To the Historic District Commission,

We are the neighbors located directly to the east of 605 Chicago Blvd. We were made aware of our neighbor's plans for an addition and support their work. They have restored their home with immaculate detail to historic preservation and future considerations. We have seen their plans for expansion which include matching the existing exterior in look and material and we are confident it will blend well in our historic district. We are thankful for the quality work they have done to their home and the positive effects it has on our home value and neighborhood.

Thank you!
Katherine & Cole Allen
