

NOTE: Based on the scope of work, additional documentation may be required. See www.detroitmi.gov/hdc for scope-specific requirements.

PROJECT DETAILS – TELL US ABOUT YOUR PROJECT

Instructions: Add project details using the text box in each section. If your details exceed the space provided, attach the details via the attachment icon for that section.

ePLANS PERMIT NUMBER:

(only applicable if you've already applied for permits through ePLANS)

N/A

GENERAL

1. DESCRIPTION OF EXISTING CONDITION

Please tell us about the current appearance and conditions of the areas you want to change. You may use a few sentences or attach a separate prepared document on the right. (For example, "existing roof on my garage is covered in gray asphalt shingles in poor condition.")

remove all old windows and install new approved windows
some of the windows have storm windows and many do not function.

2. PHOTOGRAPHS

Help us understand your project. Please attach photographs of all areas where work is proposed.

3. DESCRIPTION OF PROJECT

In this box, tell us about what you want to do at the areas described above in box #1. (For example, "Install new asphalt shingle roofing at garage.")

Install better windows that function and are energy efficient and keep the aesthetic look and feel of the district

all and windows are being done

4. DETAILED SCOPE OF WORK

In this box, please describe all steps necessary to complete the work described in box #3. (For example, "remove existing shingles, replace wood deck as necessary, replace wood eaves, install roof vents, replace rotted fascia boards, paint, clean worksite.")

Remove existing windows, inspect and repair/replace any framing. Install windows and insulate around frame trim around frame to match windows

5. BROCHURES/CUT SHEETS

Please provide information on the products or materials you are proposing to install. For example, a brochure on the brand and color of the shingles proposed.

WHY CHOOSE VINYL

Your Versatile Window Solution

Endure® windows are constructed of SunShield® vinyl, made with a compound proven to perform better than alternative building materials. Vinyl ensures long-lasting color retention and low maintenance, plus the added confidence of a warranty against rotting, cracking, pitting, corroding and peeling. The vinyl is resistant to rot, insect and microbial damage, never requires painting and is easy to clean.

LOW MAINTENANCE

Vinyl is the low-maintenance choice for residential use.

SUPERIOR WEATHERABILITY

The vinyl compound is uniquely formulated to withstand the harsh effects of weather, UV light and southern exposure.

COLOR RETENTION

Pharmaceutical-grade compounding and blending systems provide consistency, so you can rely on superior color and weatherability.

DESIGNED TO PERFORM

Industry partnerships and on-going research into new technologies ensure the vinyl compound exceeds industry standards, outperforms the competition, and works together to offer best-in-class technology.

PRIVACY AND TINT

Privacy Options

Choose from six different types of glass if you need light to filter in, yet want to maintain privacy. These glass styles look great in rooms where privacy is important.

Churchills

Tuffies

Waterfall

Gluehup

Obscure Pebble

NEW Frosted

Actual privacy levels will vary depending on your distance from the glass and also the amount of light in the room in comparison to the light outside your home. For extra privacy, contact a custom window to add an extra pane of privacy glass to your window or patio door order.

Tint Options

Tinted glass can help reduce UV transmittance, solar heat gain and glare. Tinted glass options can give a room a whole new look, providing its best unique set of benefits. Be sure to choose the right one for your home.

Clear Glass

Bronze

High visible light transmittance
Blocks glare to interior allows
Complements look and tone
of interior light spectrum

Green

Subtle color increases brightness
High visible light transmittance

Gray

Excellent glare control
Some degree protection against
interior fading and color fading
Effective light protection

Blue

Low shading coefficient
High visible light transmittance
Total performance reduces solar heat gain

GRIDS

The style of grids you choose can make a big impact on your home's appearance. Grids look great on the front side of a house or in accent windows throughout the home. You can choose from internal or external grids and several grid patterns including variations of Colonial, Cottage and Prairie styles.

External Grids (Simulated Divided Lites) ^{Windows only}

Grids are applied to the glass on both the interior and exterior of the window. If you decide to get painted windows, choosing SDGs as your grid choice allows the SDGs to be painted to match your exterior window color.

Internal Grids

If you want grids, but prefer not to clean around them, opt for internal grids so you get the same look without the hassle.
