RULE 4

CERTIFICATION

Section 1. Certification Procedure

A Department Director may, in consultation with the Human Resources Director, use any selection process that meets the department's needs and is consistent with these provisions.

The Human Resources Department shall certify persons to employing departments for placement to available positions upon receipt of approved personnel requisitions. The order of certification shall be in accordance with their final rating, ranked or banded, on the eligible register being used.

- a. On an eligible register, the highest (3) three ranking eligible(s) ("Rule of Three") will be provided to the department for each open vacancy. The employing department may select from any of these eligibles for the Human Resources Department to hire. The names of those persons not placed in employment shall remain on the eligible register for future referral. (See Rule 3)
- b. In circumstances which are in the best interest of the City, banding may be used to create tiered qualified and non-qualified registers based on a passing score. On a banded register, selection may be made from any eligible within the band. Preference will be given to an individual entitled to the Detroit Homestead Property Owner Examination credit. (See Rule 2) Those on the eligible list that are not selected will remain on the list for future selections. The use of a banding register must be approved by the Director of Human Resources.
- c. No qualified eligible(s) outside the (3) three highest ranking eligible(s) or eligible(s) within a band, shall be passed over for certification and hired in favor of a person with a lower rating on the same eligible register unless the employing department presents reasons in writing which are acceptable to and approved by the Civil Service Commission.
- d. In the case of two or more persons on a register with the same rating, the names of all such eligibles will be referred to the employing department. The employing department shall then select from among these-eligibles and notify the Human Resources Department of its selection(s) to fill the available position(s), and the Human Resources Department shall then certify such person(s) for hire by the employing department. The names of those persons not placed in employment shall remain on the eligible register for future selection.

- e. When a department determines an incumbent, either working as a contractor, working out of class, provisional, limited term or in a temporary administrative services position, has demonstrated that they are the best candidate and satisfactorily perform their duties, the department may request to certify the incumbent upon approval of the Human Resources Director and Civil Service Commission.

Section 2. Order and Use of Eligible Registers

- a. Employment rights of persons on preferred and open competitive eligible registers are subordinate to the restoration rights of persons on the special registers (“blocking lists”) maintained by the Human Resources Department which consist of employees removed from positions in their class as a result of a reduction in force, as provided in the Reduction in Force Rule; provided the employee is qualified and able to perform the essential functions of the position with or without reasonable accommodations(s), as determined by the employing department and approved by the Human Resources Department. The determination of qualification may include, but not limited to, interview, evaluation, examination, demonstration, evidence of continuing education or valid license/certification.
- b. Persons on the preferred eligible register for a class may be entitled to an offer of employment to available positions in the class before the requisitions for such positions are filled from an open-competitive eligible register; provided the person has demonstrated that he/she is qualified and able to perform the essential functions of the position with or without reasonable accommodations(s), as determined by the employing department and approved by the Human Resources Department. The determination of qualification may include, but not limited to, interview, evaluation, examination, demonstration, evidence of continuing education or valid license/certification.

Section 3. Recall of Certification

The Human Resources Director may direct that the certification of a person certified and hired from an eligible register be recalled, and the person’s position in an employing department vacated, under the following circumstances:

- b. Additional evidence not available at the time of certification from the eligible

register demonstrates that the person does not meet all of the qualifications of the class or fails to meet any of the eligibility requirements for employment.

Section 4. Permanent and Limited-Term Certification

An eligible from an appropriate eligible list may be certified and hired to a position in an employing department on a permanent basis, or to a position which limits employment to a specified term, conditional event or assignment to a particular project. This latter type of certification is referred to as limited-term certification.

Section 5. Certification from Eligible Lists of Higher or Equivalent Classes

When it is necessary to fill a position in a class for which there is no eligible register, certification may be made from the eligible register for a higher class in the same or allied series or from an eligible register for an equivalent class. If such certification is made and the eligible hired to a permanent position, the name of the eligible will be removed from the eligible register. However, if such certification is made but the eligible is hired to a limited-term position, the name of the eligible may at the discretion of the Human Resources Director be retained on the original register.

Section 6. Certification of Employees on One or More Eligible Registers

Whenever an eligible shall accept certification and hire to a permanent position, his/her name shall be removed from all other eligible registers for classes which are at the equivalent or lower level. The employee's name shall, however, remain on the eligible register for any higher level class. Such employee shall be eligible for certification to a position in the higher level class prior to completion of the probationary period in his/her present position unless such action shall adversely affect departmental operations or is not in the best interest of City service as determined by the Human Resources Director.

RULE 5

PROVISIONAL HIRES

Section 1. Authorization of Provisional Hire

When a vacancy develops in a classified position which cannot be filled as provided under these rules due to absence of an appropriate eligible list, the position shall not be filled by provisional hire unless the head of the department in which the vacancy exists (a) certifies in writing that administrative necessity warrants filling the position immediately, and (b) requests authorization of a provisional hire pending the establishment of an appropriate eligible list. The Civil Service Commission may, upon the recommendation of the Human Resources Director, grant such request of the department head to fill the position by provisional hire. Such hire may continue only until the position can be filled by certification and hire as provided under these rules but for a period not to exceed six (6) months

Section 2. Nomination of Provisional Hire

In nominating a candidate for provisional hire, the department head shall transmit to the Human Resources Department on the prescribed form the candidate's statement of his/her qualifications and other pertinent information. The nominee may be hired if such person is found to possess prima facie qualifications required for the position involved.

Section 3. Renewal of Provisional Hire

Where the Human Resources Department has not replaced the provisional hire within the six (6) month period, the provisional hire will expire unless the department head submits written substantiation of the continuing administrative necessity to have the position filled and requests renewal of the provisional hire for an additional six (6) month period. The Civil Service Commission may grant the request to renew the provisional hire for an additional six (6) month period and may grant further requests for additional six (6) month periods as required.

Section 4. Status of Provisional Hires

- a. A provisionally hired employee may be continued in employment only until examinations can be held, an eligible list established, certifications made, and arrangements completed with the person whose name is certified to begin work, at which time the provisional hire shall be terminated. During any period of provisional hire, the employing department head may terminate the provisional hire for unacceptable work performance or without cause for administrative or fiscal reasons upon written notice to the employee.
- b. No work performed as a provisionally hired employee shall ~~be~~ credited as part of a probation period.
- c. A provisionally hired employee shall not acquire status in the Classified Service nor accrue seniority credit for any period of employment resulting from the provisional hire, any renewal, or any extension thereof; and in the event of layoff, shall be the first laid off among employees in the same class in a department, and shall be displaced by laid-off employees with permanent status in the same classification in the event of city-wide displacement (in accordance with Rule 10, Reduction in Force).
- d. Because a provisionally hired employee does not have status in the Classified Service, he/she is not eligible for leaves of absence, for transfers to other classifications, or for promotions (in accordance with Rule 6, Status Changes); or the right to exercise the grievance procedure or to a hearing on the subject of status or tenure.

- b. **Demotion**: Any change in status where the requirements, such as skill, knowledge, aptitude, training, experience, or physical qualifications are lower or lesser for the class to which the change is recommended than for the class from which the change is made; provided, however, for purposes of protest and investigation in accordance with Section 6-513 of the Charter, a request for status change to a class with a lower salary range or lower maximum salary as provided in the official pay plan shall be deemed a demotion.
- c. **Transfer**: Any change in status which is neither a promotion nor a demotion as above defined.
- d. **Interdepartmental Transfer**: Any transfer involving the shift of an employee from one City department, as officially recognized by the City, to another.
- e. **Transfer-Promotion**: Any promotion where experience or training in the lower position does not normally fully qualify for promotion; also, promotion from one class in one department to a higher class in another department.
- f. **Transfer-Demotion**: Any demotion as defined in Section 1 (B) above, where experience or training in the higher position does not normally indicate full qualifications for the lower position, also, demotion from one class in one department to a lower class in another department.
- g. **Inducted Employee**: Any employee who attained regular Civil Service status in accordance with Section 6-519 of the Charter where the activity of a public or private organization is merged with the City.
- h. **Certified Employee**: Any employee who attained regular Civil Service status by certification from an open-competitive eligible register.

