GENERAL INFORMATION ABOUT TAXABLE VALUES SHOWN IN THIS NOTICE

Property taxes are calculated based on the **Taxable Value** (Line 1) of the property. State Equalized Value is the Assessed Value multiplied by the Equalization Factor, if any. State Equalized Value must approximate 50% of market value.

Any increase in Taxable Value shown in the "Change from Prior Year to Current Year" Column, does not indicate the amount of change in your taxes. The change in your tax bill from a change to the property's Taxable Value is estimated in the space above Line 1.

IF THERE WAS A TRANSFER OF OWNERSHIP on your property in 2023, your 2024 Taxable Value will be the same as your 2024 State Equalized Value.

IF THERE WAS NOT A TRANSFER OF OWNERSHIP on your property in 2023, your 2024 Taxable Value is calculated by multiplying your 2023 Taxable Value by 1.05 (the **Inflation Rate Multiplier** for the current year). However, your Taxable Value may not exceed, and is capped by, the State Equalized Value of the property.

Physical changes in your property may also increase or decrease your Taxable Value. The Assessor may consider the following factors in determining the value of your property. However, the Assessor may not consider general maintenance, such as paint, a new roof, or windows. In preparing for any appeals to the Board of Assessors or the Board of Review, these same following factors will be considered:

1. The condition of your neighborhood and the role surrounding properties, play a role in how your property is valued. In any complaint, you must explain why you believe the assessed value/ classification contained in this notice is incorrect and state the reason(s) why.
2. Circumstances such as structural defects, fire damage, demolition, or incorrect property data. At the time of appeal submission, photos of property structural defects, invoices, estimates, fire/ demolition reports, and property appraisals are encouraged to be submitted as evidence to support your appeal. An inspection of the property from the Office of the Assessor would be needed to see if a revision due to damage or error in your assessed value or property classification is warranted.
3. A recent appraisal from a licensed appraiser showing that the value of your property is significantly different from the True Cash Value. (Mortgage appraisals are usually not acceptable.)
4. If properties in your specific neighborhood (similar in size, style, and age) recently sold on the open market for significantly more or less than your current True Cash Value.

PRINCIPAL RESIDENCE EXEMPTION (PRE)

The homestead owned and used as the principal residence of a property taxpayer may be eligible for a PRE. If eligible and approved, the PRE will exempt the homestead from the levy of school district operating taxes. School district operating taxes in Detroit are levying on the summer tax bill.

To claim a PRE, the owner of a homestead must complete the "Principal Residence Exemption Affidavit" (Form 2368) and file it with the City Assessor's office in the year the exemption will be claimed. A valid affidavit filed on or before June 1 allows an owner to receive a PRE on the current year summer and subsequent school district operating tax levies so long as it remains the owner's principal residence.

The denial of an exemption from the local school operating tax for a "homeowner's principal residence" (the PRE exemption) may be appealed to the Michigan Tax Tribunal by the filing of a petition within 35 days of issuance of this notice. The petition must be a form approved by the Michigan Tax Tribunal, which is available at www.michigan.gov/taxtrib.

HOW TO APPEAL

There are three steps to the annual appeal process: Assessor Review (local), March Board of Review (local), and the Michigan Tax Tribunal. The Assessor Review is the first step in the appeal process. You are not required to file an appeal at the Assessor Review; however, filing a protest with the Board of Review is necessary to protect your right to further appeal valuation and exemption disputes to the Michigan Tax Tribunal and classification appeals to the State Tax Commission.

The Board of Review is not the Board of Assessors, and the Board of Assessors is not the Board of Review. Each has its own jurisdiction and restriction on who may seek an appeal. Each has their own period where they can make decisions regarding property assessment. Please read the filing instructions and requirements thoroughly.

Board of Assessors Review

Recent amendments to City Ordinance have expanded the type of person who may consider themselves aggrieved by an assessment and make a complaint before the City's Board of Assessors. In addition to persons liable to be taxed and therefore on the assessment roll, such as the owner, or that person's agent, other persons with certain documented financial interests may be considered aggrieved and file a complaint before the Board of Assessors. That documentation may include a lease agreement assigning responsibility for paying the property taxes to the person, a receipt showing or an affidavit attesting that the individual paid a portion of the property taxes in a preceding year, a land contract in the person's name, or any other document proving a financial interest in the property.

CAUTION: IF YOU ARE ENTITLED TO MAKE A COMPLAINT TO THE CITY BOARD OF ASSESSORS, BUT ARE NOT THE PERSON LIABLE TO BE TAXED, YOU WILL NOT BE ENTITLED TO APPEAL THE BOARD OF ASSESSOR'S DETERMINATION TO THE CITY'S BOARD OF REVIEW.

TIMELY FILE AN APPEAL DURING THE BOARD OF ASSESSOR REVIEW PERIOD if you believe the Taxable Value, the Assessed Value, the State Equalized Value, the Property Classification, or the Transfer of Ownership information on your notice is incorrect. The appeal should explain why you believe the information is incorrect.

Provide supporting documentation with your claim. The Office of the Assessor encourages all persons to ask questions about the process and appeal the value, if they believe it is not consistent or reflective of the current market value of the property. You have every right to ask the Assessor for the sales study used to value the property.

You are not required to file for a review with the Board of Assessors. To file for an appeal with the March Board of Review; if you are qualified under State Law to file for an appeal with the March Board of Review. A denial of a complaint made before the Board of Assessors does not prohibit a person liable to be taxed, or their agent, from filing for a review by the Board of Review if the appeal is made in a timely manner.

