Subject: Support for Proposed Project at 2108 Burns

Dear Members of the Historic District Commission of Detroit,

I am writing to express my full support for the project proposed by Gary Brownell regarding his home located at 2108 Burns. I believe that the proposed project not only aligns with the character of the historic district but also contributes positively to the preservation and enhancement of our community's architectural heritage.

Having personally observed the plans and discussed the project with Gary, I am impressed by his meticulous attention to detail and commitment to preserving the historical significance of his home. The proposal carefully integrates modern updates while respecting the original architectural features and charm of the property.

As a resident of the Historical Indian Village neighborhood and a proponent for responsible development within our historic district, I firmly believe that Gary's project will enhance the overall aesthetic and cultural value of the neighborhood. His thoughtful approach and dedication to preserving the historical integrity of his home are evident in the proposed plans and demonstrates his commitment to the spirit and vision of the historic district.

I believe it is essential for us as a community to foster an environment that encourages responsible improvement and preservation of our homes. By doing so, we can maintain the historical charm that makes our neighborhood unique while accommodating the needs of modern living. Gary's project embodies this spirit, and I wholeheartedly endorse his efforts to create a harmonious blend between the past and the present.

I kindly request that the Historic District Commission grant approval for Gary Brownell's proposed project at 2108 Burns. This endeavor will undoubtedly contribute to the continued vibrancy and historical significance of our cherished neighborhood.

Thank you for your attention to this matter and the work you do for our community.

Sincerely,

Lucas Bonafede
