

## **AIRPORT (10)**

### ***AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY***

#### **MISSION:**

The Airport Department continues to evolve by bringing costs in line with revenue and improving services. The emerging strategy is to accelerate the growth of Detroit as a commercial and industrial transportation center and maximize the Coleman A. Young Airport's economic benefit to our community and region.

#### **DESCRIPTION:**

The Airport Department by City Ordinance, Section 4-1-2, acquires and holds aviation facilities, develops and operates them, leases these facilities; represents the city in all aviation matters affecting the interest of the city and manages all city properties and equipment devoted to aviation activities.

The Department's main holding is the Coleman A. Young Airport. The Airport covers 300 acres of land, which includes: two runways, the Air Carrier Terminal, Executive Terminal (including 14 large hangars), 129 small aircraft hangars with 145 based aircraft. Coleman A. Young Airport handles 75,000 aircraft operations.

Currently, airport staff administers, operates, and maintains the airport. In addition, there are more than 100 personnel employed at the Coleman A. Young Airport. The primary employers are the Airport Department, Midwest Air Traffic Control, FAA, AvFlight Corporation (Fixed Based Operator), Air Eagle, Certified Aircraft Rescue Firefighting (ARFF), City Aviation, Civil Air Patrol, Tuskegee Airmen, Friends of Detroit City Airport, the Detroit Fire Department and the Detroit Aircraft Corporation.

#### **AGENCY GOALS:**

1. Enhance the Airport's image as a premier gateway to Metropolitan Detroit.
2. Provide a safe and secure operating environment for our customers.
3. Eliminate subsidization of Coleman A. Young Airport by the General Fund.
4. Promote community development.
5. Increase local youth exposure to the aviation industry and potential career opportunities.

## **BUILDINGS, SAFETY ENGINEERING AND ENVIRONMENTAL DEPARTMENT (13)**

### ***AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY***

#### **MISSION:**

The Buildings, Safety, Engineering, and Environmental Department (BSEED) mission is to provide for the safety, health and welfare of the general public as it pertains to buildings and their environs in an efficient, cost effective, user friendly and professional manner. BSEED enforces construction, property maintenance, environmental compliance and zoning codes, which preserves and enhances property values and promote a quality of life to make Detroit a preferred place to reside and conduct business. BSEED also operates as the City's Environmental Affairs Department.

#### **DESCRIPTION:**

The Buildings, Safety Engineering and Environmental Department employs a team of State Certified Construction and Trade Inspectors, Plan Reviewers, Professional Engineers, as well as Environmental Specialists, Administrative and Operational staff that collectively:

- Administers and enforces Zoning laws, ordinances and regulations related to land use; providing zoning reviews, special land use hearings and site plan reviews.
- Performs Plan Reviews of construction documents for new construction, alteration or rehabilitation of existing structures.
- Issues building and trade permits for construction and demolition, inspects all construction projects and enforces compliance with building codes.
- Performs annual inspections of rental and commercial structures as required by the Property Maintenance Code.
- Performs inspections of dangerous buildings and issues violations where conditions exist.
- Issues violations for blight, including graffiti, and pursues enforcement actions to achieve code compliance.
- Licenses businesses; educates, investigates and enforces noncompliance with business license requirements.
- Develops and implements programs for sustainable Brownfield Redevelopment and green initiatives.
- Identifies and mitigates environmental hazards and obtains funding for assessment and clean-up of contaminated sites.
- Provides technical assistance, engages in policy, legislative and regulatory initiatives to assist the City and other municipalities to meet their environmental objectives.

#### **AGENCY GOALS:**

1. Ensure structures in the city meet or exceed minimum standards by enforcing compliance with construction and zoning codes, and related federal, state or local laws.
2. Improve responsiveness and efficiency to assist developers, customers, and the community.
3. Improve the stability and safety of neighborhoods by enforcing the property maintenance and zoning codes, Special Land Use conditions and other ordinances.
4. Assist in the reduction of blighted, vacant or dangerous structures within the city of Detroit.
5. Enforce compliance of local businesses with federal, state and local laws, in order to promote a healthy local economy.
6. Foster legislative and regulatory initiatives that will help the city meet its environmental objectives.
7. Manage the department in a cost-effective and responsible manner.

## **BUILDINGS, SAFETY ENGINEERING AND ENVIRONMENTAL DEPARTMENT (13)**

### **ACTIVITY DESCRIPTIONS:**

#### **ADMINISTRATION**

The **Administration Division** is responsible for the day to day operations to ensure that each division in the department is properly executing the mandates of the administration and enforcement of federal, state, and local laws related to departmental activities. Responsibilities include identification and allocation of resources to properly manage, plan, provide program development, customer relations, strategic planning, and implementation of policies.

Key business processes:

- Execute operational functions and initiatives department-wide.
- Budget development and management.
- Human Resource management.
- Information Technology support, strategies and new initiatives.
- Records maintenance and retention, including construction archives, plans and permits for structures within the City.
- Addresses requests of City Council, other City agencies, and the public.
- Participates in various Mayoral and City-wide initiatives.
- Manage the schedule of various boards and commissions, including the Construction Board of Appeals, the Board of Rules and the Wrecking Board.
- Customer service and process improvement initiatives.

#### **PLANNING AND PERMITTING SERVICES**

The **Plan Review Division** is responsible for the review of all new construction projects for alterations to existing buildings; changes of use; signs and awnings; temporary use permits; demolition applications to ensure compliance with the Zoning Ordinance; and to determine the types of reviews necessary for permitting by the Plan Review Division and external agencies/departments. The staff verifies compliance with the Michigan Building Code, Michigan Residential Code, Michigan Rehabilitation Code, Michigan Electrical Code, Michigan Mechanical Code, Michigan Plumbing Code, International Fuel Gas Code, City Elevator Code and Boiler Code. In addition to reviewing plans for various construction projects, the division's staff provides consultation to the public, by phone, email, and in person.

**The Development Resource Center (DRC)** is designed to act as an information resource center for facilitating development projects; building application intake; mapping the development process; weather, conceptual, new construction rehabilitation and alterations; Green Storm Water; activating vacant lots for land based ventures; or tactically preserving existing structures.

The City Charter (Sec. 7-405, "One-Stop Service") provides authority to BSEED, in cooperation with other agencies whose approval is required, to establish a procedure and application form under which an applicant for development may obtain through BSEED all necessary permissions. The DRC coordinates these processes, arranges, and tracks the necessary construction or site plan reviews and approvals by other various City agencies. Whenever practicable, these reviews are performed onsite in BSEED.

## **BUILDINGS, SAFETY ENGINEERING AND ENVIRONMENTAL DEPARTMENT (13)**

- **Welcome Resource Center/Intake Center (WRC)** – The primary Intake Center for entering into the BSEED virtual environment. A customer’s arrival point of entry for permitting applications; providing assistance, guidance and resources; allowing customers to create accounts, upload plans and applications for review. **Electronic Plan Review (ePLANS)** - Electronic submittal of construction or site plans for review and approval, either off-site or at BSEED. **Electronic Plan Review** is currently LIVE; is expected to streamline operations and reduce review turn-around and response times by providing parallel vs. sequential reviews; and enable feedback, corrections and comments to be submitted online.
- As part of the development concierge service being provided, we assign a Project Facilitator who will serve as a single point of contact for inter-agency communication; provide guidance to customers; schedule pre-application consultations; track projects; plan reviews; and connect to business advocacy services. BSEED is also preparing illustrated “Quick Start”, “DIY” and “How To” materials to be disseminated.
- **One-Stop Virtual Permitting** – BSEED is designing a Phase 2 of our cloud-based solution, a multi-departmental resource base for all City of Detroit permitting needs. This allows consolidation of development-related reviews, approvals, and permit issuance in one location. Also, provide a Permitting Wizard to navigate through the required Zoning, Permitting, Fees, and Licensing.
- **Qless** - BSEED customers have access to an on-site kiosk, mobile device or computer to virtually stand in line. It reduces crowded waiting areas, connecting customers to the right persons while offering interactive real-time updates.

The **Zoning Division** is the designated Zoning Administrator for the City of Detroit. The City Charter (Sec.7-401) provides responsibility to BSEED to “administer and enforce all laws, ordinances and regulations relating to the use of land (‘zoning’)”. All applications for permits, grants, variances, waivers or exceptions under zoning laws are coordinated by this division including:

- Reviews construction projects for compliance with zoning ordinance.
- Provides zoning assistance, interpretation and verification.
- Facilitates zoning review prior to the establishment of new uses in all zoning districts.
- Performs Site Plan review for special land uses and large scale development.
- Processes zoning variances for the Board of Zoning Appeals.
- Provides special land use hearings for conditional, controlled and regulated land uses, which includes inviting the public.
- Hearings are held for Medical Marihuana, which complies with the Medical Marihuana Act provided by the State of Michigan.
- Coordinates with and testifies at Board of Zoning Appeals hearings.
- Works interdepartmentally on zoning ordinance revisions related to development.
- Enforces zoning ordinances, special land use conditions, and illegally established uses through inspections and issuance of correction orders/violations.
- Provides zoning decision based on outcome of Special Land Use hearings.

## **BUILDINGS, SAFETY ENGINEERING AND ENVIRONMENTAL DEPARTMENT (13)**

### LICENSING & PERMITS

The **Business License unit** educates and enforces compliance of City Codes for regulated Detroit businesses as delineated in federal, state and local laws to promote a healthy and viable local economy.

- Business License Center is charged with granting and renewing licenses to businesses that have complied with the licensing process;
- Processing license applications and coordinating approvals with internal/external agencies are the components of the process;
- Conducting “Show Cause” Hearings for non-compliant businesses is an enforcement tool. The hearing’s disposition may result in denial, suspension or revocation of a business license in accordance with city code;
- Business License has office staffers and field investigators to ensure that education, assistance, and enforcement guides are available to the Citizens of Detroit.
- When a license is denied, suspended, or revoked, works with the Law Department to have the business placarded, placing the public on notice that the indicated business operation is illegal.

The **Permits unit** is responsible for issuing permits for construction (building, mechanical, electrical, plumbing, elevator, boiler, and demolition) upon approval of trade and use licenses.

### CONSTRUCTION INSPECTION SERVICES

Construction Inspection Services protects and promotes public health, safety and welfare in new construction development and renovating existing structures by verifying compliance with applicable codes and taking appropriate enforcement action when necessary. BSEED enforces the State of Michigan Construction Codes and its Inspectors are registered through State Public Act 407 of 2016. Enforcement may include misdemeanor violations adjudicated at the 36<sup>th</sup> District Court, show cause, and stop work orders.

The **Buildings Division** performs inspections of construction activities to ensure that structures comply with approved plans and the building codes and standards. The Buildings Division also inspects permit work related to life safety systems and their function testing, wrecking, signs, awnings, tents, other temporary uses and issues Certificates of Occupancy upon approval. The Buildings Division coordinates the Board of Wrecking Examiners, an appointed body that oversees all aspects of wrecking licensing within the City.

- The **Mechanical Section** conducts inspections of mechanical systems including heating/cooling appliances; large refrigeration installations related to air conditioning, process or storage purposes; gas piping; and fire suppression systems for compliance with applicable codes. The License Examiner’s Office conducts examinations of applicants for steam and refrigeration occupational licenses. The Mechanical Section is responsible for approval of business and use licenses relating to the operation of mechanical equipment.
- The **Electrical Section** inspects new construction, alterations, and renovations of electrical, signaling and fire alarm systems for code compliance. This section also approves licenses of electrical contractors, journey workers, master electricians, fire alarm technicians and sign specialists. The Electrical Section coordinates the Board of Electrical Examiners, an appointed body that oversees all aspects of electrical licensing within the city.

## **BUILDINGS, SAFETY ENGINEERING AND ENVIRONMENTAL DEPARTMENT (13)**

- The **Boiler Section** conducts inspections of all large capacity boilers in the city of Detroit and monitors compliance with “post-of-duty” requirements to ensure safe boiler operation. The division enforces the National Board Inspection Code.
- The **Elevator Section** conducts inspections of all elevators, escalators, moving walks and chair-lift installations for National ASME Code A17.1 compliance. This section also administers examinations and licensing for elevator journey workers within the city of Detroit.
- The **Plumbing Section** inspects new construction, alterations, and renovations of plumbing systems to ensure the systems meet approved plans and comply with code requirements. This section also approves the registration of plumbing contractors and water treatment operators. Plumbing cross-connection inspections are performed to identify potable water systems that are in need of protection from contaminants, as required by the State of Michigan Safe Drinking Water Act.

Key business processes:

- Construction inspections, Permit and Annual Inspections and issuance of Certificates of Occupancy, Approval or Acceptance.
- Notification of Violations and compliance enforcement at 36<sup>th</sup> District Court and Department of Administrative Hearings.
- Responding to Complaints.
- Examinations of Trade Professionals.
- Annual Cross-Connection Inspections.

