Subject: [EXTERNAL] 2108 Burns, Indian Village

Dear HDC Detroit,

I am writing to express my support for the proposed building project at 2108 Burns, in Historic Indian Village.

I live at 2435 Burns, and we chose to live in this neighborhood because of our appreciation for the historic aesthetic. Having seen the proposed plans by Gary Brownell for his property at 2108 Burns, I am delighted by the care and thought that have gone into his proposal, and believe their improvements and additions will only serve to beautify Indian Village further, while maintaining the historic and charming nature of the property.

Sincerely,

Nicola Owski
