**Invocation Given By:**

**BISHOP CORLETTA VAUGHN

**HOLY SPIRIT CATHEDRAL OF FAITH  
1745 East Grand Blvd.  
Detroit, Michigan 48207**

Our Great and Awesome God of all Creation,

We approach You today by Your Spirit, and through the passage of love, honor and reverence. First to say thank You for all that You have already done for each of us and this great city Detroit; what You are doing in our world, our nation and our state, we've come to say thank You.

I appeal to the God of heaven who said, "If My people who are called by My name, would humble themselves and pray, seek My face and turn from their wicked ways,

then You will hear from heaven, forgive our sins and You will heal our land."

I declare that this place is sanctified, and this prayer is holy and acceptable unto You. Let grace and mercy prevail over us. Lord, heal our land.

I declare the anointing of God breaks every yoke, open every portal and send angels to help us in the business of this Council and its assignments today. Lord recalibrate this environment for agreement, wisdom, and good works. That the political climate shift, social climate shift, educational climate shift, ecclesiastical climate shift, financial climate shifts and that every work of darkness over this region is brought to a halt. Deliver us from the spirit of shame, pride, limitations, addiction, demonic restrictions, strongholds and any impediments that keep us from fulfilling our task today. Fill the atmosphere with Your Glory!

I disengage all psychological triggers, confusion, misunderstandings that will operate against this Body today. Your will prevail in this Council, in this city Government and that the atmosphere be filled with Your Glory so that Detroit is a conducive environment for our families to thrive, our schools to thrive, relationships to thrive, genius to thrive, ideas to thrive, economy to thrive, neighborhoods to thrive, initiatives to thrive, administrative departments to thrive, City Planning Commission to thrive, Research and Analysis Divisions to thrive, our City budget to thrive and that all of Your plans and purposes great and mighty God, will prevail in this session.

Lord, usher us into times of refreshing, that there will be no longer drought, dryness in the city of Detroit, and there will be a breakthrough in the heavenlies over this region, over this room and over our hearts today.

Remember each of our Council Members today individually, our President Charles Pugh, President Pro-tem Gary Brown, Saunteel Jenkins, Kenneth V. Cockrel, Brenda Jones, Andre Spivey, James Tate, Kwame Kenyatta, and JoAnn Watson. Touch their minds and hearts to do us good, for You have said that when the righteous rule, the people are happy and rejoice. Remember today our Great Mayor David Bing, our City Clerk Janice Winfrey and each body of government and department which is present today on our behalf; that each matter brought before the council today is met with solutions and remedies for the good of all.

Father, we thank You for a great and glorious day and we decree that the City Council of Detroit will see to it that laws and programs are operating effectively and in the best interest of the citizens and that all matters brought before them will have good and godly outcomes over this region and territory and You will be

pleased and honored in all that is done here today.

Now where the Spirit of the Lord is, there is liberty, so we agree that Your Name is here, Your Spirit is here, Your plans are here, Your people are here, and Your will is here and it will be done in this place today. Open portals and assign angels for help and assistance to do what humanly cannot be done.

I thank You, that Your Glory is here and the right causes will advance today, in the Name of God the Father, God the Son, and God the Holy Spirit.

(In the Name of Jesus, the Christ)  
Amen.

Council President Charles Pugh presented a Spirit of Detroit Award to Rev. Dr. Corletta J. Vaughn.

Re: Frederick Taylor vs. City of Detroit. Case No.: 09-004964 NF. File No.: A20000.002063 (MRJ).

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. **36th District Court**

August 19, 2010

Honorable City Council:

Re: Transfer of Appropriations.

As the result of an ongoing investigation into the balance in the 36th District Court bank account, the Court has identified an additional \$1,258,949 in revenue that can be reported to the City that had not been included in the approved 2010-2011 Budget. A majority of this amount dates back 25 to 30 years and we were not able to identify its source, and, as such it cannot be escheated.

In order to satisfy a judgment to AFSCME 3308, the Court must pay employees for lost wages and interest for furlough days taken in the 2005-2006 fiscal year. The total amount of this judgment is approximately \$1,120,541 plus taxes and pension.

The 36th District Court is, therefore, respectfully requesting that your Honorable Body amend the Courts 2010-2011 approved Budget to include the additional amount of revenue and increase Appropriation No. 60-05715 by a like amount to cover the cost of the Judgment.

Honorable City Council:  
 Re: Special District Review — Installation of signs on the 150 West Jefferson building (Recommend Approval).

The staff of the City Planning Commission (CPC) received a request to review the installation of three business signs on or at the building located at 150 West Jefferson Avenue. The PCA (Restricted Central Business District) zoning classification in which the building is located calls for City Council approval of the loca-

tion and design of proposed signs following the review and recommendation of CPC and the Planning and Development Department (P&DD) (Sections 61-3-182 and 61-11-96 of the Zoning Ordinance). CPC and P&DD staffs have reviewed the application and submit this report and recommendation. The resolution approving the signage is also attached.

**PROPOSED SIGNS**

Three signs are proposed. The main one is proposed at the top of the podium to the east of the main entrance on West Jefferson Avenue and would be 23.25 square feet in size. This would consist of internally illuminated white letters outlined in blue spelling "KPMG" mounted onto blue boxes. A second, much smaller non-illuminated metal letter sign of two square feet saying "KPMG" would be located at the south-west corner of the building fac-

ing West Jefferson Avenue, and a third non-illuminated metal letter sign would be 0.6 square feet in size saying "KPMG" and located on the stone "pillar" at the southeast corner of Shelby Street and W. Larned Avenue. The submitted drawings are attached.

**REVIEW**

In accordance with the Special District Review provision of Sec. 61-3-185 of the Detroit Zoning Ordinance and the PCA provisions of Section 61-11-96, reviews of proposed signs should be conducted in light of the following criteria, "signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner." The proposed signs appear to meet the requirements of City Code and the criteria of the PCA provisions.

**RECOMMENDATION**

CPC staff has completed its review of the proposed signs, as has the Planning and Development Department staff. We find that the signs would be in keeping with the spirit and intent of the PCA zoning district. Therefore, staff recommends approval of the location and design of the proposed signs. Please find attached the appropriate resolution to effectuate your approval.

By Council Member Jenkins:

Whereas, \_\_\_\_\_, on behalf of the firm KPMG, has requested to install three business signs (two on the West Jefferson Avenue facade and one on the "pillar" at the southeast corner of Shelby Street and W. Larned Avenue) on or at the building located at 150 West Jefferson Avenue; and

Whereas, The building is subject to provisions of Sec. 61-3-185 (Special District Review) and Sec. 61-11-96, the PCA (Restricted Central Business District) zoning classification of the Detroit Zoning Ordinance; and

Whereas, The PCA zoning district classification requires that the location and design of proposed signs within a PCA district be approved by resolution of the City Council following the receipt of a written report and recommendation from the City Planning Commission; and

Whereas, Both the Planning and Development Department and the staff of the City Planning Commission have reviewed the proposal in order to ensure that the proposed signs are in keeping with the spirit, purpose and intent of the PCA zoning classification; and

Whereas, The signs meet the require-

ments for business signs provided in Chapter 3, Article VII of the 1984 Detroit City Code;

Now, Therefore, Be It Resolved, That the Detroit City Council approves the location and design of the three proposed business signs for the building located at 150 West Jefferson Avenue, described in the foregoing communication from the City Planning Commission staff and as depicted in the drawing prepared by Forcade Associates and dated April 4, 2011.

Honorable City Council:

Re: Special District Review: Installation of art mural on the Checker Bar at 124 Cadillac Square (Recommend Approval).

The staff of the City Planning Commission (CPC) received a request to review the installation of a mural on the western façade of the Checker Bar building located at 124 Cadillac Square. The PCA (Restricted Central Business District) zoning classification in which the building is located calls for City Council approval of the location and design of any exterior change following the review and recommendation of CPC and the Planning and Development Department (P&DD) (Sections 61-3-182 and 61-11-96 of the Zoning Ordinance). CPC and P&DD staffs have reviewed the proposed mural and submit this report and recommendation. The resolution approving the mural is also attached.

**PROPOSED SIGNS**

A 22' X 90' mural, 1,980 square feet in size, is proposed for the blank western wall of the building, overlooking the surface parking lot. It consists of the Detroit skyline and the Spirit of Detroit on a checkerboard background and it will be non-illuminated. As the proposed mural is non-illuminated and non-commercial, it appears to fall under the definition of "art mural" in Sec. 3-7-2 of City Code. It therefore is exempt from sign regulations, per Sec. 3-7-9. Any change in the mural will have to be re-reviewed and the mural is only permitted as long as there is no commercial message. The submitted picture is attached.

**REVIEW**

In accordance with the Special District Review provisions of Sec. 61-3-185 of the Detroit Zoning Ordinance and the PCA provisions of Section 61-11-96, reviews of proposed signs should be conducted in

light of the following criteria, "signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development..." The proposed mural appears to meet the requirements of City Code and the criteria of the PCA provisions.

**RECOMMENDATION**

CPC staff has completed its review of the proposed murals, as has the Planning and Development Department staff. We find the proposed mural to be in keeping with the spirit and intent of the PCA zoning district. Therefore, staff recommends approval of the location and design of the proposed mural. Please find attached the appropriate resolution to effectuate your approval.

Honorable City Council:

Re: Special district review of the request of the Buildings, Safety Engineering and Environmental Department to demolish the Ford Auditorium, located at 20 East Jefferson Avenue (RECOMMEND APPROVAL).

**INTRODUCTION**

The Buildings, Safety Engineering and Environmental Department has requested to demolish the Ford Auditorium, located at 20 East Jefferson Avenue. The Ford Auditorium is in a Public Center (PC) District, and as such exterior changes must be reviewed by the City Planning Commission (CPC) and approved by City Council via resolution as part of the special district review process, per Sec. 61-11-76 and Sec. 61-11-77 of the Zoning ordinance. The demolition of the building would, of course, count as an exterior change. It should be noted that the Detroit City Council approved the demolition contract for the building on Wednesday, March 23, 2011.

**RECOMMENDATION**

The City Planning Commission took this matter up at its April 21, 2011 meeting and recommended approval of the requested modification, with the condition that the plans for the interim park use of the site be presented to the CPC for its review and approval prior to the issuance of a building permit. A resolution for City Council's consideration is attached.

NOW, THEREFORE, BE IT RESOLVED, THAT:

1. **Definitions.** Where used in this Resolution the terms set forth below shall have the following meaning unless the context clearly requires otherwise:

"Eligible Activities" or "eligible activity" shall have the meaning described in Act 381.

"Eligible Property" means the property designated in the Plan as the Eligible Property, as described in Act 381.

"Plan" means the Plan prepared by the Authority, as transmitted to the City Council by the Authority for approval, copies of which Plan are on file in the office of the City Clerk.

(c) The proposed method of financing the costs of Eligible Activities is feasible.

Re: Resolution Strongly Supporting the Amendment of Population Thresholds in the City Utility Users Tax Act and City Income Tax Act.

The Research and Analysis Division (RAD) was requested to submit a resolution regarding the above referenced matter. The proposed resolution is attached for your consideration.

Respectfully submitted,

**RESOLUTION STRONGLY**

**SUPPORTING THE AMENDMENT OF  
POPULATION THRESHOLDS IN THE  
CITY UTILITY USERS TAX ACT AND  
CITY INCOME TAX ACT**

By COUNCIL MEMBER K. COCKREL, JR.:

WHEREAS, Official 2010 Census results for the State of Michigan were released March 22, 2011. These results revealed the City of Detroit's population as 713,777, which represents a 25% decrease from the 2000 Census figures; and

WHEREAS, The aforementioned population figure has far-reaching economic and political ramifications including funding and reapportionment decisions. Certain state laws, such as the City Utility Users Tax and City Income Tax, also hinge on Census numbers; and

WHEREAS, The City Utility Users Tax, Public Act 100 of 1990, MCL 141.1151 *et seq.* permits the imposition and continued collections by cities of a population of 750,000 or more of a utility users tax, limits the rate of such a tax, and requires the adoption of an ordinance to impose and collect the tax; and

WHEREAS, The legislative intent of the Act, MCL 141.1158, recognizes that eligible cities (i.e. City of Detroit) have historically and continuously collected a city utility users tax. Confusion arose between a conflicting Attorney General Opinion, OAG, 1987-1988, No. 6438, p. 80 (May 21, 1987), and circuit court decision in the matter of Ace Tex Corp vs. Detroit rendered on February 2, 1990 (Wayne County Circuit Court Case No. 88-807858-CZ) which prompted the state's legislative response to eliminate any such

confusion and validate the ability of a city to collect a utility users tax; and

WHEREAS, The legislative intent of the Act, MCL 141.1158, further states that the legislation is "remedial and curative and is intended to revive and assure an uninterrupted continuation of the authority to collect a city utility users tax. The legislature finds the city utility users tax was authorized by law on the date when section 31 of article IX of the state constitution of 1963 was ratified"; and

WHEREAS, Modification of the population threshold contained in the City Utility Users Tax at MCL 141.1152(1) and (2) from 750,000 to 600,000 will enable the City of Detroit, which remains the largest municipality in the state, to continue to collect this tax, which is approximately \$50 million dollars each year and goes directly to fund public safety; and

WHEREAS, The City Income Tax Act, Public Act 284 of 1964, MCL 141.501, *et seq.*, permits cities to impose and collect an excise tax levied on or measured by income. Modification of provisions containing certain population thresholds at MCL 141.503 (2) and (3) and 141.503c from 750,000 to 600,000 will enable the City of Detroit to continue to collect this tax, which represents approximately \$243.5 million dollars or 20% of the City's general fund budget and is critical to the fiscal health of the City; and

WHEREAS, Legislative modification of the population thresholds would enable the City of Detroit to continue to collect both the City Utility Users Tax and City Income Tax for inclusion in the 2011-2012 budget; and NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council joins with Mayor Dave Bing and strongly supports amending the population threshold triggers in the City Utility Users Tax Act and City Income Tax Act from 750,000 to 600,000; and BE IT FURTHER

RESOLVED, That the Detroit City Council strongly urges the members of the Detroit delegation to the State Legislature to introduce, support and advance proposed legislation to effectuate such modifications of state law; and BE IT FINALLY

RESOLVED, That a copy of this resolution be sent to the Mayor Bing's Office, Governor Snyder's Office, Clerk of the State Legislature, as well as the individual members of the Detroit delegation to the State Legislature.

Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Kenyatta, Spivey, Tate, Watson, and President Pugh — 9.

**RESOLUTION STRONGLY  
SUPPORTING AN INCREASE IN THE  
CASINO WAGERING TAX**

By COUNCIL MEMBER K. COCKREL, JR.:

WHEREAS, For the past few years, Michigan has led the nation in unemployment, contributing to a protracted economic downturn in the State that has been exacerbated by unprecedented home foreclosures. The devastating combination of unemployment and foreclosures have hit the City of Detroit the hardest resulting in major population and funding losses; and

WHEREAS, The reduction in funding includes drastic reductions in statutory revenue sharing and the City anticipates further reductions in federal funding based on the recently released U.S. Census figures; and

WHEREAS, Michigan's future success and growth is a common goal of the state's public and private sectors, setting the stage for unprecedented collaboration, creativity and shared sacrifice; and

WHEREAS, The City of Detroit, as the state's largest municipality, is committed to preserving and expanding revenue sources and reducing expenditures to improve its fiscal condition. This analysis, undertaken by the Mayor's Office, is reflected in the Mayor's proposed 2011-2012 budget; and

WHEREAS, This proposed budget identifies the potential for a reasonable increase in the casino gaming tax, which would benefit not only the City of Detroit, but have positive impacts statewide; and

WHEREAS, Detroit casinos reported \$1.38 billion dollars in revenue for 2010, which represents a 2.9% increase over \$1.34 billion dollars in 2009. In 2011, year-over-year revenues to date have increased, demonstrating an upward trend; and

WHEREAS, The casinos have received support and cooperation from the City since its residents voted to allow gaming in 1996, beginning with the lending of

assistance in land assembly and clearance efforts; and

WHEREAS, It is also important to note that the casinos enjoy the many benefits of operating in Detroit not limited to the loyal patronage of its residents, tax incentives, pool of available employees and low state gaming tax burden in comparison with other states. Examples, of other Midwest states include:

- Illinois — nine (9) casinos operating under graduated tax rate from 15% to 50% in addition to a \$2-\$3 per patron admissions tax. Total gaming tax revenue of \$495.61 million dollars in 2010.

- Indiana — thirteen (13) casinos operating under graduated tax rate from 15% to 40% in addition to a \$3 per patron admissions tax. Total gaming tax revenue of \$878 million dollars in 2010.

- Ohio — seven (7) casinos, once constructed, will be operating under tax rate of 33% which is projected to result in excess of \$651 million dollars annually; and

From this review, it is our considered opinion that a settlement in the total amount of One Million Five Hundred Thousand Dollars and No Cents (\$1,500,000.00) is in the best interest of the City of Detroit.

We, therefore, request authorization to settle this matter in the amount of One Million Five Hundred Thousand Dollars

and No Cents (\$1,500,000.00) and that your Honorable Body direct the Finance Director to issue two drafts (1) in the amount of One Million Dollars (\$1,000,000.00) payable to Romano Law, PLLC, his attorney, and Estate of Omari Dixson, Jr. by His Personal Representative Sylvia Jean Woods and (2) in the amount of Five Hundred Thousand (\$500,000.00) payable to John Hancock Assignment Company for the purchase of a structured settlement for the benefit of Taitana Janay Woods-Dixson a minor to be delivered upon receipt of properly executed Releases and Consent Judgement entered in Lawsuit No. 09 11034, approved by the Law Department.

**City Planning Commission**

May 2, 2011

Honorable City Council:  
Re: Special District Review of proposed signage on the building located at 577 E. Larned on land zoned PCA (Recommend Approval).

The staff of the City Planning Commission (CPC) received a sign per-

mit application for the installation of two business signs on the southern face of the building located at 577 East Larned Avenue. The PCA (Restricted Central Business District) zoning classification in which the building is located calls for City Council approval of the location and design of proposed signs following the review and recommendation of CPC and the Planning and Development Department (P&DD) (Sections 61-3-182 and 61-11-96 of the Zoning Ordinance). CPC and P&DD staff have reviewed the application and submit this report and recommendation.

**PROPOSED SIGNS**

One proposed sign is for "Quicken Loans" and is mounted to the existing canopy. This would replace the existing "Rock Financial" sign. It would be made up of individual red letters that are internally illuminated. They would be eighteen (18) inches high and a total of seventeen (17) feet long. The other sign would say "Junior Achievement" in green letters and would be twenty-six (26) inches high. A green triangle symbol of the same height would be next to the words. These would be at the top center of the building's parapet and would not be illuminated. The submitted drawings are attached.

**REVIEW**

In accordance with the Special District Review provision of Sec. 61-3-185 of the Detroit Zoning Ordinance and the PCA provisions of Section 61-11-96, reviews of proposed signs should be conducted in light of the following criteria, "signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner." The proposed signs appear to meet the requirements of this criterion and of City Code.

**RECOMMENDATION**

CPC staff has completed its review of the proposed signs, as has the Planning and Development Department staff. We find that the signs would be in keeping with the spirit and intent of the PCA zoning district. Therefore, staff recommends approval of the location and design of the proposed signs. Please find attached the appropriate resolution to effectuate your approval.

By Council Member Jenkins:  
Whereas, Araneae Inc. has requested to install two (2) business signs on the southern face of the building located at 577 East Larned Avenue; and  
Whereas, The building is subject to provisions of Sec. 61-3-185 (Special District

Review) and Sec. 61-11-96, the PCA (Restricted Central Business District) zoning classification of the Detroit Zoning Ordinance; and

Whereas, The PCA zoning district classification requires that the location and design of proposed signs within a PCA district be approved by resolution of the City Council following the receipt of a written report and recommendation from the City Planning Commission; and

Whereas, Both the Planning and Development Department and the staff of the City Planning Commission have received the proposal in order to ensure that the proposed signs are in keeping

with the spirit, purpose and intent of the PCA zoning district classification; and

Whereas, The signs meet the requirements for business signs provided in Chapter 3, Article VII of the 1984 Detroit City Code;

Now, Therefore, Be It Resolved, That the Detroit City Council approves the location and design of the two proposed business sign, one for Quicken Loans and one for Junior Achievement on the building located at 577 East Larned Avenue, described in the foregoing communication from the City Planning Commission staff and as depicted in the drawing prepared by Jiffy Signs Inc.

Honorable City Council:  
Re: Authority to increase General Fund Appropriation Number 11652 by \$352,358.94 to cover disallowed costs related to U.S. Department of Labor (USDOL) Incident Report No. 04-05-ETA-11 Concerning the Detroit Workforce Development Department (DWDD).

The DWDD submits the following for consideration for approval to increase Appropriation Number 11652 by the

amount of \$352,358.94 for Fiscal Year 2011 to satisfy the repayment of the debt in response to the Michigan Department of Energy, Labor & Economic Growth ("DELEG") correspondence dated January 27, 2011 for disallowed costs in the amount of \$352,358.94 for the Temporary Assistance to Needy Family (TANF) grant from Fiscal Years 2004 and 2005.

A brief summary of the disallowed costs related to the above Incident Report is as follows:

During Fiscal Years 2004 and 2005, Metro Employment Solutions, one of DWDD service providers, was cited for unallowable and unsupported costs in the amount of \$352,358.94 charged to TANF funds. DWDD advised the Department of Energy, Labor and Economic Growth (DELEG) that Metro Employment Solutions was no longer in business but nonetheless, notified Metro Employment

Solutions that these costs were disallowed and must be repaid by September 5, 2006. After no response, DWDD subsequently requested the City of Detroit Treasurer to collect these past due receivables from Metro Employment Solutions.

