PROJECT REVIEW REQUEST CHECKLIST

Please attach the following documentation to your request:

PLEASE KEEP FILE SIZE OF ENTIRE SUBMISSION UNDER 30MB

Completed Building Permit Application (highlighted portions only)

ePLANS Permit Number (only applicable if you've already applied for permits through ePLANS)

Photographs of ALL sides of existing building or site

Detailed photographs of location of proposed work (photographs to show existing condition(s), design, color, & material)

Description of existing conditions (including materials and design)

Description of project (if replacing any existing material(s), include an explanation as to why replacement--rather than repair--of existing and/or construction of new is required)

Detailed scope of work (formatted as bulleted list)

Brochure/cut sheets for proposed replacement material(s) and/or product(s), as applicable

NOTE:
Based on the scope of work, additional documentation may be required.
See www.detroitmi.gov/hdc for scope-specific requirements.

Upon receipt of this documentation, staff will review and inform you of the next steps toward obtaining your building permit from the Buildings, Safety Engineering and Environmental Department (BSEED) to perform the work.

SUBMIT COMPLETED REQUESTS TO HDC@DETROITMI.GOV

Section 23a of the state construction code act of 1972, 1972PA230, MCL 125.1523A, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure. Visitors of Section 23a are subject to civil fines.

This application can also be completed online. Visit detroitmi.gov/bseed/elaps for more information.

Description of Existing Conditions: Currently there exists a straight footpath running directly from the front door to the sidewalk, meeting the sidewalk at a 90-degree angle. The area around the footpath is grass sod.

Description of Project: I would like to construct a wooden arbor (4'x2'x7') over a small portion of the footpath that leads from the sidewalk to the front door. The arbor will be painted white to match our current front awning. The intent is to then plant flowers and climbing plants to adorn the arbor, creating a delightful front entryway from the sidewalk to our home. The simple design of the arbor will allow me, the homeowner, to do all the construction and erection on my own. Four holes will need to be dug, two on either side of the concrete footpath, to serve as foundations to securely position the four corners of the arbor.

Additionally, I would like to plant a cherry tree and a magnolia tree behind the arbor in the front yard on opposite sides of the foot path.

Detailed Scope of Work:

- Time of construction: Work to take place during the day over the course of one, single weekend
- Number of workers: One worker (homeowner)
- Four post-holes to be drilled by hand (approx. 1' deep) into the soil for the arbor's foundation
- A cherry tree and magnolia tree saplings to be planted, one on each side of the foot path
