Artists Lead!

Match funding and fundraising support for artists making their communities stronger

About Artists Lead!

Across America, artists are stepping into civic life and using their skills to creatively address local issues. ioby, in partnership with ArtPlace America, wants to support that work. Artists Lead is a flexible funding program for artists leading innovative civic change. Are you a creative person working to make change in your community? Fundraise for your idea with ioby and you could get your dollars doubled up to \$15,000 through the Artists Lead! match program.

Get up to \$15,000 in crowd-funded dollars matched

ioby's experienced coaches will support you while you crowdfund

Flexible funding, no deadline or application, available anywhere in the U.S.

So if you're an artist working with your community to make local government more inclusive, improve access to public services, enliven public spaces, or anything that helps your community thrive—this opportunity is for you!

Funding is available now, nationwide, for artist-led projects that engage and strengthen communities. Artists from all artistic disciplines are welcome to participate. Funds are distributed on a first-come, first-served basis to all eligible projects as they fundraise.

Get started at ioby.org/artistslead

About ioby

ioby is a non-profit crowdfunding website, but we're so much more than that. We're growing a movement of community-led positive change and we want you to be a part of it. We help local changemakers fund and implement great ideas that help their neighborhoods thrive.

ioby stands for "in our backyards," but it also stands for taking care of each other and for trusting our neighbors to know what's best for the neighborhood. Leaders like you have raised over \$6.5 million in citizen philanthropy on ioby for projects that make their communities more livable, equitable, and sustainable.

ioby DETROIT

ioby is a non-profit crowdfunding website, but we're so much more than that. We're growing a movement of community-led positive change and we want you to be a part of it.

ioby gives local changemakers (that's you!) the tools and resources they need to build real, lasting impact from the ground up. Our crowdfunding website helps connect leaders with support and funding from their communities to make our neighborhoods safer, greener, more livable and more fun.

ioby stands for "in our backyards," but it also stands for taking care of each other, for civic muscle, and for trusting our neighbors to know what's best for the neighborhood.

Crowdfunding with ioby is different. Here's how it works.

- 1 You have an awesome idea**
But you need money, volunteers, or other support to make it happen.
- 2 We'll coach you**
We'll show you crowdfunding strategies that work, help you create a plan that fits your project, and build a page that tells your story.
- 3 Get donations and volunteers**
Your community can learn about your project, give tax deductible donations, and sign up to volunteer.
- 4 ioby has your back**
As you fundraise, we'll send you tips and help you hit milestones to reach our goal. If you get stuck, we're there to help you get unstuck.
- 5 Make it happen**
Hit your goal, and we'll send you the money you raised so you can get good done in your neighborhood. Raise more or less than you had anticipated? We'll adjust your budget together so you can keep what you raise.

CRASH DETROIT

Neighbors have raised over \$5,000 over the years to help put on Crash Detroit, a free, annual music festival all across the city. The roving festival has brought joy and delight to thousands of Detroiters since 2014.

Ready to get started?

Anyone can work with ioby to fundraise and build support for your neighborhood project! All we require is that your project be **LOCAL** to where you live, work, or play, and that it have a **PUBLIC** or community benefit.