On February 14, 2008, DWDD determined these additional collection efforts fruitless due to Metro Employment Solutions' closure and reports that the owners were alleged to be out of the country or incarcerated due to fraud convictions. On November 14, 2008, DWDD submitted to the Third Circuit Court a copy of a Summons and Return of Service issued October 14, 2008, expiring January 13, 2009, naming the City of Detroit as plaintiff and Metro Employment Solutions as defendant for repayment of \$352,358.94.

It has now been determined that Metro Employment Solutions' debt is not collectable and the funds must be repaid to the State of Michigan using non-grant dollars. Therefore the DWDD respectfully requests your Honorable Body to adopt the following resolution with a Waiver of Reconsideration.

Honorable City Council:  
 Re: Petition of U-Wash Development Company, LLC. (#3879), for encroachment permit for fence and sign and permit with title within 6.0 feet west of Prest Ave. and 12.0 feet on eastside of Prest.

The City Planning Commission staff after having met with the Department of Public Works/Traffic Engineering Division and Buildings, Safety Engineering and Environmental Department, no longer has any objections to the granting of the requested encroachment.

The signage in question has been revealed to have been and continues to be an off-premise advertisement/directional sign, located in the right-of-way. The original sign in the Prest Avenue right-of-way is referenced in the Journal of Common Council, December 12, 1961, pages 2553-2554, revocable at the will, whim, or caprice of Council. The only remaining question is whether the amount of signage currently displayed is no more than that authorized on January 8, 1962 through permit #12706, which remains a question for the Buildings, Safety Engineering and Environmental Department

staff to answer in accordance with Chapter 3 of the Detroit City Code.

Please let us know if you have any questions.

Honorable City Council:

Re: Petition No. 3879 — U-Wash Development Company LLC, requesting for an encroachment permit for a fence and sign within 6.00 feet on the eastside and 12.00 feet on the westside of Prest Avenue.

Petition No. 3879 of "U-Wash Development Company LLC", which owns property at 15325 West Eight Mile Road, Detroit, Michigan, request permission to construct and maintain fencing and signage encroachment into 12.00 feet on the westside and 6.00 feet on the eastside of the Prest Avenue right-of-way (60 feet wide), between West Eight Mile Road (204 feet wide) and the first east-west public alley (20 feet wide) south of West Eight Mile Road. The property owner wants to comply with the City requirements of installing barriers and landscaping along said area, also the property owner would like to be responsible and maintain the existing encroachment of the sign in the public right-of-way.

The encroachment of the sign was for the North Lanes Bowling Alley complex. This bowling alley is no longer in service and/or present at this site, so there is no need for this encroachment permit to be permitted to the North Lanes Bowling Alley which was approved on December 12, 1961 — J.C.C. Page 2553.

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The Public Lighting Department (PLD) reports any structure proposed to be built shall maintain 4-1/2 feet of vertical clearance and ten (10) feet of horizontal clearance from any PLD conduit, lines, and installations. The contractors will be liable for any damages to any PLD underground facilities.

Detroit Water and Sewerage Department (DWSD) reports no objection to the encroachments, which was approved by City Council previous petition #12351 filed in December, 1961, provided that the provisions for encroachment are strictly followed.

All other involved City departments and privately owned utility companies request that petitioner(s) make use of "Miss Dig" facilities before the construction of the fence and sign take place.

There is an appropriate resolution, granting the encroachment petition, attached for consideration by your Honorable Body.

Respectfully submitted,  
 MANILAL PATEL  
 Interim City Engineer

## Invocation

God You have in script us that Your word tells us that the earth is Yours and fullness there of. This part of the land called Detroit, Michigan is a part of the earth. We thank You, God, for allowing us to awake this morning touched by Your finger of love. We come today as Council Members, citizens and as men and women of God to give an account of our stewardship today. We need You in this room. God encompass these four walls, take over this table, and guide the words through these microphones as we come together in spirit and in truth. Bless this leadership, bless our rhetoric, debate and dialogue that we not come for our own selfish reasons but for those whom we are put here to serve, the people of this city. We know whether elected or citizen in this room, one day we shall give an account of our stewardship. We pray, today, that we can do something right to make the wrongs right and make the rights even better in our lives. Come Holy Spirit and take over this place. This we ask in the name of our Lord and Savior Jesus Christ. All of those who love God, believe and trust God together we all say Amen.

The proposal put forth in the Budget by Administration was based on a directive from the State of Michigan saying that our Bureau of Substance Abuse should go under the County Community Mental Health Program which is the move they were trying to make across the state. I have heard that the move is delayed but that has not been confirmed Council has not cancelled or advocated cutting anything from the Bureau of Substance Abuse. May 2, 2011

Honorable City Council:

Re: Request to extend adjacent vacant lot program.

The Planning and Development Department has been selling adjacent residential vacant lots through the "Adjacent Vacant Lot Sales Program" in an effort to prevent illegal Dumping and to beautify neighborhoods citywide. Since the program's inception, the department has successfully sold 992 residential vacant lots to adjacent homeowners.

The program will expire on June 30, 2011 and the department would like to request an extension of the Adjacent Vacant Lot Program through the 2011-2012 fiscal year. The same guidelines to purchase adjacent residential vacant lots remain as follows:

Eligible property must fall within the following guidelines:

- City-Owned residential lots that are not located in any designated project areas

- Lots adjacent to residential structures
- Lots will be sold on a "Cash As-Is" basis

- Sales price of each vacant lot is \$200.00 with the lot size not to exceed 45 feet front footage

Eligible guidelines for purchaser are as follows:

- Purchasers will be required to pro-

vide proof of paid property taxes and proof of adjacent ownership

- Purchaser(s) to landscape and maintain the vacant lots to enhance the adjacent property

- Split lot sale will occur in the event two adjacent owners are interested in the same lot (\$100.00 per each half-lot)

Our Department has continued to make improvements in the processing of this program. This opportunity allows Detroit homeowners to buy and beautify adjacent residential vacant lots in their neighborhoods.

We, therefore, request your Honorable Body's approval to authorize the Planning and Development Department Director or his authorized designee to accept Offer(s) to purchase adjacent residential vacant lots for the sales price of \$200.00 per lot, plus the deed recording fee, with the lot size not to exceed 45 feet front footage on a "Cash-As Is" basis and to issue Quit Claim Deeds to the purchaser(s), in accordance with the conditions set forth in the Offer to Purchase with the Deed to include an attachment clause with a Waiver of Reconsideration.

Respectfully submitted,

ROBERT ANDERSON

Director

April 11, 2011

Honorable City Council:  
Re: Street Administrator.

The provisions of Act 51, Public Act of 1951, which is the law under which the State distributes the Gas and Weight tax revenues, requires that each City appoint a Street Administrator to be designated by the governing body who shall be responsible for and shall represent the City in transactions with the state transportation department pursuant to this act on behalf of the City with respect to the allocation of said funds.

The responsibilities of the Street Administrator range from maintenance and improvements to streets, traffic operations, negotiating contacts with the State Department of Transportation and maintenance of an inventory of all streets within the City.

Since the major use of the City's share of Gas and Weight taxes is to maintain and improve existing streets, traditionally, the Street Administrator for the City of Detroit has been the Director of Public Works.

It is therefore my recommendation that the Street Administrator, for the City of Detroit, be Mr. Ron Brundidge, the Director of the Department of Public Works.

Sincerely,  
DAVE BING  
Mayor

By Council Member Brown:

Whereas, Section 13 (9) of Act 51, Public Act of 1951 provides that each incorporated City and Village, to which funds are returned under the provision of this section, that, "the responsibility for all street improvements, maintenance, and traffic operation work shall be coordinated by a single administrator to be designated by the governing body who shall be responsible for and shall represent the municipality in all transactions with the State Department of Transportation pursuant to the provision of the Act."

Therefore, Be It Resolved, That this Honorable Body designates Mr. Ron Brundidge as the Street Administrator of the City of Detroit in all transactions with the State Department of Transportation as provided in Section 13 of the Act.

Honorable City Council:

Re: Petition No. 635 — Messiah Baptist Church, for use of approximately 10 feet of the eastern right-of-way margin on Roselawn, south of Seven Mile (8100 W. Seven Mile) for fenced parking lot.

Petition No. 635 of "Messiah Baptist Church", request for conversion to easement the easterly 10.00 feet of Roselawn Avenue, 75 feet wide, between West Seven Mile Road, 66 feet wide, and the east-west open public alley, 18.00 feet wide, to enhance the abutting parking lot with fencing and provide a more effective parking lot.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All City departments and privately owned utility companies have reported no objections to the conversion of public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Honorable City Council:

Re: Petition Number 775 — Request for City Council Approval for the Issuance of a New Michigan Liquor Control Commission Dance and Entertainment Permit to New Center Council, Inc., for 2998 West Grand Boulevard.

**BACKGROUND**

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission (“MLCC”) dance permit, entertainment permit, or a combination dance and entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 555034, which has been designated by the City Clerk as Petition Number 775. This Local Approval Notice requests City Council approval of a request by New Center Council, Inc. (“Permit Applicant”), for the issuance of a new dance and entertainment permit in conjunction with a request for a new ‘Class C’ License’ at 2998 West Grand Boulevard.

The Buildings, Safety Engineering and Environmental Department (“BSE&E”) report to the designated MLCC Permit Coordinator (“Coordinator”) indicates that the requested new liquor license will be located at the New Center Public Park located at 2998 West Grand Boulevard. New Center Park, a conditional and regulated land use, and the permitted uses for the location were established pursuant to Special Land Use Zoning Decision No. 133-09 and a public hearing at the Board of Zoning Appeals. BSE&E records indicated that a building permit was issued to establish a Group “A” cabaret at the location and that a Certificate of Occupancy was issued on September 12, 2010.

Pursuant to Section 5-7-21, of the 1984 Detroit City Code, a Group “A” Cabaret business license is required for any establishment that sells or serves alcoholic beverages with or without food, and either allows dancing with or without

live entertainment, or provides three (3) or more live entertainers at one time with or without patron dancing. Accordingly, the Permit Applicant has applied for a Group “A” Cabaret business license for the location.

**APPROVAL CRITERIA**

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits (“Procedures and Criteria”) became effective upon publication on August 25, 2009. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant’s request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the Coordinator has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the Coordinator’s report, dated May 10, 2011, has been provided the Permit Applicant.

A review of the Coordinator’s report indicates that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria, except for Approval Criteria No. 8. Approval Criterion No. 8 concerns the issuance of a real estate tax clearance pertaining to the subject premises. Specifically, the Coordinator’s report indicated that property taxes were delinquent in the amount of two hundred ninety-four dollars and four cents (\$294.04). However, upon notification of the abovementioned deficiency in the approval criteria the Permit Applicant has paid the indicated delinquent property taxes interest and fees.

**RECOMMENDATION**

Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant’s request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. As a result of aforementioned actions taken after the filing of the Coordinator’s report, the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria.

Therefore, attached is a proposed resolution approving the issuance of a new dance and entertainment permit by the MLCC to the Permit Applicant, New Center Council, Inc., for a ‘Group “A” Cabaret at 2998 West Grand Boulevard. The Law Department recommends that the Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,  
KRISTAL A. CRITTENDON  
Corporation Counsel

**RESOLUTION URGING GOVERNOR SNYDER TO MANDATE CONDUCTING A CUMULATIVE IMPACT STUDY OF TOXINS IN SOUTHWEST DETROIT**  
By COUNCIL MEMBERS KENYATTA, JONES AND BROWN:

WHEREAS, The City of Detroit, particularly the Southwest area, has historically been beleaguered with environmental toxins from the emissions of surrounding industrial operations; and

WHEREAS, The impact of these environmental toxins on the residents in the Southwest Detroit Community is evidenced by higher instances of health problems and supported by individual assessments of toxic emissions from area businesses; and

WHEREAS, These assessments of toxins are normally reviewed individually, without regard to or adequate consideration of the cumulative impact of all emissions of toxic substances from all sources, which only provides an inadequate snapshot that minimizes the total impact of the existing environmental conditions; and

WHEREAS, A cumulative study of such environmental impacts is crucial because it will provide the most complete, accurate picture of the status of the community's exposure to all harmful toxins from all relevant sources; and

WHEREAS, The results from a cumulative study and analysis of data will also provide better data to allow for appropriate protective measures to be taken to safeguard the health of residents; and

WHEREAS, Therefore, the Detroit City Council finds it in the best interest of the City and its residents for a cumulative impact study of environmental toxins from emissions in Southwest Detroit to be performed; and NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council urges Governor Snyder to mandate that a cumulative impact study of toxins from emissions in Southwest Detroit be conducted; and BE IT FINALLY

WHEREAS, The operation of the Wastewater Treatment Plant, in particular, has long been identified as a major source of noise and odor that significantly interferes with the quality of life for resident of the surrounding community; and

WHEREAS, The establishment of a Community Advisory Panel could serve as a point of contact between affected communities and DWSD, by providing a mechanism for their concerns to be heard and addressed by the Department; and

WHEREAS, The Community Advisory Panel would also benefit DWSD by centralizing the receipt of resident concerns and offering the Department an opportunity to interact and communicate with residents effectively, rather than attempting to handle resident concerns on a piecemeal, individual basis without adequate coordination or supervision; and

WHEREAS, Therefore, the Detroit City Council finds it in the best interest of the City and its residents for a Community Advisory Panel comprised of DWSD staff, community residents and organizational leaders to be established; and NOW THEREFORE BE IT

WHEREAS, House Bill 4305 was introduced on February 22, 2011. WHEREAS, It also grants state and local law enforcement officers the power to inquire and verify the current immigration status of offenders they encounter during their regular, daily law-enforcement activity; and

WHEREAS, The federal government has complete oversight and policing authority over immigration enforcement issues through the U.S. Department of Homeland Security (DHS); and

WHEREAS, Current federal law also permits partnerships between DHS and local law enforcement agencies for the joint exercise of immigration powers; and

**General Services Department**

March 29, 2011

Honorable City Council:  
Re: Acceptance of Smartbuildings Detroit Program-EDC Grant.

Your Honorable Body is respectfully requested to accept the above referenced grant. The City of Detroit's General Services Department (GSD) has been awarded a \$500,000.00 U.S. Department of Energy grant from the State of Michigan via the DEGC, who was listed as the funding agent. The funds are to be used as leverage against our \$8,862,400.00 EECBG grant that we were awarded in late Fall 2009.

The grant will be used to improve municipal facilities' energy efficiency and

to purchase renewable energy equipment. The proceeds from this grant are proposed to be used to upgrade Cultural Center Garage, Fire Apparatus Building, Elections Building, 36th District Court Building and Detroit Historical Museum.

Due to the identical nature of the purpose of these funds and given the tight time constraints, we are anxious to move forward with leveraging the funds to our current program. Therefore, we are requesting City Council's acceptance of this award so that this important work can begin in a timely manner.

If you should have any questions, please feel free to contact me at 628-0913.

Re: Request for Public Hearing to Establish a Commercial Rehabilitation District on behalf of Patterson Dog and Cat Hospital, in the area of 3800 W. Grand River, Detroit, Michigan, in accordance with Public Act 210 of 2005.

The Planning and Development Department has reviewed the request of Patterson Dog and Cat Hospital to establish a Commercial Rehabilitation District, and find that it satisfies the criteria set forth by Public Act 210 of 2005 and that it would be consistent with development and economic goals of the Master Plan.

Public Act 210 of 2005 states, "The legislative body of a qualified local governmental unit may establish a commercial rehabilitation district on its own initiative or upon a written request filed by an owner or owners of property...". Prior to acting upon the resolution, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the eligible district, **said notice to be made not less than 10 days or more than 30 days** prior to your Honorable Body's adoption of said resolution.

We request that a public hearing be scheduled on the issue of adopting a resolution to establish a new commercial rehabilitation district. Attached for your consideration, please find a resolution establishing a date and time for the public hearing.

Respectfully submitted,

Honorable City Council:  
 Re: Petition No. 858 — Small Plates, to Establish an Outdoor Café, Located at 1521 Broadway.

The above referenced business has requested permission to operate an outdoor café at the location indicated. This service is expected to convene April 1 through November 30, 2011.

It is our understanding that the outdoor café service to be provided is identical to that approved in previous years. The Planning and Development Department supported this request for last year and is not aware of any objections to the above-referenced request.

It is therefore the recommendation of the Planning and Development Department that this request be granted subject to petitioner strict adherence to the followings:

Compliance with applicable City ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

Adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from Department of Health and Wellness Promotion (DHWP) Food Sanitation Section.

The approval from the Central District Precinct of the Police Department does not cover serving liquor in the outdoor café area until the Detroit Police Department Liquor License Bureau has given approval.

Respectfully submitted,  
**ROBERT ANDERSON**

By Council Member Jenkins:

Provided, That said activities are conducted under the rules and regulations of the Department of Transportation, Department of Public Works and the supervision of the Police Department; and

Provided, That the sale of food and soft drinks is held under the direction and inspection of the Detroit City Health Department; and

Provided, That the “permittee” remit the required annual fee(s) to DPW/CED for issuance of a use-permit and confirm license of the establishment in compliance with the City Code; and

Provided, That the “permittee”, prior to obtaining said permit, file an indemnity agreement (attached) in a form approved by the Law Department, saving and protecting the City of Detroit harmless from any or all claims, damages or expenses that may arise by reason of the issuance of said permit and the faithful performance by the “permittee” of the terms thereof; and in addition, to pay all claims, damages or expenses that may arise out of the maintenance of said encroachments; and

Provided, That the filing of said indemnity agreement for this current year shall be construed as acceptance of this Resolution by the “permittee”; and

Provided, That the permit is revocable at the will, whim and caprice of the City Council; and hereby expressly waives any right to claim damages or compensation for removal of encroachment, and further, that “permittee” acquires no implied or other privileges hereunder not expressly stated herein; and

Provided, That no other rights in the public streets, alley or other public places shall be considered waived by this permission which is granted expressly on the condition that said encroachment shall be removed at the expense of the “permittee” at any time when so directed by City Council, and that the public property so affected shall be restored to a condition satisfactory to the DPW/CED by said “permittee” at its expense; and

Second, there may have been typographic and/or data entry errors, which do not affect appropriation totals or budget balancing. The "substantive" corrections are identified with (\*), and will be addressed in the attached resolution.

Honorable City Council:

Re: Schedule B and Itemization of Council Changes to the Mayor's 2011-2012 Proposed Budget.

Budget.

Attached is voting schedule B for Council action on the 2011-2012 Mayor's recommended budget.

Schedule B lists Council's amendments by agency and appropriation to the Mayor's recommended budget excluding the Block Grant. These changes, in conjunction with the Mayor's recommended budget, reflect Council's priorities for the 2011-2012 Budget.

The Council's cuts of \$50,000,000 allow the appropriation in the budget to fund the prior year's deficit to be increased from \$5,197,612 to \$55,197,612.

Respectfully submitted,

IRVIN CORLEY, JR.

Director

**RESOLUTION TO ADOPT THE 2011-2012 CITY OF DETROIT BUDGET,  
AS AMENDED BY SCHEDULE B**

Honorable City Council:

Your Committee of the Whole has had under consideration the proposed Budget of the City of Detroit for the fiscal year 2011-2012 as submitted by his Honor, the Mayor, and having completed its consideration of same, herein submits the following resolution and recommends its adoption.

Respectfully submitted,  
KENNETH V. COCKREL, JR.  
Chairperson

By Council Member Cockrel, Jr.:

RESOLVED, That this Body having completed as of May 24, 2011, its consideration of the proposed Budget of the City of Detroit for the fiscal year 2011-2012 as contemplated by the Charter and ordinances of the City of Detroit, by majority vote of all members elected thereto, adopts said budget, as amended by the foregoing schedule B, and transmits same to the City Clerk for recompilation and submission to his Honor, the Mayor, in accordance with the Charter and ordinances of the City of Detroit.

