In 2022, Olympia Development of Michigan and The Related Companies proposed the renovation or construction of 10 new buildings in Downtown Detroit - consisting of mixed-income residential, commercial office, hotels, and public green space. This new phase of the District Detroit development was deemed a Tier 1 project under the City of Detroit's Community Benefits Ordinance (CBO). The developer and the Neighborhood Advisory Council (NAC) participated in the CBO process to determine impacts of the development on the community and to agree on appropriate community benefits to address those impacts.

Join us at The District Detroit Annual Update Meeting to hear the latest updates on the development from the developers, Olympia Development of Michigan and The Related Companies, as well as the implementation of the community benefits agreement.

*With advance notice of seven calendar days, the City of Detroit will provide interpreter services at public meetings, including language translation and signage for the hearing impaired. Please contact the Planning and Development Department at (313) 224-1339 to schedule these services.*
