ADDRESS: 19505 CANTERBURY RD CITY: DETROIT STATE: MI ZIP: 48221

PHONE: _____ MOBILE: 718-249-3798 EMAIL: JAMEY.SNELL@GMAIL.COM

PROJECT REVIEW REQUEST CHECKLIST

Please attach the following documentation to your request:
PLEASE KEEP FILE SIZE OF ENTIRE SUBMISSION UNDER 30MB

- Photographs** of ALL sides of existing building or site
- Detailed photographs** of location of proposed work (photographs to show existing condition(s), design, color, & material)
- Description of existing conditions** (including materials and design)
- Description of project** (if replacing any existing material(s), include an explanation as to why replacement--rather than repair--of existing and/or construction of new is required)
- Detailed scope of work** (formatted as bulleted list)
- Brochure/cut sheets** for proposed replacement material(s) and/or product(s), as applicable

NOTE:
Based on the scope of work, additional documentation may be required.
See www.detroitmi.gov/hdc for scope-specific requirements.

Upon receipt of this documentation, staff will review and inform you of the next steps toward obtaining your building permit from the Buildings, Safety Engineering and Environmental Department (BSEED) to perform the work.

SUBMIT COMPLETED REQUESTS TO HDC@DETROITMI.GOV

Address: 19505 Canterbury Rd, Detroit MI 48221 (Sherwood Forest Historic District)

Homeowners: Jamey & Brittany Snell; 718-249=3798; jamey.snell@gmail.com

Proposed Project: front walkway

Rationale: Our home is a 1927 Tudor purchased in 2019. At that time, no true walkway existed, only a few dilapidated flat stones which sat on top of the grass and had to be removed when a gas line was placed through our front yard which required extensive excavation. These flat stones were unable to be properly shoveled during the winter, preventing us from getting mail at our mailbox. Also, given the unusual layout of our home, the attached garage obscures the location of the true front entrance to the home, which is not easily visible from the street. A front walkway will not only help identify the true front door, but will also help protect our lawn from being frequently trampled due to mail and package deliveries and visitors walking across the grass. (See Image #1) All other homes on our street and in our neighborhood have true walkways and we believe ours will be in-keeping with the historic style, while adding functionality, and safety.

Contractor: Chris MacGregor, A-Team Hardscapes, Livonia MI; (810) 343-2749;
<https://www.a-teamhardscapes.com>

Design:

- There is a 6 foot elevation change from the sidewalk to the front porch. Steps will have to be a part of the design to prevent significant sloping and for flat landings in between each step which will be safer during winter ice or snow.
- Total square footage is measured at about 400 square feet. The main walkway from the porch to the sidewalk will be 4 feet in width and the extension from the walkway to the driveway will be 3 feet in width.
-
- A layout with slight curves was chosen to produce more of a natural appearance. (See Image #2)
- Unilock Classic Brussels Block pavers in sandstone has a distressed, timeworn finish which resembles the aged limestone on the home will comprise the majority of the walkway. Unilock Copthorne 3-color blend will form the accent border and resembles the brick on the home. (See Image #3)

I LIVE IN A

LOCAL HISTORIC DISTRICT

WHAT DOES THAT MEAN?

Great question! Living within a local historic district means that your immediate neighborhood surroundings (sites, buildings, structures, or archaeological sites) are considered to be of **historic, cultural, or architectural significance**. It's important to note that owning property within a local historic district comes with many benefits but also requires a few obligations from you, the property owner.

BENEFITS & OBLIGATIONS

- Local districts give communities a voice in their future.
- Local districts protect the investments of owners and residents of historic properties.
- Properties within local historic districts appreciate at greater rates than the local market overall as well as faster than similar, non-designated neighborhoods.
- Historic districts are a vehicle for education. They are a tangible link to the past and a way to bring meaning to history and to people's lives.
- Protecting local historic districts can enhance business recruitment potential.
- The stewardship of your historic property and its surroundings.
- Any modifications you'd like to make to the exterior of your property (including windows, landscape, fences, demolition and new construction) is **required to be approved by the Historic District Commission (HDC prior to obtaining a building permit** to perform the work.

