not known. The State Tax Commission will not issue a certificate until the owner is identified. Once the owner is identified, he/she would apply for the certificate. At that juncture, the Council would have to take no further action on this matter.

Re: Neighborhood Enterprise Zone Certificate Applications for designated units in 465-485 W. Milwaukee within the Orton Development (aka Argonaut Building) Neighborhood Enterprise Zone (Recommend Approval).

The office of the City Planning Commission (CPC) has received 264 applications for Neighborhood Enterprise Zone (NEZ) certificates for 465-485 W. Milwaukee, Units 1 through 264 in the Argonaut Building NEZ listed on Attachment A, forwarded from the Office of the City Clerk. CPC staff has reviewed the applications and recommends approval of the certificates.

The subject properties have been confirmed as being within the boundaries of the NEZ. The Master Plan designation for this area is Major Commercial. The 264 certificates for the units located in the subject property involve the conversion of a former commercial space into residential lofts.

It should be noted that the developer is requesting 17 year abatements. Recent amendments to the Neighborhood Enterprise Zone Act (Public Act 147 of 1992 as amended) allow for a certificate to remain in effect for up to 17 years for a "qualified historic building". §207.782 Sec. 12 (4) Duration of certificate states, in part:

"...a neighborhood enterprise zone certificate in effect for a rehabilitated facility

constituting all or a portion of a qualified historic building shall remain in effect for 11 to 17 years from the effective date of the certificates as determined by the governing body of the local governmental unit..."

A "qualified historic building" is one that is listed on the national register of historic places of the state register of historic sites, as per §206.266 of the Income Tax Act (Public Act 281 of 1967 as amended). Attached is a letter concerning the status of the listing of the Argonaut Building on the National Register of Historic Places. The Historic Designation Advisory Board staff has also confirmed that the building has been nominated by the State Historic Designation Officer and is pending national designation.

City Planning Commission

July 18, 2005

Honorable City Council:

Re: Proposed final modification, assignment, assumption, and consent agreement among the Stroh Brewery Company, Wolverine Packing Company, and City of Detroit regarding property located near the intersection of Wilkins and Rivard in the Wholesale Distribution Center No. 3 area to allow the Wolverine Packing Company to expand its facility and parking area (Recommend Approval).

The Planning and Development Department (P&DD) is making the above request to allow the Wolverine Packing Company to expand its facility and parking area.

BACKGROUND

The subject parcel is located on the south side of Wilkins Street between Rivard Avenue and the I-75 Service Drive and situated within the Wholesale Distribution Center No. 3 Development Area. The site is currently vacant and contains about 4.2 acres.

In 1973, the City sold the entire parcel (11.3 acres) along the Service Drive to the Stroh Brewery Company for development which never occurred. In 1990, Wolverine Packing purchased 2.7 acres at the southern end of the Stroh property and built offices and a warehouse. In 1996, Wolverine purchased an additional 8.6 acres; at the time, Wolverine proposed to build a 2-phase warehouse and parking lot on 4.4 acres and sell the northern 4.2 acres to the R. Hirt Jr. Company to build a warehouse.

Since 1996, Wolverine constructed phase one including a 48,000 square foot warehouse, 3,840 square foot office space, and expanded parking area.

PROPOSED DEVELOPMENT

The R. Hirt Jr. Company has since decided not to purchase the northern 4.2 acres; Wolverine Packing Company is now proposing to build the phase 2 warehouse addition containing 40,605 square feet and develop an expanded/reconfigured parking area for 96 employee parking spaces and 80 spaces for semi-trucks. The design for the buildings would match the existing warehouse with light gray metal panels with a dark brown accent band at the top of the panels. The parking area would have landscaping along the Service Drive, Wilkins Street, and Rivard Street. At the northwest corner of the property a sign welcoming persons to the Eastern Market would be installed.

Wolverine has also submitted plans for a phase three building expansion containing 36,840 square feet. If this addition were built, the parking lot would be redesigned to contain 71 employee parking spaces and 56 spaces for semi-trucks. Plans for the proposed expansions are attached for reference.

P&DD is requesting that the fencing surrounding the site be vinyl coated, black, and contain no razor wire, which CPC staff supports.

ANALYSIS

Zoning Considerations

The subject site is zoned B6 (General Services District) which allows wholesaling, warehousing, and cold storage plants. Since the 1996 review, the City's Zoning Ordinance has been amended to include additional landscaping and parking lot requirements which appear not to be reflected in some of the parking lot design.

The Development Plan

The City Planning Commission (CPC) staff finds the proposed assignment in accord with the Wholesale Distribution Center #3 Land Use Development Plan which allows wholesale and retail food distribution including related parking.

Design

The Development Plan states in part, "the design and appearance of all buildings and structures shall be such as to compliment and enhance the character and appeal of the retail "Eastern Market." CPC staff understands that the light-colored metal panels are needed in part due to the cold temperatures which must be maintained within the building. The petitioner is proposing to continue the dark brown accent band at the top of the freezer panels and dark brown canopy over the truck wells.

