Re: Beverly Bennett, Jazmine Bennett and Alvin Hawkins vs. Officer Gordon Davis and Officer Sandra Vermilya. Case No.: 09-CV-12882. File No.: A37000.006787 (RJB).

On November 23, 2010, your Honorable Body approved authority to settle the above identified civil matter in the amount of \$9,000.00. We, therefore, request that your Honorable Body rescind the original resolution, adopt the amended resolution submitted herewith and direct the Finance Director to issue a draft in the amount of Nine Thousand Dollars and No Cents (\$9,000.00) payable to Lawrence N. Honorable City Council:

Re: Petition Number 3213 — Report and Recommendation for Approval of the Issuance of a New Dance Entertainment Permit by the Michigan Liquor Control Commission in Conjunction with the Request to Transfer Ownership of a "Class C License" to Blondies Entertainment LLC, for a Group "A" Cabaret at 2281 West Fort Street.

**BACKGROUND**

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or a combination dance and entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 491488, which has been designated by the City Clerk as Petition Number 3213. This Local Approval Notice requests City Council approval of the issuance of a new dance and entertainment permit to Blondies Entertainment, LLC ("Permit Applicant"), in conjunction with the transfer of ownership of a "Class C License" from SRC Companies, Inc., for a Group "A" Cabaret at 2281 West Fort Street.

Building, Safety Engineering and Environmental Department ("BSE&E") records indicate that 2281 West Fort is located in an M-4 zoning district (intensive

industrial). Pursuant to the Detroit Zoning Ordinance, a Group "A" Cabaret is a permissible land use in such a district as a matter of right, subject to the applicable regulated use provisions of Section 66.000 of the Zoning Ordinance. BSE&E Case No. 32-04, effective July 16, 2004, indicates that the location was approved, with specified conditions, for a restaurant with a "Class C License" and a nightclub. Therefore, the use of the location for patron dancing and entertainment is permitted subject to compliance with all relevant state codes and City ordinances, including the issuance of a Group "A" Cabaret business license by the BSE&E Business License Center and a new dance and entertainment permit by the MLCC to the Permit Applicant.

Pursuant to Section 5-7-1 and 5-7-21 of the 1984 Detroit City Code, a Group "A" Cabaret business license is required for any establishment that sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without dancing. Accordingly, the Permit Applicant has applied for a Group "A" Cabaret business license for the location.

#### **APPROVAL CRITERIA**

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the Coordinator's report has been provided the Permit Applicant.

A review of the Coordinator's report indicates that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria, except for Approval Criteria Nos. 9, 10 and 11. Approval Criterion No. 9 concerns unpaid fees or uncured violations under the purview of BSE&E for the subject premises. Specifically, in its report to the Coordinator BSE&E indicated that there were open violations and outstanding fees for the location. In addition, this report indicated that the Permit Applicant needed to obtain a Certificate of Occupancy for the location. Approval Criterion No. 10 concerns unpaid fees or uncured violations related to the location under the purview of the Department of

Health and Wellness Promotion ("DHWP"). Specifically, the Coordinator's report includes a copy of an unpaid invoice for the required annual State of Michigan Food Service License. Approval Criterion No. 11 concerns unpaid fees or uncured violations under the purview of the Detroit Fire Department for the subject premises. Specifically, in its report to the Coordinator, the Detroit Fire Department Fire Marshal Division indicated that there were uncorrected violations of the Detroit Fire Prevention Code, being Chapter 19, Article I, of the 1984 Detroit City Code and delinquent fees for the location.

Upon notification of the above mentioned deficiencies in the approval criteria, the Permit Applicant has taken the following actions concerning this request for this Body's approval of the issuance of the new dance and entertainment permit by the MLCC:

(1) The Permit Applicant has corrected all outstanding violations as reported by BSE&E and paid all delinquent fees due this Department. Also, the Permit Applicant has requested and obtained a re-inspection of the location and obtained a Certificate of Occupancy for the use of the first and second floor of the building. As such, the BSE&E Business License Center reports that the location is in compliance with all relevant state codes and City ordinances for the issuance of a Group "A" Cabaret business license;

(2) The Permit Applicant has paid the annual fee to the DHWP for the issuance of the 2010-2011 State of Michigan Food Service annual license and obtained approval for the MLCC permit from this Department; and

(3) The Permit Applicant has contacted the Detroit Fire Department Fire Marshal Division and obtained clearances for the outstanding violations of the Detroit Fire Prevention Code, being Chapter 19, Article I, of the 1984 Detroit City Code and resolved the unpaid delinquent inspection fees.

#### **RECOMMENDATION**

Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. As a result of aforementioned actions taken after the filing of the Coordinator's report the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria.

Therefore, attached is a proposed resolution approving the issuance of a new dance and entertainment permit by the MLCC to the Permit Applicant, Blondies Entertainment, LLC, in conjunction with the transfer of ownership of a "Class C License" for a "Group A" Cabaret at 2281 West Fort Street. The Law Department recommends that the Resolution be

moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

March 1, 2011

Honorable City Council:

Re: Property For Sale By Development Agreement. Development: Parcel 525; bounded by Dwyer, Brimson, St. Louis & Davison.

We are in receipt of an offer from Hantz Farms, LLC, a Michigan Limited Liability Company, to purchase the above-captioned property for the amount of \$6,800 and to develop such property. This property consists of twenty (20) scattered vacant lots with one (1) dilapidated structure that is beyond repair. This parcel contains approximately 58,500 square feet and is zoned M-4 (Intensive Industrial District).

The Offeror proposes to demolish the existing structure at their own expense and use this property, Parcel 525, in conjunction with their other adjacent lots, to create greenspace with appropriate fencing to enhance the appearance of their adjacent corporate headquarters at Mt. Elliott and Brimson. Hantz Farms' basic plans for the area, to be known as "Industrial Acres", include a horticultural garden retreat, various fruit trees and miniature wetlands. The use of greenspace and landscaping is permissible in a M-4 zone.

As requested by your Honorable Body, there has been further discussion between P&DD, the City Planning Commission (CPC), Research and Analysis (RAD) and the City of Detroit Law Department pertaining to the proposed Development Agreement for the purchase of Parcel 525 by Hantz Farms, LLC. All parties are in agreement that the language within the revised resolution and Development Agreement now addresses the Right to Farm concerns and prohibits any commercial agricultural/farming, until such time as the City Code allows such. Attached please find the revised Development Agreement language for your review (Exhibit B).

As a condition to proceeding with the sale and development of the City-owned parcels within Industrial Acres, Hantz Farms, LLC, has agreed to refrain from planting, cultivating, processing and/or selling any agricultural products for commercial purposes, on or from Industrial Acres until such time as the City Code be amended to allow for such usage and Hantz Farms has obtained explicit written authorization to conduct such activities from the City department and/or agencies designated responsible for the issuance of such approval.

We, therefore, request that contingent upon the conditions noted, your Honorable Body adopt the sale and authorize the Planning & Development Department's Deputy Director, or her authorized designee, to execute an agreement to purchase and develop this property with Hantz Farms, LLC, a Michigan Limited Liability Company, together with a deed to the property and such other documents as may be necessary to effectuate the sale.

Respectfully submitted,

MARJA M. WINTERS

Deputy Director

By Council Member Kenyatta:

Resolved, That in accordance with the foregoing communication, that:

1) The offer by Hantz Farms, LLC, a Michigan Limited Liability Company, to purchase Parcel 525; as more particularly described in the attached Exhibit A, (the "Property") for the amount of \$6,800 is in satisfactory form;

2) The sale of Parcel 525 is hereby authorized subject to the agreement to

purchase and develop the property containing the provision that Hantz Farms, LLC, shall refrain from planting, cultivating, processing and/or selling any agricultural products for commercial activity; on or from the development site, until such time as the City Code be amended to allow for such usage and Hantz Farms, LLC obtains explicit written authorization to conduct such activity from the City department and/or agencies designated responsible for the issuance of such approval.

3) The Deputy Director of the Planning and Development Department, or her authorized designee, is authorized to execute such agreement to purchase and develop the Property, together with a deed to the Property and such other documents as may be necessary to effectuate the sale of the Property to Hantz Farms, LLC, a Michigan Limited Liability Company, for the amount of \$6,800, consistent with the terms set forth in this resolution and provided that all conditions precedent to such sale have been satisfied;

And be it further

Resolved, That this agreement be considered confirmed when executed by the Planning and Development Department's Deputy Director, or her authorized designee, and approved by the Corporation Counsel as to form.

**GENERAL DESCRIPTION:**

Upon acquisition of Parcel 525, generally bounded by Dwyer, Brimson, St. Louis and Davison, Hantz Farms, LLC, in conjunction with their other adjacent lots, shall create greenspace with appropriate fencing to enhance the appearance of their corporate headquarters located at Mt. Elliott and Brimson.

**ZONING, MASTER PLAN AND DEVELOPMENT REQUIREMENTS:**

The proposed renovation lies within a M-4 (Intensive Industrial District) in which greenspace is permissible. The City of Detroit Master Plan has identified this area of the Davison subsector as Light Industrial (IL) and Low Density Residential (RL). This project is within those objectives and this site is not subject to any development plan restrictions.

Hantz Farms, LLC shall refrain from the following for commercial purposes: planting, cultivating, processing and/or selling of any agricultural products produced at Industrial Acres, until such time as the

City Code be amended to clearly allow for such usage and Hantz Farms, LLC, its successors and/or assigns has obtained explicit written authorization to conduct such activities from the City department and/or agencies designated responsible for the issuance of such approval.

**SITE PLAN DESCRIPTION:**

Hantz Farms' basic plans for the project area, bounded by Gable, Davison, Mt. Elliott and Brimson, to be known as "Industrial Acres", include a horticultural garden retreat, various fruit trees/brambles and miniature ponds.

**FENCING, LANDSCAPING, LIGHTING:**

Besides the aforementioned fruits and flowers, the project area shall be landscaped with grass, shrubs and/or canopy trees. The Recreation Department of the City of Detroit retains a list of trees and greenery that are recommended for planting along all streets and the appropriate species of such for this area.

The use of simulated wrought iron fencing no taller than six (6) feet in height is allowable and recommended along street frontages. No barbed and/or razor wire fence shall be installed anywhere within the project area.

Any security and pedestrian lighting shall be subdued, shaded and focused away from traffic and any adjacent properties. All exterior lighting fixtures shall be the high cut-out (shoebox style) models to prevent the project's security/pedestrian lighting from encroaching onto adjacent properties, parkland or roadways.

Final site and landscaping plans are to be submitted to the Building and Safety Engineering Department (B&SE), to be subsequently referred to the Planning and Development Department (P&DD) for site plan review and approval, prior to consummation of work on the site or issuance of any required building permits.

**REFERENCES:**

Reference is made to the preliminary site plans and drawings submitted by Matthew Allen, Hantz Farms, LLC, June 25, 2010.

**Planning & Development Department**

February 22, 2011

Honorable City Council:

Re: Real Estate Exchange Agreement between the School District of the City of Detroit and the City of Detroit.

On February 8, 2011, your Honorable Body authorized the transfer and jurisdictional control over the following City-owned properties; 5020 Cadieux (a/k/a George H. Cannon Playfield and Recreation Center), 6965 McGraw (a/k/a

Dingeman Playfield) and 10147 W. Chicago (a/k/a Owen F. P. Hammerberg Memorial Playfield) to the Planning and Development Department (P&DD) from the Recreation Department.

The Detroit Public School District (DPS) has offered to purchase these three (3) City of Detroit properties. The properties are adjacent to DPS-owned sites. DPS is interested in these properties as they plan to build three (3) new high schools on these sites. The new schools are Finney, Chadsey-Munger, and Mackenzie.

In order to facilitate the DPS project and accomplish certain objectives and goals consistent with the Recreation Department Strategic Master Plan (Master Plan), the Director of the Recreation Department has offered to exchange the City-owned properties, as detailed in the attached Exhibit "A", for the DPS-owned properties plus cash. The Master Plan indicates areas in which the City is lacking in recreational space. It also indicates that the above identified City-owned recreation properties are under-used, in poor condition, and in areas serviced by other nearby parks and recreation centers. The Director identified three DPS-owned elementary schools that would satisfy the Master Plan by providing new parks in neighborhoods that do not otherwise have parks in the nearby vicinity.

The DPS-owned properties requested by the Recreation Department are Stewart Elementary School, Brewer Elementary School, and Clinton Elementary School. As required by Section 2-1-13 of the 1984 Detroit City Code, TEI Environmental Solutions, LLC, on behalf of the City, conducted a Phase I Environmental Site Assessment (referred to as an environmental inquiry in the Detroit City Code) in February, 2011, in accordance with ASTM Standard Practice E 1527-05, and in accordance with the requirements of the Detroit City Code. The environmental inquiry revealed that these parcels had not been used for any purposes other than residential/institutional (i.e., school buildings)/vacant, nor did it indicate evidence of any recognized environmental conditions.

Also under Section 2-1-15 (a)(2) of the 1984 Detroit City Code, the City Council may waive the requirement that the owner (DPS) bear the cost of the environmental inquiry if it finds that acquisition or acceptance of the DPS-owned properties is necessary to preserve and promote the public health, welfare, and good, and the environmental inquiry revealed that an additional assessment is not necessary. We have provided information to support such a finding and therefore request that your Honorable Body waive this requirement.

Under the terms of the proposed "Real Estate Exchange Agreement" between

the City and DPS, DPS will convey its property, as detailed in the attached Exhibit "B", to the Planning and Development Department. Subsequently, upon your Honorable Body's approval, these sites will be transferred to the Recreation Department. The estimated value of the DPS properties is \$1,570,000. The City-owned Parcels to be conveyed to DPS have an ascribed value of \$2,679,374. Thus, DPS will pay the difference between the two values to the City, \$1,109,374.00. The Recreation Department plans to use this amount to demolish the three schools to prepare them to replace the parks and recreation conveyed to DPS. With your authorization, the Recreation Department will establish Appropriation No. 13341 to accept payment from DPS for the difference.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing the Planning & Development Department and the Recreation Department to enter into the proposed Real Estate Exchange Agreement with the Detroit Public School District in order to allow the Detroit Public School to move forward with the construction of its new schools and to allow the Recreation Department to provide recreation and park facilities in accordance with the Master Plan.

Respectfully submitted,  
 MARJA M. WINTERS  
 Deputy Director  
 ALICIA MINTER  
 Director

City of Detroit Recreation Department  
 By Council Member Kenyaatta:

Resolved, In accordance with the foregoing communication, that:

Whereas, As part of a real estate exchange, the School District of the City of Detroit will pay the City of Detroit the sum of \$1,109,374.00 for the difference in value of the properties involved in the exchange,

Whereas, TEI Environmental Solutions, LLC, on behalf of the City, conducted a Phase I Environmental Site Assessment (also referred to as an environmental inquiry in the Detroit City Code, Chapter 2, Division 2) in February, 2011, which revealed that DPS-owned properties had not been used for any purposes other than residential/institutional (i.e., school buildings)/vacant, nor did it indicate evidence of any recognized environmental conditions; and

Whereas, Acquisition or acceptance of the DPS-owned properties is necessary to preserve and promote the public health, welfare, and good, and the environmental inquiry revealed that an additional "environmental assessment" as defined by the Detroit City Code, Section 2-1-11, is not necessary;

Whereas, The acquisition of the Property is in the best interests of the City,

and is necessary for the benefit of the public to protect the health, safety and welfare of the public, and the requirement that the grantor bear the cost of the environmental inquiry is hereby waived.

Resolved, That the Planning and Development Department and the Recreation Department are authorized to enter into the proposed Real Estate Exchange Agreement between the School District of The City of Detroit and The City of Detroit (Agreement) attached and referred to in the attached cover letter;

Resolved, That the Planning and Development Department is hereby authorized to transfer ownership of the properties pursuant to the above described Agreement and as described in the attached Exhibits A-1, A-2 and A-3, to the Detroit Public School District;

Resolved, That the Planning and Development Department is further authorized to accept title to the properties on behalf of the City pursuant to the above described Agreement and as described in the attached Exhibits B-1, B-2 and B-3, from the Detroit Public School District;

Resolved, That the 2010-2011 Budget is amended for the Recreation Department who is hereby authorized to accept, appropriate and establish Appropriation No. 13341 in the amount of \$1,109,374 for the purposes of demolishing and preparing Brewer Elementary School, Clinton Elementary School and Stewart Elementary School for use as recreation properties after the City of Detroit accepts title and that the Finance Director is hereby authorized to increase the necessary accounts and honor vouchers and payrolls when presented in accordance with the foregoing communication and standard City procedures;

Resolved, That the Planning & Development Department's Director, or his authorized designee, is hereby authorized to issue quit claim deeds for the described City-owned properties, upon payment of the consideration due for the properties conveyed in accordance with the Agreement, and

Be It Further Resolved, That the City Council hereby finds and declares that it is necessary for the City and for the public health, safety and welfare of the residents of the City of Detroit to acquire the Property. The Council further finds and declares pursuant to Detroit City Code Section 2-1-15 (a) (2) that, after receipt and review of environmental inquiry of the DPS-owned properties by the City, and a report from the City's Environmental Affairs indicating the findings and conclusions of the inquiry, the acquisition of the DPS-owned properties is necessary to preserve and promote the public health, safety, welfare, and good, and further finds that the environmental inquiry reveals that an additional environmental assessment is not necessary. As such,

the Council hereby waives the requirement that the Seller of the DPS-owned properties bear the cost of the environmental inquiry.

Finally, that Council finds that the requirement for action to recover costs associated with remediation of or response activity is waived based on the fact that an environmental inquiry has been completed, which reveals that the Property is suitable for the intended use of the City of Detroit Recreation Department.

Honorable City Council:

Re: Address: 19177 Mapleview. Name: Andrew J. Thomas. Date ordered removed: October 26, 2010 (J.C.C. page 2591).

In response to the request for a deferral of the demolition order on the property

noted above, we submit the following information:

A special inspection on February 4, 2011 revealed the building is secured and appears to be sound and repairable.

This property is not tax delinquent.

The proposed use of the property is rehabilitation and sale.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

MICHAEL TAYLOR

**Department of Public Works  
Administration Division**

February 21, 2011

Honorable City Council:

Re: Proposed Resolution to Establish Fees for the Application, Issuance, Renewal, and Administration of Annual Location Permits for Valet Staging (Parking) and for the Application, Issuance, and Administration of Temporary Valet Staging (Parking) Permits.

On November 16, 2010, the Detroit City Council passed an ordinance to amend Chapter 39 of the 1984 Detroit City Code, 'Parking Facilities,' by adding Article V, titled 'Valet Staging and Parking.' Upon its effective date, March 4, 2011, this article will provide for the approval and regulation of valet staging on the public right-of-way, including: 1) the application, issuance, renewal, and administration of Annual Location Permits for Valet Staging, and 2) the application, issuance, and administration of Temporary Valet Staging Permits at approved locations in the City.

Section 39-5-1 of the 1984 Detroit City Code defines an Annual Location Permit for Valet Staging as an annual revocable permit issued by the Department of Public Works ("DPW") to the owner of a commercial building, or its managing agent, or a lessee business within the commercial building, which authorizes the use of a specified portion of a public street for a valet staging zone. Further, Section 39-5-1 of the 1984 Detroit City Code defines a Temporary Valet Staging Permit as a revocable permit issued by the DPW to the owner of a commercial building, or its managing agent, or a lessee business within the commercial building, which authorizes temporary valet staging in the curb lane of a public street by a person licensed under the article. Lastly, Section 39-5-1 of the 1984 Detroit City Code provides that temporary valet staging means valet staging offered at a commercial building for a time period not to exceed seventy-two (72) consecutive hours.

Sections 39-5-15, 39-5-32, and 39-5-35 of the 1984 Detroit City Code authorize the Department of Public Works ("DPW") to establish, subject to the approval of City Council, fees for the application, issuance, and renewal of Annual Location Permits for Valet Staging and Temporary Valet Staging Permits. Section 39-5-15(b) of the 1984 Detroit City Code provides that the fee for an Annual Location Permit for Valet Staging shall be based upon the cost of issuance and administration of the permit, the amount of street space being used for the valet staging zone, and, where applicable, the amount of lost parking meter revenue due to the establishment of a valet staging zone, as estimated by the Municipal Parking Department. Section 39-5-35(b) of the 1984 Detroit City Code provides that the fee for a

Temporary Valet Staging Permit shall be based upon the cost of issuance and administration of the permit, the amount of street space being used for the valet staging zone, and, where applicable, the amount of lost parking meter revenue due to the establishment of a valet staging zone, as estimated by the Municipal Parking Department. Also, Section 39-5-13 of the 1984 Detroit City Code requires that, upon the issuance by DPW of an Annual Location Permit for Valet Staging, the Department erect and maintain permanent signage, which clearly identifies the approved valet staging zone.

Sections 39-5-12 and 39-5-32 of the Detroit City Code require that the Municipal Parking Department and the Police Department investigate and submit reports to DPW concerning the proposed street location to be used as a valet staging zone. Pursuant to Section 39-5-3 of the 1984 Detroit City Code, DPW has the authority to establish, plan, issue, suspend or revoke permits, and maintain systems and devices for the regulation of valet staging in the City. In addition, Section 39-5-3 of the 1984 Detroit City Code, the Buildings, Safety Engineering, and Environmental Department and the Police Department have concurrent authority to enforce the permit and licensing requirements of the article.

Pursuant to the above, the DPW has made a determination concerning the fees to be established: 1) for the application, issuance, renewal, and administration of Annual Location Permits for Valet Staging, and 2) for the application, issuance, and administration of Temporary Valet Staging Permits, as follows:

**ANNUAL LOCATION PERMITS FOR VALET STAGING**

Application fee for Annual Location Permit for Valet Staging:	\$250.00
Base permit fee for Annual Location Permit for Valet Staging:	\$250.00
Annual fee for designated valet staging zone:	\$ 25.00 per curb linear foot
Sign installation fee for valet staging zone:	\$150.00 per sign
Where applicable, annual fee for lost parking meter revenue:	\$300.00 per each meter
Renewal application fee for Annual Location Permit for Valet Staging:	\$200.00
Base permit fee for Annual Location Permit for Valet Staging renewal:	\$250.00

**TEMPORARY VALET STAGING PERMITS**

Application fee for Temporary Valet Staging Permit:	\$100.00
Base permit fee for Temporary Valet Staging Permit:	\$100.00
Where applicable, fee for lost parking meter revenue:	\$10.00 per each meter each day
Fee for designated temporary valet staging zone:	\$5.00 per curb linear foot each day

Based upon DPW's information, and upon consultation with other City Departments, the proposed fees are reasonable and consistent with the need for the City to recover the City's costs of processing: 1) the applications, issuance, renewal, and administration of Annual Valet Staging Permits and 2) the application, issuance, and administration of Temporary Valet Staging Permits, in accordance with Chapter 39, Article V, of the 1984 Detroit City Code.

We request that this matter be placed on this Body's agenda for consideration and adoption of the attached resolution prior to March 4, 2011. Thank you for your consideration of this matter.

Respectfully submitted,  
ALFRED JORDAN  
Director

**TESTIMONIAL RESOLUTIONS AND SPECIAL PRIVILEGE RESOLUTION IN MEMORIAM FOR**

**EDDIE KIRKLAND — "Gypsy of the Blues" 1923-2011**

By COUNCIL MEMBER BROWN:

WHEREAS, Eddie Kirkland, known as

the "Gypsy of the Blues," was a one-man traveling jukebox of old-school blues famous for his on-stage somersault. At the age of 67, when Eddie Kirkland was asked when he was going to retire, he pointed toward the sky and said, "Only one man's going to retire me." And so it was. Kirkland, at the age of 88, died on the road after he played one more show at the Dunedin Brewery, the final stop on a four-city swing tour through Florida; and

WHEREAS, Eddie Kirkland was born in Jamaica, raised in Alabama, and moved to Indiana before he settled in Detroit. His mother bought him a harmonica when he was 4, but it was the guitar that appealed to him. Kirkland said that as a child "music got into me" as he listed to the workers in the cotton fields. His career began when he left the south for Indiana at the age of 12 to play guitar with the "Sugar Girls Medicine Show;" and

WHEREAS, Eddie Kirkland polished his blues and eventually toured with John Lee Hooker for seven and a half-years. He also served as band leader for Otis Redding and did continuous road tours with Ruth Brown, Little Richard, Ben E. King, Little Johnnie Taylor and many more greats. Kirkland's first single, 1955's "Done Something Wrong," was re-recorded by the Allman Brothers. He was nominated in 1987 for a W.C. Handy Award for best contemporary male blues artist, among such nominees as Robert Cray, Albert Collins and B.B. King. Most recently Kirkland recorded on the group Foghat's album, "Last Train Home;" and

WHEREAS, Eddie Kirkland had a stage presence that was called "mesmerizing." On stage he told stories, sang stories, and was a "ferocious" guitar player. However, Kirkland's recording is difficult to follow. Many companies have recorded him and sold his recordings, but his records refused to be shelved — they were always waiting for the times to catch up to a sound that has never sat still. NOW, THEREFORE BE IT

RESOLVED, That Detroit City Council Member Gary A. Brown and the Detroit City Council hereby joins the family, friends, and the music world in celebrating the long, prolific and musical life of Eddie Kirkland. He died still doing what he loved to do — traveling on the road and playing the blues.

