Human-I-T on Seven Mile

Detroit's First Digital Empowerment Store

6375 W Seven Mile Rd #101
Detroit, MI 48221

Low-Cost Devices, Monthly Internet Plans, Digital Skills Training, & Tech Support

Who is Human-I-T?

We're a nonprofit social enterprise focused on ensuring every Detroiter can access low-cost or free devices, internet plans, digital skills training, and technical support so they can uncover new opportunities online and unlock their full potential.

From online shopping to community retail— we help people stay connected to opportunities

Over the last 10 years, we've sold or donated more than 225,000 high-quality refurbished electronics products across the country. Now, thanks to the support of two of our most critical partners in Detroit—Rocket Mortgage and General Motors—we're excited to announce the opening of our first retail location on Detroit's Avenue of Fashion!

Come down and visit us on Seven Mile to discover, learn, interact with, and purchase affordable technology, low-cost monthly internet service, digital skills training, and tech support—all in an inclusive and welcoming community space.

Visit store.human-i-t.org or scan the code to learn more about our devices and internet plans

*Customers must provide documentation proving they make less than 200% of the federal poverty line or that they are eligible for benefits through certain assistance programs to get an additional discount on products or services provided by Human-I-T.