Community Input

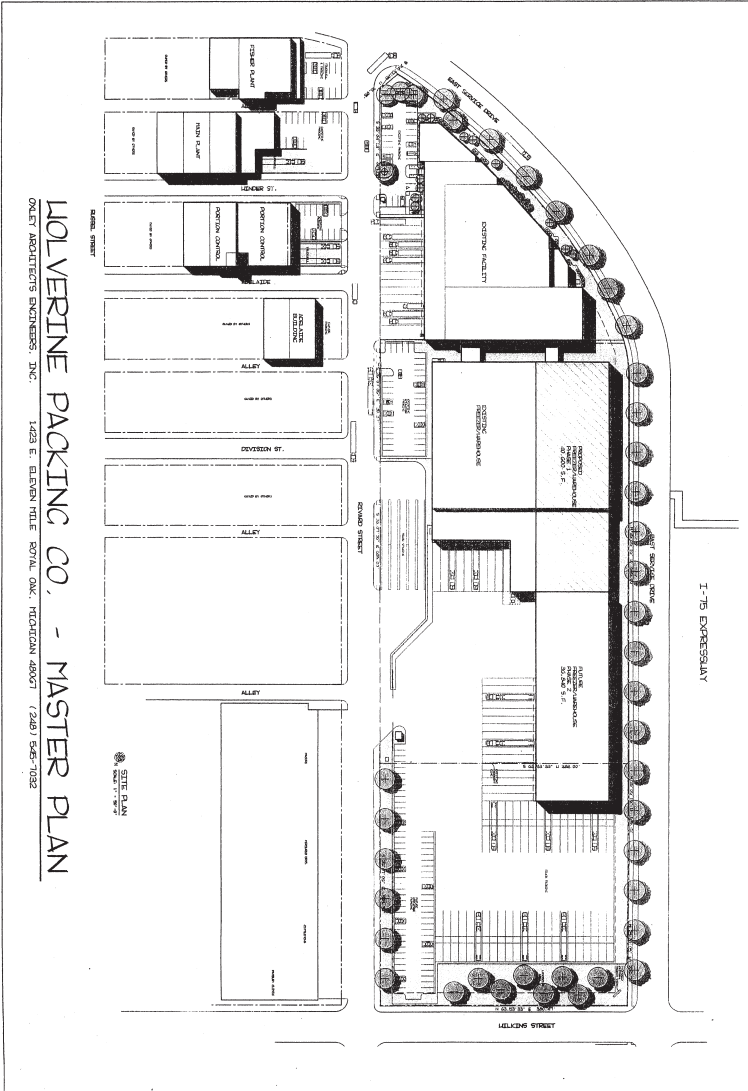

In April, 2004, the Wholesale Citizens' District Council voted in support of the project.

RECOMMENDATION

Because the subject request involves the further expansion of a previously reviewed project, CPC staff did not refer the subject request to the Commission for review and comment.

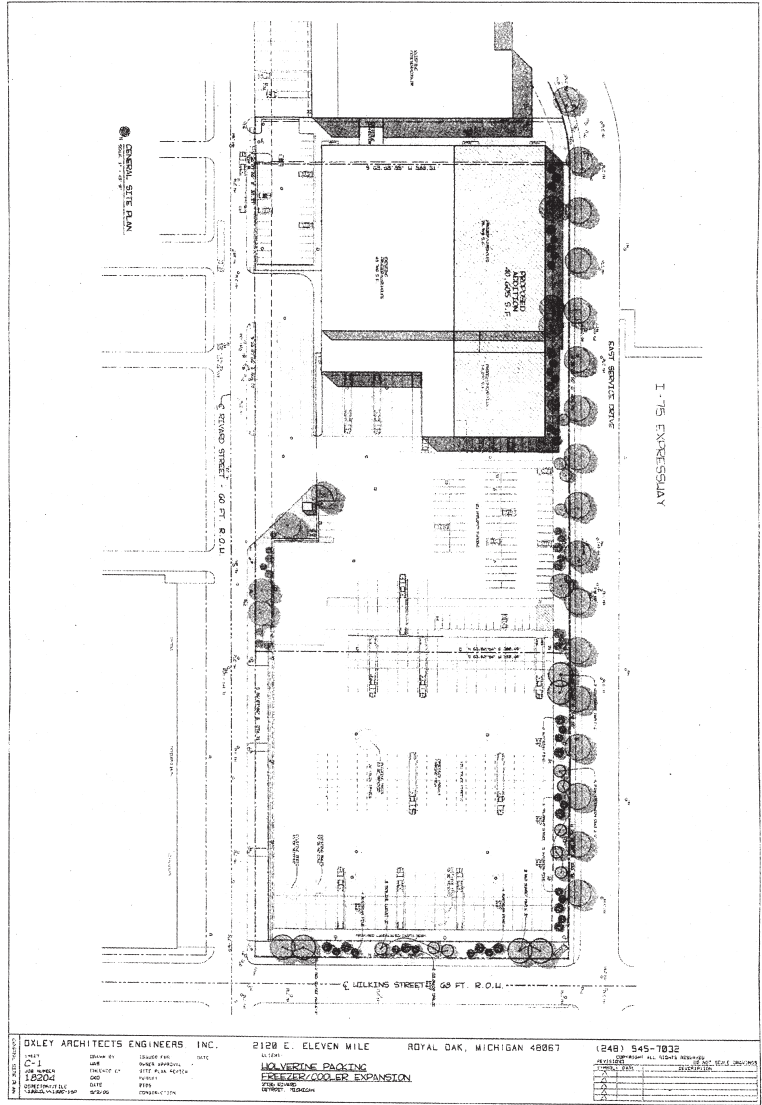

CPC staff supports Wolverine Packing Company expanding its operations in the Eastern Market area and recommends approval of the request.

Re: Wholesale Distribution Center Rehabilitation Project No. 3 Land Disposition: Parcel 3 (Land bounded by the Chrysler Service Drive, Wilkins and Rivard). Final Modification, Assignment, Assumption and Consent Agreement among Stroh Brewery Company, an Arizona Corporation, Wolverine Packing Company, a Michigan corporation, and the City of Detroit.

On January 30, 1973, the City of Detroit ("City") entered into an Agreement to Purchase and Develop Land (the "Development Agreement") with Stroh Brewery Company ("Stroh") for the development of Parcel 3 as part of the Wholesale Distribution Center Rehabilitation Project No. 3 (formerly known as Parcel 3 in the Wholesale Distribution Center Rehabilitation Project No. 1). On January 12, 1990 the City entered into a Modification, Assignment Assumption and Consent Agreement with Stroh and Wolverine Packing Company, a Michigan corporation ("Wolverine"), to allow Stroh to sell to Wolverine the southerly part (approximately 2.7477 acres of the total 11.3569 acres) of Parcel 3. Said sale was consummated and the development of said 2.7477 acres was completed by Wolverine.

