A20000.003117 (NJLL).

On September 12, 2011, a case evaluation panel evaluated the above-captioned lawsuit and awarded Fifteen Thousand Dollars (\$15,000.00) in favor of Plaintiff. Honorable City Council:  
 Re: Petition Number 914 — Request for City Council Approval for the Issuance of a New Michigan Liquor Control Commission Dance and Entertainment Permit to International Market Place, Inc., for 155 West Congress, Suite 10 (London Chop House Restaurant), 155 West Congress, Suite 600 (151 Flat), and 536 Shelby, Suite 111-1st Floor (Wah-Hoo Restaurant).

**BACKGROUND**

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission (“MLCC”) dance permit, entertainment permit, or a combination dance and entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 579674, which has been designated by the City Clerk as Petition Number 914. This Local Approval Notice requests City Council approval of a request by International Market Place, Inc. (“Permit Applicant”) for the issuance of a new dance and entertainment permit to be held in conjunction with a ‘Class C license’ at 155 West Congress, Suite 10 (London Chop House), 155 West Congress, Suite 600 (151 Flat), and 536 Shelby, Suite 111-1st Floor (Wah-Hoo Restaurant). A review of MLCC records and a photocopy of the subject ‘Class C license’ for the 2011-2012 License Year indicates that this liquor license includes all of the above-referenced locations.

The Building, Safety Engineering and Environmental Department (“BSE&ED”) report to the designated MLCC Permit Coordinator (“Coordinator”) indicates that all of the subject locations may be permitted to have patron dancing and entertainment on the premises. Pursuant to Section 5-7-21 of the 1984 Detroit City Code, a Group “A” Cabaret business license is required for any establishment that sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without patron dancing. Accordingly, the Permit Applicant has obtained, or applied for, the required Group “A” Cabaret licenses, and the other required City business licenses, for the subject locations. As such, and upon approval of the issuance of the requested dance and entertainment permit by this Body, the Permit Applicant will have to obtain Group “A” Cabaret licenses, and the other City business licenses as required for each of the locations.

**APPROVAL CRITERIA**

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits (“Procedures and Criteria”) became effective upon publication on August 25, 2009. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant’s request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the Coordinator has submitted a report, dated July 25, 2011, to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria.

A review of the Coordinator’s report indicates that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria.

However, the Permit Applicant must obtain all of the required permits and certificates from BSE&ED prior to having patron dance and entertainment on the subject premises.

**RECOMMENDATION**

Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant.

Therefore, attached is a proposed resolution approving the issuance of a new dance and entertainment permit by the MLCC to the Permit Applicant, International Market Place, Inc., for 155 West Congress, Suite 10 (London Chop House Restaurant), 155 West Congress, Suite 600 (151 Flat), and 536 Shelby, Suite 111-1st Floor (Wah-Hoo Restaurant). The Law Department recommends that the Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,  
KRISTAL A. CRITTENDON  
Corporation Counsel

Whereas, Pursuant to Part V of the Procedures and Criteria, the Coordinator has submitted a report, dated July 25, 2011, to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria;

Whereas, A review of the Coordinator's report indicates that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria and, as indicated in the Law Department's report to this Body, must obtain all of the required permits and certificates prior to having patron dance and entertainment on the subject premises; and

Whereas, The Law Department has submitted this proposed resolution to the City Council for the approval of the issuance of a new dance and entertainment permit by the MLCC to the Permit Applicant, International Market Place, Inc., to be held in conjunction with a 'Class C license' at 155 West Congress, Suite 10 (London Chop House), 155 West Congress, Suite 600 (151 Flat), and 536 Shelby, Suite 111-1st Floor (Wah-Hoo Restaurant).

Re: Address: 11421 Christy. Name: Stephanie Kamykowski, c/o Trott & Trott. Date ordered removed: March 23, 2010 (J.C.C. p. 83).

In response to the request for a deferral

of the demolition order on the property noted above, we submit the following information:

A special inspection on September 14, 2011 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of March 1, 2012.

The proposed use of the property is rehabilitation and sale. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

**RESOLUTION URGING DTE ENERGY COMPANY NOT TO PENALIZE LANDLORDS FOR THE CRIMINAL ACTIONS OF THEIR TENANTS**

By COUNCIL MEMBER WATSON:

WHEREAS, Ongoing theft of electricity via illegal hook-ups has been identified by the City's Public Lighting Department, Detroit Police Dept. and DTE Energy Company (DTE), among others, and widely publicized in local media; and

WHEREAS, This dangerous and criminal practice has varying effects not limited to damage to infrastructure and increased risk of fire hazards and is not limited to owner-occupied or vacant structures; rental properties are also an issue; and

WHEREAS, Property owners with tenants are also victims of this illegal practice. These landlords, many of whom contend to have no prior knowledge of the stolen electricity, are being charged fines and fees for the illegal usage of power by their tenant; and

WHEREAS, In the criminal context (under MCL 750.282(6)), there is a presumption that the person in control of a property (such as the owner/landlord) where electric service was illegally obtained to avoid payment is prima facie evidence of a violation. This violation is then the responsibility of the person in control of the property even if they are not the individual engaged in the illegal activity; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council strongly urges the utility to offer landlords an opportunity to rebut the presumption that they are responsible for the financial aspect of the theft; and BE IT FINALLY

RESOLVED, That a copy of this resolution be sent to the Mayor's Office, DTE or any other applicable utility in the City of Detroit, and the Michigan Public Service Commission.

Adopted as follows:

**NEW BUSINESS:**

Council Member Jones, on behalf of Council Member Brown, moved for adoption of the following resolution:

**RESOLUTION AUTHORIZING THE DETROIT CITY COUNCIL TASKFORCE ON MILITARY & VETERANS' AFFAIRS**

By COUNCIL PRESIDENT PRO TEM GARY BROWN:

WHEREAS, For centuries, military men and women in the United States have sacrificed their comfort, their health and even their lives to build and protect our great nation. They have left behind families, jobs and the safety and familiarity of their homes to fight in foreign lands so that the rest of us may remain safe, comfortable and free at home with our loved ones. We owe them a debt that could never be adequately repaid; and

WHEREAS, Members of our military also face many unique obstacles after deployment ends including difficulty obtaining adequate diagnosis of conditions such as post-traumatic stress syndrome and a corresponding lack of support to families members which would enable them to cope with changes in their loved ones; and

WHEREAS, Too many of these courageous men and women suffer lasting physical or emotional injury from their service, and are unaware of the resources available to them; and

WHEREAS, Military families far too often struggle to make ends meet financially, whether during the serviceperson's deployment, during their job search upon return to civilian life, or in the struggle to pay medical bills incurred through service-related injury; and

WHEREAS, The Michigan Department of Military & Veterans' Affairs estimates that there are approximately 102,000 veterans in Wayne County, approximately 40,000 of which are Vietnam veterans; and

WHEREAS, In Detroit, an astounding number of veterans, particularly Vietnam veterans, actually experience homelessness at some point following their service; and

WHEREAS, Veterans are eligible for a wide variety of important benefits and programs, such as healthcare, education, housing assistance, and in certain situations even pensions. However our area ranks near the bottom of the nation in percentage of eligible veterans who apply for and receive their rightful benefits; and

WHEREAS, It is unconscionable to allow men and women who have sacrificed so much for our benefit to suffer and go without available resources to which they and their families are entitled; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby forms a Military & Veteran's Taskforce effective immediately and continuing through December 31, 2013; AND BE IT FURTHER

RESOLVED, That the Military & Veteran's Taskforce will be chaired by Council President Pro Tem Gary Brown; AND BE IT FURTHER

RESOLVED, That the taskforce will include representatives of veteran's service organizations and programs, United States Veterans Administration, the Michigan Department of Military & Veterans Affairs, the Wayne County Veterans Affairs Division, Veteran Alumni Organizations, volunteers, and community service organizations, as well as any other individuals interested in participating in any capacity; AND BE IT FURTHER

RESOLVED, That the goals of the Taskforce will include connecting veterans with the resources available to them, recruiting volunteers to help with the process, and educating the public to understand and respect the unique experiences and needs of our veterans and military personnel; AND BE IT FINALLY

RESOLVED, That a copy of this resolution be forwarded to all of the above-named departments, agencies, and organizations and that all activities necessary to bring about the first meeting of the Taskforce and hold monthly meetings occur.

#### **PUBLIC COMMENT**

**MS. PERSON** urged the people of Detroit to vote the Charter down.

**GREG MURRAY** stated that he was against items 64 and 65, the move of Human Services to Herman Kiefer.

**LESTER LEWIS (Paradigm 2000, Inc.)** stated that in 2007 the City put out a petition for security camera's to respond to gunfire. It has been brought to our attention that Spotshotter has been initiated in the City and our past investigation showed that not only was it too expensive for the City but it was inaccurate for the City. Our company has better camera's that are less expensive and can detect 95% of gunfire.

**VANESSA DAVIS (Paradigm 2000, Inc.)** stated that they were a company in Detroit that not only would work and pay taxes, but also put other people to work.

**NANCY VARNER** asked the Council to not approve the Gateway Project.

**KIM TANDY** asked the Council to vote no on the Gateway Project until the developer can come to the community and really work on making this right. We want to help make this development right. These developers will not work with us. We don't want to stop the development, but we want it to right.

**KAREN HAMMER** stated that she was also against the approval of the Gateway Project.

**RICARDO SOLOMON** stated that "we" support the community. He said that they

had met with the community six times and have made several concessions to add an additional six or seven hundred thousand dollars. This is a 62 million dollar project that will create 900 jobs that will go to all Detroiters. We are willing to work with the community. Mr. Solomon urged the Council to move the project forward.

**ELLIOT HALL** states that the bottom line was that some people just do not want this project to happen. I have been coming to this table over four years. We has a huge problem with getting retail for the City of Detroit. This retail project will be the largest within the 300 year history of Detroit. If we continue to delay this project, other retailers will ask can we do business in the city.

**MARCELLA SLAPPY** stated that she was against the move in line items 64 & 65.

**DEMPSEY ADDISON (President of APTÉ)** stated that "we" do not support the contract with JC Beal Construction nor moving the Department of Human Services to the Health Department. We also do not support Brad Dick using \$641,000 for the illegal act of allowing construction to repair and renovate a section of Herman Kiefer to accommodate Human Services without the approval of the Detroit City Council.

**DWIGHT AUSTIN** requested that the City Council investigated DOT, SMART, Casinos, GM Building, restaurants, Burger King Restaurants, and City County Building all of these places have people working in them from New York City that are on welfare, but they are working here in Detroit. This needs to be investigated.

**OMAR MITCHELL (LAX Restaurant)** stated that LAX was being pushed out of the way by big corporate companies in downtown Detroit. We have never had any incidents at LAX Restaurant. We are Detroiters. We have invested several thousands of dollars into downtown Detroit, because we believe in our investment and we want to continue to be here to help revive Detroit but we need your help to stay here.

**MICHAEL DAVIS (LAX Restaurant)** stated that LAX Restaurant was a 2.5 million dollar project that is not funded out of any bank or grant money, this is all cash that we worked for. We employ over 200 employees that are actually unemployed right now due to the Caucasian business owners that are around us. We are the only black-owned business in the B5 District.

**ALBERT BARROW** asked the Council to help keep the Blues alive in the City of Detroit.

**CECILY McCLELLAN** encouraged everyone to go vote on November 8th and vote the Charter down. She believed that his new Charter is a corporate takeover. This charter will provide the infrastructure to take this City over. She urged the City of Detroit to vote the charter down.

**MOTHER HOLMES** prayed for the Council and the City of Detroit.

Honorable City Council:

Re: Renaissance Zone Extension for 1208 Woodward, LLC and OJ Land Development.

1208 Woodward, LLC, is requesting a fifteen year Renaissance Zone Extension and OJ Land Development is requesting a ten year Renaissance Zone Extension. If these two projects are approved by the Michigan Strategic Fund the Renaissance Zone Extensions would begin in 2012. The total investment of these two projects will be \$78 million and the hiring of eleven (11) full time employees. In addition, there is a significant expectation of contract or part-time employees related to the proposed 25,000 square feet of retail space.

The 1208 Woodward, LLC project is located on the old JL Hudson site. The OJ Land Development project is located in Southwest Delray riverfront area and is consistent with the Port Authority's Master Plan. The Michigan Strategic Fund Renaissance Zone Extension Application Packets for each project are attached for your review.

I respectfully request this Honorable Body to approve these two Renaissance Zone Resolutions for 1208 Woodward, LLC and OJ Land Development.

A RESOLUTION CONSENTING TO THE EXTENSION OF THE RENAISSANCE ZONE STATUS FOR:

THE WOODWARD AVENUE RENAISSANCE ZONE (ALSO KNOWN AS THE HUDSON'S BUILDING SITE)

By Council Member Kenyatta:

Whereas, The Michigan Renaissance Zone Act (PA 376 of 1996, as amended; MCL 125.2681 et seq.) was amended by Public Act 440 of 2006 and amended again by Public Act 116 of 2008 to allow certain local government units in which Renaissance Zones have been designated to extend the duration of time if the extension will increase capital investment or job creation; and

Whereas, The City of Detroit desires to promote economic activity and capital investment in the City and to increase the number of job opportunities for residents of the City of Detroit; and

Whereas, Certain industries in the State are facing difficult time, have sustained losses due to competition and downturn in the Detroit market in general; and

Whereas, Under guidelines promulgated by the Michigan Strategic Fund and the Michigan Economic Development Corporation, a project creating new jobs or substantial capital investment can qualify for a time extension by approval of an application for extension (the "Application"); and

Whereas, The County in which the Renaissance Zone is located must consent to extend the Renaissance Zone status; and

Whereas, Extensions are approved by the Michigan Strategic Fund (MSF) and the MSF may revoke the extension if the Board determines that increased capital investment or job creation will not begin within one (1) year of the granting of the extension or otherwise violates the terms of the written development agreement between the owner of the real property and the Board of the MSF; and

Whereas, Should the Renaissance Zone be extended, property within that zone will be exempt from taxes levied by the City, County and other units of government as provided under the Renaissance Zone Act; and

Whereas, The estimate of tax revenue to be lost, which is shown on the attached schedule, would be a small fraction of the benefits expected to be received by the community for extending the Renaissance Zone; and

Whereas, The project to be created within the zone is expected to comprise over 1,000,000 square feet of improved property with a capital investment of over \$75 million, with construction of the project to commence on or before December 31, 2012; and

Whereas, Under the Michigan Renaissance Zone Act, the state government will reimburse local schools, community colleges, intermediate school districts and public libraries for any revenue lost due to the exemption provided by the Act;

Now, Therefore, Be It

Resolved, That the City of Detroit requests that the State of Michigan extend the duration of the Renaissance Zone for the property located at 1208 Woodward, tax parcel ID numbers: 01004110-4 and 01004115-9, identified by the resolution for a duration of up to fifteen (15) years, effective January 1, 2012 and ending December 30, 2026; and be it further

Resolved, That approval is granted authorizing the Mayor the delegated authority to indicate his written approval of the Application for extension of the Renaissance Zone and to support submission of the Application to the MSF on behalf of the City of Detroit; and be it further

Resolved, That approval is granted authorizing the Mayor, the delegated authority, to execute on behalf of the City of Detroit any Development Agreement which the State may develop under the State's authority under the Michigan Renaissance Zone Act, to which the City may be invited by the State to be a party in fulfillment of the extension of the Renaissance Zone.

Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Jones, Kenyatta, Spivey, Tate, Watson, and President Pugh — 8.

Nays — None.

I respectfully request this Honorable Body to approve these two Renaissance Zone Resolutions for 1208 Woodward, LLC and OJ Land Development.

**A RESOLUTION CONSENTING TO THE EXTENSION OF THE RENAISSANCE ZONE STATUS FOR:**

**OJ LAND DEVELOPMENT**

By Council Member Kenyatta:

Whereas, The Michigan Renaissance Zone Act (PA 376 of 1996, was amended by Public Act 440 of 2006 and recently amended again by Public Act 116, effective April 29, 2008 to allow certain local government units in which Renaissance Zones have been designated to extend the duration of time if the extension will increase capital investment or job creation; and

Whereas, The City of Detroit desires to promote economic activity and increase in the number of job opportunities for residents of the City of Detroit; and

Whereas, Certain industries in the State are facing difficult time, have sustained losses due to competition and downturn in the Detroit market in general; and

Whereas, A new product or expansion will be the catalyst for a time extension therefore temporarily reducing the tax burden paid by the business enabling it to reposition itself to compete; and

Whereas, The County in which the Renaissance Zone is located must consent to extend the Renaissance Zone status; and

Whereas, Extensions are approved by the Michigan Strategic Fund (MSF) and the MSF may revoke the extension if the Board determines that increased capital investment or job creation will not begin within one (1) year of the granting of the extension or otherwise violates the terms of the written development agreement between the owner of the real property and the Board of the MSF; and

Whereas, Should the Renaissance Zone be extended, property within that zone will be exempt from taxes levied by the City, County and other units of government as provided under Public Act 376 as amended PA 440 and PA 116; and

Whereas, We estimate that the tax revenue lost, which is estimated on the attached schedule, would be a small fraction of the benefits the designation of a Renaissance Zone will bring the community; and

Whereas, The business will maintain its current employment level of 11 full time employees, and create no less than eleven full time jobs and/or make a capital investment of no less than \$3,000,000 commencing in the first year of the extension, or otherwise be in violation of the terms of the written agreement and will be subject to revocation by the Michigan Strategic Fund (MSF); and

Whereas, The state government, under the Act will reimburse local schools, community colleges, intermediate school districts and public libraries for any revenue lost due to the exemption provided by the Act as amended; and

Therefore, Be It

Resolved, That the City of Detroit requests that the State of Michigan extend the duration of the tax exemption for property located at 4610 W. Jefferson, parcel #160000065.001, 4485 W. Jefferson, parcel #16000002-3, 4700 W. Jefferson, parcel #16000062-4 identified by the resolution for a duration of up to ten (10) years, effective January 1, 2012 and ending December 31, 2021.

Adopted as follows:

Honorable City Council:

Re: Address: 17144 Harlow. Name: Sophia Reed. Date ordered removed: April 27, 2010 (J.C.C. page 1067).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on September 27, 2011 revealed the building is secured and appears to be sound and repairable.

The owner has entered into an approved tax payment plan as of September 22, 2011.

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained in accordance with the Vacant Property Ordinance and securely barricaded until rehabilitation is complete and occupied. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the build-

ing becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
MICHAEL TAYLOR  
Deputy Director

Honorable City Council:

Re: Address: 601 Horton. Date ordered demolished: February 5, 2008 (J.C.C. page 196). Deferral date: December 8, 2008.

The building at the location listed above was ordered demolished by your Honorable Body on the date indicated and the order was deferred under the conditions of the Ordinance.

A recent inspection on July 6, 2011 has revealed that the building is open to trespass, contrary to the conditions of the deferral.

This property is not in an area covered by Neighborhood Stabilization Plan Funds, therefore when funds become available we will proceed with the demolition as originally ordered with the cost of demolition assessed against the property.

Sincerely,  
MICHAEL TAYLOR  
Deputy Director

Honorable City Council:

Re: Petition No. 739 — HAL Architectural Design Group, to vacate and convert into easements the streets and alleys bounded by the alley south of Grixdale, Chrysler Service Drive, north of Goldengate and Omira.

Petition No. 739 of "HAL Architectural Design Group", request for the conversion of certain streets and alleys within the block bounded by Robinwood Avenue, 50 feet wide, Greendale Avenue, 50 feet wide, Omira Avenue, 50 feet wide, and the Chrysler Southbound Service Drive (I-75) into easements for public utilities. This request will assist in providing better protection from illegal dumping and theft; also provide opportunities for urban gardening proposed by the City of Detroit.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All City departments and privately owned utility companies have reported no objections to the conversion of the public rights-of-way into a private easement for the public utilities. Provisions protecting utility installations are part of this resolution.

I am recommending adoption of the attached resolution.

Honorable City Council:

Re: Amendment No. 1 to Water Service Contract Between City of Detroit and Charter Township of Plymouth.

The Charter Township of Plymouth has agreed to the terms of Amendment No. 1 to the Water Service Contract with the City of Detroit. This Amendment is the first of several that are anticipated throughout the 30-year contract term. Pursuant to Section 5.07 of the contract, the parties agree to affirm or modify the projected annual volume, pressure range(s), maxi-

mum day and peak hour values (collectively, the "Values") at year 2 of the contract, year 5 of the contract, and every 5 years thereafter. DWSD and the Charter Township of Plymouth have agreed to modify the Values for the 2011 to 2013 period as stated in the Amendment. This Amendment will amend the existing water service contract between the City of Detroit and the Charter Township of Plymouth.

Your approval of Amendment No. 1 to the Water Service Contract with the Charter Township of Plymouth, with a waiver of reconsideration, is requested. The Board of Water Commissioners approved this Amendment on July 27, 2011.

Honorable City Council:

Re: Home Fire Safety Smoke Alarm Installation Program.

Fabian, Sklar & King wishes to make a donation of 500 Smoke Alarms to the Detroit Fire Department's Home Fire Safety Smoke Alarm Installation Program. I respectfully request your Honorable Body's approval to accept Fabian, Sklar & King's donation of 500 Smoke Alarms in accordance with the attached resolution.

National Fire Prevention Week is scheduled the week of October 9-15, 2011. We are requesting your assistance in approving this request in time for the kick-off. The Home Fire Safety Smoke Alarm Program is aimed to reduce the number of fire-related injuries and fatalities. The Fire Department is on track at reducing these injuries and fire fatalities and would like to continue our efforts, since the City did experience 44 fatalities in 2010. As in the previous year, Fabian, Sklar & King's donation could not have

come at a better time. Since spring of this year, our Home Fire Safety Smoke Alarm Program was placed on hold because our supply has dwindled to a few. Yet, the demand for these life safety devices continue to grow.

## Invocation

As we come together in the presence of God, we thank Him for all we have been given, and for bringing together this group of dedicated and enthusiastic Council Members. We ask God's help to give our individual and collective gifts to our city to regularly refurbish our intentions; to give of ourselves in ways that make a difference — to our families, to our city, to our nation, to a world grown so small it can be explored and conquered with the click of a mouse. Help us to keep our wits during a time replete with distractions and political uncertainty; to maintain our focus with determination and with a sense of humor born of the knowledge that we are mortal men (and women) and to fuel our work with vigor, stamina and a hearty spirit. For all of this, and for a few doses of grace, we give our thanks.

REV. ADRIAN SWANIGAN

## VOTING ACTION MATTERS

### COMMUNICATIONS FROM MAYOR AND OTHER GOVERNMENTAL OFFICIALS AND AGENCIES:

NONE.

## PUBLIC COMMENT

**TERESA McMULLEN** representing K9 Stray Rescue League concerning the dog, Ace, which was picked up at the ACE Hardware store on McNichols in Detroit and released to Detroit Animal Control. He was deemed to be a Pit Bull

and is in need of medical attention. A shelter to shelter pull would give Detroit the opportunity to relive itself of this problem and to give this dog a chance. The dog showed no aggression, no posturing and there is no reason simply because it is a Pit Bull that it should be put down. Our establishment is capable of taking the dog, assess and makes it healthy; we will make sure it will no where breed laws are inactive.

Mr. Ward states that the policy of the Detroit Animal Control is to not release any Pit Bulls or Pit Bull mixes to any rescues and that Thursday is the final day for the dog. Ms. McMullen states that she is prepared today with the Department of Agriculture approval license, a van and all of the facilities to transfer. They will comply with the laws of Michigan in a hold-stay for this dog and will also have the ability of giving the dog all the medical needs, keeping it safe and giving it whatever it needed. It would relieve Council of responsibility and we will take responsibility.

**PRESIDENT PUGH** asked Ms. Gardner for a report by the end of this meeting regarding the outcome of an exception to the policy to transfer this dog to Humane Society. If we can relieve the City of liability and revisit the policy of not transferring Pit Bulls, and make sure that this dog does not die on Friday if someone want it.

**COCKREL, JR.** stated that if we can make this happen, great. He is a pet lover and his family adopted their dog from "Meet Your Best Friend" at the zoo approximately five years ago and he is an outstanding member of our family. The level of out cry and the volume of e-mails and phone calls received regarding this; if we were to see this in connection with human beings, we would began to make a difference not only locally but State wide and at a Federal level.

**BROWN, BRIAN** addressed the box on employment application which states, "Have you ever been convicted of a felony." He feels that this signals out applicants and they do not have a chance to go through the process of getting an interview with an employer. He feels he would have a better chance if that was taken after the interview.

**JORDAN, KEVIN** concern was the box on the application regarding are you convicted of a felony. This box eliminates the person before he has a chance. While in prison, he changed his thoughts, beliefs and his way of thinking. When he was released from prison, everything he did was positive. He had a referral to General Motors and they had two days of testing; out of 20 people,

his score was the third highest. The third day, we received an application to complete and I check the box that I had been convicted of a felony, they thanked me for coming but we cannot hire you; the other nineteen people were hired. He was eliminated before they had a chance to meet him and find out his capabilities and to ask him how he turned his life around.

**FEDEWA, PATTY**, Transportation Riders United, spoke on the Light Rail Authority which they think is very important and support. They would like to amend the current resolution to include a tighter description of the project. A record of decision by the FTA, after a long, important process, to have light rail from Downtown to Eight Mile and to have it running. We would like the length from Downtown to Eight Mile mentioned. It was mentioned a couple of time but mention tighter at the beginning. We would like the center alignment mention if not referring to the record of decision dated September 1, 2011.

**SIMMONS, DELPHIA** — founder and publisher of Thrive Detroit Street Newspaper: This is a non-profit charitable organization whose goal is to provide a new hope for self efficiency for Detroit un-housed and vulnerable house population. The purpose of Thrive Detroit is to assist the homeless and low income through micro-enterprise. They sale the newspapers for support and supplement financially. The newspaper sells for \$1. She needs Council assistance to ensure the successful vending and longevity of Thrive Detroit Street Newspaper Publication. We will need to solve the issue of a clearance to sell papers on the street.

**TODD, M.** stated that Ms. Simmons is requesting something in writing that is specific and there is nothing on the books that is regulating this matter, we do not have anything to hand to her. Our thought would be that something be prepared by the Law Department to verify those findings.

**HINES, SANDRA** states that she vehemently opposes Shot Spotter. This is a 2.5 million dollars program and that money should be used, instead of putting a microphone on a telephone pole where they can hope they can determine where a shot came from. There are constant complaints concerning response time by police. We do not have streetlights, our people are homeless and busses are not running. The 2.5 million dollars should be put back into the community and not use to experiment with a system that we have no ideal that it is going to work.

**SCOTT, RON** — Detroit Coalition against Police Brutality — Council Member Watson has stated that the forfeiture funds should be used by the community to develop the community base as oppose to a technological base; we are talking about an enforcement strategy that is predicted on technology as opposed to people. We have to get at the social framework rather than at the technological framework. We have to get at the social framework rather than at the technological framework. We have to see if this is a monetary motivation oppose to a people motivation. Give the money to the people. Let the people help the Police Department deal with the social ills before we use technology. If you do not have a video camera to validate it, you will not know who is doing it.

**MR. LEWIS** — Kenyatta indicated that shot spotter technology was our technology, it was not. We have video with our technology; some that shoot and our camera turn around and video tape. As a native Detroiter, born and raised on Linwood, and in business here, the convicts will be working for me before night fall. I have been in business for over 20 years. Coleman put me in business and Paradigm 2000, Inc. was founded in Detroit. We are going to let someone come from California with an audio cord, get our money to protect our people while I have a business here to protect all of us and create jobs for everyone here. I have a plan.

**YANG, BOA of Paradigm 2000, Inc.** spoke regarding the shot spotter. This benefits not only the City of Detroit but senior citizens, strip malls and neighborhoods, purse snatching, rape crimes and items seen on the media everyday. It has the ability to have a microphone on camera and speak to predator tell them that we are watching you, leave or we will take action.

**DAVIS, VANESSA** requested that when considering voting on item No. 40, there are other companies that provide the same technology. They want an opportunity or at least have a RFP out there to allow Paradigm to bid on this opportunity. Council was provided with a DVD showing in June, 2011 that the National Geographic television program accordingly to the Chicago Times, calls have been reduce by the gunshot technology by 44%. Related crimes are down 76%, serious crimes are down 17% and miscellaneous crimes are down 46%. Praradigm 2000 equipment comes with video.

**MR. LEWIS (SON)** stated in 2007 there was an award for camera pods with

gunshot recognition that they won in 2007 and a demonstration was made in their office to DPD, Wayne County Sheriffs and different members of the Mayor's office. There was to be a pilot program with approximately 300 thousand dollars to launch this pilot that was awarded to us but it was pulled from under our feet and we do not know where the dollars went. We are still working for the City as well as trying to bring technology to the city and it is much better than the current system that was proposed today.

**BAYDOUN, KHALIL — Paradigm 2000** — stated that he has been working with surveillance systems for over 20 years. The systems presented to the Council today would greatly reduce the response time if gunshots were fired; instantaneously in less than a second, where the gunshot is fired, we will have a video and a recording of the area where the shot came from. This will greatly increase arrest and reduce crime in the neighborhoods. This system can be installed anywhere.

**EVERS, LINDSAY — Last Day Dog Rescue** — submitted a petition from facebook of signatures showing support, (5000 signatures) for Ace, the dog. The term un-adoptable, the term Mr. Ward has given to Ace. A dog in this emaciated condition can not be deemed adoptable or un-adoptable at this point because he is starved.

Detroit Animal Control did work with shelters and rescues such as mine. Approximately a year ago they stopped. This is thousands of animals; dogs, cats, birds, etc. We want to open the lines of communication with the shelter once again so we can help better the community and get our message across. We have tried to reach out to Detroit Animal Control and told "no", this is their policy; not the law but their policy, which can be changed. We want to save animals, not just Ace.

We do home visits, back checks, back grounds and interviews. We do not just let these dogs go to anybody who has \$100; this is chosen very carefully.

**McCALL, PAUL E.** commend on the box, the felon. People see a felon on the outside and not looking inside to see where and what can be done to make it productive, make a position, and make a move to make it better or have a skill that can make a change in the community and in society. He asks Council to take a closer look at the inside of a felon rather than looking on the outside.

**SKINNER, SHERI** spoke on behalf of Ace, the dog. It is important to recon-

sider the policy that is currently in place for Detroit Animal Control. Many groups have attempted to work with Detroit Animal Control since they stop working with Rescues about a year ago and have met with resistance and unwillingness to collaborate with other groups who are more than happy and anxious to help Detroit Animals. We are very grateful for all of your kind attention and we appreciate your consideration.

**MARKUS, GREG**, Professor of Political Science at University of Michigan — Ann Arbor, spoke in support of Ban-the-Box ordinance to include contractor, vendors and businesses. Accordingly to signal best scientific study on the question; the odds of an qualified sharp applicant getting to the interview stage of the job application process if he shows a criminal record on the application are 20 to 1 against. According to the Detroit Free Press, every six adult in Michigan has a felony record and the ratio is higher in the City of Detroit. Many convictions are non-violence, which were committed as a young adult; after they have paid their debt to society these individuals are marked for life and unable to find a job, obtain affordable houses, families are disrupted, lives destroyed and a terrible financial cost to tax payers as well to affected individuals. A job is a very effective tool in reducing recidivism. Other cities across the country have implemented similar ordinances without any problems. The City of Philadelphia recently enacted Ban-the-Box Ordinance that applies to all businesses.

**CONN, LARRY** stated that a person's past will catch up to him soon and affect him. He has a background with heating and cooling, it is still hard to find a job because once they see that felony box marked, your interview is canceled.

