Mr. Buckley:

I attached a video showing the two windows that I want to replace with white vinyl to be consistent with the rest of the windows on this level. These windows are not visible from the street. One (in the blue room) is on the back of the house. The other window is on the north facing wall that is on the side of the house and visible to my neighbor's south facing wall, also not visible for public view.

Thank you,

Amanda Johnson