**PUBLIC COMMENTS**

**VALERIE BURRIS:** Ms. Burris had concerns regarding the trash fee, which is in the Supreme Court. She questioned if it prevailed, would the fee be taken off property taxes.

Ms. Burris feels the proposed funds to tear down Ford Auditorium should be used to demolish vacant homes in neighborhoods.

She wondered the status of City of Detroit compliance to Section 3; also, she would like to see Council representation in Lansing relative to the Emergency Finance Manager law.

**JANIE TRUMBULL:** Ms. Trumbull had concerns with the Water and Sewerage Department who put a large hole in front of her home to repair her sewerage. She has had problems with water backing up into her basement. Plumbers informed her water lines are not connected to the main sewer.

**GARY BROWN:** Council Member Brown referred the matter to the Water and Sewerage Department for report.

**GISELLE COLEMAN:** Ms. Coleman complained of stray dogs in the City of Detroit.

**JOANN WATSON:** Council Member Watson stated she and Council Member Kwame Kenyatta are sponsoring an ordinance to make owners responsible for their dogs. A previous ordinance had been submitted to the Law Department regarding Pit Bulls. Now the breeds are mixed; the ordinance should not be range/breed specific.

Council Member Watson requested the matter be referred to the Department of Health and Wellness Promotion, Animal Control Division for response.

**SAUNTEEL JENKINS:** Council Member Jenkins felt there should be more money in the budget for enforcement of Animal Control.

Council President Charles Pugh referred her to the Mayor's Office. She should inform him that Council put money in the budget for animal control. There should be more personnel, extension of hours of the center(s) and

to extend the hours of the dangerous dog hotline.

Council President Pugh referred this matter to the Department of Health and Wellness Promotion, Animal Control Division for a report on what happened to the dollars given to them. How are the dogs being taken care of with those dollars? Is it feasible to stagger hours of personnel?

**MOTHER HOLMES:** Ms. Holmes offered prayers for the City of Detroit.

**Law Department**

March 9, 2011

Honorable City Council:

Re: Substitute Proposed Ordinance to Amend Chapter 41 of the 1984 Detroit City Code, *Peddlers, Solicitors and Vendors*, Article II, *Vending on Public Property*.

A proposed ordinance concerning vending on public property was requested by your Honorable Body, through Council Member Saunteel Jenkins, as Chairperson of the Planning and Economic Development Standing Committee. After a discussion before the Standing Committee on February 10, 2011, the Law Department was requested to submit a final version of the proposed ordinance. In accordance with this request, a proposed ordinance, approved as to form, was submitted to this Body on February 23, 2011.

Subsequent to the submission of the proposed ordinance, the Law Department met with representatives of the Buildings, Safety Engineering and Environmental Department and the Department of Health and Wellness Promotion ("DHWP") to review the proposed amendments to Chapter 41, Article II, of the 1984 Detroit City Code concerning stationary vendors. As a result, it has been recommended that the proposed ordinance be revised: 1) to modify the definition of "cooler" to make the term commensurate with DHWP requirements; 2) to revise the regulations concerning the use of coolers by stationary vendors at the vending location; 3) to add the DHWP as an additional department that may prohibit the sale of any items where it is determined that the sale of such items would jeopardize the health, safety and general welfare or be injurious or detrimental to properties adjacent to, or in the vicinity of the vending location; 4) to clarify and revise the list of items that stationary vendors may sell; and 5) to revise the regulations for vendors operating at City approved events and festivals.

Pursuant to the applicable provisions of the 1997 Detroit City Charter, the attached substitute ordinance is being submitted to your Honorable Body for consideration and passage. This proposed ordinance will amend Chapter 41 of the 1984 Detroit City Code, *Peddlers, Solicitors and Vendors*, Article II, *Vending on Public Property*, by amending Division 1, *Generally*, Sections 41-2-1, 41-2-2, 41-2-3, 41-2-4 and 41-2-5, and by amending Division 2, *License*, Sections 41-2-21, 41-2-23, 41-2-24 and 41-2-25, to define the terms 'cooler,' 'handcrafted,' 'ice cream,'

and 'light-up or glow plastic accessories'; to revise the term 'commissary'; to clarify and revise the list of items that may be sold by vendors on public property in the City; and to clarify and provide for additional regulations for vendors on public property in the City.

We request that this substitute proposed ordinance be introduced to replace the ordinance submitted by the Law Department on February 23, 2011 and that a public hearing be scheduled on the earliest possible date. In addition, we request a waiver of reconsideration.

We are available to answer any questions that your Honorable Body may have concerning this proposed ordinance.

Thank you for your consideration.

Respectfully,

KRYSTAL A. CRITTENDON

Corporation Counsel

By Council Member Jenkins:

March 3, 2011

Honorable City Council:

Re: Installation of Signs on the Comerica Bank Building, located at 411 W. Lafayette Avenue (Recommend Approval).

The staff of the City Planning Commission (CPC) received a building permit application for the installation of a sign on the previously-approved awning along a portion of the north façade of the Comerica Bank Building, located at 411 W. Lafayette Avenue, facing W. Lafayette

and a modification of the existing roof sign, facing west. There is also a request to review and approve the proposed light sconces along the W. Lafayette façade and the decorative blue light band along the top of the masonry panels on the first floor. The PCA (Restricted Central Business District) zoning classification in which the building is located calls for City Council approval of the location and design of external modifications following the review and recommendation of CPC and the Planning and Development Department (P&DD) (Sections 61-3-182 and 61-11-96 of the Zoning Ordinance). CPC and P&DD staff has reviewed the application and submit this report and recommendation.

#### PROPOSED IMPROVEMENTS

The proposed awning sign is to be located over the entrances on the northern façade along W. Lafayette Ave. It would be located approximately twelve feet above the sidewalk. The proposed lettering area is four (4) feet tall and thirty-two feet long. They would have white lexan faces and aluminum bodies, internally illuminated by white LEDs.

The proposed roof signs on the north and south faces of the building would have the word "Bank" replaced to match the new bank logo. The roof signs would be forty-seven (47) feet long and six (6) feet tall. The individual letters would be aluminum, identical to the existing "Comerica" letters.

The decorative blue light band would be created by white LEDs behind a blue cover in an aluminum box that would be on top of and extend up to four (4) inches from the existing ledge at the top of the first-floor masonry panels and would be one (1) foot four (4) inches tall. These boxes would be between each of the columns, as well as over the smaller doors on the western side of the building. Renderings of each of these improvements are attached.

#### REVIEW

In accordance with the Special District Review provision of Sec. 61-3-185 of the Detroit Zoning Ordinance and the PCA provisions of Section 61-11-96, this review of the proposed signage is considered in light of the following criterion: "Signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner" (Sec. 61-11-97 (11)). The proposed signage appears to meet the requirements of City Code.

#### RECOMMENDATION

CPC staff has completed its review of the proposed signage, light sconces, decorative light band, as has the Planning and Development Department staff. We find that the improvements would be in

keeping with the spirit and intent of the PCA zoning district. Therefore, staff recommends approval of the location and design of the proposed improvements. Please find attached the appropriate resolution to effectuate your approval.

By Council Member Jenkins:

Whereas, Niagara Murano, on behalf of Comerica Bank, has requested to install the following on the Comerica Bank Building, located at 411 W. Lafayette Avenue:

1. Signage of four (4) foot tall letters on the awning over a portion of the building facing W. Lafayette Avenue;
2. The replacement of the word "Bank" on the existing roof sign;
3. The installation of a decorative blue light band along the top of the masonry panels on the first floor;
4. The installation of light sconces under the existing awning; and

Whereas, The building is subject to provisions of Sec. 61-3-185 (Special District Review) and Sec. 61-11-96, the PCA (Restricted Central Business District) zoning classification of the Detroit Zoning Ordinance; and

Whereas, The PCA zoning district classification requires that the location and design of proposed exterior alterations within a PCA district be approved by resolution of the City Council following the receipt of a written report and recommendation from the City Planning Commission; and

Whereas, Both the Planning and Development Department and the staff of the City Planning Commission have reviewed the proposal and found the proposed improvements to be in keeping with the spirit, purpose and intent of the PCA zoning district classification;

Now, Therefore, Be It Resolved, That the Detroit City Council approves the location and design of the proposed signage, light band, and light sconces on the building located at 411 W. Lafayette Avenue, described in the communication from the City Planning Commission staff, dated March 3, 2011, and as depicted in the drawings prepared by Niagara Murano and dated March 3, 2011.

March 10, 2011

Honorable City Council:

Re: Establishing priorities for the 2011-12 Community Development Block

Grant/Neighborhood Opportunity Fund Program (Departmental Report).

At the March 10, 2011 Planning and Economic Development Standing Committee, it was recommended that the City Council adopt funding priorities for the 2011-12 Community Development Block Grant/Neighborhood Opportunity Fund (CDBG/NOF) review.

The actual funding amounts from the 2010-11 NOF/CDBG review are listed below:

- Minor Home Repair \$ 3,900,000 (34.3%)
- Homeless/Emergency PS \$ 2,600,000 (22.9%)
- Economic Development \$ 1,000,000 (8.8%)
- Public Facility Rehabilitation \$ 650,000 (5.7%)
- Public Service
  - Education \$ 1,510,000 (13.3%)
  - Seniors \$ 600,000 (5.3%)
  - Recreation \$ 550,000 (4.8%)
  - Health \$ 300,000 (2.6%)
  - Public Safety \$ 265,000 (2.3%)
- Total \$11,375,000

Unfortunately, the City of Detroit has not yet received word of its CDBG allocation from HUD for the 2011-12 fiscal year. However, reports indicate the strong probability of a significant reduction in CDBG allocations for the next fiscal year.

As a result, at this time, as discussed at the March 10th Standing Committee, CPC staff recommends that City Council adopt priorities with a funding range of ten to fifteen percent less than the current year's allocations. Since we do not know what the City will be allocated from HUD, these are just estimates.

Lastly, it was also agreed at the March 10th Standing Committee, that the recommended priority ranges are meant to assist City Council in determining its budget allocations, and that City Council reserves the right to shift funds between priorities prior to its final budget deliberations.

The attached resolution lists the priorities with the recommended ranges.

**RESOLUTION OPPOSING THE  
ELIMINATION OF VARIOUS TAX  
CREDITS AND INCENTIVES UNDER  
GOVERNOR SNYDER'S PROPOSED  
EXECUTIVE BUDGET**

By ALL COUNCIL MEMBERS:

WHEREAS, Governor Snyder presented the Executive Budget for the State of Michigan on February 17, 2011. This budget, as proposed, includes far-reaching and drastic recommendations to address the State's fiscal crisis through spending reductions, funding shifts, and tax reforms including sweeping modifications to current tax credit and tax incentive programs including the elimination of the Michigan Business Tax Credit (MBT) and the personal property tax exemption for businesses; and

WHEREAS, Many of these budget proposals will most likely leave local municipalities, such as the City of Detroit, in an even more dire fiscal situation than it is presently facing by eliminating or drastically modifying vital tax credits and incentives used to revitalize and redevelop our community; and

WHEREAS, Although the true extent and impact of the proposed changes to tax credit and incentive programs cannot be quantified with any degree of certainty at this time the information currently available demonstrates the proposals will negatively affect how the City engages in the business of redevelopment; and

WHEREAS, These incentive programs were originally created to "even the playing field" by making development in urban areas financially viable and attracting investment or redevelopment of contaminated, functionally obsolete, blighted or historic properties. The proposed changes under the budget plan violate the spirit and intent of these incentive programs; and

WHEREAS, Many of the proposed cuts that are tied to MBT and historic tax credits will negatively impact the following tax credit and incentive programs: Public Act 328 Personal Property Tax Exemptions, Public Act 198 Industrial Property Tax Abatements, Public Act 210 Commercial Rehabilitation Act, Public Act 381 Brownfield Redevelopment Financing Act, Michigan Economic Growth Authority (MEGA), Next Energy, advanced battery, film, renaissance zones, historic preservation, farmland preservation, workers disability and anchor credits. Concerns have been raised that Tax Increment Financing (TIF) program options will also be modified in the future, further reducing the efficiency of tools available to local units of government, particularly in urban areas; and

WHEREAS, The importance of the aforementioned tax credit and incentive programs can be statistically quantified. According to the Detroit Brownfield

Redevelopment Authority, in the last decade the City of Detroit has benefited from over 180 projects utilizing such tax credit and incentive programs which upon completion would result in excess of \$6.3 billion dollars in total investment of which \$320 million dollars is MBT tax credits, resulting in over 15,000 jobs and more than 10,000 units of housing. In part, the total investment represents industrial investments of \$2.1 billion dollars, of which \$17 million is MBT credits, office and commercial investment of \$890 million dollars, of which \$61 million is MBT credits. Without these tax credit and incentive programs, projects such as Arvin-Meritor, Marathon, Fort Shelby, Merchants Row, Book Cadillac Hotel, Argonaut and numerous other important residential, commercial and industrial developments may not have occurred in the City; and

WHEREAS, Governor Snyder has publicly stated, both during and after his successful gubernatorial campaign, that "Michigan cannot be a great state until Detroit is on the path to being a great city." This shared goal of Detroit's success and growth, and ultimately that of the state, will be negatively impacted if the proposed changes in development tax credits and incentive programs take effect; and

WHEREAS, The combined elimination of current tax credit and incentive programs and the institution of incentive programs that are awarded on a competitive basis (such as Brownfield credits) will pit local units of government against one another and further erode the ability of the City of Detroit, as the largest industrial urban area in the state, to attract and incentivize development and rehabilitation; and

WHEREAS, The City has a vested interest in the preservation of the current tax credit and tax incentive programs including the Michigan Business Tax Credit (MBT) and the personal property tax exemption for businesses in order for the City of Detroit to remain competitive and attract redevelopment; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council opposes the elimination of various tax credits and incentives such as the Michigan Business Tax Credit (MBT) and the personal property tax exemption for businesses under Governor Snyder's proposed Executive Budget; and BE IT FURTHER

RESOLVED, That the Detroit City Council strongly urges Governor Snyder to reconsider the proposed changes to tax credit and incentive programs and preserve these important redevelopment tools; and BE IT FINALLY

RESOLVED, That a copy of this resolution be sent to the Governor of the State of Michigan, the Detroit delegation to the State Legislature, Michigan Economic

Development Corporation, Detroit Economic Growth Corporation and the City of Detroit Mayor's Office.

Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Spivey, Tate, Watson, and President Pugh — 8.

Honorable City Council:

Re: Petition No. 665 — Jorgensen Real Estate, requesting several alley closures surrounding property located at 8333 Michigan Ave.

Petition No. 665 of "Jorgensen Real Estate", request the conversion of certain public alleys in the block bounded by Michigan Avenue, 100 feet wide, Arnold Avenue, 50 feet wide, Renville Avenue, 50 feet wide and Ternes Avenue, 50 feet wide into private easements for utility companies. This closure will prevent the theft and destruction of property in said area.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All City departments and privately owned utility companies have reported no objections to the conversion of the public rights-of-way into private easements for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

The City of Detroit has the opportunity to acquire 2900 Conner and 3500 Conner, Detroit, Michigan, for use as a new Detroit Police Precinct. By Council Member Brown:

WHEREAS, The City Council (the "City Council") of the City of Detroit, Michigan (the "City") determines it to be necessary for the public health, safety and welfare of the City and its residents to acquire certain improved real property consisting of parcels at 2900 Conner and 3500 Conner in the City, all as more particularly described on the legal description attached hereto as Exhibit A ("the "Property"), from Priority One Development Center L.L.C., (the "Seller"), to be used for administrative, office and automobile parking purposes, which may include operating quarters for the City's Police Department, 5th Precinct, an evidence storage facility, and other ancillary uses; and

WHEREAS, Under the provisions of Act No. 99, Public Acts of Michigan, 1933, as amended ("Act 99"), the City Council is authorized to enter into any contract or agreement for the purchase of property or equipment for public purposes; and

WHEREAS, The City Council has received an offer from the Seller to sell the Property to the City for the price of \$705,000.00; and

WHEREAS, Funds to complete the purchase of the Property will come from Appropriation 00990 — Capital Improvement; and

WHEREAS, Forms of the Agreement for Purchase and Sale of Real Estate (“Purchase Agreement”) between the City and the Seller, and substantially in the form presented to the City Council have been prepared setting forth the terms and provisions of the purchase of the Property by the City, and it is the desire of the City Council to approve the purchase of the Property, all as set forth in the Purchase Agreement, and the execution thereof; and

WHEREAS, NTH Consultants, Ltd., on behalf of the City conducted Phase I and II Environmental Inquiry in December 2010, which revealed lead that exceeds the Michigan Department of Natural Resources and Environment (“MDNRE”) (formerly the Michigan Department of Environmental Quality - MDEQ) Generic Cleanup Criteria, but does not preclude the property being used for the City’s Police Department’s intended purpose. A Baseline Environmental Assessment (“BEA”) will be disclosed to the MDNRE as part of City of Detroit’s liability protection from any existing contamination; and

WHEREAS, The acquisition of the property is in the best interests of the City, and is necessary for the benefit of the public to protect the health, safety and welfare of the public, and the requirement that the grantor bear the cost of the environmental inquiry is hereby waived.

NOW, THEREFORE, BE IT

RESOLVED, By the City Council of the City of Detroit, Wayne County, Michigan, pursuant to the City Charter, Act 99 (1933 PA 99, being MCL 123.721 et seq., as amended, “Purchase of Lands and Property for Public Purposes”) and Act 279 (1909 PA 279, being MCL 117.1 et seq., as amended, “The Home Rule City Act”) as follows:

#### ARTICLE 1

##### DETERMINATIONS

Section 101. Findings, Declaration of Purchase. The Council hereby finds and declares that it is necessary for the City and, for the public health, safety and welfare of the residents of the City of Detroit to acquire the Property for such sum as shall be determined by the Finance Director not in excess of \$705,000.00, as set forth in the Purchase Agreement, and transaction and closing costs, if any, and to accomplish such acquisition by enter-

ing into the Purchase Agreement with the Seller, at a purchase price not to exceed \$705,000.00, pursuant to and in accordance with the provisions of Act 99 and Act 279, as finally confirmed by the Finance Director.

Section 102. Environmental Determinations. The Council hereby finds and declares that it is necessary for the City and, for the public health, safety and welfare of the residents of the City of Detroit to acquire the Property. The Council further finds that, after receipt and review of environmental inquiry of the Property by the City and a report from the Department of Environmental Affairs indicating the findings and conclusions of the inquiry, despite the presence of environmental contamination, the acquisition of the Property is necessary for the benefit of the public to protect the health, safety and welfare of the public. The Council further waives the requirement that the Seller of the Property bear the cost of the environmental assessment based on the conclusion that the preservation of the promotion of the public health, safety, welfare and good outweighs the cost of the environmental assessment. finally, the Council finds that the requirement for action to recover costs associated with remediation of or response activity shall be waived based on the fact that an environmental inquiry has been completed, which reveals that the property is suitable for commercial land use.

Section 103. Declaration of Purchase of Property. The City shall enter into the Purchase Agreement under this Resolution on the authority of and in accordance with the provisions of the Detroit City Charter, Act 99 and Act 279, in a sum not to exceed \$705,000.00

Section 104. Execution and Delivery of Purchase Agreement. The Purchase Agreement and all of the documents necessary or appropriate for the completion of the transaction provided for therein shall be executed in the name of the City by the Finance Director.

Section 105. Approval of Other Documents and Actions. The Mayor, Finance Director, the Treasurer, the Corporation Council and the City Clerk are hereby authorized and directed on behalf of the City to take any and all other actions, perform any and all acts and execute any and all documents that shall be required, necessary or desirable to implement this Resolution.

Section 106. Delegation of City and Authorization of the Mayor and the Finance Director.

(a) Subject to the approval of the City’s Corporation Counsel, the Mayor and/or the Finance Director are each authorized and directed on behalf of the City to execute solely, such other documents as may be required to consummate the acquisi-

tion of the property under the Purchase Agreement.

Section 107. Article and Section Headings. The Article and Section headings hereof are solely for convenience of reference and do not constitute a part of this Resolution, and none of them shall affect its meaning, construction or effect.

(e) Seller shall deliver any lease presently in place as referenced in Section 6(f) hereof to Purchaser and execute an assignment of such lease in favor of Purchaser.

(f) Seller shall provide a letter from Comerica Bank, its Mortgagee, by which Comerica Bank acknowledges and approves Seller's intention to sell 3500 Conner to purchaser, and verifies it will provide evidence of a complete discharge of Comerica Bank's Mortgage on 3500 Conner at Closing.

Seller and Purchaser shall cooperate (at no cost or expense to Seller) in obtaining satisfaction of the foregoing conditions including but not limited to the execution of such documents and applications necessary to obtain governmental approvals. In the event that any contingency of this Agreement cannot be satisfied within ten (10) days of the Closing, Purchaser shall as its sole remedy provide Seller with written notice on or prior to the expiration of such period of Purchaser's intent to terminate this Agreement. If Purchaser fails to give such notice to Seller within such period, all of the conditions precedent in this Article 4 shall automatically be deemed to have been satisfied or waived by Purchaser without an action by the parties.

5. Future Land Divisions/Lot Splits. Seller hereby agrees and understands that any remaining land divisions or splits are permitted by the laws of the State of Michigan or ordinances of the City of Detroit for the Property shall be conveyed

(b) The transfer and delivery by Seller of all right, title and interest in the Property to Purchaser as provided hereunder will not conflict with or result in the breach (which breach will affect its ability to perform hereunder) of any of the terms of any agreement or instrument to which Seller is a party or by which it is or may be bound or constitute as default thereunder, or violate any state or federal governmental law, statute, ordinance or regulation.

(c) Seller has no knowledge of any encroachments of buildings, structures or improvements located on the Property onto adjoining property or that any improvements on the Property encroach on any easements located on the Property.

(6) There are no facts, circumstances, conditions or occurrences relating from the Seller's or any predecessor's conduct of the business and, to the knowledge of the Seller, any other such facts, circumstances, conditions or occurrences that would reasonably be anticipated (i) to form the basis of an Environmental Claim (ii) to interfere with or prevent continued compliance by the Seller with Environmental Laws and Environmental Permits, or (iii) to cause the Property or any other property or assets to be subject to any restrictions on ownership, occupancy, use or transferability under any Environmental Law.

(7) Notwithstanding anything to the contrary contained in this Agreement, Purchaser shall not be responsible for environmental liability relating to or arising out of conditions predating the Closing. enter into this Agreement and be bound by same.

(b) The execution of this Agreement and the consummation of the transactions contemplated herein constitute the binding obligation of Purchaser.

(c) The execution of this Agreement and consummation of this transaction will not conflict with or result in the breach (which breach will affect its ability to perform hereunder) of any of the terms of any agreement or instrument to which Purchaser is a party or by which it is or may be bound or constitute as default thereunder, or violate any state or federal governmental law, statute, ordinance or regulation.

(d) This Agreement is enforceable in accordance with its terms and neither the execution of the Agreement nor the performance of its terms will violate any agreement to which Purchaser is a party. In the event Purchaser seeks to enforce the terms of this Agreement, Purchaser shall be entitled to specific performance. In the event of any default by the Purchaser hereunder, Purchaser and Seller agree that the actual damages, including any attorney's fees and damage for withdrawing the Property from the market for Purchaser's failure to perform hereunder by reason of any default of Purchaser would be extremely difficult to measure and that Seller's sole remedy shall be the termination of this Agreement.