**MR. GRANT** stated that our Governor has disregards for returning citizens especially in Wayne County. We fought and forced the Michigan Department of Corrections to bring back MPIR services for Wayne County, cut MPIR services only for Wayne County while allowing it to remain in Oakland County. We have a Governor who has taken 14 million dollars from the prison education department. We live in a State where the Public Defense Department is under funded and under staffed; we still do not have an oversight committee. He thinks it is important for Detroit to take leadership because so many returning citizens come back to Wayne County. Detroit has roughly over

100,000 ex-felons in Detroit; if we do not take care of them, who will. Two biggest deterrents to recidivism are with education and employment. After three years if a brother or sister does not recidivate, there is 80% that they will not recidivate. He asks that all members of Council pass this Ordinance.

**ELLIS, KELSEY(sp)**, Chairperson for Detroit Action Commonwealth Re-entry Task Force and Chairperson for Ban-the-Box Correlation, spoke to equal the playing field of how a person can be an applicant for a job. We are asking that they are given the opportunity to be judged on their character and not their crime. They are eliminated before they are seen.

**FERNANDEZ, SALLY**, President and CEO of Safety Dynamics — designer and developer of a gunshot system called the Century. The company is located in Tucson, Arizona and she is born and raised from Port Huron, Michigan. She selected Paradigm several years ago to be our representative here and to work with the City police and the City. Paradigm system is a video system with a gunshot and video detection in less than a second as well as the location. It is used by the Department of Defense for base protection, force protection, Homeland Security, Airport protection and a number of municipalities; Chicago, Los Angeles, Richmond, California and a number of cities. Our system provides this City with eyes and ears. This system is cost efficient.

The system has individual units; therefore, they do not have to put it in a grid to cover a square mile but approximately a square mile would be approximately 20 units at approximate 15 thousand dollars each with video, which includes installation, maintenance and support. Their system goes 360 degrees. Because crime is everywhere that is why the system is portable and you will get more coverage because it is 360 degrees. We would be able to place fewer units and get far greater coverage.

Detroit would own the system; however, we can lease it as well.

**MOTHER HOLMES** prayed. Dear Lord, thank You for all of Your goodness, mercy and all that You do for us. Lord, please look on Detroit this morning (repeat) change things around here and let us get back to where we use to be. Lord please make a way for us. You are the only One. Help the people who are trying to help Detroit. Lord please watch over us and make the way not

hard. It seems that we are having so much trouble but Lord You can do all things. Please take care of all of the people who are struggling and working in Detroit. Please make a way for those who need jobs to get jobs. Whatever is wrong, change it Lord (repeat). Please make a way of us. This is our home and we are working so hard; Council is working so hard and the people are working hard to get us back to where we once were. Lord, please do not let them take our city away, seems like someone is trying. Please do not let Detroit move from under Detroit. Please watch over this election that is going on today and let the people know to inquire to find out what it is about, what it would be and which way to go. Lord, please watch over this for us. (repeat) Lord You have all the power and You are a good God. Lord the people are struggling trying to keep Detroit afloat. Please make a way for us (repeat). I ask this in Your Holy Name, Oh God, in Your name. These things, Father, I ask in Your name; in the name of the Father, the Son and the Holy Ghost. Amen.

**PETERSON, PAM** represent support for the dog, Ace.

**RABB, ALEACE** did not speak.

**RESOLUTION STRONGLY SUPPORT  
H.R. 2920 ESTABLISHING THE  
DETROIT JOBS TRUST FUND**

By COUNCIL MEMBER COCKREL, JR.,  
Joined by COUNCIL MEMBER  
WATSON:

WHEREAS, The economic recession plaguing the United States has disproportionately affected the City of Detroit. Significant loss of high-paying manufacturing jobs has in large part contributed to sustained record-high unemployment and foreclosures. This, combined with widespread poverty and significant reductions in tax revenue resulting from massive population loss, has contributed to this economic crisis in the City; and

WHEREAS, To date, this ongoing economic crisis in Detroit has been impervious to traditional methods of government intervention from both the state and local level necessitating the implementation of radically different policies; and

WHEREAS, On September 14, 2011, Congressman Hansen Clarke (D-MI) introduced a bill that offers a fresh, new approach. The proposed legislation, H.R. 2920, would create a Detroit Jobs Trust Fund in the U.S. Treasury which would be funded by the annual federal tax receipts generated by the City of Detroit for a five-year (5) period; and

WHEREAS, The proposed legislation would also suspend the City's income and property taxes for the 5-year period, eliminate or reduce the deficit and debts of both the City and the Detroit Public Schools, and implement a five-year development plan to address job creation, public safety, education, and infrastructure. It also specifies the manner in which trust funds may be used and sets forth the formula for allocation; and

WHEREAS, The Congressional Research Service estimates that Detroit generates approximately \$2 billion dollars annually in federal taxes. Re-investing this amount of federal tax money in the City of Detroit would have dramatic and far-reaching effects. For example, it could retire the City's outstanding debt service requirements, dramatically improve its bond rating, permanently reduce the City's tax rate and thereby encourage business growth and repopulation of the City through the abatement of specific taxes; and

WHEREAS, The extraordinary government sponsored remedies found within H.R. 2920 are in furtherance of our most basic duty to protect the public safety, health and welfare which have been, and will be, continuously threatened by the protracted economic downturn in the City of Detroit, by enabling the City to recalibrate and revitalize its economic situation; and

WHEREAS, The City Council has a vested interest in Detroit citizens having the benefit and opportunity to uplift their community by capturing and reinvesting their federal tax dollars directly in the City, reducing the deficit and bond obligations and implementing a strategic development plan to create jobs and bolster residency; and

WHEREAS, The State of Michigan and the Country will benefit from Detroit's resurgence, revitalization and stability;  
NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby strongly supports the intent and implementation of H.R. 2920 — the Detroit Jobs Trust Fund; and BE IT FURTHER

RESOLVED, That the Detroit City Council urges the United States Congress to support H.R. 2920 as a five (5) year pilot program for economic revitalization of an economically distressed urban center; and BE IT FINALLY

RESOLVED, That a copy of this resolution be sent to the President of the United States, the Congressional Black Caucus; the Michigan Congressional delegation; the Governor of the State of Michigan; the Michigan Legislature; and the City of Detroit Mayor's Office.

Re: Laurence G. Wolf, et al. vs. City of Detroit. Court of Appeals Docket No. 279853. File No. A19000-003397. Riviera Grand Properties, LLC, et al. vs. City of Detroit. Court of Appeals Docket No. 286684. File No. A19000-003526.

By letter dated September 21, 2011, we submitted to your Honorable Body a cover letter and resolution with respect to the above captioned lawsuits. We submit this letter and resolution to correct a typographical error in the numeric settlement number. The recommendation not yet been acted upon. Re: Acceptance of Great Lakes Restoration Imitative (GLRI): Tree Enhancements in Priority Urban Areas Grant.

Your Honorable Body is respectfully requested to accept the above referenced grant. The City of Detroit's General Services Department (GSD) has been awarded a \$100,000.00 U.S. Department of Agriculture Forest Service Division, Priority Urban Areas pass thru grant administered by SEMOG. The funds will be received in the 2011-2012 fiscal year in Appropriation No. 13426.

The grant will be used for the implementation of recommendations outlined in existing management plans that are guiding the restoration of the Rouge River, Ecorse Creek and Combined Downriver Waterlands. Specific objectives include benefit analysis and installation of approximately 1,385 trees to work towards strategic restoration of priority urban ecosystems while also enhancing and protecting wildlife habitat.

Due to the identical nature of the purpose of these funds and given the tight time constraints, we are anxious to move forward with leveraging the funds to our current program.  November 2, 2011

Honorable City Council:  
 Re: Three Zoning Ordinance Amendments.

Attached hereto are three Zoning Ordinance amendments, approved as to form by the Corporation Counsel, for consideration at the November 3rd meeting of the Planning and Economic Development standing committee:

- “Minor deviations” text amendment — to clarify the requirements and procedures for approving minor deviations from urban renewal development plans and to assure consistency between site plans within Planned Development (PD) zoning districts and urban renewal development plans that have received minor deviations approved by the Board of Zoning Appeals. [P&ED Line Item #15.]
- Planned Development (PD) District modification and site plan approval for 2.7-acre site previously part of the Edward Tolan Playfield, 701 Mack Avenue for a medical professional office building (Queen Lillian development). [P&ED Line Item #14.]
- Planned Development (PD) District modification for installation of decorative lighting features at the Renaissance Center. [P&ED Line Item #16.]

It is hoped that these ordinance will be introduced at the formal session of November 8, 2011 and scheduled for public hearing and action prior to your Honorable Body’s recess on November 22, 2011.

**Please note:** if these are ordinances introduced next Tuesday, the public hearing for the “Minor deviations” text amendment needs to precede the public hearing for the “PD Modification” ordinance for the Queen Lillian development. Similarly, if these ordinances are voted-on at the November 22nd formal session, the “Minor deviations” text amendment should be taken up before the “PD Modification” ordinance for the Queen Lillian development.

**City Planning Commission**

October 31, 2011

Honorable City Council:

Re: Request from Wayne County to approve a major modification to the Planned Development (PD) District shown on Map No. 2 of Chapter 61, Article XVII of the 1984 Detroit City Code, Zoning, for the area bounded by Gratiot Avenue, the I-375 Chrysler Freeway Service Drive, St. Antoine Street, and Clinton Street for the construction of a new county jail (Recommend Approval).

The City Planning Commission (CPC) is in receipt of a request from Wayne County to approve a major modification to the Planned Development (PD) District shown on Map No. 2 of Chapter 61, Article XVII of the 1984 Detroit City Code, Zoning, for the area bounded by Gratiot Avenue, the I-375 Chrysler Freeway Service Drive, St. Antoine Street, and Clinton Street (600, 604, 614 and 660 Gratiot Avenue; 1520 St. Antoine Street, 657 and 663 Mullett; and 1420 Chrysler), to approve the construction of a new county jail. This request would modify the approved plans for the PD district originally established via Ordinance No. 31-07. This site plan review for the major

modification of the approved plans for the planned development is being conducted by the City Council in accordance with the provisions of Sec. 61-3-142 and the approval criteria specified in Division 5, Subdivision D of Article III as well as Secs. 61-3-96 and 63-3-80 of the Detroit Zoning Ordinance (Chapter 61 of the 1984 Detroit City Code).

#### PROPOSED DEVELOPMENT

The proposed 2,200-bed jail faces St. Antoine St. and the Frank Murphy Hall of Justice. To the south is the Wayne County Juvenile Detention facility. It is anticipated to open in July, 2014. The three entrances for the jail, for visitors to the Wayne County Sheriff, and for sheriff's staff, all face St. Antoine Street. Staff parking is proposed on the northeast corner of the site, with 95 spaces proposed. The fence screening the parking lot, along Gratiot Avenue, is proposed to be six (6) feet tall, with a metal mesh covered by vines. A rain garden is shown in the middle of the parking lot, which will be paved with permeable paving. The loading dock and other "institutional" parking spaces are proposed to the east, along the I-375 freeway. These are for vans picking up food, which is prepared in the jail kitchen, for the Meals on Wheels program. An eight (8) foot tall wrought-iron style fence is proposed for this side of the site.

The site is 7.17 acres in size, with the building footprint being 190,368 square feet. The building height varies between one and four stories, with the one-story portion being the office and visitor portions of the building. The portion of the building for the sheriff's office, at the northwest corner of the building, extends two stories in height. The bulk of the building is four stories in height and houses the prison use. The portions of the building that protrude and have the security screen in the windows are the outside exercise areas.

The building exterior is clad primarily in various masonry materials. The exercise areas are clad in a reddish precast concrete panel. The base of the building, twenty-two feet in height, is faced in gray, burnished and split-face masonry units. Above that is a lighter-gray precast concrete. Horizontal bands of a different texture on each level break up the long expanses of wall. Material samples will be available at the public hearing on this matter. Scoring of the masonry on the upper floors is further used to break-up the large west and south wall surfaces.

The sheriff's office portion of the building has a tinted-glass curtain wall, facing the plaza at Gratiot Ave. and St. Antoine Street. The windows on the office portion of the building will also be a slightly-tinted glass. The windows on the exercise areas will be a woven mesh with a fine screen to prevent the passage of anything through the mesh openings.

The bulk of the landscaping is located on the St. Antoine side of the building, facing the Frank Murphy Hall of Justice. There are trees in tree wells as well as shrubs and ground cover between the low retaining wells and the building. There is some landscaping, primarily trees, along the service drive side of the building. Along Gratiot Ave. there are trees in tree wells, ivy, and bushes along the fence. The appearance of the landscaped area at the corner of the Chrysler Service Drive and Gratiot Avenue is still under development, as it is a key gateway into the City.

#### PUBLIC HEARING RESULTS

At the October 6, 2011 CPC public hearing on this matter, no members of the public spoke. The questions of the Commissioners were answered by the petitioner.

#### ANALYSIS

In accordance with the PD design criteria of the Zoning Ordinance (Sections 61-11-15), reviews of proposed changes should be conducted in light of the following relevant criteria, with staff's analysis following in italics:

(a) **Master Plan.** The proposed development should reflect applicable policies stated in the Detroit Master Plan. *A Master Plan amendment is also proposed to provide consistency.*

(b) **Scale, form, massing, and density.** Scale, form, massing and density should be appropriate to the nature of the and relate well to surrounding development. *While dense, the building does not overwhelm all of its surroundings. It is appropriate to the nature of the development.*

(c) **Compatibility.** The proposed development should be compatible with surrounding development in terms of land use, general appearance and function, and should not adversely affect the value of properties in the immediate vicinity. *The use fits with the adjacent justice center and detention facility.*

(d) **Circulation.** Vehicular and pedestrian circulation facilities should be adequately designed to meet expected demands. *The circulation for the site appears to function well.*

(e) **Parking and loading.** Where appropriate, adequate vehicular off-street parking and loading should be provided. *While the applicant would like more parking, it appears that the number of parking spaces on the site is adequate. The loading facilities are provided and in an appropriate location.*

(g) **Open space.** Adequate public and private open space should be provided for light and air, landscaping and, where appropriate, for passive and active recreation. Lot size, setbacks and yard requirements are flexible, but the City Planning Commission will be guided by standards that appear in comparable zoning ordinance district classifications. *The site is*

developed quite densely. The main open space is in the form of a plaza facing St. Antoine Street. It is landscaped along the building and along the street. There is a small open space at the corner of Gratiot Ave. and the service drive. The proposed appearance of this space is still under discussion, as it is quite important as a gateway corner.

(h) **Rights-of-way, easements, and dedications.** Where appropriate, adequate rights-of-way, easements and dedications should be provided for trafficways, utilities and community facilities. In the future, the County will seek to vacate the Chrysler Freeway service drive along the eastern edge of the site.

(j) **Screening.** Appropriate buffering and screening of service, loading, refuse collection, mechanical and electrical equipment and of parking areas should be provided. The parking area is screened by the living or green fence. The loading area is screened from view from Gratiot Ave. but not from the I-375 service drive. If the Service Drive is closed in the future this would not be an issue.

(k) **Orientation.** Careful consideration should be given to orientation both for solar access to the proposed project and for shadow impact upon surrounding development. It is not anticipated that this will be an issue.

(l) **Signage.** Signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development. They should provide needed information, direction, and orientation in a clear and concise manner. Minimal signage is proposed on the building, just identifying entrances.

(p) **Urban design.** Urban design elements of form and character, especially in intensely developed areas, should be carefully considered. Such elements include, but are not limited to: richness and interest of public areas through the provision of storefronts, window displays, landscaping, and artwork; color, texture and quality of structural materials; enclosure of public spaces; variations in scale; squares, plazas and/or "vest pocket parks" where appropriate; continuity of experience, visual activity and interest; articulation and highlighting of important visual features; and preservation and enhancement of important views and vistas. The structural materials blend with the surroundings, with the adjacent justice-center uses also of precast concrete. The scoring of the concrete and the different textures of the masonry help to break up the large walls. The glass curtain wall and windows in the office-portion of the building provide light at night and also again reduce the expanses of concrete. The use of landscaping along St. Antoine Street to create a plaza helps to soften that edge of the building and the green

fence both screens the car parking and provides a pleasing street wall for those walking on Gratiot Ave.

The proposed modifications appear to meet these criteria.

**MASTER PLAN AND URBAN RENEWAL PLAN CONFORMANCE**

The Master Plan is being amended to show "Institutional" as the Future General Land Use on the site, which the use would conform with. A portion of the site is in the Central Business District #3 Urban Renewal Plan area, and the Planning and Development Department has determined that the proposed development is consistent with that plan.

**RECOMMENDATION**

At its October 20, 2011, the City Planning Commission took action to recommend approval of the proposed plans, with the following conditions:

1. That the rear service area be shown to incorporate "green" elements such as permeable paving in the parking areas and rain water detention in the planter areas;

2. That the final design for the area of the open space at the corner of the Chrysler Service Drive and Gratiot Avenue return for review and approval by the CPC;

3. That final site plans, elevations, lighting, signage and landscaping plans be reviewed by CPC staff for consistency with the approved plans prior to application being made for applicable permits.

**City Planning Commission**

November 2, 2011

Honorable City Council:

Re: Three Zoning Ordinance Amendments.

Attached hereto are three Zoning Ordinance amendments, approved as to form by the Corporation Counsel, for consideration at the November 3rd meeting of the Planning and Economic Development standing committee:

- "Minor deviations" text amendment — to clarify the requirements and procedures for approving minor deviations from urban renewal development plans and to assure consistency between site plans within Planned Development (PD) zoning districts and urban renewal development plans that have received minor deviations approved by the Board of Zoning Appeals. [P&ED Line Item #15.]

- Planned Development (PD) District modification and site plan approval for 2.7-acre site previously part of the Edward Tolan Playfield, 701 Mack Avenue for a medical professional office building (Queen Lillian development). [P&ED Line Item #14.]

- Planned Development (PD) District modification for installation of decorative lighting features at the Renaissance Center. [P&ED Line Item #16.]

It is hoped that these ordinance will be introduced at the formal session of November 8, 2011 and scheduled for public hearing and action prior to your Honorable Body's recess on November 22, 2011.

**Please note:** if these are ordinances introduced next Tuesday, the public hearing for the "Minor deviations" text amendment needs to precede the public hearing for the "PD Modification" ordinance for the Queen Lillian development. Similarly, if these ordinances are voted-on at the November 22nd formal session, the "Minor deviations" text amendment should be taken up before the "PD Modification" ordinance for the Queen Lillian development.

**RESOLUTION SETTING HEARING**  
 By Council Member Jenkins:

Resolved, That a public hearing will be held by this Body in the Committee Room, on the 13th floor of the Coleman A. Young Municipal Center, on THURSDAY, NOVEMBER 17, 2011, AT 10:40 A.M., for the purpose of considering the advisability of adopting the foregoing proposed ordinance to amend Chapter 61 of the 1984 Detroit City Code, 'Zoning,' commonly known as the Detroit Zoning Ordinance, by amending Article XVII, District Map No. 4 and Ordinance No. 26-

09 to approve plans for an existing PD (Planned Development District) zoning classification established by Ordinance No. 26-09, at the approximately 2.7-acre site previously part of the Edward Tolan Playfield at 701 Mack Avenue to allow for the development of a medical professional office building.

Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Kenyatta, Spivey, Tate, Watson, and President Pugh — 9.

### City Planning Commission

October 28, 2011

Honorable City Council:

Re: Proposed Zoning Ordinance Text Amendments with respect to Minor Deviations from Adopted Development Plans within Urban Renewal Areas (RECOMMEND APPROVAL).

Based on consultation with the City's Law Department, the City Planning Commission (CPC) is recommending three minor amendments to the text of the Zoning Ordinance for your consideration. All of the amendments deal with the handling of "deviations" from adopted development plans within urban renewal areas.

The City Planning Commission respectfully requests that your Honorable Body act on the subject request prior to City Council's winter recess. In order to meet this timeline, it is recommended that the Honorable Body's Planning and Economic Development standing committee, at its 10:00 A.M. meeting of November 3, 2011, refer the ordinance for introduction at the formal session of November 8, 2011 for a public hearing to be scheduled for the standing committee on November 17, 2011. The proposed ordinance is presently at the Law Department awaiting approval as to form.

#### **Background**

The subject ordinance is related to a land use request by Queen Lillian, LLC to finalize plans for a new medical office building on 2.7 acres of land previously part of the Edward Tolan Playfield. (Please see companion report of the same date.) This site has an existing Planned Development (PD) zoning classification and is located within the Medical Center urban renewal area. Part of the proposed Queen Lillian site plan conflicts with the plans for both the Medical Center No. 1 and No. 2 urban renewal areas. Because of the project deadline to begin constructing the building in a timely manner, the developer has decided to appeal to the Board of Zoning Appeals (BZA) for a minor deviation from the urban renewal plan, while the City works to amend both urban renewal plans. While reviewing the City's Zoning ordinance, the Law Department pointed out to CPC staff that the current Zoning Ordinance does not explicitly permit minor deviations for land zoned PD within urban renewal areas. The proposed amendment attempts to clarify this issue so that the Queen Lillian project and other future projects can apply for minor deviations as an option when appropriate.

#### **Public Hearing Results**

On October 20, 2011, the City Planning Commission held its public hearing on the subject request. No concerns were raised regarding the proposed amendment.

#### **Proposed Amendment**

##### ***Proposal Regarding Deviations within Urban Renewal Areas***

Division 2 within Article II of the

Zoning Ordinance lists powers and duties of the BZA. Presently, Section 61-2-53 of this Division states, in general, that the BZA is authorized to consider "minor modifications" to duly adopted development plans (in urban renewal areas) and that "major modifications" of development plans remain the purview of City Council.

The regulation of development plans within urban renewal areas is spelled out under the Blighted Area Rehabilitation Act 344 of 1945. Our recent review of Public Act 344 found use of the term "deviation" rather than "modification." In order to make the Zoning Ordinance consistent with state law, the CPC recommends that all references to the term "modification," in the subject section, be replaced with the term, "deviation."

Furthermore, Section 61-4-3, which lists procedures applicable to land uses within development plans, includes one reference to "minor modifications." The CPC also recommends the term "modification" in this section be replaced with the term "deviation" for consistency with Act 344 and with Chapter 14 of the 1984 Detroit City Code.

##### ***Proposal Regarding Planned Development (PD) Areas Within Urban Renewal Areas***

Division 4 within Article III of the Zoning Ordinance lists regulations for Planned Development Districts. Presently, Section 61-3-95 lists procedures for PD districts within urban renewal areas. This Section states in part that, "Ultimate development of a renewal area, or parcel thereof, shall conform to all aspects to the Land Use and Development Plan and Declaration of Restrictions."

Both the CPC and the Law Department are concerned that the aforementioned language includes no reference to minor deviations as allowed under Public Act 344. As a result, the CPC recommends adding language which authorizes minor deviations approved by the BZA.

#### **Findings**

Section 61-3-59 of the Detroit Zoning Ordinance lists criteria for consideration for zoning ordinance text amendments which is attached for reference.

The CPC finds that the proposed amendment is consistent with the stated purposes of the Zoning Ordinance, the proposed amendment would protect the health, safety, or general welfare of the public, and corrects an error (ie. clarifies the past practice of allowing minor modifications on PD land within urban renewal areas).

#### **Recommendation**

On October 20, 2011, the CPC took action to recommend APPROVAL of the subject Zoning Ordinance Text Amendment.

Attached is a draft of the subject ordinance; we anticipate the Law Department

will provide the approved-as-to-form ordinance prior to Council's formal session on November 8, 2011.

## City Planning Commission

November 2, 2011

Honorable City Council:

Re: Zoning Ordinance, Chapter 61, Article XVII, District Map No. 74 — Request to rezone forty-seven lots bounded by W. McNichols Rd. to the north, W. Grand River Ave. to the northeast, Westbrook St. to the east, Verne Ave. to the south, and Burgess St. to the west from R1 (Single-family Residential District) to PD (Planned Development District) to allow a large retail center, gas station with convenience store, and multiple-tenant retail building. (Recommend Approval with Conditions).

On October 27, 2011, the City Planning Commission (CPC) voted to recommend with conditions the request of Lormax Stern Detroit Development, LLC to amend Article XVII, District Map No. 74 of Chapter 61 of the 1984 Detroit City Code, Zoning, to show a PD (Planned Development District) zoning classification where an R1 (Single-family Residential District) zoning classification is presently located on all the parcels bounded by W. McNichols Rd. to the north, W. Grand River Ave. to the northeast, Westbrook St. to the east, Verne Ave. to the south, and Burgess St. to the west (forty-seven lots). The change in zoning is being requested in order to allow the proposed construction of a large retail center ("big box store"), gas station with associated convenience store, and one or two smaller retail buildings. CPC recommends **approval with conditions** of the development as proposed.

### EXISTING CONDITIONS

The proposed rezoning request involves an approximately 26-acre property immediately south of the intersection of W. McNichols and Grand River Avenues. The property is currently occupied by an historic stone building formerly used as an African Heritage Cultural Center, Adult Well-being Services, and the vacant Redford High School and associated school athletic facilities (track and field, tennis courts, baseball diamonds). A large portion of the property is planted with grass and there are many mature shade trees, especially around the perimeter of the property. The athletic facilities, notably the track, are popular with area residents.

The entire property is currently owned by Detroit Public Schools (DPS). Lormax Stern Detroit Development, LLC has a Purchase and Sale Agreement with DPS; the agreement gives Lormax Stern Detroit Development, LLC the authority to pursue the current rezoning request.

### PROPOSED DEVELOPMENT

As previously stated, the change in zoning is being requested in order to allow the proposed construction of a large

retail center ("big box store") with an attached garden center (214,056 square feet), gas station with convenience store (store: 2,640 square feet), one smaller retail building (10,000 square feet, up to five small stores) along Grand River Ave, and a plaza with optional future smaller retail building at Grand River and Westbrook. (See attached site plan.)

Under the present proposal, the existing Redford High School building would be demolished. The Adult Well-Being Services building and the historic stone structure (formerly the African Heritage Cultural Center), both on W. McNichols between Burgess and Chapel, would be retained and included in the requested PD district. Chapel St. between W. McNichols Rd. and Verne Ave. was vacated in 1982 but is still physically open to one lane of through traffic; with the proposed development it would be closed to through traffic.

### Impact of Rezoning

The proposed rezoning of the subject property from R1 to PD would allow the development as described above and detailed in site plans to be reviewed and approved by your Honorable Body. If any changes were to be requested in the future, the PD would be required to go through the PD modification approval process according to the Zoning Ordinance. The proposed project would result in the removal of an historic, but vacant, building and lead to the repurposing of an underused property. It would also allow the construction of retail, thereby increasing shopping options for residents and tax revenue for the City. There are potential negative impacts of a large-scale development of this nature on the immediate residential neighborhood; however, those negative impacts are being mitigated by a site design that is sympathetic to the needs of area residents and by the conditions of approval.

### TAX AND FINANCIAL INCENTIVES

The petitioner has applied for tax abatements under the Brownfield Redevelopment Financing Act (Act 381 of 1996). A TIF (tax increment financing) reimbursement of \$6,592,500 and a 20% Michigan Business Tax credit of \$3,010,000 have been requested. According to the Detroit Economic Growth Corporation, the petitioner has also asked for incentives from Wayne County's TURBO program, a program that "reimburses investors by giving cash back to property owners, lessees and developers who make significant real estate investments in the county" (Wayne County website).

### SURROUNDING ZONING AND LAND USE

The zoning classifications and land uses surrounding the proposed development are as follows:

North: B4 (General Business District), former Police Department 8th Precinct, various small businesses.

West: R1 (Single-family Residential District), single-family dwellings.

Southwest: R1, Hope Playfield (approx. 17 ac.).

South: R1, single-family dwellings.

East: R1, single-family dwellings; B4, one parcel fronting Grand River and Westbrook: small used car dealership.

### **COMMUNITY RESPONSE AND CITY PLANNING COMMISSION PUBLIC HEARING**

The City Planning Commission held a public hearing on the proposed development on October 6, 2011 at the Coleman A. Young Municipal Center. One member of the public noted that he was concerned about the fate of the successful black-owned grocery store near the proposed development site on Grand River. The director of Motor City Blight Busters spoke in support of the proposal. Two members of Miller Grove Block Club, which is the block club that encompasses the proposed development site, spoke generally in favor of the development, but had questions about traffic and property taxes. One member of the public noted her opposition to the project, but did not speak.

The petitioner held an informal community meeting about the proposal at the end of September (2011); support signatures and a letter from that meeting were attached to the public hearing packet.

CPC staff attended the monthly meeting of the Miller Grove Block Club on October 15, 2011. Block Club members were generally either in support of, or resigned to the inevitability of, the project. However, they expressed numerous concerns about security, potential traffic, and that an exercise path had been promised by the developer but that doesn't appear on the site plan. They also noted that they have more natural concerns about the project than other nearby community organizations because the development is actually within Miller Grove Block Club's boundaries so it impacts their members directly. The Block Club sent a letter to CPC, stating their requests (attached). The requests, for the most part, deal with operations of the site and communication with the developer and/or manager, rather than the site plan. CPC has addressed the question of a walking track by telling the Block Club that there is no room at the development site for an athletic track such as the one that currently exists at Redford High School, but that the City has worked with the developer to maintain, to the extent possible, the pedestrian-friendly nature of the surroundings. The request to place "no through traffic" signs should be based on need and could be considered at a later date if it is determined that the

neighborhood is experiencing traffic beyond that which is considered acceptable. The other request must be discussed with the developer and/or manager of the site. A condition is included in the recommendation of approval that the developer shall establish regular communication with area community groups.

### **MASTER PLAN**

The subject site is located within the Rosedale Neighborhood of Neighborhood Cluster 8 of the Detroit Master Plan of Policies. The existing land use is shown as School — Primary/Secondary" and the future general land use as "Mixed — Town Center." The proposed zoning map amendment has been found to be consistent with the Detroit Master Plan of Policies and with the purposes of this Zoning Ordinance. In a letter dated September 20, 2011 (attached), the Planning and Development Department determined the proposal to be consistent with the Master Plan.

### **ZONING ORDINANCE CRITERIA**

Section 61-3-80 of the Detroit Zoning Ordinance lists eight approval criteria on which zoning map amendments must be based. Additionally, Section 61-3-96 lists nine approval criteria for Planned Developments. CPC staff provided a detailed analysis of the zoning ordinance criteria in a report to CPC dated October 26, 2011 (a copy of which was provided as an attachment to a status report to your Honorable Body dated October 31, 2011). CPC has found that, with conditions, the present request meets the listed criteria.

### **RECOMMENDATION**

On October 27, 2011, the City Planning Commission (CPC) voted to recommend the present request, subject conditions agreed upon by CPC and the developer. The conditions are as follows:

1. That the uses permitted on the site be restricted to the specific land uses as follows, subject to review and approval by the City Planning Commission (CPC):

a. Parcel A (21.6 acres): A large retail center (Article XIV, Division 3, Subdivision F of the Detroit Zoning Ordinance) with associated outdoor garden center, pharmacy with drive-up window, and seasonal outside sales area; and motor vehicle filling station with associated convenience store and outside sales (e.g., ice, propane, product displays).

b. Parcel B (1.56 acres): All those "By-right public, civic, and institutional uses" (Section 61-9-75) and "By-right retail, service, and commercial uses" (Section 61-9-76) allowed in the B4 General Business District of the Detroit Zoning Ordinance; as well as restaurants, without drive-up or drive-through facilities.

c. Parcel C (2.86 acres): All those "By-right public, civic, and institutional uses" (Section 61-9-75) allowed in the B4

General Business District; "Office" uses, as defined in Section 61-16-143; and "Retail sales and service, service oriented" uses, as defined in Section 61-16-162, of the Detroit Zoning Ordinance.

