

**Swap Together - Stay Together Option**

For households that want to move and live near one another, a *Swap Together - Stay Together Option* is being offered for the these homes (Home #1 and Home #2), which are next door to each other. Two participants can choose the homes as a pair, giving them the option to be matched to the homes *only* if they are matched as a pair. Both participants must be match-ready to be eligible to match as a pair.

As typical, for homes that receive multiple purchase agreements in the 10-day hold period, home matches still will be determined by who has the highest Delray score; the date of the participant’s Home Swap application serves as the tie-breaker.

For Pairs who choose the Swap Together – Stay Together Option:

- \* Pairs will be evaluated by the average of their Delray scores
- \* The tie-breaker will be the average number of days participants have been enrolled in the program.
- \* Pair members who are not matched with a home as a pair will be evaluated as an individual participant to still qualify for the home if they choose **Option 2** below. This means if the pair’s score isn’t the highest pair score to be matched, then the pair members who select **Option 2** will still be considered for the home as an individual family based on their family’s Delray score.

---

**Program Buyer Name:** \_\_\_\_\_

**Purchase Agreement submitted for:**

(Circle one)      Home #1                      Home #2

I am applying as part of a pair with: \_\_\_\_\_  
(Home Swap participant name)

**Check One Option:**

\_\_\_\_\_ 1. I wish to match to this home as part of a Pair Only. I understand that I will only be matched to a home if both my pair-partner and I have the highest Delray scores for these homes compared to individual participant selections, and we have the highest average score of all participating pairs.

\_\_\_\_\_ 2. I wish to match to this home either as an individual -or- as a pair. My preference is to get this home if I have the highest score, even without my pair partner receiving the other home. I understand that my purchase agreement will be evaluated as an individual participant even if I cannot be matched as a pair.