10. Condemnation/Damage or Destruction. In the event the property or any significant part thereof is or becomes the subject of a condemnation proceeding or there occurs any material change in the physical condition of the Property. Seller shall notify Purchaser thereof within ten (10) days of such event. In the event of condemnation, Purchaser shall have the option (a) to take title in accordance with the terms and conditions of this Agreement and permit Seller to negotiate with the condemning authority and receive the condemnation award, reducing the Purchase Price hereunder by the amount thereof received or receivable by Seller; or (b) to take title in accordance with the terms and conditions of this Agreement and negotiate with the said condemning authority for the condemnation award and receive the benefit thereof; or (c) to terminate this Agreement and declare its obligations hereunder null and void and of no further effect. Any and all taxes due for years before the year of Closing shall be paid by Seller or its representative on or before the Closing. missions. This commission shall be split equally between Jones Lang LaSalle (broker for the Purchaser) and DaKale Group (broker for the Seller).

13. Assignment. This Agreement may not be assigned by either party without the prior written consent of the other party hereto, which shall not be unreasonably withheld. However, Purchaser may assign all or any part of his right, title and interest in and to this Agreement at any time and from time to time to any trust(s), firm(s), partnership(s), person(s), or any other entity(ies) or corporation(s) controlled by or to be formed by Purchaser without prior consent from the Seller. Any such assignment shall be binding upon the heirs, executors, administrators and successors of the Purchaser, provided that such assignment shall not relieve Purchaser of its obligations hereunder. Notice of any assignment shall promptly be given in writing.

14. Notices. All notices, requests, demands and other communications hereunder shall be in writing and shall be deemed to have been duly given if mailed by registered or certified mail with postage prepaid within such period as is reasonable under the circumstances to Seller and Purchaser at their respective addresses as set forth in the first Article of this Agreement or to such other addresses as shall be furnished in writing by either party to the other.

15. Amendment. This Agreement may be amended only in writing executed by both Seller and Purchaser.

16. Duration of Offer. This Agreement shall automatically be deemed withdrawn by Seller if Purchaser does not execute and deliver the signed original to Seller on or before 5:00 p.m. on April 11, 2011.

17. Closing. The Closing shall occur at a time and place mutually agreeable to the parties on the date which is within thirty (30) business days after the Agreement is approved by Detroit City Council (the "Closing"), but no later than May 12, 2011.

18. Miscellaneous. By COUNCIL MEMBER JENKINS:

WHEREAS, Since 2008, there has been controversy surrounding the proposed demolition of two buildings owned by the City of Grosse Pointe Park but located within Detroit City limits and the boundaries of the Jefferson-Chalmers Historic Business District. These properties are: the Deck Bar, 14901-14915 E. Jefferson built in 1918 and a party store located at 14917 E. Jefferson that was built in 1920. The aforementioned properties are still under the jurisdiction of the City of Detroit Historic District Commission which, under applicable State laws such as the Local Historic Districts Act, Public Act 169 of 1970; MCL 399.201 *et seq.*, has the power to authorize the preservation or demolition of structure in historic areas; and

WHEREAS, These properties were purchased in contemplation of a land swap with the City of Detroit, which currently owns neighboring property in the City of Grosse Pointe Park which contains a DDOT bus turnaround. The City of Grosse Pointe Park proposed demolish the structures to build a new bus turnaround facility on the Detroit properties in exchange for the property located within its borders. After purchasing the property and moving forward with the project the controversy regarding the properties historic status began; and

WHEREAS, This ongoing controversy has resulted in numerous hearings and litigation beginning with the 2008 Detroit Historic District Commission vote to deny the City of Grosse Pointe Park's demolition request. This was followed by the City of Grosse Pointe Park's unsuccessful 2009 State of Michigan Historic Preservation Review Board appeal and subsequent Wayne County Circuit Court case. The City of Grosse Pointe Park has since appealed to the Michigan Court of Appeals for relief; and

WHEREAS, Pursuant to the Local Historic Districts Act (MCL 399.205(6)), the Historic District Commission can authorize such work by issuing a notice to proceed if it finds that it is necessary to substantially improve or correct any of the following conditions:

- a) structure constitutes a safety hazard to the public or its occupants;
- b) it is a deterrent to a major improve-

ment program that will be of substantial benefit to the community;

c) retaining the structure will cause undue financial hardship to the owner when occurrences beyond the owners control caused the hardship and all feasible alternatives have been attempted by the owner; or

d) retaining the structure is not in the interest of the majority of the community; and

WHEREAS, In light of the time and events that have passed since this controversy began, it is reasonable for the properties in question to be referred back to the City of Detroit's Historic District Commission for reconsideration and be re-evaluated based on the current status of the properties under the factors set forth in the state law; and

**RESOLUTION R-3-11**

**A RESOLUTION OF**

**THE CITY COMMISSION OF THE CITY OF HUNTINGTON WOODS, OAKLAND COUNTY, MICHIGAN URGING REGIONAL COOPERATION REGARDING DETROIT WATER AND SEWER GOVERNANCE**

Whereas, Michigan House Bill No. 4112, as well as proposals from Public Officials in Oakland and Macomb Counties, are proposing the reorganization or take over of the Detroit Water and

Sewer Board and operations by suburban customers; and

Whereas, While there may be legitimate issues related to rising costs and distribution they are not proven to be a reflection of governance of the system; and

Whereas, The City of Detroit has changed leadership at both the Executive and Legislative levels and appears to be on a sound course of investigating and rectifying management issues; and

Whereas, It is premature for the State or suburban officials to intervene in the magnitude proposed.

Now, Therefore Be It

Resolved, That the City Commission of the City of Huntington Woods, Michigan urges all representatives of suburban customers of the Detroit Water and Sewer region to fully engage in dialogue and cooperation at this point in our region's history.

Be It Further

Resolved, That a total change of the governance of the system not be considered at this time allowing the new Administration, City Council, and management of the Water System to address current issues.

Be It Further

Resolved, That a copy of this Resolution be forwarded to State Representative Cogan State Senator Gregory, Water and Sewer Officials of Wayne, Oakland and Macomb Counties, the Mayor and all members of the Detroit City Council, as well as all neighboring communities.

Resolved, This 15th Day of February, 2011.

**PUBLIC COMMENTS**

**RAYA SPIKENER** — One of the issues she addressed in her letter is child safety issues for children saying they cannot play in their front yard or backyard without criminals coming down the

street and them being in danger. She believes that is a problem in the City of Detroit. Another issue is at night, she hears gunshots and screaming in the middle of the night. It makes her afraid.

**President Pugh** — Stated that the Public Health and Safety Standing Committee will focus attention on Ms. Spikener's concern.

**Council Member Watson** — Suggested to have Ms. Spikener speak to someone directly about how to have Special Protection added to her neighborhood in combination with the Police Chief and the Mayor's office so she may know that they are responding to her issue.

**MALCOLM MOSLEY** — In his letter, he addressed things like police response time and how we have no tourist attractions to bring people back to Detroit. His house has been broken into four times within the last two years. It took the police 30 to 45 minutes to get to his house after the alarm sounded.

**CASEY EDGAR** — She is there with Stephanie Reed, Chuck Riley and Robert Lloyd. They represent students for education in their community. She is speaking on their behalf. They are there to discuss several issues they have with Wayne County Community College District. First, the discontinuation of general education classes for summer 2011 and possibly beyond at the Northwest campus. The Northwest campus has the largest student body; however, the decision was made to offer the same amount of classes for every campus. Approximately 400 classes are being taught throughout the district; 200 of which will be online, which leaves 200 to be distributed to the individual campuses. It is not equitable to split the classes evenly among the campuses considering the Northwest campus has the greatest need and the highest student body. The effects of the on-campus class discontinuation on the community is that many students who only need a few classes to graduate will either have to transfer out of the districts or remain stagnant for months. Many students walk to school or take the bus and the closest campus that may be offering general education classes is the downtown location, which takes three buses and over an hour to get to. Second, there is a lack of transparency between the administration and the students. The cancellation of the summer 2011 classes was not communicated to the students. The class schedule was online available for viewing, but once word started to spread that they were canceling the classes, they removed it.

Lastly, available funds used for renovations instead of education. At the November 23rd regular board meeting, an \$80,000.00 budget was approved for technology renovations in the board conference room. Also, approved at this meeting was \$77,000.00 for renovations for the security office downtown and \$200,000.00 for a partnership for the Wayne County Sheriff's Department. If the money earmarked for these budgeted items were used for education, 162 classes can be funded. The resolution that they seek is councils help in holding Wayne County Community College District accountable to their mission statement and values. Because based on their own philosophies, the Northwest campus would offer general education classes year round. Invitation was made to join them on March 23rd at the Board of Trustees meeting at District Headquarters, 801 W. Fort Street at 6 p.m.

**Council Member Brown** — He once attended WCCCD. He would like to look into Ms. Edar's concerns. He will have a staff person to attend the board meeting.

**JIM EGGED** — He is to there to talk about safe, clean drinking water. Detroit has probably the safest, cleaning drinking water. He would like to keep it that way. He wanted to talk about hydraulic fracturing, which is a way of obtaining natural gas from deep down in the ground. Hydraulic fracturing as it applies, uses water under pressure with chemicals and these chemicals are not very human friendly. When it releases this gas, it also releases naturally occurring elements that are also not very human friendly. Council may ask why it is not covered under the Clean Water Act or the Safe Drinking Water Act. It is because the Energy Policy Act of 2005 exempted this from both of those laws. He would like for council to refer this matter to the Public Health and Safety Standing Committee so that the city can come up with an ordinance banning this because the City of Buffalo and the City of Pittsburgh already has.

**President Pugh** — Referred Mr. Egged's concern to the Public Health and Safety Standing Committee.

**Council Member Watson** — Inquired if Mr. Egged's concern could also be referred to the Green Task Force and the Environmental Industrial Task Force.

**MIKE ALLEN** — The cab drivers are still being harassed by the police. They are given criminal violations by the police. They are working people and need relief immediately. He received a ticket

the other day for so called cruising. He stopped by the casino. The police told him to move away from the door. He went to this door and that door because someone called him from the phone to pick them up from the door. The police wrote him a \$150 criminal violation. Mr. Allen stated that he has to go before a judge concerning this matter.

**President Pugh** — Referred Mr. Allen's complaint to the Neighborhood and Community Services Standing Committee.

**Council Member Brown** — Advised Mr. Allen to file a formal complaint with the Board of Police Commissioners.

**Council Member Watson** — Mentioned that in 2004 on a Friday during Memorial Day weekend at 6 p.m., there was a hearing in reference to matters like Mr. Allen's. The auditorium was filled with taxi cab drivers. The council members stood up for the taxi cab drivers who were getting tickets without a cause.

**President Pugh** — Stated that an assistant from Council Member Watson's office will assist Mr. Allen with a letter to take to court with him.

**Council Member Tate** — Mr. Allen came to the Neighborhood Community Services meeting this past Thursday. Mr. Allen's issue had already been referred and issues worked on as they were talking. (Council Member Watson and Attorney Charles Brown gave Mr. Allen a letter to take to court with him.)

**MINISTER JOHN ALKAVER** — He would like to participate in helping out with the education department by further educating our people. He's also looking for a building to get started in helping out the education department.

**Council Member Watson** — Referred Mr. Alkaver to the Planning and Development Department to look for a building.

**ANTHONY SMITH** — Stated he wants council to do something about the crime.

**KEVIN CAREY** — He was before council last year regarding the Detroit Crime Lab and Kim Worthy investigating the Crime Lab. This body gave her over \$1,900,000.00 in the last couple of years. He is before council to advise them not to appropriate anymore funding to Kim Worthy. He would also like to know about the quarterly reports she supposed to deliver to City Council. He thinks there is some injustice. African American men were wrongfully convicted because of mishandled forensic evidence. He would like for the council to write a letter to the Federal Government for an investigation to the Crime

Lab and hold those police technicians accountable for the injustice in analyzing the evidence.

**JADE BOYD** — She's from Burns Elementary School. She's before council to talk about the problems in her neighborhood such as; break-ins, arsons and a lot of potholes in the street. She's asking for help because a lot of kids are losing their lives. There are at least five houses on her street that are vacant and she would like for them to be torn down immediately.

**Council Member Brown** — Explained the process of abandon buildings. City Council ensures that any building open to trespass and dangerous at the least gets boarded up. If it can't be salvageable, it needs to be torn down. Ten thousand are waiting to be torn down over the next three years by the Mayor's request. (Council Member Brown asked Ms. Boyd for the addresses to put priority to them.)

**President Pugh** — Suggested Council Member Brown to connect with his office because they received the same letter from Burns Elementary. An update regarding the abandon homes was already given to Burns Elementary School to let them know where they are on the demolition list. All of the addresses that were given to his office are slated for demolition this year.

**Council Member Tate** — Addressed the violence issues in the neighborhoods. Council Member Tate and Saunteel Jenkins are on the Youth Violence Prevention Task Force. They are the co-chairs. They bring together members from the faith based community, business and philanthropic (those who donate money) communities, city leaders, regular people from the community and more specifically younger people to come together with a plan. (Council Member Tate informed Ms. Boyd about the next YVP Task Force meeting.)

**President Pugh** — Informed Ms. Boyd that she can become a member of the Youth Violence Prevention Task Force to give her suggestions and to help make sure young people are aware of what's going on in their neighborhood and how to get involved.

**DEMETRIUS HAYES** — Asked for continuation of advocating the streets of Detroit for safety purposes.

**LaSHAY HAMILTON** — She lives on the west side of Detroit and she sees a lot of drug dealers, drug addicts, abandon homes and abandon lots. She feels it is unsafe in her neighborhood. The population is decreasing because of this problem.

**LATAWN CROCKER** — He's at the meeting in support of Wayne County Community College. He is one of the students who had to waive several semesters to get a class he needed to graduate. He recognizes some of the obstacles that is put in place young men like himself. He's also been a licensed barber for 12 years. It's important to get City Council's support in this matter. The crime is going to increase because of the obstacles. They cannot allow the obstacles to continue to hinder them.

**Council Member Spivey** — Informed Mr. Crocker that he will also have someone from his staff to attend the WCCCD Board of Trustees meeting.

**KEN ESTELL & MARK SCHAFFER** — Mr. Estell has been a firefighter for 7 years. They both were born and raised in the City of Detroit and Detroit Public Schools graduates. They have a plan to improve Detroit. They want to be able to go around and board up the abandon houses, keep the grass cut, do snow removal and pick up trash. They want to help keep the city looking nice. Kids are getting raped and killed in the abandon buildings while on their way to school. They have a company that is registered and licensed to do the work. Their mission is to keep the kids off the streets by starting mentoring programs and after school programs. They have certified teachers in place as well as persons with medical background experience. Tutors, sports and hot meals will be offered. They would like to employ some of the kids to keep them off the streets. They currently own several properties and would like to get some of the homeless people off the streets and to work. It is heartbreaking. It is time to stop complaining and do something about it. That is why they are there trying to do something. They are tired of senseless games. Mark's brother was shot and killed in the city. He was a great kid, a football player; on his way to the NFL. They would like to sit down with a council member to go over a plan.

**President Pugh** — Stated that he wants to work with Mr. Estell. There are several foundations that have funds to assist Mr. Estell. The Skillman Foundation specifically has money for programs like his that are targeted at African American male. There is also a Community Block Grant process that they can participate in. This year they may be up against some deadlines if they have not already passed the deadline. Council wants them to know the process to help them get in contact with money that could help them facilitate

what they are trying to do. Council looks forward to working with them.

**Council Member Watson** — Referred Mr. Estell to the Planning and Development Department and Mr. Johnson from her staff to assist Mr. Estell in finding out about the HUD program, Section 3, Potential Contractors and Employees that focuses on contracting City of Detroit residents. Council Member Watson wants them to look into getting Mr. Estell placed on the HUD list for review.

**NANCIE GIBSON & TINO HAMMOND** —

Ms. Gibson has been a business owner for 41 years and is trying to sell her business. Ms. Hammond is a student from WCCCD. She hopes the WCCCD problems get resolved. She is with the Michigan Black Bar Association. Ms. Gibson needs a resolution from City Council. A staff person from Council Member Watson's office advised her to come before City Council to make her appeal. She's been approved by the state. The Police Department signed off and told her she needed a resolution from City Council.

**President Pugh** — Referred Ms. Gibson and Ms. Hammond to the City Planning Commission.

**KATHERINE TEMPLE** — She is a Social Studies teacher from Barsamian Preparatory School. She is also an Adjunct Professor at Wayne County Community College and they do need council's support there also. Barsamian is a special school. They give students a second chance to get back into the public school system. They have a Violence Prevention Program that she teaches. She would like someone from council to adopt their school. When the students are recycled back into the regular school system, they are becoming very productive and high grade earners.

**President Pugh** — He assured Ms. Temple that he will visit Barsamian. His office has already adopted Frederick Douglass Academy. He informed Ms. Temple that she can make an appeal to one of the other eight council members. He also informed Ms. Temple that Council Member Gary Brown teaches classes at Barsamiam. (Council Member Brown will follow up with Ms. Temple.)

**MARK BROWN** — He is a student at Barsamian Preparatory. His issue is with DPS closing the schools. They have to travel to different schools and there is gang violence which brings more violence to DPS oppose to keeping everybody separated. He wants to know where council stands on the issue.

**President Pugh** — Stated that council will connect Mr. Brown with an elected member from the school board.

**Council Member Watson** — Closing the schools is a disgrace before God. It is not going to help the students, the city or the situation. They passed a resolution legislation opposing the broadening of the powers of the Emergency Financial Manager. The state took over the schools and it is their deficit. The deficit has only increased under the Financial Manager. If the deficit is worse, then obviously it does not work.

**President Pugh** — Made mention that Carol Banks is a member of the Detroit Public Schools Board and wants her to address how she feels about the closing of the Detroit Public Schools before Mr. Brown leaves.

**Council Member Jones** — She is also opposed to the closing of the Detroit Public Schools. She is a graduate of the Detroit Public Schools. She came from a family of teachers of Detroit Public Schools. We have to find a way to also bring back the children to the Detroit Public School System.

**Council Member Cockrel, Jr.** — This is a complicated issue. It's not as simple as just saying we are opposed to the closing of the schools. Reality is we are going to have to bite the bullet and close some. He has dealt with this first hand. He has a daughter that attends a middle school. She's in eighth grade. She is now in a different building because the school she had been attending actually closed at the end of the last school year. It worked out for his good because the school she moved to is a newer facility and it is closer to his house. The reality is we are dealing with a school district with serious financial problems. Forty-one schools should not be closing. They are looking into changing some Detroit Public Schools into Charter Schools. It is a complicated question that will require deep thinking with complicated solutions.

**President Pugh** — Informed Mr. Brown to talk to Carol Banks.

**MICHAEL FOY** — In her opinion, it seems no matter how the administration does the checks and balances, DPS spontaneously end up short changed. How and when are they going to change?

**President Pugh** — Advised Ms. Foy to take up her question with Carol Banks once she was finished talking to Mr. Mark Brown.

**DARION RUSSELL** — Wanted to know how can the city get more summer jobs to keep the youth out of trouble?

Instead of closing all of the schools, can they be turned into recreation centers?

**President Pugh** — We are challenged with the summer youth job program. The federal dollars that comes to us for the program has been cut. We now need to send out a call to our business community to step up and assist us in this. City Council has a summer youth employment program. Pres. Pugh advised Mr. Russell to leave his information with Council so that one of the council members could entertain his employment.

**Council Member Watson** — Made mention of Sergeant Curtis Perry who works hand and hand with City Council each year seeking young police cadets to work six weeks for the summer. Council Member Watson advised anyone to contact Sgt. Perry if they are interested in the summer program.

**MATTIE BUFFORD** — She is having a lot of problems in her apartment building. One day she went downstairs and came back upstairs to find out that someone had been in her apartment. Clothes were all over the floor and things moved around. She came to council for help.

**President Pugh** — Called on Mr. Marable to help Ms. Bufford connect with someone from the Police Department within her district to take a report and work with her and her building to see what they can do to assist her in securing her place and catch the people who are targeting her.

**OMAR LAURENCIN** — His family owns a business. They have a café and a laundromat. He's been having a lot of issues. He's on a payment plan with DTE. They were one day late. DTE demanded the full payment. They had just paid \$6,000 the day before. They came up with \$8,000 more the next day to pay if off. Now they want to drill a hole in the concrete, saying they are going to shut off the gas from the street because the City of Detroit mandated them to do so. They needed to tear down one unit out a strip mall and he lives above it. He needs help and recommendation.

**Council Member Watson** — She suggested for someone to go to DTE on Mr. Laurencin's behalf.

**Council Member Spivey** — Council is going to help Mr. Laurencin. Advised Mr. Laurencin to also connect with Bishop Williams (who is in the audience) whose church is several doors from his business.

**Council Member Tate** — Stated that he will also call DTE on Mr. Laurencin's behalf.

**Council Member Brown** — Stated that he will also look into Mr. Laurencin's situation.

**Council Member Jones** — Stated that she will also have someone from her staff look into Mr. Laurencin's situation.

**MOTHER HOLMES** — Lord please look on our council. Give them the strength they need to stand this journey. Lord bless them in everyway. Let them be able to get enough rest. Give them fresh courage. Let the job get a little bit easier. Keep them safe from all hurt, harm and danger. Lord look on Detroit. Help our people. There are many in need. Let our city come back. Lord we need you. Jesus help us back to where we once were. Look like all evil hands reached out to destroy, but God You got everything. You can do all things. The main thing I am asking is that You let our city come back. Give us back our home which seems someone is trying to destroy. Have no takeovers. We don't need any takeovers. Just let them go and leave us be. These things I'm asking in Your name. In the name of the Father, the Son and the Holy Ghost; Amen.

~~(d) The design treatment level of the Grand Circus Park Local Historic District shall be conservation as provided for in Section 25-2-2 of this code.~~

~~(e)~~ The defined elements of design, as provided for in section 25-2-2 of this Code, shall be as follows:

(1) *Height.* The buildings in the Grand Circus Park Local Historic District range from two (2) to twenty (20) stories tall, the average height being ten (10) stories tall. Central United Methodist Church is approximately thirty (30) feet high to its eaves; its southwest corner, four (4) story tower rises approximately eighty (80) feet from the ground while its spire rises another sixty (60) feet above. The non-contributing aboveground structures in Grand Circus Park related to the underground parking are one (1) story in height.

(2) *Proportion of buildings' front facades.* Proportion varies in the district, depending on the size of the building, its period of construction, and its function. Most of the front facades of the individual buildings that face the park are taller than wide but may have visible side elevations wider than tall, particularly when located on corner lots. Two (2) buildings of moderate height, the Madison Theater Building at 22 Witherell Street and the Fine Arts Building at 44-58 West Adams Avenue, are approximately as tall as wide, and the

two (2) story building at 18-24 West Adams Avenue is wider than tall. The Broadway Avenue and Madison Avenue facades of the Detroit Opera House are substantially wider than tall. Where there are rows of abutting buildings, particularly on West Adams Avenue, a broad commercial streetscape results. The front facade of the Central United Methodist Church facing Woodward Avenue is wider than tall to its eaves although vertical elements cause it to appear taller than wide; its side or nave elevation faces the Grand Circus Park and is substantially wider than tall as is its adjoining church house.

(3) *Proportion of openings within the facades.* Large, square storefront windows and entrance bays line the ground floor of most buildings although many are covered with temporary boards or other barriers and, therefore, their actual condition is not visible. Individual window units above the ground floors and/or mezzanines are usually taller than wide but are frequently grouped in openings that are as tall as wide or wider than tall. Openings containing more than three (3) window units also exist. Groupings in arched configurations exist at the upper floors, mezzanine levels, and ground floors of some of the buildings in the district. Double-hung sash windows are prevalent, sometimes with transoms above, with pivot windows and other single-paned types present. Windows are frequently subdivided by muntins. The Central United Methodist Church features tudor-arched openings and lancet windows with tracery and leaded glass. Where they exist, non-original materials on the facades often obscure the original proportions of openings within the facades. Consequently, areas of voids are approximate, and originally ranged from about one-third (1/3) to two-thirds (2/3) of the front facade areas, with the two (2) story building at 18-24 West Adams Avenue being on the high end of that range due to its large expanses of window area.

(4) *Rhythm of solids to voids in front facades.* Voids in the front facades of buildings originally used for commercial purposes are generally arranged vertically in bays and horizontally by floor in a regular fashion, due to the stylistic derivation of the buildings, their function and/or their steel frame and curtain wall construction. Voids are arranged according to functions of spaces behind them in the Central United Methodist Church: the front facade contains the main double door arched entrance flanked by arched windows; a large stained glass arched window is located over the door; the tower contains a tudor arched entrance on the first floor of the south elevation and a window on the west elevation; and the other stories of the tower are fenestrated in a variety of ways with consistency at each level as are most other parts of the building.