The obligations listed above are regulated and managed through the administration of a simple

BUILDING PERMIT APPLICATION REVIEW

Submit your completed Project Review Request Form (included as an insert in this packet) along with all of the required checklist items pertaining to the **exterior** work you'd like to complete to HDC Staff via email (HDC@detroitmi.gov) or in person at the City of Detroit Planning and Development Department located at the Coleman A. Young Municipal Center, 2 Woodward, Suite 808, Detroit, MI.

Depending on the scope of the work, HDC Staff may be able to approve the work and issue you a Certificate of Appropriateness (COA) within a few days. If it's not possible to get an approval at the Staff level, you'll be added to the next available meeting agenda to go before the HDC for review. The Commission is a board of seven volunteers residing in the city and appointed by the Mayor.

As soon as you've received the COA for your proposed work, proceed to the Buildings, Safety Engineering and Environmental Department to obtain your building permit to perform the work.

HOW DO I MAKE

EXTERIOR CHANGES

WITHIN A LOCAL HISTORIC DISTRICT?

1 CONFIRM YOU ARE LOCATED WITHIN A HISTORIC DISTRICT.

Go to www.detroitmi.gov/hdc to confirm your address is located within a local historic district. If so, any modifications you would like to make to the exterior of your property must go through a review process by the Historic District Commission (HDC) **prior** to obtaining a building permit to perform the work.

2 APPLY FOR PROJECT REVIEW BY HDC.

Submit details of the proposed scope of work to HDC Staff at HDC@detroitmi.gov. See application requirements (based on scope of work) below. Depending on the complexity of the proposed work, you may be required to appear before the Historic District Commission for their review.

3 IF APPROVED, OBTAIN BUILDING PERMIT.

Upon receiving a Certificate of Appropriateness (COA) for the proposed scope of work, you can then proceed to the Buildings, Safety Engineering and Environmental Department (BSEED) to obtain the building permit to perform the work.

APPLICATION REQUIREMENTS

NOTE: BSEED REQUIREMENTS NOT INCLUDED

WINDOW REPLACEMENT

(historic windows)

- Completed *Historic District Commission Project Review Request* (including all checklist items)
- Completed *Historic District Commission Application for the Replacement of Historic Windows* (all pages must be submitted) which includes a brochure or other information giving the color, materials, and configuration of the proposed replacement windows; two (2) written estimates from different companies of the cost to repair and paint the existing windows; detailed photographs showing the deterioration of the window interiors.

WINDOW REPLACEMENT

(non-historic windows)

- Completed *Historic District Commission Project Review Request* (including all checklist items)

ROOF REPLACEMENT

(non-historic roofing materials)

- Completed *Historic District Commission Project Review Request* (including all checklist items)
- Detailed scope of work including any related work such as dormers, gutters, soffit and fascia (formatted as bulleted list)

SIDING REPLACEMENT

- Completed *Historic District Commission Project Review Request* (including all checklist items)

ROOF REPLACEMENT

(historic roofing materials)

- Completed *Historic District Commission Project Review Request* (including all checklist items)
- Detailed scope of work including any related work such as dormers, gutters, soffit and fascia (formatted as bulleted list)
- Completed *Historic District Commission Application for Replacement of Historic Roofing* (both pages must be submitted) which includes: two (2) estimates of the cost to repair the existing roof, two (2) estimates of the cost to replace with the same material, two (2) estimates of the cost for asphalt shingle replacement.