There are future development projects that will demand onsite Inspectors to monitor the activities of the projects from ground breaking to completion. Based on discussions with local contractors and or developers, three additional dedicated inspectors for each discipline will be needed for Building, Mechanical, Plumbing and Electrical.

### PROPERTY MAINTENANCE INSPECTIONS

The **Property Maintenance Division (PMD)** provides inspections of existing rental residential and commercial structures to encourage property maintenance and the stabilization of neighborhoods by addressing blight, as well as maintaining the safety and welfare of tenants. Property Maintenance also conducts community surveys and responds to citizen complaints to correct noncompliant properties and if tenant relocation is necessary (in cases of no heat, water or electricity), PMD works with the housing and health department to find temporary living arrangements. Property owners who are not in compliance with the current Property Maintenance and Zoning Codes are subject to tickets which may result in litigation and possible fines levied by the Department of Appeals and Hearings and 36th District Court. BSEED hired project managers who streamline and implement processes and procedures while tracking performance and daily productivity to help increase code enforcement. All metrics, dashboards, and scorecards are being managed by the managers and reported to the Administration on a weekly basis.

## **BUILDINGS, SAFETY ENGINEERING AND ENVIRONMENTAL DEPARTMENT (13)**

Key business processes:

- Rental Inspection.
- Commercial Inspections.
- Property Maintenance inspections including graffiti.
- Issuance of violations and enforcement at 36<sup>th</sup> District Court and the Department of Appeals and Hearings.
- Responding to Complaints.

Rental Program- Rental inspections are performed to verify that the owner is in compliance with the minimum requirements of Chapter 9 of the 1984 Detroit City Code entitled The Property Maintenance (D P M) Code. A team has been put together to ensure that the owners are remaining compliant according to their agreements.

Commercial Annuals- Scrap Yards Moratorium was released January 02, 2019 which states, “Any auto-related property owner has until April 01, 2019 to come into compliance.”

Commercial Deferral- the Dangerous Buildings’ ordinance (290-H) and State Law require the City to take certain actions to remedy dangerous structures. State licensed building inspectors investigate and identify dangerous conditions and recommend abatement actions. Administrative staff sends out appropriate notifications and schedules “show cause” hearings at the department and City Council.

Commercial Corridor- the purpose of enforcement procedures for property maintenance “Blight” violations is to maintain the integrity of the stable neighborhoods and business districts and improve the integrity of the blighted neighborhoods and business districts within the city of Detroit.

The **Dangerous Buildings Division** imposes ordinance (290-H) and State Law require the City to take certain actions to remedy dangerous structures. State licensed building inspectors investigate and identify dangerous conditions and recommend abatement actions. Administrative staff sends out appropriate notifications and schedules “show cause” hearings at the department and City Council.

Demolition activities, subsequent to an order to demolish, have been reassigned to the Housing and Revitalization Department and the Detroit Building Authority. The division will continue to issue wrecking permits and inspect demolition work for Building Code compliance.

Key business processes:

- Intake and response to dangerous building complaints, including emergencies.
- Tract index searches and property ownership identification.
- Notification to owners and posting of notices.
- Filing documents of record.
- Coordination of and presentation at “show cause” office hearings.

## **BUILDINGS, SAFETY ENGINEERING AND ENVIRONMENTAL DEPARTMENT (13)**

Key business processes (Cont.):

- Presentation at City Council hearings.
- Demolition deferral and rescission request processing.
- Fire Insurance Escrow inspections.

### ENVIRONMENTAL AFFAIRS

**Environmental Affairs** (EA) interacts with federal, state and local agencies to improve and protect the City's water, air, and land resources. EA's technical personnel are assigned to either Environmental Assessment or Response (Brownfields) or Environmental Management Systems/Emergency Response.

EA develops and implements programs that support sustainable development initiatives which focus on Brownfields Redevelopment pursuant to the Michigan Natural Resources and Environmental Protection Act (NREPA), Public Act 451 of 1994, as amended, and obtains funding for cleanup of contaminated sites. EA fosters legislative and regulatory initiatives at the state and federal levels to assist the City of Detroit like other municipalities in meeting their environmental objectives through partnership programs, policies, and funding. In addition, EA identifies funding opportunities by applying for and obtaining grants for redevelopment purposes. EA reviews Environmental Site Assessment reports for commercial properties to assist the Detroit Building Authority in the demolition of these sites. EA is responsible for enforcement of the bulk solid materials storage amendments to Chapter 22 of the City Code.

The City Charter requires EA to coordinate environmental protection policies in the City of Detroit. EA must review and approve Environmental Site Assessment reports for all properties being acquired by the City of Detroit. EA staff provides skills to maintain citywide compliance with applicable laws and regulations. Staff also provides guidance on the most effective, sustainable use of the natural resources available to the City. Lastly, EA assists other city departments with environmental compliance requirements and objectives by providing technical assistance and developing procedures to achieve compliance.

In FY 2017-18, the Environmental Enforcement group which was formerly a part of the Department of Public Works (DPW) Solid Waste group was merged to the EA appropriation for synergy and has been under the supervision of EA since May 2018. Personnel and operating costs associated with the unit are fully reimbursable by the Solid Waste fund of DPW.

In FY20, the EA will assume responsibility for the administration of the Wayne County Soil Erosion and Sedimentation Control Program within the city of Detroit. The new program will require Environmental Specialists to review plans submitted for each development that meets the requirements in addition to conducting multiple site inspections at each site to ensure that control measures are installed correctly and are working properly.

EA was approved to participate in the Community Rating System (CRS) in late 2017 which is optional to communities that participate in the National Flood Insurance Program (NFIP). The mandated activities were evaluated and the city received a CRS classification of 8, which allowed homeowners of properties located in Special Flood Hazard Areas (SFHA) of the city to realize a 10% reduction in the cost of their flood insurance premiums which became effective on October 1, 2017.

## **BUILDINGS, SAFETY ENGINEERING AND ENVIRONMENTAL DEPARTMENT (13)**

Due to efforts by the Federal Emergency Management Agency (FEMA) to revise the Flood Insurance Rate Maps, which determine the size and location of the SFHA, the Jefferson/Chalmers neighborhood may see an increase in the size of the SFHA by four times or more. It is the City's goal to increase the flood plan management activities to enable a higher reduction on flood insurance premiums. Additional participation in FEMA's effort to revise the Flood Insurance Rate Maps is imperative to prevent the expansion of the flood plains.

EA anticipates an increase in the number of Environmental Assessments reports for review and approval by EA requested for planning for new development projects in the city and prior to commercial demolitions. EA also anticipates additional requests for environmental reviews from Detroit Brownfield Redevelopment Authority (DBRA).

Environmental Enforcement has seen a yearly increase in requests submitted through See Click Fix from 17,690 in Fiscal Year 2017 to a projected 35,600 in fiscal year 2019.

## SINKING INTEREST AND REDEMPTION (DEBT SERVICE) (18)

### *AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY*

#### **MISSION:**

The purpose of the Debt Service Fund is to meet the principal and interest of certain bonded indebtedness of the City of Detroit.

#### **DESCRIPTION:**

Sinking (bond) and interest redemption provides for the scheduled retirement of principal and interest on long-term City debt. This debt derives from unlimited tax general obligation bond sales. (The debt service on Enterprise Funds appears in the Enterprise Agency Sections.)

State law limits the amount of general obligation debt a city may have outstanding at one time. Generally, the limit requires such debt to be within ten percent of the assessed value (which includes certain assessed value equivalents for purposes of the formula) of all real and personal property in the city. Significant exclusions to or extensions of the debt limit are permitted for special assessment bonds, motor vehicle highway bonds, hospital bonds, certain mortgage and housing bonds and various other bonds for projects deemed necessary for abating pollution. The City's outstanding debt is currently within the limits prescribed by State law.

Several financing agencies have debt, which is managed by the Treasury Division- Debts and Disbursements Section of the Office of the Chief Financial Officer.

**The City of Detroit Tax Increment Finance Authority** was established for the purpose of preparing development and tax increment financing plans in the City. The Authority has sold tax increment bonds and assisted in the financing of a portion of the Central Industrial Park Project, which includes a 3 million square foot General Motors plant in operation since 1985. Because of a sunset provision in the legislation creating this entity, this Authority does not have the ability to issue additional debt. The debt has been repaid under this Authority and the city no longer capture taxes for this purpose.

**The Local Development Finance Authority** was established for the purpose of assisting in the financing of development projects in the City. The Authority is authorized to sell tax increment bonds and sold bonds to finance part of the cost of the City's Jefferson/Conner Redevelopment Project.

## DEPARTMENT OF PUBLIC WORKS (19)

### *AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY*

#### **MISSION:**

The mission of the Department of Public Works is to provide excellence in the delivery of essential environmental and infrastructure services; thereby, ensuring a safe and clean environment for our customers in a cost-effective manner. The Department is continuing on the path to achieve greater efficiencies with its core deliverables to ensure a cleaner environment, a sound infrastructure and a safer means of travel. The Department remains fully committed to operating within our budget while providing the most cost-effective and efficient services to our citizens and customers.

#### **DESCRIPTION:**

The Department of Public Works has five (5) divisions and the Greater Detroit Resource Recovery Authority (GDRRA): Administration, Traffic Engineering, Solid Waste, Street Maintenance, and City Engineering.

#### **AGENCY GOALS:**

1. Provide optimum municipal solid waste management in a fiscally and environmentally responsible manner, resulting in a cleaner and greener city.
2. Provide high quality, cost-effective maintenance of City assets in our public right-of-ways.
3. Provide cost-effective and timely design and construction engineering services to our customers.
4. Provide quality, cost effective and timely services in the City's right-of-way for safe and expeditious traffic flow.

## DEPARTMENT OF PUBLIC WORKS (19)

### ACTIVITY DESCRIPTIONS:

#### ADMINISTRATION

The Administrative Division provides overall management and direction to all divisions of the Department, ensuring alignment with the objectives of the City's Administration. It also houses the Street Administrator, who oversees all street-funded DPW operations including the Traffic Engineering and Street Maintenance Divisions along with the majority of the City Engineering Division.

#### STREET FUND SECTION

This activity provides for the construction and maintenance of streets, bridges, traffic signals and non-motorized improvements. It accounts for State Gas and Weight Tax revenue, which support various projects and accounts for State and Federal grants on a project basis. Department staff manages the Street Fund through the following three divisions that are wholly or partially funded through the Street Fund:

**The Street Maintenance Division** provides street and alley repairs, major street cleaning, snow removal, residential street resurfacing, and facilitation of street closures.

**The City Engineering Division** is responsible for regulating work performed in the public right-of-way; also providing design review and construction engineering & inspection services as required.

**The Traffic Engineering Division** is responsible for installing and maintaining traffic control devices, pavement markings and street layouts to make the street system safe and reasonably fit for public use. It ensures safe and expeditious traffic flow through the installation and maintenance of traffic control devices, traffic signals, parking control devices, geometric improvements and pavement markings. Activities fall into the broad areas of evaluating requests for changes in the street system, including traffic signals and street signs; planning and reviewing the geometric changes in the street system to accommodate new development projects; and interfacing with external highway agencies such as the Federal Highway Administration, the Michigan Department of Transportation, and the Wayne County Road Commission to coordinate highway planning. This division is also responsible for the maintenance of traffic signals under the City's jurisdiction. The Division also operates a Sign Shop that fabricates, installs, and maintains street name signs, traffic and parking control signs. As a result of the City's increased capital investment in commercial corridors and upcoming development projects, funding for transportation planning has been increased.

#### PUBLIC ACT 48 of 2002

Public Act 48, known as the Metropolitan Extension Telecommunication Rights-of-Way Oversight Act (METRO ACT), is designed to accelerate the deployment of high-speed broadband internet connections throughout the State. The State assesses fees on telecommunication providers that use the public rights-of-way. Revenues collected can be appropriated and used for rights-of-way related purposes.

## DEPARTMENT OF PUBLIC WORKS (19)

### ACTIVITY DESCRIPTIONS:

#### SOLID WASTE SECTION

The Solid Waste Division provides for the collection and disposal of waste generated by residential homes and commercial establishments in the City and related code enforcement, engaging accepted industry standards to collect, process and dispose of refuse, yard waste and recyclable material. Tasks covered under the Solid Waste Fund include weekly residential refuse collection, annual commercial inspections, commercial refuse collection, Bi-weekly bulk collection, Bi-weekly recyclable material collection, debris removal and yard waste collection, and residential street sweeping. The Department's Environmental Enforcement Unit was transferred to the Building, Safety Engineering and Environmental Department effective July 1, 2018. The Department will continue to inspect commercial establishments to ensure refuse disposal is in compliance with Chapter 22 of the Detroit City Code, and illegal dumping and other solid waste handling will be enforced in coordination with refuse collection activities.