In late 1996, Stroh, having determined that it was no longer feasible for it to construct a facility for the storage and transportation of beer in Parcel 3, requested a further modification of the Development Agreement which would authorize it to convey the balance of Parcel 3 (8.6092 acres) to Wolverine which would develop 4.4 acres of the site and convey the remaining 4.2 acres to J.R. Hirt Company. Each entity would construct cold storage facilities on their respective parcels. Although your Honorable Body on or about December 6, 1996 approved this modification agreement, the J.R. Hirt Company never entered into said modification agreement and abandoned its plans to purchase and develop its portion of Parcel 3. Therefore, Wolverine decided to purchase and develop the entire 8.6092 acres itself. On April 28, 1997 it entered into a land contract with Stroh for the balance of Parcel 3 and began construction on that portion of the site it was authorized to improve.

In view of the fact that Stroh has been unable to develop Parcel 3 and that Wolverine has heavily invested in and successfully completed its development projects on the site in question, the Planning and Development Department recommends that the City be authorized

to enter into a Modification, Assignment, Assumption and Consent Agreement (the "Agreement") so that Wolverine can complete the development of Parcel 3. Said Agreement would accomplish the following:

1. Assigns all of Stroh's rights, interest and obligations in and under the Development Agreement, as modified by the Agreement, to Wolverine;

2. Provide that Wolverine accepts all said rights and interest and assumes all said obligations in and under the Development Agreement as modified by the Agreement; and,

3. Confirms that the City releases Stroh from all of its obligations under the Development Agreement, except as provided in the Agreement, and further acknowledges the City's consent to the conveyance of the 8.6092 acres of Parcel 3 from Stroh to Wolverine for the development of cold storage and packing facilities to be described in the Agreement.

The project was also reviewed by the Wholesale Distribution Center Citizens' District Council on April 13, 2004, and Wolverine was recommended for approval unanimously on the same date.

Therefore, we request that your Honorable Body approve and authorize a Modification, Assignment, Assumption and Consent Agreement for the purposes stated above. A proposed resolution, with appropriate attachments, is attached for your consideration.

Respectfully submitted,

Re: Wolverine Expansion Proposal

Dear Mr. Marusich,

On behalf of the WDCCDC Board, I submit this letter in support of the Wolverine Packing expansion project. The original proposal came before the Board on April 13, 2004 and was approved unanimously.

The development will be a great addition to the current facility. The completed project will also result in additional jobs, increased tax base and a more aesthetically pleasing western gateway into the market with the proposed landscaping and signage at the corner of Wilkins Street and the I-75 Service Drive.

If you have any questions or require additional information regarding our position and/or support of this project, please contact our Chairperson, Joseph G. Kuspa, at 313.833.3445.

Honorable City Council:
Re: Second Amended and Restated Mack Alter North Brownfield Plan.

The enclosed Brownfield Plan for Mack Alter North Second Amended and Restated Plan (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on July 20, 2005 to solicit public comments. At its July 14, 2005 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On July 20, 2005, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a

certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

The DBRA approved a Brownfield Plan for Mack Alter North (the "plan") that was subsequently approved by the Detroit City Council on September 11, 2002. The original plan; plan contemplated the redevelopment of the Wow Site Property and the Spec Site Property for commercial and retail use by East Side Land, Inc and Mack Alter, LLC (the "Developer"). It was necessary to amend the Original Plan to authorize additional eligible activities to be funded by tax increment revenues captured by the Authority, to revise estimates of costs for certain eligible activities as they relate to the Wow Site Property and to revise estimates of captured taxable value or tax increment revenues. The first amended and restated Brownfield Plan for the Northwest Side of Mack and Alter Redevelopment Project (the "amendment") was approved by City Council on July 28, 2004. This second amendment addresses the approximately one acre spec site just west of phase 1, the Wow site.

Purpose of the Proposed Plan

The proposed plan is intended to accomplish the following purposes: First upon approval of this Plan by City Council, the Developer will be entitled to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their capital investment in the project. Second, the Detroit Brownfield Redevelopment Authority will be authorized to capture tax increment revenues produced from the development of properties subject to this Plan to offset the cost to Land Inc for the environmental, infrastructure and site preparation work performed on the property subject to the Plan.

Property Subject to the Proposed Plan

The parcels that comprise the eligible property consists of the same parcels and addresses as described in the Original Plan as approved in accordance with Act 381.

Basis of Eligibility

The property is considered "eligible property" as defined by Act 381, Section 2 because (a) the property was previously

utilized for a commercial and/or residential purpose; (b) it is located within the City of Detroit, a qualified local government unit; and (c) the buildings have been determined to be blighted as defined by Act 381.

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Spec Site Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include Baseline Environmental Assessment activities, due care activities, additional reponse activities, demolition and site preparation. Eligible investment is estimated at \$1,000,000.

Tax Increment Financing (TIF) Capture

The Developer desires to be reimbursed for the costs of eligible activities. Tax increment revenues generated by the Property will be captured by the Authority and used to reimburse the cost of the eligible activities completed on the Property after the approval of this Plan. No costs of eligible activities will be qualified for reimbursement except to the extent permitted in accordance with the terms and conditions of the Reimbursement Agreement. Total taxes to be captured are \$200,000 for reimbursement of eligible expenses and \$45,182 in administrative fees and captured taxes for the DBRA revolving loan fund.

Public Comments Received

The Committee's communication to the City Council and the Authority, dated July 14, 2005 (Exhibit C), recommending approval of the Plan including the minutes of the public hearing held by the Authority on July 20, 2005 are enclosed for City Council's consideration.

Re: Petition from American Axle Manufacturing, Inc. for the Establishment of an Industrial Development District in the Area of One Dauch Drive (Petition #3606).

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the petition of the following entity which request the establishment of an Industrial Development District under Public Act 198 of 1974 ("the Act").

Petitioner: American Axle Manufacturing.
Address: One Dauch Drive.