**THE DETROIT CITY COUNCIL  
2011-2012 FINANCIAL AND BUDGETARY PRIORITIES,  
PUBLIC POLICY, PLANNING AND ACTION RESOLUTION**

By ALL COUNCIL MEMBERS:

WHEREAS, The Detroit City Council has held hearings and deliberations on the 2011-2012 Executive Budget as prepared by the Honorable Mayor Dave Bing; and

WHEREAS, In light of the current financial climate, with ever-shrinking major revenue sources at both the state and local levels coupled with the ever-rising cost of employee and retiree health and pension benefits, circumstances have created an urgent need for budgetary cutbacks and fiscal restraint; and

WHEREAS, In formulating his spending plan for the next fiscal year, the Mayor has indicated his revenue expectations and budgetary priorities in the Executive Budget which reflect an aggregate \$88.5 million dollars in general fund budget reductions, when compared to the official City budget of 2010-2011. Both the Fiscal Analyst and Auditor General have determined that the City's accumulated deficit is roughly \$208 million dollars and the deficit will likely continue growing in the upcoming fiscal year by at least another \$53 million dollars unless strong action is taken by City Council during this budgetary cycle; and

WHEREAS, City Council, its Fiscal Analyst, the Auditor General and other legislative staff have studied the Executive Budget focusing primarily on the general fund budget. Utilizing conservative revenue projections, making careful assessments of necessary 'core' services that the City provides for the well-being and quality of life for the residents of Detroit, and employing fiscally sound accounting principles, City Council has determined, after reviewing anticipated revenues and expenditures, that the Mayor's proposed \$1.2 billion dollar general fund budget contains some revenue projections that have been characterized as "soft" or that have questionable reliability and are not likely to materialize during the next fiscal year. These "soft" revenue projections exceed \$65 million dollars, an amount which represented the projected amount that the Mayor had hoped to achieve from a one-time forgiveness of the annual Unfunded Accrued Actuarial Liability (UAAL) payment that the City owes to its two (2) pension plans — a plan that the trustees of both rejected; and

WHEREAS, In an extraordinary effort expended by the City Council, one that demonstrates significant collaboration between both branches of city government, the General Retirement System and Police & Fire Retirement System were asked to appear before Council. They were requested to evaluate and consider alternatives to delaying or suspending the City's 2011-12 pension payment to mitigate the effects of the under funding of the pension accounts contained in the budget. Recognizing that the City's overall fiscal condition impacts the operation of the pension system, the Board of Trustees of both boards voted to extend the 'smoothing periods' of the plans, a structural maneuver that will reduce the City's employer contribution payment significantly. These modifications represent approximately \$59 million dollars in savings to the general fund for the 2011-12 fiscal year; and

WHEREAS, While the modification of the pension payments will have a considerable impact on the City's short-term financial dilemma, City Council has a fiduciary duty, along with its Charter-mandated responsibilities, to ensure the City's overall *long-term* fiscal stability. The pension boards decision to adjust their assumptions relieved Council of the issue of funding a legally mandated expenditure and instead focusing on right-sizing expenditures to attack the prior year's deficit more strenuously. City Council believes that the bulk of the savings that the City stands to realize from the pension boards only balances the 2011-12 Mayor's recommended budget. This necessitates further reductions in next year's appropriations to address the overall deficit and attainment of additional cost saving measures in the City's operations. Therefore, City Council convened a working group, comprised of its Fiscal Analyst, the Auditor General and other legislative staff, to identify opportunities to implement reductions in all areas of the budget. These reductions were viewed as an opportunity for the City to recalibrate and reinvent the way in which it provides services and conducts its affairs in the present fiscal climate; and

WHEREAS, Throughout the budget process, City Council has been fully cognizant of the effort that the Mayor and his staff has expended in attempting to reduce the City's accumulated deficit through the proposed 5-year Deficit Elimination Plan (DEP), an important planning tool designed to restore the City's financial health. The outlined DEP seeks to eliminate the causes of the City's structural budget imbalance and at the same time provide a meaningful quality of life and service to the residents of the City of Detroit. City Council applauds this effort, but believes further modifications to the plan are warranted before it can be approved by Council and submitted to the State for final approval; and

WHEREAS, City Council is required by law to complete its budget deliberations and submit them to the Mayor no later than May 24, 2011; and

WHEREAS, On this day, May 24, 2011, the Detroit City Council adopts a program budget that is based on sound and conservative budgetary principles for municipalities, well reasoned financial assumptions and past performance, as well as stated goals and projections for City departments, divisions and agencies, and in consideration of the profound fiscal uncertainties of the current economy; and

WHEREAS, In light of these factors the Detroit City Council, in adopting this budget, has incorporated the fiscal and public policy priorities outlined below in an effort to provide effective, although in some instances reduced, government operations and service delivery to the residents, citizens, institutions and businesses of this City; and

WHEREAS, City Council recognizes that cuts in programs alone cannot accomplish a balanced budget and still provide needed services for the citizens. Therefore, an effort must be made to seek out additional revenue sources, while re-inventing City government through department and program consolidations that provide services in a more cost effective manner. To that end, the State of Michigan should partner with its largest city by providing necessary aid and assistance through the passage of legislative initiatives that have been sought for by the Bing Administration; and

WHEREAS, City Council looks forward to working cooperatively with the Administration to continually improve the funding process. It is the City's goal to implement an electronic application process which is anticipated to reduce the number of human errors that lead to groups being eliminated from funding contention; and

WHEREAS, It is strongly recommended that the Administration establish the appropriate cost centers to utilize the CDBG funds appropriated for implementation and operation of City Council special initiatives, i.e., Youth Employment Program and the Detroit Midtown Micro-Enterprise Fund Corporation; and

WHEREAS, City Council urges the Administration to take full advantage of the recently approved secondary employment ordinance for uniformed police officers as a viable tool to secure special events; reduce overtime expenses of the police department and maintain adequate levels of police presence in the community; and

WHEREAS, City Council recommends that the Administration seek to merge the Public Lighting Department (PLD) into the Department of Public Works (DPW) by creating a new public power utilities division within DPW that would house the power plant and electrical operations division of PLD with the Greater Detroit Resource Recovery Authority (GDRRA). GDRRA's continued existence, along with its associated administrative expenses, are borne by the City and in the current economic climate make no financial sense. It is Council's belief that in addition to merging the respective engineering divisions, the integration of the construction and maintenance division of PLD into the street maintenance or traffic engineering divisions of DPW would result in considerable cost savings should this programmatic change occur; and

WHEREAS, The philosophy guiding the magnitude of City Council's budget cuts is based on an analysis of the extent to which each department provides core city services to residents. City Council also took into account the fact that for several years in the past, some departments have taken a series of budget cuts and may have reached the point where significant additional cuts would be counterproductive and harmful to the City and its residents, requiring cuts elsewhere this year. Accordingly, other departments that have not been effected by significant budget reductions in recent years will be asked during this budget cycle to share in the sacrifice for the betterment and survival of the City; and

WHEREAS, Total cost of uniformed employees of the Police and Fire departments account for 42% of the general fund budget. Simply stated, there is no meaningful way to achieve the structural operating cost reductions necessitated by the present circumstances without some sacrifice by these important but costly departments. Therefore, City Council has reduced, by a modest sum of 2.5% of the net tax cost of each of these departments. This translates into a \$8,352,838 reduction in the Police Department's \$334,113,524 budget and a \$4,123,328 reduction in the Fire Department's \$164,933,120 budget; and

WHEREAS, City Council strongly encourages that these reductions from both Police and Fire not be translated into layoffs of uniformed personnel; a portion of this budgetary reduction can be recouped in the upcoming fiscal year with a savings of \$16.1 million dollars in Police overtime and \$9.5 million dollars in vacancies as well as \$7.3 million dollars in Fire Department overtime and \$8.6 million in vacancies as proposed in the 2011-2012 Budget. Council recommends that this funding reduction be achieved through consolidation of similar or redundant functions, streamlining departmental inefficiencies, improving

internal controls to eliminate waste and fraud, utilizing civilians for positions that do not require uniformed personnel and eliminating merit pay increases for non-union staff; and

WHEREAS, City Council, philosophically speaking, targeted certain budget cuts to specifically address top-heavy city departments. More specifically, where management, especially supervisors, are not directly supervising front line workers but only supervise other supervisors, as well as deputy department heads or deputy directors whose work can be effectively performed by other staff at much lower rates of pay; and

WHEREAS, City Council has cut the Administration's recommended Executive Budget, primarily due to the fact that some of the revenue initiatives are not likely to materialize. However, if unexpected revenues materialize during the 2011-12 fiscal year, City Council will favorably entertain a fiscally responsible budget amendment to restore funding; and

WHEREAS, Many uninsured and/or poor Detroiters who seek and obtain health care services through the Department of Health & Wellness Promotion will be unable to afford their necessary medications if the services provided by the department's pharmacy and laboratory are de-funded and closed as the Administration proposes. These closures could potentially increase the use of emergency rooms and urgent care facilities in the City. If it is the Administration's desire to move aggressively in this decision, City Council strongly urges the Administration to convene a meeting with representatives from Henry Ford Health System, Detroit Medical Center and St. John Providence Health System to collaborative on how these services can be most efficiently and economically provided, given that these institutions would likely absorb these patients at a much higher cost than the City presently provides; and

WHEREAS, To address the immediate needs of its residents and preserve access to the aforementioned pharmacological and laboratory services City Council has restored \$1.5 million dollars to the Department of Health & Wellness Promotion; and

WHEREAS, City Council urges the State legislature to introduce legislation requiring the casinos to withhold local income taxes on large winnings as defined by State law and the IRS code to ensure that the City of Detroit receives the proper percentage of taxes based on the amount of the winnings realized; and

WHEREAS, City Council views State funding for law enforcement and public safety within the City of Detroit as a critical issue to the health, safety and welfare of City residents. The State of Michigan committed to invest \$15 million dollars in an upgraded and expanded crime lab at the new Public Safety Headquarters at the former MGM Grand site. The State then announced its intention to downscale this crime lab investment to a "triage unit" for the processing and forwarding of forensic evidence to other crime labs for processing. City Council's previous approval of funding for the new Public Safety Headquarters was based in part on the availability of these State funds. Therefore, City Council urges the State of Michigan to honor its original funding commitment of \$15 million dollars for the crime lab; and

WHEREAS, The 2010 U.S. Decennial Census results placed the population of the City of Detroit at 713,777, which represents a 25% decrease in population over the previous decade. Although the Administration has indicated it will formally challenge these results, the population shift that occurred during the last ten (10) years has far-reaching economic, social and political impacts. Numerous State laws that contain population threshold requirements of 750,000 need to be modified to ensure the City has the continued ability to manage its affairs. Proposed legislation to modify the City Income Tax Act, City Utility Users Tax Act and receipt of funds under multiple statutory revenue authorizations has already been introduced. City Council strongly supports such legislative amendments and urges the State legislature to proceed as quickly as possible on these bills to ensure the fiscal accountability of the City and continuation of necessary services to the residents of Detroit; and

WHEREAS, Pursuant to a stipulated court order arrived at only months before the present budget season, the funding for cable television operations was to be determined for fiscal year 2011-12 through the current deliberation process. This settlement agreement between the executive and legislative branches was not reflected in the proposed Executive Budget, as no funding was provided to address the amplified role Council must now play to provide 24-hour programming for Channel 22. The funding and organization of the City's media operations has to be restructured based on new institutional arrangements set forth in the court order. Therefore, City Council has allocated funding for the operation of legislative media services; and

WHEREAS, Another large portion of the City's ongoing expenditures that contribute to the accumulated deficit are costs associated with employee health benefits. City Council supports the provision of such benefits to employees to maintain and improve their personal health and productivity, but recognize that the present level of benefits and the manner in which they are structured is unsustainable and changes are urgently needed. Therefore, City Council expended considerable time and energy during its budget deliberations urging the City's unions and the Administration to consider alternative models of health care funding designed to relieve employers from the ever increasing burden of employees' and retirees' health care costs. These could include such means as the auto industry's Voluntary Employees Beneficiary Association (VEBA) systems and recent initiatives of the Dearborn Public Schools and AFL-CIO which were able to secure some initial support from many of the union representatives. Council would encourage labor nego-

tiations to continue in an aggressive fashion, given that these health care expenditures are in large measure a central cause of the City's present financial dilemma; and

WHEREAS, Together, the City's current pension and health benefit obligations are structurally unsustainable and City Council strongly supports immediate and meaningful changes that will enable the City to move forward in a more fiscally stable position; and

WHEREAS, It is of urgent importance that the Administration accelerate the hiring of EMT's and Paramedics in order to maintain the highest number of available units on the street. The City Council further urges the Administration to expedite the purchase of new vehicles utilizing the \$5 million loan that is in the FY 2011-12 budget so that the EMS can have reliable vehicles while preserving the current fleet as a reserve to be utilized as back up to the primary fleet; and

WHEREAS, City Council believes that the optimum operation of the 911 Dispatch System is critical to improving the response times for all public safety personnel, particularly the EMS units. City Council encourages the Administration to take appropriate measures so that the leadership of the 911 Operations Center partners with EMS leadership in order to implement a system that allows for better assessment of calls for medical assistance. This cooperation will ensure that calls are prioritized appropriately and that the units are dispatched in the shortest amount of time. City Council further encourages the Administration to make ongoing professional development training a requirement for 911 dispatch operators; and

WHEREAS, The problems associated with the implementation of the City's privatization ordinance have been raised by organized labor throughout the past fiscal year. Central concerns have been the foreclosure of opportunity for unions to bid on service contracts, as well as the City's failure to fully implement its own administrative procedures (Finance Directive #151) promulgated in 2005. In the upcoming fiscal year, City Council will again urge the Administration to both permit the City's labor unions to bid on contracts for services at the time bids are initially requested, as well as to implement the "Administrative Rules for Implementation of Privatization Ordinance", embodied in Finance Directive #151 of 2005; and

WHEREAS, City Council supports the continuation of the Administration's Budget Required Furlough (BRF) days which translates into a 10% reduction in hours and compensation for all non-unionized and many unionized employees. City Council strongly urges unionized employees not currently participating in BRF days, including uniformed Police and Fire Department personnel, to adopt a similar temporary wage reduction formula as those employees currently participating in BRF days; and

WHEREAS, City Council recognizes the importance of cultural institutions in the City but has found it necessary to reduce the annual operating subsidies for the Detroit Institute of Arts, Detroit Historical Museum, Eastern Market Corporation, Charles H. Wright Museum of African-American History and the Detroit Zoo by 25% of the amount proposed by the Mayor; and

WHEREAS, City Council encourage the aforementioned cultural institutions to formalize plans, similar to those undertaken by the City of Detroit during its 2011-12 budget deliberations, to re-invent the manner in which they conduct their operations and reduce the reliance on subsidies that cannot be guaranteed in the future. Based upon information received from the Detroit Zoological Society, that particular entity closed the previous fiscal year with a net surplus in excess of \$4 million dollars and captured tax revenues of \$12.8 million through an existing tri-county millage. Given the tenuous nature of the City's finances, all of the above-named institutions should seek to relieve the City from this financial stress; and

WHEREAS, City Council realizes the importance of public transportation for its citizens and the need to continue to support this important service, however, it also recognizes its fiscal responsibility that necessitates a reduction in the subsidy of the Detroit Department of Transportation (DDOT). Further reduction in the departmental budget of DDOT can be achieved through the elimination of merit pay for non-union staff and through a modest increase in its fares; and

WHEREAS, Detroit and the rest of Southeast Michigan desperately need an integrated, reliable and efficient mass transit system where DDOT's operation are an integral part. As DDOT functions without a dedicated funding source, it largely survives courtesy of a massive infusion of general fund dollars in an annual subsidy to prop up its operations. This level of support in the current economic climate is unsustainable and efforts to integrate the DDOT system with the other transportation systems in this region is something that must occur without further delay. Moreover, citizens will also have the benefit of additional transportation options in the future, such as the M-1 light rail project. Therefore, City Council recommends a 15.18% reduction in the \$55.64 million dollar general fund subsidy; and

WHEREAS, The subsidy of Coleman A. Young Municipal Airport has been reduced. City Council urges the department to achieve its budget reduction through vacancies and the elimination of merit pay for non-union staff. City Council also recommends that the Airport Department continue to identify and capture new revenue systems through public-private partnerships; and

WHEREAS, In keeping with the overall reductions being made to address the City's accumulated deficit, City Council has also reduced the subsidies to the following City non-departmental agencies: Detroit People Mover, Board of Ethics, Charter Commission, and the Risk Management Fund; and

WHEREAS, The Ombudsman is a Charter mandated office. City Council recognizes the important functions of this office; however, the services provided by the Ombudsman are currently duplicative of those provided in both the executive and legislative branches. Therefore, City Council has reduced this appropriation by \$364,356 in the operating budget of the Office of the Ombudsman; and

WHEREAS, City Council recognizes that leadership in these austere economic times calls for self deprivation, and to that end have reduced the budgets of each of the nine individual City Council offices and its Administrative Division, resulting in a total reduction of its budget in the amount of \$464,261 as well as the elimination of merit pay to its staff; and

WHEREAS, City Council reduces the Mayor's budget by an additional \$353,675, the City Clerk's budget by an additional \$164,130 and the budget of the Department of Elections by an additional \$388,443; and

WHEREAS, City Council recognizes the important work that is performed by both the Budget and Finance Departments as well as the Department of Public Works and encourages these departments to achieve operational efficiencies by reducing its management staff and through other cost-saving initiatives that will not negatively impact the level of services provided to residents; and

WHEREAS, The Human Resources Department is charged with assuring that the workforce needs of the City are met on a timely basis; However, City Council encourages the department to achieve greater efficiencies in its operations and determines that an eleven percent (11%) reduction is appropriate; and

WHEREAS, The Human Rights Department serves a vital role in protecting the rights of our employees, citizens and contractors that transact business with the City. The present fiscal situation of the City necessitates that City Council reduce the department's budget. However, a portion of this reduction can be achieved through the elimination of merit increases for non-union staff; and

WHEREAS, City Council encourages the Information Technology Services Department to achieve additional efficiencies in its operation and reduces its budget allocation in the amount of \$2,317,844; and

WHEREAS, The Law Department is responsible for providing legal services and representation for the City of Detroit. City Council reduces its budget allocation urging the elimination of merit increases for non-union staff as well as departmental vacancies. The City Council urges that the Administration begins a broad and strategic approach to implementing risk management strategies City-wide to reduce the City's reliance on Law Department staff for defense of tortious acts; and

WHEREAS, The Planning & Development Department's role in identifying existing and future opportunities to both stimulate and develop Detroit's economy and to grow and expand commercial and residential development is critical to the continued revitalization of the City. City Council recognizes that the department receives various grants for its operations enabling it to sustain a modest reduction of its general fund budget; and

WHEREAS, City Council realizes the importance of the Public Lighting Department (PLD) and the services it provides to the community, but it also recognizes the need for more efficient and cost effective operations within the department. Therefore, Council is recommending a reduction in the PLD budget and encourages the Administration to consider consolidation of this department with the Department of Public Works so that cost savings could be achieved through the elimination of duplicate managing personnel and other overhead expenses; and

WHEREAS, The Recreation Department serves the recreational needs of residents by providing a positive environment that encourages physical activity at both indoor and outdoor locations throughout the City. However, due to the City's budget deficit the resources to fund the department at past appropriation levels is not practicable and thus requires a budget reduction. Council therefore recommends that the Recreation Department engage in rigorous outreach to both non-profit and community organizations in an effort to form partnerships and collaborations for the provision of recreational opportunities in neighborhoods; and

WHEREAS, Department of Administrative Hearings (DAH) exists pursuant to enabling state legislation and was intended to operate, at least in part, as a revenue-generating department whose operation would pay for itself. Recognizing that the fines and fees collected by this entity become a part of the general fund at a higher rate than previous adjudication through the district courts and its efforts in reducing blighted conditions within the City are a necessary and important function that complement other department's operations. Therefore, City Council is recommending a minimal reduction in the DAH budget, which may be achieved through the elimination of vacancies, and merit increases for non-union staff. Council strongly urges DAH to intensify its collection of fines and fees and to work closely with Buildings, Safety, Engineering and Environmental (BSE&E) Department and other agencies whose tickets it adjudicates in order to achieve greater cleanliness throughout the City; and

WHEREAS, The Office of Homeland Security coordinates the emergency operations response of the City and minimizing the effects of catastrophic events. However, City Council has reduced the department's budget and urges the department to launch an aggressive effort to obtain and expand its grant-funded support. City Council also encourages the Administration to contemplate consolidating these operations with other public safety departments that provide emergency services and/or response; and

WHEREAS, The General Services Department (GSD) centralizes numerous municipal services which support operating departments. This centralized system provides an opportunity to further increase operating efficiencies which translates into cost savings across departments. City Council has determined that a reduction in the operating budget of GSD may be achieved by reducing layers of management and more economical usage of staff; and

WHEREAS, The Office of the Auditor General (OAG) has the Charter-mandated function of examining and evaluating the adequacy and effectiveness of City government operations as it relates to the accountability of public funds. Although City Council recognizes the important role the OAG office serves, it recommends a reduction in its budget which may be attained through the elimination of departmental vacancies and merit pay for non-union staff; and

WHEREAS, The Board of Zoning Appeals (BZA) serves a vital function in assuring that land use in the City is consistent with the spirit and intent of the City's zoning ordinance. Current fiscal conditions require reducing the BZA budget irrespective of its important function. City Council urges the BZA to creatively implement the budget reduction in order to minimize the impact of the service it provides; and

WHEREAS, City Council is acutely aware that the 36th District Court continues to operate at a deficit in violation of the Charter and state statutes and strongly urges the court to make the necessary modifications to operate within its reduced budget while achieving its mandated objectives; and

WHEREAS, Over the past fiscal year, Buildings, Safety, Engineering and Environmental (BSE&E) Department has undergone extensive reorganization and dramatically shifted its operating procedures to increase its efficiency and accountability to its residential and commercial customers. City Council recognizes the importance of the department's work and the scope of its operations and has recommended only a slight decrease in the Environmental Affairs section of the department's budget; and

WHEREAS, City Council commends the Municipal Parking Department on its proficient operations but realizes that reductions are necessary throughout the City. Therefore, Council recommends that the department's budget reduction occurs through the elimination of vacancies and merit pay for non-union staff; and

WHEREAS, An agreement was reached between the State of Michigan and the City of Detroit, formalized in Public Acts 500 and 532 of 1998, to stabilize revenue sharing levels in exchange for the reduction in the City's income tax rate for fiscal years 1999 through 2007. In 2003, 2004, 2005, 2006, and 2007, modifications in state law resulted in the City of Detroit not receiving approximately \$220 million in revenue sharing that would have been paid according to the agreement as well as the loss of approximately \$400 million dollars in higher income tax rates. City Council strongly urges the Administration to work with the Treasurer of the State of Michigan to honor its original agreement and remit the approximately \$220 million dollars in state revenue sharing dollars to the City of Detroit by either forgiving past indebtedness or crediting future payments to the State of Michigan or some combination of both; and

WHEREAS, The State of Michigan has recently become aware of \$429 million dollars in unanticipated funds. City Council strongly urges the State of Michigan and the Administration to negotiate an agreement by which past unpaid revenue sharing amounts that are owed to the City of Detroit, totaling \$220 million dollars, can be realized; and

WHEREAS, City Council is providing necessary fiscal checks and balances to maintain a balanced budget and addressing the City's accumulated and structural deficits through this deliberative process and has identified necessary budgetary reductions that are calculated to improve the City's financial situation. City Council strongly believes that the implementation of its 2011-12 budget, coupled with a well-conceived and smartly executed five (5) year Deficit Elimination Plan, the City's current financial dilemma will be appropriately addressed providing a brighter course towards future financial security; and

**BUDGET DEPARTMENT  
CLOSING RESOLUTION**

By COUNCIL MEMBER COCKREL, JR.:

WHEREAS, The 2011-2012 Budget provides appropriations to support operations of the City for the period July 1, 2011, through June 30, 2012, including salaries, wages, pension requirements, other employee benefits and other expenses, Now Therefore Be It

1. RESOLVED, That the 2010-2011 Official Compensation Schedule be amended and changes in wages, fringe benefits, and other conditions of employment be applied according to the White Book, 2011-2012 Wage Adjustments, this Resolution, State Law, labor contracts approved by the City Council, and for non-union employees according to recommendations made by the Labor Relations Division of the Human Resources Department and approved by the City Council, or by Executive Order of the Mayor in accordance with Ordinance No. 35-92 and the Circuit Court decision in Case No. 92-22029-AW and otherwise according to the following stipulations and exceptions.

a. Changes be applied to June 30, 2011 Official Compensation Schedule rates as listed in the published 2010-2011 Official Compensation Schedule and that pay rate computations resulting in total cents within a dollar shall be extended to the next higher dollar for salaried employees, and the next higher cent for hourly personnel, provided further that non-union salaried employees whose Official Compensation Schedule minimum and maximum rates are over \$20,000 per year, may, if these rates fall between even hundred dollar levels, upon recommendations of the Labor Relations Director, have these compensation schedule rates adjusted to the next higher hundred-dollar level.

b. Unless otherwise specifically provided by action of City Council, the changes shall not apply to elected officials, temporary employees appointed outside of the classified service in special grant operations, or those whose rates of pay are otherwise set by law, contract, or on a per meeting, per call, consultant, or per clinic basis.

c. Where application of the rate changes cause inequities, the Labor Relations Director may authorize compensating adjustments in pay to employees within the pay range for their classification if requested by the department head, and furthermore shall be authorized to make corrections in the 2011-2012 Official Compensation Schedule as required.

d. Where percentage adjustments are provided, individuals in classes affected shall generally have their June 30 payroll rates changed by that percentage, provided that by agreement of the department and the Labor Relations Director, adjustments within the range may be stipulated and portions of changes may, for training or other purposes, be provided only by the step increment approach or formula shown in the Official Compensation Schedule.

e. Adjustments for non-union classifications paid at rates equal to the rates for the same or equivalent union classifications shall remain equivalent during the 2011-2012 fiscal year.

f. Where a wage settlement in a labor agreement disrupts a traditional wage relationship with non-union classifications, the Labor Relations Director shall have the authority to recommend to City Council special wage adjustments for the non-union classifications affected.

g. Where provisions have been made in the budget for an overall pay adjustment, the Budget Director is authorized to allocate such amounts among appropriations as necessary; and be it further

**City Planning Commission**

May 19, 2011

Honorable City Council:

Re: Special District Review, 525 E. Jefferson, for Installation of a business sign at the Above and Beyond Orthopedics office in a PCA (Restricted Central Business District) zoning classification (Recommend Approval).

