

Historic Indian Village Association

**PO Box 14224
Detroit, Michigan 48214**

July 6, 2020

To the Detroit Historic District Commission:

As the current President of the Indian Village Association, I'm writing on behalf of our board to support the renovation project being proposed for 1411 Iroquois.

Kevin and Gretchen have shared the plans for the work they hope to have approved, and of the 10 board members present at tonight's monthly meeting, the group voted unanimously to support their efforts.

Our board agreed that the plans as presented will greatly improve the appearance of the home while also staying true to the original design by architect Albert Kahn.

As a neighbor on the same block of Iroquois, I am personally excited to see the improvements they hope to make.

Please feel free to contact me with any additional questions.

Sincerely,

Jake Whitman

Indian Village Association President