PAINT

- Completed *Historic District Commission Project Review Request* (including all checklist items)
- Specifications of proposed paint colors
- Diagrams indicating location of proposed paint color

DEMOLITION (including partial demo)

- Completed *Historic District Commission Project Review Request* (including all checklist items)
- Structural assessment report of the property, completed according to the Commission's template by a licensed structural engineer or architect
- Detailed description of what will happen to the site once demo completed
- For partial demo, include elevation showing the building and surface treatments to newly exposed walls

SUBMIT ALL DOCUMENTATION TO hdc@detroitmi.gov

NEW CONSTRUCTION/ADDITIONS

(including garages)

- Completed *Historic District Commission Project Review Request* (including all checklist items)
- Drawings of proposed project including (1) Site plan showing all changes and landscape features, including location of construction fencing if applicable; (2) Floor plans; (3) Elevations; (4) Sections and other details as needed

DOOR & GARAGE DOOR REPLACEMENT

(including security doors)

- Completed *Historic District Commission Project Review Request* (including all checklist items)

SOLAR PANELS

- Completed *Historic District Commission Project Review Request* (including all checklist items)
- Detailed scope of work (formatted as bulleted list) including any and all other related work to be completed (ex: roof plan, site plan, elevation drawings, dimensions)

SIGN INSTALLATION/REPLACEMENT

- Completed *Historic District Commission Project Review Request* (including all checklist items)
- Dimensioned drawings (elevation and section) of signs
- Photo simulation of proposed sign

BUILDING CLEANING

- Completed *Historic District Commission Project Review Request* (including all checklist items)
- Narrative describing the project, including the cleaning method, names of chemicals, the pressure of any washes or applications, and a description of the surface treatment after cleaning
- Brochures/cut sheets for all proposed cleaning agents

FENCE INSTALLATION/REMOVAL

(including paving, walls, landscaping)

- Completed *Historic District Commission Project Review Request* (including all checklist items)
- Site plan drawing showing: (1) existing lot lines (2) existing buildings (3) location and dimension of proposed fence
- In cases of removal, include a statement as to why element(s) need to be removed.

PORCH (repair and/or reconstruction)

- Completed *Historic District Commission Project Review Request* (including all checklist items)
- Drawings of proposed project including plans, elevations, sections and details as needed

The Historic District Commission reviews and evaluates all proposed exterior changes using the

