

## ABOUT US

### Custom LED manufacturing experts

LED Tranquility, Inc., A.K.A. "LEDT" was founded in 2008 and is a high-tech privately held woman owned small business specializing in the research and development, design, production, engineering and sales of both standard and custom LED display solutions.

LEDT is headquartered in Vernon Hills, Illinois having manufacturing facilities in both Hong Kong and Shenzhen China. LEDT's Vernon Hills headquarters is a 66,000 square foot facility, additionally LEDT has storage facilities in both Las Vegas, Nevada and Atlanta, Georgia.

LEDT provides a wide range of off the shelf products covering both indoor and outdoor full color LED video wall, HD fine pixel pitch displays, Transparent displays, curved LED, Flexible LED and more.

LEDT products and services are used by municipalities, real estate, businesses, broadcasting, US Army, US Navy, US Air Force, US Marine Corps, Schools and many more. LEDT strictly adheres to its product leading technology strategy and it's unique, 3 tiered talent development strategy to bring together top notch talented professionals with superior manufacturing technology. When the rest of our competitors were still manufacturing basic square video wall panels, LEDT was pushing the limits of full custom solutions. We have dozens of patents and hundreds of software copyrights making us an innovation leader in our industry.

LEDT has distributors in 26 countries. Our company is committed to providing the best LED custom and standard solutions to every customer all over the world. We warranty our product and stand behind it's quality in everything we do. We see our customers as partners, not just as a one time purchase agreement.

## ABOUT LEDT

### COMPANY PROFILE

LED Tranquility, Inc. was founded in 2008  
 3 main manufacturing facilities  
 2 additional storage facilities in the US

### CASE STUDIES

Every image in this brochure reflects our high level of professional detail and commitment to providing a superior product

### PRODUCTS

- Indoor Flexible LED Displays
- Outdoor Flexible LED Displays
- LED Video Stands
- Indoor & Outdoor Full Color SMD LED Displays
- Indoor & Outdoor customized LED Displays
- Small Pixel Pitch LED Displays
- Rental LED Displays
- Front & Back Maintenance LED Displays
- Outdoor Energy Saving LED Displays
- Outdoor Single & Double Color LED Module Series

## FEATURES

- Waterproof IP 65/IP67
- Die-Casting Aluminum cabinet ,Iron cabinet, both have high strength
- High refresh ,High brightness, High gray, Lower power consumption
- Showing excellent visual effect at different viewing angle
- Lock Design ,Quickly assembled
- Adjust brightness through sensor
- Easy Maintenance ,module supports front@rear maintenance

We have contracts with 100's of different carriers with all types of shipping methods. We will provide you options with the best possible shipping solutions to keep the costs of receiving your products at the best price with the best possible service.

1. All products come with either a FIVE or THREE year warranty, depending on the type.
2. This warranty includes labor which extends to the LED Modules, Power Supplies, Control systems and hardware.
3. Shipping costs are paid by the customer. Unless product was received and unused.
4. We accept returns however they will be replaced with the same products from original purchase agreement.
5. Any accidental damage that may occur during the lifetime of ownership can be fixed. We had no issues with "Batching" like other LED manufacturers, so purchasing replacement parts is easy and you don't have to worry about color match. It doesn't matter how old your system is.
6. After the warranty is expired we will still provide you replacement parts at cost as you are part of the LEDT family of customers.
