

# Housing and Revitalization Department

## Consolidated Plan Education Series

### What's Next?

It's always a mix of emotions when something comes to an end. However, we hope this series has helped you gain a deeper understanding of the funding we receive from the Department of Housing and Urban Development (HUD) and how we've used it to develop impactful programs.

Our goals of this Consolidated Plan Education Series were to:

- Educate Detroiters on HUD Grant Programs
- Increase awareness of how funds are allocated across the City
- Empower residents to actively participate in future engagement opportunities

Looking ahead to the new year, we'll be ramping up our community engagement efforts. Be sure to watch for updates on the "**Consolidated Plan**" and "**Neighborhood Revitalization Area Strategy (NRSA) Plan**" at upcoming community meetings like the DON Cast or District Meetings. We'll be gathering your input through surveys to help establish priorities for the next five years.

Visit our [website](#) to access all of the newsletters from this series and to stay informed about future engagement opportunities. See you in 2025!!!

### STAY TUNED!

In addition to the community meetings, there will also be an opportunity to provide comments on the Consolidated Plan. Visit our [website](#) to know when to participate!