2. That the existing mature, healthy shade trees on the property be preserved to the extent possible, especially those along the perimeter of the site. Pedestrian amenities such as winding sidewalks, sidewalk nodes, pedestrian nodes, and corner parks/plazas must accommodate the preservation of mature healthy trees. A landscaping plan shall be submitted for approval, indicating which existing trees will be retained, as well as any proposed new landscaping.

3. That amenities such as architectural elements salvaged from Redford High School, interpretive signage, or other decorative elements shall be added to the sidewalk nodes that line the perimeter of the site.

4. That the location and design of the Detroit Department of Transportation (DDOT) bus stop on Parcel A be approved by DDOT and otherwise comply with the Zoning Ordinance standards listed for bus stop facilities in large retail centers (Section 61-14-343).

5. That ingress and egress to the site be approved by the appropriate jurisdictions, including Wayne County and the Michigan Department of Transportation.

6. That an entity shall be created to enable communication between the developer/operator of the property and the surrounding community. This entity shall comprise representatives of the developer/operator, Miller Grove Block Club, and other area community groups as needed. It shall meet regularly (at least quarterly, but more often if necessary) during the phases of demolition, construction, and initial operation; regular meetings shall continue as long as members of the entity deem necessary.

7. That final site plans, elevations, landscape, lighting, and signage plans be submitted for City Planning Commission approval prior to making applications for applicable permits.

City Planning Commission recommends that your Honorable Body approve the current request with the above conditions.

Attached is an ordinance, not yet approved as to form by the Law Department; however, we anticipate an approved ordinance will be ready by November 8, 2011 for introduction and the setting of the required public hearing.

**AN ORDINANCE to amend Chapter 25, Article II of the 1984 Detroit City Code by adding Section 25-2-184 to establish the Tushiyah United Hebrew School of Detroit/Scott Memorial Methodist Episcopal Church Historic District and to define the elements of design for the district.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 25, Article II of the 1984 Detroit City Code is amended by adding Section 25-2-184 to read as follows:

**Sec. 25-2-184. Tushiyah United Hebrew School of Detroit/Scott Memorial Methodist Episcopal Church Historic District.**

(A) A historic district to be known as the Tushiyah United Hebrew School of Detroit/Scott Memorial Methodist Episcopal Church Historic District is established in accordance with the provisions of this article.

(B) This historic district designation is certified as being consistent with the Detroit Master Plan.

(C) The boundaries of the Tushiyah United Hebrew School of Detroit/Scott Memorial Methodist Episcopal Church Historic District are as shown on the map on file in the office of the City Clerk, and are as follows: On the north, the centerline of the alley running east-west between East Ferry and East Kirby Avenues; on the east, a line two feet east of and parallel to the west line of Lot 6, Block 38, Ferry and Lyster's Subdivision, commonly known as 609 East Kirby Avenue, as recorded in Liber 12, Page 42 of Plats, Wayne County Records; on the south, the centerline of East Kirby Avenue; and on the west, the centerline of St. Antoine Street. (Legal description: Lots 7 and 8 and the West 2 feet of Lot 6, Block 38, Ferry and Lyster's Subdivision, as recorded in Liber 12, Page 42 of Plats, Wayne County Records). Commonly known as 609 East Kirby Avenue.

(D) The defined elements of design, as provided for in Section 25-2-2 of this code, are as follows:

(1) *Height.* The Tushiyah United Hebrew School of Detroit/Scott Memorial Methodist Episcopal Church is two (2) stories tall. A single-story addition was

constructed across the back of the building circa 1950.

(2) *Proportion of Building's Front Façade.* The five (5) bay wide, south-facing front façade of the Tushiyah United Hebrew School of Detroit/Scott Memorial Methodist Episcopal Church is wider than tall. The parapet wall of each bay of the front façade steps up toward the center bay, culminating at the gabled parapet. The west façade along Richard Allen Boulevard (formerly St. Antoine Street) is also wider than tall with five (5) bays, the central bay wider than that of the front (south) façade.

(3) *Proportion of Openings Within the Façade.* The Tushiyah United Hebrew School of Detroit/Scott Memorial Methodist Episcopal Church is composed of approximately thirty-five per cent (35%) openings in its front façade. Most of the openings in the front (south) and west façades are covered with wood boards, although historic photographs and original plans show the original window proportions. All of the windows were of the double-hung sash variety with transoms, resulting in units that are almost two and one-half (2-1/2) times taller than wide. They are arranged in groupings of two (2) window units per opening sharing a common sill, except in the gabled bays of the front (south) and west façades, where individual window units are separated by pilasters. The central, gabled bay on the front (south) façade has three (3) individual window units; the bay to its west contains the entrance, composed of a pair of aluminum and glass doors with sidelights and a transom. A pair of double-hung windows with transoms rises above the doorway at the second floor. The bay to the east of the center bay is identical to the entrance bay except for a pair of one-over-one double-hung windows with transoms at the first floor instead of the entrance opening. The bays at each end of the front (south) façade contain narrower window units composed of two pairs of one-over-one double-hung windows with transoms at the first and second floors. Proportions of openings on the east façade are similar to those of the front façade, without an entrance opening.

(4) *Rhythm of Solids to Voids in Front Façade.* The strong, regular rhythm of solids to voids is created by the repetitive arrangements of windows on the front (south) and west façades. Window arrangements are identical on the first and second stories, with the exception of the entrance bay, and, being separated by pilasters, create a regular progression of openings. Two paired groupings of windows exist on the outer bays of the primary façades, three individual windows are placed on the gabled bays, and windows are paired on the bays in between. There

are no openings in the basement levels of the front (south) and west façades.

(5) *Rhythm of Spacing of Buildings on Streets.* Not applicable due to single building district.

(6) *Rhythm of Entrance and/or Porch Projections.* The East Kirby Avenue entrance to Tushiyah United Hebrew School of Detroit/Scott Memorial Methodist Episcopal Church is located off-center, between the westernmost bay and the central bay. It is approached from a concrete walkway beginning with two broad concrete steps near the public sidewalk and extending to the concrete deck in front of the doorway.

(7) *Relationship of Materials.* The steel-framed building is faced in brick with cast stone panels and limestone sills, string courses and caps. Original elevations depict a simple classical cornice produced in metal, which is now covered with cement. Window surrounds and sashes are of wood. The rear addition is brick and concrete block.

(8) *Relationship of Textures.* The major textural relationship is that of brick laid in running bond juxtaposed with decorative brick work and limestone and cast stone banding, medallions and reliefs. Soldier, header and rowlock courses of brick frame panels and parapet walls. Repetition of pilasters separating groupings of windows adds considerably to textural interest.

(9) *Relationship of Colors.* The brick is tan-colored and contrasts with the gray color of the limestone and cast stone ornamentation. Red common brick was used on the north and east elevations that were not intended to be visible from the street. Window frames and surrounds are painted light green. The original colors as determined by professional analysis are always acceptable for the building and may provide guidance for similar buildings.

(10) *Relationship of Architectural Details.* The most detailed element of the Commercial Style building is its flat-topped, limestone-capped parapet wall that rises in steps over each bay toward the center bay, which features a low gabled parapet. The gable contains two cast stone medallions each containing a Star of David. Rising up through the two (2) stories of the center bay are four (4) evenly spaced pilasters decorated with limestone bands, each culminating in a cast stone flaming urn relief rising to the gabled parapet. In the flat-topped parapet of the outer bays of the front (south) and west façades are cast stone panels with a pair of lions holding a tablet. A former cornice line that is covered with cement runs below the parapet and turns the corner of the building; the original elevations show a simple classical cornice constructed of metal. A badly weathered cast stone

panel reading "Tushiyah United Hebrew Schools of Detroit ... [last word unreadable]" is set in the center of a recessed brick area above the second floor windows of the entrance bay. Spandrel panels and pilasters are also areas with architectural detailing. Openings are outlined with soldier courses of brick with cast stone squares at their corners. The cornerstone at the southwest corner of the building has a faint "1922" engraved in it. In general, the building's two visible façades are rich in low relief architectural detail in brick and stone.

(11) *Relationship of Roof Shapes.* The arched, steel trussed roof over the main, north-south section of the building is not visible behind the tall brick parapet wall. The roof over the east-west section of the building is flat. The 1950s rear addition has a collapsed roof.

(12) *Walls of Continuity.* Not applicable due to single building district.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* The building is set back from East Kirby Avenue with a slightly graded, flat, grassy lawn containing large evergreen trees and overgrown shrubs. The west elevation along Richard Allen Boulevard (formerly St. Antoine Street) abuts the sidewalk and has regularly spaced trees planted along the street in the tree lawn. No significant lighting fixtures or street furniture exist.

(14) *Relationship of Open Space to Structures.* Open space is created by the siting of the building on a corner lot and its setback from East Kirby Avenue. A grass courtyard that opens in the rear to the east was created when the single-story addition was constructed circa 1950 across the rear of the property. To the east of the building are residential structures with similar front setbacks and front lawns. The Tushiyah United Hebrew School of Detroit/Scott Memorial Methodist Episcopal Church Historic District is very close to the house immediately to its east and therefore has no east side yard. Behind it, across the alley, is vacant property associated with D.M. Ferry and Company Superintendent's House Historic District at 612 East Ferry Avenue.

(15) *Scale of Façade and Façade Elements.* Tushiyah United Hebrew School of Detroit/Scott Memorial Methodist Episcopal Church is a moderately scaled institutional building that has mostly small scaled detail on its front (south) and west façades. Architectural elements such as pilasters and window units are appropriately scaled.

(16) *Directional Expression of Front Elevation.* The front elevation of the Tushiyah United Hebrew School of Detroit/Scott Memorial Methodist Episcopal Church is horizontal in directional expression, but balanced by the height of the parapet wall increasing

toward the central, gabled bay and vertically-expressed pilasters.

(17) *Rhythm of Building Setbacks.* Not applicable due to single building district. The setback of the building roughly corresponds to the residential setback of the East Kirby Avenue streetscape.

(18) *Relationship of Lot Coverage.* The footprint of the Tushiyah United Hebrew School of Detroit/Scott Memorial Methodist Episcopal Church occupies approximately seventy percent (70%) of its single parcel.

(19) *Degree of Complexity Within the Façade.* The front façade is straightforward in massing, orderly in its placement of detailing, and regular in its window placement, resulting in a low degree of complexity overall.

(20) *Orientation, Vistas, Overviews.* The Tushiyah United Hebrew School of Detroit/Scott Memorial Methodist Episcopal Historic District is oriented toward East Kirby Avenue, a residential east-west running street. The general overview is of a low-density, two (2) and two-and-one-half (2-1/2) story, residential neighborhood of single and two-family houses; and newer, multi-family housing developments to the south.

(21) *Symmetric or Asymmetric Appearance.* The appearance of the front façade of Tushiyah United Hebrew School of Detroit/Scott Memorial Methodist Episcopal Church is asymmetrical, due only to the west-of-center positioning of the entrance bay.

(22) *General Environmental Character.* The Tushiyah United Hebrew School of Detroit/Scott Memorial Methodist Episcopal Church Historic District consists of an architecturally and historically significant institutional building situated at the northeast corner of East Kirby Avenue and Richard Allen Boulevard (formerly St. Antoine Street) in the Art Center area, a part of Midtown. It sits among a late-nineteenth and early-twentieth century previously established residential neighborhood extending east from Woodward Avenue and west to the I-75 Freeway. The addition of a newer housing development across East Kirby Avenue to the south and some cleared lots have significantly altered its historic setting, but the designation of historic districts in the surrounding area, such as East Ferry Avenue, East Kirby Avenue, and the D.M. Ferry and Company Superintendent's House, has resulted in reinvestment in the existing housing stock.

**Section 2.** All ordinances or parts of ordinances, or resolutions or parts of resolutions, in conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

**Section 4.** If this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter; otherwise, it shall become effective in accordance with Section 4-115 of the 1997 Detroit City Charter.

Honorable City Council:

Re: Establishment of "Authority" for Purpose of Implementation of the Woodward Light Rail Transit System

On October 7, we transmitted to this Honorable Body a Resolution establishing the Woodward Light Rail Transit Authority (the "Light Rail Authority") as authorized by the State of Michigan Public Transportation, Act 196 of 1986, as amended, to implement the light rail system along Woodward Avenue and authorizing the negotiation and execution of a funding agreement between Detroit Department of Transportation (DDOT) and the newly created Light Rail Authority to provide the funding for the light rail system.

This proposed resolution was reviewed by City Council's Committee on Public Health and Safety on October 17th. At the request of the Chairman of the Committee we have made revisions to the Resolution submitted on October 7. To enable the Council members to review the changes, we have enclosed a "blackline" of the October 7 version of the Resolution with this letter.

In order to expedite the process of creating the light rail system, we have determined that a more appropriate process would be for City Council to separate the matters and consider each matter individually. Therefore we have created the attached resolutions, one authorizing the creation of the Light Rail Authority and one approving the execution of the funding agreement, for your consideration. A copy of the proposed funding agreement is already in the possession of the City Clerk.

We thank you in advance for your consideration of this matter.

Respectfully submitted,  
ATHANASIOS PAPAPANOS

Vice President

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF DETROIT, COUNTY OF WAYNE, STATE OF MICHIGAN, APPROVING THE FORMATION OF A PUBLIC TRANSPORTATION AUTHORITY FOR THE IMPLEMENTATION OF A LIGHT RAIL PUBLIC TRANSPORTATION SYSTEM WITHIN THE CITY OF DETROIT; APPROVING THE ARTICLES OF INCORPORATION OF THE AUTHORITY; AND AUTHORIZING AND DELEGATING TO THE MAYOR OF THE CITY OF DETROIT THE AUTHORITY TO TAKE SUCH OTHER ACTION AS MAY BE NECESSARY OR DESIRABLE TO IMPLEMENT THE PURPOSES AND INTENT OF THIS RESOLUTION AND AS MAY BE REQUIRED BY APPLICABLE LAW.

By Council Member Brown:

Whereas, The City Council of the City

of Detroit (the "Council") approved on April 11, 2011, the issuance of revenue bonds (the "Bonds") to finance a portion of the cost of a light rail transportation system to be initially developed along Woodward Avenue from Jefferson Avenue to Eight Mile Road (the "Light Rail System"); and

Whereas, The Public Transportation Authority Act, Act 196 of the Public Acts of Michigan, 1986, as amended (the "Act"), authorizes the City of Detroit, County of Wayne, State of Michigan (the "City"), to establish a public transportation authority for the purposes of implementing public transportation facilities such as the Light Rail System; and

Whereas, The Light Rail System will enable the City to improve public transit service and provide greater mobility options for the residents of the City, improve transportation equity among all travelers, improve transit capacity along Woodward Avenue, improve linkages to major activity centers along Woodward Avenue, support the City's economic development goals and encourage reinvestment in the City's urban core; and

Whereas, The establishment of a public transportation authority by the Council would enable the City to delegate to and transfer responsibility for the entire Light Rail System to the public transportation authority, which would have the power and authority to implement the Light Rail System; and

Whereas, The Council deems it advisable and necessary to authorize and approve the formation of a Public Transportation Authority, to be known as the "Woodward Light Rail Transit Corporation" (the "Light Rail Corporation"), to undertake responsibility for and assume the current obligations of the City (other than the bonds) regarding the Light Rail System and approve Articles of Incorporation for the Light Rail Corporation, as contemplated by the Act and as permitted by the City of Detroit Charter, as amended (the "Charter"); and

Whereas, A form of the Articles of Incorporation for the Light Rail Corporation (the "Articles"), which complies with the Act and will enable the Light Rail Corporation to undertake responsibility for all phases of the Light Rail System, has been presented to the Council for its approval and is attached as Exhibit A hereto; and

Whereas, The Council finds and determines that the Articles comply with the Act and will assist in achieving the objectives of the Council in connection with the Light Rail System; and

Whereas, The Council deems it advisable and necessary to authorize the Mayor of the City to take such actions and make such determinations as may be necessary or desirable to accomplish the

formation of the Light Rail Corporation, including the publication and filing of its Articles, as contemplated by this Resolution and the Act; and

Whereas, The Council finds and declares that it is desirable and appropriate for the City to form a Light Rail Corporation in accordance with the Act to undertake and assume the City's responsibility for the design, acquisition, construction, equipping and commissioning of the Light Rail System; that the formation of a Light Rail Corporation to implement the Light Rail System will achieve the Council's objectives to improve public transit service and provide greater mobility options for the residents of the City; improve transportation equity among all travelers; improve transit capacity along Woodward Avenue; improve linkages to major activity centers along Woodward Avenue; support the City's economic development goals by encouraging reinvestment in the City's urban core; and

Whereas, The formation of a Light Rail Corporation for such purposes will clearly constitute a public purpose and serve the public health, safety and welfare of the city and its residents; and

Whereas, The Council has determined that, given the importance of the Light Rail System to promoting more robust economic development activities within the City of Detroit, the Chairman or the President of the Detroit Economic growth Corporation shall serve as Chairman of the Board of Directors of the Light Rail Corporation; and

Whereas, The Council has determined that the creation of the Light Rail Corporation and/or any other action of this Council is not intended to modify or alter the existing methods of approving and allocating tax increment financing for use in economic development within the City of Detroit.

Now, Therefore Be It

Resolved, By the City Council of the City of Detroit, County of Wayne, State of Michigan, Pursuant to the Act that:

The Council hereby authorizes the formation of the Light Rail Corporation and approves the Articles of the Light Rail Corporation in the form presented to the Council as Exhibit A hereto.

Be It Further

Resolved, That nothing in this Resolution shall be deemed to create any powers in the Light Rail Corporation other than those conferred by the Act.

Be It Further

Resolved, That the Mayor is hereby authorized and directed on behalf of the City to take any and all other actions, perform any and all acts and execute any and all documents that shall be required, necessary or desirable to implement this Resolution.

Item No.: 10.G.1

The Detroit Public School District Easement Agreement 11-22

Honorable Board of Water Commissioners, Detroit, Michigan:

Re: Agreement and Grant of Easement for Water Mains and Sewers Detroit Public School Board — Munger PK-8 School (11-22).

**MOTION:** Upon recommendation of Ramesh C. Shukla, Assistant Director of Engineering Services, the Board of Water Commissioners authorizes the Deputy Director to execute Agreement and Grant of Easement for Water Mains and Sewers with the School District of the City of Detroit, and also authorizes the Deputy Director to take such other action as may be necessary to accomplish the intent of this vote.

**A. Background**

The School District desires to construct a new Munger PK-8 School on land encumbered, and has requested the Board to relocate sewers and mains.

The action is the result of the proposed building of a new school that requires relocating/installing water main and a combined sewer at the Detroit Public School Munger PK-8 School, located at 5525 Martin in the City of Detroit, bounded by McGraw Avenue, Martin Avenue, Edsel Ford Freeway Service Drive, Ironside Avenue, and Cecil Avenue, as described in Exhibits A, B A-1, and B-1. The Board is agreeable to relocating the sewers, provided that the School District relocates the water and sewer installations to the Board's specifications, at the School District's expense.

The District will grant to the City of Detroit through its Board of Water Commissioners, a permanent combined sewer easement, varied in width, for the purpose of constructing, maintaining, operating, inspecting, replacing and/or repairing the sewer and its appurtenances, as illustrated in Exhibit B and B-1. Said water mains will be used to provide water service, fire suppression service, and five hydrants.

**B. Justification**

The School District shall, at its expense, construct or cause to be constructed replacement water mains, sewer lines, and appurtenances in the Easement location adequate, in the judgment of the Board.

This agreement will allow the Detroit Water and Sewerage Department to operate, maintain, repair, replace, remove, and use the sewer and related improvements and appurtenances as needed.

This recommendation was considered by the Board of Water Commissioners and action taken as noted below.

**Water and Sewerage Department  
General Administration**

October 27, 2011

Honorable City Council:

Re: Purchase of Parking Lot at Detroit Water and Sewerage Department Central Services Facility From Chrysler Group LLC.

The Detroit Water and Sewerage Department (DWSD) requests that your Honorable Body authorize DWSD to purchase the parking lot east of DWSD's Central Services Facility located at 6425 Huber St., Detroit, Michigan 48211, from Chrysler Group LLC for Four Hundred Thousand Dollars (\$400,000.00) and to execute a Purchase and Sale Agreement for the Property. This transaction was approved by the Board of Water Commissioners on October 26, 2011.

DWSD's Central Services Facility is located on Huber St. east of Mt. Elliott on the east side of Detroit. It is the site of the Maintenance and Repair Division, Vehicle Maintenance, Mechanical Maintenance, Meter Operations, the System Control Center and other DWSD operations. The building was originally built in the 1960's as a Chrysler plant. Chrysler sold it to DWSD in 1984 when Chrysler was downsizing. DWSD remodeled the building to suit its operational needs. This enabled DWSD to consolidate several divisions at one location and close some old obsolete facilities.

For reasons that nobody at DWSD can remember, Chrysler retained ownership of the employee parking lot on the east side of the building. Chrysler gave DWSD a license/access agreement that allowed DWSD to use the parking lot at no cost.

Now that Chrysler has been through bankruptcy reorganization it wants to shed non-core assets. It has offered to sell the parking lot to DWSD for \$400,000.00. DWSD has had an appraisal done on the property and believes that the price is fair. DWSD commissioned an appraisal report from The Harbin Group. In a report dated April 23, 2010 it appraised the property at \$850,000.00. After the appraisal was completed, DWSD's attorneys from the Law Department negotiated a purchase agreement with Chrysler's attorneys.

Subsequent to that, DWSD commissioned a Phase I Environmental Assessment from Metco Services and its subcontractor, NTH Consultants. Chrysler disclosed its knowledge of environmental conditions at the property as part of Metco's investigation. The Metco report identified some low level lead and arsenic contamination in the soil under the pavement. The levels are not high enough to cause concern. The City's Environmental Affairs Division has reviewed the Phase I Assessment and determined that further environmental investigation is not war-

ranted and that no environmental remediation work is necessary.

Chrysler has provided a commitment for title insurance from First American Title Insurance Co.

There is a need for the parking lot of DWSD's employees. DWSD has been occupying the property without incident since the 1980's. The purchase is recommended.

Respectfully submitted,  
DARRYL A. LATIMER  
Deputy Director

## ARTICLE II.

### DEFINED BENEFIT/DEFINED CONTRIBUTION (ANNUITY) PLAN OF THE GENERAL RETIREMENT SYSTEM. Sec. 47-2-18. Method of financing.<sup>129</sup>

(a) *Annuity Savings Fund of the 1973 Defined Contribution Plan.*<sup>130</sup>

(1) The *Annuity Savings Fund of the 1973 Defined Contribution Plan* shall be the fund in which shall be accumulated at regular interest, in accordance with the limitations that are contained in Section 47-1-18 of this code, the contributions of Members to provide their annuities. At the election of the Member, the amount of the basic contribution of a Member to the Retirement System may be zero percent (0%), three percent (3%), five percent (5%), or seven percent (7%) of annual compensation. If a Member elects three percent (3%), his or her contribution shall be that amount which is subject to taxation under the provisions of the *Federal Insurance Contribution Act*, 26 USC 3101 *et seq.* (Act), plus five percent (5%) of the portion of annual compensation, if any, which exceeds the amount subject to taxation under that Act.

(2) The contribution rate elected by the Member under Section 47-2-18(a)(1) of this Code shall be deducted from the Members' compensation notwithstanding that the minimum compensation provided by law for any Member shall be reduced thereby. Payment of compensation, less said deductions, shall be a complete discharge of all claims and demands whatsoever for the services rendered by the said Member during the period covered by such payment, except as to benefits provided under this Article.

(3) Upon retirement of a Member with a *Retirement Allowance*, the Member's accumulated contributions shall be transferred from the *Annuity Savings Fund* to the *Annuity Reserve Fund*, refunded to the Member, or a combination thereof.

(b) *Annuity Reserve Fund*.<sup>131</sup> The *Annuity Reserve Fund* shall be the fund from which all annuities and benefits in lieu of annuities payable as provided in this Article, shall be paid. If a disability retiree is reinstated to active City service, the retiree's *Annuity Reserve* at that time shall be transferred from the *Annuity Reserve Fund* to the *Annuity Savings Fund* and credited to his or her individual account therein.

(c) *Pension Accumulation Fund*.<sup>132</sup> The *Pension Accumulation Fund* shall be the fund in which shall be accumulated reserves for the pensions and other benefits payable from the contributions made by the City, and from which shall be paid pensions and other benefits on account of Members with prior service credit, and transfers as provided in this Section, Contributions to and payments from the *Pension Accumulation Fund* shall be made as follows:

(1) Upon the basis of such mortality and other tables of experience and Regular Interest, as the Board shall adopt from time to time, the Actuary shall annually compute the amount of contributions, which, when made annually by the City during the entire prospective City service of Members without prior service credit, will be sufficient to provide the pension reserves required at the time the Members leave City employment, to cover the pensions to which they might be entitled or which might be payable because of their City employment. Upon the retirement of a Member without prior service credit, or upon a Member's death in the performance of duty, the *Pension Reserve Fund* for the pension or pensions to be paid on the Member's account shall be transferred from the *Pension Accumulation Fund* to the *Pension Reserve Fund*.

(2) Upon the basis of such mortality and other tables of experience and regular interest as the Board shall adopt from time to time, the Actuary shall compute annually the pension reserve liabilities for pensions being paid to Retirees and Beneficiaries.

(3) On an annual basis, the Board shall ascertain and report to the Mayor and the Council the amount of City contributions due to the System. The Council shall appropriate and the City shall pay such contributions during the ensuing Fiscal year. When paid, such contributions shall be credited to the *Pension Accumulation Fund*.

(4) If the amount appropriated by the City and paid to the System for any Fiscal year is insufficient to make the transfers and pay the pensions from the *Pension Accumulation Fund* as provided in this Section, the amount of such insufficiency shall be provided by the appropriating authorities of the City.

(d) *Accrued Liability Fund*. Pursuant to Ordinance No. 5-05, which authorizes the creation of the *Detroit General Retirement Service Corporation*, the City has entered into a transaction (the "Pension Funding Transaction") to obtain funds as an alternative to those available through the traditional funding mechanism described above in Subsection (c). The proceeds generated by the Pension Funding Transaction (or any Additional Pension Funding Transactions, as described below) that will be deposited into the System will be termed the "Funding Proceeds." The Funding Proceeds will be deposited into a new fund in the System to be called the *Accrued Liability Fund*. The purpose of the Funding Proceeds will be to fund all or part of the heretofore unfunded actuarial accrued liability ("UAAL") of the System, as determined as of a date certain, ~~to~~ that is, the "Determination Date," pursuant to the System's actuarial valuation as of that date. The Funding Proceeds will be assets of the System and will be applied, together with all other assets of the System, to fund the System's obligation to pay accrued benefits.

This *Accrued Liability Fund* shall contain only the Funding Proceeds of this Pension Funding Transaction, and any earnings thereon. Should the City, by future ordinance, choose to raise additional moneys by additional pension funding transactions ("Additional Pension Funding Transactions") in order to fund the then existing UAAL of the System as of a future date certain, a new and separate *Accrued Liability Fund* shall be created within the System to contain the proceeds, and any earnings thereon, of any Additional Pension Funding Transactions, and a new *Accrued Liability Fund* will be created for each successive Additional Pension Funding Transaction undertaken by the City, if any. The treatment of any Additional *Accrued Liability Fund* shall be the same as described below:

(1) The Funding Proceeds deposited in the *Accrued Liability Fund* will be subject to the oversight and investment direction of the Board of Trustees of the

General Retirement System, consistent with the Board's obligations under Section 47-2-20 of this Code (Management of Funds). The Board will invest the Funding Proceeds as part of the System's overall assets, and will not differentiate the Funding Proceeds from other System assets for investment purposes.

(2) All interest, dividends and other income derived from the investment of the Funding Proceeds shall be credited annually to the applicable *Accrued Liability Fund* on a total System rate of return basis determined by crediting the applicable *Accrued Liability Fund* with the investment return experienced by the System in total for all of its investments for the year. This shall be done by first determining the rate of return for the total assets in the System for the fiscal year, and then crediting back to each *Accrued Liability Fund* an amount that is determined by multiplying that rate of return times the balance in the *Accrued Liability Fund* as of the beginning of the fiscal year, less an amount obtained by multiplying one-half of the System's rate of return times the amount transferred to the *Pension Accumulation Fund* for that year. As provided in Section 47-2-18(g) of this Code, the interest, dividends and other income derived from the investment of the Funding Proceeds deposited in any *Accrued Liability Fund* are "other moneys" the disposition of which is specifically provided for in this Article, and these moneys will not be credited to the *Income Fund*. The interest, dividends and other income derived from the investment of the Funding Proceeds deposited in any *Accrued Liability Fund* will not be credited to any Funds other than the *Pension Accumulation Fund*.

(3) Upon the creation of the *Accrued Liability Fund* and the deposit of the Funding Proceeds into the applicable *Accrued Liability Fund*, there shall be established a schedule for transferring assets of the *Accrued Liability Fund* by crediting them to the *Pension Accumulation Fund* on a regular basis over the period required to fully amortize that portion of the System's UAAL determined as of the applicable Determination Date.

The System's UAAL determined as of the applicable Determination Date shall be the "Determined Accrued Liability." The period over which the Determined Accrued Liability is to be fully amortized, as specified in the System's actuarial valuation as of the applicable Determination Date, is the "Amortizing Period." The amount to be transferred each fiscal year (or monthly portion thereof) to the *Pension Accumulation Fund* from the *Accrued Liability Fund* is the "Scheduled Amortizing Amount."

With respect to the Pension Funding Transaction and any Additional Pension Funding Transactions, the Scheduled

Amortizing Amount will equal a level percentage of the City's monthly payroll during the fiscal year, as determined by the City's weekly payroll reports made available to the Board. The level percentage of the City's monthly payroll that will be used to determine the Scheduled Amortizing Amount will be a level percentage that is equal to the level percentage that is specified in the actuarial valuation as of the applicable Determination Date as being the percentage of the City's monthly payroll required to amortize the Determined Accrued Liability over the Amortizing Period multiplied by a fraction. The numerator of the fraction shall be the amount of the applicable Funding Proceeds up to the full amount of the Determined Accrued Liability as of the Determination Date. The denominator of the fraction shall be the System's Determined Accrued Liability on that date.

**Commentary:** By way of example only, the Scheduled Amortizing Amount would be determined as follows: (1) the Determination Date is June 30, 2004, (2) the Funding Proceeds are deposited into the System during the 2004-2005 Fiscal Year, (3) the June 30, 2004 actuarial valuation produced a UAAL of \$800 million, (4) the City's contribution required to amortize that UAAL is 16% of the City's payroll, and (5) the Funding Proceeds are \$600 million, then the Scheduled Amortizing Amount for Fiscal Year 2005-06 would be 16% times (\$600 million/\$800 million) times the City's payroll for 2005-2006. This would be 12% times the City's payroll for that fiscal year.

With respect to the Pension Funding Transaction, or any Additional Pension Funding Transactions, where the applicable Determination Date occurs after the date of the actuarial valuation that determines the City's contribution for the fiscal year during which the applicable Funding Proceeds are deposited into the System, for such fiscal year, there will be transferred from the applicable *Accrued Liability Fund* to the *Pension Accumulation Fund* an amount that is specified in such actuarial valuation as being the City's required contribution needed to amortize the System's UAAL as of the date of such actuarial valuation, multiplied by a fraction. The numerator of the fraction shall be the amount of the applicable Funding Proceeds up to the full amount of the UAAL specified in such actuarial valuation, and the denominator of the fraction shall be the System's total UAAL as set forth in that same actuarial valuation.

