To: Detroit Historic District Commission Re: Proposal for 2108 Burns

To be discussed at the June 14, 2023 HDC meeting

To Whom it may concern,

We are writing this letter in support of the proposed building(s) that the homeowners wish to construct at 2108 Burns. We have looked at the plans and if they meet the Historic District Standards we believe that the new construction will be an asset to the property and the neighborhood in general. We do not understand all the details in the plan but in principle, we are in support

We have lived across the street at 2135 Burns since 1995. We believe in Historic District Standards and if 2108 Burns' proposal meets those standards, we support and have no objection to the buildings they want to construct.
