About This Item

- Description
- Details & Dimensions
- Shipping & Returns

Talking Points

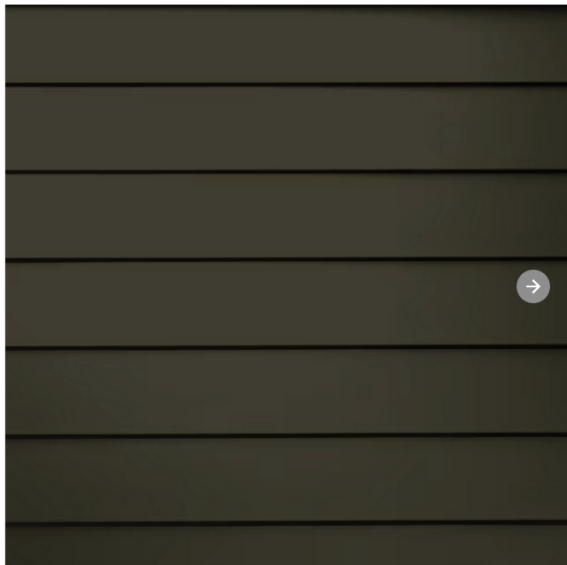

- Dimmable
- Suitable in locations with direct water exposure
- Rust resistant
- Withstands changes in weather

This outdoor collection conveys simple, clean styling in a big way with a streamlined conical metal shade. Generous downward illumination is cast from this dark sky-friendly design. The wall lantern offers a functional style that complements porches, patios, and other outdoor areas in urban industrial and transitional settings. It is a cULus wet location listed for use where water may be present.

EXTERIOR SIDING

Smooth Finish Cement Siding - if "Wandering Green" does not match approved Munsell color closely enough, we will chose a primed smooth siding material and paint to match

James Hardie Magnolia Home Collection HZ5 Fiber Cement Smooth Lap Siding Wandering Green 8.25-in x 144-in

- Magnolia Home | James Hardie Collection, curated by Joanna Gaines
- Hardie® fiber cement products with ColorPlus® Technology finishes
- Hardie® Plank fiber cement siding is Engineered for Climate® allowing boards to hold up to harsh weather conditions

B:14 Dark Grayish Olive
MS: 10Y 2/2

- Hardie® Plank fiber cement siding is Engineered for Climate® allowing boards to hold up to harsh weather conditions
- Smooth, sleek siding board in a Wandering Green color no woodgrain appearance
- 30-year limited non-prorated siding substrate warranty; ColorPlus® Technology finishes are backed by a 15-year limited warranty
- Board resists damage from cold, snow, ice and drastic temperature changes to stay strong and intact
- 5/16-in x 8.25-in x 12-ft Smooth lap board installs horizontally and resists pests that can damage wood siding
- Use a 2-1/2 in. siding gun or siding nailer to attach to wood, steel or masonry substrates
- Cut outdoors using a circular saw with a fiber cement saw blade and a vacuum dust collection system