- i. **Official Pay Plan:** The official Compensation Schedule of the City of Detroit established in accordance with Charter provisions 2-108 and 6-508.

Section 2. Notification of Human Resources Director

The head of a department or his designated agent shall notify the Human Resources Director on forms provided by the Human Resources Department of all proposed status changes, which notification shall contain the following information, in addition to other necessary information:

- a. The date employee is to assume duties of the position to which the employee is to be assigned.
- b. Brief specific description of duties.
- c. The effective date of the status change.
- d. The reasons, in detail, for the proposed status change which shall be sufficiently explicit to show, prima facie, that the status change is being recommended on the basis of merit.
- e. Bargaining unit, if any.
- f. Where licenses, certifications, or registrations are a part of the classification, the identification, registration number and date of expiration is to be given.
- g. The duration of the status change, which may be permanent, temporary, or on an "as needed" basis. Where status changes are other than permanent, the employee shall automatically revert to his former status at the end of the specified period.

Section 3. Promotions and Transfers:

- a. Unless exceptional reasons are presented to, and accepted by the Human Resources Director, no employee shall be promoted and/or transferred, except to a position in the same class in another department, until he shall have served a full six months in the class from which he is recommended for promotion or transfer. In no event shall an employee be promoted until he shall have served successfully the required probation period in the position from which he is to be promoted.
- b. No employee whose promotion and/or transfer shall have been denied by the Human Resources Department shall again be recommended for promotion and/or transfer to the same class or higher class in the same series for a period of thirty (30) days after such denial.

Section 4. Demotions:

Demotions shall be subject to the approval of the Human Resources Director and the following list includes acceptable reasons for making demotions:

- a. Lack of work or lack of funds.
- b. Deficient or sub-standard ability: This can include lack of physical or mental fitness.
- c. Disciplinary purposes: This can arise from the delinquency or misconduct of the employee.
- d. Voluntary demotions.
- e. Purposes of rehabilitating the employee.

Section 5. Investigations of Status Change Requests:

- a. The Human Resources Director shall investigate all requests for status change to determine whether or not such status change requests were recommended on the basis of merit and fitness. Such investigation may include any or all of the following: service ratings, seniority, departmental performance and work records, proper classification of duties performed and responsibilities exercised, purpose of status change, non-competitive examinations, ratings in competitive or promotional examinations, and such other factors as the Human Resources Director may determine.
- b. Qualifying or non-competitive examinations administered under these provisions may be written, oral, physical, practical demonstration of skills or an appraisal of the work record and training, or a combination of any of the foregoing, as the Human Resources Director may require. Qualifying examinations can be required as a part of the investigational process generally in the following instances:
 1. In transfers and transfer-demotions, where neither the positions held in City employment nor the examination record of the employee clearly indicate that such employee is qualified to fill positions in the class to which transfer or transfer-demotion is recommended.
 2. In promotions, transfer-promotions, and transfers, other than to positions in the same class in other departments, where the employee has held the position from which he is recommended for transfer

and/or promotion for less than six months, unless such employee shall have previously held a position in the class to which promotion or transfer is sought or shall have passed within the last four-year period an examination administered by the Human Resources Department for the appropriate class.

3. In promotions and transfer-promotions, where the class to which promotion is recommended is more than one class or grade higher than the class from which promotion is recommended.
4. In such other cases as the Human Resources Director shall direct.

Section 6. Additional Provisions Governing Status Changes

- a. Probation Periods: Any request for change of status may be subject to a probationary period of not less than ninety days nor more than six months at the request of the department head or on motion of the Human Resources Director. Such probationers shall be treated insofar as possible in accordance with the Charter provisions and rules of the Human Resources Department governing probationary employees, except that no probationary employee under this provision may be discharged except for reasons which would have been grounds for discharge in the position previously held.
- b. Effective Date of Status Changes: Unless otherwise specifically ordered by the Human Resources Director, status changes shall have the effective dates indicated as follows:
 1. Demotions: Any date subsequent to the service of the demotion notice on the employee by the department head.
 2. Transfers, transfer-promotions, transfer-demotions, and interdepartmental transfers: Any date subsequent to approval by the Human Resources Director provided that such transactions must be effected within no more than thirty days from date of approval unless otherwise authorized by the Human Resources Director.
 3. Promotions: Effective date shall be at least thirty days subsequent to receipt of notification by the Human Resources Director from the department head and shall not take effect prior to assumption by employee of duties of the position. In an emergency which requires the assignment of an employee to perform the duties of a critically essential position which becomes vacant unexpectedly, a department may, with the approval of the Human Resources Director, on forms used for promotion, designate an employee to perform the duties of the position on a provisional non-status basis for a period of not to

exceed 30 days, pending the processing of a promotion in accordance with the requirements of the City Charter.

- c. Effective Date of Salary Change: No change in salary as the result of a status change shall be made prior to the effective date of the status change. On promotions of certified employees, no change in salary or pay shall be made until approval of such promotion by the Human Resources Director. If such approval occurs during the same pay period as the effective date, the payroll for that pay period may be presented with the salary change from the effective date of the promotion. Should the approval be granted in a pay period subsequent to the requested effective date, supplementary payrolls for the differences in pay between the position from which promotion is made and the position to which the promotion is made, for the prior pay periods, shall be honored.
- d. On status change requests for certified employees which are requested to be effective "on approval", when the date of approval is a day other than Monday, the respective departments are authorized to make such status changes effective on the payrolls as of Monday preceding the date of approval of the Human Resources Director.

Section 7. Transfers and Promotions to Exempt Positions:

It is the intention of this rule to implement the provisions of Section 6-517 of the Charter which specifies that exempt positions shall be defined as:

Elective officers;
Persons holding appointments under the Charter;
Persons employed to make or conduct a temporary or special inquiry, investigation or examination on behalf of the City;
Others exempted by the Charter.

- a. Promotions or transfers may be made to positions in the exempt service, by the officer having the authority to make the appointment under the following provisions and provided further where the exempt position is an elective position the officer so elected shall be deemed to be the appointing officer for purposes of making the promotion:

1. In case of a promotion or transfer to an office involving a fixed term, the promotion may be made for such fixed term but not to exceed four years. In promotions to positions not involving a fixed term, they may be made for a period not to exceed the term of the officer making the appointment, or four years whichever is the lesser. Promotions so made may be renewed or extended in accordance with the provisions of this rule.
2. The Human Resources Department shall be notified of such promotion or transfers on the forms normally used for promotions in the classified service.
3. Any employee so promoted or transferred and whose promotion or transfer is certified to and recorded by the Human Resources Department on the forms provided shall have all the rights and no others in his classified position that he would have if he had not been so promoted or transferred.
4. Upon termination of promotion or transfer to the exempt service, whether by expiration of the promotion or by the independent action of the appointing authority, the Human Resources Department shall be notified on forms provided it, whereupon the employee shall revert to his position in the classified service. Discharge for cause in the promoted or transferred position shall not be deemed grounds for failure to restore to the classified service, unless such cause would be deemed appropriate grounds for discharge if committed by an employee in the classified service, in which event such employee shall have the right of protest to the Human Resources Department with respect to his status as a classified employee as provided for in the City Charter.
5. A promotion or transfer to the exempt service may be terminated by the resignation from the exempt service of the employee who shall have all the rights set forth in paragraphs 3 and 4 above, provided he shall notify in writing the department in which he holds a classified service position and the Human Resources Department of his resignation at least thirty days in advance of its effective date, unless he shall secure from this department a written waiver of the thirty days notice, which waiver shall be filed with the Human Resources Department.