**Commentary:** By way of example only, the Scheduled Amortizing Amount in this case would be determined as follows: (1) the Determination Date is June 30, 2004, (2) the Funding Proceeds had been deposited into the System during the 2004-2005 Fiscal Year, (3) the June 30,

2003 actuarial valuation produced a UAAL of \$733 million, (4) the City's contribution required to amortize that UAAL is 13.9% of the City's payroll, and (5) the Funding Proceeds are \$600 million, then the Scheduled Amortizing Amount for Fiscal Year 2004-05 would be 13.9% times (\$600 million/\$733 million) times the City's payroll for 2004-2005. This would be 11.4% times the City's payroll for that fiscal year.

Should the Board at some future time adopt a different period for amortizing the System's UAAL (a "Revised Amortizing Period"), the Scheduled Amortizing Amount for ensuring years may change. If the Revised Amortizing Period provides for a longer period during which to amortize the System's UAAL (~~to~~ that is, an "Extended Amortizing Period"), then the Amortizing Period initially used to amortize the applicable Determined Accrued Liability will also be revised. There will then be established a new schedule for amortizing the Determined Accrued Liability, and the Scheduled Amortizing Amount will be based on the level percentage of the City's monthly payroll being equal to what it would be if the then unamortized balance of the Determined Accrued Liability were re-amortized over the Extended Amortizing Period. If the Revised Amortizing Period is changed so that the System's UAAL is to be amortized over a shorter period than the one initially used to amortize the applicable Determined Accrued Liability, then that Scheduled Amortizing Amount will not be changed.

(4) Each year (or monthly portion thereof), when the City is required to make its regular contribution to the System — the amount of which is to be determined pursuant to Subsection (c) and the timing of which is set forth in Section 47-2-19(b) of this Code — the Board will transfer the Scheduled Amortizing Amount from the *Accrued Liability Fund* and credit it to the *Pension Accumulation Fund*; provided, however, that this transfer cannot occur unless and until the Board has been notified pursuant to the Pension Funding Transaction, or any Additional Pension Funding Transaction, if applicable, that the City is current on the service payments required under the applicable Pension Funding Transaction.

(5) Should the Scheduled Amortizing Amount not be available for transfer because of the City's failure to make a timely service payment pursuant to the applicable Pension Funding Transaction, the Board will take any permitted action, including the filing of a civil action against the City, as contemplated in Section 47-4-3(3) of this Code, to effectuate the transfer of the Scheduled Amortizing Amount.

Should the City's Finance Director certify to the Board by a duly attested notice

that the City has no available funds to make the service payments required by the applicable Pension Funding Transaction, in that specific circumstance, the Board shall be authorized to transfer the Scheduled Amortizing Amount for that fiscal year (or monthly portion thereof) to the *Pension Accumulation Fund*, absent the notice requirement set forth in Section 47-2-18(d)(4) of this Code.

(6) Since the Funding Proceeds are to be considered assets of the System and are intended to fund the applicable Determined Accrued Liability, the City shall be required to make only a proportional contribution for any fiscal year (or monthly portion thereof) ending after the date the Funding Proceeds are deposited into the applicable Accrued Liability Fund, but prior to a fiscal year whose corresponding actuarial valuation includes the Funding Proceeds in the System's total assets. The proportional contribution to fund the System's then existing UAAL, if any, shall be the level percentage of the City's payroll specified in the actuarial valuation for the applicable fiscal year as the City's required contribution needed to amortize the System's then existing UAAL, multiplied by a fraction. The numerator of the fraction shall be the amount of the System's total UAAL as determined in such actuarial valuation minus the amount of the applicable Funding Proceeds, but not less than zero. The denominator of the fraction shall be the amount of the System's total UAAL in such valuation. Actuarial valuations following the deposit of the applicable Funding Proceeds into the System shall include the Funding Proceeds in the total assets of the System to determine any ensuing UAAL of the System, and the Funding Proceeds shall offset any such actuarial liability accordingly.

**Commentary:** By way of example only, the following indicates how the procedure described above would operate. Assume the following facts — (1) the Determination Date is June 30, 2004; (2) the June 30, 2004 actuarial valuation produced a UAAL of \$800 million and a contribution toward the UAAL of 16% of the City's payroll; (3) the Funding Proceeds were \$600 million and were deposited in the System during the 2004-2005 Fiscal Year; (4) the first actuarial valuation which included the Funding Proceeds in the System's assets was as of June 30, 2005 and (5) the June 30, 2003 valuation which determines the City's required contribution for fiscal 2004-05 produced a total UAAL of \$733 million and a contribution toward that UAAL of 13.9% of the City's payroll. Then:

- The fiscal year ending after the date of deposit would be the year ending June 30, 2005, or the 2004-2005 Fiscal Year.
- The first fiscal year whose corresponding valuation reflected the Funding

Proceeds in its assets would be the 2006-2007 year.

- Thus, the City's required UAAL contribution for fiscal 2004-2005 would be 13.9% of the City's payroll times (\$733 million — \$600 million) divided by \$733 million, or 2.5% of payroll. The City's required UAAL contribution for fiscal 2005-06 would be 16% of the City's payroll times (\$800 million — \$600 million) divided by \$800 million, or 4% of the City's payroll.

- Beginning with the Fiscal Year 2006-2007, whose contribution is determined by the June 30, 2005 actuarial valuation, the City's required UAAL contribution would be the percentage of its payroll developed in the corresponding actuarial valuation that included the Funding Proceeds as being part of the System's assets.

Any contribution the City has made to the System for any fiscal year during which the Funding Proceeds from any applicable Pension Funding Transaction have become assets of the System. Where the amount of the contribution is equal to or less than the normal cost of that fiscal year, the City's contribution shall be deemed to have been made in satisfaction of its obligation to contribute an amount equal to the System's normal cost for that fiscal year, and not as payment towards any portion of its obligation to pay an amortized portion of the System's UAAL due in that fiscal year. The term "normal cost" as used in this Section 47-2-18(d)(6) of this Code, shall be given its generally accepted actuarial meaning.

To the extent the City's contribution for that fiscal year exceeds its required contribution for normal cost owed in that fiscal year, its excess contributions shall be deemed as having been made for the immediately following fiscal year, and shall offset the City's normal cost contribution obligation for the immediately following fiscal year.

**Commentary:** By way of example only, the following indicates how the procedure described in the preceding paragraphs would operate. Assuming the same facts as in the prior *Commentary*, and the City contributed \$40 million for the 2004-2005 Fiscal Year and the total normal cost for that year was \$40 million:

- The entire \$40 million would be deemed as payment of the required normal cost for 2004-2005, and

- No part of the \$40 million contribution would be deemed payment toward UAAL.

Now assume that the facts remain the same, but that the City had contributed a total of \$45 million for 2004-2005:

- The City's total required contribution for 2004-2005 would be deemed paid in full, and

- \$5 million, ~~is~~ that is, \$45 million minus \$40 million, would be deemed prepayment of the City's required normal

cost for 2005-2006 and its required normal cost contribution for 2005-2006 would be reduced accordingly.

(7) The System's auditor shall verify (a) the assets credited to the *Pension Accumulation Fund* and any *Accrued Liability Fund* at the beginning and end of each fiscal year, (b) that each Fund had been properly credited, and (c) that transfers from the *Accrued Liability Fund(s)* to the *Pension Accumulation Fund* had occurred as intended under this Section 47-2-18(d) of this Code.

(8) Should the System's auditor certify that the total assets then existing in the System, not including the assets in any *Accrued Liability Fund*, together are insufficient to pay the benefits then due under the System, the System's auditor will then determine and certify the minimum amount needed to fund the benefits then due and owing (the "Minimum Necessary Amount"). In this limited circumstance, the Board is authorized to transfer the Minimum Necessary Amount from the *Accrued Liability Fund* to the *Pension Accumulation Fund* absent the notification required pursuant to Section 47-2-18(d)(4) of this Code.

(9) At the end of the Amortizing Period, or the end of the Extended Amortizing Period, if applicable, should there be any moneys that remain credited to the *Accrued Liability Fund*, the Board may transfer, at its discretion, any such remaining moneys, in whole or in part, by crediting them to the *Pension Accumulation Fund*. The *Pension Accumulation Fund* is the only Fund into which the remaining moneys credited to any *Accrued Liability Fund* may be transferred.

(e) *Pension Reserve Fund*.<sup>449133</sup> The *Pension Reserve Fund* shall be the fund from which pensions shall be paid to beneficiaries. Should a Disability Retiree be reinstated to active service, the Retiree's pension reserve at that time, shall be transferred from the *Pension Reserve Fund* to the *Pension Accumulation Fund*.

(f) *Expense Fund*.<sup>449134</sup> The *Expense Fund* shall be the fund to which shall be credited all money provided by the City to pay the administrative expenses of the Retirement System, and from which shall be paid all the expenses necessary in connection with the administration and operation of the System.

(g) *Income Fund*.<sup>135</sup> The *Income Fund* shall be the Fund to which shall be credited all interest, dividends, and other income derived from the investments of the System (other than those derived from the investments credited to any *Accrued Liability Fund*), all gifts and bequests received by the System, and all other moneys the disposition of which is not specifically provided for in this Article. There shall be paid or transferred from the *Income Fund*, all amounts required to credit Regular Interest to the various

Funds of the Retirement System, except for the *Accrued Liability Fund* which is to be credited with interest, dividends and other earnings pursuant to Section 47-2-18(d)(2) of this Code in accordance with the limitations that are contained in Section 47-1-18 of this Code. ~~Whenever the balance of the *Income Fund* is more than sufficient to cover current charges to the fund, such excess amount may be used for contingency reserves or may be transferred to any of the other Charter created funds of the Retirement System within this Article II except the *Expense Fund* to cover special needs of the Funds as the Board shall determine; provided, however, that in determining whether the balance of the *Income Fund* is more than sufficient to cover current charges to the Fund, the balance credited to any *Accrued Liability Fund* shall not be taken into account. In the event the balance in the *Income Fund* is insufficient to cover the charges to the Fund, the amount of the insufficiency shall be transferred from the *Pension Accumulation Fund* to the *Income Fund*.~~

(h) *Maintenance of Reserves.*<sup>136</sup>

(1) The maintenance of proper reserves in the various Charter-based funds of the Retirement System within this Article II except the *Expense Fund* are hereby made obligations of the *Pension Accumulation Fund*.

(2) City contributions to the Retirement System to the extent necessary to provide pensions on account of members who are employees of a revenue-supported division of the City shall be made from the revenues of the said division. Any City contribution to the Retirement System from any Fund by law with a certain and definite purpose shall at the direction of the Finance Director, be accounted for separately.

**Section 2.** All ordinances, parts of ordinances, that conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary to preserve the public peace, health, safety, and welfare of the People of the City of Detroit.

**Section 4.** In the event that this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter. In the event that this ordinance is passed by a less than two-thirds (2/3) majority of City Council Members serving, it shall become effective no later than thirty (30) days after enactment in accordance with Section 4-115 of the 1997 Detroit City Charter.

October 14, 2011

Honorable City Council:

Re: Request to accept a COPS Hiring Program (CHP) Grant from the United States Department of Justice's Office of Community Oriented Policing Services.

The United States Department of Justice's Office of Community Oriented Policing Services has awarded the Detroit Police Department (DPD) a COPS Hiring Program (CHP) grant (2011-UL-WX-0018) in the amount of \$5,694,725.00, with no cash match. The grant period is September 1, 2011 through August 31, 2014.

This program provides funding directly to law enforcement agencies to hire and/or rehire career law enforcement officers in an effort to create and preserve jobs, and to increase their community policing capacity and crime prevention efforts. This CHP grant will provide funding to pay the salaries of 25 newly hired DPD officers for three years (36 months). At the conclusion of the federal funding, CHP grantees are required to retain all officer positions awarded for at least 12 months from the time that the 36 months of grant funding for each CHP position expires.

In the event that this grant is accepted, Lieutenant Rodney Sizemore, of the Human Resources Bureau, would serve as the project director. The appropriation number for this grant is 13443.

The Board of Police Commissioners has already approved this request. Therefore, I now request approval from your Honorable Body to apply for the grant and adopt the enclosed resolution.

If you have any questions or concerns regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

**RESOLUTION**

**Supporting the City of Detroit Vehicle for Hire Ordinance**

By Council Member Spivey:

Whereas, The Michigan Limousine Act (*Public Act 271 of 1990*) requires operator of Class B limousines — defined in law as those with a seating capacity of less than 7 passengers, including the driver — to comply with the vehicle-for-hire ordinance of a city with a population of 750,000 or more.

Whereas, The City of Detroit was the only such Michigan municipality with a population of 750,000 or more before the 2010 Census and has a vehicle-for-hire ordinance (*Chapter 58 of the City of Detroit Municipal Code*) to regulate the operations of taxicabs and Class B limousines within its jurisdiction.

Whereas, Enforcement of the City of Detroit vehicle-for-hire ordinance is imperiled by the municipality's loss of population — its 2010 Census count was 711,777 — and Senate Bill 561, which seeks to delete the provision in the Michigan Limousine Act that requires operators of Class B limousines to adhere to the aforementioned ordinance.

Whereas, House Bill 4997 — sponsored by Representative David Nathan (D-Detroit) — would allow the City of Detroit to continue enforcing its vehicle-for-hire ordinance by reducing the municipal population threshold to 500,000.

Whereas, The City of Detroit vehicle-for-hire ordinance . . .

— Prescribes routine inspections of

taxicabs and Class B limousines to promote the safety of residents and visitors who travel throughout the municipality in said vehicles.

— Assuages pressure on the State of Michigan to inspect Class B limousines at a time when it is hard-pressed, financially, to conduct such exams, evidenced by introduction of two bills — House Bills 4549 and 4550 — that seek to limit state inspection of Michigan school buses.

— Requires all vehicles-for-hire to buy bond plates to subsidize municipal inspections and ensure fair competition between taxicabs and Class B limousines.

Whereas, Allowing the City of Detroit to continue enforcing its vehicle-for-hire ordinance would demonstrate respect for the time-honored traditions of Home Rule and Local Control. Now, Therefore Be It

Resolved, The Detroit City Council strongly urges the Michigan Legislature to support House Bill 4997, as introduced, or a compromise between it and Senate Bill 561 that would allow the City of Detroit to continue enforcing its vehicle-for-hire ordinance. Be It Further

Resolved, The Detroit City Council strongly urges the Mayor of the City of Detroit and the Detroit delegation of Michigan state lawmakers to stand in solidarity with the city's legislative branch in publicly supporting the vehicle-for-hire ordinance. An Be It Finally

Resolved, The Detroit City Clerk is instructed to send a copy of this resolution to the Honorable Dave Bing, Mayor of the City of Detroit; Governor Rick Snyder, individual members of the Michigan Legislature, and City of Detroit Lansing Lobbyist Kenneth Cole.

Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Kenyatta, Spivey, Tate, Watson, and President Pugh — 9.

Whereas, The Detroit City Council has approved to recess beginning Tuesday, November 22, 2011 which will run through Friday January 6, 2012; and

Honorable City Council:

Re: Palmer Park Square — Payment in Lieu of Taxes (PILOT).

Linda Shipman of Shelbourne Development is requesting tax exemption for a project consisting of seven (7) tax parcels located in the Palmer Park area. The General Partner and Limited Partner have formed Palmer Park Square Limited Dividend Housing Association Limited Partnership. The Partnership is rehabilitating the seven parcels located at: 17400 Third, 17673 Manderson, 325 Merton, 925 Whitmore, 225 Covington, 265 Covington, and 750 Whitmore. The project consists of 202 units: 76-1 bedroom, 98-2 bedrooms and 28-3 bedrooms.

The project will be financed by a 2-year construction loan from Michigan State Housing Development Authority (MSHDA) in the amount of \$2,587,175 at 6% interest; a permanent mortgage of \$2,706,742 from MSHDA at 6% interest for 35 years. In addition, there will be funding from MSHDA NSP Program, Brownfield Credits and Low Income Housing Tax Credits.

In order to make this development eco-

nominically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

One hundred and sixty one (161) of the units will be occupied by tenants with incomes at fifty to sixty percent of the area median income adjusted for family size. One unit will be occupied by the manager/employee. The remaining (40) units will be rented at market rate.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of the lesser of the tax on the property for the year before rehabilitation began or ten percent (10%) of the annual net shelter rent for this housing project.

Respectfully submitted,  
FREDERICK W. MORGAN

Assessor

By Council Member Cockrel, Jr.:

Whereas, Pursuant to the provisions of the Michigan State Housing Development Act, Act 346 of the Public Acts of 1966, as amended, being MCL 125.1401 et seq. (the "Act"), a request for exemption from property taxes has been received on behalf of Palmer Park Square Limited Dividend Housing Association Limited Partnership (the "Sponsor"); and

Whereas, A housing project as defined in the Act is eligible for exemption from property taxes under Section 15a of the Act (MCL 125.1415a) if the Michigan State Housing Development Authority ("MSHDA") provides funding for the housing project or if the housing project is funded with a federally-aided mortgage as determined by MSHDA; and

Whereas, Section 15a of the Act (MCLA 125.1415a) provides that the local legislative body may establish by ordinance the service charge to be paid in lieu of taxes, commonly known as a PILOT; and

Whereas, The City of Detroit has adopted Ordinance 9-90, as amended, being Sections 18-9-10 through 18-9-16 of the Detroit City Code to provide for the exemption from property taxes of eligible housing projects and to provide for the amount of the PILOT for said housing projects to be established by resolution of the Detroit City Council after review and report by the Board of Assessors; and

Whereas, The Sponsor is proposing to undertake a housing project to be known as Palmer Park Square consisting of rehabilitating 202 units in apartment buildings located on several parcels of property owned or to be acquired by the Sponsor as described by street address and tax parcel in Exhibit A to this resolution, with 161 units for low and moderate income housing, 40 units for market rate

housing, and 1 unit for an employee/manager (the "Project"); and

Whereas, The purpose of the Project is primarily to serve low to moderate-income persons; and

Whereas, MSHDA has provided notice to the Sponsor that it intends to provide MSHDA-aided financing for the Project, provided that the Detroit City Council adopts a resolution establishing the PILOT for the Project; and

Whereas, Pursuant to Section 15a(1) of the Act, being MCL 125.1415a(1), the tax exemption is not effective until the Sponsor first obtains MSHDA certification that the housing project is eligible for exemption, and files an affidavit, as so certified by MSHDA, with the Board of Assessors;

Now, Therefore, Be It

Resolved, That in accordance with City Code Section 18-9-13, the Project known as Palmer Park Square as described above is entitled to be exempt from taxation but subject to the provisions of a service charge for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1966, as amended, being MCL 125.1401, et seq.; and be it further

Resolved, That a service charge for payment in lieu of taxes (PILOT) of the lessor of the tax on the property for the year before rehabilitation commenced or ten percent (10%) of the annual net shelter rent obtained from the Project is established for the Project in accordance with City Code Section 18-9-13, subject to the terms of this resolution; and be it further

Resolved, That in accordance with MCL 125.1415a(6), that portion of the Project that is exempted pursuant to this resolution but that will not be occupied by low income persons or families, as that term is defined in the Act, shall pay a service charge in lieu of taxes equal to the full amount of the taxes that would be paid on that portion of the Project if it were not tax exempt; and be it further

Resolved, That arrangements to have collections of a payment in lieu of taxes from the Sponsor be established upon occupancy for future years with respect to the Project and that all necessary journal entries with respect to the same be prepared by the Finance Department; and be it further

Resolved, That the exemption granted by this resolution shall not be effective until the Board of Assessors has received from the Sponsor the filed affidavit, certified by MSHDA, that the Project is eligible for exemption; and be it further

Resolved, That the specific legal description for the Project shall be as set forth in the certification from MSHDA; and be it further

Resolved, That in accordance with Section 15a(3) of the Act, MCL 125.1415a(3), the exemption from taxa-

tion shall remain in effect for as long as the MSHDA-aided or federally-aided financing is in effect, but not longer than fifty (50) years, and shall terminate upon the determination by the Board of Assessors that the Project is no longer eligible for the exemption; and be it further

Resolved, That the City Clerk furnish the Finance Department — Assessments Division two certified copies of this resolution; and be it further

Resolved, That this resolution is adopted with a waiver of reconsideration.

Honorable City Council:

Re: Parkview Tower and Square — Payment in Lieu of Taxes (PILOT).

This development is an existing housing complex, which is currently paying a PILOT service charge. The current owner, Practical Limited Dividend Housing Association has entered into a sale agreement with Parkview 2011 Limited Dividend Housing Association L.L.C. The sponsors, American Community Developers, Inc. has submitted a request for a payment in lieu of taxes (PILOT) on the development. The project is to be financed by Low Income Housing Tax Credits; Permanent Loan of \$12,400,000 ((HUD Insured 221(d)(4)) from St. James Capital L.L.C. at 4.75% interest for 40 years.

The project was built in 1978 and rehabilitation will consist of a number of interior and exterior renovations. The major items are: parking and sidewalk repairs, roof replacements and added insulation, replacement of siding and gutters on townhouses, window replacement, replacement of exterior doors, replacement of the Generator and the Trash Compactor, replacement of 100% high-rise and 65% of townhouse kitchen cabinets and kitchen floor replacement.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing

Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

Fifty-percent (50%) of the units will be occupied by tenants with incomes at 40% of the area median income, the remaining fifty-percent (50%) of the units will be occupied by tenants with incomes at 60% of the area median income.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of ten percent (10%) of the net shelter rent.

Respectfully submitted,  
**FREDERICK W. MORGAN**

By Council Member Cockrel, Jr.:

Whereas, Pursuant to the provisions of Act 346 of the Public Acts of 1996, as amended, a request for exemption from ad valorem taxes by H. Whereas, Said sponsor is rehabilitating a 350 unit apartment and townhouse complex, which is being financed by St. James Capital L.L.C. and Low Income Housing Tax Credits Program; and

Whereas, The purpose of the project is to serve low to moderate-income persons, the description of the property is as Exhibit "A".

Now, Therefore, Be It

Resolved, That the said described premises are henceforth entitled to be exempt from taxation but subject to the provisions of a service charge for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1996, as amended, being MCLA 125, 1401, et Seq., MSA 16114(1) et., seq., and be further

Resolved, That said described premises shall be allowed a payment in lieu of taxes, (PILOT) or service charge of ten percent (10%) of the annual net shelter rent obtained from the project per City Ordinance 9-90 as amended, having taken effect, and be it further

Resolved, That arrangements to have collections of a payment in lieu of taxes from Parkview 2011 Limited Dividend Housing Association L.L.C. be established upon occupancy of the premises with the exemption to begin the subsequent year and continue for future years with respect to the described property and that all necessary journal entries with respect to the same be prepared by the Chief Financial Officer, and be it further

Honorable City Council:

Re: New Center Square — Payment in Lieu of Taxes (PILOT).

Linda Shipman of Shelbourne Development is requesting tax exemption for a project consisting of two tax parcels (628 Delaware and 112 Seward) located in the New Center area. The project will consist of the rehabilitation of forty-nine (49) residential units: 36 1-Bedroom, 5 2-Bedrooms and 8 3-Bedrooms. The General Partner and Limited Partner have formed New Center Square Limited Dividend Housing Association Limited Partnership.

The project will be financed by Developer's Equity of \$560,000, Neighborhood Stabilization Program (NSP) from the City of Detroit in the amount of \$2,417,250 at 1% for 30 years. In addition, there will be funding provided by Federal and State Historic Tax Credits and Brownfield Credits.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125. 1415A).

Thirty of the units will be occupied by tenants with incomes at fifty-percent (50%) of the area median income adjusted for family size. Eighteen of the units will be occupied by tenants with incomes at sixty-percent (60%) of the area median income adjusted for family size. One unit will be used by the manager/employee.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of the lesser of the tax on the project the year before rehabilitation began or ten percent (10%) of the annual net shelter rent obtained from this housing project.

By Council Member Watson:

Whereas, Approval of the City's budget is one of the most important functions of the Detroit City Council. The annual budget sets forth the City's operating parameters and policy priorities; and

Whereas, This budgetary function requires a great deal of analysis and understanding of the City's fiscal condition in order for Council to adequately perform its duties. These duties are year-round and are not only present during the budget cycle; and

Whereas, The ongoing and dynamic nature of the City's budget situation requires Council to be continuously

informed of events or developments that impact the City's finances; and

Whereas, Communiqués regarding funding to the City of Detroit or debts owed by the City of Detroit, that are received by the Bing Administration from the United States Government, the State of Michigan and foundations that provide economic assistance to the City of Detroit, provide essential information that the Detroit City Council needs to properly perform its deliberations regarding budgetary matters; and

Whereas, The rapidly changing and dynamic economic conditions regarding the City of Detroit require these communiqués be quickly disseminated to the Detroit City Council by the Bing Administration to allow for expedient, accurate assessments and analysis of the fiscal state of the City of Detroit; Now, Therefore Be It

Resolved, That the Detroit City Council strongly urges the Mayor of the City of Detroit to forward the above referenced communiqués, documents and letters relating to budgetary issues to the Detroit City Council within 72 hours of receipt.

Honorable City Council:

Re: Petition Number 776 — Report and Recommendation for Approval of the Issuance of a New Dance Permit by the Michigan Liquor Control Commission in Conjunction with a "Class C License" held by Woodward Cocktail Lounge, Inc., for a Group "A" Cabaret at 6422-6426 Woodward Avenue.

**BACKGROUND**

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or a combination dance and entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 572081, which has been designated by the City Clerk as Petition Number 776. This Local Approval Notice requests City Council approval of the issuance of a new dance permit to Woodward Cocktail Lounge, Inc., ("Permit Application"), in conjunction with a "Class C License" for a Group "A" Cabaret at 6422-6426 Woodward Avenue. (The MLCC Local Approval Notice was amended to delete

the Permit Applicant's request for approval of an "official" extended hours permit for dance.)

Buildings, Safety Engineering, and Environmental Department ("BSE&E") records indicate that the established legal use for the location includes "Public Establishment" by Permit No. 89820 on March 26, 1957, Class "C" Bar by Permit No. 52058 on September 18, 1978, and "Night Club" by Permit No. 4795. Therefore, the use of the location for patron dancing is permitted subject to compliance with all relevant state codes and City ordinances, including the issuance of a Group "A" Cabaret business license by the BSE&E Business License Center and a new dance permit by the MLCC to the Permit Applicant.

#### **APPROVAL CRITERIA**

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report, dated November 2, 2011, to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria.

A review of the Coordinator's report indicates that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria, except for Approval Criteria Nos. 8, 9, and 11. Approval Criterion No. 8 concerns obtaining a real estate tax clearance pertaining to the subject premises. Specifically, the report includes an outstanding tax bill of two thousand six hundred dollars and sixty-eight cents (\$2,600.68). Approval Criterion No. 9 concerns unpaid fees or uncured violations under the purview of BSE&E for the subject premises. Specifically, in its report to the Coordinator BSE&E indicated that there were open violations and outstanding fees for the location. In addition, Approval Criterion No. 11 concerns unpaid fees or uncured violations under the purview of the Detroit Fire Department for the subject premises. Specifically, in its report to the Coordinator, the Detroit Fire Department Fire Marshall Division indicated that there were uncorrected violations of the Detroit Fire Prevention Code, being Chapter 19, Article I, of the 1984 Detroit City Code and delinquent fees for the location. In addition, the Coordinator's

report indicates that the Detroit Police Department's recommendations was still pending.

Upon notification of the abovementioned deficiencies in the approval criteria, the following actions have been taken concerning this request for approval of the issuance of the new dance permit by the MLCC for the subject locations:

(1) The Permit Applicant has paid the outstanding City of Detroit property tax bill of two thousand six hundred dollars and sixty-eight cents (\$2,600.68). A copy of the paid tax bill is attached to this report.

(2) The BSE&E Business License Center reports that all clearances have been obtained for the issuance of a Group "A" Cabaret business license for the location;

(3) The Permit Applicant has contacted the Detroit Fire Department Fire Marshal Division concerning obtaining a clearance. A copy of the receipt for payment of the unpaid inspection fee is attached to this report; and

(4) The Detroit Police Department Liquor License Unit has approved the request for the issuance of the dance permit for the location.

#### **RECOMMENDATION**

Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. As a result of aforementioned actions taken after the filing of the Coordinator's report, the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria.

Therefore, attached is a proposed resolution approving the issuance of a new dance permit by the MLCC to the Permit Applicant, Woodward Cocktail Lounge, Inc., in conjunction with a "Class C License" for a Group "A" Cabaret at 6422-6426 Woodward Avenue. The Law Department recommends that the Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,

Corporation Counsel

By Council Member Jenkins:

**AN ORDINANCE to amend Chapter 25, Article II of the 1984 Detroit City Code by adding Section 25-2-185 to establish the Grace Lee and James Boggs House Historic District and to define the elements of design for the district.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 25, Article II of the 1984 Detroit City Code is amended by adding Section 25-2-185 to read as follows:

**SEC. 25-2-185. Grace Lee and James Boggs House Historic District.**

(A) A historic district to be known as the Grace Lee and James Boggs House Historic District is established in accordance with the provisions of this article.

(B) This historic district designation is certified as being consistent with the Detroit Master Plan.

(C) The boundaries of the Grace Lee and James Boggs House Historic District are as shown on the map on file in the office of the City Clerk, and are as follows: On the north, the centerline of Goethe Street; on the east, the centerline of Field Street; on the south, the south line extending east and west of Lot 36 Frontenac Subdivision, Liber 24, Page 31 Plats, Wayne County Records; and on the west, the centerline of the north-south alley running between East Grand Boulevard and Field Street. Legal description: Lot 36, Frontenac Subdivision as recorded in Liber 24, Page 31 of Plats, Wayne County Records, commonly known as 3061 Field Street.

(D) The defined elements of design, as provided for in Section 25-2-2 of this code, are as follows:

(1) *Height.* The single building in the Grace Lee and James Boggs House Historic District is two and one-half (2-1/2) stories tall with a basement. Where there is a half-story, it is contained in a steep roof. The two-car garage facing Goethe Street is two (2) stories tall.

(2) *Proportion of Building's Front Façade.* The Field Street (east) façade of the Grace Lee and James Boggs House is wider than it is tall. Its length is broken up by a protruding bay and a protruding porch with a deck above. Its façade along Goethe Street is significantly wider than tall.

(3) *Proportion of Openings Within the Façade.* On the Field Street façade, the front door is accentuated by a sidelight and a porch with a deck above. Above the main entrance on the second floor is a single door accessing the deck. On the first floor of the Field Street façade, just south of the porch, is a shallow protruding bay with four (4) double-hung windows sharing a common sill. This window grouping is repeated on the second floor.

The Field Street façade has approximately thirty-five percent (35%) openings. The Goethe Street façade has three (3) sections corresponding with the building's side-facing gable, raised parapet, and its long transverse gable. The first section has three (3) narrow windows with leaded glass arranged in a diagonal row corresponding to an interior stairwell. A single similar window is located at the stairway landing on the second floor. West of the diagonal row on the first floor is a set of three (3) narrow leaded glass windows with a shared sill and a transom above. On the second floor, directly above, is a matching set of three (3) windows with no transoms above. Centered in the attic space is a pair of double-hung windows with a shared sill, and at the basement level are two (2) small windows that are wider than tall. The second section on the Goethe Street façade has a grouping of three (3) double-hung windows with a shared sill on the first floor, and the same window pattern on the second floor. The basement level has two (2) windows, wider than tall, with a shared sill. The third section has paired double-hung windows with a shared sill and a single double-hung window on both the first and second floor. The basement level has a pair of windows, wider than tall, with a shared sill. The west corner of the Goethe façade has a sunroom with a grouping of four (4) double-hung windows. On the rear façade of the sunroom, facing west toward the back yard and garage, there is a similar grouping of windows with the second window replaced by a door accessing the backyard. Above the sunroom is a deck without guard rails. On the rear west-facing façade, two single doors on the second floor access the deck. Just south of the deck, is a double-hung window on the second floor with a pair of double-hung windows with a shared sill in the attic space directly above. At the far south corner of the rear west-facing façade is another pair of double-hung windows on the second floor with a shared sill. The first floor openings, south of sunroom, are not visible from the street. The garage has two individual garage doors facing Goethe Street, with a picture window in the second story above. The east side of the garage, facing the house, has three individual double-hung windows in the second story.

