In 2018, Ford's Michigan Central Station Developments were deemed a Tier I project under the City of Detroit's Community Benefit Ordinance (CBO). Ford Motor Company and the Neighborhood Advisory Council (NAC) participated in the CBO process to determine impacts of the development **within the Impact Area of the Hubbard Richard, North Corktown and Historic Corktown neighborhoods** and to agree on appropriate community benefits to address those impacts.

Join us for the Ford Corktown and Michigan Central Station Update Meeting to hear the latest updates on the development as well as the implementation of the community benefits agreement.

WHEN:

Thursday December 10th, 6:00 pm – 8:00 pm

WHERE:

Due to COVID-19 related restrictions on in-person public gatherings, this meeting will take place over ZOOM.