(5) *Rhythm of spacing of buildings on streets.* The buildings in the district are set on the front property line; where there is a row of abutting buildings, as on West Adams Avenue, a continuity is created. The intended rhythm of buildings around the semi-circular Grand Circus Park has been broken by the demolition of buildings on the east and west. The rim is more naturally interrupted by the numerous streets radiating from the Park Street and Woodward Avenue bisecting the park.

(6) *Rhythm of entrance and/or porch projections.* The original arrangement of entrances creates an irregular pattern along the street. The placement of original entrances on individual facades is not consistent; rather, it is dependent on the width of the building and the number of retail spaces entered from the street. No facade projections beyond the front lot line exist at ground level; marquees and awnings above first floor entrances were common and some still exist.

(7) *Relationship of materials.* Building materials common to exterior surfaces in the district are limestone, brick, granite and terra-cotta; modernizations tend to be in granite, glass and steel. Window frames are of wood, cast iron, and/or steel. The Central United Methodist Church and its church house exhibit slate roofs, copper flashing, dormer roofs, and trim. Monuments and fountains feature bronze statues and plaques and granite or marble platforms or pedestals.

(8) *Relationship of textures.* The low relief pattern of mortar joints in brick, terra cotta or limestone juxtaposed with smooth masonry trim, where it exists, provides textural interest. Glazed brick, glazed terra cotta, polished granite and large glass surfaces are smooth in texture, carved or molded repetitive ornamental detail in terra cotta or masonry contrasts with the surface material, providing a high degree of textural interest. Where they exist, subdivided windows, parapets and cornices with repetitive detail are often areas of textural interest. The Central United Methodist Church and its church house have rock-faced ashlar surfaces that result in a rough, rustic appearance. Their slate roofs create a pattern complimentary to the facades. In general, the district is rich in textural relationships.

(9) *Relationship of colors.* The majority of buildings in the Grand Circus Park Local Historic District are in a light color range. Within this range, many are clad in white or light beige terra cotta, while some are in light gray or beige limestone, and others are in buff brick. Red brick also exists. Window frame tend to be painted in dark tones, such as black, brown or deep green, with a few in light tones, such as light gray. The Central United Methodist Church and its church house have green

copper flashing and natural wood doors; colorful stained glass windows provides artistic interest to the church. Monuments and fountains feature verdigris or bronze-color statues and plaques and white marble platforms or pedestals. The original colors of any building, as determined by professional analysis, are always acceptable, and may provide guidance for similar buildings.

(10) *Relationship of architectural details.* Architectural details generally relate to architectural styles. Early twentieth century buildings exhibit roman arches, cartouches, fluted pilasters, and other classically derived details. The Fyfe Building on the northwest corner of Woodward and Adams Avenues and the Central United Methodist Church on the opposite, northeast corner, display details of english-medieval-influence, such as tracery lancet arches, crenelation, shields and/or finials. On the taller buildings, ground floors, mezzanine levels and the upper levels are frequently areas of ornamentation. Where they exist, cornices are richly ornamented, sometimes with brackets and trim; where cornices have been removed, plain surfaces have replaced them. Spandrels between arches, tops of pilasters, and string courses also tend to be decorated. Storefronts typically have apron walls and large expanses of glass, but are frequently altered or covered over.

(11) *Relationship of roof shapes.* Roofs within the Grand Circus Park Local Historic District are not visible from the street with the exceptions of the Central United Methodist Church and its church house which have steeply pitched slate roofs and of the church which has transverse gables and a tall spire.

(12) *Walls of continuity.* An overall wall of continuity is formed by the buildings that rim the park. Where buildings abut and are sited on the front lot line, particularly on West Adams Avenue, a strong wall of continuity within the streetscape is created. Historic decorative light poles along Woodward Avenue contribute to the continuity of that streetscape.

(13) *Relationship of significant landscape features and surface treatments.* The Grand Circus Park is composed of two (2) landscaped quarter circles bisected by Woodward Avenue, a major multi-lane thoroughfare. The park is graded and planted with grass turf, trees, bushes and flower beds. The arrangement of pathways differs on each half of the semicircle but generally lead to a more-or-less central paved circle in which an ornamental fountain is located. Benches are located around the paths. Ramps to the underground parking garage and permanent access structures and/or ventilation structures relating to the parking garage are also located near the perimeter of the park. A curb separates the park from the

wide public sidewalk surrounding it. The William Cotter Maybury Monument is located on the northwest corner of the east half of the park and the Hazen S. Pingree Monument is located opposite it on the northeast corner of the west half of the park, both near Woodward Avenue. On both corners of the park, at its southern end at Woodward Avenue, are obelisks, two recent additions to the streetscape. The millennium bell, a polished aluminum sculpture, is located on the east side of the east half of the park. Tall fluted historic light poles with double hanging pendants and historic globes line Woodward Avenue. Similar poles with modern pendants are located on the sidewalks on Park Street and Adams Avenue. Traffic lights are of a modern variety. Buildings are generally located on their front lot lines and are directly adjacent to the public sidewalk. There are raised bed planting areas with stone retaining walls along the nave and front facade of the church. Concrete columns and tracks for the people mover obscure the lower stories of the buildings from view at the southern end of the district.

(14) *Relationship of open space to structures.* The major open space in the district is the Grand Circus Park, a passive recreational area across the street from the buildings that surround it. A parking garage under the surface of the park necessitates the presence of street ramps and points of pedestrian access.

(15) *Scale of facades and facade elements.* Individual building facades range from small in scale to large, with the majority being in the moderate range. Details within individual facades range from small to moderate in scale; the repetition of small scale detail is common. Signage is provided for above the ground floor storefront windows, often in a panel designed for such purpose and sometimes as part of a marquee. Rooftop sign structures also exist.

(16) *Directional expression of front elevations.* While most buildings are vertical in dimension, they form horizontal rows where they abut. The front facade of the Central United Methodist Church is emphatically vertical due to the thrust of the front gable, tudor-arched windows, and its corner tower and spire.

(17) *Rhythm of building setbacks.* There are no setbacks due to the siting of all buildings on the front lot lines throughout the district.

(18) *Relationship of lot coverages.* All buildings occupy their full parcels with the exception of two (2) buildings on West Adams Avenue: The Fine Arts Building at 44-58 West Adams Avenue and the building at 18-24 West Adams Avenue occupy slightly less. The Stroh Building at 28-36 West Adams Avenue and 25 West Elizabeth Street and Fine Arts Building at

44-58 West Adams Avenue extend across the alley above ground level to Elizabeth Street.

(19) *Degree of complexity within the facades.* The degree of complexity ranges from very simple to moderately complex, depending on style and building type.

(20) *Orientation, vistas, overviews.* Individual buildings are oriented toward the Grand Circus Park, with the exception of the Central United Methodist Church, which is oriented towards Woodward Avenue, and the Detroit Opera House, which is oriented towards Broadway and Madison Avenues. Corner buildings tend to have separate entrances oriented toward the side street. Dramatic vistas exist when looking toward the park from the streets radiating from it. From Woodward Avenue, the vista opens up on approach to the park. The overview is that of a half-round green space from which streets emanate like spokes.

(21) *Symmetric or asymmetric appearance.* Most buildings are originally symmetrical in appearance above the first floor. Many were symmetrical on the first floor as well, depending on the position and number of storefront openings. Multiple changes to the storefronts have resulted in the creation of increased asymmetry on the lower levels. The Central United Methodist Church is symmetrical on its west facade.

(22) *General environmental character.* The general character of the Grand Circus Park Local Historic District is that of a fairly intact assemblage of well-designed commercial buildings surrounding one of downtown Detroit's few public open spaces. It is located in the midst of other historic parts of downtown, including the Theater District, Capitol Park, Lower Woodward, and Harmonie Park. Development of major sports stadia to the northeast of the district and redevelopment of existing historic buildings to the south and southeast of the district have resulted in renewed interest and enthusiasm in the area. The park is the most important element of Detroit's Historic Woodward Plan and the area is strategically located for redevelopment.

**RESOLUTION IN SUPPORT OF THE RETENTION OF THE HISTORIC PRESERVATION TAX CREDITS**

By COUNCIL MEMBER COCKREL, JR., on Behalf of COUNCIL MEMBER JENKINS:  
 WHEREAS, Governor Rick Snyder has proposed to eliminate the Michigan Historic Preservation Tax Credit (HTC), which is a successful and essential incentive program associated with economic revitalization in Michigan and Detroit; and  
 WHEREAS, The HTC is an economic development tool that creates jobs; according to the job numbers reported by the Michigan State Historic Preservation Office, on average statewide, 3,300 jobs were created annually from rehabilitation leveraged by the HTC while growing core urban areas and providing affordable housing, and  
 WHEREAS, The HTC is absolutely necessary to fill the gap in financing redevelopment and adaptive reuse of older structures that are not addressed by any other type of rehabilitation financing, and  
 WHEREAS, The economic impacts of historic preservation and the benefits of the HTC are well-documented in Detroit, and the Detroit Historic Designation Advisory Board has recommended over fifty historic districts to the Detroit City Council for local designation since the HTC went into effect in 1999 for the benefit of property owners, both for-profit and nonprofit, attesting to the success of the HTC program; and  
 WHEREAS, The HTC is the ONLY economic incentive available to homeowners who rehabilitate their property in Detroit's historic districts, contributing to the stability of our communities. Those investments

in the 2010 calendar year, totaling \$2,885,463, benefited twenty buildings, from a small cottage in Corktown to a large condominium unit in the Westin Book Cadillac Hotel; and  
 WHEREAS, The HTC has leveraged much more in Federal Historic Preservation Tax Incentives on substantial commercial redevelopment projects, such as the Argonaut Building (The College for Creative Studies' A. Alfred Taubman Center for Design Education) and the Fort Shelby Hotel; resulting in a \$212,998,457 investment in Detroit in the 2010 calendar year, and more developers are in line to take advantage of the HTC when their projects are completed, such as the Newberry Nurses Home and the Michigan Bell & Western Electric Warehouse; and  
 WHEREAS, Private homeowners and local commercial developers are planning future rehabilitation projects that are not likely to occur without the HTC, jeopardizing such major rehabilitation projects as the David Whitney Building and the Detroit Free Press Building, as well as smaller projects in our neighborhoods; NOW THEREFORE BE IT  
 RESOLVED, That the Michigan Historic Preservation Tax Credits (HTC) are critical to leveraging investment in Detroit's historic commercial districts and residential communities, and, therefore, must be retained; and BE IT FINALLY  
 RESOLVED, That a copy of this resolution be sent to the Governor of the State of Michigan, the Detroit delegation to the State Legislature, the Michigan Economic Development Corporation, the Detroit Economic Growth Corporation and the City of Detroit Mayor's Office.  
 Adopted as follows:  
 Yeas — Council Members Brown, Cockrel, Jr., Jones, Spivey, Tate, Watson, and President Pugh — 7.  
 Nays — None.

**Mayor's Office**

March 18, 2011

Honorable City Council:

Re: *Mayor Bing vs. Detroit City Council*.  
Case No.: 11-000304 CZ.

I am also in possession of your communication dated March 8, 2011, which states that the Cable Commission's remaining budget for the 2010-2011 fiscal year is \$967,497.00. You further state that it is your understanding that 35% of this budget should be transferred to the budget of the Detroit City Council pursuant to the Consent Judgment agreed to by the parties and ask that \$338,624.00 be added to City Council's 2010-2011 budget.

Please be advised that according to counsel for the Mayor in this matter, the 65/35 split is based on the Cable Commission's operating budget. According to the Mayor's counsel, during settlement negotiations, the parties' limited discussions regarding splitting the Cable Commission's current budget to operating funds, only, for payment to staff. Additionally, paragraph 4 of the Consent Judgment states that "the current budget dedicated to the Cable Commission shall be distributed on a ratio of 35/65 to the City Council and Mayor, respectfully, *for programming and/or administrative expenses.*" Money assigned to object code 644100 for "Acquisitions — Equipment," which is \$321,496.42, was not included in the settlement, as these costs will still be incurred by the Mayor's Office.

The result of the adjustment will leave an operating balance of (\$967,497.38-\$321,496.42) \$646,000.96 and 35% of that amount is \$226,100.34. Accordingly, attached please find a resolution for a budget amendment to City Council's 2010-2011 Budget in the amount of \$226,100.34.

**Buildings and Safety  
 Engineering Department**

March 7, 2011

Honorable City Council:

Re: Proposed Resolution to Establish Fees for the Application, Issuance, Renewal, and Administration of Valet Staging (Parking) Business Licenses.

On November 16, 2010, the Detroit City Council enacted an ordinance to amend Chapter 39 of the 1984 Detroit City Code, 'Parking Facilities,' by adding Article V, titled 'Valet Staging and Parking.' Upon the effective date, March 4, 2011, this article provides for the regulation of valet staging on the public right-of-way, including the licensing of persons engaged in valet staging and parking within the City.

Section 39-5-51 of the 1984 Detroit City Code provides that no person shall engage in or maintain valet staging within the City unless the person has a valid valet staging business license, which has been issued pursuant to Division 3 of Chapter 39, Article V, of the Code. Section 39-5-53 of the 1984 Detroit City Code authorizes the Buildings, Safety Engineering, and Environmental Department ("BSE&E") to establish a non-refundable application fee for the processing and issuance of a valet staging business license and, subject to the approval of City Council, establish a fee for the valet staging business license based upon the cost of issuance and administration under the article.

Chapter 39, Article 5, Division 3, of the 1984 Detroit City Code requires that BSE&E perform various tasks to ensure that the applicant meets the requirements for the issuance of a valet staging business license and that the requirements of operating a valet staging business on a

City street are met. Further, Section 39-5-54 of the 1984 Detroit Code requires BSE&E to refer the business license application to the Police Department, the Finance Department, and the Municipal Parking Department for investigative reports, which will be used in BSE&E's determination whether to approve or deny the license application.

Pursuant to the above, BSE&E has determined that the application, issuance, renewal, and administration fee to be charged for the annual valet staging business license be established at two hundred fifty dollars (\$250.00) in accordance with Chapter 39, Article 5, Division 3, of the 1984 Detroit City Code. Therefore, attached is a proposed resolution for this Body's approval of the two hundred fifty dollars (\$250.00) fee for the application, issuance, renewal, and administration of the annual valet staging business license by BSE&E.

We request that this matter be placed on this Body's agenda for consideration and approval of the proposed fee as soon as possible. We are available to answer any questions that this Body may have concerning this proposed resolution.

Thank you for your consideration of this matter.

Respectfully submitted,  
**KIMBERLY A. JAMES**  
 Director

**Resolution to Approve Fees for the Application, Issuance, Renewal, and Administration of Valet Staging (Parking) Business Licenses**

By Council Member Brown:

Whereas, Pursuant to the above, BSE&E has established a fee of two hundred fifty dollars (\$250.00) to be charged for the application, issuance, renewal, and administration of the annual valet staging business license;

Whereas, The application, issuance, renewal, and administration fee to be charged for a license to operate a valet staging business in the City established by BSE&E is reasonable and consistent with the provisions of Chapter 39, Article V, Division 3, of the 1984 Detroit City Code, 'Valet Staging and Parking'; and

Whereas, BSE&E has submitted this proposed resolution to the City Council for the approval of the two hundred fifty dollars (\$250.00) fee to be charged for the application, issuance, renewal, and administration of the annual valet staging business license.

Therefore Be It Resolved, That the Detroit City Council approves the fee of two hundred fifty dollars (\$250.00), which has been established by BSE&E, to be charged for the application, issuance, renewal, and administration of a valet staging business license pursuant to Section 39-5-53 of the 1984 Detroit City Code.

**TESTIMONIAL RESOLUTION FOR**

**PASTOR LARY T. MURRAY**

**Thy Kingdom Come Church of God in Christ**

By COUNCIL MEMBER SPIVEY:

WHEREAS, Lary T. Murray was born November 5, 1948 in Forest, Mississippi in the very bed in which the founder of the Church of God in Christ, Bishop Charles Harrison Mason, had once slept. Mother Katie L. Murray, the grandmother of Elder Lary Murray, housed Bishop Mason when he would frequent the area. Upon his birth, Elder Murray's grandmother offered him up to the Lord, speaking prophetically "Lord this man child shall be Your preacher"; and

WHEREAS, Elder Lary Murray is a 1967 Business and College Prep graduate of Eastern High School. He received an Associates Degree in Design and Engineering in 1969 and was certified in Industrial Administration and Technology Engineering in 1976 from Henry Ford Community College. He was employed at Uniroyal and General Motors for a combination of over 28 years as a Product Design Engineer; and

WHEREAS, Elder Lary Murray is cer-

tainly no stranger to the Church of God in Christ. He comes from a very strong lineage of Elders, Pastors, Superintendents, and Bishops in the Murray family. He was birthed out of the ministry of Bishop P.A. Brooks, First Vice President of the Church of God in Christ, at New St. Paul Tabernacle Church of God in Christ in April, 1986, where he and his wife of twenty five years, Evangelist Reneé F. Murray received Jesus Christ as Lord and Savior together. It was here where his destiny began to unfold; and

WHEREAS, In December, 2003, Elder Lary Murray accepted and acknowledged the time of fulfillment, the prophetic word spoken over him from birth to become the Lord's vessel for ministry. He became an ordained Elder, August, 2008, in Great Lakes First Jurisdiction under God's humble servant Bishop Clifford C. Dunlap; and

WHEREAS, Elder Murray has Faithfully served the church as, Church Administrator, Trustee, Deacon, President of Men's Ministry, President of Male Chorus, Sunday School Teacher, Workshop Presenter, and Chairman of Licensing and Procurement for the Head Start Agency; and

WHEREAS, Elder Lary T. Murray is the Lord's strong teaching priest, who loves to worship, pray, and minister healing, hope, and restoration to a broken world. He challenges the soul of man to become all that God has predestined, putting great emphasis on marriage and the family; and

WHEREAS, In July of 2010, Elder Murray began to experience a stronger pull of the spirit. On December 5, 2010, he launched Thy Kingdom Come Church of God in Christ; NOW THEREFORE BE IT

RESOLVED, The Detroit City Council congratulates Elder Lary T. Murray on his many accomplishments as he is officially installed by Bishop J. Drew Sheard, North Central Ecclesiastical Jurisdiction Michigan and National Chairman of AIM of the Church of God in Christ worldwide, as Pastor of Thy Kingdom Come Church of God in Christ on Saturday, March 19, 2011 at Greater Emmanuel Institutional Church of God in Christ in Detroit, Michigan.

Yeas — Council Members Brown, Cockrel, Jr., Jones, Spivey, Tate, Watson, and President Pugh — 7.

Nays — None.

**CONSENT AGENDA**

NONE.

**MEMBER REPORTS**

**COUNCIL MEMBER WATSON** — Bank on Detroit; a formal lunch on Monday @ 11 a.m. in the Erma L. Henderson Auditorium. Most of the major banks and credit unions will be there.

Community partners including; United Way, Focus Hope, Detroit Lions for Fair Banking and Accounting Aide Society. The FDIC and Federal Reserves are helping to launch Bank on Detroit to help the citizens get winged from the check cashing outlets that are gouging them every week charging thirty cents on a dollar when they try to cash their checks. Low cost and some no cost checking and savings accounts will be made available. Financial literacy classes will be taught also by Southwest Solutions, U-SNAP-BACK, Focus Hope and United Way.

**COUNCIL MEMBER TATE** — The numbers for the census is supposed to be released today. One of the issues was that the number was going to be low. As the co-chair of the Census Task Force which was dutifully chaired by Member Spivey, they saw that there was a lack of participation by a lot of people in getting involved with the census. Folks were out doing everything they could to engage the public, but apathy set in. He encouraged the administration to challenge the numbers. The numbers coming forward will not be indicative in what the true population in the City of Detroit is. The numbers have gone down through the years. One of the stories he believes went under reported last week to keep us encouraged, was the fact that Yahoo reported that Detroit was one of the most under rated cities. It talked about our art scene; our great architecture and interesting neighborhoods. They noted to make sure Detroit was on your travel check list. The thing he believes it lost out and missed upon was the people in the City of Detroit. That without a doubt is our most precious commodity that we have in this city. We talk about the jewels, the buildings, the infrastructure, the architecture; but the people of the City of Detroit, as much as we have been beaten down, we keep bouncing back. Regardless of what the numbers would end up being, he encouraged council to not just challenge the numbers, but to keep moving forward to improve our city, build up the population and improve the quality of life for our citizens.

**COUNCIL MEMBER BROWN** — On Saturday, he received a phone call from an AP Reporter asking him how he felt about losing a lawsuit regarding Dr. Dre. He did not feel like a loser. If he had to do it all over again, he would still fight the lawsuit. He may have lost a legal issue with regards to constitutionality, but sometimes fights when it comes to morality, and what our kids are exposed to is worth fighting. Eleven years ago when he went to Joe Louis

Arena, a facility that the city owns and was asked to review a film that was about to be shown, he saw kids lined up to get into the arena; thirteen, fourteen and fifteen years old. He reviewed the film and saw that it was extremely pornographic, graphically violent, demeaning to women and had a strong, drug content. He thought stopping that from happening was the right thing to do. He received quite a few emails about this particular incident. Dr. Dre sued him and the City of Detroit. They settled within three days and gave him \$50,000. It wasn't him that was suing Dr. Dre, he was responding to being sued and to the city settling on the case. This society is as violent as it is because of the content of material that they're being bombarded with every single day. In the sixties, seventies and even the eighties; they did not have this type of access to this type of material that our kids are being exposed to today. There was merit to the case.

**PRESIDENT PUGH** — He reminded his colleagues that they approved the budget amendment today. The Committee of the Whole was to discuss how they were going to proceed in terms of content with Comcast, Channel 22. The meeting will be on Monday, April 4th at one o'clock. They will discuss how to put this money to its best use to market, produce, to write and edit compelling content for Channel 22. They also will discuss how they then put that to best use with connection to social media, our city website and other ways of marketing to let people know that they can see the city's business being done on Channel 22.

**COUNCIL MEMBER WATSON** — Wanted to know if the April 4th date for them to meet was set in cement because it is the anniversary of the assassination of Dr. Martin Luther King. A number of community events will be held on that day which she believes will cause a conflict if council meets on the same day. April 4th is a commemorative date. (President Pugh informed Council Member Watson that April 4th was not set in cement. It was a first choice, but he brought the information before council for them in open forum to discuss.)

**PRESIDENT PUGH** — He also wanted everyone to know about the Detroit Revitalization Fellows Program. It is a Wayne State Program in conjunction with the Kresge Foundation and Hudson Webber. They partnered to create something called "Detroit Revitalization Fellows Program." It's modeled after the successful Rockefeller Foundation Redevelopment

Fellows in New Orleans. The program is designed to attract, develop and retain promising young professionals who'll be cultivated in order to build the capacity of public for profit and non-profit and quasi public organizations. Many Detroit anchor institutions have already signed up to receive some of these fellows; DEGC, the DDP, Invest Detroit, the City of Detroit, UCCA and Next Energy. He would like to sign up Detroit City Council to participate and encourage some of his colleagues to have some of the fellows work in their offices; certainly CPC, RAD and Fiscal as well. He encouraged RAD to scroll the information because he wants people in the city to know they can apply for the program. It is a two year fellowship that pays full benefits and gives full pay. If people are interested in applying, the email address is [www.dfp@wsu.edu](mailto:www.dfp@wsu.edu) or call 313-577-6500.

**COUNCIL MEMBER COCKREL, JR. —**

Indicated that he passed out a memo addressed to the Clerk and sent a copy to all the council members regarding scheduling some items in the Budget, Audit and Finance Committee. He wanted council to know about another scheduling item that was on next Tuesday's Formal Session. He was looking forward to recognizing Ted Phillips and Marilyn McLane for the outstanding work that both of their organizations have been doing in foreclosure prevention. The program they have come up with has been hugely successful. It can be used as a model not only for the Detroit city government, but throughout the entire country. It's something the council needs to recognize. He wanted to note that for the record. Another thing he wanted to note, as it relates to the census, he asked Mr. Corley (he will also put it in writing) if the city dropped below 750,000, (it's his recollection prior to the last census), will the city take the proactive steps in petitioning the state legislation in getting the funding formulas changed to drop them down to a 750,000 number. (Mr. Corley did concur.) In the event the count drops below 750,000, Council Member Cockrel suggested Mr. Corley to produce a survey of any existing funding formulas that may be impacted by the numbers so they would know what steps they will need to take. (President Pugh informed everyone that the request was made to Mr. Corley the previous week.) Member Cockrel believes the number should be questioned and challenged. It's been done the past two census.

