

# GREATER CORKTOWN

## Neighborhood Planning Framework

### newsletter

EDITION 1

August 28th–September 10th

## INTRODUCING A NEW BI-WEEKLY NEWSLETTER

Hello! Today we launch the Greater Corktown Neighborhood Planning Framework bi-weekly project newsletter. The purpose of this publication is to provide community members updates on the Corktown Framework planning process and highlight work that's been done to date as well as the upcoming opportunities to become involved in the process.

Over the past two months, City Planning and Department of Neighborhoods staff as well as team members from the Perkins+Will consulting team have been actively meeting around the community to discuss the project and solicit ideas. A series of one-on-one meetings and community Pop-Up events have been held and are scheduled to occur over the next few weeks.

The first series of larger, focused workshops have been scheduled and will occur on September 11th and 12th, both beginning at 5:30pm. More information on these events including the locations, can be found on the flyer attached to this email. These will be 2-hour meetings with a specific focus around Greening topics and are meant to influence the recommendations and strategies within the draft framework document.

To learn more about these meetings, this newsletter, and the project as a whole, please do not hesitate to connect with City Planning Staff or visit the project webpage: [Detroitmi.gov/greatercorktown](http://Detroitmi.gov/greatercorktown)

## PLANNING FRAMEWORK TIMELINE