(4) *Rhythm of Solids to Voids in Front Façade.* There is a regular rhythm of solids to voids on the front façade, with four (4) double-hung windows on the first floor matched by four (4) double-hung windows on the second floor directly above. Similarly, the single entry door and sidelight on the first floor is balanced by a single entry door without a side light on the second floor deck above. On the Goethe Street façade, there is more variety to the rhythm of solids to voids,

although windows on the first and second floor generally maintain a regular rhythm with most matching horizontally and vertically by section.

(5) *Rhythm of Spacing of Buildings on Streets.* Not applicable due to single building district.

(6) *Rhythm of Entrance and/or Porch Projections.* Not applicable due to single building district.

(7) *Relationship of Materials.* The major building material is face brick. Leaded glass windows and wooden window frames and surrounds provide the major contrasting material. Additional contrast is provided by cast concrete in the form of window sills, console brackets, stone quoins, column and pilaster caps, continuous bands, and coping along the porch walls and parapet, and metal porch railings.

(8) *Relationship of Textures.* The major textural effect is face brick in running bond with accents of stack bond and header courses between the first and second floor windows. Additional textures include cast concrete sills, console brackets, belt courses, and medallions. Columns and pilasters on the front façade with cast concrete medallions and caps offer considerable textural details, as does the window and door groupings with vertical stone tabs.

(9) *Relationship of Colors.* The primary color of the building is the natural reddish-brown face brick. The window frames, mullions, cornice, handrail and balustrade at the entry stairway are painted red. Along the front porch on Field Street, the downspouts, fascia, and guard rails are also painted red. The remaining gutters and downspouts are white. Cast concrete sills and accent features such as tabs, vertical bands, horizontal belt courses, medallions, and console brackets are beige. The two car garage has the same natural reddish-brown face brick on the first floor, with painted white wood siding on the second floor.

(10) *Relationship of Architectural Details.* Architectural details on the Grace Lee and James Boggs House are related to its Arts and Crafts style. On the Field Street façade, two square brick columns support the deck and a reddish-brown brick porch wall frames both sides of the concrete porch and stairway, terminating at pilasters on either side of the entry door. Concrete caps frame the top of the columns and pilasters. The coping along the top of the porch wall transitions into a belt course around the brick columns. On the second floor, metal guard rails at the deck span between the columns and terminates at the pilasters on either side of the entry door. The house has additional decorative details such as console brackets beneath the window sills and eave brackets beneath the cornice, medallions on the square columns, quarter rounds on

the raised parapet, and accent brickwork between the first and second floor windows.

(11) *Relationship of Roof Shapes.* The front façade features a side gable roof with a shed roof over the projecting bay. The secondary façade, facing Goethe Street, has three (3) roof types, which visually divide the façade into three sections. The easternmost section has a gable roof, the second section has a stepped parapet with a half-round pediment, and the third section has a side gable.

(12) *Walls of Continuity.* Not applicable due to single-building district.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* The grade level of the Grace Lee and James Boggs House is significantly higher than the street level at Field Street. The entrance on Field Street is located on the north side of the east façade and is accentuated by a porch with a deck above. The porch is accessed by a narrow concrete walk off of Field Street, and a concrete stairway with six (6) stairs. A concrete walk and concrete steps provide access from the sidewalk to the lower level of the front porch. A metal lamp post is located near the porch stairs. A metal balustrade is located in the center of the concrete steps leading up to the front porch. Both the front lawn on Field Street and the side lawn on Goethe Street have grass and small flower beds. A wide tree lawn with mature trees separates the sidewalk on Field Street from the front lawn, while the tree lawn on Goethe Street is relatively narrow. The back yard is screened from Goethe Street by a metal gate and a wood fence with brick piers spanning from the sunroom to the two-car garage. A concrete driveway provides access from the two-car garage to Goethe Street.

(14) *Relationship of Open Space to Structures.* Open space in the district exists in the front yard and the narrow north side yard. The rear yard is screened from the side street by an enclosed sunroom, a wood fence with brick piers, and a two-car garage at the rear of the lot.

(15) *Scale of Façade and Façade Elements.* The scale of the house is moderate in size. Façades elements, such as windows, pilasters, and columns, are complimentary in scale to the house.

(16) *Directional Expression of Front Elevation.* The primary façade of the Grace Lee and James Boggs House is horizontal in directional expression, with vertical architectural elements, such as the bays, chimney, and tall double-hung windows balancing the composition.

(17) *Rhythm of Building Setbacks.* Not applicable due to single building district, but consistent with houses facing Field Street.

(18) *Relationship of Lot Coverages.*

The Grace Lee and James Boggs House and garage occupies approximately forty per cent (40%) of its lot. Its major visible open space is the front lawn.

(19) *Degree of Complexity Within the Façade.* The two primary façades have relatively little complexity, aside from detailed brickwork and other masonry accents.

(20) *Orientation, Vistas, Overviews.* The Grace Lee and James Boggs House is oriented towards Field Street which runs north-south. The house sits on the southwest corner of Field and Goethe Streets. The neighboring residential buildings are comparable in scale exhibiting a variety of early 20s styles and rooflines.

(21) *Symmetric or Asymmetric Appearance.* Both the front and side façades of the Grace Lee and James Boggs House are asymmetric in appearance.

(22) *General Environmental Character.* The Grace Lee and James Boggs House is a 2-1/2 story brick two-flat house on the corner of Field Street and Goethe Street. The house is located in a

neighborhood with similarly scaled wood or brick-faced residential buildings from the early 20th century, on the east side of Detroit a mile north of Belle Isle, approximately three (3) miles from Campus Martius in downtown Detroit.

**City Planning Commission**

November 21, 2011

Honorable City Council:

Re: Review and approval of temporary use permit applications and temporary sign permit applications during City Council's revised end-of-year schedule (Substitute Resolution).

Per the direction of the Planning and Economic Development standing committee and in light of City Council's revised end-of-year meeting schedule, a substitute resolution is attached for action at your Honorable Body's formal session of November 22, 2011.

The Detroit Zoning Ordinance requires that any permit application submitted to the Buildings, Safety Engineering and Environmental Department for exterior work within the Public Center (PC) District and the Public Center Adjacent/Restricted Central Business (PCA) District must be reviewed by the City Planning Commission (CPC) and the Planning and Development Department (P&DD). The CPC then submits a report and recommendation to your Honorable Body together with a resolution.

The North American International Auto Show takes place at the Cobo Exhibition Center on land zoned PC and PCA. Every year exhibitors request permits for temporary displays and structures; very often those permit applications are received during City Council's end-of-year recess and consideration of those applications by Council often overlaps with the opening of the Auto Show. The upcoming auto show runs from January 9-22, 2012.

As was adopted in 2010, CPC staff recommends approval of a resolution which authorizes CPC and P&DD staff to review, approve, deny, or approve with conditions

any temporary use, temporary structure, and temporary sign permit application related to land zoned PC and PCA, submitted prior to City Council's return on January 10, 2012.

Respectfully submitted,  
MARCELL R. TODD, JR.

Director

By Council Member Jenkins:

Whereas, The Detroit Zoning Ordinance requires that any permit application submitted to the Buildings, Safety Engineering and Environmental Department related to the exterior design, location, and appearance of work within the Public Center (PC) District and Restricted Central Business (PCA) District must be reviewed by the City Planning Commission (CPC) and the Planning and Development Department (P&DD); and

Whereas, Consistent with Sec. 61-3-182 of the Zoning Ordinance, the City Council approves, by resolution, any such permit application subsequent to receipt of a report and recommendation from the City Planning Commission; and

Whereas, The Zoning Ordinance is silent as to the applicability of these "special district review" provisions for applications for temporary uses, temporary structures, and temporary signs on land zoned PC and PCA; and

Whereas, The North American International Auto Show will take place at the Cobo Convention and Exhibition Center on land zoned PC and PCA, January 9-22, 2012; and

Whereas, Exhibitors routinely submit pending applications during City Council's end-of-year recess period for temporary uses, temporary structures, and temporary signs for the North American International Auto Show (NAIAS); and

Whereas, It is the desire of Detroit City Council to facilitate the staging of the 2012 North American International Auto Show during the period of City Council's suspended standing committee meeting scheduled from November 22, 2011 through January 9, 2012, while ensuring adherence to the spirit of the Zoning Ordinance; Now Therefore Be It

Resolved, The Detroit City Council authorizes the staff of the City Planning Commission and Planning and Development to review, approve, deny, or approve with conditions any temporary use, temporary structure, and temporary sign permit application related to the NAIAS on land zoned PC and PCA, submitted prior to City Council's formal session of January 10, 2012 in consultation with other departments as appropriate.

Honorable City Council:

Re: Declaration of Surplus and Transfer of Jurisdiction 3911 & 3941 Military (Malish PlayField) (Both Parcels formally known as 3801 Military).

The Recreation Department has indicated to the Planning & Development Department (P&DD) that the above captioned properties are no longer appropriate to their needs. The Recreation Department has requested that P&DD assume jurisdictional control over this parcel so that it may be marketed. In accordance with Chapter 14, Article 8 of the "Detroit City Code", the Finance Director has designated P&DD responsible for the management and disposition of said property. The property consists of two parcels, one which is situated behind and beneath part of the "Boys & Girls Club" building on Livernois (Parcel B) and the adjacent Malish Playfield (Parcel C).

Our Department is in receipt of a request from The Boys & Girls Club of Southeastern Michigan to terminate the 99 years Land Lease with the City of Detroit for the two parcels, 3911 & 3941 Military referenced above, that were executed in 1938 (attached).

The Boys & Girls Club has offered to purchase 3911 Military (parcel B), the rear portion of the lot which is needed to clear the Title and complete the sale of their building on Livernois. The new purchaser of the Boys & Girls Club will enter into a new Lease with the City of Detroit for the remaining playfield at 3941 Military.

We, therefore, request that your Honorable Body adopt the attached resolution, declaring the above-captioned properties to be surplus and authorized the Recreation Department to transfer jurisdiction of the parcels to the Planning & Development Department.

Director

By Council Member Jenkins:

Resolved, That in accordance with the foregoing communication, 3911 & 3941 Military (Malish Playfield) is declared surplus and the Recreation Department is authorized to transfer jurisdiction of the property, more particularly described in the attachments, Parcels B & C, to the Planning & Development Department:

Honorable City Council:

Re: Petition Number 814 — Report and Recommendation for Approval of the Issuance of a New Dance and Entertainment Permit by the Michigan Liquor Control Commission in Conjunction with a Request to Transfer Ownership of a “Class C License” to Hastings Street Ballroom, Inc., d/b/a Tangent Gallery, at 715 East Milwaukee Street.

**BACKGROUND**

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission (“MLCC”) dance permit, entertainment permit, or a combination dance and entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 531797, which has been designated by the City Clerk as Petition Number 814. This Local Approval Notice requests City Council approval of the issuance of a new dance and entertainment permit to Hastings Street Ballroom, Inc., d/b/a Tangent Gallery, (“Permit Applicant”), in conjunction with the transfer of ownership of a “Class C License” from Pizza Hut of America, Inc., to 715 East Milwaukee. Buildings, Safety Engineering, and Environmental Department (“BSE&E”) records indicate that the current legal, conforming land uses for the location include a Group “A” Cabaret, which allows for patron dancing, an unlimited number of entertainers and the consumption of alcoholic beverages on the premises pursuant to BSE&E Zoning Grant No. 49-09, dated July 12, 2010. BSE&E has reported that a Certificate of Occupancy and Compliance for the Group “A” Cabaret and an art gallery was issued for the location on September 20, 2011. Therefore,

the use of the location for patron dancing and entertainment is permitted subject to compliance with all relevant state codes and City ordinances, including the issuance of a Group "A" Cabaret business license by the BSE&E Business License Center and a new dance and entertainment permit by the MLCC to the Permit Applicant.

**APPROVAL CRITERIA**

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria.

A review of the Coordinator's report indicates that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria, except for Approval Criteria Nos. 10 and 11. Approval Criterion No. 10 concerns unpaid fees or uncured violations related to the location under the purview of the Department of Health and Wellness Promotion ("DHWP"). Specifically, the Coordinator's report indicates that the DHWP application for the location was still pending. Approval Criterion No. 11 concerns unpaid fees or uncured violations under the purview of the Detroit Fire Department for the subject premises. Specifically, the Detroit Fire Department Fire Marshal Division indicated that approval for the location was still pending.

Upon notification of the abovementioned deficiencies in the approval criteria, the Permit Applicant has taken the following actions concerning this request for approval of the issuance of the new dance and entertainment permit by the MLCC:

(1) The Permit Applicant has completed the application process for a Michigan Food Service Establishment License and obtained approval from the DHWP to operate a food service for the location. Attached to this report is a copy of the DHWP receipt of payment of the license fee and final inspection report/approval; and

(2) The Permit Applicant has contacted the Detroit Fire Department Fire Marshal Division and obtained clarification concerning any delinquent fees or inspections for the location. As a result, a fee of two hundred and fifteen dollars

(\$215.00) has been paid for the issuance of an annual occupancy permit for the location. A copy of the paid invoice for the permit is attached.

**RECOMMENDATION**

Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. As a result of aforementioned actions taken after the filing of the Coordinator's report, the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria.

Therefore, attached is a proposed resolution approving the issuance of a new dance and entertainment permit by the MLCC to the Permit Applicant, Hastings Street Ballroom, Inc., d/b/a Tangent Gallery, in conjunction with the transfer of ownership of a "Class C License" for a Group "A" Cabaret at 715 East Milwaukee. The Law Department recommends that the Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,  
KRYSTAL A. CRITTENDON  
Corporation Counsel

August 19, 2011

Honorable City Council:

Re: A Resolution to Amend the Detroit Master Plan of Policies in the vicinity of Gratiot Avenue and the Chrysler

Freeway to accommodate the new Wayne County Consolidated Jail Facility (Master Plan Change #5).

Pursuant to the City of Detroit's City Charter (Section 8-102), the Planning and Development Department's (P&DD) Planning Division has submitted for your consideration and action a proposed Amendment to the Detroit Master Plan of Policies. Adoption by your Honorable Body of this resolution would accommodate changes in the Master Plan of Policies that would facilitate the construction of the new Wayne County Consolidated Jail Facility that will include a relocated Sheriff's Office.

**Location**

**Gratiot Avenue at the Chrysler Freeway**  
The subject site is located in the Neighborhood Cluster 4, Central Business District of the Master Plan of Policies. The site is bounded by Gratiot Avenue on the north, the Chrysler Freeway on the east, Clinton Street on the south, and St. Antoine Street on the west.

**Existing Site Information**

**Future general land use:** "CS", Special Commercial

**Existing land and/or building use:** Vacant land used primarily for parking

**Existing zoning:** PD (Planned Development District)

**Size (acreage):** 7.18 acres

**Surrounding Site Information**

**Future general land use:**

**North:** "CS", Special Commercial

**East:** "MRC", Mixed-Residential/ Commercial north of Antietam

"RM", Medium Density Residential south of Antietam

**South and West:** "INST", Institutional

**Existing land and/or building use:**

**North:** Commercial use

**East:** Vacant land and scattered residential

**South and West:** Warehousing and meat packing use

**Existing zoning:**

**North and West:** B4 (General Business)

**East:** R3 (Two-Family Residential) and M3 (General Industrial) north of Antietam

R6 (High Density Residential) south of Antietam

**Project Proposal**

**Future general land use:** "INST", Institutional

**Proposed land and/or building use:**

Wayne County plans to construct a Consolidated Jail Facility on a site at the southeast corner of Gratiot Avenue and St. Antoine Street. The proposed facility is an outgrowth of the comprehensive Justice System Master Plan Study performed in 2006-2007, which encompassed all detention, courts, and related agency functions for Wayne County. The site plan, dated July 25, 2011, shows that the facility will cover approximately 714,654 Building Gross Square Feet

(BGSF) and consist of a partial basement level with a tunnel connection to the Frank Murphy Justice Center, main support level, and three levels of inmate housing. The facility, which will hold 2,000 inmates, will measure four stories in height, and each of the housing floors (second through fourth) being a double height floor consisting of a main level with housing mezzanine level above. Also included within the facility will be a new Wayne County Sheriff's Office, which will be moved from its current location at Macomb and St. Antoine. Once the new jail facility is completed, the two existing downtown jail sites will be closed.

**Proposed zoning (most likely):**

PD: (Planned Development), PD will be modified to fit new use.

**Interpretation**

Impact on Surrounding Land Use

The proposed development will consolidate all of the jail related functions onto one site, providing greater convenience for those who use these facilities. However, because the proposed jail facility will lie along a Gateway Radial Thoroughfare (Gratiot Avenue) near the entrance to downtown, greater emphasis on design should be considered. Methods such as extensive buffering and softening of the blank outer façade shown on the site plan can be employed to allow the facility to create a more attractive presence along one of the city's arterial thoroughfares.

Impact on Transportation

Clinton Street and the Chrysler Service Drive are proposed to be closed to public use and incorporated into the detention facility for security purposes and to provide circulation within the site. Such a change would require approval by the Traffic Engineering Division of the Department of Public Works. Any proposed closing of the Chrysler Service Drive should be planned in conjunction with Greektown Casino, as the casino is seeking changes to a nearby portion of the service drive to accommodate its proposed new valet garage.

**Recommended Master Plan Amendment**

The Planning and Development Department requests this proposed Amendment to the Master Plan of Policies to facilitate the construction of proposed Wayne County Consolidated Jail Facility. The proposed site, on the opposite side of St. Antoine Street from the Frank Murphy Hall of Justice, will permit the construction of an underground tunnel between the two buildings that will reduce the cost of transporting inmates to and from the courts. With the 36th District Court building just across Gratiot, the new jail facility will also promote the consolidation of all the criminal justice system elements (jail, courts, law enforcement) within one relatively compact area. In addition, the pro-

posed development is a logical use for a long-vacant site that had been previously slated for the permanent Greektown Casino.

The Planning Division of the Planning and Development Department therefore requests that the proposed future land use on the future Land Use map in the Master Plan of Policies be changed for the subject area from "CS", special Commercial to "INST", Institutional.

Respectfully submitted,

MARJA M. WINTERS

Deputy Director

**DETROIT MASTER PLAN OF POLICIES MASTER PLAN CHANGE #FIVE**

Re: Amendment to Sales Resolution. Medical Center Rehabilitation Project No. 2. Development: Center Section of Tolan Playfield; (a/k/a Part of 701 Mack).

On August 18, 2008, your Honorable Body authorized the sale of the above-captioned property to Queen Lillian, LLC, a Michigan Limited Liability Company, for the amount of Four Hundred Sixty Thousand and 00/100 Dollars (\$460,000.00), to construct a medical/institutional facility and parking structure for primary use by Wayne State University.

The principals of Queen Lillian, LLC

were previously disclosed to your Honorable Body as Detroit-based entrepreneurs, Mr. Christopher Jackson and Mr. Donald Davis, Mr. Davis is no longer involved in the venture. The principals are now Mr. Christopher Jackson and Mr. James Jenkins, the president of Detroit-based Jenkins Construction, Inc.

The Offeror, Queen Lillian, LLC, now desires to modify their original proposed development from an approximately 62,000 square foot facility and parking structure, to an approximately 63,000 square foot medical office building with an adjoining paved surface parking lot. The estimated cost of the proposed development remains at approximately \$20,000,000. The proposed changes have been presented before the Medical Center Citizen's District Council.

The Planning and Development Department agreed with Queen Lillian and the Detroit Medical Center (DMC) to pay Four Hundred Thousand and 00/100 Dollars (\$400,000.00) of these costs. Your Honorable Body approved the sale to Queen Lillian, LLC provided that Queen Lillian, LLC pay Two Hundred Forty Thousand and 00/100 Dollars (\$240,000.00), representing forty percent (40%) of the remaining cost. In addition to its purchase price, the Detroit Medical Center (DMC) paid Three Hundred Sixty Thousand and 00/100 Dollars (\$360,000.00), or sixty percent (60%) towards the restoration of Tolan Playfield, when it closed on its purchase of adjacent land.

After making a final determination regarding Illinois Street (that it would not be a public road), in recognition of associated increased costs to the Developer and in the interest of insuring the timely restoration of the Playfield, the Planning and Development Department has now agreed to pay Queen Lillian's share of the Playfield restoration costs. In exchange, Queen Lillian, LLC at their cost, will incorporate into their design and construct, a continuation of the Detroit Medical Center's proposed greenway/path linking Tolan Playfield to the residential development north of the new Children's Hospital facility presently under construction; said pathway to exist as a permanent public easement. Queen Lillian, LLC shall also fence and landscape the southern boundary of its development to serve as a gateway to Tolan Playfield. Furthermore, Queen Lillian, LLC will adopt Tolan Playfield and commit to its maintenance for at least two (2) years.

In addition, a survey of the site indicated that the legal description included in

the resolution adopted by your Honorable Body on August 18, 2008, did not correctly describe the parcel to be sold to Queen Lillian, LLC. The size of the site should be adjusted from approximately 117,612 square feet to approximately 117,885 square feet.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing an amendment to the sales resolution to reflect the modification of the proposed development, a correction of the legal description and the rescission of the requirement that Queen Lillian, LLC, pay forty percent (40%) of the cost of renovating or to relocate any affected amenities to improve the remaining portion of Tolan Playfield.

Respectfully submitted,

MARJA M. WINTERS

Deputy Director

By Council Member Jenkins:

Whereas, By resolution adopted August 18, 2008, City Council approved the sale, subject to certain contingencies set forth in said resolution, of The Center Section of Tolan Playfield (a/k/a Part of 701 Mack), as more particularly described in the attached Exhibit A, to Queen Lillian, LLC, for the amount of \$460,000;

Be It Resolved, That in accordance with the foregoing communication, City Council amends the aforementioned resolution as follows:

1. The Planning and Development Department's Director, or his authorized designee, be and is hereby authorized to approve the modification of the project from the original proposed development by Queen Lillian, LLC, for the construction of an approximately 62,000 square foot facility and parking structure to an approximately 63,000 square foot office building with an adjoining paved surface parking lot and landscaping;

2. The requirement that Queen Lillian, LLC assume forty percent (40%) of the total cost for improvements or to relocate any affected Tolan Playfield amenities to the remaining playfield area, be rescinded;

3. That the authority to sell property described on the tax rolls as set forth on the attached Exhibit A, be amended to reflect the correct legal description as set forth on the attached Exhibit B, with a corresponding adjustment in the size of the property from approximately 117,612 square feet to approximately 117,885 square feet;

And be it further

Resolved, That the agreement to purchase and develop the property more particularly described in the attached Exhibit B, be considered confirmed when executed by the Planning & Development Department's Director, or his authorized designee, and approved by the Corporation Counsel as to form.

Honorable City Council:

Re: Traffic Signal Removal at 4 locations.

The following four (4) signalized intersections are currently operating on full time "STOP control" mode for several

years in compliance with the Michigan Manual of Uniform Traffic Control Devices (MMUTCD) and are scheduled for removal due to changes in traffic conditions.

The traffic volumes, accident reports and physical conditions were analyzed prior to placing the signals on full time flashing operation. The traffic volumes

have dropped significantly over the years at these locations and currently none of the MMUTCD warrants are satisfied and therefore, continued operation of the traffic signals is no longer justified. Traffic Engineering has not received any complaint in regards to the following flashing/ STOP sign operated intersections.

No.	Street A	Street B
1	Brush	Ferry E.
2	Broadstreet	Fullerton
3	Ewald Circle	Fullerton
4	Fisher Fwy. Ser. Drs.	Junction

Flashing Since	Proposed Traffic Control
12/23/2003	All Direction 'STOP'
1/23/2004	All Direction 'STOP'
6/30/2005	All Direction 'STOP'
6/09/2005	All Direction 'STOP'

The condition of the traffic signal equipment at these locations is not upto the MUTCD standards unless modernized. Since the signals are not warranted, modernization is not justified and federal funds will not be available to upgrade these traffic signals. Moreover, being unwarranted, these traffic signs will pose unnecessary liability for City unless removed.

As such, the Department of Public Works respectfully requests the adoption of the attached resolution for the removal of the traffic signals at the above mentioned four (4) locations.

Respectfully submitted,  
RON BRUNDIDGE  
Director

By Council Member Brown:

Resolved, That, in accordance with the foregoing communication, removal of traffic signals at the following four (4) locations is hereby approved.

No.	Street A	Street B
1	Brush	Ferry E.
2	Broadstreet	Fullerton
3	Ewald Circle	Fullerton
4	Fisher Fwy. Ser. Drs.	Junction

Honorable City Council:

Re: Proposed Ordinance to Amend Chapter 47 of the 1984 Detroit City Code, *Retirement Systems*. Article I, *Common Provisions of the General Retirement System*, and Article II, *Defined Benefit/Defined Contribution (Annuity) Plan of the General Retirement System*.

The above-referenced proposed ordinance was requested by your Honorable Body through Council Member Saunteel Jenkins. This proposed ordinance has been approved as to form.

By way of background, on November 8, 2011, this proposed ordinance was transmitted to your Honorable Body and, subsequently, a motion was adopted to introduce, and set a public hearing for, the proposed ordinance. Due to a scrivener's error in the summary of the proposed ordinance, the Notice for the Public Hearing did not contain all substantive changes that are contained in the proposed ordinance. In order to provide the Public with complete and proper notice, this proposed ordinance is being resubmitted for reintroduction and holding a second public hearing prior to consideration and passage by your Honorable Body.

Pursuant to the applicable provisions of the 1997 Detroit City Charter, the above-referenced proposed ordinance is being submitted to your Honorable Body for consideration. This proposed ordinance amends Chapter 47 of the 1984 Detroit City Code, *Retirement Systems*, Article I, *Common Provisions of the General Retirement System*, by amending Sections 47-1-18 and 47-1-21, to limit the discretion of the trustees charged with management of the General Retirement System so that neither the General Retirement System nor the trustees charged with management of the system shall make any payment to active or retired participants other than payments that are required by the retirement system plan as provided for in this Code to govern the system; to prohibit all payments not authorized by the retirement system plan whether such payments be those commonly referred to as a "thirteenth check" or by any other name; and to limit payments by the General Retirement System so that neither the General

Retirement System nor the trustees charged with management of the System may provide any savings plan, annuity plan, or other participant investment or savings vehicle that provides an annual return to investing participants which in any year is greater than the actual investment return net of expenses of the Retirement System invested reserves for the year in which the return is earned and accrued, provided, that such return shall neither be greater than the assumed annual return as expressed in the plan's valuation for that year nor less than zero; and to amend the definition of "regular interest" to be commensurate with the limitation to be contained in Section 47-1-18 of this Code; and Article II, *Defined Benefit/Defined Contribution (Annuity) Plan of the General Retirement System*, by amending Section 47-2-18, to make provisions concerning the income fund commensurate with the limitation to be contained in Section 47-1-18 of this Code.

We are available to answer any questions that you may have concerning this proposed ordinance. Thank you for your consideration.

Respectfully submitted,  
KRYSTAL A. CRITTENDON  
Corporation Counsel

By Council Member Saunteel Jenkins

### DEFINED BENEFIT/DEFINED CONTRIBUTION (ANNUITY) PLAN OF THE GENERAL RETIREMENT SYSTEM. Sec. 47-2-18. Method of financing.<sup>129</sup>

(a) *Annuity Savings Fund of the 1973 Defined Contribution Plan.*<sup>130</sup>

(1) The *Annuity Savings Fund* of the 1973 *Defined Contribution Plan* shall be the fund in which shall be accumulated at regular interest, in accordance with the limitations that are contained in Section 47-1-18 of this Code, the contributions of Members to provide their annuities. At the election of the Member, the amount of the basic contribution of a Member to the Retirement System may be zero percent (0%), three percent (3%), five percent (5%), or seven percent (7%) of annual compensation. If a Member elects three percent (3%), his or her contribution shall be that amount which is subject to taxation under the provisions of the *Federal*

*Insurance Contribution Act*, 26 USC 3101 *et seq.* (Act), plus five percent (5%) of the portion of annual compensation, if any, which exceeds the amount subject to taxation under that Act.

(2) The contribution rate elected by the Member under Section 47-2-18(a)(1) of this Code shall be deducted from the Members' compensation notwithstanding that the minimum compensation provided by law for any Member shall be reduced thereby. Payment of compensation, less said deductions, shall be a complete discharge of all claims and demands whatsoever for the services rendered by the said Member during the period covered by such payment, except as to benefits provided under this Article.

(3) Upon retirement of a Member with a *Retirement Allowance*, the Member's accumulated contributions shall be transferred from the *Annuity Savings Fund* to the *Annuity Reserve Fund*, refunded to the Member, or a combination thereof.

(b) *Annuity Reserve Fund.*<sup>131</sup> The *Annuity Reserve Fund* shall be the fund from which all annuities and benefits in lieu of annuities payable as provided in this Article, shall be paid. If a disability retiree is reinstated to active City service, the retiree's *Annuity Reserve* at that time shall be transferred from the *Annuity Reserve Fund* to the *Annuity Savings Fund* and credited to his or her individual account therein.

(c) *Pension Accumulation Fund.*<sup>132</sup> The *Pension Accumulation Fund* shall be the fund in which shall be accumulated reserves for the pensions and other benefits payable from the contributions made by the City, and from which shall be paid pensions and other benefits on account of Members with prior service credit, and transfers as provided in this Section, Contributions to and payments from the *Pension Accumulation Fund* shall be made as follows:

(1) Upon the basis of such mortality and other tables of experience and Regular Interest, as the Board shall adopt from time to time, the Actuary shall annually compute the amount of contributions, which, when made annually by the City during the entire prospective City service of Members without prior service credit, will be sufficient to provide the pension reserves required at the time the Members leave City employment, to cover the pensions to which they might be entitled or which might be payable because of their City employment. Upon the retirement of a Member without prior service credit, or upon a Member's death in the performance of duty, the *Pension Reserve Fund* for the pension or pensions to be paid on the Member's account shall be transferred from the *Pension Accumulation Fund* to the *Pension Reserve Fund*.

(2) Upon the basis of such mortality

and other tables of experience and regular interest as the Board shall adopt from time to time, the Actuary shall compute annually the pension reserve liabilities for pensions being paid to Retirees and Beneficiaries.

(3) On an annual basis, the Board shall ascertain and report to the Mayor and the Council the amount of City contributions due to the System. The Council shall appropriate and the City shall pay such contributions during the ensuing Fiscal year. When paid, such contributions shall be credited to the *Pension Accumulation Fund*.

(4) If the amount appropriated by the City and paid to the System for any Fiscal year is insufficient to make the transfers and pay the pensions from the *Pension Accumulation Fund* as provided in this Section, the amount of such insufficiency shall be provided by the appropriating authorities of the City.

(d) *Accrued Liability Fund*. Pursuant to Ordinance No. 5-05, which authorizes the creation of the *Detroit General Retirement Service Corporation*, the City has entered into a transaction (the "Pension Funding Transaction") to obtain funds as an alternative to those available through the traditional funding mechanism described above in Subsection (c). The proceeds generated by the Pension Funding Transaction (or any Additional Pension Funding Transactions, as described below) that will be deposited into the System will be termed the "Funding Proceeds." The Funding Proceeds will be deposited into a new fund in the System to be called the *Accrued Liability Fund*. The purpose of the Funding Proceeds will be to fund all or part of the heretofore unfunded actuarial accrued liability ("UAAL") of the System, as determined as of a date certain, ~~to~~ that is, the "Determination Date," pursuant to the System's actuarial valuation as of that date. The Funding Proceeds will be assets of the System and will be applied, together with all other assets of the System, to fund the System's obligation to pay accrued benefits.