On May 10, 2011 the staff of the City Planning Commission (CPC) received a sign permit application for a business sign to be mounted on the proposed Above and Beyond Orthopedics office at 525 East Jefferson. The PCA (Restricted Central Business District) zoning classification in which the building is located calls for City Council approval of the location and design of exterior modifications following the review and recommendation of CPC (Section 61-11-96 of the Zoning Ordinance). CPC and Planning and Development Department (PDD) staff have reviewed the application and submit this report and recommendation.

**PROPOSED SIGN**

The proposed sign is made up of individual plastic channel letters. The proposed letters are 13 inches tall, with a 20 inch tall "Orthopedics" illuminated logo at the far end. The entire sign is 20 inches tall by 13-1/2 feet wide, a total of 32 square feet, and it would be internally lit (see attached illustration).

**REVIEW**

In accordance with the PCA provisions of the Zoning Ordinance (Section 61-11-97), reviews of proposed construction or modifications such as the signs proposed should be conducted in light of the following criterion, "Signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner." The proposed sign meets this criterion and would add texture and quality to the building. The size of the sign would be in accordance with what would be permitted in a non-PCA zoning district, pursuant to Chapter 3, Article VII of the 1984 Detroit City Code.

**RECOMMENDATION**

CPC staff has completed its review of the proposed sign, as has the Planning and Development Department staff. We find that the sign would be in keeping with the spirit and intent of the PCA zoning district. Therefore, staff recommends

approval of the location and design of the proposed sign. Please find attached the appropriate resolution to effectuate your Honorable Body's approval.

Respectfully submitted,  
MARCELL R. TODD, JR.

Director  
GREGORY F. MOOTS

By Council Member Jenkins:

Whereas, Above and Beyond Orthopedics desires to install a sign on the storefront at 525 East Jefferson; and

Whereas, The building is subject to provisions of Section 61-11-96, the PCA (Restricted Central Business District) zoning classification of the Official Zoning Ordinance of the City of Detroit; and

**Planning & Development Department**  
April 21, 2011

Honorable City Council:

Re: Request For Public Hearing.  
University City Rehabilitation Project  
No. 2. Development: 4722 Second.

The Planning and Development Department is in receipt of an offer from Wayne State University, a Michigan Constitutional Corporation, to purchase the above-captioned property for the amount of \$10,875 and to develop such property. This property is located within the University City Rehabilitation Project No. 2 area, contains approximately 7,231 square feet and is zoned R-6 (High Density Residential District).

During the mid 1980's, an agreement was reached between Wayne State University (WSU) and the City of Detroit providing for the sale and exchange of property to initiate development within the University City Rehabilitation Project No. 2 area. WSU proposed to develop 4722 Second into surface parking to accommodate the expansion of its Forest Apartments complex. This use is permitted as a matter of right in a R-6 zone. Although WSU did develop the above-captioned property into surface parking, the transfer of ownership and the land was never consummated due to an oversight on the part of the City and WSU.

The Planning and Development Department now wishes to proceed with the conveyance of 4722 Second to WSU, which proposes to continue to maintain the site as surface parking. The development is consistent with the Modified Development Plan for the University City Rehabilitation Project No. 2 area, adopted by the Detroit City Council on Ordinance 216-H, effective December 9, 1977. Presently, the University City Citizen's District Council has no active membership. A Public Hearing concerning this proposal will allow for all interested parties within the University City Rehabilitation Project No. 2 area to be heard.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing the advertising of, and

the holding of a public hearing concerning this offer on the 14th day of July, 2011, at 10:30 a.m.

Re: Petition No. 787 — Shangri-la Restaurant for Outdoor Café Permit at 4710-12 Cass Avenue.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene from April 1 through November 30, 2011.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroach-

ment on City right-of-ways has approved this request contingent upon the petitioners compliance with applicable City ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

The Department of Health and Wellness Promotion (DHWP) has approved this petition, subject to petitioner's strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from DHWP Food Sanitation Section.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards the above-referenced petition. Prior approval from the Central District Precinct does not cover serving liquor in outdoor café area until the Detroit Police Liquor License Bureau has given approval.

The Planning and Development Department (P&DD) is not aware of any objections from any other City Agencies involved. It is the recommendation of the P&DD that the petitioner's request be granted subject to terms and conditions provided in the attached Resolution.

Now Therefore Be It

Resolved, That it is hereby found and determined that the granting of an Obsolete Property Rehabilitation Exemption Certificate, considered together with the taxable value of Obsolete Property Rehabilitation Exemption Certificates and Industrial Facilities Exemption Certificates if previously granted and currently in force, will not have the effect of substantially impeding the operation of the local governmental unit or impairing the financial soundness of any other taxing unit which levies an ad valorem property tax with the City of Detroit; and be it further

May 19, 2011

Honorable City Council:

Re: Petition No. 967 — Detroit Seafood Market & PV Lounge for Outdoor Café Permit at 1435 Randolph St.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene from April 1 through November 30, 2011.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this request contingent upon the petitioners compliance with applicable City ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

Petitioner shall remove fence and all equipment of Outdoor Café by November 1, 2011.

The Department of Health and Wellness Promotion (DHWP) has approved this petition, subject to petitioner's strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from DHWP Food Sanitation Section.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards the above-referenced petition. Prior approval from the Central District Precinct does not cover serving liquor in outdoor café area until the Detroit Police Liquor License Bureau has given approval.

The Historic District Commission (HDC) has issued the Certificate of Appropriateness for this location last year based on approved site plan of 8' x 16' (feet) outdoor café area. Any deviation in size and location of last year outdoor café requires approval from the HDC through a hearing process.

The Planning and Development Department (P&DD) is not aware of any objections from any other City Agencies involved. It is the recommendation of the P&DD that the petitioner's request be granted subject to terms and conditions provided in the attached Resolution.

Respectfully submitted,  
ROBERT A. ANDERSON

Director

By Council Member Jenkins:

Resolved, That the Department of Public Works — City Engineering Division (DPW/CED) is hereby authorized and directed to issue a Use-permit to Detroit Seafood Market & PV Lounge, Detroit "permittee", whose address is at 1435 Randolph, Detroit, Michigan 48226, to install and maintain an outdoor café, which will convene April 1, 2011 through November 30, 2011, contingent upon licensee of such premises obtaining approval of the Michigan Liquor Control Commission, if necessary, and compliance with applicable City Ordinance in connection with outdoor café activities, prior to the issuance of said use permit; and

Provided, That the café meets the regulations set by the "Outdoor Café Guidelines" as adapted by the City Council and guided by Chapter 58, Section 50-2-8.1 of the City Code; and

Provided, That the petitioner obtains all necessary licenses and permits; and

Provided, That filing of said indemnity agreement for this current year shall be construed as acceptance of this Resolution by the "permittee"; and

Provided, That the permit shall not be assigned or transferred without a written approval of the City Council; and

Provided, That the petitioner follow the mandated minimum six (6) foot wide pedestrian clearance on the sidewalk, free of all obstacles such as existing planters, parking meters, utility poles, transformer boxes, etc., to allow for pedestrian movement; and

Provided, That the designated outdoor seating area shall be property identified through the use of railings in order to regulate and control the serving of liquor within the perimeter of the café; and

Provided, That if any tent or other enclosure is to be utilized on the subject site, the applicant shall secure prior approval from Building, Safety Engineering and Environmental Department and the Department of Public Works/City Engineering Division; and

Provided, That this use permit shall be for

a period not to exceed one year after receiving the approval of the City Council and may be renewable on an annual basis; and

Provided, That all railing equipment and fixtures shall be removed from the public right-of-way during the months of non-operation and placed in storage; and

Provided, That the outline and location of outdoor café is not to be different from previously approved site plan by the Historic District Commission; and

Provided, That a certified copy of this Resolution shall be recorded with the Office of the Register of Deeds for Wayne County by and at the "permittee's" expense;

Honorable City Council:

Re: Petition No. 752 — Taktix Solutions, LLC request vacation of the north-south public alley located west of Vermont and east of Huron between Pine and Spruce to support single family residential housing.

Petition No. 752 of "Taktix Solutions, LLC", on behalf of the Corktown Housing LLC, request for the conversion of the North-South public alley, 20 feet wide, in the block bounded by Spruce Street, 50 feet wide, Pine Avenue, 50 feet wide, Huron Street, 50 feet wide, and Vermont Avenue, 50 feet wide, into a private easement for the utility companies.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All City departments and privately owned utility companies have reported no objections to the conversion of public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of this resolution.

I am recommending adoption of the attached resolution.

Honorable City Council:  
 Re: Petition No. 744 — Kap's Wholesale Food Services, Inc., request to close a portion of Maple Street within the triangular block of Maple, Russell and Gratiot.

Petition No. 744 of "Kap's Wholesale Foods, Inc." request the conversion of a portion of Maple Street, 50 feet wide, between Gratiot Avenue, 120 feet wide, and Russell Avenue, 50 feet wide, into a private easement for utility companies.

This request will facilitate better security for receipt, staging, and out-of-town truck trailers to Kap's Wholesale Food buildings.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All City departments and privately owned utility companies have reported no objections to the conversion of public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

**TESTIMONIAL RESOLUTION FOR MISSIONARY TEMPLE CHURCH OF GOD IN CHRIST 45th Church Anniversary**

By COUNCIL MEMBER SPIVEY:

WHEREAS, While serving faithfully as Assistant pastor of Grace Temple Church of God in Christ under the leadership of Pastor James Taylor, the Holy Ghost moved upon Elder Golden Ferguson to expand his ministry. Though admonished by his wife Ruth Ella Mae Caldwell Ferguson, to make his "calling and election sure", Elder Ferguson was certain

that he had heard from God. On April 24, 1966, Missionary Church of God in Christ was officially opened at 11828 Grand River Avenue, a storefront on Detroit's Westside. Superintendent Clifford Williams preached, "An Open Door", 1 Corinthians 16:9. Among those in attendance on opening day were the pastor's wife Ruth, his three daughters: Ramona, Phyllis and Karen (his son Eric came later) and his former Pastor, Elder James Taylor; and

WHEREAS, Early supporters of the church included his sisters Ruby, Selma, Hilma and his brother Roy, now elevated to bishopric; his friends from Louisiana, Andrew and Missionary Marie Wilson. In 1968 Minister Weathersby invited Margie Luter (Morast) and her children. She invited Geraldene and James McCree and their family. While working at the Dodge Main Plant, Minister Weathersby invited Abraham Williams, Sr. his wife, Hattie and their children joined later; and

WHEREAS, The spirit of evangelism rested on Pastor Ferguson. Refusing to entice members of other congregations to join him, he was diligent in reaching out to the community. Carolyn Kelly; Betty Schaeffer and family; Mother Dobar; William and Elizabeth Yarbough; and Betty Buford and family joined during this outreach. Other members during that time were Minister Mauldin and Elder A. V. Miller and family, to name a few. Souls were added until the sanctuary could no longer accommodate our growing congregation; and

WHEREAS, In late 1969, the church moved to a single story office building at 16194 Wyoming. There the name changed to Missionary Temple Church of God in Christ; and

WHEREAS, In 1971, Laura Fox and family, lived in the neighborhood, joined the church. Pastor Ferguson called a five day and night Shut-In during the Christmas holiday. That time of consecration was but a precursor to the revival that broke out in the Watch Night service. Souls were saved. Bodies were healed. Among those delivered were the late Mother Jessie Curney and Sis. Perlotte. Pastor Ferguson remembered this as one of the most wonderful periods of physical and spiritual growth in the church's history.

WHEREAS, In April of 1972, God led Carolyn Hunter to join with her children. Her niece, Valerie Hunter (Minnie) invited Donald Morast. He later invited his relatives: Peggy Morast, Lee Morast; Lavonia and Marketa Ayers; Beverly Curney, Cleveland Curney and family, Clarie and Wilford Fairley and family; and Anthony Washington. His mother, Helen Curney joined later.

WHEREAS, In 1973, relatives of Laura Fox were added to the congregation. Ronald and Anne Calhoun and family;

Ronald's grandmother, Mother Maggie Calhoun and his cousin, Lachelle Whitaker and her children joined later. Anthony Washington invited his good friend Wilfred Matthews. He and his sister Yeanina Matthews (Ferguson) joined. Their mother joined later; and

WHEREAS, During a revival in early 1974, Missionary Mary Chapman brought a group of youth from Ferndale, Michigan, which included Marcus Ways. Later that year Karen Ferguson invited her school friend, Patricia Meekings (Ways). As a result, her mother Lola Walker, siblings and Aunt Linnie Smith and her children were added to the congregation; and

WHEREAS, The church continued to grow from 1971 through 1974. Consequently, the church added a second level to the edifice. Some of the members who joined were Benita Jones (Starkey), Denise Brown (Porchia), Sandra Owens, Cecil and Annette Williams, Cynthia Johnson, Angela Plummer, Cynthia Plummer (Price), Roy Walters, William Litton; and

WHEREAS, As the membership matured, Superintendent Ferguson and others saw a need for a more convenient facility. In 1990, the church moved to the current location, 16217 Wyoming. The leader's vision coupled with prayer and support from the membership enabled the church to liquidate the debt within five years. The wisdom and financial provisions made for the church by the founding first lady Missionary Ruth Ferguson will never be forgotten; and

WHEREAS, In February 1991 Bishop John H. Sheard installed Elder Eric Ferguson, having been nurtured by his father in the gospel, as co-pastor. Sometime later, Elder Wilfred Matthews and Elder Roy Walters were appointed Assistant pastors; and

WHEREAS, After the death of Missionary Ruth Ferguson, Superintendent Ferguson decided that he did not wish to be alone. He later married Missionary Osrene Brummell. She fulfilled her duty as the Pastor's Wife and continues to serve faithfully as a member of our congregation. We praise God for all of the members who have united with us since moving to this new sanctuary; and

WHEREAS, Superintendent Golden Clay Ferguson was called to eternal rest November 10, 2002, leaving an enduring legacy. Bishop John Sheard served as Interim pastor. **COMMUNICATIONS**  
**FROM MAYOR AND OTHER GOVERNMENTAL AGENCIES**  
**Mayor's Office**

June 1, 2011

Honorable City Council:

Re: Disapproval of City Council Amendments to Bing Administration's Proposed Fiscal Year 2011-2012 Budget.

The City Clerk has forwarded me your proposed amendments to my Administration's First Year 2011-2012 Budget as found in the *City Council Fiscal Analysis Schedule B* and in *The Detroit City Council 2011-2012 Financial and Budgetary Priorities, Public Policy, Planning and Action Resolution*, which were adopted by your Honorable Body on May 24, 2011 by a vote of 8-1. In accordance with Section 8-208 of the 1997 Detroit City Charter and Section 18-2-22 of the 1984 Detroit City Code, I hereby veto your proposed amendments.

Your Honorable Body's proposed amendments do not affect the structural issues that are negatively affecting the City's finances. Instead, your proposed amendments would negatively impact core services that are expected and deserved by our residents, business owners, and commuters.

Your proposed amendments to reduce the budget for the Detroit Police Department by \$8,352,838 and the Detroit Fire Department by \$4,123,328 will drastically compromise public safety. These cuts represent more than one-third of DPD's budget and two-thirds of DFD's budget for operating supplies, vehicles, and other necessary resources. These cuts will do nothing less than result in fewer police officers on the street and increase response time for police, fire, and emergency medical services runs.

I appreciate your Honorable Body's cooperation in helping to realize a \$61 million initiative from the Pension Systems. However, our escalating health care costs must be a higher priority than issuing layoffs and further reducing services already severely impacted by prior years' cuts. Implementation of Governor Snyder's 80/20 proposal would save the City \$35 million, and reduce the risk of further State revenue sharing reductions.

It should also be noted that the proposed layoffs by your Honorable Body would result in an immediate cash flow reduction of \$7-10 million as a result of required payments for accrued vacation and sick time bringing us that much closer to the appointment of an Emergency Financial Manager.

The Detroit Department of Transportation budget reduction could eliminate Sunday bus service. The reduction of \$7,880,782 will significantly impact bus services to residents who do not have any other means of transportation for work, worship or recreation. In addition, the Detroit People Mover, with your proposed reduction of \$4,405,335, will result in the necessity to shut down the rail system. The City must then repay federal grants for the People Mover, and puts the Woodward Light Rail System in jeopardy.

The proposed cuts of \$3,293,551 to the Recreation Department will cause the closure of recreation facilities, negatively impacting our youth and seniors. In addition, the proposed amendments will also eliminate our ability to maintain Hart Plaza, forcing the cancellation of revenue-generating summer festivals.

As Chief Executive for the City of Detroit, I cannot, in good conscience, permit our residents, business owners, and commuters to be denied essential services when other practical and long-term solutions are available. For the reasons stated above, I must veto your proposed amendments to my Administration's Fiscal Year 2011-2012 Budget.

Respectfully,  
DAVE BING  
Director

Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Kenyatta, Spivey, Tate, Watson, and President Pugh — 7.

Nays — None.

#### **VOTING ACTION MATTERS**

**COMMUNICATIONS FROM MAYOR AND OTHER GOVERNMENTAL OFFICIALS AND AGENCIES:**  
NONE.

#### **PUBLIC COMMENT**

**Citizen spoke in behalf of Ms. Miller (Ms. Secore[sp])** regarding of Simon's Pizza. He is in support of Simon's Pizza remaining at Cobo Hall and asks Council to do something to help them stay because they should exist where they chose to exist. He ask that you talk with the Mayor regarding the budget cuts to Police, Fire and EMS and find a way to manage our city so that we can feel comfortable at home and that our city will be inviting to others.

**Hines, Keith M.** recites history of Mr. Cobo and he quote from a rally "We do not want them here" referring to the Lafayette Park Anthony Freeway.

**Marie Butler** spoke in support of Simon's Pizza remaining at Cobo. She stated her father was not able to read or write but he work in the foundry and was able to buy a home, car and own his own restaurant. Ms. Butler appreciates big business but why would you say to a business that pays taxes and has kept their business for 30 years in a viable area have to go? She indicated that when new people come from other corporations, 2,000, 3,000 or possibly 5,000, that would change the landscape of the voting.

**Liz Blondy** stated in 2005 she open Canine on Cass Ave., a dog day care. She purchased her business and the property to the north from the city and has invested over \$300,000 in her property over the past 6 years. Canine to 5 has grown and they now have 12 full time and three part-time employees who service over 300 dogs per week. City residents as well as commuters who drive to work in downtown Detroit each day utilize their services. She has paid over \$8500 dollars in income revenue and over \$6,000 in property tax revenue since they open. Her addition will create five new jobs and pay a substantial amount of property tax revenue to the city. She has been an active participant in the community and with a partner; she started Open City, a small business forum that has help other small businesses open in the city. She has donated time, money and services to the Detroit Riverfront Conservancy, the Clark Park Coalition, Detroit Rescue Ministries, Mercy Education Project, and several others. Canine to Five is at capacity and she cannot continue to grow her business unless she expands. The only viable solution is for her to purchase the two adjacent lots to the south of her building to build her 4,000 sq. ft. addition in which she plans to invest over \$400,000 with the help of SAP loan. City Council has reviewed her typed plan.

