\*Safe-Way recommends viewing samples of Gentry style window prior to ordering. Gentry depictions on this literature are actual photography however lighting inside or outside the garage can significantly impact the "look" of these windows. Please consult with your dealer prior to purchase.

## CONSTRUCTION

Two deep-drawn, tension-leveled, galvanized steel skins are polyester painted and wrapped around a one-pound density expanded polystyrene insulation board using a polyurethane adhesive.

This construction method provides insulation value, durability, sound deadening qualities, and dent resistance for an all-around superior product.

- A. Finish Painted Coat
- B. Primer Coat
- C. Galvanized Layer
- D. Steel

- A. 11 ball nylon rollers provide quiet operation and long lasting durability.
- B. Heavy duty galvanized 14 gauge hardware.
- C. Tongue and groove design provides weathertight section joints.
- D. 2" expanded polystyrene insulation provides an R-Value of 10.25.
- E. Steel skins inside and out provide maximum durability.
- F. Aluminum bottom retainer with vinyl weatherstrip.