Type of Business and Investment: The American Axle Corporation is a major automotive manufacturing and supply company. The nature of the investment is the purchase of new equipment for automotive component manufacturing. The application for the tax exemption certificate is \$164,042,425.

Based on discussions with company representatives and examination of the submitted petition, we are convinced this company meets the criteria for tax relief as set forth in the Act.

The boundaries of the proposed district are described in Exhibit A (legal description) and illustrated in the map also attached.

We respectfully request that a Public Hearing be scheduled on the petition #3606, in accordance with the attached resolution and legal description, for the purpose of considering the establishment of an Industrial Development District.

Honorable City Council:

Re: Establishment of a Plant Rehabilitation District for American Axle & Manufacturing, Inc.

American Axle & Manufacturing, Inc. (AAM) is a Michigan-based automotive supplier, manufacturing and assembling driveline products for General Motors and DCX. American Axle & Manufacturing's

business headquarters is located at One Dauch Drive, Detroit, Michigan 48211-1198. AAM also operates manufacturing facilities in the City of Three Rivers, Michigan and Guanajuato, Mexico.

American Axle & Manufacturing, Inc., who is one of Detroit's largest private employers, has been selected to manufacture General Motors' GMT 900 series driveline products for full size, light truck, and SUV vehicles. Some of the products that are currently manufactured under General Motors' GMT 800 series, and will be upgraded, include the Silverado, Sierra, Tahoe, Yukon, and Suburban. The Cadillac Escalade and Hummer H2 will also be included in the new GMT 900 series. This program will feature new front and rear axle designs and is scheduled for a December 2005 launch date. Because this new program will replace the current GMT 800 series, primarily manufactured at the AAM Detroit facilities, existing machinery and equipment must be replaced and AAM's associates will need training on the new equipment that will be delivered. The estimated investment for this project is \$164 million and if successful, will retain 458 Detroit associate jobs.

AAM anticipates that based on their customers requirements, all necessary improvements and training must be made by October 2006. This is dictated by delivery and installation requirements for the new equipment and a December launch date.

American Axle & Manufacturing, Inc. strongly believes this investment is a prudent one for several reasons. General Motors Corporation is AAM's largest customer. Revenues from the sale of these products present over 50% of AAM's total revenue, which is estimated at \$2.0+ billion annually. Even more important, the Detroit facilities as well as the Three Rivers, and Michigan plants are in direct competition with AAM's sister facility in Guanajuato, Mexico. In addition, right axles built at the Holbrook Avenue facility are being shipped to Sangyong Motors in South Korea for those vehicles produced and sold in South Korea. American Axle and Manufacturing, Inc. has fought to bring back business and retain UAW represented jobs in the United States. So strong is that commitment, AAM is going against the grain in an effort to beat global competition.

American Axle & Manufacturing, Inc. humbly submits this request to the Detroit City Council to establish a Plant Rehabilitation District, and the company is applying for the P.A. 198 Tax Abatement in the City of Detroit. American Axle & Manufacturing, Inc. hopes to be in a position to consummate the purchase and delivery of new machinery and equipment next month (August 2005). While we real-

ize this request is not as timely due to your scheduled recess, it is our hope you will consider it in its sincerity and the critical nature of our company to be prepared for this launch opportunity.

It is AAM's hope, that the Detroit City Council could give consideration to this request and be able to provide written notice by certified mail to the owners of all of the real property within the proposed districts, hold a public hearing at which those owners and other residents and/or taxpayers have an opportunity to be heard, and set forth a finding and determination.

In order to assist City Council in its efforts, we have attached a legal description of the property (Exhibit A) that would be designated as a plant rehabilitation district.

Respectfully submitted,

*WAIVER OF RECONSIDERATION (No. 1), per Motions before Adjournment.

Law Department

July 22, 2005

Honorable City Council:

Re: Petition Number 4033 — Request for City Council Approval for the Issuance of a New Michigan Liquor Control Commission Entertainment Permit to The Right Productions, Inc. for the Ron Milner Amphitheater at Chene Park, 2600 Atwater.

Section 916(6)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a dance-entertainment

permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded to the Detroit City Council a Local Approval Notice (Request ID number 313095), which has been designated by the City Clerk as Petition Number 4033. This Local Approval Notice requests City Council approval or disapproval of a request by The Right Productions, Inc. for a new entertainment permit in conjunction with the transfer of ownership of a Class "C" liquor license in escrow at 1310 Cass to The Ron Milner Amphitheater at Chene Park at 2600 Atwater.

The Right Productions, Inc. ("Right Productions") has a contract with the City of Detroit until March 2007 to manage the Chene Park amphitheater, including the public areas of the park and two associated parking lots. Pursuant to this contract, Right Productions creates and promotes a schedule of concerts, events, and other activities at the Chene Park location. The Chene Park amphitheater and other public areas are located in a PR (Parks and Recreation) zoning district and therefore the use of this property for an outdoor entertainment facility is a conforming land use in accordance with the Detroit Zoning Ordinance.

Pursuant to Section 5-7-1 of the 1984 Detroit City Code, a Group 'A' cabaret business license is required for an establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without dancing. Consumer Affairs Business License Center records indicate that Right Productions has applied for a Group 'A' cabaret license for the Chene Park location. As such, Right Productions will have to meet the applicable requirements of the 1984 Detroit City Code prior to the issuance of the requested cabaret business license. Right Productions does not operate any other licensed premises within the City. After investigation and review, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended the approval of the transfer of the liquor license and the issuance of an entertainment permit to Right Productions for the Chene Park location at 2600 Atwater.

Therefore, upon this Body's approval of the request for the issuance of an entertainment permit and the issuance of a Group 'A' cabaret license by the Consumer Affairs Business License Center to Right Productions, the location will be approved for entertainment on the

premises Pursuant to Section 916(1) of the Liquor Control Code, being MCL 436.1916(6)(1), the issuance of an entertainment permit does not allow topless activity on the premises. Further, Section 5-7-13 of the 1984 Detroit City Code prohibits adult entertainment in an establishment licensed as a Group 'A' cabaret.