**Mr. Deegan, Pat** spoke on behalf of Liz Blondy and her business. Mr. Deegan is a long time Detroit resident, small business owner and long time fiancé of Ms. Blondy. He supports Ms. Blondy and states that she has been extremely active in the community and a big support of community gardens, which there has been some contest by neighbors who has, use that property. They will help and support in any way they can to create relocation. They want to make sure that you understand that they will bring tax revenue and jobs to the City.

**Fields, Richard** is asking Council to stay in touch with Centerplate and Cobo Regional Authority on behalf of Simon's Pizza and to restore money to the Police, Fire and EMS. As a reminder for Council, Proverbs 11:14 says, "Where there is no Counsel the people fall but in the multitude of counselors there is safety." Council watch over people and should always be involve with setting things right.

**PRESIDENT PUGH** stated that he and Council Member Watson met with Centerplate and they were trying to kick Simon's Pizza out a year ago. We explained that they are new to this community and they cannot come and start kicking people out because of a violation of a contract. Council fought hard to have Simon's Pizza stay. We feel that they stayed as long as they have because of the things Council were doing behind closed doors fighting for them. President Pugh stated that he is not someone who goes down easily and he believes that after something bad happens, you still can win. His point is that although they may not be located in Cobo because of some contract, this should not be the end of Simon's Pizza. We will help them as much as we can in terms of connecting them with loan funds and other opportunities to open in a location that might be near Cobo and may become more successful because foot traffic not going into Cobo cannot see Simon's Pizza. This is not the end of Simon's if we work with them to make sure that they are still successful; this is sure he and every member of Council plans to do.

**WATSON** stated that she thanks President Pugh because he made the CEO of Centerplate in Connecticut fly in Detroit to meet with us at 7:30 a.m. The Authority does not have to meet with Council; Council is not in it any more on the Executive Branch. They were putting Simon's out last year and the year before that Aramark was putting them out two years before that. Council is not through fighting for Simon's and they have been there longer because of City Council.

**Pollard, Tony** asked if Detroit Department of Transportation management has offered an alternative to increasing the fare box or proposing a ballot for next year or this year to raise a tax rate to cover city operations. He asked if light rail in the budget on the chopping block and why does not the City has the option to take if off the tract if it is not profitable for the City.

**PRESIDENT PUGH** states that Council has not received any alternative proposals in terms of raising fare. The fare for the people mover has been \$.50 since its inception, which is irresponsible if you are trying to generate revenue. For the 2011-12 budget, President Pugh is not sure that there is anything in the budget that deal with Woodward light rail. He does not believe that it is. He stated that they are still in negotiations; this a new project and these are ongoing discussions. President Pugh encouraged Mr. Pollard to attend all of the public hearings and public meetings about the construction of Woodward light rail and urged him to speak with someone from the Mayor's Office.

**Pollard, Tony** stated that we spoke with

someone from the light rail program and they said that the City of Detroit did not have the option to take it off and he considered this an outrage.

**WATSON** states that she has been an activist of Rapid Transit for many years and well aware that Detroit is the only major city in the nation that does not have rapid transit; anywhere where it is populated well, there is rapid transit, which it needs to be. The Metropolitan SEMCOG Coalition did a study, when Bob Lynn chaired, four years ago show that every \$1 you spend on Light Rail, \$8 follows it in economic growth. It would be financially irresponsible for this city not to have rapid transit. She stated that we need more than that running down Woodward. We need rapid transit all over the city of Detroit because where Rapid Transit is, jobs follow and economic growth occurs.

**PRESIDENT PRO TEM BROWN** concurred as he and President Pugh was on the SEMCOG board that for every \$1 invested, it would create \$8 of economic impact. There is no fare box in the country that will pay for transportation system. We need a regional funding source in order to pay for regional transportation in the city. Until then, we are going to be bleeding between 55 and 65 million dollars a year out of our general fund. We need the system to create jobs and economic development; a regional funding source in order to pay for it.

**Lewis Smith, Law Department**, states that the next meeting of the Cobo Authority is Thursday, June 23, at 8:30 a.m. Cobo Center, Floor D2, rooms 9 and 10.

**Marcus Anderson, the owner of Anderson Paint Store**, requests information concerning a project called Complete Street. He believes that there is marketing for walkways and his store is a supplier. They supply traffic marketing paint and tape for symbols. They are currently certified with the City of Detroit, Wayne County and with ten states with the Department of Transportation. They look forward to working with the City and they will give the City the best deal in discount prices.

**WATSON:** We want someone from Purchasing and the Mayor's Office to assist Mr. Marcus Anderson. The public street money requires diversity as you give opportunity to people who live in your neighborhood.

**Sylvia Pettway** thanked Council for assisting in protecting her home from foreclosure, which was due to a Detroit Water Board billing error. The Water Board made some concessions. However, I feel that the actions the Water Board took need to be reviewed. The Water Board first offered her a \$4,000 water credit, which was unacceptable. They did not address her delinquent tax problem. The second attempt was adjustments to my 2008, 2009 and 2010 taxes; although, she

was thankful the adjustments but feels that the board actions is very questionable. They did not clear her 2008 balance and she yet has \$3,028.64 delinquent taxes of which \$1,095.20 are late fees. Her home is yet in foreclosure status. The Water Board required her to pay \$125 to turn her water on and \$385.77 before would adjust her taxes. This is a total of \$510.77. I am once again asking your help in addressing this issue.

**WATSON** states that her office and President Pugh's office worked closely with Research and Analysis Division and the Water Department to resolve some of the issues but his late fee should be waived, eliminated and she is asking her office and President Pugh's office to assist her now. It was their mistake and she should not have \$1,000 in late fees. There should be nothing attached to her property taxes and she does not owe \$500 more because they over charged her in the beginning. They were charging her before she got the house when the water was running free. Council needs to go the last mile and help make sure that these error fees get removed from her billing.

**Sylvia Pettway** states that she does not want this to happen to any other citizen.

**Minister Shabazz** states that he understands that they can go somewhere else but where else will Simon's Pizza have the opportunity to make 30 thousand dollars in a day like some of the other businesses in Cobo. This is the reason why we do not need an Authority. We own the building but we have no juice. They regionalized our court system; Recorder Court, Water Department, schools and our deficit continue to grow. Vision IT, the number one majority contractor in DPS, has not been paid for a year of work that has been done. Compuware has been paid 1.2 million dollars in advance for work it has not done. These are the problems we are having in Detroit and he states that Detroit is for everyone but everyone has to include us. We want to be included in Cobo and in DPS. He was glad to see his Latino brothers and sisters; we are Detroit. Perception can become a reality. Now is not the time to cut police, fire and EMS.

**PRESIDENT PRO TEM BROWN** states that he would never do anything that would put police officers in harms way and he does not think anyone at the table would do that. Detroit had residency but Police and Fire unions around this state that put their monies behind legislation that eliminated residency. Administration has bent over backward to get those same employees to move back into the city by offering them houses in English Village for \$1. We may find a way to do that for other city employees but is has only been at this time for public safety offi-

cers. All other city employees, all other 46 unions, have taken a 10% pay cut and ASFCME was imposed 20%; all unions except Police and Fire. We have not ask them to sacrifice one dime. This body has asked their budget to give back 2.5%. The Police Department has a 224 million dollar budget. We have not asked the officers to sacrifice and give 10% of their salary but only 8 million dollars of 334 million dollar budget. It is unfair to the other city employees that are sacrificing not to ask the Police and Fire to also share in the sacrifice to the tune of only 2.5% of their overall budget. There is no coalition between layoff and 8 million dollars cut out of your budget when you budget is 334 million dollars. We can all go and show them where they can find 8 million dollars out of 334 million dollars. There needs to be no layoffs. It is irresponsible to put that out publicly.

**TATE** suggested that citizens who paid to park go down two floors on 11 and let the Mayor hear their concern.

**Ms. Garcia** states that Southwest Detroit is still here and they pay their taxes and she wrote a letter on the 26th of May and wants the process reviewed and self-determination of their community. She states that we want Council to review the letter and the process suggested.

**WATSON** asked that this issue be line item for the appropriate committee because a worded letter sent to all Council Members' offices that laid out the issues and the response they would like from us. I believe the Planning and Economic Development Committee.

**PRESIDENT PUGH** referred this matter to Planning and Economic Development.

**Citizen of Southwest Detroit** echoed with her sister Garcia in regards to the Mercado. She wants to know what the process is and what is happening with Mercado. The community has been in darkness for years. A letter was written to MCDC Board asking to come before the Board and the completely ignore us. Most of the people on the Board do not live in Detroit; they live in Grosse Pointe and other areas. The President of that Board is Dr. Fitzsimmons(sp); she was at Latino Family Services. Someone of the Board is working for Southwest Solution who bidding to take the Mercado free of charge. They want the Mercado but they do not want to pay anything for it. I think that is a conflict of interest.

**PRESIDENT PUGH** requested that Ms. Garcia and citizen speak with the Director of City Planning Commission to let you know what our options are in moving forward. Mr. Todd can take you in the conference room and get the ball rolling.

**Mr. Joseph Stokes, Jr.** stated that he had a kidney transplant a few years ago plus a loss of income. His wife had breast cancer and loss of income. His son killed

December 19, 2010, at a club. Chase Bank is kicking him out of his house. He went to modification and it took him eleven months to give them papers and every other month that he send the papers, they ask for more. Now he is behind 8 to 10 thousand dollars and they are getting ready to kick him out of his house without the modification. He is one of thousands of people in Detroit who are going through this and he cannot understand why it is taking so long to give him a change to lower his interest rate. He has been in his home for 32 years. He has many health problems and he does not see any outcome. The Mayor says he is shortening the City; the Mayor does not have to because the banks are doing it for him.

**PRESIDENT PUGH** stated to Mr. Stokes that the young man in the vest coming his way is going to connect you because the Wayne County foreclosure prevention program is extremely helpful because they help me and they can help you. They are good.

**WATSON** stated that her staff would talk to Chase Bank on his behalf.

**Helen Moore** speaking for the low income stated that weatherization, funding and a budget set aside for low income is needed. They cannot afford to live in a 125 thousand dollars home downtown. They cannot afford that. Money needed for the mental disabled, those displaced citizens and a budget of what Council thinks is fair for the low income. There should not be any cut for EMS and police.

**Dampsey Addison** stated that she met with the Finance Director and indicated that she is opposed to centralizing the accounting systems in the grant-funded program. She received information from two reliable sources that he wants to take grant-funded dollars and put it in the general fund. He denied it and became belligerent, threaten and bullying, which I will file charges. When you take those finance systems from the grant-funded programs, it cripples operations. The reason you cannot get anything done is the Finance Department as it is just goes through that process and tie up money for almost a year. We have unexpended funds that we have to send back to the Federal Government. This Mayoral Administration should be dealing with the Finance Department and his appointees that carry out bad plans and decisions. She represents headstart and Council is the governing Board of Headstart. He has no authority to move headstart accountants out of the Headstart program and place it under his departments.

**Ms. Addison** submitted a proposal to generate dollars for the City of Detroit and create jobs. You said you would analysis it and give me a response, you are cutting and cutting and you are not producing

plans to generate dollars. She submitted plans to generate millions of dollars.

**Denise Gardner**, Mayor's Office stated that the accounting of grant funds moved to the Finance Department. Due to the allegations brought forth regarding the Human Services Department, this prompted Administration to bring all of the accounts that were responsible for handling grants funds (change of thought) . . . grant funds for the Department of Human Services has been moved to Finance Department for a level of oversight.

**WATSON** requested that the issue be line item from the Budget, Finance and Audit Committee regarding the entire issue of the six accountants that Mr. Lijana removed out of Human Services and the Federal Grant into general fund finance accounting. There is a difference how you handle Federal Funds and general funds accountability which will put the city in further jeopardy if people who are not subject matter experts get involved in Federal Funds.

**PRESIDENT PUGH** request to refer it to Budget, Finance and Audit.

**Mr. Donald Seigel** asked Council to have the Member who voted for the Presbyterian Village to make a motion to reconsider so that this could be an environmental impact statement. In Brush Park where this village is, it is a place where asbestos goes out free as the wind; strange things are in the soil, there are health problems that people have and some has died. He thinks that this could be a focus of a suit. He stated that Council directs this to Research and Analysis Division because there are too many violations of City, State and Federal Law.

*(Citizen did not complete public comment card)* **Citizen** is an exile school board member from District 2. She expressed support for self-determination in her community in District 2, Southwest Detroit, and Latino community is losing ground every day. With public bodies such as the school board are subject to open meeting act but have no power to make decisions, spend money or do those things that public officials should do; yet, we have to operate in the open or be liable. Private interest and foundations are able to make huge decisions without telling anyone. They can do no bid contracts. There is a rumor plan that the Mercado, a welcome center is about to become owned by Southwest Solutions which is about to house a charter school there. She would like for Council to pay attention and investigate the bidding process and zoning laws, which has turn their community into a large group home with supervision. People who live in the Community are over burden with a tax burden for taking care of people who do not pay taxes because non-profits own them. She is asking Council to investigate

on a higher level. This affects voting rights, residents, taxes, schools and businesses.

**PRESIDENT PUGH** stated that Council has referred this matter to Planning and Economic Development.

**WATSON** states that she remember when much Economic Empowerment Zone money that did not come to the center part of Detroit. At the request of Southwest citizens who demanded that Empowerment Zone money provide for them . . . *change of thought* . . . How did you let someone who does not live in the Community take over the welcome center?

**Citizen from audience voiced**, "It was not us."

**COCKREL, JR.:** The reason I was late today because I was attending my youngest son kindergarten promotion ceremony. Regarding this issue, may we get a summary of events and a timeline with everything that is going on with the Mercado and I am recommending that CPC prepare that and submit it to the Council as soon as possible.

**PRESIDENT PUGH** indicated that Mr. Todd is speaking with them and asked someone from CPC to make sure that we get that request.

**WATSON:** Also, detail the amount of Empowerment Zone money that went into that.

**Maddox, Marguerite** asked why is it hard for low income to get a good apartment; she and her partner are denied access in public places which is against the law and they are denying us the right to eat in restaurants. She reminded Council of Dog Week in August and asked that Council educated the public about the different kinds of service dogs.

**WATSON** suggested that CPC address making all public buildings and private buildings AVA compliance; also, assisting Ms. Maddox and other who have disabling conditions with access to apartments that they could have access to renting.

**Ms. Reed** representing the Lenox Block Club spoke regarding the apartment building on Jefferson where the firefighters were hurt. Ms. Reed stated that the building has been open several times and this is her fourth time having it boarded. She would like for someone to come and secure the building. She suggested releasing criminal prison to help in the community. The address is 13115 and she would like to have someone come and secure the building. She states that we need speed bumpers in Detroit.

**Mother Ruedell Holmes** prayed for Council and Detroit.

**Stacie R. Streeter(sp)** a downtown resident and a member of Downtown CDC. She is a supporter of Simon's Pizza. On June 6, she protested in support of Simon's and Mr. Tom Comstad(sp) is the principal of Star Constad, a public relations firm reneged on having a meeting with all interested parties before evicting

Simon's Pizza. Member Watson, during the June 2 Council Meeting, made a request to RAD and Law Department concerning the contract discrepancies; she is asking what is the status of that request and have they reviewed the contract for violations as it related to Simon's Pizza.

**WATSON** states that the request was made in the Neighborhood and Community Service Committee, chaired by Member Kenyatta and the request will come back to that Committee which meets on Thursdays at 1:00 P.M.

**Debra MiVer**, a downtown resident, completed public comment card but did not speak on bedbugs.

#### City Planning Commission

June 8, 2011

Honorable City Council:

Re: Fourth General Text Amendment to the Zoning Ordinance (expanded), Chapter 61 of the 1984 Detroit City Code (Petition #793) (Recommend Approval).

#### BACKGROUND

Three separate, proposed text amendments to the Detroit Zoning Ordinance, Chapter 61 of the 1984 Detroit City Code, have been reviewed and approved by the Law Department.

- The Fourth General Text Amendment, inclusive of Petition #793, Detroit Club (recommended for approval by the City Planning Commission on February 17, 2011).

- Zoning Ordinance Text Amendment to provide for "Youth Hostels/Hostels" (recommended for approval by the City Planning Commission on April 21, 2011).

- Zoning Ordinance Text Amendment for consistency with Michigan Planning Enabling Act and to repeal "conditional rezoning" provisions (recommended for approval by the City Planning Commission on June 2, 2011).

Due to time sensitivity, a desire for great efficiency with the public hearing process and the fact that the three proposed ordinances overlap in certain provisions, Law has combined the three ordinances into one expanded Fourth General Text Amendment.

#### BACKGROUND

##### *Interdepartmental Working Group and Detroit Club (Petition #793)*

The bulk of the proposed ordinance is the result of the deliberations of the Interdepartmental Working Group (IWG) representing City Planning Commission (CPC), Buildings Safety Engineering and Environmental Department, Board of Zoning Appeals, Planning and Development Department, and Law Department. Since the adoption of the Third General Text Amendment to the Zoning Ordinance (Ord. No. 44-06, effective December 21, 2006), this working group has continued to consider needed and appropriate changes to the Zoning Ordinance.

Although there are numerous issues of substance that remain to be addressed, the Working Group determined it to be appropriate to proceed with those matters already reviewed and decided upon by the group in light of the recently submitted Petition #793. This petition, submitted by the Abbott Nicholson law firm, requested a text amendment to allow for rental halls in the PCA (Restricted Central Business)

District, where they are currently prohibited. Originally, the firm sought the rezoning of 712 Cass Avenue; staff advised against such a map amendment but offered to prepare a text amendment that would bring about the same result for the petitioner.

##### *Youth hostels/hostels*

In January, 2011, the CPC was presented with a proposal from Ms. Emily Doerr, the principal agent of Hostel Detroit, a non-profit organization, to establish a youth hostel/hostel within the City of Detroit. The location of the proposed hostels is at 2700 Vermont Avenue, in the north Corktown area. However, current Zoning Ordinance regulations do not reference youth hostels or hostels. CPC staff then conducted a nationwide survey of over 40 U.S. cities which currently have approximately 80 youth hostel(s)/hostel(s) in operation, to determine best practices for regulating hostels. This research resulted in the CPC drafting a text amendment to allow for the addition of the new law use category, "youth hostel/hostel," as well as the addition of specific use standards, parking standards, and a definition. Hostel Detroit has also petitioned the City to rezone the block containing 2700 Vermont Avenue from an R2 (Two-Family Residential) to an R3 (Low Density Residential) zoning district classification.

##### *Planning Enabling Act-mandated provisions and repeal of "conditional rezoning" provision*

This part of the text amendment is the result of the passage of the Michigan Zoning Enabling Act and the Michigan Planning Enabling Act, in 2006 and 2008, respectively. These acts replaced all previous acts that formerly enabled planning and zoning in Michigan. In the Michigan Planning Enabling Act, a deadline of July 1, 2011 was given for jurisdictions to amend their ordinances to fully conform to the provisions of the Act (MCL 125.3881).

In addition, at its meeting on March 31, 2011, the City Planning Commission (CPC) voted to repeal the existing provision for conditional rezoning (Section 61-3-82). At that meeting, CPC and Law Department staff made a presentation to the Commission regarding deficiencies in the Zoning Ordinance's conditional rezoning provision, which does not sufficiently support the City in its duty to protect the public interest. Staff advised the Commission that the provision should be strengthened, and also that it could be repealed. The Commission voted to repeal the provision for conditional rezoning. The proposed text amendment would effectuate that repeal.

##### **SCOPE OF THE PROPOSED TEXT AMENDMENT**

##### *Interdepartmental Working Group and Detroit Club (Petition #793)*

The proposed text amendment gener-

ated by the IWG includes numerous substantive revisions and four (4) areas of non-substantive edits affecting more than one hundred sections of the Zoning Ordinance.

Key among the substantive provisions are those dealing with the PCA (Restricted Central Business) District: the district is renamed (Public Center Adjacent, Restricted Central Business) and the use list is expanded to allow for rental halls, assembly halls, brewpubs and microbreweries, and various clinics.

A new land use, small distillery, is added to the ordinance and is regulated in the same manner as brewpubs and microbreweries. Use regulations for several uses are clarified and expanded: used tire sales and service; indoor storage, handling, and/or transfer of waste and scrap materials; arcades; and check-cashing services.

Certain development standards for parking lots are updated and generally applicable landscaping and screening standards are also clarified and revised.

#### **Youth hostels/hostels**

Regulations for youth hostels/hostels are proposed for the Zoning Ordinance and regulated similar to bed and breakfast establishments with some differences. The CPC considered it very important to develop regulations so that illegal "group living" land uses, particularly in residential neighborhoods, not try to pass off as "youth hostels/hostels." A summary of the proposed regulations are as follows:

- The proposed amendment would newly add youth hostel/hostel as a "conditional" retail, service, and commercial use within the R3, R4, R5, R6, B1, B2, B4, and B5 zoning classifications.

- The following use standards are to ensure the proper operation of any youth hostel/hostel:

- To require 24-hour management staffing when occupied;

- To require common interior space for residents;

- To require lockers or a locked luggage room;

- To require smoke alarms and fire escape plans in each guest room;

- To limit renting the accommodations to an individual for a maximum of 14 days and require a minimum of 21 days between stays for repeat visitors;

- To require lavatories and bathing facilities;

- To restrict the identification signage allowed;

- To require lodgers to provide identification;

- To prohibit lodging by minors under the age of 18 without a parent, legal guardian or adult leader;

- To require management to adopt, inform, and post rules of conduct, including curfews, prohibition of controlled sub-

stances and alcohol, prohibition of pets, and no amplified music;

- To require, within a year of obtaining a land use permit, an affiliation with a national or international hostel association; and

- To limit the building occupancy to that established by the Buildings, Safety Engineering and Environmental Department.