POLICY STATEMENT RE: PROMOTIONS

Effective: September 19, 1999

- A. Except as otherwise provided by collective bargaining agreement, the Human Resources Department may waive the written portion of the Qualifying Examination when a department submits a change of status recommending promotion or inter-departmental transfer-promotion, provided that the Human Resources Department determines that the following conditions are satisfied:
1. The employee recommended has status in the classified service.
 2. The employee recommended is not on probation.
 3. The employee recommended meets the Minimum Entrance Qualifications for the class.
 4. The change of status is subject to a probation period as prescribed by the Probation Rule.
- B. For promotion to professional level classes where the Minimum Entrance Qualifications include possession of a bachelor's degree, additional policy guidelines have been established to set forth the conditions for promoting employees who are short of completion of the degree.

A department may submit a change of status to a professional level classification for an employee who is being trained to fill a vacant professional position providing the employee meets the following conditions:

1. The employee recommended is a student currently attending a university of recognized standing in an approved curriculum which is appropriate for the proposed class.
2. The employee recommended has completed the required number of academic credits required to attain Senior class standing. Official transcripts from the university must be obtained for verification of senior class standing.
3. The employee recommended must pass the evaluation procedure established for the appropriate professional level examination.
4. A time limit for the employee to obtain his/her degree will be established in advance of the employee's approved placement in the new professional classification.

The change in status can be approved subject to a six-month probation period and a continuing review of academic progress. A degree must be attained within the previously established time limit. The employee's supervisor is responsible for monitoring the employee's academic progress. Upon satisfactory completion of probation and attainment of degree, the change in status will be affirmed in the professional title. Failure to attain a degree within the agreed time limit or satisfactorily complete probation is cause for disapproval of the change of status, reversion of the employee to his/her former status, and removal from the training assignment. These policy guidelines supersede any previous policy regarding the reassignment of employees to professional classes prior to meeting academic requirements.

Section 3. Duration of Probation Period

The period of probation in any classification shall commence immediately upon date of hire or the effective date of a change in status, but may not be prior to the employee’s assumption of the duties.

- a. The probation period shall be a three, six, or twelve month period depending on the classification and/or the appropriate Collective Bargaining Agreement (CBA).

- d. An employee subject to a probation period, either upon initial hire or change in status, shall be deemed as having acquired permanent status in the classification in which employed upon the expiration of the probation period unless the employing department, on a timely basis, submits a report of unsatisfactory performance or requests an extension of the probation period.

At any time during an employee's initial hire probation period, a department head or his designated representative may recommend the discharge of the employee. The final probation form must be completed and signed by the department head or designee for final review by the Human Resources Department.

b. Promotions, Transfers & Reversion:

1. The employing department shall report its evaluation of the departmental recommendation as to the retention of the employee or the reversion of the employee to the employee's last prior status.
2. If the employee does not successfully pass the probation period, he/she shall immediately revert to the last position in which they obtained permanent status, unless the Human Resources Director finds that the department's recommendation for reversion is not warranted.
3. No employee serving a probation period as a condition of a status change may be discharged except for reasons which would have been grounds for discharge in the position held prior to the status change.

Section 7. Additional Provisions on Probation Periods

a. Permanent Status & Reversion:

An employee who has accepted a promotion or transfer to a new position, whether intra-departmental or inter-departmental, prior to the completion required probation period, will not obtain permanent status in the position.

HUMAN RESOURCES DEPARTMENT

RULE 8

SENIORITY

SECTION 1. Effect of Seniority

Seniority, as defined in this Rule, is established primarily to serve as a basis for determining the order of demotion or layoff in the event of a reduction in force and the reemployment rights of employees. This definition of seniority shall not mandate, restrict or limit the establishment of different measures of seniority for use within City departments for other departmental personnel purposes.

SECTION 2. Definition of City-Wide Seniority

City-wide seniority is hereby defined as the length of continuous service beginning on the date of legal certification to a position in the classified service of the City of Detroit, or the date of induction into such classified service as provided by law. Effective July 1, 1978, employees, who are certified for employment but not hired within thirty (30) days of such certification, shall have their date of hire recorded as their date of certification and seniority.

SECTION 3. Definition of Classification Seniority

Classification seniority is defined as the length of time an employee is assigned and continuously employed in the same classification after the effective date of legal certification or promotion to the classification.

SECTION 4. Seniority Date

An employee's seniority date shall be defined as the beginning date of continuous service as defined in this Rule, and as may be adjusted or modified by the succeeding provisions of this Rule. (See also Rule 15 Veterans Preference for adjustments to seniority based on qualifying military service.)

SECTION 5. Continuous Service

Continuous service is defined as employment in the classified service without interruption or break.

- a. The following shall be considered breaks in service and shall result in loss of accumulated seniority.
 1. Resignation or voluntary quit.
 2. Discharge or permanent removal of the employee, without the separation being reversed through a legal or administrative

process.

3. Regular service retirement.
4. Failure to return to work when recalled from layoff.
5. Failure to return to work upon expiration of a leave of absence.
6. Voluntary Layoff

b. The following shall not be considered breaks in service.

1. Servicing in the Armed Forces of the United States.
2. Absence from work due to injuries compensated under the Worker's Compensation Act of Michigan.
3. Duty-disability retirement.
4. Appointment or election to an exempted non-classified position of the City of Detroit.
5. Layoff as a result of a reduction in force for a period not exceeding four (4) years.
6. Leave of absence to serve in a qualifying employee labor organization for a period not exceeding two (2) years.
7. Other approved leaves of absence for a period not exceeding one (1) year.
8. Non-duty disability retirement for a period not exceeding one year.

c. Periods of absence from work for those reasons provided in b.(6), (7), (8) and a. (6) above which are greater than those periods specified, shall be considered as breaks in service and shall be deducted from the length of continuous service and the employee seniority date adjusted accordingly.

d. Other circumstances affecting continuous service:

1. Adjustments to continuous service for periods of absence due to illness or injury for persons covered under a sickness and accident insurance program shall be in accordance with applicable provisions of such programs.
2. In the event the discharge of an employee is withdrawn as part of a settlement or a grievance or reversed as the result of a decision by a judicial or administrative entity, the extent to which seniority shall be restored to the discharged employee shall be in accordance with such settlement or decision. Unless otherwise specified, such restoration shall be with full benefit of seniority without break in service.

SECTION 6. Adjustments for Seasonal, Temporary or Part-Time Employment

If an employee in a special service classification employed on a seasonal, temporary or part-time basis is subsequently placed in a regular full-time classified position, the following adjustments to seniority shall be made:

- a. In the case of a seasonal or temporary employee, for each twelve month period of employment in which the employee worked six months or less, six months shall be deducted from the length of continuous, regular full-time employment.
- b. In the case of a part-time employee, for each period of employment in which the employee worked on a half-time or less basis, the employee shall be awarded one-half seniority credit, and the length of continuous, regular full-time employment will be adjusted accordingly.

SECTION 7. Resolving Ties in Seniority

- a. Where two or more persons have the same seniority date, the employee with the highest examination score on the eligible register from which the employees were certified shall be deemed as having the greater seniority. In the event of identical examination scores, the employee with the earliest examination date shall be deemed as having the greater seniority. In the further event of identical examination dates, the employee who first submitted his/her employment application shall be deemed as having the greater seniority.
- b. In the case of inducted employees with the same seniority date, employees will be ranked in accordance with their length of continuous service in the department, agency or activity in which they were employed when inducted into classified service. Insofar as it is possible to determine, such continuous service shall include any adjustments in accordance with procedures outlined in this Rule.
- c. Notwithstanding the above, in all cases of identical seniority dates, persons entitled to preference under the Michigan Veteran's Preference Act shall be deemed as having greater seniority than those employees without such preference.

