Detroit Building Authority

FY 2019-20 Budget Analysis by the Legislative Policy Division

Issues and Questions

The **Detroit Building Authority (DBA)** is primarily responsible for administering capital projects, as determined by each respective City Department, with identified capital or grant funds. Critical functions include: encumbering funds through Contracts of Lease; managing the bid, RFP/RFQ process; issuing contract awards; securing the necessary clearances; advising contractors of Executive Order 2007-1 requirements; execution of contract documents; monitor design development and construction for each DBA capital project; review and approve contract invoices; oversee payments to vendors.

In addition, the DBA is responsible for the following:

- Creating and maintaining a database of all City-owned commercial property.
- Maintaining and managing all of the properties within the database.
- Managing the sale of the property, which includes tracking the applications through the process, marketing of properties, obtaining city and council approvals, and finalizing the sale transaction.
- Managing city leases, which consist of property leased by and from the city, cellular towers and billboard leases.
- Coordinating with various city departments the City's demolition activities.

Page B 35-16- The DBA currently has 10 budgeted positions in FY 19 and the Mayor has recommended the addition of 3 FTE's (30%) for FY 20, as illustrated above.

Issues and questions

1. The DBA has the responsibility of "Coordinating with various city departments the City's demolition activities," however, the press has recently indicated that several demolition sites may have been backfilled with contaminated soil. What measures are the DBA prepared to take to ensure that this is not an ongoing problem, such as monitoring and enforcement that are different and new?
2. **Page B 35-10:** General Fund Expenditure 1000 appropriation # 00277 - Non-Departmental Detroit Building Authority is recommended to be reduced by \$321,988 (-15.5%), by the Mayor in FY 20. What is the basis for the reduction in funds for this appropriation?
3. **Page B 35-16:** However, the Mayor has also recommended an increase of 3 FTE's for the DBA in FY 20. How does the DBA plan on funding the additional 3 positions, with a corresponding planned reduction \$321,988 (-15.5%) in funding General Fund Expenditure 1000 appropriation # 00277 - Non-Departmental Detroit Building Authority, in FY 20? What's the projected costs and rationale for this increase in positions?
4. The Mayor indicated in his budget message to the City Council that he will remove demolition responsibilities from the Detroit Land Bank and move the "in house," to the City's own departments. How will this change impact the day to day operations of the DBA?

5. **Page B 35-8:** There is a *Blight Fund 1003* Blight Investments appropriation on page B 35-8 of the Non-Departmental Budget for FY 20, which includes \$2 MM for Professional and Contractual Services (up from \$1.7MM) and \$10 MM for Operating Services. What specific costs do these two items within this appropriation cover and how do these costs correspond to the DBA?
6. **Page B 35-12:** There is also a *Blight Fund 1003* appropriation # 00277 - Non-Departmental Detroit Building Authority, which is budgeted at \$2 MM (also up from \$1.7MM). What costs are included in this appropriation?
7. **Page B 35-12:** Blight Fund 1003 appropriation # 00277 - Non-Departmental Detroit Building Authority is also recommended to be increased by \$300,000 (17.6%), by the Mayor in FY 20. What's the rationale for this increase and what does it entail?
8. **Page B 35-14:** General Fund Revenue 1000 appropriation # 00277 - Non-Departmental Detroit Building Authority is recommended to be decreased by \$3,271,520 (-86.7%) in FY 20 by the Mayor. What is the rationale for this change and what is the projected impact on the DBA? Is this difference in revenue of \$3,271,520 reflected elsewhere in the budget?
9. The DBA is also responsible for creating and maintaining a database of all City owned commercial property, in addition to managing and maintaining all of the properties in the database. The DBA is also responsible for managing the sale of property, which includes tracking applications through the process, obtaining City Council approvals and finalizing sale transactions. What is the current status of the database and how often is it updated?
10. Regarding the maintenance of City owned commercial property, what are the DBA's minimum standards for property maintenance?
11. Regarding the sale of City commercial properties, what percentage of the sale proceeds go to the City as general fund revenue and what percentage goes to the DBA as revenue?
12. What methodology does the DBA utilize to determine the capacity of demolition contactors?
13. Please briefly describe the department's new expense initiatives, new funding requests, reforms and savings proposals, and new revenue initiatives/proposals to be implemented in FY 2020. Please provide which appropriation/cost center the new initiative/request/proposal is impacting in FY 2020.
14. According to page 8 of the June 30, 2018 audited financial statements (CAFR) for the DBA (see Attachment I), its net position was in a negative position at (\$1,069,539) at the beginning of the year in 2017, however due to a net loss of (\$527,932) of expenses to income, offset by a Non-Operating Revenues in the amount of \$2,126, the DBA ended 2017 (in the negative) with a net position of (\$1,595,345). In 2018, due primarily to a net loss of (\$1,018,723) of expenses to income, offset by Non-Operating Revenues in the