**President Pugh —** Mentioned that Member Jenkins requested that RAD

take a look what their options were as the legislative body to challenge if indeed the Mayor's Office. They are not going to do that. This is a discussion they should have at the table, perhaps a Committee of the Whole, to talk about how they can as a Mayor's Office and a Council work together on the issue. They are looking at what their options are legislatively to challenge the number even if the Mayor's Office chooses not to.

**Mr. Whittaker —** Informed council that he should have a report out sometime that day. He also mentioned that it looks like the challenge cannot happen before June 1st.

**President Pugh —** Inquired who can make the challenge.

**Mr. Whittaker —** Informed council that from the information they received, it appears that the Chief Executive Office, which means the Mayor, will have the responsibility. He reiterated that they should have a formal report to council sometime today.

**President Pugh —** Made mentioned that council could quickly pass a resolution to challenge the numbers.

**Council Member Watson —** Mentioned that in regards to Member Cockrel's statement in relations to the 750,000 base population for revenue sharing, as a part of the agreement, the city agreed to lower its income tax requirements; which they did and is still doing. As a part of the agreement, the state agreed to pay a set amount for a period of seven years. The state has only paid the two of the seven years and currently they still owe the city \$220,000,000 unpaid revenue sharing from that agreement. The city gave up revenue they could have earned.

**Council Member Cockrel —** Stated that Member Watson was incorrect. The agreement on revenue sharing had nothing to do with the moves to change legislation and funding formulas tied to population. It was separate. The agreement on revenue sharing was a deal cut between Archer and Engler relative to the income tax.

**Council Member Watson —** Indicated that she was referring to the agreement for the state to pay "x" amount of dollars.

**Council Member Cockrel —** Stated that the two were separate agreements.

**COUNCIL MEMBER SPIVEY —** Mentioned that the last day to challenge the census is October 1st. The numbers will be given at 2 p.m. today. His colleague Madam Jones had a memo addressed to the administration as far as EMS vehicles is concerned. He supported the memo. He lost his trucks and wants them back on the road.

**COUNCIL MEMBER JONES** — Stated that she also had a memo with some EMS questions asking the administration to get the responses back to her. The Skilled Trade Task Force meeting was today, 4 p.m.-6 p.m. in the auditorium. Someone will be there to talk about Green Jobs. On next Tuesday, she will give Millie Hall a resolution to honor Women's History Month. On April 4th at 5:45 there will be a Prayer Vigil at Hart Plaza. April 4th is significant because it's the anniversary date assassination of Dr. Martin Luther King Jr. He was assassinated in Memphis while speaking out for the rights of AFSCME sanitation workers. It is a prayer for workers across the country who are being attacked, their collective bargaining rights terminated, dignity for all workers and for those who need jobs. The Prayer Vigil is put on by We Are One. We Are One represent all unions, workers, clerical and the community. They are one in the fight for jobs, dignity, respect for the right to form unions and the right to decent wages and benefits.

**PRESIDENT PUGH** — Mentioned that the new date for the Committee of the Whole to meet will be Friday, April 8th @ 10 a.m.

**COUNCIL MEMBER COCKREL, JR.** — Made note that he forgot to mention about the Green Task Force Meeting scheduled for Thursday, 3 p.m., in CAYMC on the 13th floor.

**ADOPTION WITHOUT COMMITTEE REFERENCE:**

NONE.

8. Submitting report regarding Proposed Delinquent Property Tax Ordinance. **(The language used in Sec. 14-8-14, under the heading “Applicability,” states it applies to “any other method of disposal of real property.” The Research and Analysis Division is concerned that this language from the County’s ordinance may broaden the scope of the ordinance to cover transactions when the City does not transfer its full interest in the property; such as leasing or easement situations. This interpretation would also increase the resources needed to implement the ordinance. Therefore, the Research and Analysis Division recommends this draft language be discussed more fully so the language can be clarified or amended if necessary.)**

Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Spivey, Tate, Watson, and President Pugh — 8.

Nays — None.

**VOTING ACTION MATTERS  
OTHER MATTERS:**

NONE.

**COMMUNICATIONS FROM MAYOR AND OTHER GOVERNMENTAL OFFICIALS AND AGENCIES:**

NONE.

**PUBLIC COMMENTS**

**SHEILA CROWELL, Advocate for the 48210 Neighborhood Association** — complained that the only safe park in their area, Dingeman Park, is being sold to DPS and has been classified as oversized. The city is recommending that citizens in her neighborhood use Bieniek Park.

**BILL BURKS, Certified Alignment Company** — addressed City Council relative to a contract that his company has had for the last five years as a Detroit-based business. They lost the bid by only a few dollars, but Mr. Burks does not believe the cost of transporting the vehicles out of the city was figured into the equation because the contract was awarded to a company in Romulus. He contends that it will end up costing the city an extra \$20,000 to \$30,000 to transport the vehicles to the Romulus facility, which would make his bid roughly \$25,000 cheaper. An official protest has been filed, but he has not heard anything from the Finance Department.

[Referred to the City Clerk's Office to ascertain the status of his protest; President Pro Tem. Brown's office will assist in tracking the protest.]

**FRANK TAYLOR, owner of property located at 5000 McDougall** — complained that his property was inadvertently connected to the property next door and placed on the city-owned property listing in Planning and Development. Even though city records indicate he owes property taxes back to 2007, he was not allowed to pay them because the property is in the Planning and Development Department. Mr. Taylor is seeking Council's assistance in resolving the matter.

[Ayanna Johnson of Council Member Watson's staff will contact the Planning and Development Department to resolve the issue.]

**W. UPSHAW** — alleges that he has a \$50,000 lawsuit filed against the Department of Transportation. He is asking that the money be used toward the renovation of the Kronk Recreation Center.

**MARIAN SLIGH-COLEMAN** — addressed City Council relative to concerns that people are constantly expressing negative views of Detroit. She offered her services to the Detroit City Council because she wants to do something positive.

**CLETA D. BUFKIN** — addressed City Council relative to the Homeless Prevention and Rapid Re-housing Program offered through Neighborhood Legal Services. This program helps recipients to relocate into housing. She expressed concerns that payments are always late, which causes the recipient to be placed in eviction. Ms. Bufkin contends her payment for last quarter was a month and half late.

**GREG MURRAY, Vice President, SAAA** — asked that when City Council begins its budget reviews and deliberations they pay particular attention to the training line item in each department. What has happened (as in the Information Technology Department) is that there is a zero budget for training, which results in an untrained and unskilled workforce that then artificially justifies contracting out. He also asked Council how they could tolerate sending \$3 million back to the state for weatherization programs that would have bought hot water heaters and other items for Detroit residents. Mr. Murray contends that in December of 2010, the City of Detroit surrendered \$3 million out of a \$5.5 million contract back to the state for weatherization programs that should've served the city.

**ANTHONY BROGDON** — advised City Council of a documentary he is doing about Detroit called "The Great Detroit". He will be showing Detroit from the most positive perspective. There will be approximately 70 interviews of people who are making a difference in the city, doing things from urban gardening to revitalization of the neighborhoods and working with inner-city kids in various capacities, etc. The documentary talks about Detroit's history (the automotive history to other industries that have flourished in Detroit). Filming will begin on April 17th. Mr. Brogdon expects that it will take approximately two months to complete the project. There will be a black tie reception at the DIA and weekend showings at local theaters. He also plans to enter the documentary in both national and international film festivals, telecast it on a local television station and have DVD's available for purchase.

**MOTHER RUEDELL D. HOLMES** — offered a prayer for the City Council.

Honorable City Council:

Re: Village Park Apartments — Payment in Lieu of Taxes (PILOT).

Village Park Apartments is an existing PILOT, which was taken over by Michigan State Housing Development Authority. The development is located at 1085 Van Dyke in the West Village area. The apart-

ments consist of two contiguous buildings and have 35 one-bedroom, 1-bath and 21 two-bedroom units. Michigan State Housing Development Authority (MSHDA) has awarded Village Park/MHT Limited Dividend Housing Association LLC Neighborhood Stabilization Preservation (NSP) funds not to exceed \$6,300,000 in connection with the acquisition and rehabilitation of the complex. The loan will be for a period not to exceed 50 years and will carry an interest rate of 3% per annum.

In addition to the NSP loan from MSHDA, the project will also be receiving Brownfield Michigan Business Tax Credits and Historical Preservation Tax Credits.

The proposed improvements for the complex will be to preserve the original elements still existing on the exterior and interior of the buildings. Renovation plans are to replace and upgrade roofing, windows, mechanical, lighting, carpeting, and entryways to the buildings. Within the units, replace and upgrade flooring, balconies, appliances and cabinets as well as painting all interior walls.

It is intended that the property be made as a multi-family community where 50% of the units are Section 8 project based voucher and 50% be rented at market rate.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of ten percent (10%) of the net shelter rent.

Respectfully submitted,  
J. CASTONE  
Assessor

STATEMENT BY COUNCIL MEMBER ANDRE SPIVEY ON YES VOTE TO AMEND 2010-11 OFFICIAL COMPENSATION SCHEDULE TO INCREASE THE PAY RANGE FOR DIRECTOR OF THE DETROIT WATER AND SEWERAGE DEPARTMENT

On Tuesday, March 29, 2011, I voted to approve the amendment of the salary range for the Director of the Detroit Water & Sewerage Department. The Administration initiated this amendment to raise the annual salary range to \$250,000 based upon a market analysis of similar positions around the country. The Detroit Water and Sewerage Department (DWSD) is the third largest water department in the country. In addition to its size and complexity, DWSD also has the unique distinction of being one of the few water departments in the country that includes a sewerage division which will require additional specialized knowledge for any candidate who is to be considered. Given these factors, the Administration indicated that a salary capped at \$156,100 proved to be inadequate to attract qualified candidates with the necessary skill set and competencies.

The next DWSD Director will also require the experience and savvy necessary to navigate the system out of the fed-

eral consent decree within the parameters of the stipulated order recently negotiated between Mayor Bing and the leadership of Wayne, Oakland and Macomb counties. While the Council had no final say in the conditions of the stipulated order, our responsibility to provide for clean and safe drinking water and to preserve our precious water supply for many years to come is unchanged. The Council must continue to do everything within its legislative authority to protect our vital asset. The harsh reality is that as long as DWSD remains under the federal consent decree, the decisions of those you elected to your City Council and chose as your Mayor can be overridden at any moment by the federal judge who is in charge of monitoring the consent decree. Even if the Council had not voted to amend the compensation schedule, the federal judge could have ordered the pay range increase with the stroke of a pen. This further illustrates the reality that as long as we continue to be subject to the consent decree, the right to govern ourselves is severely compromised.

DWSD's aging infrastructure, a steady decline in the number of customers and budget-busting federal mandates all contribute to the water and sewer rate increases that we all must endure year after year. Unfortunately, our situation is not unique. Water systems across the country are dealing with the same challenges. Some increase rates, others increase taxes and many do both. While the rising costs of operating a water and sewerage system are not unique to Detroit, the plight of those who must pay is. There are those among us who simply cannot afford annual increases in the face of our high unemployment rate and reduced salaries. On the surface it seems unbalanced to have a director of a City department who can earn up to \$250,000 a year while the citizens of the community it serves struggle financially. But in order for us to turn the tide, we must endeavor to give the Administration the proper tools it needs to succeed. An inexperienced, ill-equipped, yet inexpensive DWSD Director will only dig a deeper hole. It is imperative that the City attract candidates for the DWSD Director who are astute at managing the costs of an aging water system if there is to be any hope of reigning in the costs to its customers — us!

I remain focused on aggressively addressing the fiscal crisis that the City of Detroit continues to experience. Our employees, including the City Council, have taken 10% pay cuts, suffered layoffs and often lack equipment and supplies that are desperately needed to perform their duties. All of this is occurring in a formidable environment where our state leadership is threatening to reduce rev-

enue sharing by up to \$170 million and where even more in federal dollars are at stake due to our reduced population according to the 2010 census.

In the next few weeks the City Council will begin its 2011-2012 budget process and we will have to make many more difficult decisions where we will weight short-term consequences against the long-term viability of this dynamic city, its assets and its citizens. It is my sincere hope that the people of Detroit will stand with the Council in this tough time even when faced with sensationalized and under-informed interpretations of the Council's actions and motivations.

Honorable City Council:

Re: Petition Number 621 — Request for City Council Approval for the Issuance of a Michigan Liquor Control Commission Dance and Entertainment Permit to Laocoon, LLC, d/b/a the Rattlesnake Club, for a Group “A” Cabaret at 300 River Place.

**BACKGROUND**

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission (“MLCC”) dance permit, entertainment permit, or a combination dance and entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 562680, which has been designated by the City Clerk as Petition Number 621. This Local Approval Notice requests City Council approval of a request by Laocoon, LLC (“Permit Applicant”), d/b/a the Rattlesnake Club, for the issuance of a dance and entertainment permit in conjunction with the transfer of ownership of a 2010 ‘Resort Class C’ liquor license at 300 River Place. The Local Approval Notice indicates that the liquor license was issued under Section 531(4) of the Michigan Liquor Control Code, being MCL 436.1531(4). This section of the Michigan Liquor Control Code allows the MLCC to issue a resort economic development liquor license to an applicant where there is a substantial capital investment in real property, leasehold improvements, fixtures, and inventory for the premises to be licensed.

The Buildings, Safety Engineering, and Environmental Department (“BSE&E”) report to the designated MLCC Permit Coordinator (“Coordinator”) indicates that 300 River Place, a/k/a 300 Joseph Campau Avenue, is zoned PD (Planned Development District, Ordinance No. 508-H, effective July 9, 1982) and that the current legal land use of the property includes ‘restaurant with a Class C license.’ BSE&E reports that a Certificate of Occupancy for the location was issued on December 16, 2010.

Pursuant to Section 5-7-21 of the 1984 Detroit City Code, a Group “A” Cabaret business license is required for any establishment that sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without patron dancing. BSE&E Business License Center records indicate that 300 River Place has been licensed by the City as a Group “A” Cabaret since at least Calendar Year 2002. Also, further investigation reveals that the prior owner of the liquor license at 300 River Place had been issued a dance and entertainment permit by the MLCC. Therefore, the continued use of the location for a cabaret with patron dancing or entertainment is subject to compliance with all relevant state codes and City ordinances, including the issuance of the required business license to the Permit Applicant. Accordingly, the Permit Applicant has applied for a Group “A” Cabaret business license for 300 River Place.

**APPROVAL CRITERIA**

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits (“Procedures and Criteria”) became effective upon publication on August 25, 2009. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant’s request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the Coordinator has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the Coordinator’s report, dated March 3, 2011, has been provided the Permit Applicant.

**RECOMMENDATION**

A review of the Coordinator’s report indicates that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria. Therefore, attached is a proposed resolution approving the issuance of a dance and entertainment permit by the MLCC to the Permit Applicant, Laocoon, LLC, d/b/a the Rattlesnake Club, for 300 River Place. Further, the Law Department recommends that the proposed Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,

Corporation Counsel

Honorable City Council:

Re: Address: 5315 Lakewood. Name: Wendell Baker. Date ordered removed: July 29, 2010 (J.C.C. p. 2052).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on March 2, 2011 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of February 27, 2011.

The proposed use of the property is owner's use and occupancy. This is the 2nd deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabili-

tation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

**CONSENT AGENDA:**

NONE.

**MEMBER REPORTS:**

**Council Member Spivey** announced that Saturday, April 2nd at Focus Hope (1400 Oakman Boulevard) there will be a Homeowner Resource Fair from 10:00 a.m. until 2:30 p.m. They will be offering financial literacy services sessions, foreclosure help and homebuyer education. Member Spivey also

advised that the census numbers have been received and that City Council had written a resolution asking the Mayor to challenge those numbers. He reminded colleagues that although we've lost a lot of people in the city, as of now there are still 700,000 people that they must be mindful of. He suggested that as they move toward April 12th and beyond, that Council thinks about ways to keep those people here as well as bring others in.

**Council Member Watson** advised that everyone in city government should come together in an effort to save themselves because when the Emergency Financial Manager appears on the scene they will set aside the charter, City Council and the Mayor. One entity will be responsible for approving all contracts, land development deals, deciding whether or not union contracts will be terminated and will be in charge of all assets, including the pension fund.

**Council Member Tate** congratulated students who participated in the "Thinker's Chess Challenge Tournament" this past weekend as well as the students who participated in the DAPCEP Readiness Program. Both require a great deal of math and science. There were kids from throughout the area, both charter and public schools. He also thanked UAW General Motors and UAW Ford for providing the top-notch and state-of-the-arts facilities. Member Tate announced that they are coming up on the one-year anniversary of the Youth Violence Prevention Task Force, which is co-chaired by Member Jenkins and him. The next meeting will be in the City Council Committee Room tomorrow at 5:30 p.m. They will be beginning the second phase of the task force. The first part was planning and the next is implementation. Once that is completed, the plan will be presented to the full body. In addition, Member Tate advised that they are collaborating with both the Mayor's Office and the Department of Justice in an effort to make sure they utilize every resource available as efficiently as possible. That plan will be rolled out this upcoming weekend in Washington, D.C., April 4-5. Their goal is to bring back some dollars and also to showcase what we are doing here in the City of Detroit.

**Council Member Jones** inquired as to the increase in fees for Recreation Centers. She believed all fee increases had to come before City Council. Lewis Smith of the Law Department agreed that fee increases does need to come before City Council. Member Jones

reported reading in the newspaper that the fees for Recreation Centers were going to be increased. Mr. Smith advised that those particular fees were in place already. The Recreation Department has suspended charging the fees so they are within their authority to resurrect the charging of those fees. The fees have not been increased. They were only suspended for a time. In addition, Member Jones reported receiving a complaint from the Green Acres Block Club regarding street light outages during their CB patrol meeting yesterday. She asked that the complaint be referred to the Public Lighting Department and Public Health and Safety Standing Committee for response. In addition, Member Jones announced that a prayer vigil will be held with all clergy on Monday, April 4th at 5:45 p.m. at Hart Plaza. This date marks the anniversary of Martin Luther King's assassination. Lastly, she invited all colleagues to join her, Council Member Watson and the general public in a Town Hall Meeting on Tuesday, March 5th in the Erma Henderson Auditorium to discuss the ramifications of the passing of the Emergency Manager Financial Act and other bills in Lansing that are affecting Detroiters.

**Council Member Cockrel, Jr.** suggested that City Council pass a resolution that covers them during the retreat they will be attending March 31st through April 2nd. He reminded colleagues that if there are five Council Members, it is technically considered a Council Meeting. Member Cockrel advised that when they've done these type meetings in the past they were posted, so that no one could say they were violating the Open Meetings Act. Mr. Whitaker indicated that because this is an educational seminar, it falls outside of the Open Meetings Act. He suggested that posting the meetings would probably be good protocol.

**Council Member Jenkins** announced that she would not be attending the Progressive Leadership Conference Friday afternoon because she will be speaking at the graduation for the Mental Health Group on Friday morning. She echoed Member Tate's comment relative to the Youth Violence Prevention Task Force meeting tomorrow at 5:30 p.m., in the Committee of the Whole Room. Member Jenkins invited anyone who has anything to say about keeping our children safe to attend. She asked that they please come out and be prepared to see some positive reports from all the committees, highlighting what they've been doing for the past year.

**President Pro Tem Brown** advised that there were several students from Wayne County Community College (WCCC) who had come to the City Council last week with complaints. he and other Council Members had staff attend the Board Meeting, and are glad to report that most or all of the complaints were addressed or are being addressed. President Pro Tem Brown also reported having a conversation with Dr. Ivory, who is sensitive to the fact that we've got to get some summer classes so that people can graduate. Even with the understanding that WCCC is also under severe budget cuts, he has made a commitment to address the concerns. He will continue to follow up on it. President Pro Tem Brown said it was a pleasure to be invited to Council Member Watson's press conference yesterday with regards to Bank on Detroit and asked that members of his staff get with the President's staff to find out how, through the City Council newsletter and website, they can get that information out. He commented that it is a great project, but only as good as them driving folks to the training. He feels the use of Council Member websites can be invaluable at helping to get the word out.

**Council President Pugh** piggy-backed on President Pro Tem Brown's remarks, congratulated Member Watson and asked that she be applauded for her efforts. He reported that Member Watson brought the "Bank On" program to Detroit back from a visit she had in D.C. to the National League of Cities. She saw how effective it was in other cities, so decided that she would single-handedly spearhead the implementation of "Bank On" here in Detroit because there were several estimations about how many Detroiters are un-banked and that the average amount people pay per year is about \$1000 in check cashing fees. President Pugh applauded Member Watson's efforts to bring the program here so that people can become educated about what banks can do, but also just financial literacy about personal budgeting and finances.

**ADOPTION WITHOUT COMMITTEE REFERENCE:**

NONE.

**VOTING ACTION MATTERS**

**COMMUNICATIONS FROM MAYOR AND OTHER GOVERNMENTAL OFFICIALS AND AGENCIES:**

NONE.

**PUBLIC COMMENT**

Dante Dasorro spoke concerning DDR (The rescuing and placement of abused, unwanted and abandoned companion dogs by educating the community. DDR works to raise the public awareness of the plight of stray dogs). DDR is requesting a Public Hearing or asking that the Committee in charge to address this issue of dog rescue. DDR has no intention of replacing the Animal Control Unit in the City of Detroit. They are asking if the city would be willing to donate an abandoned school or building for DDR to use as the first national no-kill shelter for abandoned dogs.

The children are the future of Detroit and by educating the children on the problem of stray dogs we can also build a future for the dogs companions of this city to teach children that dogs are not property or a fashion statement, they are family members.

Carl Hollier stated that he is in the process of helping the Detroit Rescue become MIMS compliant which is a FEMA certification (a National Incident Management System) which helps all agencies work together under the national framework which all emergency management systems work during an emergency national disaster. They would like to work as an asset to the City of Detroit providing a unique service in a potential public emergency. The Detroit Dog Rescue pursues all animals with due regards to safety of others. They observe three (3) safety rules; life safety of the staff, citizens of Detroit and the animals.

**Summer Woods (Administration):**

This organization was looking to do a film production which Administration denied because the City would be waiving our responsible to pick up the dogs and it will highlight some thing about the city that was not in the best interest of the City. For the record, we are not opposed to what they are looking to do as an organization. I am in communication with Harry Waters, animal control, Bruce King and Kimberly James with Demolition and Building and Safety. Administration is taking it section by section to find ways to work with them.

**Monika Uriel** spoke concerning the Detroit Police giving tickets for disposing leaves in plastic garbage bags. She received a ticket on November 24, 2010, because she had black garbage bags filled with leaves at curb waiting for garbage pick up. She went to 36th District Court on January 7, 2011, for an arrangement. She was given a trial (February 25, 2011) and did not appear on that day because she had surgery; she appear on February 28 and found out that there was a warrant for her arrest; a warrant for a garbage bag. Ms. Uriel stated that she has been at her home for over 22 years; she has been an employee of Blue Cross Blue Shield for 39 years.

**Council Member Watson:** A warrant for her arrest for trash bags; this is a ridicules waste of enforcement time and resources. What an attack on this hard working sister, tax paying sister and a retired sister who is a good citizen. I would like for the law Department to talk to the Judge and tell them we do not want our citizens going to jail for leaves in a trash bag.

**Council Member Spivey:** I am speaking in general that people who have a court date must show up. If you cannot show up, you have to give notification.

**President Pro Tem Brown:** This issue is not about leaves being out; it is not showing up in court. Mr. Smith will speak with Ms. Uriel and have this resolved.

I think we should forward a memo to Research Analysis Division to research this information. We have to look at all angles of this matter before we make a decision. The motion has been withdrawn by Council Member Watson.

**Ramona James** complaint was regarding Lakeside Transportation Services. She called DDOT on March 26 to schedule an appointment three days and on March 30 she asked to be pick up at 1:15 and was told that she could not be pick up at that time because it was already filled but they will pick her up at 2:00 p.m. The bus never showed up.

**President Pro Tem Brown:** Someone from my staff will assist you and we will make sure that the complaint is lined item to Public Health and Safety and follow up on this matter.

