The Authority shall maintain full and complete books, ledgers, journals, accounts, documents, other collected data, and records in auditable form (the "Records"), wherein are kept all entries reflecting all actions taken pursuant to this Agreement. The Authority shall make available all such Records for audits, inspections, and examinations by the City during normal business hours. All such Records shall be maintained and kept in accordance with generally accepted accounting principles by the Authority during the term of this Agreement, plus an additional period of four (4) years following the later of the completion of the Project or the

In consideration for the management of the Project as herein specified, the City agrees to grant the Authority such access to the site upon which the Project is to be conducted, as more particularly described in Exhibit A to this Agreement (the "Project Site"), for such period of time commencing on the date of City of Detroit City Council ("City Council") approval and ending no later than three (3) years from such date, subject to the provisions of Article VIII and Article IX hereof.

5.09 The Contractors shall be responsible for payment of all deductibles contained in any insurance required under this Agreement. The provisions requiring the

Contractors to carry the insurance required under this Article VI shall not be construed in any manner as waiving or restricting the liability of the Contractors under this Agreement.