CSC Adopted: 1/08/80

Revised: 9/19/2012

ADDENDUM TO RULE 8

Following are the original seniority dates of particular groups of employees inducted into the classified service of the City of Detroit as adopted by the Civil Service Commission in accordance with pertinent Charter provisions, laws and legal decisions.

2. Employees of the Housing Commission – January 13, 1938.
3. Employees of the House of Correction – November 17, 1938.

14. Employees of the Tuberculosis Rehabilitation Service, Department of Health – July 1, 1955.
15. Employees of Recorders Court – Criminal Division – November 12, 1965.
16. Employees in Federal Economic Opportunity Act (FEOA) Service Classes – October 16, 1973.

NOTE: A decision of the Wayne County Circuit Court dated October 4, 1976 ruled that employees of Recorder's Court – Traffic and Ordinance Division were employees of the Court, not the city of Detroit, and the action inducting these employees into the classified service violated the Michigan Constitution providing for separation of the legislative, executive and judicial branches of government.

HUMAN RESOURCES DEPARTMENT

RULE 9

SUSPENSION AND REMOVAL OF CLASSIFIED EMPLOYEES

Section 1. Authority and Procedure

The head of each department or agency has the authority to discipline or remove by discharge a classified employee from the department or agency for proper cause. Action taken to discharge an employee during the initial probation period requires prior approval of the Human Resources Director as provided in Human Resources Department Rule 7 (Probation Periods). Other discharges do not require prior approval.

In the case of discharge and suspensions of more than thirty (30) days, written notice must be served on the employee and such notice signed by the department or agency head, or in his absence, the deputy or other authorized acting department or agency head.

Actions to suspend employees for thirty (30) days or less may be taken by the employee's supervisor pursuant to properly delegated authority and subject to review by the department or agency head. Such action must also be accompanied by written notice on the employee.

An action to discharge an employee may, at the option of a department or agency, be initiated by a suspension to allow additional time to investigate or verify charges. Such suspension notice must indicate that the suspension is pending action to discharge.

Section 2. Requirement of Notice

The official notice of suspension or discharge must be served on the employee either personally or by mail addressed to the employee's last known address on record with the department or agency, and shall state with reasonable definiteness the reason(s) alleged to constitute the cause for the action taken against the employee.

Copies of such notice shall be promptly submitted to the Human Resources Director and the recognized bargaining representative, where applicable.

Section 3. Appeal Procedure

An employee who believes that the suspension or discharge action taken against him is improper may either file a grievance in accordance with Human Resources Rule 17 (Employee Grievances) or seek relief through the grievance procedure established under an applicable bargaining agreement; provided, however, that if the collective bargaining agreement states that the contractual grievance procedure is exclusive, the employee may not file a grievance under the Human Resources Department procedure.

In addition, an employee who qualifies under the Veteran's Preference Act shall have such appeal rights as provided by law.

Section 4. Rulings by the Civil Service Commission

In all appeals of suspension or discharge to the Civil Service Commission pursuant to Human Resources Department Rule 17, the decision of the Commission shall be final and binding on all parties. If the decision of the Commission has the effect of modifying or revoking the disciplinary action taken by the department, the employee shall be entitled to restoration of rights and benefits to the extent provided in the Commission's ruling,

Section 5. Cause for Suspension or Discharge

A classified employee may be suspended or discharged for any of the following reasons:

- a. Willful violations of rules, orders or policies properly established or implemented by the employing department or agency; or any provisions of the Charter related to the employee's duties and obligations as an employee of the City of Detroit; or any ordinances, resolutions, directives or Human Resources Department Rules enacted, adopted or issued pursuant to such Charter provisions.
- b. Failure to carry out the duties and obligations properly imposed by management of the employing department or agency.
- c. Unsatisfactory work performance including but not limited to the following:

incompetence, carelessness, failure to meet work standards, excessive tardiness or absenteeism, absence without proper leave or being unavailable for work.

- d. Acts committed while on duty or off duty which impair the ability of the employee to perform his/her work, adversely affect the operations of the employing department or agency, or bring the city service into public disrepute.

RULE 10

REDUCTION IN FORCE

SECTION 1. Reduction in Force Terms Defined

- a. A **reduction in force** is a reduction in the number of employees in a given class in a department of the City for lack of work, lack of funds, restructuring, or reasons other than the acts or delinquencies of employees.

The expiration of a limited-term certification or change of status shall not be considered a reduction in force.

- b. A **lay off** due to reduction in force is the removal of an employee from a position in a department and from the classified service of the City of Detroit, subject to the recall rights provided under this Rule.
- c. A **demotion** due to reduction in force is the removal of an employee from a position in a class in a department by change of status to a position in a lower class and/or lower pay grade.
- d. A **transfer** due to reduction in force is the removal of an employee from a position in a class in a department by change of status to a position in another class which is at the same level and/or same pay grade.
- e. A **voluntary lay off** is a removal of an employee from the classified service of the City of Detroit, which is made at the request of and for the convenience of the employee.
- f. Unless otherwise indicated, **seniority** shall mean total city seniority as determined in accordance with Human Resources Department Rules.
- g. An employee acquires **status** in the classified service by certification in accordance with Section 6-410 of the City Charter and Human Resources Department Rules 3 and 4.
- h. An employee who is certified, promoted, transferred, or demoted to a position in a class on a regular permanent basis or permanent-subject to continuing availability of program funding, acquires **permanent status** in the class, provided he has satisfied all qualification requirements of the class including completion of any required probation period. An employee can have permanent status in only one class at a time.

- i. An employee who is certified, promoted, transferred, or demoted to a position in a class only for a specified term or conditional event, or where the certification or status change states that such employment is limited to assignment on a particular project, acquires **limited-term** status in the class.
- j. The Human Resources Department shall maintain **preferred eligible registers (i.e., special registers)** for given classifications in accordance with HR Rule 3, Section 6.

Employees may be placed on a special register as a

(a) **“blocker”** said placement on the **“blocking list”** for the class from which they were demoted, transferred or laid off, or any lower class in the same series as a result of a reduction in force and shall be eligible for reemployment pursuant to Section 4 of this rule.

(b) **“preferred”** for all other classes in which they have held permanent status and are eligible for reemployment pursuant to Section 4 of this rule.

SECTION 2. ORDER AND MANNER OF REDUCTION

Reduction in force shall be by class in a department and shall be made from among all employees in the same class in that department.

- a. Within the department, for the following categories of employees, the order of removal shall be as follows:
 - 1. Provisional employees shall be separated by terminating their services; provided, however, that employees provisionally employed in the class who hold permanent status in some other class shall revert to the class in the department from which they were provisionally promoted or transferred.
 - 2. Employees who have not completed their initial probationary period shall be laid off in accordance with their seniority, the least senior employee being laid off first.
 - 3. Employees hired on a seasonal, temporary or other limited-term basis shall be laid off in accordance with their seniority, the least senior employee being laid off first.
- b. In the event it is necessary to reduce the number of permanent status employees in the class, the order of removal shall be as follows:

1. Employees in the class on a limited-term basis and employees in the class on a permanent basis who have not completed the required probationary period, but who hold permanent status in some other class, shall revert to the class in the department from which they were promoted or transferred. Removal shall be in accordance with their total City seniority, the least senior employee to be removed first.
2. Employees in the class on a permanent basis shall be removed in accordance with their total City seniority, the least senior employee to be removed first. Such employees shall be laid off subject to the following demotion or transfer rights within the department.

a. Demotion in Series

If the employee is in a class within an occupational series, the employee shall be demoted to a position in a lower class in the series, provided there is one or more employees in the lower class in the department having less total city seniority and provided that the employee possesses the competencies, skills, abilities and qualifications, (CSAQ) to perform the duties of the lower position, with or without accommodation, as determined by the applicable department and in consultation with the Human Resources Department.