- The proposed amendment would require one parking space be provided per employee.

- The recommended definition of youth hostel/hostel would include, in part, not allowing hostels in buildings constructed for single- and two-family dwellings; requiring the hostel to be operated by a non-profit organization; and stating what types of uses it does not include.

#### **Planning Enabling Act-mandated provisions and repeal of "conditional rezoning" provision**

This part of the text amendment provides for:

- Appointment of members and selection of officers; added section on selection of officers and advisory committees.

- Removal of members: Establishes procedure for removal of Commissioners due to misfeasance, malfeasance, or non-feasance.

- Provisions requiring bylaws, maintaining public record, an annual report, holding meetings, and complying with the Open Meetings Act and Freedom of Information Act.

- Staff and technical assistance: In addition to authorizing the employment of a director, staff, and contracting for services, a provision requiring other officials, agencies, and departments to provide information and assistance necessary to carry out planning duties.

- Repeal of Section 61-3-82, Conditional Rezoning.

#### **RESULTS OF THE PUBLIC HEARINGS**

##### **January 6, 2011 hearing: Interdepartmental Working Group and Detroit Club (Petition #793)**

The CPC held the statutorily required public hearing on January 6, 2011. Speakers included three members of the public and staff from the Board of Zoning Appeals.

One speaker identified three businesses as particularly problematic in her area: **check cashing facilities**; **"we buy gold"** stores; and **used car lots**. *The Commission acknowledged the concerns with all three uses and has directed CPC staff to prepare stand-alone text amendments relative to check cashing facilities and used car lots. The provisions included in the attached ordinance address the concerns relative to "we buy gold" stores as secondhand jewelry stores.*

A second speaker endorsed the proposed, tighter provision for **used tire**

**sales and service** while echoing the concern over **check cashing/payday loan** facilities and **“we buy gold/we buy pawn tickets”** businesses. She also pointed out an apparent inconsistency between Sec. 61-4-90 of the Zoning Ordinance, where the BZA is directed to provide notice of hearings for variance requests not less than 10 days prior to the public hearing and Sec. 61-2-46, where the BZA is directed to provide notice not less than 15 days prior to the hearing. Fifteen (15) day notice is consistent with the Michigan Zoning Enabling Act.

A third speaker voiced his concern over **gas stations that display and sell used cars**. *This combination of uses is already appropriately addressed in the Zoning Ordinance and is a matter for enforcement by BSEED.*

BZA Assistant Director, Lyall Hoggatt (subsequently Director Tyrone U. Miller), presented concerns over five of the proposed substantive provisions in the ordinance. *Inclusion of these items in the attached text amendment was deferred for further consideration.*

#### Rental halls in the Central Business District

Subsequent to the January 6th public hearing and prior to taking its vote on the proposed text amendment, the Planning Commission directed staff to confer with the Police Department relative to the initially proposed inclusion of rental halls as a “by-right” use in the PCA District (Restricted Central Business District), specifically the Detroit Club site at 712 Cass Avenue and W. Fort Street.

CPC Staff met with Commander Kenneth Williams of the Central Events division and Lieutenant Vicki Yost of Vice on February 8, 2011. Staff displayed the map identifying the areas downtown that are zoned PCA: 18 blocks, west of Woodward, south of Michigan Avenue; 10 blocks, east of Woodward, south of Cadillac Square, E. Congress. The Police indicated that the proposed change raised significant policing concerns.

Their experience was of considerable, late night/early morning congestion and activity (including shootings and drugs) in the vicinity near the Detroit Club on Saturday nights when several nightclubs close at the same time. They noted that the lack of sufficient forces makes policing the area difficult without the addition of rental halls, which often bring in underage patrons who can’t patronize the nightclubs.

At a subsequent meeting of the Interdepartmental Working Group on February 9th, staff reviewed the concerns of Detroit Police in light of the proposal from the Detroit Club. Insofar as the club’s membership is reportedly aging and dwindling, continued operation as a private club was acknowledged as untenable. The club’s

building at 712 Cass Avenue is, architecturally, one of the jewels of the Central Business District. A buyer is interested in purchasing the property and the club’s representative has indicated that the building is likely to go vacant if the sale is not completed. The IWG felt it was crucial to balance the police concerns with the value of retaining an important architectural asset.

This conclusion led to a revised staff recommendation to the Planning Commission that rental halls not be permitted by right but only permitted on a conditional basis subsequent to a public hearing at the Buildings, Safety Engineering and Environmental Department; and to further specify that any rental hall in the Central Business District be located farther than five hundred (500) feet from any other rental hall and from any public dance hall.

#### **April 7, 2011 public hearing: Youth hostels/hostels**

On April 7, 2011, the City Planning Commission held a public hearing on the proposed text amendment for youth hostels/hostels. In general, feedback from the public was favorable. There were approximately 30 letters of support submitted to the City Planning Commission office.

Recommend changes for consideration from the Planning Commissioners and members of the public included the following:

1. Amend the proposed definition of Youth hostel/hostel, to include sponsorships by “for-profit organizations.”

2. Include in the regulatory language a reference to the Fair Housing Act, Title VIII of the Civil Rights Act of 1968 (Fair Housing Act), which prohibits discrimination in the sale, rental and financing of dwellings, and in other housing-related transactions, based on race, color, national origin, religion, sex, familial status (including children under the age of 18 living with parents or legal custodians, pregnant women, and people securing custody of children under the age of 18), and handicap (disability).

3. It was also recommended that the following proposed use standard be stricken, “Within a year of obtaining a land use permit, the hostel must obtain and maintain an affiliation with Hostelling International USA (HI-USA) or other national or international hostel association and otherwise promote the premises as a hostel catering to national and/or international travelers.”

The Commission agreed to put the first two recommendations listed above in the proposed ordinance but declined to delete the use standard for affiliation with a national or international hostel association, noting this standard would help ensure strict regulations on the proposed use of youth hostels/hostels.

**June 2, 2011 public hearing: Planning Enabling Act and "conditional rezoning" provisions**

The City Planning Commission held the statutory public hearing on June 2, 2011. One board member of the Board of Zoning Appeals spoke about suggested additional text amendments that should be made to the Zoning Ordinance. He promised to submit the request in writing to the Commission Chair and to staff; City Planning Commission staff will follow up on the request. No comments were made that were specific to the current proposed text amendments.

**RECOMMENDATION**

**Interdepartmental Working Group and Detroit Club (Petition #793)**

At its meeting of February 17, 2011, the City Planning Commission voted to recommend that the proposed Fourth General Text Amendment to the Detroit Zoning Ordinance be approved and that with specific reference to rental halls in the PCA District that they be listed as a conditional use (rather than prohibited or permitted by right). The Commission, with the concurrence of the Detroit Club, also recommended that any rental hall in the Central Business District be located farther than one thousand (1,000) feet from any other rental hall and from any public dance hall.

**Youth hostels/hostels**

At its meeting of April 21, 2011, the City Planning Commission voted to recommend approval of the text amendment for youth hostels/hostels as revised subsequent to the April 7th public hearing; the Commission also recommended approval of the separate Zoning Ordinance map amendment for the block on which the Detroit Hostel is located, bounded by Vermont Street, Temple Avenue, Rosa Parks Boulevard, and Spruce Street.

**Planning Enabling Act and "conditional rezoning" provisions**

At its meeting of June 2, 2011, the City Planning Commission voted to recommend approval of the text amendment mandated by the Michigan Planning Enabling Act and to repeal the provisions for conditional rezoning.

**Consolidation of text amendments**

At the suggestion of the Law Department, these three text amendments are being consolidated into one, expanded Fourth General Text Amendment. This consolidation is done both because of the time sensitivity of the provisions and development proposals and also because certain sections of the Zoning Ordinance appear in two different amendments. This consolidation will also afford the opportunity to hold one public hearing as it concerns these text amendments, rather than three. To avoid any unintentional omission of a revised provision in a coincidental

amendment, the three texts have been combined into one ordinance.

The Planning Commission respectfully recommends adoption of the ordinance and hopes the ordinance can be introduced at the earliest opportunity for the Charter-mandated public hearing.

Substantive provisions

1. The PCA Restricted Central Business District is renamed PCA Public

Center Adjacent District (Restricted Central Business District).

2. Three uses previously prohibited in the PCA District are now permitted by right — assembly halls; brewpubs and microbreweries; and medical or dental clinic, physical therapy clinic, or massage therapy clinic. Two uses previously prohibited in the PCA District are now permitted on a conditional basis — rental halls and schools. Rental halls in the Central Business District are prohibited within 1,000 feet of another rental hall or public dance hall.

3. The use list for the PR (Parks and Recreation) District is expanded to allow for pumping stations without on-site employees on a conditional basis.

4. A new land use, "Small distillery," is defined and is permitted in the same districts and on the same basis as a brewpub or microbrewery.

5. A new land use, "Youth hostel/ hostel," is defined, is permitted as a conditional retail, service, and commercial use in the R3, R4, R5, R6, B1, B2, B4, and B5 zoning districts, and for which specific use standards, sign restrictions, and parking requirements are established.

6. The land use, "Used tires, sales and service," is added to the list of uses prohibited from consideration as a change of nonconforming use.

7. The land use, "Indoor storage, handling, and/or transfer of waste and scrap materials," is clarified to exclude distressed motor vehicles and to not be construed as an "indoor junkyard."

8. An arcade is newly considered as an accessory use to a "family restaurant and entertainment center" and is not subject to the petition requirements otherwise specified for arcades; an arcade is also newly considered as an accessory use to "retail stores" having more than 20,000 square feet of gross floor area and is not subject to the petition requirements otherwise specified for arcades.

9. Check-cashing services are generally considered as an accessory use in an establishment that exceeds fifteen thousand (15,000) square feet of gross floor area; however, check cashing services in an establishment having fifteen thousand (15,000) or fewer square feet of gross floor area shall be considered a second principal use as a "financial services center," requiring a separate permit.

10. Definitions are provided for four land uses and terms: billiards, Buildings and Safety Engineering Department, dormitory, and secondhand store and secondhand jewelry store.

11. Used car lots are no longer required to provide off-street loading facilities.

12. Approval of parking lot curb cuts by the Department of Public Works, Traffic

Engineering Division, is generally required except where ingress and egress is provided from a county road or state highway and approval is obtained from the appropriate jurisdiction.

13. The off-street parking lot design requiring a pedestrian walkway between the parking area and a building is clarified to not apply to single- or two-family dwellings.

14. The interior landscaping provision for parking lots having at least 25 spaces is clarified to apply only to parking areas for operable private passenger vehicles (as opposed to truck parking lots).

15. Membership of the Design Review Advisory Committee is changed.

16. The final site plan approval procedure is reconciled with the provisions of the bylaws of the City Planning Commission.

17. Certain construction site signs are exempt from usual sign regulations.

18. Dimensional standards are clarified to specify that the required front, side, or rear setback of one building may not serve as the required front, side, or rear setback of a second building.

19. The landscaping quality standards for "ground treatment" are modified to allow not more than 25% coverage of unpaved areas by mulch and not more than 10% by hardscape such as cobblestone, pavers, and rocks.

20. The landscaping provision for open spaces is expanded to include additional landscape and hardscape treatments, not just turf grass and vegetative ground cover.

21. The screening requirement for refuse receptacles and waste removal areas is clarified to not apply to residential structure using Courville containers.

22. The provision for residential construction on slab, including manufactured housing, is modified to not preclude single-story construction.

23. The architectural and site design standard for the screening of mechanical and telecommunications equipment in nonresidential development is expanded to include electrical equipment.

24. The descriptions of the functions and duties of the City Planning Commission and staff are revised for clarity and to comply with requirements of the Michigan Planning Enabling Act.

25. Definitions are provided for the Michigan Zoning Enabling Act and the Michigan Planning Enabling Act.

26. The provisions that allow for conditional zoning are eliminated.

#### Non-substantive provisions

27. Certain words, phrases and terms are inserted into provisions where they had been inadvertently omitted.

28. Obsolete cross-references are updated and missing cross-references are supplied.

29. Edits are made to provide internal consistency in format and meaning within the City Code.

30. Edits are made to correct misspellings, errors in punctuation, grammar, and numerical order, and to remove redundancies.

Freeway advertising signs, as well as advertising signs along other state trunk lines, are additionally regulated by the Michigan Department of Transportation (MDOT) and require a permit from MDOT prior to issuance of a permit by the City of Detroit, as provided for in Sec. 61-6-61 of this Code.

**ARTICLE XV. NONCONFORMITIES  
DIVISION 2. NONCONFORMING USES  
Sec. 61-15-18. Eligibility for re-establishment.**

As specified in Sec. 61-15-21 of this Code, abandoned nonconforming uses may not be re-established. However, certain nonconforming uses may present sufficiently beneficial attributes to the community that they merit consideration for re-establishment as exceptions to this prohibition. Such consideration by the Board of Zoning Appeals would only apply in instances where the property of an abandoned land use had never been reoccupied for a different conforming or nonconforming use.

The following twenty-one (21) land uses groupings, where nonconforming in a given zoning district, may be considered for re-establishment by the Board of Zoning Appeals, subject to the various findings that are specified in Sec. 61-15-17 of this Code. Abandoned nonconforming uses, other than the following ~~twenty~~ ~~(20)~~ ~~twenty-one~~ (21), may only be considered by the Board of Zoning Appeals under the provisions of "Hardship Relief" as specified in ARTICLE IV, DIVISION 7 of this Chapter:

- (17) All "Office" use category uses other than Regulated Uses;
- (18) All "Commercial Parking" use category uses;
- (19) All "Occupant-Oriented Retail Sales and Service" use category uses, other than Regulated Uses;

(a) A nonconforming use may be changed to any use that is allowed in the zoning district where it is located, subject to the all applicable standards and requirements applicable to the new use. However, this does not mean that the conforming use may be established in addition to a continuing nonconforming use, only that a conforming use may replace the nonconforming use.

(b) Notwithstanding the provisions of subsection (a) of this section, a legally established nonconforming use that was a Group "D" Adult Cabaret use as that kind of use was defined on November 1, 2009 may be placed on record by the Building, ~~and~~ Safety Engineering and Environmental Department, upon written request of the owner, as a Group "A" Cabaret use, a Group "B" Cabaret use, or a Group "C" Cabaret use without applying for or obtaining approval from the Buildings, ~~and~~ Safety Engineering and Environmental Department for the change of use.

(c) Once a nonconforming use is converted to a conforming use, it may not be changed back to a nonconforming use.

**Sec. 61-15-20. Change of nonconforming use to other nonconforming use.**

A nonconforming use may be changed to another nonconforming use only where reviewed and approved by the Board of Zoning Appeals in accordance with the procedures that are specified in Sec. 61-2-46 of this Code. However, a nonconforming use may not be changed to any of the following:

- (1) Regulated uses as specified in Sec. 61-3-253 of this Code on land zoned R1, R2, R3, R4, R5, or R6, except where an establishment for the sale of beer or intoxicating liquor for consumption on the premises would reoccupy an existing non-residential building, provided no dance or entertainment activity that would require a cabaret permit and license shall be included;

  - (8) Motor vehicle washing and steam cleaning;~~and~~

  - (10) Tires, used: sales and/or service.
- ~~The Except for the ten (10) items pro-~~

~~hibited above, the~~ Board of Zoning Appeals may approve ~~such~~ the change of ~~one nonconforming use to another nonconforming use~~ only where the Body determines that the new proposed use will be less injurious to the surrounding area than the previous nonconforming use. Where a change in use is approved, the Board of Zoning Appeals shall be authorized to impose conditions that the Body deems necessary to reduce or minimize any potentially adverse effect upon other property in the neighborhood, and to carry out the general purpose and intent of this Zoning Ordinance. Any condition that is imposed must relate to a situation created or aggravated by the proposed use and must be roughly proportional to its impact.

Notwithstanding the foregoing requirements that the Board of Zoning Appeals review and approve a change of use, a legally established nonconforming use that was a Group "D" Adult Cabaret use as that kind of use was defined on November 1, 2009 may be placed on record by the Building, ~~and~~ Safety Engineering and Environmental Department, upon written request of the owner, as a Group "A" Cabaret use, a Group "B" Cabaret use, or a Group "C" Cabaret use without applying for or obtaining approval from the Board of Zoning Appeals for the change of use.

The instrument approach area surface is one thousand (1,000) feet wide for the first five hundred (500) feet and then expands uniformly to a width of three thousand one hundred (3,100) feet at a distance of six thousand five hundred (6,500) feet from the end of the runway.</p>
<p>Intensity of Land Use</p>	<p>The intensity of a land use shall be based on the zoning district where the specified land use initially appears in the zoning ordinance as a use permitted as a matter of right. For example, a land use first listed as a matter of right use in Article X of this Chapter (industrial zoning districts) shall be deemed more intensive than a land use first listed as a matter of right use in ARTICLE IX (business districts), and a land use first listed as a matter of right use in ARTICLE IX shall be more intensive than a land use first listed as a matter of right use in ARTICLE VIII (residential districts). Similarly, within a given Article, zoning districts bearing a higher number shall be deemed more intensive than districts bearing a lower number; for example, a use first per-</p>

	mitted as a matter of right in the M4 District, shall be deemed more intensive than a use first permitted as a matter of right in the M2 District. For a land use not permitted in any zoning district as a matter of right, but exclusively as a Conditional Use, the intensity of that land use in comparison to another shall be determined according to the zoning districts where the two land uses are first conditionally permitted.

**City Planning Commission**

June 8, 2011

Honorable City Council:

Re: Zoning Ordinance, Chapter 61, Article XVII, District Map No. 44 — Request to rezone 2700 Vermont Avenue and subject block generally bounded by Temple Avenue, Rosa Parks Blvd., Spruce Street and Vermont Avenue from R2 (Two-Family Residential District) zoning classification to R3 (Low Density Residential District) zoning classification to allow for a youth hostel/hostel to be developed at 2700 Vermont Avenue (Recommend Approval).

A rezoning request to amend district map no. 44 which presently shows an R2 (Two-Family Residential District) zoning classification, to an R3 (Low Density Residential District) zoning classification has been submitted by Hostel Detroit, and the City Planning Commission to allow for the establishment of a youth hostel/hostel. The proposed use will be permitted as a "conditional" use in the R3 zoning district classification, pending the adoption of a separate, proposed text amendment.

**BACKGROUND**

The proposed change in zoning is being requested to allow for a youth hostel/hostel to be developed at 2700 Vermont Avenue, generally located at the northeast corner of Vermont Avenue and Spruce Street, and to allow other R3 uses on the subject block, generally bounded by Temple Avenue to the north, Rosa Parks Blvd. to the east, Spruce Street to the south and Vermont Avenue to the west.

Currently the site at 2700 Vermont Avenue is developed with a two-story building and vacant yard owned by Mr. Jerry Esters. Previously, the building was used as an apartment building with 2 units on the first floor and 2 units on the second floor.

Hostel Detroit was founded in November 2010 as a 501(c)3 non-profit organization. Hostel Detroit, which has a lease agreement with Mr. Esters, is proposing to develop a hostel on the first floor of the building and to continue renting out the second floor as apartments. The hostel plans to have approximately sixteen (16) beds rented for about \$25.00 per night. The group indicates it is working to be certified by Hostelling International USA. Hostel Detroit indicates that reservation must be made via computer online through the reservations page and walk-ins will not be allowed.

Currently Zoning Ordinance regulations do not reference youth hostels or hostels.

As a result, City Planning Commission (CPC) staff drafted a text amendment to allow for the addition of the new land use category "youth hostel/hostel," as well as the addition of general use standards, parking standards and a definition for youth hostel/hostel. City Planning Commission is recommending that youth hostel/hostel mimic, for the most part, the bed and breakfast inn provisions in the Detroit Zoning Ordinance. The proposed amendment would newly add youth hostel/hostel as a "conditional" retail, service and commercial use within the R3, R4, R5, R6, B1, B2, B4 and B5 zoning classifications.

Because there are numerous blocks zoned R3 in the surrounding area, City Planning Commission is recommending that the entire aforementioned square block, which also contains two strings of row houses, be rezoned to R3 rather than just the subject 2700 Vermont Avenue. Rezoning the single lot containing the proposed hostel might raise "spot zoning" concerns.

**SCOPE AND IMPACT OF THE PROPOSAL**

The current zoning classification of R2 does not allow for youth hostel(s)/hostel(s). The proposed zoning of R3, pending the council's adoption of the zoning ordinance text amendment, will allow youth hostel(s)/hostel(s) on a conditional basis.

If the entire block is rezoned from R2 to R3 the impact on existing uses, as well as newly allowed used is summarized as follows. Both single- and two-family dwellings are allowed by-right in R2 and R3. In R2, multi-family (which has not more than eight dwelling units) and town house (with maximum of eight in any group of attached town houses) are allowed as conditional; within R3, both multiple family dwellings and town houses are allowed by-right without the 8-unit limitation. Therefore, the 20-unit Spaulding Court apartments would become a by-right use.

**ZONING ORDINANCE AND MASTER PLAN CONFORMANCE**

Section 61-3-80 of the Detroit Zoning Ordinance lists eight criteria that must be considered in making recommendations and decisions on rezoning requests. The City Planning Commission has found that the proposal generally meets the criteria. The proposed rezoning will "meet the challenge of some changing condition" by allowing for the establishment of a youth hostel/hostel, while at the same time contributing to the stabilization of a sparsely populated residential neighborhood.