#### CITY ENGINEERING SERVICES

The City Engineering Division will continue to regulate work performed in the public right-of-way along with providing design review and inspection services when necessary. In addition, plan and petition review services on behalf of planned construction projects to ensure compliance with State and City construction standards will continue to be provided.

The Division will continue its aggressive program of ensuring that all newly resurfaced streets in the City are compliant with all Americans with Disabilities Act (ADA) accessibility standards for handicap ramps, thereby fulfilling requirements of a 2006 Settlement Order.

## DEPARTMENT OF TRANSPORTATION (20)

### *AGENCY MISSION, GOALS AND ACTIVITY SUMMARY*

#### **MISSION:**

The mission of the Detroit Department of Transportation (DDOT) is to provide public transit services that are reliable, clean, customer-focused, fiscally responsible, safe and secure.

#### **DESCRIPTION:**

As the largest public transit agency in Michigan, DDOT primarily serves the city of Detroit, but offers service connecting to neighboring cities including Dearborn, Hamtramck, Highland Park, Harper Woods, Livonia, Redford Township, River Rouge and Southfield. DDOT has 48 fixed bus routes including eleven 24 – hour routes and six (6) express routes, connecting neighborhoods across the city to major job centers in Downtown and Midtown areas. In addition to fixed route service, DDOT offers paratransit services to seniors and individuals with disabilities according to Federal Transit Administration (FTA) regulations.

DDOT's Main Office, at 1301 East Warren, houses administrative offices, heavy repair shops and plant maintenance. Two bus operating facilities, Shoemaker and Gilbert, serve as bases for the bus fleet. These facilities perform routine, light maintenance and daily bus deployment functions. A third bus operating facility, Coolidge, is currently inactive. In addition, DDOT maintains the daily operation of the Rosa Parks Transit Center which is a passenger facility, servicing over 5,000 customers a day.

#### **AGENCY GOALS:**

1. Operate transit services that are reliable, accessible, safe and secure.
2. Deliver transit services that are responsive, reliable, customer-focused, efficient and fiscally responsible.
3. Evolve and develop the transit system to promote mobility, economic vitality and quality of life.
4. Continue to grow as an organization that promotes teamwork, fosters positive communication and is committed to developing well-informed, highly competent transit professionals.

## **OFFICE OF THE CHIEF FINANCIAL OFFICER (23)**

### **ACTIVITY DESCRIPTIONS:**

#### **CFO'S OFFICE**

The CFO'S Office executes the CFO's vision and strategy to improve the OCFO's administrative functions and improve the efficiency and effectiveness across the government. The CFO's Office supervises and coordinates the operations of the Office of the Chief Financial Officer Divisions and their functions.

#### **OFFICE OF THE ASSESSOR**

The Office of the Assessor locates, identifies, and values—at current market conditions—all real and tangible personal property in the city of Detroit for the purposes of levying the tax lawfully imposed and to warrant said levy to the Treasurer of the City of Detroit for collection.

#### **OFFICE OF BUDGET**

The Office of Budget supports the City's highest priorities by identifying, projecting, allocating and managing the central resources available for operating and capital expenditures. The Office of Budget also works with all City agencies to guide the annual budgetary process, embrace efforts of process simplification, create an open budget environment and develop innovative solutions.

#### **OFFICE OF CONTRACTING & PROCUREMENT**

The Office of Contracting & Procurement supports the strategic contracting and procurement of materials, equipment and services that are essential to providing governmental services for the citizens of Detroit. The contracting and procurement services provided will support the operations of the City departments who provide services to the public. In serving the City's needs, the staff is dedicated to providing efficient and responsive services, in full compliance with the City's legal requirements, while upholding the highest ethical and professional standards.

#### **OFFICE OF THE CONTROLLER**

The Office of the Controller establishes, maintains and enforces the City's accounting policies, practices, and procedures. The Office of the Controller is also responsible for ensuring the City of Detroit meets all financial reporting requirements and is accountable for the integrity of the financial system and controls. The Office of the Controller is also responsible for grant audit and compliance.

#### **OFFICE OF DEPARTMENTAL FINANCIAL SERVICES**

The Office of Departmental Financial Services serves as a strategic financial partner to City agencies and assure the effective management and financial integrity of agency operations by developing, implementing and monitoring city-wide and department-wide plans, policies and systems. Areas of focus include budget administration, program analysis/evaluation, finance and accounting, internal controls, financial systems, grants management, strategic planning, and performance metrics.

## **OFFICE OF THE CHIEF FINANCIAL OFFICER (23)**

### **OFFICE OF DEVELOPMENT & GRANTS**

The Office of Development & Grants identifies and acquires public and private resources that match City of Detroit priorities, as well as oversees, coordinates, and administers grants for the City of Detroit by establishing processes that support end-to-end grants management activities consistent with federal, state and local requirements, thereby, achieving the greatest use and accountability of grant dollars.

### **OFFICE OF FINANCIAL PLANNING & ANALYSIS**

The Office of Financial Planning and Analysis performs strategic planning, financial and operational analysis, budget preparation and analysis, and other critical analysis to support the City of Detroit. Additionally, the Office of Financial Planning and Analysis will develop, track, and provide actionable data to assess the performance of City operations.

### **OFFICE OF THE TREASURY**

The Office of the Treasury effectively, timely and accurately collects and records all taxes, special assessments, fees and other monies received by the City of Detroit; acts as the custodian of all funds and other assets belonging to the City; and disburses all funds as authorized. The Office of the Treasury also issues and manages the City's general fund debt obligations and provides and manages low-cost debt financing of large-scale, long-term capital projects and improvements. Delegated by the CFO, the Treasurer is responsible for the administration and oversight of investments and investment management.

## **FIRE (24)**

### ***AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY***

#### **MISSION:**

The mission of the Detroit Fire Department, is to provide a safe environment for the City's citizens and visitors through public education, enforcement of fire codes, emergency preparedness and deployment of efficient emergency response resources.

#### **DESCRIPTION:**

The Fire Department has seven divisions, which operate under the purview of the Office of the Executive Fire Commissioner: Communications, Community Relations, Emergency Medical Services, Fire Fighting Operations, Fire Marshal Investigation, Arson, and Training. The Department maintains and operates 39 facilities throughout the City of Detroit.

#### **AGENCY GOALS:**

1. Ensure operational goals are in line with the Mayor's priorities.
2. Develop internal fiscal control measures consistent with City policy that address prior audit findings.
3. Implement incident response and standard operating procedures for all types of emergency incidents, which meet Insurance Services Office (ISO) and National Fire Protection Association (NFPA) standards.
4. Improve deployment of resources through capital investments and continuous analysis of response metrics.
5. Maintain EMS response times to critical care incidents through continued successful administration of the Medical First Responder Program, which utilizes fully-trained and certified fire suppression personnel to respond on medical calls.
6. Improve revenue collections and identify new revenue streams by utilizing a private vendor for assessment and collections department-wide.
7. Digitize organizational processes and develop performance metrics for all divisions.
8. Improve employee development through continuous training, technology upgrades and educational opportunities.
9. Operate within the Department budget as appropriated.

**Department Name:** Detroit Fire Department (DFD)

**Department #:** 24

## DETROIT HEALTH DEPARTMENT (25)

### *AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY*

#### **MISSION:**

To work in partnership with Detroiters to protect and promote their health, well-being, safety, and resilience, and to respond to every public health need with exceptional leadership, policies, programs, and services.

#### **DESCRIPTION:**

Pursuant to Michigan Public Health Code, Public Act 368 of 1978, the Health Department has a legal responsibility to assure the public's health.

The Health Department assumes responsibility for ensuring that essential local public health services are provided in the City, that the State of Michigan Maintenance of Effort (MOE) funding requirement for local government funding contributions is met, and that the public health of our community is improved. The Health Department is building the capacity and infrastructure necessary to address Detroit's most pressing public health challenges, establishing initiatives in unaddressed priority areas, addressing city health data and policy analysis needs, and supporting and sustaining department growth in the best interest of the public's health. Over the next two years, the Detroit Health Department (DHD) will maintain its negotiated MOE requirement of at least \$10 million.

There are five primary units at DHD, including: Population Health Programs, Animal Care & Control, Environmental Health & Food Safety, Public Health Emergency Preparedness, Organizational Development & Administration. Each unit will focus on evidence-based approaches to eliminating health disparities and barriers to health in Detroit, including infant mortality, lead poisoning, environmental health and food safety, chronic disease and injury prevention, communicable disease, HIV/AIDS services, and Animal Care & Control. There are also two cross-cutting units at DHD, Data Planning and Evaluation and Special Projects, which will bolster the Health Department's data, evaluation, policy analysis, development and sustainability capacities.

A public health advisory council, with member representatives from across the City, advises Health Department leadership, as required by the City Charter.

#### **AGENCY GOALS:**

1. Reduce health disparities.
2. Enhance the public health system of care to improve health, wellness, and equity.
3. Advance policies and practices that promote, protect, and improve the health of Detroit residents.
4. Establish and maintain administrative and operational infrastructure consistent with excellence in public health practice.
5. Establish and maintain best practices in animal control and sheltering.

## DETROIT HEALTH DEPARTMENT (25)

### ACTIVITY DESCRIPTIONS:

**Population Health** supports healthy families, healthy pregnancies and healthy babies through a variety of initiatives, including: Sisterfriends, unintended teen pregnancy prevention, WIC services, lead prevention, vision and hearing services, opioid overdose prevention, and several other initiatives focused on reducing infant mortality, ensuring all babies are born to families who are ready for them, and ensuring healthy and safe environments for children to thrive. Other areas within Population Health include:

- **Chronic Disease and Injury Prevention** focuses on improving nutrition, physical activity and healthy management of chronic disease.
- **Municipal ID** oversees the Detroit ID program and connects people without government identification to programs and services.
- **HAPI** program provides opportunities for housing independence for people living with HIV/AIDS.
- **Clinical Services & Outreach** provides immunization clinics, STD and HIV/AIDS services, communicable disease surveillance and investigation (including the Hepatitis A outbreak), and public health nursing to help ensure the health and safety of Detroiters.
- **Community Support Services** works to connect Detroiters to human services that help promote the opportunity for all Detroiters to live the healthiest life they can lead.

**Animal Care & Control** focuses on reducing unattended dogs on the streets, caring for and sterilizing those dogs, adopting them to forever homes, and improving safety for residents.

**Environmental Health & Food Safety** focuses on licensing food service establishments, investigating environmental hazards and reducing foodborne illnesses.

**Public Health Emergency Preparedness** works to ensure that the city is prepared for any public health emergency, through training of DHD staff and community partners, coordinating with local agencies and City departments, and educating the public about preparedness.

**Administration & Organizational Development** leads department strategic development and capacity building; oversees the administration, operation, quality improvement and assurance activities, and fiscal management; administers and monitors numerous public health service contracts; and works with the public health advisory council. This also includes:

- **Data, Planning and Evaluation** is responsible for data collection, evaluation, analysis, and reporting to drive evidence-based practice and promotion of local policies and programs to advance public health.
- **Special Projects** supports department sustainability and innovative public health programs and initiatives through grant writing and collaboration with federal, state, and local partners.

# CIVIL RIGHTS, INCLUSION AND OPPORTUNITY

## *AGENCY PLAN: MISSION, DESCRIPTION, AND GOALS SUMMARY*

### **MISSION:**

The mission of the Civil Rights, Inclusion & Opportunity Department (“Civil Rights or CRIO”) is to remove discriminatory barriers through innovative and high quality customer-driven programs that foster economic opportunity and empowerment, which will benefit Detroit residents, visitors and the entrepreneurial sector of the local economy. CRIO is tasked with investigating complaints of discrimination for the protected class, sexual harassment and workplace violence. CRIO is also responsible for maintaining the Limited English Proficiency (LEP) Plan and enforcing the American Disabilities Act. Furthermore, the department is responsible for the certification of Detroit Headquartered, Detroit Based, and Small Businesses. Certifications for Women, Minority and Start-Up businesses as well as Section 3 Certification and monitoring.

The other duties of the department include monitoring the inclusion of Detroit-Based Contractors and Detroit Residents on a multitude of development projects happening throughout the City of Detroit.

### **DESCRIPTION:**

- The Civil Rights, Inclusion and Opportunity Department (former Human Rights Department), by City Charter, serves as an alternative dispute resolution agency. The department is responsible for addressing barriers and /or discrimination issues that adversely affect the well-being and image of the city of Detroit, its residents, visitors and employees.
- Enhance existing processes and procedures to remedy and prevent discriminatory treatment in education, employment, medical facilities, housing, public accommodations, public service and commercial space.
- Responsively receive and mediate complaints alleging unlawful discrimination.

