Subject: [EXTERNAL] Arturo Quiroz - Corktown resident - Sept 11 HDC hearing

To whom it may concern,

1321 demolished garage had 2 wood windows @ rear & also had a hip style roof & wood siding.

1321 existing garage now has now crossed property line w/2ft overhangs on east side of garage.
Recommend removing overhang on east side of garage & install gutters, if possible.
Recommend fire retardant material between structures.

Approve everything else!!

Thank you - for your time
