

In 2017 the Hudson's Site Redevelopment at 1206 Woodward Avenue in Downtown Detroit was deemed a Tier I project under the City of Detroit's Community Benefit Ordinance (CBO). The developer, Bedrock LLC and the appointed Neighborhood Advisory Council (NAC) participated in the CBO process to determine impacts of the development on the community and to agree on appropriate community benefits to address those impacts.

Join us at the Hudson's Site Annual Update meeting to hear the latest updates on the development as well as the implementation of the community benefits agreement. Light refreshments will be served.