### **AGENCY GOALS:**

- Recognize the need for basic civil rights protection for all Detroit residents, employees and visitors. Ensure that all citizens and those desiring to live and/or work in Detroit are afforded an opportunity to grow and participate in Detroit’s economic, educational and social processes.
- Ensure equal opportunity and fair treatment of all citizens and take positive action to address discriminatory practices.
- Certify Detroit Headquartered, Detroit Based, Small, Women and Minority Owned Businesses.
- Produce a monthly City of Detroit Certified Business Registry to be used as a procurement reference for city departments, businesses, public and non-profit organizations.
- Monitor vendor workforces’ for companies seeking contract awards or tax abatement relief to ensure equitable representation of minorities and females consistent with local, state and federal equal employment opportunity policies.
- Monitor economic development and diversity goals between the City and private developers and those developers that receive tax abatements to ensure inclusion.
- Secure the rights of citizens to obtain service from City government without discrimination.
- Increase mutual understanding among the residents of the community, promote good will, and work cooperatively with other agencies of government, community groups and organizations to eliminate discrimination and future problems.
- Establish and implement processes and programs to educate and promote equal opportunity and fair treatment of all citizens, visitors and employees. Enhance existing processes to remedy and prevent discriminatory treatment in education, employment, medical facilities, public accommodations, public service, and commercial space. Administer and maintain a zero tolerance policy for any form of violence in the workplace, against customers or visitors of the city of Detroit.

## DEPARTMENT OF INNOVATION & TECHNOLOGY (31)

### *AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY*

#### **MISSION:**

The mission of the Department of Innovation and Technology is to empower City agencies, partners and citizens to achieve their goals; and innovate by delivering reliable, timely, cost-effective, appropriate technology and solutions.

#### **DESCRIPTION:**

The Department of Innovation and Technology (DoIT) is a central staff agency responsible for developing and providing information technology and consulting services to City agencies that will innovate on how they deliver services and interact with citizens. The responsibilities of DoIT include: strategic technology planning, business needs solutions, information management, special project management, application development and implementation, system/application maintenance and support, telecommunications, data center operations, technology acquisition, data security and other services to empower agencies to use technology to improve operations and the quality of services provided to their customers.

#### **AGENCY GOALS:**

1. Improve citizen's experience with and access to information.
2. Add content and continue to publish existing data to the Open Data Portal to demonstrate value to all Detroiters.
3. Improve information security, management and sharing across City departments and divisions.
4. Improve service delivery and customer service between DoIT and City departments.
5. Utilize research and public private partnerships to develop a comprehensive digital inclusion strategy to help bridge Detroit's digital divide.

## LAW (32)

### *AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY*

#### **MISSION:**

The Law Department strives to deliver exceptional and efficient legal counsel and representation to the Executive and Legislative branches of City government as mandated by the City Charter.

#### **DESCRIPTION:**

The Law Department is headed by the Corporation Counsel, who is appointed by the Mayor with approval by City Council (2011 Charter revised). The Law Department is comprised of seven divisions: Administration, FOIA, Governmental Affairs, Litigation, Local Prosecution, Labor & Employment, and Transactions and Economic Development. Each division with the exception of Administration, is responsible for a discrete area of the law and is made up of several sections.

The Department is required by Charter to represent the City of Detroit in all civil actions or proceedings filed against the City. The Corporation Counsel may also prosecute any action or proceeding in which the City has a legal interest in accordance with the Charter. The Corporation Counsel is the City prosecutor and shall institute on behalf of the people, cases arising from the provisions of the Charter or City ordinances and prosecute all actions for the recovery of fines, penalties and forfeitures.

The Department is also responsible for providing advice and opinions to the Mayor, members of City Council or the head of any City agency, approving the form and substance of all contracts, bonds and written instruments, and drafting, upon the request of the Mayor or any member of City Council, any ordinance or resolution for introduction before City Council.

#### **AGENCY GOALS:**

1. Maximize the level of client satisfaction with department services.
2. Provide effective advice and counsel to assist the clients in achieving their business objectives with minimal legal exposure.
3. Ensure attorney preparedness for all legal proceedings and client contacts.
4. Provide necessary professional skills training to all lawyers and staff to maximize the quality and efficiency of legal services delivered to the City.
5. Provide effective legal representation in claims and litigation and timely advice and counsel in commercial and development transactions.
6. Assistance in community empowerment through vigorous prosecution of misdemeanor crimes, including ordinance and blight violation matters.

### ACTIVITY DESCRIPTIONS:

#### ADMINISTRATION AND OPERATIONS

The function of this activity is to provide legal services to all branches of government of the City of Detroit. These services include researching and writing legal opinions and representing the City, its agencies and employees in a variety of legal proceedings, including condemnation proceedings, civil litigation, criminal prosecution of ordinance violations and claims against the City. Services also include review of all City contracts, leases, development and indemnity agreements, preparing ordinances and rendering legal advice.

Sections within the Department include: Claims, Litigation, Appeals, Labor & Employment, Governmental Affairs (which includes FOIA and Municipal), Transactions & Economic Development, Blight Litigation, Tax Appeals, Local Prosecution and Special Projects (Blight and Revitalization). Major client agencies are: Mayor's Office, City Council, Office of the City Clerk, Police, Fire (including EMS), Public Works, Transportation, Airport, Planning and Development, Housing and Revitalization; Buildings, Safety, Engineering and Environmental Department, Public Lighting Department, Board of Ethics, Human Resources, Municipal Parking, Department of Health and Wellness Promotion, OCFO(including Office of Budget and Office of Contracting and Purchasing), Department of Innovation and Technology, General Services; Civil Rights, Inclusion and Opportunity(CRIO), Homeland Security and Emergency Management, Board of Zoning Appeals, Office of the Inspector General, and Department of Elections.

#### LEGISLATIVE LIAISON

The City of Detroit engages the services of a legislative liaison. The appropriation pays for an office in Lansing, Michigan and provides for a contract for Federal Lobbyist services in Washington, D.C. The Mayor's Office provides the oversight of this contract.

## MUNICIPAL PARKING (34)

### *AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY*

#### **MISSION:**

The Municipal Parking Department (MPD) provides economical on and off-street public parking services; enforces the City's parking ordinance; and coordinates parking with economic development projects of the City of Detroit.

#### **DESCRIPTION:**

The MPD operates and maintains two divisions: the Automobile Parking System and the Parking Violations Bureau.

The Department's Automobile Parking System, pursuant to City ordinance, operates and maintains four garages with approximately 3,938 spaces and on-street parking comprised of three Tariff zones and 14 sub-zones. All revenue goes to the General Fund of the City of Detroit.

The Parking Violations Bureau, pursuant to City ordinance, manages the City's parking ticket processing and fine collection program and supervises the enforcement of parking regulations through its civilian ticket writing personnel (Parking Enforcement Officers).

#### **AGENCY GOALS:**

1. Enhance business strategy.
2. Improve organizational efficiencies.
3. Increase marketing and public relations efforts.
4. Maximize revenue sources.

**Department Name:** Municipal Parking Department (MPD)

## **ACTIVITY DESCRIPTION**

### **AUTOMOBILE PARKING SYSTEM DIVISION**

This division is responsible for planning, supervising, operating and maintaining the City of Detroit's Auto Parking and Arena System (General Fund). The Automotive Parking Fund is being re-classified to a General Fund business entity. This is due to significant changes to the asset mixture and operating components.

### **PARKING VIOLATIONS BUREAU**

The Parking Violations Bureau is in charge of enforcing on-street and off-street ordinances within the city of Detroit, the processing of parking violation notices and the subsequent collection of the funds from these notices.

## NON-DEPARTMENTAL (35)

### *AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY*

#### **MISSION:**

The Non-Departmental budget provides funds for activities which are not the responsibility of any one single agency. Non-Departmental is also the depository agency for General Fund contributions for enterprise activities and for a wide variety of General Fund revenues, which cannot be credited to any specific department.

#### **DESCRIPTION:**

The Non-Departmental budget includes four of the five major revenues: casino revenues/wagering taxes, income taxes, property taxes and state revenue sharing (the fifth major revenue-Utility User Taxes is reflected in the Police Department). Revenues from reimbursements from enterprise/non-General Fund agencies of personal services costs, transfers from other city funds, miscellaneous receipts and any prior year surpluses (or deficits) are also budgeted in the Non-departmental agency.

The Non-Departmental budget includes the following independent boards-commissions and/or agencies with city-wide operations:

The **Board of Ethics** investigates and resolves complaints regarding alleged violations of the Ethics Ordinance by public servants, and issues advisory opinions regarding the meaning and application of provisions of the Charter, City ordinances or other laws and regulations establishing standards of conduct for public servants. Advisory opinions are rendered upon written request by a public servant and published by the Board annually in a report to the Mayor and City Council. The Board is charged with monitoring and recommending improvements in the disclosure requirements, and in the standards of conduct under the Ethics Ordinance, in order “to promote an ethical environment within City government, and to ensure the ethical behavior of public servants.” All meetings of the Board shall be open to the public unless an individual involved in the matter to be addressed requests, in writing, that the meeting be closed; or unless otherwise provided by ordinance or by statute.

The **Board of Police Commissioners** (BOPC) is a civilian agency that exercises supervisory control and oversight of the Detroit Police Department (DPD) as set forth in the Charter. The Board has 11 members, 7 elected by District, 4 appointed by the Mayor with the consent of Detroit City Council. The Board meets every week as a Committee of the Whole including 12 community/evening meetings in the Districts. The internal organization of the agency includes fiscal, policy, administrative, legal advisor, community outreach and the Office of the Chief Investigator. The Board, in consultation with the Chief of Police and with the approval of the Mayor, establishes policies, rules and regulations for the DPD. The Board has subpoena power under the Charter that can be used for investigative purposes. The Commission also reviews and approves the DPD budget pursuant to the charter; investigates non-criminal citizens’ complaints; acts as final authority in imposing or reviewing the discipline of employees of the department; receives and hears disqualification appeals from police recruits hoping to enter the Detroit Police Academy. The BOPC makes an annual report to the Mayor, the City Council, and the public of the BOPC’s activities and accomplishments.

The BOPC is a cooperating host for the 2019 National NACOLE Conference (National Association for Civilian Oversight of Law Enforcement) to be held in Detroit, September 22 -26, 2019.

## NON-DEPARTMENTAL (35)

BOPC operating sections are as follows:

- Fiscal section monitors the budget of the DPD quarterly.
- Policy section receives proposed directives from DPD and evaluates these directives for best practices and makes policy recommendations to the BOPC.
- Legal Advisory section to the Board advises the Board on legal and policy issues.
- Community outreach section prepares brochures, reports and engages with outside law enforcement support organizations.
- Administrative section coordinates the work of the agency.
- Office of the Chief Investigator (OCI) serves as the investigative entity of the Detroit Board of Police Commissioners. The OCI receives, processes, investigates and issues findings on non-criminal citizen complaints filed against the Detroit Police Department and its personnel. The OCI processes and investigates approximately 1,500 - 1,700 complaints annually.

The City Code Section 55-15-8(a) provides that “The Board of Police Commissioners, shall establish standards, including insurance and bonding requirements, that must be met in order for a tower to qualify for police authorized tow and the police department shall maintain a current list of such qualified towers.” It further provides that “The Board of Police Commissioners shall also promulgate and publish the rules and regulations that it uses to determine which towers shall be called for tows under this chapter. Such rules shall as nearly as practicable, provide for equitable distribution of police authorized towing to all towers on the list of qualified towers.”

The **Detroit Building Authority** (DBA) is primarily responsible for administering capital projects, as determined by each respective City Department, with identified capital or grant funds. Critical functions include: encumbering funds through Contracts of Lease; managing the bid, RFP/RFQ process; issuing contract awards; securing the necessary clearances; advising contractors of Executive Order 2007-1 requirements; execution of contract documents; monitor design development and construction for each DBA capital project; review and approve contract invoices; oversee payments to vendors.

In addition, the DBA is responsible for the following:

- Creating and maintaining a database of all City-owned commercial property.
- Maintaining and managing all of the properties within the database.
- Managing the sale of the property, which includes tracking the applications through the process, marketing of properties, obtaining city and council approvals, and finalizing the sale transaction.
- Managing city leases, which consist of property leased by and from the city, cellular towers and billboard leases.
- Coordinating with various city departments the City’s demolition activities.