amount of \$230,520, the DBA ended the year with a 2018 (in the negative) with a net position of (\$2,383,548). The DBA is on an increasing negative trend in by its financial position as illustrated in the chart below. What efforts is the DBA taking to return the DBA to a net positive financial position?

History of Statement of Net Position for the DBA from the CAFR¹

Year End	Position	Change In Position
2104	\$80,494,051	
2015	\$789,051	(\$79,705,000)
2016	(\$1,069,539)	(\$1,858,590)
2017	(\$1,595,345)	(\$525,806)
2018	(\$2,383,548)	(\$788,203)

¹ According to the 2016 audited financial statements (CAFR) for the DBA, its net position was \$80,494,051 at the beginning of the year in 2015. However in 2015, due primarily to a transfer of assets to the City of \$79,101,996, and a net loss of (\$605,234) of expenses to income, the DBA ended the year with a net position of \$789,051. Subsequently, after starting 2016 with a net position of \$789,051, due primarily to a net loss of (\$1,859,121) of expenses to income, the DBA finished the year in 2016 (in the negative) with a net position of (\$1,069,539).

Correspondingly, the 2017 audited financial statements (CAFR) for the DBA, indicates that the DBA began 2017 (in the negative) with a net position of (\$1,069,539). The DBA in 2017, due primarily to a net loss of (\$527,932) of expenses to income, the DBA finished the year in 2017 (in the negative) with a net position of (\$1,595,345).

BOPC operating sections are as follows:

- Fiscal section monitors the budget of the DPD quarterly.
- Policy section receives proposed directives from DPD and evaluates these directives for best practices and makes policy recommendations to the BOPC.
- Legal Advisory section to the Board advises the Board on legal and policy issues.
- Community outreach section prepares brochures, reports and engages with outside law enforcement support organizations.
- Administrative section coordinates the work of the agency.
- Office of the Chief Investigator (OCI) serves as the investigative entity of the Detroit Board of Police Commissioners. The OCI receives, processes, investigates and issues findings on non-criminal citizen complaints filed against the Detroit Police Department and its personnel. The OCI processes and investigates approximately 1,500 - 1,700 complaints annually.

The City Code Section 55-15-8(a) provides that "The Board of Police Commissioners, shall establish standards, including insurance and bonding requirements, that must be met in order for a tower to qualify for police authorized tow and the police department shall maintain a current list of such qualified towers." It further provides that "The Board of Police Commissioners shall also promulgate and publish the rules and regulations that it uses to determine which towers shall be called for tows under this chapter. Such rules shall as nearly as practicable, provide for equitable distribution of police authorized towing to all towers on the list of qualified towers."

The **Detroit Building Authority (DBA)** is primarily responsible for administering capital projects, as determined by each respective City Department, with identified capital or grant funds. Critical functions include: encumbering funds through Contracts of Lease; managing the bid, RFP/RFQ process; issuing contract awards; securing the necessary clearances; advising contractors of Executive Order 2007-1 requirements; execution of contract documents; monitor design development and construction for each DBA capital project; review and approve contract invoices; oversee payments to vendors.

In addition, the DBA is responsible for the following:

- Creating and maintaining a database of all City-owned commercial property.
- Maintaining and managing all of the properties within the database.
- Managing the sale of the property, which includes tracking the applications through the process, marketing of properties, obtaining city and council approvals, and finalizing the sale transaction.
- Managing city leases, which consist of property leased by and from the city, cellular towers and billboard leases.
- Coordinating with various city departments the City's demolition activities.