The determination of an employee's CSAQ shall be based on the employee's successful completion of an objective and measurable evaluation process; including, but not limited to, a license review, written examination, demonstration, oral appraisal or another measurable and validated method of review.

The least senior employee displaced as a result shall be subject to demotion, transfer or layoff in accordance with applicable provisions of this Rule.

An employee who waives his/her right to demotion to the next lower class in series and is laid off, shall lose all rights to restoration as provided for in Section 3, Paragraph a of this rule.

b. Demotion or Transfer to a Formerly-Held Class

If the employee has previously held permanent status in another class not in an occupational series which is at the same or lower level, the employee may elect demotion or transfer to such class, provided there are one or more employees in the class in the department having less total city seniority and provided that the employee possesses the competencies, skills, abilities and qualifications, (CSAQ) to perform the duties of the previously held position, with or without

accommodation, as determined by the applicable department and in consultation with the Human Resources Department.

The determination of an employee's CSAQ shall be based on the employee's successful completion of an objective and measurable evaluation process; including, but not limited to, a license review, written examination, demonstration, oral appraisal or another measurable and validated method of review.

The least senior employee displaced as a result shall be subject to demotion, transfer or layoff in accordance with applicable provisions of this Rule.

An election to accept a demotion or transfer to a formerly held class is optional for employees who also have a right to a demotion in series.

c. Change of Status to Vacant Positions in Other Classes

If the employee has exhausted his/her rights to demotion or transfer under (a) and (b) above, the department may propose transfer or demotion of the employee to an available vacant position in any other class in the department for which the department, in partnership with Human Resources, determines the employee is qualified and able to perform the essential functions of the position with or without accommodation(s). Such proposed change of status shall be subject to the approval of the Human Resources Director.

SECTION 3. REEMPLOYMENT PROCEDURES

- a. Employees with permanent status in the class who were laid off, demoted, transferred, or laid off and certified to a lower class as a result of a reduction in force shall have their names maintained in order of their total city seniority on a preferred eligible list (special register) in the Human Resources Department pursuant to Human Resources Rule 3, Section 6, with a status of "blocker". Such employees shall be entitled to recertification, promotion or transfer from the register to any vacancy in the class from which they were demoted, transferred or laid off, or any lower class in the same series in any city department, provided the employee is qualified and able to perform the essential functions of the position with or without accommodation(s), as determined by the department in partnership with the Human Resources Department before any such vacancy can be filled by certification, promotion, or transfer.

An employee's name shall remain on the special register until the register expires or he/she is restored to the classification (or equivalent level) from which he/she was demoted, transferred or laid off, or waives an offer of such restoration.

- b. Laid off employees who elect layoff in lieu of demotion in series shall be placed on the preferred eligible list for the class in which they were laid off and shall be recertified to available vacancies in this class in the order of their total seniority from the list.
- c. Laid off employees shall be placed on preferred eligible lists with a status of “preferred” and in accordance with Human Resources Rule 3, Section 6 for all other classes in which they have held permanent status. These employees shall be offered certification to available vacancies in these classes in the order of their total city seniority from such lists, provided the employee is qualified and able to perform the essential functions of the position with or without accommodation(s), as determined by the department in partnership with the Human Resources Department.

Should a laid off employee on a preferred eligible list waive an offer of employment to a position in the class, his/her right to remain on that list shall immediately terminate.

- d. In the absence of a preferred eligible employee for a class, laid off employees may be certified to requisitions for positions in such class from higher, equivalent or allied lists which have been determined to be appropriate by the Human Resources Director.

SECTION 4. EFFECT OF JURISDICTIONAL LINES

The order of lay off, demotion and reemployment shall not be altered by bargaining unit jurisdictional lines and employees shall carry their total city seniority across jurisdictional lines for reduction in force purposes.

SECTION 5. EMPLOYEES HOLDING MULTIPLE TITLES

In determining an employee’s rights under this Rule, an employee can have permanent status in only one class at a time. An employee who carries a multiple title shall have permanent status in the lowest class of his/her multiple title or the class in which he last held permanent status on a single title basis, unless there is a contractual agreement which otherwise identifies the class in which the employee has permanent status, or official action is taken designating such class based upon the nature and history of the employment. Such agreement or official action must be completed at least ninety (90) days prior to the announcement of the reduction in force.

SECTION 6. CONDITIONAL WAIVER OF EMPLOYEE RIGHTS

Where the City anticipates that a reduction in force will not exceed thirty (30) days, an employee in a class subject to reduction in force and his/her employing department may agree to a conditional waiver of the employee's seniority rights for a specified period not to exceed thirty (30) days. This conditional waiver must be in writing and be approved by the Human Resources Director.

It is recognized that an out-of-seniority lay off resulting from such waiver is for the benefit of the City and the employee retains the right to exercise all rights to restoration, demotion, transfer and displacement at the end of the specified period.

SECTION 7. PREEMPTIVE LAY OFF REQUESTS

If a reduction in force in a department is imminent or taking place over an extended period of time, any employee who has been identified as being subject to layoff, may request in writing that he/she be laid off prior to the date when he/she would be reached for such layoff. Such request is subject to approval of the employing department and the Human Resources Director.

Employees who are granted an effective date of layoff earlier than the scheduled layoff date shall retain the same rights which they would have had had they been laid off as scheduled.

SECTION 8. STATUS CHANGES IN ANTICIPATION OF LAY OFFS

Where the Human Resources Department Director shall find that any status change made six (6) months or less prior to the announcement of a reduction in force, was made either to avoid the layoff or cause the layoff of any employee, or any reasons other than the good of the service; such status change shall be set aside and proper layoff made.

RULE 11

CLASSIFICATION

Section 1. Classification Plan

Section 6-509 of the Charter of the City of Detroit delegates to the Human Resources Director the responsibility for preparing, maintaining and, as required, revising a classification plan for all positions in the classified service. The plan shall consist of the schedule of class titles, descriptive specifications defining each class, and those actions taken by the Human Resources Director allocating positions to specific classifications.

The Human Resources Director shall maintain a schedule of currently active class titles and a file of all corresponding class specifications which shall be accessible to all interested persons.

Section 2. Definition of Terms

- a. **Position:** Any office, employment or job calling for the performance of certain duties and the exercise of certain responsibilities by one individual. The position may be occupied, vacant or proposed.

Most positions consist of a set of regularly assigned duties and responsibilities which can be identified and described. Some positions, however, consist of duties and responsibilities which may vary on a day-to-day basis in accordance with the operating needs of the employing department.

- b. **Class:** A group of positions with assigned duties and responsibilities which are sufficiently alike to justify common treatment in regards to selection standards, method of selection, employee compensation and other personnel and employment processes; and to permit interchange of employees without significant loss of efficiency after a reasonable period of orientation. A class may include a large number of positions or only one position if no other positions of the same kind exist.
- c. **Class (or Occupational) Series:** A sequence of classes of increasing scope and/or levels of skill and responsibility in the same occupational field and where it can be reasonably expected that an employee can acquire the knowledge, skill and practical training in his/her current position to qualify for a position in the next higher class.

- d. **Class Group**: Two or more classes which are closely related in terms of the kind of work performed and level of qualifications necessary to perform the work, but differ in the specific knowledge or skills applied on the job. Such classes may be grouped under a common basic class title with designated specialties, but shall be treated as separate classes for all personnel and employment processes.
- e. **Allocation of a Position**: A determination by the Human Resources Director that a position consisting of a given set of duties and responsibilities properly belongs to a specific class.

