# Clement Kern Garden Community Newsletter

**THANK YOU!!!**  
**We collected over 60%**  
**of RESIDENT SURVEYS**  
**thanks to your help!!**

## YOUR VOICE IS VALUABLE!

With your input from the surveys, the City of Detroit is exploring the strengths, challenges and needs of people living in your community. This is important information for how the city works to create the Greater Corktown Plan. We want to make sure resident input is at the front of how new things are developed!

## WHAT IS THE CHOICE NEIGHBORHOOD GRANT?

The City of Detroit is gathering resident input and community information to create a Greater Corktown Plan to address the following needs for the neighborhood:

- Preserve and Improve affordable housing
- Build new affordable housing
- Create a neighborhood where you can live, shop, and play
- Provide new skill building opportunities

We are also using this information to apply for a large federal grant that, if received, would provide more affordable housing, additional services for residents and other improvements in the neighborhood. Your input will be critical in determining what services options will look like!

## RESIDENT INPUT MATTERS BECAUSE:

- The City of Detroit is partnering with residents to make improvements in your community
- It will Help support Clement Kent Gardens your family and future generations

## NEXT STEPS

- A Corktown Resident Committee is being formed that will support further input for the planning and grant writing.
- Fill out the contact card (inside of the envelope) stay up to date on new information and express your interest in being involved in a future Tenant Organizing Committee

