North End Neighborhood Framework Plan

October 2022

Hello North Enders!

The City of Detroit has launched the North End Neighborhood Framework Plan to be a guiding document to support the equitable and inclusive growth and stability of the North End neighborhood. It will be created through a participatory planning process that involves residents and community members of the neighborhood over the course of 12-16 months. The Planning and Development Department's goal is to create a healthy and beautiful Detroit built on an atmosphere of trust with inclusive growth and economic opportunity that builds off of previous planning studies.
