Estimate EST0004

Date

06/01/2020

DESCRIPTION	QTY	RATE	AMOUNT
Complete New Roofing System House and Garage (Euroshield technology system) Need to get the cost on copper flashing Price may adjust slightly		\$35,000.00	\$35,000.00
Copper flashing all valleys and chimneys	1	\$3,000.00	\$3,000.00

- All portions of roofing to be replaced/wrapped i.e. rounded sections, flat sections, bump outs, etc.

Total

\$38,000.00

- All permits are included and we will coordinate with historic society (part of permitting process)

- Owner may save a portion of removed roof for personal use

- To be concluded within 60 days of receiving deposit

1. Install heavy gauge 1 1/2 inch aluminum drip edge. The material is used to create a clean smooth appearance of the entire perimeter and to make a positive transfer of waste from the roof to gutters.

2. Install Ice Gauge 6 feet up all eaves including valleys, flashings, chimneys as needed. This provides a water tight seal and stops ice and water from penetrating roof.

3. Flashing to be copper

4. Install neoprene vent stack collars to all stack pipes to ensure a watertight seal.

5. Install Euroshield rubber roofing shingle system

6. All shingles to be nailed not stapled.

7. Install ridge vent and or box vent system (we will use the best method for your specific project).

8. Job to include thorough clean up.