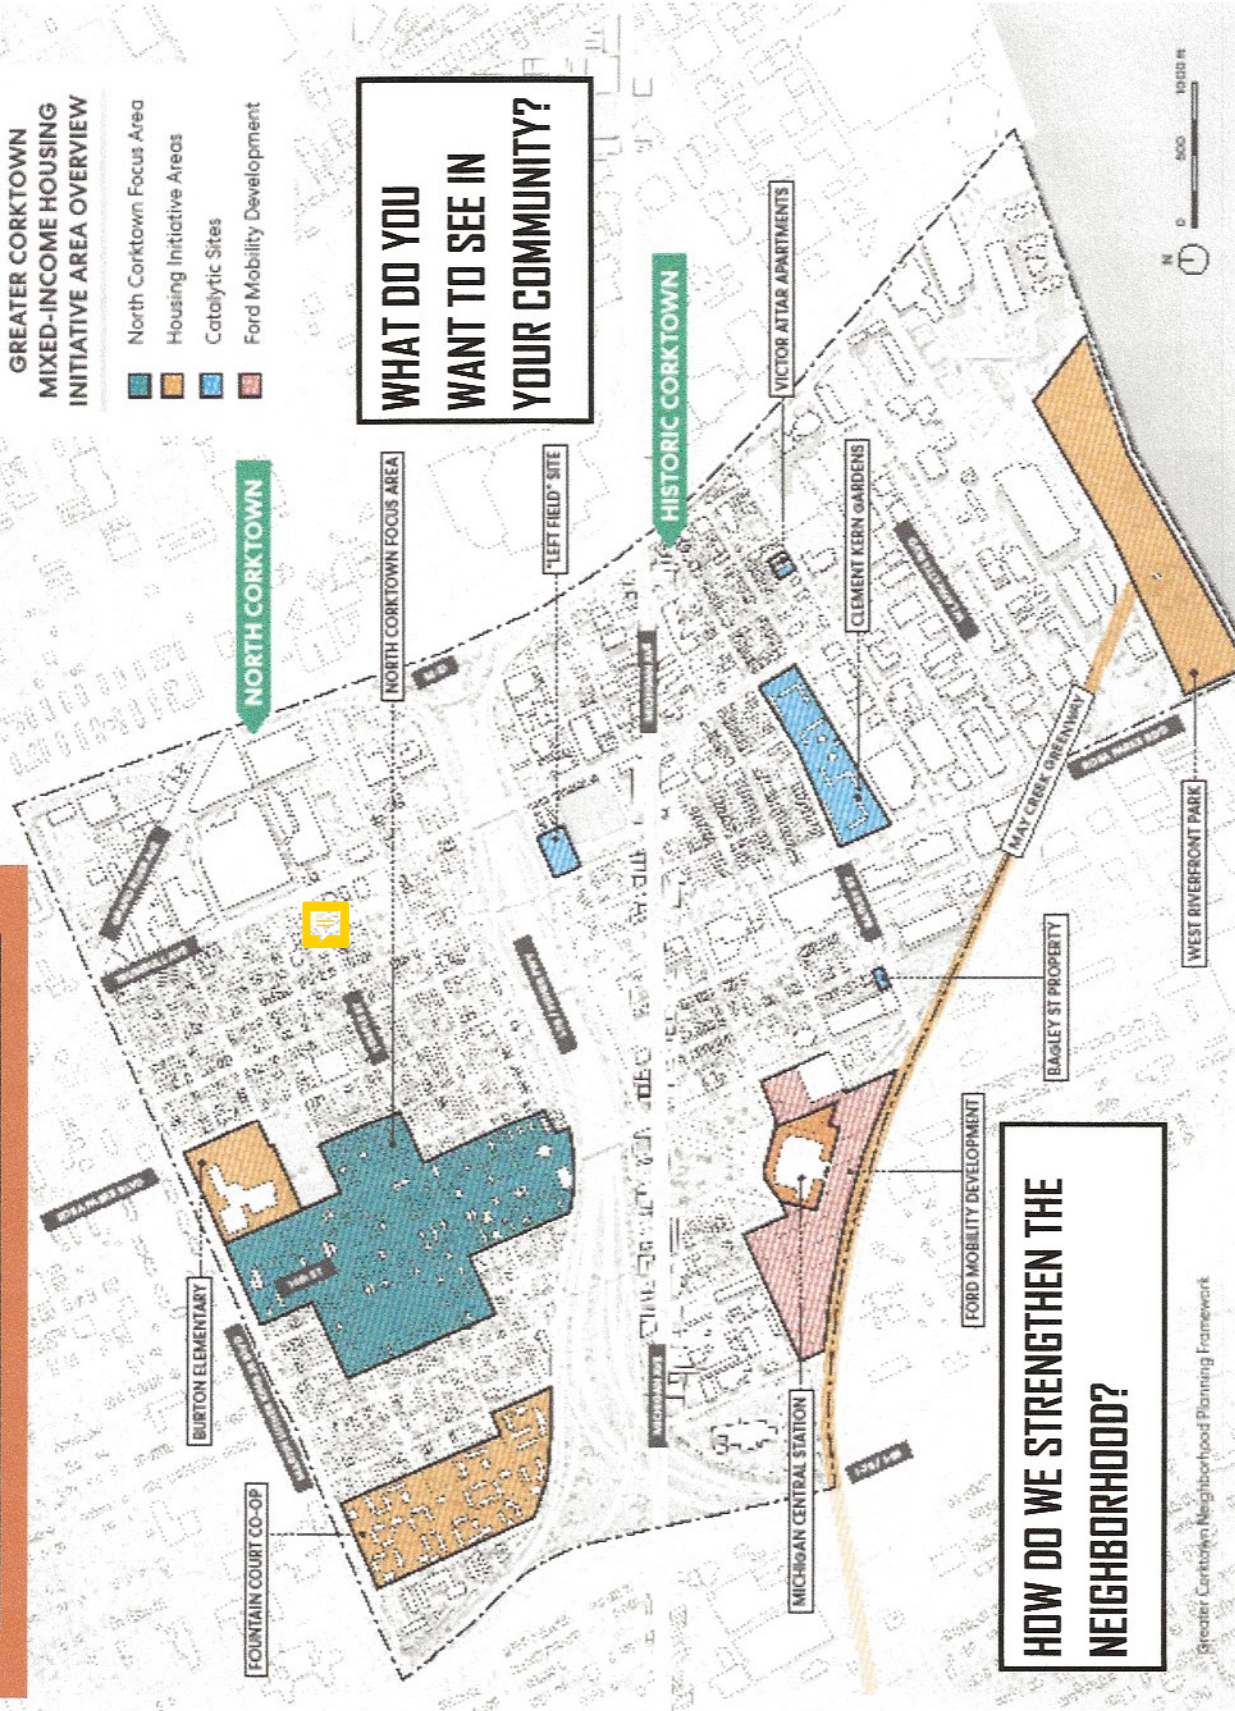

# STRENGTHENING YOUR NEIGHBORHOOD

DRAFT, MARCH 16, 2020

## GREATER CORKTOWN MIXED-INCOME HOUSING INITIATIVE AREA OVERVIEW

- North Corktown Focus Area