The Law Department recommends that this matter be placed on the City Council's agenda for the approval or disapproval of the requested new entertainment permit in accordance with this Body's August 1, 2003 and July 7, 2004 resolutions on the procedures and criteria for the approval or disapproval of dance, dance-entertainment, and topless activity permits. Attached is a proposed resolution approving the issuance of the entertainment permit to The Right Productions, Inc.

If there are any questions or concerns, please do not hesitate to contact our office.

Deputy Corporation Counsel

By Council Member Tinsley-Talabi:

Whereas, Section 916(6)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located;

Whereas, Pursuant to this requirement, the MLCC has forwarded to the Detroit City Council a Local Approval Notice (Request ID number 313095), which has been designated by the City Clerk as Petition Number 4033;

Whereas, The Local Approval Notice requests City Council approval or disapproval of a request by The Right Productions, Inc. for a new entertainment permit in conjunction with the transfer of ownership of a Class "C" liquor license in escrow at 1310 Cass to The Ron Milner Amphitheater at Chene Park at 2600 Atwater;

Whereas, The Right Productions, Inc. ("Right Productions") has a contract with the City of Detroit until March 2007 to manage the Chene Park amphitheater, including the public areas of the park and two associated parking lots;

Whereas, Pursuant to this contract with the City, Right Productions creates and promotes a schedule of concerts, events, and other activities at the Chene Park location;

Whereas, The Chene Park amphitheater and other public areas are located in a PR (Parks and Recreation) zoning district and therefore the use of this property

for an outdoor entertainment facility is a conforming land use in accordance with the Detroit Zoning Ordinance;

Whereas, Pursuant to Section 5-7-1 of the 1984 Detroit City Code, a Group 'A' cabaret business license is required for an establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without dancing;

Whereas, Consumer Affairs Business License Center records indicate that Right Productions has applied for a Group 'A' cabaret license for the Chene Park location and will have to meet all of the applicable requirements of the 1984 Detroit City Code prior to the issuance of the requested cabaret business license;

Whereas, Right Productions does not operate any other licensed premises within the City and after investigation and review, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended the approval of the transfer of the liquor license and the issuance of an entertainment permit to Right Productions for the Chene Park location at 2600 Atwater;

Whereas, Upon this Body's approval of the request for the issuance of an entertainment permit and the issuance of a Group 'A' cabaret license by the Consumer Affairs Business License Center to Right Productions, the location will be approved for entertainment on the premises;

Whereas, Pursuant to Section 916(1) of the Liquor Control Code, being MCL 436.1916(6)(1), the issuance of an entertainment permit does not allow topless activity on the premises and Section 5-7-13 of the 1984 Detroit City Code prohibits adult entertainment at a location licensed as a Group 'A' cabaret; and

Whereas, The Detroit City Council has considered the Local Approval Notice for the approval of the issuance of a new entertainment permit to Right Productions for the Chene Park location at 2600 Atwater in accordance with this Body's August 1, 2003 and July 7, 2004 resolutions on the procedures and criteria for the approval or disapproval of the issuance of MLCC dance, entertainment, or topless activity permits to licensed locations;

Now Therefore It Is Resolved, Pursuant to Section 916(6)(b) of the Michigan Liquor Control Code, being MCL 436.1916(6)(b), that the Detroit City Council, approves the issuance of an entertainment permit to The Right Productions, Inc. for the Chene Park location at 2600 Atwater; and

It Is Further Resolved, That copies of this Resolution, and the City Clerk's certification of this approval of MLCC request

ID number 313095, be forwarded to the Michigan Department of Consumer and Industry Services, Liquor Control Commission, 7150 Harris Drive, P.O. Box 30005, Lansing, MI 48909-7575, the Detroit Police Department, Liquor License Unit, 2100 Park Street, Room 114-2, and the Consumer Affairs Business License Center, 105 Coleman A. Young Municipal Center.

Office of the City Clerk

July 15, 2005

Honorable City Council:

Re: Resolution regarding Grant Application to the State of Michigan for acquisition of New Voting Equipment and Associated Software.

Submitting the attached Resolution for your consideration and approval at your formal session on Wednesday, July 20, 2005.

Respectfully submitted,

JACKIE L. CURRIE

City Clerk

By Council Member Tinsley-Talabi:

Whereas, The Detroit City Council wishes to apply to the Secretary of State for a grant to purchase an upgrade of our current optical scan voting system and related Election Management (EMS) software to comply with the Help America Vote Act (HAVA) of 2002.

Whereas, The Detroit City Council has chosen to submit a grant application for a new optical scan voting system to be implemented in 2006. This system would be an upgrade of our current optical scan system implemented in 1998.

Whereas, The Detroit City Clerk and the Department of Elections have conducted extensive tests, interviews, and research on the three (3) vendors approved by the State of Michigan through their Request for Proposal (RFP).

Whereas, The State of Michigan has recommended that each Michigan County select an election system vendor for their respective county.

Whereas, As the result of the extensive testing, interviews with each vendor and supporting documentation, the City of Detroit's Election Department determined that the system selected by the County Clerk (M-100, manufactured and distributed by Elections Systems and Software) had several major deficiencies and adverse cost affects on the City's current and future budgets.

Whereas, Based upon the extensive testing, interviews and supporting docu-

mentation, Detroit hereby requests a waiver or an exemption from the vendor selection made by the County Clerk (ES&S, M-100).

Whereas, The City of Detroit City Council has chosen to submit a grant application for an upgraded, HAVA 2002 compliant, optical scan voting system by July 27, 2005 from Sequoia Voting Systems to be implemented in 2006, based upon the facts stated within this resolution and the accompanying supporting documentation.

Whereas, The Sequoia voting machines would provide voters with a seamless transition to the latest voting technology, while maintaining a consistent level of voter confidence.

Whereas, The OPTECH-INSIGHT technology has been proven to be user-friendly and reliable.

