

Casement and Awning WINDOWS

Casement windows catch a breeze and direct fresh air indoors, allowing the most ventilation of any window style. Awning windows let in fresh air, even on rainy days!

EASY
Casement windows open wide to allow easy cleaning of outside glass from the inside* and can be hinged from the right or left.

SECURE
One lever positioned in an easy-to-reach location securely locks the casement window at multiple points for a weathertight seal.

EFFICIENT
Casement and awning windows are our most energy-efficient ventilating window styles.

CONVENIENT
Awning windows are recommended for use over cabinets, counters, or areas where opening and closing require a reach.

Use grilles to mimic the appearance of double-hung windows for a historically accurate look

“Renewal by Andersen® was by far the best investment I’ve ever made for my home.”
PAUL M.

Casement and Picture Combination Windows / Oak Interior

Casement and Specially Equal Leg Arch Combination Window / Oak Interior / Colonial Grilles

Casement Windows / White Interior / Simulated 2x Double-Hung Check Rail / Modified Colonial Grilles

Awning Window / Pine Interior

Casement Window / Terracotta Interior

* Wide opening hinge available to help meet egress requirements. Windows with wide open hinge cannot be cleaned from the interior. See your local code official for egress requirements in your area.

Gliding WINDOWS

Whether you're creating a new look or matching the original window style of your home, maximize your view with slim, easy to slide, contemporary gliding windows.

BEAUTIFUL

Narrow, contoured frames allow more glass viewing area.

RELIABLE

Fibrex® material tracks are shaped for easier cleaning and will not pit, rust, or corrode!

VERSATILE

Both sashes slide, so you can open either the left side, the right side, or a portion of both!

UNIQUE

A great solution when a projecting window may interfere with walkways, patios, decks, or landscaping.

How Window Performance is Rated

Energy Efficiency Rating

To help homeowners, in 1992 the National Fenestration Rating Council (NFRC) established an independent third-party rating, certification, and labeling program for windows, doors, and skylights (fenestration products). Renewal by Andersen displays the NFRC label on all of its windows. This label means that the entire window unit has been rated and certified, not just the center of the glass or individual components. See our Energy Efficiency brochure for additional information.