## **NON-DEPARTMENTAL (35)**

**Media Services**, formerly the Detroit Cable Communications Commission (“Cable Commission”) which was established by ordinance in 1981, operates as the City of Detroit’s local video franchising authority with direct responsibility for the review and issuance of franchise agreements and permit agreements to telecommunications providers who seek to obtain access to and ongoing use of the City’s right-of-way for telecommunications facilities.

As the City of Detroit’s video production and television broadcast services provider, Media Services is responsible for the daily programming, operation and management of Government Access Channel 10, the Education Access Channel 22, the Neighborhoods Channel 21 and the Public Access Channel 68. Media Services interfaces with the Mayor’s Office, City Council, City departments and commissions, educational institutions and community organizations to produce programming that is responsive to the public’s diverse information needs and interests.

**Communications Services** staff promotes a positive city image by planning, coordinating and implementing effective communications with the city’s customers - residents, business owners, city employees, visitors and the media. As the communications arm for the City of Detroit, staff provides high-quality service to city agencies and elected officials in their efforts to communicate programs, initiatives and information to various audiences. Services include strategic communications planning and counseling, media relations, event planning, website management, writing, graphic design, photography and copying services.

Major functions include the development and implementation of communications initiatives including Motor City Makeover and Angels’ Night; assisting departments and elected officials in communicating information and services to the public; maintaining the city’s web site; operating the Total Copy Center; and providing an account of city initiatives, activities and events through photography.

The Mayor’s Group Executive for Communications sets the direction for the Media and Communication Services Activity. Communications integrates publicity, graphics, photography and the Total Copy Center services into existing media services.

**Pension Administration** is responsible for the administration of the employee retirement systems, and it is the governing body for the Employee Benefit Plan. The Retirement Systems fully reimburses the City of Detroit for Pension Division personnel costs.

The Non-Departmental agency records the salaries and benefits for the eleven elected officials of the City of Detroit: Mayor, City Clerk and City Council Members, in the **Elected Officials Compensation** cost center.

Funding for the operations of the **Detroit Charter Revision Commission** is included in the Non-Departmental Agency.

## NON-DEPARTMENTAL (35)

General Fund contributions to enterprise agencies - the Coleman A. Young International Airport and the Detroit Department of Transportation are recorded in the Non-Departmental agency. General Fund contributions to cultural agencies (listed below) are included in the Non-Departmental agency budget. Operating support from the General Fund is provided in Non-Departmental for the **Detroit Wayne Port Authority**, and the **Detroit Land Bank Authority**.

GENERAL FUND CONTRIBUTIONS	
Airport	\$ 1,605,737
DDOT	63,500,000
Charles W. Museum of African-American History	1,900,000

## HOUSING & REVITALIZATION DEPARTMENT (36)

### *AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY*

#### **MISSION:**

The mission of the Housing and Revitalization Department is to sustain and grow neighborhoods that are inclusive of quality affordable housing opportunities for all, and economic opportunity through management of federal housing, economic, and community development funding, steering local housing policy, and maintaining and creating mixed-income and mixed-use housing opportunities through transformational developments by leveraging public and private partnerships.

#### **DESCRIPTION:**

The department's activities are implemented through six divisions: the Public Private Partnership Division, Office of Housing Underwriting, Community Development, Administration and Finance, Policy Development & Implementation and Special Initiatives.

The **Public Private Partnership Division**'s mission is to develop housing and community development programs and policies that sustain and grow Detroiters access to mixed-income neighborhoods and economic opportunity. The mission of the **Office of Housing Underwriting** is to invest the City's allocations of federal dollars into sustainable development of affordable housing for the citizens of Detroit, ensuring access to quality, affordable housing options for people of all income levels. The mission of the **Community Development Division** is to provide impact driven Community Development Block Grant (CDBG) funding to low – to – moderate income persons in order to help stabilize neighborhoods and sustain a healthy and safe environment for City of Detroit residents. The mission of the **Administration and Finance Division** is to promote and maintain fiscal responsibility, regulatory compliance and accurate reporting of federal, state, local and private awards. The mission of the **Policy Development and Implementation Division** is to develop housing and community development programs and policies that sustain and grow Detroiters access to mixed-income neighborhoods and economic opportunity. The mission of the **Special Initiatives Division** is to provide professional and informed support of HRD's real estate, development, administrative and policy functions to help enhance quality of life for the Citizens of Detroit, including access to decent and affordable housing options.

#### **AGENCY GOALS:**

1. Increase housing production - new and rehabilitated housing.
2. Revitalize neighborhoods.
3. Preserve both expiring affordable housing and historic housing resources.
4. Invest in public facilities and infrastructure (including open space, green infrastructure, and streetscapes) that support neighborhood development.
5. Retain current Detroiters and attract new residents, including immigrant communities.
6. Invest in the operation of public service organizations that measurably improve the quality of life for Detroiters.
7. Invest in the service providers and housing designed to end homelessness.
8. Steward Federal entitlement funds granted to the City through sound and reform-oriented management and accounting.
9. Partner with the independent Detroit Housing Commission on multifamily housing development, preservation, and rental assistance.
10. Create affordable housing opportunities.

## **POLICE (37)**

### ***AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY***

#### **MISSION:**

The Detroit Police Department is a model of sustained policing excellence that places Detroit's neighborhoods and people first.

#### **AGENCY GOALS:**

1. Reduce overall crime, with an emphasis on both fatal and non-fatal shootings.
2. Improve service delivery to include reducing response time for all priority one calls for service.
3. Enhance police-community relations by engaging in sustained problem-oriented policing.
4. Broaden the utilization of technology to improve the delivery of public safety services.

## POLICE (37)

### ACTIVITY DESCRIPTIONS:

#### BOARD OF POLICE COMMISSIONERS

The **Board of Police Commissioners** exercises supervisory control and oversight of the Police Department as set forth in the Charter. The Board, in consultation with the Chief of Police and with the approval of the Mayor, establishes policies, rules and regulations for the Department. The Commission also reviews and approves the Department's budget pursuant to the charter; investigates citizens' complaints; acts as final authority in imposing or reviewing the discipline of employees of the Department; and makes an annual report to the Mayor, the City Council, and the public of the Department's activities and accomplishments. The Board of Police Commission is budgeted in Non-Departmental for Fiscal Year 2019-2020.

In addition, the City Code Section 55-15-8(a) provides that "The Board of Police Commissioners, shall establish standards, including insurance and bonding requirements, that must be met in order for a tower to qualify for police authorized tow and the police department shall maintain a current list of such qualified towers." It further provides that "The Board of Police Commissioners shall also promulgate and publish the rules and regulations that it uses to determine which towers shall be called for tows under this chapter. Such rules shall as nearly as practicable, provide for equitable distribution of police authorized towing to all towers on the list of qualified towers."

The **Office of the Chief Investigator (OCI)** serves as the investigative entity of the Detroit Board of Police Commissioners. It receives processes, investigates and issues findings on citizen complaints filed against the Detroit Police Department and its personnel.

#### OFFICE OF THE CHIEF OF POLICE

The Chief of Police is the Chief Executive Officer of the Department and has overall responsibility for enforcing the law in the city of Detroit and providing leadership and direction to the department. The executive entity of the Detroit Police Department provides organizational leadership through the Office of the Chief of Police and the Office of the Assistant Chiefs of Police, which are responsible for directing and controlling Department resources to provide the maximum level of services to the public.

#### NEIGHBORHOOD POLICING BUREAU

The **Neighborhood Policing Bureau** is primarily responsible for the deployment of response units throughout the City. Personnel provide general police services to the community, both motorized and foot patrol, uniformed and plainly clothed. Duties include the enforcement of laws, ordinances and statutes, the prevention of crime, the apprehension of offenders, community policing initiatives and other community services. Patrols have been returned to precinct level policing to improve the efficiency of the operations.

### CRIMINAL INVESTIGATIONS BUREAU

The **Criminal Investigations Bureau** includes specialized functions relating to the detection, apprehension and prosecution of criminals. The Bureau includes Organized Crime and Major Crimes. These commands have the responsibility of investigating and assisting in the prosecution of specifically Part I and Part II crimes; dismantling chop shops and auto theft rings; apprehending fugitives wanted for parole and probation violations; extraditing suspects to and from Detroit; apprehending violent crime fugitives; investigating and prosecuting various organized crimes including narcotic trafficking, prostitution, gang affiliated crimes and organizations; offering counseling services to adult and juvenile domestic violence victims; providing district/precinct support; and regulating cabaret dancers, taxi cabs and rental halls under city ordinance.

**Crime Intelligence/RTCC:** The Detroit Police Department Real Time Crime Center opened in October, 2017. Its goal is to increase officer and community safety by utilizing high tech software systems – such as license plate readers, social media platforms, mapping applications, and integration software – bringing together data from 911 calls and recorded crime. Project Green Light Detroit, the flagship program of the Crime Intelligence Unit, pulls high-resolution camera feeds from over 1000 cameras 24 hours a day. Through these systems, critical crime information is captured and communicated to the streets in real time. The Unit partners with Homeland Security and the Traffic Management Center to expand available assets and strengthen the Department’s crime reduction potential.

**Crime Scene Services** responsibilities include documenting crime scenes; collecting evidence; conducting latent print examinations; developing and printing crime scene photographs; sketching composites of suspects; and producing graphic design material for the Department. For biological evidence, intake personnel receives and prepares evidence for transfer to the Michigan State Police; locates and retrieves biology/trace evidence for retesting, appeal proceedings, and as required for the Innocence Project; researches DPD database records and reporting systems; and separates controlled substances from packaging when latent print analysis is requested.

The **Victim’s Assistance Program**, formerly the Rape Counseling Center, was established in 1975 and is one of the first rape counseling centers operated by a police department in the country. Services have expanded to include victims of domestic violence and secondary victims of homicide and a wide range of other

## POLICE (37)

services to victims and families. The Unit works in conjunction with Sex Crimes, Domestic Violence and Homicide. Staffed by licensed professional social workers, counselors and advocates, individual and group crisis intervention, follow-up counseling and community prevention programs are provided.

### THE OFFICE OF SUPPORT OPERATIONS

The **Office of Support Operations** is responsible for meeting the administrative, operational and logistical needs of all the Department entities. In general, it oversees the Communications Bureau, Detroit Detention Center (DDC), Resource Management, Fleet Management, Towing Operations, Crime Intelligence, Planning and Deployment and Professional Education and Training and Administrative Operations. These commands are responsible for tasks related to resource management, calls for service, the minimization of risk within the Department, technological integration throughout the agency, recruit training and fleet management.

- **Communications Bureau** is responsible for the Communications Operations call center, which is a 24/7 operation whose primary function is receiving and dispatching of Emergency-911 (E-911) calls for service for police, fire or medical response units.
- **Detroit Detention Center** processes and houses prisoners for not only the Detroit Police Department, but for the Michigan State Police and Wayne State University Police Department.
- **Resource Management** is primarily responsible for the acquisition, allocation and inventory of Department equipment and the facilitation of the acquisition, repair and maintenance of the Department's various facilities.
- **Planning and Deployment** is responsible for assisting and advising the Office of the Chief of Police, by conducting inspections and examinations of Department policies, procedures and personnel material on a continuous basis. Planning and Deployment also monitors the performance of new and existing policies and procedures being performed throughout the Department, identifying potential problem areas.
- **Professional Education and Training Division** is comprised of Recruit Training, Field Training and Firearms Training. Responsibilities include approving and facilitating all in-service, recruit and restoration training.
- **Administrative Operations** is responsible for direct oversight of the following commands:
  - **Secondary Employment:** Secondary Employment came into existence under the enactment of Section 43-2-12 through 43-2-21 of the Detroit City Code. The primary scope of police officers working Secondary Employment assignments shall be to protect life and property, to keep the peace and to enforce the provisions of the Detroit City Code, state law and, where applicable, federal statutes, at the designated location of the secondary employer, provided. The assignment of any police officer to any location must be pursuant to an approved written contract between the Detroit Police Department and the secondary employer, managed through the Secondary Employment Office.
  - **Technical Support** coordinates and manages the DPD's technological needs. Primary functions include maintaining and facilitating the acquisition of technology in the areas of radio communications, digital communications, computers, and IT systems.
  - **Fleet Management:** Maintains and keeps track of the DPD's vast number of vehicles, along with purchasing new ones.
  - **Towing Operations:** Towing Operations came into effect after the Department extensively studied the feasibility of, and the benefits to the City of Detroit that would arise from operating its own vehicle storage facilities and towing operations. Towing and storage of vehicles is a critical component of any law enforcement operation. The Department removes more than 30,000 vehicles per year. Its team of civilian tow truck drivers now serve as the primary towers for all of the Department's towing and storage needs, resorting to private towing companies only where DPD tow trucks are not available. The Commander of Assets and Licensures oversees the day-to-day operations of the motor vehicle storage facilities and towing operations.
  - **Office of Civil Rights:** The Office of Civil Rights is charged with ensuring the Department's compliance with policies and procedures by conducting audits and inspections.
  - **Cease Fire:** Targets gun violence perpetrated by or against members of groups, gangs and street crews. It is a coordinated effort of enforcement, prevention and intervention strategies providing support services, such as basic needs, transportation, job training and placement for youth who want to change their lives.