Now, Therefore, Be It Resolved, That the City Clerk of the City of Detroit is authorized to seek a waiver from the State that ensures that HAVA funds are available to the City of Detroit in order to name Sequoia Voting Systems as its vendor of choice.

RESOLUTION

By COUNCIL MEMBER WATSON:

WHEREAS, Pervasive and unrelenting police terrorism directed at communities of color during the 1960s made necessary the formation of the Black Panther Party for Self-Defense; and

WHEREAS, Numerous dedicated and courageous young people of African ancestry enlisted in the ranks of the Black Panther Party to monitor and deter police violence, and to staff community service

programs aimed at providing food, health care, legal assistance, transportation and other services to Black and other poor people living in poverty; and

WHEREAS, One of the committed individuals who joined the Black Panther Party was Assata Shakur; and

WHEREAS, J. Edgar Hoover, then-Director of the FBI, proclaimed that the Black Panther Party was "the greatest threat to the internal security" of the United States; and

WHEREAS, The FBI commenced an illegal campaign of terror against the Black Panther Party that came to be known as "COINTELPRO" (Counter-Intelligence Program); and

WHEREAS, In the face of increasing government violence directed at the Black Panther Party, and other activists, Assata Shakur became one of many targets of government surveillance, harassment and intimidation; and

WHEREAS, On May 2, 1973, Shakur and others in a vehicle in which she was traveling became the victims of racial profiling when they were stopped on the New Jersey Turnpike, allegedly because of a broken tail-light; and

WHEREAS, During the stop, fatal gunshot wounds were sustained by a State Trooper and one of Shakur's companions; and

WHEREAS, Shakur was later charged with both deaths and then tried before an all-white jury; and

WHEREAS, Shakur escaped from Clinton Correctional Institution in 1979 after she concluded that her life was in danger and that she had no hope of receiving justice; and

WHEREAS, On May 2, 2005, the U.S.

WHEREAS, The bounty is likely to encourage illegal and unjustifiable kidnapping attempts that will place Shakur's life in jeopardy; and

WHEREAS, Shakur's supporters have proclaimed Sunday, July 17, 2005 as "International Hands Off Assata Day"; NOW, THEREFORE BE IT

RESOLVED, That the City Council for the City of Detroit calls upon the U.S. Justice Department to demonstrate respect for U.S. and international law by immediately withdrawing the offer to pay a one million dollar bounty for the capture of Assata Shakur; AND BE IT FURTHER

Re: Neighborhood Enterprise Zone (NEZ) Certificate Application for 1753 Trumbull in the Corktown NEZ area (Recommend Approval).

The City Clerk's Office forwarded to our office an application for a Neighborhood Enterprise Zone (NEZ) certificate at 1753 Trumbull. City Planning Commission staff's research indicates that the above property is within the boundaries of the Corktown NEZ, which was approved by City Council in 1994.

The certificate is for an extensive rehabilitation of a single family structure totaling about \$136,000. It appears the true cash value of the structure is under \$30,000 which is less than the \$80,000 per unit maximum allowed under the NEZ Act.

Based on the above analysis, CPC staff recommends approval of the subject NEZ certificate. Please contact us should you have any questions.

City Planning Commission

July 25, 2005

Honorable City Council:

Re: Request of Eye on Detroit to: 1) modify the approved plans for an existing PD (Planned Development District) zoning classification, and 2) rezone land on Frisbee Avenue from an R1 (Single-Family Residential District) zoning classification to a PD zoning classification near the intersection of Telegraph Road and West Seven Mile Road (Recommend Approval with Conditions).

Eye on Detroit (represented by developers Steve Schafer and Herb Strather) is requesting to rezone the north and south sides of Frisbee Avenue between Woodbine and Lenore Avenues from R1 to PD and to modify the approved plans for an existing PD (established in 2004 by Ordinance No. 44-04) generally located between Lenore and Telegraph Road south of Frisbee Avenue to allow for the construction of a retail complex.

BACKGROUND

In November, 2004, City Council approved the existing PD subject to 24 conditions to allow for the construction of a retail complex containing two stand-alone big box stores (one of which is a Home Depot) and three outlets (Fifth Third Bank, Flagstar Bank, and Starbucks). The existing PD which contains about 24.6 acres is bound by Telegraph Road on the east, an east/west line approximately 780 feet north of West Seven Mile Road on the south, Lenore Avenue on the west, and Frisbee Avenue on the north, with the exception of the south side of Frisbee Avenue from Woodbine to Lenore Avenues. This area contains 81 houses which the developer is proposing to purchase and demolish or, if possible, relocate to a nearby neighborhood.

PROPOSAL

In 2004 when the City first reviewed the proposal, many residents living on the south side of Frisbee Avenue between Woodbine to Lenore Avenues asked that their homes also be purchased. Since November, 2004, the petitioner was able to negotiate purchase agreements with the 18 homeowners on both the north and south side of Frisbee between Lenore and Woodbines Avenues. As a result, Eye on Detroit is now requesting to rezone the north and south sides of Frisbee Avenue

between Woodbine and Lenore Avenues from R1 to PD and to modify the overall site plan which would be expanded onto the newly rezoned land.

The petitioner is proposing to remove the 18 houses on Frisbee and to close Frisbee from Telegraph Road to Lenore Avenue; to date, the petitioner has not been able to purchase the house at the northwest corner of Telegraph and Frisbee, which is not part of the proposed rezoning.

The current site plan shows one big-box store (proposed to be The Home Depot) at the south end of the site connected to a retail complex with spaces for several mid-size retailers (please see the attached site plan for reference). To date, the developer has not been able to secure a second big-box store, but has interest from several medium sized retailers. The parking lot would include 4 outlet buildings, including 2 banks, a restaurant/retail building containing 10,000 square feet, and a 14,490 square foot building containing a drive-through Starbucks and police mini-station.