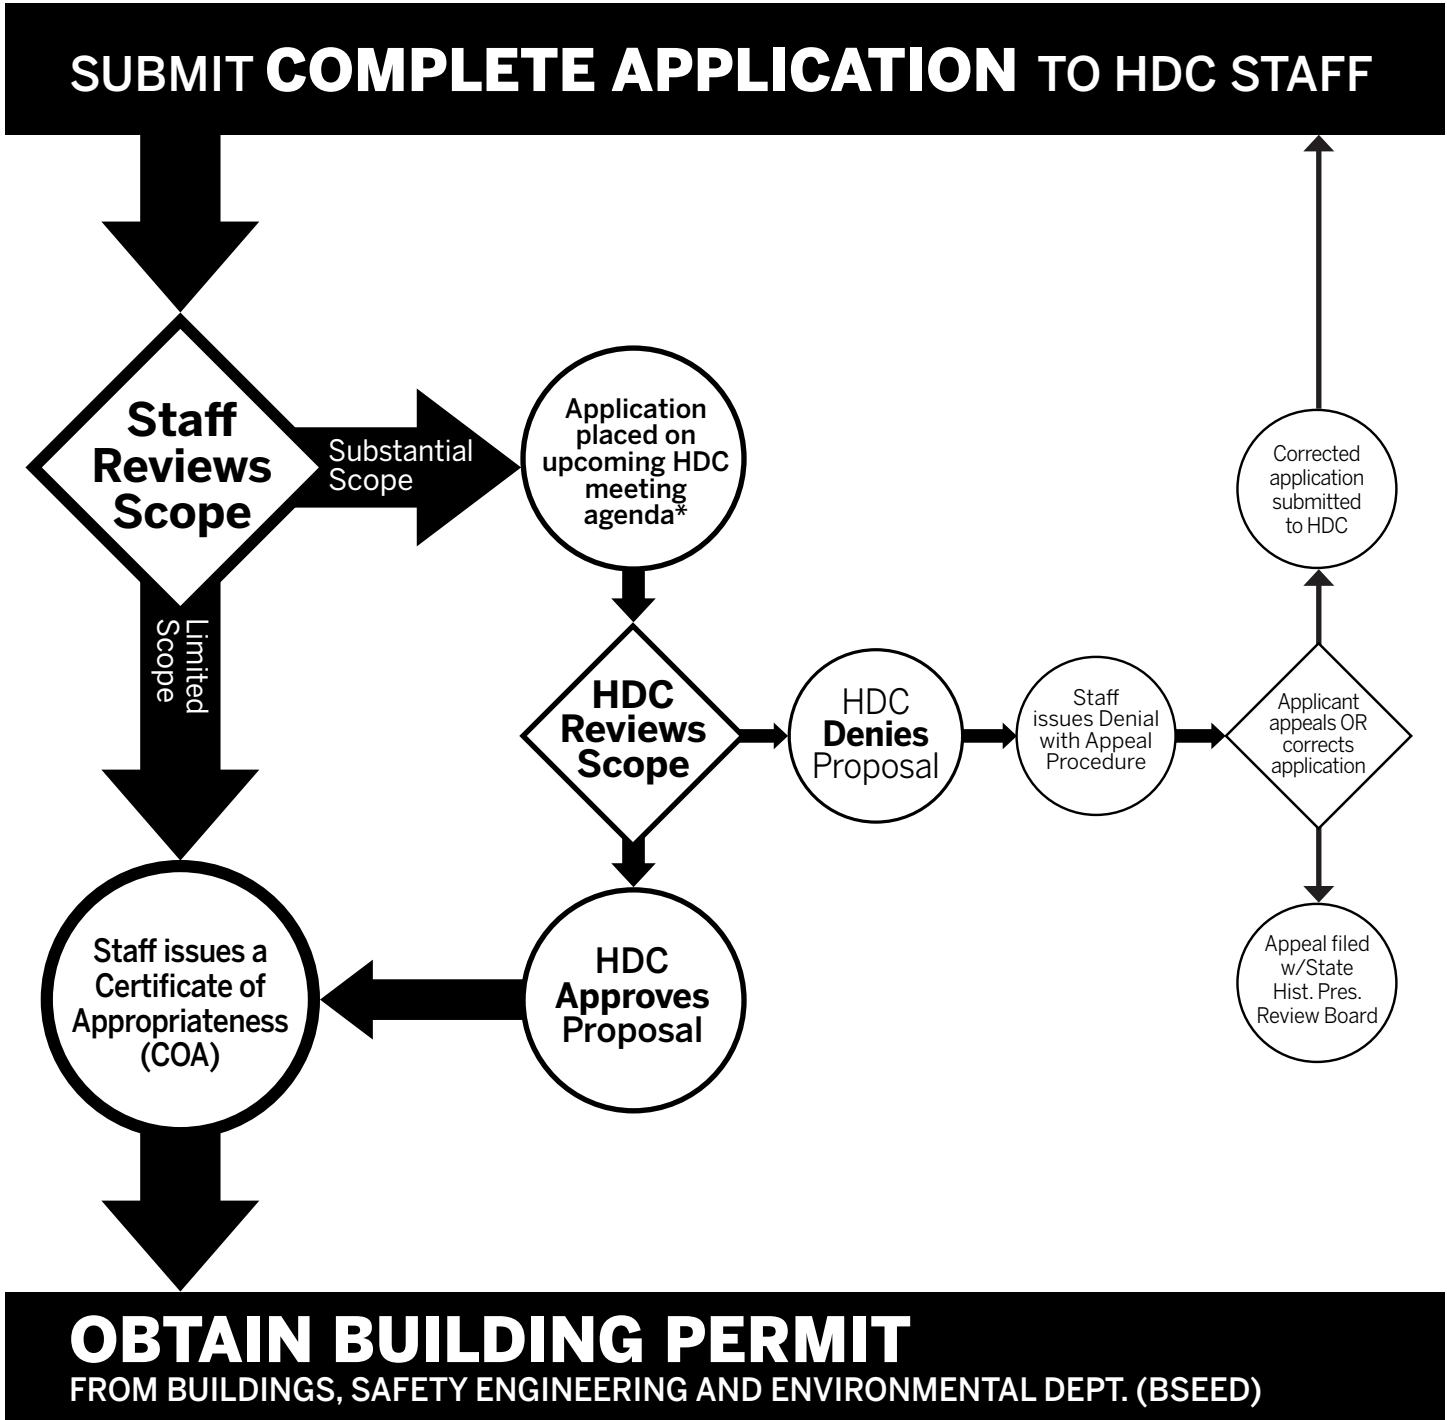

SECRETARY OF THE INTERIOR'S STANDARDS FOR REHABILITATION

1. A property will be used as it was historically or be given a new use that requires minimal change to its distinctive materials, features, spaces and relationships.
2. The historic character of a property will be retained and preserved. The removal of distinctive materials or alteration of features, spaces and spatial relationships that characterize a property will be avoided.
3. Each property will be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or elements from other historic properties, will not be undertaken.
4. Changes to a property that have acquired historic significance in their own right will be retained and preserved.
5. Distinctive materials, features, finishes, and construction techniques or examples of craftsmanship that characterize a property will be preserved.
6. Deteriorated historic features will be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature will match the old in design, color, texture, and, where possible, materials. Replacement of missing features will be substantiated by documentary and physical evidence.
7. Chemical or physical treatments, if appropriate, will be undertaken using the gentlest means possible. Treatments that cause damage to historic materials will not be used.
8. Archaeological resources will be protected and preserved in place. If such resources must be disturbed, mitigation measures will be undertaken.
9. New additions, exterior alterations, or related new construction will not destroy historic materials, features, and spatial relationships that characterize the property. The new work will be differentiated from the old and will be compatible with the historic materials, features, size, scale, and proportion, and massing to protect the integrity of the property and its environment.