## **PUBLIC LIGHTING (38)**

### ***AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY***

#### **MISSION:**

The mission of the Public Lighting Department (PLD) is to support the Public Lighting Authority (PLA) as it maintains the upgraded street light system. PLD works with TMC Alliance and DTE Energy to assure the safety of the general public and to provide reliable power to customers through the City's distribution system as the City assists with converting customers to DTE's system.

#### **DESCRIPTION:**

On February 5, 2013, the City created the PLA, a separate municipal corporation pursuant to Michigan Public Act 392 of 2012 (as amended) – The Municipal Lighting Authority Act, MCL 123.1261 and PLA Order, to manage and maintain the city's public lighting system. Pursuant to PA 392, the PLA utilizes \$12.5M in utility user tax proceeds to satisfy the debt service obligation of bonds issued to modernize the street light system. Through an inter-local agreement, the City provides additional funds to the PLA to finance the operations and maintenance of the street lighting system after the capital project is complete.

On July 1, 2014, the City entered into an agreement with DTE Energy to transition electric customers to DTE Energy. The agreement stipulates that the City will allow customers to become DTE customers. The conversion will be accomplished over a 5-7 year period. During this time, the City, through its contractor, will operate and maintain an electric grid with DTE reimbursing the City and its contractor for all expenses related to the delivery of electric power.

This agreement excludes decommissioning, abatement and salvage operations. PLD currently coordinates these activities in line with the transition of customers.

#### **AGENCY GOALS:**

1. Maintain electricity distribution grid during the transition to DTE Energy, as the City of Detroit phases out of the electric service business.
2. Maintain legacy electric conduit grid and make available to City of Detroit Information Technology Department for fiber optic communication cables and lease excess capacity to private fiber optic companies.

## PLANNING DEPARTMENT (43)

### *AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY*

#### **MISSION:**

The mission of the City of Detroit's Planning & Development Department (PDD) is to build a city secure in its future, grounded in its roots and hopeful in its present state. The vision that supports PDD's mission is a healthy and beautiful Detroit, built on inclusionary growth, economic opportunity and an atmosphere of trust.

#### **DESCRIPTION:**

Offices within the Planning & Development Department carry these responsibilities in support of the department's mission and vision:

The **Office of Planning and Design** provides planning and design leadership and coordination in three city regions (East, Central and West), which achieves neighborhood stabilization and revitalization and supports the growth of population and jobs.

The **Office of Zoning Innovations** translates City and neighborhood visions into regulatory language, ordinances and initiatives that guide developmental efforts, performs design review and oversees the Community Benefits Ordinance process.

The **Office of Historic Preservation** translates City and neighborhood visions into regulatory language, ordinances and initiatives that guide developmental efforts, environmental protection efforts, and the preservation of critical historic assets.

The **Office of Urban Research and Outreach** extracts, compiles, and interprets a large volume of quantitative and qualitative data from databases and neighborhood stakeholders to measure the performance of PDD's initiatives and development strategies. It also guides strategic planning, specifically the development and the implementation of a city Master Plan that captures the City's long-range vision for development and preservation and land use policies that support citywide and neighborhood visions for walkable, urban growth.

The **Office of Yes!** supports the efficient and cost-effective operations of PDD, including management of the Department's personnel operations and operating budget, grants, and contracts; its partnerships with key vendors, foundation and university partners; and its large-scale community communications, meetings, and workshops.

#### **AGENCY GOALS:**

Through the Planning & Development Department, the City of Detroit is committed to the following beliefs and values:

1. That every citizen has the right to live in a socially, environmentally, and economically healthy community.
2. That Detroit is blessed with a rich history and tremendous physical assets with opportunities for historic and environmental preservation.
3. That the potential of the City will best be realized by embracing the broadest, most far-reaching and inclusive vision of what is possible.
4. That citizen engagement strengthens decisions and generates confidence in the future.

## DEPARTMENT OF APPEALS AND HEARINGS (45)

### *AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY*

#### **MISSION:**

The Department of Appeals and Hearings (DAH) provides quality administrative hearings in a timely, efficient and cost-effective manner, with respect for the dignity of individuals and their due process rights.

#### **DESCRIPTION:**

The DAH is an independent administrative hearings bureau that adjudicates blight violations, assesses civil fines and costs pursuant to the schedule in the anti-blight ordinances and reviews administrative decisions of City departments and agencies and makes the final agency decisions.

#### **AGENCY GOALS:**

1. Adjudicate blight code violations issued by authorized City agents with sensitivity to the violations' impact on the escalating problem of blight in Detroit.
2. Enhance collectability of fines and fees through garnishments and liens utilizing the Department's decisions and orders.
3. Review and make final decisions on administrative decisions of City departments and agencies.

## **DEPARTMENT OF APPEALS AND HEARINGS (45)**

### **ACTIVITY DESCRIPTION**

#### **BLIGHT VIOLATIONS ADJUDICATION**

The Department of Appeals and Hearings (DAH) is a quasi-judicial tribunal and administrative appeals bureau that provides expedient, independent and impartial adjudication of municipal ordinance violations and administrative decisions. This activity houses ticket processing, hearing officers and information technology staff. The tribunal is run by a Director, Manager, support staff and the Hearings Officers.

The DAH is an innovative approach to enforcing the Detroit City Code as it applies to property maintenance and blight prevention. The department's focus is to resolve blight violations in an effort to improve the quality of life of Detroit residents. In FY20, the DAH will begin implementing a document scanning project that will allow respondent information to be e-filed. Blight violations have a major impact on the quality of life in Detroit and DAH operates effectively to handle those violations.

#### **ADMINISTRATIVE APPEALS**

The DAH also provides for an effective, efficient and objective method for reviewing and making final decisions on administrative decisions by City departments and agencies.

Since its opening in 2005 the DAH has conducted approximately 400,000 hearings.

## GENERAL SERVICES DEPARTMENT (47)

### *AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY*

#### **MISSION:**

The General Services Department efficiently supports City operations through fleet, buildings, grounds and other support so departments can focus on their core functions.

#### **DESCRIPTION:**

GSD operating divisions are focused on the shared services of city government. The Grounds Maintenance Division maintains all City-owned grounds, parks, rights-of-way, vacant lots and the urban forest. The Fleet Management Division procures, maintains, and makes available appropriate vehicles for General City operations. The Facilities Management Division maintains buildings, provides custodial and security services, designs and develops parks. The Landscape and Blight Divisions build or remediate public spaces or corridors. The Strategy and Planning Division performs business analysis and receives, organizes, stores, and tracks usage of assets for major city field operations. GSD now provides recreation programs and activities throughout the City.

The **Grounds Maintenance Division** cuts grass and removes litter at major city parks and in City-owned vacant lots, manages snow and ice removal at municipal facilities, cleans 220 bus shelters, and operates flower beds. The Division provides exterior maintenance of Detroit Land Bank Authority properties and along major commercial corridors. In addition, Grounds Maintenance oversees Street Fund Forestry staff who manages the urban forest, as well as staff who maintain grass on freeway berms and medians for public rights-of-way.

The **Fleet Management Division's** responsibilities include supporting the City's Vehicle Steering Committee, approval of vehicle specifications, receipt and disposal of vehicles, repair and maintenance of 2,400 municipal vehicles, supporting the City's employee local driving policies, and administering the loaner pool. The division operates out of the Russell-Ferry, 19th & Michigan, Erskine, and Davison yards with a body shop for simple bump repairs and a 24-hour road crew.

The **Facilities Management Division** provides professional and technical services which include Architectural, Engineering, Planning and Project Management services. The division provides Building Maintenance, Technical (HVAC, Plumbing, Electrical, and Structural Systems), and Custodial services to city-owned facilities, and oversees graffiti removal throughout the city. The Security Services Unit manages human and technological resources associated with security and monitoring of City operations and facilities, including armed, bonded, and unarmed manpower and remote monitoring equipment.

The **Landscape Design Division** designs, develops and beautifies City-owned parks, greenways and rights-of-way. The Division develops and manages the City's park improvement plan, and beautifies medians and gateway entries through its floriculture unit.

GSD has a **Strategy and Planning Division**, including a Project Management and Analytics Team to analyze service requirements of agencies; execute customer Service Agreements; and manage budget, contract and asset requirements. This division oversees creation of the City's long-term plans for fleet, facilities and public space, as well as functional reforms such as inventory management and 3<sup>rd</sup> party operated leisure agreements and process improvement.

The **Recreation Division** operates 12 recreation centers throughout the City and provides recreation programs and activities at the centers, Spirit Plaza, Hart Plaza, and selected DPS locations. The Division is in the middle of reorganizing and improving the quantity and quality of opportunities it offers.

## **GENERAL SERVICES DEPARTMENT (47)**

The **Blight Division**, through FY19-20, will board-up vacant residential structures; clean corridors of debris and excess signage; and create murals on blighted space. These special post-bankruptcy operations, and graffiti removal (in Facilities) are part of interagency enforcement initiatives designed to reduce blight.

### **AGENCY GOALS:**

1. Provide optimal City-owned buildings, grounds, parks, medians, vacant lots, freeway berms, and the urban forest in public rights-of-way.
2. Procure, maintain, and support the safe operation of vehicles for General City department units at cost effective prices.
3. Plan and manage cost-effective building occupancy arrangements for General City operations.
4. Manage human and technological resources associated with security of City operations and facilities.
5. Remediate blight in city neighborhoods, corridors and visual structures.
6. Create long-term plans and strategies for City public spaces, facilities and other major assets.

## **GENERAL SERVICES DEPARTMENT (47)**

### **AGENCY DESCRIPTIONS:**

#### **GROUNDS MAINTENANCE**

This division is responsible for maintaining parks, medians and berms of public rights-of-way. Forestry is coordinated with maintenance of medians of public rights-of-way, including tree trimming; tree and stump removal; and vacant lot maintenance city-wide. On the General Fund side, crews clean and landscape grounds of municipal facilities, bus shelters, and City-owned vacant lots, and remove snow and ice, and maintain parkland. The Division meets the Administration's goal for clean public spaces, and the Beautification Initiative (i.e., Welcome to Detroit gateway installations at major entry points and banners on utility poles in Hamtramck and Highland Park; Median Edging Kickoff; Graffiti Mural; Major Corridor Cleanup and Median Renovations of various city streets).

#### **FLEET MANAGEMENT**

This division keeps vehicles available for all General Fund agencies, DPW Solid Waste, Street Fund, and Municipal Parking vehicles. The combined fleet presently totals 2,400 vehicles which range from passenger cars and light trucks to fire apparatus and Forestry aerials, the Police fleet and grounds/street maintenance units. Vehicles used by the Detroit Water and Sewerage Department and the Department of Transportation will be integrated under citywide fleet plans. The division operates out of the Street Maintenance Garage, Russell-Ferry, Davison, and Erskine facilities. A body shop for simple bumper repairs and a 24-hour road crew respond to inoperable vehicles in the field. This division leads the City's planning processes for vehicle replacement and fleet redefinition along with vehicle policy setting and governance, through its support of the Vehicle Management Steering Committee, hearing agency annual vehicle requests, approval of vehicle specifications, receipt and disposal of vehicles, repair and maintenance, and support for employee local driving needs.

#### **FACILITIES MANAGEMENT**

The Facility Management Division operates, maintains and provides professional and technical (architectural and engineering) services for 140 City facilities. It provides professional and technical services for 300 park spaces. This includes planning and maintenance services, now including the Facilities Steering Committee, and development of long-term capital plans in conjunction with the Detroit Building Authority.

This division provides Project Management (architectural, engineering, and project management). The division is also responsible for City facilities maintenance which includes HVAC, Plumbing, Electrical, and Structural Systems, and for security services such as remote monitoring, armed, bonded and unarmed manpower for municipal sites. Building Services staff oversee custodial services to City owned facilities, as well as graffiti removal.

#### **LANDSCAPE DESIGN**

The Landscape Design Division, which also includes Floriculture, Beautification, and Park Development, is responsible for design, construction, maintenance, and beautification of City-owned park amenities. LDU develops and manages a 10-year park improvement plan with updates every five years.

The department's FY 2018 budget includes the addition of the Park Development division which will support Median Edging Kickoff, and planting of bulbs at various City parks.