Other changes from previous plans include:

- The two detention ponds at the southwest corner of the site would be placed underneath the parking lot;
- The parking lot would provide 1,370 spaces (rather than the 1,159 spaces originally provided); and
- The setback along Lenore Avenue would be 40 feet from the perimeter screen wall to the curb-line on the east of Lenore rather than the initial 30 feet.

PUBLIC HEARING RESULTS AND COMMUNITY FEEDBACK

On January 20, 2005, the City Planning Commission (CPC) held a public hearing on the proposed request with eight residents from the west side of Lenore providing comments. One speaker expressed support for the project, but wanted to be bought out. Five persons spoke in opposition raising concerns that the project would reduce their quality of life, they did not want to look at a brick wall, the project would have negative health impacts, and the project would reduce property values. Several raised allegations that, when the project was first being reviewed in 2004, the Committee selected to represent the Concerned Residents of Lenore-West misrepresented the block in negotiations with Eye on Detroit. Two persons spoke in support of the new proposal and defended the past actions of the Committee.

CPC STAFF FOLLOW-UP ON LENORE ALLEGATIONS

In January, 2005, City Council asked CPC staff to report on the allegations that some Committee members of the Concerned Residents of Lenore-West misrepresented the block in negotiations with Eye on Detroit. In response, CPC

staff submitted a report dated February 16, 2005 to Council Members. CPC staff could not definitely conclude whether or not the Committee misrepresented the block, because of the conflicting reports. Overall, CPC staff could not find evidence of any specific wrongdoing.

ANALYSIS

Surrounding Zoning and Land Use

The zoning classification and land uses surrounding the subject area are as follows:

North: R1; single-family housing

East: R1 and R3 (Low Density Residential District); single-family housing and apartment complex

South: PD and R1; single-family housing, apartment building and retail complex

West: R1; single-family housing

Master Plan

The PD zoning classification requires that the major land use of the planned development be consistent with the most general land use category proposed in the Master Plan for the area. The Planning and Development Department (P&DD) has determined that the plans related to the additional requested rezoning does not conform to the intent of the Master Plan and has submitted to City Council a Master Plan amendment to specify a future land use of General Commercial.

Traffic and Pedestrian Circulation

When Council first reviewed the project, several residents voiced support for installing a cul-de-sac at the intersection of Telegraph and Frisbee to reduce cut-through traffic. As a result, Council required as part of the initial PD that the developer install a cul-de-sac at the intersection of Telegraph Road and Frisbee Avenue. The new proposal calls for extending the closure of Frisbee from Telegraph to the eastern curb of Lenore; in June, 2005, the person residing in the house on the north side of Frisbee who would be adjacent to the vacated section of Frisbee submitted a letter raising concerns about the project; CPC staff spoke with the owner who is concerned about being cut off from Frisbee and having Frisbee Avenue stop in front of their house.

As part of the initial PD approval, one of the conditions required that access to the parking lot be limited from Telegraph only and not Woodbine. The City did not want Woodbine (a local street) north of West Seven Mile to be used as a main route to and from the retail complex. The CPC was hoping that Woodbine Avenue would be routed onto Telegraph Road; however, it appears creating a new Woodbine curb-cut onto Telegraph Road would place it too close to the proposed southern driveway onto Telegraph for the proposed complex. The CPC would like the CPC staff to continue working with other City depart-

ments to create the best plan for the treatment of Woodbine north of West Seven Mile Road.

Property Values and Project Design

One of the biggest concerns raised in opposition to the project is that it will decrease adjacent homeowner property values. As stated in our previous reports, the CPC thinks if the project is built, property values may go up or down. However, it will be very difficult to prove the direct correlation between the proposed project and adjacent property values. Values could fluctuate based on a variety of factors, including the area housing market, perceptions, schools, location, etc. The CPC thinks the best way to deal with this issue is to require that the project be designed to a high standard and be well managed.

Health Impacts

Some residents on the west side of Lenore have expressed concerns that when the houses are being moved or demolished and the project is being built, resident's health will be negatively impacted. In response, the developer has agreed to relocate adjacent residents with health issues on the west side of Lenore and south side of Pembroke during clearance of the site.

Parking Analysis

The PD zoning district allows flexibility in the number of parking spaces provided. It appears the Zoning Ordinance would require 1,287 spaces while 1,370 spaces were proposed.

Drive-Through Requirements

The CPC recommends the petitioner provide 4 stacking spaces per bank teller lane, 3 spaces for automated teller machines, 6 spaces for drive-through restaurant order boxes, and 4 spaces for drive-through restaurants from the order box to the pick-up window. It appears minor modifications might be needed for some of the outlot drive-through windows.

Recent Community Feedback

CPC staff has been in contact with residents on the south side of Pembroke just north of the proposed project. In February, 2005, CPC staff met with some of these residents with the developer. At the time, the group favored an eight-foot high wall (with the appearance of brick) at the rear of their properties.

CONCLUSION AND RECOMMENDATION

The CPC thinks the expanded retail complex is a good idea which will create a better retail complex for shoppers. While adding the stores might intensify activity at the site, we think expanding the acreage will help provide additional parking and setback areas. Overall, the CPC thinks closing Frisbee between Telegraph and Lenore will help reduce the number of cars cutting through the neighborhood from Telegraph Road.

In response to concerns raised by some residents adjacent to the project, the developer has made commitments to address many of the concerns, several of which are codified in the below conditions. To help mitigate the impacts, the CPC thinks high standards of building design, screening, and landscaping, as well as management, need to be implemented.

After consideration of the above factors, on July 7, 2005, the City Planning Commission voted to recommend **APPROVAL** of the requested PD plan modification and rezoning with the conditions listed below:

1. The Site Plan shall be revised to show the following:

a. The perimeter screen wall at the south shall be 6 feet and the perimeter screen wall at the west side of the site shall be designed to be 10 feet tall on the interior side of the parking lot and 6 feet tall on exterior side,

b. That a perimeter screen wall be installed on the north side of the property, and its location and height be subject to review and approval by CPC staff,

c. A sidewalk be installed on the west side of Telegraph along the entire length of the project,

d. A wall, hedge, or berm be installed along the east parking lot edge to shield automobile lights from residential property across Telegraph, and

e. Four stacking spaces per bank teller lane, 3 spaces for automated teller machines, 6 spaces for drive-through restaurant order boxes, and 4 spaces for drive-through restaurants from the order box to the pick-up window be provided.