**Barry Foster owner of LIJBS Enterprises, LLC** in Detroit is current a Detroit Police authorized tower (towing for the city for over 10 years). Mr. Foster has four (4) concerns. One is a request for a Public Hearing concerning the current RFP. The language of the RFP is not clear to the towers. (2) The way this RFP is drafted, at some point, we believe that it will give the selected management company control to pick and choose towers. (3) It is not clear as to who will fund this

once the management company is appointed. Will the towers have to pay and if so, will there be limits on the fees that the management set for the towers. Another concern is that towers should be out after the first police auction to maintain possession of all un-auctioned vehicles for compensation of loss and unpaid towing and storage fees. This should be stated clearly in the RFP where it does not give the management company control of this; this is how the towers make the bulk of their money. As a business owner in Detroit, he does not oppose a management company but do believe there should be limits on what the management company can and cannot do.

**President Pro Tem Brown** indicated that someone from his office will receive his information and once the contract comes from the Police Department there will be a public discussion. A discussion will be set in the Committee for the RFP process.

**Council Member Watson** stated that Mr. Johnson from her staff, who works with the towing companies, will work with him also.

**Mike Allen** spoke on what is happening to cab drivers. Gas prices are up and drivers are losing \$50 a day from their income after working 10 to 15 hours. How long will Council think about our problem. Council should have been on this yesterday.

The previous citizen spoke regarding putting her leaves in a plastic bag and for that she was issued a criminal ticket. We are putting things according to ordinances and these things are criminalizing people. This lady has a criminal record and to think about it as nothing and to change the situation, she will have to get a lawyer . . . the lawyer I am asking for is Jesus Christ. Jesus Christ said what you have done to the least among you; you have done that to him. he cannot afford a lawyer to change ordinances and asked that Council please do something to stop criminalization to cab drivers.

**President Pro Tem Brown** stated that the matter is in committee (Public Health and Safety) and they have discussed it for the last two weeks. The Committee is waiting for Research and Analysis to deliver a report on May 2, 2011.

**Mike Allen** indicated that he had a list of ordinances about cab drivers and it states that it is unlawful for an employer agent, resort, bus station, railway station, airport, restaurant or any other public gathering such as a casino to receive compensation or other compensation for recommending that a customer travel with a particular vehicle or driver. He stated that this ordinance is not being enforced. The valet and doorman decide which vehicle they want to use to take someone

to the airport If the doorman finds out that the customer is going to the airport, he gives the assignment to his friends that paid him \$10 to get . . . interruption . . .

**President Pro Tem Brown** stated that attorneys are working on behalf of cab drivers from Research Analysis and a report will be done by May 2, 2011.

**Mike Allen** asked about stopping the valets and doorman. These are two different organizations; they take care of the customer while in the hotel and when the customer is transferred to the taxicab, it is totally a different business. He stated that they have no business controlling taxicabs.

**Minister John El Kabeer (He is blind)** stated that we have to look beyond the financial reason for our schools being closed and get to the root meaning. Schools are closed from those who took control of the Federal Government then created the Department of Education which constitutionally was illegal for them to do so. The power of authority to close the schools came from the Government. It is time to look forward to a new and righteous government. America is falling.

**Marguerite Maddox** complaint was concerning lights that are out at the bus stops, DDOT and Smart need to merge on one bus regional pass. Please think about the safety of the passengers.

**President Pro Tem Brown** stated that someone from his staff will speak with her to get exact locations regarding lights out. Public Health and Safety Committee will handle the passes shortly in their committee.

**Marguerite Maddox** stated that the light problems are all over the city, not in one specific area.

**Patty Fedewa (Transportation Riders United)** spoke regarding regional passes and it is something that they want to definitely work out. The ordinance as it stands is not how it is done. Sixty-nine dollars and fifty cents are outrages and a 40% increase from what happened before. SMART did not increase but it does not make sense. She is asking that this entire issue be vote down or sent back to committee to try to work out some thing. There are some good things in the ordinance. There is a regional fair pass issue. there has not been an agreement of SMART. DDOT did not contact SMART about this ordinance. SMART was taken by surprise until after the public hearing committee. A fair increase is built in the premium service, which will include more than park and ride but limited as well as express service. DDOT currently has two limited bus routes. They say they are not going to raise the fare but the ordinance allows them to do it and the definition described in the ordinance can apply to any bus route. There is a veil covering fare increase in the ordinance. She is not sure

what it will apply to because it is too vague and it should not be expanded because DDOT has not shown to properly provide regular reliable service not to mention premium service. Another problem is that no longer would the monthly, weekly and bi-weekly pass be listed in the ordinance and what that does is that it removes Council's oversight of bus fares.

(2) This **subsection (c)** is applicable *only if*, in the opinion of Bond Counsel, after use of such procedures described in **this subsection (c)**, the Securities to be Refunded shall no longer be Outstanding under the Ordinance.

**Section 14. Tax Covenant.**

(a) The City hereby covenants and represents with the registered owners of the Tax-Exempt New Securities that so long as any of the Tax-Exempt New Securities remain outstanding and unpaid as to either principal or interest, the City shall, to the extent permitted by law, take all actions within its control to maintain and will refrain from taking any action which would impair the exclusion of the interest on the Tax-Exempt New Securities from gross income for federal income tax purposes under the Code, as currently amended.

(b) The actions referred to in **subsection (a)**, above include, but are not limited to, actions relating to any required rebate of arbitrage earnings and the expenditure and investment of proceeds of Tax-Exempt New Securities and moneys deemed to be proceeds of Tax-Exempt New Securities, and to prevent the Tax-Exempt New Securities from being or becoming "private activity bonds" as that term is used in the Code, as currently amended.

**Section 15. Preliminary and Final Official Statements.**

(a) The Finance Director shall cause the preparation of a preliminary official statement and other offering materials in a form satisfactory to him to be used in conjunction with the offering of the New Securities and is authorized to deem the preliminary official statement "final" for purposes of the Rule.

(b) The preliminary official statement with such charges and additions as the Finance Director shall approve shall constitute the final Official Statement, and the Finance Director is authorized to execute the final Official Statement on behalf of the City approved by him with such changes as the Finance Director may authorize.

(c) Such final preliminary official statement and final Official Statement and other offering materials satisfactory to the Finance Director are authorized to be distributed by the Underwriters in conjunction with the offering and sale of the New Securities.

**Section 16. Continuing Disclosure.**

*Unless* otherwise set forth in the Sale Order because of an exemption from the Rule, the New Securities are hereby made subject to the Continuing Disclosure Agreement, and if so subject the City hereby agrees to abide by the provisions thereof so long as any New Securities are outstanding.

**Section 17. Sale of New Securities; Purchase Agreement.**

(a) The New Securities shall be sold by negotiated sale to the Underwriters pursuant to a Purchase Agreement in customary form with such changes thereto as the Finance Director shall determine are in the best interests of the City, within the parameters established hereby. Such determination shall be conclusively established by the Finance Director's execution and delivery of the Purchase Agreement to the Representative.

(b) The reasons for choosing a negotiated sale instead of a competitive sale include the belief of the Council, based upon the recommendation of the Finance Director and the City's Financial Advisor, that a negotiated sale will allow the New Securities to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs to the City.

(c) The Finance Director is authorized to accept, on behalf of the City, an offer from the Representative, on behalf of the Underwriters, to purchase the New Securities *subject* to the following limitations.

(1) The maximum annual interest rate borne by any Tax-Exempt New Security is not in excess of 14% or borne by any Taxable New Security is not in excess of 16%.

(2) The premium or aggregate net discount (distinct from any compensation to be paid to the Representative and the other Underwriters in the form of a discount or any other Issuance Costs of the New Securities) shall not exceed:

(i) 14% with respect to Tax-Exempt New Securities and

(ii) 16% with respect to Taxable New Securities,

*subject* in each case to the limitation on true interest cost set forth in **paragraph (3), below**.

(3) The true interest cost (TIC) of New Securities (including those sold at a premium or aggregate net discount pursuant to **paragraph (2), above**) shall not exceed:

(i) 12% with respect to Tax-Exempt New Securities and

(ii) 14% with respect to Taxable New Securities.

(4) The aggregate compensation (including all expenses) to be paid to the Representative and the other Underwriters in such capacity shall not exceed 1% of the original principal amount of the New Securities.

(d) The Finance Director is authorized to determine if the Purchase Agreement shall provide for liquidated damages and if so, the amount thereof, and if the Representative shall be required to pro-

vide a good faith check and if so, the amount thereof.

**Section 18. Delegation of Authority to, and Authorizations of Actions of, Finance Director.**

(a) The Finance Director shall make all determinations herein provided to be made in the Sale Order and shall make all such determinations in accordance with the best interests of the City and within the parameters of this Resolution.

(b) In addition to determinations authorized elsewhere in this Resolution, the Finance Director shall determine the aggregate principal amount of New Securities to be issued, but not in excess of the aggregate principal amount authorized by this Resolution, on the basis of his evaluation of the maximum amount of New Securities which can be sold, given anticipated interest rates and the revenue coverage requirements with respect to the New Securities and for any other reasons the Finance Director deems appropriate.

(1) Such determination shall also include the type or types of New Securities to be issued and if in one or more series and whether to issue New Securities as Senior Lien Bonds or Second Lien Bonds or a combination thereof and the redemption provisions for New Securities.

(2) The Finance Director shall also determine and establish, in accordance with this Resolution, the maturities of New Securities, whether such maturities shall be serial or term maturities and the Mandatory Redemption Requirements for any term maturities.

(3) The Finance Director shall also determine whether to issue the New Refunding Bonds and, if so, the Securities to be Refunded.

(c) The Finance Director is authorized to enter into such Credit Enhancement as provided in **Section 8** on behalf of the City as the Finance Director determines to be cost effective, make such ancillary agreements and do such other things and take such other actions in connection therewith as may be necessary or appropriate and not otherwise inconsistent with the Ordinance or the parameters hereof.

(d) The Mayor or, if permitted by law, the Finance Director, is authorized to file applications and to pay the related fees, if any, to the Michigan Department of Treasury at his discretion under Act 34 for one or more orders of approval to issue all or a portion of the New Securities, and such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the New Securities as authorized herein, and as required by the Michigan Department of Treasury or Act 34.

(e) The Finance Director is hereby authorized and directed to do and perform any and all other acts and things with

respect to the New Securities which are necessary or appropriate to carry into effect, consistent with the Ordinance and this Resolution, the authorizations therein and herein contained including without limitation the securing of ratings by bond rating agencies, and the incurring of reasonable fees costs and expenses incidental to the foregoing, for and on behalf of the City.

(f) All determinations and decisions of the Finance Director with respect to the issuance and sale of the New Securities as permitted or required by this Resolution shall be confirmed and approved by the Finance Director in the Sale Order.

(g) During the Finance Director's absence or disability, or while the Finance Director's position is vacant, the Deputy Finance Director shall exercise all the powers, perform all the duties and make all the determinations herein required or permitted by the Finance Director.

A reimbursement allocation is an allocation in writing that evidences the City's use of the proceeds of the debt to be issued for the project to reimburse the

City for a capital expenditure made pursuant to this Resolution.

(e) The expenditures in **subsection (b), above** are "capital expenditures" as defined in Treas. Reg. §1.150-1(b), i.e., any costs of a type which are properly chargeable to a capital account (or would be so chargeable with a proper election or with the application of the definition of placed in service under Treas. Reg. §1.150-2(h) with respect to abusive use of such proceeds, including but not limited to using funds corresponding to the proceeds of the borrowing in a manner that results in the creation of replacement proceeds (within Treas. Reg. §1.148-1) within one year of the reimbursement allocation described in **subsection (d), above**.

(g) Project Costs to be reimbursed from the proceeds of the borrowing that are subject to the limitations set forth in this Resolution do *not* include:

March 8, 2011

Honorable City Council:

Re: Address: 15481 Birwood. Name: Raynard Davis. Date ordered removed: July 7, 2009 (J.C.C. page 1573).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on March 4, 2011 revealed the building is secured and appears to be sound and repairable.

The owner has entered into a tax payment plan as of March 7, 2010.

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
MICHAEL TAYLOR  
Deputy Director

**RESOLUTION**

By COUNCIL MEMBER JONES:

RESOLVED, That pursuant to Section 8 of the Michigan Open Meetings Act, being MCL 15.268, and *Booth Newspapers vs Wyoming City Council*, 168 Mich App 459; 425 NW2d 695 (1988), a closed session of the City Council is hereby scheduled for Monday, April 11, 2011, at 2:00 p.m., for the purposes of discussing with City attorneys, a confidential and privileged legal opinion that was issued by the Law Department to the City Council on March 15, 2011 regarding a recommendation to repeal Chapter 18 Article V, Division 5, of the 1984 Detroit City Code, *Prompt Payment of Vendors*.

Adopted as follows:

Yeas — Council Members Cockrel, Jr., Jenkins, Jones, Spivey, Watson, and Council President Pro Tem Brown — 6.

Nays — None.

**RESOLUTION LIFTING THE ATTORNEY CLIENT PRIVILEGE FROM THE CITY OF DETROIT LAW DEPARTMENT REGARDING “BAN THE BOX” FOR CONTRACTORS**  
By COUNCIL MEMBER COCKREL, JR.:

WHEREAS, On March 29, 2011, the City of Detroit Law Department authored a Memorandum designated Privileged and Confidential Communication, pursuant to the attorney-client privilege on an opinion related to a proposed Ordinance to Amend Chapter 18 to the 1984 Detroit City Code, *Finances and Taxation*, Article V, *Purchases and Supplies*, by adding Division 11, *Criminal Conviction Questions for City Contractors*; and

WHEREAS, City Council intends to introduce and conduct public hearings on this proposed ordinance requiring that the City of Detroit shall only accept bids for goods and/or services in the amount of \$25,000 or more from those persons part-

nerships or corporations which have adopted a hiring policy that removes criminal conviction questions form all employment applications and does not ask these questions of a job applicant prior to a formal interview and moreover, will not preclude a person with a felony conviction from being considered for employment; and

WHEREAS, It would facilitate future public discussions of this issue if the attorney-client privilege on the Law Department’s March 29, 2011 Memorandum regarding this issue were waived and lifted to allow public dialogue on the issues raised therein; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council waives and lifts the attorney-client privilege on the Law Department’s March 29, 2011 Memorandum regarding the proposed Ordinance Amendment to Chapter 18, Article V, by adding Division 11, *Criminal Convictions Questions for Contractors* to allow public discussion of the issues delineated therein.

Adopted as follows:

Yeas — Council Members Cockrel, Jr., Jenkins, Jones, Spivey, Watson, and Council President Pro Tem Brown — 6.

Nays — None.

**CONSENT AGENDA**

NONE.

**MEMBER REPORTS**

**COUNCIL MEMBER WATSON:** Declared that Council will miss Mr. Kamau Marable as he move on in his profession and that it has been wonderful working with him and Council appreciates him, his demeanor and respect.

Marable, Kamau stated it has been a distinct pleasure working with the Council; he will stay in touch and look forward to working with the Council again in the future.

**Council Member Watson** requested an Opinion from the Law Department concerning the City’s Compliance with HUD funded programs with respect to Section 3.

*An added comment from Ms. Summer Woods* addressing the issue regarding Grand Circus Park. The denial was because there is an event scheduled on Opening Day and an event is already scheduled. The park does not have the capacity to host two events. Another reason for denial was because the petitioner was trying to charge and install a fence for people to enter into that event at the park. There is no fee to use Grand Circus Park.

**Council Member Watson** stated while at a city pumping station, EMS stated that their trucks do not have the proper life support. There needs to be advance life support in every unit. They state they do not have a paramedic in

each EMS unit. EMS units are going to distress persons in emergency situations lacking what they need to save a life. If there is no basic unit, which has pharmaceuticals, EMS will not have the capacity to start drips and apply what is needed to save the life of people who are diabetic. We should not have to do an ordinance for this. This is management's responsibility. There should be one paramedic in each Unit and make sure that all units have advance life support. There should be no EMS units that do not have resources to save a life.

**President Pro Tem. Brown:** A discussion on EMS issues specifically with regards to equipment in and out of service is scheduled for May 2 and I will add those two issues, if my staff will so note, to that discussion.

**Council Member Watson** stated that a town hall meeting is scheduled today at 5:00 p.m. in the Erma Henderson Auditorium. Information will be given on the Emergency Financial Manager. The dictator bills will be fully discussed and information people need to know will be disclosed. We want everyone who love, works and live in Detroit to come to this meeting this evening because it is an emergency.

**COUNCIL MEMBER JENKINS** presented a memo from President Pugh's office to Research Analysis Division requesting them to prepare rules for the governing of public comments during formal session that would allow for City Council to receive comments through video conferencing i.e. Skypes. He asks that this language be forward to the rule committee which is Friday, April 11, 2011.

**Council Member Jenkins** gave a thank you to everyone who attended the one-year anniversary for Youth Violent Prevention Task Force Meeting. The turnout was awesome and the Youth Chair of each committee gave a presentation on their plans for decreasing Youth Violence in Detroit. Council Member Tate and I will present their plans to our colleagues; Council Member Tate is in Washington D.C. with the Mayor's Office and the Department of Justice trying to get money from the Department of Justice to continue to address this issue. I would like to thank the youth because they did a fantastic job.

**Council Member Jenkins** urged the employers in the City to hire young people this summer; our funding has been drastically cut for summer employment in the City of Detroit. This summer we will only hire approximately 500 youth. Last year it was approximately 3,000 and the year before that it is approximately 7,000...**interruption by Council Member Watson** — 10,000...because of stimulus dollars.

**Council Member Jenkins** calls for all City of Detroit Employers, who will be willing to hire youth, to call her office at 224-4248. The Chamber of Commerce has stated that they are willing and they are going to help us get other businesses who will hire summer youth.

**Council Member Watson** indicated that Council has taken extraordinary leadership and set aside block grant funds in years past. Council has put \$25,000 aside and has had this auditorium filled with young people. I think we should do that again. Ms. Jenkins, Tate and I can work on that effort with Ms. Jones to have our young people working. We have done it in the past and have had HUD approval.

**Council Member Jenkins** indicated that every Council Member is on board with that.

**COUNCIL MEMBER SPIVEY** stated that as we all have to make a certain effort to do a little extra as we go through this transition. Many have adopted schools and schools are asking for men to help. We have to do our part in helping these young children. He also stated that he has a list showing days when four (4) units were out of service not because they do not have a paramedic or an EMT; this means the entire unit is down. The Palmer Park Medic Unit will be completely out May, 2011. He asked for an update from January 28 and received a list of those trucks that were in service and out of service. A request was made to Administration for the City's Maintenance Plan. He did not want to receive the plan that Ford Motor Company gives to every municipality on how to maintain any vehicle; what is the City of Detroit Maintenance Plan; we can save money on our rigs if we had a complete maintenance plan. We need another class coming in to make sure that we can staff all of these rigs and make sure we do not have any additional closed units. At this point, we will have a larger number of basic units covering the northwest side of Detroit. Council has to stay on EMS and hope that we will hear about a new Fire Commissioner soon and hopefully he/she will bring in new innovated ideas to make sure that we begin to be like other municipalities across this country where we have first responders and that we work together so that our Fire Fighters, many of whom are paramedics and nurses, can get to a scene and make something happen.

**COUNCIL MEMBER JONES** stated that she received several calls from Fire Fighters indicating that they have equipment that has been purchased and Administration is refusing to install.

There are fans that should be installed at some of their locations and the Commissioners will not install the fans. If equipment has been purchased, why is there a hold up in installing the equipment?

**Council Member Jones** asked Mr. Whitaker and Mr. Marable to advise when Council will be on AT&T. The stipulated order indicated that Council should be up immediately. Immediate was several weeks ago.

**Mr. Marable** stated that he was hoping for an answer from the Media Service Department and has not received an answer as yet. The initial concern was on AT&T and I do not know if there is technical information. I have not received an answer.

**Council Member Jones** requested that Ms. Gait attends the Committee Meeting tomorrow.

**Council Member Jones** indicated to Mr. Whitaker that her office has been asking for an update on the lead ordinance report. Her office has received many calls from landlords about the lead inspections. She requested an update.

**Mr. Whitaker** indicated that they have been working on the lead ordinance with members of her staff and he will make sure that his staff will give her an update.

**Council Member Jones** personally invited Council Member Pro Tem. Brown, Council Member Cockrel, Jr., Council Member Jenkins and Council Member Spivey to the town hall meeting this afternoon.

The media reported several hundred people attending the prayer ritual yesterday but there were at least 1000 in attendance. There were prayers from everyone praying for the city and workers.

**PRESIDENT PRO TEM. BROWN** stated that the President's office asked Council on April 11 if 9:00 a.m. or 12:45 p.m. would be the best time for an adjourned session regarding the Tiger Grant and the Woodward Light Rail bond issue. We have already set a 2:00 for April 11, 2011. Based on comments, it seems that 9:00 a.m. on April 11, 2011, will be scheduled for an adjourned session to vote on the Tiger Grant and the Woodward Light Rail Bond issue.

**Corley, Irvin** indicated he personally thinks language in the bond resolution needs explaining before the Council takes a vote. He understands that there will be a Committee of the Whole on the Light Rail project this Thursday and if possible he would like Administration to answer questions previously forwarded to them prior to Thursday.

**President Pro Tem. Brown** stated that President Pugh sits as a Trustee on the Board of Municipal League of Cities and he is working on the water issue with the Municipal League. Council Member Tate is in Washington working to inquire funding for Youth Violence and he is meeting with several members of our Congressman. Council Members Kenyatta is recuperating and working hard; he is calling other staff and Council to give his advice on certain issues.

**Council Member Watson** received a kind invitation from the Mayor's Office last week. Denise Gardner asked if she will be among the Council Members the Mayor wants to meet with in advance of the April 12, 2011, budget hearing. The Charter requires that the Mayor presents the Budget April 12 and by law is presented to us. She was asked to meet one-on-one and was told that a meeting has been scheduled for each Council Member. Council Member Watson asked the Law Department and Research Analysis Division to give Council something in writing because this happened previously with the Water stipulated order signed by Mayor Bing when every Council Member except her met with the Mayor. She refused because she indicated it was a violation of the Open Meeting Act. Her understanding with the Open Meeting Act is that you cannot have Road Robin meetings by having individuals meet one-on-one. If something has changed, she is asking for clarity. She does not want to violate the Open Meeting Act and requesting clarity from Mr. Whitaker today.

**Whitaker, D.:** I do not believe that violates Open Meeting Act by having one-on-one with the Mayor. Road Robin means going from Office to Office trying to assemble a vote without doing it before the public. A Council meeting with the Mayor is the same as a Council meeting with me, CPC Director, Mr. Corley, etc.

**Council Member Jenkins** stated that she did meet with the Mayor and it is a responsible thing to do. I do not think any of our colleagues would intentionally sit in a meeting that would violate the Open Meeting Act.

**TESTIMONIAL RESOLUTIONS AND SPECIAL PRIVILEGE**

**TESTIMONIAL RESOLUTION FOR MICHIGAN LEGAL SERVICES AND UNITED COMMUNITY HOUSING COALITION'S PROPERTY TAX FORECLOSURE PREVENTION PROJECT**

By COUNCIL MEMBER COCKREL, JR.:  
WHEREAS, Michigan Legal Services (MLS) is a nonprofit organization dedicated to eliminating systematic causes of poverty in the areas of housing, health, public benefits, and community economic development while supporting community organizations and local governments to rebuild low and moderate income commu-

nities. Michigan Legal Services accomplishes this mission through a public policy advocacy program that undertakes impact oriented litigation and legislative advocacy; and

WHEREAS, MLS consciously strives to address the dearth of legal services available to low and moderate income residents, community and faith based organizations through its well respected Community Legal Services Division. Since 1998, the Community Legal Resources program has facilitated access to pro bono or discounted legal services in the areas of contracts, real estate sales, partnerships, and displaced homeowners of more than \$2 million to more than 200 organizations and thousands of individuals; and

WHEREAS, United Community Housing Coalition (UCHC) is a nonprofit comprehensive housing assistance organization that has provided a continuum of development, counseling, and social services to the City of Detroit's low and moderate income residents since 1973. United Community Housing Coalition has an exemplary reputation and a demonstrated record of working with tenants, homeowners, homeless populations, and community organizations to preserve and expand housing opportunities remove blight, rebuilt neighborhoods, and provide emergent housing options; and

WHEREAS, MLS and UCHC have been in the forefront of policy advocacy efforts to limit the destructive impact of foreclosure upon the City of Detroit, its residents and neighborhoods through building community partnerships and initiatives. MLS and UCHC established the Property Tax Foreclosure Prevention Project, a joint collaboration that produced an innovating and efficacious program that kept 194 owner occupied homes from being foreclosed through a special arrangement with the Office of the Wayne County Treasurer. MLS and UCHC protected these 194 families by raising \$232,000 from private, public, and charitable sources to purchase their properties at auction for a cost of \$1196 per home. At a time when billions in federal and state public policy program have largely failed to stem the tide of housing foreclosure the Property Tax Foreclosure Prevention Project of MLS and UCHC attests to the impact that an empowered coalition can have on besieged city. NOW, THEREFORE BE IT

RESOLVED, That the Honorable Members of the Detroit City Council proclaim their admiration, respect and gratitude to Michigan Legal Services and United Community Housing Coalition for their exemplary stewardship and advocacy on behalf of the rights of homeowners facing foreclosure, as well as their commitment to the values of advocacy, equity,

ingenuity and social justice on behalf of Detroit's most vulnerable residents.

