Call first, may need to appear in person.

For Agencies not Listed Above

1. Contact the law enforcement agency that arrested you.
2. Explain that you need to have an "open arrest record" removed from your ICHAT/record. Advise that there is an arrest from their agency on your ICHAT/record without a charge or conviction listed.

Hint:

Depending on the agency, the "right person" to speak to could be someone in their records department or a detective. Ask the agency to submit information to the Michigan State Police stating no formal charges were ever filed for the arrest and requesting that it be removed from your ICHAT. Typically, this is called a "release - no prosecution" request.

Questions? Email PCSwarrants@detroitmi.gov