The subject site is located within the Jeffries Subsector, Neighborhood Cluster 4 of the Detroit Master Plan of Policies. The Master Plan's Recommended Future General Land Use Map designates the subject area as Low-Medium Density Residential (RLM). Planning and Development Department submitted comments on the consistency of the proposed

zoning with the Master Plan. The report noted that the proposed development does conform to the future land use designation of Low-Medium Residential, therefore, the proposed rezoning and subsequent use of the subject property are permissible and consistent with the Master Plan of Policies.

**CITY PLANNING COMMISSION PUBLIC HEARING**

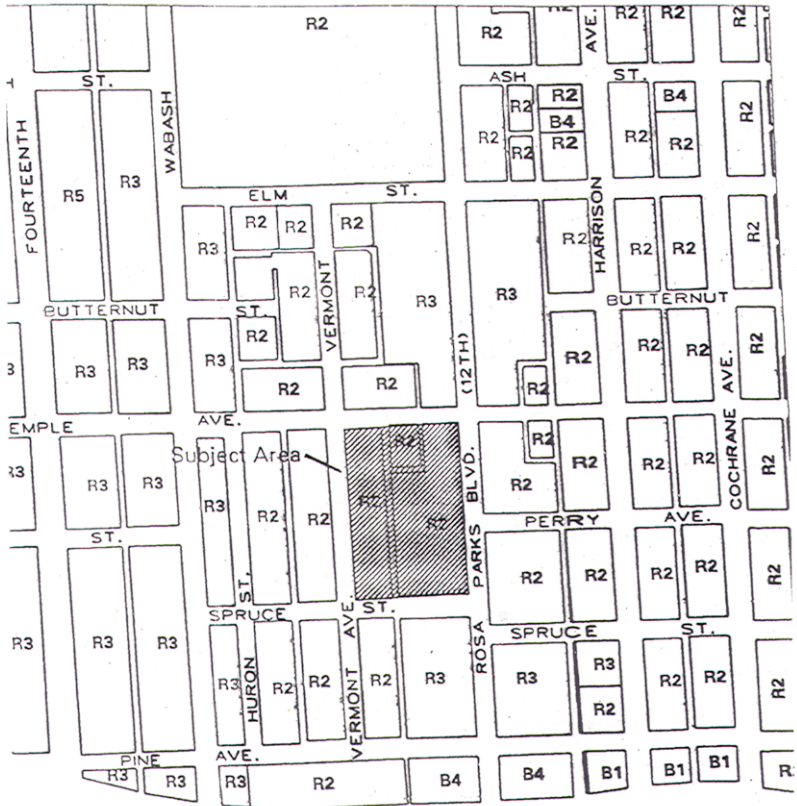

On April 7, 2011, the City Planning Commission held a public hearing on the subject rezoning request.

There were approximately 15 members of the public present, four of whom spoke in support of the subject rezoning request in addition to approximately 30 letters of support, which were received in the City Planning Commission's office. There were no comments received in opposition to the proposed rezoning.

**RECOMMENDATION**

On April 22, 2011 the City Planning Commission voted to recommend **APPROVAL** of the proposed rezoning of the block bounded by Temple Avenue, Rosa Parks Boulevard, Spruce Street and Vermont Avenue from R2 to R3, Zoning Map No. 44, Article XVII, Chapter 61 of the 1984 Detroit City Code. The Zoning Ordinance map amendment has been approved as to form by the Law Department and is attached for your consideration.

**City Planning Commission**

May 26, 2011

Honorable City Council:

Re: Zoning Ordinance Map Amendment (Chapter 61, Article XVII, Map No. 8 of the 1984 Detroit City Code) — Request to rezone 7886 Cameron Avenue from R5 (Medium Density Residential District) to B4 (General Business District) to allow for the construction and operation of a new animal care center (Recommend Approval).

A rezoning request to amend District Map No. 8 which presently shows an R5 (Medium Density Residential District) zoning classification, to show a B4 (General Business District) zoning classification, has been submitted by the Michigan Humane Society to allow for the construction and operation of a new animal care center. The proposed use is generally permitted as a by-right use in the B4 zoning district.

**BACKGROUND**

The proposed rezoning request involves an area totaling approximately four acres, which is presently vacant. The site is generally bounded on the north by the southern line of Melbourne Avenue (extended), on the east by the I-75/Walter P. Chrysler Freeway Service Drive, on the south by the southern line of Marston Avenue (extended), and on the west by Cameron Avenue. The subject property was previously the site of the former Detroit Public School's (DPS) Sherrard Elementary School located at 8210 Cameron Avenue.

The subject site contains thirty nine (39) lots of record, all owned by the Michigan Humane Society via an executed purchase and sale agreement between the school district of the City of Detroit and the Michigan Humane Society, dated September 15, 2010. The surrounding land uses to the north are institutional: the current site of the DPS' new Office of Public Safety Headquarters Operations Center. To the south and west the land uses are residential: scattered single- and two-family housing. The I-75 Walter P. Chrysler Freeway Service Drive is located to the east.

The proposed new animal care center will include an animal hospital, animal adoption center and other accessory uses, such as an animal grooming shop and office space.

### SCOPE AND IMPACT OF THE PROPOSAL

The current zoning classification of R5 does not allow for veterinary clinics or private offices. The proposed zoning of B4 does allow veterinary clinics, animal adoption centers, animal-grooming shops and professional offices on a by-right basis. Whereas many of the Michigan Humane Society's primary functions are permitted by-right in the B4 zoning classification, the Buildings, Safety Engineering and Environmental Department (BSEED) is of the opinion that some services such as animal rescue/drop-off and adoption services, which would call for the overnight boarding of animals, might be considered kennel-like uses, which are allowed on a conditional basis in the B4 zoning classification. Like with any use hearing, it would have to be held in BSEED, prior to the issuance of a permit.

In addition to the anticipated new construction of this facility to accommodate the relocation of the Michigan Humane Society, the proposed development would include green space for patrons of the facility and their animals as well as residents of the neighborhood, in addition to providing much needed employment opportunities for local residents and contribute to the positive growth and development of the community and commercial presence along Clay Avenue to the south in conjunction with the new DPS Office of Public Safety Headquarters and Operations Center located just to the north of the site.

### ZONING ORDINANCE AND MASTER PLAN CONFORMANCE

Section 61-3-80 of the Detroit Zoning Ordinance lists eight criteria that must be considered in making recommendations and decisions on rezoning requests. The City Planning Commission has found that the proposal generally meets the criteria. The proposed rezoning will "meet the challenge of some changing condition" by allowing for the construction and operation of a new animal care center which will provide employment and tax revenue, while at the same time contributing to the

stabilization of a sparsely populated residential neighborhood.

The subject site is located within the Lower Woodward Subsector, Neighborhood Cluster 4 of the Detroit Master Plan of Policies. The Master Plan's Recommended Future General Land Use Map designates the subject area as Institutional (INST). On November 18, 2010, P&DD submitted comments on the consistency of the proposed zoning with the Master Plan. The report noted that while "the proposed development does not conform to the future land use designation of Institutional, the proposed rezoning and subsequent use of the subject property would not significantly alter the institutional character of the surrounding area." P&DD determined that, given the insignificant change in character and the small size of the area to be rezoned, a Master Plan amendment is not required.

### CITY PLANNING COMMISSION PUBLIC HEARING

On November 4, 2010, the City Planning Commission (CPC) held its public hearing at the Coleman A. Young Municipal Center. There were no members of the public present to speak in support or opposition of the project, however, one letter of support was received from the Vanguard Community Development Corporation.

### RECOMMENDATION

On November 18, 2010 the City Planning Commission voted to recommend **APPROVAL** of the proposed rezoning of 8210 Cameron Avenue from R5 to B4, Zoning Map No. 8, Article XVII, Chapter 61 of the 1984 Detroit City Code. The Zoning Ordinance map amendment has been approved as to form by the Law Department and is attached for your consideration.

**City Planning Commission**

May 25, 2011

Honorable City Council:

Re: Request to amend Chapter 61, Article XVII, District Map No. 6 by rezoning 81 Garfield Avenue, 95 Garfield Avenue, 107 Garfield Avenue, and 119 Garfield Avenue from an R6 (High Density Residential District) zoning classification to a PD (Planned Development) zoning classification (Recommend Approval).

**REQUEST**

The Sugar Hill Residential LLC is petitioning the City to amend District Map No. 6 of the Detroit Zoning Ordinance (Chapter 61, Article XVII of the 1984 Detroit City Code) to show a PD zoning classification is presently shown on the north side of Garfield Avenue west of John R Street.

The proposed change in zoning is being requested to allow for the development of a mixed-use building that includes ground floor retail with four upper stories of residential units and a four-level parking garage with 213 parking spaces. Please see the attached map showing the location of the property.

**BACKGROUND AND PROPOSAL**

The subject site, which is currently vacant, contains approximately .8 acres. The site was previously owned by the City, but in November 2010, the City Council approved the sale to the petitioner subject to an amendment to the Zoning Ordinance designating the property PD. The site is within both the Mid-City Rehabilitation Project Urban Renewal Area and the Sugar Hill/John R Music & Art Historic District.

The petitioner is proposing to develop an L-shaped 5-story mixed-use building. The ground floor would have up to ten retail spaces containing about 10,600 total square feet. The second through fifth floors would contain a total of 46 residential rental units. The building would measure 67 feet 4 inches in height (75 feet to the top of the stair well), and the façade would consist of a brick veneer with windows and balconies. The site plans and elevations are attached for reference.

Behind the mixed-use building, the petitioner is proposing a 4-level parking garage with 213 spaces. The deck would be accessed from a single entrance off of John R; the egress portion of the entrance would travel beneath the 2nd floor of the proposed building. The deck would be available for residents, as well as the general public. The staggered deck has a variety of heights: 46 feet to the top of the stairwells and 35 feet and 41 feet for other parts of the deck.

For the residential units, the project would have a mix of efficiency, 1-bedroom and 2-bedroom units. The residential units would be financed through the Housing and Urban Development Department (HUD); as a result, a portion of the units (about 15) would need to be affordable for low- and moderate-income persons.

In 2003, the City approved a \$17 million Section 108 loan for the redevelopment of the subject site and surrounding block, which includes the proposed project, the rehabilitation of three nearby buildings, and a new Arts League of MI headquarters (the Arts League project has since fallen through). The commercial space and parking deck of the proposed project would be financed from the Section 108 loan.

**PUBLIC HEARING**

On February 17, 2011, the City Planning Commission held a public hearing on the subject rezoning request. No members of the public spoke in favor or against the proposed request. The Commissioners raised no major questions or comments about the proposed project.

**ANALYSIS**

Section 61-3-80 of the Detroit Zoning Ordinance lists criteria for consideration for zoning map amendments which is attached for reference.

### ***Surrounding Zoning and Land Use***

The zoning classification and land uses surrounding the subject area are as follows:  
 North: R6: 2-1/2 story house at 4635 John R; B4 (General Business District): vacant land and vacant church building;

East: PD: developed with Veterans Administration Hospital;

South: R6: developed with parking lot, multi-tenant house and apartment building; and

West: R6: vacant land and renovated multiple-family building.

Adjacent to the proposed project to the north is a 2-1/2 story house at 4635 John R which was built in 1915. The first floor is currently vacant, but it appears there still may be some residential tenants. The taxpayer of record for the house is listed at a different Detroit address.

The house is located on a very small lot of record measuring about 40 feet wide by 45 feet deep; as a result, this house has a 4.7-foot east (front yard) setback, approximately 8.6-foot south (side yard) setback, a 6.7 foot west (rear yard) setback, and a 0-foot north (side yard) setback.

The CPC studied the previous uses in the neighborhood (circa 1924). In the early 1900s, the site under consideration for rezoning was developed with three houses facing Garfield Avenue. The rear of the (now-demolished) house at 119 Garfield at the northwest corner of John R and Garfield used to be about 45 feet from the south side wall of the existing house at 4635 John R. The rear yard of the (now-demolished) house on the second lot from the corner at 107 Garfield was developed with signage, which was directly behind the (still standing) house at 4635 John R.

If the proposed building is built, there would be a 24.6 foot setback along John R between the new mixed-use building and the south side wall of the house at 4635 John R. At the rear of the house there would be a 10.7 foot setback between the parking deck and the west rear wall of the house at 4635 John R.

The CPC is concerned about the closeness of the existing house to the proposed project; on the other hand, the CPC is supportive of the proposed high-density mixed use project, and providing greater setbacks could prevent the development from happening. While this proposal may not have any greater impact upon the already deteriorating state of the home, it will impact its future use.

### ***Zoning***

Presently, multiple-family dwellings are a by-right use in R6, but parking decks are conditional. Furthermore, general commercial uses proposed for the subject project are not allowed in R6. Other zoning categories, such as B4, allow general commercial uses, but parking decks and multiple-family dwellings are conditional.

As a result, PD would accommodate the proposed mixed-use project. Regarding setbacks, currently, in an R6 zone, a multiple-family dwelling would require a 20 foot front yard setback, a 30 foot rear yard setback, and a 21.7 side yard setback. The PD zoning would allow the mixed use project to be built without setbacks. Furthermore, many of the apartment buildings in the neighborhood are built right up to the sidewalk.

### ***Development Plan and Master Plan***

As noted earlier in this report, subject site is located within Mid-City Rehabilitation Project Urban Renewal Plan. The Plan allows a variety of land uses on the subject site, including mid-rise apartments and commercial uses (as controlled by the existing zoning for the parcel).

Regarding the Master Plan of Policies, the subject property is located in the Lower Woodward area of Neighborhood Cluster 4. The future land use designation for the subject parcel is Mixed Residential/Commercial.

The Planning & Development Department submitted a memorandum dated February 8, 2011 to our office concluding that the proposed project is consistent with the Mid-City rehabilitation project Development Plan and the Master Plan of Policies.

### ***Proposed Commercial Uses***

The developer indicated at the public hearing, that the first floor tenants have not yet been finalized, but uses could include a restaurant and retails uses catering to the art community. The CPC supports limiting any proposed commercial uses to those 37 uses found as B4 by-right retail, service, and commercial uses listed in Section 61-9-76 of the Zoning Ordinance. If needed, the CPC is not opposed to those B4 by-right public, civic and institutional uses listed in Section 61-9-75 in the Zoning Ordinance or dwelling units on the first floor, but only subject to review and approval by the City Planning Commission (see attachment).

### ***Parking and Loading***

The proposed site plan shows 213 parking spaces. Under current Zoning, the proposed use would require up to 53 spaces for the commercial and 58 for the residential units, totaling 111 spaces. This would leave 102 extra spaces for the general public.

### ***Citizens' District Council and Detroit Housing Commission Review***

On July 23, 2009, the proposed project was presented to the Mid-City Concerned Citizens' District Council which unanimously supported the project. On August 13, 2009, the project was presented to the Detroit Housing Commission.

### ***Historic District Commission***

The subject site is located within the Sugar Hill/John R Music & Art Historic

District which was designated by the City in February 2009. In March 2011, the petitioner appeared before the Historic District Commission and received approval with no changes to the plan.

**Community Support**

The University Cultural Center Association (UCCA), whose boundaries include the subject site, is in support of the project. The petitioner and the UCCA are partnering to create a landscaped pedestrian walkway through the area which is proposed to be developed on the lot at 79 Garfield which is directly west of the subject site.

**RECOMMENDATION**

At its meeting of March 3, 2011, the City Planning Commission found the proposed rezoning consistent with all applicable approval criteria in Sec. 61-3-80 and recommended **APPROVAL** of Sugar Hill Residential LLC's request to amend District Map No. 6 of the Detroit Zoning Ordinance (Chapter 61, Article XVII of the 1984 Detroit City Code) to show a PD zoning classification where an R6 zoning classification is presently shown on the north side of Garfield Avenue west of John R Street with the following conditions:

1. That the site plan be revised to show a location for bicycle parking, subject to review and approval by City Planning Commission staff;
2. That any lighting to be installed on the parking deck or on the building exterior

or be compatible with the surrounding residential community to the northeast and designed to reflect downward;

3. That the uses permitted on the ground floor are limited to by-right retail, service and commercial uses listed in Sec. 61-9-76 of the Zoning Ordinance, and, in addition, any by-right public, civic and institutional uses listed in Sec. 16-9-76 of the Zoning Ordinance and/or dwelling units may be permitted subject to review and approval of the City Planning Commission;

4. That the final site plans, elevations landscape, lighting and signage plans be submitted for City Planning Commission staff approval prior to making application for applicable permits.

5. That the final site plans, elevations, landscape, lighting and signage plans reflect requirements from the Historic District Commission and be submitted for City Planning Commission staff approval prior to making application for applicable permit.

Attached is an ordinance, approved as to form by the Law Department, for introduction and the setting of the required public hearing.

**PROPOSED REZONING**

By Council Member Kenyatta:

**AN ORDINANCE to amend Chapter 61 of the 1984 Detroit City Code, 'Zoning,' commonly known as the Detroit Zoning Ordinance by amending Article XVII, District Map No. 6, to show a PD (Planned Development District) zoning classification where an R6 (High Density Residential District) zoning classification is currently shown at 81, 95, 107 and 119 Garfield Avenue, on property generally located on the north side of Garfield Avenue west of John R Street, to allow for a mixed-use building that includes ground floor retail with four upper stories of residential units and a four-level parking garage.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 61, Article XVII of the 1984 Detroit City Code, 'Zoning,' commonly known as the Detroit Zoning Ordinance, is amended as follows:

(A) District Map No. 6 is amended to show a PD (Planned Development District) zoning classification where an R6 (High Density Residential) zoning classification currently exists on property at 81, 95, 107 and 119 Garfield Avenue, generally located on the north side of Garfield Avenue, west of John R Street, and more specifically described as:

Honorable City Council:  
 Re: Petition No. 922 — UrbanTECH, LLC for Outdoor Café Permit at 731 St. Antoine.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene from April 1 through November 30, 2011.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved

this request contingent upon the petitioners compliance with applicable City Ordinance related to outdoor café activities and the remittance of the annual user-permit fee to the Permit Section of the DPW/CED.

The Department of Health and Wellness Promotion (DHWP) has approved this petition, subject to petitioner's strict adherence to the 1999 Food Code, Food Law of 2000 and the City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from DHWP Food Sanitation Section.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards the above-referenced petition. Prior approval from the Central District Precinct does not cover serving liquor in

the outdoor café area until the Detroit Police Department Liquor License Bureau has given approval.

The Planning and Development Department (P&DD) is not aware of any objections from any other City Agencies involved. It is the recommendation of the P&DD that the petitioner's request be granted subject to terms and conditions provided in the attached Resolution.

Respectfully submitted,  
ROBERT A. ANDERSON

Director

Honorable City Council:  
Re: Petition No. 862 — Bert's on Broadway for Outdoor Café Permit at 1315 Broadway.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene from April 1 through November 30, 2011.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this request contingent upon the Petitioner's compliance with applicable City Ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

The Department of Health and Wellness Promotion (DHWP) has approved this petition, subject to petitioner's strict adherence to the 1999 Food Code, Food Law of 2000 and the City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from DHWP Food Sanitation Section.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards the above-referenced petition. Prior approval from the Central District Precinct does not cover serving liquor in the outdoor café area until the Detroit Police Department Liquor License Bureau has given approval. Furthermore, the Police Officer from Code Enforcement, assigned to the Central District, Detroit Police Department, observed motor vehicle traffic pulling up in front of the location, citizens exiting and leaving their vehicles in the posted "no standing" lane impeding vehicular traffic of the south bound lane of Broadway. Therefore the Central District Detroit Police Department objects to the outdoor grilling set-up and recommends approval under these conditions of outdoor café for seating, eating and beverages only.

The Planning and Development Department (P&DD) is not aware of any objections from any other City Agencies involved. It is the recommendation of the P&DD that the petitioner's request be granted subject to the terms and conditions provided in the attached Resolution.

Respectfully submitted,  
ROBERT A. ANDERSON  
Director

By Council Member Kenyatta:

Resolved, That the Department of Public Works — City Engineering Division (DPW/CED) is hereby authorized and directed to issue a Use-permit to Bert's on Broadway, Detroit "permittee", whose address is at 1315 Broadway, Detroit, Michigan 48226, to install and maintain an outdoor café, which will convene April 1, 2011 through November 30, 2011, contingent upon licensee of such premises obtaining approval of the Michigan Liquor Control Commission, if necessary, and compliance with applicable City Ordinance in connection with outdoor café activities, prior to the issuance of said use permit; and

Provided, That the café meets the regulations set by the "Outdoor Café Guidelines" as adapted by the City Council and guided by Chapter 58, Section 50-2-8.1 of the City Code; and

Provided, That the petitioner obtains all necessary licenses and permits; and

Provided, That said activities are conducted under the rules and regulations of the Department of Transportation, Department of Public Works and the supervision of the Police Department; and

Provided, That the sale of food and soft drinks is held under the direction and inspection of the Detroit City Health Department; and

Provided, That the "permittee" remit the required annual fee(s) to DPW/CED for issuance of a use-permit and confirm license of the establishment in compliance with the City Code; and

Provided, That the "permittee", prior to obtaining said permit, file an indemnity agreement in a form approved by the Law Department, saving and protecting the City of Detroit harmless from any or all claims, damages or expenses that may arise by reason of the issuance of said permit and the faithful performance by the "permittee" of the terms thereof; and in addition, to pay all claims, damages or expenses that may arise out of the maintenance of said encroachments; and

Provided, That filing of said indemnity agreement for this current year shall be construed as acceptance of this Resolution by the "permittee"; and

Provided, That the permit is revocable at the will, whim and caprice of the City Council; and hereby expressly waives any right to claim damages or compensation for removal of encroachment, and further, that "permittee" acquires no implied or other privileges hereunder not expressly stated herein; and

Provided, That no other rights in the public streets, alley or other public places shall be considered waived by this permission which is granted expressly on the condition that said encroachment shall be removed at the expense of the "permittee" at any time when so directed by City

Council, and that the public property so affected shall be restored to a condition satisfactory to the DPW/CED by said "permittee" at its expense; and

Provided, That the permit shall not be assigned or transferred without a written approval of the City Council; and

Provided, That the petitioner follow the mandated minimum six (6) foot wide pedestrian clearance on the sidewalk, free of all obstacles such as existing planters, parking meters, utility poles, transformer boxes, etc., to allow for pedestrian movement; and

Re: Petition No. 894 — Bert's Marketplace for Outdoor Café Permit at 2727-39 Russell.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene from April 1 through November 30, 2011.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has denied this petition as requested since the use of the on-street parking area for grilling poses safety concerns. However, the use of the sidewalk area for an outdoor café in front

of 2727-39 Russell is approved, contingent upon the petitioners compliance with applicable City Ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

The Department of Health and Wellness Promotion (DHWP) has approved this petition, subject to petitioner's strict adherence to the 1999 Food Code, Food Law of 2000 and the City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from DHWP Food Sanitation Section.