Section 3. **Class Specification**

Class specifications are intended to define given classes by indicating the kinds of positions that should be allocated to such classes based upon their duties, responsibilities and qualification requirements. They are by nature descriptive, but shall not be held to exclude positions whose duties and responsibilities are not specifically mentioned, if such duties and responsibilities are similar as to kind, equal in level, and require the same set qualifications.

Although composed of parts, all parts of the specification must be considered together for use in determining whether a given position or group of positions should be allocated to a given class. Typically, a class specification includes the following major components:

- a. **Title/Group**: The name of the class which should give a general indication of the kind of work performed in the positions in the class. The class title/group may include some designation of rank in a class series.
- b. **Classifications in Group**: The individual department/functional designations for classifications used in multiple sites.
- c. **Class Summary**: A general statement of the work performed in positions which fall within the class. This section of the specification is not intended to prescribe the specific duties of any position, but the major duties of positions in the class should be consistent with the general description of the kind of work and level of responsibilities contained in the general statement.
- d. **Relationships and Contacts**: A general statement of the reporting and hierarchy relationships of the class group. General information on the level of and types of contacts.

- d. **Major Job Functions:** A representative listing of specific duties assigned to positions allocated to the class. These examples are intended to elaborate upon the class summary. They are not intended to be inclusive of all duties and responsibilities, which may be assigned to a position in the class.
- e. **Physical Demands:** A general description of the physical efforts related to performing the duties of the class.
- f. **Working conditions:** A general description of the typical work environment associated with the class.
- g. **Education:** The minimum formal academic and/or vocational requirements for employment in the class.
- h. **Experience:** The minimum level of previous work or activities relevant to the duties of the class.
- i. **Knowledge, Skills, and Abilities:** The body of information, proficiencies, and competencies required to perform the duties of the class.
- j. **Other Requirements:** Additional licenses, certifications and/or training requirements.

Section 4. Administration of the Classification Plan

- a. **Investigation of Current Work Organization:** Pursuant to the authority granted under the Charter, the Human Resources Director may initiate investigations of positions within city departments to insure compliance with the classification plan. Should such investigation determine that any position or positions are not properly classified, the Human Resources Director shall, after consulting with the head of the department involved, take whatever action is necessary to see that such position or positions are allocated consistent with the corresponding duties and responsibilities.
- b. **Review of Requisitions and Status Changes:** All personnel requisitions and status change requests submitted by city departments shall be reviewed by the Human Resources Director to verify that the duties and responsibilities ascribed to the positions to be filled are properly allocable

to the requested classes. Approval of such requisition or status change by the Human Resources Director shall constitute an allocation of the position(s) to the indicated class, provided, however, that such allocation may be revised should the duties and responsibilities associated with the position(s) change.

- c. Request to Review Allocations: In those instances where a position or positions have changed as a result of departmental reorganization, technological changes, job expansion or other reasons, the department, the incumbent(s) of the position(s) or the labor organization having representation rights over the incumbent(s) may submit a request to the Human Resources Department to review the allocation of such position(s). Such requests shall be in writing and shall include sufficient information to identify the position or positions involved and the reason(s) for the requested review.
- d. Departmental Action Following Reallocation: If a result of the review of a position, final action is taken reallocating the position to a different classification, the employing department shall within thirty (30) days initiate action to give effect to the reallocation or, alternatively, to reorganize departmental work activities to make the duties and responsibilities of existing positions consistent with the classifications of present incumbents.
- e. Revision to the Classification System: To meet the needs of the City service, the Human Resources Director may institute revisions to the classification system. Such revisions may include the following as conditions warrant: combining, separating or altering existing classes; establishing new classes; abolishing existing classes; and designating classes as "interim" where the duties of positions in given classes have been substantially incorporated into other classes. Where a class has been designated as interim, no persons other than present incumbents or previous incumbents with established reemployment rights may hold such class title.
- f. Reporting Changes in Work Organization: It shall be the duty of responsible administrative officers in the various departments to report to the Human Resources Director any changes in work organization, introduction of new equipment or work methods or reassignment of personnel, which significantly change the duties or responsibilities of existing positions and which may affect the proper allocation of such positions. Likewise, departments anticipating establishment of new positions or a new activity which may require the establishment of new classes shall so advise the Human Resources Director and furnish details of the contemplated positions.

Section 5. Appeals of Classification Actions

Following review of the allocation of a position or positions and subsequent action by the Human Resources Director, if any interested party disagrees with such action, such party shall have the opportunity to appeal such action to the Civil Service Commission and be afforded a hearing before a Classification Appeal Board in accordance with Rule 18 - Conduct of Administrative Hearings.

The request for appeal must be in writing and must be submitted within fifteen (15) calendar days after the date of notice of the action. Such request for appeal shall also state those reasons why the appealing party believes the action by the Human Resources Director to be erroneous. If no request for appeal is filed within the above specified time period, the action by the Human Resources Director shall be deemed final.

At the Classification Appeal Board hearing, all interested parties will have the opportunity to give testimony concerning the duties and responsibilities associated with the position(s) in question and to present statements evaluating the duties and responsibilities of the position(s) in terms of the classification plan. A report of the Board's findings and recommendation will be submitted to the Civil Service Commission for final action.

Section 6. Assignment of Appropriate Duties

Employees are to be assigned duties and responsibilities which are appropriate to their classification and are not to be assigned to perform work which falls outside of their classification except in cases of emergency, absence of other employees, or other situations where such assignment is necessary to effectively carry out departmental operations.

Where an employee is assigned for a period greater than thirty (30) days to perform the set of duties regularly performed by and requiring the qualifications of an employee in a higher-level class, the employing department shall submit a status change to an appropriate class to properly compensate the employee for any period of time so assigned in excess of the thirty days. Such status change for out-of-class work shall not confer any standing in the higher class.

The following situations shall not be construed as constituting out-of-class work assignments provided the assigned duties are consistent with the general duties statement of the employee's current classification.

- a. The assignment of increasingly more responsible duties as part of a training program or in the course of a work experience program to develop skills in an occupational series or related class.

- b. The assignment of duties which are similar to those which may be performed by employees in a higher class, but where the proficiency and quality of performance may be expected to vary in accordance with the qualifications possessed by employees assigned to such duties.

All requests for out-of-class work recognition must be reviewed and approved by the Human Resources Director. Disputes between employees and their employing departments concerning out-of-class work claims shall be referred to the Classification/Compensation Section for evaluation and report to the Human Resources Director.

Section 1. Classification Plan

Section 6-409 of the Charter of the City of Detroit delegates to the Human Resources Director the responsibility for preparing, maintaining and, as required, revising a classification plan for all positions in the classified service. The plan shall consist of the schedule of class titles, descriptive specifications defining each class, and those actions taken by the Human Resources Director allocating positions to specific classifications.

The Human Resources Director shall maintain a schedule of currently active class titles and a file of all corresponding class specifications, which shall be accessible to all interested persons.

Section 2. Definition of Terms

a. **Occupational Class:** A group of occupations with assigned duties and responsibilities which are sufficiently alike to justify common treatment in regards to selection standards, method of selection, employee compensation and other personnel and employment processes; and to permit interchange of employees without significant loss of efficiency after a reasonable period of orientation. A class may include a large number of positions or only one position if no other positions of the same kind exist.

Occupational Classes

Class I: Service/Maintenance and Skilled Craft Workers - This Class includes two (2) sub-classes: Class 1A and Class 1B.

Class 1A: Service/Maintenance Workers - This Class of occupations includes occupations in which workers perform duties which result in or contribute to the comfort, convenience, hygiene or safety of the general public or which contribute to the upkeep and care of buildings, facilities or grounds of public property. Workers in this class may operate machinery. Work in this class may include: drivers, truck drivers, bus drives, laborers, custodial employees, gardeners, refuse collectors, construction laborers, maintenance workers, craft apprentices, trainees and helpers.