10. New additions and adjacent or related new construction will be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

WHAT REQUIRES REVIEW?

THE LISTS BELOW ARE NOT ALL INCLUSIVE. IF YOU DO NOT SEE YOUR PROJECT, CONTACT HDC STAFF

CONTACT HDC STAFF BEFORE:

- Changing paint colors
- Removing large trees, shrubbery, plantings
- Installing new or replacement fencing
- Replacing roofing, flashing, gutters
- Reconstructing areas of masonry walls, chimneys, floors, porches, etc.
- Installing new storm/security doors and storm windows
- Reconstructing all or part of a porch
- Installing new doors, garage doors, security doors
- Installing or replacing signage, including awnings
- Cleaning the building
- Demolishing all or part of a building, including garages
- Constructing a new building or addition
- Installing new or replacement storm windows
- Removing, repairing, or replacing existing windows; installing new windows

GO AHEAD WITH YOUR PROJECT IF:

- Painting in the same colors in the same location
- Trimming or pruning trees, shrubs, plantings
- Repairing **a few** sections of fence with like materials and sizes
- Repairing **a few** shingles, flashing, gutters with like materials
- Replacing **a few** panes of glass with matching glass, switching seasonal storms/screens
- Tuck-pointing **small areas** of mortar with matching mortar
- Installing or removing **existing** storms and screens for the season
- Replacing **small deteriorated areas** of siding with identical materials and sizes
- Repairing existing doors with identical materials
- Putting out or removing cloth awnings on existing frames for the season
