

Siding, Soffit + Trim Specs + Color Choices

INSPIRATION
is everywhere

YOUR HOME, YOUR STYLE.
MAKE IT PERSONAL.

Alside®

WHAT IS HOME TO YOU?

From basic design to ambitious detail, the ideal home often starts with a PERSONAL INSPIRATION. A rich color that draws your eye, or a new twist to an established style. It's an infusion of craftsmanship and artistry, distinctive in personality from the angles of the rooftop to the color of the front door. Most of all, the ideal home is a familiar and welcoming space, a mix of quality and culture . . . uniquely revealed in the spirit of you.

SIDING PROFILES *and* TEXTURES

Set the stage for your home's exterior design by exploring our wide variety of siding profiles and textures. Horizontal, vertical, special shapes and soffit — all Alside siding panels are ever strong, ever stylish.

HORIZONTAL

Clapboard Clapboard siding features the timeless beauty of authentic wood planks with beveled edges and overlapping joints.

Dutch Lap Dutch lap achieves its signature old-world charm with a recessed curve at the top of each row.

Beaded This 6-1/2" beaded siding captures Colonial-era elegance with a gracefully sculpted beaded ridge and a prominent 3/4" panel projection.

VERTICAL

Board & Batten Faithful to its original design from centuries ago, this vertical panel features a 5-1/2" board face and a 1-1/2" batten strip that projects 1/2" above the board surface.

SOFFIT

Solid Soffit Beautiful and functional, solid vinyl soffit protects the hard-to-reach areas of your home with a low-maintenance finish.

Vented Soffit A key function of any soffit system is to provide proper ventilation for the eaves and rafters.

INSULATED

Insulated Enjoy the added benefits of lower heating and cooling bills and a comfortable environment.

TRIMWORKS®

Decorative Accents Designed to capture the look of handcrafted trim, TrimWorks engineered components make it easy for you achieve custom elegance for your home.

SHAKES AND SCALLOPS

Traditional Shake The single 7" exposure and deep cedar grain texture further enhance the authentic hand-cut appearance.

Scallop Distinctly uniform and elegant, the natural cedar grain texture and a single 6-1/4" exposure achieve picturesque beauty.

Hand-Split Shake Rough-cut edges and a deeply grained, random texture give this 9" profile an extra measure of rustic appeal.

Cape Cod Shingle The clean-line design of this double 5" profile features a natural cedar grain texture that conveys casual charm and sophistication.

A FEW QUICK TIPS:

- Rule of thumb: use 3 – 6 colors, depending on the siding and trim
- If you choose to use 2 siding colors on the same home, use the darker shade on the bottom
- One trim color and one accent color for doors and shutters
- Mix siding with shakes, scallops or stone veneer for custom appeal

COLOR CHEMISTRY

From cool, tranquil colors to bold architectural hues, color is one of the easiest ways to transform the appearance of your home and increase its curb appeal. With just the right inspiration of color and style, your vision will come to life in perfect detail.

STANDARD COLOR COLLECTION

ARCHITECTURAL COLOR COLLECTION

*Available in solid and vented panels for soffit use only, not as a vertical siding.

Note: Colors are as accurate as printing techniques allow. Make final color selections using actual vinyl samples. Market profile and color availability may vary. See your Alside Sales Representative for details.