Class 1B: Skilled Craft Workers - This Class of occupations includes occupations in which workers perform jobs, which require special manual skill, and a thorough and comprehensive knowledge of the processes involved in the work, which is acquired through, on the job training and experience or through apprenticeships or other formal training programs. Work in this class may include: mechanics and repairers, electricians, plumbers, heavy equipment operators, stationary engineers, skilled machining occupations, carpenters, power plant operators, water and sewage treatment plant operators and other craft workers. Licensing and certification requirements may apply to many of the occupations contained in this class.

Class II: Technical, Paraprofessional, Office and Administrative - This Class includes nonsupervisory classifications that typically require less than a bachelor's degree. Occupations in this Class typically provide technical, paraprofessional, office, and other services that do not require a four-year degree. Occupations included in this class may include instructional or leader functions to lower-level Class II employees. Typically the immediate supervisor is a Class IV employee but may be a Class V or Class VI employee as well.

Class III: Professional - This Class includes nonsupervisory occupations that typically require a bachelor's degree or higher, or an equivalent combination of education and experience. Occupations in this Class typically provide professional services. Occupations in this Class may include instructional or leader functions to Class II and lower level Class III occupations. Typically the immediate supervisor is a Class IV employee but may be a Class V or Class VI employee as well.

Class IV: Management Supervisory Service (MSS) - This Class includes supervisors and managers. Some positions in this Class may be appointed and "at-will". Those positions that might be included in the MSS as appointees are those positions that have been identified as "appointment" positions by an Order, Ordinance, Grant, or by another legal or regulatory vehicle and do not meet the requirements of an Executive Service position or as an Appointed Position. If one of these appointment positions are assigned to the MSS the duties and responsibilities must meet the requirements of the MSS. All other positions allocated to the MSS are in the Classified Service.

A supervisor is a position or an employee that accomplishes work through the direction of other people – at least three (3) in the same or substantially similar occupation. Those supervised may include City of Detroit employees, full-time, part-time or intermittent, contractor staff, cooperative education staff, interns and volunteers.

A manager is a position or an employee that accomplishes work through the direction of multiple layers of supervisors or also subordinate managers. Distinctions between class levels in the management series are based on the program's complexity, sensitivity and/or size, organizational impact, the nature and number of functions/programs managed, decision-making responsibility, level of supervision exercised, nature of positions supervised, and the nature and scope of duties assumed such as hands-on work versus planning and policy development activities.

The Management Supervisory Service is divided into two (2) groupings of supervisors and managers. The first grouping are those positions that supervise or manage Group II occupations. The second group of supervisors and managers are those positions that supervise or manage Group III occupations.

Generally, a first level supervisor personally directs subordinates of Class II clerical, paraprofessional, administrative or technical occupations without the use of other, subordinate supervisors. A second level supervisor usually directs work through one layer of subordinate Class II supervisors or may supervise a significant number of Class II subordinates that warrants allocation as a second level supervisor even though the organization setting does not include a subordinate layer of supervisors.

Generally a third level supervisor directs subordinates of Class III occupations, or in some instances, directs a combination of subordinates of Class II and Class III occupations, without the use of other subordinate supervisors. A fourth level supervisor usually directs work through one layer of subordinate Class III supervisors, or, in some instances, may supervise a combination of Class II and Class III supervisors.

A fourth level supervisor may supervise a significant number of subordinate Class III occupations or a combination of subordinate Class II and Class III occupations that warrants allocation as a fourth level supervisory.

A second level manager in this Class typically manages Class II Level I managers or manages an operation of significant scope that warrants allocation as a Class II Level II manager.

Generally a third level manager in this Class manages supervisors of Class III professional or may manage a combination of Class II and Class III occupations and/or supervisors. A fourth level manager in this Class manages other Class III managers, or may manage a combination Class II and Class III managers or an operation or program of significant scope, has a high degree of decision making, has both an internal and external organization impact and may have budgetary responsibility.

Class V: Executive Service (EXS) - This Class includes department and agency heads appointed by the Mayor of the City of Detroit; or individuals appointed by department or agency heads with appointing authority or other individuals with appointing authority of Executive Level positions. Individuals in these positions include a wide range of positions that have responsibility for major programs, divisions, commissions, agencies or departments that warrant allocation as an Executive Level position. This Class also includes some staff level positions. These positions might include policy making staff; operational staff that have the authority to speak for or act upon issues for another Executive or have day-to-day responsibility for administrative or operational support functions that cut across an agency, department or a group of agencies or departments. Positions/employees in this class are not in the Career/Classified Service.

Class VI: Appointed Service (APS) - This Class includes all positions within the City of Detroit government that are appointed, not a member of another Class and are not a member of the Career/Classified Service. Members of the Appointed Service are at-will.

Class VII: Public Safety Service (PSS) - This Class includes all uniform positions within the Detroit Police Department and the Detroit Fire and EMS Department, including those appointed by the Mayor to these organizations, and where delegated by the Chief of Police and the Fire Commissioner.

b. **Occupational Series:** A sequence of classes of increasing scope and/or levels of skill and responsibility in the same occupational field and where it can be reasonably expected that an employee can acquire the knowledge, skill and practical training in his/her current position to qualify for a position in the next higher class.

c. **Occupational Family:** Two or more classes which are closely related in terms of the kind of work performed and level of qualifications necessary to perform the work, but differ in the specific knowledge or skills applied on the job.

e. **Allocation of a Position:** A determination by the Human Resources Director that a position consisting of a given set of duties and responsibilities properly belongs to a specific class.

Section 3. Class Specification

Class specifications are intended to define given classes by indicating the kinds of positions that should be allocated to such classes based upon their duties, responsibilities and qualification requirements. They are by nature descriptive, but shall not be held to exclude positions whose duties and responsibilities are not specifically mentioned, if such duties and responsibilities are similar as to kind, equal in level, and require the same set qualifications.

Although composed of parts, all parts of the specification must be considered together for use in determining whether a given position or group of positions should be allocated to a given class. Typically, a class specification includes the following major components:

A Class Specification is not a position description.

Section 4. Administration of the Classification Plan

a. **Investigation of Current Work Organization:** Pursuant to the authority granted under the Charter, the Human Resources Director may initiate investigations of positions within city departments to insure compliance with the classification plan. Should such investigation determine that any position or positions are not properly classified, the Human Resources Director shall, after consulting with the head of the department involved, take whatever action is necessary to see that such position or positions are allocated consistent with the corresponding duties and responsibilities.

b. **Review of Requisitions and Status Changes:** All personnel requisitions and status change requests submitted by city departments shall be reviewed by the Human Resources Director to verify that the duties

and responsibilities ascribed to the positions to be filled are properly allocable to the requested classes. Approval of such requisition or status change by the Human Resources Director shall constitute an allocation of the position(s) to the indicated class, provided, however, that such allocation may be revised should the duties and responsibilities associated with the position(s) change.

c. **Request to Review Allocations:** In those instances where a position or positions have changed as a result of departmental reorganization, technological changes, job expansion or other reasons, the department, the incumbent(s) of the position(s) or the labor organization having representation rights over the incumbent(s) may submit a request to the Human Resources Department to review the allocation of such position(s). Such requests shall be in writing and shall include sufficient information to identify the position or positions involved and the reason(s) for the requested review.

d. **Departmental Action Following Reallocation:** If a result of the review of a position, final action is taken reallocating the position to a different classification, the employing department shall within thirty (30) days initiate action to give effect to the reallocation or, alternatively, to reorganize departmental work activities to make the duties and responsibilities of existing positions consistent with the classifications of present incumbents.

e. **Revision to the Classification System:** To meet the needs of the City service, the Human Resources Director may institute revisions to the classification system. Such revisions may include the following as conditions warrant: combining, separating or altering existing classes; establishing new classes; abolishing existing classes; and designating classes as “interim” where the duties of positions in given classes have been substantially incorporated into other classes. Where a class has been designated as interim, no persons other than present incumbents or previous incumbents with established reemployment rights may hold such class title.

f. **Reporting Changes in Work Organization:** It shall be the duty of responsible administrative officers in the various departments to report to the Human Resources Director any changes in work organization, introduction of new equipment or work methods or reassignment of personnel, which significantly change the duties or responsibilities of existing positions and which may affect the proper allocation of such positions. Likewise, departments anticipating establishment of new positions or a new activity which may require the establishment of new classes shall so advise the Human Resources Director and furnish details of the contemplated positions.

