Subject: Support for Proposed Project at 2108 Burns

To the Historic District Commission of Detroit,

As an 8-year Detroit resident of 3000 Seminole Street in the Indian Village neighborhood and as the former designer of the Indian Village Newsletter, I am writing in support of the home project at 2108 Burns Ave.

Regarding the focus of this meeting, specifically the connecting hallway between the new garage and workshop, I'm impressed with the way this solution reflects the architectural style of the main home, as both details will be viewed from Kercheval Ave. On a broader note, in speaking directly with Mr. Brownell over the course of this design process, I am excited to see how the full project will bring a great functional improvement to the space as well as an aesthetic upgrade to our neighborhood.

As a Creative Director for our Detroit-based company, I was drawn to Indian Village because of the attention to the design details evident in these beautiful historic homes. And as a homeowner who presented proposals to the HDC, I greatly respect the role of this group in guiding the work done to improve these neighborhoods for future generations.

I was pleased to see the HDC approve the greater aspects of the design, and want to wholeheartedly support the final details of the project. Please contact me with any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Bill Sneed', with a stylized flourish at the end.
