

NOTE: Based on the scope of work, additional documentation may be required. See www.detroitmi.gov/hdc for scope-specific requirements.

PROJECT DETAILS – TELL US ABOUT YOUR PROJECT

Instructions: Add project details using the text box in each section. If your details exceed the space provided, attach the details via the attachment icon for that section.

ePLANS PERMIT NUMBER:

(only applicable if you've already applied for permits through ePLANS)

N/A

GENERAL

1. DESCRIPTION OF EXISTING CONDITION

Please tell us about the current appearance and conditions of the areas you want to change. You may use a few sentences or attach a separate prepared document on the right. (For example, "existing roof on my garage is covered in gray asphalt shingles in poor condition.")

Financial reasons due to cost of windows being restored. Rehab cost was \$47k for 80% of the windows. To be replaced by Pelle was going to \$92k. Also, due to conditions of the windows having no installation, and being cracked. Also, it's unclear how many of the windows are original. We however realize that the windows in the front of the house are most likely original and apart of our home and are only looking to replace those that aren't.

2. PHOTOGRAPHS

Help us understand your project. Please attach photographs of all areas where work is proposed.

3. DESCRIPTION OF PROJECT

In this box, tell us about what you want to do at the areas described above in box #1. (For example, "Install new asphalt shingle roofing at garage.")

Window installation

For question number 5. We're looking to have vinyl windows installed for the windows that appear to not be original with a cranberry finish. I hope this provides the details needed. Thank you.

4. DETAILED SCOPE OF WORK

In this box, please describe all steps necessary to complete the work described in box #3. (For example, "remove existing shingles, replace wood deck as necessary, replace wood eaves, install roof vents, replace rotted fascia boards, paint, clean worksite.")

We have received quotes from Wallside Windows who are professional installers and would have details on what the steps involve.

5. BROCHURES/CUT SHEETS

Please provide information on the products or materials you are proposing to install. For example, a brochure on the brand and color of the shingles proposed.

ADDITIONAL DETAILS

<p>6. WINDOWS/DOORS <i>Detailed photographs of window(s) and/or door(s) proposed for replacement showing the condition of the interior and exterior of the window(s) and/or door(s)</i></p>

Wallside Windows also offers a wide range of custom glass designs. Ask your Sales Representative for details.

Karen H., Grand Ledge, MI

"Customer service is above and beyond."

FlexScreen hides in the window screen pocket, drastically improving sight lines and eliminating the need for color matching. Your windows will never look better.

This revolutionary design utilizes a PVC coated, high-performance spring steel frame. However, innovation does not need to be complex, so you will not find unnecessary attachment hardware.

- SIMPLE DESIGN
- EFFORTLESS INSTALLATION
- DAMAGE RESISTANT
- BEAUTIFULLY INVISIBLE

FlexScreen installs in our Double Hung, Sliding and Casement style windows with nearly no effort.

WINDOW FRAME COLORS

WARM-EDGE STAINLESS STEEL SPACER

1. **Primary Seal (PIB) POLYSIOBUTYLENE**
 Minimizes moisture permeation, increases UV resistance and has one of the lowest argon permeation of all known sealants.
2. **Secondary Seal**
 Specially formulated silicone that provides long-term adhesion.
3. **Spacer**
 Stainless steel spacer that features a roll form design that adds strength to create an impermeable barrier to keep moisture out.
4. **Desiccants**
 Molecular sieve creates a frost point below - 85 degrees F. Provides optimal moisture adsorption.
