Subject: 2108 Burns Proposal

Dear Historic District Commission:

I am writing in support Gary Brownell's application for renovations at 2108 Burns Avenue in Indian Village. As a nearby West Village resident, I am gratified to see the project's attention to the neighborhood's historic character and contribution to the preservation of Indian Village.

Gary is an active member of the community and has demonstrated his commitment to the people and built environment of Indian Village. I am certain that the project will be of net benefit to his neighbors and our community.

In terms of preservation, the project as currently designed does not appear to detract in any way from the historic character of his home, its immediate context, or the community at large.

For these reasons, I support the proposal in its current iteration. The proposed plans will see the property upgraded and beautified, which will positively contribute to our community.

Sincerely,

Jacob Lederman