The Finance Director is authorized to create and designate additional series of Bonds in a Sale Order.

(b) The Bonds of each series shall mature and shall be subject to optional and mandatory redemption on such dates and shall bear interest at such rates, fixed and/or variable, on a tax-exempt or taxable basis, in any case not exceeding the Maximum Interest Rate, and shall be payable on such dates (each an "Interest Payment Date") as shall be determined and confirmed by the Finance Director in the Sale Order, with the first Interest Payment Date to occur not later than ten (10) months following the Closing Date as required by Act 94. Unless otherwise provided by the Finance Director in the Sale Order, interest on the Bonds shall be calculated on the basis of a 360-day year consisting of twelve 30-day months. The Finance Director is authorized to deter-

mine and confirm in the Sale Order whether all or any portion of the Bonds shall be issuable as capital appreciation bonds.

(c) The Bonds shall be payable, as to principal and interest, in lawful money of the United States of America. Interest on Bonds shall be payable to the Registered Owners thereof at the times and in the manner set forth in the Sale Order and the Trust Indenture.

(d) The Bonds shall be subject to optional or mandatory redemption and/or tender for purchase prior to maturity upon such terms and conditions as shall be determined by the Finance Director in the Sale Order and as shall be set forth in the Trust Indenture.

(e) In making the determinations set forth in this Resolution with respect to the Sale Order for the issuance and sale of the Bonds, the Finance Director shall be limited to the following parameters:

(i) The first maturity date or mandatory sinking fund redemption date for the Bonds shall be determined by the Finance Director at the time of sale thereof, and the final maturity dates for the Bonds shall not be later than forty (40) years from their dated date or such lesser period of years as permitted by the Code with respect to Bonds issued on a tax-exempt basis;

(ii) The compensation to be paid to the Underwriters of each series of the Bonds shall not exceed one percent (1.0%) of the original principal amount of the related series of Bonds;

(iii) Unless the Finance Director determines to issue all or a part of the Bonds as capital appreciation bonds, the amount of any original issue discount with respect to each series of the Bonds shall not exceed ten percent (10%) of the original principal amount of the related series of Bonds;

(iv) To the extent permitted by applicable law, each series of the Bonds may be sold with an original issue premium in an amount determined by the Finance Director; provided that the aggregate principal amount of the Bonds, including the original issue premium, shall not exceed the Maximum Aggregate Principal Amount of Bonds authorized under this Resolution; and

(v) To the extent permitted by the Code, if multiple series of bonds are issued the Finance Director is authorized to allocate costs of issuance among the series of Bonds in a manner which is permitted by the Code and in the best economic interest of the City.

**Section 303. Execution, Authentication and Delivery of Bonds.** The Bonds shall be executed in the name of the City by the manual or facsimile signatures of the Mayor and the Finance Director and authenticated by the manual signature of an authorized representative of the

Trustee and the seal of the City (or a facsimile thereof) shall be impressed or imprinted on the Bonds. After the Bonds have been executed and authenticated for delivery to the original purchaser or purchasers thereof, they shall be delivered by the Finance Director to the purchaser or purchasers thereof upon receipt of the purchase price. Bonds bearing the manual or facsimile signatures of the Mayor and the Finance Director and upon which the seal of the City (or a facsimile thereof) is impressed or imprinted shall be delivered to the Trustee for authentication and delivery in connection with the exchange or transfer of Bonds. The Trustee shall indicate on each Bond the date of its authentication.

**Section 304. Rights of Bondholders.**

(a) Bondholders representing in the aggregate not less than a majority in aggregate principal amount of all series of Bonds then outstanding of equal standing as to Pledged Revenues with the Bonds issued hereunder may protect and enforce the statutory lien, either at law or in equity, by suit, action, mandamus, or other proceedings, and enforce and compel the performance of all duties of the officials of the City, including the collection of revenues, the proper segregation of revenues and the proper application thereof; provided, however, that such statutory lien shall not be construed to give any Bondholder authority to compel the sale of the System or any other portion of the Bond Financed Project. The sole source of repayment of the Bonds is the Pledged Revenues.

(b) In addition, Bondholders shall have all the rights and remedies given by law, and particularly by Act 94, for the collection and enforcement of the Bonds and the security therefor.

**Section 305. Authentication of the Bonds.** No Bond shall be entitled to any benefit under this Resolution or be valid or obligatory for any purpose unless there appears on such Bond a Certificate of Authentication substantially in the form provided for in the applicable form of Bond prescribed in the Trust Indenture, executed by an authorized signatory of the Trustee by manual signature, and such certificate upon any Bond shall be conclusive evidence, and the only evidence, that such Bond has been duly authenticated and delivered hereunder.

The Trustee shall manually execute the Certificate of Authentication on each Bond upon receipt of a written direction of the Finance Director to authenticate such Bond.

**Section 306. Transfer of Registration and Exchanges.**

(a) The registration of each Bond is transferable only upon the Bond Registry by the Registered Owner thereof, or by his attorney duly authorized in writing, upon the presentation and surrender

thereof at the designated office of the Trustee together with a written instrument of transfer satisfactory to the Trustee, duly executed by the Registered Owner thereof or his attorney duly authorized in writing, and thereupon one or more fully executed and authenticated Bonds in any authorized denominations of like maturity and tenor, in equal aggregate principal amount shall be issued to the transferee in exchange thereof.

(b) Each Bond may be exchanged for one or more Bonds in equal aggregate principal amount of like maturity and tenor in one or more authorized denominations, upon the presentation and surrender thereof at the designated office of the Trustee together with a written instrument of transfer satisfactory to the Trustee, duly executed by the Registered Owner hereof or his attorney duly authorized in writing.

**Section 307. Regulations with Respect to Exchanges and Transfers.** (a) In all cases in which the privilege of exchanging Bonds or transferring the registration of Bonds is exercised, the City shall execute and the Trustee shall authenticate and deliver Bonds in accordance with the provisions of this Resolution and the Trust Indenture. All Bonds surrendered in any such exchanges or transfers shall be forthwith canceled by the Trustee.

(b) For every exchange or transfer of Bonds, the City or the Trustee may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and, except as otherwise provided in this Resolution and the Trust Indenture, may charge a sum sufficient to pay the costs of preparing each new Bond issued upon such exchange or transfer, which shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer.

**Section 308. Bond Form.** Each series of Bonds shall be substantially in the form or forms, as appropriate, attached to the Trust Indenture, which forms are hereby incorporated herein by this reference, with such completions, changes and additions as are recommended by Bond Counsel and approved by the Finance Director.

**Section 309. Registration.** The City and the Trustee may treat and consider the Bondholder of any Bond as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal (and premium, if any) thereof and interest thereon and for all other purposes whatsoever, and all such payments so made to such Bondholder or upon the Bondholder's order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

**Section 310. Mutilated, Destroyed, Stolen or Lost Bonds.**

(a) Subject to the provisions of Act 354 of the Public Acts of Michigan, 1972, as amended, and any other applicable law, if (i) any mutilated Bond is surrendered to the Trustee or the City and the Trustee and the City receive evidence to their satisfaction of the destruction, loss or theft of any Bond; and (ii) there is delivered to the City and the Trustee such security or indemnity as may be required by them to hold each of them harmless, then, in accordance with the provisions of the Trust Indenture, the City shall execute and the Trustee shall authenticate and deliver in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Bond, a new Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding.

(b) Any new Bond issued pursuant to this Section in substitution for a Bond alleged to be mutilated, destroyed, stolen or lost shall constitute an original additional contractual obligation on the part of the City, and shall be equally secured by and entitled to equal proportionate benefits with all other Bonds issued under this Resolution.

**Section 311. Book-Entry Only System Permitted.** If determined by the Finance Director in the Sale Order, the Bonds shall be issued to a securities depository selected by the Finance Director (the "Security Depository") to be held pursuant to the book-entry-only system maintained by the Security Depository and registered in the name of the Security Depository or its nominee. Ownership interests in Bonds held under such book-entry-only system shall be determined pursuant to the procedures of the Security Depository and the provisions of Article 8 of the applicable Uniform Commercial Code and the Trust Indenture.

**Section 312. Qualified Energy Conservation Bonds.**

(a) The Finance Director is authorized to apply for an allocation of Qualified Energy Conservation Bond ("QECBs") issuance authorization from the State Treasurer in addition to such authorization already received by the City.

(b) The Finance Director is authorized to designate and issue a portion of the Bonds as QECBs pursuant to Section 54D of the Code if, in the determination of the Finance Director, the issuance of such QECBs is economically advantageous to the City.

(c) The QECBs may be issued as tax-credit bonds or taxable bonds with a direct-pay interest rebate. If the QECBs are issued as tax-credit bonds, they may be issued in a form that permits separation of ownership of the principal component of the bonds from the tax credit component of each bond after initial issue of the bonds (i.e. stripping of the tax credit).

The Council authorizes the Finance Director to develop such agreements, certificates, mechanisms, and/or procedures, in accordance with applicable State and federal law, necessary to implement the stripping of the tax credit component from the principal component, to appoint an agent to provide a mechanism for the stripping and to enter into such agreement or agreements with such entities as may be necessary and appropriate to accomplish the stripping of the tax credit.

(d) If the QECBs are issued in whole or in part as taxable bonds entitled to direct-pay interest rebates (the "Direct Payments"), the Finance Director is authorized to designate in the Sale Order the Direct Payments as additional Pledged Revenues hereunder and cause all or a portion of such Direct Payments to be deposited upon receipt with the Trustee in the Debt Service Fund.

Section 313. Limited Obligation. The Bonds shall be special obligations of the City, payable solely from the Pledged Revenues specifically pledged to the payment thereof and other amounts specifically pledged therefor. The Bonds shall be without recourse to the City, shall not constitute a pledge of, and shall not involve, the faith and credit or taxing power of the City. The Bonds shall not constitute a debt or a general or moral obligation of the City.

#### ARTICLE IV SPECIAL COVENANTS

Section 401. Tax Exemption Covenant. With respect to Bonds determined by the Finance Director to be issued on a tax-exempt basis, the City covenants that it will not take any action, or fail to take any action required to be taken, if taking such action or failing to take such action would adversely affect the general exclusion from gross income of interest on such Bonds from federal income taxation under the Code.

Section 402. Arbitrage Covenant. With respect to Bonds determined by the Finance Director to be issued on a tax-exempt basis: (a) the City will not directly or indirectly use or permit the use of any proceeds of the Bonds or other funds of the City in the manner contrary to, or take or omit to take any action required to be taken by, Section 148(a) of the Code in order to maintain the exclusion from gross income of the interest on the Bonds for federal income tax purposes. To that end, the City will comply with all requirements of Section 148 of the Code to the extent applicable to the Bonds and the requirements set forth in the Non-Arbitrage and Tax Compliance Certificate of the City; (b) without limiting the generality of subsection (a) above, the City agrees that there shall be paid by the City from time to time all amounts, if any, required to be rebated to the United States pursuant to Section

148(f) of the Code. This covenant shall survive payment in full or defeasance of the Bonds; and (c) notwithstanding any other provision of this Section, if the City obtains an opinion of Bond Counsel to the effect that any action required under this Section is no longer required, or that some further action is required, to maintain the exclusion from gross income of the interest of the Bonds for federal income tax purposes pursuant to Section 103 of the Code, the City may conclusively rely on such opinion in complying with the provisions hereof.

Section 403. Statutory Covenants. The City covenants and agrees that, so long as any of the Bonds hereby authorized remain unpaid, the City will comply with all applicable covenants and agreements required to be complied with by the City under Act 94 and Section 5307 of Title 49 of the United States Code with respect to the City's entitlement to and receipt, preservation and pledge of Pledged Revenues, and under Section 54D of the Code with respect to any QECBs issued hereunder.

#### ARTICLE V FUNDS AND ACCOUNTS; DISPOSITION OF BOND PROCEEDS

Section 501. Establishment of Grant Receipts Revenue Deposit Account. (a) Subject to the provisions of subparagraph (b) hereof, the City shall establish a Grant Receipts Revenue Deposit Account into which all of the City's Grant Receipts shall be deposited or credited immediately upon receipt thereof. All Grant Receipts deposited in or credited to the Grant Receipts Revenue Deposit Account promptly will be transferred to the Debt Service Fund under the Trust Indenture to be used to pay the principal and interest on the Bonds as therein provided.

(b) The Finance Director may provide in the Sale Order that all Grant Receipts shall be paid by the United States Treasury directly to the Trustee for deposit in a Grant Receipts Revenue Deposit Account established within the Debt Service Fund under the Trust Indenture.

Section 502. Accounts and Funds under Trust Indenture. The Finance Director is hereby authorized to establish under the Trust Indenture such accounts, subaccounts or funds as shall be required for each series of the Bonds to accommodate the requirements of such series of Bonds, including, but not limited to, such accounts, subaccounts or funds necessary to facilitate the allocation and use of Bond proceeds to fund the Bond Financed Projects and the use of the Pledged Revenues to pay debt service on the Bonds. The Finance Director is authorized to allocate any net original issue premium received upon the sale of the Bonds to such accounts, subaccounts and funds and in such amounts as per-

mitted or required by applicable law and the Code. Proceeds of sale of the Bonds and Pledged Revenues shall be applied in the order and in the amounts set forth in the Trust Indenture. The funds and accounts under the Trust Indenture may include the following:

A. Capital Grant Receipts Revenue Bonds Debt Service Fund (the "Debt Service Fund");

B. Capital Grant Receipts Revenue Bonds Project Fund (the "Project Fund"); and

C. Capital Grant Receipts Revenue Bonds General Fund (the "General Fund").

Section 503. Debt Service Fund. Grant Receipts shall be deposited in or credited to the Grant Receipts Revenue Deposit Account pursuant to subparagraphs (a) or (b) of Section 501 hereof and according to the terms of the Trust Indenture. The Pledged Revenues in the Debt Service Fund shall be used solely to pay the principal of and interest on the Bonds in the manner and to the extent set forth in the Trust Indenture. The Debt Service Fund constitutes the "bond and interest redemption deposit account" under Act 94.

Section 504. General Fund. All monies remaining in the Debt Service Fund after the debt service requirements set forth in the Trust Indenture have been satisfied shall be transferred to the General Fund and used as authorized or required in the Trust Indenture, which may include transfer to the Project Fund or a debt service reserve fund, if any.

Section 505. Project Fund. Money in the Project Fund shall be used by the City for payment of Project Costs relating to the Bond Financed Projects, to pay the costs of issuance of the Bonds (including the cost of credit enhancement, if any) and otherwise as may be provided in the Trust Indenture.

Section 506. Investment of Monies in the Funds and Accounts. The Finance Director shall invest or direct the investment of monies on deposit in the Funds and Accounts established hereunder and in the Trust Indenture in any investments permitted under State law, the Trust Indenture and the Non-Arbitrage and Tax Compliance Certificate.

**ARTICLE VI  
THE TRUST INDENTURE AND THE TRUSTEE**

Section 601. The Trust Indenture. The Finance Director is hereby authorized, at any time hereafter and without further action by or authority or direction from the Council, to execute and deliver a Trust Indenture conforming to the requirements and parameters set forth in this Resolution, including such additions and supplements to such Trust Indenture as the Finance Director may determine to be

necessary or advisable, and that the execution of such document(s) by the Finance Director on behalf of the City shall be conclusive evidence of his determination in that respect.

The Mayor, the Finance Director and the City Clerk are each hereby authorized and directed on behalf of the City to take any and all other actions and perform any and all acts that shall be required, necessary or desirable to enter into and implement the Trust Indenture with the Trustee.

Section 602. The Trustee. The Trustee for the Bonds shall act as bond registrar, transfer agent and trustee for the Bonds, and initially shall be U.S. Bank National Association, Detroit, Michigan, or, as approved by the Finance Director in the Sale Order, such other bank or trust company located in the State of Michigan which is qualified to act in such capacity under the laws of the United States of America and the State of Michigan. The Trustee means and includes any company into which the Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be party or any company to which the Trustee may sell or transfer all or substantially all of its corporate trust business, provided, that such company shall be a trust company or bank which is qualified to be a successor to the Trustee as determined by the Finance Director, shall be authorized by law to perform all the duties imposed upon it by this Resolution and the Trust Indenture, and shall be the successor to the Trustee without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding. The Finance Director is authorized to designate a similarly qualified successor Trustee and enter into an agreement therewith for such services.

**ARTICLE VII  
SUPPLEMENTAL RESOLUTIONS**

Section 701. Supplemental Resolutions Not Requiring Consent of Holders of the Bonds. The City may without the consent of any Bondholder adopt resolutions supplemental to this Resolution for any one or more of the following purposes:

(a) to confirm or further assure the security hereof or to grant or pledge to the holders of the Bonds any additional security;

(b) to add additional covenants and agreements of the City for the purposes of further securing the payment of the Bonds;

(c) to cure any ambiguity or formal defect or omission in this Resolution or the Trust Indenture;

(d) to amend provisions in this Resolution or the Trust Indenture relating to rebate to the United States government or otherwise, which in the opinion of Bond

Counsel are required in order to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes;

(e) to authorize the issuance of Additional Bonds; and

(f) such other action not materially, adversely and directly affecting the security of the Bonds;

provided that no supplemental resolution amending or modifying the rights or obligations of the Trustee shall become effective without the consent of the Trustee.

#### **ARTICLE VIII DEFEASANCE**

Section 801. Defeasance. Bonds shall be deemed to be paid in full, shall no longer be entitled to the benefits of this Resolution (except for any rights of transfer or exchange of Bonds as therein herein provided for) and the lien of this Resolution for the benefit of such Bonds shall be discharged in the manner and to the extent provided in the Trust Indenture.

#### **ARTICLE IX ADDITIONAL BONDS**

Section 901. Additional Bonds. Additional Bonds of equal standing and priority with any outstanding Bonds may be issued as may be necessary to complete the Project, for repair, replacement, improvement, enlargement or extension of the System and to refund all or a portion of the Bonds and paying the costs of issuing the Additional Bonds, but only if and to the extent the requirements relating to the issuance of Additional Bonds under the Trust Indenture are satisfied, which requirements are incorporated herein by this reference.

#### **ARTICLE X OTHER PROVISIONS OF GENERAL APPLICATION**

Section 1001. Credit Enhancement. The Finance Director is hereby authorized to obtain municipal bond insurance or other credit enhancement or a combination thereof to secure the payment of all or part of the Bonds, if, and provided that, it shall be determined by the Finance Director that such cost of a municipal bond insurance policy or other credit enhancement or a combination thereof is less than the interest rate savings therefrom or otherwise that it is in the best interest of the City. Such municipal bond insurance or other credit enhancement providers may be afforded certain rights and remedies to direct the proceeding with respect to the enforcement of payment of the Bonds as shall be provided in the documents relating thereto. In the event a commitment for a municipal bond insurance policy or a commitment for other credit enhancement is obtained, the Finance Director is hereby authorized to approve the terms, perform such acts and execute such instruments as shall be required, necessary or desirable to effectuate the terms of such commitment and

the transactions described therein and in this Resolution and the Sale Order.

Section 1002. Approval of Other Documents and Actions. The Mayor, the Finance Director, the Treasurer and the City Clerk are each hereby authorized and directed on behalf of the City to take any and all other actions, perform any and all acts, and execute any and all documents that shall be required, necessary or desirable to implement this Resolution.

The Finance Director is authorized to file any necessary applications or waivers therefrom, and to obtain any other approvals or waivers as shall be necessary to implement the sale, delivery and security for the Bonds, and as may be required by the Michigan Department of Treasury and Act 34. The Finance Director is authorized and directed to pay any post-closing filing fees required by Act 34 or the Agency Reporting Act to the Michigan Department of Treasury or other specified agency, as a cost of issuance or from other legally available funds.

Section 1003. Continuing Disclosure Undertaking. The City shall enter into a continuing disclosure undertaking pursuant to Rule for the benefit of the Owners of the Bonds to which the Rule is applicable, as more specifically set forth in Exhibit A hereto (the "Undertaking"); provided, however, that the terms of the Undertaking are subject to completion and modification prior to delivery of the Bonds by the Finance Director to such extent as the Finance Director shall deem necessary to comply with applicable law or market requirements of the Underwriters. The Finance Director is authorized to execute and deliver the Undertaking after completion and modification as provided in this Resolution and the Sale Order.

Section 1004. Delegation of City to, and Authorization of Actions of, the Mayor and the Finance Director.

(a) Prior to the date of sale of the Bonds, the Mayor and/or the Finance Director may cause the preparation and approve the form and distribution of a Preliminary Official Statement and an Official Statement and other offering materials to be used in conjunction with the sale or offering of the Bonds, and the Mayor or Finance Director shall deem the Preliminary Official Statement "final" for purposes of the Rule.

(b) The Finance Director is hereby authorized and directed to do and perform any and all acts and things with respect to the Bonds and the Trust Indenture which are necessary and appropriate to carry into effect, consistent with this Resolution, the authorizations therein and herein contained, including without limitation, the securing of ratings by bond rating agencies, if cost effective, the negotiation for and acquisition of bond insurance and/or other credit enhancement, if any, to fur-

ther secure the Bonds or any portions thereof, the acquisition of an irrevocable surety bond to fulfill the City's obligation to fund any reserve account, the printing of the Bonds and the incurring and paying of reasonable fees, costs and expenses incidental to the foregoing and other costs of issuance of the Bonds including, but not limited to fees and expenses of bond counsel, financial advisors, accountants, financial analysts and others, from Bond proceeds or other available funds, for and on behalf of the City.

(c) Except as otherwise provided herein, all determinations and decisions of the Finance Director with respect to the issuance and sale of the Bonds shall be confirmed by the Finance Director in a Sale Order or Sale Orders, and such confirmations shall constitute determinations that any conditions precedent to such determinations and decisions of the Finance Director have been fulfilled.

Section 1005. Approving Legal Opinions with Respect to the Bonds. Sale of the Bonds shall be conditioned upon receiving, at the time of delivery, the approving opinion of Bond Counsel, approving the legality of the Bonds and, with respect to Bonds determined by the Finance Director to be issued on a tax-exempt basis, the exclusion from gross income of the interest paid thereon from federal and State income taxation.

Section 1006. Publication and Recordation. This Resolution shall be published once in full in a newspaper of general circulation in the City qualified under State law to publish legal notices, and the same shall be recorded in the records of the City and such recording authenticated by the signature of the City Clerk.

Section 1007. Sale of Bonds/Good Faith Check.

(a) The Bonds shall be sold by negotiated sale to the Underwriters as represented by the Representative, all as determined by the Finance Director in a Bond Purchase Agreement, at prices and on terms and conditions provided in the Bond Purchase Agreement approved by the Finance Director within the parameters established herein, and confirmed by the Finance Director in the Sale Order. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of Council based on recommendation of the Finance Director and the City's financial advisor that a negotiated sale will allow the Bonds to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs for the City. Sale may be on a forward delivery basis if determined by the Finance Director to be beneficial to the City, on the terms and conditions contained in the Bond Purchase Agreement.

(b) Subject to the foregoing, the Bond Purchase Agreement shall be dated the date of the sale of the Bonds. The Finance Director is hereby authorized and directed to execute the Bond Purchase Agreement for and on behalf of the City.

(c) The Finance Director is authorized to determine whether to require a good faith check from the Underwriters, or in lieu thereof, to require the Underwriters to pay liquidated damages to the City for the failure (other than as permitted by the Bond Purchase Agreement) to accept delivery of and pay for the Bonds.

Section 1008. Delivery of Bonds. The Finance Director is hereby authorized to deliver the Bonds to the Underwriters upon receiving the purchase price therefor in lawful money of the United States.

