What is the East Riverfront Assets Study (ERAS)?

The East Riverfront Assets Study is a focused look at parks and sites along the East Riverfront as part of the Parks and Recreation Strategic Plan. The goals of the study are to:

- > Learn how Detroiters use these sites now and how they envision them in the future
- > Develop a collective vision and actionable plan for creating vibrant, sustainable destinations along the riverfront

Where are we in the process?

To date, we have received feedback through focus groups, a survey and interviews. The community feedback collected during these engagement activities and information from site analysis was used to create draft recommendations to improve these sites in the future. **Join us during these community meetings to review the recommendations!**

Can't make the meetings, but want to participate?

No problem! All meetings will be recorded and posted on our website. You can also share your thoughts or ask questions by visiting the website: www.bit.ly/erasinput

With advance notice of seven calendar days, the City of Detroit will provide interpreter services at public meetings, including language translation and reasonable ADA accommodations. Please contact the Civil Rights, Inclusion and Opportunity Department at 313.224.4950, through the TTY number 711, or email crio@detroitmi.gov to schedule services.