Deadline for Board of Assessor Complaints/Appeals

The Board of Assessors' Review period must convene February 1, 2024, and conclude on February 22, 2024. All appeals must be received by 4:30 p.m. EST. on February 22, 2024. Late submissions will not be accepted. Faxed appeals are not accepted. An appeal can be filed online, in person, or by mail.

The denial of an exemption from the local school operating tax for "qualified agricultural properties" may also be appealed to the City's Board of Review. Appeals are made to the Board of Review by completing a Board of Review Petition Form. The Petition to the March Board of Review can be located at <https://detroitmi.gov/government/boards/property-assessment-board-review> or from the Michigan Department of Treasury's website at www.michigan.gov/taxes. The Board of Review encourages all persons to ask questions about the process and appeal their value, if they believe it is not consistent or reflective of the current market value of their home. The Board of Review does not determine the amount of the property tax obligation nor can change the inflation rate multiplier (consumer price index). The March Board of Review may only determine if your assessment is fair, not how much tax you will pay.

The Board of Review will consider any adjustments and reductions to value made at the Board of Assessors Review. An inspection (interior, exterior or both) of the property from the Office of the Assessor would be required to warrant a revision due to damage, error of the assessed value or incorrect property classification.

1. It is important that you provide as much accurate information about your property as possible including photographs, estimates for repairs, sales studies, comparisons and/or any other information that you may need to present relative to the change in assessment you are requesting prior to your hearing. The focus of your appeal should be your property.
2. Provide supportive evidence related to sale of similar properties in your specific neighborhood and those factors that should have been considered by the Assessor in determining the value of your property, as noted in the section above entitled, "General Information About Taxable Values Shown in this Notice".
3. Circumstances as structural defects, fire damage, demolition, or incorrect property data. At the time of appeal submission, photos of property structural defects, invoices, estimates, fire/demolition reports, and property appraisals. A recent appraiser from a licensed appraiser showing the value is significantly different would be accepted. Mortgage appraisals are usually not acceptable.

The March Board of Review can make decisions for the current year assessment roll only. The March Board of Review does not have authority to go back in time and review or change prior year matters. Provide evidence to support your claim.

Every person who makes a timely request, protest, or application to the March Board of Review must be notified in writing of the Board of Review's action and information regarding the right of further appeal, not later than the first Monday in June.

After the March Board of Review completes its review of the assessment roll, a majority of the Board of Review members must endorse a statement that the roll is the assessment roll of the city for the year in which it was prepared and approved by the Board of Review. The review of assessments by the March Board of Review must be completed on or before the first Monday in April (April 1, 2024).

UNDERSTANDING YOUR PROPERTY TAXES

PROPERTY TAXES: If you own property, you owe property taxes unless your property is exempt. Property taxes are due to the City of Detroit twice a year: Summer (August 15th due date and Winter January 15th due date) If you don't pay your property taxes by February 28th, they are transferred from the City of Detroit to the Wayne County Treasurer for collection and you risk losing your home to PROPERTY TAX FORECLOSURE.

ASSESSED VALUE: represent fifty percent (50%) of the market value of your property as determined by the local assessor on December 31st of the prior year.

ASSESSED VALUE COULD CHANGE BECAUSE OF THE FOLLOWING:

1. MARKET FORCES-Supply and demand, interest rates, zoning, general economy changes, and demographic shifts in neighborhoods for example.
2. PHYSICAL CHANGES TO STRUCTURE- Deterioration, deferred maintenance, rehabilitation, square footage additions or reductions, fire damage, addition or removal of decks, patios, or porches.
3. EXEMPTIONS AND REVOCATIONS- Poverty exemptions, Veterans exemptions, previous exempted property, etc.

STATE EQUALIZED VALUE: One half (1/2) of your property's Market Value. The State Equalized Value represents 50% of true cash value as equalized. This is calculated by the market value multiplied by 0.5.

TAXABLE VALUE: The value used to calculate your property taxes. A property's taxable value can only increase annually by the rate of inflation or 5%, whichever is less, unless there is an addition to the property (i.e., physical improvement or omitted property) or the property's ownership transferred during a previous tax year. A property's taxable value can also decrease if there is a physical loss to the property. See MCL 211.34d. Taxable value may not be greater than the property's assessed value or state equalized value. This is calculated by the taxable value of the property multiplied by the millage divided by 1000 multiplied by 1.01 admin fee determines the estimated taxes. (Taxable Value x millage)/1000 * 1.01 Admin fee = estimated taxes).

MARKET VALUE: The market value of your property is the most probable price that it would bring in a competitive and open market between a knowledgeable buyer and a willing seller, each acting in their own self-interest.

TRUE CASH VALUE: In Michigan, the definition of true cash value is: "...the usual selling price at the place where the property to which the term is applied shall be at the time of the assessment, being the price, which could be obtained therefore at private sale, and not at forced or auction sale. Michigan courts have determined that the terms "True Cash Value", "Market Value", and "Current Market Value" are synonymous with each other.

EFFECTIVE AGE: The age of a property based on its current condition as determined by an appraiser, rather than its actual age.

THE INFLATION RATE MULTIPLIER: "Inflation rate" means the ratio of the general price level for the state fiscal year ending in the calendar year immediately preceding the current year divided by the general price level for the state fiscal year ending in the calendar year before the year immediately preceding the current year. **The calculation of the Inflation Rate Multiplier is set in statute in MCL 211.34d. It cannot be appealed at the Assessor or March Board of Review.**

HOPE PROPERTY TAX EXEMPTION: Unless you receive written notice that your HOPE exemption has been automatically renewed, you must apply for the HOPE Property Tax Exemption in 2024.