Re: Property For Sale By Development Agreement. Development: 3429 & 3439 Cass.

We are in receipt of an offer from Liz Blondy, LLC, a Michigan Limited Liability Company, to purchase the above-captioned property for the amount of \$11,200 and to develop such property. This property contains approximately 15,000 square feet and is zoned B-4 (General Business District).

The Offeror, in conjunction with property they already own, proposes to construct a new one-story addition onto their existing dog day-care facility. The expansion will allow an additional 3,000 to 4,000 square feet for grooming, boarding and retail space for pet supplies. The project will also include fencing and landscaping with a paved surface parking lot for the storage of licensed operable vehicles for both employees and customers. This use is permitted as a matter of right in a B-4 zone.

Honorable City Council:

Re: Address: 18943 John R. Name:  
Talaat Mandwee. Date ordered  
removed: February 1, 2011 (J.C.C.  
page ).

In response to the request for a deferral  
of the demolition order on the property  
noted above, we submit the following  
information:

A special inspection on April 6, 2011  
revealed the building is secured and  
appears to be sound and repairable.

The owner has paid current taxes due  
as of September 30, 2011.

The proposed use of the property is  
owner's use and occupancy.

This is the first deferral request for this  
property.

Therefore, it is recommended that the  
demolition order be deferred for a period  
of three months subject to the following  
conditions:

1. The building shall be maintained in  
accordance with the vacant property ordi-  
nance and securely barricaded until reha-  
bilitation is complete. All relevant permits  
for rehabilitation work shall be obtained.  
Rehabilitation is to be complete within six  
months, at which time the owner will  
obtain one of the following from this  
department:

- Certificate of Acceptance related to  
building permits
- Certificate of Approval as a result of a  
Housing Inspection
- Certificate of Inspection, required for  
all residential rental properties.

2. The owner shall not occupy or allow  
occupancy of the structure without a cer-  
tificate (as outlined above).

3. The yards shall be maintained clear  
of weeds, junk and debris at all times.

We recommend that utility disconnect  
actions cease to allow the progress of the  
rehabilitation.

At the end of the deferral period, the  
owner must contact this department to  
arrange an inspection to evidence that  
conditions of the deferral have been main-  
tained and that there has been substantial  
progress toward rehabilitation. If the build-  
ing becomes open to trespass or if condi-  
tions of the deferral are not maintained,  
we may proceed with demolition without  
further hearings. And, pursuant to the  
Property Maintenance Code we will issue a  
Blight Violation Notice.

A request for deferral exceeding four  
must be made by petition to City Council  
through the office of the City Clerk.

The Michigan Office of Highway Safety  
Planning (M.O.H.S.P.) has awarded the  
Detroit Police Department an additional  
**\$15,000.00, with no cash match**, for the  
"Safe Communities: Underage Drinking

**to \$135,000.00**. The appropriation number

The increased funding will allow for  
payment of personnel overtime wages.  
The goal of the Michigan Office of  
Highway Safety Planning is to eliminate  
the underage consumption of alcohol at  
special events, eliminate adults furnishing  
alcohol to minors, reduce the number of  
alcohol-related traffic crashes and pro-  
mote community awareness of problems  
associated with underage drinking. This  
program emphasizes education, preven-

minors from consuming and attempting to  
consume alcohol.

Sergeant Pride Henry, of the Central

Project Director.

Acceptance of the aforementioned

Honorable City Council:

Re: Request Approval of Fee Schedule for Valet Parking Attendants.

On November 16, 2010, your Honorable Body passed an ordinance to amend Chapter 39 of the 1984 Detroit City Code — Parking Facilities by adding Article V — Valet Staging and Parking.

Upon its effective date, March 4, 2011, this article provides for the regulation of valet staging on the public's right-of-way, including the issuance and renewal of licenses for persons employed or performing as a valet parking attendant at a location approved by the City for valet staging.

Section 39-5-71, of the 1984 Detroit City Code provides that "No person shall be employed or perform as a valet parking attendant within the City unless the person has been issued a valid valet parking attendant license".

Section 39-5-72, of the 1984 Detroit City Code provides that "Every person who desires to obtain a valet parking attendant license shall file a written application with the Police Department".

Section 39-5-73, of the 1984 Detroit City Code provides that "A fee shall be charged for each new applicant and any existing licensed valet parking attendant who requests renewal of a license".

Further, Section 39-5-73, of the 1984 Detroit City Code provides that "The Police Department shall establish, subject to approval by the City Council, the fee for the valet parking attendant license".

Pursuant to the above, the attached proposed resolution provides for your Honorable Body's approval of fees to be charged for the issuance, renewal, and replacement of the valet parking attendant license.

The enclosed proposed resolution provides for a fee of twenty-five dollars (\$25.00) for the issuance or renewal of the annual valet parking attendant license by the Detroit Police Department (DPD). Further, the proposed resolution provides

for a fee of ten dollars (\$10.00) for the replacement of a destroyed or lost valet parking attendant license by the DPD.

The fees to be established for the issuance, renewal, and replacement of valet parking attendant licenses are based upon the estimated Police Department's administrative costs for the issuance and renewal of the license; cost associated with the enforcement of the license requirement; and, the supplies and material costs for the processing and issuing of the licenses.

Therefore, The DPD believes that the proposed fees are reasonable and consistent with the provisions of Chapter 39 Article V, of the 1984 Detroit City Code, Valet Staging and Parking.

Should you have any questions or concerns, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

Sincerely,

RALPH L. GODBEE, JR.

**Resolution to Approve Fees for the Issuance, Renewal and Replacement of Licenses and for Valet Parking Attendants**

By Council Member Brown:

Whereas, On November 16, 2010, the Detroit City Council passed an ordinance to amend Chapter 39 of the 1984 Detroit City Code, 'Parking Facilities,' by adding Article V, 'Valet Staging and Parking'.

Upon its effective date, March 4, 2011, this article provides for the regulation of valet staging on the public right-of-way, including the issuance and renewal of licenses for persons employed or performing as a valet parking attendant at a location approved by the City for valet staging.

Section 39-5-71, of the 1984 Detroit City Code provides that no person shall be employed or perform as a valet parking attendant within the City unless the person holds a valid valet parking attendant license issued by the Detroit Police Department.

Section 39-5-72, of the 1984 Detroit City Code provides that every person who desires to obtain a valet parking attendant license shall file a written application with the Police Department.

Section 39-5-73, of the 1984 Detroit City Code provides that a fee shall be charged for each new valet parking attendant license applicant and any existing licensed valet parking attendant who requests renewal of a license.

Section 39-5-73, of the 1984 Detroit City Code provides that the Police Department shall establish, subject to approval by the City Council, the fee for the valet parking attendant license.

The Chief of Police has established a fee of twenty-five dollars (\$25.00) for the issuance or renewal of the annual valet

parking attendant license by the Police Department.

The Chief of Police has established a fee of ten dollars (\$10.00) for the replacement of a destroyed or lost annual valet parking attendant license issued by the Police Department.

The Detroit Police Department has submitted this proposed resolution for City Council approval of the fees to be charged for the issuance, renewal and replacement of valet parking attendant licenses.

The Detroit Police Department indicates in its transmittal letter to this Body that the fees to be established for the issuance, renewal, and replacement of valet parking attendant licenses are based upon the estimated departmental administrative costs for the issuance and renewal of the license, costs associated with the enforcement of the license requirement, and the supplies and material costs for the processing and issuing of the licenses.

The proposed fees are reasonable and consistent with the provisions of Chapter 39 Article V, of the 1984 Detroit City Code, 'Valet Staging and Parking'.

Therefore Be It

Resolved, That, in accordance with Section 39-5-73 of the 1984 Detroit City Code, the Detroit City Council approves the schedule of fees for the issuance, renewal, and replacement of valet parking attendant licenses, as established by the Chief of Police as follows:

**VALET PARKING**

**ATTENDANT LICENSES**

Issuance of an annual valet parking attendant license	\$25.00
Renewal of an annual valet parking attendant license	\$25.00
Replacement of destroyed or lost valet parking attendant license	\$10.00

Honorable City Council:

Re: Petition No. 843 — City of Detroit Department of Public Works, for dedication of rights-of-way near Cobo Convention/Exhibition Center.

Petition No. 843 of "City of Detroit Department of Public Works", request City Council to accept the dedication of certain lands for Civic Center Drive, Washington Boulevard, and Shelby Avenue rights-of-way; also request the conversion to easement a portion of Civic Center Drive (Deeded to the City of Detroit on September 19, 1972, J.C.C. Pages 2320-21) all in the area of Third Avenue, 60 feet wide, Atwater Avenue, 50 feet wide and West Jefferson Avenue, 210 feet wide.

The dedication/widen and conversion to easement is necessary because the rights-of-way pavement currently exist and is considered to be City of Detroit land versus right-of-way. This land is not part of the Department of Public Work's inventory, so it is does not receive the proper yearly funding from the Federal and State governments. The Department of Public Works can not fully maintain or enforce rules and regulations within the said dedicated area with out this land being dedicated as public right-of-way by this Honorable Body. The approval of this report/resolution will ensure that the proper department (Department of Public Works) has the jurisdiction over said lands/rights-of-way for future funding, maintenance, and enforcement.

The City Engineering Division — DPW/Street Design Bureau and the Traffic Engineering Division of DPW approved the request. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All other city departments and privately owned utility companies have no objections to the requested dedication/widening and conversion to easement of the public rights-of-way.

An appropriate resolution is attached for consideration by your Honorable Body.

Respectfully submitted,

**RICHARD DOHERTY**

Head Engineer

City Engineering Division—DPW

By Council Member Brown:

WHEREAS, In nine years he excelled to manager, earning a fifty percent (50%) share in the business. However, when Ms. Keywell announced that she would be leaving the business, Lee Canady became the proprietor. He added "Lee" to Monroe Music. The success of Lee's Monroe Music attracted the attention of numerous famous black entertainers like Nancy Wilson, Lou Rawls, Dizzy Gillespie, Cannonball Adderley, Berry Harris, Miles Davis, etc. to name a few, and

WHEREAS, With the growing success of Lee's Monroe Music which employed thirteen employees, Lee opened Lee's Monroe Music Too, which employed three employees, on the Avenue of Fashion at 19347 Livernois. However, due to the decline in the economy and the relocation rumors of downtown businesses for a yet awaited downtown mall, Lee was forced to close both stores in 1984. Although enjoying early retirement, Lee Canady decided to re-enter the work force with a new career. In 2000, he worked as a Senior clerk for the City of Detroit's law Department until "officially" retiring in 2006, and

WHEREAS, Lee Canady is the father of three daughters; Mary Ann Caver, Karen Beaver and Christa Williams; grandfather of seven; great-grandfather of seven and great-great grandfather of one. #### **RESOLUTION IN MEMORIAM**

#### **GERONIMO JI JAGA PRATT**

By COUNCIL MEMBER WATSON:

WHEREAS, Elmer Geronimo Ji Jaga Pratt was born in Morgan City, Louisiana and was a high school quarterback. His father was in the scrap metal business. He served two combat tours in the Vietnam War, reaching the rank of sergeant and earning two Bronze Star, a Silver Star, and two Purple Hearts. He later moved to Los Angeles; and

WHEREAS, Geronimo Ji Jaga studied political science at UCLA using the GI Bill, Geronimo Ji Jaga was recruited into the Panthers by Bunchy Carter and John Huggins. When Pratt joined the Black Panthers his years in the army proved useful. He rose to be Minister of Defense of the local organization; and

WHEREAS, Brother Geronimo was illegally framed by the FBI through its COINTELPRO program for a murder which took place while Geronimo Ji Jaga was 350 miles away from the location of the murder and had proof of it. The FBI frame-up included lying prosecution witnesses, exculpatory evidence disappearing at police stations and the L.A. District

Attorney's office and FBI "moles" infiltrating defense sessions and monitoring phone calls of his defense attorney, the renowned Johnny Cochran; and

WHEREAS, As a result, tragically, Geronimo Ji Jaga spent 27 years in prison for a murder he did not commit or have anything to do with.

WHEREAS, Geronimo Ji Jaga's conviction was vacated on June 10, 1997, on the grounds that the prosecution had concealed evidence that might have exonerated the defendant. In particular, the government had not disclosed that a key witness against Pratt, Julius Butler, was an informant for both the FBI and the Los Angeles Police Department. An appeals court ruled this fact to be "favorable to the defendant", 'suppressed' by a law enforcement agency, and 'material' to the jury's decision to convict." Geronimo Ji Jaga eventually received \$4.5 million as settlement for false imprisonment. A federal judge approved the settlement of the civil suit: The City of L.A. paid \$2.75 million of the settlement with the U.S. Department of Justice paying the \$1.75 million remainder.

Honorable City Council:

Re: Manuel Johnson vs. City of Detroit. Case No.: 07 716 315 NO. File No.: A19000.003377 (DB).

On November 17, 2008, your

Honorable Body approved authority to settle the above captioned matter for the total amount of Seventeen Thousand Five Hundred Dollars and No Cents (\$17,500.00). Of this sum, Eight Thousand Six Hundred Thirty-Three Dollars and Thirty Three Cents (\$8,683.33) was to be paid immediately and directly to Plaintiff. This sum was in fact paid.

The remaining Eight Thousand Eight Hundred and Sixteen Dollars and Sixty Seven Cents (\$8,816.67) was to be placed into a structured annuity fund for Plaintiff who was then a minor.

In the interim, the selected structured annuity carrier ceased offering such service. Additionally, Plaintiff reached the age of majority and as an adult he seeks to receive direct payment of the remaining Eight Thousand Eight Hundred and Sixteen Dollars and Sixty Seven Cents (\$8,816.67).

We, therefore, request that your Honorable Body rescind the original resolution, adopt the amended resolution submitted herewith and direct the Finance Director to issue a draft in the amount of Eight Thousand Eight Hundred and Sixteen Dollars and Sixty Seven Cents (\$8,816.67) payable to Manuel Johnson, and Gordon & French, P.L.L.C., his attorneys, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 07 716 315 NO, approved by the Law Department.

Honorable City Council:

Re: Proposed Ordinance to Amend Chapter 13 of the 1984 Detroit City Code, *Civil Service and Personnel Regulations*, Article II, *Hours of Work and Method of Payment*, to Continue Reduction in Hours for Non-Union Executive and Legislative Branch City Employees Necessitated By Shortfall in Revenue.

The above-referenced proposed ordinance was requested by the Mayor's Office. The proposed ordinance has been approved as to form.

Pursuant to the applicable provisions of the 1997 Detroit City Charter, the above-referenced proposed ordinance is being submitted to your Honorable Body for consideration and passage. This proposed ordinance amends Chapter 13 of the 1984 Detroit City Code, *Civil Service and Personnel Regulations*, Article II, *Hours of Work and Method of Payment*.

In particular, this proposed ordinance will amend Section 13-2-2, *Applicability of article*, to codify language from Ordinance No. 12-09, which was inadvertently omitted from the section by the codifier, and Section 13-2-18, *Reduction in hours for City employees due to revenue shortfall; authorization and implementation; parity required for non-union Executive and Legislative Branch City employees; section not applicable to City elected officials; commensurate action on 36th District Court budget*, to authorize a continuation of reduction in hours for all non-union Executive Branch Legislative Branch City employees to terminate not later than June 30, 2012, at 11:59 p.m., which: 1) will continue the policy that the Mayor and the City Council cooperate to ensure that the reduction in hours is shared by both branches of City government so that all non-union Executive Branch City employees and all non-union Legislative Branch City employees receive the same reduction in hours during the effective dates of any Executive Order and of any City Council resolution; 2) will reiterate that this section does not apply to City elected officials whose compensation is determined by the Elected Officials Compensation Commission, but that City elected officials may voluntarily return a commensurate portion of their salary, as a gift, to the City's General Fund; and 3) will continue the policy that, while this section is implemented through Executive Order of the Mayor for non-union Executive Branch City employees and through resolution of the City Council for non-union Legislative Branch City employees, the City is required, as the funding unit for the 36th District Court, to take action, in accordance with Sections 8-201 through 8-211 of the 1997 Detroit City Charter, to

decrease the Court's budget in an amount that is commensurate and reflective of a ten percent (10%) reduction in hours for the Court's non-judicial employees, provided, that the 36th District Court remains solely responsible, as required by the Michigan Revised Judicature Act, being MCL 600.1 *et seq.*, and Michigan Supreme Court Administrative Order No. 1998-5, for allocating appropriated City funds for Court operations.

We are available to answer any questions that you have concerning this proposed ordinance. Thank you for your consideration.

Respectfully submitted,  
 KRYSTAL A. CRITTENDON  
 Corporation Counsel

By Council Members Jones:

**RESOLUTION SETTING HEARING**

By Council Member Jones:

Resolved, That a public hearing will be held by this Body on the 13th floor of the Coleman A. Young Municipal Center, on TUESDAY, SEPTEMBER 27, 2011 AT 10:10 A.M. for the purpose of amending Chapter 13 of the 1984 Detroit City Code, *Civil Service and Personnel Regulations, Article II, Hours of Work and Method of Payment*, by amending Section 13-2-2, *Applicability of article*, to codify language from Ordinance No. 12-09, which was inadvertently omitted from the section by the codifier, and Section 13-2-18, *Reduction in hours for City employees due to revenue shortfall; authorization and implementation; parity required for non-union Executive and Legislative Branch City employees; section not applicable to City elected officials; commensurate action on 36th District Court budget*, to authorize a continuation of reduction in hours for all non-union Executive Branch

and Legislative Branch City employees to terminate not later than June 30, 2012, at 11:59 p.m., which: 1) will continue the policy that the Mayor and the City Council cooperate to ensure that the reduction in hours is shared by both branches of City government so that all non-union Executive Branch City employees and all non-union Legislative Branch City employees receive the same reduction in hours during the effective dates of any Executive Order and of any City Council resolution; 2) will reiterate that this section does not apply to City elected officials whose compensation is determined by the Elected Officials Compensations Commission, but that City elected officials may voluntarily return a commensurate portion of their salary, as a gift, to the City's General Fund; and 3) will continue the policy that, which this section is implemented through Executive Order of the Mayor for non-union Executive Branch City employees and through resolution of the City Council for non-union Legislative Branch City employees, the City is required, as the funding unit for the 36th District Court, to take action, in accordance with Sections 8-201 through 8-211 of the 1997 Detroit City Charter, to decrease the Court's budget in an amount that is commensurate and reflective of a ten percent (10%) reduction in hours for the Court's non-judicial employees, provided, that the 36th District Court remains solely responsible, as required by the Michigan Revised Judicature Act, being MCL 600.1 *et seq.*, and Michigan Supreme Court Administrative Order No. 1998-5, for allocating appropriated City funds for Court operations, interested persons are invited to be present to be heard as to their views.

Honorable City Council:

Re: Petition No. 859 — Mosaic Restaurant for Outdoor Café Permit at 501 Monroe.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene from April 1 through November 30, 2011.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this request contingent upon the petitioner's compliance with applicable City Ordinances related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED. Furthermore, DPW approved the petitioner's plan as submitted without railings to comply with ADA standards. This approval, according to the City Code, Chapter 98, Section 50-2-8.1 will prevent petitioner from serving liquor in the outdoor café area.

The Department of Health and Wellness Promotion (DHWP) has approved this petition, subject to petitioner's strict adherence to the 1999 Food Code, Food Law of 2000 and the City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from DHWP Food Sanitation Section.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards the above-referenced petition.

Prior approval from the Central District Precinct does not cover serving liquor in the outdoor café area until the Detroit Police Liquor License Bureau has given approval.

The Planning and Development Department (P&DD) is not aware of any objections from any other City Agencies involved. It is the recommendation of the P&DD that the petitioner's request be granted subject to the terms and conditions provided in the attached Resolution.

Respectfully submitted,  
**ROBERT A. ANDERSON**

Director

Honorable City Council:

Re: Petition No. 815 — Tooles Clark, to vacate the existing Guilford Avenue, 60 feet wide, right-of-way located between south line of Hampton; west line of vacated Woodhall, north line of alley running east/west, north of Warren and east line of Cadieux.

Petition No. 815 of "Tooles Clark LLC", on behalf of the Detroit Public Schools request the conversion of Guilford Avenue, 60 feet wide, between Guilford Avenue, 60 feet wide, previously vacated on December 30, 1969 (J.C.C. Pages 3149-50) and the east-west public alley 16 feet wide, north of Warren Avenue, 105 feet wide, and that portion deeded for street purpose on December 30, 1969 (J.C.C. Pages 3149-50) into private easements for the utility companies. This request will facilitate the necessary land for the construction of a private drive for the New Finney-Crockett High School.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All City departments and privately owned utility companies have reported no objections to the conversion of public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.