This *Accrued Liability Fund* shall contain only the Funding Proceeds of this Pension Funding Transaction, and any earnings thereon. Should the City, by future ordinance, choose to raise additional moneys by additional pension funding transactions ("Additional Pension Funding Transactions") in order to fund the then existing UAAL of the System as of a future date certain, a new and separate *Accrued Liability Fund* shall be created within the System to contain the proceeds, and any earnings thereon, of any Additional Pension Funding Transactions, and a new *Accrued Liability Fund* will be created for each successive Additional Pension Funding Transaction undertaken

by the City, if any. The treatment of any *Additional Accrued Liability Fund* shall be the same as described below:

(1) The Funding Proceeds deposited in the *Accrued Liability Fund* will be subject to the oversight and investment direction of the Board of Trustees of the General Retirement System, consistent with the Board's obligations under Section 47-2-20 of this Code (Management of Funds). The Board will invest the Funding Proceeds as part of the System's overall assets, and will not differentiate the Funding Proceeds from other System assets for investment purposes.

(2) All interest, dividends and other income derived from the investment of the Funding Proceeds shall be credited annually to the applicable *Accrued Liability Fund* on a total System rate of return basis determined by crediting the applicable *Accrued Liability Fund* with the investment return experienced by the System in total for all of its investments for the year. This shall be done by first determining the rate of return for the total assets in the System for the fiscal year, and then crediting back to each *Accrued Liability Fund* an amount that is determined by multiplying that rate of return times the balance in the *Accrued Liability Fund* as of the beginning of the fiscal year, less an amount obtained by multiplying one-half of the System's rate of return times the amount transferred to the *Pension Accumulation Fund* for that year. As provided in Section 47-2-18(g) of this Code, the interest, dividends and other income derived from the investment of the Funding Proceeds deposited in any *Accrued Liability Fund* are "other moneys" the disposition of which is specifically provided for in this Article, and these moneys will not be credited to the *Income Fund*. The interest, dividends and other income derived from the investment of the Funding Proceeds deposited in any *Accrued Liability Fund* will not be credited to any Funds other than the *Pension Accumulation Fund*.

(3) Upon the creation of the *Accrued Liability Fund* and the deposit of the Funding Proceeds into the applicable *Accrued Liability Fund*, there shall be established a schedule for transferring assets of the *Accrued Liability Fund* by crediting them to the *Pension Accumulation Fund* on a regular basis over the period required to fully amortize that portion of the System's UAAL determined as of the applicable Determination Date.

The System's UAAL determined as of the applicable Determination Date shall be the "Determined Accrued Liability." The period over which the Determined Accrued Liability is to be fully amortized, as specified in the System's actuarial valuation as of the applicable Determination Date, is the "Amortizing Period." The

amount to be transferred each fiscal year (or monthly portion thereof) to the *Pension Accumulation Fund* from the *Accrued Liability Fund* is the "Scheduled Amortizing Amount."

With respect to the Pension Funding Transaction and any Additional Pension Funding Transactions, the Scheduled Amortizing Amount will equal a level percentage of the City's monthly payroll during the fiscal year, as determined by the City's weekly payroll reports made available to the Board. The level percentage of the City's monthly payroll that will be used to determine the Scheduled Amortizing Amount will be a level percentage that is equal to the level percentage that is specified in the actuarial valuation as of the applicable Determination Date as being the percentage of the City's monthly payroll required to amortize the Determined Accrued Liability over the Amortizing Period multiplied by a fraction. The numerator of the fraction shall be the amount of the applicable Funding Proceeds up to the full amount of the Determined Accrued Liability as of the Determination Date. The denominator of the fraction shall be the System's Determined Accrued Liability on that date.

**Commentary:** By way of example only, the Scheduled Amortizing Amount would be determined as follows: (1) the Determination Date is June 30, 2004, (2) the Funding Proceeds are deposited into the System during the 2004-2005 Fiscal Year, (3) the June 30, 2004 actuarial valuation produced a UAAL of \$800 million, (4) the City's contribution required to amortize that UAAL is 16% of the City's payroll, and (5) the Funding Proceeds are \$600 million, then the Scheduled Amortizing Amount for Fiscal Year 2005-06 would be 16% times (\$600 million/\$800 million) times the City's payroll for 2005-2006. This would be 12% times the City's payroll for that fiscal year.

With respect to the Pension Funding Transaction, or any Additional Pension Funding Transactions, where the applicable Determination Date occurs after the date of the actuarial valuation that determines the City's contribution for the fiscal year during which the applicable Funding Proceeds are deposited into the System, for such fiscal year, there will be transferred from the applicable *Accrued Liability Fund* to the *Pension Accumulation Fund* an amount that is specified in such actuarial valuation as being the City's required contribution needed to amortize the System's UAAL as of the date of such actuarial valuation, multiplied by a fraction. The numerator of the fraction shall be the amount of the applicable Funding Proceeds up to the full amount of the UAAL specified in such actuarial valuation, and the denominator of the fraction shall be the System's total

UAAL as set forth in that same actuarial valuation.

**Commentary:** By way of example only, the Scheduled Amortizing Amount in this case would be determined as follows: (1) the Determination Date is June 30, 2004, (2) the Funding Proceeds had been deposited into the System during the 2004-2005 Fiscal Year, (3) the June 30, 2003 actuarial valuation produced a UAAL of \$733 million, (4) the City's contribution required to amortize that UAAL is 13.9% of the City's payroll, and (5) the Funding Proceeds are \$600 million, then the Scheduled Amortizing Amount for Fiscal Year 2004-05 would be 13.9% times (\$600 million/\$733 million) times the City's payroll for 2004-2005. This would be 11.4% times the City's payroll for that fiscal year.

Should the Board at some future time adopt a different period for amortizing the System's UAAL (a "Revised Amortizing Period"), the Scheduled Amortizing Amount for ensuring years may change. If the Revised Amortizing Period provides for a longer period during which to amortize the System's UAAL (~~is~~ that is, an "Extended Amortizing Period"), then the Amortizing Period initially used to amortize the applicable Determined Accrued Liability will also be revised. There will then be established a new schedule for amortizing the Determined Accrued Liability, and the Scheduled Amortizing Amount will be based on the level percentage of the City's monthly payroll being equal to what it would be if the then unamortized balance of the Determined Accrued Liability were re-amortized over the Extended Amortizing Period. If the Revised Amortizing Period is changed so that the System's UAAL is to be amortized over a shorter period than the one initially used to amortize the applicable Determined Accrued Liability, then that Scheduled Amortizing Amount will not be changed.

(4) Each year (or monthly portion thereof), when the City is required to make its regular contribution to the System — the amount of which is to be determined pursuant to Subsection (c) and the timing of which is set forth in Section 47-2-19(b) of this Code — the Board will transfer the Scheduled Amortizing Amount from the *Accrued Liability Fund* and credit it to the *Pension Accumulation Fund*; provided, however, that this transfer cannot occur unless and until the Board has been notified pursuant to the Pension Funding Transaction, or any Additional Pension Funding Transaction, if applicable, that the City is current on the service payments required under the applicable Pension Funding Transaction.

(5) Should the Scheduled Amortizing Amount not be available for transfer

because of the City's failure to make a timely service payment pursuant to the applicable Pension Funding Transaction, the Board will take any permitted action, including the filing of a civil action against the City, as contemplated in Section 47-4-3(3) of this Code, to effectuate the transfer of the Scheduled Amortizing Amount.

Should the City's Finance Director certify to the Board by a duly attested notice that the City has no available funds to make the service payments required by the applicable Pension Funding Transaction, in that specific circumstance, the Board shall be authorized to transfer the Scheduled Amortizing Amount for that fiscal year (or monthly portion thereof) to the *Pension Accumulation Fund*, absent the notice requirement set forth in Section 47-2-18(d)(4) of this Code.

(6) Since the Funding Proceeds are to be considered assets of the System and are intended to fund the applicable Determined Accrued Liability, the City shall be required to make only a proportional contribution for any fiscal year (or monthly portion thereof) ending after the date the Funding Proceeds are deposited into the applicable Accrued Liability Fund, but prior to a fiscal year whose corresponding actuarial valuation includes the Funding Proceeds in the System's total assets. The proportional contribution to fund the System's then existing UAAL, if any, shall be the level percentage of the City's payroll specified in the actuarial valuation for the applicable fiscal year as the City's required contribution needed to amortize the System's then existing UAAL, multiplied by a fraction. The numerator of the fraction shall be the amount of the System's total UAAL as determined in such actuarial valuation minus the amount of the applicable Funding Proceeds, but not less than zero. The denominator of the fraction shall be the amount of the System's total UAAL in such valuation. Actuarial valuations following the deposit of the applicable Funding Proceeds into the System shall include the Funding Proceeds in the total assets of the System to determine any ensuing UAAL of the System, and the Funding Proceeds shall offset any such actuarial liability accordingly.

**Commentary:** By way of example only, the following indicates how the procedure described above would operate. Assume the following facts — (1) the Determination Date is June 30, 2004; (2) the June 30, 2004 actuarial valuation produced a UAAL of \$800 million and a contribution toward the UAAL of 16% of the City's payroll; (3) the Funding Proceeds were \$600 million and were deposited in the System during the 2004-2005 Fiscal Year; (4) the first actuarial valuation which included the Funding Proceeds in the System's assets was as of June 30, 2005

and (5) the June 30, 2003 valuation which determines the City's required contribution for fiscal 2004-05 produced a total UAAL of \$733 million and a contribution toward that UAAL of 13.9% of the City's payroll. Then:

- The fiscal year ending after the date of deposit would be the year ending June 30, 2005, or the 2004-2005 Fiscal Year.

- The first fiscal year whose corresponding valuation reflected the Funding Proceeds in its assets would be the 2006-2007 year.

- Thus, the City's required UAAL contribution for fiscal 2004-2005 would be 13.9% of the City's payroll times (\$733 million — \$600 million) divided by \$733 million, or 2.5% of payroll. The City's required UAAL contribution for fiscal 2005-06 would be 16% of the City's payroll times (\$800 million — \$600 million) divided by \$800 million, or 4% of the City's payroll.

- Beginning with the Fiscal Year 2006-2007, whose contribution is determined by the June 30, 2005 actuarial valuation, the City's required UAAL contribution would be the percentage of its payroll developed in the corresponding actuarial valuation that included the Funding Proceeds as being part of the System's assets.

Any contribution the City has made to the System for any fiscal year during which the Funding Proceeds from any applicable Pension Funding Transaction have become assets of the System. Where the amount of the contribution is equal to or less than the normal cost of that fiscal year, the City's contribution shall be deemed to have been made in satisfaction of its obligation to contribute an amount equal to the System's normal cost for that fiscal year, and not as payment towards any portion of its obligation to pay an amortized portion of the System's UAAL due in that fiscal year. The term "normal cost" as used in this Section 47-2-18(d)(6) of this Code, shall be given its generally accepted actuarial meaning.

To the extent the City's contribution for that fiscal year exceeds its required contribution for normal cost owed in that fiscal year, its excess contributions shall be deemed as having been made for the immediately following fiscal year, and shall offset the City's normal cost contribution obligation for the immediately following fiscal year.

**Commentary:** By way of example only, the following indicates how the procedure described in the preceding paragraphs would operate. Assuming the same facts as in the prior *Commentary*, and the City contributed \$40 million for the 2004-2005 Fiscal Year and the total normal cost for that year was \$40 million:

- The entire \$40 million would be deemed as payment of the required normal cost for 2004-2005, and

• No part of the \$40 million contribution would be deemed payment toward UAAL.

Now assume that the facts remain the same, but that the City had contributed a total of \$45 million for 2004-2005:

• The City's total required contribution for 2004-2005 would be deemed paid in full, and

• \$5 million, ~~to~~ that is, \$45 million minus \$40 million, would be deemed prepayment of the City's required normal cost for 2005-2006 and its required normal cost contribution for 2005-2006 would be reduced accordingly.

(7) The System's auditor shall verify (a) the assets credited to the *Pension Accumulation Fund* and any *Accrued Liability Fund* at the beginning and end of each fiscal year, (b) that each Fund had been properly credited, and (c) that transfers from the *Accrued Liability Fund(s)* to the *Pension Accumulation Fund* had occurred as intended under this Section 47-2-18(d) of this Code.

(8) Should the System's auditor certify that the total assets then existing in the System, not including the assets in any *Accrued Liability Fund*, together are insufficient to pay the benefits then due under the System, the System's auditor will then determine and certify the minimum amount needed to fund the benefits then due and owing (the "Minimum Necessary Amount"). In this limited circumstance, the Board is authorized to transfer the Minimum Necessary Amount from the *Accrued Liability Fund* to the *Pension Accumulation Fund* absent the notification required pursuant to Section 47-2-18(d)(4) of this Code.

(9) At the end of the Amortizing Period, or the end of the Extended Amortizing Period, if applicable, should there be any moneys that remain credited to the *Accrued Liability Fund*, the Board may transfer, at its discretion, any such remaining moneys, in whole or in part, by crediting them to the *Pension Accumulation Fund*. The *Pension Accumulation Fund* is the only Fund into which the remaining moneys credited to any *Accrued Liability Fund* may be transferred.

(e) *Pension Reserve Fund*.<sup>446-133</sup> The *Pension Reserve Fund* shall be the fund from which pensions shall be paid to beneficiaries. Should a Disability Retiree be reinstated to active service, the Retiree's pension reserve at that time, shall be transferred from the *Pension Reserve Fund* to the *Pension Accumulation Fund*.

(f) *Expense Fund*.<sup>446-134</sup> The *Expense Fund* shall be the fund to which shall be credited all money provided by the City to pay the administrative expenses of the Retirement System, and from which shall be paid all the expenses necessary in connection with the administration and operation of the System.

(g) *Income Fund*.<sup>135</sup> The *Income Fund*

shall be the Fund to which shall be credited all interest, dividends, and other income derived from the investments of the System (other than those derived from the investments credited to any *Accrued Liability Fund*), all gifts and bequests received by the System, and all other moneys the disposition of which is not specifically provided for in this Article. There shall be paid or transferred from the *Income Fund*, all amounts required to credit Regular Interest to the various Funds of the Retirement System, except for the *Accrued Liability Fund* which is to be credited with interest, dividends and other earnings pursuant to Section 47-2-18(d)(2) of this Code in accordance with the limitations that are contained in Section 47-1-18 of this Code. ~~Whenever the balance of the Income Fund is more than sufficient to cover current charges to the fund, such excess amount may be used for contingency reserves or may be transferred to any of the other Charter created funds of the Retirement System within this Article II except the Expense Fund, to cover special needs of the Funds as the Board shall determine; provided, however, that in determining whether the balance of the Income Fund is more than sufficient to cover current charges to the Fund, the balance credited to any Accrued Liability Fund shall not be taken into account. In the event the balance in the Income Fund is insufficient to cover the charges to the Fund, the amount of the insufficiency shall be transferred from the Pension Accumulation Fund to the Income Fund.~~

(h) *Maintenance of Reserves*.<sup>136</sup>

(1) The maintenance of proper reserves in the various Charter-based funds of the Retirement System within this Article II except the *Expense Fund* are hereby made obligations of the *Pension Accumulation Fund*.

(2) City contributions to the Retirement System to the extent necessary to provide pensions on account of members who are employees of a revenue-supported division of the City shall be made from the revenues of the said division. Any City contribution to the Retirement System from any Fund by law with a certain and definite purpose shall at the direction of the Finance Director, be accounted for separately.

**Section 2.** All ordinances, parts of ordinances, that conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary to preserve the public peace, health, safety, and welfare of the People of the City of Detroit.

**Section 4.** In the event that this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and become effective upon publication in

accordance with Section 4-116 of the 1997 Detroit City Charter. In the event that this ordinance is passed by a less than two-thirds (2/3) majority of City Council Members serving, it shall become effective no later than thirty (30) days after enactment in accordance with Section 4-115 of the 1997 Detroit City Charter.

than the actual investment return net of expenses of the Retirement System invested reserves for the year in which the return is earned and accrued, provided, that such return shall neither be greater than the assumed annual return as expressed in the plan's valuation for that year nor less than zero; and to amend the definition of "regular interest" to be commensurate with the limitation to be contained in Section 47-1-18 of this Code; and Article II, *Defined Benefit/Defined Contribution (Annuity) Plan of the General Retirement System*, by amending Section 47-2-18, to make provisions concerning the income fund commensurate with the limitation to be contained in Section 47-1-18 of this Code.

Re: Voting Procedure for Multiple Candidates

BY COUNCIL MEMBER JENKINS:

WHEREAS, Section 26.2 of the Rules of Order for the Detroit City Council, amended September 28, 2010, effective December 1, 2010, provides for revision of the Rules;

NOW THEREFORE BE IT

RESOLVED, That a new procedural rule is added to current *Section 4.0 Legislative Boards, Commissions and Appointments* to allow for equal consideration of multiple candidates and reads:

##### *4.6 Procedure to Fill Vacancies:*

*4.6.1 Candidates: Candidates shall be interviewed by the appropriate Standing Committee. The names of potential appointees shall be forwarded to the Formal Session for consideration by the whole Council. The Standing Committee shall move all potential appointees to the Formal Session at the same time.*

##### *4.6.2 Appointment Procedure at Formal Session:*

*4.6.2.1 Multiple Candidates: If there are more potential candidates than available positions, Council shall use a paper ballot process to determine the final appointee(s). At the appropriate time during Formal Session, the Clerk shall give each Council Member a paper ballot listing the potential appointees. Each Council Member will write his or her name on the ballot and circle the name(s) of the candidate they wish appointed to the available position(s). The number of names circled is determined by the number of positions available. The completed ballots shall be given to the Clerk who will tally and announce the vote. The announcement shall include the name of the Council Member, the name(s) circled on the ballot, and the total number of votes for each*

candidate.' The candidate receiving the majority of votes from those present and voting shall fill the first vacancy. The candidate receiving the second highest majority of votes from those present and voting shall fill the second vacancy; and so on until all vacancies are filled.

If the second, or any additional candidates, do not receive a majority of votes from those present and voting, or in the case of a tie vote, additional ballots shall be taken until they do receive that majority. In the case of a tie vote, only candidates receiving the tie vote shall move forward for consideration. If the tie cannot be broken after three rounds, or if a candidate does not receive a majority of votes of those present and voting, the vacant position shall be sent back to the Standing Committee.

#### **VOTING ACTION MATTERS**

#### **COMMUNICATIONS FROM MAYOR AND OTHER GOVERNMENTAL AGENCIES**

#### **PUBLIC COMMENT**

**David McDade** (I.C. LED Lighting, LLC): His company is a distributor for a high tech lighting company. They work with a lot of area communities including Highland Park and Flint. Their technology could save the City of Detroit millions. Mr. McDade was referred to the Mayor's office for further review.

**JoAnn Watson:** This item should be a line item at the Public Health and Safety Standing Committee in January 2012 for a status report relative to what transpired with the Mayor's office.

**Patty Fedewa** (Transportation Riders United): Ms. Fedewa has concerns regarding the proposed bus fare increase. Inefficient mechanical operations and mismanagement exist. To fix the situation the following could be done; fix the fare boxes; Mechanical Operation Costs could be put in line with other systems across the country; a yearly map is needed.

**Al Garrett:** Allegedly 2,300 workers will be laid off; however, there are contracts on the table with no reduction in cost and no means of the contract itself. Health care should not be affected. Mr. Garrett supports the resolution for State of Michigan legislatures to mandate employers must do payroll deduction for income tax.

**Greg Murray:** He opposes municipal share cropping. The voting is placed on a small portion of the City of Detroit's work force. He would like to see the Unions share their recommendations relative to reductions.

**Dempsey Addison:** There are contracts which are an integral part of block grant activity who have not been paid. These are federal dollars.

Extended contracts should not continue to be taken from the General fund; furlough days need to be cut.

**Cindy Estrada (UAW):** Ms Estrada supports American Axle workers to be brought back from Mexico and work here in the City of Detroit. An agreement is needed to rebuild trust.

**Dorothy Burrell** (City of Detroit Board of Canvassers): another name has been submitted for consideration to the board; however, only her name the Republican Hartinda (Sp?) George Hardy was not submitted in a timely fashion.

**Richard Mack:** He supports jobs should be brought to the City of Detroit. He has concerns with the contracts brought before Council for consideration. Only necessary dollars should be spent on essential functions.

**Mother Holmes:** Had concerns regarding the payment of a pension to a City of Detroit worker's spouse. She offered prayers for everyone.

Honorable City Council:

Re: Detroit Police Department's Authorization to Purchase 2550 McGraw/ a.k.a. 6050 Linwood, Detroit, Michigan.

The City of Detroit has the opportunity to acquire 2550 McGraw/a.k.a. 6050 Linwood, Detroit, Michigan, for use as a new Detroit Police Training Academy. To facilitate this purchase, the owner, the Detroit Public School (DPS) District of the City of Detroit, has offered to sell the property comprising 7.91 acres of land, and with a building thereon of approximately 210,000 square feet, to the City of Detroit for the City's forgiveness of \$985,000.00 of the DPS District of the City of Detroit's indebtedness to the Detroit Public Lighting Department for services rendered to it in the past.

The new building will become the training academy for the Detroit Police Department. The reuse of this viable structure will further our on-going efforts to consolidate operations to increase efficiency.

Attached for your consideration is a resolution which outlines the terms of the transaction and authorizes the purchase, in accordance with the Purchase Agreement. Your expeditious consideration is greatly appreciated and wholly necessary, as the Purchase Agreement requires your approval by November 18, 2011, in order for the City to proceed.

If you have additional questions or concerns regarding this matter, please feel free to contact me at (313) 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

Sincerely,

By Council Member Brown:

Whereas, The City of Council (the "City Council") of the City of Detroit, Michigan (the "City") determines it to be necessary to the public health, safety and welfare of the City and its residents to acquire certain improved real property consisting of land and a building located at 2550 McGraw/a.k.a. 6050 Linwood in the City of Detroit, all as more particularly described on the legal description attached hereto as Exhibit A (the "Property"), from the School District of the City of Detroit (the "Seller"), to be used for the Training Center Academy for the Detroit Police Department, and other ancillary uses; and

Whereas, Under the provisions of Act No. 99, Public Acts of Michigan, 1933, as amended, the City Council is authorized to enter into any contract or agreement for the purchase of property or equipment for public purposes; and

Whereas, The City Council has received an offer from the Seller to sell the property to the City of Detroit in exchange for the City's forgiveness of \$985,000.00 (Nine Hundred Eighty-Five Thousand Dollars) of the School District of the City of Detroit indebtedness to the Detroit Public Lighting Department for past services rendered.

Whereas, Any funds that may be necessary to complete or facilitate the purchase of the property will come from Appropriation 0090 — Capital Improvement; and

Whereas, Forms of the Purchase Agreement ("Purchase Agreement") between the City and the Seller, and substantially in the form presented to City Council have been prepared setting forth the terms and provisions of the purchase of the Property by the City, and it is the desire of the City Council to approve the purchase of the property, all as set forth in the Purchase Agreement, and the execution thereof; and

Whereas, The City Council desires to authorize the Finance Director to take such actions and make such other deter-

minations as may be necessary to accomplish the acquisition of the property contemplated by the Purchase Agreement and this Resolution as shall be confirmed by the Finance Director; and

Whereas, Professional Service Industries, Inc., on behalf of the City, conducted a Phase I Environmental Inquiry in October 2011, which revealed that there is a potential for petroleum products in the soil and groundwater due to the presence of a former gasoline filling station/oil service station, and automobile garage, but does not preclude the property being used for the City's Police Department's intended purpose. Prior to acquiring the property, the City, via the Detroit Building Authority, will conduct the following: a) geophysical survey of the former UST area(s); b) sampling analysis to determine whether soil and groundwater contamination exist; and c) Baseline Environmental Assessment ("BEA") and Due Care Plan, if contamination exceeds Michigan Department of Environmental Quality ("MDEQ") residential cleanup criteria. The BEA will be disclosed to the MDEQ as part of the City of Detroit's liability protection from any existing contamination; and

Whereas, The acquisition of the Property is in the best interests of the City, and is necessary for the benefit of the public to protect the health, safety and welfare of the public, and the requirement that the grantor bear the cost of the environmental inquiry is hereby waived.

Now, therefore, be it

Resolved, By the City Council of the City of Detroit, Wayne County, Michigan, pursuant to the City Charter, Act 99 (1933 PA 99, being MCL 123.721, et seq., as amended, "Purchase of Lands and Property for Public Purposes") and Act 279 (1909 PA 279, being MCL 117.1, et seq., as amended, "The Home Rule City Act" as follows:

**ARTICLE 1  
DETERMINATIONS**

Section 101. Findings, Declaration of Purchase. The Council hereby finds and declares that it is necessary for the City and for the public health, safety and welfare of the residents of the City of Detroit to acquire the property for such sum as shall be determined by the Finance Director not in excess of \$985,000.00 of forgiven indebtedness of the School District of the City of Detroit to the Detroit Public Lighting Department for past services as set forth in the Purchase Agreement, and transaction and closing costs, if any, and to accomplish such acquisition by entering into the Purchase Agreement with the Seller, at a purchase price not to exceed the aforesaid \$985,000.00 of forgiven indebtedness, pursuant to and in accordance with the provisions of Act 99 and Act 279, as finally confirmed by the Finance Director.

Section 102. Environmental Determinations. The Council hereby finds and declares that is necessary for the City and public health, safety and welfare of the residents of the City of Detroit to acquire the Property. The Council further finds that, after receipt and review of the environmental inquiry of the Property by the City, and a report from the City's Environmental Affairs indicating the findings and conclusions of the inquiry, despite the presence of environmental contamination, the acquisition of the Property is necessary for the benefit of the public to protect the health, safety and welfare of the public. The Council further waives the requirement that the Seller of the Property bear the cost of an environmental assessment based on the conclusion that the preservation of the promotion of the public health, safety, welfare or good outweighs the cost of the environmental assessment. Finally, the Council finds that the requirement for action to recover costs associated with remediation of or response activity shall be waived based on the fact that an environmental inquiry has been completed, which reveals that the Property is suitable for commercial land use.

Section 103. Declaration of Purchase of Property. The City shall enter into the Purchase Agreement under this Resolution of the authority of and in accordance with the provisions of the Detroit City Charter, Act 99 and Act 279, in a sum not to exceed \$985,000.00 of forgiven indebtedness of the School District of the City of Detroit to the Detroit Public Lighting Department for past services rendered.

Section 104. Execution and Delivery of Purchase Agreement. The Purchase Agreement and all of the documents necessary or appropriate for the completion of the transaction provided for therein shall be executed in the name of the City by the Finance Director.

Section 105. Approval of Other Documents and Actions. The Mayor, Finance Director, the Treasurer, the Corporation Counsel and the City Clerk are hereby authorized and directed on behalf of the City to take any and all other actions, perform any and all acts and execute any and all documents that shall be required, necessary or desirable to implement this Resolution.

Section 106. Delegation of City and Authorization of the Mayor and the Finance Director.

(a) Subject to the approval of the City's Corporation Counsel, the Mayor and/or the Finance Director are each authorized and directed on behalf of the City to execute solely, such other documents as may be required to consummate the acquisition of the property under the Purchase Agreement.

Section 107. Article and Section Headings. The Article and Section headings hereof are solely for convenience of reference and do not constitute a part of this Resolution, and none of them shall affect its meaning, construction or effect.

**Department of Public Works  
Administrative Division**

November 9, 2011

Honorable City Council:

Re: Proposed Resolution to Revise Fees for the Issuance, Renewal, and Administration of Annual Location Permits for Valet Staging (Parking) and for the Issuance and Administration of Temporary Valet Staging (Parking) Permits.

On November 16, 2010, the Detroit City Council passed an ordinance to amend Chapter 39 of the 1984 Detroit City Code, 'Parking Facilities,' by adding Article V, titled 'Valet Staging and Parking.' Upon its effective date, March 4, 2011, this article provided for the approval and regulation of valet staging on the public right-of-way, including: 1) the application, issuance, renewal, and administration of Annual Location Permits for Valet Staging, and 2) the application, issuance, and administration of Temporary Valet Staging Permits at approved locations in the City.

Section 39-5-1 of the 1984 Detroit City Code defines an Annual Location Permit for Valet Staging as an annual revocable permit issued by the Department of Public Works ("DPW") to the owner of a commercial building, or its managing agent, or a lessee business within the commercial building, which authorizes the use of a specified portion of a public street for a valet staging zone. Further, Section 39-5-1 of the 1984 Detroit City Code defines a

Temporary Valet Staging Permit as a revocable permit issued by the DPW to the owner of a commercial building, or its managing agent, or a lessee business within the commercial building, which authorizes temporary valet staging in the curb lane of a public street by a person licensed under the article. Lastly, Section 39-5-1 of the 1984 Detroit City Code provides that temporary valet staging means valet staging offered at a commercial building for a time period not to exceed seventy-two (72) consecutive hours.

Sections 39-5-15, 39-5-32, and 39-5-35 of the 1984 Detroit City Code authorize the DPW to establish, subject to the approval of City Council, fees for the application, issuance, and renewal of Annual Location Permits for Valet Staging and Temporary Valet Staging Permits. Section 39-5-15(b) of the 1984 Detroit City Code provides that the fee for an Annual Location Permit for Valet Staging shall be based upon the cost of issuance and administration of the permit, the amount of street space being used for the valet staging zone, and, where applicable, the amount of lost parking meter revenue due to the establishment of a valet staging zone, as estimated by the Municipal Parking Department. Section 39-5-35(b) of the 1984 Detroit City Code provides that the fee for a Temporary Valet Staging Permit shall be based upon the cost of issuance and administration of the permit, the amount of street space being used for the valet staging zone, and, where applicable, the amount of lost parking meter revenue due to the establishment of a valet staging zone, as estimated by the Municipal Parking Department. Also, Section 39-5-13 of the 1984 Detroit City Code requires that, upon the issuance by DPW of an Annual Location Permit for Valet Staging, the Department erect and maintain permanent signage, which clearly identifies the approved valet staging zone.

Accordingly, the DPW submitted to this Body a proposed resolution to establish fees for the application, issuance, renewal, and administration of annual location permits for valet staging (parking) and for the application, issuance, and administration of temporary valet staging (parking) permits. This proposed resolution to establish the schedule of fees was referenced to the City Council's Public Health and Safety Committee, moved for approval by this Standing Committee, and approved by the Committee of the Whole on March 22, 2011.

Upon review of the established fees to recover lost revenue from the use of metered parking spaces within approved valet staging zones, DPW proposes that this fee be revised to allow for the inclusion of location and other variables that impact the estimated amount of lost meter

revenue. Pursuant to the above, the DPW submits the following revised schedule of fees to provide for a variable annual fee for lost revenue from metered parking spaces, as estimated by the Municipal Parking Department, for each space within the valet staging zone.

**ANNUAL LOCATION PERMITS FOR VALET STAGING**

Application fee for Annual Location Permit for Valet Staging: \$250.00  
 Base permit fee for Annual Location Permit for Valet Staging: \$250.00  
 Annual fee for designated valet staging zone: \$25.00 per curb linear foot  
 Sign installation fee for valet staging zone: \$150.00 per sign

Where applicable, annual fee for lost revenue, as determined by the Municipal Parking Department for each metered space in the valet staging zone.