Section 1009. Official Statement. The Finance Director is hereby authorized to execute the Official Statement or other offering materials with respect to the Bonds in the form approved by him with such changes as the Finance Director may authorize. Such Official Statement or other offering materials to be used in conjunction with the sale or offering of the Bonds are hereby authorized to be printed and used by the Underwriters in connection with the sale of the Bonds to the public. Circulation of the Preliminary Official Statement, if any, or other preliminary offering materials by the Underwriters is hereby approved.

Section 1010. Statement of Official Intent to Reimburse.

(a) The Council makes the following declarations for the purpose of complying with the reimbursement rules of the Code.

(i) The City reasonably expects to reimburse itself for the original expenditures described in (iv) below, to be made from the fund described in (iii) below, with the proceeds of the Bonds.

(ii) This declaration of official intent is specifically made pursuant to Treas. Reg. §1.150-02;

(vii) Reimbursement of the expenditures described in (iii) above with the proceeds of the Bonds will occur not earlier

than the date on which the expenditure is paid and not later than: (a) the date that is eighteen months after the date on which the original expenditure is paid; or (b) the date that is eighteen months after the date on which the Project is placed in service or abandoned but in no event more than three years after the original expenditure.

(viii) The expenditures described in (iv) above are "capital expenditures" comprised of any costs of a type which are properly chargeable to a capital account (or would be so chargeable with a proper election) under general federal income tax principles (as determined at the time the expenditure is paid).

(b) The preceding statement of official intent shall be reasonably available for inspection by the public within thirty (30) days of the date hereof at the City's offices located at the office of the City Clerk, Coleman A. Young Municipal Center, Detroit, Michigan 48226, and will remain available for public inspection on a reasonable basis until the date of issuance of the Bonds.

**Section 1011. Notice of Intent to Issue Bonds.** The City Clerk is authorized and directed to publish a Notice of Intent to Issue Bonds once in a newspaper of general circulation in the City, determined to be the newspaper reaching the largest number of persons to whom said Notice is directed, which Notice shall be substantially in the form attached hereto as Exhibit B, with such completions, changes and additions as are recommended by Bond Counsel and approved by the Finance Director.

**Section 1012. Appointment of Bond Counsel; Engagement of Other Parties.** The appointment by the Finance Director of the law firm of Clark Hill PLC of Detroit, Michigan, as Bond Counsel for the Bonds is hereby ratified and confirmed, notwithstanding the periodic representation by Clark Hill PLC, in unrelated matters of other parties and potential parties to the issuance of the Bonds. Parties in Interest.** Nothing in this Resolution, expressed or implied, is intended or shall be construed to confer upon, or to give to, any person or entity, other than the City and the Owners of the Bonds, any right, remedy or claim under or by reason of this Resolution or any covenant, condition or stipulation hereof, and all covenants, stipulations, promises and agreements in this Resolution contained by and on behalf of the City shall be for the sole and exclusive benefit of the City and the Bondholders.

**Section 1015. No Recourse Under Resolution.** All covenants, agreements and obligations of the City contained in this Resolution shall be deemed to be the covenants, agreements and obligations of the City and not of any councilperson, member, officer or employee of the City in his or her individual capacity, and no recourse shall be had for the payment of the principal of, premium, if any, or interest on the Bonds or for any claim based thereon or on this Resolution against any councilperson, member, officer or employee of the City or any person executing the Bonds in his or her official individual capacity.

**Section 1016. Severability.** If any one or more sections, clauses or provisions of this Resolution shall be determined by a court of competent jurisdiction to be invalid or ineffective for any reason, such determination shall in no way affect the validity and effectiveness of the remaining sections, clauses and provisions hereof.

#### CITY COUNCIL FISCAL ANALYSIS DIVISION

3. Submitting report regarding Budget Department quarterly Financial Report for the period ending December 31, 2010 and Fiscal Analysis Division update

through February 28, 2011. (For the four major revenues included in the report from the Budget Department, a \$5.0 million to \$7.0 million deficit is reported. The full amount of the potential deficit is attributed to a shortfall of collections in only one of the four revenues, the Utility Users' Tax. This is the same information and projection as reported in the Quarterly Report for the first quarter of fiscal 2010-11. On the appropriation side, for the general fund portion of the seven agencies included in the report, the change from the Quarterly Financial Report for the first quarter is the lowering of the potential deficit by \$2.7 million, from \$20.1 million to \$17.4 million. The first quarter report states that Fringe Benefits are estimated to deficit in the amount of \$20 to \$25 million. The second quarter report now states that the same \$20 to \$25 million estimate "includes pensions". The Budget Department Quarterly Report for the second quarter of the fiscal year has not changed substantially. However, this report is limited in nature and the Budget Department promises a more comprehensive surplus/deficit estimate is in process.)

As you are aware, the City of Detroit, as part of the Michigan Consortium led by the Michigan State Housing Development Authority ("MSHDA"), successfully applied for and received \$23,986,152 in Neighborhood Stabilization Program 2 ("NSP 2") funds from the U.S. Department of Housing and Urban Development.

In July 2009, your Honorable Body approved the submission of the application and Planning and Development as the lead agency coordinating the disposition of funds and development of programs, projects and initiatives eligible under the NSP 2 guidelines. Since that time, the grant has been received and partnerships with the Michigan Land Bank and the Detroit Land Bank have been solidified and HUD has approved an expansion of the original target areas.

Eligible activities under this grant include: Acquisition, Administration, Demolition, Disposition, Land Banking, Rehabilitation and Redevelopment of demolished or vacant properties as housing. Of these activities, \$5.3 million will be spent on demolition, \$17 million will be spent on acquisition, rehabilitation and redevelopment of eligible properties and \$1.6 million will be spent on Administration costs. NSP 2 funds must be fully expended by February 2013, and 50% must be expended by February 2012.

As part of the Administration budget, two Section 3 compliance staff will be hired to ensure that all projects and activ-

ities funded by this grant are in compliance with the Section 3 guidelines.

**AGREEMENT REGARDING REAL AND PERSONAL PROPERTY TAX EXEMPTION UNDER PUBLIC ACT 198 OF 1974, AS AMENDED**

THIS AGREEMENT, made as of this 6th day of December, 2010, by and between the City of Detroit, acting by and through its Planning and Development Department (the "City") and Piston Automotive, LLC (the "Applicant").

**WITNESSETH:**

WHEREAS, Applicant has submitted an Application (the "Application") dated **July 29, 2010** (a copy of which is attached hereto as **Exhibit A**) requesting the City to adopt a resolution approving the grant of an Industrial Facilities Exemption Certificate ("IFEC") pursuant to Michigan's Public Act 198 of 1974, as amended, being MCL 211.551, et seq. (commonly known as "**Act 198**"), for a term of **(7) Seven** years for real and personal property located at 4015 Michigan Avenue, Detroit, Michigan, 48210 (the "**Facility**"); and

WHEREAS, the Detroit City Council is considering adopting a resolution approving the exemption for Applicant; and

WHEREAS, The Applicant is making real and personal property investments and improvements at the Facility for the purpose of expanding capacity; and

WHEREAS, as part of its Application Applicant has submitted an employment plan to the City of Detroit Human Rights Department (a copy of which is attached hereto as **Exhibit B**) wherein it has represented that during the term of the Act 198 exemption it shall not discriminate in its employment practices because of an individual's age, gender, race, color, creed, religion, marital status, national origin, political orientation, sexual orientation, public benefit status or disability; and

WHEREAS, pursuant to Section 22 of Act 198, being MCL 211.572, adopted by Michigan Public Act 324 of 1993, it is necessary that City and Applicant enter into a "written agreement" prior to approval and

issuance of an IFEC by the Michigan State Tax Commission; and

WHEREAS, to encourage approval of the IFEC and in recognition of the investments the City will make toward the economic growth of the Applicant, which in turn will benefit the City, the Applicant agrees as follows:

1. General.

a. The Applicant will take action to recruit and hire City of Detroit residents in accordance with specified targets as set forth in the employment plan (including the exhibits thereto) submitted by the Applicant and approved by the Human Rights Department.

b. The Applicant will complete the real and personal property improvements set forth in the Application.

c. Unless earlier revoked as provided in Section 15 of Act 198, being MCL 207.565, or this Agreement, the exemption term shall be for a period of **(7) seven years** and shall terminate **December 30, 2018**.

d. The Applicant will be required to establish at least **(7) seven new** full time employees at the Facility within two years of the effective date of the IFEC.

e. For purposes of this Agreement, a **“full-time employee”** shall include a person 1) who is employed by the Applicant or its affiliates on a salary, wage, commission, or other basis, for a minimum period of forty (40) hours a week; and 2) from whose compensation the Applicant or its affiliates are required by law to withhold City income taxes.

2. Reporting by the Applicant to Human Rights Department.

On or after the first anniversary of the effective date of the IFEC approved and issued by the Michigan State Tax Commission and each year thereafter, throughout the term of the tax exemption, Applicant shall submit to the Human Rights Department of the City of Detroit an annual Detroit Resident Hiring report and current annual employer information report on forms provided to Applicant by the Department as set forth in attached Exhibit B. Initially and during the term of abatement if requested in writing by the Human Rights Department of the City, Applicant shall also prepare and submit to the Department the Detroit Resident Hiring and Employment Information reports and an updated City of Detroit resident employment plan that sets forth Applicant's future employment goals at the Facility and the means by which Applicant intends to effectuate those goals. The provisions of the City of Detroit resident employment plan must be approved by the Director of the City Human Rights Department.

3. Annual Status Report by the Applicant.

On or before February 1, 2013 and

each year thereafter, throughout the term of the IFEC, Applicant shall submit to the Planning and Development Department of the City a certified status report (“Status Report”) signed by an authorized officer of the Applicant. The Status Report shall set forth the average number of full-time employees at the Facility during the calendar year preceding the date of the Status Report, and the Applicant's financial investment in the Facility as of December 31st preceding the Status Report. For purposes of this agreement, the average number of full-time employees shall be computed as the average of the number of full-time employees at the Facility on March 31st, June 30th, September 30th, and December 31st of the calendar year preceding the date of the Status Report.

4. Review and Audit of Applicant Employment Information.

Applicant agrees to provide the City with sufficient information, and the City may review and audit the information provided by Applicant, in order to determine compliance with this Agreement. If Applicant fails to provide employment information satisfying the needs of the City, Applicant will provide the City and the Michigan Unemployment Insurance Agency (“**UIA**”) written authorization, in a form acceptable to the City and the UIA, to use and develop appropriate UIA documents, such as, but not limited to, the UIA Multiple Worksite Report, to verify the number of full-time employees stated in the annual Status Report. In the event Applicant fails to provide the City with any information required to be provided to the City under this Section, Applicant agrees to reimburse the City for all costs, including attorney's fees, incurred by the City to verify the information that was withheld.

5. Revocation of IFEC Term for Failure to reach Employment Plan Goals or Financial Investment Shortfalls or Noncompliance with Prevailing Wage Requirements.

The City Council may, in its sole discretion, request that the Michigan State Tax Commission revoke the IFEC if: 1) Applicant fails to provide the City with the information or the City of Detroit resident employment plan or the Planning and Development Department Status Report required to be provided to the City under Sections 2 and 3 above, or 2) employment plan accomplishments at the Facility are less than those to which Applicant committed itself in the most recent employment plan approved by the Human Rights Department, due to the failure of Applicant to use good faith efforts to effectuate the employment plan, or 3) if Applicant's financial investment in the Facility is substantially less than that to which Applicant has herein committed itself in the Application, or 4) Applicant

has failed to pay prevailing wages for construction work in accordance with Section 8 below on the project for which it has received an IFEC. Prior to taking any action to request revocation of the IFEC, the City must afford Applicant an opportunity to present at a public hearing reasons for any shortfall by Applicant in its compliance with this Agreement.

Good faith efforts include but are not limited to the following and shall be reviewed prior to the City seeking legal remedies for breach of this Agreement:

1) Applicant is actively working with the Workforce Development Department to hire and ascertain methods of recruiting and employing Detroit residents, and  
2) Applicant is actively working with the Detroit Economic Growth Corporation and the City's Planning & Development Department to ascertain methods of obtaining available resources to improve Applicant's business in a manner that will accomplish the stated goals of this Agreement.

6. Payment of Exempted Taxes for Shortfall of Employment.

If the average number of full-time employees at the Facility during the calendar year preceding the date of the Status Report is less than the number of employees set forth in Section 1 above, Applicant agrees to pay the City, in addition to the Industrial Facility Tax due under the IFEC on the Facility, an amount equal to the difference between the amount of *ad valorem* tax otherwise due on the Facility without the IFEC and the amount of the taxes due on the Facility under the IFEC for the calendar year preceding the Status Report, multiplied by a fraction, the numerator of which is the shortfall in the number of full-time employees indicated in the Status Report and the denominator of which is the total number of full-time employees set forth in Section 1 above. Prior to taking any action to require Applicant to pay any amount to the City pursuant to this Section, the City must afford Applicant an opportunity to present at a public hearing reasons for any shortfall by Applicant in its compliance with this Agreement.

7. Reimbursement of City Costs upon Discontinuance of Operations.

a. To enable Applicant to make its improvements or install the equipment, machinery, furniture and fixtures as set forth in its application, or to enable Applicant to operate at the Facility, the City may incur costs for site acquisition, infrastructure improvements, or other related purposes, as may be agreed to in writing between the City and Applicant. If during the term of the IFEC Applicant discontinues operations at the Facility, Applicant agrees to reimburse the City for any such agreed upon costs incurred by the City.

b. Applicant agrees that if during the tax exemption term it decides to discontinue operations at the Facility, Applicant shall send written notification to the Director of the City Planning and Development Department within thirty (30) days of such decision. Applicant further agrees that, within thirty (30) days of the actual discontinuance of operations, Applicant shall send written notification of the actual termination to the Director of the City Planning and Development Department.

8. Prevailing Wage Requirements.

Applicant agrees that Chapter 18, Article V, Division 4, being Code Sections 18-5-60 through 18-5-69, of the Detroit City Code is made applicable to this Agreement by Code Section 18-5-65, and Applicant agrees that wages and fringe benefits paid to building trades workers performing construction work for which an IFEC is requested shall not be less than Federal and State prevailing wage rates applicable to all City contracts pursuant to Code Section 18-5-62. A copy of the City's Prevailing Wage Ordinance is attached as **Exhibit C** and made a part hereof.

9. Reservation of Remedies.

The City and Applicant agree that each of the rights and remedies provided by this Agreement may be exercised separately or cumulatively, and shall not be exclusive of any other rights and remedies provided by law. Invalidation of any of the provisions contained in this Agreement by operation of law, judgment, court order, or otherwise shall not invalidate any of the other provisions of this Agreement.

10. Effective Date.

This Agreement shall become effective upon issuance by the Michigan State Tax Commission of an IFEC covering the Facility. Unless earlier revoked as provided in Section 15 of Act 198, being MCL 207.565, or this Agreement, the Agreement shall terminate thirty (30) days after the due date of the Status Report required by Section 3 above pertaining to the final year the IFEC is in force or thirty (30) days after the actual filing of said Status Report, whichever is later. However, termination of the Agreement shall not limit Applicant's obligations or the City's remedies for Applicant's defaults while the Agreement is or was in effect.

11. Headings.

The headings contained in this Agreement are for descriptive purposes only, and do not alter or govern the substantive content of the provisions of this agreement.

RESOLUTION TO SUPPORT THE BETTERBUILDINGS PROGRAM OF MICHIGAN

By Council Member Cockrel, Jr.:

Whereas, BetterBuildings is a federally funded program sponsored by the U.S. Department of Energy. The State of Michigan was awarded \$30 Million in grant funds for BetterBuildings For Michigan to perform intensive energy efficiency improvements on a neighborhood-by-neighborhood basis in targeted areas around the state.

Whereas, Key partners of BetterBuildings for Michigan include Michigan Saves, Inc.; the Michigan Department of Energy, Labor & Economic Growth (DELEG); the Detroit Economic Growth Corporation; the Southeast Michigan Regional Energy Office; and the City of Grand Rapids.

Whereas, The Southeast Michigan Regional Energy Office has been chosen as the Southeast Michigan Regional Coordinator for the BetterBuildings program. The office is an innovative collaboration between WARM Training Center, The Michigan Suburbs Alliance and the Michigan Municipal League.

Whereas, BetterBuildings for Michigan delivers energy efficiency improvements to businesses and homes through incentives and low interest loans using a community focused approach. The program aims to reduce the homes' energy consumption and impact on the environment, improve occupant comfort, and to create new jobs by training the local building contractor base in energy efficient technical skills. The BetterBuildings for Michigan program offers a combination of free services, rebates and financing to assist homeowners with energy efficiency improvements and will target 11,340 homes in addition to 131 commercial and institutional buildings.

Whereas, The BetterBuildings for Michigan program selected a portion of the Rosedale Park neighborhood as its first residential site in northwest Detroit. This area has been chosen for the program based on several criteria established by the BetterBuildings for Michigan program including percentage of home ownership loan eligibility, mixed incomes, proximity to transit and walk ability of the community, as well as the communities' excellent capacity for community organizing. Future neighborhoods will be selected through an application process.

Whereas, The City of Detroit is one of the original partners in the BetterBuildings for Michigan program, bringing these funds and this innovative program to the state of Michigan. Detroit's importance as the major city of the state has been recognized throughout this statewide program. This program is designed to help Detroit residents stabilize their neighborhoods and keep more dollars circulating in the local economy.

Whereas, Local partners include the City of Detroit's Department of Human Services weatherization program, Grandmont Rosedale Development Corporation, the Rosedale Park Improvement Association, LISC Detroit and the Next Detroit Neighborhood Initiative. Now, Therefore Be It

Resolved, That the Detroit City Council supports The BetterBuildings for Michigan program that is helping to stabilize Detroit neighborhoods through creation of energy efficient housing.

Resolved, That a copy of this resolution be sent to the City of Detroit Mayor's Office.

Honorable City Council:

Re: Address: 15422 Chatham. Name: Crystal Hardison. Date ordered removed: November 9, 2010 (J.C.C. p. 2735).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on March 17, 2011 revealed the building is secured and appears to be sound and repairable.

The taxes will be paid at closing.

The proposed use of the property is rehabilitation and sale. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits

- Certificate of Approval as a result of a Housing Inspection

- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

Re: F.Y. 2010-2011 Act 51 Michigan Transportation Fund.

Each year the City of Detroit receives a distribution of Michigan Transportation funds in accordance with Act 51, Public Act of 1951, as amended.

Past experience has indicated that the level of expenditure required to maintain the Local Streets has been somewhat greater than the amount of funds received for this purpose.

Section 13 (6) of Act 51, P.A. 1951 as amended, however, allows a city to use on the local street system up to 50 percent per annum of funds returned to the City for its major street system.

**TESTIMONIAL RESOLUTION FOR  
NEW JERUSALEM TEMPLE  
MISSIONARY BAPTIST CHURCH  
58th Anniversary of the founding of the Church of New Jerusalem Temple**

By COUNCIL MEMBER JONES:

WHEREAS, On June 27, 1953, a group of people came together for praise and worship. Their objective was to become a Bible believing Baptist Church. They congregated in the Spirit of love and Christ. With one united body and the faith of a grain of one mustard seed, Rev. Robert Hutchins was elected Pastor and Church Officers were designated. Being led by the Holy Spirit, the officers filed the essential paperwork to be converted into an Ecclesiastical Corporation of the State of Michigan, a non-profit organization, known as the New Jerusalem Missionary Baptist Church located at 7530 Cameron in the home of Deacon and Sister Walter Eason; and

WHEREAS, After sometime, the Church relocated to 8641 Linwood. After summoning several Pastors, Rev. Charles Glover was chosen as Pastor. Under the leadership of Rev. Glover, the Church and the membership cultivated swiftly and moved to 12837 Dexter. From its inception in 1953, New Jerusalem Missionary Baptist Church has germinated many branches; and

WHEREAS, In December of 1975, New Jerusalem Missionary Baptist Church requested Rev. Lawrence James London from Chicago, Illinois, to Pastor its church. After being with the church family for one month, Pastor London shared with the Church the vision the Lord had shown him, a vision of a larger church facility and a larger congregation. Those that saw his vision marched with him from the New Jerusalem Missionary Baptist Church at 12837 Dexter Avenue to the New Jerusalem Temple Missionary Baptist Church located at 17330 Fenkell Avenue. This was truly a historic and memorable day for all; and

WHEREAS, The Pastor continued to reveal his vision, and the church began a television and radio ministry. Pastor London's preaching became and is still very popular. In 1988, with the assistance of the late Rev. James Cleveland and our many friends, New Jerusalem shouted victory as they burned their first mortgage. As New Jerusalem Temple Missionary Baptist Church grew, Pastor London continued his vision by empowering and establishing a Christian Education Department, which educates our children and the Community; and

WHEREAS, So as we celebrate our 58th Church Anniversary, we honor the spirit of the founding members, who 58 years ago, loved the Lord enough to come together and formed the New Jerusalem Missionary Baptist Church from whence New Jerusalem Temple Missionary Baptist Church was established: NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council, Office of Councilwoman Brenda Jones, hereby joins with family and friends in honoring New Jerusalem Temple Missionary Baptist Church on the 58th Anniversary of the founding of the Church. **RESOLUTION YOUNG DETROITERS TASK FORCE**

By COUNCIL MEMBER SPIVEY:

WHEREAS, A democracy is only effective to the degree in which citizens are informed and engaged. It becomes essential for leaders in the City of Detroit to rejuvenate a significant portion of its population to honor their civic responsibility to vote; and

WHEREAS, The November, 2011 Election is poised for an extremely low voter turnout, due to the absence of a presidential, gubernatorial, and mayoral election. The last election of this sort was

WHEREAS, The future success of the City of Detroit depends on the city's ability to excite and mobilize this fore stated demographic, ages 18-40, to get involved and assume their role as administrators of the future; and

WHEREAS, A Young Detroiters Task Force, comprised of a diverse range of leaders, from the ages 18-40, can come together to develop, plan and execute strategies to galvanize, organize, and mobilize this demographic to which they belong; THEREFORE, BE IT

**PRESIDENT'S REPORT ON STANDING COMMITTEE REFERRALS AND OTHER MATTERS:**

**RESOLUTION**

By ALL COUNCIL MEMBERS:

THE FOLLOWING ITEM IS BEING REFERRED TO THE BUDGET, FINANCE AND AUDIT STANDING COMMITTEE:

**MISCELLANEOUS**

1. Council President Charles Pugh submitting memorandum regarding State of Michigan Census Statutes. (Memorandum includes complete list of State of Michigan public acts that grant privileges to units of government based upon population thresholds; with an official population of approximately 713,000, the City of Detroit now falls below the population threshold requirements for a majority of public acts; significant financing and revenue generating capabilities will be jeopardized if the city doesn't act immediately to amend several of the public acts to accommodate its smaller population; requesting Law Department review and advise the City Council and Mayor

on which public acts, prioritized by their economic impact to the City of Detroit, should be amended. AWAITING REPORT FROM LAW DEPARTMENT.) (NOTE: DUAL REFERRAL TO BUDGET, FINANCE AND AUDIT STANDING COMMITTEE AND INTERNAL OPERATIONS STANDING COMMITTEE.)

**RESOLUTION**

By ALL COUNCIL MEMBERS:

THE FOLLOWING ITEM(S) ARE BEING REFERRED TO THE INTERNAL OPERATIONS STANDING COMMITTEE: **LAW DEPARTMENT**

1. Submitting report regarding Detroit City Council vs Detroit Election Commission; Wayne County Circuit Court, Case No. 11-002615-CZ. (Law Department and the Office of the Attorney General have opined that the provisions of the second and third paragraph of Section 3-106 which charged the Election Commission with the task of apportioning districts were invalid because they contravene Section 27a of the Home Rule Cities Act, MCL 117.27a. Section 27a provides that council districts shall be drawn by the local legislative body, both initially and after each federal decennial census; accordingly, the Law Department filed the lawsuit seeking a judicial determination that the second and third paragraphs of Section 3-106 are invalid; by an opinion and order dated April 15, 2011, Chief Judge Virgil C. Smith granted summary disposition and held invalid the second and third paragraphs of Charter Section 3-106; the court left intact the first paragraph of Section 3-106 establishing council districts, finding that it was severable from the invalid provisions; City Council now must apportion council districts required by the Charter in accordance with Section 27a of the Home Rule Cities Act.)

**MISCELLANEOUS**