## GENERAL SERVICES DEPARTMENT (47)

### BLIGHT DIVISION

The **Blight Division**, through FY19-20, will board-up vacant residential structures; clean corridors of debris and excess signage; and create murals on blighted space. These special post-bankruptcy operations, and graffiti removal (in Facilities), are part of interagency enforcement initiatives designed to reduce blight, which were called for under the Plan of Adjustment. These teams work closely with the Department of Neighborhoods and enforcement agencies such as BSEED to maximize impact of their work. The Board-Up program is staffed by returning citizens, and the mural program centers on local artists.

### STRATEGY AND PLANNING

The **Strategy and Planning Division** creates long-term plans and standard operating policies and procedures; improves service delivery models; and establishes performance improvement tools and metrics through oversight of work order tracking and various reporting mechanisms. This includes liaison activities with the Mayor's Office, Human Resources, DoIT, and OCFO staff, and budget and operational monitoring and strategic activity reporting. Staff have strategic planning and project management capacity to assure successful implementation of restructuring reforms.

### RECREATION DIVISION

The **Recreation Division** operates 12 recreation centers throughout the City and provides recreation programs and activities at the centers, Spirit Plaza, Hart Plaza, and selected DPS locations. Over 30 leisure sites – from historic cemeteries, historic Fort Wayne, and Eastern Market; to the new riverwalk and velodrome; to old/vacated recreation centers – are operated by the 3<sup>rd</sup> party partners under Recreation staff oversight and management. The Division is in the middle of reorganizing and improving the quantity and quality of opportunities it offers.

GSD is managing costs for each of 40 services it provides, allocating service levels to each customer in accordance with the City's budget. In FY19-20, we will make several improvements:

- Produce policies and procedures for building occupants and building renovations and services through the recently-stood up executive-level Building Steering Committee. This initiative will mirror the City Vehicle Steering Committee in its overall guidance to users and to the City Budget.
- Carry out periodic customer service meetings in order to assure that resource levels and policies and procedures are adhered to, and to continuously improve our service delivery. These meetings are monthly for larger super-user departments, and quarterly for smaller customers.
- Allocate costs for excess consumption of services to customer agencies.

GSD is also a major party to the Mayor's neighborhood improvement agenda:

- Planning, funding and implementation of site-specific, system-wide development of the Joe Louis Greenway has begun, under GSD's Public Space Planning Unit.
- Landscape Design Division are key supporters of the Strategic Neighborhood Fund neighborhood initiatives, including parks and green storm water infrastructure development.
- The "Next Level" Recreation Plan will make accessible new curriculum-based programs such as STEM, camping and cultural enrichments, through activation of merchandise, sponsorships, ads, legacy donations and other new revenue opportunities.
- Bringing recreation centers, police precincts, and fire engine houses to a State of Good Repair under the UTGO Bond funding.

## **WATER (48)**

### ***AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY***

#### **MISSION:**

The Water and Sewerage Department strives to exceed our customers' expectations through the efficient transmission of treated water, collection of wastewater for treatment and the provision of services that promote healthy communities and economic growth.

#### **DESCRIPTION:**

The Water Supply System is administratively part of the Detroit Water and Sewerage Department (DWSD) while maintained as a separate fund in the City of Detroit's accounting system. The department leases and is served by five water treatment plants, 20 booster (re-pumping) stations and 19 reservoirs. Of these five water plants, two plants are located in Detroit and one each in Allen Park, Dearborn and Port Huron. There are three sources of raw water supply -- Detroit River at Fighting Island, Detroit River at Belle Isle and Lake Huron north of Port Huron.

The Water Supply System's primary role is to provide delivery of potable water for more than 200,000 customers, 175,000 of which are residential households, delivered at various points in the system at adequate pressure to meet our customers' needs. The water provided conforms to applicable standards as required by Michigan's Safe Drinking Water Act. The department furnishes sufficient water pressure and pipeline service to ensure acceptable fire protection.

The main administrative offices are located at 735 Randolph in downtown Detroit. Approximately 3,438 miles of transmission and distribution mains within the City of Detroit are owned and maintained by the department.

#### **AGENCY GOALS:**

DWSD's water system goal is to provide for the safe, efficient and cost-effective delivery of treated water from the Great Lakes Water Authority (GLWA) while promoting and preserving the public health by meeting or exceeding all state, federal and department standards.

Bifurcated from GLWA on January 1, 2016, Detroit maintains its own local system under the authority of the Board of Water Commissioners as appointed by the Mayor. The Detroit local system is made up of approximately 3,000 miles of local sewer collection piping and 2,700 miles of local water mains serving the neighborhoods of Detroit. Detroit has full authority to repair and rebuild the local system and serves as first responder to all service disruptions, including those of GLWA, located within the City's boundaries.

GLWA operates the regional water and sewer assets which include the water treatment plants and other water facilities. GLWA operates under the authority of a six-member board appointed by several constituencies of the authority: two (2) appointed by the Mayor of Detroit, one (1) each by Wayne, Oakland and Macomb Counties, and one (1) by the Governor from the service area outside the three counties.

## SEWERAGE (49)

### *AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY*

#### **MISSION:**

The Water and Sewerage Department strives to exceed our customers' expectations through the efficient transmission of treated water, collection of wastewater for treatment, and the provision of services that promote healthy communities and economic growth.

#### **DESCRIPTION:**

The Sewerage Disposal System is administratively part of the Detroit Water and Sewerage Department (DWSD) but maintained as a separate fund in the City of Detroit's accounting system. The DWSD sewer system originated in 1836, and today it consists of nine pump stations, six stormwater retention basins, six combined sewer overflow (CSO) retention/treatment basins, three CSO screening and disinfection facilities, and a total of 3,433 miles of local sewer lines that carry stormwater and wastewater to the Great Lakes Water Authority (GLWA) Water Resource Recovery Facility – the largest single-site wastewater treatment facility in the United States. The Department currently services and sets water, sewer and drainage rates for more than 200,000 customers.

The Sewerage Disposal System's primary role is to convey the sanitary and combined sewage collected throughout the service area for delivery to the GLWA wastewater treatment facility in accordance with applicable service agreements, such that public health is protected and the treated effluent discharged to the Detroit River is in compliance with limits established by the Department's National Pollution Discharge Elimination System (NPDES) Permit and other applicable laws, rules and regulations imposed by courts and agencies regarding wastewater, air pollution and solid waste disposal. The department is responsible for maintaining and upgrading the Detroit Local System and serves as the first responder for all necessary repairs occurring within the City's borders. Further, DWSD serves as the retail advocate for Detroit based constituents (Detroit Retail Class), including households, businesses, non-profits and faith-based organizations, in the procuring of water and sewerage services from GLWA while also serving as the collection agent for all revenues generated by the Detroit Retail Class.

#### **AGENCY GOALS:**

The Sewerage Disposal System's goal is to provide for the safe, efficient and cost-effective collection of wastewater for transportation to the Great Lakes Water Authority (GLWA) for treatment while promoting and preserving the public health by meeting or exceeding all state, federal and department standards.

Bifurcated from GLWA on January 1, 2016, Detroit maintains its own local system under the authority of the Board of Water Commissioners as appointed by the Mayor. The Detroit local system is made up of approximately 3,000 miles of local sewer collection piping and 2,700 miles of local water mains serving the neighborhoods of Detroit. Detroit has full authority to repair and rebuild the local system and serves as first responder to all service disruptions, including those of GLWA, located within the City's boundaries.

GLWA operates the regional water and sewer assets which include the wastewater treatment facility and, under the auspices of a shared services agreement, will operate the DWSD owned CSO basins. GLWA operates under the authority of a six-member board appointed by several constituencies of the authority: two (2) appointed by the Mayor of Detroit, one (1) each by Wayne, Oakland and Macomb Counties, and one (1) by the Governor from the service area outside the three counties.

## AUDITOR GENERAL (50)

### **ACTIVITY DESCRIPTION:**

The OAG promotes the economy, efficiency, and effectiveness of City government and protects against fraud, waste and abuse by conducting independent audits, investigations and evaluations. We adhere to governmental standards of the auditing profession; and promote an atmosphere of mutual trust, honesty and integrity among OAG staff and the people we serve. The OAG performs audits of each City agency and prepares written reports which convey the resultant audit findings and recommendations to the City Council, the Mayor and the management of each agency.

The OAG also performs special projects and other work as requested by City Council, as initiated internally, or as required by City Code. Many of these projects result in formal reports or other communications to City Council. The OAG participates in the City's independent biannual Revenue Estimating Conference process and contributes to the revenue forecast adopted by the conference principals for use in the City's annual budget and four-year financial plan. The annual financial audit of the City's CAFR and its Federal financial assistance programs are performed by outside auditors hired by the OAG.

The OAG has the responsibilities and authority stated in Section 7.5-105 of the Charter of the City of Detroit to make audits of the financial transactions, performance, and operations of city agencies with a focus on high-risk areas; to perform financial analysis of agencies; to make a report of the financial position of the City after the close of each fiscal year; to investigate the administration and operation of City agencies; to settle all disputed claims in favor of or against the City as provided by ordinance, and to make reports to City agencies of irregularities of practice and erroneous accounting methods.

## ZONING APPEALS BOARD (51)

### *AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY*

#### **MISSION:**

As a quasi-judicial body, the Board of Zoning Appeal's (BZA) primary role is to hear and rule on appeals for relief or relaxation of the provisions and requirements of the zoning ordinance from any person, firm, partnership or corporation; or by any officer, department, commission, board, or bureau of the City aggrieved by a decision of an enforcing officer or any decision made by the Buildings, Safety Engineering and Environmental Department, where rigid enforcement could cause the appellant undue hardship, jeopardize equity or prevent proper utilization of property.

#### **DESCRIPTION:**

The Board conducts investigations and public hearings to determine whether variances, exceptions or modifications of approved regulated uses of land will be in the best interest of the public and that the spirit and intent of the zoning ordinance is upheld.

The Board's primary role is to hear and decide appeals from and review any order, requirement, decision or determination made in the enforcement of the City of Detroit Zoning Ordinance. The Board has certain discretionary powers in making its decisions to comply with the powers granted to it by the local zoning ordinance and State Enabling Act. Any adjustment or reversal must conform to the provisions of the zoning ordinance and provide neighborhood and commercial stabilization.

#### **AGENCY GOALS:**

1. Make all zoning decisions necessary to ensure that city of Detroit land use is congruent with the spirit and intent of the ordinance through improved zoning and land use training.
2. Make just decisions as they affect the applicant, the people in the immediate vicinity of the property in question and the general public.
3. Respond to City Council and administration referrals.
4. Develop recommendations for amendments to the Zoning Ordinance where appropriate and necessary.
5. Enhance the quality of services to citizens and businesses through improved land use and planning technology.
6. Provide technical assistance to potential BZA applicants at the point of application to ensure a thorough understanding of the ordinance and the applicant's request.

## **OMBUDSPERSON (53)**

### ***AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY***

#### **MISSION:**

Improve service delivery through departmental accountability.

#### **DESCRIPTION:**

The City of Detroit Office of the Ombudsperson was established by Charter referendum on November 6, 1973, became operational in 1974, and was upheld by voters in 2011.

The Detroit City Ombudsperson, an independent governmental official, is appointed by the Detroit City Council. Complaints regarding an act or omission of a city department are received by telephone/fax, U.S. mail, email, or in person.

The Office receives inquiries concerning City departments and other governmental agencies, including businesses. Annual statistical reports are presented to the City Council and Mayor. The Office also makes recommendations to remedy systematic problems identified through its investigations.

The Office has jurisdiction to investigate all City agencies, but does not address issues pending legal considerations in the courts, or under review by the City Council.

#### **AGENCY GOALS:**

1. Provide efficient, quality and user-friendly services to the public.
2. Restore citizen confidence where misunderstanding, error and omission have decreased confidence in government.
3. Investigate inadequate, archaic or inequitable ordinances, policies not consistently applied, and inequitable or inadequate administrative or service procedures.
4. Advance innovative and practical recommendations to resolve recurring complaints.
5. Update technology and expand agency access through social media.

## **OMBUDSPERSON (53)**

### **ACTIVITY DESCRIPTION:**

#### **INVESTIGATION OF COMPLAINTS**

The Office of the Ombudsperson is mandated by the Detroit City Charter to use its independence to receive, investigate, mediate, and resolve citizen complaints against City government, including any action, decision, recommendation, practice, or procedure of any agency. The City Charter also authorizes the agency to review investigations and hearings conducted by other city departments, with subpoena power, to ensure truthful and fair outcomes; recommend changes where investigations reveal that a modification, addition, or elimination of an act or procedure is warranted; establish complaint investigative procedures and maintain records to determine areas of administrative or service failure; initiate standard investigations into areas where compiled data reveals problems of similar or recurring nature; and provide information, referrals, assistance, and recommendations for an appropriate investigation when citizen complaints do not fall within the jurisdiction of services provided by the City of Detroit.