Renewal application fee for Annual Location Permit for Valet Staging: \$200.00  
 Base permit fee for Annual Location Permit for Valet Staging renewal: \$250.00

**TEMPORARY VALET STAGING PERMITS**

Application fee for Temporary Valet Staging Permit: \$100.00  
 Base permit fee for Temporary Valet Staging Permit: \$100.00

Where applicable, annual fee for lost revenue, as determined by the Municipal Parking Department for each metered space in the valet staging zone.

Fee for designated temporary valet staging zone: \$5.00 per curb linear foot each day

Based upon DPW's information, and upon consultation with other City Departments, the proposed fees, as revised, are reasonable and consistent with the need for the City to recover the City's costs of processing: 1) the applications, issuance, renewal, and administration of Annual Valet Staging Permits and 2) the application, issuance, and administration of Temporary Valet Staging Permits, in accordance with Chapter 39, Article V, of the 1984 Detroit City Code.

Upon approval of this Body of the attached resolution, this resolution shall supersede the resolution approved by this Body on March 22, 2011 to establish the fees for Annual Valet Staging Permits and Temporary Valet Staging Permits. We request that this matter be placed on this Body's agenda for consideration and adoption of the attached resolution on November 22, 2011.

Respectfully submitted,  
 RON BRUNDIDGE  
 Director  
 Department of Public Works

Whereas, Section 39-5-1 of the 1984 Detroit City Code defines a Temporary Valet Staging Permit as a revocable permit issued by the DPW to the owner of a commercial building, or its managing agent, or a lessee business within the commercial building, which authorizes temporary valet staging in the curb lane of a public street by a person licensed under the article;

Whereas, Sections 39-5-15, 39-5-32, and 39-5-35 of the 1984 Detroit City Code authorize the DPW to establish, subject to the approval of City Council, fees for the application, issuance, renewal, and administration of Annual Location Permits for Valet Staging and for Temporary Valet Staging Permits;

Whereas, Section 39-5-12 of the 1984 Detroit City Code requires DPW to review the application and the location and make a determination concerning a number of factors prior to the approval or disapproval of the issuance of Annual Location Permits for Valet Staging and Temporary Valet Staging Permits;

Whereas, Sections 39-5-12 and 39-5-32 of the Detroit City Code require that the Municipal Parking Department and the Police Department investigate and submit reports on the proposed street location to be used as a valet staging zone;

Whereas, Pursuant to Section 39-5-3 of the 1984 Detroit City Code, DPW, has the authority to establish, plan, issue, suspend or revoke permits, and maintain systems and devices for the regulation of valet staging in the City;

Whereas, Section 39-5-3 of the 1984 Detroit City Code, the Buildings, Safety Engineering, and Environmental Department and the Police Department have concurrent authority to enforce the permit and licensing requirements of the article; and

Whereas, Pursuant to the above, the DPW made a determination as to the fees to be established: 1) for the application, issuance, renewal, and administration of Annual Location Permits for Valet Staging, and 2) for the application, issuance, and administration of Temporary Valet Staging Permits;

Whereas, The DPW submitted to this Body a proposed resolution to establish fees for the application, issuance, renewal, and administration of annual location permits for valet staging (parking) and for the application, issuance, and administration of temporary valet staging (parking) permits;

Whereas, The proposed resolution to establish the fees was referenced to the City Council's Public Health and Safety Standing Committee, moved for approval by this Standing Committee, and approved by the Committee of the Whole on March 22, 2011.

Whereas, Upon review of the established fees to recover lost revenue from the use of metered parking spaces within approved valet staging zones, DPW has determined that this fee needs to be revised to allow for the inclusion of location and other variables which impact the estimated amount of lost meter revenue;

Whereas, Pursuant to the above, the DPW has submitted a revised schedule of fees to provide for a variable annual fee for lost revenue from metered parking spaces, as calculated by the Municipal Parking Department, for each space within the valet staging zone, only, as follows:

Fee for designated temporary valet staging zone:	\$5.00 per curb linear foot each day
--------------------------------------------------	--------------------------------------

Whereas, DPW has indicated that the proposed fees, as revised, are reasonable and consistent with the need for the City to recover the City's costs of: 1) processing the application, issuance, renewal, and the administration of Annual Location Permits for Valet Staging, and 2) processing the application, issuance, and the administration of Temporary Valet Staging Permits, in accordance with Chapter 39, Article V, of the 1984 Detroit City Code.

Therefore Be It Resolved, That the Detroit City Council hereby approves the revised schedule of fees, as established by DPW, for: 1) processing the application, issuance, renewal, and the administration of Annual Location Permits for Valet Staging, and 2) processing the

WHEREAS, Employers in these cities could be required to collect city income taxes, similar to their collection of other payroll taxes; and

**RESOLUTION STRONGLY URGING THE DETROIT DELEGATION TO THE STATE OF MICHIGAN LEGISLATURE TO INTRODUCE LEGISLATION AUTHORIZING PAYMENT OF THE \$220 MILLION DOLLARS IN STATE REVENUE SHARING OWED TO THE CITY OF DETROIT**

By COUNCIL MEMBER WATSON:

WHEREAS, Pursuant to Public Act 532 of 1998, the State of Michigan was required to appropriate a set sum of \$333.9 million per year in combined constitutional and statutory revenue sharing for fiscal years 1999 through 2007 for the City of Detroit; and

WHEREAS, Under an agreement between the State of Michigan and the City of Detroit, which has been fully acknowledged by the State, the City was to receive the aforementioned sum in revenue sharing pursuant to PA 532 of 1998 and reduce over time its individual income tax rates from 3% to 2% for residents and from 1.5% to 1% for non-residents pursuant to Public Act 500 of 1998; and

WHEREAS, In spite of the fact that the State of Michigan agreed to stabilize the revenue sharing levels in exchange for the reduction in the City's income tax rate, in 2003, 2004, 2005, 2006, and 2007, the State of Michigan amended the Revenue Sharing Act. This resulted in the City of Detroit not receiving approximately \$220 million in revenue sharing that would have been paid according to the agreement between the State of Michigan and the City of Detroit which had been embodied in Public Act 532 prior to any amendments; and

WHEREAS, In addition to the loss in state revenue sharing under the agreement, the City also lost the fiscal benefit of the higher income tax rates because it reduced its income tax rates to 2.5% for residents and 1.25% for non-residents over the years 1999 to 2003. The City Income Tax Act was not subsequently amended to grant the City's statutory authority to return its income tax rates to 3% and 1.5% for residents and non-residents respectively and collect additional revenues. Since 2004, this has resulted in the loss of approximately \$400 million dollars because the City has been denied the ability to tax at the rate voters approved in 1981; and

WHEREAS, These annual reductions

in state revenue sharing and the income tax rate in the aforementioned years has significantly contributed to the City's accumulated deficit and other fiscal challenges; and

WHEREAS, The shortages in the aforementioned revenue sharing agreement, inclusive of the outstanding \$220 million dollars owed, has been fully acknowledged by both the former and current Governors of the State of Michigan, the Mayor of the City of Detroit as well as the Detroit City Council. Therefore, the time is ripe for the introduction of legislation at the State level to effectuate the intent and remedy the outcome of the original revenue sharing agreement made between the State and City; and

WHEREAS, The introduction of legislation is crucial and necessary, because it effectuates the purpose and intent of the original agreement and is the most efficient way to ensure this valid debt is paid; and

WHEREAS, It is in the best interest of both the City of Detroit and the State of Michigan to respect the funding formula under the original agreement and Act which will lead to a more fiscally sound Detroit benefiting the entire State of Michigan; and NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby strongly urges the Detroit delegation to the State of Michigan Legislature to introduce legislation which honors the original agreement and mandates payment of the approximately \$220 million dollars in state revenue sharing dollars owed to the City of Detroit; and BE IT FURTHER

RESOLVED, That the Detroit City Council hereby urges the Administration to support and aggressively advocate for the introduction of such legislation; and BE IT FURTHER

RESOLVED, That the Detroit City Council hereby urges the Detroit delegation to the State Legislature to prioritize this legislation and work with the Treasurer of the State of Michigan and all other necessary parties to negotiate and draft such legislation; and BE IT FINALLY

RESOLVED, That a copy of this resolution be sent to the individual members of the Detroit delegation to the State Legislature, City of Detroit Mayor Dave Bing, Governor Rick Snyder, State Treasurer Andy Dillon, Clerk of the State of Legislature, as well as Mr. Ken Cole of Governmental Consultant Services, Inc.

Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Kenyatta, Spivey, Tate, Watson, and President Pugh — 9.

Nays — None.

### Law Department

November 16, 2011

Honorable City Council:

Re: Petition Number 913 — Report and Recommendation for Approval of the Issuance of a Dance and Entertainment Permit by the Michigan Liquor Control Commission in Conjunction with a Request to Transfer Ownership of a "Class C License" to Club Armane, Ltd., for a Group "A" Cabaret at 11233 Morang Street.

#### BACKGROUND

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or a combination dance and entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 608312, which has been designated by the City Clerk as Petition Number 913. This Local Approval Notice requests City Council approval of the issuance of a dance and entertainment permit to Club Armane, Ltd., ("Permit Applicant"), in conjunction with the transfer of a "Class C License" from 15000-15006 Harper to 11233 Morang Street.

Buildings, Safety Engineering, and Environmental Department ("BSE&E") records indicate that 11233 Morang Street is located in a B4 zoning district (General Business District) and established land uses include "Bar/restaurant/nightclub" pursuant to Case No. B&SE 104-01, dated December 13, 2001. Therefore, the continued use of the location for patron dancing and entertainment is permitted subject to compliance with all relevant state codes and City ordinances, including the issuance of a Group "A" Cabaret business license by the BSE&E Business License Center and a new dance and entertainment permit by the MLCC to the Permit Applicant. A Certificate of Maintenance of Grant Conditions has been issued by BSE&E for the location.

#### APPROVAL CRITERIA

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria.

A review of the Coordinator's report indicates that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria, except for Approval Criteria Nos. 8, 10, and 11. Approval Criterion No. 8 concerns obtaining a real estate property clearance for the subject premises. Approval Criterion No. 10 concerns unpaid fees or uncured violations related to the location under the purview of the Department of Health and Wellness Promotion ("DHWP"). Approval Criterion No. 11 concerns unpaid fees or uncured violations under the purview of the Detroit Fire Department for the subject premises. In addition, the Coordinator's report indicates that the request for a new dance and entertainment permit for the location was still pending with the Detroit Police Department.

Upon notification of the abovementioned deficiencies in the approval criteria, the following actions have been taken concerning this request for this Body's approval of the issuance of the new dance and entertainment permit by the MLCC:

(1) A review of the 2011 real property tax bill indicates a zero balance for the location, a copy of which is attached;

(2) The Permit Applicant has paid one thousand dollars (\$1,000) to the DHWP for the issuance of a 2011-2012 State of Michigan Food Service annual license and plan review. A copy of the receipt is attached;

(3) An inspection report has been obtained from the Detroit Fire Department Fire Marshal Division that indicates the location passed inspection with no violations being cited. A copy of the inspection report is attached; and

(4) The Detroit Police Department Liquor License Unit has approved the issuance of the dance and entertainment permit to the Permit Applicant. A copy of the approval is attached.

#### RECOMMENDATION

Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of

the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. As a result of aforementioned actions taken, the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria for the location.

Therefore, attached is a proposed resolution approving the issuance of a new dance and entertainment permit by the MLCC to the Permit Applicant, Club Armane, Ltd., in conjunction with the transfer of a "Class C License" for a Group "A" Cabaret at 11233 Morang Street. The Law Department recommends that the Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,  
KRYSTAL A. CRITTENDON  
Corporation Counsel

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Honorable City Council:

Re: Petition No. 2005 — TEF-Three, LLC for closure with easement of commercial and residential alley rights-of-way bounded by Calvert to north, Glynn Ct. to south, Hamilton to west and Third to east.

Petition No. 2005 of "TEF-Three, LLC", request for the conversion of a portion of East-West public alley, 19.00 feet wide, and the North-South public alley, 19.00 feet wide, (Deeded on January 9, 1912)

all in the block bounded by Calvert Avenue, 66 feet wide, Glynn Court, 80 feet wide, Hamilton, 100 feet wide, and Third Avenue, 80 feet wide, into easements. This request will facilitate an orderly pick-up and drop off route on the school's campus.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The Petitioner has on file original U.S. Postal Certified Mail receipt with the City Engineering Division — DPW of letters sent to property owners abutting said alleys, requesting their consent to the closure of said alleys. The letters and an attempt was made at every home abutting the said alleys, however, only 8 out of 28

property owners consented to the closure of the alley. The other 20 property owners did not sign off or no response was given.

A site visit was conducted to determine if said alley was still in use. The alley was overgrown with weeds to the point a car could not travel down the alley. Also it was noted that majority of the homes abutting said alley was abandoned and open to trespass. It was also noted that the homes abutting said alley did not have access from the front of their property to the rear or garage.

City Engineering Division — Survey Bureau — DPW understands that the petitioner has acquired sign offs from all the property owners that still live in the homes abutting said alley, however, if at any time in the future when the abandoned homes are sold the buyers will not have access to the rear of properties or garage. Because of this issue it is our recommendation that the alley be dead-end at the petitioner property. The attached resolution will reflect the dead-end alley to protect the future and current property owner access to the rear of properties and/or garage of said alley.

All City Departments and privately owned utility companies have reported no objections to the conversion of the public rights-of-way into private easements for public utilities. Provisions protecting utility installations are part of the attached resolution.

The resolution is attached for consideration by your Honorable Body.

Respectfully submitted,

RICHARD DOHERTY

Honorable City Council:

Re: Renaissance Zone for Detroit Manufacturing System, LLC and American Axle & Manufacturing.

Wayne County has one more Renaissance Zone they may issue before Act 376 of 1996 sunsets December 30, 2011. The County would like to use their last Renaissance Zone for Detroit Manufacturing System, LLC.

Detroit Manufacturing System, LLC is requesting a fifteen year(s) Renaissance Zone. If this project is approved by the Michigan Strategic Fund, the Renaissance Zone would begin in 2012, running through 2026. The total investment of this one project will be twenty-one million, four hundred, ninety thousand

dollars (\$21,490,000) and hire at least 400 full time employees. In addition, contract employees will be hired to assist in the development of this project.

Detroit Manufacturing System, LLC project will be leasing property from American Axle & Manufacturing for fifteen years. The Michigan Strategic Fund Renaissance Zone application packet is attached for your review.

I respectfully encourage this Honorable Body to consider this Renaissance Zone Resolution for Detroit Manufacturing System and American Axle & Manufacturing.

Respectfully submitted,

LINDA M. BADE  
Chief Assessor

Whereas, The County in which the Renaissance Zone is located must consent to extend the Renaissance Zone status; and

Whereas, New zones are approved by the Michigan Strategic Fund (MSF) and the MSF may revoke the new zone if the Board determines that increased capital investment or job creation will not begin within one (1) year of the granting of the zone or otherwise violates the terms of the written development agreement between the owner of the real property and the Board of the MSF; and

Whereas, Should the Renaissance Zone be granted, the property located in Hamtramck and Detroit and detailed within the lease agreement will be exempt from taxes levied by the City, County and other units of government as provided under the Renaissance Zone Act; and

Whereas, The estimate of tax revenue to be lost, which is shown on the attached schedule, would be a small fraction of the benefits expected to be received by the community for extending the Renaissance Zone; and

With the cost of twenty-one million, four hundred, and ninety thousand dollars of investment, capital improvements and the purchasing of personal property to the leased plant to commence on or before April 1, 2012; and

Whereas, Under the Michigan Renaissance Zone Act, the state government will reimburse local schools, community colleges, intermediate school districts and public libraries for any revenue lost due to the exemption provided by the Act; and

Now, Therefore, Be It Resolved, That the City of Detroit requests that the State of Michigan grants Wayne County's last Renaissance Zone as long as the applicants, Detroit Manufacturing Systems and American Axle & Manufacturing met the City of Detroit application requirements for the location within tax parcel ID numbers:09003645 identified by the resolution for a duration of up to fifteen (15) years, effective January 1, 2012 and ending December 30, 2026.

**PUBLIC COMMENT**

**SHEILA DAPREMONT** stated that she was there in reference to a building she had purchased at 12700, 12740 and 12770 Lyndon. She said that she couldn't pay the taxes because she hadn't been paid her demolition money. As a result BS&E will not give her an alteration permit. Ms. Dapremont asked the Council to help her by waiving the taxes, so that she can get an alteration permit.

**DON JOHNSON** urged Council to reconsider Line Item 47.

**JESSE BROWN** asked the Council was the \$2 million increase on Line Item 47 for One Way Services or was it a department increase for the entire department. Mr. Brown stated that he was a demo contractor for the City of Detroit and he wanted to know how One Way Services qualified for a \$2 million no-bid entry. He also stated that it is an insult to have a contract on the table for \$2 million, when several contractors have not been paid for 5 or 6 months.

**MARQUERITE MADDIX** voiced her discontent with the cutting of bus routes.

**MEGAN OWENS** thanked the Council for all the attention and focus they have given to the issue of bus service. She urged the Council to continue to do every-

thing within their power to maintain focus on improving the DDOT bus service.

**JOHN GOOD**, Transportation Riders United, asked the Council to continue cooperation with Governor Snyder for the proposed Regional Transit Authority.

**RHENE EDWARD LEE** stated that he believed that the crisis in Detroit has been fabricated and there is no need for an Emergency Manager. Mr. Lee also stated that there was no point in having a Consent Agreement.

**N. McDONALD** asked the Council to please continue to maintain the bus service and treat drivers fairly. Ms. McDonald also expressed her appreciation to DOT drivers for their courtesy and concern for handicapped citizens, they are an asset to Detroit.

**VERNAL JOHNSON** spoke to the Council in regards to a go-oxide battery that he had created.

**LARRY HANDS** thanked the Council for all their efforts to improve Detroit transportation. He asked that the Council continue to do everything they can to make sure the buses are fixed and maintained in a quality fashion.

December 6, 2011

Honorable City Council:

Re: Proposed Ordinance to Amend Chapter 18 of the 1984 Detroit City Code, *Finance and Taxation*, Article 5, *Purchases and Supplies*, By Adding Division 6, *Criminal Conviction Questions for City Contractors*.

In accordance with Section 4-119 of the 1997 Detroit City Charter, the City Clerk has forwarded to me for my approval or veto a proposed ordinance to amend Chapter 18 of the 1984 Detroit City Code, *Finance and Taxation*, Article V, *Purchases and Supplies*, by adding Division 6, *Criminal Conviction Questions for City Contractors*, which was passed by your Honorable Body on November 22, 2011 by a vote of 8-0. For the reasons stated below, I neither approve nor veto this proposed ordinance.

It is in the City of Detroit's best interest for all its residents, including returning citizens, to be employed. Although, according to the Law Department, this proposed ordinance complies with Michigan law and the 1997 Detroit City Charter, it is my Administration's view that this proposed ordinance is bad public policy.

First, this proposed ordinance would ultimately reduce competition by causing

numerous potential vendors to forgo bidding on City contracts. In particular, the proposed ordinance will increase the time and cost for vendors to comply with unique requirement to bid on, or enter into, contract with the City of Detroit through revision of their employment application for City contracts, increased background checks, and filing of required affidavits for both vendors and their subcontractors. Further, except for cooperative purchases, the proposed ordinance will bar vendors, which choose not to remove the question from their employment applications, from bidding on proposed contracts.

Second, this proposed ordinance would cause increased costs to the City of Detroit. It is important to note that the vast majority of goods that the City must buy are unavailable through cooperative purchasing arrangements, which are not always the lowest-cost alternative. Requiring vendors, which bid on City contracts, or enter into City contracts, and their subcontractors for those contracts, to "ban the box," is contrary to our need to increase bidding competition to reduce current prices paid by the City. In effect, the proposed ordinance is risking the payment of higher prices for the majority of the taxpayers in order to grant employment opportunities to a minority of taxpayers who are returning citizens.

Last, this proposed ordinance neither increases employment nor assists in increasing employment, especially for City residents. The affidavit, which vendors are required to file, will have no audit or follow-up mechanism. As such, unless a complaint is made, the City will not be able to confirm that removing the question has resulted in any employment. The only recourse for fraud is for the City, where legally permissible, to void the contract and enter into a contract with the next lowest-responsible bidder for delivery of needed goods or services. Because this process does not target City residents, it is possible that jobs, which are created to fulfill contracts between the City and its vendors, may rarely, if ever, be filled by City residents.

Although the sentiment behind this proposed ordinance is laudable, such a change in Chapter 18 of the 1984 Detroit City Code, *Finance and Taxation*, Article V, *Purchases and Supplies*, represents bad public policy that will only cause increased costs to the City without achieving the goal of increasing employment for City residents. For the reasons stated above, I neither approve nor veto this proposed ordinance.

Respectfully,  
DAVE BING

Mayor

The attached Resolution authorizes the issuance and sale of approximately \$35 million of Sewage Disposal System Revenue Bonds for the purpose of defraying part of the cost of acquiring and constructing repairs, extension and improvements to the City's Sewage Disposal System Capital Program.

This financing is for participation in the Michigan Finance Authority's Clean Water Revolving Fund 2nd quarter financing, to take advantage of the Authority's lower cost of borrowing.

By Council Member Cockrel, Jr.:

WHEREAS, Ordinance No. 18-01, effective October 22, 2001 (the "Bond

Ordinance”), provides for the issuance of Securities (as therein defined) by the City of Detroit, Michigan (the “City”), to finance acquisition and construction of repairs, extensions and improvements to the Sewage Disposal System of the City (the “System”) and to refund Securities issued for such purpose; and

WHEREAS, The Bond Ordinance provides for a category of Securities called “SRF Junior Lien Bonds,” which are issued for the purpose of providing improvements to the System under the Michigan Water Pollution Control Revolving Fund Program (the “State Revolving Fund Program”) and which have a priority of lien on Net Revenues of the System which is junior to that of Senior Obligations and all other Junior Obligations which may be issued under the Bond Ordinance with a higher priority of lien on Net Revenues than that granted the SRF Junior Lien Bonds; and

WHEREAS, It is deemed necessary for the public health, benefit and welfare of the City to acquire and construct certain additional repairs, extensions and improvements to the System, which include the Rouge River Outfall No. 2 — Segment 1, as more fully described in Appendix B attached hereto (the “Project”); and

WHEREAS, The cost of the Project has been estimated by the City’s Water and Sewerage Department (the “DWSD”) to be approximately \$35,000,000, which includes engineering fees and contingencies (the estimated cost of the Project is the “DWSD Estimated Cost”); and

WHEREAS, To finance all or a portion of the costs of the Project, including costs of issuance of the Bonds, (hereinafter defined), DWSD has recommended that the Bonds be issued in accordance with Act 94, Public Acts of Michigan, 1933, as amended (“Act 94”), in the stated principal amount of up to the amount of the DWSD Estimated Cost and sold to the Michigan Finance Authority (the “Authority”) as part of the State Revolving Fund Program; and

WHEREAS, The Authority has advised the City that the Project has been scheduled as part of the second quarter of the State of Michigan (the “State”) fiscal year 2012 closing, scheduled to occur on or about April 10, 2012; and

WHEREAS, All things necessary to the authorization and issuance of the Bonds under the Constitution and laws of the State, including Act 94 and the Bond Ordinance, have been or will be done prior to the issuance and delivery of the Bonds, and the City Council of the City (the “Council”) is now empowered and desires to authorize the issuance of the Bonds and the sale thereof to the Authority by supplementing the Bond Ordinance as herein provided; and

WHEREAS, The Finance Director of the City has determined to sell the Bonds to the Authority pursuant to the terms of a

Purchase Contract between the City and the Authority; and

WHEREAS, In connection with the sale of the Bonds to the Authority, the City shall be required to enter into a Supplemental Agreement among the City, the Authority, and the State acting by and through its Department of Environmental Quality, and to deliver an Issuer’s Certificate to the Authority; and

WHEREAS, The Council desires to authorize and direct certain City officials, as set forth herein, to do all such things, take all such actions and make all such applications and filings with the Michigan Department of Treasury as may be necessary or appropriate to comply with Act 34, Public Acts of Michigan, 2001, as amended, or otherwise precedent to or in connection with the issuance, sale and delivery of the Bonds to the extent not inconsistent with the Bond Ordinance and this Resolution.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL THAT:

**Section 1. Definitions.** Whenever used in this Resolution, including the preambles hereto, capitalized terms not defined herein shall have the meanings assigned thereto in the Bond Ordinance. Except when otherwise indicated by the context, the following terms when used in the Bond Ordinance or in this Resolution shall have the following meanings and the meanings given in the preambles hereto:

“DWSD Estimated Cost” has the meaning given to such term in the preambles hereto.

“Interest Payment Date” means, with respect to the Bonds, April 1 and October 1 of each year, or such other dates as may be set forth in the DEQ Order or the Purchase Contract.

“Issuer’s Certificate” means the issuer’s certificate required by the Authority pursuant to the Purchase Contract.

dance with Section 14 of the Bond Ordinance and under Section 8 of this Resolution, relating to the costs of the acquisition and construction of the Project to be paid with the proceeds of the Bonds.

"Supplemental Agreement" means the Supplemental Agreement among the City, the Authority and DEQ, entered into in connection with the issuance and sale of the Bonds.

"Transfer Agent" means the City; however, if the Bonds shall be held by a party other than the Authority, the City may designate another Transfer Agent to serve as Transfer Agent for such Bonds.

**Section 2. Necessity, Public Purpose.** It is hereby determined to be necessary for the public health, benefit and welfare of the City to acquire, construct, and undertake the Project, and the Project is hereby approved and accepted.

**Section 3. Estimated Costs and Period of Usefulness of the Project.** The DWSD Estimated Cost of the Project, including expenses incidental to the Project and its financing, specified in Section 4 hereof, is hereby approved and confirmed, and the period of usefulness of the Project is estimated to be not less than 20 years.

**Section 4. Bonds Authorized; Issuance of Bonds; Incorporation of the Bond Ordinance.**

(a) To pay all or a part of the costs of the Project, including payment of legal, financial, printing and other expenses incident thereto and incident to the issuance and sale of the Bonds, payment of capitalized interest, if necessary and permitted by the State Revolving Fund Program, the City shall borrow a sum of not to exceed the Maximum Bond Amount and issue Bonds therefor pursuant to Act 94 and the Bond Ordinance. The Maximum Bond Amount for the Bonds shall be \$35,000,000.00.

(b) The Bonds shall be issued as SRF Junior Lien Bonds under the Bond Ordinance, and shall be of junior standing and priority of lien and secured on a subordinate basis to Senior Obligations and all Junior Obligations which may be issued under the Bond Ordinance with a higher priority of lien on Net Revenues than that granted the SRF Junior Lien Bonds. Notwithstanding the foregoing, in the event that the City is unable to meet the Authority's requirement that the Bonds receive an investment grade rating if they are issued as SRF Junior Lien Bonds, then the Bonds shall be issued as Second Lien Bonds or, if necessary to achieve an investment grade rating, as Senior Lien Bonds, and all references herein to the lien priority of the Bonds, whether in the caption of the Bonds, in reference to funds or accounts related to the Bonds under the Bond Ordinance, or otherwise,

shall be changed to reflect the applicable lien priority.

(c) The proceeds of the Bonds shall be used for the purpose of acquiring and constructing the Project, for capitalized interest, if necessary and permitted by the State Revolving Fund Program, and to pay issuance costs described above. The balance of the costs of the Project and the other costs, expenses, and deposits shall be paid from the proceeds of additional Securities issued under the Bond Ordinance, if any, and moneys of the System now on hand and legally available therefor and such moneys are hereby appropriated therefor.

(d) Except as otherwise provided in this Resolution, all of the provisions of the Bond Ordinance shall apply to the Bonds, the same as though set forth in full in this Resolution, the purpose of this Resolution being to supplement the Bond Ordinance to authorize the issuance of SRF Junior Lien Bonds as herein provided for the purpose herein set forth, such purpose being authorized by the Bond Ordinance, upon the conditions therein stated, which conditions have been fully met or will be fully met prior to the issuance of the Bonds.

**Section 5. Bond Details, Issuance in Series Registration, Execution and Transfer of Bond.**

(a) The Bonds shall be designated SEWAGE DISPOSAL SYSTEM SRF JUNIOR LIEN REVENUE BONDS, SERIES 2012-SRF1 and shall bear such additional or alternative designation as may be determined by the Finance Director of the City, subject to the Bond Ordinance. In the event the Bonds are not issued in 2012, the Finance Director is authorized in her discretion to redesignate the year and series designation of the Bonds and any funds and accounts established hereunder to correspond with the year of issuance of the Bonds.

(b) The Bonds shall be issued in the Maximum Bond Amount, or such lesser amount as shall be set forth in the DEQ Order or Purchase Contract, and shall be payable as to principal on such dates as are set forth in the DEQ Order or Purchase Contract for the Bonds, provided, however, that the maximum aggregate amount of interest and principal becoming due in any Fiscal Year (whether at maturity or by reason of Mandatory Redemption Requirements) on all Securities outstanding under the Bond Ordinance, including the Bonds, shall not exceed the amount permitted by the Bond Ordinance. Principal of the Bonds shall be payable in the same manner as interest thereon on the annual payment date set forth above.

(c) The Bonds shall bear interest at a rate of 2.50% per annum, or such other interest rate as shall be set forth in the DEQ Order or Purchase Contract,

payable, except as hereinafter provided, on each Interest Payment Date by check made by the Transfer Agent, and mailed, or sent by other means, to the registered owner at the registered address, as shown on the registration books maintained by the Transfer Agent; provided, however, that at the written request of the Authority or other registered owner of at least \$1,000,000 principal amount of the Bonds (which request may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked at any time prior to an Interest Payment Date by subsequent written notice to the Transfer Agent), interest shall be paid by wire transfer or other immediately available funds acceptable to the Transfer Agent and the City. Except as hereinafter provided, interest on the Bonds shall be payable to the registered owner of record of the Bonds as of the 15th day of the month immediately preceding any Interest Payment Date. The date of determination of registered ownership for purposes of payment of interest as provided in this paragraph may be changed by the City to conform to market practice in the future.

(d) Notwithstanding any other provision of the Bonds, so long as the Authority is the owner of the Bonds, (a) the Bonds are payable as to principal, premium, if any, and interest at The Bank of New York Mellon Trust Company, N.A. or at such other place as shall be designated in writing to the City by the Authority (the "Authority's Depository"); (b) the City agrees that it will deposit with the Authority's Depository payments of the principal of, premium, if any, and interest on the Bonds in immediately available funds by 12:00 noon at least five business days prior to the date on which any such payment is due whether by maturity, redemption or otherwise; in the event that the Authority's Depository has not received the City's deposit by 12:00 noon on the scheduled day, the City shall immediately pay to the Authority, as invoiced by the Authority, an amount to recover the Authority's administrative costs and lost investment earnings attributable to that late payment; and (c) written notice of any redemption of the Bonds shall be given by the City and received by the Authority's Depository at least 40 days prior to the date on which such redemption is to be made.

(e) The Bonds shall be dated the date of delivery or such other dates as provided in the DEQ Order or Purchase Contract. The Bonds shall be issued as a single, fully registered bond.

(f) The Bonds may be subject to redemption prior to maturity by the City only with the prior written consent of the Authority and on such terms as may be required by the Authority.

(g) Unless waived by any registered owner of a Bond to be redeemed, official notice of redemption of such Bond shall be given by the Transfer Agent on behalf of the City. Such notice shall be dated and shall contain at a minimum the following information: complete official name of the issue, including series; original issue date; payment dates; interest rate; the date of redemption notice; the redemption date; the redemption price; the place where the Bonds, or portions thereof called for redemption, are to be surrendered for payment; the Transfer Agent's name and address with contact person and phone number; and a statement that interest on the Bond or portions thereof called for redemption shall cease to accrue from and after the redemption date if moneys are on hand with the Transfer Agent to redeem Bonds or portions thereof called for redemption.

