### GENERAL

**1. DESCRIPTION OF EXISTING CONDITION**

*Please tell us about the current appearance and conditions of the areas you want to change. You may use a few sentences or attach a separate prepared document on the right. (For example, "existing roof on my garage is covered in gray asphalt shingles in poor condition.")*

Existing facade is the original natural brick. See deck under 'photographs' for an image of the current state.

**2. PHOTOGRAPHS**

*Help us understand your project. Please attach photographs of all areas where work is proposed.*

**3. DESCRIPTION OF PROJECT**

*In this box, tell us about what you want to do at the areas described above in box #1. (For example, "Install new asphalt shingle roofing at garage.")*

We would like to paint the existing natural brick facade white with off white trim. This will create some separation and distinction between the three tenants in the building and will reflect the aesthetic of our space and brand.

**4. DETAILED SCOPE OF WORK**

*In this box, please describe all steps necessary to complete the work described in box #3. (For example, "remove existing shingles, replace wood deck as necessary, replace wood eaves, install roof vents, replace rotted fascia boards, paint, clean worksite.")*

1. Clean facade and prime.
2. Apply white exterior paint (numbers of coats as needed to ensure opaque application).

**5. BROCHURES/CUT SHEETS**

*Please provide information on the products or materials you are proposing to install. For example, a brochure on the brand and color of the shingles proposed.*