## INSPECTOR GENERAL (54)

### *AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY*

#### **MISSION:**

Article 7.5 Chapter 3 of the 2011 Revised City of Detroit Charter establishes the independent Office of the Inspector General. The purpose of the office is to ensure honesty and integrity in City government by rooting out waste, abuse, fraud and corruption.

#### **DESCRIPTION:**

The Office of the Inspector General shall investigate any public servant, City agency, program or official act, contractor and subcontractor providing goods and services to the City, business entity seeking contracts or certification of eligibility for City contracts, and persons seeking certification of eligibility for participation in any city program; either in response to a complaint or on the Inspector General's own initiative in order to detect and prevent waste, abuse, fraud and corruption.

The Inspector General may subpoena witnesses, administer oaths, take testimony, require the production of evidence relevant to a matter under investigation and enter and inspect premises within the control of any city agency during regular business hours. The Inspector General may enforce a subpoena or order for production of evidence. The Inspector General shall apply to the appropriate court to impose any penalty prescribed for failure to obey a subpoena or order. The Inspector General shall have access to the financial and other records of all city agencies at any time.

#### **AGENCY GOAL:**

To conduct appropriate investigations and reviews to further our goal of rooting out fraud, abuse, waste and corruption in City Government and Contracting and by doing so make the city of Detroit a better place to work and conduct business. Additionally, the ideal outcome will be to identify at-least \$500,000 in fraudulent and/or wasteful activities in City operations or contracting.

## **INSPECTOR GENERAL (54)**

### **ACTIVITY DESCRIPTION:**

#### **ADMINISTRATION**

The Office of the Inspector General shall investigate any public servant, city agency, program or official act, contractor and subcontractor providing goods and services to the City, business entity seeking contracts or certification of eligibility for City contracts, and person seeking certification of eligibility for participation in any city program, either in response to a complaint or on the Inspector General's own initiative in order to detect and prevent waste, abuse, fraud and corruption.

The Inspector General may subpoena witnesses, administer oaths, take testimony, require the production of evidence relevant to a matter under investigation, and enter and inspect premises within the control of any City agency during regular business hours. The Inspector General may enforce a subpoena or order for production of evidence. The Inspector General shall apply to the appropriate court to impose any penalty prescribed for failure to obey a subpoena or order. The Inspector General shall have access to the financial and other records of all City agencies at any time.

Pursuit of Chapter 10 of the 1984 Detroit City Code, Finance and Taxation, Article V, Purchases and Supplies, by adding Division 11, to Debarment includes Sections 18-11-1 thru 18-11-16. Any contractor, or persons seeking a contract with the City, shall report to the Office of the Inspector General any improper, unethical or illegal activity or requests made by elected officers of the City, acting on their behalf, or any public servant in connection with any contract. This ordinance is supported with funding for Legal Assistant to assist with managing Administration Hearing Rules and Debarment Ordinance issues.

## 36TH DISTRICT COURT OF DETROIT (60)

### *AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY*

#### **MISSION:**

The 36<sup>th</sup> District Court is dedicated to administering justice in an equitable, impartial, and timely manner in accordance with the rule of law. The public and other agencies it serves shall be provided with an accessible, safe, respectful environment in which to conduct business and resolve disputes. There is also a commitment to promoting excellence, integrity, and competence while ensuring public trust and confidence in the judicial system.

#### **DESCRIPTION:**

The 36th District Court is one of the busiest courts in the nation and is Michigan's largest limited jurisdiction court. It has 29 judges, 5 magistrates, and approximately 300 employees at two locations in downtown Detroit. The majority of the Court's annual case filings are handled in the Traffic Division. On an annual basis, approximately 1 million citizens conduct business at the court and just under 500,000 telephone and email inquiries are received.

#### **AGENCY GOAL:**

1. Administer justice in an equitable, impartial, and timely manner in accordance with the rule of law.
2. Provide the public and other agencies it serves with an accessible, safe and respectful environment in which to conduct business and resolve disputes.
3. Promote excellence, integrity and competence while ensuring public trust and confidence in the judicial system.

## **36TH DISTRICT COURT OF DETROIT (60)**

### **ACTIVITY DESCRIPTIONS:**

The 36th District Court is a court of limited jurisdiction serving the City of Detroit. The Court has exclusive jurisdiction in general civil and landlord/tenant matters for litigation up to \$25,000, as well as Small Claims matters with claims up to \$5,500 increased on January 1, 2015. The 36th District Court also handles a large volume of civil infractions including traffic violations and some parking violations. Criminal jurisdiction includes misdemeanor and felony offenses through preliminary examination. Legislation, effective January 1, 2015, mandated an additional hearing and a probable cause conference, for every felony case.

### **STATE TRANSFERRED FUNCTIONS**

To exercise exclusive jurisdiction over civil claims under \$25,000, misdemeanor traffic and civil infraction violation cases, and to perform all judicial functions on felony criminal cases, which are within the Court's jurisdiction for the City of Detroit.

This activity encompasses the 36<sup>th</sup> District Court operations that were previously controlled by the State of Michigan and transferred to the City of Detroit upon enactment of Public Act 374 of 1996.

## DEPARTMENT OF ELECTIONS (71)

### *AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY*

#### **MISSION:**

The mission of the Department of Elections, is to efficiently conduct all required elections (Local, County, State and Federal) as mandated by City Charter, City Ordinances and Michigan Election Law; to provide and maintain voter registration for all eligible residents of the city of Detroit.

#### **DESCRIPTION:**

The Elections Commission is the body that oversees the affairs of the Detroit Department of Elections. It is comprised of the City Clerk (Chairperson), the Corporation Counsel, and the President of the City Council.

Through the Director and Deputy Director of Elections, the Commission monitors the activities of the Department, to ensure that all voter-related services are carried out competently, efficiently and effectively. These services include but are not limited to voter registration; management and maintenance of voter registration records; administration of elections; maintenance of voting equipment; voter education and community outreaches; poll worker recruitment; training of both permanent and temporary staff; and implementation of new programs that may be necessary as a result of changes in election law.

#### **AGENCY GOALS:**

1. Increase voter participation in the election process by ensuring full disclosure of all scheduled and special election activities and implementing aggressive Voter Outreach programs.
2. Conduct all scheduled and special elections in the most efficient and effective manner provided by law.
3. Continue to develop new methods to enhance the overall efficiency of the Department.
4. Assure and place emphasis on transparency in the election process among candidates and voters.

**Department Name:** Department of Elections (DoE)

## DETROIT PUBLIC LIBRARY (72)

### *AGENCY PLAN: MISSION, GOALS AND ACTIVITY SUMMARY*

#### **MISSION:**

The Detroit Public Library (DPL) enlightens and empowers people by providing Diverse and Dynamic Pathways to Literacy and Learning.

#### **DESCRIPTION:**

As Michigan's largest public library system, with a Main Library and 21 neighborhood branches, DPL is one of Detroit's most valuable and accessible public institutions. During FY 2018, there were 2.9 million visits to a DPL location and 2.6 million visits to the Library's website. The DPL serves people of all ages by providing access to critical information, opportunities to learn new skills, and enrichment through special programs. With a collection of 3.5 million items, including print and electronic books, journals, photographs, government documents, and DVDs, the Library is committed to supporting lifelong learning. On a daily basis, hundreds of people of all ages visit a DPL location to utilize the latest technology that is vital to staying connected. As important community gathering places, DPL locations offered 21,584 programs that were attended by 230,047 children, teens and adults. A bookmobile makes weekly visits to schools and community centers, and the Library for the Blind & Physically Handicapped serves those with various physical challenges.

In October 2017, Sunday service returned to Main Library after a 36-year hiatus. For the first time ever, two branches were also open on Sundays: the Redford Branch on the West side and the Laura Ingalls Wilder Branch on the East side. These libraries were open 30 Sundays from October 8, 2017 – May 20, 2018, providing an additional 360 hours of public service in FY 2018.

#### **AGENCY GOALS:**

1. Serve as a community partner for addressing literacy needs.
2. Become a destination for literary events and civic engagement.
3. Implement focused services that speak to specific customer needs.
4. Maintain, upgrade and grow existing technologies.
5. Create service environments that are consistently inviting and appealing to customers.
6. Preserve and sustain the Library's facility infrastructure.
7. Create a financially strong and stable future for the DPL.

## DETROIT PUBLIC LIBRARY (72)

### ACTIVITY DESCRIPTION:

#### Main Library

The Main Library, located in the heart of the Cultural Center in Midtown Detroit, is considered one of the City's architectural jewels. The Main Library is 420,000 square feet in size, making it the largest public library building in the state. It is a center for literacy support, library services, cultural programming, and technology access and computer classes. In FY 2018, the Main Library circulated approximately 263,184 items and its librarians answered 224,310 reference questions.

#### Services and Programs

- The Main Library's seven subject departments offer access to print and electronic materials on the full spectrum of topics of interest to the Detroit community. DPL's Special Collections are unrivaled by other library systems nationally or internationally:
  - ▶ The Burton Historical Collection, established in 1915, is an outstanding archival collection of materials that cover the history of Detroit and Michigan from 17th century settlement to the present. It is also a highly regarded resource for genealogical information.
  - ▶ The E. Azalia Hackley Collection of African Americans in the Performing Arts is the first of its kind in the world. Established in 1943, its holdings include over 5,000 photos, plus musical scores, rare books, manuscripts, and playbills.
  - ▶ The National Automotive History Collection, housed at the Skillman Branch, is the nation's premier public automotive archive. Established in 1953, the Collection documents the history and development of the automobile and other forms of motorized and wheeled land transportation in the United States and abroad.
- The Main Library and 21 branches offer free public access to Wi-Fi and more than 700 Internet-enabled computers. This service is one of the most important ways that the DPL serves the community.
- TIP, The Information Place, is a free community information and referral service that helps people solve the problems of everyday living. Through the TIP Database, users can access information about more than 2,000 local health and human services.
- The Technology Literacy Centers (TLC) located at the Main Library and Parkman Branch, enable DPL to address needs related to literacy, workforce development, technology training and access, and lifelong learning opportunities. Main Library's TLC is a designated GED testing site.
- Youth and children services include:
  - ▶ Once Upon a Time and More, an early literacy program designed to spark the creativity and imagination of pre-schoolers.
  - ▶ HYPE (Helping Young People Excel) Center, a dedicated space for teens to study, engage with each other, interact with the latest technology and participate in enriching experiences. HYPE's "MakerSpace" program provides the resources and support for teens to build, create, and innovate.
- In FY 2018, Main Library's Author Series featured book talks by Michael Eric Dyson, Ilyasah Shabazz, Maggie Stiefvater, Herb Boyd and Rochelle Riley.
- In FY 2018, DPL collaborated with other organizations to deliver educational and enrichment services, including hosting lectures and discussions as part of Marygrove College's Bauder Contemporary American Authors Lecture and hosting art classes for children in partnership with New York-based, ProjectArt.

## DETROIT PUBLIC LIBRARY (72)

### BRANCH SERVICES

The 21 library branches located in Detroit's neighborhoods are the heart of the Detroit Public Library system. Branches serve as important "community centers," connecting citizens to information and technology. Each library branch offers resources, services and programs tailored to fit the needs of the specific community served.

#### Services and Programs

- In FY 2018, people visited a DPL branch library 1.2 million times. Library card holders checked out 526,368 items, and received answers to 448,620 reference questions. Many branches also served as warming centers during the winter and cooling centers during the summer months.
- In FY 2018, 10 branches and the Main Library provided space to the Accounting Aid Society of Detroit, the American Association of Retired Persons (AARP) and the Wayne Metro Community Action Agency for free tax preparation.
- Working in partnership with FOCUS: Hope, the Parkman Branch at 1766 Oakman Boulevard, continued to grow as a Technology Literacy & Career Center, providing one-on-one tutoring, technology training and access, and lifelong learning opportunities.
- Services to children and teens included a Summer Reading Program that helps children maintain their reading skills over the summer months. The program also included a "Meet Up & Eat Up" component which provided snacks and lunches at several DPL locations.
- In FY 2018, the "Reading Teacher in the Library" program was offered at six sites. Certified reading specialists helped to improve the reading skills of children in grades K-3.
- As part of the Library's Sunday programming, the Redford and Wilder branches (and Main Library) offered Prime Time, a six-week reading, discussion and storytelling series that helps families bond around the act of reading and talking about books.
- In FY 2018, the Franklin Branch, located at 13651 E. McNichols Road, was renovated. Improvements include a new heating and cooling system, new flooring and furniture, updated lighting, ADA restroom modifications and new computers for public use.
- Major restoration work was also completed at the Skillman Branch, 121 Gratiot Avenue, following damage caused by a broken water pipe.