Section 5. Appeals of Classification Actions

Following review of the allocation of a position or positions and subsequent action by the Human Resources Director, if any interested party disagrees with such action, such party shall have the opportunity to appeal such action to the Civil Service Commission and be afforded a hearing before a Classification Appeal Board in accordance with Rule 18 - Conduct of Administrative Hearings.

At the Classification Appeal Board hearing, all interested parties will have the opportunity to give testimony concerning the duties and responsibilities associated with the position(s) in question and to present statements evaluating the duties and responsibilities of the position(s) in terms of the classification plan. A report of the Board’s findings and recommendation will be submitted to the Civil Service Commission for final action.

Section 6. Steps in the Grievance Procedure

a. Step 1 – Supervisor Level

An Aggrieved employee shall bring a complaint to their immediate supervisor for discussion. The supervisor is the person who assigns and reviews the work of the employee. The supervisor and the employee are urged to make every effort to resolve the issue by discussing the complaint in an amicable and professional manner.

If the employee is not satisfied that the complaint has been resolved, they shall reduce the complaint to writing on the official grievance form provided by the Labor Relations Division of Human Resources. The written grievance shall set forth the nature of the grievance, the date, time, location and if applicable, names and titles of persons involved, the rule, policy, or practice that has allegedly been violated, and the specific remedy requested. The written grievance must be signed by the grievant and must be submitted to the immediate supervisor no later than fifteen (15) working days from the date the grievance arose.

The immediate supervisor shall submit a written decision within ten (10) working days of the receipt of the written grievance. The written decision shall set forth the facts and the reasons for the decision. The immediate supervisor shall provide a copy of the decision to the grievant and forward the original to the Division Head.

b. Step 2 – Division Head Level

If the employee is dissatisfied with the immediate supervisor's written decision, they may appeal the grievance to the Division Head. The appeal must be made in writing within five (5) working days of receipt of the immediate supervisor's written decision.

Within ten (10) working days of receipt of the appeal, no more than two (2) management representatives, one of which shall be the Division Head or the designated representative, shall meet with the grievant and, if requested, the grievant's representative, to discuss the grievance.

Within ten (10) working days of the meeting, the Division Head or the designated representative shall prepare a written decision setting forth the facts and reasons for the decision. The Division Head or designee shall provide a copy of the decision to the grievant and forward the original to the Department Head. At the time of issuing the written decision, the Division Head shall provide the Department Head with copies of all appropriate materials/documents used in support of the written decision.

c. Step 3 – Department Head Level

If the grievance is not resolved at Step 2, the grievant may submit an appeal to the Department Head within five (5) working days of receipt of the Division Head's written decision.

Within ten (10) working days of receipt of the appeal, no more than three (3) representatives, one of which shall be the Department Head or the designated representative and one representative of the City Human Resources Department Employee Services Division, shall meet with the grievant and, if requested, the grievant's representative, to discuss the grievance.

Within ten (10) working days of the meeting, the Department Head or the Designated Representative shall prepare a written decision setting forth the facts and reasons for the decision. The Department Head or Designee shall provide a copy of the decision to the grievant, retain a copy, and forward the original, to the Labor Relations Division of the Human Resources Department. At the time of issuing the written decision, the Department Head shall provide Labor Relations with copies of all appropriate materials/documents used in support of the written decision.

d. Step 4 –Labor Relations Level

If the grievance is not resolved at Step 3, the grievant may submit an appeal to the Civil Service Commission within ten (10) working days of the receipt of the written Step 3 decision.

The Labor Relations Division of the Human Resources Department may conduct further investigation and schedule a pre-hearing conference to explore possible conciliation of the grievance or to obtain agreement on the issues and stipulations to be submitted to the hearing officer.

The Human Resources Department will arrange for the hearing to insure final resolution of the grievance as soon as practicable after receipt of the appeal from the Step 3 Decision. (Pursuant to the Charter, Sec. 6-413, any procedure shall be finally determined within sixty (60) days after filing, unless the time is extended by agreement of the parties.)

The employee will be given the opportunity to select a hearing officer from among not fewer than three (3) individuals proposed by the Commission and a hearing shall be provided at no cost to the employee.

However, if a selection is not made from the list proposed by the Commission, the arbitration association designated by ordinance will be requested to propose the names of five (5) persons and the employee and the department involved shall share equally in the costs of the hearing procedure as provided for by ordinance or

resolution of the City Council. The process of elimination of names for a hearing officer shall take place in accordance with the arbitration association's rules.

The Hearing Officer shall file a written report of the decision within in thirty (30) calendar days of the hearing pursuant to Sec. 6-413 of the Charter. The decision shall set forth findings of fact, conclusions of law, and recommendations which will be subject to review by the Civil Service Commission. The Commission may accept, modify or reject the decision and recommendation of the Hearing Officer. If the Commission's decision is different from that of the Hearing Officer the reasons will be detailed in writing and given to the parties. The decision and order of the Commission shall be final and binding on all parties.

A Written Reprimand can only be appealed to Step 4 of the Grievance Procedure. If a grievance for a Written Reprimand is properly filed and processed through all steps within the established filing period(s), the Labor Relations Division of the Human Resources Department will review the Step 3 decision and make a final determination as soon as practicable, but no later than sixty (60) days from the date of the Step 3 appeal. The decision of the Labor Relations Division is final and binding on all parties and cannot be appealed to the Civil Service Commission.

Section 1. Definition

Apprentice classes shall include those classes designated by the Human Resources Director as such wherein the incumbents, in addition to meeting the usual employment requirements of the class, sign a written apprenticeship agreement with the employing department, which has been approved for their particular trade by the Human Resources Director, and wherein provision has been made for both classroom instruction and systematic training through employment.

Section 2. Standards and Administrative Procedure

The Human Resources Director shall establish and issue such standards, training schedules and administrative procedures as may be necessary to establish and maintain an effective apprenticeship program in the skilled trades. The standards shall provide for execution of apprenticeship agreements, granting credit for prior training, periodic progress examinations, periodic review of apprentice progress records, alternate procedures for termination of apprentice status, and such other items as are necessary to carry out the intent of this rule.

Section 3. Status of Incumbents in Apprentice Positions

- A. Apprentice positions shall be filled in the same manner as other classified positions. Certifications to apprentice classes shall be for "permanent" status, but no person shall remain in an apprentice class unless he is actively participating in a training program approved for that class by the Human Resources Director; and no person shall remain in the class more than 60 days after completing the term of apprenticeship.
- B. The probation period for apprentices shall be 6 months. Failure to comply with the terms of the apprenticeship agreement or repeated failure to make satisfactory progress in the specified training program at any time during the term of training shall be considered grounds for discharge of an apprentice.

- C. Upon successful completion of apprenticeship the incumbent shall acquire status in the journeyman class. If the apprentice is not eligible for promotion to the journeyman class at the end of his term of training but has satisfactory record otherwise, he may be transferred or demoted to any other class for which he is eligible.
