

**NOTE: Based on the scope of work, additional documentation may be required. See [www.detroitmi.gov/hdc](http://www.detroitmi.gov/hdc) for scope-specific requirements.**

## PROJECT DETAILS – TELL US ABOUT YOUR PROJECT

**Instructions: Add project details using the text box in each section. If your details exceed the space provided, attach the details via the attachment icon for that section.**

### ePLANS PERMIT NUMBER:

(only applicable if you've already applied for permits through ePLANS)

RES2024-01559

## GENERAL

### 1. DESCRIPTION OF EXISTING CONDITION

*Please tell us about the current appearance and conditions of the areas you want to change. You may use a few sentences or attach a separate prepared document on the right. (For example, "existing roof on my garage is covered in gray asphalt shingles in poor condition.")*

We are remodeling the kitchen and bathroom at our home at 627 W. Canfield St. The kitchen and main floor bathroom are old, not consistent with the historic nature of the home (remodeled by the prior owners about 15 years ago) and need of updating to improve functionality and to make them in line with the historic nature of the house. The three kitchen windows are in disrepair and not operable (painted shut many years ago, do not open and the weight and pulley systems are broken and beyond repair). These windows are in the back of the home, not visible from the street (W. Canfield).

### 2. PHOTOGRAPHS

*Help us understand your project. Please attach photographs of all areas where work is proposed.*

### 3. DESCRIPTION OF PROJECT

*In this box, tell us about what you want to do at the areas described above in box #1. (For example, "Install new asphalt shingle roofing at garage.")*

In addition to remodeling the kitchen and bathroom, which are all internal rooms in the back of the home, we would like to replace the three kitchen windows with new windows that can be opened and close in a safe and secure manner. We would replace them with Marvin windows that are designed and built to look exactly like all other windows in the home. The specifications are attached. We are also repairing mortar in the current brick exterior due to weather damage.

### 4. DETAILED SCOPE OF WORK

*In this box, please describe all steps necessary to complete the work described in box #3. (For example, "remove existing shingles, replace wood deck as necessary, replace wood eaves, install roof vents, replace rotted fascia boards, paint, clean worksite.")*

Remodel kitchen and bathroom, replace the three kitchen windows, repair the brick mortar as necessary to ensure the structural integrity of the exterior.

### 5. BROCHURES/CUT SHEETS

*Please provide information on the products or materials you are proposing to install. For example, a brochure on the brand and color of the shingles proposed.*

## ADDITIONAL DETAILS

<b>6. WINDOWS/DOORS</b> <i>Detailed photographs of window(s) and/or door(s) proposed for replacement showing the condition of the interior and exterior of the window(s) and/or door(s)</i>

## PRODUCT AND PERFORMANCE INFORMATION

### NFRC Ratings:

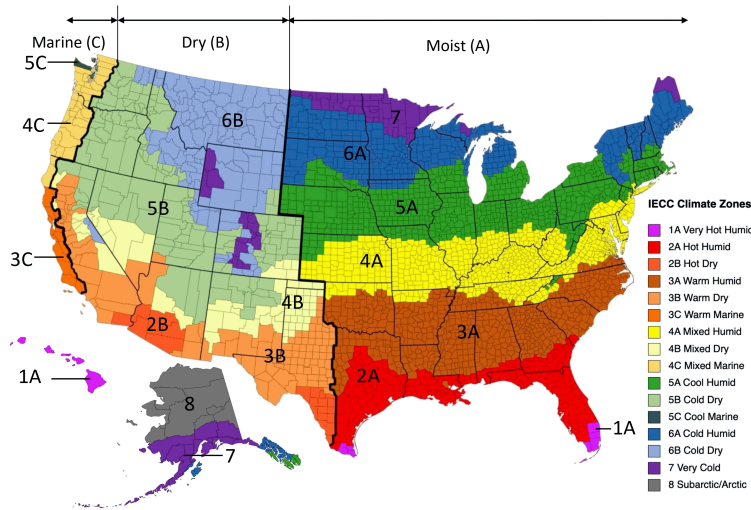

NFRC energy ratings may vary depending on the exact configuration of glass thickness used on the unit. NFRC energy values and ratings may change over time due to ongoing product changes, updated test results or requirements. NFRC values and ratings are finalized on the date of manufacture.

The National Fenestration Rating Council (NFRC) has developed and operates a uniform rating system for the energy performance of fenestration products, including windows, doors and skylights. For additional information regarding this rating system, see [www.nfrc.org](http://www.nfrc.org).

### Code (residential, building or energy) Compliance:

Determining the suitability and compliance with state, provincial, local, or other applicable building codes or standards, including energy codes, is the responsibility of the buyer, user, architect, contractor, installer, and/or other construction professional.