2. The garden center storage material be screened from residential areas on Lenore and not be stacked above the screen wall/fencing.

3. Final elevations for all building shall be subject to review and approval of CPC staff.

4. The rear and side elevations of stores adjacent to Lenore shall include a decorative treatment of the walls and roofline and roof screening subject to review and approval of the CPC staff.

5. Any compactors, dumpsters, storage areas, truck wells, or loading areas at the rear or sides of the big box stores shall be adequately screened with walls similar to the store type.

6. The materials and color used on both sides of the perimeter screen wall shall be subject to review and approval by CPC staff (brick facing on the exterior side of the walls is the preferred material).

7. Benches and other public amenities shall be provided in open space areas subject to review and approval by CPC staff.

8. Along the east side of Lenore and the north end of the site, the wall and landscaping shall be installed after the

houses are removed and started when construction work is begun on the commercial complex.

9. A separate landscaping plan indicating species, location, and caliper of landscaping materials shall be submitted and subject to review and approval by CPC staff; the plan should include, in part, a mix of deciduous and evergreen shrubbery and trees; the existing trees, particularly on the east side of Lenore, should be retained where possible; and additional landscaping and tree plantings should be provided within the parking area.

10. The setback along Lenore shall include, in part, an undulating berm, evergreens no less than eight foot tall, and irrigation.

11. A separate signage plan for all signs on the site indicating size, type, and location of any signs shall be submitted for review and approval by CPC staff.

12. Lighting installed in the parking lot and building walls shall be compatible with the surrounding residential community, designed to reflect downward, and reduced in intensity when stores are not open to the public; the proposed Home Depot garden shop should install light shields to prevent lights from shining into residential areas.

13. Truck deliveries shall be restricted to between 7:00 A.M. and 9:00 P.M. for semi-trucks and between 6 A.M. and 10:00 P.M. for other truck deliveries; additionally, there shall be no standing or parking of trucks with engines running along the north, west, or south parking lot areas at any time unless in the process of making a delivery.

14. Hours of operation for any compactor waste bin shall be restricted to between 7:00 A.M. and 9:00 P.M.

15. Private security patrol cars shall be provided to canvass and monitor the parking lot and outer perimeter of the site, including Lenore.

16. Daily year-round snow removal, lawn care, and maintenance of the parking lot, and surrounding landscaped areas shall be provided, particularly the east side of Lenore outside the perimeter wall.

17. Final plan for the redesign of Woodbine south of the subject site shall be subject to review and approval by CPC staff and appropriate City of Detroit departments.

18. The perimeter screen wall shall be no closer than 40 feet from the existing curb-line on the east side of Lenore.

19. Homeowners on the west side of Lenore and the south side of Pembroke immediately adjacent to the project, if desired, will have the exterior siding of their houses cleaned/power washed at the petitioner's expense after demolition is completed.

20. Prior to any houses being moved

or demolished, the petitioner will host a community meeting with CPC staff and households on the west side of Lenore and on the south side of Pembroke adjacent to the site to explain and discuss environmental issues related to moving or demolishing the houses.

21. Homeowners on the west side of Lenore and the south side of Pembroke immediately adjacent to the project, with health issues (who have a documented medical history confirmed by a medical doctor), if desired, will be temporarily relocated during project demolition within 200 feet of the center of the right of way adjacent to the homeowner's house at the petitioner's expense.

22. Before the houses are moved or demolished, the developer will provide regular security and maintenance to ensure that any vacant homes on Woodbine or the east side of Lenore in the project area are not vandalized, fall into disrepair (i.e., broken windows, open doors, etc.), or inhabited by squatters.

23. Prior to any houses being moved or demolished, the petitioner shall install a temporary opaque fence surrounding the site.

24. If the petitioner in the future transfers management and/or ownership of the project site, the CPC staff shall be notified in writing and the petitioner shall provide evidence that the new management and/or ownership is aware of the PD conditions.

This recommended approval of the requested rezoning should not be granted unless the Master Plan is amended to specify a future land use for the subject area as General Commercial. The appropriate Master Plan amendment has been submitted by P&DD.

The appropriate ordinance to effectuate this recommendation is attached for your consideration.

Honorable City Council:

Re: Request for authorization to amend the HUD Consolidated Plan and to submit a Section 108 Loan Guarantee Application for The Woodward Garden Block Development Project.

The Woodward Garden Block Development Project is a mixed-use project utilizing the majority of the western Woodward frontage between Alexandrine Avenue and Selden Street. The developer of the project, Woodward SA-Ventures, LLC, proposes using a Section 108 Loan Guarantee for the purposes of property acquisition, demolition, rehabilitation and new construction to create the proposed parking structure, commercial, retail and entertainment development at the designated project site.

As a centerpiece of the development project, the Garden Theater (a.k.a. the "Sassy Cat" Theater) and the "Blue Moon" Building located at the corner of Alexandrine and Woodward will be rehabilitated in accordance with the Secretary of the Interior's Standards for Rehabilitation and will be eligible for federal historic tax credits. The mixed-use development will also include the construction of 61,625 square feet commercial/retail space, the construction of a 413 space parking garage with 12,672 square feet of commercial/retail space and the demolition of remaining buildings that have been a deterrent to investment in the area. The project team represents a favorable proportion of Detroit-based, minority contractors and skilled trades. Project costs are estimated at \$31,811,377 of which \$19,000,951 will be financed through a Section 108 loan guarantee. An Executive Summary and location map are attached for your review.

The Planning and Development Department (P&DD) conducted a public hearing on the FY04-05 Consolidated Plan Amendment and the Section 108 loan application on July 14, 2005. No citizen comments were received.