In addition, further notice shall be given by the Transfer Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner affect the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

**Section 6. Payment of Bonds.** The Bonds and the interest thereon shall be payable solely from the Net Revenues, and to secure such payment, the statutory lien upon the whole of the Net Revenues created in the Bond Ordinance, subject to the prior lien thereon of Senior Obligations and any other Junior Obligations which may be issued under the Bond Ordinance with a higher priority of lien on Net Revenues than that granted the SRF Junior Lien Bonds, is hereby confirmed in favor of the Bonds.

The obligation of the City to pay the principal of and interest on the Bonds shall continue until such payment in full has been made or until sufficient cash or sufficient Government Obligations shall have been deposited in trust for payment in full of the principal of and the interest on the Bonds to be defeased to its maturity, or, if called for redemption, to the date fixed for redemption, together with the amount of the redemption premium, if any. Upon deposit of cash or sufficient Government Obligations, as provided in the previous sentence, the statutory lien herein referred to shall be terminated with respect to the Bonds for which such deposit was made, and, the holders of such Bonds shall have no further rights under this Resolution except for payment from the deposited funds and registration and replacement of bonds, and such Bonds shall no longer be considered to be outstanding under the Bond Ordinance and this Resolution.

**Section 7. Funds and Accounts; Flow of Funds.** Except as otherwise provided in this Resolution, all of the provisions relative to funds and accounts, their maintenance, the flow of funds and other details relative thereto, shall remain as specifically set forth in the Bond Ordinance.

**Section 8. Bond Proceeds.**

(a) The portion of the proceeds of the sale of the Bonds representing capitalized interest, if any, as received, shall be deposited in the SRF Junior Lien Bond Interest and Redemption Fund established by the Bond Ordinance, and the City may take a credit for the amount so deposited against the amount required to be deposited in the such fund for payment of the next maturing interest payment on the Bonds.

(b) The balance of the proceeds of the sale of the Bonds, as received, shall be deposited in the Series 2012-SRF1 Construction Sub-Account. This sub-account shall be established and maintained as a separate depository account in accordance with the Bond Ordinance. Moneys in the Series 2012-SRF1 Construction Sub-Account shall be applied solely in payment of the costs of the Project, and any engineering, legal, financial or printing costs, and other expenses incident thereto and to the financing thereof. Payments for construction, either on account or otherwise, shall not be made unless the registered engineer in charge of such work shall file a signed statement with the Commissioners to the effect that the work has been completed in accordance with the plans and specifications therefor, that it was done pursuant to and in accordance with the contract therefor, that such work is satisfactory, and that such work has not been previously paid for. Payment of the costs of engineering, legal, financial, printing, and other costs of issuance with respect to the Bonds as provided in this section shall be made upon submission of appropriate documentation to the Finance Director of the City.

(c) Any unexpended balance remaining in the Series 2012-SRF1 Construction Sub-Account after completion of the Project may, with the prior approval of the Authority and at the discretion of DWSD, be used for further improvements, enlargements, and extensions to the System if, at the time of such expenditure, such use is approved by the Michigan Department of Treasury, Municipal Finance Division, if such permission is then required by law, and if such use will not, in the opinion of nationally recognized bond counsel, impair the exclusion of interest on the Bonds from gross income for federal income tax purposes. Any remaining balance after such expen-

diture shall, with the prior approval of the Authority, be paid into the SRF Junior Lien Bond Interest and Redemption Fund for the purpose of redemption or purchase, at not more than the fair market value, of the outstanding Bonds or portions thereof. Bonds acquired by purchase shall be canceled and shall not be reissued.

**Section 9. Bond Form.** The Bonds shall be in substantially the form set forth in Appendix A hereto, with such changes and additions as shall be determined appropriate by the Finance Director.

**Section 10. Covenants Regarding Exclusion of Interest on the Bonds for Federal Tax Purposes.** The City hereby covenants with and represents to the Authority and any other registered owners of the Bonds that so long as any portion thereof remains outstanding and unpaid as to either principal or interest, the City shall, to the extent permitted by law, take all actions within its control to maintain, and will refrain from taking any action which would impair, the exclusion of the interest on the Bonds from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as amended (the "Code"), including, but not limited to, actions relating to any required rebate of arbitrage earnings and the expenditure and investment of Bond proceeds and moneys deemed to be proceeds of the Bonds, and to prevent the Bond from being or becoming a "private activity bond" as that term is used in Section 141 of the Code.

**Section 11. Act 34 Compliance; Sale of Bonds.** The Mayor and the Finance Director, each acting alone, is authorized and directed to do all such things, take all such actions and make all such applications and filings with the Michigan Department of Treasury as may be necessary or appropriate to comply with Act 34, Public Acts of 2001, as amended, or otherwise precedent to or in connection with the issuance, sale and delivery of the Bonds.

**Section 12. Authorizations of Deputies or Persons Serving in an Acting or Interim Capacity.** During the absence or disability of the Mayor, Finance Director, Director of DWSD, City Clerk, Treasurer, or Corporation Counsel, any person serving as the deputy for such officer may exercise all the powers and perform all the duties of, and make all the determinations herein required or permitted hereunder by, such officer with respect to the Bonds. While the office of Mayor, Finance Director, Director of DWSD, City Clerk, Treasurer, or Corporation Counsel is vacant, any person serving as such officer in an acting or an interim capacity and such person's deputy, may each exercise all the powers and perform all the duties of, and make all

the determinations herein required or permitted hereunder by, such officer with respect to the Bonds.

**Section 13. Execution of Bonds.** The Mayor and the Finance Director are hereby authorized and directed to execute the Bonds by manual or facsimile signature for and on behalf of the City and in its name, to impress or imprint thereon the official seal of the City or a facsimile thereof, and to deliver the Bonds to the Authority upon the terms and conditions set forth in the Purchase Contract.

**Section 14. Sale of Bonds; Execution of Authority's Documents.** The Bond shall be sold to the Authority pursuant to the Purchase Contract. The Purchase Contract, Supplemental Agreement, and the Issuer's Certificate for the Bonds, in the forms on file with the Finance Director, are hereby approved; and the Mayor, the Finance Director, and the Director of the DWSD are each hereby authorized to execute and deliver, for and on behalf of the City, such Purchase Contract, Supplemental Agreement, and Issuer's Certificate to the Authority in the forms hereby approved with such changes thereto and insertions therein as the Finance Director shall determine are necessary or desirable. The executed forms of the Purchase Contract, the Supplemental Agreement, and the Issuer's Certificate shall be deemed to be the final forms thereof.

The Bonds are being sold through a negotiated rather than a competitive sale because sale to the Authority through the State Revolving Program enables the City to obtain the lowest borrowing cost for the Project.

**Section 15. Authorization of Other Officials.** The Mayor, City Clerk, Finance Director, Treasurer, Corporation Counsel, Director of DWSD, or any of them, are hereby authorized to execute and deliver such certificates, documents, instruments, opinions, and other papers as may be deemed necessary or appropriate to complete the sale, execution, and delivery of the Bonds as determined by such officials executing and delivering the foregoing items. In the event of the unavailability of any of the foregoing officers, their deputies may sign in their stead. Any actions heretofore taken by such persons in furtherance of the foregoing are hereby ratified and confirmed.

**Section 16. Declaration of Official Intent.** The City makes the following declarations for the purpose of complying with the reimbursement rules of Treas. Reg. §1.150-2 pursuant to the Code:

(a) The City plans to finance the Project through the issuance of the Bonds in an amount not to exceed the Maximum Bond Amount.

(b) The City Council of the City hereby declares its intent to reimburse itself from

the proceeds of the Bonds for expenditures made or to be made for the Project.

(c) The maximum aggregate principal amount of the Bonds expected to be issued is the Maximum Bond Amount.

(d) Advances to be made for the Project will be borrowed from the Improvement and Extension Fund of the City's Sewage Disposal System Fund, which shall be reimbursed upon the issuance of the Bonds.

**Section 17. Resolution Constitutes a Contract Interpretation; Modification.**

The provisions of this Resolution shall constitute a contract between the City and registered owner of the Bonds. The provisions of this Resolution shall be construed and interpreted liberally in order to effectuate the purposes of the Bond Ordinance, Act 94, the Shared Credit Rating Act, Act No. 227, Public Acts of Michigan, 1985, as amended, and Executive Order No. 2012-2, which create the Authority, and the Natural Resources and Environmental Protection Act, Act 451, Public Acts of Michigan, 1994, as amended. The provisions of this Resolution, including, but not limited to, provisions with respect to disbursement of bond proceeds, payment of costs of issuance, payment of capitalized interest on the Bonds and payment by the City to the Authority in amortization of the Bonds, may be modified by agreement of the City and the Authority without the consent of the holders of Securities outstanding under the Bond Ordinance, so long as such modifications do not prejudice such holders of Securities of higher priorities.

**Section 18. Repeal; Savings Clause.** All other ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed.

**Section 19. REGISTERED OWNER: Michigan Finance Authority  
 PRINCIPAL AMOUNT: \*\*\*\*\$ \_\_\_\_\_ \*\*\*\*

The City of Detroit, located in the County of Wayne, State of Michigan (the "Issuer") for value received, hereby promises to pay to the Michigan Finance Authority (the "Authority"), out of the hereinafter described Net Revenues of the Issuer's Sewage Disposal System, the principal amount of \_\_\_\_\_ Dollars (\$ \_\_\_\_\_) or so much thereof as shall have been advanced to the Issuer pursuant to the Purchase Contract between the Issuer and the Authority dated as of \_\_\_\_\_, 2012 and a Supplemental Agreement by and among the Issuer, the Authority, and the State of Michigan, acting through the Department of Environmental Quality, in lawful money of the United States of America, with interest on the principal from the date each disbursement of such principal is advanced by the Authority to the Issuer at the rate of two and one-half percent (2.50%) per annum until paid. Interest is first payable on [April] [October] 1, \_\_\_ and semiannually on each April 1 and October 1 thereafter, and principal is payable on the first day of \_\_\_\_\_, commencing \_\_\_\_\_ 1, \_\_\_\_\_ (as identified in the Purchase Contract), and annually thereafter in the principal installments indicated on the Payment Schedule attached as Exhibit A hereto, unless prepaid or reduced prior thereto as hereinafter provided. This bond is payable as to principal, premium, if any, and interest at the corporate trust office of The Bank of New York Mellon Trust Company, N.A., or to such other place as shall be designated in writing to the Issuer by the Authority (the "Authority's Depository").

This bond may be subject to redemption prior to maturity by the Issuer only with the prior written consent of the Authority and on such terms as may be required by the Authority.

Notwithstanding any other provision of this bond, so long as the Authority is the owner of this bond, (a) this bond is payable as to principal, premium, if any, and interest at The Bank of New York Mellon Trust Company, N.A. or at such other place as shall be designated in writ-

ing to the Issuer by the Authority (the "Authority's Depository"); (b) the Issuer agrees that it will deposit with the Authority's Depository payments of the principal of, premium, if any, and interest on this bond in immediately available funds by 12:00 noon at least five business days prior to the date on which any such payment is due whether by maturity, redemption or otherwise; in the event that the Authority's Depository has not received the Issuer's deposit by 12:00 noon on the scheduled day, the Issuer shall immediately pay to the Authority, as invoiced by the Authority, an amount to recover the Authority's administrative costs and lost investment earnings attributable to that late payment; and (c) written notice of any redemption of this bond shall be given by the Issuer and received by the Authority's Depository at least 40 days prior to the date on which such redemption is to be made.

In the event of a default in the payment of principal hereof or interest hereon when due, whether at maturity, by redemption or otherwise, the amount of such default shall bear interest (the "additional interest") at a rate equal to the rate of interest which is two percent above the Authority's cost of providing funds (as determined by the Authority) to make payment on the bonds of the Authority issued to provide funds to purchase this bond, but in no event in excess of the maximum rate of interest permitted by law. The additional interest shall continue to accrue until the Authority has been fully reimbursed for all costs incurred by the Authority (as determined by the Authority) as a consequence of the Issuer's default. Such additional interest shall be payable on the interest payment date following demand of the Authority. In the event that (for reasons other than the default in the payment of any municipal obligation purchased by the Authority) the investment of amounts in the reserve account established by the Authority for the bonds of the Authority issued to provide funds to purchase this bond fails to provide sufficient available funds (together with any other funds which may be made available for such purpose) to pay the interest on outstanding bonds of the Authority issued to fund such account, the Issuer shall and hereby agrees to pay on demand only the Issuer's pro rata share (as determined by the Authority) of such deficiency as additional interest on this bond.

During the time funds are being drawn down by the Issuer under this bond, the Authority will periodically provide the Issuer a statement showing the amount of principal that has been advanced and the date of each advance, which statement shall constitute prima facie evidence of the reported information; provided that no

failure on the part of the Authority to provide such a statement or to reflect a disbursement or the correct amount of a disbursement shall relieve the Issuer of its obligation to repay the outstanding principal amount actually advanced (subject to any principal forgiveness as provided for in Schedule A), all accrued interest thereon, and any other amount payable with respect thereto in accordance with the terms of this bond. Capitalized terms not defined herein and defined in the hereinafter defined Bond Ordinance are used herein as therein defined.

For the prompt payment of the principal of and interest on this bond, the revenues of the Sewage Disposal System of the Issuer (the "System"); including all appurtenances, extensions, and improvements thereto, after provision has been made for reasonable and necessary expenses of operation, maintenance and administration (the "Net Revenues"), are irrevocably pledged, and a statutory lien thereon is recognized and created. The bonds of this series (the "Bonds") are of equal standing and priority of lien on Net Revenues as all other SRF Junior Lien Bonds issued under and in accordance with the Bond Ordinance and are of junior standing and priority of lien as to Net Revenues, and secured on a subordinate basis, to all Senior Obligations heretofore and hereafter issued under and in accordance with the Bond Ordinance with a higher lien than that granted SRF Junior Lien Bonds.

This bond is issued pursuant to Ordinance No. 18-01, effective October 22, 2001 (the "Bond Ordinance"), and the Resolution of the City Council adopted on December 13, 2011 authorizing this bond, and under and in full compliance with the Constitution and statutes of the State of Michigan, including specifically Act 94, Public Acts of Michigan, 1933, as amended, for the purpose of paying all or part of the cost of acquiring and constructing replacements, repairs, extensions and improvements to the System and paying the costs of issuing this bond.

This bond is a self-liquidating bond which is not a general obligation of the Issuer and does not constitute an indebtedness of the Issuer within any constitutional, statutory, or charter limitation, but is payable, both as to principal and interest, solely from the Net Revenues of the System. The principal of and interest on this bond are secured by the statutory lien hereinbefore mentioned.

For a complete statement of the revenues from which and the conditions under which this bond is payable, a statement of the conditions under which additional bonds of equal standing may here-

after be issued, and the general covenants and provisions pursuant to which this bond is issued, reference is made to the Bond Ordinance.

The Issuer has covenanted and agreed, and does hereby covenant and agree, to fix and maintain at all times while any bonds payable from the Net Revenues of the System shall be outstanding, such rates for service furnished by the System as shall be sufficient to provide for payment of the interest on and the principal of this bond and any other bonds of superior and equal standing payable from the Net Revenues as and when the same shall become due and payable, and to create and maintain a bond redemption fund therefore, to provide for the payment of expenses of administration and operation and such expenses for maintenance of the System as are necessary to preserve the same in good repair and working order, and to provide for such other expenditures and funds for the System as are required by the Bond Ordinance.

It is hereby certified and recited that all acts, conditions and things required by law precedent to and in the issuance of this bond and the series of Bonds of which this is one have been done and performed in regular and due time and form as required by law.

IN WITNESS WHEREOF, the City of Detroit, located in the County of Wayne, State of Michigan, by its City Council has caused this bond to be signed by the manual or facsimile signatures of its Mayor and its Finance Director and its corporate seal or a facsimile thereof to be impressed or imprinted on this bond, all as of \_\_\_\_\_, 2012.

Payment Schedule**

Authority shall only disburse principal up to the amount stated in the Order. In the event (1) that the payment schedule approved by the Issuer and described below provides for payment of a total principal amount greater than the amount of assistance approved by the Order or (2) that less than the principal amount of assistance approved by the Order is distributed to the Issuer by the Authority or (3) that any portion of the principal amount of assistance approved by the Order and disbursed to the City is forgiven pursuant to the Order, the Authority shall prepare a new payment schedule which shall be effective upon receipt by the Issuer.

**RESOLUTION SUPPORTING THE INTRODUCTION OF LEGISLATION AUTHORIZING THE CITY OF DETROIT TO OPERATE ITS OWN LOTTERY**

By Council Member Kenyatta:

Whereas, Numerous cities nationwide

have the ability to operate and benefit from lottery activities. for example, the Nebraska County and City Lottery Act allows any county, city or village to conduct a lottery for community betterment purposes; and

Whereas, Under the Michigan Constitution of 1963, Art. IV, §41 *Lotteries* only the Michigan legislature may authorize lotteries and permit the sale of lottery tickets in the manner provided by law; and

Whereas, Pursuant to this constitutional grant of power, the legislature enacted the McCauley-Traxler-Law-Bowman-McNeely Lottery Act, MCL 432.1, *et seq.*, proscribing that the Michigan lottery is created and operated exclusively by and under the control of the bureau of state lottery; and

Whereas, The State of Michigan would therefore need to enact a legislative amendment to permit the City of Detroit to operate its own lottery system; and

Whereas, The introduction of the aforementioned legislation at the State level would increase revenues to the City of Detroit, re-circulate those funds within the community and provide an option for residents who choose to engage in gaming activities to support the City in a new and exciting way; and

Now, Therefore Be It

Resolved, That the Detroit City Council hereby urges the Administration to support and advocate for the introduction of such legislation; and

Be It Finally

Resolved, That a copy of this resolution be sent to the individual members of the Detroit delegation to the State Legislature, City of Detroit Mayor Dave Bing, Clerk of the State Legislature, and Mr. Ken Cole of Governmental Consultant Services, Inc.

Honorable City Council:

Re: City of Detroit vs. Sheryl Robinson Wood, Kroll Associates, Inc., Saul Ewing, LLP and Venable, LLP. Case No.: 11-12584 (KAC).

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a settlement in the amount of One Million Seven Hundred Fifty Thousand Dollars and No Cents (\$1,750,000.00) is in the best interest of the City of Detroit.

#### RESOLUTION TO ESTABLISH A WATERSHED PLAN FOR THE CITY OF DETROIT

By Council Member Cockrel, Jr.:

Whereas, Locally and regionally, water is the most precious resource to people, the local ecology and economy; this resource is constantly under attack from

various sources including climate change, unsustainable development as well as heavy pollution; and

Whereas, The water subcommittee of Detroit City Council Green Task Force created in August 2010 has met for one year and is proposing a "Water Agenda" for the City of Detroit; and

Whereas, The "Water Agenda" provides a platform for discussion and conversation with community and civic groups on recommended policies and best practices for the City of Detroit as well as the region for with regards to "water resource conservation protection, water efficiency, water affordability, innovation and new technologies, wastewater and storm water best management practices and education"; and

Whereas, The water subcommittee is coordinating a local and regional wide discussion with interested local and regional stakeholders to develop a watershed plan for Detroit; and

Whereas, There are over 100 communities surrounding the City of Detroit that possess watershed plans allowing them to implement and receive funding for their efforts to clean their watersheds, mitigate storm water and conserve water; and

Whereas, The City of Detroit, having the largest combined sewer systems in the region is the one of the only cities that does not have a watershed plan; and

Whereas, A watershed plan allows the city to become more proactive in efforts to protect its watershed; and

Whereas, There is local, state and federal funding available for a planning process as well as technical assistance to create watershed plan; and

Whereas, As defined by the Environmental Protection Agency "A watershed approach is a flexible framework for managing water resource quality and quantity within specific drainage areas or watersheds . . . A watershed plan is a strategy that provides assessment and management information for a geographically defined watershed, including the analyses, actions, participants and resources related to developing and implementing the plan" (*EPA Handbook for Developing Watershed Plans to Restore and Protect Our Waters*); and

Whereas, Watershed planning helps to strategically address "nonpoint" source pollution which is one of the greatest threats to water quality in the nation; and

Whereas, "Watershed planning" involves educating the public about the value of protecting water in our region; and that a "watershed" approach is used as a basis for a "water sustainability" plan, and resource management; and

Whereas, The watershed planning process includes the participation of a variety of stakeholders from city departments to community residents; and

Whereas, Watershed planning involves

more strategic approaches to land use planning including understanding the development, policies and practices contributing to the health of the watershed; and

Whereas, The City Planning Commission, the Planning and Development Department, Detroit Department of Transportation, Detroit City Council Green Task Force, Detroit Water and Sewerage Department, General Services Department, Building, Safety Engineering and Environmental Department including specifically Environmental Affairs Division, Chief Operating Officer and Detroit Public Works must participate in the watershed planning process; and

Whereas, There is a funding proposal for watershed planning due in June of 2012 and members of the Detroit City Council Green Task Force have volunteered to assist the City of Detroit to apply for the funding; and

Whereas, The various departments, executive branch and Detroit City Council will work with the water subcommittee to submit a funding proposal by June 2012 to the State of Michigan to begin a watershed planning process for Detroit;

Now, Therefore Be It

Resolved, The City of Detroit shall create a watershed plan and begin the planning process in 2012.

And Be It Further

Resolved, That City of Detroit Council shall direct applicable City departments and agencies including the Detroit Water and Sewerage Department (DWSD) to work with the Green Task Force's Water Subcommittee in starting the process of establishing a "Detroit Watershed Plan".

And Be It Finally

**MEMBER REPORTS**

**PRESIDENT CHARLES PUGH:** All City Council Members are being invited to a Green Taskforce, not to be confused with our own Green Task Force. It is called "A vision of greenways for the Greater Riverfront East District of Detroit." That is tomorrow from 8 to 10 at the Greeners food bank.

**COUNCIL MEMBER JOANN WATSON:** I would like my colleagues to be aware that a magnificent letter has been offered by many of our federal leaders (including John Conyers) to Governor

Snyder. I'm going to ask each of you sign this letter along with the federal officials. We also are planning a city-wide town hall meeting on January 5th at Fellowship Chapel at 5 p.m. all are invited.

**COUNCIL MEMBER KWAME KENYATTA:**  
None.

**COUNCIL MEMBER JAMES TATE:**  
There's a push within the community to have the ability to install a special assessment district within our various neighborhoods. Grandmont/Rosedale, a development corp., has really been pushing this extremely hard. There is a House Bill now that is moving that will provide the City of Detroit to be able to enact an ordinance to provide for a special assessment district. I am asking for a motion that RAD and CPC draft a resolution on behalf of this body in support of this particular House Bill, so we can move it forward.

**COUNCIL MEMBER ANDRE SPIVEY:**  
None.

**COUNCIL MEMBER BRENDA JONES:**  
None.

**COUNCIL MEMBER KENNETH COCKREL, JR.:** I circulated a memo earlier. I'm recommending that the Administration take serious consideration to outsourcing the branch management component of the Department of Human Services. Especially given a lot of the problems we had with money going back to the federal government. That's something that we can't afford anymore. I'm recommending that we make a serious consideration to issuing a RFP to take that out of the city. Maybe, let that be handled by some non-profit or maybe some poor-profit.

**COUNCIL PRO TEM BROWN:** None.

Honorable City Council:

Re: Proposed Ordinance to amend Chapter 40 of the 1984 Detroit City Code, 'Parks and Recreation,' Article IV, 'Hart Plaza,' by amending Section 40-4-1, 'Hart Plaza defined.'

At the request of the Recreation Department, the Law Department is submitting the proposed ordinance referenced above for your consideration and adoption. The proposed ordinance has been approved as to form by the Corporation Counsel.

The Recreation Department is requesting revisions to Section 40-4-1 of the Detroit City Code pursuant to discussions with and requests by the Downtown Development Authority ("DDA") and the Detroit Riverfront Conservancy ("DRFC").

The proposed ordinance changes the

southern boundary of Hart Plaza so as to remove the riverfront walkway promenade from the definition of Hart Plaza. The DDA has been maintaining this space on behalf of the City, but the DDA contract for maintenance terminated November 30, 2011. The Recreation Department and the DRFC desire to enter into a maintenance and use agreement covering this riverfront walkway promenade under which the DRFC would operate and maintain the promenade. The parties have executed a "Maintenance and Use Agreement (Civic Center Promenade)", CPO 2854624, which is currently in the process of normal contract review, approval and submission to your Honorable Body for approval.

The DRFC desires to maintain and operate the Promenade in the same manner as the adjacent and connecting Riverwalk. However, the DRFC has determined that certain provisions of the City Code applicable to Hart Plaza, which is defined in City Code Section 40-4-1 as extending to the Detroit River, are unduly restrictive and incompatible with the DRFC's proposed use and operation of the riverfront walkway promenade — for example, the prohibitions against bicycles and other wheeled vehicles.

After due consideration and input from all involved, it has been determined that the most direct and expedient resolution of this problem is to simply exclude the walkway from the definition of Hart Plaza. This would allow the riverfront walkway promenade to be operated in a manner consistent with the Riverwalk, while leaving unchanged the provisions of Chapter 40, Article IV, pertaining to the plaza operation of Hart Plaza.

We are available to answer any questions that your Honorable Body may have concerning this proposed ordinance. Thank you for your consideration.

#### **Public Lighting Department**

November 28, 2011

Honorable City Council:

Re: Authority to accept refund due to overcharges for steam from Detroit Thermal, LLC.

The Public Lighting Department is requesting approval to appropriate funds received from Detroit Thermal, LLC due to overcharges of steam.

Detroit Thermal, LLC is a public utility that charges its customers tariff rates that are set by the Michigan Public Service Commission (MPSC). In 2007 and 2008, the MPSC required Detroit Thermal, LLC to estimate the quantity and the cost of steam its customers would require during the winter. Based on that information the MPSC determined the tariff rate for Detroit Thermal to charge its customers. Subsequently, the MPSC required Detroit Thermal, LLC to provide the actual quantity and cost of steam used by its customers which were used to calculate the actual tariff rate. The estimated tariff rate was higher than the actual tariff rate therefore the MPSC issued an order to Detroit Thermal, LLC to refund the difference to its customers.

As a result of an audit the City of Detroit was refunded \$148,457.70 for the overcharges of steam for the year 2007 and 2008. The Public Lighting Department

plans to use this funding to purchase cables and fixtures to make street lighting repairs.

We request your authorization to accept the \$148,457.70 check received from Detroit Thermal, LLC and to increase. Appropriation number 00128 for Fiscal Year 2011-2012.

## Law Department

December 12, 2011

Honorable City Council:

Re: Proposed Resolution to Adopt 80/20 Option for Medical Benefits Plans, or Contributions Thereto, for City of Detroit Elected Officials, Appointees, and Employees.

On September 27, 2011, Public Act 152 of 2011, known as the "Michigan Publicly Funded Health Insurance Contribution Act," became effective and has been codified as MCL 15.561 through MCL 15.569. The purpose of the Act, among other things, as provided for in its Preamble, is "to limit a public employer's expenditures for employee medical benefit plans."

Unless, under Section 8(1) of the Act, MCL 15.568(1), a local unit of government opts out from the requirements of the Act for the next succeeding year by a 2/3 vote of its governing body or, under Section 4 of the Act, MCL 15.564, a local unit of government opts to pay no more than eighty percent (80%) of the total costs of all medical benefit plans for, or contributions to, its employees who will pay no more than twenty percent (20%) beginning January 1, 2012 by a majority vote of its governing body, commonly known as the "80/20 Option," Section 3 of the Act, MCL 15.563, provides for a default "hard cap." Further, Section 9 of the Act, MCL 15.569, provides that failure of a public employer to comply with the requirements of the Act will permit the state treasurer to reduce Economic Vitality Incentive Program payments that are received by the local unit of government pursuant to Public Act 63 of 2011 by ten percent (10%).

After reviewing the Act, the Administration has determined that it is in the best interest of the City of Detroit to adopt the 80/20 Option for medical benefits plans, or contributions thereto, for City of Detroit elected officials, appointees, and employees.

The Law Department requests that, in order to comply with the mandates of the Michigan Publicly Funded Health Insurance Contribution Act, this proposed resolution be adopted prior to your Winter Recess. We are available to answer any questions that you may have concerning this proposed resolution.

Thank you for your consideration.

Whereas, On September 27, 2011, Public Act 152 of 2011, known as the

"Michigan Publicly Funded Health Insurance Contribution Act," became effective and has been codified as MCL 15.561 through MCL 15.569;

Whereas, Purpose of the Act, among other things, as provided for in its Preamble, is "to limit a public employer's expenditures for employee medical benefit plans;"

Whereas, Unless, under Section 8(1) of the Act, MCL 15.568(1), a local unit of government opts out from the requirements of the Act for the next succeeding year by a 2/3 vote of its governing body or, under Section 4 of the Act, MCL 15.564, a local unit of government opts to pay no more than eighty percent (80%) of the total costs of all medical benefit plans for, or contributions to, its employees who will pay no more than twenty (20%) beginning January 1, 2012 by a majority vote of its governing body, commonly known as the "80/20 Option," Section 3 of the Act, MCL 15.563, provides for a default "hard cap;"

Whereas, Section 9 of the Act, MCL 15.569, provides that failure of a public employer to comply with the requirements of the Act will permit the state treasurer to reduce Economic Vitality Incentive Program payments that are received by the local unit of government pursuant to Public Act 63 of 2011 by ten percent (10%);

Whereas, After reviewing the Act, the Administration has determined that it is in the best interest of the City of Detroit to adopt the 80/20 Option for medical benefits plans, or contributions thereto, for City of Detroit elected officials, appointees, and employees;

Now, Therefore, Be It Resolved, That the Detroit City Council hereby adopts the 80/20 Option for medical benefits plans, or contributions thereto, or City of Detroit elected officials, appointees, and employees.

**RESOLUTION  
SUPPORTING THE NEIGHBORHOOD  
IMPROVEMENT DISTRICT ACT  
(S.B. 792)**

By Council Member Tate:

Whereas, Strengthening our neighborhoods and residential areas is a key component in the future success and growth of Detroit. To date, neighborhoods lacked effective tools, such as specific statutory powers and ability to capture dedicated

funding, to accomplish many of the improvements their communities envisioned; and

Whereas, To assist in this endeavor, Senator Tupac Hunter introduced the Neighborhood Improvement District Act (Senate Bill 792) on November 2, 2011, which would permit the creation of neighborhood improvement districts for the purpose of enhancing the economic prosperity, public enjoyment, appearance, image, and safety of a district area through the implementation of a seven-year district plan that is adopted by a vote of district residents; and

Whereas, The proposed legislation also grants specific powers to the elected board of directors of the district as well as the power to capture a special assessment not to exceed three hundred dollars (in addition to current tax obligations) which is levied on taxable property within the district to implement the seven-year district plan; and

Whereas, The ability of neighborhoods to organize in a more formal manner and possess greater powers in planning for and controlling the esthetic and operative aspects of their local community will benefit and uplift the entire city by strengthening residential areas, bolstering economic redevelopment in those areas and respecting the self-determination of our citizens; and

Now, Therefore Be It

Resolved, That the Detroit City Council supports the enactment of S.B. 792 known as the "Neighborhood Improvement District Act"; and

Be It Finally

Resolved, That a copy of this resolution be sent to Governor Rick Snyder, Mayor Dave Bing, Clerk of the State Legislature, Mr. Ken Cole of Governmental Consultant Services, Inc., Senator Tupac Hunter as well as the individual members of the Detroit delegation to the State Legislature.
