

SWEETEST HEART OF MARY CATHOLIC CHURCH

T-Mobile site DE04229B

4440 E Canfield Street, d/b/a 4440 Russell Street
Detroit, Michigan 48207

Front of Church (West)

Summary:

T-Mobile upgraded and relocated telecommunication equipment at an existing site in the southwest steeple of the Sweetest Heart of Mary Roman Catholic Parish in June 2021 after receiving a COA for the equipment work in October 2019. The exterior of the steeple was determined by the HDC in a previous COA to be the plane that the antennas would have to remain behind. The new antennas are slightly bigger than the previous antennas and were mounted in such a way that they stuck out past the exterior of the steeple. The HDC alerted T-Mobile and Landlord that the antennas were not compliant with the previous approval and that the antennas were easily noticed. The below photo shows the antennas after the initial upgrade.

T-Mobile brought this issue before the HDC on October 10, 2022. T-Mobile proposed moving the mounting points backwards and add netting/fabric to help bring them into compliance with the previous approval and help camouflage the antennas. After some discussion, the resolution was that T-Mobile would make these changes on one side of the tower as an example. After equipment supply and contractor selection were ironed out, T-Mobile revised the antenna configuration on the Southwest side. Below are a few photos of the antennas after the revision.

Old placement

Once the revisions were made, the Church approved the new configuration. That approval is stated in a letter attached to this summary and recommends DHDC approval. After consultation with DHDC staff, a new application is submitted and T-Mobile requests that the DHDC approve the equipment modifications and grant T-Mobile the right to proceed with proposed revisions on the remaining equipment.

Respectfully,

David Schott
